- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

INDEPENDENT AUDITORS' REPORT

To the Members of **The Peria Karamalai Tea and Produce Company Limited**

Report on the Audit of Standalone Ind AS Financial Statements

Opinion

We have audited the accompanying standalone Ind AS financial statements of **The Peria Karamalai Tea & Produce Company Limited** ("the Company") which comprises the Balance Sheet as at 31 March 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Ind AS prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) rules 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March, 2024, its profit, total comprehensive income, the changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Standalone Ind AS financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Ind AS financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone Ind AS financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate

to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key Audit Matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the Standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information Other than the Standalone Ind AS Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone Ind AS financial statements and our auditor's report thereon.

Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone Ind AS financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Management and those charged with Governance for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles

generally accepted in India, including Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system, with reference to Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone Ind AS financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit

work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone Ind AS financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Annexure - B to the Independent Auditors' Report

(Referred to in Paragraph 2(f) of Report on Other Legal and Regulatory Requirements)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of The Peria Karamalai Tea & Produce Company Limited ("the Company") as of March 31, 2024 in conjunction with our audit of the **standalone financial statements** of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and

maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk.

The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls Over Financial Reporting with reference to these Standalone Financial Statements

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally

accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company, and

- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting with reference to these Standalone Ind AS Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting

to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2024, based on the internal financial controls over financial reporting criteria established by the Company, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

6. Borrowing Cost

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Other borrowing costs are expensed in the period in which they are incurred.

7. Impairment

The carrying values of assets/cash generating units at each Balance Sheet date are annually reviewed for impairment. If any indication of impairment exists (i.e., if the carrying amount of these assets exceeds their recoverable amount), the recoverable amount of such assets is estimated and impairment is recognized. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. The Company classifies its financial assets in the following measurement categories:

- (a) Those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- (b) Those measured at amortized cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flow.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For Investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income (FVTOCI). The company transfers amount from other comprehensive income to Retained earnings on the de-recognition of the relevant equity instruments for which such irrevocable election has been made by the company.

The Company reclassifies debt instruments when and only when its business model for managing those asset changes.

(ii) Measurement

Initial Recognition

The Company measures a financial asset (in the case of a financial asset not carried at a fair value through profit or loss) at its fair value plus transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the statement of profit and loss.

NOTES TO FINANCIAL STATEMENTS (Contd..)

Subsequent Measurement:

(a) Equity Instruments

The Company subsequently measures all investments in equity (except that in the subsidiary) at fair value and has elected to present fair value gains and losses on equity investments in other comprehensive income with no subsequent reclassification of fair value gains and losses to the statement of profit and loss.

Investments in subsidiaries and associates are measured at cost less provision for impairment.

(b) Debt Instruments

Company's investments in Mutual Funds (debt funds) are measured at Fair Value through Profit or Loss (FVTPL). A gain or loss on a debt investment that is subsequently measured at FVTPL and is not part of a hedging relationship is recognized in profit or loss and presented in the statement of profit and loss in the period in which it arises.

(iii) Impairment of financial assets:

The Company assesses expected credit losses associated with its assets carried at amortised cost based on Company's past history of recovery, credit-worthiness of the counter party and existing market conditions. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables, the Company applies the simplified approach for recognition of impairment allowance as provided in Ind AS 109, which requires expected credit losses to be recognised from initial recognition of the receivables.

(iv) De-recognition of financial assets:

A financial asset is de-recognised only when:

- (a) The Company's contractual right to the cash flow expires or
- (b) The Company has transferred the rights to receive cash flows from the financial asset.

13. Financial liabilities

Initial recognition and measurement:

All financial liabilities are recognised initially at fair value and in case of loans and borrowings net of directly attributable costs. Financial liabilities are subsequently measured at amortised cost using effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying value approximates fair value due to short maturity of these instruments.

14. Revenue Recognition:

Ind AS 115 establishes a five-step model to account for revenue arising from contracts with customers. It requires revenue to be recognised when (or as) the entity satisfies a performance obligation by transferring a promised good/service to a customer. An asset is transferred when (or as) the customer obtains control of that asset.

The entity recognizes significant financing component in a contract as finance cost (or income) as per Ind AS 115. No effect has been provided for contracts for which period of obligation is one year or less (as per para 63 of Ind AS 115).

NOTES TO FINANCIAL STATEMENTS (Contd..)

