* w.e.f. 01 July 2017 GST was introduced and it is not to be included in the gross sales. Hence, Excise Duty up to 30 June 2017 only has been deducted from gross sales.

The turnover of the company for the year at Rs. 348.45 crores is down by 15.29% over the figure of Rs. 411.36 crores of the previous year. During the year the sales volume of fatty acids has marginally increased by 1.64% whereas sales volume of soap noodles dropped by about 32% as compared to the previous year. Increase in prices of raw materials and sales at reduced margins resulted in decline in Profit Before Interest and Depreciation to Rs. 1276.88 lakhs from Rs. 1885.43 lakhs in the previous year. The volume of toilet soap and soap products has come down due to intense price competition in the market. The Profit Before Tax (PBT) has come down to Rs. 4.95 crores as compared to Rs. 10.19 crores in the previous year.

The appropriations from the profit are as detailed below.

5. OUTLOOK

Fatty Acids and Soap

The sales of fatty acids have improved marginally during the year whereas soap noodles sales have been declining year after year due to availability of noodles at lower price in tax exempted areas. The margins have narrowed down due to intense price competition in the market. Indigenous market of soap noodles is also affected by cheaper imported soap noodles due to inverted duty structure. This market condition of soap noodles is also affecting sales of fatty acids as majority of fatty acids produced is used for soap noodles production. Even after introduction of GST, tax exemptions are continuing to be available for units located in exempted areas. As a result, manufacturers in non-exempt areas, doing jobwork are still finding it difficult to market their capacities.

Palm stearin and PFAD are the major raw materials for manufacture of fatty acids and soap. These are the by-products derived from the refining of crude palm oil. With the increase in import duties on crude palm oil, local raw material suppliers are not in a position to supply Palm Stearin and PFAD at competitive prices. Accordingly, we are having to import Crude Palm Stearin and PFAD directly. Also, in order to meet the requirements of Roundtable on Sustainable Palm Oil (RSPO) Guidelines regarding processing of Mass Balanced (MB) Palm Stearin, we are having to import MB Palm Stearin from Malaysia and Indonesia as it is not available locally.

Cost of raw materials is a major component in total cost of production and the fluctuation in raw material prices is a serious cause of concern to the company particularly when the customers demand long term forward contracts while the same is not possible with the raw material suppliers.

There is stiff competition from manufacturers particularly from those having backward integration which gives them a cost advantage.

To safeguard against fluctuations in raw material prices, the company tries to enter into contracts for doing job-work both for fatty acids and soap wherein the customers themselves supply/cover raw materials required for the total process and we receive processing charges for the manufacture of final products. Presently, the market situation has improved and the Company is getting export orders for DFA and indigenous orders for Soap Noodles and Toilet Soap from the major customers.

Biomass Power Plant

During the year under review, the performance of the Biomass Power Plant has declined. The generation from the plant during the year is lower by 46.48 lakh units, a 15% decline from the previous year. Export of power to APSPDCL was stopped from 29 August 2017 to 20 October 2017 due to non availability of fuels. Other technical problems resulted in decline in performance. However, after the overhaul, the plant performance has improved.

Wind Energy Generators (WEG)

Power generation during the year from the four Wind Energy Generators (WEGs) of 6.3 MW capacity has marginally increased as compared to the previous year. During the year, the power generation from all the four WEGs is 148.51 lakh units as compared to 140.22 lakh units in the previous year. Due to sustained efforts of the Indian Wind Power Association in seeking "must run" status to WEGs to reduce back down

time, the back down of WEGs for want of evacuation facilities has come down during the year from 8.58% of machine available hours to 5%.

6. FINANCE AND STATUTORY COMPLIANCES

The Company availed working capital facilities under consortium arrangement with Andhra Bank and State Bank of India and the accounts are in order. During the year under review, working capital limits increased by Rs. 10 crores to cater to the increased volume of procurements for export orders obtained from major customers. The company complied with all the legal requirements and there are no outstanding statutory dues as on 31 March 2018.

During the year there have been no significant and material orders passed by the regulators or courts or tribunals impacting the going concern status and company's operations in future.

7. CREDIT RATING

During the year the Credit Rating Agency CARE revised the credit rating for various facilities as detailed hereunder when compared to previous year.

Nature of facilities	Rating Assigned	
	2017-18	2016-17
1. Working Capital facilities		
i) Long Term facilities	CARE A – (adequate degree of safety regarding timely servicing of financial obligations)	CARE A + (adequate degree of safety regarding timely servicing of financial obligations)
ii) Short Term facilities	CARE A 2 (Strong degree of safety regarding timely payment of financial obligations)	CARE A 1 (Very strong degree of safety regarding timely payment of financial obligations)
2. Fixed Deposits	CARE A2 (FD) (Strong degree of safety regarding timely payment of financial obligations)	CARE A1 (FD) (Very strong degree of safety regarding timely payment of financial obligations)

8. DISCLOSURE UNDER THE SEXUAL HARASSMENT OF WOMEN AT WORKPLACE (PREVENTION, PROHIBITION AND REDRESSAL) ACT, 2013.

The Company has in place an Anti Sexual Harassment Policy in line with the requirements of The Sexual Harassment of Women at the Workplace (Prevention, Prohibition & Redressal) Act 2013. The Company has complied with provisions relating to the constitution of Internal Complaints Committee under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. During the year the Company has not received any complaints on sexual harassment of women at the workplace.

