CHAIRMAN'S MESSAGE

Bhavik Suryakant Parikh
Chairman & Managing Director

Dear Stakeholders,

It gives me immense pleasure to welcome you all to your Company's 29th Annual General Meeting. On behalf of the Board of Directors, and everyone at Globe Textiles (India) Limited, I would like to thank you for your trust and confidence and look forward to your continued support to the Board of Directors and the Management.

The Annual Report for the year ended 31st March, 2024, along with the Directors' Report and audited Annual Accounts of the Company, have been shared with you, and may I request that these be taken as read. I would now like to outline the salient aspects of your Company's financial and operational performance for the year 2023-24, followed by an outline of the overall business environment.

Review of the Year

The past year has been marked by significant milestones. The Company has successfully completed the Right Issue of 44.74 crore and acquired 70% stake in Globe Denwash Private Limited, a Company having expertise in denim washing and finishing. Its sustainable processing techniques ensure that energy consumption is minimized while its Zero Liquid Discharge system maximizes water recycling.

We also have launched a new division called "**FASHION ATTIRE DIVISION**" which will ensure that GTIL provides a higher value addition to its customers. With the new division, GTIL aims to bring in a new range of products and apparel by introducing men's and women's denim and printed tops, shirts, jackets and dresses. GTIL aims to connect better with its customers, upgrade itself to a one-stop destination for fashion brands, and provide a better value proposition to its stakeholders.

Financial Performance

Our financial performance has been robust; with revenue of Rs. 42822.40 lakhs which shows growth of 7.26% compared to previous year and a net profit of Rs. 575.11 lakhs, spiked 27.65%. This steady and continuous success is a testament to the hard work and dedication of our employees, who have worked tirelessly to ensure that we remain competitive in an ever-changing market.

Strategic Initiatives

We have made significant progress on our strategic initiatives, including:

- Expanding our presence in emerging markets
- Diversifying our product portfolio to cater to growing demand for sustainable textiles

Future Outlook

As we look to the future, we are excited about the opportunities that lie ahead. We will continue to invest in innovation, expand our global reach, and strengthen our relationships with our customers and partners. We are confident that our strategic initiatives will drive growth, improve profitability, and create long-term value for our shareholders.

CSR

I am pleased to report that our Company remains committed to making a positive impact on society through our Corporate Social Responsibility (CSR) initiatives. During the financial year 2023-24, we continued to focus on health and hygiene, environment and climate, skill development and community development projects. Through these initiatives, we have made a positive impact on the lives of many people and contributed to the sustainable development of our communities. We remain committed to our CSR efforts and will continue to work towards making a difference in the years to come.

I am proud to announce that during the financial year 2023-24, we spent Rs. 10.00 Lakhs on our CSR initiatives. These initiatives have made a tangible difference in the lives of many people, and we are committed to continuing and expanding our CSR efforts in the years to come.

Appreciation and Thanks

I would like to take this opportunity to thank our shareholders for their continued support, our customers for their loyalty, and our employees for their hard work and dedication. Your trust and commitment are the driving force behind our success.

Conclusion

In conclusion, as I reflect on our accomplishments, I am filled with pride and a sense of accomplishment. But I am even more excited about the opportunities that lie ahead. With our strong foundation, talented team, and commitment to excellence, I am confident that our best days are yet to come.

Together, we will continue to weave a brighter future for Globe Textiles (India) Limited, driven by innovation, sustainability, and a passion for excellence. We will create value

for all our stakeholders, from our customers and employees to our shareholders and the communities we serve.

Thank you for your trust, support, and partnership. I look forward to continuing this journey together and achieving even greater heights in the years to come.

Thank you.

Warm regards,

FINANCIALS AT GLANCE

The EBITDA of the Company shows a fluctuating trend, with a notable decline in financial year 2020-21. Thereafter, the EBITDA recovered and increased steadily from 2021-22 to 2023-24. The highest value in 2023-24 indicates a strong upward trend of earnings.

The overall trend of EBITDA margin shows a decline in 2021, followed by a steady increase from 2022 to 2024, indicating improved profitability of the Company. The EBITDA margin decreased significantly in FY 2020-21 (3.36%) from the

previous year. Thereafter, the margin recovered and increased steadily from 2022 to 2024, reaching a high of 5.30% in 2024. The company achieved its highest EBITDA margin in 2024, surpassing the 2020 level.

The Company has generated highest revenue in FY 2023-24 indicate strong upward in growth journey. The revenue continue to rise steadily from 2021-22 to 2023-24. The dip in 2020-21 could be attributed to external factors, followed by a recovery and steady growth in the revenue of the Company.

