**CHAIRMAN'S MESSAGE**

**Dear Shareholders,**

Over the past decade, it is fair to say that Madhya Bharat Agro Products Limited (MBAPL) has achieved its stated vision to become a truly one of the quality Fertilizer company. In the last two to three years, as the global pandemic caused unprecedented disruption all over the world, we proved the company's resilience under the most testing conditions in the history, culminating in a record financial performance in 2021-22. This achievement has given us greater confidence in the value-creating potential of our people and processes.

The financial performance of MBAPL in fiscal 2022 reflects the outcome of continued volume growth from existing key customer relationships, acquiring new customers across all verticals, which together with the adoption of new Product Line DAP & NPK Complex fertilizer, resulted in 184.08% growth in the Company Profit Before Taxation (PBT) and reported an all-time high turnover of Rs. 491.48 Crore growing by 164.65 % over last Financial Year and similarly Profit after tax at Rs. 57.02 Crore crores was up 181.69%. despite the challenges faced due to the ongoing COVID-19 pandemic impacting several industries across the globe. Our strategy, focused on offering differentiated end-to-end services, supports long-term value creation for our shareholders.

With the view of providing all type of fertilizers to the farmer under one roof and enrich to product line, your Company has recently started manufacturing of its rich value-added products DAP & NPK Complex fertilizer variants in Various regions of India with installed capacity of 120000 MTPA. The Financial Year 2024 would be full-fledged year of functioning of this new project.

With the close of financial year 2021-22, the company has achieved new milestones. RBI Accredited External rating agency has upgraded company's credit rating from BBB+ to A- leading to reduced risk weight for bankers and an achievement, the Company has been aiming for.

Recently, sensing acute shortage of raw material in India Ostwal Group under which your company operates, enter into an agreement with Jordan Phosphate Mines Company (JPMC), Jordan (A government undertaking) for purchase of main raw material Rock Phosphate. Under the agreement, JPMC will supply 5-million-ton of Rock Phosphate for the next 10 years. Approx. Rs. 500 Crore per annum in value of import of Rock Phosphate. This arrangement will ensure uninterrupted production at all the production facilities of the group entities including your Company.

For the business year 2022, the Board of Directors recommending the dividend of Rs. 0.50 per equity share. In addition, we expect attractive shareholder value generation opportunities in the short- and medium-term from a value accretion perspective.

Your Company is constantly working towards inclusive growth in society through CSR. Through its CSR programmes, Company is supporting sectors like health, education, skill development, environment and empowerment of underprivileged sections of the society and Company is also working on upliftment of farming community through various programmes. During the year, numerous training programmes were organised to educate farmers about balanced use of fertilizers, soil analysis, new farming technologies, methodology of application of different fertilizers etc.

The philosophy of your Company on Corporate Governance is to ensure transparency, disclosures and reporting that conforms fully with the laws and regulations of the country in order to promote ethical conduct & practices throughout the organization for enhancing stakeholder's value. Your Company is committed to comply with the provisions of SEBI (Listing Obligations & Disclosures Requirements) Regulations, 2015 relating to Corporate Governance.

As we continue our eventful journey, I take this opportunity to thank and appreciate my colleagues on the Board of Directors for their valuable contribution and support in running the affairs of the Company. I also wish to express my thanks to the Auditors, Banks and Regulatory Authorities for their guidance and support. I sincerely thank all our customers and business associates for their continued support. I would also like to thank all our employees for their commitment, hard work and contribution to the Company's performance.

With the trust and confidence shown by all of you, we are looking forward to continue our journey in a manner that develops trust and enhances the long term value for all stakeholders.

Thank you,  
Yours sincerely

Sd/-  
Mahendra Kumar Ostwal  
(Chairman)

**COMPANY INFORMATION**

Established in 1997 Madhya Bharat Agro Products Limited is one of the quality Fertilizer and Chemical manufactures of India in private sector. The Company founded By Mr. Shailander Jain, of Sagar but taken over by Ostwal Group in the month of September, 2004. At the time of taking over, the company's total production capacity was 60000 MT PA for SSP. Over the years, with various expansion, backward/forward integration and also with diversification, made itself immune to ups and downs of SSP industry.

We are manufacturing Beneficiated Rock Phosphate (BRP), Sulphuric Acid (SA), Single Super Phosphate (SSP) and Phosphate Rich Organic Manure (Prom) which is used in large quantities for replenishing "P" (Phosphorus) in the soil and act as a fertilizer for the crop. Company is also engaged in production of Sulphur Bentonite and some value-added chemicals like oleum etc. Sulphuric acid is a mother chemical for all chemicals. During the current FY 2021-22, we have started manufacturing phosphoric Acid, DAP/NPK Complex Fertilizer and enhanced capacity in manufacturing of Sulphuric Acid.

The installed capacity as at the end of March 2022 was 240000 TPY for SSP/GSSP, BRP crushing capacity is 198000 TPY, Sulphur Bentonite 10000 TPY, Sulphuric Acid 33000 TPY & Oleum 9900 TPY. With Commencement of new DAP/NPK Complex Fertilizer plant in the first quarter of FY22, we have added 66000 TPY of Sulphuric Acid, 120000 TPY of DAP / NPK Complex Fertilizer and 49500 TPY of Phosphoric Acid.

**BRP (Beneficiated Rock Phosphate)**

With low grade rock phosphate, through the process of BRP, we produce high grade rock which is mainly used for the production of single super phosphate & Phosphoric Acid which is the raw material of Dia-ammonium phosphate (DAP).

**SSP (Single Super Phosphate)**

Single Super Phosphate is a fertilizer produced by treating beneficiated/high grade rock Phosphate with Sulphuric Acid.

