Overview

Incorporated in 2002, our Company M/s. Agro Phos (India) Limited is an ISO 9001:2008 certified Company engaged in the manufacturing of fertiliser products such as Single Super Phosphate (SSP), Nitrogen Phosphate and Potassium (NPK), Zinc Sulphate, Organic manure and Calcium Sulphate commonly known as soil conditioner or gypsum. Our Company also undertakes trading of Diammouium Phosphate (DAP), Urea, Ammonium Sulphate and other fertilizers depending upon the demand of the customer. The registered office of the Company is situated at M-87, Trade Centre 18M, South Tukoganj, Indore, Madhya Pradesh.

Our manufacturing facilities are located at Dewas and Meghnagar, Madhya Pradesh and are well equipped with required facilities including machinery, crane, conveyor belt, other handling equipments to facilitate smooth manufacturing process and easy logistics. We endeavor to maintain safety in our premises by adhering to key safety norms. Our manufacturing process is completely integrated from procurement of raw materials and final testing and packing of fertilisers for direct use of our customers.

Our Company is well equipped with in-house testing laboratory to test the products as per quality standards and relevant chemical composition. In our quest to maintain high standards of quality for our products, we have imported testing machine to test the product in real time basis. The final product has to pass special quality test to ensure that it is of the requisite quality and contains the requisite chemical composition. We use gazette bags for packing of our products. These bags are very easy to handle and facilitates easy stacking as well. apart from providing quality products at an affordable cost, our Company also emphasizes on the product reach through its distribution network. We have over 200 dealers and distributors.

Our Company also takes part in various educational awareness programs for farmers. Farmer suicide has become a major concern since being an agrarian country, a large percentage of population in our Country is dependent on agriculture.

Vision

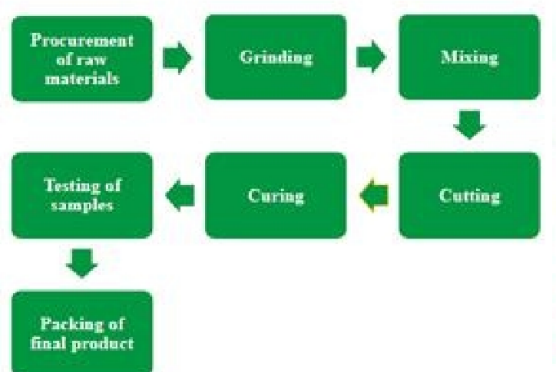

To be a leading national enterprise with global aspirations, effectively pursuing multiple growth opportunities, maximizing returns to the stakeholders, remaining socially and ethically responsible.

Mission

To provide our customers with premium quality products in a safe, reliable, efficient and environmentally sound manner, deliver exceptional services and customer support, maximizing returns to the shareholders through core business and diversification, providing a dynamic and challenging environment for our employees.

Manufacturing Process

I. Single Super Phosphate (SSP)

Our manufacturing process starts with procurement of raw materials. Major raw materials required for manufacturing of SSP is Rock Phosphate and Sulphuric acid. The procurement of Rock Phosphate is fulfilled by importing the same from countries like Egypt, Iran, Jordan, Morocco, Syria, Togo, Tunisia, etc. The requirement of Sulphuric acid is met by purchasing the same from local vendors. After the procurement of raw materials, the manufacturing process starts in Grinding mill where Rock Phosphate is grinded and then the grinded rock phosphate is moved to mixer where Sulphuric acid and water is added. The mixture is then mixed properly and is moved via the den machine to cutter to cut the huge chunks of mixture into powder form. Our Company manufactures both powder and granulated SSP. The manufacturing process of powdered and granulated SSP is same till the mixing process and after this process the mixture is then treated separately.

Powdered SSP

After the mixing process, the mixture is then moved for further curing process, wherein the drying and mixing of SSP takes place and samples of the final product is sent to the in house laboratory for testing and quality check to ensure that the final product contains the required chemical composition. Once the samples pass the final quality check the product is then sent to hopper for packing the same into HDPE bags for dispatch.

Granulated SSP

After the mixing process, the mixture is then moved for further curing process, wherein the drying and mixing of SSP takes place. After the curing process the mixture is moved via crane to granulation drum where water is added and then the granulated mixture is moved via conveyor belt to dryer drum wherein the mixture is heated at a temperature of around 1000 degree Celsius. After the heating process, the mixture is then moved to the cooler drum to extract moisture and then the product moves to the vibrating screen to ensure that the granules are of adequate and required size. The samples of granulated SSP now move to the in house laboratory for final testing and quality check and to determine whether the product contains the required chemical composition or not. After the samples pass the final quality check, the product is then sent to hopper for packing the same into HDPE bags for dispatch.

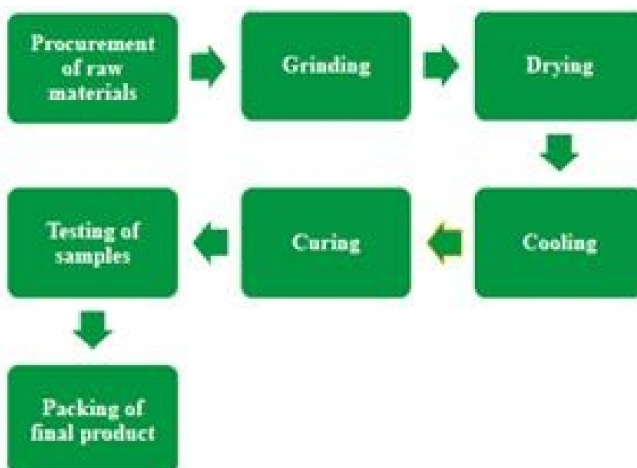

Apart of these products our SSP products are also sold with various other names as per their content such as Boronated Single Super Phosphate having Boron Content and Zincated SSP having content of Zinc both are sold in Powder form and Granular Form. One more product named Zincated and Boronated SSP having both content Zinc plus Boron.

II. Nitrogen Phosphorus and Potassium (NPK)

Our manufacturing process starts with procurement of raw materials. Major raw materials required for manufacturing of NPK is Nitrogen, Phosphate and Potassium. After the procurement of raw materials, actual manufacturing process starts with Granulation as the first step. In this step, raw materials are mixed with water to form granules. These granules are then moved to the drying drum via conveyor belt to dry the granules.

After this process, the granules are moved to the coolant drum to extract moisture and then the product passes through the vibrating screen to ensure that the product is available in various sizes. The final product then passes a quality check in the in house laboratory to ensure that the final product is of adequate quality and contains the required chemical composition. Our Company manufactures NPK of varied chemical compositions. Our in house laboratory checks whether different types of NPK contains the required chemical composition as per the said chemical formulae. We use gazette bags for packing of our products. These bags are very easy to handle and facilitates easy stacking as well.

III. Organic Manure

Our manufacturing process starts with procurement of raw materials. Major raw materials required for manufacturing of organic manure is Neem DOC, Castor DOC, Karanja DOC, Mahua DOC and Tobacco dust. These raw materials are procured from the local market and before the manufacturing process the raw material undergo a quality check to check the final quality and chemical composition.

These raw materials are feeded in the hopper as per the required chemical composition, stated as under:

- Neem DOC: 30%
- Castor DOC: 25%
- Karanja DOC: 5%
- Mahua DOC: 5%
- Tobacco dust: 35%

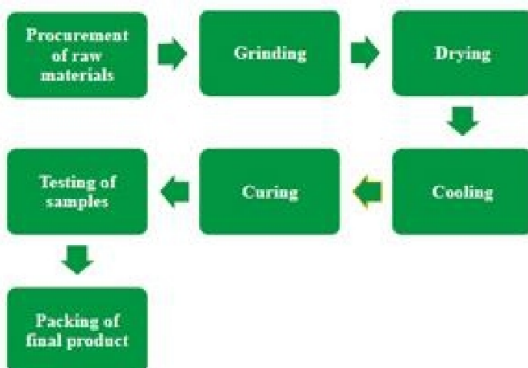

The chemical composition of the required raw materials can be changed depending upon their availability.

After feeding the raw materials in the feeder, the materials are then moved to the blending machine via conveyor belt. The materials are blended properly in the blender and then the mixture moves to the drying machine to extract moisture from the final product.

The next process is the quality check to ensure that the final product is of adequate quality and contains the required chemical composition. If the final product passes the quality check, then the same is packed into HDPE bags for final dispatch. We use gazette bags for packing of our products. These bags are very easy to handle and facilitates easy stacking as well.

IV. Soil Conditioner (Calcium Sulphate)

Our manufacturing process starts with procurement of raw materials. Major raw materials required for manufacturing of soil conditioner is calcium sulphate, magnesium sulphate and sulphur. All the required raw materials are procured from the local market.

After the procurement of raw materials, the raw materials undergo a quality check to ensure that the raw materials are of required quality. The actual manufacturing process starts with Granulation as the first step. In this step, raw materials are mixed with water to form granules. These granules are then moved to the drying drum via conveyor belt to dry the granules.

After this process, the granules are moved to the coolant drum to extract moisture and then the product passes through the vibrating screen to ensure that the product is available in various sizes. The final product then passes a quality check in the in house laboratory to ensure that the final product is of adequate quality and contains the required chemical composition.

Our product, soil conditioner is sold under the brand name — "Ratna".

Our Company manufactures soil conditioner of a notified chemical composition mentioned below: Soil Conditioner (20, 10, 10): This fertilizer contains 20% Calcium Sulphate, 10% Magnesium Sulphate and 10% Sulphur.

V. Zinc Sulphate -21%

Our Company is manufacturing Zinc Sulphate -21% heptahydrate which is recommended for soil application, Zinc is a naturally occurring mineral. Zinc is important for growth and for the development and health of crops. Zinc sulfate is used to treat and to prevent zinc deficiency, it is produce in powder form that is colorless and completely watersoluble. Our product Zinc Sulphate is sold with the same name as "Ratna" as like calcium sulphate.

VI. Potash derived from molasses (PDM)

Recently our company is introduced a new product with the name as PDM the process of manufacturing of the same is like, First Spent Wash Ash (K₂O-23% Minimum) with bentonite powder in ratio of 50% 50% as well as filler mixes properly and than sent this mixture to main hopper through conveyor belt and then sent to Granulator for Granules and again passes to dryer where the hot air passes at the Temp. of 600 to 700 degree centigrade and then passes to cooling drum which completes its production, after than finally it sent to the packing plant where the finished 90% material passed through 2 mm to 4mm sieve and then comes to the hopper for packing rest material again recycled to the same process. The finish goods ie P.D.M. Granulated packed in 50 kg. new Brand "KRUSHI SAMMRUDHI" bags for market after quality checked as per FCO 1985 norms.

Chairman & Managing Director's Message

Dear Shareholders, It is my honor and privilege to interact with you as the Chairman of the Board at AgroPhos(India) Limited.

The past few years were very crucial for every human being and for whole corporate sector across the world, world economy was completely ruined by Covid pandemic and the reporting year 2021-22 was, become recovery year for Indian as well as global economies. during the year some of other threats were faced by the global market in the form of Russia and Ukrain as these both countries together export about 28% of Fertilizers made by Nitrozen and Phosphorus, potassium and same was happended in china where supply chain was disrupted badly due to these major reasons the supply of these products were disrupted and causes for rise in the price of Fertilizers. and also rates of doller were increased drastically which high the raw material cost for Fertilizers manufacturer, we have also been face the same.

The government of India with intent to empower the Indian farmers have taken positive initiative this year in the form of increase of fertilizers subsidies which encourage fertilizers manufacturer like us in India for increase in production and supply in Indian market so as to avoid vagaries about proper supply of fertilizers in Indian market. And we are happy to share with you that your company was also leverages such benefits during the year and have recorded better turnover by increase in sale of Single Super Phosphate "SSP" which is the core product of the company.

Company have recorded a total revenue as 117.25 Crore as compared to the last year 60.22 Crore and total revenue this year contains 116.06 Crore from operation and rest 1.18 Crore as other income in the same way company have earned this year PAT of 5.82 Crore as compares to 3.23 Crore in previous year total increase in PAT was 83.17% as compared to last financial year and total increase in revenue was recorded as 94.71 % compared to last financial year means it almost increase by double which shows that company is going toward wonderful growth and expected the same for upcoming year.

We have also taken part in social activities during the year as company was donated one ambulance vehicle for the benefit of society at large whose benefits are taking by the patients and their relatives nearby the location of company's plant at Meghnagar, apart of the same company is continue doing it's social activities as in previous year such as distribution of foods, groceries, sanitizers, masks, and other needy things at various time interval.

