From the Desk of the Chairman

Dear Shareholders,

I hope that you and your loved ones are safe and in good health. I am pleased to communicate with the owners of the company to discuss and analyse the financial numbers of the Company.

In the Financial Year 2023-24, your Company, Worth Peripherals Limited (“WORTH”) continued to deliver a resilient performance in a challenging business environment. We witnessed a high inflationary impact in the raw material prices as well as stiff competition due to overcapacities in the industry. Navigating this macro-economic environment, we continue to focus on nurturing our long-term relationships with existing clients, adding new customers to our portfolio, driving operational excellence and developing long-term capabilities that will help us leverage the many opportunities that India presents.

One of the fastest growing economies in the world, INDIA, is fast progressing on its ‘Viksit Bharat 2047’ roadmap, with an aim to become a developed nation by the 100th year of its independence. The plan, which was recently unveiled, chalks out actionable and measurable goals in the areas of economic growth, sustainability, ease of living, ease of doing business and social welfare. The Government is taking several steps in this direction including, making significant investment on infrastructure and providing impetus to manufacturing companies and sectors.

At WORTH, we have taken the need to leverage this opportunity and be the supporters in the nation’s growth journey.

In the continued aftermath of Covid, addressing environmental concerns has become the essence of living, bringing in a strong shift towards eco-friendly packaging. Paper-based packaging, being recyclable, has gained prominence as a sustainable choice, driving the demand for paper materials.

Now let me take this opportunity to report back to you on your Companies performance as well as the future outlook:

The Company’s prime focus is on manufacturing and thus, the company is constantly striving to improve its manufacturing activities by investment in state-of-the-art equipment and R&D. The long-term vision is to achieve growth by increasing the manufacturing and sale of our core product, corrugated boxes and sheets. Further, reporting about the current year numbers, I am pleased to inform you that this year, Your Company earned a net profit of Rs. 15,89,27,858.00/- as compared to Rs. 18,03,92,028/- in the previous year.

Your company is optimistic of revenue & profitability growth going forward due to addition of new customers, addition of share of business from existing customers, enhancement of product manufacturing and operational efficiencies.

You will be pleased to know that considering the operational and financial performance, the Company has declared a Final Dividend of Re. 1 (Rupees One only) per share of Rs. 10 (Rupees Ten each) at a rate of 10% for the F.Y. 2023-24 subject to your approval at the ensuing Annual General Meeting.

During the F.Y. 2023-24, Your Company spent Rs. 43,50,000/- towards Corporate Social Responsibility through NGOs for different projects like promoting health care, education, betterment of children with special needs and providing support to individuals with autism to bring them into mainstream society through capacity building.

Everything we have accomplished would not have been possible without the relentless efforts of our teams, and I extend my heartfelt gratitude to the Worth family for their support and commitment. I am also grateful to all our stakeholders for the trust they have bestowed on us, and we are committed to fulfilling their expectations and delivering value.

Thank you once again for being an integral part of our Company.

Best Regards,

Raminder Singh Chadha

8. In continuation to this Ministry's General Circular No. 20/2020 dated 05.05.2020, General Circular No. 02/2022 dated 05.05.2022 and General Circular No. 10/2022 dated 28.12.2022 and after due examination, it has been decided to allow companies whose AGMs are due in the Year 2023 or 2024, to conduct their AGMs through VC or OAVM on or before 30th September, 2024 in accordance with the requirements laid down in Para 3 and Para 4 of the General Circular No. 20/2020 dated 05.05.2020.

THE INTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

Step 2 : Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- (i) The voting period begins on 13th August, 2024 at 09:00 AM and ends on 15th August, 2024 at 05:00 PM. During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date 09th August, 2024 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to **SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account

maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

1. Industry Structure and Developments

The industry is witnessing a phase of consolidation. Major paper manufacturers are entering the corrugation space. And there have been investments in increase of production capacities by many existing and new entrants in the industry.

Worth Peripherals Limited (to be referred to as “the Company” in future text), however, continues to successfully safeguard itself so as to not be heavily impacted by these industry developments

2. Opportunities and Threats

With industry experience spanning decades, robust business relationships with existing customers and additions of new customers, the Company is amongst the largest manufacturers of corrugated boxes in the country. Equipped with state-of-the-art machinery from Europe, Taiwan and Japan, the Company is consistently growing year on year.

While successfully onboarding prospective customers, the Company also sees an opportunity to add value to customer’s packaging needs by using high graphics while printing corrugated boxes, since these arts and graphics act as a medium of advertising and marketing towards end consumers.

Alternatives to corrugated packing would serve as a threat to the company as well as the entire industry. However, keeping in mind the initiatives undertaken globally, corrugated packaging is known to be a biodegradable, recyclable and sustainable packing medium that in turn has the potential to replace non-sustainable packaging options.

3. Segment Wise or Product Wise Performance

The sale of corrugated boxes in the Financial Year 2022-23 amounted to Rs. 172,05,91,617/- bifurcated amongst the products Corrugated Boxes and Partitions

4. Outlook

With a growth in the economy, the purchasing power of the population is improving. Increased consumption will result in demand for packaging, including corrugated boxes. Additionally, due the initiatives taken by the Indian Government with regards to sustainable and recyclable material usage, corrugated packaging can witness a favorable increase in demand.

5. Risks and Concerns

One of the major risks in the corrugated industry is the increased prices of the basic raw material, i.e. Kraft Paper, which may have an adverse impact on our operations and financials. Besides this, huge working capital requirements can also be a matter of concern.

6. Internal Control System and Their Adequacy

The Company has an adequate internal control system and a defined organizational structure besides, internal rules and regulations for conducting the business. The Management reviews actual performance with reference to budgets periodically. The Company has an Audit Committee, Independent Statutory Auditors and Internal Auditors who submit reports periodically which are reviewed and acted upon

7. Financial Performance with respect to operational performance:

Sales: The Total Income of the Company for the year ended 31st March 2024 is at Rs. 183,28,18,447/- (previous year Rs. 217,99,35,957/-).
Profit: Profit after Tax for the year under review amounted to Rs.15,89,27,858/- (Previous Year Rs. 18,03,92,028/-)

8. Material Developments in Human Resources/Industrial Relations Front, Including Number of People Employed

The Company has in place adequate numbers of employees, as are required, in its registered office as well as in its manufacturing facilities. Professionals with the required experience and knowledge are hired as and when needed by the Company.

The industrial relations of the Company with various suppliers, customers, financial lenders and employees are cordial. There are a total of 113 employees on the payroll of the Company, apart from the contractual laborers.

9. Details of significant changes

Pursuant to the provision of Regulation 34(3) of SEBI (LODR) Regulation 2015 read with Schedule V part B (1) details of changes in Key Financial Ratio is given hereunder:

S. No.	Ratio	Year Ended		Deviation %
		31.03.2024	31.03.2023	
1	Debtors Turnover Ratio	6.86	8.19	-16.23%
2	Inventory Turnover Ratio	9.01	10.83	-16.80%
3	Interest Coverage Ratio	213.62	230.76	-7.43%
4	Current Ratio	10.22	7.53	35.72%
5	Debt Equity Ratio	0.01	0.02	-50.00%
6	Operating Profit Margin	12.28	11.01	11.53%
7	Net Profit Margin	9.24	8.56	7.94%
8	Return on Net Worth	10.04	12.63	-20.51%

10. Cautionary Statement.

The Statement made in this section describes the Company's objectives, projections, estimates, expectations or predictions may be "forward-looking statements" within the meaning of applicable securities laws and regulations. Forward looking statements are based on certain assumptions and expectations of future events. The Company cannot guarantee that these assumptions and expectations are accurate or will be realized by the Company. INDEPENDENT AUDITOR'S REPORT

To,
The Members of,
Worth Peripherals Limited, Indore

Report on the Audit of the Standalone Ind AS Financial Statements

Opinion

We have audited the accompanying standalone Ind AS financial statements of **WORTH PERIPHERALS LIMITED**, (“the Company”), which comprise the Balance Sheet as at 31st March 2024, the Statement of Profit & Loss, (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on 31st March,2024 and notes to the Standalone Ind AS Financial Statements, including a summary of material accounting policy information and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013 as amended (“the Act”) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its profit including other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis of Opinion

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing (SAs), specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the ‘Auditor’s Responsibilities for the Audit of the Standalone Ind AS Financial Statements’ section of our report. We are independent of the Company in accordance with the ‘Code of Ethics’ issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone Ind AS financial statements for the financial year ended March 31, 2024. These matters were addressed in the context of our audit of the standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each key audit matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the ‘Auditor’s responsibilities for the audit of the standalone Ind AS financial statements’ section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone Ind AS financial statements.