This process converts in soluble phosphates into forms more readily available to plants. The product is a low-cost source of phosphorus and sulphur in a wide range of pasture situations. SSP is a traditional product for supplying phosphorus and sulphur to pastures, these are the main two nutrients required for pasture production. SSP helps in improving root growth and development which is most important for uptake of plant nutrient and water.

## **Granulated Single Super Phosphate**

SSP is normally produced in powder form but to increase its ease of sprinkling in farms and also to make it possible to feed SSP with sowing of seeds itself, demand of granulated SSP (GSSP) is growing. We have capability to convert SSP into GSSP to the extent of 180000 TPY.

## **SA (Sulphuric Acid), Oleum 23%, Sulphur Bentonite**

Sulphuric Acid and Oleum require Sulphur as raw material, which is easily available indigenously. Sulphuric acid is used by us for production of SSP and sale in open market as well, we supply Oleum to Indian ordinance factory which use it in manufacturing of explosives for Indian Army, it also used by dyes intermediate and cellulose industry. We have Sulphur sources near to our units at economic freight and competitive price.

## **Phosphoric Acid**

Phosphoric acid,  $H_3PO_4$ , is produced from phosphate rock by thermal process. The reaction, filtration and concentration steps. The phosphate rock is grind and acidified with sulfuric acid in the reactor vessel. The next step is the filtration where the solids are separated and washed and the phosphoric acid is received. Finally, the acid is evaporated to obtain the commercial grade.

## **Diammonium phosphate /NPK Complex Fertilizer**

Diammonium phosphate (DAP) is the world's most widely used phosphorus fertilizer. DAP made from two common constituents in the fertilizer industry, and its relatively high nutrient content and excellent physical properties make it a popular choice in farming and other industries. It's formulated in a controlled reaction of phosphoric acid with ammonia, where the hot slurry is then cooled, granulated and sieved.

NPK Complex fertilizer is crop specific and can be customized as per soil requirements. This is mainly used for oil crops, Soya. We are, at present manufacturing 20:20:0:13 NPK fertilizer whose demand in our area of operations is good.

**ANNEXURE VIII****MANAGEMENT DISCUSSION & ANALYSIS REPORT****INDUSTRY SCENARIO AND DEVELOPMENTS**

The Company is mainly engaged in the manufacturing of fertilizer and chemical products. Out of three Primary nutrients viz N, P & K, which every soil requires, we are dealing in N and P nutrients through SSP and DAP/NPK complex Fertilizer. The winner in this field is those manufacturers who have integrated facilities and we are one among them. Demand of P has regularly increased and the same is ever growing with additional land coming under cultivation. The product being a part of agriculture revolution, received always Govt. support.

India still has capacity less than the demand and the deficit is met by imports. In India Less than 10% of total consumption of Rock by Indian fertilizers manufacturers sourced from Indigenous suppliers.

**OPPORTUNITIES**

MBAPL to increase its market share in Fertilizer and chemical industries and thus enhanced its competitive strength with efficient operations. After commissioning of its DAP/NPK Plant, the Company has started focusing on strengthening its reach in the existing territories and expansion in new geographies in India through a concerted brand building approach, which offers an opportunity to the Company to enhance its sales volumes and market share. Following opportunities are also available for MBAPL:

- Government's focus on agriculture and agri reforms.
- Huge demand and import dependency in case of phosphoric fertilizers in the Country provides an opportunity to Company for expanding its NPK fertilizer base.
- MBAPL has completed another Backward integration plant to produce in-house Phosphoric Acid, sulphuric acid for its DAP/NPK/Complex Fertilizer.
- Growing area under micro irrigation and demand for nutrient based fertiliser.
- Enhanced focus on digital platform for better connectivity with end consumers via social media and mobile applications.

**THREATS**

- The demand variation due to change in monsoon pattern.
- Large scale variations in input costs and inability/delay of Government to synchronise such changes in their policies for fertilizer industry.
- Government regulation. Though for betterment of farmers but many time cause of anxiety.
- Potential threat of new entrants which could adversely impact leading market position in several products.
- Volatility in the prices of Raw material and variation in the foreign exchange rates may affect business.

**SEGMENT WISE OR PRODUCT WISE PERFORMANCE**

Detail of Segment wise performance is furnished separately in the Balance Sheet of the Company.

**FUTURE OUTLOOK**

The demand for both Nitrogenous & Phosphatic fertilizers in India is increasing steadily, With the domestic production almost stagnant and the demand increasing, the supply deficit of final as well as raw material has to be met from imports.

To meet this challenge, the group has entered into an agreement with Jordan Phosphate Mines Company (JPMC), Jordan (A government undertaking) to import substantial quantity of Raw material to meet the growing demand and has also finalized supply arrangements with certain local manufacturers of fertilizers, to augment total fertilizer availability in our marketing territory through our own marketing channel.

Further, Company has started manufacturing of its rich value-added highly demanding products DAP & NPK Complex fertilizer variants in various regions in India with installed capacity of 120000 MTPA. The Financial Year 2024 would be full-fledged year of functioning of this new project.

**RISK & CONCERN**

Changes in Government policy, currency risk, fluctuation in input prices may have an impact on Company's profitability.

The Fertiliser industry is subject to Government regulations and dependent upon subsidy policies of the Government of India. The changes in such policies and higher dependence on subsidy may sometimes adversely affect the Company.

Possible non-availability of indigenous raw materials & fertilizers and their rising prices for non-urea fertilizers are matters of concern. Considering the Company's plans for higher imports. Increase in operating costs, mainly finance costs on working capital etc. may adversely affect profitability.

Our business is mostly dependent upon the growth of agriculture and Agri-products which are subject to substantial risks faced by the Monsoon in India. Weather condition such as delayed monsoon or less rainfall may affect our business. These are all factors which are beyond the control of the private enterprise and would continue to be a challenge.

**INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY**

The company has in place an adequate internal control system, which is commensurate with the size, scale and complexity of the company. The internal auditors independently evaluate the adequacy of internal controls and concurrently audit the majority of the transactions in value

terms. Independence of the audit compliance is ensured by the direct reporting of Internal Audit Division and Internal Auditors to the Audit Committee of the Board.

During the period under review the Internal Financial Control were tested and no reportable material weakness in the design or operation were observed.

## OPERATIONAL PERFORMANCE

During the year under review, company has reported a turnover of Rs. 491.49 Crore as against of Rs. 185.71 Crore growing by 164.65 % over last Financial Year and similarly Profit after tax at Rs. 57.11 Crore as against 20.24 crores in previous year was up by 186.61%.

## **INDEPENDENT AUDITOR'S REPORT**

### **TO THE MEMBERS OF MADHYA BHARAT AGRO PRODUCTS LIMITED**

#### **Report on the Audit of the Standalone Financial Statements**

##### **Opinion**

We have audited the accompanying standalone financial statements of **MADHYA BHARAT AGRO PRODUCTS LIMITED** (the "Company"), which comprise the Balance Sheet as at March 31<sup>st</sup>, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows year ended on that date, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31<sup>st</sup>, 2022, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

##### **Basis for Opinion**

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

##### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the

Context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

### **Information Other than the Financial Statements and Auditor's Report Thereon**

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Management's Responsibilities for the Standalone Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going Concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Report on Other Legal and Regulatory Requirements**

- 1) As required by Section 143(3) of the Act, based on our audit we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account.
  - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.

- e) On the basis of the written representations received from the directors as on March 31<sup>st</sup>, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31<sup>st</sup>, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure A”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company’s internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
  - i) The Company does not have any pending litigations which would impact its financial position;
  - ii) The Company did not have any long-term contracts including derivatives contracts for which there were any material foreseeable losses;
  - iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company and its subsidiary companies incorporated in India.
  - iv)
    - a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
  - c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
  - v) As stated in Note 13.2 to the standalone financial statements
    - a) The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with Section 123 of the Act, as applicable.
    - b) The Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable.
- 2) As required by the Companies (Auditor’s Report) Order, 2020 (“the Order”) issued by the Central Government in terms of Section 143(11) of the Act, we give in “Annexure B” a statement on the matters specified in paragraphs 3 and 4 of the Order.

## **ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT**

(Referred to in paragraph 1 (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of MADHYA BHARAT AGRO PRODUCTS LIMITED of even date)

### **Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of **MADHYA BHARAT AGRO PRODUCTS LIMITED** (the “Company”) as of March 31<sup>st</sup>, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### **Management’s Responsibility for Internal Financial Controls**

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the “ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditor’s Responsibility**

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting

### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal financial control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

## **ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT**

**(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of MADHYA BHARAT AGRO PRODUCTS LIMITED of even date)**

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

- i. In respect of the Company's Property, Plant and Equipment and Intangible Assets :
  - a)
    - (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and relevant details of right-of-use assets.
    - (B) The Company does not have any Intangible Assets.
  - b) The Company has a program of physical verification of Property, Plant and Equipment and right-of-use assets so to cover all the assets once every three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain Property, Plant and Equipment were due for verification during the year and were physically verified by the Management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
  - c) Based on our examination of the property tax receipts and lease agreement for land on which building is constructed, registered sale deed / transfer deed / conveyance deed provided to us, we report that, the title in respect of self-constructed buildings and title deeds of all other immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee), disclosed in the financial statements included under Property, Plant and Equipment are held in the name of the Company as at the balance sheet date.
  - d) The Company has not revalued any of its Property, Plant and Equipment (including right of-use assets) during the year.
  - e) No proceedings have been initiated during the year or are pending against the Company as at March 31st, 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- ii.
  - a) The inventories have been physically verified during the year by the management at reasonable intervals and in the opinion of the auditor, the coverage and procedure of such verification by the management is appropriate and no material discrepancy was noticed on such verification.
  - b) As disclosed in note 17.1 to the financial statements, the Company has been sanctioned working capital limits in excess of five crores rupees in aggregate from banks during the year on the basis of security of current assets of the Company. Based on the information and explanation given to

us and as represented by the person those charge with governance, we have not noticed any material variations in the quarterly returns or statements filed by the company with such banks or financial institutions with the books of account of the Company.

- iii. As per the information and explanations given to us and on the basis of the books of accounts, the company has not granted loans to any parties covered in the register maintained under section 189 of the Companies act, 2013. Thus clause iii (a), iii (b), iii(c) are not applicable.
- iv. The Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of loans granted, investments made and guarantees and securities provided, as applicable.
- v. The Company has not accepted any deposits or amounts which are deemed to be deposits within the meaning of the directives issued by the Reserve Bank of India, provisions of sections 73 to 76 of the Act, any other relevant provisions of the Act and the relevant rules framed thereunder.
- vi. We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148 of the Act, and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not carried out a detailed examination of the same.
- vii. In respect of statutory dues:
  - a) In our opinion, the Company has generally been regular in depositing undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues applicable to it with the appropriate authorities.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues in arrears as at March 31<sup>st</sup>, 2022 for a period of more than six months from the date they became payable.

- b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31<sup>st</sup>, 2022 on account of disputes are given below:

Name of the statue	Nature of dues	Amount (Rs. In Lakhs)	Period to which the amount relates (Financial Year)	Forum where dispute is pending
Demand raised by commercial tax department for Entry tax for the F.Y.2012-13	Sales Tax	3.72	2012-13	Appeal made to Appellate Authority ,APP DC Sagar Division

- viii. There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- ix.
- a) The Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender.
  - b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
  - c) On an overall examination of the financial statements of the Company, term loans were applied for the purpose for which the loans were obtained.
  - d) On an overall examination of the financial statements of the Company, funds raised on short term basis have, prima facie, not been used during the year for long-term purposes by the Company.
  - e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.
  - f) The Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies, and hence reporting on clause 3(ix)(f) of the Order is not applicable.
- x.
- a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x) (a) of the Order is not applicable.
  - b) The Company has not made any preferential allotment or private placement of shares or fully or partly paid convertible debentures and hence reporting under clause 3 (x) (b) of the Order is not applicable to the Company.
- xi.
- a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
  - b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.

