# Chairman's Letter

Dear Shareholders,

We are extremely happy to share that our company has successfully started the phased commercial production factory in Bhiwandi, Maharashtra. This facility will manufacture Smart Compute Devices, AV & Displays, Retail IoT & Smart Water Solutions and custom design devices. The manufacturing capacity is approximately five Lakh units annually. This new factory will also focus on improvising TQM (Total Quality Management), JIT (Just—in—Time) production, and DFM (Design for Manufacturability). This will help us to fulfil the growing demand from our customers. We remain confident in our capabilities that will take us closer to achieving our vision and in creating long term value for our company.

This year has been a mixed year for our company as our company has gone through some structural change the revenue growth was subdued due to delay in orders this year we are expecting positive inflow of orders as we are working in several projects which will accelerate our growth going forward.

We are extremely delighted to share that we have forayed into fast growing water purification segment with the launch of our product 'AquaTatva'. It is a step towards our Vision of "Making Human Life Easy." This product helps improving the quality of drinking water. The technology that is used in this product will bring in a significant change to the current water potability in India. We are confident that consumers would appreciate this technologically superior offering by Panache. We are taking a step forward to be a part of new generation of hydration and lifestyle.

Our Company has received CRN Excellence Award 2018 in the category of Big Data and Analytics. It's a real honour to receive this type of recognition. Our efforts to provide top quality IT solutions have clearly paid off and this award is an indication that we are working in the right direction.

Ours is a broad-based distribution model which comprises of multiple products and multiple brand strategy. The focus is always to capture sizable market share in each of the product category. Our Company's activities are aligned with growing industry where the demand for design and technology services continue to expand. This year the focus is on IoT based compute solutions and Smart Water solutions. We are also coming up with some interesting offering models for our clients.

We are set to consolidate, enhance and improve up on our strengths, values, customer orientation, brand and commitment to learnings. We will aim for continuous improvement, improving of focus on partnering with stakeholders in a way which is unique to us. I would like to thank entire team at 'Panache DigiLife' family for their efforts, drive and dedication. I would also like to thank our shareholders and stakeholders for the trust they have placed in us, which further drives and encourages us to achieve our targets and walk the extra mile.

Your Sincerely,

## **ECONOMIC OVERVIEW**

### **Global Economic**

After strong growth in 2017 and early 2018, global economic activity slowed notably in the second half of last year, reflecting a confluence of factors affecting major economies. China's growth declined following a combination of needed regulatory tightening to rein in shadow banking and an increase in trade tensions with the United States. Trade tensions increasingly took a toll on business confidence and, so, financial market sentiment worsened, with financial conditions tightening for vulnerable emerging markets in the spring of 2018 and then in advanced economies later in the year, weighing on global demand. Conditions have eased in 2019 as the US Federal Reserve signaled a more accommodative monetary policy stance and markets became more optimistic about a US-China trade deal, but they remain slightly more restrictive than in the fall.

#### **Global Growth Is Set to Moderate in the Near Term, Then Pick Up Modestly**

As a result of these developments, global growth is now projected to slow from 3.6 percent in 2018 to 3.3 percent in 2019, before returning to 3.6 percent in 2020. The current forecast envisages that global growth will level off in the first half of 2019 and firm up after that.

Beyond 2020, global growth is set to plateau at about 3.6 percent over the medium term, sustained by the increase in the relative size of economies, such as those of China and India, which are projected to have robust growth by comparison to slower-growing advanced and emerging market economies.

## BUSINESS PERFORMANCE

Panache Digilife Limited operates primarily in one business vertical, hence segmental reporting is not applicable.

## RISKS AND CONCERNS

Like every business, the Company faces risks, both internal and external, in the undertaking of its day-to-day operations and in pursuit of its longer-term objectives. A detailed policy drawn up and dedicated risk workshops are conducted for each business vertical and key support functions wherein risks are identified, assessed, analyzed and accepted / mitigated to an acceptable level within the risk appetite of the organization.

The Company faces the following Risks and Concerns:

### Credit Risk

To manage its credit exposure, Panache has determined a credit policy with credit limit requests and approval procedures. Company does its own research of client's financial health and project prospects before entering into agreement with them. Timely and rigorous process is followed up with clients for payments as per schedule. The Company has suitably streamlined the process to develop a focused and aggressive receivables management system to ensure timely collections.

### Competition Risk

This risk arises from more players wanting a share in the same pie. Like in most other industries, opportunity brings with itself competition. We face different levels of competition in each segment, from domestic as well as multinational companies. The Company has created strong differentiators in project execution, quality and delivery which make it resilient to competition. Furthermore, the Company continues to invest in technology and its people to remain ahead of the curve. A strong, stable client base consisting of large and mid-sized corporations further

helps to insulate the Company from this risk. We counter this risk with our customer-centric approach and our ability to innovate customer specific solutions, focusing on pricing and aggressive marketing strategy, disciplined project executions, coupled with prudent financial and human resources management and better control over costs. Thus, we do not expect to be significantly affected by this risk.

### **Input Cost Risk**

Our profitability and cost effectiveness may be affected due to change in the prices of raw materials, non-renewal of agreements, retention of human labor, etc. Some of the risks that are potentially significant in nature and need careful monitoring.

### **Liability Risk**

This risk refers to our liability arising from any damage to cargo, equipment, life and third parties which may adversely affect our business. The Company attempts to mitigate this risk through contractual obligations and insurance policies.

### **Technology Related Risk**

The Company operates in an ever evolving and dynamic technology environment and therefore, it becomes important for the Company to continuously review and upgrade its technology, resources and processes to mitigate technology obsolescence. The Company is not dependent on any single technology or platform. Company has developed competencies in various technologies, platforms and operating environments and offers a wide range of technology options to clients to choose from, for their business needs.

## **OPPORTUNITIES**

### **Changing consumer preferences and growing Industrial base**

- With ever changing consumer needs and demands, today consumers are looking for a complete package with good quality product and experience.
- With rising income and urbanization, consumer prefers an overwhelming experience and after sales service which paves way to new innovations and techniques.

### **High Government Focus**

- Goods and Service Tax (GST) as a unified tax regime is expected to lead to a re-evaluation of procurement and distribution arrangements
- Removal of excise duty on products would result in cash flow improvements

### **Technological Tie-ups & Research and development**

- With many technological tie-ups and extensive R&D there's huge scope for new and innovative products to be distributed.
- Enhanced design capabilities, tools and technological know-how
- Development of new products and applications

### **Distribution agreements with renowned brands**

- With government support and new technological advancements there is huge scope for ever-increasing demand of new and innovative products globally.
- More and more big brands want to come to India and want ready and modern distribution system covering the geographical territories of the country and serving customers on a PAN India basis which will grow their brand quicker.

## **THREATS**

- Competition from local and multinational players
- Execution risk
- Regulatory changes
- Input Cost risk
- Attraction and retention of human capital
- Technological Advancements

## INTERNAL CONTROL SYSTEMS AND ADEQUACY

In view of the changes in the Companies Act, 2013 the Company has taken additional measures to strengthen its internal control systems. Additional measures in this regard are fraud risk assessment, mandatory leave for employees, strengthening background verification process of new joiners and strengthening the process of risk management. The Company maintains a system of internal controls designed to provide a high degree of assurance regarding the effectiveness and efficiency of operations, the adequacy of safeguards for assets, the reliability of financial controls, and compliance with applicable laws and regulations.

The organization is well structured and the policy guidelines are well documented with pre-defined authority. The Company has also implemented suitable controls to ensure that all resources are utilized optimally, financial transactions are reported with accuracy and there is strict adherence to applicable laws and regulations.

The Company has put in place adequate systems to ensure that assets are safeguarded against loss from unauthorized use or disposition and that transactions are authorized, recorded and reported.

Recognizing the important role of internal scrutiny, the Company has an internal audit function which is empowered to examine the adequacy of, and compliance with, policies, plans and statutory requirements. It is also responsible for assessing and improving the effectiveness of risk management, control and governance process.

Periodical audit and verification of the systems enables the various business groups to plug any shortcomings in time. As stated earlier the Company has improved effectiveness of the risk management process wherein it evaluates the Company's risk management system and suggests improvement in strengthening risk mitigation measures for all key operations, controls and governance process. In addition, the top management and the Audit committee of the Board periodically review the findings and ensure corrective measures are taken.

## HUMAN RESOURCES

The Company has necessary policies / Code of Conduct Human Relations and Industrial Relations policies in force. These are reviewed and updated regularly in line with the Company's strategic plans. The Human Relations team continually conducts training programs for the development of employees.

# Standalone Financial Statement

## INDEPENDENT AUDITOR REPORT

To,  
The Shareholders of  
**M/s. Panache Digilife Limited**  
(Formerly Known as Vardhaman Technology Limited)  
(Earlier Vardhaman Technology Private Limited)

### Opinion

We have audited the accompanying standalone financial statements of **M/s Panache Digilife Limited, (Formerly Known as Vardhaman Technology Limited) (Earlier Known as Vardhaman Technology Private Limited)** (the “Company”), which comprise the Balance Sheet as at March 31, 2019, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (Hereinafter referred to as the “Standalone Financial Statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the “Act”) in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules 2015, as amended (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019 and its profit/loss, total comprehensive income/loss, its cash flows and the changes in equity for the year ended on that date.

### Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor’s responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Companies Act, 2013 and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

### Information Other than the Standalone Financial Statements and Auditor’s Report

The respective Board of Directors of the Company are responsible for the preparation of other information. The other information comprise the information included in the Management Discussion and Analysis, Board’s Report including Annexures to Board’s Report, Business Responsibility Report, Corporate Governance and Shareholder’s Information, but does not include the standalone financial statements and our auditor’s report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the standalone financial statements,

our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is material misstatement of this other information we are required to report that fact. We have nothing to report in this regard.

### **Management's Responsibility for the Standalone Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 (the "Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, cash flows and changes in equity of the Company including its joint operation companies in accordance with the Ind AS and accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the respective Companies and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibility for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls systems in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the Company and its joint operations to express an opinion on the standalone financial statements. We are responsible for the direction, supervision and performance of the audit of the standalone financial statements of such entities included in the standalone financial statements.

### **Materiality**

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced.

