Chairman's Letter

Dear Shareholders

It is with great pleasure that I address you at the close of what has been a remarkable financial year **2023-24** for our company. This year has been one of significant turnaround and growth, marked by notable achievements in both our turnover and profitability.

I am proud to report that our company's total income has increased to **₹6337.03 Lakhs**, up from **₹5591.30 Lakhs** in the previous year, reflecting a robust growth of **13.34%**. Our Profit before Tax has surged to **₹849.92 Lakhs** from **₹743.46 Lakhs**, representing a **14.32%** increase. Moreover, our Net Profit has risen to **₹633.09 Lakhs**, a **17.14%** increase from the previous year's **₹540.44 Lakhs**. These results are a testament to our strategic focus, operational excellence, and the unwavering commitment of our team.

On the strength of this performance, I am delighted to announce that the Board of Directors has recommended a final dividend of **₹1/- per** fully paid-up equity share of the company. This decision reflects our confidence in the company's sustained growth and our commitment to delivering value to our esteemed shareholders.

A significant contributor to our growth has been the operation of our **Kosamba Unit**. This unit has played a crucial role in our steel polishing segment and has significantly reduced our dependency on external providers by supplying stainless steel sheets used as raw materials in our primary products, namely elevator doors and cabins.

I am also excited to highlight some significant developments during the financial year. We expanded our presence by opening two new branches in **Ahmedabad** and **Kolkata**. This expansion is part of our strategic initiative to enhance our market reach and better serve our customers across different regions.

In addition, we have made a significant investment in advanced technology with the acquisition of a **Salvagnini Machine**. This state-of-the-art machinery will enhance our production capabilities, improve efficiency, and ensure the highest quality standards in our manufacturing processes.

Additionally, I am excited to update you on the progress of our company's **Unit-3**, which is currently under construction. Despite facing numerous challenges during construction, we expect it to be completed by **December 2024**. Once operational, **Unit-3** will substantially enhance our capacity, driving significant increases in our revenue and overall growth.

Looking ahead, I see tremendous opportunities for sustained growth in our product range. We are continually exploring new avenues to expand our market presence and enhance our **profitability**. All indicators point towards a **promising** future, and we are strategically positioned to capture these **opportunities** and further improve our margins.

In conclusion, I am extremely optimistic about our **future**. With our strong foundation, strategic initiatives, and dedicated team, we are well-positioned to achieve continued **success** and deliver sustained value to our shareholders.

Thank you for your continued trust and support.

Warm regards,
Mr. Amar Doshi

Management Discussion and Analysis Report

Pursuant to Schedule V to the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, a Management Discussion and Analysis Report covering business performance and outlook (within limits set by Company's competitive position) are given below:

A. Industry Structure and Developments:

Global Economic Overview

According to IMF World Economic Outlook (Apr-2024), Economic activity was surprisingly resilient through the global disinflation of 2022-23. As global inflation descended from its mid-2022 peak, economic activity grew steadily, defying warnings of stagflation and global recession. Growth in employment and incomes held steady, reflecting supportive demand developments including greater than expected government spending and household consumption and a supply-side expansion amid, notably, an unanticipated boost to labour force participation. The unexpected economic resilience, despite significant central bank interest rate hikes aimed at restoring price stability, also reflects the ability of households in major advanced economies to draw on substantial savings accumulated during the pandemic.

The pace of expansion is low by historical standards, owing to both near-term factors, such as still-high borrowing costs and withdrawal of fiscal support, and longer-term effects from the COVID-19 pandemic and Russia's invasion of Ukraine, weak growth in productivity and increasing geo-economics fragmentation. Global headline inflation is expected to fall from an annual average of 6.8 percent in 2023 to 5.9 percent in 2024 and 4.5 percent in 2025, with advanced economies returning to their inflation targets sooner than emerging markets and developing economies. The latest forecast for global growth five years from now at 3.1 percent is at its lowest in decades.

Risks to the global outlook are now broadly balanced. On the downside, new price spikes stemming from geopolitical tensions, including those from the war in Ukraine and the conflict in Gaza and Israel, could, along with persistent core inflation where labour markets are still tight, raise interest rate expectations and reduce asset prices. A divergence in disinflation speeds among major economies could also cause currency movements that put financial sectors under pressure.

Monetary policy remains focused on aligning inflation with the target to pave the path for sustained growth in the medium-term.

Indian Economic Review

According to RBI, Domestic economic activity continues to expand at an accelerated pace, supported by fixed investment and an improving global environment. The second advance estimates (SAE) placed real GDP growth at 7.6 per cent for 2023-24, the third successive year of 7 per cent or higher growth.

From the supply side, industrial activity led by manufacturing continued its momentum. The purchasing managers' index (PMI) for manufacturing displayed a sustained expansion in February-March, touching a 16-year high in March. The services sector exhibited broad based buoyancy with all sectors registering strong growth. The PMI services remained above 60 during February-March, suggesting sustained healthy expansion.

Eleavtor Market

The Company is engaged in the business of manufacturing Elevator and Elevator parts. India is the second-largest market for elevators and escalators in the world according to independent analysts. The global elevators market is valued at US\$ 95 billion in 2023 and is expected to reach US\$ 270 billion in 2033 end. The market is forecasted to increase at a high value CAGR of 11% from 2023-2033.

Elevators are usually placed in multi-storey buildings to aid with accessibility requirements for wheelchairs and travel assistance. In the construction sector, elevators are primarily used to move people from one floor to another floor and to transport products.

The market is being primarily driven by expanding infrastructure, rising economic circumstances, and growing population. The market for smart elevators is growing as a result of technological advancements. Another reason for the rising need for smart elevators is rapid urbanization.

Elevators are predicted to become more popular as a result of increased construction investments worldwide due to economic and industrial development and an expanding population. Global demand for elevators in commercial buildings is expected to rise as a result of an increase in large-scale infrastructure investment projects, such as hotels and hospitals.

It is anticipated that the increased demand for single-family residences and the expanding purchasing power of consumers would encourage the use of elevators in residential building development. Elevator manufacturers are producing energy-efficient elevators for high-rise buildings and adding smart controls, hardware, and other low-energy technologies.

Modern elevators can be used in a variety of settings, such as ships, dams, and specialized buildings such as rocket launchers. They can also be used to move both people and products.

Some benefits of hydraulic elevators include low civil engineering requirements, great security, and exceptional shaft usage. Government initiatives for infrastructure projects, including dams, bridges, roads, schools, airports, and many more, are expected to boost market growth in emerging economies.

Rapid urbanization and the resulting proliferation of multi-storey buildings will continue to intensify the demand for elevators. Growing investments in building and construction projects are likely to boost the sales of elevators. A focus on upgrading the infrastructure of industrial, commercial, and residential spaces is likely to fuel market expansion. Escalating demand for elevators from industrial units for seamless transportation of heavy loads to various floors is expected to boost market revenue over the coming years.

An increasing number of high-rise buildings is driving demand for passenger elevators across different end-user segments including residential, commercial, industrial, and government institutions. Cities like Ahmedabad, Mumbai, Delhi, Bangalore, Chennai, Kolkata, Hyderabad, Pune, Nasik, Patna, Surat, Vadodara, Noida, and Gurgaon are the major demand generators for elevators and escalators in the Country.

Steel Polishing and Finishing Market

One of the primary forces behind industrialization has been the use of metals. Steel has traditionally occupied a top spot among metals. Steel production and consumption are frequently seen as measures of a country's economic development because it is both a raw material and an intermediary product. Therefore, it would not be an exaggeration to argue that the steel sector has always been at the forefront of industrial progress and that it is the foundation of any economy. The Indian steel industry is classified into three categories - major producers, main producers and secondary producers.

India is the world's second-largest producer of crude steel with an output of 143.6 MT of crude steel and finished steel production of 138.5 MT in FY24. The growth in the Indian steel sector has been driven by the domestic availability of raw materials such as iron ore and cost-effective labour. Consequently, the steel sector has been a major contributor to India's manufacturing output.

The Indian steel industry is modern, with state-of-the-art steel mills. It has always strives for continuous modernization of older plants and up-gradation to higher energy efficiency levels.

In FY23, exports and imports of finished steel stood at 6.7 MT and 6.02 MT, respectively. In FY22, India exported 11.14 MT of finished steel. In April 2024 exports of finished steel stood at 5.1 lakh metric tonnes (LMT), while imports stood at 5.9 LMT. In FY24, the exports and imports of finished steel stood at 7.49 MT and 8.32 MT, respectively.

The annual production of steel is anticipated to exceed 300 million tonnes by 2030–2031. By 2030–31, crude steel production is projected to reach 255 million tonnes at 85% capacity utilization achieving 230 million tonnes of finished steel production, assuming a 10% yield loss or a 90% conversion ratio for the conversion of raw steel to finished steel. With net exports of 24 million tonnes, consumption is expected to reach 206 million tonnes by the years 2030–2031. As a result, it is anticipated that per-person steel consumption will grow to 160 kg. (Source: IBEF)

B. Opportunity

- Rapid urbanization in developing countries is leading to the construction of high-rise buildings, increasing the demand for elevators.
- Government initiatives focused on smart cities and infrastructural development also boost the market.
- An increasing elderly population in many countries necessitates the installation of elevators in residential buildings and public spaces to improve accessibility.
- Upgrading existing buildings to comply with new safety regulations and enhance energy efficiency drives the demand for modern elevators.
- Expansion of the commercial real estate sector, including shopping malls, hotels, and office spaces, increases the need for reliable and high-capacity elevators.
- Growing demand for luxury residential buildings and premium commercial spaces drives the market for high-end, customized elevator solutions.
- Increasing concept of Elevator in Bungalow.
- Growing value of aesthetics in elevators.

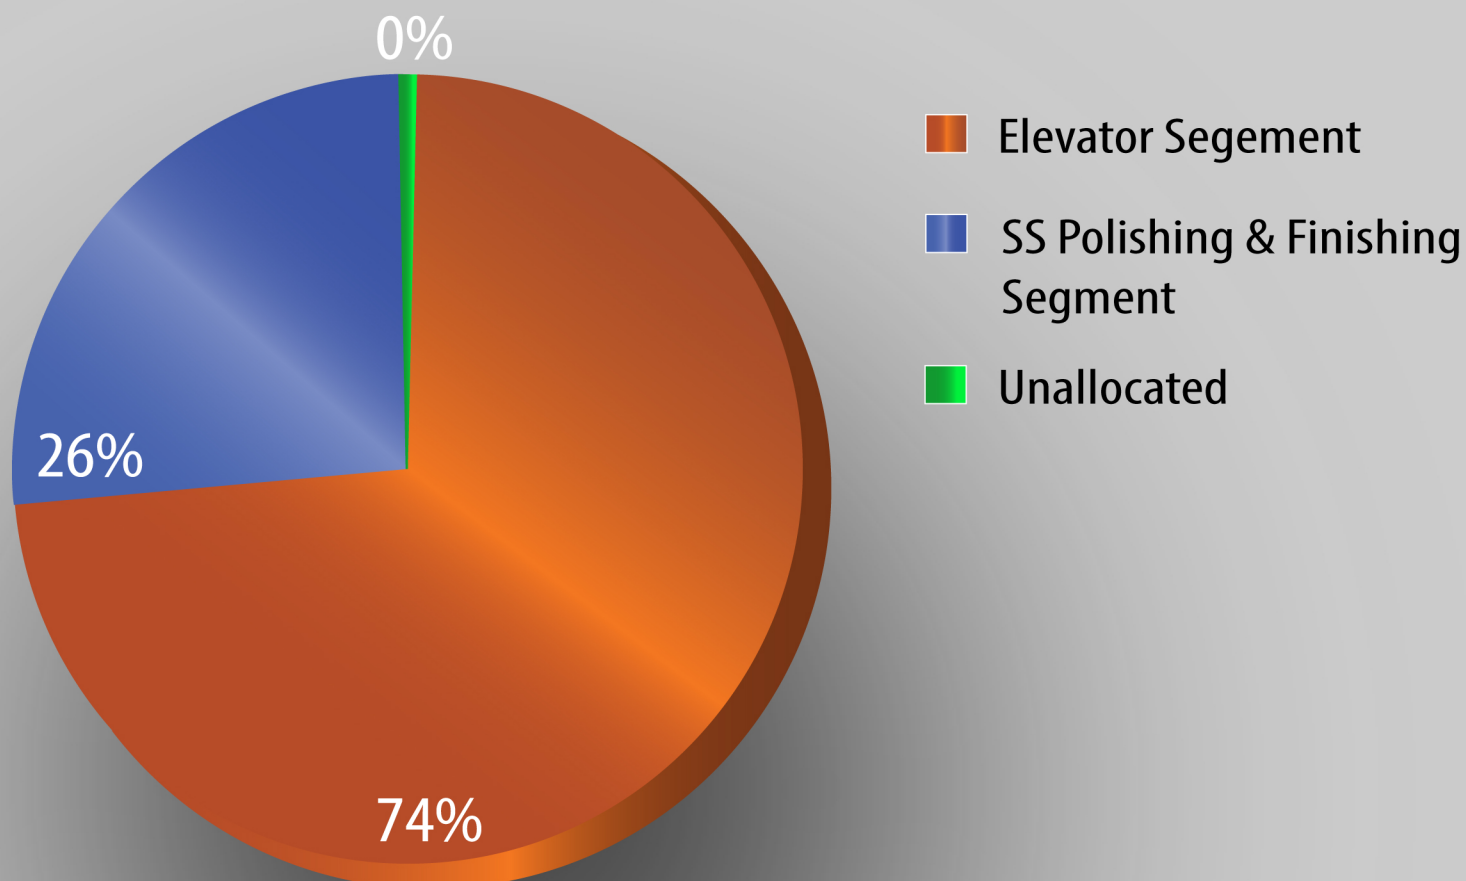

C. Segment-Wise or Products-Wise Performance:

(₹ in Lakhs)