- c) We have taken into consideration the whistle blower complaints received by the Company during the year (and up to the date of this report), while determining the nature, timing and extent of our audit procedures.
- xii. The Company is not a Nidhi Company and hence reporting under clause 3 (xii) of the Order is not applicable.
- xiii. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- xiv. a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.  
b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- xv. In our opinion during the year the Company has not entered into any non-cash transactions with its Directors or persons connected with its directors. And hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi. a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi) (a), (b) and (c) of the Order is not applicable.  
b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi) (d) of the Order is not applicable.
- xvii. The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors of the Company during the year.
- xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities

falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- xx.
- a) There are no unspent amounts towards Corporate Social Responsibility (CSR) accordingly, reporting under clause 3(xx) (a) of the Order is not applicable for the year.
  - b) There are no unspent amounts towards Corporate Social Responsibility (CSR) in respect of any ongoing project accordingly, reporting under clause 3(xx) (b) of the Order is not applicable for the year.
- xxi. Since this report is in relation to standalone financial statements accordingly, reporting under clause 3(xxi) of the Order is not applicable for the year.

**1.1 Basis of Preparation of Financial Statements:**

**A. Statement of compliance:**

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 ("the Act") [Companies (Indian Accounting Standards) Rules, 2015] Companies (Indian Accounting Standards) Amendment Rules, 2016.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

These Ind AS had been adopted w.e.f. 1<sup>st</sup> April, 2018 as notified by Ministry of Corporate Affairs under the Companies (Indian Accounting Standards) Rules, 2015.

The Financial Statements includes Balance Sheet as at 31<sup>st</sup> March, 2022, the Statement of Profit & Loss including Other Comprehensive Income, Cash Flows Statement, and Statement of Change in Equity for the year ended 31<sup>st</sup> March, 2022 and significant accounting policy and other explanatory information.

**B. Functional and presentation currency**

These financial statements are presented in Indian Rupees (INR), which is the Company's functional currency. All financial information presented in INR has been rounded off to the nearest Lakhs, except as stated otherwise.

**C. Basis of measurement**

The financial statements have been prepared under the historical cost convention on accrual basis. The following items are measured on each reporting date as under:

- Defined benefit plans - plan assets at fair value

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

**D. Recent pronouncements**

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23<sup>rd</sup>, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below.

## NOTES TO THE FINANCIAL STATEMENT FOR THE YEAR ENDED MARCH 31<sup>st</sup>, 2022

**Ind AS 16 – Property Plant and Equipment** - The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after April 1<sup>st</sup>, 2022. The Company has evaluated the amendment and there is no impact on its consolidated financial statements.

**Ind AS 37 – Provisions, Contingent Liabilities and Contingent Assets** – The amendment specifies that the ‘cost of fulfilling’ a contract comprises the ‘costs that relate directly to the contract’. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after April 1<sup>st</sup>, 2022, although early adoption is permitted. The Company has evaluated the amendment and the impact is not expected to be material.

### **E. Use of estimates and judgements**

The preparation of the financial statements in conformity with Ind AS requires the management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period.

The application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in Note no. 1.2.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the standalone financial statements.

### **1.2 Use of Critical Judgments, Estimates and Assumptions**

The preparation of the Company’s financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, the accompanying disclosures, and the disclosure of contingent liabilities.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to carrying amounts of assets and liabilities within the next financial years are described below. The Company based its assumptions and estimates or parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

**A. Useful life of property, plant and equipment and Intangible assets**

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life.

The useful life and residual values of Company's assets are determined by management at the time the asset is acquired. The life is based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

**B. Employee benefits**

Defined benefit plans and other long-term benefits are evaluated with reference to uncertain events and based upon actuarial assumptions including among others discount rates, expected rates of return on plan assets, expected rates of salary increases, estimated retirement dates, mortality rates. The significant assumptions used to account for Employee benefits are described in Note no M.

**C. Revenue recognition**

The Company assesses the services promised in a contract and identifies distinct performance obligations in the contract. Judgement is also required to determine the transaction price for the contract. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations. The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time.

**D. Leases**

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

**E. Loss allowance for receivables**

The Company determines the allowance for credit losses based on historical loss experience adjusted to reflect current and estimated future economic conditions. The Company considered current and anticipated future economic conditions relating to industries the Company deals with and the countries where it operates. In calculating expected credit loss, the Company has also considered credit reports and other related credit information for its customers to estimate the probability of default in future and has taken into account estimates of possible effect from the pandemic relating to COVID -19.

**F. Taxes**

Deferred tax assets are recognized for unused tax credits to the extent that it is probable that taxable profit will be available against which the losses can be utilized. Significant management judgment is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

**G. Contingencies**

On an ongoing basis, Company reviews pending cases, claims by third parties and other contingencies and obligations. Obligations relating to Project Executions is largely depends upon performance of services by respective contractors. For contingent losses that are considered probable, an estimated loss is recorded as an accrual in financial statements. Loss contingencies that are considered possible are not provided for but disclosed as Contingent liabilities in the financial statements. Contingencies the likelihood of which is remote are not disclosed in the financial statements. Gain contingencies are not recognised until the contingency has been resolved and amounts are received or receivable.