Key Audit Matters	How our audit addressed the Key Audit Matters
<p>Revenue Recognition</p> <p>The management is of the opinion that it controls the goods before transferring them to the customer.</p> <p>The variety of terms that define when control are transferred to the customer, as well as the high value of the transactions, give rise to the risk that revenue is not recognized in the appropriate accounting period.</p> <p>Revenue is measured net of returns and allowances, trade discounts and volume rebates (collectively 'Discount and rebates'). There is a risk that these discount and rebates are incorrectly recorded as it also requires ascertain degree of estimation, resulting in understatement of the associated expenses and accrual.</p> <p>Accordingly, due to the significant risk associated with revenue recognition in accordance with terms of Ind AS 115</p> <p>'Revenue from Contracts with Customers', it was determined to be a key audit matter in our audit of the Ind AS Standalone Financial Statements.</p>	<p>We assessed the Company's process to identify the impact of Ind AS 115. Our audit approach included assessment of design and testing of operating effectiveness of internal controls related to revenue recognition, calculation of discounts and rebates and other substantive testing. We carried out:</p> <p>Evaluation of the design of internal controls relating to implementation of new revenue accounting standard.</p> <p>Selection of samples of both continuing and new contracts for testing of operating effectiveness of the internal control</p> <p>identification of contract wise performance obligations and</p> <p>- Determination of transaction price.</p> <p>Verification of individual sales transaction on sample basis and traced to sales invoices, sales orders and other related documents. Further, the samples were checked for revenue recognition as per the shipping terms.</p> <p>Sample of sales transactions were selected pre- and post year end, agreeing the period of revenue recognition to third party support, such as transporter invoice and customer confirmation of receipt of goods.</p> <p>Direct confirmations were obtained from customers to support existence assertion of trade receivables and assessed the relevant disclosures made in the Standalone Financial Statements; to ensure revenue from contracts with customers are in accordance with the requirements of relevant accounting standards.</p> <p>In the cases where direct confirmations are not available, additional procedures were applied in respect of receipts in the Subsequent period.</p>
<p>Valuation of Inventories</p> <p>At the balance sheet date, the value of inventory amounted to Rs. 15.71Crores representing 8.93% of total assets. Inventories were considered as a key audit matter due to the size of the balance and because inventory valuation involves management judgment. According to the financial statements and accounting principles, inventories are measured at the lower of cost or net realizable value (using First In First Out Method). The company has specific procedures for identifying risk for obsolescence and measuring inventories at the lower of cost or net realizable value.</p>	<p>To address the risk of material error in valuation of inventories, our audit procedures included amongst others:</p> <p>Assessing the compliance of company's accounting policies over inventory with applicable accounting standards.</p> <p>Assessing the inventory valuation processes and practices. We reperformed the cost calculations and tested the effectiveness of the key controls.</p>

We have determined that there are no other key audit matters to communicate in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report 2023-24, but does not include the Ind AS Standalone financial statements and our auditor's report thereon.

Our opinion on the Ind AS standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Ind AS Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ('the Act') with respect to the preparation of these Ind AS standalone financial statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of - assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the Ind AS standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS Standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the 'Annexure-A' a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended.
 - (e) On the basis of the written representations received from the directors as on 31st March, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2024 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
 - (g) In our opinion, the managerial remuneration for the year ended March 31, 2024 has been paid/ provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Companies Act, 2013.
 - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has no pending litigations, hence the impact of pending litigations on its financial position in its Standalone Financial Statements is not disclosed.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv.
 - (a) The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(c), as provided under (a) and (b) above, contain any material misstatement.

- v. (a) The final dividend paid by the Company during the year in respect of the same declared for the previous year is in accordance with section 123 of the Act to the extent it applies to payment of dividend.
- (b) As stated in Note 11 to the standalone financial statements, the Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.
- vi. As per our examination on test check basis, the Company has used accounting software for maintaining its books of accounts for the financial year ending 31st March, 2024 which has a feature of recording audit trail facility and the same has been operated throughout the year for all the relevant transactions recorded in the software. Further during the course of audit we did not come across any instance of the audit trail feature being tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable with effect from April 01, 2024, and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rule, 2014 on preservation of audit trail as per the statutory requirement is not applicable for the financial year ended March 31, 2024.

Annexure B

Referred to in paragraph (f) under the heading ‘Report on Other Legal and Regulatory Requirements’ of our report of even date to the members of Worth Peripherals Limited for the year ended March 31, 2024

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of subsection 3 of Section 143 of the Companies Act, 2013 (the “Act”)

We have audited the internal financial controls with reference to the standalone financial statements of Worth Peripherals Limited (the “Company”) as of March 31, 2024 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Management of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the “ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to the standalone Ind AS financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by the ICAI and prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to the standalone Ind AS financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to the standalone Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls with reference to the standalone Ind AS financial statements included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system with reference to the standalone Ind AS financial statements.

Meaning of Internal Financial Controls with reference to these standalone Ind AS financial statements

A company’s internal financial control with reference to these standalone Ind AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to these standalone Ind AS financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the standalone Ind AS financial statements.

Inherent Limitations of Internal Financial Controls with reference to these standalone Ind AS financial statements

Because of the inherent limitations of internal financial controls with reference to these standalone Ind AS financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these standalone Ind AS financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these standalone Ind

AS financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

B. Material accounting policies information

i. Statement of compliance of Indian Accounting Standards (Ind AS) -

The financial statements have been prepared in accordance with Indian Accounting standards ("Ind AS") as notified under the companies (Indian Accounting Standards) Rules, 2015, read with section 133 of the Companies Act, 2013.

ii. Basis of Preparation

The financial statements have been prepared on accrual basis and under the historical cost convention except for certain financial instruments which are measured at fair value at the end of each reporting period, as explained in the accounting policies mentioned below.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. The Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. \

Functional and presentation currency

These financial statements including notes thereon are presented in Indian Rupees ("Rupees" or "INR"), which is Company's functional and presentation currency. All amounts disclosed in the Financial Statements including notes thereon have been rounded off to the nearest Rs.in lacs as per the requirement of Schedule III to the Act, unless stated otherwise.

iii. Use of Estimates, Judgments and Assumptions

The preparation of financial statements in accordance with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

Significant areas of estimation, uncertainty and critical judgements in applying accounting policies that have significant effect on amount recognized in the financial statements are:

- a. Allowance for bad and doubtful trade receivable.
- b. Recognition and measurement of provision and contingencies.
- c. Depreciation/Amortisation and useful lives of Property, plant and equipment / Intangible Assets.
- d. Recognition of deferred tax.
- e. Income Taxes.
- f. Measurement of defined benefit obligation.
- g. Impairment of Non-financial assets and financial assets.
- h. Fair value of financial instruments

iv. Revenue

(A) Recognition

The company recognised revenue i.e. account for a contract with a customer only when all of the following criteria are met:

- a. the parties to the contract have approved the contract (in writing, orally or in accordance with other customary business practices) and are committed to perform their respective obligations;

- b. the entity can identify each party's rights regarding the goods or services to be transferred;
- c. the entity can identify the payment terms for the goods or services to be transferred;
- d. the contract has commercial substance (i.e. the risk, timing or amount of the entity's future cash flows is expected to change as a result of the contract); and
- e. it is probable that the entity will collect the consideration to which it will be entitled in exchange for the goods or services that will be transferred to the customer. In evaluating whether collectability of an amount of consideration is probable, an entity shall consider only the customer's ability and intention to pay that amount of consideration when it is due. The amount of consideration to which the entity will be entitled may be less than the price stated in the contract if the consideration is variable because the entity may offer the customer a price concession.