We have been honestly take care of our employees and staff and many others whose livelihood is depending on the company and we are continuously taking steps to ensure better health and safety of our employee, staff and visitors as we are having proper sanitization system at plant premise and administrative office with availability of face masks, working arrangement as per social distancing norms, work with limited force at office and followed govt. guidelines as circulated from time to time.

On behalf of the AgroPhos (India) Limited, I would like to wholeheartedly thank my fellow colleagues at the factories and at administrative office as with the support and guidance of top level management and senior executive and immense hard work by ground level staff we have ensured another year of successful business operations.

In the last on behalf of the Board of Directors, I would like to thank all our stakeholders, including our customers, shareholders, banking partners, channel partners, and the government for supporting us in our journey. With all your continued support and the blessings of the almighty, I eagerly look forward to the upcoming year. Wish you all a healthy and safe life ahead.

With Warm Regards

Sd/-

*Raj Kumar Gupta
Chairman*

B) Login Method for shareholders other than Individual shareholders holding securities in demat mode and shareholders holding securities in physical mode.

How to Log-in to NSDL e-Voting website?

1. Visit the e-Voting website of NSDL. Open web browser by typing the following URL: <https://www.evoting.nsdl.com/> either on a Personal Computer or on a mobile.
2. Once the home page of e-Voting system is launched, click on the icon "Login" which is available under 'Shareholder/Member' section.
3. A new screen will open. You will have to enter your User ID, your Password/OTP and a Verification Code as shown on the screen.
Alternatively, if you are registered for NSDL eservices i.e. IDEAS, you can log-in at <https://eservices.nsdl.com/> with your existing IDEAS login. Once you log-in to NSDL eservices after using your log-in credentials, click on e-Voting and you can proceed to Step 2 i.e. Cast your vote electronically.

4. Your User ID details are given below :

Manner of holding shares i.e. Demat (NSDL or CDSL) or Physical	Your User ID is:
a) For Members who hold shares in demat account with NSDL.	8 Character DP ID followed by 8 Digit Client ID, For example if your DP ID is IN300*** and Client ID is 12***** then your user ID is IN300***12*****.
b) For Members who hold shares in demat account with CDSL.	16 Digit Beneficiary ID, For example if your Beneficiary ID is 12***** then your user ID is 12*****.
c) For Members holding shares in Physical Form.	EVEN Number followed by Folio Number registered with the company, For example if folio number is 001*** and EVEN is 101456 then user ID is 101456001***

5. Password details for shareholders other than Individual shareholders are given below:

- If you are already registered for e-Voting, then you can use your existing password to login and cast your vote.
- If you are using NSDL e-Voting system for the first time, you will need to retrieve the 'initial password' which was communicated to you. Once you retrieve your 'initial password', you need to enter the 'initial password' and the system will force you to change your password.
- How to retrieve your 'initial password'?
 - If your email ID is registered in your demat account or with the company, your 'initial password' is communicated to you on your email ID. Trace the email sent to you from NSDL from your mailbox. Open the email and open the attachment i.e. a .pdf file. Open the .pdf file. The password to open the .pdf file is your 8 digit client ID for NSDL account, last 8 digits of client ID for CDSL account or folio number for shares held in physical form. The .pdf file contains your 'User ID' and your 'initial password'.
 - If your email ID is not registered, please follow steps mentioned below in process for those shareholders whose email ids are not registered

6. If you are unable to retrieve or have not received the "Initial password" or have forgotten your password:

- Click on "**Forgot User Details/Password?**" (If you are holding shares in your demat account with NSDL or CDSL) option available on www.evoting.nsdl.com.
- Physical User Reset Password?** (If you are holding shares in physical mode) option available on www.evoting.nsdl.com.
- If you are still unable to get the password by aforesaid two options, you can send a request at evoting@nsdl.co.in mentioning your demat account number/folio number, your PAN, your name and your registered address etc.
- Members can also use the OTP (One Time Password) based login for casting the votes on the e-Voting system of NSDL.

7. After entering your password, tick on Agree to "Terms and Conditions" by selecting on the check box.

8. Now, you will have to click on "Login" button.

9. After you click on the "Login" button, Home page of e-Voting will open.

Step 2: Cast your vote electronically on NSDL e-Voting system.

How to cast your vote electronically on NSDL e-Voting system?

- After successful login at Step 1, you will be able to see all the companies "EVEN" in which you are holding shares and whose voting is in active status.
- Select "EVEN" of company for which you wish to cast your vote during the remote e-Voting period
- Now you are ready for e-Voting as the Voting page opens.
- Cast your vote by selecting appropriate options i.e. assent or dissent, verify/modify the number of shares for which you wish to cast your vote and click on "Submit" and also "Confirm" when prompted.
- Upon confirmation, the message "Vote cast successfully" will be displayed.
- You can also take the printout of the votes cast by you by clicking on the print option on the confirmation page.
- Once you confirm your vote on the resolution, you will not be allowed to modify your vote..

General Guidelines for shareholders

1. Institutional shareholders (i.e. other than individuals, HUF, NRI etc.) are required to send scanned copy (PDF/JPG Format) of the relevant Board Resolution/ Authority letter etc. with attested specimen signature of the duly authorized signatory(ies) who are authorized to vote, to the Scrutinizer by e-mail to neeshcs2004@yahoo.co.in with a copy marked to evoting@nsdl.co.in.
2. Institutional shareholders (i.e. other than individuals, HUF, NRI etc.) can also upload their Board Resolution / Power of Attorney / Authority Letter etc. by clicking on "Upload Board Resolution / Authority Letter" displayed under "e-Voting" tab in their login.
3. It is strongly recommended not to share your password with any other person and take utmost care to keep your password confidential. Login to the e-voting website will be disabled upon five unsuccessful attempts to key in the correct password. In such an event, you will need to go through the "[Forgot User Details/Password?](#)" or "[Physical User Reset Password?](#)" option available on www.evoting.nsdl.com to reset the password.
4. In case of any queries, you may refer the Frequently Asked Questions (FAQs) for Shareholders and e-voting user manual for Shareholders available at the download section of www.evoting.nsdl.com or call on toll free no.: 1800 1020 990 and 1800 22 44 30 or send a request to Mr. Manish Sharma at evoting@nsdl.co.in

DIRECTORS' REPORT

To,

The Members,

Your directors have pleasure in presenting their 20th Annual Report on the business and operations of the company together with the Audited Statement of Accounts for the year ended 31st March, 2022.

1. FINANCIAL HIGHLIGHTS

During the year under review, performance of your company was as under:

Particulars	Year ended 31 st March 2022	Year ended 31 st March 2021
Revenue from operation and Other Income	1,172,501,809	602,183,165
Less: Expenditure	1,101,730,470	566,390,506
Profit/(Loss) before tax	70,771,339	35,792,659
Less: Tax Expense		
Income tax (current year)	18,543,855	12,086,421
Mat Credit	(7,238,761)	(5,879,841)
Income tax paid for earlier years	0	0
Deferred tax	1,154,900	(2,247,693)
Profit/(Loss) after tax	58,311,345	31,833,772
Other Comprehensive Income	116,378	(520,888)
Total Comprehensive Income for the Year	58,194,967	32,354,661

2. FINANCIAL PERFORMANCE

During the year under review company's Profit was Rs.581.95 Lacs as compare to Rs. 323.54 Lacs in previous year, profit of reporting year was increased due to increase in turnover of the company as Turnover this year was cross hundred crore and recorded at 117.25 Crore as compared to previous year turnover which was 60.21 Crore, the major reason of increase in turnover of the company was increase in Government granted subsidy income on sales of various variant of company's core Product Single Super Phosphate. government this year with intention to promote fertilizer industry in India and to support indian farmers have increased various subsidies on fertilizers products which resulted into a major milestone for overall fertilizer industry in India, we expect from the government such kind of benefits in upcoming years so as to increase supply of fertilizers in indian markets as well as in global market.

3. CHANGE IN NATURE OF BUSINESS

There was no change in the nature of Business during the year as management feels that as like in the previous year where government increased subsidy income on SSP this years and in upcoming years such kind of benefits will be continued, hence we think that being in this business will be more beneficial for the company instead of engage company's fund in other sector where we may have face some market threats and fund blockage, therefore your management is in the opinion that we should first focus on the existing opportunity, however management assure that whenever we finds suitable we will accordingly increase our marketing channel, production cycle so as to capture additional market in various states.

4. DIVIDEND

Board is very delighted to inform the shareholders that Board of directors at their meeting held on 08th March 2022 have declared Interim dividend @ 0.25 Paise Per shares and a total amount of INR 50,68,528.75/- among the shareholders of the company the said dividend have been distributed through a separate Bank Account opened for this purpose, and any unclaimed or unpaid amount of dividend due to lack of information of shareholders will tried to be pay off as soon as possible.

Further no Final dividend have been declared or distributed during the year, Company's Board as company finds it's better to retain the fund for future uncertainty however board assures that we shall endeavour toward distributing dividend to the shareholders in upcoming years also.

5. AMOUNT TRANSFERRED TO RESERVE

During the year under review, the Company is proposed to transferred whole amount of Profit as Rs. 581.94 Lakhs in Free Reserve of company.

6. DEPOSITS

The Company did not accept any deposits from the public within the meaning of Section 73 of the Companies Act, 2013 read with the rules made thereunder.

7. INSURANCE

Your directors informed that all the Fixed assets of the company are adequately insured also company during this year have provided to it's employee Mediclaim facility which was a positive steps of the management toward the employee welfare, company have spent A Major Amount in obtaining such Mediclaim facility to it's employees.

8. SHARE CAPITAL

a) Authorized Capital

There were no changes have been made in the Authorized Capital of the company during the financial year 2021-22 the current Authorized Capital of the company is Rs. 21,00,00,000/- divided into 2,10,00,000 equity Shares of Rs. 10 each.

b) Issued Subscribed and Paid-up Share Capital

The issued subscribed and paid-up share Capital of the Company is same as in the previous Year that means no further issue or bonus issue was brought by company.

- Issue of Bonus Equity Shares: Nil
- Issue of Equity Shares: Nil.

9. HUMAN RESOURCE & INDUSTRIAL RELATIONS

The Industrial relations of the company were harmonious with suppliers, customer's employees, factory labor, financial leaders, as the company's promoter is having a great influence in the fertilizer industry of middle east of India which always supposed to turned into some wonderful corporate relation of company among others in this industry, also management is striving their efforts toward the harmonious relation with vendors, raw material suppliers, purchasers, Governments Bodies and other stakeholders.

Your company is always having concern about it's employee and labour as a part of this your company was arranged all necessary arrangement for safety of health of our employees as availability of Primary medical treatment facility at corporate office and plant premises, also this year management have taken intuitive to provide Mediclaim facility to company's employees also other facilities as previously offered by the company during covid is continuing this year also, also company is having system to provide loan facility without interest or lesser interest as per the salary slab criteria to needy employees so as to assure timely help to them to face any untoward or any to fulfill their needs.

Company always welcomes from it's employee about any facilities/ aid they can serve to them and management always do their best to promote practice of collective bargaining, trade unionism, and harmonious labor-management relations, provide friendly environment and comfort to company's employees so that they may explore their maximum output throughout the year.

We also would like to place on record our sincere appreciation to the cooperation extended by all the employees in maintaining cordial relations.

10. MANAGEMENT DISCUSSION AND ANALYSIS

Management Discussion and Analysis, forming part of this report as required under Regulation 34 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, is attached as “Annexure-D” separately to this Report.

11. DIRECTORS’ RESPONSIBILITY STATEMENT

To the best of the knowledge and belief and according to the information and explanations obtained by them, your Directors confirms the following statements in terms of Section 134(3)(c) of the Companies Act, 2013:

- that in the preparation of the annual accounts for the year ended 31st March, 2022, the applicable accounting standards have been followed along with proper explanation relating to material departures, if any;

The Secretarial Audit Report for the financial year 2021-22 is annexed in "Annexure-G" herewith as " forming part of this report.

The following remarks or observations have been taken place in Secretarial Audit Report for the year ended 31st March 2022.