**2. SIGNIFICANT ACCOUNTING POLICIES:**

**A. Current and non-current classification**

Any asset or liability is classified as current or non-current based on Company's normal- operating cycle and other criteria as set out in the Division II of schedule III to the Companies Act, 2013.

Asset/ Liability is classified as current, if it satisfies any of the following conditions:

- the asset/liability is expected to be realized/settled in the Company's normal operating cycle;
- the asset is intended for sale or consumption;
- the asset/liability is held primarily for the purpose of trading;
- the asset/liability is expected to be realized/settled within twelve months after the reporting period;
- the asset is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date;
- In the case of a liability, the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

All other assets/ liabilities are classified as noncurrent.

For the purpose of current/non-current classification of assets and liabilities, the Company has ascertained its normal operating cycle as twelve months. This is based on the nature of product and the time between the acquisition of assets or inventories for processing and their realization in cash and cash equivalents.

**B. Property, plant and equipment (PPE)**

An item of property, plant and equipment is recognised as an asset if it is probable that the future economic benefits associated with the item will flow to the Company and its cost can be measured reliably. This recognition principle is applied to the costs incurred initially to acquire an item of property, plant and equipment and also to the costs incurred subsequently to add to, replace part of, or service it. All other repair and maintenance costs, including regular servicing, are recognised in the statement of profit and loss as incurred. When a replacement occurs, the carrying value of the replaced part is de-recognised. Where an item of property, plant and equipment comprises major components having different useful life's, these components are accounted for as separate items.

All other items of property, plant and equipment are stated at acquisition cost net of accumulated depreciation and accumulated impairment losses, if any. The cost of an item of property, plant and equipment comprises of its purchase price including import duties and other non-refundable purchase taxes or levies, directly attributable cost of bringing the asset to its working condition for

## NOTES TO THE FINANCIAL STATEMENT FOR THE YEAR ENDED MARCH 31<sup>st</sup>, 2022

its intended use and the initial estimate of decommissioning, restoration and similar liabilities, if any. Any trade discount or rebate is deducted in arriving at the purchase price. Cost includes cost of replacing a part of a plant and equipment if the recognition criteria are met.

Items such as spare parts, stand-by equipment and servicing equipment that meet the definition of property, plant and equipment are capitalized at cost and depreciated over their useful life. Costs in nature of repairs and maintenance are recognized in the statement of profit and loss as and when incurred.

Capital work-in-progress includes cost of property, plant and equipment not ready for the intended use as at the balance sheet date. Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date is classified as 'capital advances' under other non-current assets.

The cost and related accumulated depreciation are eliminated from the Financial Statements upon sale or retirement of the property, plant and equipment and the resultant gains or losses are recognised in the statement of profit and loss. Property, plant and equipment to be disposed of are reported at the lower of the carrying value or the fair value less cost of disposal.

The Company had elected to continue with the carrying value of all of its property, plant and equipment appearing in the financial statements prepared as per accounting standards notified under section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014 (Generally Accepted Accounting Standards "Previous GAAP") as the deemed cost of the property, plant and equipment in the opening balance sheet under Ind As effective 1st April, 2018.

### C. Depreciation and amortization

Depreciation method, estimated useful life's and residual values are determined based on technical parameters / assessment, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.

The estimated useful life of Property, Plant & Equipment are as follows:

Assets	Useful life (Years)
Buildings	30 -60
Plant and Machinery	8 -20
Office Equipment	5
Furniture & Fixtures	10
Vehicles	8 -10
Computers	3
Energy Saving Equipment	15
Pollution Control Equipment	15
Electric Installations	10

## NOTES TO THE FINANCIAL STATEMENT FOR THE YEAR ENDED MARCH 31<sup>st</sup>, 2022

The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the Property, Plant and Equipment are likely to be used.

Depreciation on property, plant and equipment is provided on pro rata basis using the straight-line method based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013 in consideration with useful life of the assets as estimated by the management.

Depreciation on an item of property, plant and equipment sold, discarded, demolished or scrapped, is provided up to the date on which such item of property, plant and equipment is sold, discarded, demolished or scrapped.

The estimated useful life's, residual values and methods of depreciation of property, plant & equipment are reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate and adjusted prospectively, if any.

The Company had reassess the useful life of unit-1 plant & machinery and building whose useful life was reduce due to wear & tear , company reassess the reduce life as per analysis of mechanical chartered engineer also take certificate from them (refer note 3.4).

### **D. Impairment of assets**

As at the end of each accounting year, the Company reviews the carrying amounts of its property, plant and equipment (PPE) and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If such indication exists, the said assets are tested for impairment so as to determine the impairment loss, if any. The intangible assets with indefinite life are tested for impairment each year.

Impairment loss is recognized when the carrying amount of an asset exceeds its recoverable amount. Recoverable amount is determined:

- a) In the case of an individual asset, at the higher of the net selling price and the value in use; and
- b) In the case of a cash generating unit (a group of assets that generates identified, independent cash flows), at the higher of the cash generating unit's net selling price and the value in use.

The amount of value in use is determined as the present value of estimated future cash flows from the continuing use of an asset and from its disposal at the end of its useful life.

For this purpose, a cash generating unit is ascertained as the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or groups of assets.

When an impairment loss subsequently reverses, the carrying amount of the asset (or cash generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss is recognized for the asset (or cash generating unit) in prior years. A reversal of an impairment loss is recognized immediately in the Statement of Profit and Loss.

### **E. Leases:**

#### **As a Lessee**

The Company implemented a single accounting model as per Ind AS 116, requiring lessees to recognize assets and liabilities for all leases excluding exceptions listed in the standard. The Company elected to apply exemptions to short term leases or for leases for which the underlying asset is of low value.

