# Prioritising Key Focus Areas

For any Company, as for Sirca too, its strategies reflect on its existing capitals while also defining its course for the future. It is the means to achieve the set-out goals and objectives, and a steering wheel to guide the Company through the many obstacles. At Sirca, strategies are the key to unlocking success, and therefore is the most critical priority for the Company.

# Strategic

## 01 Strengthening distribution network

Over the last three years, the Company has significantly expanded its distribution network. From 555 nodes three years ago to 1,580 nodes at present - the Company's distribution has grown leaps and bounds. In order to better serve its new markets, the Company has also significantly expanded its branch & depot network, which has grown from 7 three years ago to 13. As it moves forward, the Company plans on adding more dealers and distributors to diversify its geographical presence and strengthen its foothold in markets beyond North India. In order to strengthen its dealer community, the Company has implemented several initiatives such as expanding its product portfolio, creating appealing propositions for newly recruited dealers, introducing channel finance, among other incentives.

## 02 Nurturing OEM relationships

Over the last two decades, Sirca has earned a reputation among Original Equipment Manufacturers (OEMs) as a trustworthy partner who provides high-quality wood coatings solutions as well as exceptional technical support and after-sales service. This has allowed us to build a sizable clientele of 587 OEMs around the country, which has proven to be a profitable sales channel for the Company. While Sirca wood coatings was the primary offering to OEMs in the first leg of our journey, the Company intends to build on its trust and relationship with this important sales channel by introducing new brands and products. DuranteVivan, an Italian adhesives brand with its signature hot-melt glue solution, is one such recent addition.

## 03 Augmenting brand equity

The Company has been investing in consistent marketing and promotional activities as part of a 360-degree marketing effort targeted at increasing brand equity and improving customer recall of the 'Sirca' brand. Sirca has launched the campaign 'Your Italian Autograph.' to portray the Company as an uber-luxury, Italian aesthetic product range that elegantly beautifies the house. With Sirca, the Company is promoting a consistent message across the board: "Bring Italy to Your Home!" Apart from its flagship brand, the Company is advertising its Unico brand aggressively, particularly in the new regions it is entering.

## 04 Exploring export market opportunities

The Company has begun the journey of going beyond Indian shores and bringing its stellar product range to the emerging class of aspirational consumers in other South Asian countries such as Nepal, Bangladesh and Sri Lanka. Towards this, Sirca seeks to be a stakeholder in the promising growth stories of India's neighbours like Nepal, Bangladesh and Sri Lanka. Some of these geographies are all experiencing the emergence of growing industries and an ever-expanding consumer base, which Sirca seeks to effectively leverage in the times to come and emerge as a strong player in these markets.

## Prioritising Key Focus Areas

# 05

### Expanding product portfolio

Sirca has always been one to marry Indian tastes with international standards. On the one hand, its existing portfolio of wall paints has been augmented with new offerings, while on the other hand, the Company has come out with brand new wood coatings product range specifically for the Indian markets. Unico, a line of nitrocellulose, melamine, polyurethane wood coatings and thinners, have been introduced, keeping in mind the specific needs of the Indian markets. Unico's quality range of products is being offered at an attractive price-point catering to the price-conscious segment of the Indian markets. The Company has also introduced the renowned Italian special effects brand San Marco to India, offering exclusive customisation options to the consumers. Furthermore, in the adhesives category, Sirca has also brought DuranteVivan, the apex European adhesives brand, to India, intending to give its customers the best value proposition.

> Pg. 08 [read more here](#)

### Building strong organisational capabilities

The Company has been concentrating on bringing in new and seasoned personnel, as well as training its existing employees. Some of the new senior team members have impressive credentials and are committed to propelling the Company to new heights. Simultaneously, the in-house expertise is dedicated to increasing the Company's market positioning and growing the business even further. The Company believes that its robust, competent and motivated workforce will drive it towards even better performance.

# Priorities

# 07

### Strategically located manufacturing plants & infrastructure

The Company is and will be making crucial investments in establishing an additional manufacturing facility, newer branches, depots and Sirca Studios to better serve the markets the Company has tapped in the last few years. It will also help us cater to the strong demand arising out of the new markets. In addition, strategically located facilities in proximity to newer markets such as South India will give the desired advantages in terms of supply-chain management and optimising logistics costs.

Furthermore, to establish stringent quality control and achieve consistency in finished products, the Company has undertaken a project to set up a manufacturing line for resins - a key starting material for wood coatings - at its existing facility in Sonipat. In addition to quality, resins will also help optimise production costs. Resins produced out of this line will be used for the Unico range of products. This project is expected to be completed in H1FY23.