Revenue from contract with customers is recognised when the company satisfies performance obligation by transferring promised goods and services to the customer. Performance obligations may be satisfied at a point of time or over a period of time. Performance obligations satisfied over a period of time are recognised as per the terms of relevant contractual agreements/ arrangements. Performance obligations are said to be satisfied at a point of time when the customer obtains controls of the asset. Revenue is measured based on transaction price, which is the fair value of the consideration received or receivable, stated net of discounts, returns and goods and service tax. Transaction price is recognised based on the price specified in the contract, net of the estimated sales incentives/ discounts.

Revenue from sale of tea at auction is recognised on receipt of sale notes from brokers.

Dividends are recognised in the statement of profit and loss only when the right to receive payment is established.

15. Leases:

The Company as a lessee

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. Lease liabilities are re-measured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

NOTES TO FINANCIAL STATEMENTS (Contd..)

The Company as a lessor

A Lease for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease. For operating leases, rental income is recognized on a straight-line basis over the term of the relevant lease.

16. Government Grant and Government assistance:

Government grants are recognised at fair value where there is a reasonable assurance that the grant will be received and all attached conditions will be complied with.

Subsidies received against manufacture of specified varieties of tea are recorded as income in the period of manufacture of such goods.

Non-monetary grant is recognised at a nominal amount.

17. Employee benefits:

a) Short term obligations

Liabilities for wages and salaries that are expected to be settled wholly within 12 months after the end of the period in which the employees render their related services are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the Balance Sheet.

The Company recognises a liability and an expense for bonuses where there is a contractual obligation or where there is a past practice that has created a constructive obligation.

b) Other Employee Benefit Obligation

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of the expected future payments to be made in respect of services provided by employee up to the end of reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Measurements as a result of experience adjustments and changes in actuarial assumptions are recognized in profit or loss. 84 The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regard less of when the actual settlement is expected to occur.

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as Short term employee benefit

c) Post-employment obligations

The Company has the following post-employment obligations/plans:

- (a) Defined benefit plans such as gratuity for its eligible employees; and
- (b) Defined contribution plans such as provident fund and superannuation.

NOTES TO FINANCIAL STATEMENTS (Contd..)

(i) Gratuity:

Liabilities with regard to the gratuity are determined by actuarial valuation at each balance sheet date using projected unit credit method by an Independent actuary. The Company makes annual contributions to The Gratuity Fund of The Peria Karamalai Tea & Produce Company (The Trust). Trustees administer contributions made to the trust and contributions are invested in schemes managed by Life Insurance Corporation of India.

The liability or asset recognised in the Balance Sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets.

Actuarial gains or losses are recognized in other comprehensive income. Further, the profit or loss does not include an expected return on plan assets. Instead net interest recognized in profit or loss is calculated by applying the discount rate used to measure the defined benefit obligation to the net defined benefit liability or asset. Re-measurement gains or losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income.

(ii) Superannuation Fund:

This is a defined contribution plan. The Company contributes towards superannuation fund administered and managed by Life Insurance Corporation of India (LIC). The Company has no further obligations for future superannuation benefits other than its monthly contributions and recognises such contributions as expense in the year incurred.

(iii) Provident Fund:

This is a defined contribution plan and contributions made to the Fund as per the rules of the Company are charged to profit and loss as and when due. The Company has no further obligations for future provident fund benefits other than its monthly contributions.

18. Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

(a) Current tax

The current tax expense for the period is the tax payable on the current period's taxable income computed at the applicable income tax rate and is recognised in the statement of profit and loss. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted.

The provision of tax is made by following lower tax regime as prescribed u/s 115BAA provisions of the Income-tax Act, 1961 (Act). Accordingly tax credit not available has been reversed.

(b) Deferred tax

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

NOTES TO FINANCIAL STATEMENTS (Contd..)

Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences and incurred tax losses to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

(c) Current and Deferred Tax for the year

Current and deferred tax are recognised in the statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the income taxes are also recognised in other comprehensive income or directly in equity respectively.

19. Provisions and Contingencies

Provisions: Provisions are recognised when there is a present obligation or constructive obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessment of the time value of money and the risks specific to the liability

Contingent Liabilities: Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

20. Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of equity shares outstanding during the year are adjusted for the effects of all potential equity shares.

21. Segment Reporting

Segments are identified based on the manner in which the Company's Chief Operating Decision Maker ('CODM') decides about resource allocation and reviews performance. Segment results that are reported to the CODM include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Segment capital expenditure is the total cost incurred during the period to acquire property, plant and equipment and intangible assets other than goodwill.