9. VIGIL MECHANISM / WHISTLE BLOWER POLICY

The Company has established vigil mechanism as required under Sec. 177 of the Companies Act, 2013 for directors and employees to report genuine concerns as prescribed in the policy. The policy provides adequate

safeguards against victimization of persons who use such mechanism and makes provision for direct access to the Chairperson of the Audit Committee in appropriate or exceptional cases.

10. DIRECTORS AND KEY MANAGERIAL PERSONNEL (KMP)

- a) In accordance with the provisions of the Companies Act 2013 and Articles of Association of the Company, at the ensuing Annual General Meeting, Shri P. Narendranath Chowdary, Chairman retires by rotation and being eligible offers himself for re-election.
- b) The Company held four Board Meetings during the year. Board Meeting dates and attendance particulars are available in the report on Corporate Governance.
- c) The Company has received declarations from all the five Independent Directors confirming that he / she meets the criteria of independence as provided under sub-section 6 of Sec. 149 of the Companies Act, 2013 at the first meeting of the Board in which he / she participated as a Director and thereafter at the first meeting of the Board in every financial year or whenever there is any change in the circumstances which may affect his / her status as an Independent Director.
- d) The Audit Committee consists of 3 Non-Executive Directors of which 2 are Independent Directors. Shri V.S. Raju, Independent Director is the Chairman of the Audit Committee. The remaining 2 members are Shri Mullapudi Thimmaraja, Non-Executive Director and Shri Subbarao V. Tipirneni, Independent Director. The Board accepted all the recommendations of the Audit Committee during the year.
- e) Shri P. Kesavulu Reddy, President & Secretary who was appointed as Key Managerial Personnel demitted office on the completion of his term of employment on 30 November 2017. Shri K. Raghuram, Dy. Secretary & AGM (Finance) was appointed as Key Managerial Personnel under Sec. 203 of the Companies Act, 2013 w.e.f. 01 December 2017.
- f) During the year under review, the Company is having the following persons as Key Managerial Personnel under Sec. 203 of the Companies Act, 2013.

Name of the Official	DIN / Membership No.	Designation
Shri J. Murali Mohan	00114341	Managing Director
Shri P. Kesavulu Reddy (upto 30 November 2017)	FCS - 6052	President & Secretary
Shri K. Raghuram (From 01 December 2017)	FCS - 6712	Dy. Secretary & Asst. General Manager (Finance)

11. MEETING OF INDEPENDENT DIRECTORS

A separate meeting of Independent Directors as required under the Schedule IV of the Companies Act, 2013 was held on 24 May 2018, without presence of Executive Directors and Promoter Directors. This meeting was conducted to review and evaluate (a) the performance of Non-Independent Directors and the Board as a whole, (b) the performance of the Chairperson of the company, taking into account the views of Executive Directors and Non-Executive Directors and (c) assess the quality, quantity and timeliness of flow of information between the company management and the Board that is necessary for the Board

to effectively and reasonably perform their duties. The Independent Directors expressed their satisfaction with the performance of Non-Independent Directors and the Board as a whole and Shri V. S. Raju one of the Independent Directors briefed the outcome of the meeting to the Board.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT**a. Industry Structure and Developments :**

The Company is engaged in the manufacture of Stearic Acid, Fatty Acids, Refined Glycerine, Soap Noodles, Toilet Soap, Industrial Oxygen and in the generation of Power from biomass and wind. Nonedible vegetable oils and fatty acid distillates, both indigenous and imported, are used as raw materials for manufacturing the finished products. The products manufactured are marketed directly from the factory as well as through Depots and C&F Agents located in major cities across the country. The Company also undertakes to manufacture Soap Noodles and Toilet Soap on jobwork for reputed customers.

The Company is having 6 MW Biomass Cogeneration Captive Power Plant located within the factory premises and the surplus power is sold to APSPDCL. It is also having four Wind Energy Generators (WEGs) of total 6.30 MW set up in Tamil Nadu and the power generated from these plants is sold to Tamil Nadu Generation and Distribution Corporation Limited (TANGEDCO).

Majority of the Fatty Acids produced in the industry are consumed as raw material in Soap industry for making Toilet Soap. Hence performance of toilet soap industry will also have its impact on the demand for fatty acids. Stearic Acid is a chemical used in rubber, plastic, metal polish and number of other industries and any changes in demand by the major user industries may lead to fluctuations in demand. Glycerine and Industrial Oxygen are by-products.