# 08

### Gearing for robust financials

The Company has a history of steady yet sustainable growth, which is backed by its strong financial credentials. Sirca believes that its planned expansion and consequent capital allocation will serve as the bedrock for its future performance. The Company is emboldened by the trust which has been reposed in it by its stakeholders and is committed to boosting its operations in a way that would cement its place in the industry and create lasting value for its stakeholders. ## Delivering Results Despite a Challenging Year

### Greetings, Shareholders,

*It's a pleasure to write to you all again in my annual shareholder letter. Sirca Paints India Limited has had a very eventful year. In terms of our overall performance for the year, we had a strong year despite a slow start in Q1 FY22, when the second wave of Covid-19 had a severe impact on the business.*

Nonetheless, from Q2 onwards, we immediately recovered and have had good quarters ever since. The Company's topline increased by nearly 40% year over year, with our highest-ever Revenue from Operations exceeding 200 crores. This growth has come from a combination of our iconic Italian PU portfolio and emerging categories like Wall Paints and Unico's product offerings.

We experienced some operational turbulence throughout FY22. To begin with, the second wave of Coronavirus had a significant impact in Q1, particularly in our mainstay NCR market. While this trend held until May, we saw a rise in demand from June onwards once lockdown restrictions were relaxed. Following that, profit margins were pressured as the paints and coatings industry as a whole saw severe cost inflation due to increased raw material prices. While the industry had to raise prices, it did so gradually so as to not upset the initial signs of demand recovery. During the H2 in north India, there were some disruptions, including brief lockdowns and a restriction on spray painting in the NCR to reduce pollution during the peak of the winter season.

# Results

*Sirca is here to create a market for wood coatings and other niche home-improvement products, with the mission of bringing the world's best to the growing aspirational Indian consumer.*

Despite these challenges, we emerged victorious, ending the year with solid topline growth driven by a healthy increase in volume while improving our profitability in a challenging year. Our operating profit margin for the year was 18.9%, up from 15.2% the year before; as a result, PAT for the year was 27.73 crores, up from 16.61 crores the year before. On the working capital front, we have significantly reduced our debtor days. Inventories, on the other hand, remain high, principally to avoid supply-side disruptions for our imported Italian products. We will maintain increased buffer stockpiles for the foreseeable future until supply-side tensions are completely alleviated. We also implemented channel financing for a select group of dealers and distributors in the fourth quarter, which will help us enhance collections and boost inventory turns from those dealers. The Company maintains a solid liquidity position with zero debt obligations, leaving us ample capital for future expansion activities and opportunities.

On the operational front, our Wall Paints portfolio, which also includes San Marco, performed exceptionally well in our emerging product portfolio, which includes Wall Paints, Unico products, and DuranteVivan. Unico's product range grew steadily throughout the year, and we expect this category to do even better in the following year. Due to Covid-induced travel constraints, the commute of our Italian technical team to India was a challenge. Hence, product introductions and demonstrations to our OEM clients were delayed, and, DuranteVivan was unable to make any significant progress in the year under review. However, we've debuted this brand at a few key trade shows and exhibitions now that numerous operational issues have been subsided. We have high expectations for this product range, given DuranteVivan's exceptional product quality, particularly its hot-melt glue offerings. Our Italian PU range continues to be among the country's leading premium wood coatings brands, scaling newer heights every passing year.

On the infrastructure front, we have some investments anticipated and others in the works. To begin with, we are now installing a line at our Sonipat facility to produce resins for our Unico range. This will aid us in achieving better quality control, end-product consistency, and cost optimisations. This project is set to be commercialised in the first half of FY23 and will not require considerable capital investment. Following that, we plan to open a new manufacturing facility for mass-market wood coatings to better service the South Indian market. However, we've put this off for a few quarters as we wait for our on ground team to accomplish some preliminary marketing and distribution work. We will continue our progress on establishing Sirca Studios at multiple locations that are aimed at achieving a better customer experience. Finally, we are also looking to set up additional branches and depots to better serve our newly-tapped markets.

We have also added some fresh and senior talent to our team in the past year. These industry professionals have the qualifications and expertise required to help Sirca achieve its growth objectives. Furthermore, in order to propel Sirca into the next orbit of growth, we have increased our efforts in training and upskilling our existing team. We see plenty of opportunity in both our core and emerging product portfolios as we move forward. Despite all short-term turbulence, we are undeterred from our long-term strategic priorities. Sirca is here to create a market for wood coatings and other niche home-improvement products, with the mission of bringing the world's best to the growing aspirational Indian consumer.

Before I conclude, I would like to thank our investors for their unwavering support; our employees, whose dedication to their work continues to propel us forward, and our customers, whose loyalty pushes us to provide more.

Thank you very much,  
Yours sincerely,  
**Sanjay Agarwal**

*Increasing demand for luxury home improvement solutions are all expected to support the paints and coatings industry*

the sector grow even faster. Paint and coating industry growth has historically been highly correlated with GDP growth, with the former growing 1.5-2x the GDP; with India's GDP predicted to grow at a faster rate in the future, the paint sector is expected to perform well.