(B) Measurement

When (or as) a performance obligation is satisfied, company recognise as revenue the amount of the transaction price (which excludes estimates of variable consideration that are constrained) that is allocated to that performance obligation.

The transaction price is the amount that the entity expects to be entitled to in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties (for example, some taxes on sales). The consideration promised may include fixed amounts, variable amounts, or both.

a. Sale of goods

Revenue is recognised upon transfer of control of promised goods to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those goods. Revenue from the sale of goods is recognised at the point in time when control is transferred to the customer which is usually on dispatch / delivery of goods, based on contracts with the customers. Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, price concessions, incentives, and returns, if any, as specified in the contracts with the customers. Revenue excludes taxes collected from customers on behalf of the government. Due to the short nature of credit period given to customers, there is no financing component in the contract.

b. Sale of Services

Revenue from services rendered is recognised as the services are rendered and is booked based on agreements/arrangements with the concerned parties.

c. Interest and Dividend

Interest income is recognized on accrual basis using the effective interest method. Dividend income is recognised in profit or loss on the date on which the company's right to receive payment is established.

v. Inventories

Inventories are valued at cost or net realizable value whichever is lower. The cost of inventories comprises all costs of purchase including duties and taxes (other than those subsequently recoverable from the taxing authorities), conversion cost and other costs incurred in bringing the inventories to their present location and condition.

The cost formulas used are First-in- First Out ('FIFO') method in case of Raw Material, Ancillary Raw Material and Consumable Spares.

vi. Property, Plant and Equipment

a. Recognition and measurement

The cost of an item of property, plant and equipment is recognized as an asset if, and only if:

- (a) it is probable that future economic benefits associated with the item will flow to the enterprise; and
- (b) the cost of the item can be measured reliably.

Items of property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses (if any). Freehold land is measured at costs.

The cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, acquisition or construction cost including borrowing costs, any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management, initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in statement of profit or loss.

b. Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the company and costs of item can be measured reliably. The company recognizes in the carrying amount of an item of Property, Plant & Equipment, and the cost of replacing a part of an item, when that cost is incurred provided the recognition criteria as mentioned above are met. The carrying amount of those parts that are replaced is derecognized in accordance with the de-recognition provisions mentioned in the Accounting Standards. The cost of day to day servicing of an item of Property, Plant & Equipment is recognized in the Statement of Profit or Loss as and when incurred.

c. Depreciation

Depreciation on property, plant and equipment is provided using Straight Line method on depreciable amount as per the useful life of the assets in the manner as specified in Schedule II to the Companies Act, 2013. The estimated useful life of assets and estimated residual value is taken as prescribed under Schedule II to the Companies Act, 2013.

Depreciation on additions during the year is provided on pro rata basis with reference to date of addition/installation. Depreciation on assets disposed/discarded is charged up to the date on which such asset is sold.

The estimated useful lives, residual value and depreciation method are reviewed at the end of each balance sheet date, any changes therein are considered as changes in estimate and accordingly accounted for prospectively.

d. Capital Work in Progress

Assets under erection/installation are shown as 'Capital work in progress', Expenditure during construction period are shown as 'pre-operative expenses' to be capitalized on erection/installations of the assets.

vii. Employee benefits

a. Short term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

b. Defined benefit plans

The liability for gratuity a defined benefit plan is determined annually by a qualified actuary using the projected unit credit method. `

The company pays gratuity to the employees, who have completed five years of service with company at the time when the employee leaves the company, as per the payment of gratuity act 1972.

Remeasurement of the net defined benefit plans in respect of post-employment are charged to other comprehensive income. Net interest expense and other expenses related to defined benefit plans are recognised in statement of profit or loss.

c. Other employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognized as a liability at the present value of obligation as at the Balance sheet date determined based on an actuarial valuation.

d. Defined Contribution Plan

The company's payments to the defined contribution plans are recognized as expenses during the period in which the employees perform the services that payment covers. Defined contribution plan comprise of contribution to the employees' provident fund with government, Employees' State Insurance and Pension Scheme.

viii. Income Tax

Income tax expense comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to other comprehensive income or a business combination, or items recognised directly in equity.

a. Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Company:

- a) has a legally enforceable right to set off the recognised amounts; and
- b) intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

b. Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible

temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets and liabilities are reviewed at the end of each reporting period.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and liabilities are offset only if:

- a) the entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

ix. Foreign currency transactions and translations

Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Differences arising on settlement of monetary items are recognised in statement of profit or loss except to the extent of exchange differences which are regarded as an adjustment to interest costs on foreign currency borrowings that are directly attributable to the acquisition or construction of qualifying assets which are capitalized as cost of assets.

Non-monetary items that are measured based on historical cost in a foreign currency are recorded using the exchange rates at the date of the transaction. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Exchange differences arising out of these transactions are generally recognised in statement of profit or loss.

x. Borrowing cost

Borrowing costs that are directly attributable to the acquisition, construction or production of qualifying asset are capitalised as part of the cost of that asset till the date it is ready for its intended use or sale. Qualifying asset are the assets that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are charged to the statement of profit or loss in the period in which they are incurred.

Borrowing cost consist of interest and amortization of ancillary cost incurred in connection with the arrangement of borrowed funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

xi. Cash and Cash Equivalent

Cash and cash equivalent includes the cash and Cheques in hand, bank balances, demand deposits with bank and other short term, highly liquid investments with original maturity of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdrafts are shown within borrowings in current liabilities in the balance sheet and forms part of financing activities in the cash flow statement. Book overdraft are shown within other financial liabilities in the balance sheet and forms part of operating activities in the cash flow statement.

xii. Cash Flow Statement

Cash flows are reported using indirect method, whereby profit/ (loss) before tax is adjusted for the effect of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments and items of income or expenses associated with investing or financing cash flow. The cash flow from operating, investing and financing activities of the company is segregated based on the available information.

xiii. Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when there is a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognized for future operating losses.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability. The Company does not recognize a contingent liability but discloses its existence in the financial statements

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are not recognized, but its existence is disclosed in the financial statements

xiv. Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for

consideration.

As per the requirements of Ind AS 116 the company evaluates whether an arrangement qualifies to be a lease. In identifying a lease the company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

Company as a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

Right of Use Assets

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located.

The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the lease term. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable and impairment loss, if any, is recognised in the statement of profit or loss.

Lease hold land are amortised over period of lease and considered as Right of Use assets as per Ind AS 116 and classified accordingly.

Lease Liability

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole.

The lease liability is subsequently re-measured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and re-measuring the carrying amount to reflect any reassessment or lease modifications. The company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit or loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit or loss.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

Operating leases

The Company has also used the practical expedient provided by the standard when applying Ind AS 116 to leases previously classified as operating leases under Ind AS 17 and therefore, has not reassessed whether a contract, is or contains a lease, at the date of initial application, relied on its assessment of whether leases are onerous, applying Ind AS 37 immediately before the date of initial application as an alternative to performing an impairment review, excluded initial direct costs from measuring the right-of-use asset at the date of initial application and used hindsight when determining the lease term if the contract contains options to extend or terminate the lease. The Company has used a single discount rate to a portfolio of leases with similar characteristics.

a. Financial assets

Classification

The Company classifies financial assets in the following measurement categories:

- a) Those measured at amortised cost and
- b) Those measured subsequently at fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

Initial recognition and measurement

All financial assets are recognised initially at fair value. Transaction costs that are attributable to the acquisition of the financial asset are adjusted

to fair value in case of financial assets not recorded at fair value through profit or loss. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the company commits to purchase or sell the asset.