The country is short of both edible and non-edible vegetable oils. However, in India, refineries with huge capacities have been set up for processing Crude Vegetable Oils like Palm Oil imported from Malaysia and Indonesia. By-products generated from these refineries viz., RBD Palm Stearine, Palm Fatty Acid Distillate, Crude Palm Stearine are the raw materials to the Company. As a result, the Company indirectly depends on imports for its raw material supplies. Consequently the supply and demand position in the international market for vegetable oils influence the indigenous market.

The Malaysian and Indonesian Governments impose export duty varying from time to time on crude oil to encourage value addition prior to exports. This turns out as additional cost to consumers in India. Further, fluctuation in crude oil (fossil) prices also have impact on edible and non edible oils due to their usage in production of biofuels.

Inverted duty structure for imports (higher duty for raw materials and lower duty for finished products) is a major problem for manufacturers of soap noodles. There is no customs duty on soap noodles imported whereas lauric acid one of the major raw materials in the manufacture of soap noodles attracts customs duty at 7.5%. As a result indigenous manufacturers are placed at a disadvantage in competing with import of soap noodles.

The fuels intended for running the biomass power plant are Rice Husk, firewood like Cotton Stalk, Chili Stalk, English Thumma etc., available in the surrounding areas. Their availability is seasonal and also depends on availability of labour and farm works during the season. Transportation and storage of biomass fuels are the other problems due to low bulk density. They are also fire hazardous. The capacity utilization of the power plant during the year is marginally low as compared to previous year. Steam and power requirements of Process Plants are met from the Biomass Power Plant. The Company is constructing a Reservoir by spending about Rs.3.50 crores for storing water to meet part of its requirements during off season to save on cost and

to reduce dependence on outside sources. This construction is expected to be completed by end August, 2018.

Continuous development efforts are being made to absorb the latest technologies and practices. Quality Management Systems (QMS) Standard ISO 9001:2015 obtained from a renowned certification agency, TUV SUD South Asia Pvt. Ltd., Mumbai is being followed by the Company, Det Norske Veritas (DNV) also confirmed ISO 22716:2007 on the Company for following GMP Guidelines of Standard in the manufacture of Glycerine.

The Company has implemented SAP, an Enterprise Resource Planning (ERP), effective from 01 July 2017. With this, day-to-day reports, required data for filing GST returns etc., could be accurately and easily generated by the company. However, the Company is facing some normal teething problems which arise at the time of implementation of the new system and the same are being sorted out to ensure the smooth operations of the system.

b. Opportunities and Threats :

Raw material cost is a major component in the cost of production of fatty acids and soap products. International market prices of edible oils and non edible oils highly influence the raw material prices. During the year the market witnessed very wide fluctuations in raw material prices. Competitors having backward integration have an edge over the Company because of cheaper and secured source of raw materials. Volatility of raw material prices and demand by bulk consumers of fatty acids and soap products for contracts of large quantities for future delivery is a big challenge to the Company when similar facility for advance coverage of raw materials is not available to hedge the risks. Retention of high volume customers is considered very important and hence very competitive rates are having to be quoted with hidden risks.

Even after introduction of GST, tax exemptions are still continuing in some units located in exempted areas. Manufacturers in non-exempt areas, doing job work are still finding it difficult to market their capacities.

Toilet Soap market is dominated by a few well established brands and manufacturers. Toilet Soap being a consumer product requires extensive market network, brand image, advertisement etc., for successful marketing. Since the Company is not having its own brands it depends on brand owners for utilizing the capacity. Most of these brand owners are having their own facilities in exempted areas and approach the Company only when their requirements exceed their own plant capacities or when they find logistical advantage. As a result very little of the soap plant capacity has been utilised during the year. However, the present market situation has improved and the Company is getting export orders for DFA and indigenous orders for Soap Noodles and Toilet Soap from the major customers.

Export of Power generated from biomass to APSPDCL was stopped from 29 August 2017 to 20 October 2017 due to non availability of fuels. Other technical problems affected the production during the year and at present it is operating satisfactorily.

The generation of power from WEGs has improved marginally to 148.51 lakh units as against 140.22 lakh units in the previous year. As a result revenue from sale of power from Wind Energy Generators increased to Rs. 423.22 lakhs from Rs. 400.77 lakhs. It is mainly due to drop in loss of hours due to grid failure from 8.58% to 5% of machine available time. The Company continues to receive payments from TANGEDCO delayed by about 10 months after the due date.

c. Segment-wise or Product-wise performance :

Segment-wise performance of the Company is at Note No. 31 to the Accounts.

d. Outlook :

The Company expects the Government to recognize the inverted duty structure for soap noodles and correct the anomaly to enable the industry to face the competition from import of soap noodles effectively. The technical upgradation and increase in plant capacities of fatty acid, soap and glycerine plants under expansion cum modernization programme in the earlier years is expected to help to improve the operations of the Company.

e. Risks and Concerns:

The wide fluctuations in raw material prices in the international market affect the prices of final products which may result in conditions sometimes favourable or at other times unfavourable to the Company, inspite of taking precautions to avoid risks in price fluctuations.

