Journey of Evolution

About Cover

From the very beginning of life the natural phenomenon of change has been the integral part of the existence. Through the development stages of entire creation, one thing has remained constant and that is CHANGE.....

BHANUBHAI MEMORIAL CENTRE OF EXCELLENCE (BMCE)

We have built a new state-of-the-art manufacturing plant as our attempt to move towards evolution. This modern engineering plant has been built to double the gear box manufacturing capacity to provide world class quality and to ensure on-time delivery within a short span of time.

In last five decades, we have done lots of research and innovations in gear technology. We have developed variety of products in transmission business from worm gear to helical, from planetary to vertical planetary, variable speed couplings, etc. This development always demanded overall progress in gear manufacturing technology, right from cutting to carburizing, gear grinding. The extract of learning is used in layout, machine selection as well in process improvement of gear manufacturing. The new plant will produce internal components of the helical gear box and has a capacity of manufacturing 1000 gear boxes per month.

This new plant is a tribute to our founder Chairman Lt. SHRI BHANUBHAI PATEL who wanted to remain "ALWAYS A STEP AHEAD IN TECHNOLOGY."

THE NEW IDENTITY OF ELECON ENGINEERING COMPANY LIMITED.

We are pleased to introduce the new identity of ELECON. The new logo sports the ELECON monogram in refreshing Orange. Suggesting a new energetic avatar. The pneumatic depicts Blue outlines encircling a Gear, creatively formed by the letter E. The outlines in Blue depict the revolution of the Gear they encircle, suggesting that ELECON is moving towards revolutionizing the way modern industries work, befitting its new positioning line - "Gearing the Future". While being extremely eye-catching and subtle to look at, the logo also displays ELECON's ambition - to continuously deliver innovative, futuristic solutions par excellence, across industries, globally, and SHAPING THE FUTURE.....TODAY.

ELECON AT A GLANCE

Elecon Group was established in 1951 in Goregaon, Mumbai by Ishwarbhai B. Patel. The Company's early focus was on Engineering, Procurement and Construction projects in India. It initially manufactured custom manufacturing conveyor systems under a trading Company.

Elecon Engineering Company Ltd. was incorporated as a Private Limited Company on 11th January 1960. In May 1960, the Company moved to its current location in Vallabh Vidyanagar, Gujarat. Later in June 1962, the Company was listed on the Bombay Stock Exchange.

In 1963, Company has started manufacturing of Transmission Equipments. In 1976, the Company established its separate Gear Division, specialising in power transmission equipment. With vast

experience of more than 5 decades, the Company has successfully consolidated its position as Asia's largest gear manufacturing Company, with a significant presence in India as well as abroad. Company was the pioneer in introducing the modular design concept, case hardened and ground gear technology in India. The Company has a proven track record in designing and manufacturing worm gears; parallel shaft and right angle shaft; helical and spiral level helical gears; fluid geared and flexible couplings, as well as planetary gear boxes.

Facing all the hurdles of Global as well as Indian slowdown in Engineering Sector, Company has always focused towards success through Guru Mantra "Innovation, Change and Adaptability to change".

Expanding its Gear Box manufacturing capacity, the Company has set up a new plant for Gear manufacturing. The new plant has been built to double the Gear Box manufacturing capacity from 500 Gear Boxes from month to 1000 Gear Boxes per month. Elecon will produce internal component of Helical Gear Box at its new plant.

State of the art manufacturing facilities at new plant include fully automated machine lines; comprehensive production capacity; a dedicated work force and a responsive after sales service.

In October 2010, Company acquired the Benzlers-Radicon Group, the power transmission business of UK-based David Brown Ltd. to expand its reach in international market.

Business activities of Elecon has spread out in the area covering wide space of 2,59,075.15 sq. meters together with all infrastructure facilities, buildings and structures thereon.

Management Insight

“ We have a new identity and with it, a brand new beginning. For over 5 decades, we've geared a reputation of delivering innovative, futuristic solutions par excellence, while upholding the highest standards of values, commitment and trust. By restructuring ourselves, we are now aligning our business paradigms with the needs of the increasingly demanding and ever-evolving business ecosystem, while maintain our core beliefs. Our new identity signifies our beginning as an organization that is better, younger and more energetic, in our thoughts and in our approach. We are ELECON, an organization that is not just gearing the world; we are an organization that is “Gearing The Future.”

- **Prayasvin Patel**
Chairman & Managing Director

The restructuring of Elecon Group has created focused Industrial Gear and Material Handling entities. As we implement the second phase of the restructuring exercise, the company faces the challenging economic environment. The management is confident of achieving the benefits in the coming years with the support of its dedicated employees and trust of its stakeholders.

- **Prashant Amin**
Executive Director

The Global as well as Indian economy continued to face challenges in the FY 2013. The economic headwinds, delays with reforms, hurdles in clearance of various government projects and lack of investments had dampened optimism in the Industry. The performance of the Company may be considered satisfactory during the year under report & seen in the face of difficult and trying conditions in a contracted market for Company's products and services. Enormous opportunities arise during transformative times. We are truly in transformative times. We, at Elecon Group have completed a comprehensive business restructuring exercise with an objective to create a focused and a separate material handling & power transmission entities and also deleveraging the balance sheets for raising funds at appropriate evaluation for both the businesses.

We remain confident that our way of doing business and managing our cash will enable us to further strengthen our positions amidst issue of rupee depreciation and global economic slowdown and hope to create long-term sustainable value for our stakeholders and investors.

- **Hemendra Shah** -Chief Financial Officer

This is the right opportunity to all of us to improve our systems as well consolidate all right practices, when there is less load in workshops as well their supporting departments during this recessionary period. We have also taken right decision of separating out MHE like business having long cycle as well with project oriented orders from Transmission like business with short cycle and Product oriented orders. TPM and it's implementation, bifurcation of Engineered and Catalogue products in transmission products shall also help in improvrrnt of OTD as well profitability.

When I am thinking and writing this, some good news of opening of market is coming along with heavy down pour of monsoon, rising some hope for opening of economy.

- **Vilas Kalyankar** -Chief Executive Officer

Corporate Social Responsibility

Corporate Social Responsibility is continuing commitment by ELECON to contribute towards the economic development while improving the quality of life of the people, customers as well as the community and society at large.

We believe that being socially responsible means that organizations must be ethical and sensitive towards stakeholders on important social, cultural, environmental and socio-economic issues.

Social wings of Elecon i.e. EL CARE and ELF (Elecon Ladies Forum), try to achieve its objectives of comprehensive community development by continuously putting its efforts on making a positive contribution by organising Blood Donation Camps, Eye check up and Eye donation camps. They also support to Orphanage Homes, Old Age Homes, for Higher education and health care support to deserving people.