### Market trend in Wood Coating and Finishes

Wood coatings are used in a wide range of projects, including residential, commercial, and hospitality. These coatings are used on wooden furniture for their adhesion, anti-corrosion, durability, appearance, and aesthetic qualities. India has grown to become one of the largest markets for wood coatings in the Asia-Pacific region in the last decade.

The most significant change in the wood coating industry in recent years has been the increased demand for environmentally friendly qualities. New rules and regulations, such as Eco-product Certificate Schemes (ECS), have been introduced across the European Union, as have various other legislation relating to air pollution. As a result, consumer preferences are shifting away from toxic and environmentally detrimental products to consumer and environment-friendly, non-toxic alternatives in the wood coatings

### Indian Economy

Following a strong GDP rebound in 2021, the Indian economy is losing steam as inflationary expectations rise due to rising global energy and food prices. While the initial surge in prices was ascribed to strong demand, chronic supply chain disruptions have caused inflation to approach multi-decade highs in almost all major economies. Export-oriented sectors have benefited significantly from enhanced vaccination programmes, favourable fiscal and monetary stimulus, as well as a significant recovery in global trade, and have garnered attractive global investments as a result of supply chain de-risking and the China +1 strategy. Inflation, on the other hand, has soared, putting the expansion of import-dependent industries in peril.

These roadblocks, however, will pass, and India is on the threshold of a long-term economic recovery with promising growth prospects.

According to the IMF, India's economy is expected to grow at an annual rate of 8.2% in 2022 and 6.9% in 2023. This expansion is fueled by increased public infrastructure investment, the expected resurgence of the automobile sector, and a surge in private sector investments. As a result, the Indian economy is expected to become one of the world's fastest-growing economies over the next decade.

### Paints and Coating Industry Overview

India's paint industry is estimated to be a 55,000 crores market, according to industry estimates, and is one of the world's fastest-growing major paint markets, with double-digit growth for the past two decades. The organised sector dominates the Indian paints and coatings market, accounting for 75 % market share, while the unorganised sector accounts for the remaining 25%.

The paint industry is broadly divided into two segments: decorative paints and coatings and industrial paints and coatings. The decorative segment accounts for 74% of market value and 85% of the market volumes, and the balance comprises industrial paints & coatings. Interior and exterior paints, design range, premier, enamel, wood finishing, and waterproofing are all categories of decorative paints and coatings. Automotive paints, performance coating liquids, powder coating, marine coating, and refinishes are included in the Industrial paints and coatings segment. The decorative paint category has been one of the fastest-growing paint segments, driven by volume increase and premiumisation as consumers gradually shift their preferences from traditional whitewash to the high-quality emulsion and enamel paints.

### Outlook, Trends, and Scenario

Recently, the industry has been grappling with the Pandemic and its aftermath, as well as rising input costs and inflation and increased supply chain disruptions, all of which have hampered the paints sector's overall growth. Furthermore, mounting geopolitical concerns over the Ukraine-Russia conflict, the resurgence of Covid in some Chinese cities, and growing port congestion in China have exacerbated supply chain issues. Nevertheless, the industry is expected to regain momentum in the following year, owing to large-scale vaccination programmes and a low probability of new severe waves of Covid-19 and resulting lockdowns. Furthermore, the industry has collectively taken necessary price hikes to pass on rising input costs to the end consumers to the extent feasible.

Strong consumer demand, increased disposable income, the growing trend of nuclear families, and the

increasing demand for luxury home improvement solutions are all expected to support the paints and coatings industry. Furthermore, trends such as the growing popularity of working from home are encouraging people to spend more on home renovations and decor, and elevating the significance of overall aesthetics in furnishings. In addition, India's growing housing demand, which is being fueled by government efforts like housing for all and infrastructure spending, would help

product category. Certain solvent-based toxic wood coatings produce high levels of VOCs that are injurious to individuals and the environment; unfortunately, these coatings account for the vast majority of the volume in Indian markets. Multiple factors are driving a transition away from potentially dangerous products like Nitrocellulose (NC) and Melamine coatings and towards high-quality Polyurethane (PU) coatings, including:

- Increasing public awareness of the adverse health effects of these deteriorating wood coatings,
- Growing awareness about environment-friendly products,
- The greater artistic and aesthetic value of furnishings
- Other factors include lower odour, increased durability, and resistance, making these products more preferable.

The demand for wood coatings has steadily shifted from solvent-borne coatings to water-borne coatings, with water-borne coatings now accounting for a significant market share in developed markets. Sirca S.p.A. (Italy), a leader in the industry, already produces a full spectrum of water-based polyurethane coatings. This transition has been aided by the rising value of aesthetics and increased spending on the furnishing segment. However, in the long run, rising disposable income and a change in the value chain toward higher-end wood coating goods will be the primary growth drivers for the wood coatings market.

## Company Overview

Sirca Paints India Limited ('Sirca') is one of India's leading brands and manufacturers of wood coating products, with over two decades of experience in the industry. The Company is engaged in the

manufacturing and sales of wood coatings and other niche decorative paints and home-improvement products under its owned or exclusively licensed brands such as Sirca, Unico, San Marco and DuranteVivan. Sirca is also geared to begin exports of its products to some other South Asian countries shortly.

