From the Chairman's Desk

Dear Stakeholders,

On behalf of Shrenik Limited, I extend my warmest greetings to you. I hope you and your family are safe and in good health.

It gives me great pleasure to present the Company's 10th Annual Report for FY 2021-22 and at the outset I would like to express gratitude to each one who has stood by us through the thick and thin, especially during the pandemic times.

The year 2021-22 started on a challenging note with the devastating second Covid-19 wave, affecting lives and businesses at a large scale. But through all of it, our organisational resilience was strengthened, and we became better prepared to combat challenges. The year 2021-22 may forever be remembered as amongst the most uncertain fiscal because of the pandemic and later the geopolitical conflict. We wish to find reasons to be hopeful. Company's business continued to face the negative impact of Covid -19 during the financial year 2021-22.

Our Company's financial performance in 2021-22 declined because of an educational institutions remained closed for instance, resulted in a drop in the demand for the papers. Further offices opened partially and several organizations have now moved permanently to a hybrid model with employees coming to office by rotation and working remotely on other days. Those factors are adversely impact on the performance of the Company.

The Company addressed multiple challenges during the year, comprising a decline in the demand for paper on account of the pandemic, logistical bottlenecks, massive increase in purchasing paper costs due to increase in the cost of all raw material that stretched working capital requirements and increased freight costs that influenced the business in various ways. The depressed market scenario due to pandemic situation since March, 20, both inward and outward supply chains of paper industry has been totally disrupted.

Your Company's philosophy is to achieve long- term value to serve the best interest of all stakeholder-shareholders, customers, employees, Government and the society. We are optimistic about the long term outlook and grow our business as and when the economic situation revives and re-emerges.

Lastly, I would like to thank our Customers, Vendors and Stakeholders as well as Banks and Financial Intermediaries for their unwavering support, confidence and trust they have reposed in us. With your blessing and support, we will definitely create milestones and make you proud of your Company.

With Warm Regards,

Shrenik Vimawala
Chairman and Managing Director

MANAGEMENT DISCUSSION AND ANALYSIS

Global Economy

The global economy is still recovering from the challenges caused by the COVID-19 pandemic. Though the larger population is now vaccinated, travel restrictions have eased, and businesses are returning to normalcy, the risks loom large for another wave with new variants emerging and governments imposing restrictions like partial/complete lockdown and renewed travel restrictions. The Covid-19 pandemic, the war in Ukraine and rising global inflation may severely set back the global recovery, slowing growth considerably.

The post-Covid-19 pandemic recovery is hit by potentially huge global supply chain disruption leading to slow growth and pushing up inflation. High energy prices are likely to add to industry costs. With most countries lifting policy rates, risks to financial stability, emerging market and developing economies' capital flows, currencies, and fiscal positions, especially with debt levels increased significantly in the past two years, may emerge.

Global growth is projected to slow from an estimated 6.1 percent in 2021 to 3.6 percent in 2022 and 2023. This is 0.8 and 0.2 percentage points lower for 2022 and 2023 than projected in January 2022, World Economic Outlook.

The inflation forecast is subject to high uncertainty, principally related to the war and the pandemic. Inflation is expected to remain elevated for longer, driven by war-induced commodity price increases and broadening price pressures. For 2022, inflation is projected at 5.7 percent in advanced economies and 8.7 percent in emerging markets.

Indian Economy

The Indian economy passing through one of the volatile periods in living memory. In line with the global economy, India witnessed major economic disruptions in due to the outbreak of COVID-19. Prolonged lockdown exacerbated existing vulnerabilities of the country including the weakened financial sector, private investments, liquidity constraints and consumption demand. The contraction in GDP seen in many countries, including India, was because of reduced economic activity and restricted mobility, due to COVID-19 as people curtailed discretionary spending and focused on essentials and precautionary savings due to the level of uncertainty. An accommodative monetary policy from the Reserve Bank of India (RBI) and fiscal policy interventions by the central government, coupled with the gradual reopening of the economic activities gradually, have led to a sequential recovery in economic output. The pandemic affected both demand and supply. According to NCAER, Exports and imports both declined as a result of reduced consumer and industrial demand.

Economic Survey predicted a GDP growth of 8.0-8.5% for the financial Year 2022-23.

A. Industry structure and developments

Indian paper industry

The paper and paperboard segments of India are expected to grow at a CAGR of 5.5% during the forecast period of 2021-2026. During the COVID-19 pandemic, the Indian e-commerce industry witnessed significant growth due to restrictions imposed on people's movement and the shutdown of physical stores. People all throughout the country are increasingly buying groceries, meals, and other everyday necessities online. As the e-commerce and retail industries are among the country's largest users of paper and paperboard solutions, such developments are projected to increase demand for sustainable packaging solutions. With vaccination reaching the majority of the people in India, schools and colleges have resumed offline classes and this would push the demand for paper & paper products like sheets, cut size paper, Writing & Printing paper etc. Also with rapid urbanization, the rate of literacy is increasing quickly which provides a massive growth opportunity for the paper industry.