Measured at amortised cost

A financial asset is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit or loss. The losses arising from impairment are recognised in the statement of profit or loss. This category generally applies to trade and other receivables.

Measured at fair value through other comprehensive income (FVOCI)

A financial asset is measured at FVOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Financial assets included within the FVOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the profit or loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to profit or loss. Interest earned whilst holding FVOCI debt instrument is reported as interest income using the EIR method.

Financial Asset at fair value through profit or loss (FVTPL)

FVTPL is a residual category for financial asset. Any financial asset, which does not meet the criteria for categorization as at amortised cost or as FVOCI, is classified as at FVTPL.

In addition, the group company may elect to classify a financial asset, which otherwise meets amortised cost or FVOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Financial assets included within the FVTPL category are measured at fair value with all changes recognized in the profit or loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a company of similar financial assets) is primarily derecognised (i.e. removed from the company's balance sheet) when:

- a) The rights to receive cash flows from the asset have expired, or
- b) The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the company has transferred substantially all the risks and rewards of the asset, or (b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.
- c) When the company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the company continues to recognise the transferred asset to the extent of the company's continuing involvement. In that case, the company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the company has retained.
- d) Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the company could be required to repay.

Impairment of financial assets

In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, and bank balance.
- b) Trade receivables.

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- a) Trade receivables which do not contain a significant financing component.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

- b) For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

b. Financial liabilities

Classification

The Company classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through profit or loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss or amortised costs.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The company's financial liabilities include trade and other payables, loans and borrowings, financial guarantee contracts and derivative financial instruments.

Financial Liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the group that are not designated as hedging instruments in hedge relationships as defined by Ind-AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in Ind-AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/loss are not subsequently transferred to P&L. However, the company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit or loss.

This category generally applies to interest-bearing loans and borrowings.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Derivative financial instruments

The company uses derivative financial instruments, such as forward currency contracts, interest rate swaps and forward commodity contracts, to hedge its foreign currency risks, interest rate risks and commodity price risks, respectively. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Offsetting

Financial assets and financial liabilities are offset and the net amount is presented in the balance sheet when, and when the company has a legally

enforceable right to set off the amount and it intends either to settle then on a net basis or to realize the asset and settle the liability simultaneously.

Measurement of fair values

The Company's accounting policies and disclosures require the measurement of fair values, for financial instruments.

The Company has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

xv. Government Grants

Government Grants and subsidies from Government are recognised when there is reasonable certainty that the grant/subsidy will be received and all attaching conditions will be complied with.

When the government grant relates to income, it is recognised in the Statement of Profit or Loss on a systematic basis over the period in which the Company recognizes as expenses the related costs for which the grant is intended to compensate.

For grants related to asset the grant is deducted in calculating the carrying amount of the asset. The grant is recognised in profit or loss over the life of a depreciable asset as a reduced depreciation expense.

xvi. Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31st, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

Ind AS 8 – Definition of Accounting Estimates

The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. It has also been clarified how entities use measurement techniques and inputs to develop accounting estimates.

The amendments had no impact on the Company's standalone financial statements.

Ind AS 1 – Disclosure of Accounting Policies

The amendments aim to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their 'significant accounting policies with a requirement to disclose their 'material' accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures.

The amendments have had an impact on the Company's disclosures of accounting policies, but not on the measurement, recognition or presentation of any items in the Company's financial statements.

Ind AS 12- Deferred Tax related to Assets and Liabilities arising from a Single Transaction

The amendments narrow the scope of the in initial recognition exception under Ind AS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences such as leases.

The amendments had no impact on the Company's standalone financial statements.

Apart from these, consequential amendments and editorials have been made to other Ind AS like Ind AS 101, Ind AS 102, Ind AS 103, Ind AS 107, Ind AS 109, Ind AS 115 and Ind AS 34.

B. Measurement of fair values

Valuation techniques and significant unobservable inputs

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Note 39	<p>Financial Instruments – Fair Values and Risk Management</p> <p>Financial risk management</p> <p>The Company has exposure to the following risks arising from financial instruments:</p> <p>(i) Market risk</p> <p>(a) Currency risk;</p> <p>(b) Interest rate risk;</p> <p>(ii) Credit risk ; and</p> <p>(iii) Liquidity risk ;</p> <p>Risk management framework</p> <p>The Company’s activities expose it to a variety of financial risks, including market risk, credit risk and liquidity risk. The Company’s primary risk management focus is to minimize potential adverse effects of risks on its financial performance. The Company’s risk management assessment policies and processes are established to identify and analyses the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. These policies and processes are reviewed by management regularly to reflect changes in market conditions and the Company’s activities. The Board of Directors and the Audit Committee are responsible for overseeing these policies and processes.</p>																																																																																																																																				
Note 39 (i)	<p>Market risk</p> <p>Market risk is the risk of changes in the market prices on account of foreign exchange rates, interest rates which shall affect the Company's income or the value of its holdings of its financial instruments. The objective of market risk management is to manage and control market risk exposure within acceptable parameters, while optimising the returns.</p>																																																																																																																																				
Note 39 (i)(a)	<p>Currency risk</p> <p>The fluctuation in foreign currency exchange rates may have impact on the profit and loss account, where any transaction has more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the entity. Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risks primarily relate to fluctuations in U.S. dollar and Euro, SEK and Pound against the respective functional currencies.</p> <p>Exposure to currency risk</p> <p>The summary quantitative data about the Company's exposure to currency risk as reported by the management of the Company is as follows:</p> <p style="text-align: right;">(₹ in Lakhs)</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th rowspan="2">Particulars</th> <th colspan="4">As at 31.03.2024</th> </tr> <tr> <th>US Dollar</th> <th>Swedish Krona</th> <th>Euro</th> <th>Total</th> </tr> </thead> <tbody> <tr> <td>Receivable net exposure</td> <td></td> <td></td> <td></td> <td></td> </tr> <tr> <td>Trade Receivables</td> <td style="text-align: center;">-</td> <td style="text-align: center;">-</td> <td style="text-align: center;">-</td> <td style="text-align: center;">-</td> </tr> <tr> <td>Receivable net exposure</td> <td style="text-align: center;">-</td> <td style="text-align: center;">-</td> <td style="text-align: center;">-</td> <td style="text-align: center;">-</td> </tr> <tr> <td>Payable net exposure</td> <td></td> <td></td> <td></td> <td></td> </tr> <tr> <td>Trade payables and other financial liabilities</td> <td style="text-align: center;">1.53</td> <td style="text-align: center;">-</td> <td style="text-align: center;">-</td> <td style="text-align: center;">1.53</td> </tr> <tr> <td>Borrowings from Bank</td> <td style="text-align: center;">-</td> <td style="text-align: center;">-</td> <td style="text-align: center;">-</td> <td style="text-align: center;">-</td> </tr> <tr> <td>Payable net exposure (₹)</td> <td style="text-align: center;">1.53</td> <td style="text-align: center;">-</td> <td style="text-align: center;">-</td> <td style="text-align: center;">1.53</td> </tr> <tr> <td>Forward exchange contracts against imports and foreign currency payables</td> <td style="text-align: center;">-</td> <td style="text-align: center;">-</td> <td style="text-align: center;">-</td> <td style="text-align: center;">-</td> </tr> <tr> <td>Payable net exposure (₹)</td> <td style="text-align: center;">1.53</td> <td style="text-align: center;">-</td> <td style="text-align: center;">-</td> <td style="text-align: center;">1.53</td> </tr> <tr> <td>Total net exposure on Receivables /(Payables)</td> <td style="text-align: center;">(1.53)</td> <td style="text-align: center;">-</td> <td style="text-align: center;">-</td> <td style="text-align: center;">(1.53)</td> </tr> </tbody> </table> <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th rowspan="2">Particulars</th> <th colspan="4">As at 31.03.2023</th> </tr> <tr> <th>US Dollar</th> <th>Swedish Krona</th> <th>Euro</th> <th>Total</th> </tr> </thead> <tbody> <tr> <td>Receivable net exposure</td> <td></td> <td></td> <td></td> <td></td> </tr> <tr> <td>Trade Receivables</td> <td style="text-align: center;">-</td> <td style="text-align: center;">-</td> <td style="text-align: center;">-</td> <td style="text-align: center;">-</td> </tr> <tr> <td>Receivable net exposure</td> <td style="text-align: center;">-</td> <td style="text-align: center;">-</td> <td style="text-align: center;">-</td> <td style="text-align: center;">-</td> </tr> <tr> <td>Payable net exposure</td> <td></td> <td></td> <td></td> <td></td> </tr> <tr> <td>Trade payables and other financial liabilities</td> <td style="text-align: center;">57.98</td> <td style="text-align: center;">0.64</td> <td style="text-align: center;">-</td> <td style="text-align: center;">58.61</td> </tr> <tr> <td>Borrowings from Bank</td> <td style="text-align: center;">-</td> <td style="text-align: center;">-</td> <td style="text-align: center;">-</td> <td style="text-align: center;">-</td> </tr> <tr> <td>Payable net exposure (₹)</td> <td style="text-align: center;">57.98</td> <td style="text-align: center;">0.64</td> <td style="text-align: center;">-</td> <td style="text-align: center;">58.61</td> </tr> <tr> <td>Forward exchange contracts against imports and foreign currency payables</td> <td style="text-align: center;">-</td> <td style="text-align: center;">-</td> <td style="text-align: center;">-</td> <td style="text-align: center;">-</td> </tr> <tr> <td>Payable net exposure (₹)</td> <td style="text-align: center;">57.98</td> <td style="text-align: center;">0.64</td> <td style="text-align: center;">-</td> <td style="text-align: center;">58.61</td> </tr> <tr> <td>Total net exposure on Receivables /(Payables)</td> <td style="text-align: center;">(57.98)</td> <td style="text-align: center;">(0.64)</td> <td style="text-align: center;">-</td> <td style="text-align: center;">(58.61)</td> </tr> </tbody> </table> <p>Sensitivity analysis</p> <p>A 1% strengthening / weakening of the respective foreign currencies with respect to functional currency of Company would result in increase or decrease in profit or loss as shown in table below. Note 39 i(b) : Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The company's exposure to the risk of changes in market interest rates relates primarily to the borrowings from bank. Currently Company is not using any mitigating factor to cover interest rate risk.