Generation of power by Biomass Power Plant depends on availability of biomass, its cost and willingness of AP TRANSCO to accept exports. Generation of power by wind mills depends on wind velocity and the policy of TANGEDCO to prioritize evacuation over the other sources of energy available to it. The profitability of Biomass Power Plant and Wind Energy Generators largely depends upon the purchase price fixed by the Governments for purchase of energy from renewable sources of energy as a promotional measure.

f. Internal Control System and their adequacy:

The Company has proper and adequate internal control procedures commensurate with its size and nature of business. These internal control procedures ensure protection to the resources of the Company and compliance with the policies, procedures and statutes.

The internal controls are supplemented by internal audits M/s. Mastanaiah & Co., Chartered Accountants, Guntur. The internal controls and internal audit ensure that appropriate financial records are available for preparing financial statements and other data for maintaining accountability of assets. The Report of the Auditors on Internal Financial Controls under Sec.143(3)(i) of the Act is provided as Annexure – B to the Independent Auditors' Report.

g. Discussion on Financial Performance with respect to Operational Performance:

The financial performance of the Company with respect to operational performance in 2017-18 is less satisfactory as compared to 2016-17. While the operations have gone down by about 9%, the Profit Before Interest and Depreciation dropped by 32% due to competition and unfavourable market conditions.

h. Material developments in Human Resources / Industrial Relations front, including number of people employed:

The Company employed 732 persons as on 31 March 2018 both in the factory and office. The Management of the Company maintains good relations with the employees. There have been no labour problems since the inception of the Company in 1980.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF JOCIL LIMITED

Report on the financial statements

We have audited the accompanying financial statements of Jocil Limited ('the Company'), which comprise the Balance Sheet as at 31 March 2018, the Statement of Profit and Loss (including Other Comprehensive Income), the statement of Cash flows and the Statement of changes in equity for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's responsibility for the financial statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ('the Act') with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting of frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; design, implementation and maintenance of adequate internal financial controls, that are operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and Rules made thereunder and the Order issued under section 143(11) of the Act.

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the

circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's board of directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2018, its profit, total comprehensive income, the changes in equity and its cash flows for the year ended on that date.

Report on other legal and regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ('the Order'), issued by the Central Government of India in terms of section 143(11) of the Act, we give in the Annexure- A, a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books and proper returns adequate for the purposes of the audit have been received from the branches to the extent not visited by us;
 - c) The Balance Sheet, Statement of Profit and Loss, Cash Flow Statement and Statement of changes in equity dealt with by this report are in agreement with the books of account;
 - d) In our opinion, the aforesaid financial statements comply with the Accounting standards specified under section 133 of the Act, read with relevant rule issued thereunder;
 - e) On the basis of written representations received from the directors as on 31 March 2018 and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2018 from being appointed as a director in terms of sub-section (2) of section 164 of the Act;
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure-B. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the company's internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

- i) The company does not have any pending litigations which would impact its financial position except those which are disclosed in the notes to the financial statements and para no.7(b) in Annexure-A to our Audit report.

ANNEXURE "B" TO THE INDEPENDENT AUDITORS' REPORT

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Jocil Limited ("the Company") as of 31 March 2018 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of directors of the company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in

reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

COMPANY OVERVIEW AND SIGNIFICANT ACCOUNTING POLICIES

1. CORPORATE INFORMATION

Jocil Limited (hereinafter referred to as Jocil) is engaged in the manufacture of Stearic Acid, Fatty Acids, Soap Noodles, Toilet Soap, Glycerine and Industrial Oxygen. The manufacturing facilities of Jocil and its Registered Office are located at Dokiparru Village, Medikondur Mandal, Guntur District, Andhra Pradesh. It is also having a 6 MW Biomass Cogeneration Captive Power Plant to meet the power requirements of the manufacturing activity and surplus power is sold to AP Transco. Jocil is also having 4 Wind Energy Generators in the State of Tamil Nadu and the power generated is sold to Tamil Nadu Generation and Distribution Corporation Limited. Jocil is a subsidiary to The Andhra Sugars Limited (ASL), Tanuku, W.G.District, Andhra Pradesh. As on 31 March 2018 ASL owned 55.02% of the Jocil's equity share capital.

2. BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

a) BASIS OF PREPARATION OF FINANCIAL STATEMENTS

These financial statements are prepared in accordance with the Indian Accounting Standards (Ind AS) under historical cost convention on accrual basis of accounting except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013('the Act') and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules there after.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

b) USE OF ESTIMATES AND JUDGEMENTS

The preparation of the company's financial statements in conformity requires management of the Company to make judgments, estimates and assumptions that affect the reported amount of assets and liabilities, revenues and expenses and accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require adjustment to the carrying amount of assets or liabilities affected in future periods. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

The following are the critical judgements and estimates that have been made in the process of applying the company's accounting policies that have the most significant effect on the amounts recognized in the financial statements.

i) Depreciation / amortisation and useful lives of property plant and equipment and intangible assets:

