MANAGEMENT DISCUSSION AND ANALYSIS REPORT**1. Industry Structure & Development**

Indian Packaging Industry has a very broad base with many tiny, small, medium and large sector units. Total capacity available in all the above sectors is around 3.75 Million Metric Tons, which is expected to increase to 6.00 million Metric Tons.

Indian Print & Packaging Market has witnessed an astounding growth. India is the 12th largest Print & Packaging Market in the World.. The growth is significant in the Eastern region. More modernization required to keep pace with rising demand. Paper, Paper Board & Packaging material scenario continues to be bright as more and more plastic materials are being discarded.

2. Opportunities & Threats**2.1 Opportunity**

Your company primarily supplies packaging materials to the Tea Industries, Pharmaceutical Industries & Spices Industries. Though the general economic situation, particularly the export segment of Tea remains depressed basically due to Russian Union countries going in for bulk rather than packed ones and the off take of Arabian countries has also declined. Thus packaging requirements had proportionately declined. Now as the things are coming back to normal the packaging industry is once again looking forward for a turnaround in near future.

2.2 Threats

- i) Higher domestic cost of power & fuel and a large component of domestic taxes in cost of production have made the product somewhat uncompetitive in the export as well as in the domestic market.
- ii) Some multinational export houses have preferred to import their packaging materials without payment of import duties and this is an additional threat for the industry's performance.
- iii) With the FSEZ, it has resulted in rather impossible situation of domestic sale on account of the Custom duty leviable on the domestic sale which is much higher compared to Excise Duty chargeable by DTA manufacturers. Hence even producing from indigenous raw materials, supplies to DTA area is very costly and hence the market of that segment has become non-existent.

3. Segmentwise/Productwise Performance.

The Company is a Paper-based Packaging & Publishing product manufacturer.

4. Outlook

The Company, in keeping along the recent trend of Consumer friendly pack, has geared themselves for producing the same in their factory. Presently the Company is manufacturing printed packaging cartons/boxes of international standard and specification.

Under its ISO certification, the Company has engaged in continuous monitoring of its manufactured quality and has setup a self-sufficient laboratory for the same.

With the improvement of demand in exports, the company expects to fulfill its goal to serve the consumer industry in the best way possible.

5. Risk and Concern

In order to be more competitive in the overseas market, the Tea-exporters are trying to offer more favorable price, which eventually is reflected in their buying of packaging items at a lower price. Therefore, the Company as well as the industry at large is unable to pass on the hike in cost of power, fuel, labour etc. to the consumer, which adversely impacts profitability.

6. Internal Control Systems and their adequacy

The Company has adequate internal control systems, which are reviewed by the Management and the internal auditors through quarterly audit of various areas of Company's operations to ensure that the systems are being properly complied with and transparency is maintained. The observations of the Auditors along with Company's replies are placed before the Audit Committee of the Directors on regular basis for reviewing their adequacy.

7. Financial performance with respect to operational performance

Because of a depressed export market, the capacity utilization as per target could not be achieved and the Company was obliged to have a restricted manufacturing operation.

In line with the current trend, the Company has implemented several cost control measures to offset increase in production cost. It has identified further possibility of cost reduction with some capital investment, which will be executed as soon as the marketing scenario turns better.

8. Material developments in Human resources/Industrial Relations front, including number of people employed

In order to achieve full utilization of equipment potential and inculcate proper operation and maintenance practices, the Company's personnel are exposed to latest ideas and concepts through various in-house as well as external training programmes of reputed institutes within its financial limitations. Interactions amongst plant personnel on a daily basis also improve sensitivity about the plant, which helps in better identification of plant problems and their resolutions and also in identifying areas of cost reduction. The Industrial Relations remained cordial during the year under report.

9. Cautionary Statement

Statement in the Management Discussions and Analysis Report in regard to projections, estimates and expectations have been made in good faith. Many unforeseen factors may come into play and affect the actual results which could be different from what the Directors envisage in terms of future performance and outlook. Market data and product information contained in this Report have been based on information gathered from various published and unpublished reports, and their accuracy, reliability and completeness cannot be assured.

