### 2. Future Outlook

#### STEEL INDUSTRY

##### Global Scenario

In Jan-May 2019, the world crude steel production reached 764.072 million tonnes (mt) and showed a growth of 5.03% over Jan-May 2018.

•China remained world's largest crude steel producer in same period (404.879 mt) followed by India (45.314 mt), Japan (42.294 mt) and the USA (37.169 mt).

- World Steel Association has projected Indian steel demand to grow by 7.1% in 2019 while globally, steel demand has been projected to grow by 1.3% in 2019. Chinese steel use is projected to show 1.0% growth in 2019.

- Per capita finished steel consumption in 2018 was 224.5 kg for world and 590.1 kg for China (Source: World Steel Association). The same for India was 70.9 kg in 2018.

Note: World Steel Association report, World Steel in Figures 2019

## **Indian Scenario**

Steel is crucial to the development of any modern economy and is considered to be the backbone of human civilization. The level of per capita consumption of steel is treated as an important index of the level of socio-economic development and living standards of the people in any country. Steel industry and its associated mining and metallurgy sectors have seen a number of major investments and developments in the recent past.

The Indian steel industry has entered into a new development stage, post de-regulation, riding high on the resurgent economy and rising demand for steel.

- Rapid rise in production has resulted in India becoming the 2nd largest producer of crude steel during 2018, from its 3rd largest status in 2017. The country is also the largest producer of Sponge Iron or DRI in the world and the 3rd largest finished steel consumer in the world after China & USA.

- In a de-regulated, liberalized economic/market scenario like India the Government's role is that of a facilitator which lays down the policy guidelines and establishes the institutional mechanism/structure for creating conducive environment for improving efficiency and performance of the steel sector.

- In this role, the Government has released the National Steel Policy 2017, which has laid down the broad roadmap for encouraging long term growth for the Indian steel industry, both on demand and supply sides, by 2030-31. The Government has also announced a policy for providing preference to domestically manufactured Iron & Steel products in Government procurement.

### ***Opportunities for growth of Iron and Steel in Private Sector***

#### **The New Industrial Policy Regime**

The New Industrial policy opened up the Indian iron and steel industry for private investment by (a) removing it from the list of industries reserved for public sector and (b) exempting it from

compulsory licensing. Imports of foreign technology as well as foreign direct investment are now freely permitted up to certain limits under an automatic route. Ministry of Steel plays the role of a facilitator, providing broad directions and assistance to new and existing steel plants, in the liberalized scenario.

#### The Growth Profile

(i)Steel : The liberalization of industrial policy and other initiatives taken by the Government have given a definite impetus for entry, participation and growth of the private sector in the steel industry. While the existing units are being modernized/expanded, a large number of new

steel plants have also come up in different parts of the country based on modern, cost effective, state-of-the-art technologies. In the last few years, the rapid and stable growth of the demand side has also prompted domestic entrepreneurs to set up fresh greenfield projects in different states of the country.

Crude steel capacity was 137.97 mt in 2017-18, up by 7.6% over 2016-17 and India, which emerged as the 2nd largest producer of crude steel in the world in 2018, as per data released by the World Steel Association, has to its credit, the capability to produce a variety of grades and that too, of international quality standards.

(ii)Pig Iron: India is also an important producer of pig iron. Post-liberalization, with setting up several units in the private sector, not only imports have drastically reduced but also India has turned out to be a net exporter of pig iron. The private sector accounted for 90% of total production of pig iron (6.055 mt) in the country in 2018-19.

(iii)Sponge Iron: India, world's largest producer of sponge iron (2018), has a host of coal based units located in the mineral-rich states of the country. Over the years, the coal based route has emerged as a key contributor and accounted for 79% of total Sponge Iron production in the country. Capacity in Sponge Iron making too has increased over the years and stood at 49.6 mt (2017-18).

### 3. State of Company's Financial Affairs

The total income of the Company for the year ended 31<sup>st</sup> March 2019 was Rs. 2,246,615,537/- as against the total income of Rs. 1,263,961,007/- for the previous year ended 31st March 2018.