We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

#### Report on Other Legal and Regulatory Requirements

**ANNEXURE -B TO THE AUDITOR'S REPORT FOR THE Y. E. 31<sup>ST</sup> MARCH, 2019  
(Referred to in Paragraph 2(f) of our Report of even date)**

**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of Panache Digilife Limited ("the Company") (Formerly known as Vardhaman Technology Private Limited) as of 31<sup>st</sup> March 2019 in conjunction with our audit of the Standalone Ind AS financial statements of the Company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- 1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation

of standalone Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and

- 3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone Ind AS financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31<sup>st</sup> March 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## Notes to Financial Statements

### **A Significant Accounting Policies, practices annexed to & forming part of accounts for the year ending on 31<sup>st</sup> March 2019**

#### **1 Basis of Preparation**

The company's Financial Statements have been prepared in accordance with the provisions of the Companies Act, 2013 and the Indian Accounting Standards ("Ind AS"), as notified under the Companies (Indian Accounting Standards) (Amendment) Rules 2016 issued by Ministry of Corporate Affairs in respect of sections 133 of Companies Act 2013. The financials for the year ended 31<sup>st</sup> March 2019 of the company are prepared in compliance with Ind AS.

#### **2 System of Accounting :**

2.1 The Company follows Mercantile System of Accounting and recognizes Income & Expenditure on an accrual basis.

2.2 Accounts of the Company are prepared under the Historical Cost convention method, except for certain financial instruments that are measured at fair value in accordance with Ind AS.

2.3 Fair Value measurements under Ind As are categorized as below, based on the degree to which inputs to the fair value measurements are observable and the significance of the inputs to their fair value measurement in its entirety.

- a) Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the company can access at measurement date.
- b) Level 2 inputs, other than quoted prices included in level 1, that are observable for the asset or liability, either directly or
- c) Level 3 inputs are unobservable inputs for the valuation of assets/liabilities.

#### **3 Going Concern**

Fundamental Accounting assumption of going concern is followed in preparation of the financial statement.

#### **4 Presentation of Financial Statements**

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Schedule III to the Companies Act, 2013 ("the Act"). The statement of cash flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Indian Accounting Standards and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

**All amounts in the Financial Statements are presented in Indian Rupees (INR).**

#### **5 Use of Estimates**

The preparation of Financial Statements in conformity with Indian Accounting Standards requires management to make judgments, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities and disclosure of contingent liabilities as at the date of financial statements and the results of operations during the reporting period. As such estimates are based on the management's best knowledge of the current events and actions; there are possibilities of such estimates resulting in outcome's requiring material adjustment to the carrying amounts of assets or liabilities in future periods.

#### **6 Prior Period Errors**

Prior Period Errors have been corrected retrospectively in the first set of financial statements approved for issue after the discovery of error by :-

- a) Restating the comparative amounts of the prior period presented, in which the error occurred;
- b) If the error occurred before the earliest prior period presented, the opening balance of assets, liability and equity is restated for the earliest prior period presented.

Accordingly, the company has rectified the prior period error occurred in case of treatment of fair valuation of deposits, wherein the difference between the fair value and carrying value of deposits were originally charged to Profit & Loss Account entirely, which has now been carried forward in the Balance sheet of the company as 'Advance Payable/Recoverable Other than in Cash'. Such Advance shall now be charged to profit/loss on a straight line basis over the period of lease.

The Effect of such rectification on the various components of the Financial Statements presented for the year ended 31<sup>st</sup> March 2018 are as follows:-

PARTICULARS	EFFECT OF RECTIFICATION	AMOUNT
<b><u>Changes to Assets</u></b>		
Effect on Non- Current Assets	Increase	6,20,854

## 7 Employee Benefits

### 7.1 Short Term Employee Benefits

Employee Benefits such as Salaries, Wages, short term compensated absences, and expected cost of bonus, ex-gratia, and performance linked rewards falling due, wholly within twelve months of rendering the service are classified as short term employee benefits and are expensed in the period in which the employee renders the related service.

### 7.2 Post-Employment Benefits

#### a) Defined Contribution Plans

The company's contributions to state governed provident fund scheme is the only defined contribution plan of the company. The contribution paid/payable under the scheme is recognized during the period in which the employee renders the related service.

#### b) Defined Benefit Plans

The company has an obligation towards gratuity, a defined retirement plan covering eligible employees. The plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount based on the respective employee's salary and the tenure of employment. The present value of obligation under defined benefit plans is determined based on actuarial valuation using the Projected Unit Credit Method.

The obligation is measured at the present value of the estimated future cash flows using a discount rate based on the market yield on government bonds, with a maturity period, equivalent to the weighted average maturity profile of the defined benefit obligations at the Reporting date.

Remeasurement, comprising actuarial gains and losses is recognised in other comprehensive income and is reflected in retained earnings and the same is not eligible to be reclassified to profit or loss.

Defined benefit employee costs comprising current service cost, past service cost and gains or losses on settlements are recognised in the Statement of Profit and Loss as employee benefits expense. Gains or losses on settlement of any defined benefit plan are recognised in profit or loss when such settlement occurs. Past service cost is recognised as expense at the earlier of the plan amendment or curtailment and when the company recognises related restructuring costs or termination benefits.

## 8 Financial Instruments

Financial assets and/or financial liabilities are recognised when the company becomes party to a contract embodying the related financial instruments. All financial assets, financial liabilities and financial guarantee contracts are initially measured at transaction values and where such values are different from the fair value, at fair value. Transaction costs that are attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from as the case may be, the fair value of such assets or liabilities, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

The financial assets and financial liabilities are offset and presented on net basis in the Balance Sheet when there is a current legal enforceable right to set-off the recognised amounts and it is intended to either settle on net basis or to realise the asset and settle the liability simultaneously.

### 8.1 Financial Assets

All recognised financial assets are subsequently measured in their entirety at amortised cost or at fair value depending on the classification of the financial assets as follows:

#### a) Recognition

Investments in debt instruments – at amortised cost, subject to following conditions:

- i. The asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- ii. The contractual terms of instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### b) De-recognition

A Financial Asset is primarily De-recognized when:-

- i. The right to receive cash flows from the asset has expired, or
- ii. The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a pass-through arrangement; and (a) the company has transferred substantially all the risks and rewards of the asset, or b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.
- iii. On derecognition of a financial asset in its entirety, the difference between the carrying amount measured at the date of derecognition and the consideration received is recognised in profit or loss.

#### c) Impairment of Financial Assets

The Company recognises impairment loss on trade receivables using expected credit loss model, where the provisions are based on a forward-looking ECL, which includes possible default events on the trade receivables over the entire holding period of the trade receivable. These provisions represent the difference between the trade receivable's carrying amount in the Standalone Balance Sheet and the estimated collectible amount.

### 8.2 Financial Liabilities

#### a) Initial Recognition

Financial liabilities, including derivatives and embedded derivatives, which are designated for measurement at Fair Value Through Profit & Loss (FVTPL) are subsequently measured at fair value. All other financial liabilities including loans and borrowings are measured at amortised cost using Effective Interest Rate (EIR) method. Financial liabilities, including derivatives and embedded derivatives, which are designated for measurement at Fair Value Through Profit & Loss (FVTPL) are subsequently measured at fair value. All other financial liabilities including loans and borrowings are measured at amortised cost using Effective Interest Rate (EIR) method.

A financial liability is derecognised when the related obligation expires or is discharged or cancelled.

#### b) Subsequent Measurement

Financial Liabilities are carried at amortized cost using the Effective Interest Rate (EIR) Method. For trade and other payables maturing within one year from the reporting date, the carrying amounts, approximate fair value due to the short maturity of these instruments.

## 9 Foreign Currencies

- a) The functional currency and presentation currency of the company is Indian Rupee (INR).
- b) Transactions in currencies other than the company's functional currency occurred during the year are translated into Rupees at the exchange rate prevailing on the date of respective payments or receipts. Such Practice is not consistent with the provisions of Ind AS 21, "The Effects of Changes in Foreign Exchange Rates". However for costing purposes, such practice is consistently followed over the years.
- c) At each Balance Sheet date, foreign currency monetary items are reported using the closing rate. Exchange differences that arise on settlement of monetary items or on reporting of monetary items at each Balance Sheet date at the closing spot rate are recognised in profit or loss in the period in which they arise

## 10 Recoverability of Trade Receivables

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

## 11 Revenue Recognition

Effective from 01<sup>st</sup> April, 2018, the company adopted Ind AS 115, 'Revenue from Contracts with Customers' using the cumulative catch up transition method applied to contracts that were not completed as at 01<sup>st</sup> April, 2018. In accordance with the cumulative catch-up transition method, the comparatives have not been retrospectively adjusted. The effect of the adoption of Ind AS 115 on the Company's Financial Statements were negligible. The adoption of Ind AS 115 required enhanced disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers. The details of such disclosure are available in Note No.27-'Revenue from Operations' of this Standalone Financial Statements.

## 12 Taxes On Income

The tax expense for the period comprises of current tax and deferred income tax. Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the Other Comprehensive Income or in equity. In which case, the tax is also recognised in Other Comprehensive Income or Equity.

### 12.1 Current Tax

Tax on income for the current period is determined on the basis of taxable income and tax credits computed in accordance with the provisions of the Income tax Act 1961.

### 12.2 Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the company's financial statements and the corresponding tax bases used in computation of taxable profit and quantified using the tax rates and laws enacted or substantively enacted as on the reporting date.

Deferred tax assets are generally recognised for all taxable temporary differences to the extent that it is probable that, taxable profits will be available against which those deductible temporary differences can be utilised. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the company expects, at the end of reporting period, to recover or settle the carrying amount of its assets and liabilities.

## 13 Operating Segments

Operating segments are those components of the business whose operating results are regularly reviewed by the chief operating decision making body in the company to make decisions for performance assessment and resource allocation.

Considering the nature and scope of business of the Group, the Chief Operating Decision Maker could not identify any operating Segment.

**However, a report on company's reliance on Major customers is as follows:-**

Sales Made to Major Customer	Total Sales Made During the Year	% of Sales Made to Major
Rs. 53,64,08,921	Rs. 93,13,85,242	57.59%

#### 14 Provisions, Contingent Liabilities and Contingent Assets.

Provisions are recognised only when:

- a) The Company has a present obligation (legal or Constructive) as a result of a past event;
- b) It is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and
- c) A reliable estimate can be made of the amount of the obligation.

Provision is measured using the cash flows estimated to settle the present obligation and when the effect of time value of money is material, the carrying amount of the provision is discounted to the present value of those cash flows. Reimbursement expected in respect of expenditure required to settle a provision is recognised only when it is virtually certain that the reimbursement will be received.