Segment	FY 2023-24	FY 2022-23
Elevator Division	5332.21	4107.88
Steel Polishing Division	989.88	4107.88
Unallocated	0.58	29.85
Total	6322.67	5584.97

Sales FY 2023-24

D. Outlook:

The Company is confident that it can utilize future opportunities and face future challenges with agility in order to meet the shareholders' expectations of sustainable growth and profitability. The key focus areas are:

- Debt reduction and thereby savings in interest cost
- Increasing the Value Addition per product
- To Sustain the EBITDA levels

Your Company focuses on quality products and expects to get more orders in the coming years. Adoption of global trends in the Elevator business which includes energy-efficient, safe, and reliable equipment manufacturing, and improved designs will help us to gain more in the coming years.

E. Risks, Concern and Threats:

The Company is exposed to a number of risks such as Economic Risk, Supply Demand Risk, Competition Risk, Input Risk, Regulatory Risk, Taxation, and Environmental Risks. Further, the following can be some of the risks and concerns the Company needs to be kept in mind:

- Rapid advancements in technology necessitate continuous investment in modernizing systems to stay competitive and meet new standards.
- Non-compliance with safety regulations can result in significant financial penalties, legal disputes, and damage to the company's reputation.
- Economic recessions reduce construction activity, directly impacting the demand for new elevator installations and modernization projects.
- Intense competition forces manufacturers to innovate and cut costs, squeezing profit margins and challenging market share retention.
- A shortage of qualified technicians and engineers can hinder the industry's ability to maintain high service standards and drive technological advancements.
- Complex and costly integration of new technologies with existing infrastructure
- The main challenges facing the steel industry today are overcapacity, high raw material/energy costs, and price volatility.

- The constantly fluctuating price of raw materials and weak steel prices have put significant pressure on steel margins.
- Delayed real estate projects have impacted the Elevator Industry.

Some of the risks that may arise in the normal course of its business and impact its ability for future developments include inter-alia, Credit Risk, Liquidity Risk, Counterparty Risk, Regulatory Risk, Commodity Inflation Risk, Currency Fluctuation Risk, and Market Risk.

F. Internal Control System and their Adequacy:

The Company maintains adequate and effective internal control systems commensurate with its size and complexity. It also ensures that they are recorded in all material respects to permit the preparation of financial statements in conformity with established accounting principles, along with the assets of the Company being adequately safeguarded against significant misuse or loss.

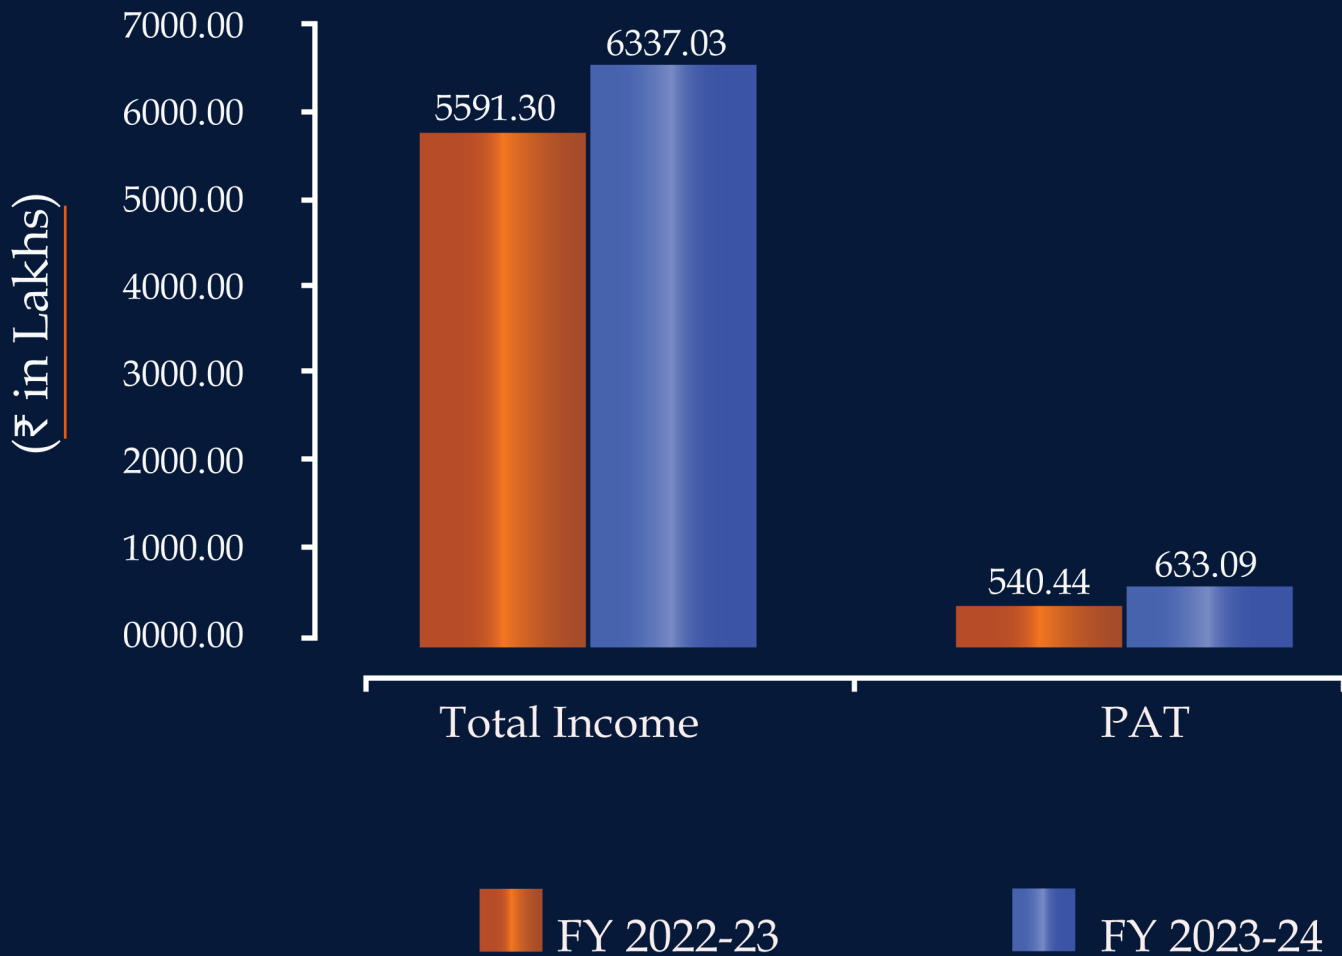

In the opinion of the Management, the Company has adequate internal audit and control systems to ensure that all transactions are authorized, recorded, and reported correctly. An independent internal audit function is an important element of the Company's internal control systems. This is supplemented through an extensive internal audit programme and periodic review by the management and the Audit Committee. The internal control systems comprise extensive internal and statutory audits. The Corporate Governance practices instituted by the Company are discussed in detail in the chapter on Corporate Governance which forms part of the Annual Report.

G. Discussion on Financial Performance with respect to Operational Performance:

The Total Income for the current year is ₹6337.03 Lakhs as compared to ₹5591.30 Lakhs in the previous year. It grew by 13.34% for the Financial Year 2023-24. The Profit before Tax for the year under review is ₹849.92 Lakhs as against ₹743.46 Lakhs of the previous year. The Company has made a Net Profit after Tax of ₹633.09 Lakhs in the current year as against ₹540.44 Lakhs in the previous year.

The EBITDA margin of the Company increased to 17.82% against the previous year of 17.19%

Financial Performance

H. Material developments in Human Resources / Industrial Relations front, including the number of people employed:

Human resource development remains a paramount focus for Aaron Industries Limited, as it is crucial for converting our strategic intentions into tangible realities. Our emphasis this year was on reskilling and upskilling our workforce, enabling our teams to adeptly navigate change and remain compliant with evolving industry processes and standards. Comprehensive training programs and development initiatives were implemented to ensure that our employees are equipped with the latest skills and knowledge required to excel in their roles.

We believe that a well-trained and adaptable workforce is vital for sustaining competitive advantage and driving innovation. Therefore, we invested in various learning and development platforms, workshops, and certification programs aimed at enhancing both technical competencies and soft skills. This approach not only improved individual performance but also contributed to overall organizational efficiency and effectiveness.

Moreover, we are proud to report that industrial relations with our employees remained exceptionally cordial throughout the year. We maintained open lines of communication, fostering a collaborative and inclusive work environment that promotes mutual respect and understanding. Regular engagement sessions, feedback mechanisms, and employee welfare programs were instrumental in ensuring a positive work culture and high employee morale.

As of March 31, 2024, Aaron Industries Limited employed a total of 159 permanent employees and workmen. This workforce, dedicated and well-trained, forms the backbone of our operations, and we are committed to their continued growth and development. Our focus on human resource development will persist as we strive to build a resilient, skilled, and motivated team capable of driving the company forward in an ever-evolving business landscape.

"RESOLVED THAT pursuant to the provisions of Section 62(1)(b) of the Companies Act, 2013 (**"the Act"**) and the Companies (Share Capital and Debentures) Rules, 2014 (the **"Companies SCD Rules"**) and other applicable provisions, if any, of the Act, including any statutory modification(s) or re-enactment of the Act for the time being in force and in accordance with the provisions of the Memorandum of Association and Articles of Association of the Company and the provisions of the Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 including any modifications thereof or supplements thereto (**"the SEBI SBEB and Sweat Equity Regulations"**), SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (**"the SEBI LODR Regulations"**), the Listing Agreement entered into with the Stock Exchange where the securities of the Company are listed and any other applicable laws for the time being in force and subject to

such other consents, permissions, sanctions and approvals which may be agreed by the Board of Directors of the Company (hereinafter referred to as "the **Board**" which term shall be deemed to include the Compensation/Nomination and Remuneration Committee), consent of the shareholders be and is hereby accorded to introduce and implement the '**Aaron Industries Limited - Employee Stock Option Plan 2024**' ("**Aaron ESOP 2024**"), the salient features of which are detailed in the explanatory statement to this notice and to create, grant, offer, issue and allot at any time in one or more tranches to or for the benefit of eligible Employees and Directors and such other persons as may from time to time be allowed to be eligible for the benefit under the provisions of applicable laws and Regulations prevailing from time to time (hereinafter collectively referred to as "**Employee(s)**") selected on the basis of criteria decided by Board under the Aaron ESOP 2024, such number of stock options convertible into Equity Shares of the Company ("**Options**"), in one or more tranches, not exceeding 1,05,000 (One Lakh Five Thousand) equity shares of face value of ₹10/- each (Rupees Ten), at such price and on such terms and conditions as may be fixed or determined by the Board in accordance with the provision of the Aaron ESOP 2024 and all provisions of applicable laws.

RESOLVED FURTHER THAT the Aaron ESOP 2024 may also envisage provisions for providing financial assistance to the eligible Employees to enable them to acquire, purchase or subscribe to the said securities of the Company in accordance with the provisions of the Act/ SEBI (SBEB and Sweat Equity) Regulations.

RESOLVED FURTHER THAT the Board be and is hereby authorized to issue and allot equity shares directly to the eligible Employees upon exercise of Options from time to time in accordance with the Aaron ESOP 2024 and such equity shares shall rank pari-passu in all respects with the then existing equity shares of the Company.