Sirca, a market leader in premium wood coatings in north India, is significantly expanding its domestic footprint by setting up additional manufacturing facilities & infrastructure to strengthen its position in the East, West and South Indian markets. The Company currently operates two manufacturing facilities, one for mass-market wood coatings products in Sonipat, Haryana and a wall paints and putty in the NCR region.

## Customer Segment

The Company primarily caters to two customer segments:

### Retail

The Company caters to retail customers through its strong & growing distribution network of more than 1,580 dealers, further supported by a branch & depot network of 13 across its key markets. The retail customer segment contributes to nearly 70% of the revenue stream. The Company is also increasing its geographical footprint and expanding its dealer network in Southern, Western & Central India. To better service its newer markets, the Company plans to establish an alternate manufacturing facility in South India to serve these markets better. Furthermore, in order to improve 'Sirca' brand recall, the Company is expanding its advertising, marketing, and sales promotion spending. In its target markets, particularly in the newly tapped territories, the Company has developed a 360° marketing strategy. Commercials have been broadcast on television in Hindi and other regional languages, as well as adverts in various media. In addition, Sirca is putting up shop boards at its dealer network to improve its outdoor presence. A total of 1,150+ shop boards have been installed so far. The Company is also establishing a chain of exclusive Sirca Studios that showcase the application and merits of Sirca's entire product portfolio. At present, a total of 19 such studios are operational across India. The objective of these studios is to generate a superior consumer experience and act as a platform through which customers & influencers such as architects and contractors can better understand its products.

### OEMs

Since the Company's beginning, Sirca has collaborated with furniture and fixture manufacturers. Sirca's products are a result of several collaborations and a thorough understanding of OEM needs. OEMs have also been early adopters of premium wood coating solutions in India. Sirca is the primary and, in many cases, the only choice for furniture manufacturers when it comes to wood coatings. The Company has ensured utmost satisfaction and strong customer relationships by providing strong technical and after-sales support to OEMs. The OEM segment, where the Company works with a well-diversified clientele of around 587 clients, accounts for nearly 30% of the total revenue. Some of them are the country's largest and most recognised furniture manufacturers, including Godrej & Boyce, Jindal Stainless, Indoline, Space Wood, Pyramid, MAS Furniture, Alsorg, and Soundarya Decorators, among others. The growing prominence of ready-made, modular furniture over on-site furniture will boost this segment's performance in the long run. Indian consumers, particularly millennials, are increasingly choosing ready-made furniture as a trend. This trend is fueled by factors such as convenience, faster turnaround times, and a growing array of options. Sirca has become a vital vendor to OEMs because of its ongoing innovation, new product introductions such as the introduction of NC and Melamine coatings through the Unico brand, and outstanding technical assistance. As a result, the Company is in an excellent position to take advantage of potential prospects in this area.

*Sirca reported its highest-ever topline of ₹ 200.02 Crores*

# BUSINESS RESPONSIBILITY REPORT (BRR)

FOR THE FINANCIAL YEAR 2021-2022

## INTRODUCTION

In an age when enterprises are increasingly seen as critical components of the society, they are accountable not only to their shareholders from a revenue and profitability perspective but also to the larger society which is also its stakeholder. Hence, adoption of responsible business practices in the interest of the social set-up and the environment are as vital as their financial and operational performance.

Ministry of Corporate Affairs, Government of India, developed the 'National Voluntary Guidelines (NVG) on Social, Environmental and Economic Responsibilities of Business' in 2011. These guidelines contain comprehensive principles to be adopted by companies as part of their business practices.

Further, in terms of Regulation 34(2)(f) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended, Business Responsibility Report (BRR) in the Annual Report is mandatory for the top 1000 listed companies, based on market capitalization as on 31<sup>st</sup> March of every year.

BRR serves as a tool to communicate the performance of organization on Economic, Social and Governance (ESG) parameters to its stakeholders. It also motivates the company to measure, disclose and be accountable for organizational performance while working towards the goal of responsible and sustainable development.

Sirca Paints India Limited (SPIL) is delighted to present its BRR for the Financial Year 2021-22. The BRR is based on the format suggested by SEBI.

There is a risk of revenue being recorded before control is transferred. The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flow of the company in accordance with the accounting principles generally accepted in India including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities selection and application of appropriate accounting policies, making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

### AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the standalone financial statements made by the Management and Board of Directors.
- Conclude on the appropriateness of Management and Board of Director's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## TO THE INDEPENDENT AUDITOR'S REPORT on the Standalone Financial Statements of Sirca Paints India Limited for the year ended March 31, 2022

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date) Report on the Internal Financial Controls Over Financial Reporting under section 143(3)(i) of the Companies Act, 2013 ("the Act")

### OPINION

We have audited the internal financial controls over financial reporting of SIRCA PAINTS INDIA LIMITED **formerly known as SIRCA PAINTS INDIA PRIVATE LIMITED, earlier known as SIRCOLOR WOOD COATINGS PRIVATE LIMITED** ("the Company") as of March 31, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

### MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The company's Management and Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and

evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the company's internal financial controls system with reference to financial statements.

### MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## **OPINION**

In our opinion, the Company has, in all material respects, an adequate internal financial control system with reference to financial statements and such internal financial controls were operating effectively as at March 31, 2022, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance note").

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

The financial statements are presented in INR, the functional currency of the Company. Items included in the financial

statements of the Company are recorded using the currency of the primary economic environment in which the Company operates (the 'functional currency').

#### (ii) Basis of measurement

The financial statements have been prepared under the historical cost convention with the exception of certain assets and liabilities that are required to be carried at fair values by Ind AS. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

### 2.3 Use of estimates and judgment

"The preparation of the financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

Significant judgments and estimates relating to the carrying values of assets and liabilities include useful lives of property, plant and equipment and intangible assets, impairment of property, plant and equipment, intangible assets and investments, provision for employee benefits and other provisions, recoverability of deferred tax assets, commitments and contingencies."

### 2.4 Revenue from contract with customers

"Company has adopted Ind AS 115 Revenue from Contract With Customers starting April 01, 2018. Revenue from contract with customers is recognised when the Company satisfies performance obligation by transferring promised goods and services to the customer. Performance obligations are satisfied at a point of time. Performance obligations are said to be satisfied at a point of time when the customer obtains controls of the asset.

Revenue is measured based on transaction price, which is the fair value of the consideration received or receivable, stated net of discounts, returns and Goods and Service Tax. Transaction price is recognised based on the price specified in the contract, net of the estimated sales incentives/ discounts. Accumulated experience is used to estimate and provide for the discounts/ right of return, using the expected value method.

Revenue is only recognised to the extent that it is highly probable a significant reversal will not occur. Our customers have the contractual right to return goods only when authorised by the Company. An estimate is made of goods that will be returned and a liability is recognised for this amount using a best estimate based on accumulated experience. Income from services rendered is recognised based on agreements/arrangements with the customers as the service is performed and there are no unfulfilled obligations. Interest income is recognised using the effective interest rate (EIR) method."

At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at the end of the reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are not translated.

Exchange differences arising on the settlement of monetary items, and on retranslation of monetary items are included in the statement of profit and loss for the period."

## 2.6 Property, plant and equipment

"An item of property, plant and equipment is recognised as an asset if it is probable that future economic benefits associated with the item will flow to the Company and its cost can be measured reliably. This recognition principle is applied to the costs incurred initially to acquire an item of property, plant and equipment and also to costs incurred subsequently to add to, replace part of, or service it. All other repair and maintenance costs, including regular servicing, are recognised in the statement of profit and loss as incurred. When a replacement occurs, the carrying amount of the replaced part is de-recognised.

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment. Cost includes all direct costs and expenditures incurred to bring the asset to its working condition and location for its intended use. Trial run expenses (net of revenue) are capitalised. Borrowing costs during the period of construction are added to the cost of eligible tangible assets.

Gain or loss arising on disposal of an asset is determined as the difference between the sale proceeds and the carrying amount of the asset, and is recognised in the statement of profit and loss. Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are closed as "Capital work-in-progress".

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under "Other Non-Current Assets".

## 2.7 Intangible assets

"Patents, trademarks, License and software costs are included in the balance sheet as intangible assets where they are clearly

linked to long term economic benefits for the Company. In this case they are measured initially at purchase cost and then subsequently intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any. The useful lives of intangible assets are assessed as either finite or indefinite. Finite-life intangible assets are amortised on a straight-line basis over the period of their estimated useful lives. Estimated useful lives by major class of finite-life intangible assets are as follows:

Design - 10 years  
 Know-how - NIL  
 Computer software - 5 years  
 Trademarks - 5 years

The amortisation period and the amortisation method for finite-life intangible assets is reviewed at each financial year end and adjusted prospectively, if appropriate. For indefinite life intangible assets, the assessment of indefinite life is reviewed annually to determine whether it continues, if not, it is impaired or changed prospectively basis revised estimates."

## 2.8 Depreciation and amortization of property, plant and equipment

Depreciation is the systematic allocation of the depreciable amount of an asset over its useful life and is provided on written down value basis over the useful life as prescribed in Schedule II of the Companies Act, 2013 unless otherwise specified. Depreciable amount for the assets is the cost of an asset less its estimated residual value. Depreciation on addition to/deductions from fixed assets is provided on pro rata basis from/to the date of acquisition/disposal. Depreciation on assets under construction commences only when the assets are ready for their intended use.

## 2.9 Financial Instruments

### 1. Financial Assets:

"Financial assets are recognised when the Company becomes a party to the contractual provisions of the instrument.