Contingent liability is disclosed in case of:

- a) A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation; and
- b) A present obligation arising from past events, when no reliable estimate is possible.

Contingent assets are disclosed where an inflow of economic benefits is probable.

Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date. Where the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under such contract, the present obligation under the contract is recognised and measured as a provision.

#### 15 Statement of Cash Flows

Statement of Cash Flows is prepared segregating the cash flows into operating, investing and financing activities. Cash flow from operating activities is reported using indirect method, adjusting the net profit for the effects of:

- a) Changes during the period in inventories and operating receivables and payables transactions of a non-cash nature;
- b) Non-cash items such as depreciation, provisions, and deferred taxes, and;
- c) All other items for which the cash effects are investing or financing cash flows.

Cash and cash equivalents (including bank balances) shown in the Statement of Cash Flows exclude items which are not available for general use as on the date of Balance Sheet.

#### 16 Earnings Per Share

Basic and Diluted earnings per share is calculated by dividing net profit or loss for the period attributable to equity shareholders and weighted average number of shares outstanding during the period.

There are no potential equity shares in the books, and therefore diluted earnings per share are same as basic earnings per share.

### **B Accounting Transactions**

- 1 None of the employees were in receipt of or are entitled to receive remuneration aggregating to not less than Rs.1,02,00,000/- for the year or not less than Rs.8,50,000/- per month, if employed for part of the year.
- 2 Outstanding balances as at 31<sup>st</sup> March, 2019 of Current & Non-Current Assets and Liabilities including Trade Receivables and Trade Payables are subject to confirmation.
- 3 In the opinion of the Board of Directors, the Company is dealing in different varieties of IT Hardware & its peripherals, Alkaline Water Ionizers, GPS Tracking Units and Consumer Electronic Goods etc. Day to day Quantitative Stock Records have been maintained properly.
- 4 All the Directors have drawn remuneration for the Accounting Year 2018-19 aggregating to Rs.99,00,000/-

### **C Recent Accounting Pronouncements**

#### a) Impact of Ind AS 116-"Leases"

Ind AS 116: On 30<sup>th</sup> March, 2019 the Ministry of Corporate Affairs has notified Ind AS 116, Leases. Ind AS 116 will replace the exiting lease standard, Ind AS 17, Leases. The standard sets out the principles for the recognition, measurement, presentation and disclosure of lessee and the lessor. Ind AS 116 introduces single lessee accounting model and requires lessee to recognize assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. Currently, operating lease expenses are charged to the statement of Profit & Loss. The standard also contains enhanced disclosure requirements for lessees. Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17.

Ind AS 116 'Leases' will be effective in the Company's financial statements for the accounting period commencing 01<sup>st</sup> April, 2019. The Company is proposing to use the 'Modified Retrospective Approach' for transitioning to Ind AS 116, and take the cumulative adjustment to retained earnings, on the date of Application (01<sup>st</sup> April 2019). Accordingly, Comparatives for the year ended 31<sup>st</sup> March, 2019 will not be retrospectively adjusted.

For pre-Ind AS 116 operating leases, the rental charge is replaced by depreciation of the right of use asset and interest on the lease liability. Ind AS 116 therefore results in an increase to operating profit, which is reported prior to interest being deducted. Depreciation is charged on a straight-line basis, however, interest is charged on outstanding lease liabilities and therefore reduces over the life of the lease. As a result, the impact on the income statement below operating profit is highly dependent on average lease maturity. For an immature portfolio, depreciation and interest are higher than the rental charge they replace and therefore Ind AS 116 is dilutive to EPS. For a mature portfolio, they are lower and therefore Ind AS 116 is accretive.

Under Ind AS 116, the lease liability is remeasured upon the occurrence of certain events, such as a change in lease term or a change in future lease payments resulting from a change in an index or rate (for example, inflation-linked payments or market rate rent reviews). A corresponding adjustment is made to the right of use asset.

The Company has elected to apply the practical expedient, not to reassess whether a contract is, or contains, a lease on transition. The company has elected to recognise payments for short-term leases and leases of low value assets on a straight-line basis as an expense in the income statement.

The company is still evaluating the impact of applying Ind AS 116. However, the company considers that Ind AS 116 will have a significant impact on reported assets, liabilities and the income statement of the company, as well as the classification of cash flows relating to lease contracts. The standard will impact a number of key measures such as operating profit and cash generated from operations, as well as a number of alternative performance measures used by the company.

**b) Appendix C to Ind AS 12 - Uncertainty over Income Tax Treatments**

On 30<sup>th</sup> March, 2019, the Ministry of Corporate Affairs has notified Appendix C to Ind AS 12, Uncertainty over Income Tax Treatments, which is to be applied while performing the determination of taxable profit (or loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12. According to the appendix, companies need to determine the probability of the relevant tax authority accepting each tax treatment, or group tax treatments, that the companies have used or plan to use in their income tax filing which has to be considered to compute the most likely amount or the expected value of tax treatment when determining taxable profit (or loss), tax bases, unused tax losses, unused tax credits and tax rates.

The effective date for adoption of Appendix C to Ind AS 12, is annual periods beginning on or after 01<sup>st</sup> April, 2019. The company will adopt the standard from 01<sup>st</sup> April, 2019 and has elected to adjust the cumulative effect in equity on the date of initial application i.e 01<sup>st</sup> April, 2019 without adjusting the comparatives

The effect of adoption of Appendix C to Ind AS 12, is estimated to be negligible in the Standalone Financial Statements of the Company

**c) Amendments to Ind AS 12 - Income Taxes**

On 30<sup>th</sup> March, 2019, the Ministry of Corporate Affairs issued amendments to the guidance on Ind AS 12, Income Taxes in connection with accounting for dividend distribution taxes.

The amendment clarifies that an entity shall recognise the income tax consequence of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events.

Effective date for application of this amendment is annual period beginning on or after 01<sup>st</sup> April, 2019. The standalone Financial Statements of the company is not expected to be affected by such amendment.

**d) Amendments to Ind AS 19 - Employee Benefits**

On 30<sup>th</sup> March, 2019, the Ministry of Corporate Affairs issued amendments to Ind AS 19, Employee Benefits, in connection with accounting for plan amendments, curtailments, and settlements.

The amendments require an entity to:

- use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and
- to recognise in profit or loss as part of past service cost, or gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of asset ceiling.

Effective date of this amendment is annual period beginning on or after 01<sup>st</sup> April, 2019. The company does not have any impact on account of this amendment.

**PROPERTY, PLANT & EQUIPMENTS**

**(a) Method Of Valuation Of Property, Plant & Equipment :-**

Property, Plant & Equipment (hereinafter referred to as PPE) is recognised when it is probable that future economic benefits associated with the item will flow to the company and the cost of such PPE can be measured reliably. PPE is stated at original cost net of tax/duty credits availed, if any, as reduced by accumulated depreciation and cumulative impairment.

Expenditure for additions, improvements and renewals are capitalized and expenditure for maintenance & repairs are charged to the profit & loss account.

**(c) Depreciation**

Depreciation on PPE is recognised using Straight Line Method so as to write off the cost of assets less their residual values over their useful life. In case of PPE purchased/sold during the year, Depreciation has been provided on pro-rata basis.

The Useful Life of PPE adopted by the management for calculating Depreciation to be charged on different classes of PPE's for the current year are as follows:-

CLASS OF ASSET	USEFUL LIFE ADOPTED (IN YEARS)	
	FOR ASSETS KEPT IN OLD FACTORY & OFFICE PREMISES	FOR ASSETS KEPT IN NEW LEASED FACTORY

Computers & Laptop	3	3

The estimated useful life and residual values are also reviewed at end of each financial year and the effect of any change in the estimates of useful life/residual value is accounted for, on prospective basis as per Ind AS-8.

**(d) Impairment Losses**

As at the end of each accounting year, the company reviews the carrying amounts of its Property, Plant & Equipment, to determine whether there is any indication that those assets have suffered an impairment loss. If such indication exists, the said assets are tested for impairment so as to determine the impairment loss, if any.

Impairment loss is recognised when the carrying amount of PPE exceeds its recoverable amount. Recoverable amount is determined in the case of :-

- (i) an individual asset, at the higher of the net selling price and the value in use; and
- (ii) a cash generating unit (a group of assets that generates identified, independent cash flows), at the higher of the cash generating unit's net selling price and the value in use.

If the recoverable amount of a PPE (or cash generating unit) is estimated to be less than its carrying amount, such deficit is recognised immediately in the Statement of Profit and Loss as impairment loss and the carrying amount of the PPE (or cash generating unit) is reduced to its recoverable amount.

**(c) Depreciation**

Depreciation on Investment Property is recognised using straight line method so as to write off the cost of asset less the residual value over its useful life specified in Schedule- II of the Companies Act,2013.

The Useful Life of Investment Property adopted by the management from Schedule II of Companies Act,2013; for calculating Depreciation to be charged on such Investment property for the current year is as follows:-

CLASS OF ASSET	USEFUL LIFE ADOPTED (IN YEARS)
Office Premises	60

The estimated useful life and residual values are also reviewed at end of each financial year and the effect of any change in the estimates of useful life/residual value is accounted for, on prospective basis as per Ind AS-8.

**(d) Impairment Losses**

As at the end of each accounting year, the company reviews the carrying amounts of its Investment Property, to determine whether there is any indication that those assets have suffered an impairment loss. If such indication exists, the said assets are tested for impairment so as to determine the impairment loss, if any.

Impairment loss is recognised when the carrying amount of an asset exceeds its recoverable amount. Recoverable amount is determined in the case of :-

- (i) an individual asset, at the higher of the net selling price and the value in use; and
- (ii) a cash generating unit (a group of assets that generates identified, independent cash flows), at the higher of the cash generating unit's net selling price and the value in use.

If the recoverable amount of a Investment Property (or cash generating unit) is estimated to be less than its carrying amount, such deficit is recognised immediately in the Statement of Profit and Loss as impairment loss and the carrying amount of the Investment Property (or cash generating unit) is reduced to its recoverable amount.

**OTHER INTANGIBLE ASSETS**

**(a) Method of Valuation of Intangible Assets**

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the assets will flow to the company and the cost of the asset can be measured reliably. Intangible assets are stated at original cost net of tax/duty credits availed, if any, as reduced by accumulated amortisation and cumulative impairment.

**(b) Value of Intangible Assets**

The value of Intangible Assets in the books of Panache Digilife Limited as at 31st March 2019 is as follows :-

**(c) Amortisation**

Amortisation charge on Intangible asset has been allocated on a systematic basis over the best estimate of useful life.