NOTES TO FINANCIAL STATEMENTS (Contd..)

22. Dividend to Shareholders

Final dividend distributed to equity shareholders is recognised in the period in which it is approved by the members of the Company in the Annual General Meeting. Interim dividend is recognised when approved by the Board of Directors at the Board meeting.

Dividend distributed (including interim dividend) is recognised in the Statement of changes in Equity.

C. Other Notes to Financial Statements

1. Transition to IND AS 116

Effective April 1, 2019, the Company adopted Ind AS 116 "Leases" and applied the standard to its lease contracts existing on April 1, 2019 using the modified retrospective approach under which the ROU Asset is measured at an amount equal to lease liability, which in turn is measured based on the remaining lease payments. . Consequently, the Company recorded the lease liability at the present value of the lease payments discounted at the incremental borrowing rate. The incremental borrowing rate applied is 9%.

H. Categories of plan assets:

All plan assets (100%) are held in 'Assets under Insurance schemes' for the year ending 31.03.2024 and 31.03.2023.

I. Risk Exposure:

The gratuity scheme is a final salary defined benefit plan, that provides for a lump sum payment at the time of separation; based on scheme rules and benefits are calculated on the basis of last drawn salary and the period of service at the time of separation and paid as lump sum. There is a vesting period of 5 years. The design entitles the following risks that affect the liabilities and cash flows,

- i. Interest rates risk: The defined benefit obligation calculated uses a discount rate based on government bonds. If bond's yield falls, the defined benefit obligation will tend to increase.
- ii. Salary inflation risk: Higher than expected increases in salary will increase the defined benefit obligation.
- iii. Demographic risk: The risk of volatility of results due to unexpected nature of decrements that include mortality attrition, disability and retirement. The effect of these decrements on the DBO depends upon the combination of salary increase, discount rate and vesting criteria and therefore not very straightforward. It is important not to overstate withdrawal rate because the cost of retirement benefit of a short caring employees will be less compared to long service employees.
- iv. Asset Liability mismatch: This will come into play unless the funds are invested in a term of the assets replicating the term of the liability.

J. Expected contributions to the plan:

Expected contributions to the plan for the next annual reporting period is Rs. 130.95 lakhs.

9. Financial risk management:

The Company's activities expose it to credit risk, market risk and liquidity risk. In order to minimise any adverse effects on the financial performance of the Company, the company has risk management policies as described below

i. Credit risk:

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The Company is exposed to credit risk from its operating activities (primarily Trade Receivables) and from its investing activities (primarily Deposits with Banks, Loans and advances to Corporates and Investments in Shares and Mutual Funds).

Credit risk from balances with banks, term deposits, loans, investments is managed by Company's finance department.

Trade Receivables are typically unsecured and are derived from revenue earned from customers. Customer credit risk is managed as per the Company's policy and procedures which involve credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business. Outstanding customer receivables are regularly monitored.

The Company's maximum exposure to credit risk for the components of the Balance Sheet as of 31st March, 2024 and 31st March, 2023 is the carrying amounts as disclosed in Note 9.

ii. Market risk:

Market risk is the risk that changes in market prices – such as commodity prices, interest rates and equity prices – will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. Further, the company is not exposed to any foreign currency exchange rate risk which has an impact on the Income statement and Equity as it does not have transaction references with other currencies.

a. Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The interest rate risk can also impact the provision for retirement benefits.

The Company's main interest rate risk arises from short term and long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk.

The Company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk, since neither the carrying amount nor the future cash flows will fluctuate because of changes in market interest rates.

b. Price Risk

Securities price risk is the risk that the fair value of a financial instruments will fluctuate due to changes in market traded prices. The Company invests its surplus funds in various debt instruments and equity

NOTES TO FINANCIAL STATEMENTS (Contd..)

instruments. These investments are susceptible to market price risk, mainly arising from changes in the interest rates or market yields which may impact the return and value of such investments. To manage its price risk arising from investments in mutual funds, the Company diversifies its portfolio.

c. Agricultural Risk

Cultivation of tea being an agricultural activity, there are certain specific financial risks. These financial risks arise mainly due to adverse weather conditions, and fluctuation of selling price of finished goods (tea) due to increase in supply/availability. The Company manages these price fluctuations by actively managing the sourcing of tea, and alternate blending strategies without impacting the quality of the blend.

iii. Liquidity risk:

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Company's objective is to, at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. The Company closely monitors its liquidity position and maintains adequate sources of financing.