RESOLVED FURTHER THAT in case of any corporate action(s) such as rights issues, bonus issues, merger, buy-back, scheme of arrangement and sale of division or other re-organisation of capital structure of the Company, as applicable from time to time, if any additional equity shares are issued by the Company for the purpose of making a fair and reasonable adjustment to the Options granted earlier, the above ceiling shall be deemed to be increased to the extent of such additional equity shares issued.

RESOLVED FURTHER THAT in case the equity shares of the Company are either sub-divided or consolidated, then the number of equity shares to be issued and allotted on exercise of Options granted under the Aaron ESOP 2024 and the exercise price of Options granted under the Aaron ESOP 2024 shall automatically stand augmented or reduced, as the case may be, in the same proportion as the present face value of ₹10/- (Rupees Ten) per equity share bears to their revised face value of the equity shares of the Company after such sub-division or consolidation, without affecting any other rights or obligations of the Employees who have been granted Options under the Aaron ESOP 2024.

RESOLVED FURTHER THAT the Company shall conform to the accounting policies prescribed from time to time under the Companies Act, SEBI (SBEB and Sweat Equity) Regulations and any other applicable laws and regulations to the extent relevant and applicable to the Scheme.

RESOLVED FURTHER THAT without prejudice to the generality of the above the Board, which includes the Compensation/ Nomination and Remuneration Committee is authorised to formulate, evolve, decide upon and implement the Aaron ESOP 2024, determine the detailed terms and conditions of the aforementioned Aaron ESOP 2024 including but not limited to the quantum of the Options to be granted per Employee, the number of Options to be granted in each tranche, the terms or combination of terms subject to which the said Options are to be granted, the exercise period, the vesting period, the vesting conditions, instances where such Options shall lapse and to grant such number of Options, to such Employees of the Company, at price, at such time and on such terms and conditions as set out in the Aaron ESOP 2024 and as the Board or the Compensation/ Nomination and Remuneration Committee may in its absolute discretion think fit.

RESOLVED FURTHER THAT the Nomination and Remuneration Committee be designated as the Compensation Committee in accordance with Regulation 5(1) of the SEBI (SBEB and Sweat Equity) Regulations as and when applicable to the Company for the purposes of administration of Aaron ESOP 2024.

RESOLVED FURTHER THAT the Board is hereby authorised to make any modifications, changes, variations, alterations or revisions in the Aaron ESOP 2024 as it may deem fit, from time to time or to suspend, withdraw or revive the Aaron ESOP 2024 from time to time, in conformity with applicable laws, provided such variations, modifications, alterations or revisions are not detrimental to the interests of the Employees.

RESOLVED FURTHER THAT the Board shall take necessary steps for listing of the Equity Shares allotted under the Aaron ESOP 2024 on the Stock Exchanges, in accordance with the provisions of the SEBI (SBEB and Sweat Equity) Regulations, the SEBI LODR Regulations (as amended from time to time) and other applicable laws and regulations.

RESOLVED FURTHER THAT for the purpose of giving effect to this Resolution, the Board be and is hereby authorized to do all such acts, deeds, matters and things as it may, in its absolute discretion, deem necessary, expedient or proper and to settle all questions, difficulties or doubts that may arise in relation to formulation and implementation of the Aaron ESOP 2024 at any stage including at the time of listing of the equity shares issued herein without requiring the Board to secure any further consent or approval of the members of the Company to the end and intent that they shall be deemed to have given their approval thereto expressly by the authority of this Resolution.

RESOLVED FURTHER THAT the Board be and is hereby authorized to delegate all or any powers conferred herein to Compensation /Nomination and Remuneration Committee or such other Committees as constituted from time to time, with power to sub-delegate to any executives/officers of the Company to do all such acts, deeds, matters and things as also to execute such documents, writings etc., as may be necessary in this regard."

7. To extend approval of 'Aaron Industries Limited - Employee Stock Option Plan 2024' to the employees of Holding Company, its Subsidiary Company(ies) and/ or Associate Company(ies), Group Company(ies) [present and future]:

Notes: -

1. An Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 ('Act'), as amended, setting out material facts concerning the business under Items No.4 & 7 forms part of this Notice. Additional information, pursuant to Regulations 36(3) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI Listing Regulations') and Secretarial Standard 2 on General Meetings issued by The Institute of Company Secretaries of India, in respect of Directors seeking re-appointment at this Annual General Meeting ('Meeting' or 'AGM'), is furnished as an annexure to this Notice.
2. In view of the global outbreak Covid-19 pandemic, the Ministry of Corporate Affairs ("MCA"), vide its General Circular No.14/2020 dated April 08, 2020, General Circular No.17/2020 dated April 13, 2020, General Circular No.20/2020 dated May 05, 2020, General Circular No.10/2022 dated December 28, 2022, and subsequent circular issued in this regard, the latest being General Circular No.09/2023 dated September 25, 2023 (collectively referred to as "MCA Circulars"), has permitted the holding of Annual General Meeting ("AGM") through Video Conferencing ("VC") / Other Audio Visual Means ("OAVM"), without the physical presence of the Members at a common venue upto September 30, 2024. In compliance with the provisions of the Companies Act, 2013 ("Act"), SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("the Listing Regulations") read with circulars issued by MCA and SEBI, the 11th AGM of the Company is being held through VC / OAVM.
3. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 (as amended), and MCA Circulars, the Company is providing the facility of remote e-Voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has registered with Bigshare Services Private Limited ("**Bigshare**") to facilitate voting through electronic means, as the authorized e-Voting agency. The facility of casting votes by a Member using remote e-Voting as well as the e-Voting system on the date of the AGM will be provided by Bigshare Services Private Limited.
4. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to at least 1000 Members on a first-come-first-served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee, and Stakeholders Relationship Committee, Auditors, etc. who are allowed to attend the AGM without restriction on account of first-come-first-served basis.
5. The attendance of the Members attending the AGM through VC/OVAM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
6. Since the AGM is being held through VC / OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of Proxies by the Members will not be available for the AGM and hence the Proxy Form and Attendance

Slip including Route Map are not annexed to this Notice. However, the Body Corporates are entitled to appoint authorized representatives to attend the AGM through VC/OAVM, participate thereat, and cast their votes on e-Voting.

7. Pursuant to Section 113 of the Companies Act, 2013, Institutional / Corporate shareholders (i.e., any Body Corporate) are required to send a scanned copy (in PDF/JPG format) of certified true copy of the Board Resolution authorising its representative to vote through remote e-Voting/e-Voting during the AGM and attend the AGM through VC / OAVM. The said certified true copy of the Board Resolution should be sent to the Scrutinizer by email through its registered email address to contact@drdcs.net with a copy marked to info1@aaronindustries.net.
8. In line with the Ministry of Corporate Affairs (MCA) Circulars, the Notice calling the AGM has been uploaded on the website of the Company at www.aaronindustries.net. The Notice can also be accessed from the website of the Stock Exchange i.e., National Stock Exchange of India Limited at www.nseindia.com. The AGM Notice is also disseminated on the website of Bigshare (agency for providing the Remote e-Voting facility and e-Voting system during the AGM) i.e., <https://ivote.bigshareonline.com>.
9. In line with MCA Circulars, the Notice of the AGM along with the Annual Report 2023-24 is being sent by electronic mode to those Members whose email addresses are registered with the Company/Depository Participants ('DP').
10. Members desirous of receiving communication from the Company in electronic form may register their email addresses with their respective Depository Participants. Further, Members are also requested to approach their Depository Participant to register their e-mail address in their Demat account details as per the process defined by the respective Depository Participant. In case any Member is desirous of obtaining a hard copy of the Annual Report for the Financial Year 2023-24 and Notice of the 11th AGM of the Company, may send the request to the Company's email address at info1@aaronindustries.net mentioning DP ID and Client ID.
11. The SEBI has mandated the submission of a Permanent Account Number (PAN) by every participant in the securities market. Therefore, Members holding shares in Demat form are requested to submit the PAN to their respective Depository Participant(s).
12. The Register of Directors and Key Managerial Personnel and their shareholding maintained under Section 170 of the Act, the Register of Contracts or arrangements on which the Directors are interested under Section 189 of the Companies Act, 2013 will be available electronically for inspection during the AGM. For inspection, the Shareholders may contact the Company Secretary at info1@aaronindustries.net at least 5 days before the date of the AGM.
13. The Board of Directors has recommended a Final Dividend of ₹1/- (10%) per Equity Share of ₹10/- each for the Financial Year ended March 31, 2024, subject to the approval of the Members at the 11th AGM and the Dividend, if declared, will be paid within 30 days from the date of approval by the Members at the 11th AGM. The Record Date for determining the eligibility of the Equity Shareholders to the Final Dividend for the Financial Year ended March 31, 2024, is fixed as **Tuesday, September 17, 2024**.

19. Members seeking any information/document as referred in the Notice are requested to write to the Company on or before Tuesday, September 24, 2024, through email at info1@aaronindustries.net. The same will be addressed by the Company suitably.
20. The Board of Directors of the Company has appointed M/s. Dhirren R. Dave & Co., Practicing Company Secretaries as the Scrutinizer to scrutinize the remote e-Voting process and voting through the electronic voting system at the AGM in a fair and transparent manner.
21. The Scrutinizer will, after the conclusion of e-Voting at the Meeting, scrutinize the votes cast at the Meeting and votes cast through remote e-Voting, make a consolidated Scrutiniser's Report and submit the same to the Chairman or a person authorised by him in writing, who shall countersign the same and declare results (consolidated) within two working days from the conclusion of the AGM.
22. The result declared along with the Scrutinizers Report will be placed on the Company's website www.aaronindustries.net and the website of Bigshare e-Voting <https://ivote.bigshareonline.com> immediately after the declaration of the result and the same will also be communicated to the National Stock Exchange of India Limited.
23. Instructions for e-Voting and joining the AGM are as follows:

THE INSTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING ARE AS UNDER:

- i. The voting period begins on Saturday, September 21, 2024, at 9:00 AM and ends on Monday, September 23, 2024, at 5:00 PM. During this period, shareholders of the Company, holding shares either in physical form or in dematerialized form, as of the cut-off date (record date) Tuesday, September 17, 2024, may cast their vote electronically. The e-Voting module shall be disabled by Bigshare for voting thereafter.
- ii. Shareholders who have already voted prior to the Meeting date would not be entitled to vote at the Meeting venue.
- iii. Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 09, 2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-Voting service providers (ESPs) providing e-Voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-Voting to **all the Demat account holders, by way of a single login credential, through their Demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing the ease and convenience of participating in e-Voting process.

- iv. In terms of SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 09, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in Demat mode are allowed to vote through their Demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their Demat accounts in order to access e-Voting facility.

1. Pursuant to above said SEBI Circular, Login method for e-Voting and joining virtual meetings for Individual shareholders holding securities in Demat mode is given below:

Type of shareholders	Login Method

Stock Options represent a reward system based on performance. They help companies to attract, retain and motivate the best available talent. Options also provide a company with an opportunity to optimize its personnel costs. This also provides an opportunity to the employees to participate in the growth of the company, besides creating long-term wealth in their hands.

Further, as the business environment is becoming increasingly competitive, it is important to attract and retain qualified, talented and competent personnel in the company. Your Company believes in rewarding its Employees including Employees of Holding Company, its Subsidiary Company(ies) and/ or Associate Company(ies), Group Company(ies) [present and future] for their continuous hard work, dedication and support, which has led and will lead the Company on the growth path.

Keeping in line with the above, '**Aaron Industries Limited - Employee Stock Option Plan 2024**' ("**Aaron ESOP 2024**") has been formulated by the Company and to be implemented by Board/Compensation/ Nomination & Remuneration Committee in terms of provisions of Companies Act, 2013 and rules made thereunder, Regulation 19 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and in accordance with the requirements of SEBI (SBEB and Sweat Equity) Regulations issued by Securities and Exchange Board of India (SEBI) and other applicable laws. The Scheme has been approved by the Board of Directors at their meeting held on **August 24, 2024**, subject to the approval of the members.