The company reported a net profit of 5.75 crores for the 2024 fiscal year, a significant increase from the previous year's profit of 4.51 crores. This marks the third consecutive year of profit growth, driven by increased sales and improved operational efficiency. The company expects to continue growing profits in the next year, driven by new product launches and expanding market share."

The company's net worth surged to 103.85 crores in the year 2024, representing a remarkable 90% jump from the previous year's figure of 54.41 crores. This achievement marks the company's third consecutive year of net worth expansion, fueled by the fund raising by issue of 14,91,37,692

right equity shares on March 28, 2024. Looking ahead, the company is poised

to sustain its momentum, with new business ventures and strategic investments expected to drive further net worth growth in the upcoming years.

The data shows a decrease in employee benefits in 2021, with a value of Rs. 6.15 crores, which is approximately 29% lower than the previous year 2020. This could be attributed to various factors as well as pandemic which affects the business of the Company. The benefits increased in 2022,

reaching Rs. 9.13 crores, indicating a recovery from the previous year's decline. This upward trend continued in 2023, with a substantial increase to Rs. 20.85 crores, representing a significant investment in employee benefits. Although the benefits remained high in 2024, there was a slight decrease to Rs. 19.45 crores, which could be due to various reasons such as changes in business strategy, economic conditions, or a rebalancing of priorities.

NOTES:

1. Pursuant to the General Circular No. 14/2020 dated April 8, 2020, Circular No.17/2020 dated April 13, 2020 and Circular No. 20/2020 dated May 05, 2020, issued by the Ministry of Corporate Affairs (MCA) and (hereinafter referred to as “MCA Circulars”), companies are allowed to hold AGM through VC, without the physical presence of members at a common venue. Hence, in compliance with the Circulars, the AGM of the Company is being held through VC. The deemed venue for the AGM shall be the Registered Office of the Company. The detailed procedure for participating in the meeting through VC / OAVM is appended herewith and also available at the Company’s website <http://globetextiles.net>.
2. In accordance with the Secretarial Standard - 2 on General Meetings issued by the ICSI read with Clarification / Guidance on applicability of Secretarial Standards - 1 and 2 dated 15th April, 2020 issued by the ICSI, the proceedings of the AGM shall be deemed to be conducted at the Registered Office of the Company i.e. Plot No. 38 to 41, Ahmedabad Apparel Park, GIDC, Khokhra, Ahmedabad - 380 008 which shall be the venue of the AGM. Since the AGM will be held through VC / OAVM, the Route Map is not annexed in this Notice.
3. Disclosure pursuant to Regulation 36(3) of SEBI (LODR) Regulations, 2015 and Secretarial Standard - 2 (SS-2) with respect to the Directors seeking appointment / re-appointment at the forth coming Annual General Meeting is appended to this Notice.
4. The Explanatory Statement pursuant to Section 102 of the Companies Act, 2013, which sets out details relating to Special Business at the meeting, is annexed hereto.
5. Register of Directors and Key Managerial Personnel of the Company and their shareholding maintained under Section 170 of the Companies Act, 2013, the Register of Contracts and Arrangements in which the Directors are interested maintained under Section 189 of the Companies Act, 2013 and all other documents referred to in the Notice will be available for

inspection by the members in electronic mode. Members can send an e-mail to cs@globetextiles.net requesting for inspection of the Registers.

6. Pursuant to the provisions of the Act, a Member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his/her behalf and the proxy need not be a Member of the Company. Since this AGM is being held pursuant to the MCA Circulars through VC / OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice.
7. A person, whose name is recorded in the register of members or in the register of beneficial owners maintained by the depositories as on the cut-off date i.e. Monday, 23rd September, 2024 only shall be entitled to avail the remote e-voting facility as well as voting in the AGM.
8. The business set out in the Notice will be transacted through an electronic voting system and the Company is providing facility for voting by electronic means. The details of e-voting procedure are given under Note No.20.
9. Corporate Members intending to send their authorized representatives to attend the Meeting are requested to send a certified true copy of Board Resolution duly authorizing their representative to our Registered Office to attend and to vote on their behalf at the meeting.
10. Members desirous of obtaining any information as regards Accounts and Operations of the Company are requested to write at least seven days before the meeting so that the same could be complied in advance.
11. In compliance with the MCA circulars and SEBI Circulars mentioned above, Notice of the AGM along with the Annual Report 2023-24 is being sent only through electronic mode to those Members whose email addresses are registered with the Company / Depositories. Members may note that the Notice along with the Annual Report will also be made available on the Company's website at <https://globetextiles.net/> and website of the stock exchange www.nseindia.com where the Company's shares are listed. In case of joint holders attending the AGM, only such joint holder who is higher in the order of names will be entitled to vote.
12. As you are aware, in view of the situation arising due to COVID-19 global pandemic, the general meetings of the companies shall be conducted as per the guidelines and the circulars, the forthcoming AGM will thus be held through video conferencing (VC) or other audio visual means (OAVM). Hence, Members can attend and participate in the ensuing AGM through VC/OAVM. Mr. Jatinbhai Harishbhai Kapadia, Practicing Company Secretary (FCS No 11418 & CP No. 12043) has been appointed as the Scrutinizer to scrutinise the e-voting (Insta Poll) during the AGM and remote e-voting process in a fair and transparent manner.
13. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended) and the