EL CARE always believes that "Empowering a Woman leads to Empowerment of a Family" and continuously focuses on its serious commitment towards girls' education. The company donated generously to Charutar Vidyamandal (CVM) for establishment of Women's Engineering College under the name of Madhuben & Bhanubhai Patel Women Institute of Engineering for Studies & Research in Computer & Communication Technology (MBICT) at New Vallabh Vidyanagar.

Bhanubhai & Madhuben Patel Cardiac Centre

Bhanubhai & Madhuben Patel Cardiac Centre (BMPCC) constructed and developed by Elecon group and managed by Charutar Arogya mandal at Shri Krishna Hospital, karamsad with its multidisciplinary pediatric support structure and telemedicine service has performed over 701 surgeries, out of which 381 are pediatric and 320 are adult surgeries. The Centre also keeps on ascending the quality ladder with doing the most complicated cardiac procedures and surgeries, many of which are rarely managed elsewhere in the country.

The Centre provides the most efficient medical care at the affordable rates to underprivileged people of the society. With the most advanced infrastructure and dedicated team of professionals, the Centre is getting patients from other states and quite a few foreign nationals as well.

Strength & Growth Drivers

Elecon is the ideal choice for supply of gears to various sectors like Cement, Sugar, Power, Steel, Coal and Ports, etc. Elecon has humbly provided its contribution in the growth of Gear industries of India and has also become the first industrial gear manufacturer in India to achieve ISO 9001:2008 version in 2010.

Manufacturing Strength

Elecon has set its highest standard in all aspects of its functioning. It is covering wide space of 1,47,541 sq. meters together with all buildings and structures thereon and all plant and machinery.

Company has built a new state-of-the-art manufacturing plant as an expansion of the Elecon Gear manufacturing facilities. This modern engineering plant has been built to double the gear box manufacturing capacity to provide world class quality and to ensure timely delivery within a short span of time.

Modernisation of existing capacity to augment increased demand can also be considered as one of the manufacturing strength. Elecon has expanded its activities to new areas like manufacturing of wind mill gear boxes for 1 MW to 2 MW. Thus, Elecon is poised to enjoy first mover advantage leading to sustained growth, higher margin and revenues.

The Company has expanded capacity in the manufacturing plants in last couple of years to cater large demand.

Growth Drivers

The Company has maintained its growth momentum in present economic slowdown. We look forward to continuing this trend.

The Company has gained specialised expertise and knowledge over the years in manufacturing Transmission Equipments and due to our competitive manpower cost and high level of technology, we are comfortably able to maintain growth over the years. The Gear Division over the past years have witnessed growth driven by industrial capex as gears find applications across all industries such as Power, Steel, Cement, Sugar etc.

Elecon wants to penetrate extensively in the Sugar Planetary Gear Boxes, Marine Gear boxes and Wind Mill Gear Boxes business. Entering in the business of manufacturing of Wind Mill Gear Boxes and targeting to become Major player in 1-2 MW Segment is in our priority list. Company is also exploring new segments for higher growth: Defense, Navy; High Speed Gears; Gears for Plastic Industry and Vertical Roller Mill Drive in Power and Cement industries.

New Government, after the general election in 2014, has to take the call for new reforms along with taking steps to counter recession, which in turn will provide more thrust to stability in the price and production of essential commodities resulting into steady momentum in the growth of Indian economy.

Directors' Report

Prayasvin B. Patel -Chairman & Managing Director

Dear Members,

Your Directors have pleasure in presenting this 53rd Annual Report together with the Audited Statements of Accounts for the year ended on March 31, 2013.

In the environment of global slowdown, your Directors strive hard to retain/restate the confidence of various stakeholders including the shareholders. We have continued with our custom of providing high quality content and services. The custom in no way hinders our capacity for innovations.

As you are our valued partner in the Company, we share our vision of growth with you. Our guiding principles are a blend of realism and optimism which has been and will be the guiding force of all our future endeavors.

The summary of operating results for the year and appropriation of divisible profits is given below:

Review of Operations

~ Standalone financial performance

For the year ended on 31st March, 2013, the Company has achieved a Turnover of ₹ 60,631.53 Lacs as against ₹ 1,33,909.98 Lacs in the previous year. Foreign Subsidiaries

Year 2012-13 was year of change in Benzlers-Radicon group. Change not only in terms of leadership but also in terms of operating structure.

Capitalizing on the superior manufacturing setup of Elecon group, Benzlers-Radicon group will evolve into a highly customer centric, sales-marketing and assembly- service oriented organization. BR group has been constantly working towards streamlining of focus towards the sales and marketing aspects of the business across the BR group and we believe that this exclusive concentration will enable us to get an edge over our competitors in the international markets, while reducing our overall costs.

Benzlers is on the verge of successfully implementing its restructuring strategy, Project Viking. Through the Project Viking, Benzlers looks forward to harnessing the world class infrastructure of Elecon and become a completely lean organization. With the implementation of Project Viking we will succeed in rationalizing our supply chain, bring down our costs and effectively compete in the European market.

As a step towards becoming one of the biggest power transmission players in the world, we are looking forward to implementing our sales expansion strategy called the Swift Sixteen project. We are planning to establish Swift Centers in sixteen different locations across the globe, where the geared motors of the BR group would be assembled and distributed to the market. Our high quality, distributor friendly, modular products enable us to successfully setup, operate and expand our reach in different geographies. In the past one year, we have already setup a master swift center at Chicago, USA and we are continuously working towards expanding our distributor network in the North American market. Similarly, we have also entered into the growing Russian market, by starting a Swift Center in collaboration with a strong local entity. We are also establishing a footprint in the MENA (Middle East and North Africa) region through our own master swift location in the UAE. We are expecting similar establishments in countries like South Africa and Australia very soon. We are also expanding our operations in Europe through setting up new sales

offices and deputing new Key Account Managers at different strategic locations which would help us increase our marketing network. Through these activities, we are consistently expanding our reach and growing aggressively across the world. We are becoming a truly global group with operations in every continent.

Financial Performance

Against a challenging global economic environment, Benzlers Radicon group managed to grow sales by 15% from ₹ 255 Crores (GBP 33.46 mn.) to

₹ 294 Crores (GBP 34.25 mn.). Benzlers group had a negative growth of 6%. The budget for 2013-14 for the group has been set at GBP 40 million targeting a growth of 17%. Apart from the competition from the well-established global players one of the biggest challenges facing the group in exchange risk. For the year end 2012-13, the group has had to provide for GBP 674,000 as loss on exchange rate movement.

Radicon Transmission UK Ltd.

Industry Structure and Development

The Global Economy has yet to shake off the fallout from the crisis of 2008-2009. Global growth dropped to almost 3 percent, which indicates that about a half a percentage point has been shaved off the long-term trend since the crisis emerged. This slowing trend will likely continue. Mature economies are still healing the scars of the 2008-2009 crisis. But unlike in 2010 and 2011, emerging markets did not pick up the slack in 2012 and also in 2013.