Sr. No	Compliance Requirement (Regulations/ circulars / guidelines including specific clause)	Deviations	Observations/ Remarks of the Practicing Company Secretary
1.	Regulation 27(2)(a) of SEBI (LODR) Regulation, 2015 – Corporate Governance Report	Company has 6 days delayed in submission of Corporate Governance report to stock exchange for the Quarter ended 31, March, 2021	<i>Fine amount of Rs. 14160/- has been imposed by NSE and company has requested for waiver of the Fine to the NSE</i>
Board Comments over Remark		Exchange has denied to waiver request of fine therefor company has made full payment against the said fine and the matter stand closed.	
2.	Regulation 29(2)(3) of SEBI (Listing Obligation and Disclosures Requirement) Regulations, 2015- Intimation of Board meeting to consider Financial Results	Company has one day delayed in serving intimation to Stock Exchange about the Board Meeting held on 14th August 2021. Notice of intimation of Board Meeting held on 14.08.2021, should be filed on or before 8th August, 2021 but the company has filed the same on 9th August, 2021.	<i>NSE has through it's email on 16th August 2021 have asked company to give it's clarification over delay in intimation of Board Meeting held on 14th August 2021, In revert company placed with NSE it's clarification vide it's letter dated 17th May 2021 on ground of Non – Receipt of OTP on registered email ID of company on account of some technical issues. Which was later on denied by the NSE and was imposed a Fine of INR 11,800/- (Inclusive of GST) through it's letter NSE/LIST-SOP/COMB/FINES/FINES/0822 dated 14th September 2021, Company through it's letter dated 29th September 2021 has applied an application for the waiver of the fine. Which was again denied by the NSE and not consider the same and still carry on fine of INR 11,800/- (Inclusive of GST) through it's letter NSE/LIST-</i>

			<p><i>SOP/COMB/FINES/FINES/0822 dated 02nd February 2022,</i></p> <p><i>The company has made the payment of Fine of Rs. 11,800 to NSE on 09th February, 2022.</i></p>
Board Comment Over Remark	<p>The said one day delay was occurred due to technical failure result of which OTP to login into exchange portal was not generated hence the intimation could not be placed with the same is being communicated to the exchange vide Fine Waiver Request, however NSE has not consider the contention of the company and remain on onit's earlier decision to imposing fine, therefor company has paid the said fine amount and the matter is now stand closed.</p>

MANAGEMENT DISCUSSION AND ANALYSIS

Overview

Our company M/s AgroPhos (India) Limited being a fertilizer manufacturer is also a part of the agriculture sector of India and continuously serving our best since its pioneering stage, we have previously one unit at dewas, M.P. only which has its capacity of 60000 MT per year and taking steps toward more growth and development, company in the year 2014 inaugurated a new plant at Meghnagar, M.P, we are manufacturing Single Super Phosphate (SSP), Nitrogen Phosphate and Potassium (NPK), Zinc Sulphate, Organic manure and Calcium Sulphate commonly known as soil conditioner or gypsum.

Our Company also undertakes trading of Diamonium Phosphate (DAP), Urea, Ammonium Sulphate and other fertilizers depending upon the demand of the customer, we are having at our plant a well-equipped in-house testing laboratory to test the products as per quality standards and relevant chemical composition. In our quest to maintain high standards of quality for our products, we have imported testing machine to test the product in real time basis. The final product has to pass special quality test to ensure that it is of the requisite quality and contains the requisite chemical composition, apart from manufacturing of above products company since last two years also trading in agricultural produce and Animal feeds management is expecting an extensive growth in this segment in future, also during this pandemic period where availability of resources was very low, our company was able to maintain it's quality standards and not compromise the efficiency of it's products.

Segment-wise Business Review and Operational and Financial Performance:

During the financial year 2022-22, company's production and sales as well as company's Financial Performance are as below.

(Quantity in MT)

S.No.	Particulars	F.Y. 2021-22	F.Y.2020-21
	Production		
1.	SSP	54626	66355.35
2.	NPK	14548	875.00
3.	Calcium Sulphate	17	35.00
4.	ZINC SULPHATE (Heptahydrate)	211.29	1166.52
5.	Potash	0	2750.85
6.	Phosphate Rich Organic Manure (PROM)	600	191
	Sales		
1.	SSP	66111	64621.20
2.	NPK	13723	828.10
3.	Calcium Sulphate	17	121.925
4.	ZINC SULPHATE (Heptahydrate)	25	1316.65
5.	Potash	197	667
6.	Phosphate Rich Organic Manure (PROM)	735	191.80

Financial Performance (Amt. in Lakhs)

S.No.	Particulars	2021-22	2020-21
1.	Revenue from operation	11606.13	5998.04
2.	Other Income	118.88	23.79
	Total Income	11725.02	6021.83
3.	Total Expences	11017.30	5663.90
4	Prfit /Loss before Tax	707.71	357.93
5	PAT	583.11	318.33
6.	Total Comprehensive Income	581.94	323.54
6	Paid up Capital	2027.41	2027.41
7	EPS	2.88	1.57

SSP:During the year 2021-22company was recorded 66111MT sales for all variant of SSP Product which is 1490 MT more as compared to last F.Y. 2020-21, the major reason of increase in sale of SSP is government scheme for increase in subsidy system which creates more scope for sale of SSP in Indian Markets, and management is in the view that in upcoming years also government with intention to empower or support to Indian farmers and for growth of fertilizers industry in India will become remain the higher subsidy system for SSP sale therefore it will left more scope for sale of SSP in Indian Market and it will be considered as good market opportunity for our company.

NPK:sale of NPK was drastically increased during the period under review as consolidated sale of NPK for Both 12:32:06 and 12:12:12 variants are recorded as 13723 MT which was 828.10 MT In last Financial Year, we found the major reason behind such increase of the sale is company's marketing arrangement during the financial year 2021-22 with Indian Potash Limited "IPL" which is almost for Approx. 11000 MT Quantity, management will strive for same kind of arrangement in future also.

PROM:Prom sale is also increased this year and recorded as 735 MT as compared to last financial year which was 191.80 MT company's sale of PROM is done through both government entities and private parties, during the reporting financial year we are focused to increase the private sale of PROM and have made many positive efforts toward the same as result of which company was successfully increase its private sale of PROM and therefor overall sale of PROM is Increased in good manner we think that in upcoming year also we will try to keep the growth continue.

Zinc sulphate

Company's Sale of ZINC Sulphate during the year recorded at lower level than in previous year, the major reason of the same was storage of maximum quantity of Zinc Sulphate for making making of SSP in upcoming year as ZINC sulphate is also a raw material to company's Core Product SSP and this year sale of SSP increased therefore with intention to increase production and sale of SSP in upcoming years Zinc was Kept as Stock for captive use in future. However, in upcoming year we will plan for increase of production of zinc sulphate as per market demand and as per our captive consumption.

Other Products such as Calcium Sulphate, Potash

The sale of calcium sulphate and potash were recorded at low than previous year sale the reason behind the same was on account of some minor reason of COVID Effect and Low Market Demand therefore company has not produced so much of quantity of these products so that no unnecessary fund will be indulge

Traded Quantity

Company apart of the manufacturing of fertilizers products also engaged in trading of the many fertilizers and agri-products the total quantity traded of such products recorded as 31786 MT as the trading of the products is completely depends on the un-availability of some products in company's stock and market demand of particular products so company may have earn more profit from trading also.

Financial Performance of company during the period under review

The company was performed fantastic this year as overall turnover of the company was recorded at 11606.13 Lakhs as compared to the last year Turnover as 5998.04 Lakhs while the other income was also increased from 23.79 Lakhs to 118.29 lakhs this year accordingly the Profit after tax of company was recorded as 583.11 Lakhs as compared to 318.33 Lakh in last financial year. Management in upcoming year also ensure to keep maintain the more profitability from company's products for which whatever be the efforts management will be ensure to do all in future.

Indian Fertilizer Industry & company's Contribution toward the same

India is the second-largest consumer and the third-largest producer of fertilisers globally. The Indian fertilizer ecosystem comprises the private, Government and cooperative sectors. Over the years, the fertiliser sector in India has played a major role in shaping the Indian farms and driving agricultural prosperity

The domestic fertiliser manufacturing industry meets roughly two-thirds of the country's plant nutrient requirements, producing 42 million tons of fertilisers annually. In addition to this, India imports around 17 million tons of fertilisers to meet the demand from agriculture. During the year, the overall fertiliser production for the country moved marginally up by 1%, registering higher volumes for Urea and Single Super Phosphate (SSP).

The industry consumption dropped by 5% to 63 million tons amidst a higher base in 2021-22. Overall, the consumption growth has been in line with the prior years, with 2020-21 being an exception due to the regularisation of DBT related sales. The fertiliser availability during the year was impacted by the elevated costs of manufactured and imported

products, conflicting demand from key fertiliser consuming markets and supply challenges from the major sources. Further, the three consecutive years of normal monsoons resulted in lower opening stocks. The Government's proactive approach and close coordination with the industry ensured its timely access to the farmers.

The total production of SSP in Indian was Approx. 53 lakh MT in Financial Year 2021-22 as compare to 49 Lakh MT in last Financial year 2020-21 i.e 8.16 % more production in reporting year than last financial year and in the same reference company's production of SSP was 54626 MT as compare to last year production of 66355.35 MT as stock of previous year was also there so production was less but overall sale of the SSP was more than last year.

To ensure the availability of fertilisers at reasonable prices to farmers, the Government stepped up its support in the form of higher subsidies by revising the Subsidy rates a few times during the year. The revised estimate for fertiliser subsidy for 2021- 22 as per Budget estimates is Rs. 1,40,122 crores against a budget of Rs. 79,529 crores.

India posted a strong recovery during the year and is estimated to grow by 8.7% in 2021-22, subsequent to a contraction of 6.6% in 2020-21. The recovery has been broad-based as all constituentsof aggregate demand, including private consumption, have recuperated and surpassed their respective prepandemic levels. Real GDP is expected to cross the pre-pandemic level of 2019- 20 by 1.8%.

COVID Impact on Fertilizers Market

Though COVID-19 induced disruptions affected the mobility and supply chains,the relaxation of pandemic control measures and progress on vaccinationimproved the economic activities in the second half of 2021. Merchandise trade was stronger than expected, with global trade in goods surpassing pre-pandemiclevels. However, supply-side bottlenecks, a stronger-than-anticipated rebound ofdemand and high commodity prices led to a rise in inflation during the year. Majorcommodities experienced a significant surge during the year. The CommodityPrice Index (tracked by the International Monetary Fund) increased by 70% in thelast year, with significant increases in fuel, fertilizers and food.

Although the covid impacts supply chain of raw material and other factors but due to fall of company's products under the essential commodities manufacturer, the production of the products were not been stopped during the year hence the Post COVID-19 impacts was not shown major on the company, as compare to lay year company have also not been recorded any human loss during the year.

Industry structure and developments

The fertilizer industry in India consists of three major players; The Government owned Public Sector undertakings, Cooperative Societies like KRIBHCO, IFFCO and units from Private sector.there are 33 large sized urea plants in India manufacturing urea and 21 units producing DAP & Complex Fertilizers and 2 units producing ammonia sulphate as a by-product.

The actual production of all major fertilizers during the 2020-21 and Financial Year 2021-22 were 433.66 Lakh MT and 425.92 Lakh MT respectively which showing an increase of More than 1.8% in comparison of the previous year, the actual production of the all major fertilizers during 2021-22 is 330.84 Lakh MT such increase in production of fertilizers in India is witnessed on account of favorable policies and environment facilitating investment in the public, co-operative and private sector.

As per the report of fertilizer association of India total production of SSP during the Financial Year 2020-21 was 49.35 Lakh MT and production during 2021-22 upto the season i.e december2021 was 40.20 Lakh MT with scope of three months more production.

The Indian Government has been encouraging Indian Companies to establish Joint ventures aboard in countries which are rich in fertilizers resources for production facilities and buy back arrangements and to enter into long term agreements for supply of fertilizers and fertilizers inputs to India, there are about 5 countries including Russia, Nepal, Morocco, Canada, Saudi Arabia where Indian companies/government has joint venture however during the financial year 2021-22 no new ventures has been started however some major developments was seen in existing venture with these countries.

Participation in social Activities

Everyone is having their liability toward the social environment around us being a corporate entity we also required our active participation for better empowerment of society at large and in the same way management of the company observed that during this financial year company apart from the existing social activities such as distribution of food, groceries, masks, and sanitizers have also do some more helps among the society as under CSR contribution company have provided with one ambulance vehicle to Rotary club at Meghnagar Location with intention to provide preventive medical help to need patients/ their families, this was a great initiative of company and management have been communicated by the club that a wonderful response was came from such investment and many of the peoples have taken the advantage of the said initiative of the company.