In connection with our audit of the Ind As financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone Ind As financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the Ind As financial statements

The Company's board of directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these Ind As financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind As financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The board of directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the Ind As financial statements

Our objectives are to obtain reasonable assurance about whether the Ind As financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind As financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind As financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind As financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the Ind As financial statements, including the disclosures, and whether the Ind As financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind As financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Annexure “B” to the Independent Auditor’s Report

(Referred to in paragraph 2 (f) under ‘Report on other legal and regulatory requirements’ section of our report to the Members of Antarctica Limited of even date)

Report on the internal financial controls over financial reporting under clause (i) of sub – section 3 of section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Antarctica Limited (“the Company”) as at March 31, 2019, in conjunction with our audit of the Ind As financial statements of the Company for the year ended on that date.

Management’s responsibility for internal financial controls

The board of directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the standards on auditing prescribed under Section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those standards and the guidance note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement in the Ind As financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial control system over financial reporting.

Meaning of internal financial controls over financial reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind As financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind As financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the Ind As financial statements.

Limitations of internal financial controls over financial reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management of override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and according to the information and explanations given to us, the Company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria

established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes forming part of the Financial Statements

1) Significant accounting policies

(a) Statement of compliance

These financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as “Ind AS”) as prescribed under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules as amended from time to time.

(b) Basis of preparation

These financial statements have been prepared on historical cost basis, except for certain financial instruments which are measured at fair value at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

(c) Use of estimates and judgements

The preparation of these financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates and judgements that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the financial statements and the reported amounts of income and expense for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

Impairment of Investment

The Company reviews its carrying value of the Investments carried at amortised cost annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

Useful lives of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

Provisions and contingent liabilities

A provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are not recognised in the financial statements. Contingent assets are neither recognised nor disclosed in the financial statements.

(d) Revenue recognition

Sale of Goods:-

'Sales are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods to customers. Sales include excise duty where applicable but exclude sales tax and value added tax.

Other Income:-

'Interest income is accounted on accrual basis.

(e) Leases

Lease arrangement where the risks and rewards incidental to ownership of an asset substantially vest with the lessor, are recognised as operating lease. Operating Lease payments are recognised on a straight line basis over the lease term in the statement of profit & Loss , unless the lease agreement explicitly states that increase is on account of inflation.

(f) Costs Recognition

Costs and expenses are recognised when incurred and have been classified according to their nature.

(g) Foreign currency

The functional currency of the Company is Indian rupee (s).

Income and expenses in foreign currencies are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are translated at the exchange rate

prevailing on the balance sheet date and exchange gains and losses arising on settlement and restatement are recognised in the statement of profit and loss.

(h) Income taxes

Deferred income taxes

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

(i) Financial instruments

Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

(j) Property, plant and equipment

Property, plant and equipment are stated at cost, less accumulated depreciation (other than freehold land) and impairment loss, if any.

Depreciation is provided for property, plant and equipment so as to expense the cost less residual value over their estimated useful lives based on a technical evaluation. The estimated useful lives and residual value are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

Depreciation is not recorded on capital work-in-progress until construction and installation is complete and the asset is ready for its intended use.

(k) Intangible assets

Intangible assets purchased are measured at cost as of the date of acquisition, as applicable, less accumulated amortisation and accumulated impairment, if any.

(l) Impairment

(i) *Financial assets (other than at fair value)*

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. In determining the allowances for doubtful trade receivables, the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and rates used in the provision matrix. For all other financial assets, expected credit losses are measured at an amount equal to the 12-months expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

(ii) *Non-financial assets*

Tangible and intangible assets

Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

(m) Employee benefits

Employee benefits include provident fund, E.S.I. and compensated absences.

(n) Cash Flow Statement

Cash Flows are reported using the indirect method, whereby profit/(loss) before extraordinary items and tax is adjusted for the effects of transaction of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The Cash flows from operating , investing and financing activities of the company are segregated based on the available information.

(o) Earnings Per Share

Basic earnings per share is computed by dividing the profit/(loss) after tax(including the post tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit /(loss) after tax (including the post tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares.

(p) Previous Years Figures

Previous year's figures have been regrouped / reclassified wherever necessary to correspond with the current year's classification / disclosure.