The Aaron ESOP 2024 will be operated and administered under the superintendence of the Company's Board of Directors, Compensation / Nomination and Remuneration Committee of the Board of Directors, the majority of whose members are/will be Independent Directors as per the applicable Act/Regulations. The Board/Compensation / Nomination and Remuneration Committee will formulate the detailed terms and conditions of the Aaron ESOP 2024 including:

- a. the quantum of options, shares or benefits as the case may be, per employee and in aggregate under a scheme;
- b. the kind of benefits to be granted under this scheme;
- c. the conditions under which options, shares or other benefits as the case may be, may vest in employees and may lapse in case of termination of employment for misconduct;
- d. the schedule for Vesting of the Options granted to Employees;
- e. the price at which the Options are to be granted from time to time (which will be the Exercise Price for the options at a future date);

- f. the exercise period within which the employee can exercise the options and that options would lapse on failure to exercise the same within the exercise period;
 - g. the specified time period within which the employee shall exercise the vested options or in the event of termination or resignation;
 - h. the right of an employee to exercise all the options, as the case may be, vested in him at one time or at various points of time within the exercise period;
 - i. the procedure for making a fair and reasonable adjustment to the entitlement including adjustment to the number of options and to the exercise price in case of corporate actions such as rights issues, bonus issues, merger, sale of division and others. In this regard, the following shall, inter alia, be taken into consideration by the Board/committee:
 - i. the number and price of options shall be adjusted in a manner such that total value to the employee of the options remains the same after the corporate action;
 - ii. the vesting period and the life of the options shall be left unaltered as far as possible to protect the rights of the employee(s) who is granted such options;
 - j. the grant, vesting and exercise of shares, options or in case of employees who are on long leave;
 - k. eligibility to avail benefits under this scheme in case of employees who are on long leave;
 - l. the procedure for funding the exercise of options;
 - m. the procedure for buy-back of specified securities issued under relevant regulations, if to be undertaken at any time by the company, and the applicable terms and conditions, including:
 - i. permissible sources of financing for buy-back;
 - ii. any minimum financial thresholds to be maintained by the company as per its last financial statements; and
 - iii. limits upon quantum of specified securities that the company may buy-back in financial year.
- For the purpose of this Clause, specified securities means as defined under the Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018.
- n. Amend any terms and conditions of any Options granted under the Scheme to the extent it is not inconsistent with the terms of the Scheme and not prejudicial to the interest of the Option Grantee.
 - o. frame suitable policies and procedures to ensure that there is no violation of securities laws including the Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015 and the Securities and Exchange Board of India (Prohibition of Fraudulent and Unfair Trade Practices Relating to the Securities Market) Regulations, 2003, as amended from time to time, by the trust, the company and its employees, as may be applicable.

- p. Approve forms, writings and/or agreements for use in pursuance of the Aaron ESOP 2024.
- q. Any other related or incidental matters.

Major details of the Aaron ESOP 2024 are as given below: -

a) Brief Description of the Aaron ESOP 2024 scheme is given as under:

'Aaron Industries Limited - Employee Stock Option Plan 2024' ("Aaron ESOP 2024") has been formulated by the Company and to be implemented by its Board of Directors/Compensation /Nomination & Remuneration Committee in terms of provisions of Companies Act, 2013 and rules made thereunder, Regulation 19 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 issued by Securities and Exchange Board of India (the "SEBI") and other applicable laws. The Aaron ESOP 2024 has been approved by the Board of Directors at their meeting held on August 24, 2024, subject to the approval of the members.

b) The total number of options to be granted:

The total number of Options that may, in the aggregate, be issued would be such number of Options which shall entitle the Option holders to acquire in one or more tranches up to 1,05,000 (One Lakh Five Thousand) equity shares of ₹10/- (Rupees Ten) each (or such other adjusted figure for any bonus, stock splits or consolidations or other re-organization of the capital structure of the Company as may be applicable from time to time).

In case of any corporate action(s) such as rights issues, bonus issues, buy-back, scheme of arrangement, merger and sale or division, and others, a fair and reasonable adjustment needs to be made to the Options granted. Accordingly, if any additional equity shares are issued by the Company to the Option grantees for making such fair and reasonable adjustment, the above ceiling shares shall be deemed to be increased to the extent of such additional equity shares issued.

INDEPENDENT AUDITOR'S REPORT

To the Members of Aaron Industries Limited

Report on the audit of the Standalone Ind AS financial statements

Opinion:

We have audited the accompanying standalone Ind AS financial statements of Aaron Industries Limited ("the Company"), which comprise the Balance sheet as at March 31, 2024, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the standalone Ind AS financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("**Ind AS**") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its profit including other comprehensive income its cash flows and the changes in equity for the year ended on that date.

Basis for opinion:

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Key Audit Matters:

Key audit matters ("**KAM**") are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Description of Key Audit Matters:

The key audit matters	How the matter was addressed in our audit
<p>The company has a closing inventory of ₹1639.72 Lakhs as at March 31, 2024, the inventory constitutes approximately 21.96% (Last Year 37.37%) of the total assets of the Company.</p> <p>We also notice decrease in considerable increase in inventory at the year end.</p> <p>The Company is required to regularly establish amount of closing inventory on the basis of physical verification at the year end as well as carry out valuation as per Ind As 2.</p> <p>The company carries a large number of items of inventory both raw material and finished goods with different characteristics. The inventory is kept at two locations where manufacturing activities are carried out.</p> <p>This is a key audit matter as amount of inventory constitute a material item as compared to total assets of the company. Significant judgements and assumptions are involved in carrying out physical verification of inventory and in valuation of some of the items.</p> <p>The details of inventory is further disclosed in note 9 and 9.1 to the standalone financial statements.</p>	<ul style="list-style-type: none"> • Evaluated the Company's accounting policies pertaining to the valuation of Inventory, including obsolete inventory. • Assessed and tested the design and operating effectiveness of the Company's internal financial controls over Physical Verification of Inventory and movement of inventory between the two locations of the company. • Evaluated management's assessment of recoverability of the value of inventory and conditions of inventory through inquiry with management • Assessed and reviewed the disclosures made by the Company in the standalone financial statements relating to inventory

Other Information:

The Company's Board of Directors are responsible for the other information. The other information comprises the financial highlights, Management discussion and analysis report, Company information, Notice of AGM and Directors' Report including corporate governance report but does not include the standalone Ind AS financial statements and our auditor's report thereon. The financial highlights, Management discussion and analysis report, Company information, Notice of AGM and Directors' Report including corporate governance report is expected to be made available to us after that date of this auditor's report.

Our opinion on the standalone Ind AS financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

Responsibilities of Management for the Standalone Ind AS Financial Statements

The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended by the Companies (Indian Accounting Standards) Second Amendment Rules, 2019. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements:

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has an adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, make it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements for the financial year ended March 31, 2024 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended by the Companies (Indian Accounting Standards) Second Amendment Rules, 2019;
 - (e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164 (2) of the Act;
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure A**". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i) The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS financial statements — Refer Note No 46 to the standalone Ind AS financial statements;
 - ii) The Company did not have any material foreseeable losses in long-term contracts including derivative contracts during the year ended March 31, 2024;

- iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
- iv)
 - a. The Management has represented that, to the best of its knowledge and belief, as disclosed in the notes to the accounts no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - b. The Management has represented, that, to the best of its knowledge and belief, as disclosed in the notes to accounts, no funds (which are material either individually or in the aggregate) have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - c. Based on the audit procedures that has been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under (a) & (b) above contain any material misstatement.
- v) As stated in Note 16.4 to the financial statements, the Board of Directors of the Company have proposed final dividend of ₹1/- per equity share for the year, which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with Section 123 of the Act, as applicable.
- vi) The reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 is applicable from April 01, 2023.

Based on our examination which included test checks, the company has used accounting software for maintaining its books of account, which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective software.

Further, for the periods where audit trail (edit log) facility was enabled and operated throughout the year for the respective accounting software, we did not come across any instance of the audit trail feature being tampered with.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "**Annexure B**" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Annexure - A to the Independent Auditors' Report

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Aaron Industries Limited of even date)

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Aaron Industries Limited ("the Company") as of March 31, 2024 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls:

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility:

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these standalone Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these standalone Ind AS financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these standalone Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these standalone Ind AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls over financial reporting with reference to these standalone Ind AS financial statements.

Meaning of Internal Financial Controls Over Financial Reporting with Reference to these Standalone Ind AS Financial Statements:

A company's internal financial control over financial reporting with reference to these standalone Ind AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these standalone Ind AS financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting with Reference to Standalone Ind AS Financial Statements:

Because of the inherent limitations of internal financial controls over financial reporting with reference to these standalone Ind AS financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to standalone Ind AS financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these standalone Ind AS financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion:

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference to these standalone Ind AS financial statements and such internal financial controls over financial reporting with reference to these standalone Ind AS financial statements were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

- (vi) According to the information and explanations given to us, the company is required to maintain the cost records as specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the same, and are of the opinion that the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the records with a view to determine whether they are accurate or complete.
- (vii) According to the information and explanations given to us, in respect of statutory dues
 - (a) The amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including Goods and Services Tax, provident fund, employees' state insurance, income-tax, sales tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues have been generally regularly deposited during the year by the Company with the appropriate authorities.

According to the information and explanations given to us, no undisputed amounts payable in respect of applicable statutory dues were in arrears as at March 31, 2024, for a period of more than six months from the date they became payable.
 - (b) There are no outstanding statutory dues in arrears for a period of more than six months as at March 31, 2024. Hence, reporting under sub-clause (b) of clause (vii) of the order is not applicable.
- (viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.
- (ix)
 - (a) In our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.
 - (b) The company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

- (c) In our opinion and according to the information and explanations given to us, the company has utilized the money obtained by way of term loans during the year for the purposes for which they were obtained.
 - (d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for the long term purposes by the Company.
 - (e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiary or joint venture.
 - (f) The Company has not raised loans during the year on the pledge of securities held in its subsidiary or joint venture.
- (x)
- (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause x(a) of the Order is not applicable.
 - (b) During the year the Company has made preferential allotment of shares. The requirements of section 42 of the Companies Act, 2013 have been complied with and the funds raised have been used for the purposes for which the funds were raised.
- (xi)
- (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
 - (b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
 - (c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year and up to the date of this report.
- (xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- (xiii) In our opinion, the Company is in compliance with Sections 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.
- (xiv)
- (a) In our opinion, the Company has an adequate internal audit system commensurate with the size and the nature of its business.
 - (b) We have considered, the internal audit reports issued to the Company during the year and covering the period up to March 31, 2024.

- (xv) In our opinion during the year, the Company has not entered into any non-cash transactions with any of its directors or directors of its holding company, subsidiary company, or persons connected with such directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- (xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a), (b), (c) & (d) of the Order is not applicable.
- (xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) In our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of Section 135 of the Companies Act, 2013 pursuant to any project. Accordingly, clauses (xx)(a) and (xx)(b) of the Order are not applicable.
- (xxi) This clause (xxi) of the order is not applicable.

Particulars	Fair value hierarchy	Valuation Technique	Inputs used
Financial assets measured at amortised cost			
Security Deposits	Level 2	Amortised Cost	Prevailing interest rates in the market, Future payouts
Loan to Employees			
Financial liabilities measured at amortised cost			
Borrowings (other than debt securities)	Level 2	Amortised Cost	Prevailing interest rates in the market, Future payouts

The fair value of borrowings which have a quoted market price in an active market is based on its market price and for other borrowings the fair value is estimated by discounting expected future cash flows, using a discount rate equivalent to the risk-free rate of return, adjusted for the credit spread considered by the lenders for instruments of similar maturity.

Management uses its best judgment in estimating the fair value of its financial instruments. However, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments, the fair value estimates presented above are not necessarily indicative of all the amounts that the Company could have realized or paid in sale transactions as of respective dates. As such, the fair value of the financial instruments subsequent to the respective reporting dates may be different from the amounts reported at each year end.

Offsetting:

Certain financial assets and financial liabilities are subject to offsetting where there is currently a legally enforceable right to set off recognized amounts and the Company intends to either settle on a net basis, or to realise the asset and settle the liability, simultaneously.

(c) Financial risk management:

The Company's principal financial liabilities comprise of loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include trade and other receivables, and cash and cash equivalents that derive directly from its operations.

The Company is exposed to market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Company does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

(A) Market risk:

Market risk is the risk that changes in market prices such as foreign exchange rates, interest rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters while optimising the return. The major components of market risk are foreign currency risk, interest rate risk and price risk.

(I) Foreign Currency Risk:

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise.