Apart of the same company hadat various time interval during the period under review some of small financial helps, donations and other social aid

Aprt of the financial investment it is always be necessary for a corporate to become socially active among the people around us in the same way company have taken participation in various social programs, events and in one of them company have been also awarded as “Dewas ka Sartaj” by the Dainik Bhasker Group at Dewas for it’s social activism among the society.

Future Outlook

As per the government trend over fertilizer sector of India in the form of increase in subsidy scheme over fertilizers products we may saw a positive growth in production and sales of fertilizers in India also the governments encouragement toward foreign joint ventures will probably make a good result in future and India will become one of the most fertilizer producer in world economy, apart of that Indian culture is closely related with farmers and their dependency is on agriculture sector which Indian government always want to empowered so it keep always a scope for all fertilizers manufacturers in India toward the more productions and sales.

Despite the present pandemic situation, the demands of the fertilizers will be expected to become high than in previous years, the SSP Industry is very optimistic for the coming financial year, on account of expected good monsoon. Monsoons have a major impact on the agricultural sector, besides the commodity prices of major raw material inputs. In such aregime SSP fertilizer being a low-cost fertilizer has an increased preference with the farmers

The performance of the Company was fantastic during the reporting year as company’s production and sales was increased in a phenomenal manner also company have in process to increase it’s marketing channel as in this year company was also work with NFL for one of it’s products which gives positive results and expects same kind of arrangements in upcoming years also.

Risks and Concerns

There are a lots of risk factors which Company faces but these are some main Risk factors which adversely affect Company's working.

1. Fertilizer Prices:

In the fertilizer industry—and pretty much any other commodity companies—revenue depends on fertilizer prices and the quantity of fertilizer companies sell. Fertilizer prices are driven by industry capacity, rivalry (competition among firms), marginal producers’ cost, proximity to customers, inventory, and demand.

2. Fertilizer demand and purchases:

Demand, in turn, is driven by fertilizer prices, crop economics, currencies, cycles, economic activity, and macro factors like subsidy programs. Crop economics consist of factors like crop inventory, crop demand and supply, and crop prices, which depend on economic activity, food consumption, diet patterns, crop yields, nutrient application, weather, plantation, and energy consumption.

3. The cost of raw material input:

Expenses generally depend on changes in mining costs and fluctuations in raw material prices, which vary by location. Fluctuations in raw material prices or input prices depend on supply and demand dynamics for the specific raw material, which are affected by macro-economic activity, weather, and industry-specific trends. Movements in input price can impact fertilizer prices—and therefore demand too.

As you can see, analyzing the factors that affect expense and revenue can be confusing. This weekly fertilizer series breaks them down into key parts to show investors how they're affecting (or how they could affect) the industry and its respective companies.

4. Change in Government Policies/ Procedures:

Sometimes the policies/ regulation or procedure of Government is change frequently which affects the liquidity of fund in Company, secondly Company suffers with ideal Time loss due to managing its affairs or programmes as per these changes, when Government makes changes in the Tax Rates, it directly affects Cost of the Product, simultaneously reduces demands among customers.

5. The fertilizer business is highly seasonal and such seasonality may affect our operating results.
6. We are subject to various laws and regulations relating to the handling and disposal of hazardous materials and wastes and bio-medical wastes. If we fail to comply with such laws and regulations, we can be subjected to prosecution, including imprisonment and fines or incur costs that could have a material adverse effect on the success of our business.
7. Our industry is labour intensive and our business operations may be materially adversely affected by strikes, work stoppages or increased wage demands by our employees or those of our suppliers.
8. We require a number of approvals, NOCs, licences, registrations and permits in the ordinary course of our business and any failure or delay in obtaining the same in a timely manner may adversely affect our operations.
9. Our operations may be adversely affected in case of industrial accidents at any of our production facilities.
10. Conflicts of interest may arise out of common business undertaken by our Company, Promoters and our Group Company.
11. Our Company is dependent on third party transportation providers for the delivery of our goods and any disruption in their operations or a decrease in the quality of their services could affect our Company's reputation and results of operations.
12. Continued operations of our manufacturing facility are critical to our business and any disruption in the operation of our facility may have a material adverse effect on our business, results of operations and financial condition.
13. Our lenders have charge over our movable and immovable properties in respect of finance availed by us.
14. The industry segments in which we operate being fragmented, we face competition from other players, which may affect our business operations and financial conditions.
15. We have taken guarantees from Promoters, Directors as well as others in relation to debt facilities provided to us.
16. Any changes in regulations or applicable government incentives can materially and adversely impact our operations and growth prospects.
17. We could be harmed by employee misconduct or errors that are difficult to detect and any such incidences could adversely affect our financial condition, results of operations and reputation.
18. Political instability or a change in economic liberalization and deregulation policies could seriously harm business and economic conditions in India generally and our business in particular.

19. Global economic, political and social conditions may harm our ability to do business, increase our costs and negatively affect our stock price.
20. The extent and reliability of Indian infrastructure could adversely affect our Company's results of operations and financial condition.
21. Natural calamities could have a negative impact on the Indian economy and cause our Company's business to suffer.
22. Terrorist attacks, civil unrests and other acts of violence or war involving India or other countries could adversely affect the financial markets, our business, financial condition and the price of our Equity Shares.

Internal Control System and their Adequacy

The Company has clearly laid down policies, guidelines and procedures that form a part of the internal control system which provide for automatic checks and balances. The Audit committee reviews the effectiveness and efficiency of these systems to ensure that all the assets are protected against loss and that the financial and operational information is complete and accurate, in addition of external audit, company has also appointed Internal Auditor to list out any deficiency or loop holes in company's Internal Control and financial reporting, Audits are finalized and conducted based on the internal risk assessment. Significant findings are brought to the notice of the Audit committee of the Board and corrective measures recommended for implementation. Our work opportunities and competitive compensation policy helps us in attracting and retaining our personnel.

Apart of the same company was also conducted with PDIL (Project Development India Limited a Govt. authorized unit for Audit) which conducted audit for company's overall production process report to the concerned department.

Health, Safety, Security and Environment

Health, safety, security and environment have always been an integral part of our value system, we always having concern about Health safety and security of our Employees, workers at their work place, we are aiming at "Zero Accident" as goal of our company, when the matter is about health and safety, company always follow these some important measure

- Identification of hazard and risk present in work environment and its rectification.
- Continuous monitoring of unsafe condition and unsafe acts through safety inspection.
- Safety induction training for all employees and specific job safety awareness programs on a continuous basis.

Our factory are well equipped with required facilities including machinery, crane, conveyor belt, other handling equipments to facilitate smooth manufacturing process and easy logistics. We endeavor to maintain safety in our premises by adhering to key safety norms. we are having enough greenery at our plant location and also having modern and efficient system to dispose of factory waste, mainly we focus on re- made process of waste and scrap and we always keep in mind about optimum use of energy resources and conservation of natural resources, company is continuously visited by pollution control officers and, we will do it good, if they found any lack of safety measure and other element to protect the surrounding environment of the company.

During the first and second wave of COVID-19 Pandemic we have been effectively take care of our employees and workers, company have provided them face mask, sanitizers and also established a sanitization tunnel at factories gate for workers and outsiders, also the company have provided food facility to all workers and other needy persons, a part of it, we are also following govt. guidelines regarding social distancing, shift wise work at plant and administrative office we also promoted work from Home.

Cautionary Statement:

Statements in the Management Discussion and Analysis Report describing the Company's objectives, projections, estimates, expectations may be forward looking statements within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include, among other things, economic conditions affecting demand/supply and price conditions in the domestic and overseas markets in which the Company operates, changes in Government regulations, tax laws and other statutes and incidental factors.

Annual Report on Corporate Social Responsibility

1. Overview

We believe that Corporate Social Responsibility ("CSR") extends beyond the ambit of business and should focus on a broad portfolio of assets - human, physical, environmental and social. With this intent and for the requirement under sec. 135 company has constituted a CSR committee having optimum composition of Executive and Non-Executive directors as members.

Policy on CSR has been approved by the Board of Directors and duly uploaded on company's Website www.agrophos.com. Brief of the CSR are as mentioned below

2. CSR Vision

Promote sustainable and inclusive development as a responsible corporate citizen.

3. CSR Objective

Promote a comprehensive and integrated development through social and economic transformation.

4. CSR Committee

The Composition of our CSR Committee is as follows

Mr. Raj Kumar Gupta	:	Chairman
Mr. Vishnu Kant Gupta	:	Member
Mr. Chandresh Kumar Gupta	:	Member

5. CSR Budget and investment of company

For the F.Y. 2021-22 company is not required to invest any amount as CSR investment, as company is out of the ambit of CSR applicability, however, Company is having some unspent amount from Previous years from 2015-16 to 2018-19 out of which company have invested INR 7,00,000 to one NGO "Suflam Seva Nyas" a Non- Profit making registered charitable trust which is serving for medical facilities, food and shelter, water, clothes and other necessary things to the needy persons in the area of city of registered office and nearby places. and during the reporting financial year company have donated one ambulance vehicle of cost approx INR 10,01,005/- to rotary club working in vicinity of one of company's plant locality the said donation is given under preventive healthcare measures, after the said investment there are still some unspent amounts is remaining which company will try to invest in upcoming year.

However as per the recent circular of the MCA wherein company have to spent the unspent amount to Government Fund under Schedule -VII of Companies act. 2013 is not applied on company as company was out of the CSR applicability since 2018-19 hence no amount is required to transferred into such fund during the reporting financial year.

The remaining amount if any will be utilized for the social activities covered under schedule- VII as your company is looking toward more social services, so that we may serve to more areas.

6. Reason for not spending required amount in CSR Activities

No CSR liability for the financial year 2021-22 was on company due to non-applicability of the CSR provision on the company, however company have made some part investment out of the previous year's unspent amount and in future also company will look over investing the remaining amount.

During the financial year apart of the above investment company have also invested it's amount into social activities such as distribution of food, sanitizers, face Masks, groceries to needy peoples however this amount was not counted in CSR Investment of the company.

we strive to continue serve such services in future and very soon we will completely spend the amount of our CSR Liability.

CONSERVATION OF ENERGY, TECHNOLOGY, ABSORPTION, FOREIGN EXCHANGE EARNING AND OUTGO

A. Conservation of Energy:

1. CONSERVATION OF ENERGY:

The steps taken or impact on conservation of energy:

The company has energy conservation cell which consistently monitor all the energy conservation efforts and ensure implementation of its energy management policy. we are taking every possible efforts to conserve the energy consumption at our plants as well as our administrative office.

The company has taken below mentioned steps at its plant for conservation of energy during the year under review:

Efforts were made to reduce Electrical energy in our different lines by:

- (i) Installation of energy efficient machines.
- (II) Installation of energy efficient electronic equipments.
- (III) Replace the old electronic equipments with new on timely basis.
- (IV) Effectively monitor our system of annual maintenance of plants.
- (v) Engaged highly qualified manpower to operate the electronic equipments and power with more efficiency.

There was reduction in energy consumption on account of aforesaid steps taken by the company.

The steps taken by the company for utilising alternate source of energy:

The available resources of energy are sufficient hence company was not needed and not utilize any alternate source of energy during the reporting financial year.

Capital Investment on energy conservation equipment during the year: NIL

B. Technology Absorption

With intent to reduce paper work and to promote efficiency and time saving during the year company was using an IT Software for accounting and other related activities both at corporate office and plants of the company, which was considered as Technology updation on part of company, the company was also paying the running cost for the said software facility apart of it's purchasing cost and except the same company also uses various technological resources from time to time during the year.

C. FOREIGN EXCHANGE EARNINGS AND OUTGO

The Company's manufacturing process involve use of imported raw material amount of which is considered in USD hence The Company uses foreign currency forward exchange contracts to hedge its exposure in foreign currency related to firm commitment and highly probable forecasted transactions.

During the year foreign exchange and outgo of the Company as follows

(Figures in Lacs)

Particular	In USD	In Rs.
Foreign Currency Earning	Nil	Nil
Foreign Currency Outgo	1547362	117,301,064

The above foreign currency outgo was against import of Raw Material during the year. except as mentioned above no other foreign currency exposure during the year under review.