circulars, the Company shall provide the facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.

14. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to at least 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairperson of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
15. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
16. Pursuant to MCA Circular No. 14/2020 dated April 08, 2020, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC/OAVM and cast their votes through e-voting.
17. In line with the circulars, the Notice calling the AGM has been uploaded on the website of the Company at <https://globetextiles.net/>. The Notice can also be accessed from the websites of the Stock Exchange i.e. NSE at www.nseindia.com. The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM) i.e. www.evotingindia.com.
18. The AGM/EGM has been convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA Circular No. 14/2020 dated April 8, 2020 and MCA Circular No. 17/2020 dated April 13, 2020 and MCA Circular No. 20/2020 dated May 05, 2020.
19. In continuation to this Ministry's General Circular No. 20/2020 dated 05.05.2020, General Circular No. 02/2022 dated 05.05.2022 and General Circular No. 10/2022 dated 28.12.2022 and after due examination, it has been decided to allow companies whose AGMs are due in the Year 2023 or 2024, to conduct their AGMs through VC or OAVM on or before 30th September, 2024 in accordance with the requirements laid down in Para 3 and Para 4 of the General Circular No. 20/2020 dated 05.05.2020.

- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015; listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained

with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

MANAGEMENT’S DISCUSSION AND ANALYSIS

GLOBAL ECONOMY

The global economy surprised many by demonstrating resilience during 2023-2024. Economic activity continued to grow even as concerns about stagflation (stagnant growth with high inflation) and recession were raised, while the short-term outlook appears stable; the projected growth rate for the next five years is the lowest in decades. This raises concerns about long-term economic health. The report emphasizes the need for urgent reforms to address these long-term challenges. While acknowledging the recent Israel-Palestine conflict adds uncertainty, IMF believes its impact on global supply and demand will be less severe compared to the war in Ukraine. It remains cautiously optimistic about the overall global economic situation.

The global economy is expected to grow at a steady pace of 3.2% in 2024 and 2025, similar to 2023. However, this growth rate is lower than the historical average due to various factors like high borrowing costs, reduced fiscal support, and the ongoing Russia-Ukraine conflict.

In terms of inflation, the global headline inflation is expected to decrease from 6.8% in 2023 to 5.9% in 2024 and further to 4.5% in 2025. Advanced economies are expected to achieve a growth rate of 1.7% in 2024 and 1.8% in 2025, while emerging market and developing economies will experience a modest slowdown from 4.3% in 2023 to 4.2% in both 2024 and 2025.

INDIAN ECONOMY

India shines brightly in the global economic landscape, driven by its remarkable growth trajectory and unwavering commitment to excellence. With a rich cultural heritage and a vast population of over 1.4 billion, the nation has emerged as a formidable economic powerhouse, consistently making its mark on the world stage.

In 2023, India's GDP experienced a significant surge, solidifying its position as a leading player in the global economy. The real GDP growth rate reached an impressive 7.6% in 2023-24, fueled by robust demand in the residential sector, which led to a double-digit growth in the construction industry.

Notably, India's GDP growth rate outpaces that of major economies, including Russia, the US, China, and Japan, cementing its status as a dominant economic force. This achievement underscores India's resilience and potential for continued growth, making it a beacon of hope in the global economic arena.