India's growth further decelerated as a slump in industry and investment spread to consumption and exports. Though inflation and the fiscal deficit were reined in, the current account deficit rose to a record high. Delays in resolving structural impediments to growth were compounded by a global trade slowdown.

Economic growth in fiscal year 2012-13 decelerated to 5%, its lowest in a decade, from 6.2% in FY 2011-12. While tepid industrial growth and a downdraft in investment continued from FY 2011-12, the downturn was exacerbated by a slump in services activity, weakening consumption, and contracting exports.

World industrial production growth increased slightly in the first quarter of 2013 after a nearly three-year-long downward trend, however, the

prospect of recovery remains fragile for the majority of industrialized, and developing and emerging industrial economies, according to a report by the United Nations Industrial Development Organization (UNIDO).

Among developing and emerging industrial economies (a new country classification group recently introduced for UNIDO statistics publications), India's manufacturing output grew by 2.5 percent. The main reason for the lower rate of growth has been a fall in exports to industrialized countries and low capital inflow to developing countries in return.

Your Company continued to perform with stability and maintained its momentum in the highly volatile market. The Company focused on cost control measures and product mix enrichment to sustain growth and profitability in the challenging year.

Opportunities and Threats

The Global Economy is transitioning into what is likely to be a smoother and less volatile period. Since recovering rapidly from the global financial crisis, India's economy has slowed substantially, and its growth rate is expected to decline further in the coming year for a range of domestic reasons.

Globalisation of Indian economy has helped to raise

growth, it has also meant greater vulnerability to external shocks. A focus on domestic macroeconomic re-balancing will help reduce vulnerability,”

The machine tools segment of the engineering industry is the foundation of the manufacturing industry in India.

Demand in the Indian engineering equipment industry is currently propelled by the manufacturing, power and mining industries. This demand is expected to rise, keeping in mind the government's initiatives for infrastructure development. In addition, investments in power, oil and gas extraction, mining and petrochemicals will add further fillip to the industry. Industrial growth and development in the manufacturing industry will also add to the momentum of the engineering goods industry.

The single most likely risk in the next decade is severe income disparity. Chronic fiscal imbalances are the second-most likely threat, followed by rising greenhouse gas emissions, water supply crises and mismanagement of an aging population. The gap is widening between the richest and poorest citizens as the most likely global risk.

The economies in developing Asia have weakened considerably during 2012-13 as the region's growth engines, China and India, both shifted into lower gear. While a significant deceleration in exports has been a key factor for the slowdown, the effects of policy tightening in the previous two years also linger. Domestic investment has softened markedly. Both China and India face a number of structural challenges hampering growth. India's space for more policy stimulus seems limited.

Financial Performance

During the financial year 2012 — 2013, the Company has achieved a Turnover of ₹ 60,631.53 Lacs as against ₹ 1,33,909.98 Lacs in the previous year. The decline in turnover is only because of slump sale of MHE Business of the Company, which was used to contribute more than 50% of total turnover. Therefore, the F.Y. 2012-13 financial figures are not comparable with previous year's figures.

Earnings before Interest, Depreciation & Amortization and Tax (EBIDTA) is ₹ 10,271.02 lacs.

Outlook

The Global Economy is moving forward, but divergence between countries and regions reflects the uneven progress made toward recovery from the economic crisis, according to the OECD's latest Economic Outlook. Historically high unemployment remains the most serious challenge facing governments.

World real Gross Domestic Product (GDP) is projected to increase by 4% in 2014. The Global Economy is strengthening gradually, but the upturn remains weak and uneven. Supportive monetary policies, improving

financial market conditions and a gradual restoration of confidence are at the root of the recovery.

Prospects for developing countries are varied. In several developing countries, notably in East Asia & the Pacific, demand appears to be expanding faster than supply, resulting in growing imbalances, such as inflation, asset-price bubbles, rising debt levels and deteriorating current account balances. Most countries in Sub-Saharan Africa are also running at or close to full capacity, risking a build-up of inflationary pressures. In developing Europe, although activity has picked up, growth has not been fast enough to quickly reduce post-crisis output gaps and unemployment. Finally, in the Middle East & North Africa, GDP growth has been disrupted by political and social tensions. Unemployment and slow productivity remain central policy challenges.

Given capacity constraints, to achieve higher growth on a sustained basis, most developing countries need to once again prioritize structural reforms like easing the cost of doing business, opening up to international trade flows and foreign investment, and investing in infrastructure and human capital.

The Indian economy had bottomed out and would recover on the back of improved external demand and recent policy moves by the Indian government.

Central Government has projected India's economy to grow at 6.2-6.7% in 2013-14, while the Asian Development Bank said growth may pick up to 6% during the same fiscal. IMF Report has projected India's economy growth by 6.2% in 2013-14.

Gear Manufacturing market in India to grow at a CAGR of 9.44 percent over the period 2012-2016. One of the key factors contributing to this market growth is the rapid infrastructure development across various states of India. The Gear Manufacturing market in India has also been witnessing an increased outsourcing of manufacturing activities.

Global demand for gears and gear assemblies is likely to climb 4.7 percent annually through 2013 to \$169.5 billion. Strong demand in relatively small but fast-growing markets like wind and solar energy will also contribute to gear sales advances. Demand in developing parts of Asia, Eastern Europe, the Africa/Middle East region and Central and South America will outpace product sales in the United States, Western Europe and Japan. Market gains in the developing world will be fuelled by healthy economic growth, continuing industrialization efforts and climbing personal income levels, resulting in higher motor vehicle and other manufacturing output.

As per OECD Economic Outlook Report, India has probably surpassed Japan to become the world's third largest economy after the US and China.

New Business Strategy Development

Being the largest manufacturer, in India, of Transmission Equipments, your Company has to adhere to the high quality standards to maintain its market share. The Company has built up a new state-of-the-art manufacturing plant as an expansion of the Gear manufacturing at Anand to double the gear box manufacturing capacity to provide world class quality and to ensure timely delivery within a short span of time. The new premises has been named as "Bhanubhai Memorial Centre of Excellence"

'Lean Manufacturing' system with different types of lean tools including TPM, Kanban, and Kaizen will be implemented at the plant. Construction of this modern facility is another step towards our motto 'Always a step ahead in technology'. In order to ensure minimum labour fatigue, the new plant will focus on overall efficiency and condition of the equipment as well as work holding devices, tool management, coolant management and work handling systems.

The new plant will produce internal components of the helical gear box and has a capacity of manufacturing 1000 gear boxes per month. The components will be produced in a dust-free & eco-friendly environment.

Cost management has helped us to improve our margins. There has been cost rationalisation in all the departments, which leads to a decrease in overall expenses. The material management exercise has yielded better EBIDTA margins from last couple of years. Finally economies of scale due to business restructuring exercise will enable us for better pricing.