Based on Technical evaluation considering the business specific needs & the potency of assets to generate future cash flows, the useful life of different class of intangible assets have been determined by the management, which is as follows:-

CLASS OF ASSET	USEFUL LIFE ADOPTED (IN YEARS)
Software	3

The method of amortisation and useful life are reviewed at the end of each financial year with the effect of any changes in the estimate being accounted for prospectively.

**(d) Impairment Losses**

As at the end of each accounting year, the company reviews the carrying amounts of its Intangible Assets, to determine whether there is any indication that those assets have suffered an impairment loss. If such indication exists, the said assets are tested for impairment so as to determine the impairment loss, if any. Intangible assets with indefinite life (if any) will be tested for impairment each year.

If recoverable amount of an asset (or cash generating unit) is estimated to be less than its carrying amount, such deficit is recognised immediately in the Statement of Profit and Loss as impairment loss and the carrying amount of the asset (or cash generating unit) is reduced to its recoverable amount.

**OTHER FINANCIAL ASSETS (NON CURRENT)**

**(a) Measurement Basis**

Financial Assets in the nature of deposits have been measured at fair value by discounting the deposits over the tenure of lease. The rest, being in the nature of deposits given to parties for indeterminate period, have been measured at actual amounts given/paid, as the management considers that the Fair Value of such deposits does not materially defer from the actual amounts given/paid.

The Discount rates used to different deposits are as follows:-

DEPOSIT	PERIOD	SOURCE	RATE
Daman Factory Deposit	3	Government Bonds	7.75%
Mumbai Office Deposit	5	Government Bonds	7.75%
Bhiwandi office Deposit	*8	Government Bonds	7.75%
Electricity Deposit	8	Government Bonds	7.75%

\* The contract period for the deposit has been re-estimated from 5 Years to 8 Years, based on recent developments and management's intent to renew the agreement after its termination. The effect of such re-estimation has been accounted for, prospectively as per Ind AS 8 as the same has been considered as a change in estimate.

REVENUE FROM OPERATIONS**

**(a) Recognition of Revenue**

The company derives revenue primarily from sale of IT Hardware & its peripherals, Alkaline Water Ionizers and other Consumer Electronic Goods. It also derives revenue from sale or renting of GPS Tracking units.

Revenue is recognised upon transfer of control of promised products or services to the customers in an amount that reflects the consideration the company expects to be entitled to, in exchange for those products or services.

Revenue from fixed-price, fixed-time frame contracts, where the performance obligations are satisfied over time and where there is no uncertainty as to measurement or collectibility of consideration, is recognised as per the percentage of completion method. When there is uncertainty as to the measurement of ultimate collectibility, revenue recognition is postponed until such uncertainty is resolved. Maintenance revenue is recognised over the term of underlying maintenance agreement.

The Company accounts for volume discounts and pricing incentives to customers as a reduction of revenue based on allocation of discounts/incentives to each of the underlying performance obligations that corresponds to the progress by the customer towards earning the discount/incentive. The company presents revenue net of Indirect Taxes.

**NOTE NO. 39  
RISK MANAGEMENT**

The company's Board of Directors has overall responsibility for establishment and oversight of the Company's risk management framework.

The Company, through three layers of defence viz: policies & procedures, review mechanism, and assurance, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations. The audit committee oversees the formulation and implementation of Risk Management Policies. The risk and mitigation plan are identified, deliberated and reviewed at appropriate Forums.

**A. Market Risk Management**

Market Risk is the risk that changes in market prices-such as foreign exchange rates-will affect the company's income or the value of Financial Instruments. The objective of Market Risk Management is to manage and control market risk exposure within acceptable parameters, while optimizing the return.

**i. Foreign Exchange Risk**

In General, the company is a net payer of Foreign Currency. Accordingly, changes in exchange rates and in particular a strengthening of Indian rupee will positively affect the Company's net results as expressed in Indian Rupees. The currency towards which the company is exposed to risk is US Dollars & Great Britain Pound.

The Quantitative Summary about the company's exposure to currency risk as on different reporting date are as follows:-

PARTICULARS	AS AT 31ST MARCH 2019			
	USD	EQUIVALENT IN INR	GBP	EQUIVALENT IN INR
Reimbursement receivable Subsidiary	14,745.00	10,19,931	0.00	0

Trade Payables	5,26,724.81	3,43,10,854	0	0

#### Sensitivity Analysis

A reasonable possible strengthening/weakening of foreign currencies to which the company is exposed to, against all other currencies as at reporting date would have affected the measurement of financial exposure denominated in a foreign currency and would have affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables remain constant and ignores any impact on forecast sales and purchases.

SENSITIVITY TO MOVEMENT IN FOREIGN CURRENCY	% MOVEMENT IN RUPEE (ASSUMED)	PROFIT OR (LOSS) AFTER TAX	
		STRENGTHENING OF RUPEE	WEAKENING OF RUPEE
<b><u>As at 31st March 2019</u></b>			
US DOLLAR	1%	11,22,608	(11,22,608)
Great Britain Pound	1%	(4,367)	4,367
<b><u>As at 31st March 2018</u></b>			
US DOLLAR	1%	2,21,630	(2,21,630)

#### ii. Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The company is not exposed to any such kind of interest rate risk.

The Company's exposure to changes in interest rates relates primarily to the Company's Overdraft CC Account. The company's total outstanding debt in local currency presented in the Financial Statements is a combination of fixed rate and floating rate Debts. For the portion of local currency debt on fixed rate basis, there is no interest rate risk. Floating Rate Debts are linked to domestic interest rate benchmarks issued by Reserve Bank of India like MCLR (Marginal Cost of funds based Lending Rate).

The Exposure of Company's Borrowings to interest rate changes at the end of reporting period are as follows :-

PARTICULARS	AS AT 31ST MARCH 2019	AS AT 31ST MARCH 2018
Canara Bank Cash Credit	19,94,16,344	9,57,44,049
Term Loan	0	9,43,999
	19,94,16,344	9,66,88,048

### Sensitivity Analysis

A hypothetical 10 basis point shift in MCLR rates on the unhedged loans would result in corresponding increase/decrease in interest cost for the company on a yearly basis.

## B. Financial Risk Management

### i. Credit Risk

Credit Risk is the Risk of Financial Loss to the company if a customer or counter party to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers.

#### Trade Receivable and other financial assets

The company has established a credit policy under which each new customer is analysed individually for creditworthiness before the payment and delivery terms and conditions are offered. The company's review includes external ratings (if they are available), financial statements, industry information and business intelligence.

In monitoring customer credit risk, customers are grouped according to their credit characteristics, including whether they are an individual or a legal entity, their geographic location, industry, trade history with the Company and existence of previous financial difficulties.

#### Expected Credit loss for trade receivable:

The Company, based on internal assessment which is driven by the historical experience/current facts available in relation to defaults and delays in collection thereof, the company is making provision on trade receivables based on Expected Credit Loss(ECL) model. The reconciliation of ECL is as follows :-

PARTICULARS	AS AT	AS AT
	31ST MARCH 2019	31ST MARCH 2018
Opening Balance	0	0
<u>Changes in Loss Allowance</u>		
Loss Allowance for the year, based on ECL Model.	6,53,461	0
Write Off as Bad Debts	0	0
Closing Balance reproted under Note No.11	<u>6,53,461</u>	<u>0</u>

ii. **Liquidity Risk**

Liquidity Risk is the risk that the company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by cash or another financial asset. The Company manages liquidity risk by maintaining sufficient cash and bank balances and by having access to funding through an adequate amount of committed credit lines. Management regularly monitors the position of cash and cash equivalents vis-à-vis projections. Assessment of maturity profiles of financial assets and financial liabilities including debt financing plans and maintenance of Balance Sheet liquidity ratios are considered while reviewing the liquidity position.

The Company's Finance Department is responsible for managing the short term and long term liquidity requirements. Short term liquidity finance is reviewed daily by finance department. Long Term Liquidity position is reviewed on a regular basis by the board of directors and appropriate decisions are taken according to the situation.

**Maturity Analysis**

The remaining contractual maturities on non-derivative Financial Liabilities are as follows:-

**As at 31st March 2019**

NON-DERIVATIVE FINANCIAL LIABILITIES	CONTRACTUAL CASH FLOWS		TOTAL
	PAYABLE WITHIN ONE YEAR	PAYABLE AFTER ONE YEAR

# Consolidated Financial Statement

## INDEPENDENT AUDITOR REPORT

To,  
The Shareholders of  
**M/s. Panache Digilife Limited**  
(Formerly Known as Vardhaman Technology Limited)  
(Earlier Vardhaman Technology Private Limited)

### Opinion

We have audited the accompanying consolidated financial statements of **M/s Panache Digilife Limited, (Formerly Known as Vardhaman Technology Limited) (Earlier Known as Vardhaman Technology Private Limited)** (the "Parent"), and its Subsidiary ("the Parent" and its Subsidiary and Associates collectively referred to as "the Group") and its share of the net profit/(loss) after tax and total comprehensive income / loss of its Associate (Joint Venture) for the year ended 31st March, 2019 ("statement"), being submitted by the Parent which comprise the Balance Sheet as at March 31, 2019, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (Hereinafter referred to as the "Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019 and its profit/loss, total comprehensive income/loss, its cash flows and the changes in equity for the year ended on that date.

### Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's responsibilities for the Audit of the Consolidated Financial Statements

section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Companies Act, 2013 and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

### Information Other than the Consolidated Financial Statements and Auditor's Report

The respective Board of Directors of the Company are responsible for the preparation of other information. The other information comprise the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditor's report.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, compare with the other information of the joint operations, subsidiaries, joint ventures and associates audited by other auditors to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the joint operations, subsidiaries, joint ventures and associates, is traced from their financial statements audited by the branch auditors and other auditors and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or

our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is material misstatement of this other information we are required to report that fact. We have nothing to report in this regard.

### **Management's Responsibility for the Consolidated Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 (the "Act") with respect to the preparation of these consolidated financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, cash flows and changes in equity of the Company including its joint operation companies in accordance with the Ind AS and accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the respective Companies and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibility for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement

resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls systems in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the Company and its joint operations to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the consolidated financial statements of such entities included in the consolidated financial statements.

### **Materiality**

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced.