A reasonably possible change of 1% in interest rates at the reporting date would have increased/(decreased) equity and profit or loss by amounts shown below. This analysis assumes that all other variables, in particular, foreign currency exchange rates, remain constant. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The period end balances are not necessarily representative of the average debt outstanding during the period.

Note 39 (ii) Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Company's receivables from customer. The Company establishes an allowance for doubtful debts and impairment that represents its estimate on expected loss model .

(A) Trade and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry has an influence on credit risk assessment. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

Summary of the Company's exposure to credit risk by age of the outstanding from various customers is as follows:

(in Lakhs)

Particulars	As at 31.03.2024	As at 31.03.2023
Neither due nor impaired	2,343.69	2,035.46
Past due 0-180 days	298.23	221.15
Past due more than 180 days	63.77	50.47
Total	2,705.69	2,307.08

Expected credit loss assessment

Exposures to customers outstanding at the end of each reporting period are reviewed by the Company to determine expected credit losses. Historical trends of impairment of trade receivables do not reflect any significant credit losses. Impaired amounts are based on lifetime expected losses based on the best estimate of the management. Further, management believes that the unimpaired amounts that are past due by more than 180 days are still collectible in full, based on historical payment behaviour and extensive analysis of customer credit risk. The impairment loss related to several customers that have defaulted on their payments to the Company and are not expected to be able to pay their outstanding balances, mainly due to economic circumstances.

(B) Cash and cash equivalents

The Company holds cash and cash equivalents with credit worthy banks and financial institutions of Rs. 97.15 lakhs as at March 31, 2024, (Rs. 105.99 Lakhs as at 31st March 2023). The credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be good.

(C) Investments

The Company does not expect any losses from non-performance by these counter-parties apart from those already given in financials, and does not have any significant concentration of exposures to specific industry sectors or specific country risks.

Note 39 (iii) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Company's reputation.

The Company has obtained fund based lines from banks. The Company also constantly monitors various funding options available in the debt and capital markets with a view to maintaining financial flexibility.

Report on the Audit of the Consolidated Ind AS Financial Statements

Opinion

We have audited the accompanying Consolidated Ind AS financial statements of **WORTH PERIPHERALS LIMITED**, (hereinafter referred to as "the Holding company") and its subsidiaries (the Holding Company and its together referred to as "the Group"), which comprise of the consolidated Balance sheet as at March 31, 2024, the consolidated Statement of Profit and Loss, including Other Comprehensive Income, the consolidated Cash Flow Statement and the consolidated Statement of Changes in Equity for the year ended and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of subsidiaries, the aforesaid consolidated Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, as at March 31, 2024, their consolidated profit, including Other Comprehensive Income, their consolidated cash flows and the Consolidated Statement of Changes for the year ended on that date.

Basis of Opinion

We conducted our audit of the Consolidated Ind AS financial statements in accordance with the Standards on Auditing (SAs), specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Ind AS financial statements for the financial year ended March 31, 2024. These matters were addressed in the context of our audit of the Consolidated Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each key audit matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the 'Auditor's responsibilities for the audit of the Consolidated Ind AS financial statements' section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Consolidated Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Consolidated Ind AS financial statements.

Key Audit Matters	How our audit addressed the Key Audit Matters
<p>Revenue Recognition</p> <p>The management is of the opinion that it controls the goods before transferring them to the customer. The variety of terms that define when control are transferred to the customer, as well as the high value of the transactions, give rise to the risk that revenue is not recognized in the appropriate accounting period.</p> <p>Revenue is measured net of returns and allowances, trade discounts and volume rebates (collectively 'Discount and rebates'). There is a risk that these discount and rebates are incorrectly recorded as it also requires ascertain degree of estimation, resulting in understatement of the associated expenses and accrual.</p> <p>Accordingly, due to the significant risk associated with revenue recognition in accordance with terms of Ind AS 115</p> <p>'Revenue from Contracts with Customers', it was determined to be a key audit matter in our audit of the Ind AS Consolidated Financial Statements.</p>	<p>We assessed the Company's process to identify the impact of adoption of Ind AS 115. Our audit approach included assessment of design and testing of operating effectiveness of internal controls related to revenue recognition, calculation of discounts and rebates and other substantive testing. We carried out:</p> <p>Evaluation of the design of internal controls relating to implementation of the revenue accounting standard.</p> <p>Selection of samples of both continuing and new contracts for</p> <ul style="list-style-type: none"> - testing of operating effectiveness of the internal control -identification of contract wise performance obligations and <p>Determination of transaction price.</p> <p>Verification of individual sales transaction on sample basis and traced to sales invoices, sales orders and other related documents. Further, the samples were checked for revenue recognition as per the shipping terms.</p> <p>Sample of sales transactions were selected pre- and post year end, agreeing the period of revenue recognition to third party support, such as transporter invoice and customer confirmation of receipt of goods.</p> <p>Direct confirmations were obtained from customers to support existence assertion of trade receivables and assessed the relevant disclosures made in the Consolidated Financial Statements; to ensure revenue from contracts with customers are in accordance with the requirements of relevant accounting standards.</p> <p>In the cases where direct confirmations are not available, additional procedures were applied in respect of receipts in the Subsequent period.</p>
<p>Valuation of Inventories</p> <p>At the balance sheet date, the value of inventory amounted to Rs. 20.16 Crores representing 9.76% of total assets. Inventories were considered as a key audit matter due to the size of the balance and because inventory valuation involves management judgment. According to the financial statements and accounting principles, inventories are measured at the lower of cost or net realizable value (using First In First Out Method). The company has specific procedures for identifying risk for obsolescence and measuring inventories at the lower of cost or net realizable value.</p>	<p>To address the risk of material error in valuation of inventories, our audit procedures included amongst others:</p> <p>Assessing the compliance of company's accounting policies over inventory with applicable accounting standards.</p> <p>Assessing the inventory valuation processes and practices. We reperformed the cost calculations and tested the effectiveness of the key controls.</p>