Property, plant and equipment and intangible assets are depreciated/amortised based on the useful lives specified under schedule II of Companies Act, 2013. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation/ amortisation to be recorded during any reporting period. The useful lives and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological changes. The depreciation/amortisation for future periods is revised if there are significant changes from previous estimates.

ii) Recoverability of trade receivables:

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, past history of receivables, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

iii) Fair value measurement of financial instruments:

Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. In estimating the fair value of an asset or liability, the Company uses market-observable data to the extent available. Where Level 1 inputs are not available, the fair value is measured using valuation techniques, including the discounted cash flow model, which involves various judgments and assumptions. The Company also engages third party qualified valuers to perform the valuation in certain cases. The appropriateness of valuation techniques and inputs to the valuation model are reviewed by the Management.

iv) Provisions:

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability require the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

v) Impairment of non-financial assets:

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Units (CGU's) fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or a groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transaction are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

vi) Impairment of financial assets:

The impairment provisions for financial assets are based on assumptions about risk of default and expected cash loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

vii) Income Taxes:

The Company's tax jurisdiction is India. Significant judgments are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid/ recovered for uncertain tax positions.

viii) Defined benefit obligations:

The Company uses actuarial assumptions viz., discount rate, mortality rates, expected rate of return on plan assets, salary escalation rate etc., to determine such employee benefit obligations.

ix) Other estimates:

The preparation of financial statements involves estimates and assumptions that affect the reported amount of assets, liabilities, disclosure of contingent liabilities at the date of financial statements and the reported amount of revenues and expenses for the reporting period. Specifically, the Company estimates the probability of collection of accounts receivable by analysing historical payment patterns, customer concentrations, customer credit-worthiness and current economic trends. If the financial condition of a customer deteriorates, additional allowances may be required.

The judgments, estimates and underlying assumptions are made with the management's best knowledge of the business environment and are reviewed on an on going basis. Accounting estimates could change from period to period. Actual results could differ from these estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

ii) SIGNIFICANT ACCOUNTING POLICIES

a) PROPERTY, PLANT AND EQUIPMENT

An item of Property, Plant and Equipment (PPE) that qualifies as an asset is measured at initial recognition at Cost. Following initial recognition, items of Property, plant and equipment are carried at cost less accumulated depreciation and impairment, if any. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by the management.

The company identifies and determines cost of each part of PPE separately, if the part has a cost which is significant to the total cost of that items of PPE and has useful life that is materially different from that of the remaining items.

Advances paid for acquisition of Property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets. Cost of the assets not put to use before such date are disclosed under 'Capital Work-in-progress'. Any subsequent expenditure relates to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably. Repairs and maintenance costs are recognized in the statement of profit and loss when incurred. Items of spare parts are recognized as Property, plant and equipment when they meet the definition of Property, plant and equipment. The cost and related depreciation are eliminated from the property, plant and equipment upon sale or retirement of the asset and the resultant gain or losses are recognized in statement of profit and loss.

b) INTANGIBLE ASSETS

Intangible assets are stated at cost of acquisition less accumulated amortization. Intangible assets are amortized over their respective individual estimated useful lives on a straight line basis from the date they are available for use.

c) BORROWING COSTS

Borrowing Costs, that are directly attributable to the acquisition or construction of assets, that necessarily take a substantial period of time to get ready for its intended use, are capitalised as part of the cost of qualifying asset when it is possible that they will result in future economic benefits and the cost can be measured reliably.

d) DEPRECIATION AND AMORTIZATION

Depreciation is recognized so as to write off the cost of assets less their residual values based on useful lives as specified in Schedule II of the Companies Act, 2013 as follows:

- i) Under Straight line method in respect of Plant and Machinery of Wind Mill division.
- ii) Under Written down value method on the remaining assets of the company.
- iii) The intangible assets, being Computer Software is amortized over a period of 5 years on Straight Line Method.

Depreciation methods, useful lives and residual values are reviewed periodically at each financial year end.

e) INVENTORIES

- i) Finished goods are valued at lower of cost or net realizable value.
- ii) Cost of Work-in-progress and Finished goods includes appropriate portion of overheads etc.,
- iii) Raw materials, Stores and spares are valued at cost using weighted average method.
- iv) Work-in-Progress, Raw Materials, Stores, Spares, Material in Transit, are valued at cost except where the net realizable value of the finished goods they are used in is less than the cost of finished goods and in such an event, if the replacement cost of such materials etc., is less than their book values, they are valued at replacement cost.
- v) By-products and scrap are valued at net realizable value.

f) REVENUE RECOGNITION

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured.

- i) Revenue from sale of products is recognised when the goods are delivered and titles have passed i.e time when the risks and rewards of ownership are transferred to the buyer under the terms of the contract and the company retains no effective control over the goods sold. Revenue is measured at the fair value of the consideration taking into account contractually defined terms of payment. Revenue is reduced for discounts, rebates and other similar allowances.

When there is any uncertainty as to the measurement or collectability of consideration, revenue recognition to the extent of amount of uncertainty is postponed until such uncertainty is resolved.