The carrying amount of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

	(₹ in Lakhs)	
Foreign Currency Exposure USD	As at March 31, 2024	As at March 31, 2023
Assets	27.17	72.98
Liabilities	3.11	160.83

	(₹ in Lakhs)	
Foreign Currency Exposure EURO	As at March 31, 2024	As at March 31, 2023

	(₹ in Lakhs)	
Foreign Currency Exposure-CNY	As at March 31, 2024	As at March 31, 2023
Assets	-	-
Liabilities	0.12	-

The Company has not entered into any forward contracts to hedge its foreign exposures and therefore, there are no outstanding forward contracts at the year-end (as at March 31, 2024 and as at March 31, 2023)

Foreign Currency Sensitivity:

The Company is principally exposed to foreign currency risk against USD and EURO Sensitivity of profit or loss arises mainly from USD/ EURO denominated receivables and payables.

As per management's assessment of reasonable possible changes in the exchange rate of +/- 5% between USD-INR currency pair, sensitivity of profit or loss only on outstanding foreign currency denominated monetary items at the period end is presented below:

(₹ in Lakhs)

(II) Interest rate risk:

Interest rate risk is measured by using the cash flow sensitivity for changes in variable interest rates. Any movement in the reference rates could have an impact on the Company's cash flows as well as costs.

The Company is subject to variable interest rates on some of its interest-bearing liabilities. The Company's interest rate exposure is mainly related to debt obligations. The Company also uses a mix of interest rate sensitive financial instruments to manage the liquidity and fund requirements for its day-to-day operations like short-term bank borrowing.

Interest Rate Risk Exposure		(₹ in Lakhs)	
Particulars	As at March 31, 2024	As at March 31, 2023	
Variable Rate Borrowing	3090.12	1100.33	
Fix Rate Borrowing	66.12	37.01	
Sensitivity Analysis		(₹ in Lakhs)	
Particulars	As at March 31, 2024	As at March 31, 2023	
Interest Rate - Increase by 70 Basis Points	(21.63)	(7.70)	
Interest Rate - Decrease by 70 Basis Points	21.63	7.70	

The model assumes that interest rate changes are instantaneous parallel shifts in the yield curve. Although some assets and liabilities may have similar maturities or periods to re-pricing, these may not react correspondingly to changes in market interest rates. Also, the interest rates on some types of assets and liabilities may fluctuate with changes in market interest rates, while interest rates on other types of assets may change with a lag.

The risk estimates provided assume a parallel shift of seventy basis points interest rate across all yield curves. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The period end balances are not necessarily representative of the average debt outstanding during the period.

This analysis assumes that all other variables, in particular foreign currency rates, remain constant.

(Note: The impact is indicated on the profit/(loss) before tax basis).

(III) Other Price risk:

Other Price Risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market traded price. Other price risk arises from financial instruments such as investments in equity instruments, mutual funds and bonds. The company has no such investments hence is not exposed to price risks from such investments.

The company is not exposed to price risk arising from investment in fixed deposits with banks.

(B) Credit Risk:

Credit Risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. The Company's exposure is continuously monitored.

Credit risks arising from other balances with banks is limited and there is no collateral held against these because the counter parties are recognised banks. Balances with banks were not past due or impaired as at the year end. In other financial assets that are not past dues and not impaired, there were no indication of default in repayment as at the year end.

Credit risk arising from trade receivables is managed in accordance with the company's established policy, procedures and control relating to customer credit risk management. The credit quality of customers is assessed based on the study of credit creditworthiness of customers. The concentration of credit risk is limited due to the fact that the customer base is large. The company has three customers representing more than 5% of the total balance of trade receivables. Aggregate outstanding from three parties constitute 40.33% of the total outstanding. To that extent, the company has a concentration of credit risk. The Company applies the simplified approach to providing for expected credit losses prescribed by Ind AS 109, which permits the use of the lifetime expected loss provision for all trade receivables. The Company has computed expected credit losses based on a provision matrix which uses the historical credit loss experience of the Company.

The loss allowance for trade receivables using expected credit losses for different ageing periods are as follows:

Balance as at the end of the year	33.74	40.28

(C) Liquidity risk:

The Company manages liquidity risk by maintaining sufficient cash and cash equivalents and availability of funding through an adequate amount of committed credit facilities to meet the obligations when due. Management monitors rolling forecasts of liquidity position and cash and cash equivalents on the basis of expected cash flows. In addition, liquidity management also involves projecting cash flows considering level of liquid assets necessary to meet obligations by matching the maturity profiles of financial assets & liabilities and monitoring balance sheet liquidity ratios.

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The information included in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows. The contractual maturity is based on the earliest date on which the Company may be required to pay.

36.2 Defined Benefits Plan:**Gratuity:**

15 days salary for each completed year of service. The vesting period is 5 years and the payment is at actual on superannuation, resignation, termination, disablement or on death. The liability for gratuity as above is recognised on the basis of actuarial valuation.

The Company makes a contribution to the Life Insurance Corporation (LIC) for gratuity benefits according to the Payment of Gratuity Act, 1972.

The Company recognizes the liability towards the gratuity at each Balance Sheet date.

The most recent actuarial valuation of the defined benefit obligation for gratuity was carried out at March 31, 2024, by an actuary. The present value of the defined benefit obligations and the related current service cost and past service cost were measured using the Projected Unit Credit Method, which recognises each period of service as giving rise to an additional unit of benefit entitlement and measures each unit separately to build up the final obligation. The scheme is funded through LIC.

These plans typically expose the Company to risks such as Actuarial risk, Investment risk, Liquidity risk, Market risk and Legislative risk.

Actuarial risk	<p>It is the risk that benefits will cost more than expected. This can arise due to one of the following reasons:</p> <p>Adverse Salary Growth Experience: Salary hikes that are higher than the assumed salary escalation will result into an increase in obligation at a rate that is higher than expected.</p> <p>Variability in mortality rates: If actual mortality rates are higher than the assumed mortality rate assumption then the Gratuity Benefits will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cash flow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate.</p> <p>Variability in withdrawal rates: If actual withdrawal rates are higher than the assumed withdrawal rate assumption then the Gratuity Benefits will be paid earlier than expected. The impact of this will depend on whether the benefits are vested as at the resignation date.</p>
Investment risk	<p>For funded plans they rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter valuation period.</p>
Liquidity risk	<p>Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign/retire from the company there can be strain on the cash flows.</p>
Market risk	<p>Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits & vice versa. This assumption depends on the yields on the corporate/government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.</p>
Legislative risk	<p>Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation/regulation. The government may amend the Payment of Gratuity Act thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the Defined Benefit Obligation and the same will have to be recognized immediately in the year when any such amendment is effective.</p>

No other post-retirement benefits are provided to these employees.

1. Corporate Information

AARON INDUSTRIES LIMITED is a Public Limited Company, domiciled and incorporated in India under the provisions of the Companies Act, 1956. The Registered office of the Company is situated at B 65-66, Jawahar Road No.4, Udhog Nagar, Udhna, 394210. Its share is listed on the National Stock Exchange (NSE).

The Company is mainly engaged in the business of Manufacturing of Elevators & Elevators Parts and Steel Polishing.

2. Statement of Compliance

These financial statements are the separate financial statements of the Company (also called as standalone financial statements) prepared in accordance with the Indian Accounting Standard ("Ind AS") notified under the Companies Act, 2013 ("the Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standard) Rule, 2016, as amended.

2.1 Summary of Significant Accounting Policies

a) Basis of preparation of Financial Statements:

The financial statements have been prepared and presented under the Historical Cost Convention, on the accrual basis of the accounting except for certain financial assets and financial liabilities including derivative instruments, if any, which are measured at fair value/amortized cost/net present value at the end of each reporting period; as explained in the accounting policies below.

Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between the market participants at the measurement date. These accounting policies have been applied consistently over all the period presented in these financial statements.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule III of the Companies Act, 2013.

For the purpose of the Current / Non-Current classification of assets and liabilities, the Company has ascertained its operating cycle as twelve months. This is based on the nature of services and the time between the acquisition of the assets or liabilities for processing and their realization in Cash and Cash Equivalents.

The Company's financial statements are prepared and presented in Indian Rupee, which is also the functional currency of the Company. All amounts have been rounded off to the nearest lakhs unless otherwise indicated.

b) Use of Estimates

The preparation of the financial statements is in conformity with the Ind AS which requires management to make certain judgments, estimates and assumptions that affect the application of the accounting policies and the reported amounts of the assets, liabilities, income and expenses (including contingent liabilities) and the accompanying disclosures. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

The key assumptions concerning the future and other key resources of estimation uncertainty at the reporting date, have a significant risk of causing a material adjustment to the carrying amount of the assets and liabilities within the next financial year are described as follows:

i. Income Tax: The Company's tax jurisdiction is in India. Significant judgments are involved in estimating budgeted profits for the purpose of paying advance tax, determining the income tax provisions, including the amount expected to be paid / recovered. (Refer Note No.33)

ii. Useful life of the Property, Plants and Equipment:

Property, Plant and Equipment represent a significant proportion of the asset base of the Company. The charge with respect to periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life.

The useful lives and residual values of Company's assets are determined by the management at the time the asset is acquired and reviewed periodically, including at each financial year end.

Useful lives of each of these assets is based on the life prescribed in Schedule II to the Companies Act, 2013 or based on the technical estimates, taking into account the nature of the assets, estimated usage, expected residual values and operating conditions of the assets.

The estimated useful life of Property, Plant and Equipment is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors (such as the stability of industry and known technological advances) and the level of maintenance expenditures required to obtain the expected future cash flows from the asset.

iii. Defined Benefits Obligations:

The costs of providing Gratuity and other post-employment benefits are charged to the Statement of Profit and Loss in accordance with Ind AS-19, "Employee Benefits" over the period during which benefit is derived from the employees' services. It is determined by using the Actuarial Valuation and assessed on the basis of assumptions selected by the management.

An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These assumptions include salary escalation rates, discount rates, expected rate of return on assets and mortality rates. The same is disclosed in Note No. 36, "Employee Benefits". Due to complexities involved in the valuation and its long-term in nature, a defined benefit obligation is highly sensitive to change in these assumptions. All assumptions are reviewed at each balance sheet date.

iv. Fair Value Measurements of Financial Instruments:

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques, including the discounted cash flow model, which involves various judgments and assumptions.

v. Allowance for impairment of trade receivables:

Judgments are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment. Moreover, trade receivables are written off on a case-to-case basis if deemed not to be collectable on the assessment of the underlying facts and circumstances.

vi. Provisions:

The timing of recognition and quantification of the liability requires estimates which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take the amount of changing the facts and circumstances.

vii. Impairment of Financial and Non-Financial Assets:

The impairment provision of financial assets are based on the assumptions about the risk of default and expected cash loss rates. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward-looking estimates at the end of the reporting period.

In case of Non - Financial Assets, the Company estimates asset's recoverable amount, this is higher of an asset's or Cash Generating Units (CGU)'s fair value less the cost of disposal and the value in use.

In assessing the value in use, the estimated future cash flows are discounted using the pre - tax discount rate that reflects current market assessments of the time value of money and the risk specific to the assets. In determining the fair value less cost of disposal, recent market transactions are taken into accounts, if no such transactions can be identified, an appropriate valuation model is used.

viii. Recognition of Deferred Tax Assets and Liabilities:

Deferred tax assets and liabilities are recognized for deductible/taxable temporary differences and unused tax losses and tax credits for which there is probability of utilization against the future taxable profit. The Company uses judgments to determine the amount of deferred tax that can be recognized, based upon the likely timing and the level of future taxable profits and business developments.

ix. Inventory Management:

Inventory consists of a large variety of items of raw materials, stores and spares finished goods with variation in sizes and weights. Measurement of items of inventory is complex and involves significant judgements and estimates. The Company performs physical counts of the inventory on a periodic basis and arrives at the proper quantity of inventory which involves estimates of quantity for certain types of items with heavy weight or in such forms where complete count is not practicable.

c) Property, Plants and Equipment:

Measurement at Recognition:

An item of Property, Plant and Equipment that qualifies as an asset is measured on the initial recognition at cost, net of recoverable taxes, if any. Following the initial recognition, items of property, plants and equipment are carried at its cost less accumulated depreciation / amortization and accumulated impairment losses, if any.

The Company identifies and determines cost of each part of an item of Property, Plant and Equipment separately if the part has a cost which is significant to the total costs of that item of Property, Plant and Equipment and has a useful life that is materially different from that of remaining items.

The cost of an item of property, plants and equipment comprises of its purchase price including import duties and other non - refundable purchase taxes or levies, directly attributable to the cost of bringing the asset to its present location and working condition for its intended use and the initial estimate of decommissioning, restoration and similar liabilities, if any. Any trade discount and rebates are deducted in arriving at the purchase price of such Property, Plant and Equipment.