We have determined that there are no other key audit matters to communicate in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report 2023-24, but does not include the Ind AS Consolidated financial statements and our auditor's report thereon.

Our opinion on the Ind AS Consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS Consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Ind AS Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated Ind AS financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the Consolidated Ind AS financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process. Those respective Board of Directors of the companies included in the Group are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the consolidated Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also: Identify and assess the risks of material misstatement of the Ind AS Consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to Consolidated financial statements in place and the operating effectiveness of such controls.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS Consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the Consolidated financial statements, including the disclosures, and whether the Consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group of which we are the independent auditors and whose financial information we have audited, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated Ind AS financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant

audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements/ financial information of the subsidiary entities - 'M/s Yash Packers, Mumbai' and 'M/s Worth Wellness Private Limited' included in the consolidated financial results, whose financial statements reflect total revenues of Rs. 6539.16 Lakhs and, total net profit after tax of Rs. 86.27 Lakhs for the year ended 31st March 2024, as considered in the Consolidated Ind AS Financial Statements. These Ind AS financial statement and other financial information have been audited by other auditor whose reports have been furnished to us by the management. Our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the report(s) of such other auditor.

Our opinion above on the consolidated Ind AS financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditor and the financial statements and other financial information certified by the Management.

Annexure-A

Referred to in paragraph (f) under the heading ‘Report on Other Legal and Regulatory Requirements’ of our report of even date to the members of Worth Peripherals Limited for the year ended March 31, 2024

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of subsection 3 of Section 143 of the Companies Act, 2013 (the “Act”)

In conjunction with our audit of consolidated Ind AS financial statements of the Company as of and for the year ended 31st March 2024, we have audited the internal financial controls with reference to Consolidated Financial Statements of WORTH PERIPHERALS LIMITED (“the Holding Company”) and its subsidiaries (the Holding Company and its subsidiaries together referred to as “the Group”) as of that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Holding Company and its subsidiaries incorporated in India is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal financial controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Group Company’s internal financial controls with reference to Consolidated Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal financial controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Consolidated Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Consolidated Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Consolidated Financial Statements included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company and its subsidiaries internal financial controls with reference to Consolidated Financial Statements.

Meaning of Internal Financial Controls with reference to these Consolidated Ind AS financial statements

A company’s internal financial controls with reference to Consolidated Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial controls with reference to Consolidated Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to these Consolidated Ind AS financial statements

Because of the inherent limitations of internal financial controls with reference to Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Consolidated Financial Statements to future periods are subject to the risk that the internal financial controls with reference to Consolidated Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and based on the consideration of the report of the other auditors of subsidiaries have, in all material respects, an adequate internal financial controls with reference to Consolidated Financial Statements system and such internal financial controls were operating effectively as at 31st March, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal financial controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Worth Peripherals Limited ('the Company') is engaged in the business of manufacturing and sale of Corrugated Boxes. The Company is having manufacturing unit at Pithampur DistDhar (MP) and Registered and Corporate office at Indore (MP). The Company is having 50% holding in a Partnership Firm M/s Yash Packers which is also engaged in manufacturing and sale of Corrugated Boxes at Valsad, Gujarat, Registered Office Situated at Mumbai. The company is also having 90% holding in Worth Wellness Private Limited". The Company and its subsidiaries are collectively referred to as "the group". The consolidated financial statements as at March 31, 2024 presents the financial position of the group.

B. Material accounting policies Information

i. Statement of compliance of Indian Accounting Standards (Ind AS)

These financial statements are consolidated financial statements of the Group (also called consolidated financial statements). The Group has prepared and presented its consolidated financial statements for the year ended March 31, 2024 together with the comparative period information as at and for the year ended March 31, 2023 in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended).

ii. Basis of Preparation

The consolidated financial statements have been prepared on accrual basis and under the historical cost convention except for certain financial instruments which are measured at fair value at the end of each reporting period, as explained in the accounting policies mentioned below.

All assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. The Group has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

Functional and presentation currency

These consolidated financial statements are presented in Indian rupees, which is the Group's functional currency. All amounts have been rounded to the nearest Rupees in lacs unless otherwise indicated.

iii. Use of Estimates, Judgments and Assumptions

The preparation of consolidated financial statements in accordance with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

All the assets and liabilities have been classified as current or non-current as per the group's normal operating cycle of twelve months and other criteria set out in Schedule III to the Companies Act, 2013.

Significant areas of estimation, uncertainty and critical judgements in applying accounting policies that have significant effect on amount recognized in the consolidated financial statements are:

- a. Allowance for bad and doubtful trade receivable.
- b. Recognition and measurement of provision and contingencies.
- c. Depreciation/Amortisation and useful lives of Property, plant and equipment / Intangible Assets.
- d. Recognition of deferred tax.
- e. Income Taxes.
- f. Measurement of defined benefit obligation.
- g. Impairment of Non-financial assets and financial assets.

iv. Revenue

Recognition

The group recognised revenue i.e. account for a contract with a customer only when all of the following criteria are met:

- a. The parties to the contract have approved the contract (in writing, orally or in accordance with other customary business practices) and are committed to perform their respective obligations;
- b. The entity can identify each party's rights regarding the goods or services to be transferred;
- c. The entity can identify the payment terms for the goods or services to be transferred;
- d. The contract has commercial substance (i.e. the risk, timing or amount of the entity's future cash flows is expected to change as a result of the contract); and
- e. It is probable that the entity will collect the consideration to which it will be entitled in exchange for the goods or services that will be transferred to the customer. In evaluating whether collectability of an amount of consideration is probable, an entity shall consider only the customer's ability and intention to pay that amount of consideration when it is due. The amount of consideration to which the entity will be entitled may be less than the price stated in the contract if the consideration is variable because the entity may offer the customer a price concession.

Measurement

When (or as) a performance obligation is satisfied, group recognize as revenue the amount of the transaction price (which excludes estimates of variable consideration that are constrained) that is allocated to that performance obligation.