Risk and Concerns

In our recent economic evaluation, there is a stable outlook on the overall economic prospect of the country. The challenge of overspending will be curbed and there is an anticipation of firm growth and minimal risk of large fiscal deficit to GDP ratio. However, with limited space for rate cut, RBI is unlikely to ease its policy rates in every meet this year due to persistent inflation and volatile industrial output and manufacturing prices threatening the inflation prospect. RBI is giving full attention to the inflation problem, which is undermining the fragile economic growth.

As far as India is concerned, there is a degree of uncertainty that happens around the upcoming general elections. But once a new government settles down, there will be a growth path.

As far as the industry, in which your Company does its business, is concerned, the significant challenges to gear business included high cost pressure from customers to reduce investment costs, quick response times for quotations, technology upgrades, lack of skilled labor, material costs, the overall economy and supply chain issues. However, the increase in capital

expenditure for vendors also could pose a challenge to the growth of this market.

However, your Company has surpassed all the internal challenges like, technology upgrades, lack of skilled labor, supply chain, etc. to continue the momentum in business operations. Company caters to variety of industries including Power, Steel, Cement, Sugar, Ports, Mining etc. The external challenges can be met once economic reforms get in placed after the general election.

As your Company caters to various industries like, Power, Steel, Cement, Sugar, Ports, Mining, etc., it can maintain growth momentum by setting off slowdown of one sector with growth of the other in different industries, if in case the capex in each of the sector, being interest rate sensitive, is deferred in the current high interest rate regime.

Internal Control System

Internal Controls are continuously evaluated by the Internal Auditors and Management. Findings from internal audits are reviewed by the Management and by the Audit Committee and corrective actions and controls have been put in place wherever necessary. Scope of work of Internal Auditors covers review of controls on accounting, statutory and other compliances and operational areas in addition to reviews relating to efficiency and economy in operations.

Development in Human Resources/Industrial front

It has been the tradition of the Company to maintain excellent industrial relations at all levels. This has ensured a very healthy level of enthusiasm within the employees. This has enabled the Company to maintain its growth despite competition and economic slowdown.

The number of employees as on 31st March, 2013 was 697 as against 634 as on 31st March, 2012.

Cautionary Note

The statements forming part of this Report may contain certain forward looking remarks within the meaning of applicable laws and regulations. The actual results, performances or achievements of the Company depend on many factors which may cause material deviation from any future results, performances or achievements.

Significant factors which could make a difference to the Company's operations include domestic and international economic conditions, changes in Government regulations, tax regime and other statutes.

The Company assumes no responsibility to publicly amend, modify or revise any forward-looking statements on the basis of any subsequent developments, information or events.

1. CONSERVATION OF ENERGY

Energy conservation with more focus is continuous process through improved maintenance practices.

(a) Energy Conservation measures taken

- (i) Panel automation has been done in five furnaces with VFD, which results in saving of 20% of power consumption as compared to conventional method.
- (ii) LED work lights were fitted on 27 different machines, which are giving more output and energy saver as compared to traditional approach.
- (iii) Total 6 Qty of APFC panels are installed at various shops, through which we conserve more energy.
- (iv) Best out of Waste: Utilization of heat, which is generated from Gas generator to run 200 ton AC plants through VAM (Vapor Absorption Machine). We are saving around 30% of electricity by this initiative.

(b) Additional investments and proposal if any, being implemented for reduction of consumption of energy.

Continuous measures are being adapted in the Company for energy conservation. Renovation of HMBS substation and usage of more LED lights for future requirements has been planned. Efforts are being taken to explore each and every possibility of further reduction in energy consumption.

(c) Impact of measures at (a) and (b) above for reduction of energy consumption and consequent impact on the cost of production of goods.

Significant reductions in consumption of energy and production cost of goods have been observed by the implementation of above referred measures. Implementation of above referred measures have resulted in increased facility reliability as well as improved equipment performance without any cost.

2. TECHNOLOGY ABSORPTION

(I) Research and Development

(a) **Specific Area in which R & D carried out by the Company :** The Company has been carrying out inhouse Research & Development activities in the area of product development, process development, production process development, energy conservation and cost reduction.

(b) **Benefits derived as a result of R & D:** It has resulted in the improvement of quality of the products and reduction in operational cost. Upgradation of products to the new requirements has been possible because of R&D. Based on the achievements of In-house R&D efforts, the Company is able to achieve a steady growth as compared to earlier years.

(c) **Future plan of action:**

Future R & D efforts will include –

- (a) Development of new products
- (b) Reduction of product cost

(d) **Expenditure on R & D:**

In pursuit of R & D endeavors the Company is continuously incurring R & D expenditure which has been separately reflected in the financial statements. The total R & D expenditure incurred during the financial year 2012-13 is ₹ 439.43 Lacs.

We had applied to the Department of Scientific and Industrial Research, Ministry of Science and Technology, Government of India for recognition of our In-House R & D Unit. Department of Scientific and Industrial Research has accorded recognition to the In-House R & D Unit on 20-05-2013 for a period from 23-04-2013 to 31-03-2016.

(II) Technology absorption, adaptation and innovation

(a) KOMET & KOMPASS is the best example of technology adaptation. KOMPASS is a mechanical arrangement while KOMET is software.

Specialty: This arrangement made for onboard (on machine) actual gear profile measurement and giving computed correction to get desired quality output from all these machines. We can get consistent quality of Bevel sets by this arrangement.

(b) We can say ULM-1000S (Universal Length Measuring Machine) is a best example of new technology absorption, which can helpful to improve quality of products through calibration of various gauges such as plain plug gauges, thread plug gauges, taper gauge, snap gauge, slip gauges, etc.

Specialty: This measuring machine is semi automatic type fully software based machine is designed for $\pm 0.1 + L/2000$ μ m accuracy with range of 0-1000 mm. Inbuilt ISO, JIS & DIN standards to verify gauge/instrument accuracy as per standard norms.

(c) We can say, Company has adopted new technology by installing P 250, which is a gear tester which is intended for checking External gears, Internal gears, Pinion type cutter & shaving cutter, worm and worm wheels, Hobs, Bevel Gears and Dimensions form and position deviations in axially symmetrical work pieces.

(d) Specialty: This measuring center is absolutely CNC controlled is designed for 1 μ m accuracy with 1-32 mm modules. In addition to that, this machine can be used to measure surface roughness.

(e) Technologies imported during the last five years:
The technologies so far imported by the Company have been absorbed and adapted/ innovated to suit the Indian conditions by the active involvement of our R & D Department.

CORPORATE GOVERNANCE REPORT

INTRODUCTION

Corporate Governance is based on principles such as conducting the business with all integrity and fairness, being transparent with regard to all transactions, making all the necessary disclosures and decisions, complying with all the laws of the land, accountability and responsibility towards the stakeholders and commitment to conducting business in a most ethical and transparent manner and about making a distinction between personal and corporate funds in the management of a Company.

Corporate Governance involves a set of systems, principles and processes which creates the relationship between the Company's management, its board, its shareholders and other stakeholders. Corporate Governance also provides various means through which objectives laid by the Company are attained and performance of the Company is monitored.