FORM NO. MR-3

### SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31<sup>st</sup> MARCH, 2019

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To

The Members

Geekay Wires Limited

11-70/5, 2nd Floor, G.P Complex,  
Balanagar, Hyderabad - 500 018

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by M/s. GEEKAY WIRES LIMITED (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's Books, Papers, Minute Books, Forms and Returns filed and other Records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year commencing from 1<sup>st</sup> April, 2018 and ended 31<sup>st</sup> March, 2019, complied with the statutory provisions listed hereunder and also that the Company has proper Board process and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter :

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2019 and made available to me, according to the provisions of:

- I. The Companies Act, 2013 (the Act) and the rules made there under;
- II. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under;
- III. The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- IV. Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment –(Not applicable to the Company during the Audit Period);

- V. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
- a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
  - b. Securities and Exchange Board of India (Listing Obligations And Disclosure Requirements) Regulations, 2015;
  - c. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
  - d. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
  - e. The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 and the Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 notified on 28<sup>th</sup> October, 2014-(*Not applicable to the Company during the Audit Period*);
  - f. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008-(*Not applicable to the Company during the Audit Period*);
  - g. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
  - h. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009-(*Not applicable to the Company during the Audit Period*).
  - i. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998-(*Not applicable to the Company during the Audit Period*).

I have relied on the representations made by the Company and its officers for the systems and mechanism formed by the Company for compliances of other specific applicable Acts, Laws and Regulations to the Company mentioned hereunder:

- a. The Factories Act, 1948
- b. Contract Labour (Regulation and Abolition) Act, 1970
- c. The Industrial Disputes Act, 1947 and Industrial Dispute (Central) Rules, 1957
- d. The Employees State Insurance Act, 1948
- e. The Employees' Provident Fund and Miscellaneous Provisions Act, 1952
- f. The Minimum Wages Act, 1948
- g. Payment of Bonus Act, 1965
- h. Payment of Gratuity, 1972

- j. Air (Prevention and Control of Pollution) Act, 1981 and the rules and standards made there under
- k. Water (Prevention and Control of Pollution) Act, 1974 and Water (Prevention and Control of Pollution) Rules, 1975

I have also examined compliance with the applicable clauses of the Secretarial Standards issued by The Institute of Company Secretaries of India.

I report that, during the year under review, the Company has complied with the provisions of the Acts, Rules, Regulations and Guidelines mentioned above herein.

I further report that, the compliance by the Company of applicable finance laws like direct and indirect tax laws and maintenance of financial records and books of accounts has not been reviewed in this audit since the same have been subjected to review by statutory financial audit and other designated professionals.

**I further report that:**

- a. The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive, Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the year under review were carried out in compliance with the provisions of the Companies Act, 2013.
- b. Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation of the meeting.
- c. As per the minutes of the meetings duly recorded and signed by the Chairman, the decisions of the Board were unanimous and no dissenting views have been recorded.

I further report that, based on the review of the compliance reports and the certificates of Company Secretary/ Managing Director taken on record by the Board of Directors of the Company, in my opinion there are adequate systems and processes in the Company with the size and operation of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines

**I further report that there were no other instances of:**

- (i) Rights/debentures/sweat equity.
- (ii) Redemption/buy-back of securities.

#### Overview of Indian Economy

India is one of the most rapidly growing economies, with a per capita GDP growth estimates at 8.5 % CAGR (CY 2015 to CY 2021). Together with the growing population and trends of increasing urbanization, this is expected to translate into increasing metals demand. Extrapolating India's position, we believe there is significant metal demand potential in the country. This enormous economic growth potential in the country, coupled with the vast, untapped and underexplored resources, provides massive opportunity. This growth story is backed by a strong Government push for Infrastructure development with high budgetary allocations. Several supportive regulatory reforms have been initiated by the GOI.

Despite a series of economic and political shocks during the year which resulted in volatility in global markets, the commodities index ended the fiscal year 25% higher as a result of a more positive macroeconomic environment. The global economy was boosted by an improvement in the US economy and a commitment to infrastructure spending by the new administration, financial reforms and the introduction of stimulus measures in China aimed at keeping its economy on track. This uplift in global economic activity has increased demand for commodities in particular iron ore, aluminum, copper and oil and gas, leading to higher prices. In addition, as a result of the negative environment over the past few years and limited investment by mining companies, a lack of new mining projects coming on stream is leading to supply pressures for some commodities. We therefore expect to see continued tightening in the markets over the next few years as demand starts to exceed supply.

#### Steel Wire Sector

The Steel Wire Industry in India is quite competitive in its production costs compared to other developed and developing countries. This cost competitiveness needs to be maintained by adoption of new and clean technologies, which lower specific energy consumption and which

generate much lesser pollutants. We need to automate processes and focus on product quality and packaging to produce wires internationally acceptable.