The tables below analyse the company's financial liabilities into relevant maturity groupings based on their contractual maturities. The company has only all non-derivative financial liabilities.

The amounts disclosed in the table are contracted undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant. Balances due beyond 12 months are carried at amortised cost.

We have audited the accompanying consolidated Ind As financial statements of **The Peria Karamalai Tea & Produce Company Limited** (hereinafter referred to as the "Holding Company") and its subsidiaries (**up to the date of disposal on 14.11.2023**) (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the consolidated Balance Sheet as at 31, March 2024, the consolidated statement of Profit and Loss including the Statement of other comprehensive income, the consolidated statement of changes in equity and the consolidated cash flow Statement for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies (hereinafter referred to as "the consolidated Ind As financial statements").

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by The Institute of Chartered Accountants of India (ICAI), together with the ethical requirements that are relevant to our audit of the consolidated financial

statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated Ind As financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information Other than the Consolidated Ind AS Financial Statements and Auditor's Report Thereon.

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the consolidated Ind AS financial statements and our auditor's report thereon.

Our opinion on the consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated Ind AS financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with Governance for the Consolidated Ind AS Financial Statements.

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated Ind AS financial statements in terms of the requirements of

the Companies Act, 2013 that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated Ind AS financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group and of its associates and jointly controlled entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group and of its associates and jointly controlled entities.

Auditor's Responsibilities for the Audit of the consolidated Ind AS financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can

arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit.

- Identify and assess the risk of material misstatement of the Consolidated Ind AS Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated Ind AS Financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Ind AS Financial statements, including the disclosures, and whether the Consolidated Ind AS Financial statements represent

the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group of which we are the independent auditors and whose financial information we have audited, to express an opinion on the Consolidated Ind AS Financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the Consolidated Ind AS Financial statements of which we are the independent auditors.
- We communicate with those charged with governance of the Holding Company and such other entities included in the Consolidated Ind AS Financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- We also provide those charged with governance with a statement that we have compiled with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Ind AS Financial statements for the financial year ended March 31, 2024 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

A further description of the auditor's responsibilities for the audit of the consolidated Ind AS financial statements is included in Annexure A. This description forms part of our auditor's report.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

Responsibilities for Audit of Consolidated Ind AS Financial Statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates and jointly controlled entities to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Group and its Associates

and jointly controlled entities to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated Ind AS financial statements, including the disclosures, and whether the consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated Ind AS financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated Ind AS financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated Ind AS financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated

Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in Paragraph 1(g) under "Report on Other Legal & Regulatory Requirements of the independent Auditor's Report to the members of the company on the **Consolidated Ind AS Financial Statements** for the year ended 31 March 2024)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended 31 March 2024, we have audited the internal financial controls over financial reporting of **The Peria Karamalai Tea & Produce Company Limited** (hereinafter referred to as "the Company"), the holding company incorporated in India. The company has disposed off its entire shareholding in erstwhile wholly owned subsidiaries PKT Plantations Limited and Shivphal Vinimay Private Limited on 14.11.2023, for which we were not the auditors and hence the comment on the Internal Financial Control of the erstwhile wholly owned subsidiaries does not arise.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of

Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143 (10) of the Companies Act 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk.

The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company.
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company. and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting

Coimbatore
14th May 2024

to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the company and its subsidiary companies (which were fully disposed on 14.11.2023) which were companies incorporated in India have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2024, based on the internal financial controls over financial reporting criteria established by the respective Companies, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Companies Act, 2013, on the adequacy and operating effectiveness of the Internal Financial Controls Over Financial Reporting insofar as it relates to the Holding company and up to the disposal of subsidiary companies.

ACCOUNTING POLICIES AND NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

31 Notes to the Financial Statements

A Corporate Information:

The Peria Karamalai Tea and Produce Group Limited ('parent Group') and its subsidiaries (together referred to as the 'Group') are mainly engaged in the production and distribution of tea, generation and distribution of power and investment in financial instruments.

The Holding Group is a public limited Group incorporated and domiciled in India and has its registered office at Kolkata, West Bengal, India. The Holding Group has its primary listings on National stock exchange and The Calcutta stock exchange limited.

The financial statements for the year ended March 31, 2024 are approved for issue by Group's Board of Directors on 14th May, 2024.