The transaction price is the amount that the entity expects to be entitled to in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties (for example, some taxes on sales). The consideration promised may include fixed amounts, variable amounts, or both.

a. Sale of goods

Revenue is recognised upon transfer of control of promised goods to customers in an amount that reflects the consideration which the Group expects to receive in exchange for those goods. Revenue from the sale of goods is recognised at the point in time when control is transferred to the customer which is usually on dispatch / delivery of goods, based on contracts with the customers. Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, price concessions, incentives, and returns, if any, as specified in the contracts with the customers. Revenue excludes taxes collected from customers on behalf of the government. Due to the short nature of credit period given to customers, there is no financing component in the contract.

b. Sale of Services

Revenue from services rendered is recognised as the services are rendered and is booked based on agreements/arrangements with the concerned parties.

c. Interest and Dividend

Interest income is recognized on accrual basis using the effective interest method. Dividend income is recognised in profit or loss on the date on which the group's right to receive payment is established.

v. Inventories

Inventories are valued at cost and net realizable value whichever is lower. The cost of inventories comprises all costs of purchase including duties and taxes (other than those subsequently recoverable from the taxing authorities), conversion cost and other costs incurred in bringing the inventories to their present location and condition.

The cost formulas used are First-in-First Out ('FIFO') method in case of Raw Material, Ancillary Raw Material and Consumable Spares.

vi. Property, Plant and Equipment

a. Recognition and measurement

The cost of an item of property, plant and equipment is recognized as an asset if, and only if:

(a) It is probable that future economic benefits associated with the item will flow to the enterprise; and

(b) **The cost of the item can be measured reliably.**

Items of property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses (if any). Freehold land is measured at costs.

The cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after

deducting trade discounts and rebates, acquisition or construction cost including borrowing costs, any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management, initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in statement of profit or loss.

b. Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the group and cost of item can be reliably measured. The group recognizes in the carrying amount of an item of Property, Plant & Equipment, and the cost of replacing a part of an item, when that cost is incurred provided the recognition criteria as mentioned above are met. The carrying amount of those parts that are replaced is derecognized in accordance with the de-recognition provisions mentioned in the Accounting Standards. The cost of day to day servicing of an item of Property, Plant & Equipment is recognized in the Statement of Profit or Loss as and when incurred.

c. Depreciation

Depreciation on property, plant and equipment is provided using Straight Line method on depreciable amount as per the useful life of the assets in the manner as specified in Schedule II to the Companies Act, 2013. The estimated useful life of assets and estimated residual value is taken as prescribed under Schedule II to the Companies Act, 2013.

Depreciation on property, plant and equipment of subsidiary is provided on WDV method

The estimated useful lives, residual value and depreciation method are reviewed at the end of each balance sheet date, any changes therein are considered as changes in estimate and accordingly accounted for prospectively.

d. Capital Work in Progress

Assets under erection/installation are shown as 'Capital work in progress', Expenditure during construction period are shown as 'pre-operative expenses' to be capitalized on erection/installations of the assets.

vii. Employee benefits

a. Short term employee benefits

Short-term employee benefits are charged as the related service is provided. A liability is recognised for the amount expected to be paid if the group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

b. Defined benefit plans

The liability for gratuity a defined benefit plan is determined annually by a qualified actuary using the projected unit credit method. `

The group pays gratuity to the employees who have completed five years of service with group at the time when the employee leaves the group as per the payment of gratuity act 1972.

Remeasurement of the net defined benefit plans in respect of post-employment are charged to other comprehensive income. Net interest expense and other expenses related to defined benefit plans are recognised in statement of profit or loss.

c. Other employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognized as a liability at the present value of obligation as at the Balance sheet date determined based on an actuarial valuation.

d. Defined Contribution Plan

The group's payments to the defined contribution plans are recognized as expenses during the period in which the employees perform the services that payment covers. Defined contribution plan comprise of contribution to the employees' provident fund with government, Employees' State Insurance and Pension Scheme.

viii. Income Tax

Income tax expense comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to other comprehensive income or a business combination, or items recognised directly in equity.

a. Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Group:

- a) Has a legally enforceable right to set off the recognised amounts; and
- b) Intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

b. Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets and liabilities are reviewed at the end of each reporting period.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and liabilities are offset only if:

- a) The entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- b) The deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

ix. Foreign currency transactions and translations

Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Differences arising on settlement of monetary items are recognised in statement of profit or loss except to the extent of exchange differences which are regarded as an adjustment to interest costs on foreign currency borrowings that are directly attributable to the acquisition or construction of qualifying assets which are capitalized as cost of assets.

Non-monetary items that are measured based on historical cost in a foreign currency are recorded using the exchange rates at the date of the transaction. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Exchange differences arising out of these transactions are generally recognised in statement of profit or loss.

x. Borrowing cost

Borrowing costs that are directly attributable to the acquisition, construction or production of qualifying asset are capitalised as part of the cost of that asset till the date it is ready for its intended use or sale. Qualifying asset are the assets that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are charged to the statement of profit or loss in the period in which they are incurred.

xi. Cash and Cash Equivalent

Cash and cash equivalent includes the cash and Cheques in hand, bank balances, demand deposits with bank and other short term, highly liquid investments with original maturity of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdrafts are shown within borrowings in current liabilities in the balance sheet and forms part of financing activities in the cash flow statement. Book overdraft are shown within other financial liabilities in the balance sheet and forms part of operating activities in the cash flow statement.

xii. Cash Flow Statement

Cash flows are reported using indirect method, whereby profit/ (loss) before tax is adjusted for the effect of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments and items of income or expenses associated with investing or financing cash flow. The cash flow from operating, investing and financing activities of the group is segregated based on the available information.

xiii. Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when there is a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognized for future operating losses.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability. The Group does not recognize a contingent liability but discloses its existence in the financial statements

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group. Contingent assets are not recognized, but its existence is disclosed in the financial statements

xiv. Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

As per the requirements of Ind AS 116 the group evaluates whether an arrangement qualifies to be a lease. In identifying a lease, the group uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Group determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the group is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Group is reasonably certain not to exercise that option. The Group revises the lease term if there is a change in the non-cancellable period of a lease.

Group as a lessee

The Group accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

Right of Use Assets

The Group recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located.

The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets are depreciated using the straight-line method from the commencement date over the lease term. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable and impairment loss, if any, is recognised in the statement of profit or loss.

Lease Liability

The Group measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Group uses incremental borrowing rate. For leases with reasonably similar characteristics, the Group, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole.

The lease liability is subsequently re-measured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and re-measuring the carrying amount to reflect any reassessment or lease modifications. The group recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit or loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Group recognises any remaining amount of the re-measurement in statement of profit or loss.

The Group has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

Operating leases

The Group has also used the practical expedient provided by the standard when applying Ind AS 116 to leases previously classified as operating leases under Ind AS 17 and therefore, has not reassessed whether a contract, is or contains a lease, at the date of initial application, relied on its assessment of whether leases are onerous, applying Ind AS 37 immediately before the date of initial application as an alternative to performing an impairment review, excluded initial direct costs from measuring the right-of-use asset at the date of initial application and used hindsight when determining the lease term if the contract contains options to extend or terminate the lease. The Group has used a single discount rate to a portfolio of leases with similar characteristics.

a. Financial assets

Classification

The Group classifies financial assets in the following measurement categories:

- a) Those measured at amortised cost and
- b) Those measured subsequently at fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

Initial recognition and measurement

All financial assets are recognised initially at fair value plus transaction costs that are attributable to the acquisition of the financial asset, in the case of financial assets not recorded at fair value through profit or loss. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the group commits to purchase or sell the asset.

Measured at amortised cost

A financial asset is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit or loss. The losses arising from impairment are recognised in the statement of profit or loss. This category generally applies to trade and other receivables.

Measured at fair value through other comprehensive income (FVOCI)

A financial asset is measured at FVOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Financial assets included within the FVOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the group recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the profit or loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to profit or loss. Interest earned whilst holding FVOCI debt instrument is reported as interest income using the EIR method.

Financial Asset at fair value through profit or loss (FVTPL)

FVTPL is a residual category for financial asset. Any financial asset, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified as at FVTPL.