- ii) Amounts collected on behalf of third parties such as GST, VAT and service tax are excluded from Revenue. Revenue includes excise duty (Till 30.6.2017) since it flows into the entity on its own account.
- iii) Revenue realized on processing charges is recognized to the extent of completion of job as per the agreements/arrangements with the concerned parties.

- iv) Power purchased from other units is accounted at market price at which the power is purchased from external party.
- v) Interest income is recognized using effective interest method.
- vi) Dividend income is recognized when the right to receive payment is established.

g) TAXES ON INCOME

Income tax expense comprises the sum of tax currently payable and deferred tax. Income tax expense is recognized in net profit in the statement of profit and loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income.

Current tax is determined at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. The carrying amount of deferred tax assets is reviewed at the end of each year and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the assets to be recovered.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or subsequently enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities are recognized as income or expense in the year of enactment. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized.

h) SEGMENT REPORTING

The operating segments of the entity are identified based on the revenues earned and expenses incurred whose operating results are regularly reviewed by the entity's decision maker to make decisions about resources to be allocated to the segment and assess its performance for which discrete financial information is available.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Company.

Inter segment revenue has been accounted for based on the market related prices.

Revenue and expenses have been identified to segments on the basis of their relationship to the operating activities of the segment. Revenue and expenses which relate to the enterprise as a whole and are not allocable to segments on a reasonable basis, have been included under "Unallocated expenses".

i) RETIREMENT BENEFITS

The Company provides retirement benefits in the form of Provident Fund, Superannuation and Gratuity etc., Contribution to Provident Fund, a defined Contribution scheme, is made at the prescribed rates to the Provident Fund Commissioner and is charged to the Statement of Profit and Loss. There is no other obligation other than the contribution payable.

Certain employees of the company are eligible for superannuation and company has no obligation beyond its monthly contribution to LIC. The periodic contribution is charged to the statement of profit and loss account.

Gratuity, a defined Benefit scheme is covered by a Group Gratuity cum Life Assurance policy with LIC. The cost of providing benefits is determined using the projected unit credit method with actuarial valuations being carried out at the end of each reporting period. Remeasurement, comprising actuarial losses and gains, the effect of changes to the asset ceiling and actual return on plan assets, in excess of the yield computed by applying the discount rate used to measure the defined benefit obligation, is reflected in the balance sheet with a charge or credit recognized in other comprehensive income in the period in which they occur. Such remeasurement losses/gains are not reclassified to profit or loss subsequently.

The liability in respect of compensated absences due or expected to be availed within one year from the balance sheet date is recognized on the basis of undiscounted value of estimated amount required to be paid. Liability in respect of compensated absences becoming due or expected to be availed more than one year after the balance sheet date is estimated on the basis of actuarial valuation using projected unit credit method at the end of each year.

j) RESEARCH & DEVELOPMENT EXPENDITURE

Revenue expenditure is charged to Statement of Profit & Loss and Capital expenditure is added to the cost of Fixed Assets in the year in which it is incurred.

k) FOREIGN EXCHANGE TRANSACTIONS

The functional currency of the company is the Indian rupee and the financial statements are presented in Indian rupee.

Transactions in foreign currency are initially accounted at the exchange rate prevailing on the date of the transaction, and adjusted appropriately, with the difference in the rate of exchange arising on actual receipt/payment during the year.

At each Balance Sheet date

- i) Foreign currency denominated monetary items are translated into the relevant functional currency at exchange rate at the balance sheet date. The gains and losses resulting from such translations are included in net profit in the statement of profit and loss.
- ii) Foreign currency denominated non-monetary items are reported using the exchange rate at which they were initially recognized.

Transaction gains or losses realized upon settlement of foreign currency transactions are included in statement of profit and loss.

l) IMPAIRMENT OF ASSETS:

- i) Financial assets (other than at fair value)

The company assesses at each balance sheet date whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The company recognizes lifetime expected losses for all trade receivables that do not constitute a financing transaction.

For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

ii) Non financial assets

Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amount may not be recoverable. If any such indication exists, the recoverable amount (i.e higher of the fair value less cost of sale and value in use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs. If the recoverable amount of an asset or CGU is estimated to be less than its carrying amount, the carrying amount of the asset or CGU is reduced to its recoverable amount. An impairment loss is recognized in the statement of profit and loss.

An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount and the carrying amount of the asset is increased to its revised recoverable amount subject to maximum of carrying amount.

m) PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Provisions are recognised when there is a present obligation as a result of past event, it is probable that the company will be required to settle the obligation and a reliable estimate of the amount of obligation can be made. Where the effect of time value of money is material, the amount of provision is the present value of the expenditure to be required to settle the obligation. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

Contingent liability is disclosed for (i) Possible obligation which will be confirmed only by future events not wholly within the control of the Company or (ii) Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made. The company does not recognise contingent liabilities but the same are disclosed in the notes.