The detailed report on implementation by the Company, of the Corporate Governance Code as incorporated in the Clause 49 of the Listing Agreement with the Stock Exchanges is set out below:

A. MANDATORY REQUIREMENTS

(I) Company's Philosophy on the code of Governance

Our Company's philosophy is to add value to customers' businesses providing materials, equipment, processes and services that allow them to increase efficiency, quality and profitability of their operations while upholding the core values of transparency, integrity, honesty, accountability and compliances with laws. Our Company has complied with Code of Conduct which serves as a guide to each employee on the standards and value, ethics and business principles which should govern their conduct and the Group's Policy on internal control which requires a review of all controls including financial, operational, compliances and risk management.

Further, the Company ensures that its Board is accountable to the shareholders. This, in turn, helps to assure that the Company operates for the benefit of society as a whole. While large profits can be made taking advantage of the asymmetry between stakeholders in the short run, balancing the interests of all stakeholders alone will ensure survival and growth in the long run. This includes, for instance, taking into account societal concerns about labor and the environment.

(II) Board of Directors

The Company is managed by the Board of Directors consisting highly qualified and experienced professionals from different fields, which formulates strategies, policies and reviews its performance periodically. The Chairman & Managing Director manages the business of the Company under the overall supervision, guidance and control of the Board.

Composition

The Company has an Executive Chairman and the number of Non-Executive Independent Directors is more than 50% of the total number of Directors. Shri Jal Patel, appointed as a Director by Board on 12th May, 2012, was appointed as an Independent Director by shareholders at their meeting held on 31st July, 2012 to fill the Casual Vacancy caused due to sad demise of Dr. A.C. Shah. Shri Jai S. Diwanji was appointed as an additional independent Non-Executive Director by the Board w.e.f 1st November, 2012. The Board of Directors consists of 7 Directors including one Chairman & Managing Director, one Executive Director, one non-independent non-executives and Four independent non-executive Directors. The Board of Directors thus, has an adequate combination of executive and non-executive Directors.

None of the Directors on the Board is a Member of more than 10 Committees and Chairman of more than 5 Committees (as per Clause 49 (D)(ii) of Listing Agreement) across all the companies in which he is a Director. Necessary disclosures have been made by the Directors.

BOARD MEETINGS AND PROCEDURES

(A) Scheduling and selection of Agenda items for Board Meetings

- i. The meetings are being convened by giving appropriate advance notice after obtaining the approval of the Chairman of the Board. Detailed agenda, management reports and other explanatory statements are circulated in advance amongst the members for facilitating meaningful, informed and focused decisions. To address specific urgent need, meetings are also being called at shorter notice. The Board is also authorized to pass Resolution by circulation for all such matters, which are of utmost urgent nature.
- ii. Where it is not practicable to attach any document or the agenda is of confidential nature, the same is placed on the table with the approval of the Chairman of the Board. In special and exceptional circumstances, additional or supplemental item(s) on the agenda are permitted. Sensitive subject matters are discussed at the meeting without written materials being circulated.
- iii. The agenda papers are prepared by the officials concerned and submitted to the Chairman and Managing Director for his approval. Duly approved agenda papers are circulated amongst the Board members by the Company Secretary.
- iv. As per the convenience of the members of the Board, the Board Meetings are usually held at the Company's registered office in Vallabh Vidyanagar, Dist. Anand or at Mumbai.

- v. The members of the Board have complete access to all information of the Company. The Board is also free to recommend inclusion of any matter in agenda for discussion. Senior management officials are called to provide additional inputs to the items discussed by the Board as and when necessary.

(B) Recording minutes of proceedings at the Board Meeting

Independent Auditor's Report

To,
The Members of
ELECON ENGINEERING COMPANY LIMITED
Vallabh Vidyanaagar

Report on the Financial Statements

We have audited the accompanying financial statements of **ELECON ENGINEERING COMPANY LIMITED** (the "Company"), which comprise the Balance Sheet as at **March 31, 2013**, the Statement of Profit and Loss and Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in Sub-Section (3C) of Section 211 of the Companies Act, 1956 ("the Act"). This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) in the case of the **Balance Sheet**, of the state of affairs of the Company as at **March 31, 2013**;
- (b) in the case of the **Statement of Profit and Loss**, of the **profit** for the year ended on that date; and
- (c) in the case of the **Cash Flow Statement**, of the cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2003 ("the Order"), as amended, issued by the Central Government of India in terms of Sub-Section (4A) of Section 227 of the Act, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.
2. As required by Section 227(3) of the Act, we report that:
 - a. we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b. in our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - c. the Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - d. in our opinion, the Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement comply with the Accounting Standards referred to in Sub-Section(3C) of Section 211 of the Companies Act, 1956;
 - e. on the basis of written representations received from the Directors as on **March 31, 2013**, and taken on record by the Board of Directors, none of the Directors is disqualified as on **March 31, 2013**, from being appointed as a director in terms of Clause (g) of Sub-Section (1) of Section 274 of the Companies Act, 1956.