INDORE (MP) 452001 IN**

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **AGRO PHOS (INDIA) LIMITED** (hereinafter called 'the company'). The Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Company's Board of Directors is responsible for the matters of Compliances of the various provisions of the Companies Act, 2013 and other applicable laws. Our responsibility to conduct the audit of the Compliances made during the year upon test check basis, We have adopted such methods and procedure and based on our verification of the AGRO PHOS (INDIA) LIMITED books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, We hereby report that in our opinion, the Company has, during the audit period covering the **financial year ended 31st March, 2022** has complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2022 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made there under;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under;
- (iii) The Depositories Act, 2018 and the Regulations and Bye-laws framed there under;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made there under; Not Applicable as there was no reportable event during the period under review
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015;
 - (b) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (c) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (d) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018; Not Applicable as there was no reportable event during the financial year under review;
 - (e) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021; NA
 - (f) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; Not Applicable as there was no reportable event during the financial year under review;
 - (g) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client; Not Applicable as the Company is not registered as Registrar to

Issue and Share Transfer Agent during the financial year under review;

(h) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; Not Applicable as the Company has not delisted/ proposed to delist its equity shares from Stock Exchange during the financial year under review;

(i) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018; Not Applicable as there was no reportable event during the financial year under review;

Further all the listing compliances and checks are been carried out in the reference with Secretarial Compliance Report along with all the observations made as uploaded on the stock exchange.

(vi) The Company has informed that following laws specifically applicable to the company.

(a) Fertilizer Control Order 1985

(b) The Explosive Act, 1884

I have relied on the representation made by company and its officers for the systems and processes formed by the company to monitor and ensure the compliances under the other applicable laws specifically applicable to the company.

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India.
- (ii) Listing Agreements entered into by the Company with National Stock Exchange of India Limited.

During the period under review and as per the explanations and representations made by the management and subject to clarifications given to us, the Company has generally complied with the provisions of the Act, Rules, Regulations, Guidelines, etc., mentioned above except to the extent as mentioned below:

Sr. No	Compliance Requirement (Regulations/ circulars / guidelines including specific clause)	Dev iations	Observations/ Remarks of the Practicing Company Secretary
1.	Regulation 27(2)(a) of SEBI (LODR) Regulation, 2015 – Corporate Governance Report	Company has 6 days delayed in submission of Corporate Governance report to stock exchange for the Quarter ended 31, March, 2021	Fine amount of Rs. 14160/- has been imposed by NSE and company has requested for waiver of the Fine to the NSE
2.	Regulation 29(2)(3) of SEBI (Listing Obligation and Disclosures Requirement) Regulations, 2015- Intimation of Board meeting to consider Financial Results	Company has one day delayed in serving intimation to Stock Exchange about the Board Meeting held on 14th August 2021. Notice of intimation of Board Meeting held on 14.08.2021, should be filed on or before 8th August, 2021 but the company has filed the same on 9th August, 2021.	NSE has through it's email on 16th August 2021 have asked company to give it's clarification over delay in intimation of Board Meeting held on 14th August 2021, In revert company placed with NSE it's clarification vide it's letter dated 17th May 2021 on ground of Non –Receipt of OTP on registered email ID of company on account of some technical issues. Which was later on denied by the NSE and was imposed a Fine of INR 11,800/- (Inclusive of GST) through it's letter NSE/LIST-SOP/COMB/FINES/FINES/0822 dated 14th September 2021, Company through it's letter dated 29th September 2021 has applied an application for the waiver of the fine. Which was again denied by the NSE and not consider the same and still carry on fine of INR 11,800/- (Inclusive of GST) through it's letter NSE/LIST-SOP/COMB/FINES/FINES/0822 dated 02nd February 2022, The company has made the payment of Fine of Rs. 11,800 to NSE on 09th February, 2022.

We further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors including Independent Directors and Women Directors.

During the year Mr. Raj Kumar Gupta (DIN: 00244925) has retired as a rotational director and re-appointed as a Director in the Annual General Meeting of the Company held on 30th September, 2021.

Further Mr. Chandresh Kumar Gupta (DIN: 09042779) was appointed as Additional Director (Independent, Non-Executive Director) of the Company on 25th January, 2021 and has been regularized in the AGM held on 30.09.2021 as a Director (Independent, Non-Executive Director) of the Company.

Similarly, Mr. Tushar Dave (DIN: 02721299) has appointed as Additional Director (Independent, Non-Executive Director) of the Company on 30th June, 2021 and has been regularized in the AGM held on 30.09.2021 as a Director (Independent, Non-Executive Director) of the Company.

The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act. There were Gap of More than 120 days in between the Two Board Meeting for the Quarter ended 31st March, 2021 and 30th June, 2021, However Ministry of Corporate Affairs has vide Circular no. 08/2021 Dated 3rd May, 2021 granted relaxation to the companies to hold Board meeting with Gap of not more than 180 days upto 30th September, 2021

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting..

All decisions at Board Meetings and Committee Meetings were carried out with requisite majority as recorded in the minutes of the meetings of the Board of Directors or Committees of the Board, as the case may be.

We further report that:

There are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that: -

During the audit period of the company, there were instances of:

Appointment of Cost Auditor

Company has appointed M/s Neeraj Maheshwari & Associates, Cost Accountants as Cost Auditor of the Company under section 148 of the Companies Act, 2013, read with Rule 14 of the Companies (Audit & Auditors) Rules, 2014, issued by the Central Government, to conduct audit of the cost accounts maintained by the Company in respect of Fertilizers Products manufactured for the financial year 2021-22. Fortunately a casual vacancy of Cost Auditor was arose which the board of directors was fill at their meeting held on 08th March 2022 through appointing M/s M.P. Turkhia& Associates, Cost Accountants(FRN 000417) for the financial year ended 31st March 2022.

Appointment of Internal Auditor

M/s Pankaj Somaiya & Associates LLP, Chartered accountants is appointed as an Internal Auditor of the Company in Board Meeting held on 30th June 2021 to conduct the internal audit of the Company for the Financial Year 2021-22, as required under Section 138 of the Companies Act, 2013 and the Companies (Accounts) Rules, 2014.

Revision of Remuneration of Key Managerial Person

During the year, Company has revise the Remuneration of Mr. Raj Kumar Gupta, Managing Director of the Company from Rs.2,50,000/-Per month to Rs. 3,50,000/- Per Month effected from 01st September 2021 for the period of three years and Mr. Vishnu Kant Gupta, Whole Time Director of the Company from Rs.1,50,000/-Per month to Rs. 2,50,000/- Per Month w.e.f 01st September 2021 for the period of three years and necessary approval of the members of the Company was taken in the Annual General Meeting held on 30th September, 2021.

Appointment of Key Managerial Personnel under section 203 of Companies Act, 2013.

Mr. Raj Kumar Gupta (DIN:00244925) has been Re-appointed as Managing Director of the Company for a period of 3 years with effect from 8th March, 2022 subject to approval of the Members in the ensuing Annual General Meeting.

Further the Company has revised the above limits of the remuneration of **Mr. Raj Kumar Gupta**, Managing Director of the Company from Rs.3,50,000/-Per month to Rs. 4,50,000/- Per Month effected from 08th March 2022 for the period of three years and **Mr. Vishnu Kant Gupta**, Whole Time Director of the Company from Rs.2,50,000/-Per month to Rs. 3,50,000/- Per Month w.e.f 01st March 2022 for the period of three years subject to the approval of the members in the ensuing Annual General Meeting.

Regarding Applicability of CSR

The provision of the CSR was not applicable on company for the financial 2021-22, as the applicability of CSR related provisions was ended w.e.f. Financial year 2018-19. therefore, company was not liable to invest (2% of average net profit of last three financial year) since F.Y, 2019-20, However previous years unspent fund related with financial year 2015-16, 2016-17, 2017-18, 2018-19 was kept with company, for which company was considering for some better investment in the same way company in previous year have invested INR 7,00,000 to one NGO (Suflam Seva Nyaas) engaged in social activities and during the reporting period company have donated one Ambulance vehicle of INR 1001005/- to Rotary Club under CSR Investment of the company, after all such investment company still need to invest remaining fund into as CSR investment.

Further company's Profit as per the Audited Financials of 31st March 2022 have crossed the threshold of 5 Crore therefore CSR Applicability on the company will arise in Financial Year 2022-23.

Independent Auditors Report

To,
The Members of
Agro Phos India Limited

Report on the Financial Statements

Opinion

We have audited the accompanying financial statements of **Agro Phos India Limited** (“the Company”), which comprise the balance sheet as at 31st March 2022, and the statement of Profit and Loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with accounting principles generally accepted in India, of the state of affairs of the company as at 31st March, 2022, and its profit (including other comprehensive income), the changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the *Code of Ethics* issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matters	Auditor's Response
Evaluation of uncertain tax positions The Company operates in multiple jurisdictions and is subject to periodic challenges by local tax authorities on a range of tax matters during the normal course of business including direct and indirect tax matters. These involve significant management judgment to determine the possible outcome of the uncertain tax positions, consequently having an impact on related accounting and disclosures in the financial statements.	Our audit procedures include the following substantive procedures: <ul style="list-style-type: none"> • Obtained understanding of key uncertain tax positions; and • We along with our internal tax experts – <ul style="list-style-type: none"> – Read and analysed select key correspondences, external legal opinions / consultations by management for key uncertain tax positions; – Discussed with appropriate senior management and evaluated management's underlying key assumptions in estimating the tax provisions; and Assessed management's estimate of the possible outcome of the disputed cases

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- a. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b. Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statement in place and the operating effectiveness of such controls.
- c. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- d. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- e. Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure A a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c. The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
- d. In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rules framed there under.
- e. On the basis of the written representations received from the directors as on 31st March, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
- f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 34 to the financial statements;
 - ii. The Company did not have any long term contract including derivative contract for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. (A) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:

- directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or
- provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

(B) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall:

- directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Party or
- provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries; and

(C) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub clause (iv) (A) and (iv) (B) contain any material mis-statement.

- v. The company has paid dividend during the year in accordance with provision of Section 123 of the Act.
- h. With respect to the matter to be included in the Auditors' Report under Section 197(16) of the Act, In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 read with Schedule V to the Act.

Annexure A to Independent Auditor's Report

Referred to in paragraph (1) under the heading of "Report on Other Legal and Regulatory Requirements" of our report of even date to the members of Agro Phos India Limited on the financial statements for the year ended 31st March, 2022.

- i.
 - a. A. The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, plant and equipment.
 - B. The Company has maintained proper records showing full particulars of intangible assets.
 - b. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a phased program for physical verification of the PPE for all locations. Physical verification of the assets has been carried out during the year pursuant to the programme which in our opinion is reasonable, having regard to the size of the company and nature of its assets. No material discrepancies between the book records and the physical inventory have been noticed. In our opinion, the frequency of verification is reasonable.
 - c. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than properties whether the company is the lessee and the lease agreement are duly executed in favour of the lessee) disclosed in the financial statements are held in the name of the Company.
 - d. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the company has not revalued its Property, plant and equipment or intangible assets during the year.
 - e. According to the information and explanations given to us and as explained to us, no proceedings have been initiated or are pending against the company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.
- ii.
 - a. The inventories have been physically verified by the management at reasonable intervals during the year. The procedures of physical verification of the inventories followed by the management are reasonable and adequate in relation to the size of the Company and nature of it's business. As per the information and explanations given to us and on the basis of our examination of the records, no discrepancies of 10% or more in the aggregate for each class of inventory were noticed on physical verification of inventories as compared to book records.
 - b. During the year, the Company has been sanctioned working capital limits in excess of `5 crores, in aggregate, from banks on the basis of security of current assets. The Company has filed quarterly returns or statements with such banks, which are in agreement with the books of account other than those as set out below.

P.N. 64

Name of the Bank	Quarter Ended	Amount disclosed as per quarterly return / statement Rs. in Lacs	Amount as per books Rs. in Lacs	Difference Rs. in Lacs	Reason for difference
					As Explained to us Quarterly Current Assets (Net) details submitted to bank on provisional basis hence :
Axis Bank Ltd.	June 2021	4796	3823	974	I. Stock Rs. 329 Lacs short, II. Trade/Subsidy Receivables Rs. 1311 Lacs excess and III. Trade Payables Rs. 8 Lacs excess in bank statement.
	September 2021	3711	3476	235	I. Stock Rs. 379 Lacs excess, II. Trade/Subsidy Receivables Rs. 143 Lacs short and III. Trade Payables Rs. 1 Lacs excess in bank statement.
	December 2021	3966	3430	535	I. Stock Rs. 1113 Lacs excess, II. Trade/Subsidy Receivables Rs. 565 Lacs short and III. Trade Payables Rs. 13 Lacs excess in bank statement.
	March 2022	3134	3100	34	I. Stock Rs. 1 Lacs short and II. Trade/Subsidy Receivables Rs. 35 Lacs excess in bank statement.