In addition, the group may elect to classify a financial asset, which otherwise meets amortized cost or FVOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Financial assets included within the FVTPL category are measured at fair value with all changes recognized in the profit or loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the group's balance sheet) when:

- a) The rights to receive cash flows from the asset have expired, or

- b) The group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the group has transferred substantially all the risks and rewards of the asset, or (b) the group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.
- c) When the group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the group continues to recognise the transferred asset to the extent of the group's continuing involvement. In that case, the group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the group has retained.
- d) Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the group could be required to repay.

Impairment of financial assets

In accordance with Ind-AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, and bank balance.
- b) Trade receivables.

The Group follows 'simplified approach' for recognition of impairment loss allowance on:

- a) Trade receivables which do not contain a significant financing component.

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

- b) For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

b. Financial liabilities

Classification

The Group classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through profit or loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss or amortised costs.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The group's financial liabilities include trade and other payables, loans and borrowings, financial guarantee contracts and derivative financial instruments.

Financial Liabilities at fair value through profit or loss (FVTPL)

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the group that are not designated as hedging instruments in hedge relationships as defined by Ind-AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in Ind-AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risks are

recognized in OCI. These gains/loss are not subsequently transferred to P&L. However, the group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit or loss.

This category generally applies to interest-bearing loans and borrowings.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Derivative financial instruments

The group uses derivative financial instruments, such as forward currency contracts, interest rate swaps and forward commodity contracts, to hedge its foreign currency risks, interest rate risks and commodity price risks, respectively. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Offsetting

Financial assets and financial liabilities are offset and the net amount is presented in the balance sheet when, and when the group has a legally enforceable right to set off the amount and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

Measurement of fair values

The Group's accounting policies and disclosures require the measurement of fair values, for financial instruments.

The Group has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

xv. Government Grants

Government Grants and subsidies from Government are recognised when there is reasonable certainty that the grant/subsidy will be received and all attaching conditions will be complied with.

When the government grant relates to income, it is recognised in the Statement of Profit or Loss on a systematic basis over the period in which the Company recognizes as expenses the related costs for which the grant is intended to compensate.

For grants related to asset the grant is deducted in calculating the carrying amount of the asset. The grant is recognised in profit or loss over the life of a depreciable asset as a reduced depreciation expense

xx) Basis of Consolidation

a) The Consolidated financial statements relate to Worth Peripherals Limited (the group) and its subsidiary as under:

Entity	Basis of consolidation	Country of Incorporation	% age of Shareholding of the Company	% age of Share in Consolidated Profit/(Loss)
Yash Packers	Joint Venture	India	50%	2.66%
Worth Wellness Pvt. Ltd.	Subsidiary	India	90%	(0.05%)

- b) The consolidated financial statements have been prepared in accordance with Indian Accounting Standards (“Ind AS”) notified under section 133 of Companies Act, 2013 read with Companies (Indian Accounting Standards) Rule, 2015 and Companies (Indian Accounting Standards) Amendment Rules 2016 and recognized accounting practices and policies on the following basis:
- The financial statements of the group and its subsidiary have been combined on a line to line basis by adding together like item of assets, liabilities, income, expenses, equity and cash flows.
 - Intragroup balances, intragroup transaction and resulting unrealised profits/losses have been eliminated in full.
 - Non-controlling interest in the net assets of subsidiary has been identified separately from the group’s equity. Total Comprehensive Incomes attributed to non-controlling interests even if it results in the non-controlling interest having debit balances.
 - Figures pertaining to the subsidiary have been reclassified to bring them in line with parent Group’s financial statements.
 - The excess of/shortfall in the cost to the group of its investment over the group’s portion of equity as at the date of investment is recognised in consolidated financial statements as goodwill/capital reserve. The resultant goodwill, if any, is capitalized.
 - The Consolidated Financial Statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances.

ix. Recent pronouncements

Ministry of Corporate Affairs (“MCA”) notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31st, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

Ind AS 8 – Definition of Accounting Estimates

The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. It has also been clarified how entities use measurement techniques and inputs to develop accounting estimates.

The amendments had no impact on the Company’s standalone financial statements.

Ind AS 1 – Disclosure of Accounting Policies

The amendments aim to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their ‘significant accounting policies with a requirement to disclose their ‘material’ accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures.

The amendments have had an impact on the Company’s disclosures of accounting policies, but not on the measurement, recognition or presentation of any items in the Company’s financial statements.

Ind AS 12– Deferred Tax related to Assets and Liabilities arising from a Single Transaction

The amendments narrow the scope of the in initial recognition exception under Ind AS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences such as leases.

The amendments had no impact on the Company’s standalone financial statements.

Apart from these, consequential amendments and editorials have been made to other Ind AS like Ind AS 101, Ind AS 102, Ind AS 103, Ind AS 107, Ind AS 109, Ind AS 115 and Ind AS 34.

Note 36 Financial Instruments by category and fair value hierarchy

A. Accounting classification and fair values

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy. It does not include fair value information for financial assets and financial liabilities if the carrying amount is a reasonable approximation of fair value.

A substantial portion of the Company's long-term debt has been contracted at floating rates of interest, which are reset at short intervals. Accordingly, the carrying value of such long-term debt approximates fair value.

B. Measurement of fair values

Valuation techniques and significant unobservable inputs

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1 : quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 : inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 : inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Note 37 i(b) -Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The company's exposure to the risk of changes in market interest rates relates primarily to the borrowing from bank. Currently Company is not using any mitigating factor to cover interest rate risk.

Interest rate risk exposure -variable rate

Particulars	As at 31st March, 2024		As at 31st March, 2023	
Borrowings from banks		795.09		76.21
Total		795.09		76.21

Interest rate sensitivity

A reasonably possible change of 1% in interest rates at the reporting date would have increased /(decreased) equity and profit or loss by amounts shown below. This analysis assumes that all other variables, in particular, foreign currency exchange rates, remain constant. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The period end balances are not necessarily representative of the average debt outstanding during the period.

Note 37(ii)	Credit Risk		
	Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Company's receivables from customer. The Company establishes an allowance for doubtful debts and impairment that represents its estimate on expected loss model.		
(A)	Trade and other receivables		
	The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry has an influence on credit risk assessment. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.		
	Summary of the Company's exposure to credit risk by age of the outstanding from various customers is as follows:		
		(₹ in Lakhs)	
	Particulars	As at March 31, 2024	As at March 31, 2023
	Neither Due Not Impaired	3,319.32	3,283.44
	Past due 0 – 180 days	531.68	366.31
	Past due more than 180 days	87.23	76.65
	Total	3,938.23	3,726.40
	Expected credit loss assessment		
	Exposures to customers outstanding at the end of each reporting period are reviewed by the Company to determine expected credit losses. Historical trends of impairment of trade receivables do not reflect any significant credit losses. Impaired amounts are based on lifetime expected losses based on the best estimate of the management. Further, management believes that the unimpaired amounts that are past due by more than 180 days are still collectible in full, based on historical payment behaviour and extensive analysis of customer credit risk. The impairment loss related to several customers that have defaulted on their payments to the Company and are not expected to be able to pay their outstanding balances, mainly due to economic circumstances.		
(B)	Cash and cash equivalents		
	The Company holds cash and cash equivalents with credit worthy banks and financial institutions of Rs. 107.94 lakhs as at March 31st, 2024 (Rs. 112.18 lakhs as at 31st March 2023). The credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be good.		
(C)	Investments		
	The Company does not expect any losses from non-performance by these counter-parties apart from those already given in financials, and does not have any significant concentration of exposures to specific industry sectors or specific country risks.

Note 37 (iii) - Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Company's reputation. The Company has obtained fund based lines from banks. The Company also constantly monitors various funding options available in the debt and capital markets with a view to maintaining financial flexibility.

Exposure to liquidity risk

The table below analyses the Company's financial liabilities into relevant maturities groupings based on their contractual maturities for: all non derivative financial liabilities