Contingent assets are not recognized in the financial statements since this may result in the recognition of income that may never be realized.

n) FINANCIAL INSTRUMENTS

Initial recognition:

The company recognizes financial assets and liabilities when it becomes a party to the contractual provisions of the instruments. All financial assets and liabilities are recognized at fair value on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets and liabilities (other than the financial assets and liabilities at fair value through profit and loss) are added to or deducted from the fair value of financial assets and liabilities, as appropriate, on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets and liabilities at fair value through profit or loss are recognized immediately in profit or loss.

Subsequent measurement:

i) Financial assets carried at amortized cost:

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii) Financial assets at fair value through other comprehensive income.

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Further, in cases where the Company has made an irrevocable election based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognized in other comprehensive income.

iii) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories is subsequently fair valued through profit or loss.

De-recognition of financial asset

The company de-recognises financial assets when the contractual right to the cash flows from the asset expires or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

iv) Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method.

The effective method is a method of calculating the amortization cost of a financial liability and of allocating interest expense over the relevant period. The effective interest is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability to the net carrying amount on initial recognition.

De-recognition of financial liability

The company de-recognises financial liabilities when the company's obligations are discharged, cancelled or expired. The difference between the initial carrying amount of the financial liabilities and their redemption value is recognized in the statement of profit and loss over the contractual terms using the effective interest method.

o) EARNING PER EQUITY SHARE

Basic earning per equity share is computed by dividing the net profit attributable to the equity shareholders of the company by the weighted average number of equity shares during the period. The company did not have any potentially dilutive securities in any of the years presented.

The number of equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of financial statements by the board of directors.

p) CASH FLOW STATEMENT

Cash flows are reported using indirect method whereby the profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financial activities of the company are segregated.

q) DIVIDENDS

Final dividends on shares are recorded as a liability on the date of approval by the shareholders i.e the year in which the dividends are approved and interim dividends are recorded as a liability on the date of declaration by the company's board of directors.

r) GOVERNMENT GRANTS

Government grants are not recognized until there is reasonable assurance that the company will comply with the conditions attaching to them and that the grants will be received .

Government grants related to revenue are recognized on a systematic basis in the Statement of Profit and Loss over the periods necessary to match them with the related costs which they are intended to compensate. When the grant relates to an asset, it is recognized as deferred revenue in the Balance sheet and transferred to the statement of Profit and Loss on a systematic and rational basis over the useful lives of the related assets.

III) Standards Issued but not Effective :

On 28 March 2018, the Ministry of Corporate Affairs (MCA) has notified Ind AS 115 - Revenue from Contract with Customers and certain amendment to existing Ind AS. These amendments shall be applicable to the Company from 01 April 2018.

a) Issue of Ind AS 115 - Revenue from Contracts with Customers

Ind AS 115 will supersede the current revenue recognition standard Ind AS-18 Revenue, Ind AS 11-Construction Contracts and the related interpretations. Ind AS-115 provides a single model of accounting for revenue arising from contracts with customers based on the identification and satisfaction of performance obligations.

b) Amendment to Existing issued Ind AS

The MCA has also carried out amendments in some of the existing standards but application of said standards are not expected to have any significant impact on the Company's Financial Statements.

Note :

- The Company has considered business segment as the primary segment for disclosure. The products included in each of the reported domestic business segments are
 - Chemicals - Fatty acids
 - Soap - Toilet soap and Soap products
 - Power - Power generated by Biomass Power Plant and Wind Energy Generators (WEGs)
- Segment revenue relating to each of the above domestic business segments includes income from processing on behalf of others wherever applicable.
- Identification of segments:
The chief operational decision maker monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment. Operating segments have been identified considering the following:
 - the nature of products and services
 - the differing risks and returns
 - the organization structure and
 - the internal financing reporting systems
- The Company predominantly operates in Indian market and has no production facilities or any significant sales outside India. Hence there are no separate reportable geographical segments.
- Inter segment transfers are priced at market related rates.

Total financial liabilities	22,31,47,337	63,13,90,055	22,31,47,337	63,13,90,055

The Company has disclosed financial instruments such as cash and cash equivalents, trade receivables, trade payables and Short Term Borrowings at carrying value because their carrying amounts are a reasonable approximation of the fair values due to their short-term nature.

Calculation of fair values

The fair values of the financial assets and liabilities are defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Methods and assumptions used to estimate the fair values are consistent with those used for the year ended 31 March 2017.

Financial assets and liabilities measured at fair value as at Balance Sheet date

The fair values of investments in mutual funds is based on the net asset value ['NAV'] as stated by issuers of these mutual fund units in the published statements as at Balance Sheet date. NAV represents the price at which the issuer will issue further units of mutual funds and the price at which issuers will redeem such units from the investors.

38. FAIR VALUE HIERARCHY

The fair value of financial instruments as referred to above note have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identified assets or liabilities [Level 1 measurements] and lowest priority to unobservable inputs [Level 3 measurements]

The categories used are as follows:

Level 1: Quoted prices for identified instruments in an active market.

Level 2: Directly or indirectly observable market inputs, other than Level 1 inputs; and

Level 3: Inputs which are not based on observable market data.