## NOTES TO THE FINANCIAL STATEMENT FOR THE YEAR ENDED MARCH 31<sup>st</sup>, 2022

Based on the accounting policy applied the Company recognizes a right-of-use asset and a lease liability at the commencement date of the contract for all leases conveying the right to control the use of an identified assets for a period of time. The commencement date is the date on which a lessor makes an underlying asset available for use by a lessee.

The right-of-use assets are initially measured at cost, which comprises:

- The amount of the initial measurement of the lease liability,
- Any lease payments made at or before the commencement date, less any lease incentives,
- Any initial direct costs incurred by the lessee,
- An estimate of costs to be incurred by the lessee in dismantling and removing the underlying assets or restoring the site on which the assets are located.

After the commencement date the right-of-use assets are measured at cost less any accumulated depreciation and any accumulated impairment losses and adjusted for any re-measurement of the lease liability. Depreciation is calculated using the straight-line method over the shorter of lease term or useful of underlying assets.

The lease liability is initially measured at the present value of the lease payments that are not paid at that date. These include:

- fixed payments, less any lease incentives receivable;
- Variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- Amounts expected to be payable by the lessee under residual value guarantees;
- The exercise price of a purchase option if the lessee is reasonably certain to exercise that option; and
- Payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease.

The lease payments exclude variable elements which are dependent on external factors. Variable lease payments not included in the initial measurement of the lease liability are recognized directly in the profit and loss. The lease payments are discounted using the Company's incremental borrowing rate or the rate implicit in the lease contract.

### **F. Financial instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

#### **i) Financial assets**

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition and adjusted for transaction costs that are attributable to the acquisition or issues of financial assets and financial liabilities in case of financial assets or financial liabilities not at fair value through profit or loss account.

Where the fair value of financial assets and financial liabilities at initial recognition is different from its transaction price, the difference between the fair value and transaction price is recognised in the statement of profit and loss.

However, trade receivables that do not contain a significant financing component are initially measured at transaction price.

Financial assets are subsequently classified as measured at:

- amortized cost
- fair value through profit and loss (FVTPL)
- fair value through other comprehensive income (FVTOCI)

**i. Financial assets measured at amortised cost**

A financial asset is subsequently measured at amortised cost if both of the following conditions are met:

- If it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows, and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

This category applies to trade receivables, loans and other financial assets of the Company measured using the Effective Interest Rate (EIR) method less impairment, if any, and the amortisation of EIR and loss arising from impairment, if any is recognised in the statement of profit and loss.

**ii. Financial assets measured at fair value**

A financial asset is measured at fair value through other comprehensive income if both of the following conditions are met:

- If it is held within a business model whose objective is to hold these assets in order to collect contractual cash flows and to sell these financial assets, and
- The contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair value movements are recognised in the other comprehensive income.

A financial asset not classified as either amortised cost or at fair value through other comprehensive income is carried at fair value through the statement of profit and loss.

**De-recognition of Financial Assets**

A financial asset is de-recognised only when

- The contractual rights to cash flows from the financial asset expire;
- The Company has transferred the contractual rights to receive cash flows from the financial asset or;
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is de-recognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not de-recognised.

Where the entity has neither transferred a financial asset nor retained substantially all risks and rewards of ownership of the financial asset, the financial asset is de-recognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

**Impairment of financial assets**

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through the statement of profit and loss.

## NOTES TO THE FINANCIAL STATEMENT FOR THE YEAR ENDED MARCH 31<sup>st</sup>, 2022

Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL.

### ii) Financial liabilities

All financial liabilities are subsequently measured at amortized cost using the effective interest method.

### Classification as debt or equity

Debt and equity instruments issued by a Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

### Equity Instrument

An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its liabilities. Equity instruments issued by the Company are recognized at the proceeds received, net of direct issue costs.

### Financial Liability

Trade and other payables are initially measured at fair value, net of transaction costs and are subsequently measured at amortised cost using the effective interest rate method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the statement of profit and loss.

Interest bearing loans and overdrafts are initially measured at fair value, and are subsequently measured at amortised cost using effective interest rate method. Any difference between proceeds (net of transaction cost) and the settlement amount of borrowing is recognised over the terms of the borrowings in the statement of profit and loss.

### De-recognition of Financial liabilities

A financial liability is de-recognised when the obligation specified in the contract is discharged, cancelled or has expired.

### iii) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

## G. Fair value measurement

The Company measures financial instruments at fair value in accordance with the accounting policies mentioned above.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value

## NOTES TO THE FINANCIAL STATEMENT FOR THE YEAR ENDED MARCH 31<sup>st</sup>, 2022

measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability and the Company has access to the principal or the most advantageous market.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy that categorizes into three levels, described as follows: -

- Level 1 - quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly
- Level 3 - inputs that are unobservable for the asset or liability

For assets and liabilities that are recognized in the financial statements at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization at the end of each reporting period and discloses the same.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and the risks of the asset or liability and the level of the fair value hierarchy as explained above. This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

### **H. Borrowing costs**

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of the assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in statement of profit and loss in the period in which they are incurred.

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

### **I. Income tax**

Income tax expense for the year comprises current tax and deferred tax.

#### **Current tax**

Current tax is the amount of income tax payable in respect of taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible.

## NOTES TO THE FINANCIAL STATEMENT FOR THE YEAR ENDED MARCH 31<sup>st</sup>, 2022

Current tax is determined on the basis of taxable income and tax credits computed for Company, in accordance with the Income-tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdiction where the Company operates. The tax rates and tax laws used to compute the amount are those that are enacted at the reporting date.

### **Deferred tax**

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax base used in the computation of taxable profit under the IT Act.

Deferred tax liabilities are generally recognized for all taxable temporary differences. However, in case of temporary differences that arise from initial recognition of assets or liabilities in a transaction (other than business combination) that affects neither the taxable profit nor the accounting profit, deferred tax liabilities are not recognized.