B. Significant Accounting Policies

1. Basis of preparation and presentation:

a) Statement of Compliance:

These financial statements have been prepared in accordance with the generally accepted accounting principles in India and have complied in all material respects with the Indian Accounting Standards ("Ind AS") notified under Section 133 of the Companies Act, 2013 (the Act), the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 as applicable and also complied with other relevant provisions of the Act and Interpretations issued by the Ind AS Transition Facilitation Group (ITFG) applicable to Companies reporting under Ind As and additional disclosures required by SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

b) Basis of measurement:

The financial statements have been prepared on the historical cost convention on accrual basis except for certain assets and liabilities as stated in the respective policies at fair value at the end of each reporting period.

c) Current and Non-Current Classification:

All assets and liabilities have been classified as current and non-current as per the Group's normal operating cycle and other criteria set out in Ind AS 1 – Presentation of financial statements and schedule III to the Companies act, 2013. Based on the nature of the products and the time between acquisition of assets for processing and their realization of cash and cash equivalents, the Group has ascertained its operating cycle as 12 months for the purpose of classification of assets and liabilities as current and non-current.

The Statement of Cash flows have been prepared under Indirect Method.

2. Basis of consolidation:

The Group consolidates all entities which are controlled by it.

The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over relevant activities of the entity.

Entities controlled by the Group are consolidated from the date control commences until the date control ceases.

Consolidation means recognition of like items of assets, liabilities, equity, income and expense of the entities controlled by the Group.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Contd..)

Inter-Group transactions, balances and unrealised gains on transactions are eliminated in full on consolidation. Unrealised losses are also eliminated if there is a profit on ultimate sale of goods. When necessary, amounts reported by subsidiaries have been adjusted to conform to the Group's accounting policies.

3. Estimates and Judgements:

a) Use of estimates and judgments

The preparation of financial statements is in conformity with the generally accepted accounting principles that require the management to make judgements, estimates and assumptions that affect the reported amounts of assets and liabilities as at the balance sheet date, reported amounts of revenue and expenses for the year and disclosure of contingent liabilities as of the date of balance sheet. The judgements, estimates and assumptions used in the grouping financial statements are based upon the management's evaluation of the relevant facts and circumstances as of the date of financial statements. Actual amounts could differ from these estimates.

b) Significant estimates and judgements

The areas involving significant estimates and judgements are:

- (i) Defined benefit obligation – Refer Note No. 31(B)(8).
- (ii) Current tax expense – Refer Note No.31(B)(5).

4. Property, Plant and Equipment:

- a) Freehold land is carried at cost. All other items of property, plant and equipment including intangibles are carried at cost less accumulated depreciation/amortisation and impairment losses, if any.

Subsequent expenditure relating to an asset is included in its book value only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of a component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the statement of profit and loss during the reporting period in which they are incurred.

The company has used the following useful lives to provide depreciation on the Property, Plant and Equipment:

Class of Asset	Useful Lives
Estate Building	60 Years
Factory Building	30 Years
Plant and Machinery	15 Years
Furniture and Fixture	10 Years
Computers/Software	3 Years
Vehicle	10 Years
Windmill Plant and Machinery	22 Years
Solar Plant and Machinery	20 Years
Solar Plant – Building	12 Years

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Contd..)

b) Biological Assets

Bearer Plants

Biological Assets which are held to bear agricultural produce are classified as bearer plants. The Group recognises tea bushes in the estates as bearer plants which are carried at cost of acquisition less accumulated depreciation and any recognised impairment losses. Costs comprise of expenditure on development, extension, planting, infilling and replanting including cost of uprooting and maintenance of the newly planted bushes. The above costs are carried under Capital Work in Progress until maturity of such bushes.

The company has used the following useful lives to provide depreciation on the Bearer Plants:

Class of Asset	Useful Lives
Tea and Pepper Plants	50 Years
Coffee Plants	15 Years
Cardamom	10 Years

5. Intangible Assets

Intangible assets with finite useful life that are acquired separately are carried out at cost less accumulated amortisation and accumulated impairment losses.

Amortisation is recognised on straight-line basis over their estimated useful life.

6. Depreciation and amortization

Depreciation on tangible assets is in line with the rates specified in Schedule II to the Companies Act, 2013 except for Bearer Plants which are depreciated over their estimated useful life. Tools are amortized over a period of two years. Cost of Intangible assets is amortized over a period of three years on straight line basis.

7. Borrowing Cost

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Other borrowing costs are expensed in the period in which they are incurred.