On initial recognition, a financial asset is recognised at fair value. In case of Financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost is recognised in the statement of profit and loss. In other cases, the transaction cost is attributed to the acquisition value of the financial asset.

Financial assets are subsequently classified and measured at

- amortised cost
- fair value through profit and loss (FVTPL)
- fair value through other comprehensive income (FVOCI).

Financial assets are not reclassified subsequent to their recognition, except during the period the Company changes its business model for managing financial assets."

### (a) Trade Receivables and Loans:

"Trade receivables are initially recognised at fair value. Subsequently, these assets are held at amortised cost, using the effective interest rate (EIR) method net of any expected credit losses. The EIR is the rate that discounts estimated future cash income through the expected life of financial instrument."

### **Effective interest method**

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a shorter period.

### **(b) Debt Instruments:**

"Debt instruments are initially measured at amortised cost, fair value through other comprehensive income ('FVOCI') or fair value through profit or loss ('FVTPL') till derecognition on the basis of (i) the Company's business model for managing the financial assets and (ii) the contractual cash flow characteristics of the financial asset."

### **Financial assets at amortised cost(AC)**

"Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the 'EIR' method less impairment, if any. The amortisation of EIR and loss arising from impairment, if any is recognised in the Statement of Profit and Loss."

### **Financial assets measured at fair value through Other Comprehensive Income (FVOCI)**

"Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognised in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to 'other income' in the Statement of Profit and Loss."

### **Financial assets measured at fair value through Other Profit or Loss (FVTPL)**

"A financial asset not classified as either amortised cost or FVOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised as 'other income' in the Statement of Profit and Loss."

### **(c) Equity Instruments**

"All investments in equity instruments classified under financial assets are initially measured at fair value, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL.

The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognised as 'other income' in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognised in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'other income' in the Statement of Profit and Loss."

### **(d) Derivative Financial Instruments**

The Company uses derivative financial instruments to hedge its foreign currency and commodity risks. Derivatives are measured at fair value. The treatment of changes in the value of derivative depends on their use as explained below:

### **Cash Flow Hedges:**

Derivatives are held to hedge the uncertainty in timing or amount of future forecast cash flows. Such derivatives are classified as being part of cash flow hedge relationships. For an effective hedge, gains and losses from changes in the fair value of derivatives are recognised in other comprehensive income. Any ineffective elements of the hedge are recognised in the statement of profit and loss. If the hedged cash flow relates to a non-financial asset, the amount accumulated in equity is subsequently included within the carrying value of that asset. For other cash flow hedges, amounts accumulated in other comprehensive income are taken to the statement of profit and loss at the same time as the related cash flow.

### **Derivatives for which hedge accounting is not applied**

Derivative financial instruments for which hedge accounting is not applied are initially recognised at fair value on the date on which a derivative contract is entered and are subsequently measured at FVTPL.

### **Impairment of financial assets**

"The Company applies expected credit loss (ECL) model for measurement and recognition of loss allowance on the following:

- i. Trade receivables
- ii. Financial assets measured at amortised cost (other than trade receivables)
- iii. Financial assets measured at fair value through other comprehensive income (FVTOCI).

In case of trade receivables, the Company follows a simplified approach wherein an amount equal to lifetime ECL is measured and recognised as loss allowance. In case of other assets (listed as ii and iii above), the Company determines if there has been a significant increase in credit risk of the financial asset since initial recognition. If the credit risk of such assets has not increased significantly, an amount equal to 12-month ECL is measured and recognised as loss allowance. However, if credit risk has increased significantly, an amount equal to lifetime ECL is measured and recognised as loss allowance.

Subsequently, if the credit quality of the financial asset improves such that there is no longer a significant increase in credit risk since initial recognition, the Company reverts to recognising impairment loss allowance based on 12-month ECL.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate. Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial asset. 12-month ECL are a portion of the lifetime ECL which result from default events that are possible within 12 months from the reporting date.

ECL are measured in a manner that they reflect unbiased and probability weighted amounts determined by a range of outcomes, taking into account the time value of money and other reasonable information available as a result of past events, current conditions and forecasts of future economic conditions.

As a practical expedient, the Company uses a provision matrix to measure lifetime ECL on its portfolio of trade receivables.

The provision matrix is prepared based on historically observed default rates over the expected life of trade receivables and is adjusted for forward-looking estimates. At each reporting date, the historically observed default rates and changes in the forward-looking estimates are updated.

ECL allowance recognised (or reversed) during the period is recognised as income/expense in the Statement of Profit and Loss under the head 'Other expenses' conditions and forecasts of future economic conditions."

### **Derecognition of financial assets**

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the assets and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing of the proceeds received.

## **II. Financial liabilities and equity instruments**

### **Classification as debt or equity**

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

### **Equity instruments**

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

### **Financial Liabilities**

#### **Initial Recognition and measurement**

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss. In case of trade payables, they are initially recognised at fair value and subsequently, these liabilities are held at amortised cost, using the effective interest rate method.