We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

### **Emphasis of Matter - Our opinion is not qualified in respect of this matter**

- 1.1. The consolidated financial statements includes the audited financial statements/ financial information of Wemart Global FZE, subsidiary, whose financial statements/ financial information reflect total assets of Rs.618.76 Lakhs as at 31st March, 2019, total revenue of Rs. NIL, total profit/(net loss) after tax of Rs.(41.04) Lakhs , total comprehensive income/ (loss) of Rs. (41.04) Lakhs and cash flows (net) of Rs. (25.77) Lakhs for the year ended on that date, as considered in the consolidated financial results, whose financial statements are not audited by us. This financial statement have been audited by other auditors, whose report have been furnished to us by the management and our opinion on the consolidated financial results, in so far as it relates to the amounts and disclosures included in respect of this subsidiary is based solely on the reports of other auditors and procedures performed by us as stated in paragraph above.
- 1.2. The consolidated financial results also includes the Associate (Joint Venture) share of net profit/(loss) after tax of Rs.1.3 Lakhs and total comprehensive income of Rs. 1.3 Lakhs for the year ended 31st March, 2019, as considered in the consolidated financial results, in respect of ICT Infratech Services Pvt Ltd, Associate(Joint Venture), whose financial statements / financial information have not been audited by us. Our opinion on the Statement is not modified in respect of the above matter.

**Report on Other Legal and Regulatory Requirements**

As required by Section 143(3) of the Act, we report that based on our audit and on the consideration of the report of other auditor on separate financial statement of the Foreign subsidiary, referred in the other matters paragraph above, we report to the extent applicable that :

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid Consolidated Financial Statements;
- b. In our opinion, proper books of accounts as required by law relating to the preparation and presentation of the aforesaid Consolidated Financial Statements have been kept so far as it appears from our examination of relevant books & records, returns and the report of the other auditor.
- c. The Consolidated Balance Sheet and the Consolidated Statement of Profit & Loss(including Other Comprehensive Income), Statement of Changes in equity & Cash Flow Statement dealt with by this Report are in agreement with the books of account;
- d. In our opinion, the aforesaid Consolidated Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
- e. On the basis of written representations received from the directors of the Holding Company as on 31<sup>st</sup> March 2019 taken on record by the Board of Directors of the Holding Company and based on the report of the Statutory auditor of its subsidiary, none of the directors is disqualified as on 31<sup>st</sup> March 2019, from being appointed as a director in terms of Section 164(2) of the Companies Act, 2013; and
- f. Our Opinion on the adequacy of the Internal Financial Controls of the company over the financial reporting and the operating effectiveness of such controls has been given by us in a separate report in '**Annexure-A**', which is based on auditor's reports of the Holding company and its Foreign subsidiary.
- g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to explanations given to us:
  - (i) The Company has disclosed that there are no pending litigations in respect of the Holding Company and its Foreign Subsidiary which would impact its consolidated financial position.
  - (ii) The Holding Company and its Foreign Subsidiary did not have any long term contracts for which there were any material foreseeable losses;
  - (iii) The Holding Company is not required to transfer any amount to the Investor Education and Protection Fund by the Company.

**ANNEXURE - A TO THE AUDITOR'S REPORT FOR THE Y. E. 31<sup>ST</sup> MARCH, 2019  
(Referred to in Paragraph (f) of our Report of even date)**

**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of Panache Digilife Limited ("hereinafter referred to as the Parent Company") (Formerly known as Vardhaman Technology Private Limited) as of 31<sup>st</sup> March 2019 in conjunction with our audit of the Consolidated Ind AS financial statements of the Company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The management of the Parent Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Parent Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Parent company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated Ind AS financial statements in accordance with generally accepted

- accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the Parent company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Parent company's assets that could have a material effect on the consolidated Ind AS financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the Parent Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31<sup>st</sup> March 2019, based on the internal control over financial reporting criteria established by the Parent Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

### **Other Matter Paragraph**

Our report on the Operating Effectiveness of Internal Financial Control's of the Group is limited only to the extent of Parent Company's controls, as the subsidiaries included in the group are Foreign Subsidiary for whom, such requirements are not applicable as per the relevant statutes of those countries.

## Notes to Financial Statements

NOTE NO. 1

GENERAL NOTES TO ACCOUNTS ON CONSOLIDATED FINANCIAL STATEMENTS

### **A Significant Accounting Policies, practices annexed to & forming part of accounts for the year ending on 31<sup>st</sup> March 2019**

#### 1 Basis of Preparation

The Group's Financial Statements have been prepared in accordance with the provisions of the Companies Act, 2013 and the Indian Accounting Standards ("Ind AS"), as notified under the Companies (Indian Accounting Standards) (Amendment) Rules 2016 issued by Ministry of Corporate Affairs in respect of sections 133 of Companies Act 2013.

#### 2 System of Accounting :

2.1 The Group follows Mercantile System of Accounting and recognizes Income & Expenditure on an accrual basis.

2.2 Accounts of the Group are prepared under the Historical Cost convention method, except for certain financial instruments that are measured at fair value in accordance with Ind AS.

2.3 Fair Value measurements under Ind AS are categorized as below, based on the degree to which inputs to the fair value measurements are observable and the significance of the inputs to their fair value measurement in its entirety.

- a) Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at measurement date.
- b) Level 2 inputs, other than quoted prices included in level 1, that are observable for the asset or liability, either directly or indirectly; and
- c) Level 3 inputs are unobservable inputs for the valuation of assets/liabilities.

#### 3 Going Concern

Fundamental Accounting assumption of going concern is followed in preparation of the financial statement.

#### 4 Presentation of Financial Statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Schedule III to the Companies Act, 2013 ("the Act"). The statement of cash flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Indian Accounting Standards and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

**All amounts in the Financial Statements are presented in Indian Rupees (INR).**

#### 5 Use of Estimates

The preparation of Financial Statements in conformity with Indian Accounting Standards requires management to make judgments, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities and disclosure of contingent liabilities as at the date of financial statements and the results of operations during the reporting period. As such estimates are based on the management's best knowledge of the current events and actions; there are possibilities of such estimates resulting in outcome's requiring material adjustment to the carrying amounts of assets or liabilities in future periods.

#### 6 Basis of Consolidation

The consolidated financial statements incorporate the financial statements of the Parent Company, its subsidiaries, associates and joint ventures. The Parent Company together with its subsidiaries, associates and joint ventures constitute a Group.

##### 6.1 Consolidation Process for Subsidiaries

An entity which is, directly or indirectly, controlled by the Parent Group is treated as subsidiary. Control exists when the Parent Group, directly or indirectly, has power over the investee, is exposed to variable returns from its involvement with the investee and has the ability to use its power to affect its returns.

Consolidation of a subsidiary begins when the Parent Group, directly or indirectly, obtains control over the subsidiary and ceases when the Parent Group, directly or indirectly, loses control of the subsidiary. Income and expenses of a subsidiary acquired or disposed off during the year are included in the consolidated Statement of Profit and Loss from the date the Parent Group, directly or indirectly, gains control until the date when the Parent Group, directly or indirectly, ceases to control the subsidiary.

The consolidated financial statements of the Group combines financial statements of the Parent Company and its subsidiaries line-by-line by adding together the like items of assets, liabilities, income and expenses. All intra-group assets, liabilities, income, expenses and unrealised profits/losses on intra-group transactions are eliminated on consolidation. The accounting policies of subsidiaries have been harmonised to ensure the consistency with the policies adopted by the Parent Company. The consolidated financial statements have been presented to the extent possible, in the same manner as Parent Company's standalone financial statements.

## 6.2 Consolidation Process for Joint Ventures & Associates

A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the arrangement. Joint ventures are accounted for using the equity method.

Associates are companies over which the Parent Company exerts significant influence, generally through an ownership interest between 20% and 50%. Investments in associates are accounted for using the equity method and recognized at cost on the acquisition date. The carrying amount is subsequently increased or decreased to recognize Parent Company's share of profit or loss and other comprehensive income of the associate. Intra-group profits on transactions with associates accounted for using the equity method are eliminated against the investment to the extent of Parent Company's equity interest in the associates. Intra-group losses are eliminated in the same way as intra-group profits unless there is evidence of impairment.

## 7 Prior Period Errors

Prior Period Errors have been corrected retrospectively in the first set of financial statements approved for issue after the discovery of error by :-

- Restating the comparative amounts of the prior period presented, in which the error occurred;
- If the error occurred before the earliest prior period presented, the opening balance of assets, liability and equity is restated for the earliest prior period presented.

Accordingly, the Group has rectified the prior period error occurred in case of treatment of fair valuation of deposits, wherein the difference between the fair value and carrying value of deposits were originally charged to Profit & Loss Account entirely, which has now been carried forward in the Balance sheet of the Group as 'Advance Payable/Recoverable Other than in Cash'. Such Advance shall now be charged to profit/loss on a straight line basis over the period of lease.

The Effect of such rectification on the various components of the Financial Statements presented for the year ended 31<sup>st</sup> March 2018 are as follows:-

PARTICULARS	EFFECT OF RECTIFICATION	AMOUNT
<b><u>Changes to Assets</u></b>		
Effect on Non- Current Assets	Increase	6,20,854
Effect on Current Assets	Increase	2,28,758
	Total Effect on Asset	<u>8,49,612</u>
<b><u>Changes to Equities &amp; Liabilities</u></b>		
Effect on Profit/Loss Account	Increase	5,49,165
Effect on Opening Reserves	Increase	56,275
Effect on Non-Current Liabilities	Increase	1,56,707
Effect on Current Liabilities	Increase	87,465
	Total Effect on Equities & Liabilities	<u>8,49,612</u>

## 8 Employee Benefits

### 8.1 Short Term Employee Benefits

Employee Benefits such as Salaries, Wages, short term compensated absences, and expected cost of bonus, ex-gratia, and performance linked rewards falling due, wholly within twelve months of rendering the service are classified as short term employee benefits and are expensed in the period in which the employee renders the related service.

## 8.2 Post-Employment Benefits

### a) Defined Contribution Plans

The Group's contributions to state governed provident fund scheme is the only defined contribution plan of the Group. The contribution paid/payable under the scheme is recognized during the period in which the employee renders the related service.

### b) Defined Benefit Plans

The Group has an obligation towards gratuity, a defined retirement plan covering eligible employees. The plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount based on the respective employee's salary and the tenure of employment. The present value of obligation under defined benefit plans is determined based on actuarial valuation using the Projected Unit Credit Method.

The obligation is measured at the present value of the estimated future cash flows using a discount rate based on the market yield on government bonds, with a maturity period, equivalent to the weighted average maturity profile of the defined benefit obligations at the Reporting date.