Deferred tax assets (including unused tax credits such as MAT credit) are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. However, in case of temporary differences that arise from initial recognition of assets or liabilities in a transaction (other than business combination) that affect neither the taxable profit nor the accounting profit, deferred tax assets are not recognized. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on the tax rates and tax laws in force. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to cover or settle the carrying value of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT credit is recognized as deferred tax asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realized. Minimum Alternative Tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period.

Current and deferred tax are recognized in statement of profit and loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

## NOTES TO THE FINANCIAL STATEMENT FOR THE YEAR ENDED MARCH 31<sup>st</sup>, 2022

### J. Inventories

Raw Materials, Packing Materials, Consumable Stores and Spares including Fuel and Finished goods are valued at the lower of cost or net realizable value as under:

( i )	Raw materials, Packing materials, Stores and Spares including Fuel	At Cost on FIFO basis
( ii )	Stock in trade and Finished Goods	At Cost plus appropriate overheads

The cost of purchase comprises of the purchase price including duties and taxes (other than those subsequently recoverable by the Company from the taxing authorities), freight inward and other expenditure directly attributable to the acquisition but net of trade discount, rebates, and other similar items.

The cost of Inventories of finished goods comprises the cost of purchases, the cost of conversion and the cost of packing materials.

The cost of conversion comprises of depreciation and repairs and maintenance of plant and machineries, power and fuel, factory management and administration expenses and consumable stores and spares.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated cost to make sale.

### K. Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

### L. Foreign currency translation

The functional currency and presentation currency of the Company is Indian Rupee.

Transactions denominated in foreign currencies entered into by the Company are recorded in the functional currency (i.e. Indian Rupees), by applying the exchange rate prevailing on the date of transaction.

Foreign currency denominated monetary items is restated at the closing exchange rates.

Non-monetary items are recorded at exchange rate prevailing on the date of transaction. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is measured.

Exchange differences arising out of these translations are recognized in the statement of profit and loss.

The forward exchange contracts are marked to market and gain/loss on such contracts are recognised in the statement of profit and loss at the end of each reporting period.

### M. Employee benefits

#### i) Short-term benefits:

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits and they are recognized in the period in which the employee renders the related service. The Company recognizes the undiscounted amount of short-term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

**ii) Post-employment benefits:**

**i. Defined benefit plan**

Gratuity liability is a defined benefit obligation and is provided for on the basis of actuarial valuation on Project Unit Credit Method made at the end of each financial year. The scheme is maintained and administered by Life Insurance Corporation of India to which the Company makes periodical contributions through its trustees.

Remeasurement actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur directly in other comprehensive income. They are included in retained earnings in the statement if changes in equity and in the balance sheet.

**ii. Defined contribution plan**

A Defined Contribution Plan is plan under which the Company makes contribution to Employee's Provident Fund administrated by the Central Government. The Company's contribution is charged to the statement of profit and loss.

**iii) Other long-term employee benefits - Leave Salary**

The liability towards leave salary which is not expected to be settled wholly within 12 months after the end of the period in which the employees render the related services is recognized based on actuarial valuation carried out using the Projected Unit Credit Method.

The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the Code will come into effect has not been notified. The Company will assess the impact of the Code when it comes into effect and will record any related impact in the period the Code becomes effective.

**N. Provision and contingent liabilities**

The Company sets up a provision when there is a present legal or constructive obligation as a result of a past event and it will probably require an outflow of resources to settle the obligation and a reliable estimate can be made. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the obligation.

A disclosure for a contingent liability is made where there is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or where reliable estimate of the obligation cannot be made. Contingent liabilities are disclosed on the basis of judgment of the management/ independent experts. These are reviewed at each balance sheet date and are adjusted to reflect the current management estimate.

**O. Revenue recognition:**

Revenue from contracts with customer is recognized when the Company satisfies a performance obligation by transferring the promised goods or services to a customer at a transaction price. The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer as per contract, excluding amount of taxes collected on behalf of the government. The transaction price is adjusted of trade discount, cash discount, volume rebate and other variable considerations as per the terms of contract.

**a. Sale of Goods**

Revenue from sale of products is recognised at a point in time when the control on the goods have been transferred to a customer i.e. when material is delivered to the customer or as per shipping terms, as may be specified in the contract.

**b. Government Subsidy**

Subsidy has been recognized by the Company on the basis of the notification received from the ministry of Chemicals and fertilizers from time to time.

**c. Other Operating Revenue**

- i. Interest income is accrued on a time proportion basis, by reference to the principal outstanding and the applicable interest rates.
- ii. Claim lodged with insurance companies is recognized as income on acceptance by the insurance Companies.
- iii. Rental income is recognised in the statement of profit and loss on straight line basis.

**P. Segment accounting**

The Managing Directors monitor the operating results of the business Segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the financial statements.

The Operating segments have been identified on the basis of the nature of products.

- i. Segment revenue includes sales and other income directly identifiable with/ allocable to the Segment.
- ii. Expenses that are directly identifiable with / allocable to segments are considered for determining the segment result.
- iii. Expenses which relate to the Company as a whole and not allocable to segments are included under unallocable expenditure.
- iv. Income which relates to the Company as a whole and not allocable to segments is included in unallowable income.
- v. Segment result represent the profit before interest and tax earned by each segment without allocation of central administrative costs.
- vi. Segment assets and liabilities include those directly identifiable with the respective segments. Unallocable assets and liabilities represent the assets and liabilities that relate to the Company as a whole and not allocable to any segment.

## NOTES TO THE FINANCIAL STATEMENT FOR THE YEAR ENDED MARCH 31<sup>st</sup>, 2022

The Company has disclosed Business Segments as its primary segments. Reporting segments have been identified as Fertilizers and Chemicals, taking into accounts the nature of product, the different risk and returns, the organizational structure and the internal reporting system.