#### **Subsequent measurement**

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with

all changes in fair value recognised in the Statement of Profit and Loss.

### **Derecognition of financial liabilities**

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire.

## **2.10 Employee benefits**

### **Defined contribution plans**

Contributions to defined contribution schemes such as employees' state insurance, labour welfare fund etc. are charged as an expense based on the amount of contribution required to be made as and when services are rendered by the employees. Company in respect of above schemes has made contribution to a Government administered fund(s) and charged as an expense to the Statement of Profit and Loss. The above benefits are classified as Defined Contribution Schemes as the Company has no further defined obligations beyond the monthly contributions.

### **Defined benefit plans**

"For defined benefit retirement schemes, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuation being carried out at each balance sheet date. Re-measurement gains and losses of the net defined benefit liability / (asset) are recognised immediately in Other Comprehensive Income. The service cost, net interest on the net defined benefit liability / (asset) is treated as a net expense within employment costs.

Past service cost is recognised as an expense, when the plan amendment or curtailment occurs, or when any related restructuring cost or termination benefits are recognised, whichever is earlier.

The retirement benefit obligation recognised in the balance sheet represents the present value of the defined-benefit obligation, as reduced by the fair value plan assets."

## **2.11 Inventories**

Inventories are valued at the lower of cost and net realisable value. Cost is computed on a weighted average basis. Cost of finished goods and work-in-progress include all costs of purchases, conversion costs and other costs incurred in bringing the inventories to their present location and condition. The net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and estimated costs necessary to make the sale.

## **2.12 Provisions and contingent liability**

"Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date.

If the effect of the time value of money is material, provisions are discounted to reflect its present value using a current pre-tax rate that reflects the current market assessments

of the time value of money and the risks specific to the obligation. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made."

## 2.13 Income taxes

### Tax expense for the year comprises current and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the statement of profit and loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates and tax laws enacted in the country. It is recognised in the Statement of Profit and Loss except to the extent it relates to an item which is recognised directly in equity or in other comprehensive income. Interest expenses and penalties, if any, related to income tax are included in finance cost and other expenses respectively. Interest Income, if any, related to Income tax is included in Other Income.

Deferred tax is recognised in respect of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes.

A deferred tax liability is recognised based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted, or substantively enacted, by the end of the reporting period. Deferred tax assets are recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that the related tax benefit will be realised. Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities; and the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

## 2.14 Leases

Company has adopted Ind AS 116 "Leases" Starting April 01, 2019, with initial date of application being April 01, 2019.

### Accounting policy upto March 31, 2019:

The Company determines whether an arrangement contains a lease by assessing whether the fulfillment of a transaction is dependent on the use of a specific asset and whether the transaction conveys the right to use that asset to the Company in return for payment. Where this occurs, the arrangement is deemed to include a lease and is accounted for either as

finance or operating lease. Leases are classified as finance leases where the terms of the lease transfers substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Rentals payable under operating leases are charged to the statement of profit and loss on a straight line basis over the term of the relevant lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

### Accounting policy w.e.f. April 01,2019

The Company applied Ind AS 16 using the modified retrospective approach with a date of initial application of January 01, 2019 and accordingly the comparative figures have not been restated. Moreover, there was no impact of initial application on the balance of retained earnings as of April 01, 2019. As a result, the Company has changed its accounting policy for lease contracts as detailed below.

### The Company as a lessee

At inception of a contract the Company assess whether a contract is, or contains a lease. A contract is, or contains, a lease if contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company recognises a right of use asset and a lease liability at the lease commencement date. The right of use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right of use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right of use asset or the end of the lease term. The estimated useful lives of right of use assets are determined on the same basis as those of property, plant and equipment.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate. The lease liability is measured at amortised cost using the effective interest method.

### The Company as a lessor

When the Group acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. To classify each lease, the Group makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then it is an operating lease. As part of this assessment, the Group considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

## 2.15 Non-current assets held for sale and discontinued operations

"Non-current assets and disposal groups classified as held for sale are measured at the lower of their carrying value and fair value less costs to sell.

Assets and disposal groups are classified as held for sale if their carrying value will be recovered through a sale transaction rather than through continuing use. Non-current assets or disposal groups comprising of assets and liabilities are classified as 'held for sale' when all the following criteria are met: (i) decision has been made to sell, (ii) the assets are available for immediate sale in its present condition, (iii) the assets are being actively marketed and (iv) sale has been agreed or is expected to be concluded within 12 months of the Balance Sheet date."

## 2.16 Borrowing costs

Borrowings costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get

ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for the intended use or sale.

## 2.17 Expenditure

Expenses are accounted on accrual basis except coupon redemption scheme expenses which are recorded on actual payment basis.

## 2.18 Earning per share

"Basic earnings per share is computed by dividing the net profit for the period attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares."