8. Impairment

The carrying values of assets/cash generating units at each Balance Sheet date are annually reviewed for impairment. If any indication of impairment exists (i.e., if the carrying amount of these assets exceeds their recoverable amount), the recoverable amount of such assets is estimated and impairment is recognized. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognized for an asset in earlier accounting periods no longer exists or may have decreased such reversal of impairment loss is recognised in the Statement of Profit and Loss.

9. Foreign Currency translation

a) Functional and presentation currency

The financial statements are presented in Indian Rupee, the national currency of India, which is the functional currency of the Group.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Contd..)****b) Transactions and balances****i) Initial Recognition**

Foreign currency transactions are recorded in functional currency using the exchange rates prevailing on the date of transaction.

ii) Subsequent recognition

As at the reporting date, monetary assets and liabilities denominated in foreign currency are restated at the closing exchange rates. Exchange differences arising out of actual payment/ realisation and from the year end restatement are recognized in the statement of profit and Loss.

10. Inventories

Inventories are stated at lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Cost of Finished goods (Tea) is determined based on absorption costing method.

Agricultural produce included in the inventory are measured at fair value less estimated point of sale costs

Cost of Nursery stocks represents cost incurred in raising and maintaining such stocks till transplanted.

Inventory at stores are carried at cost. Provision is made for obsolete, slow-moving and defective stocks, where necessary.

11. Cash and cash equivalents

Cash and cash equivalents consist of all cash balances including demand deposits with banks with original maturities of three months or less.

12. Trade Receivable

Trade receivables are recognised less provision for impairment, if any.

13. Investments and Other Financial Assets**(i) Classification**

The Group classifies its financial assets in the following measurement categories:

(a) Those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and

(b) Those measured at amortized cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flow.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For Investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Contd..)

through other comprehensive income (FVTOCI). The Group transfers amount from other comprehensive income to Retained earnings on the de-recognition of the relevant equity instruments for which such irrevocable election has been made by the Group.

The Group reclassifies debt instruments when and only when its business model for managing those asset changes.

(ii) Measurement

Initial Recognition

The Group measures a financial asset (in the case of a financial asset not carried at a fair value through profit or loss) at its fair value plus transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the statement of profit and loss.

Subsequent Measurement:

(a) Equity Instruments

The Group subsequently measures all investments in equity (except that in the subsidiary) at fair value and has elected to present fair value gains and losses on equity investments in other comprehensive income with no subsequent reclassification of fair value gains and losses to the statement of profit and loss.

Investments in subsidiaries and associates are measured at cost less provision for impairment.

(b) Debt Instruments

Group's investments in Mutual Funds (debt funds) are measured at Fair Value through Profit or Loss (FVTPL). A gain or loss on a debt investment that is subsequently measured at FVTPL and is not part of a hedging relationship is recognized in profit or loss and presented in the statement of profit and loss in the period in which it arises.

(iii) Impairment of financial assets:

The Group assesses expected credit losses associated with its assets carried at amortised cost based on Group's past history of recovery, credit-worthiness of the counter party and existing market conditions. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables, the Group applies the simplified approach for recognition of impairment allowance as provided in Ind AS 109, which requires expected credit losses to be recognised from initial recognition of the receivables.

(iv) De-recognition of financial assets:

A financial asset is de-recognised only when:

- (a) The Group's contractual right to the cash flow expires or
- (b) The Group has transferred the rights to receive cash flows from the financial asset.

14. Financial liabilities

Initial recognition and measurement:

All financial liabilities are recognised initially at fair value and in case of loans and borrowings net of directly attributable costs. Financial liabilities are subsequently measured at amortised cost using effective interest

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Contd..)

method. For trade and other payables maturing within one year from the balance sheet date, the carrying value approximates fair value due to short maturity of these instruments.

15. Revenue Recognition:

Ind AS 115 establishes a five-step model to account for revenue arising from contracts with customers. It requires revenue to be recognised when (or as) the entity satisfies a performance obligation by transferring a promised good/service to a customer. An asset is transferred when (or as) the customer obtains control of that asset.

The entity recognizes significant financing component in a contract as finance cost (or income) as per Ind AS 115. No effect has been provided for contracts for which period of obligation is one year or less (as per para 63 of Ind AS 115).