This note provides information about how the Company determines fair values of various financial assets and financial liabilities. Fair value of the Company's financial assets and financial liabilities are measured at fair value on a recurring basis. Some of the Company's financial assets are measured at the fair value at the end of each reporting period.

The following table gives information about how the fair value of these financial assets and financial liabilities are determined (in particular, the valuation technique and other inputs used).

Financial assets/ Financial liabilities	Fair value as at		Fair value hierarchy	Valuation technique and key input	
		31 March 2018 Rs.			31 March 2017 Rs.
1) Investments in quoted mutual funds	Investment in Quoted mutual funds - aggregate fair value of	10,09,49,532	3,10,404	Level1	Quoted bid prices in an active market
2) Investments in equity instruments (quoted)	Listed equity securities in various companies domiciled in India aggregate fair value of -	5,92,68,633	2,73,21,855	Level1	Quoted bid prices in an active market

Note: The fair value of trade receivables, trade payables, loans and other current financial assets and liabilities is considered to be equal to the carrying amount of these items due to their short-term nature.

39. FINANCIAL RISK MANAGEMENT

The Company's business activities are exposed to a variety of financial risks, namely liquidity risk, credit risk and foreign currency risk. The Company's senior management has the overall responsibility for establishing and governing the Company's risk management framework. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set and monitor appropriate risk limits and controls, periodically review the changes in market conditions and reflect the changes in the policy accordingly. The key risks and mitigating actions are also planned before the Board of Directors of the Company.

A. Credit risk

Credit risk is the risk of financial loss to the Company if a customer fails to meet its contractual obligation. To manage this, the company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends and analysis of historical bad debts and ageing of the account receivables. Individual risk limits are set accordingly.

Trade receivables

Concentration of credit risk with respect to trade receivables are limited, due to Company's customer base being large and diverse. All trade receivables are reviewed and assessed for default on a monthly basis.

Historical experience of collecting receivables is that credit risk is low. Hence, trade receivables are considered to be a single class of financial assets.

Other financial assets

The Company maintains exposure in cash and cash equivalents, term deposits with banks and money market liquid mutual funds.

The Company's maximum exposure of credit risk as at March 31, 2018, and March 31, 2017 is the carrying value of each class of financial assets.

B. Foreign currency risk management

The Company is subject to the risk that changes in foreign currency values impact the Company's export revenues and import of raw materials. The Company is exposed to foreign exchange risk arising from various currency exposures, primarily with respect to US Dollars.

The Company manages currency exposures within prescribed limits. The aim of the Company's approach to management of currency risk is to leave the Company with no material residual risk.

The following table presents foreign currency risk from non-derivative financial instruments as of 31 March 2018 and 31 March 2017

Particulars	(Amount in Rs.)	
	31-3-2018	31-03-2017
	\$	\$
Assets :		
Trade receivables	3,87,61,650	37,01,19,549
Cash and cash equivalents	6,51,15,833	8,36,65,839
Liabilities		
Trade payables	-	-
Net asset / (liabilities)	10,38,77,483	45,37,85,388

Foreign currency sensitivity analysis

A 5% strengthening of the INR against key currencies to which the Company is exposed would have led to approximately an additional Rs. 51,93,874 gain in the Statement of Profit and Loss (2016-17 - Rs.2,26,89,268 gain). A 5% weakening of the INR against these currencies would have led to an equal but opposite effect.

The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the year-end for a 5% change in foreign currency rates. The company has not entered into any derivative contracts like foreign exchange forward contracts to hedge the risk of exposure in foreign currency.

C. Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due. The Company maintained a cautious liquidity strategy, with a positive cash balance throughout the year ended 31 March 2018 and 31 March 2017. Cash flow from operating activities provides the funds to service the financial liabilities on a day to day basis.

The Company regularly maintains the rolling forecasts to ensure it has sufficient cash on an on-going basis to meet operational needs. Any short-term surplus cash generated, over and above the amount required for working capital management and other operational requirements, is retained as cash and cash equivalents

(to the extent required) and any excess is invested in interest bearing term deposits and mutual funds with appropriate maturities to optimise the cash returns on investments while ensuring sufficient liquidity to meet its liabilities. All the payables such as trade payables and borrowings falls due for payment within one year.

d. Capital Management

Equity share capital and other equity are considered for the purpose of Company's capital management.

The Company manages its capital so as to safeguard its ability to continue as a going concern and to optimise returns to shareholders. The capital structure of the Company is based on Management's judgment of its strategic day-to-day needs with a focus on total equity so as to maintain investor, creditors and market confidence.

The Management and the Board of Directors monitors the return on capital as well as the level of dividends to shareholders. The Company may take appropriate steps in order to maintain, or is necessary, adjust its capital structure.

40. DIVIDEND

The board of directors at its meeting held on 29 May 2018 have recommended a dividend of Rs.2 share of face value of Rs.10 each for the financial year ended 31 March 2018. The above is subject to approval at the ensuing Annual general meeting of the company and hence is not recognised as a liability.