In today's environmentally conscious world adoption of such technologies would make the products much more acceptable and also lower costs by reducing wastages. This will throw open many new markets accelerating the pace of growth of the industry

Raw materials mainly wire rods account for a major part of the cost of wires. In the past there were very few suppliers but with the growth in the steel industry a number of mid-sized companies have started producing Mild Steel Wire Rods. This has increased the availability and resulted in better commercial terms for the wire industry. Most value added wires use high carbon wire rods as an input.

The steel wire industry in India is at a juncture where very soon raw materials will be available at internationally competitive rates, consumption is poised to jump, new export markets are waiting to be tapped, and skilled manpower is readily available. Hence; from sourcing point of view industry is in surplus.

As with any other industry, the fortunes of the steel wire industry depend on growth and investment in the infrastructure segment. Any slowdown in infrastructure projects and activities negatively impacts the steel wire industry. Implementation delays can inflate costs, and following changes in government regulations the viability and sustainability of the whole project can be jeopardized.

Growth in infrastructure is characterized by hectic activity in the construction, engineering and capital goods sectors – these constitute almost 60% of end-use consumption pattern of the steel wire industry. Growth in the manufacturing sector on the back of government initiatives such as “Make in India” campaign, which, in turn, will drive up demand for steel wire.

As we manufacture Galvanized Steel Wire which is used in electricity companies and efforts have already started by Government to provide electricity to every house in every village of India, our products demand is increasing continuously.

### **Nails and Fasteners Sector**

Steel Wire nail is very well known item, as it is very common product, which is normally used in daily life. It is used for fastening purpose. Its use is so wide spread that it has become part and parcel of the life. Steel Wire nails are pin-shaped, sharp objects of hard metal or alloy used as fasteners. They are typically made of steel, often dipped or coated to prevent corrosion in harsh conditions or improve adhesion. Ordinary nails for wood are usually of soft, low carbon or mild

steel while those for concrete are harder. Nails are used for various purposes and industries ranging from building and construction to carpentry. There is a tremendous variety of nails, since they are used for so many different purposes.

There had been an erratic growth of the indigenous industry from past years. Since the manufacture of wire nails could be undertaken on a small scale or even on a cottage scale, there is a mushroom growth of nail making units in operation. Future of wire nails will directly depend upon building activity in country. As we know that at present country is facing acute housing problem. So, now government is much emphasizing on housing development, which naturally will lead to greater demand of steel wire nail. (Source: <http://www.niir.org/>)

Our Company has been in the business of manufacturing high quality galvanized steel wires and wire products and have been meeting the requirement of various clients in the government and private sectors like power, construction ,automobile, general engineering and domestic segments. Our Company was taken over by the Kandoi Family in 2012 and we have over the recent past ramped up our production capacities.

Today; our Company is an ISO 9001: 2008 certified, manufacturer, exporter and supplier of the superlative wires and cables like galvanized wire, earth wire, stay wire, ACSR steel core, cable armoured wire, guy strand, barbed wire, spring steel wire, patented wire, detonator wire, and spring steel wire, nails and fasteners etc.

We are backed by a strong infrastructural base, which is well equipped with latest technology, advance machines and equipments which assist us in maintaining the quality and quantity of wires. We have a strong focus on manufacturing process and have a full-fledged quality testing laboratory and well qualified and experienced personnel. All raw-materials and consumables are tested at various stages in manufacturing process as per stipulated standards to ensure good quality products which confirms to ISO standards.

Today with robust infrastructure & testing facilities we are in the preferred-vendor list of PGCIL and in many State Transmission & Distribution Companies, electrical contractors, corporate engaged in turnkey business of creating infrastructure for power transmission & distribution, cable & conductor manufacturing, etc. Our products are not only accepted in India but we have received accolades from overseas customers as well.

We operate from our Registered Office located at 11-70/5, G P Complex, Balanagar, Hyderabad - 500018, Telangana. Our manufacturing unit (“Unit I”) is situated at 300/A, Isnapur Village, Medak District, Telangana - 502307.