ANNEXURE TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- (i) (a) The Company has maintained proper records showing full particulars including quantitative details and situation of its fixed assets.
- (b) We have been informed that, a portion of the Fixed Assets have been physically verified by the management during the year in accordance with a programme of verification in a phased manner and no material discrepancies were noticed on such verification. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.
- (c) The Company has disposed off substantial part of its fixed assets during the year under review by way of slump sale of assets pertaining to Material Handling operations of the Company based on a Scheme of Arrangement between the Company, Prayas Engineering Ltd., Emtici Engineering Ltd., Elecon EPC Projects Ltd. and their respective Shareholders & Creditors under section 391 to 394 of the Companies Act, 1956 as approved by the Honorable High Court of Gujarat. However, this has not affected the ability of the Company to be a going concern.
- (ii) (a) As explained to us, inventories were physically verified by the management during the year.
- (b) In our opinion and according to the information and explanations given to us, the procedures of physical verification of inventories followed by the management were reasonable and adequate in relation to the size of the Company and the nature of its business.
- (c) In our opinion and according to the information and explanations given to us, the Company has maintained proper records of its inventories and discrepancies noticed on physical verification have been properly dealt with in the books of account of the Company.
- (iii) (a) According to the information & explanations given to us, the Company has not granted any secured or unsecured loan to any party listed in the register maintained under Section 301 of the Companies Act, 1956.
- (b) In view of clause (iii) (a) above, this clause regarding interest and other terms and conditions is not applicable.
- (c) In view of clause (iii) (a) above, this clause regarding repayment of loan and interest thereon is not applicable.
- (d) In view of (iii) (a) above, this clause regarding overdue amounts of such loans and interest thereon is not applicable.
- (e) According to the information & explanations given to us, the Company has taken unsecured loans amounting to ₹ 275.50 Lacs from 6 parties listed in the register maintained under Section 301 of the Companies Act, 1956. The maximum amount involved during the year was ₹275.50 Lacs and the yearend balance was ₹275.50 Lacs.
- (f) According to the information & explanations given to us, rate of interest and other terms and conditions of such loan is not prima facie prejudicial to the interest of the Company.
- (g) The Company has been regular in repayment of Principal amount and Interest thereon.
- (iv) In our opinion and according to the information and explanations given to us, there is adequate Internal Control System commensurate with the size of the Company and the nature of its business for the purchase of inventory and fixed assets and for the sale of goods and services. We have not observed any major weakness in the Internal Control System during the course of the audit.
- (v) (a) According to the information and explanations given to us, contracts or arrangements with the parties listed in the register maintained under Section 301 of the Companies Act, 1956 have been entered in the register upon ratification of the same by the Board of Directors of the Company.
- (b) We are informed that in case of the transaction in excess of ₹ 5 Lacs with each of the parties listed in the register maintained under Section 301 of the Companies Act, 1956 no comparison of prices could be made as there was either no alternate source of supply or that the management preferred the suppliers' products and services on quality grounds or peculiarity of the products sold or services rendered.
- (vi) In our opinion and according to the information and explanations given to us, the Company has not invited deposits from the public during the year. Therefore, provisions of the Clause 4(vi) of the Order are not applicable to the Company.
- (vii) The Company has appointed a firm of Chartered Accountants to carry out Internal Audit work. The said Internal Audit system operating in the Company commensurate with the size of the Company and nature of its business.
- (viii) We have broadly reviewed the books of account and records maintained by the Company pursuant to the Companies (Cost Accounting Records) Rules, 2011 prescribed by the Central Government for the maintenance of cost records under Section 209(1)(d) of the Companies Act, 1956 and are of the opinion that prima facie the prescribed accounts and records have been made and maintained. We have, however, not made a detailed examination of the records with a view to determining whether they are accurate or complete.
- (ix) (a) According to the information and explanations given to us, in respect of statutory dues, the Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Investor Education & Protection Fund, Employees' State Insurance, Income Tax, Wealth Tax, Sales Tax, Custom Duty, Excise Duty, Service Tax, Cess and other material statutory dues applicable to it with appropriate authorities.
- (b) According to the information and explanations given to us, in respect of statutory dues, there were no undisputed amount payable in respect of Provident Fund, Investor Education & Protection Fund, Employees' State Insurance,

Income Tax, Wealth Tax, Sales Tax, Custom Duty, Excise Duty, Service Tax, Cess and other material statutory dues in arrears as at March 31, 2013 for a period of more than six months from the date they became payable.

- (c) According to information and explanations given to us, the Company has not paid the following statutory dues on account of the demand being disputed by the Company.

Sr. No.	Nature of liability	Amt. (₹ in Lacs)	Forum where the dispute is pending
1.	Sales Tax / Work Contract Tax	15.93 Lacs	Commissioner (Appeal)

SIGNIFICANT ACCOUNTING POLICIES & NOTES ON ACCOUNTS TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2013

1. BASIS OF PREPARATION

The Company maintains its accounts on accrual basis following the historical cost convention in accordance with generally accepted accounting principles ['GAAP'] except for the revaluation of certain fixed assets, in compliance with the provisions of the Companies Act, 1956 and the Accounting Standards as specified in the Companies (Accounting Standards) Rules, 2006, prescribed by the Central Government. However, certain escalation and other claims, which are not ascertainable/acknowledged by customers, are not taken into account.

The preparation of financial statements in conformity with GAAP requires that the management of the Company makes estimates and assumptions that affect the reported amounts of income and expenses of the periods, the reported balances of assets and liabilities and the disclosures relating to contingent liabilities as of the date of the financial statements. Examples of such estimates include the useful life of tangible and intangible fixed assets, provision for doubtful debts/ advances, future obligations in respect of retirement benefit plans, etc. Difference, if any, between the actual results and estimates is recognized in the periods in which the results are known.

2. SIGNIFICANT ACCOUNTING POLICIES

a) Fixed Assets

- i) **Tangible Assets:** Fixed assets are recorded at cost of acquisition / construction less accumulated depreciation and impairment losses, if any. Cost comprises of the purchase price and attributable cost of bringing the assets to its working condition for its intended use, but excludes Cenvat / Service Tax / VAT credit availed.
- ii) **Intangible Assets:** Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably.

b) Borrowing Cost

Borrowing costs consist of interest and other costs that the Company incurs in connection with the borrowing of funds and exchange differences arising from foreign currency borrowing to the extent that they are regarded as an adjustment to interest costs.

Financing costs relating to borrowed funds attributable to construction or acquisition of fixed assets for the period up to the completion of construction or acquisition of fixed assets are included in the cost of the assets to which they relate.

c) Depreciation & Amortisation

Depreciation on tangible fixed assets is provided, on straight line method on Plant and Machinery and on written down value method on all other fixed assets, on the basis of the depreciation rates prescribed in Schedule XIV of the Companies Act, 1956 or based on useful life of the asset, whichever is higher.

Intangible assets are amortised using the straight-line method over estimated useful life as under :-

- i) Software & Licenses : over a period of six years
- ii) Technical know-how : over a period of six years from the date of actual production

d) Inventories

Inventories are valued at lower of cost or estimated net realizable value. Cost of inventories comprises all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition.

The cost of inventories is arrived at on the following basis:

Raw Materials and Stores : Weighted Average Cost.

Stock-in-Process : Raw Materials at Weighted Average Cost & absorption of Labour and Overheads.

Finished Goods : Raw Materials at Weighted Average Cost & absorption of Labour and Overheads.

e) Investments

Investments are generally of long term nature and are stated at cost unless there is other than temporary diminution in their value as at the date of Balance Sheet.

Investments in Overseas Associates / Subsidiary are stated at cost of acquisition.

f) Provisions, Contingent Liabilities and Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities are not recognized but are disclosed in the notes to the financial statements. Contingent assets are neither recognized nor disclosed in the financial statements.

g) Revenue recognition

i) Revenue from sale of goods is recognised when the significant risks and rewards of ownership of goods are transferred to the customer, which is generally on dispatch of goods. Sales are net of discounts, VAT/ Sales Tax and Returns; Excise Duties collected.

Credits are taken for claims in respect of cost escalation and extra work as and when and to the extent admitted by customers.

ii) Interest revenues are recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

iii) Dividend from investments in shares is accounted for when the right to receive dividend is established.

iv) Export incentives are accounted for as and when the claims thereof have been admitted by the authorities.

v) Revenue in respect of other income is recognised when a reasonable certainty as to its realisation exists.

h) Foreign Currency Transactions

Transactions denominated in foreign currencies are recorded at the exchange rate prevailing at the time of the transaction.

Monetary items denominated in foreign currencies at the year-end are restated at the year-end rates. In case of items, which are covered by forward exchange contracts, the difference between the year-end rate and the rate on the date of contract is recognised as exchange difference and the premium paid on forward contracts is recognised over the life of the contract.