- iii. The company has made investment during the year, however the company has not given any guarantee or provided any security or granted any loans or advance in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties.
- According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has made investment in equity shares and schemes of mutual funds.
 - According to the information and explanation given to us, in our opinion, the terms and condition under which such investments were made are, prima facie, not prejudicial to the interest of the Company.
 - No loan or advance in the nature of loan has been granted by the company, in our opinion provisions of para 3 (iii) (c) to (f) of the order are not applicable to the company.
- ii. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of section 185 and 186 of the Act, with respect to the investments made. The company has not granted any loan or provided any security or granted any guarantee in terms of section 185 and 186 of the Act.

- v. In our opinion and according to the information and explanations given to us, the Company has not accepted deposits from the public within the meaning of Section 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the Rules, framed there under. As informed to us no Order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any court or any other Tribunal.
- vi. We have broadly reviewed the cost records maintained by the Company pursuant to the rules made by the Central Government under sub-section (1) of Section 148 of the Companies Act, 2013 and are of the opinion that prima facie the prescribed records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- vii.
- a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion the Company is regular in depositing undisputed statutory dues including Goods and Services tax, provident fund, employee's state insurance, income tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues as applicable with the appropriate authorities. There were no undisputed statutory dues in arrears, as at 31st March, 2022 for a period of more than six months from the date they became payable except Property tax amounting to Rs. 0.60 lacs related to 2013-14 to 2019-20 is outstanding for more than six months not deposited.
- b) According to the information and explanations given to us and the records of the Company examined by us, there are no dues of Goods and Services tax, provident fund, employee's state insurance, income tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues which have not been deposited with appropriate authorities on account of any dispute except detailed as follows:

Name of the Statute	Nature of Liability	# (Amount in Lacs)	Related Period	Forum where dispute is pending
Central Sales Tax Act 1956	Central Sales Tax	19.20	2016-17	The Dy. Commissioner Appeal Indore

Note: Net of Rs. 2.22 Lacs deposited.

- viii. According to the information and explanations given to us and the records of the Company examined by us, there were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961) and hence reporting under clause 3(viii) of the Order is not applicable to the Company.
- ix.
- a. According to the records of the company examined by us and as per the information and explanations given to us, the Company has not defaulted in repayment of loans and borrowings or in payment of interest thereon to any lender and hence reporting under para 3(ix) (a) of the Order is not applicable to the Company.
- b. The company is not declared a willful defaulter by any bank or financial institution or other lender.
- c. According to the information and explanations given to us and the records of the Company examined by us, the term loans raised during the year were applied for the purpose for which they were obtained.

d. According to the information and explanations given to us and on an overall examination of financial statements of the Company, we report that funds raised for short term basis have not been utilized for long term purpose.

e. According to the information and explanations given to us and the records of the Company examined by us, the company has no subsidiary, joint venture or associate company. In our opinion provision of para 3 (ix)(e) are not applicable.

f. According to the information and explanations given to us and the records of the Company examined by us, the company has no subsidiaries, joint ventures or associate companies. In our opinion provision of para 3 (ix)(f) are not applicable.

x. a. In our opinion and according to the information and explanations given to us and the records of the Company examined by us, the company has not raised money by way of initial public offer or further public offer (including debt instruments).

b. In our opinion and according to the information and explanations given to us and the records of the Company examined by us, the company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year.

xi. a. During the course of our examination of the books of account and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the company noticed or reported during the year.

b. No report under sub-section (12) of section 143 of the companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.

c. As represented to us by the management, there are no whistle-blower complaints received by the company during the year.

xii. In our opinion and according to information and explanation given to us and the records of the Company examined by us, the company is not a Nidhi Company therefore, the provision of para 3 (xii) of the Order is not applicable to the company.

xiii. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.

xiv. a. In our opinion and based on our examination, the company has an internal audit system commensurate with the size and nature of its business.

b. We have considered the internal audit reports of the company issued till date, for the period under audit.

xv. According to the information and explanations given to us, in our opinion during the year the company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence the provision of section 192 of the Companies Act, 2013 are not applicable to the company.

- xvi. a. The company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934 therefore, the provision of para 3 (xvi) (a) of the Order is not applicable to the company for the year under audit.
- b. The company has not conducted any Non-Banking Financial or Housing Finance activities during the year therefore, the provision of para 3 (xvi) (b) of the Order is not applicable to the company.
- c. The company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Therefore, the provision of para 3 (xvi) (c) of the Order is not applicable to the company.
- d. The Group has no CIC. Therefore, the provision of para 3 (xvi) (d) of the Order is not applicable to the company.
- xvii. The company has not incurred cash losses during the financial year covered by our audit and in the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors during the year and in our opinion provisions of para 3(xviii) of the order not applicable.
- xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. According to the information and explanations given to us and on the basis of our examination of the records, the provision in respect of corporate social responsibility under section 135 of the Companies Act, 2013 are not applicable to the company for the current and previous financial year. Hence reporting under clause 3(xx) (a) and (b) of the Order is not applicable to the Company.

Annexure B To the Independent Auditor's Report of even date on the Financial Statements of Agro Phos India Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Agro Phos India Limited as of March 31, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

A. General Information

Agro Phos (India) limited is a Public Limited Company incorporated under the Companies Act, 1956 bearing Corporate Identity No. L24123MP2002PLC015285 dt. 19.09.2002 having registered office at M-87, Trade Centre 18M, South Tukoganj, Indore, MP -452001. The Company was initially incorporated as a private limited company and has converted into public limited company w.e.f. 28.02.2004. Initially company established its fertilizer manufacturing facility at Industrial Area, Dewas (M.P.). During the year 2014-15 company also established its new manufacturing facility at Meghnagar Distt. Jhabua (M.P.). The company is also engaged in fertilizer and commodities trading. The shares of the company are listed at the National Stock exchange.

B. Significant accounting policies

i. Statement of compliance

The financial statements have been prepared in accordance with Indian Accounting standards ("Ind AS") prescribed under Section 133 of the Companies Act 2013 read with the companies (Indian Accounting Standards) Rules, as amended from time to time.

ii. Basis of Preparation

The financial statements have been prepared on accrual basis and under the historical cost convention except for certain financial instruments which are measured at fair value at the end of each reporting period, as explained in the accounting policies mentioned below.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. The Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

Functional and presentation currency

These financial statements including notes thereon are presented in Indian Rupees ("Rupees" or "INR"), which is Company's functional and presentation currency. All amounts disclosed in the Financial Statements including notes thereon have been rounded off to the nearest Rs. in lacs as per the requirement of Schedule III to the Act, unless stated otherwise.

iii. Use of Estimates, Judgments and Assumptions

The preparation of financial statements in accordance with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

Significant areas of estimation, uncertainty and critical judgements in applying accounting policies that have significant effect on amount recognized in the financial statements are:

- i. Allowance for bad and doubtful trade receivable.

- ii. Recognition and measurement of provision and contingencies.
- iii. Depreciation/ Amortisation and useful lives of Property, plant and equipment / Intangible Assets.
- iv. Recognition of deferred tax.
- v. Income Taxes.
- vi. Measurement of defined benefit obligation.
- vii. Impairment of Non-financial assets and financial assets.
- viii. Fair value of financial instruments.

iv. Revenue

Recognition

The company recognised revenue i.e. account for a contract with a customer only when all of the following criteria are met:

- (a) the parties to the contract have approved the contract (in writing, orally or in accordance with other customary business practices) and are committed to perform their respective obligations;
- (b) the entity can identify each party's rights regarding the goods or services to be transferred;
- (c) the entity can identify the payment terms for the goods or services to be transferred;
- (d) the contract has commercial substance (ie the risk, timing or amount of the entity's future cash flows is expected to change as a result of the contract); and
- (e) it is probable that the entity will collect the consideration to which it will be entitled in exchange for the goods or services that will be transferred to the customer. In evaluating whether collectability of an amount of consideration is probable, an entity shall consider only the customer's ability and intention to pay that amount of consideration when it is due. The amount of consideration to which the entity will be entitled may be less than the price stated in the contract if the consideration is variable because the entity may offer the customer a price concession.

Measurement

When (or as) a performance obligation is satisfied, company recognise as revenue the amount of the transaction price (which excludes estimates of variable consideration that are constrained) that is allocated to that performance obligation.

The transaction price is the amount that the entity expects to be entitled to in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties (for example, some taxes on sales). The consideration promised may include fixed amounts, variable amounts, or both.

i. Sale of goods

Revenue is recognised upon transfer of control of promised goods to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those goods. Revenue from the sale of goods is recognised at the point in time when control is transferred to the customer which is usually on dispatch / delivery of goods, based on contracts with the customers. Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, price concessions, incentives, and returns, if any, as specified in the contracts with the customers. Revenue excludes taxes collected from customers on behalf of the government. Further, the revenue amount is adjusted for the time value of money if that contract contains a significant financing component.

ii. Interest and Dividend

Interest income is recognized on accrual basis using the effective interest method. Dividend income is recognised in profit or loss on the date on which the company's right to receive payment is established.

v. Inventories

Inventories are valued at lower of cost and net realizable value, except scrap is valued at net realizable value. Cost of inventory is arrived at by using FIFO Method. Cost of inventory is generally comprises of cost of purchases, cost of conversion and other cost incurred in bringing the inventories to their present location and condition.

vi. Property, Plant and Equipment

a. Recognition and measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses (if any).

The cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, acquisition or construction cost including borrowing costs, any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management, initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in statement of profit or loss.

b. Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the company and costs of the item can be measured reliably.

c. Depreciation

Depreciation on property, plant and equipment is provided using Straight line method (SLM) as per the useful life of the assets in the manner as specified in Schedule II to the Companies Act, 2013. The estimated useful life of assets and estimated residual value is taken as prescribed under Schedule II to the Companies Act, 2013.

Depreciation on additions during the year is provided on pro rata basis with reference to date of addition/installation. Depreciation on assets disposed/discarded is charged up to the date on which such asset is sold.

The estimated useful lives, residual value and depreciation method are reviewed at the end of each balance sheet date, any changes therein are considered as changes in estimate and accordingly accounted for prospectively.

e. Capital Work In progress

Assets under erection/installation are shown as "Capital work in progress", Expenditure during construction period are shown as "pre-operative expenses" to be capitalized on erection/installations of the assets.

vii. Intangible Assets

Identifiable intangible assets are recognised when it is probable that future economic benefits attributed to the asset will flow to the Company and the cost of the asset can be reliably measured. Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

Recognition and measurement

Intangible assets are held at cost less accumulated amortisation and impairment losses. Intangible assets developed or acquired with finite useful life are amortised on straight line basis over the useful life of asset.

Subsequent expenditure

Subsequent expenditure is capitalised only when when it is probable that future economic benefits attributed to the asset will flow to the Company and the cost of the asset can be reliably measured or development stage is achieved. All other expenditure, including expenditure on internally generated goodwill and brands, when incurred is recognised in statement of profit or loss.

Amortisation

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values using the straight-line method over their estimated useful lives and is generally recognised in statement of profit or loss. Computer software are amortised over their useful life of 5 years.

Amortisation methods, useful lives and residual values are reviewed at each reporting date and adjusted, if required.

viii. Employee benefits

i. Short term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

ii. Defined benefit plans

The liability for gratuity a defined benefit plan is determined annually by a qualified actuary using the projected unit credit method.

The company pays gratuity to the employees who have completed five years of service with company at the time when the employee leaves the company as per the payment of gratuity act 1972.

Remeasurement of the net defined benefit plans in respect of post-employment are charged to other comprehensive income. Net interest expense and other expenses related to defined benefit plans are recognised in statement of profit and loss.

The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- Service costs comprising current service costs, past-service costs; and
- Net interest expense or income

iii. Other employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognized as a liability at the present value of obligation as at the Balance sheet date determined based on an actuarial valuation.

iv. Defined Contribution Plan

The company's payments to the defined contribution plans are recognized as expenses during the period in which the employees perform the services that payment covers. Defined contribution plan comprise of contribution to the employees' provident fund with government, Employees' State Insurance and Pension Scheme.

ix. Income Tax

Income tax expense comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to other comprehensive income or a business combination, or items recognised directly in equity.

i. Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date. Current tax also includes any tax arising from dividends.