Such cost also includes the cost of replacing a part of the plant and equipment and the borrowing cost of the long - term construction projects, if the recognition criteria are met. Expenses directly attributable to new manufacturing facility during its construction period are capitalized if the recognition criteria are met. Expenditure related to plans, designs and drawings of buildings or plant and machinery is capitalized under relevant heads of property, plant and equipment if the recognition criteria are met.

When the significant parts of Property, Plant and Equipment are required to be replaced at periodical intervals, the Company recognizes such part as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as replacement, if the recognition criteria are satisfied, all other repair and maintenance costs are recognized in the Statement of Profit and

Loss as and when incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

All the costs, including administrative, financing and general overhead expenses, as are specifically attributable to construction of a project or to the acquisition of a Property, Plants and Equipment or bringing it to its present location and working condition, is included as a part of the cost of construction of the project or as a part of the cost of Property, Plant and Equipment, till the commencement of commercial production. Any adjustments arising from exchange rate variations attributable to the Property, Plant and Equipment are capitalized as aforementioned.

Borrowing cost relating to the acquisition / construction of Property, Plant and Equipment which takes the substantial period of time to get ready for its intended use are also included in the cost of Property, Plant and Equipment / cost of constructions to the extent they relate to the period till such Property, Plant and Equipment are ready to be put to use.

Any subsequent expenditure related to an item of Property, Plant and Equipment is added to its book value only and only if it increases the future economic benefits from the existing asset beyond its previously assessed standard of performance.

Any items such as spare parts, standby equipment and servicing equipment that meet the definitions of the Property, Plant and Equipment are capitalized at cost and depreciated over the useful life of the respective Property, Plant and Equipment. Cost in the nature of repair and maintenance are recognized in the Standalone Statement of Profit and Loss as and when incurred.

The Company has elected to consider the carrying amount of all its property, plants and equipment appearing the financial statements prepared in accordance with the Accounting Standards notified under Section 133 of the Companies Act, 2013, read together with Rule 7 of the Companies (Accounts) Rule, 2014, as amended and used the same as deemed cost in the Opening Ind AS Balance Sheet prepared as on April 01, 2019.

Capital Work-in-Progress and Capital Advances:

The cost of Property, Plant and Equipment not ready for intended use, as on the balance sheet date, is shown as a "Capital Work-in-Progress". The Capital Work-in-Progress is stated at cost. Any expenditure in relation to survey and investigation of the properties is carried as Capital Work-in-Progress. Such expenditure is either capitalized as cost of the projects on completion of construction project or the same is expensed in the period in which it is decided to abandon such project. Any advances given towards acquisition of Property, Plants and Equipment outstanding at each balance sheet date is disclosed as "Other Current Assets".

Depreciation

Depreciation on each part of Property, Plants and Equipment is provided to the extent of the depreciable amount of the assets on the basis of "Straight Line

Method (SLM)" on the useful life of the tangible property, plants and equipment and is charged to the Statement of Profit and Loss, as per the requirement of Schedule - II to the Companies Act, 2013. The useful life of the Property, Plants and Equipment is estimated as prescribed in Schedule II of the Companies Act 2013 or estimated by the management as per technical evaluation based on the nature of the Property, Plants and Equipment, the usage of the Property, Plants and Equipment, expected physical wear and tear of such Property, Plants and Equipment, the operating conditions, anticipated technological changes, manufacturer warranties and maintenance support of the Property, Plants and Equipment etc.

When the parts of an item of the Property, Plants and Equipment have different useful life, they are accounted for as a separate item (major components) and are depreciated over their useful life or over the remaining useful life of the principal Property, Plants and Equipment, whichever is less.

Useful lives of each class of Property, Plants and Equipment as prescribed under Part C of Schedule II to the Companies Act, 2013; except as based on technical evaluation are as under:-

S. No.	Name of Property, Plants and Equipment	Useful Life (In Years)
1.	Factory Building	30 Years
2.	Building (Other than Factory Building)	60 Years
3.	Plant and Machineries (Including Continuous Process Plant)	15 Years
4.	Furniture and Fixtures	10 Years
5.	Office Equipment	5 Years
6.	Computer and Other Data Processing units	3 Years
7.	Motor Vehicles	8 Years
8.	Electrical Installation and Other Equipment	10 Years
9.	Motor Cycle/Scooter/Moped	10 Years

Freehold land is not depreciated. Leasehold land and their improvement costs are amortized over the period of the lease. The useful lives, residual value of each part of an item of Property, Plants and Equipment and the method of depreciation are reviewed at the end of each reporting period, if any, of these expectations differ from the previous estimates, such change is accounted for as a change in accounting estimate and adjusted prospectively, if appropriate.

Derecognition

The carrying amount of an item of Property, Plants and Equipment and Intangible Assets is recognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the derecognition of the Property, Plants and Equipment is measured as the difference between the net disposal proceeds and the carrying amount of the assets and is recognized in the Statement of Profit and Loss, as and when the assets are derecognized.

d) Intangible Assets:**Measurement at Recognition:**

Intangible assets acquired separately is measured on the initial recognition at Cost. Intangible assets arising on the acquisition of business are measured at fair value as at the date of acquisition. Internally generated intangible assets including research cost are not capitalized and the related expenditure is recognized in the Statement of Profit and Loss in the period in which the expenditure is incurred. Following the initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment loss, if any.

The Company has elected to consider the carrying amount of all its intangible assets appearing in the financial statements prepared in accordance with the Accounting Standards notified under Section 133 of the Companies Act, 2013, read together with Rule 7 of the Companies (Accounts) Rule, 2014, as amended and used the same as deemed cost in the Opening Ind AS Balance Sheet prepared as on April 1, 2019.

Amortization:

Intangible assets with finite lives are amortized on a "Straight Line Basis" over the estimated useful economic life of such Intangible assets. The amortization expenses on Intangible assets with the finite lives are recognized in the Statement of Profit and Loss.

The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at the end of each financial year. If any of these expectations differ from the previous estimates, such changes are accounted for as a change in an accounting estimate.

Intangible assets including Computer software are amortized on a straight-line basis over a period of Five years.

Derecognition:

The carrying amount of an Intangible asset is recognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the derecognition of an Intangible asset is measured as the difference between the net disposal proceeds and the carrying amount of the intangible asset and is recognized in the Statement of Profit and Loss, as and when such asset is derecognized.

e) Impairment:

Assets that have an indefinite useful life, for example, goodwill, are not subject to amortization and are tested for impairment annually and whenever there is an indication that the asset may be impaired.

Assets that are subject to depreciation and amortization and assets representing investments in subsidiary and associate companies are reviewed for impairment, whenever events or changes in circumstances indicate that carrying amount may not be recoverable. Such circumstances include, though are not limited to, significant or sustained decline in revenues or earnings and material adverse changes in the economic environment.

The Company assesses at each reporting date whether there is an indication that assets may be impaired. If any indication exists based on internal or external factors, or when annual impairment testing for assets is required, the Company estimates the asset's recoverable amount. Where the carrying amount of the assets or its cash-generating unit (CGU) exceeds its recoverable amount, the assets are considered impaired and are written down to their recoverable amount. The recoverable amount is the greater of the fair value less cost to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax rate that reflects current market rates and the risk specific to the assets. For those assets that do not generate largely independent cash inflows, the recoverable amount is determined for the CGU to which the assets belong. Fair value less cost to sell is the best estimate of the amount obtainable from the sale of an asset in arm's length transactions between knowledgeable, willing parties, less cost of disposal. After the impairment, depreciation is provided on the revised carrying amount of the assets over its remaining useful life.

Reversal of impairment losses recognized in prior years is recorded when there is an indication that the impairment losses recognized for the assets no longer exist or have decreased. However, the increase in the carrying amount of assets due to the reversal of an impairment loss is recognized to the extent it does exceed the carrying amount that would have been determined (net of depreciation) had no Impairment Loss been recognized for the assets in the prior years.

Impairment losses, if any, are recognized in the Statement of Profit and Loss and included in depreciation and amortization expenses. Impairment losses are reversed in the Statement of Profit and Loss only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had previously been recognized.

f) Lease:

A lease is classified at the inception date as finance lease or an operating lease. A lease that transfers substantially all the risk and rewards incidental to the ownership of the Company is classified as a finance lease. All other leases are classified as operating lease.

The Company as a Lessee:

i) Operating Lease:

Rental payable under the operating lease is charged to the Statement of Profit and Loss on a straight-line basis over the term of the relevant lease except where another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed.

ii) Finance Lease:

Finance lease are capitalized at the commencement of the lease, at the lower of the fair value of the property or the present value of the minimum lease payments. The corresponding liability to the lessor is included in the Balance Sheet as a finance lease obligation. Lease payments are apportioned between finance expenses and the reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are charged directly against the income over the period of the lease unless they are directly attributable to qualifying assets, in which case they are capitalized. Contingent rentals are recognized as an expense in the period in which they are incurred.

A leased asset is depreciated over the useful lives of the assets, however, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the assets are depreciated over the shorter of the estimated useful lives of the assets and the lease terms.

The Company as a Lessor:

Lease payments under operating leases are recognized as an income on a straight-line basis in the statement of profit and loss over the lease term except where the lease payments are structured to increase in line with expected general inflation. The respective leased assets are included in the Balance Sheet based on their nature.

Assets given under finance lease are recognised at an amount equal to the net investment in the lease. Lease rentals are apportioned between principal and interest on the Internal Rate of Return (IRR) method. The principal amount received reduces the net investment in the lease and interest is recognized as revenue. Initial direct cost such as legal costs, brokerage costs etc. are recognized immediately in the Statement of Profit and Loss/ Profit and Loss Account

g) Investments

Investments are classified into Current or Non - Current Investments. Investments that are readily realizable and intended to be held for not more than a year from the date of acquisition are classified as Current Investments. All other Investments are classified as Non - Current Investments. However, that part of Non - Current Investments which are expected to be realized within twelve months from the Balance Sheet date is also presented under "Current Investments" under "Current portion of Non - Current Investments" in consonance with classification of Current / Non-Current classification of Schedule - III of the Act.

All the equity investment which covered under the scope of Ind AS 109, "Financial Instruments" is measured at the fair value. Investment in Mutual Fund is measured at fair value through profit and loss (FVTPL). Trading Instruments are trading at fair value through profit and loss (FVTPL).

The cost of investments comprises the purchase price and directly attributable acquisition charges such as brokerage, fess and duties.

h) Investments Properties:

The property that is held for capital appreciation or for earning rentals or both or, which are not intended to be occupied substantially for use by, or in the operations of the Company is classified as Investment Properties. Items of investment properties are measured at cost less accumulated depreciation / amortization and accumulated impairment losses. Cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for its intended use. Investment properties are depreciated on straight line method on pro-rata basis at the rates specified therein. Subsequent expenditure including cost of major overhaul and inspection is recognized as an increase in the carrying amount of the asset when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

i) Inventories:

Inventories of the raw material, work-in-progress, finished goods, packing material, stores and spares, components, consumables and stock in trade are carried at lower of cost and net realizable value. However, raw material and other items held for use in production of inventories are not written down below cost if the finished goods in which they will be incorporated are expected to be sold at or above cost. The comparison of cost and net realizable value is made on an item by item basis.

In determining the cost of raw materials, work-in-progress, finished goods, packing materials, stores and spares, components and stock in trade "First in First out (FIFO)" method is used. Cost of inventories included the cost incurred in bringing each product to its present location and conditions are accounted as follows:

i) Raw Material: Cost included the purchase price net of all direct and indirect taxes, duties (other than those which are recoverable from tax authorities) and other direct or indirect costs incurred to bring the inventories into their present location and conditions.

ii) Finished Goods and Work-in-Progress: Cost included the cost of direct materials and packing material, labour cost and an appropriate proportion of fixed and variable overhead based on the normal operating capacity of the Company, but excluding the borrowing costs but include the other costs incurred in bringing the inventories to their present location and condition. Fixed production overheads are allocated based on the normal capacity of production facilities. Cost is determined on a "First in First out basis (FIFO)".

iii) Stock in Trade: Stock of raw material consists of raw material intended for trading. The cost of raw materials intended for trading included the purchase price and other direct or indirect costs incurred in bringing the inventories to their present location and conditions. Cost is determined on a "First in First out basis (FIFO)".

iv) Stores / spares: Cost included the purchase price net of all direct and indirect taxes, duties (other than those which are recoverable from tax authorities) and other direct or indirect costs incurred to bring the inventories into their present location and conditions.

The stock of waste or scrap is valued at net realizable value.