Revenue from contract with customers is recognised when the Group satisfies performance obligation by transferring promised goods and services to the customer. Performance obligations maybe satisfied at a point of time or over a period of time. Performance obligations satisfied over a period of time are recognised as per the terms of relevant contractual agreements/ arrangements. Performance obligations are said to be satisfied at a point of time when the customer obtains controls of the asset. Revenue is measured based on transaction price, which is the fair value of the consideration received or receivable, stated net of discounts, returns and goods and service tax. Transaction price is recognised based on the price specified in the contract, net of the estimated sales incentives/ discounts.

Revenue from sale of tea at auction is recognised on receipt of sale notes from brokers.

Dividends are recognised in the statement of profit and loss only when the right to receive payment is established.

16. Leases:

The Group as a lessee

The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (i) the contract involves the use of an identified asset (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Contd..)

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. Lease liabilities are re-measured with a corresponding adjustment to the related right of use asset if the Group changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The Group as a lessor

A Lease for which the Group is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. When the Group is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease. For operating leases, rental income is recognized on a straight-line basis over the term of the relevant lease.

17. Government Grant and Government assistance:

Government grants are recognised at fair value where there is a reasonable assurance that the grant will be received and all attached conditions will be complied with.

Subsidies received against manufacture of specified varieties of tea are recorded as income in the period of manufacture of such goods.

Non-monetary grant is recognised at a nominal amount.

18. Employee benefits:

a) Short term obligations

Liabilities for wages and salaries that are expected to be settled wholly within 12 months after the end of the period in which the employees render their related services are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the Balance Sheet.

The Group recognises a liability and an expense for bonuses where there is a contractual obligation or where there is a past practice that has created a constructive obligation.

b) Other Employee Benefit Obligation

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of the expected future payments to be made in respect of services provided by employee up to the end of reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Measurements as a result of experience adjustments and changes in actuarial assumptions are recognized in profit or loss. 84 The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regard less of when the actual settlement is expected to occur.

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as Short term employee benefit

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Contd..)

c) Post-employment obligations

The Group has the following post-employment obligations/plans:

- (a) Defined benefit plans such as gratuity for its eligible employees; and
- (b) Defined contribution plans such as provident fund and superannuation.

(i) Gratuity:

Liabilities with regard to the gratuity are determined by actuarial valuation at each balance sheet date using projected unit credit method by an Independent actuary. The Group makes annual contributions to The Gratuity Fund of The Peria Karamalai Tea & Produce Group (The Trust). Trustees administer contributions made to the trust and contributions are invested in schemes managed by Life Insurance Corporation of India.

The liability or asset recognised in the Balance Sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets.

Actuarial gains or losses are recognized in other comprehensive income. Further, the profit or loss does not include an expected return on plan assets. Instead net interest recognized in profit or loss is calculated by applying the discount rate used to measure the defined benefit obligation to the net defined benefit liability or asset. Re-measurement gains or losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income.

(ii) Superannuation Fund:

This is a defined contribution plan. The Group contributes towards superannuation fund administered and managed by Life Insurance Corporation of India (LIC). The Group has no further obligations for future superannuation benefits other than its monthly contributions and recognises such contributions as expense in the year incurred.

(iii) Provident Fund:

This is a defined contribution plan and contributions made to the Fund as per the rules of the Group are charged to profit and loss as and when due. The Group has no further obligations for future provident fund benefits other than its monthly contributions.

19. Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

(a) Current tax

The current tax expense for the period is the tax payable on the current period's taxable income computed at the applicable income tax rate and is recognised in the statement of profit and loss. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's current tax is calculated using tax rates that have been enacted.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Contd..)

The provision of tax is made by following lower tax regime as prescribed u/s 115BAA provisions of the Income-tax Act, 1961 (Act). Accordingly tax credit not available has been reversed.

(b) Deferred tax

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences and incurred tax losses to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

(c) Current and Deferred Tax for the year

Current and deferred tax are recognised in the statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the income taxes are also recognised in other comprehensive income or directly in equity respectively.

20. Provisions and Contingencies

Provisions: Provisions are recognised when there is a present obligation or constructive obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessment of the time value of money and the risks specific to the liability

Contingent Liabilities: Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

21. Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Contd..)**

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of equity shares outstanding during the year are adjusted for the effects of all potential equity shares.

22. Segment Reporting

Segments are identified based on the manner in which the Group's Chief Operating Decision Maker ('CODM') decides about resource allocation and reviews performance. Segment results that are reported to the CODM include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Segment capital expenditure is the total cost incurred during the period to acquire property, plant and equipment and intangible assets other than goodwill.

23. Dividend to Shareholders

Final dividend distributed to equity shareholders is recognised in the period in which it is approved by the members of the Group in the Annual General Meeting. Interim dividend is recognised when approved by the Board of Directors at the Board meeting.