The Company caters mainly to the need of domestic market. The direct export turnover is Nil during the year. As such there are no reportable geographical segments.

### **Inter-Segment transfer pricing**

Segment revenue resulting from transactions with other business segments is accounted on the basis of transfer price agreed between the segments. Such transfer prices are either determined to yield a desired margin or agreed on a negotiated basis and are on an arm's length basis in a manner similar to transactions with third parties.

These transfers are eliminated in consolidation.

### **Q. Earnings per share**

Basic earnings per equity share is computed by dividing the net profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the financial year.

Diluted earnings per equity share is computed by dividing the net profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

### **R. Statement of cash flow**

Cash flows are reported using the indirect method prescribed in Ind AS 7 'Statement of Cash Flows', whereby profit for the year is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash to be cash equivalents.

**II. Financial risk management****The Company has exposure to the following risks arising from financial instruments:**

- credit risk;
- liquidity risk; and
- Market risk

**i. Risk management framework**

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors has established the processes to ensure that executive management controls risks through the mechanism of property defined framework.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk

## NOTES TO THE FINANCIAL STATEMENT FOR THE YEAR ENDED MARCH 31<sup>st</sup>, 2022

management policies and systems are reviewed by the board annually to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Company's Audit Committee oversees compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The Audit Committee is assisted in its oversight role by Internal Audit. Internal Audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the Audit Committee.

### ii. **Credit risk**

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company is exposed to credit risk for trade receivables and financial guarantees for dealers, derivative financial instruments and other financial assets.

The Company assess the counter party before entering into transactions and wherever necessary supplies are made against advance payment. The Company on continuous basis monitor the credit limit of the counter parties to mitigate or minimise the credit risk.

The carrying amount of following financial assets represents the maximum credit exposure:

#### **Trade and other receivables**

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk of the industry and country in which customers operate.

The Company Management has established a credit policy under which each new customer is analysed individually for creditworthiness before the Company's standard payment and delivery terms and conditions are offered. The Company's review includes market check, industry feedback, past financials and external ratings, if they are available, and in some cases bank references.

Based on the credit aging of individual customer, the management considers that no provision on such receivables has been recognised as on the reporting date.

### iii. **Liquidity risk**

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Management monitors rolling forecasts of the Company's liquidity position on the basis of expected cash flows. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of surplus funds, bank loans and inter corporate loans.

### iv. Market risk

Market risk is the risk that changes in market prices such as foreign exchange rates, interest rates and commodity prices which will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market exposures within acceptable parameters, while optimising the return.

## NOTES TO THE FINANCIAL STATEMENT FOR THE YEAR ENDED MARCH 31<sup>st</sup>, 2022

### Foreign currency risk

Foreign currency risk is the risk of impact related to fair value or future cash flows of an exposure in foreign currency, which fluctuate due to changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to import of raw materials. When a derivative is entered for the purpose of being a hedge, the Company negotiates the terms of those derivatives to match the terms of the hedged exposure.

The Company evaluates exchange rate exposure arising from foreign currency transactions. The Company follows established risk management policies and standard operating procedures.

### Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's short-term borrowing. The Company constantly monitors the credit markets and rebalances its financing strategies to achieve an optimal maturity profile and financing cost.

The exposure of the Company's financial liabilities to interest rate risk based on liabilities as at reporting date is as follows:

Particulars	Impact on profit before tax	
	2021-22	2020.21
Increase in interest rate by 100 basis points	(61.44)	(42.29)
Decrease in interest rate by 100 basis points	61.44	42.29

### Commodity price risk

Commodity price risk for the Company is mainly related to fluctuations of raw materials prices linked to various external factors, which can affect the production cost of the Company. Company actively manages inventory and in many cases sale prices are linked to major raw material prices. To manage this risk, the Company enters into long-term supply agreement for Raw Material, identifying new sources etc. Additionally, processes and policies related to such risks are reviewed and managed by senior management on continuous basis.

## 33. CAPITAL MANAGEMENT

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to ensure that it maintains an efficient capital structure and healthy capital ratios in order to support its business and maximize shareholder value.

The Company manages its capital so as to safeguard its ability to continue as a going concern and to optimise returns to shareholders. The capital structure of the Company is based on management's judgement of its strategic and day-to-day needs with a focus on total equity so as to maintain investor, creditors and market confidence. The management and the Board of Directors monitors the return on capital as well as the level of dividends to shareholders. The Company may take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

The Company monitors capital using a gearing ratio, which is calculated by dividing Net Debt from the Equity. The Company includes within Net Debt, interest bearing loans and borrowings less cash and short-term deposits (including other bank balance) and under Equity, the Equity Share Capital plus other Equity (excluding Preference Share Capital) is considered:

	1-5 Years	24.04	8.94
	Beyond 5 Years but up to 10 Years	21.52	6.68

1. The Weighted average duration of the defined benefit plan obligation at the end of the reporting period is 9.23 Years.
2. The sensitivity analysis above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period. The sensitivity analysis may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated. Furthermore, in presenting the above sensitivity analysis the present value of defined benefit obligation has been calculated using the projected unit credit method.

**J) Description of Risk Exposures:**

Valuations are based on certain assumptions, which are dynamic in nature and vary over time. As such Company is exposed to various risks as follows –

- Salary Increases: - Actual salary increases will increase the Plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.
- Investment Risk: - If Plan is funded then assets liabilities mismatch and actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.
- Discount Rate: - Reduction in discount rate in subsequent valuations can increase the plan's liability.
- Mortality & disability: - Actual deaths and disability cases proving lower or higher than assumed in the valuation can impact the liabilities.
- Withdrawals: - Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact Plan's liability.