“Net Realizable Value” is the estimated selling price of inventories in the ordinary course of business, less estimated costs of completion and estimated cost necessary to make the sales of the products.

j) Borrowing Costs:

Borrowing costs include the interest, commitments charges on bank borrowings, amortization of ancillary costs incurred in connection with the arrangement of borrowings.

Borrowing costs that are directly attributable to the acquisition or construction of the qualifying property, plants and equipment are capitalized as a part of the cost of that property, plants and equipment until such time that the assets are substantially ready for their intended use. Qualifying assets are assets which take a substantial period of time to get ready for the intended use or sale.

When the Company borrows the funds specially for the purpose of obtaining the qualifying assets, the borrowing costs incurred are capitalized with qualifying assets. When the Company borrows funds generally and uses them for obtaining a qualifying asset, the capitalization of borrowing costs is computed on the weighted average cost of general costs that are outstanding during the reporting period and used for the acquisition of the qualifying assets.

Capitalization of the borrowing costs ceases when substantially all the activities necessary to prepare the qualifying assets for intended use are complete.

Other Borrowing Costs are recognized as expenses in the period in which they are incurred. Any interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

Any exchange differences arising from foreign currency borrowings to the extent that they are regarded as adjustments to interest costs are recognized as Borrowing Costs and are capitalized as a part of the cost of such property, plants and equipment if they are directly attributable to their acquisition or charged to the Standalone Statement or Profit and Loss.

k) Employee Benefits:

Short-Term Employee Benefits:

All the employee benefits payable wholly within twelve months of rendering the services are classified as short-term employee benefits and they are recognized in the period in which the employee renders the related services. The Company recognizes the undiscounted amount of short-term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

The benefit in the form of Leave Encashment is a non-accumulating short-term compensated absence. It is accounted in the year when absences occur and charged to the Statement of Profit & Loss of the year.

Post-Employment Benefits:

a. Defined Contribution Plans:

Defined contribution plans are employee state insurance schemes and Government administrated provident fund schemes for all the applicable employees. The Company makes a specified monthly contribution towards the Employee Provident Fund scheme as per the norms prescribed by the Central Government. The Company's contribution to defined contribution plans is recognized in the Statement of Profit and Loss in the reporting to which they relate.

Recognition and Measurement of Defined Contribution Plans:

The Company recognizes contribution payable to a defined contribution plan as an expense in the Statement of Profit and Loss when the employees render services to the Company during the reporting period. If the contributions payable for services received from employees before the reporting date exceed the contributions already paid, the deficit payable is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the reporting date, the excess is recognized as an asset to the extent that the prepayment will lead to, for example, a reduction in future payments or a cash refund.

b. Defined Benefits Plans:

i) Gratuity Scheme:

The Company operates a defined benefit gratuity plan for employees. The Company pays the gratuity to the employee whoever has completed five years of service with the Company at the time of resignation or superannuation. The Gratuity is paid at 15 Days salary for every completed year of service as per the Payment of Gratuity Act, 1972.

The liability in respect of gratuity and other post-employment benefits is calculated using the "Project Unit Credit Method" and spread over the period during which the benefit is expected to be derived from employee services.

Re-measurement of defined benefits plans in respect of post-employment are charged to Other Comprehensive Income.

Recognition and Measurement of Defined Benefit Plans:

The cost of providing defined benefits is determined using the Projected Unit Cash Credit method with actuarial valuations being carried out at each Balance Sheet date. The defined benefit obligations recognized in the Balance Sheet

represent the present value of the defined benefit obligations as reduced by the fair value of plan assets, if applicable. Any defined benefit asset (negative defined benefit obligations resulting from this calculation) is recognized representing the present value of available refunds and reductions in future contributions to the plan.

All expenses represented by current service cost, past service cost, if any, and net interest on the defined benefit liability / (asset) are recognized in the Statement of Profit and Loss. Remeasurements of the net defined benefit liability / (asset) comprising actuarial gains and losses and the return on the plan assets (excluding amounts included in net interest on the net defined benefit liability/asset), are recognized in Other Comprehensive Income. Such Remeasurements are not reclassified to the Statement of Profit and Loss in the subsequent periods.

Past service cost is recognized immediately to the extent that the benefits are already vested, else is amortized on a straight-line basis over the average period until the amended benefits become vested. Actuarial gains or losses in respect of the defined benefit plans are recognized in the Statement of Profit and Loss in the year in which they arise.

The Company preset the above liability as Current and Non-Current in the Balance Sheet as per the Actuarial Valuation by the Independent actuary; however, the entire liability towards gratuity is considered as current as the Company will contribute this amount to the Gratuity Fund within the next twelve months.

I) Revenue Recognition:

Revenue is recognized when it is probable that economic benefit associated with the transaction flows to the Company in the ordinary course of its activities and the amount of revenue can be measured reliably, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payments, net of its returns, trade discounts and volume rebates allowed.

Revenue includes only the gross inflows of economic benefits, including the excise duty, received and receivable by the Company, on its account. The amount collected on behalf of third parties such as sales tax, value-added tax and goods and service tax (GST) are excluded from the Revenue.

Revenue from contracts with the customers is recognized upon the transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products and services. Revenue is measured based on the transaction price, which is the consideration, adjusted discounts and other incentives, if any, as per the contract with customers. Revenue also excludes taxes or amounts collected from customers in its capacity as agents.

Sale of Products:

Revenue from sales of goods is recognized, when all the significant risks and rewards of the ownership of the goods are passed to the buyer, recovery of the consideration is probable, associated cost can be estimated reliably, there is no continuing effective control or managerial involvement with the goods and amount of revenue can be measured reliably, which is generally considered on dispatch of goods to the customers except in case of the consignment sales.

Sales (Gross) includes Excise Duty but excludes VAT and Goods and Service Tax (GST) and is net of discounts and incentives to the customers. Excise Duty to the extent included in the gross turnover is deducted to arrive at the net turnover.

Sale of Services:

Revenue from Sale of Services is recognized as per the Completed Service Contract Method of Revenue recognition except in the few cases when the Revenue from Sale of Services is recognized on an accrual basis as per the Contractual agreement basis. Stage of completion is measured by the service performed till the balance sheet date as a percentage of the total service contracted.

Revenue from Contracts:

Revenue from contracts with customers is recognized on the transfer of control of promised goods or services to a customer at an amount that reflects the consideration to which the Company is expected to be entitled in exchange for those goods or services.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract. This variable consideration is estimated based on the expected value of outflow. Revenue (net of variable consideration) is recognized only to the extent that it is highly probable that the amount will not be subject to significant reversal when uncertainty relating to its recognition is resolved.

Export Incentives:

Export incentive revenues are recognized when the right to receive the credit is established and there is no significant uncertainty regarding the ultimate collection.

Interest:

Revenue from Interest income is recognized using the effective interest method. Effective Interest Rate (EIR) is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instruments or a shorter period, where appropriate, to the gross carrying amount of the financial assets or the amortized cost of financial liability.

Royalty:

Royalty income is recognized on an accrual basis in accordance with the substance of the relevant agreement.

Dividend:

Revenue is recognized when the Company's right to receive the payment is established at the end of the reporting date, which is generally when the shareholders approve the dividend at the Annual General Meeting / Extraordinary General Meeting.

Surplus / (Loss) on disposal of Property, Plants and Equipment / Investments:

Surplus or loss on disposal of property, plants and equipment or investment is recorded on transfers of title from the Company and is determined as the difference between the sales price and carrying value of the property, plants and equipment or investments and other incidental expenses.

Rental Income:

Rental income arising from operating lease on investment properties is accounted for on a straight-line basis over the lease term except in the case where the incremental lease reflects inflationary effect and rental income is accounted in such cases by actual rent for the period.

Insurance Claim:

Claim receivable on account of insurance is accounted for to the extent the Company is reasonably certain of their ultimate collections.

Other Income:

Revenue from other income is recognized when the payment of that related income is received or credited.

m) Foreign Currency Transactions:**a) Initial Recognition:**

Transactions in the Foreign Currencies entered into by the Company are accounted in the functional currency (i.e. Indian Rupee `), by applying the exchange rates prevailing on the date of the transaction. Any exchange difference arising on foreign exchange transactions settled during the reporting period is recognized in the Statement of Profit and Loss.

b) Conversion of Foreign Currency Items at Reporting Date:

Foreign Currency Monetary Items of the Company are restated at the end of the reporting date by using the closing exchange rate as prescribed by the Reserve Bank of India, RBI Reference Rate.

Non - Monetary Items are recorded at the exchange rate prevailing on the date of the transactions.

Non - Monetary Items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is measured. Exchange differences arising out of these translations are recognized in the Statement of Profit and Loss except exchange gain or loss arising on Non-Monetary Items measured at the fair value of the item which are recognized in Statement of Profit and Loss or Other Comprehensive Income depending upon their fair value gain or loss recognized in Statement of Profit or Loss and Other Comprehensive Income, respectively.

Exchange differences arising on monetary items that, in substance, form part of the Company's net investment in a foreign operation (having a functional currency other than Indian Rupees) are accumulated in the Foreign Currency Translation Reserve.

All the other exchange differences arising on settlement or translation of monetary items and the mark-to-market losses/gain are dealt with in the Statement of Profit and Loss as Income or Expenses in the period in which they arise except to the extent that they are regarded as an adjustment to the Finance Costs on foreign currency borrowings that are directly attributable to the acquisition or constructions of the qualifying assets, are capitalized to the qualifying assets.

n) Government Grants and Subsidies:

Any subsidy from the Government authorities or any other authorities which the company is entitled to receive in respect of manufacturing or other facilities is dealt as follows:

- i) Grants in the nature of subsidies which are non - refundable are recognized as income where there is reasonable assurance that the Company will comply with all the necessary conditions attached to them. Income from grants is recognized on a systematic basis over periods in which the related costs that are intended to be compensated by such grants are recognized.
- ii) A government grant which becomes receivable by an entity as compensation for expenses or losses incurred in a previous period is recognised in the profit or loss of the period in which it becomes receivable.
- iii) Government grants related to assets, including non-monetary grants at fair value, are presented in the balance sheet by deducting the grant in arriving at the carrying amount of the asset. The grant is recognised in profit or loss over the life of a depreciable asset as a reduced depreciation expense.

o) Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets:**Initial Recognition and Measurement:**

The Company recognizes a financial asset in its Balance Sheet when it becomes party to the contractual provisions of the instrument. All financial assets are recognized initially at fair value, plus in the case of financial assets not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial asset.

Where the fair value of a financial asset at initial recognition is different from its transaction price, the difference between the fair value and the transaction price is recognized as a gain or loss in the Statement of Profit and Loss at initial recognition if the fair value is determined through a quoted market price in an active market for an identical asset (i.e. level 1 input) or through a valuation technique that uses data from observable markets (i.e. level 2 input).

In case the fair value is not determined using a level 1 or level 2 input as mentioned above, the difference between the fair value and transaction price is deferred appropriately and recognized as a gain or loss in the Statement of Profit and Loss only to the extent that such gain or loss arises due to a change in the factor that market participants take into account when pricing the financial asset.

However, trade receivables that do not contain a significant financing component are measured at transaction price.

Subsequent Measurement:

For subsequent measurement, the Company classifies a financial asset in accordance with the below criteria:

- i) The Company's business model for managing the financial assets and
- ii) The contractual cash flow characteristics of the financial asset.

Based on the above criteria, the Company classifies its financial assets into the following categories:

- i) Financial assets measured at amortized cost
- ii) Financial assets measured at fair value through other comprehensive income (FVTOCI)
- iii) Financial assets measured at fair value through profit or loss (FVTPL)

Financial Assets measured at Amortized Cost:

A financial asset is measured at the amortized cost if both the following conditions are met:

- a) The Company's business model objective for managing the financial assets is to hold financial assets in order to collect contractual cash flows, and

- b) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

This category applies to cash and bank balances, trade receivables, loans and other financial assets of the Company Refer to Note No. 35 for further details. Such financial assets are subsequently measured at amortized cost using the effective interest method.

Under the effective interest method, the future cash receipts are exactly discounted to the initial recognition value using the effective interest rate. The cumulative amortization using the effective interest method of the difference between the initial recognition amount and the maturity amount is added to the initial recognition value (net of principal repayments, if any) of the financial asset over the relevant period of the financial asset to arrive at the amortized cost at each reporting date. The corresponding effect of the amortization under effective interest method is recognized as interest income over the relevant period of the financial asset. The same is included under other income in the Statement of Profit and Loss.

The amortized cost of a financial asset is also adjusted for loss allowance, if any.