Non-monetary foreign currency items are carried at cost.

Any income or expense on account of exchange difference either on settlement or on translation is recognized in the Statement of Profit and Loss.

i) Retirement Benefits

Defined Contribution Plan : The Company's contributions paid/payable for the year to Provident Fund and ESIC are charged to the Statement of Profit and Loss for the year.

Defined Benefit Plan : The Company's liabilities towards gratuity and leave encashment are determined using the projected unit credit method which considers each period of service as giving rise to an additional unit of benefit entitlement and measures each unit separately to build up the final obligation. Past services are recognised on a straight-line basis over the average period until the amended benefits become vested. Actuarial gain and losses are recognised immediately in the Statement of Profit and Loss as income or expense. Obligation is measured at the present value of estimated future cash flows using a discounted rate that is determined by reference to market yields at the balance sheet date on Government bonds where the currency and terms of the Government bonds are consistent with the currency and estimated terms of the defined benefit obligation.

j) Impairment of Assets

Fixed Assets are reviewed for impairment losses whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is then recognised for the amount by which the carrying amount of the assets exceeds its recoverable amount, which is the higher of an asset's net selling price and value in use.

k) Accounting for Tax

(a) Current Tax is accounted on the basis of estimated taxable income for the current accounting year and in accordance with the provisions of Income Tax Act, 1961.

(b) Deferred Tax resulting from "timing differences" between accounting and taxable profit for the period is accounted by using tax rates and laws that have been enacted or substantially enacted as at the balance sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realized in future. Net deferred tax liability is arrived at after setting off deferred tax assets.

INDEPENDENT AUDITORS' REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

To The Board of Directors of
ELECON ENGINEERING COMPANY LIMITED

We have audited the accompanying consolidated financial statements of ELECON ENGINEERING COMPANY LIMITED (the "Company"), its subsidiaries and its joint ventures (the Company its subsidiaries and its joint ventures constitute "the Group"), which comprise the Consolidated Balance Sheet as at 31st March, 2013, the Consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

The Company's Management is responsible for the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and presentation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of the reports of the other auditors on the financial statements / financial information of the subsidiaries referred to below in the Other Matter paragraph, the aforesaid consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) in the case of the Consolidated Balance Sheet, of the state of affairs of the Group as at 31st March, 2013;
- (b) in the case of the Consolidated Statement of Profit and Loss, of the profit of the Group for the year ended on that date; and
- (c) in the case of the Consolidated Cash Flow Statement, of the cash flows of the Group for the year ended on that date.

Other Matter

We did not audit the financial statements of subsidiaries and joint ventures, whose financial statements reflect total assets of ₹ 29,051.99 Lacs as at 31st March 2013, the total revenue of ₹ 33,382.30 lacs and cash inflows amounting to ₹ 9.75 Lacs for the year then ended, and of certain associate companies whose financial statements reflect the Group's share in the profit / (loss) (net) of such associate companies of ₹ 4.72 Lacs for the year ended on 31st March 2013. These financial statements and other financial information have been audited by other auditors whose reports have been furnished to us, and our opinion is based solely on the report of other auditors.

Our opinion is not qualified in respect of this matter.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2013.

1A. BASIS OF PREPARATION

The Company maintains its accounts on accrual basis following the historical cost convention in accordance with generally accepted accounting principles ['GAAP'] except for the revaluation of certain fixed assets, in compliance with the provisions of the Companies Act, 1956 and the Accounting Standards as specified in the Companies (Accounting Standards) Rules, 2006, prescribed by the Central Government. However, certain escalation and other claims, which are not ascertainable/acknowledged by customers, are not taken into account.

The preparation of financial statements in conformity with GAAP requires that the management of the Company makes estimates and assumptions that affect the reported amounts of income and expenses of the periods, the reported balances of assets and liabilities and the disclosures relating to contingent liabilities as of the date of the financial statements. Examples of such estimates include the useful life of tangible and intangible fixed assets, provision for doubtful debts/advances, future obligations in respect of retirement benefit plans, etc. Difference, if any, between the actual results and estimates is recognized in the periods in which the results are known.

1B. PRINCIPLES OF CONSOLIDATION

The Consolidated Financial Statements include the financial statements of Elecon Engineering Company Limited ('the Company'), its subsidiaries, joint ventures and associate companies as described in Note No. 29 (collectively referred to as 'the Group').

The Consolidated Financial Statements have been prepared on the basis of Accounting Standard (AS) 21, 'Consolidated Financial Statements', Accounting Standard (AS) 23 'Accounting for Investments in Associates in Consolidated Financial Statements' and Accounting Standard (AS) 27 'Financial reporting of Interests in Joint Ventures' issued by the Institute of Chartered Accountants of India.

The financial statements of the parent Company and its subsidiaries have been combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses after eliminating intra-group balances/ transactions and resultant unrealized profits/ losses in full. The amounts shown in respect of reserves comprise the amount of the relevant reserves as per the balance sheet of the parent Company and its share in the post-acquisition increase in the relevant reserves of the subsidiaries. The excess or deficit of parent's portion of equity in the subsidiary Company over its cost of investment, if any, is treated as a capital reserve or recognized as goodwill respectively.

The Consolidated Financial Statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances except where it is not practicable to do so. Considering that the financial statements of the foreign subsidiaries have been prepared under the laws and regulations applicable to their respective country of incorporation, these consolidated financial statements have been prepared substantially in the same format adopted by the Company to the extent possible, as required by the Accounting Standard (AS) 21 'Consolidated Financial Statements' issued by the Institute of Chartered Accountants of India.

In case of foreign subsidiaries, revenue items are consolidated at the average rate prevailing during the period. All assets and liabilities are converted at the rates prevailing at the end of the period. Exchange gains/losses arising on conversion are recognized under Foreign Currency Translation Reserve.

Investment in associates where the Company directly or indirectly through subsidiaries holds more than 20% of equity, are accounted for using equity method as per Accounting Standard (AS) 23 - 'Accounting for Investments in Associates in Consolidated Financial Statements' notified by Companies (Accounting Standards) Rules, 2006.

The Company accounts for its share of post-acquisition changes in net assets of associates, after eliminating unrealised profits and losses resulting from transactions between the Company and its associates to the extent of its share, through its Statement of Profit and Loss, to the extent such change is attributable to the associates' Statement of Profit and Loss and through its reserves for the balance based on available information.

The difference between the cost of investment in the associates and the Company's share of net assets at the time of acquisition of share in the associates is identified in the financial statements as Goodwill or Capital Reserve as the case may be.

Interests in Joint Ventures have been accounted by using the proportionate consolidation method as per Accounting Standard (AS) 27 - 'Financial Reporting of Interests in Joint Ventures' notified by Companies (Accounting Standards) Rules, 2006.