Our second manufacturing unit ("Unit II") is located at Plot No. E166 to E183 & E140 & E141, Sy No. 342 & 354, Muppireddypally, Toopran, Medak, Telangana-502334

### Our Strategies

- **Expansion of operations (Product range)**

In FY 2016-17, our installed capacity in our Unit I was 18,000 MTS p.a. We have recently completed an expansion project at our Unit I as well as we have set up a 'nails' manufacturing unit ("Unit II") and hence our current aggregate installed capacity is 39,000 MTS p.a. (24,000 MTS p.a. for Unit I and 15,000 MTS p.a. for Unit II). Further, our expansion project has been completed keeping in mind our future need for expansion and hence we plan to phase wise increase the capacity of Unit I to 36,000 MTS p.a. by the end of 2019-20. The required machinery has been installed with latest technology thus making it as one of the key plants in south India which can produce High Carbon Galvanized steel wire.

Our Company has also recently completed setting up of our second unit at Muppireddypally village, Hyderabad. It is a 'nails' manufacturing unit with current production capacity of 15,000 MTS per annum. This product is having a huge demand in domestic as well as overseas market. Hence, we believe that we should be able to grow our revenues and results of operations multi-fold.

- **Enhance customer base by entering new geographies to establish long-term relationships:**

We seek to expand and enhance our presence in our existing business segments by identifying markets where we can provide cost effective, technically advanced products to our clients. This will be a strategy that our Company will adopt in the near and middle term. Our Company continues to explore opportunities in numerous states in the country and globally where it can supply value added products to enhance its geographic reach. We intend to cater to the increasing demand of our existing customers and also to increase our existing customer base and ensure that our products reach in different parts of the country through our existing customers. Further, our Company believes in maintaining long term relationships with our customers in terms of increased sales. We aim to achieve this by adding value to our customers through innovation, quality assurance, timely delivery, and reliability of our products.

- **Meeting Quality Standards and developing customer focus**

Our driving force has always been the quality of our products, as the same would enable us for long standing relationship with our customers. Our dedicated team learns the specifics of customers' requirement and become intimately involved with their needs. This is necessary so as to make sure that we get repeat orders from our customers. This will also aid us in enhancing our brand value. Our technically qualified persons are determined to achieve the objective of zero defects and zero rejection. We believe these high quality tools will achieve the various technical parameters for physical and chemical properties of different types and sizes of wire

products. Further, we propose to enhance our efficiency by introducing advanced machinery and reducing our dependency on manual labour thereby capitalizing our method of production. This will enable us to achieve our aim of providing quality products on a continuous basis.

- **Augment our working capital base in order to scale up business operations**

Our business of manufacturing of steel wires & wire products is working capital intensive. We need to maintain sufficient inventory for the production process and also maintain a balance between debtors & creditors cycle. Since, we are not fully utilising our installed capacities, our growth depends on our ability to increase our utilization over the next few years. In FY 2016-17, our installed capacity in our Unit I was 18,000 MTS p.a. We have recently completed an expansion project at our Unit I as well as we have set up a 'nails' manufacturing unit ("Unit II") and hence our current aggregate installed capacity is 39,000 MTS p.a. (24,000 MTS p.a. for Unit I and 15,000 MTS p.a. for Unit II). Further, our expansion project has been completed keeping in mind our future need for expansion and hence we plan to phase wise increase the capacity of Unit I to 36,000 MTS p.a. by the end of 2019-20. Hence, in order to effectively operate the aforementioned additional facilities along with the existing facilities we need to have access to a larger amount of liquid funds and sufficient working capital.

## INDEPENDENT AUDITORS' REPORT

To  
The Members of  
GEEKAY WIRES LIMITED,  
Hyderabad.

### **Report on the Financial Statements**

We have audited the accompanying Financial Statements of **GEEKAY WIRES LIMITED** ("the **Company**"), which comprise of the Balance Sheet as at **31<sup>st</sup> March 2019**, the Profit and Loss Account, the Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information.

### **Management's Responsibility for Financial Statements**

The Company's Board of Directors are responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance of the Company in accordance with the accounting principles generally accepted in India, including Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts), Rules, 2014.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatements, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken in account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the audit considers internal financial control relevant to the Company's preparation of the financial statements that given a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis from our audit opinion on the financial statements.

## ANNEXURE - B TO AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **GEEKAY WIRES LIMITED** ("the Company") as of 31st March, 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our

audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting:**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate

**Opinion:**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31<sup>st</sup> March, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the Institute of Chartered Accountants of India.