Remeasurement, comprising actuarial gains and losses is recognised in other comprehensive income and is reflected in retained earnings and the same is not eligible to be reclassified to profit or loss.

Defined benefit employee costs comprising current service cost, past service cost and gains or losses on settlements are recognised in the Statement of Profit and Loss as employee benefits expense. Gains or losses on settlement of any defined benefit plan are recognised in profit or loss when such settlement occurs. Past service cost is recognised as expense at the earlier of the plan amendment or curtailment and when the Group recognises related restructuring costs or termination benefits.

## 9 Financial Instruments

Financial assets and/or financial liabilities are recognised when the Group becomes party to a contract embodying the related financial instruments. All financial assets, financial liabilities and financial guarantee contracts are initially measured at transaction values and where such values are different from the fair value, at fair value. Transaction costs that are attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from as the case may be, the fair value of such assets or liabilities, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

The financial assets and financial liabilities are offset and presented on net basis in the Balance Sheet when there is a current legal enforceable right to set-off the recognised amounts and it is intended to either settle on net basis or to realise the asset and settle the liability simultaneously.

### 9.1 Financial Assets

All recognised financial assets are subsequently measured in their entirety at amortised cost or at fair value depending on the classification of the financial assets as follows:

#### a) Recognition

Investments in debt instruments – at amortised cost, subject to following conditions:

- i. The asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- ii. The contractual terms of instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### b) De-recognition

A Financial Asset is primarily De-recognized when:-

- i. The right to receive cash flows from the asset has expired, or
- ii. The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a pass-through arrangement; and (a) the Group has transferred substantially all the risks and rewards of the asset, or b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.
- iii. On derecognition of a financial asset in its entirety, the difference between the carrying amount measured at the date of derecognition and the consideration received is recognised in profit or loss.

#### c) Impairment of Financial Assets

The Group recognises impairment loss on trade receivables using expected credit loss model, where the provisions are based on a forward-looking ECL, which includes possible default events on the trade receivables over the entire holding period of the trade receivable. These provisions represent the difference between the trade receivable's carrying amount in the consolidated balance sheet and the estimated collectible amount.

## 9.2 Financial Liabilities

### a) Initial Recognition

Financial liabilities, including derivatives and embedded derivatives, which are designated for measurement at Fair Value Through Profit & Loss (FVTPL) are subsequently measured at fair value. All other financial liabilities including loans and borrowings are measured at amortised cost using Effective Interest Rate (EIR) method. Financial liabilities, including derivatives and embedded derivatives, which are designated for measurement at Fair Value Through Profit & Loss (FVTPL) are subsequently measured at fair value. All other financial liabilities including loans and borrowings are measured at amortised cost using Effective Interest Rate (EIR) method.

A financial liability is derecognised when the related obligation expires or is discharged or cancelled.

### b) Subsequent Measurement

Financial Liabilities are carried at amortized cost using the Effective Interest Rate (EIR) Method. For trade and other payables maturing within one year from the reporting date, the carrying amounts, approximate fair value due to the short maturity of these instruments.

## 10 Foreign Currencies

- a) The functional currency and presentation currency of the Group is Indian Rupee (INR).
- b) Transactions in currencies other than the Group's functional currency occurred during the year are translated into Rupees at the exchange rate prevailing on the date of respective payments or receipts. Such Practice is not consistent with the provisions of Ind AS 21, "The Effects of Changes in Foreign Exchange Rates". However for costing purposes, such practice is consistently followed over the years.
- c) At each Balance Sheet date, foreign currency monetary items are reported using the closing rate. Exchange differences that arise on settlement of monetary items or on reporting of monetary items at each Balance Sheet date at the closing spot rate are recognised in profit or loss in the period in which they arise
- d) Financial statements of foreign operations whose functional currency is different than Indian Rupee are translated into Indian Rupee as follows:
  - i) Assets and liabilities for each Balance Sheet presented are translated at the closing rate at the date of that Balance Sheet;
  - ii) Income and expenses for each income statement are translated at average exchange rates; and
  - iii) All resulting exchange differences are recognised in other comprehensive income and accumulated in equity for subsequent reclassification to profit or loss on disposal of such foreign operations.

## 11 Recoverability of Trade Receivables

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

## 12 Revenue Recognition

Effective from 01<sup>st</sup> April, 2018, the Group adopted Ind AS 115, 'Revenue from Contracts with Customers' using the cumulative catch up transition method applied to contracts that were not completed as at 01<sup>st</sup> April, 2018. In accordance with the cumulative catch-up transition method, the comparatives have not been retrospectively adjusted. The effect of the adoption of Ind AS 115 on the Group's Financial Statements were negligible. The adoption of Ind AS 115 required enhanced disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers. The details of such disclosure are available in Note No.27-'Revenue from Operations' of this Consolidated Financial Statements.

## 13 Taxes On Income

The tax expense for the period comprises of current tax and deferred income tax. Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the Other Comprehensive Income or in equity. In which case, the tax is also recognised in Other Comprehensive Income or Equity.

### 13.1 Current Tax

Tax on income for the current period is determined on the basis of taxable income and tax credits computed in accordance with the provisions of the Income tax Act 1961.

### 13.2 Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Group's financial statements and the corresponding tax bases used in computation of taxable profit and quantified using the tax rates and laws enacted or substantively enacted as on the reporting date.

Deferred tax assets are generally recognised for all taxable temporary differences to the extent that is probable that, taxable profits will be available against which those deductible temporary differences can be utilised. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of reporting period, to recover or settle the carrying amount of its assets and liabilities.

### 14 Operating Segments

Operating segments are those components of the business whose operating results are regularly reviewed by the chief operating decision making body in the Group to make decisions for performance assessment and resource allocation.

Considering the nature and scope of business of the Group, the Chief Operating Decision Maker could not identify any operating Segment.

**However, a report on Group's reliance on Major customers is as follows:-**

Sales Made to Major Customer	Total Sales Made During the Year	% of Sales Made to Major Customers
Rs. 53,64,08,921	Rs. 93,13,85,242	57.59%

### 15 Provisions, Contingent Liabilities and Contingent Assets.

Provisions are recognised only when:

- The Group has a present obligation (legal or Constructive) as a result of a past event;
- It is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and
- A reliable estimate can be made of the amount of the obligation.

Provision is measured using the cash flows estimated to settle the present obligation and when the effect of time value of money is material, the carrying amount of the provision is discounted to the present value of those cash flows. Reimbursement expected in respect of expenditure required to settle a provision is recognised only when it is virtually certain that the reimbursement will be received.

Contingent liability is disclosed in case of:

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation; and
- A present obligation arising from past events, when no reliable estimate is possible.

Contingent assets are disclosed where an inflow of economic benefits is probable.

Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date. Where the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under such contract, the present obligation under the contract is recognised and measured as a provision.

### 16 Statement of Cash Flows

Statement of Cash Flows is prepared segregating the cash flows into operating, investing and financing activities. Cash flow from operating activities is reported using indirect method, adjusting the net profit for the effects of:

- Changes during the period in inventories and operating receivables and payables transactions of a non-cash nature;
- Non-cash items such as depreciation, provisions, and deferred taxes, and;
- All other items for which the cash effects are investing or financing cash flows.

Cash and cash equivalents (including bank balances) shown in the Statement of Cash Flows exclude items which are not available for general use as on the date of Balance Sheet.

#### 17 Earnings Per Share

Basic and Diluted earnings per share is calculated by dividing net profit or loss for the period attributable to equity shareholders and weighted average number of shares outstanding during the period.

There are no potential equity shares in the books, and therefore diluted earnings per share are same as basic earnings per

### **B Accounting Transactions**

- 1 None of the employees were in receipt of or are entitled to receive remuneration aggregating to not less than Rs.1,02,00,000/- for the year or not less than Rs.8,50,000/- per month, if employed for part of the year.

- 5 All the Directors have drawn remuneration for the Accounting Year 2018-19 aggregating to Rs.99,00,000/-

### **C Recent Accounting Pronouncements**

#### a) Impact of Ind AS 116-"Leases"

Ind AS 116: On 30<sup>th</sup> March, 2019 the Ministry of Corporate Affairs has notified Ind AS 116, Leases. Ind AS 116 will replace the exiting lease standard, Ind AS 17, Leases. The standard sets out the principles for the recognition, measurement, presentation and disclosure of lessee and the lessor. Ind AS 116 introduces single lessee accounting model and requires lessee to recognize assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. Currently, operating lease expenses are charged to the statement of Profit & Loss. The standard also contains enhanced disclosure requirements for lessees. Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17.

Ind AS 116 'Leases' will be effective in the Group's financial statements for the accounting period commencing 01<sup>st</sup> April, 2019. The Group is proposing to use the 'Modified Retrospective Approach' for transitioning to Ind AS 116, and take the cumulative adjustment to retained earnings, on the date of Application (01<sup>st</sup> April 2019). Accordingly, Comparatives for the year ended 31<sup>st</sup> March, 2019 will not be retrospectively adjusted.

For pre-Ind AS 116 operating leases, the rental charge is replaced by depreciation of the right of use asset and interest on the lease liability. Ind AS 116 therefore results in an increase to operating profit, which is reported prior to interest being deducted. Depreciation is charged on a straight-line basis, however, interest is charged on outstanding lease liabilities and therefore reduces over the life of the lease. As a result, the impact on the income statement below operating profit is highly dependent on average lease maturity. For an immature portfolio, depreciation and interest are higher than the rental charge they replace and therefore Ind AS 116 is dilutive to EPS. For a mature portfolio, they are lower and therefore Ind AS 116 is accretive.

Under Ind AS 116, the lease liability is remeasured upon the occurrence of certain events, such as a change in lease term or a change in future lease payments resulting from a change in an index or rate (for example, inflation-linked payments or market rate rent reviews). A corresponding adjustment is made to the right of use asset.

The Group has elected to apply the practical expedient, not to reassess whether a contract is, or contains, a lease on transition. The Group has elected to recognise payments for short-term leases and leases of low value assets on a straight-line basis as an expense in the income statement.