Current tax assets and liabilities are offset only if, the Company:

- a) has a legally enforceable right to set off the recognised amounts; and
- b) intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

ii. Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets and liabilities are reviewed at the end of each reporting period.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT is recognised as deferred tax asset in the balance sheet when the asset can be measured reliably, and it is probable that the future economic benefit associated with the asset will be realised.

Deferred tax assets and liabilities are offset only if:

- a) the entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

x. Foreign currency transactions

Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Difference arising on settlement of monetary items are recognised in statement of profit and loss except to the extent of exchange differences which are regarded as an adjustment to interest costs on foreign currency borrowings that are directly attributable to the acquisition or construction of qualifying assets which are capitalized as cost of assets.

Non-monetary items that are measured based on historical cost in a foreign currency are recorded using the exchange rates at the date of the transaction. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Exchange difference arising out of these transactions are generally recognised in statement of profit and loss.

xi. Borrowing cost

Borrowing costs that are directly attributable to the acquisition, construction or production of qualifying asset are capitalised as part of the cost of that asset till the date it is ready for its intended use or sale. Qualifying asset are the assets that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are charged to the statement of profit and loss in the period in which they are incurred.

Borrowing cost consist of interest and amortization of ancillary cost incurred in connection with the arrangement of borrowed funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

xii. Cash and Cash Equivalent

Cash and cash equivalent includes the cash and Cheques in hand, bank balances, demand deposits with bank and other short term, highly liquid investments with original maturity of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdraft are shown within borrowings in current liabilities in the balance sheet and forms part of financing activities in the cash flow statement. Book overdraft are shown within other financial liabilities in the balance sheet and forms part of operating activities in the cash flow statement.

xiii. Cash Flow Statement

Cash flows are reported using indirect method, whereby profit/ (loss) before tax is adjusted for the effect of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments and items of income or expenses associated with investing or financing cash flow. The cash flow from operating, investing and financing activities of the company is segregated based on the available information.

xiv. Earning Per Share

- i. Basic earnings per shares is arrived at based on net profit / (loss) after tax available to equity shareholders divided by Weighted average number of equity shares , adjusted for bonus elements in equity shares issued during the year (if any) and excluding treasury shares.
- ii. Diluted earnings per shares is calculated by dividing Profit attributable to equity holders after tax divided by Weighted average number of shares considered for basic earning per shares including potential dilutive equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Potential ordinary shares shall be treated as dilutive when, and only when, their conversion to ordinary shares would decrease earnings per share or increase loss per share from continuing operations.

xv. Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when there is a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognized for future operating losses.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability. The Company does not recognize a contingent liability but discloses its existence in the financial statements

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are not recognized, but its existence is disclosed in the financial statements

xvi. Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

As per the requirements of Ind AS 116 the company evaluates whether an arrangement qualifies to be a lease. In identifying a lease the company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

Company as a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

Right of Use Assets

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located.

The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the lease term. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable and impairment loss, if any, is recognised in the statement of profit and loss.

Lease hold land are amortised over period of lease and considered as Right of Use assets as per Ind AS 116 and classified accordingly.

Lease Liability

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole.

The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications. The company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

Operating leases

The Company has also used the practical expedient provided by the standard when applying Ind AS 116 to leases previously classified as operating leases under Ind AS 17 and therefore, has not reassessed whether a contract, is or contains a lease, at the date of initial application, relied on its assessment of whether leases are onerous, applying Ind AS 37 immediately before the date of initial application as an alternative to performing an impairment review, excluded initial direct costs from measuring the right-of-use asset at the date of initial application and used hindsight when determining the lease term if the contract contains options to extend or terminate the lease. The Company has used a single discount rate to a portfolio of leases with similar characteristics.

On transition, the Company recognised a lease liability measured at the present value of the remaining lease payments. The right-of-use asset is recognised at its carrying amount as if the standard had been applied since the commencement of the lease, but discounted using the lessee's incremental borrowing rate as at April 1, 2019.

Company as a lessor

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. If an arrangement contains lease and non-lease components, the Company applies Ind AS 115 Revenue from contracts with customers to allocate the consideration in the contract.

The Company is not required to make any adjustments on transition to Ind AS 116 for leases in which it acts as a lessor.

xvii. Impairment of Non-Financial Assets

The company assesses at each reporting date whether there is any objective evidence that a non-financial asset or a group of non-financial assets are impaired. If any such indication exists, the company estimates the amount of impairment loss.

For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or group of assets is considered as cash generating unit.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognized in statement of profit and loss and reflected in an allowance account. When the company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognized, then the previously recognized impairment loss is reversed through profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed

the carrying amount that would have been in place had there been no impairment loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in Statement of Profit and Loss, taking into account the normal depreciation/amortization.

xviii. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments also include derivative contracts such as foreign currency foreign exchange forward contracts, interest rate swaps and currency options; and embedded derivatives in the host contract.

i. Financial assets

Classification

The Company classifies financial assets in the following measurement categories :

- a. Those measured at amortised cost and
- b. Those measured subsequently at fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

Initial recognition and measurement

All financial assets are recognised initially at fair value. Transaction costs that are attributable to the acquisition of the financial asset are adjusted to the fair value in case of financial assets not recorded at fair value through profit or loss. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the company commits to purchase or sell the asset.

Measured at amortised cost

A financial asset is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss. This category generally applies to trade and other receivables.

Measured at fair value through other comprehensive income (FVOCI)

A financial asset is measured at FVOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Financial assets included within the FVOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the profit and loss. On derecognition

of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to profit and loss. Interest earned whilst holding FVOCI debt instrument is reported as interest income using the EIR method.

Financial Asset at fair value through profit and loss (FVTPL)

FVTPL is a residual category for financial asset. Any financial asset, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified as at FVTPL.

In addition, the group company may elect to classify a financial asset, which otherwise meets amortized cost or FVOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Financial assets included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a company of similar financial assets) is primarily derecognised (i.e. removed from the company's balance sheet) when:

- i. The rights to receive cash flows from the asset have expired, or
- ii. The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the company has transferred substantially all the risks and rewards of the asset, or (b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.
- iii. When the company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the company continues to recognise the transferred asset to the extent of the company's continuing involvement. In that case, the company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the company has retained.
- iv. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the company could be required to repay.

Impairment of financial assets

In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, and bank balance.
- b) Trade receivables.

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- i. Trade receivables which do not contain a significant financing component.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

- ii. For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly,

12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

ii. Financial liabilities

Classification

The Company classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through profit or loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss or amortised costs.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The company's financial liabilities include trade and other payables, loans and borrowings, financial guarantee contracts and derivative financial instruments.

Financial liabilities at fair value through profit or loss.

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the group that are not designated as hedging instruments in hedge relationships as defined by Ind-AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in Ind-AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/losses attributable to changes in own credit risk are recognized in OCI. These gains/loss are not subsequently transferred to P&L. However, the company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

This category generally applies to interest-bearing loans and borrowings.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an

existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting

Financial assets and financial liabilities are offset and the net amount is presented in the balance sheet when, and when the company has a legally enforceable right to set off the amount and it intends either to settle them on net basis or to realize the asset and settle the liability simultaneously.

xix. Measurement of fair values

The Company's accounting policies and disclosures require the measurement of fair values, for financial instruments.

The Company has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

xx. Government Grants

Government grants are recognised where there is reasonable assurance that the grant will be received, and all attached conditions will be complied with. When the grant relates to income item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant related to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

Subsidy for fertilisers is recognized as per the rates notified by the Government of India in accordance with Nutrient Based Subsidy Policy from time to time. Subsidy income recognized only when goods finally sold to end user / farmer and bill generated through IMFS System.

xxi. Standard issued but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 1, 2022, as below:

Ind AS 103 – Reference to Conceptual Framework

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 16 – Proceeds before intended use

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss. The company does not expect the amendments to have any impact in its recognition of its property, plant and equipment in its financial statements.

Ind AS 37 – Onerous Contracts - Costs of Fulfilling a Contract

The amendments specify that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 109 – Annual Improvements to Ind AS (2021)

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 116 – Annual Improvements to Ind AS (2021)

The amendments remove the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives were described in that illustration. The company does not expect the amendment to have any significant impact in its financial statements.

NOTE: 40 - DISCLOSURE AS PER IND AS 19 - EMPLOYEE BENEFITS

A. Defined Contribution Plans

Contribution to Defined Contribution plans, recognised as expense for the year is as under:

Particulars	2021-2022	2020-2021
Employer's contribution to Provident Fund	4	2
Employer's contribution to ESIC	1	1

B. Gratuity

The most recent actuarial valuation of plan assets and the present value of the defined benefit obligation for gratuity were carried out as at March 31, 2022. The present value of the defined benefit obligations and the related current service cost, were measured using the Projected Unit Credit Method.

	Particulars	2021-2022	2020-2021
I.	Reconciliation of defined benefit obligation.		
	Liability at the beginning of the year	56	52
	Current Service Cost	9	8
	Interest Cost	4	4
	Remeasurement due to :		
	Actuarial loss/ (gain) arising change in financial assumptions	-	-
	Actuarial loss/ (gain) arising change in demographic assumptions	-	-
	Actuarial loss/ (gain) arising on account of experience adjustments	2	7
	Benefit Paid	-	-
	Defined benefit obligation at the end of the year	71	56
II.	Reconciliation of opening and closing balance of fair value of plan assets.		
	Fair value of plan assets at the beginning of the year	-	-
	Interest on plan assets	-	-
	Other	-	-
	Contributions Paid by Employer	-	-
	Benefit Paid from Fund	-	-
	Included in OCI	-	-
	actuarial (Gains)/Losses on Obligation for the period	-	-
	Return on Plan Assets Excluding Interest Income	-	-
	Fair value of plan asset at the end of the year	-	-
III.	Amount Recognized in the Balance Sheet		
	Present Value of funded defined benefit obligation	71	56
	Fair Value of Plan Assets at the end of the year	-	-
	Net funded obligation	71	56
	Present value of unfunded defined benefit obligation	-	-
	Amount not recognised due to asset limit	-	-
	Net defined benefit liability / (asset) recognised in Balance sheet	71	56
	Net defined benefit liability / (asset) is bifurcated as below :		
	Current	5	4
	Non - Current	66	52
IV.	Expense Recognised in Statement of Profit & Loss		
	Current Service Cost	9	8
	Net Interest Cost	4	4
	Administrative expenses	-	-
	Past Service Cost	-	-
	Actuarial (Gain)/ Loss on settlement	-	-
	Expense Recognized in P&L	13	12

V. Amount Recognised in Other Comprehensive Income (OCI)		
Opening amount recognised in OCI outside profit and loss account	-	-
Remeasurement due to :		
Changes in financial assumptions	-	-
Changes in demographic assumptions	-	-
Experience adjustments	2	(7)
Actual return on plan assets less interest on plan assets	-	-
Closing amount recognised in OCI outside profit and loss account	2	(7)
VI. Net defined liability / (asset) reconciliation		
Opening Net defined benefit liability / (asset)	56	52
Expense charged to profit and loss account	13	12
Employers Contribution	-	-
Amount recognised outside Profit& loss	2	(7)
Impact of liability assumed or settled	-	-
Closing net defined benefit liability /(asset)	71	56
VII. Assumptions		
The following were the principal actuarial assumptions at the reporting date (expressed as weighted averages)		
Particulars	31-Mar-22	31-Mar-21
Discount Rate	6.80%	6.80%
Salary Escalation Rate	7%	7%
Attrition Rate	5%	5%

VIII. Sensitivity analysis

Reasonable possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant, would have affected the defined benefit obligation by the amounts shown below :

Particulars	31-Mar-22		31-Mar-21	
	1% Increase	1% Decrease	1% Increase	1% Decrease
Change in discounting rate	63	80	50	64
Change in Salary escalation rate	80	63	64	50
Withdrawal Rate	71	71	56	56

NOTE: 42 - FINANCIAL INSTRUMENTS BY CATEGORY AND FAIR VALUE HIERARCHY

A. Accounting classification and fair values

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy. It does not include fair value information for financial assets and financial liabilities if the carrying amount is a reasonable approximation of fair value. A substantial portion of the Company's long-term debt has been contracted at floating rates of interest, which are reset at short intervals. Accordingly, the carrying value of such long-term debt approximates fair value.