2A. SIGNIFICANT ACCOUNTING POLICIES

a) Fixed Assets

- i) **Tangible Assets:** Fixed Assets are recorded at cost of acquisition / construction less accumulated depreciation and impairment losses, if any. Cost comprises of the purchase price and attributable cost of bringing the Assets to its working condition for its intended use, but excludes Cenvat/Service Tax/VAT credit availed.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2013.

- ii) **Intangible Assets:** Intangible Assets are recognised when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably.
- b) **Borrowing Cost**
Financing costs relating to deferred credits or borrowed funds attributable to construction or acquisition of fixed assets for the period up to the completion of construction or acquisition of fixed assets are included in the cost of the assets to which they relate.
- c) **Depreciation & Amortisation**
Indian Companies
Plant & Machineries are depreciated on Straight Line Method at the rates specified in Schedule XIV to the Companies Act, 1956.
In respect of all other Fixed Assets, depreciation is provided on Written Down Value Method, at the rates specified in Schedule XIV to the Companies Act, 1956.
Depreciation is provided on pro-rata basis:
 - i) From the date of addition, in case of additions during the year to the Fixed Assets; and
 - ii) Up to the date of disposal, in case of disposals during the year of the Fixed Assets.Intangible assets are amortised as follows:
 - i) Software & Licences: over a period of six years
 - ii) Technical Know-How : over a period of six years from the date of actual production**Foreign Companies**
Depreciation and Amortisation has been provided by the Foreign Companies on methods and at the rates required / permissible by the local laws so as to depreciate assets over their useful life.
- d) **Inventories**
Materials and other supplies are usually held for use in the production of finished goods. These are not written down below cost if the finished goods in which they will be consumed are expected to be sold at or above cost.
Inventories are valued at lower of cost or estimated net realizable value. The cost of inventories is arrived at on the following basis:
Raw Materials and Stores : Weighted Average Cost
Stock-in-process : Raw Materials at Weighted Average Cost & absorption of Labour and Overheads
Finished Goods : Raw Materials at Weighted Average Cost & absorption of Labour and Overheads
- e) **Investments**
Investments are generally of long term nature and are stated at cost unless there is other than temporary diminution in their value as at the date of Balance Sheet.
Investments in Overseas Associates / Subsidiaries are stated at cost of acquisition.
- f) **Provisions, Contingent Liabilities and Contingent Assets**
Provisions are recognized only when there is a present obligation as a result of past events and when a reliable estimate of the amount of the obligation can be made. Contingent liability is disclosed for (i) possible obligation which will be confirmed only by the future event not wholly within the control of the Company or (ii) Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation can not be made. Contingent Assets are not recognized in the financial statements.
- g) **Revenue recognition**
 - i) Sale of goods is generally recognized on dispatch to customers and is shown net of recoveries.
 - ii) Income on turnkey contracts is accounted for on the basis of billings made on customers against mutually agreed billing schedules.
Advances received from customers in respect of contracts, which are not in relation to work performed thereon, are shown as "Advance from Customers".
Amounts retained by customers until satisfaction of conditions specified in the contract for release of such amounts are reflected as Sundry Debtors.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2013.

Credits are taken for claims in respect of cost escalation and extra work as and when and to the extent admitted by customers.

Provision is made in full for claims or penalties payable arising out of delays in completion or from any other causes as and when admitted.

- iii) Interest revenues are recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.
- iv) Dividend from investments in Shares is accounted for on the basis of the date of declaration of dividend falling within the accounting year.
- v) Consistent with past practice, export incentives are accounted for as and when the claims thereof have been admitted by the authorities.

h) Foreign Currency Transactions

Transactions in foreign currencies are generally recorded by applying to the foreign currency amount, the exchange rate existing at the time of the transaction. However, where Forward Exchange Contracts are entered into, the forward rates specified in the related Forward Exchange Contracts have been used as the basis of measuring and recording the transactions.

Gains or losses on settlement, in a subsequent period of transactions entered into in an earlier period are credited or charged to the Statement of Profit and Loss.

Revenue items of non-integral foreign operations are consolidated at the average rate prevailing during the period. All assets and liabilities of non-integral foreign operations are converted at the rates prevailing at the end of the period. Exchange gains/losses arising on conversion are recognized under Foreign Currency Translation Reserve.

i) Employee Benefits

The accruing liability on account of gratuity (retirement benefit in the nature of defined benefits plan), is actuarially valued every year. The current service cost, interest cost, expected return on plan assets and the actuarial gain / loss are expensed to the Statement of Profit and Loss of the year as Employees Costs.

The Company's contribution in case of defined contribution plans (Provident Fund, Superannuation benefit and other funds) is charged to Statement of Profit and Loss as and when it is incurred as Employee Costs.

The liability for compensated absences and leave encashment is provided on the basis of actuary valuation, as at Balance Sheet date.

j) Impairment of Assets

An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value. An impairment loss is charged to the Statement of Profit and Loss in the year in which the asset is identified as impaired. The impairment loss recognized in prior periods is reversed if there has been a change in the estimate of recoverable amount.

k) Accounting for Tax

Indian Companies

(a) Current Tax is accounted on the basis of estimated taxable income for the current accounting year and in accordance with the provisions of Income Tax Act, 1961.

(b) Deferred Tax resulting from "timing differences" between accounting and taxable profit for the period is accounted by using tax rates and laws that have been enacted or substantially enacted as at the balance sheet date. Deferred Tax Assets are recognised only to the extent there is reasonable certainty that the assets can be realized in future. Net Deferred Tax Liability is arrived at after setting off Deferred Tax Assets.

Foreign Companies

Foreign Companies recognise Tax Liabilities and Assets in accordance with the applicable local laws.

Dear Shareholder,

RE : Electronic Credit of Dividend

The Reserve Bank of India has introduced National Electronic Clearing Service (NECS) in banking system to bring in further efficiency and uniformity in electronic credit. NECS has wider coverage than ECS and has no limitations of location in India. NECS ensures quick credit and no rejections. NECS is operational for banks / bank branches leveraging on Core Banking System (CBS), which provide more than ten digit bank account number to its customers.

As per our records, there is no mandate registered either with us or with your DP. To take advantage of the NECS facility and to enable us to route all your future dividend payments electronically, please return the NECS mandate form, given overleaf.

ADVANTAGES OF REGISTERING NECS MANDATE

- No limitations of location in India.
- Quick remittance of dividend.
- Avoid loss of dividend warrants in Postal transit.
- Avoid fraudulent encashment of dividend.
- Avoid revalidation of unencashed dividend warrants.
- Avoid transfer of unclaimed dividend to Investor Education and Protection Fund (IEPF).

PLEASE HURRY UP & FILL IN THE FORM OVERLEAF AND ENSURE ELECTRONIC CREDIT.

Kindly return the completed mandate from given overleaf latest by 31st August, 2013.

Best Regards,
For, Elecon Engineering Company Limited