### OPINION

We have audited the Consolidated financial statements of Sirca Paints India Limited **formerly known as SIRCA PAINTS INDIA PRIVATE LIMITED, earlier known as SIRCOLOR WOOD COATINGS PRIVATE LIMITED** ("the Parent") and its Subsidiary (the parent and its subsidiary together referred as "the Group"), which comprise the Consolidated balance sheet as at March 31, 2022, the consolidated statement of profit and loss (including other comprehensive income), the Consolidated statement of changes in equity and the Consolidated statement of Cash Flows for the year ended on that date, and the notes to the Consolidated financial statements including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated financial statements, give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India), of the

Consolidated state of affairs of the Group as at March 31, 2022 and their Consolidated profit, their Consolidated total comprehensive income, their Consolidated changes in equity and its Consolidated cash flows for the year ended on that date.

### BASIS FOR OPINION

We conducted our audit of the Consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated financial statements.

### KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated financial statements of the current period. These matters were addressed in the context of our audit of the Consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

#### a) Revenue recognition (refer note no. 2.4 & 28 of the Consolidated financial Statements)

The key audit matters	How the matter was addressed in our report
Revenue from the sale of goods (hereinafter referred to as "Revenue") is recognised when the Company performs its obligation to its customers and the amount of revenue can be measured reliably and recovery of the consideration is probable. The timing of such recognition in case of sale of goods is when the control over the same is transferred to the customer, which is mainly upon delivery. The timing of revenue recognition is relevant to the reported performance of the Company. The management considers revenue as a key measure for evaluation of performance. There is a risk of revenue being recorded before control is transferred.	Assessing the appropriateness of the Company's revenue recognition accounting policies in line with Ind AS 115 ("Revenue from Contracts with Customers") and testing thereof. Our other audit procedures with regard to revenue recognition include testing controls, automated and manual, around dispatches/deliveries, E-Way bill Verification, inventory reconciliations and circularization of receivable balances, substantive testing for cut-offs and analytical review procedures. Testing the supporting documentation for sales transactions recorded during the period closer to the year end and subsequent to the year end, including examination of credit notes issued after the year end to determine whether revenue was recognised in the correct period. Performing analytical procedures on current year revenue based on monthly trends and where appropriate, conducting further enquiries and testing.

## b) Discounts and incentives (Refer note 2.4 and 28 of the Consolidated Financial Statements)

The key audit matters	How the matter was addressed in our report
Discounts and incentives to dealers / customers are administered through various schemes including incentives. These are material items of business cost. The calculation of the amount of expense to be recognized is both voluminous, complex and involves significant judgement. There is a risk that such liabilities for discounts and incentives may be inaccurately recognised.	Our audit procedures included assessment of the design and implementation of controls, in addition to testing the effectiveness of key controls in respect of recognition of the liabilities for such discounts and incentives. We have considered each significant type of discount recognized and assessed the appropriateness of the judgement applied while recognising the liability including the methodology and inputs used in calculating the amount and in some cases, re-performed the calculation. Our audit procedures also included verification of appropriate authorization, analytical review including comparison of budgeted amount and actual charge for the year and review of historical trends in respect of these liabilities.

### OTHER INFORMATION

The Parent's management and Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the company's annual report but does not include the Consolidated financial statements and our auditor's report thereon.

Our opinion on the Consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### MANAGEMENT'S AND BOARD OF DIRECTORS' RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Parent's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Consolidated financial statements that give a true and fair view of the Consolidated state of affairs, Consolidated profit/loss and other comprehensive income, Consolidated changes in equity and Consolidated cash flow of the Group in accordance with the accounting principles generally accepted in India including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities, selection and application of appropriate accounting policies, making judgments and estimates that are reasonable and prudent, and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated financial statements, management and respective Board of Directors of the companies included in the Group are responsible for assessing the ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the Group's financial reporting process.

### AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the Consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing

our opinion on whether the Parent has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the Consolidated financial statements made by the Management and respective Board of Directors of the companies included in the Group.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated financial statements, including the disclosures, and whether the Consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

# ANNEXURE A

## TO THE INDEPENDENT AUDITOR'S REPORT on the Consolidated Financial Statements of Sirca Paints India Limited for the year ended March 31, 2022

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date) Report on the Internal Financial Controls Over Financial Reporting under section 143(3)(i) of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the company as of and for the year ended March 31, 2022. We have audited the internal financial controls over financial reporting of **SIRCA PAINTS INDIA LIMITED formerly known as SIRCA PAINTS INDIA PRIVATE LIMITED, earlier known as SIRCOLOR WOOD COATINGS PRIVATE LIMITED** ("the Company") and its Subsidiary company incorporated in India.

### MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The respective Boards of Directors of the Company and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company and its subsidiary companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI") and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with

reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the company's internal financial controls system with reference to financial statements.

### MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## **OPINION**

In our opinion and to the best of our information and according to the explanations given to us, the Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal financial control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.