(i) March 31, 2022 (Amount)	Carrying amount			Fair value		
	FVTPL	FVTOCI	Amortised Cost	Total	Level 1	Level 2
Financial assets						
(i) Investments	104	-	24	128	79	25
(ii) Trade receivables	-	-	1,139	1,139	-	-
(iii) Cash and cash equivalents	-	-	110	110	-	-
(iv) Bank Balance other than above	-	-	199	199	-	-
(v) Others	-	-	735	735	-	-
104	-	2,206	2,309	79	25	104
Financial liabilities						
(i) Borrowings	-	-	1,276	1,276	-	-
(ii) Trade payables	-	-	1,825	1,825	-	-
(iii) Other Financial liability	-	-	138	138	-	-
-	-	3,239	3,239	-	-	-

(i) March 31, 2021 (Amount)	Carrying amount			Fair value		
	FVTPL	FVTOCI	Amortised Cost	Total	Level 1	Level 2
Financial assets						
(i) Investments	-	-	-	-	-	-
(ii) Trade receivables	-	-	1,658	1,658	-	-
(iii) Cash and cash equivalents	-	-	25	25	-	-
(iv) Bank Balance other than above	-	-	76	76	-	-
(v) Others	-	-	625	625	-	-
-	-	2,384	2,384	-	-	-
Financial liabilities						
(i) Borrowings	-	-	1,395	1,395	-	-
(ii) Trade payables	-	-	1,210	1,210	-	-
(iii) Other Financial liability	-	-	89	89	-	-
-	-	2,693	2,693	-	-	-

B. Measurement of fair values

Valuation techniques and significant unobservable inputs

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1 : quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 : inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 : inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Notes forming part of financial statements

NOTE: 43 - FINANCIAL INSTRUMENTS- FAIR VALUES AND RISK MANAGEMENT

Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- (i) Market risk
 - (a) Currency risk;
 - (b) Interest rate risk;
 - (c) Commodity risk;
- (ii) Credit risk ; and
- (iii) Liquidity risk ;

Risk management framework

The Company's activities expose it to a variety of financial risks, including market risk, credit risk and liquidity risk. The Company's primary risk management focus is to minimize potential adverse effects of risks on its financial performance. The Company's risk management assessment policies and processes are established to identify and analyses the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. These policies and processes are reviewed by management regularly to reflect changes in market conditions and the Company's activities. The Board of Directors and the Audit Committee are responsible for overseeing these policies and processes.

(i) Market risk

Market risk is the risk of changes the market prices on account of foreign exchange rates, interest rates and Commodity prices, which shall affect the Company's income or the value of its holdings of its financial instruments . The objective of market risk management is to manage and control market risk exposure within acceptable parameters, while optimising the returns.

i(a) Currency risk

The fluctuation in foreign currency exchange rates may have impact on the profit and loss account, where any transaction has more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the entity. Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchangerates in those countries. The risks primarily relate to fluctuations in U.S. dollar and Euro, against the respective functional currencies. The Company, as per its risk management policy, uses foreign exchange and other derivative instruments primarily to hedge foreign exchange and interest rate exposure. The Company does not use derivative financial instruments for trading or speculative purposes.

Exposure to currency risk

The summary quantitative data about the Company's exposure to currency risk as reported by the management of the Company is as follows:

Particulars	As at 31st March 2022	As at 31st March 2021
	Foreign Currency Exposure in INR	Foreign Currency Exposure in INR
Receivable net exposure		
Trade receivables	-	-
Receivable net exposure	-	-
Payable net exposure		
Trade payables and other financial liabilities	1,173	367
Payable net exposure	1,173	367
Forward exchange contracts against imports and foreign currency payables	-	-
Payable net exposure	1,173	367
Total net exposure on Receivables /(Payables)	(1,173)	(367)

A 1% strengthening / weakening of the respective foreign currencies with respect to functional currency of Company would result in

Particulars	Profit/(Loss) March 31, 2022		Profit/(Loss) March 31, 2021	
Effect in Indian Rupees	Strengthening	Weakening	Strengthening	Weakening
INR	(12)	12	(4)	4

Notes forming part of financial statements

i (b) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The company's exposure to the risk of changes in market interest rates relates primarily to the borrowing from bank and

Interest rate risk exposure -variable rate

Particulars	As at 31st March 2022	As at 31st March 2021
Borrowing from bank	1,267	1,380
Borrowing from financial institution	9	15
	1,276	1,395

Interest rate sensitivity

A reasonably possible change of 1% in interest rates at the reporting date would have increased /(decreased) equity and profit or loss by amounts shown below. This analysis assumes that all other variables, in particular, foreign currency exchange rates, remain constant. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The period end balances are not necessarily representative of the average debt outstanding during the period.

Particulars	Impact on Profit/(loss) before tax	
	1% Increase	1% Decrease
March 31, 2022		
On account of Variable Rate Borrowings from Banks	(13)	13
Sensitivity	(13)	13
March 31, 2021		
On account of Variable Rate Borrowings from Banks	(14)	14
Sensitivity	(14)	14

Notes forming part of financial statements

(ii) Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Company's receivables from customer. The Company establishes an allowance for doubtful debts and impairment that represents its estimate on expected loss model.

A. Trade and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry has an influence on credit risk assessment. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

Summary of the Company's exposure to credit risk by age of the outstanding from various customers is as follows:

Particulars	As at March 31, 2022	As at March 31, 2021
Past due but not impaired		
Past due 0-90 days	573	462
Past due 91-180 days	176	156
Past due more than 180 days	404	1,077
	1,153	1,696

Expected credit loss assessment for customers as at March 31, 2022 and March 31, 2021

Exposures to customers outstanding at the end of each reporting period are reviewed by the Company to determine expected credit losses. Historical trends of impairment of trade receivables do not reflect any significant credit losses. Impaired amounts are based on lifetime expected losses based on the best estimate of the management. Further, management believes that the unimpaired amounts that are past due by more than 180 days are still collectible in full, based on historical payment behaviour and extensive analysis of customer credit risk. The impairment loss related to several customers that have defaulted on their payments to the Company and are not expected to be able to pay their outstanding balances, mainly due to economic circumstances.

The movement in the allowance for impairment in respect of trade and other receivables during the year was as follows.

Particulars	Amount
Balance as at April 1, 2021	38
Bad debts written off	-
Reversal of Provision for Doubtful debts	(22)
Balance as at March 31, 2022	16
Particulars	Amount
Balance as at April 1, 2020	27
Bad debts written off	-
Provision for Doubtful debts	11
Balance as at March 31, 2021	38

B. Cash and cash equivalents

The Company holds cash and cash equivalents with credit worthy banks of Rs.108 lacs as at March 31, 2022, (Rs.10 lacs as at 31st March 2021).The credit worthiness of such banks is evaluated by the management on an ongoing basis and is considered to be good.

NOTE: 45 - SEGMENT REPORTING
A. General Information

(i) Factors used to identify the entity's reportable segments, including the basis of organisation Based on the criteria as mentioned in Ind As 108 "Operating Segment", the Company has identified its reportable segments as under :

Nature of Segment	Comprised of-
Fertilizers	Manufacturing and Trading of Fertilizers
Others	Trading of Commodities

The Chief Operating Decision Maker ("CODM") has evaluated the Company's performance and segments have been identified taking into account the type of products, the differing risk and returns and internal reporting system.

B. Segment revenue, results, segment assets and liability include respective amounts directly identified with the segment and also an allocation on reasonable basis of amounts not directly identified. The expenses which are not directly relatable to the business segment are shown as un allocable corporate cost. Assets and Liabilities that cannot be allocated between segment are shown as un allocable corporate assets and liabilities respectively.

(Figures Rs. in Lacs)

B. Geographical Segment

All Operating facilities of the Company are located in India

Particulars	2021-2022	2020-2021
Domestic Revenue	11725	6022
Export Revenue	-	-
Total Revenue	11725	6022

C. Revenue from Major Products

The following information is an analysis of the Company's segment revenue from continuing operations from its major products

Particulars	2021-2022	2020-2021
i) Fertilizers		
SSP Products	3709	3565
NPK Products	2120	34
DAP	230	7
Gypsum	288	6
Rock	261	188
ZINC SULPHATE Products	8	214
ii) Others		
-	-	-

D. Revenue from Major Customers

Customer contributed 10% or more to the company's revenue for the year ended March 31,2022 from following segment:

Fertilizer

SSP Products	1269
NPK Products	1880

Notes forming part of financial statements

NOTE: 46 - DISCLOSURE ON FINANCIAL AND DERIVATIVE INSTRUMENTS

The Company uses foreign currency forward exchange contracts to hedge its exposure in foreign currency related to firm commitment and highly probable forecasted transactions.

- 1 Notional amount of forward contracts entered into by the Company and outstanding - Nil (Previous Year Nil)
- 2 Foreign Currency exposure which are not hedged as at the year end:
 - a. Payable in foreign currency on account of refund of Import of Materials

2021-2022			2020-2021		
Currency	Amount In foreign	Amount In INR Lacs	Currency	Amount In foreign	Amount In INR Lacs
USD	1,547,362	1,173	USD	498,900	367

- b. Receivables in Foreign currency on account of exports - Nil (Previous Year Nil)

NOTE: 47 - LEASE

(Where company is lessor)

The assets given cancellable operating leases by the company are included in Property, Plant & Equipment. The lease rentals recognized as income in statement of profit and loss on a straight line basis over the lease term. Costs, including depreciation are recognised as an expense in statement of profit and loss. Initial direct costs are recognized immediately in the statement of profit and loss. The company has not recognized any contingent rent as income in the statement of profit and loss,

The aggregate amount of operating lease income recognized in Statement of profit and Loss is RS.2 lacs (Previous Year Rs.5 lacs)

(Where company is lessee)

- a. The Company has adopted Ind AS 116 'Leases' effective from April 1, 2019 and elect not to apply requirements of Ind AS 116 since leases are short - term leases.
- b. Lease holdland are amortized over period of lease and shown as Right to Use asset under Note 1.1

NOTE: 48- Pursuant to disclosure pertaining to section 186(4) of the Companies Act,2013

NOTE:51 - FINANCIAL RATIOS

Ratio	Methodology	Measure	For the Year 2021-22	For the Year 2020-21	% of change from preceding year
Current Ratio	Current Assets/ Current Liabilities	Times	1.80	2.14	-16.07%
Debt-Equity Ratio	Total Debt/Shareholders' Equity	Times	0.27	0.33	-18.83%
Debt Service Coverage Ratio	Earnings available for debt service/Debt Service	Times	7.70	4.63	66.26%
Return on Equity	PAT/Average Shareholder's Equity	Percentage	13.16%	7.95%	65.51%
Inventory Turnover Ratio	Revenue from Operations/Average Inventory	Times	3.81	2.13	78.48%
Trade Receivables Turnover Ratio	Revenue from Operations/Average Trade Receivables	Times	8.30	3.17	161.76%
Trade Payables Turnover Ratio	Net Credit Purchases/Average Trade Payables	Times	5.30	2.39	121.48%
Net Capital Turnover Ratio	Revenue from Operations/Average Working Capital	Times	2.75	1.36	102.53%
Net Profit Ratio	PAT/Revenue from Operations	Percentage	5.02%	5.31%	-5.34%
Return on Capital Employed	PBIT/Capital Employed	Percentage	14.47%	9.70%	49.08%
Return on Investment	Income generated from investment/Average investments	Percentage	2.51%	0.00%	100.00%

Note:

- Debt service coverage ratio - Significant increase in profit available for debt servicing during the year.
- Return on equity - Ratio has increased significantly due to increase in net profit during the year.
- Inventory turnover ratio - Goods are sold faster which indicates sales are good in a given period.
- Trade Receivable turnover ratio - Reduction in average accounts receivable along with higher credit sales has resulted in higher ratio.
- Trade Payables turnover ratio - During the current period, cost of raw material increased significantly there by value of credit purchase of inventory increased significantly.
- Net Capital turnover ratio - Revenue from operations have significantly increased during the year which indicates better utilization of long term funds of owners and the lenders.
- Return on capital employed - Higher return on capital employed is on account of improved profitability represented by higher earning before interest and tax.
- Return on investment - Ratio has increased significantly due to increase in profitability of an investment to make financial decisions better.

NOTE: 52 - ADDITIONAL REGULATORY INFORMATION

- The company has not granted Loans or Advances in the nature of loans to promoters, directors, KMPs and the related parties (as defined under Companies Act, 2013,) either severally or jointly with any other person, that are: (a) repayable on demand or (b) without specifying any terms or period of repayment.