The Group is still evaluating the impact of applying Ind AS 116. However, the Group considers that Ind AS 116 will have a significant impact on reported assets, liabilities and the income statement of the Group, as well as the classification of cash flows relating to lease contracts. The standard will impact a number of key measures such as operating profit and cash generated from operations, as well as a number of alternative performance measures used by the Group.

b) Appendix C to Ind AS 12 - Uncertainty over Income Tax Treatments

On 30<sup>th</sup> March, 2019, the Ministry of Corporate Affairs has notified Appendix C to Ind AS 12, Uncertainty over Income Tax Treatments, which is to be applied while performing the determination of taxable profit (or loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12. According to the appendix, companies need to determine the probability of the relevant tax authority accepting each tax treatment, or group tax treatments, that the companies have used or plan to use in their income tax filing which has to be considered to compute the most likely amount or the expected value of tax treatment when determining taxable profit (or loss), tax bases, unused tax losses, unused tax credits and tax rates.

The effective date for adoption of Appendix C to Ind AS 12, is annual periods beginning on or after 01<sup>st</sup> April, 2019. The Group will adopt the standard from 01<sup>st</sup> April, 2019 and has elected to adjust the cumulative effect in equity on the date of initial application i.e 01<sup>st</sup> April, 2019 without adjusting the comparatives.

The effect of adoption of Appendix C to Ind AS 12, is estimated to be negligible in the Consolidated Financial Statements of the Group.

c) Amendments to Ind AS 12 - Income Taxes

On 30<sup>th</sup> March, 2019, the Ministry of Corporate Affairs issued amendments to the guidance on Ind AS 12, Income Taxes in connection with accounting for dividend distribution taxes.

The amendment clarifies that an entity shall recognise the income tax consequence of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events.

Effective date for application of this amendment is annual period beginning on or after 01<sup>st</sup> April, 2019. The Consolidated Financial Statements of the Group is not expected to be affected by such amendment.

d) Amendments to Ind AS 19 - Employee Benefits

On 30<sup>th</sup> March, 2019, the Ministry of Corporate Affairs issued amendments to Ind AS 19, Employee Benefits, in connection with accounting for plan amendments, curtailments, and settlements.

The amendments require an entity to:

- use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and
- to recognise in profit or loss as part of past service cost, or gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of asset ceiling.

Effective date of this amendment is annual period beginning on or after 01<sup>st</sup> April, 2019. The Group does not have any impact on account of this amendment.

**(c) Depreciation**

Depreciation on PPE is recognised using Straight Line Method so as to write off the cost of assets less their residual values over their useful life.In case of PPE purchased/sold during the year, Depreciation has been provided on pro-rata basis.

The Useful Life of PPE adopted by the management for calculating Depreciation to be charged on different classes of PPE's for the current year are as follows:-

CLASS OF ASSET	USEFUL LIFE ADOPTED (IN YEARS)	
	FOR ASSETS KEPT IN OLD FACTORY & OFFICE PREMISES	FOR ASSETS KEPT IN NEW LEASED FACTORY

The estimated useful life and residual values are also reviewed at end of each financial year and the effect of any change in the estimates of useful life/residual value is accounted for, on prospective basis as per Ind AS-8.

**(d) Impairment Losses**

As at the end of each accounting year, the Group reviews the carrying amounts of its Property, Plant & Equipment, to determine whether there is any indication that those assets have suffered an impairment loss. If such indication exists, the said assets are tested for impairment so as to determine the impairment loss, if any.

Impairment loss is recognised when the carrying amount of PPE exceeds its recoverable amount. Recoverable amount is determined in the case of :-

- (i) an individual asset, at the higher of the net selling price and the value in use; and
- (ii) a cash generating unit (a group of assets that generates identified, independent cash flows), at the higher of the cash generating unit's net selling price and the value in use.

If the recoverable amount of a PPE (or cash generating unit) is estimated to be less than its carrying amount, such deficit is recognised immediately in the Statement of Profit and Loss as impairment loss and the carrying amount of the PPE (or cash generating unit) is reduced to its recoverable amount.

**(c) Depreciation**

Depreciation on Investment Property is recognised using straight line method so as to write off the cost of assets less their residual values over their useful lives specified in Schedule- II of the Companies Act,2013.

The Useful Life of Investment Property adopted by the management from Schedule II of Companies Act,2013; for calculating Depreciation to be charged on such Investment property for the current year is as follows:-

CLASS OF ASSET	USEFUL LIFE ADOPTED (IN YEARS)
Office Premises	60

The estimated useful life and residual values are also reviewed at end of each financial year and the effect of any change in the estimates of useful life/residual value is accounted for, on prospective basis as per Ind AS-8.

**(d) Impairment Losses**

As at the end of each accounting year, the Group reviews the carrying amounts of its Investment Property, to determine whether there is any indication that those assets have suffered an impairment loss. If such indication exists, the said assets are tested for impairment so as to determine the impairment loss, if any.

Impairment loss is recognised when the carrying amount of an asset exceeds its recoverable amount. Recoverable amount is determined in the case of :-

- an individual asset, at the higher of the net selling price and the value in use; and
- a cash generating unit (a group of assets that generates identified, independent cash flows), at the higher of the cash generating unit's net selling price and the value in use.

If the recoverable amount of a Investment Property (or cash generating unit) is estimated to be less than its carrying amount, such deficit is recognised immediately in the Statement of Profit and Loss as impairment loss and the carrying amount of the Investment Property (or cash generating unit) is reduced to its recoverable amount.

**(c) Amortisation**

Amortisation charge on Intangible asset has been allocated on a systematic basis over the best estimate of useful life.

Based on Technical evaluation considering the business specific needs & the potency of assets to generate future cash flows, the useful life of different class of intangible assets have been determined by the management, which is as follows:-

CLASS OF ASSET	USEFUL LIFE ADOPTED (IN YEARS)
Software	3

The method of amortisation and useful life are reviewed at the end of each financial year with the effect of any changes in the estimate being accounted for prospectively.

**(d) Impairment Losses**

As at the end of each accounting year, the Group reviews the carrying amounts of its Intangible Assets, to determine whether there is any indication that those assets have suffered an impairment loss. If such indication exists, the said assets are tested for impairment so as to determine the impairment loss, if any. Intangible assets with indefinite life (if any) will be tested for impairment each year.

If recoverable amount of an asset (or cash generating unit) is estimated to be less than its carrying amount, such deficit is recognised immediately in the Statement of Profit and Loss as impairment loss and the carrying amount of the asset (or cash generating unit) is reduced to its recoverable amount.

**OTHER FINANCIAL ASSETS (NON CURRENT)**

**(a) Measurement Basis**

Financial Assets in the nature of deposits have been measured at fair value by discounting the deposits over the tenure of lease. The rest, being in the nature of deposits given to parties for indeterminate period, have been measured at actual amounts given/paid, as the management considers that the Fair Value of such deposits does not materially defer from the actual amounts given/paid.

The Discount rates used to different deposits are as follows:-

DEPOSIT	PERIOD	SOURCE	RATE
Daman Factory Deposit	3	Government Bonds	7.75%
Mumbai Office Deposit	5	Government Bonds	7.75%
Bhiwandi office Deposit	*8	Government Bonds	7.75%
Electricity Deposit	8	Government Bonds	7.75%

\* The contract period for the deposit has been re-estimated from 5 Years to 8 Years, based on recent developments and Group's intent to renew the agreement after its termination. The effect of such re-estimation has been accounted for, prospectively as per Ind AS 8 as the same has been considered as a change in accounting estimate.

**(b) Value of Other Financial Assets**

REVENUE FROM OPERATIONS**

**(a) Recognition of Revenue**

The Group derives revenue primarily from sale of IT Hardware & its peripherals, Alkaline Water Ionizers and other Consumer Electronic Goods. It also derives revenue from sale or renting of GPS Tracking units.

Revenue is recognised upon transfer of control of promised products or services to the customers in an amount that reflects the consideration, the Group expects to be entitled to, in exchange for those products or services.

Revenue from fixed-price, fixed-time frame contracts, where the performance obligations are satisfied over time and where there is no uncertainty as to measurement or collectibility of consideration, is recognised as per the percentage of completion method. When there is uncertainty as to the measurement of ultimate collectibility, revenue recognition is postponed until such uncertainty is resolved. Maintenance revenue is recognized over the term of underlying maintenance agreement.

The Group accounts for volume discounts and pricing incentives to customers as a reduction of revenue based on allocation of discounts/ incentives to each of the underlying performance obligations that corresponds to the progress by the customer towards earning the discount/ incentive. The Group presents revenue net of Indirect Taxes.

**NOTE NO. 41**  
**RISK MANAGEMENT**

The Group has overall responsibility for establishment and oversight of the Group's risk management framework.

The Group, through three layers of defence viz: policies & procedures, review mechanism, and assurance, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations. The audit committee oversees the formulation and implementation of Risk Management Policies. The risk and mitigation plan are identified, deliberated and reviewed at appropriate Forums.

**A. Market Risk Management**

Market Risk is the risk that changes in market prices-such as foreign exchange rates-will affect the Group's income or the value of Financial Instruments. The objective of Market Risk Management is to manage and control market risk exposure within acceptable parameters, while optimizing the return.

**i. Foreign Exchange Risk**

In General, the Group is a net payer of Foreign Currency. Accordingly, changes in exchange rates and in particular a strengthening of Indian rupee will positively affect the Group's net results as expressed in Indian Rupees. The currency towards which the Group is exposed to risk is US Dollars & Great Britain Pound.

The Quantitative Summary about the Group's exposure to currency risk as on different reporting date are as follows:-

PARTICULARS	AS AT 31ST MARCH 2019			
	USD	EQUIVALENT IN INR	GBP	EQUIVALENT IN INR
Dollars in Hand	3,923.00	2,71,359	0	0
Trade Receivables	12,188.00	8,53,600	6,675	6,05,083
Trade Payables	22,79,317.67	15,76,63,366	0	0

PARTICULARS	AS AT 31ST MARCH 2018			
	USD	EQUIVALENT IN INR	OTHER CURRENCIES	EQUIVALENT IN INR
Dollars in Hand	2,936.00	1,91,251	0	0
Trade Payables	5,26,724.81	3,43,10,854	0	0

**Sensitivity Analysis**

A reasonable possible strengthening/weakening of foreign currencies to which the Group is exposed to, against all other currencies as at reporting date would have affected the measurement of financial exposure denominated in a foreign currency and would have affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables remain constant and ignores any impact on forecast sales and purchases.

SENSITIVITY TO MOVEMENT IN FOREIGN CURRENCY	% MOVEMENT IN RUPEE (ASSUMED)	PROFIT / (LOSS) AFTER TAX	
		STRENGTHENING OF RUPEE	WEAKENING OF RUPEE
<b>As at 31st March 2019</b>			
US DOLLAR	1%	11,29,970	(11,29,970)
Great Britain Pound	1%	(4,367)	4,367
<b>As at 31st March 2018</b>			
US DOLLAR	1%	2,28,050	(2,28,050)

ii. Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group is not exposed to any such kind of interest rate risk.