B. Opportunities and Threats

SWOT Analysis of Paper Industry in India

Strengths	<ul style="list-style-type: none"> E-commerce sector growth strengthened the demand for packaging solutions Growing needs for paper packaging segment, with applications across industries like healthcare, personal care, homecare, retail and others. New market outlets stemming from a rising middle-class in emerging markets Rising demand for hygiene products Recyclability of Waste Paper High employability
Weaknesses	<ul style="list-style-type: none"> Inability to address rising investment costs Industrial sickness Fragment nature of industry having small and unorganized industry players Decrease in forested areas High water requirement
Opportunities	<ul style="list-style-type: none"> Higher penetration of online sales channels Increase literacy is driving higher writing & printing paper consumption in developing economies. Focus on amplified consumerism and increase in organized retail Increase in packaging needs increases demand for paper Government emphasis on avoid plastic packaging and to promote Biodegradable packaging to provide impetus to the packaging industry.
Threats	<ul style="list-style-type: none"> Increasing digitalization has had an adverse impact on paper demand Internal factors and government policies/Regulatory Change, Tough competition. Increasing competition from electronic media and digitalization Technological obsolescence Cyclical nature of the paper industry Trends like- Work from home, Online education accelerating the pace of digitalization COVID-19 outbreak pandemic affecting demand

C. Segment-wise or product-wise performance

Shrenik's business is divided into five categories: Coated Paper, Uncoated Maplitho Paper, Copier Paper, Duplex Board and Folding boxboard.

Shrenik has developed its own brand namely:

1. Shrenik Premium Copier Paper
2. Shrenik Premium Digital Paper

The Shrenik is focused on serving customers with high quality papers. During the year under review, the Company has reported turnover of ₹ 64,10,29,581/- as compared to ₹ 3,68,46,14,382/- in the previous year, which is decreased compared to previous year. The drop in revenue was on account of lower sales volume and lower price realization due to the disruptions caused by the Covid-19 pandemic.

D. Outlook

The Company expects financial year 2022-23 to be a challenging year due to a few reasons. The new variants of the corona virus which may cause a slowdown in some sectors and disrupt global supply chains especially from China. The Indian paper industry has close linkages with economic growth. The Paper Industry is cyclical in nature and its performance depends on the paper demand supply situation. The paper industry holds immense potential for growth in India as per capita consumption is one of the lowest in the world. Around 15% of the world population stays in India but consumes only 5% of the total produced in the world.

The increasing use of electronic media for communication and learning is leading to a slowdown in the growth of paper consumption for writing and printing. Covid-19 has unleashed major changes like work from home and distance learning. Some of these changes are irreversible and are likely to impact the usage of paper going forward. However, with a large and growing young population, the need for textbooks and notebooks is expected to continue. The emphasis on education and literacy coupled with growth in organized retail and demand for better quality paper are major drivers of growth.

In spite of the continual focus on digitization, India's requirement for paper is anticipated to rise, principally due to a sustained boost in the number of school-going children in rural areas and with vaccination reaching the majority of the people in India, schools and colleges have resumed offline classes and this would push the demand for paper & paper products like sheets, cut size paper, Writing & Printing paper etc. Also with rapid urbanisation, the rate of literacy is increasing quickly which provides a massive growth opportunity for the paper industry. Growing consumerism, modern retailing, rising literacy and the growing use of documentation will continue to increase the demand for writing and printing paper.

E. Risks and Concerns

The Company has put in place Proper controls, which are reviewed at regular intervals to ensure that transactions are properly authorized & correctly reported and assets are safeguarded. The Audit Committee of the Board of Directors periodically reviews the adequacy and efficacy of internal control systems and suggests improvement for strengthening these. The Internal Control Systems are implemented to safeguard the Company's assets from loss or damage.

In addition to above, the Company has formulated a Vigil Mechanism and Whistle Blower Policy for its Directors and Employees of the Company for reporting genuine concern about unethical practices and suspected mal-practices.

G. Discussion on financial performance with respect to operational performance

As a result of the challenges faced during the year under review, the total income of the Company was ₹ 64,10,29,581/- as compared to ₹ 3,68,46,14,382/- in the previous year. Despite all the efforts of the Management, the Company has reported a loss of ₹ 14,65,69,233 and the loss after tax was ₹ 14,38,85,228.

The drop in revenue was on account of lower sales volume and lower price realization due to the disruptions caused by the Covid-19 pandemic, as Company's business continued to face the negative impact of Covid -19 during the financial year 2021-22. The Directors are optimistic about future performance of the Company once the impact of the Covid pandemic recedes.

INDEPENDENT AUDITOR'S REPORT

To
The Members of
SHRENIK LIMITED

Report on the Financial Statements**Opinion**

We have audited the Financial Statements of SHRENIK LIMITED ("the Company"), which comprise the Balance Sheet as at 31st March 2022, and the Statement of Profit and Loss, Cash Flow Statement and notes to the financial statements, including a summary of significant accounting policies and other explanatory information for the year ended on 31st March, 2022.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022 and profit/loss and its cash flow for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibility of Management for Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in Paragraph 2(f) under ‘Report on Other Legal and Regulatory requirements’ of our report of even date)
Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of SHRENİK LIMITED (“the Company”) as of 31st March 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