Dividend distributed (including interim dividend) is recognised in the Statement of changes in Equity.

C. Other Notes to Financial Statements**1. Transition to IND AS 116**

Effective April 1, 2019, the Group adopted Ind AS 116 "Leases" and applied the standard to its lease contracts existing on April 1, 2019 using the modified retrospective approach under which the ROU Asset is measured at an amount equal to lease liability, which in turn is measured based on the remaining lease payments. Consequently, the Group recorded the lease liability at the present value of the lease payments discounted at the incremental borrowing rate.

The incremental borrowing rate applied is 9%.

I. Risk Exposure:

The gratuity scheme is a final salary defined benefit plan, that provides for a lump sum payment at the time of separation; based on scheme rules and benefits are calculated on the basis of last drawn salary and the period of service at the time of separation and paid as lump sum. There is a vesting period of 5 years. The design entitles the following risks that affect the liabilities and cash flows,

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Contd..)

- i. Interest rates risk: The defined benefit obligation calculated uses a discount rate based on government bonds. If bond's yield falls, the defined benefit obligation will tend to increase.
- ii. Salary inflation risk: Higher than expected increases in salary will increase the defined benefit obligation.
- iii. Demographic risk: The risk of volatility of results due to unexpected nature of decrements that include mortality attrition, disability and retirement. The effect of these decrements on the DBO depends upon the combination of salary increase, discount rate and vesting criteria and therefore not very straightforward. It is important not to overstate withdrawal rate because the cost of retirement benefit of a short caring employees will be less compared to long service employees.
- iv. Asset Liability mismatch: This will come into play unless the funds are invested in a term of the assets replicating the term of the liability.

J. Expected contributions to the plan:

Expected contributions to the plan for the next annual reporting period is Rs. 130.95 lakhs.

9. Financial risk management:

The Group's activities expose it to credit risk, market risk and liquidity risk. In order to minimise any adverse effects on the financial performance of the Group, the Group has risk management policies as described below

i. Credit risk:

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The Group is exposed to credit risk from its operating activities (primarily Trade Receivables) and from its investing activities (primarily Deposits with Banks, Loans and advances to Corporates and Investments in Shares and Mutual Funds).

Credit risk from balances with banks, term deposits, loans, investments is managed by Group's finance department.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Contd..)

Trade Receivables are typically unsecured and are derived from revenue earned from customers. Customer credit risk is managed as per the Group's policy and procedures which involve credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Group grants credit terms in the normal course of business. Outstanding customer receivables are regularly monitored.

The Group's maximum exposure to credit risk for the components of the Balance Sheet as of 31st March, 2024 and 31st March, 2023 is the carrying amounts as disclosed in Note 9.

ii. Market risk:

Market risk is the risk that changes in market prices – such as commodity prices, interest rates and equity prices – will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. Further, the Group is not exposed to any foreign currency exchange rate risk which has an impact on the Income statement and Equity as it does not have transaction references with other currencies.

a. Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The interest rate risk can also impact the provision for retirement benefits.

The Group's main interest rate risk arises from short term and long-term borrowings with variable rates, which expose the Group to cash flow interest rate risk.

The Group's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk, since neither the carrying amount nor the future cash flows will fluctuate because of changes in market interest rates.

b. Price Risk

Securities price risk is the risk that the fair value of a financial instruments will fluctuate due to changes in market traded prices. The Group invests its surplus funds in various debt instruments and equity instruments. These investments are susceptible to market price risk, mainly arising from changes in the interest rates or market yields which may impact the return and value of such investments. To manage its price risk arising from investments in mutual funds, the Group diversifies its portfolio.

c. Agricultural Risk

Cultivation of tea being an agricultural activity, there are certain specific financial risks. These financial risks arise mainly due to adverse weather conditions, and fluctuation of selling price of finished goods (tea) due to increase in supply/availability. The Group manages these price fluctuations by actively managing the sourcing of tea, and alternate blending strategies without impacting the quality of the blend.

iii. Liquidity risk:

Liquidity risk is the risk that the Group may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Group's objective is to, at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. The Group closely monitors its liquidity position and maintains adequate sources of financing.

The tables below analyse the Group's financial liabilities into relevant maturity groupings based on their contractual maturities. The Group has only all non-derivative financial liabilities.

The amounts disclosed in the table are contracted undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant. Balances due beyond 12 months are carried at amortised cost.