Financial Assets measured at FVTOCI:

A financial asset is measured at FVTOCI if both of the following conditions are met:

- a) The Company's business model objective for managing the financial asset is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

This category applies to certain investments in debt instruments Refer to Note No.35 for further details). Such financial assets are subsequently measured at fair value at each reporting date. Fair value changes are recognized in the Other Comprehensive Income (OCI). However, the Company recognizes interest income and impairment losses and their reversals in the Statement of Profit and Loss.

On Derecognition of such financial assets, cumulative gain or loss previously recognized in OCI is reclassified from equity to Statement of Profit and Loss.

On Derecognition of such financial assets, cumulative gain or loss previously recognized in OCI is not reclassified from the equity to Statement of Profit and Loss. However, the Company may transfer such cumulative gain or loss into retained earnings within equity.

Financial Assets measured at FVTPL:

A financial asset is measured at FVTPL unless it is measured at amortized cost or at FVTOCI as explained above. This is a residual category applied to all other

investments of the Company excluding investments in subsidiary and associate companies. Such financial assets are subsequently measured at fair value at each reporting date. Fair value changes are recognized in the Statement of Profit and Loss.

Derecognition:

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized (i.e. removed from the Company's Balance Sheet) when any of the following occurs:

- i) The contractual rights to cash flows from the financial asset expire;
- ii) The Company transfers its contractual rights to receive cash flows of the financial asset and has substantially transferred all the risks and rewards of ownership of the financial asset;
- iii) The Company retains the contractual rights to receive cash flows but assumes a contractual obligation to pay the cash flows without material delay to one or more recipients under a 'pass-through' arrangement (thereby substantially transferring all the risks and rewards of ownership of the financial asset)
- iv) The Company neither transfers nor retains substantially all risk and rewards of ownership and does not retain control over the financial asset.

In cases where the Company has neither transferred nor retained substantially all of the risks and rewards of the financial asset, but retains control of the financial asset, the Company continues to recognize such financial asset to the extent of its continuing involvement in the financial asset. In that case, the Company also recognizes an associated liability. The financial asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

On Derecognition of a financial asset, (except as mentioned in ii above for financial assets measured at FVTOCI), the difference between the carrying amount and the consideration received is recognized in the Statement of Profit and Loss.

Impairment of Financial Assets:

The Company applies the expected credit losses (ECL) model for measurement and recognition of loss allowance on the following:

- i) Trade receivables and lease receivables
- ii) Financial assets measured at amortized cost (other than trade receivables and lease receivables)
- iii) Financial assets measured at fair value through other comprehensive income (FVTOCI)

In case of trade receivables and lease receivables, the Company follows a simplified approach wherein an amount equal to lifetime ECL is measured and recognized as loss allowance.

In case of other assets (listed as ii and iii above), the Company determines if there has been a significant increase in credit risk of the financial asset since initial recognition.

If the credit risk of such assets has not increased significantly, an amount equal to 12-month ECL is measured and recognized as a loss allowance. However, if credit risk has increased significantly, an amount equal to lifetime ECL is measured and recognized as loss allowance.

Subsequently, if the credit quality of the financial asset improves such that there is no longer a significant increase in credit risk since initial recognition, the Company reverts to recognizing impairment loss allowance based on 12 months- ECL.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original effective interest rate.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial asset. 12 months ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months from the reporting date.

ECL is measured in a manner that reflects unbiased and probability-weighted amounts determined by a range of outcomes, taking into account the time value of money and other reasonable information available as a result of past events, current conditions and forecasts of future economic conditions.

As a practical expedient, the Company uses a provision matrix to measure lifetime ECL on its portfolio of trade receivables. The provision matrix is prepared based on historically observed default rates over the expected life of trade receivables and is adjusted for forward-looking estimates. At each reporting date, the historically observed default rates and changes in the forward-looking estimates are updated.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the Statement of Profit and Loss under the head "Other Expenses".

Financial Liabilities:

Initial Recognition and Measurement:

The Company recognizes a financial liability in its Balance Sheet when it becomes party to the contractual provisions of the instrument. All financial liabilities are recognized initially at fair value minus, in the case of financial liabilities not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial liability.

Where the fair value of a financial liability at initial recognition is different from its transaction price, the difference between the fair value and the transaction price is recognized as a gain or loss in the Statement of Profit and Loss at initial recognition if the fair value is determined through a quoted market price in an active market for an identical asset (i.e. level 1 input) or through a valuation technique that uses data from observable markets (i.e. level 2 input).

In case the fair value is not determined using a level 1 or level 2 input as mentioned above, the difference between the fair value and transaction price is deferred appropriately and recognized as a gain or loss in the Statement of Profit and Loss only to the extent that such gain or loss arises due to a change in the factor that market participants take into account when pricing the financial liability.

Subsequent Measurement:

All financial liabilities of the Company are subsequently measured at amortized cost using the effective interest method. (Refer to Note No. 35 for further details).

Under the effective interest method, the future cash payments are exactly discounted to the initial recognition value using the effective interest rate. The cumulative amortization using the effective interest method of the difference between the initial recognition amount and the maturity amount is added to the initial recognition value (net of principal repayments, if any) of the financial liability over the relevant period of the financial liability to arrive at the amortized cost at each reporting date. The corresponding effect of the amortization under the effective interest method is recognized as interest expense over the relevant period of the financial liability. The same is included under finance cost in the Statement of Profit and Loss.

Derecognition:

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference between the carrying amount of the financial liability derecognized and the consideration paid is recognized in the Statement of Profit and Loss.

p) Fair Value:

The Company measures financial instruments at fair value in accordance with the accounting policies mentioned above. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- * In the principal market for the assets or liability, or
- * In the absence of a principal market, in the most advantageous market for the assets or liabilities.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy that is categorized into three levels, described as follows, the inputs to valuation techniques used to measure value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 inputs) and the lowest priority to unobservable inputs (Level 3 inputs).

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities;

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly;

Level 3 - Inputs that are unobservable for the asset or liability

For assets and liabilities that are recognized in the financial statements at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization at the end of each reporting period and discloses the same.

q) **Taxes on Income:**

Tax expense comprises Current and Deferred Income tax. Tax expenses are recognized in the Statement of Profit and Loss, except to the extent that it relate to the items recognized in the other comprehensive income or in equity. In that case, tax is also recognized in other comprehensive income or equity.

Current Income tax is the amount of income tax payable in respect of taxable profit for the period. Taxable profit differs from "Profit Before Tax" as reported under Statement of Profit and Loss because of items of expenses or income that are taxable or deductible in other years and items that are never taxable or deductible under the Income Tax Act.

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the Income Tax Authorities, based on tax rates and laws that are enacted at the balance sheet date. Current tax also includes any adjustments amount to tax payable in respect of the previous year.

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit under the Income Tax Act, 1961.

Deferred tax liabilities are generally recognized for all taxable temporary differences. However, in case of a temporary difference that arises from the initial recognition of assets or liabilities in a transaction (other than business combination) that affects neither the taxable profit nor the accounting profit, deferred tax liabilities are not recognized. Also, for temporary differences if any that may arise from the initial recognition of goodwill, deferred tax liabilities are not recognized.

Deferred tax assets are generally recognized for all deductible temporary differences to the extent it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. In case of temporary differences that arise from the initial recognition of assets or liabilities in a transaction (other than business combination) that affect neither the taxable profit nor the accounting profit, deferred tax assets are not recognized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow the benefits of part or all of such deferred tax assets to be utilized.

Deferred tax assets and liabilities are measured at the tax rates that have been enacted or substantively enacted by the Balance Sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

Presentation:

Current and deferred tax are recognized as income or an expense in the Statement of Profit and Loss, except when they relate to items that are recognized in Other Comprehensive Income, in which case, the current and deferred tax income / expense are recognized in Other Comprehensive Income.

The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis or to realize the asset and settle the liability simultaneously. In case of deferred tax assets and deferred tax liabilities, the same are offset if the Company has a legally enforceable right to set off corresponding current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority on the Company.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability, Accordingly, MAT is recognized as deferred tax assets in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realized. However, for the years under reporting the company has not recognized deferred tax assets on MAT due to uncertainty arising out of tax planning options available to the company as per prevailing tax laws. (Refer Note 18)

If MAT Credit is recognized, the Company reviews the same at each reporting period and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay Normal Income Tax during the specified period.

r) Segment Reporting:

Segments are identified having regard to the dominant source and nature of risks and returns and the internal organization and management structure. The Company has considered as Business Segments as Primary Segments. The Company does not have any Geographical Segments.

Identification of Segments:

The Company's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a Strategic business unit that offers different products and serves different markets. Majorly, the Company's Business Segments are "Elevator Division", and "Steel Polishing Division".

Segments Accounting Policies:

The Company prepares its Segment Information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

Inter - Segment Transfer:

The Company does not recognize Inter-segment transfers at any agreed value of the transactions.

Allocation of Common Costs:

Common allocable costs are allocated to each segment reporting according to the relative contribution of each segment to the total of common costs.

Unallocated Items:

Unallocated Items include the General Corporate Income and Expense items which are not allocated to any of the Business Segments.

Operating Segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM). The CODM is responsible for assessing the performance and allocating the resources of the operating segment of the Company. Refer to Note No. 38 for Segment information.

s) Research and Development:

Research and Development expenditures of a revenue nature are expensed out under the respective heads of the account in the year in which it is incurred. Expenditure of development which does not meet the criteria for recognition as an intangible asset is recognized as an expense when it is incurred.

Item of Property, Plants and Equipment and acquired Intangible Assets utilized for research and developments are capitalized and depreciated in accordance with the policies stated for Tangible Property, Plants and Equipment and Intangible Assets.

t) Earnings per Share:

The Company reports the basic and diluted Earnings per Share (EPS) in accordance with Indian Accounting Standard - 33, "Earnings per Share". Basic EPS is computed by dividing the Net Profit or Loss attributable to the Equity Shareholders for the period by the weighted average number of Equity Shares outstanding during the period.

Diluted EPS is computed by dividing the Net Profit or Loss attributable to the Equity Shareholders for the period by the weighted average number of Equity Shares outstanding during the period as adjusted for the effects of all potential Equity Shares, except where the results are anti-dilutive.

The weighted average number of Equity Shares outstanding during the period is adjusted for events such as a Bonus Issue, Bonus elements in right issue, share splits, and reverse share splits (consolidation of shares) that have changed the number of Equity Shares outstanding, without a corresponding change in resources.

Partly paid-up Equity Shares, if any, are treated as a fraction of Equity Shares to the extent that they are entitled to participate in dividends to fully paid equity shares during the Reporting Period.

u) Provisions and Contingencies:

The Company recognizes provisions when a present obligation (legal or constructive) as a result of a past event exists and it is probable that an outflow of resources embodying economic benefits will be required to settle such obligation and the amount of such obligation can be reliably estimated.

If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation in respect of which likelihood of the outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

A provision is recognized if, as a result of a past event, the Company has a present legal obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by the best estimate of the outflow of economic benefits required to settle the obligation at the reporting date. Where no reliable estimate can be made, a disclosure is made as Contingent Liability.

In rare cases, when a liability cannot be measured reliably, it is classified as Contingent Liability. The Company does not recognize a Contingent Liability but disclosed its existence in the financial statements.

v) Event after Reporting Date:

Where events occurring after the Balance Sheet date provide evidence of a condition that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

All the events occurring after the Balance Sheet date up to the date of the approval of the standalone financial statement of the Company by the board of directors on May 20, 2024, have been considered, disclosed and adjusted, wherever applicable, as per the requirement of Indian Accounting Standards.

w) Non - Current Assets Held for Sales:

The Company classifies non-current assets as held for sale if their carrying amount will be recovered principally through a sale rather than through continuing use of the assets and action required to complete such sale indicates that it is unlikely that significant changes to the plan to sell will be made or that the decision will be withdrawn. Also, such assets are classified as held for sale only if the management expects to complete the sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and the fair value less cost to the sell. Non-current assets are not Depreciated or Amortized.

x) Cash Flow Statements:

Cash Flows Statements are reported using the method set out in the Indian Accounting Standard – 7, "Cash Flow Statements", whereby the Net Profit / (Loss) before tax is adjusted for the effects of the transactions of a Non - Cash nature, any deferrals or accrual of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

y) Cash and Cash Equivalents:

Cash and Cash Equivalents include Cash and Cheques in Hand, Balances with Banks, demand deposits with Banks and other short-term term highly liquid investments where the original maturity is less than three months or less.

3. RECENT ACCOUNTING PRONOUNCEMENT:

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.