## Notes to the Accounts as on 31-03-2019

### Note No.24

#### **A) SIGNIFICANT ACCOUNTING POLICIES:**

##### **1. Basis of Preparation of Financial Statements:**

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act, 2013 ("the Act"). The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

##### **2. Use of Estimates:**

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognized in the periods in which the results are known / materialize.

##### **3. Inventories:**

- (i) Raw Materials have been valued at cost or market value whichever is less.
- (ii) Work in progress has been valued at lower of cost or realizable value.
- (iii) Finished goods have been valued at lower of cost or realizable value.

##### **4. Cash flow statement:**

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

##### **5. Current / Non-current classification:**

The Schedule III to the Act requires assets and liabilities to be classified as either Current or Non-current.

An asset is classified as current when it satisfies any of the following criteria:

- (i) it is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle;
- (ii) it is held primarily for the purpose of being traded;
- (iii) it is expected to be realized within twelve months after the reporting date; or
- (iv) It is cash or a cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

All other assets are classified as non-current.

A liability is classified as current when it satisfies any of the following criteria:

- (i) it is expected to be settled in, the Company's normal operating cycle;
- (ii) it is held primarily for the purpose of being traded;
- (iii) it is due to be settled within twelve months after the reporting date; or
- (iv) The Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could, at the opinion of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current.

#### **6. Revenue Recognition:**

- (i) Sale is inclusive of Excise, Sales Tax and other charges.
- (ii) The company follows mercantile system of accounting and recognizes significant items of income and expenditure. Revenue is recognized only when it is reasonably certain that ultimate collection will be made.
- (iii) Interest income is booked on time proportion basis.

#### **7. Fixed assets and depreciation :**

- (i) Tangible assets are stated at cost, less accumulated depreciation and impairment, if any. Direct costs are capitalized until such assets are ready for use. Capital work-in-progress comprises the cost of fixed assets that are not yet ready for their intended use at the reporting date.
- (ii) Depreciation:  
Depreciation on Tangible Fixed Assets is provided on straight line method on useful lives of the assets as prescribed in Schedule II to the Companies Act, 2013.

#### **8. Employee Benefits:**

The management is of opinion that since number of employees of the company is less than as provided under the act and accordingly making provision of the gratuity does not arise. However, if payment on account of gratuity arises due to happening of any incidents as provided under the applicable provisions of the law, the same will be accounted for on cash basis.

#### **9. Borrowing Costs:**

Borrowing costs are charged to revenue except where such cost are attributable to the acquisition or construction of qualifying assets in which case it is capitalized as a part of the cost. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended uses.

#### **10. Segment Reporting:**

Provisions of Accounting Standard (AS) – 17 issued by the ICAI on ‘Segment Reporting’ are not been applicable to the Company.

#### **11. Leases:**

Lease Payments are recognized as an expense in the Statement of Profit and Loss of the year to which they relate.

#### **12. Earnings per share (EPS):**

The Basic EPS is computed by dividing the net / profit (loss) attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding during the reporting period. Diluted EPS is computed by dividing the net profit / (loss) as adjusted for dividend, interest and other charges to expense or income (net off any attributable taxes) relating to the dilutive potential equity shares by the weighted average number of equity and dilutive equity equivalent shares outstanding during the year, except where the results would be anti-dilutive.

#### **13. Taxes on income:**

- (i) Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 and other applicable tax laws.
- (ii) Deferred tax is recognized on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognized for all timing differences. Deferred tax assets are recognized for timing differences of items other than unabsorbed depreciation and carry forward losses only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realized. However, if there are unabsorbed depreciation and carry forward of losses and items relating to capital losses, deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that there will be sufficient future taxable income available to realize the assets.

#### 14. Provisions and contingent liabilities:

- (i) The Company creates a provision where there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation.
- (ii) A disclosure for a contingent liability is made where there is a possible obligation that may, but probably will not require an outflow of resources.
- (iii) When there is a possible obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

#### 15. Impairment of Assets:

Fixed assets are realizable at least to the extent of the values stated against them. Consequently, no impairment of their values as per AS-28 in the opinion of management

#### 16. Intangible Assets:

Intangible Assets are stated at their cost of acquisition, less accumulated amortization and impairment losses thereon. An Intangible Asset is recognized, where it is probable that the future economic benefits attributable to the Asset will flow to the enterprise and where its cost can be reliably measured.