The Group's exposure to changes in interest rates relates primarily to the Group's Overdraft CC Account. The Group's total outstanding debt in local currency presented in the Financial Statements is a combination of fixed rate and floating rate Debts. For the portion of local currency debt on fixed rate basis, there is no interest rate risk. Floating Rate Debts are linked to domestic interest rate benchmarks issued by Reserve Bank of India like MCLR (Marginal Cost of funds based Lending Rate).

The Exposure of Group's Borrowings to interest rate changes at the end of reporting period are as follows :-

PARTICULARS	AS AT 31ST MARCH 2019	AS AT 31ST MARCH 2018
Canara Bank Cash Credit	19,94,16,344	9,57,44,049
Term Loan	0	9,43,399
	19,94,16,344	9,66,87,448

Sensitivity Analysis

A hypothetical 10 basis point shift in MCLR rates on the unhedged loans would result in corresponding increase/decrease in interest cost for the group on a yearly basis.

## B. Financial Risk Management

### i. Credit Risk

Credit Risk is the Risk of Financial Loss to the Group if a customer or counter party to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers.

#### Trade Receivable and other financial assets

The Group has established a credit policy under which each new customer is analysed individually for creditworthiness before the payment and delivery terms and conditions are offered. The Group's review includes external ratings (if they are available), financial statements, industry information and business intelligence.

In monitoring customer credit risk, customers are grouped according to their credit characteristics, including whether they are an individual or a legal entity, their geographic location, industry, trade history with the Group and existence of previous financial difficulties.

#### Expected Credit loss for trade receivable:

The Group, based on internal assessment which is driven by the historical experience/current facts available in relation to defaults and delays in collection thereof, the Group is making provision on trade receivables based on Expected Credit Loss(ECL) model. The reconciliation of ECL is as follows :-

PARTICULARS	AS AT	AS AT
	31ST MARCH 2019	31ST MARCH 2018
Opening Balance	0	0
<u>Changes in Loss Allowance</u>		
Loss Allowance for the year, based on ECL Model.	6,53,461	0
Write Off as Bad Debts	0	0
Closing Balance reported under Note No.11	6,53,461	0

### ii. Liquidity Risk

Liquidity Risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by cash or another financial asset. The Group manages liquidity risk by maintaining sufficient cash and marketable securities and by having access to funding through an adequate amount of committed credit lines. Management regularly monitors the position of cash and cash equivalents vis-à-vis projections. Assessment of maturity profiles of financial assets and financial liabilities including debt financing plans and maintenance of Balance Sheet liquidity ratios are considered while reviewing the liquidity position.

#### Maturity Analysis

The remaining contractual maturities on non-derivative Financial Liabilities are as follows:-

#### As at 31st March 2019

NON-DERIVATIVE FINANCIAL LIABILITIES	CONTRACTUAL CASH FLOWS		TOTAL
	PAYABLE WITHIN ONE YEAR	PAYABLE AFTER ONE YEAR

#### **Item No. 10, 11 & 12:**

Equity based compensation is considered to be an integral part of employee compensation across sectors which enables alignment of personal goals of the employees with organizational objectives by participating in the ownership of the Company through share-based compensation scheme/plan. Your Company now with its complete focus on its IT business, believes in rewarding its employees including Directors of the Company as well as that of the Subsidiary Company for their continuous hard work, dedication and support, which has led the Company on the growth path. The Company intends to implement the Panache Digilife Limited – Employee Stock Option Scheme, 2019 (PDL-ESOS 2019), with a view to attract and retain key talents working with the Company by way of rewarding their performance and motivate them to contribute to the overall corporate growth and profitability.

In terms of Regulation 6 of Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 and Section 62 and other applicable provisions of the Companies Act, 2013, for issue of Shares to persons other than the existing Members of the Company the approval of the existing Members by way of Special Resolution is required. The Special Resolution included in Item No. 10 is seeking your approval for the formulation and implementation of the “PDL-ESOS 2019” and issue of shares under the said Plan to the Identified Employees of the Company, its holding and its subsidiary Company(ies) as detailed in the resolutions.

As per Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 approval of the shareholders by way of separate Special Resolution is also required:

- I. for grant of options to the employees of holding and subsidiary company (ies); and
- II. for grant of options to the identified employees during any one year equal to or exceeding 1% of the issued capital of the Company.

The Special Resolutions set out at Item Nos. 11 and 12 are seeking your approval for the said purposes respectively.

Pursuant to provisions of SEBI (SBEB) Regulations, the Company seeks members’ approval in respect of PDL-ESOS 2019 and grant of options to the identified / eligible employees/ Directors of the Company as decided by the Nomination and Remuneration Committee from time to time in due compliance of the SEBI (SBEB) Regulations.

The main features of the PDL-ESOS 2019 are as under:

#### **1. Brief Description of the Scheme(s)**

The Plan shall be called the Panache Digilife Limited – Employee Stock Option Scheme, 2019 (PDL-ESOS 2019) is intended to reward the identified Employees of the Company and its Subsidiary Company(ies) in India and abroad, in accordance with the applicable laws.

The Scheme will be implemented via Direct Route wherein the Company will allot fresh equity shares of the Company to the Identified Employees of the Company. The Plan will be administrated by the Nomination and Remuneration Committee constituted by the Board which for the purpose of this Scheme is designated as “Compensation Committee” as required under the SEBI (Share Based Employee Benefit) Regulations, 2014.

**2. Total number of options to be granted**

The maximum number of options to be granted under this Plan shall not exceed 6,00,000 (6 Lakhs) options convertible into equal number of Equity Shares of the Company. The vested options lapsed due to non-exercise and/or unvested options which get cancelled due to resignation/termination or otherwise would be available for re-grant at the future date(s) as per the provisions of the Scheme at the discretion of the Compensation Committee.

**3. Identification of classes of employees entitled to participate and be beneficiaries in the Scheme**

Present and future permanent employees whether working in India or outside India, Director whether a whole-time director or not (other than promoters of the Company, Independent Directors and Directors holding directly or indirectly more than 10% of the outstanding Equity Shares of the Company) of the company and its present and future holding Company and subsidiary company(ies) as may be decided by the Compensation Committee from time to time.

**4. Requirements of vesting and period of vesting**

The options granted under this Scheme would vest based upon the performance criteria or any other criteria as may be decided by the Compensation Committee and specified in the Grant Letter. Vesting period shall commence any time after the expiry of 1 (One) year from the grant date of such Options. The specific vesting schedule and vesting conditions subject to which vesting would take place would be outlined in the document given to the Option Grantee at the time of Grant of Options.

**5. Maximum period within which the options shall be vested**

The options granted under the Scheme shall have a vesting period as may be decided by the Compensation Committee subject to a maximum period of 5 (Five) years from the date of grant or any other period as may be determined or decided by the Compensation Committee. Vesting of Options would be subject to continued employment with the Company as detailed in the Scheme.

**6. Exercise period within which the options shall be vested**

Options granted under PDL-ESOS 2019 would vest subject to maximum period of 5 (Five) years from the date of respective vesting or any other period as may be determined or decided by the Compensation Committee.

**7. Exercise price or pricing formula**

The Exercise price of the Shares will be based on the Market Price of the Shares one day before the date of the meeting of the Committee wherein the grants of options will be approved.

The Committee has a power to provide suitable discount or charge premium on such price as arrived above. However, in any case the Exercise price shall not go below the par value of Equity Share of the Company which is ₹ 10/- per share.

**8. Exercise period and the process of Exercise**

The options granted may be exercised by the Grantee at any time within the period determined by the Compensation Committee from time to time subject to a maximum period of five years from the date of respective vesting or any other period as may be determined or decided by the Compensation Committee.

The mode and manner of the Exercise of the Options shall be communicated to the employees individually. On exercise of the Options, the employee shall forthwith pay to the Company the price which includes the grant price. The options shall lapse if not exercised within the specified exercise period.

**9. Appraisal process for determining the eligibility of employees under PDL-ESOS 2019**

The appraisal process for determining the eligibility of the employees will be in accordance with the Scheme or on the basis of such criteria as may be determined by the Committee at its sole discretion from time to time.

**10. Maximum number of options to be issued per employee and in aggregate**

The Compensation Committee will determine the maximum options that can be granted to the employees and it may grant options to some eligible employees, equal to or exceeding 1% in any one year of the issued capital of the Company at the time of grant of Options, for which a separate approval has been placed at Item No. 12. The maximum number of options to be granted under this plan shall not exceed 6,00,000 (Six Lakhs).

**11. Maximum Quantum of benefits to be provided per employee under the PDL-ESOS 2019**

The maximum quantum of benefit that will be provided to every eligible Employee under the Scheme will be the difference between the Market value of Company's Share on the Stock Exchange as on the date of exercise of options and the Exercise Price paid by the employee to the Company.

**12. Implementation and administration of the Scheme**

The scheme shall be implemented and administered directly by the Compensation Committee of the Company.

**13. Source of Shares**

The Scheme contemplates new Issue of Shares by the Company.

**14. The amount of loan provided for implementation of the Scheme by the Company to the Trust, its tenure, utilisation, repayment terms etc.**

Not Applicable

**15. Maximum percentage of Secondary Acquisition (subject to limits specified under the Regulations) that can be made by the Trust for the purchase under the scheme**

Not Applicable

**16. Disclosure and Accounting Policies**

The Company shall comply with the disclosures requirements and the accounting policies prescribed under Regulation 15 of the Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 or as may be prescribed by regulatory authorities from time to time.

**17. Method of Valuation**

Fair Value Method or any other method as per applicable statutory provisions from time to time and as decided by Compensation Committee.

**18. Statement with regard to Disclosure in Directors' Report**

In case the Company opts for Intrinsic Value for expensing of the benefits of the Scheme, the difference between the employee compensation cost so computed and the employee compensation cost that shall have been recognized if it had used the Fair Value, will be disclosed in the Directors' Report and the impact of this difference on profits and on Earnings Per Share (EPS) of the Company will also be disclosed in the Directors' Report.

The Directors and Key Managerial Personnel of the Company may be deemed to be concerned or interested in these Resolutions only to the extent of any Stock Options that may be granted to them and the resultant equity shares issued, as applicable.

The Board of Directors recommends the aforesaid resolution no. 10, 11 and 12 as Special Resolution for approval of the members.