Since 2014, India has undergone significant structural reforms, leading to transformative growth across various sectors. The outcome of these focused efforts is evident in India's emergence as the fastest-growing economy among G20 nations, with impressive estimated growth rates of 7.3% in 2023-24, 7.2% in 2022-23, and 9.1% in 2021-22. To sustain this momentum, India continues to prioritize innovation, ranking 48th globally in the Global Innovation Index 2023 and securing the 40th position out of 132 economies. Additionally, India ranks 3rd in the global number of scientific publications, underscoring its commitment to research and development. The country's economic growth is further bolstered by its robust export performance, with merchandise exports reaching

USD 41.68 billion in March 2024, contributing to a total of USD 437.06 billion for the period spanning April 2023 to March 2024. As of April 12, 2024, India's foreign exchange reserves stood at a strong USD 643.162 billion, indicating a stable financial position.

The Government's economic policy agenda is sharply focused on unlocking and amplifying India's growth potential. This multifaceted strategy encompasses a range of initiatives aimed at revitalizing the financial sector, simplifying business conditions, and upgrading both physical and digital infrastructure to enhance connectivity and boost manufacturing competitiveness.

Moreover, ongoing economic reforms are designed to create a more favorable business environment, improve the quality of life for citizens, and strengthen governance systems to align with this overarching vision. By pursuing these comprehensive efforts, the Government aims to drive sustainable growth, foster innovation, and establish India as a leading economic powerhouse on the global stage.

GLOBAL TEXTILE AND APPREL INDUSTRY

In 2023, the global textile market reached a valuation of \$638.03 billion, but its growth was severely impacted by various factors, primarily the Russia-Ukraine conflict. This conflict led to widespread turmoil, prompting many brands to halt their operations in Russia. Additionally, escalating energy and raw material costs further exacerbated the challenges. As a result, companies across the textile value chain faced a 'perfect storm' scenario, characterized by:

- High production costs due to increased energy and raw material expenses
- Subdued demand amidst geopolitical uncertainty and economic slowdown

Experts forecast a seismic shift in the global garment industry, with US garment imports projected to decline by 25% to 30%. This trend is expected to continue until the market reaches equilibrium, reflecting the ongoing evolution in the US retail sector. Key factors driving this transformation includes, changing consumer behavior and preferences, rising demand for sustainable and ethical fashion, increasing competition from e-commerce and fast-fashion retailers, Shifts in global trade policies and agreements.

As the US retail sector adapts to these changes, the garment industry can expect a prolonged period of adjustment, with potential opportunities for innovation, consolidation, and growth."

The global textile industry is projected to reach a value of \$689.54 billion in 2024, despite a challenging outlook. Although business conditions showed a slight improvement from November 2023 to January 2024, the overall sentiment remained cautious by March 2024. While there are signs of slight recovery, the industry's overall outlook remains subdued, and companies must navigate these challenges to achieve growth and stability in 2024.

Furthermore, challenges such as recessionary trends, increased food prices, and heightened energy costs due to ongoing conflicts are anticipated to persist. The industry must adapt to these changing dynamics to navigate the evolving landscape successfully. (Source: India Retailer, Live mint, Textile insights)

INDIAN TEXTILE AND APPREL INDUSTRY

India's textile and apparel industry holds a significant position in the country's economy, contributing approximately 2.3% to the GDP, 13% to industrial production, and 12% to exports. It also stands as the second-largest employer, providing jobs to 45 million people directly and 100 million in allied sectors. India is the world's fourth-largest producer and exporter of garments after China, Bangladesh and Vietnam and the world's second-largest producer and exporter of textiles after China. Nearly two-thirds of India's textile exports go to the US and the UK due to its enterprises' commitment to high quality. However, adverse economic conditions, compounded by the Red Sea crisis, have taken a toll on textile exports. In the fiscal year 2023-24, textile exports declined by 3.4% year-on-year, with textiles worth \$34.43 billion exported between April 2023 to February 2024, down from \$35.58 billion in the previous fiscal period.

India's textile exports experienced a significant decline, particularly in garment sector, which fell by 11.4% to \$13.05 billion from \$14.73 billion in the same period last year. The decline can be attributed to adverse economic conditions in Western markets, leading to reduced demand, the Red Sea crisis, resulting in higher shipping costs and extended transit times. These factors have cumulatively impacted India's textile exports, making it challenging for the industry to maintain its competitive edge in the global market.

Despite the current challenges, industry experts remain optimistic about the potential for export improvement, especially with signs of revival in the US market. However, the domestic market presents its own set of challenges, with sluggish demand observed even during festive seasons. Reduced yarn imports by China, and decreased buying by weavers and knitters have contributed to under-utilization in the spinning sector. Additionally, reduced exports and subdued local consumption have posed challenges for the local textile industry.

More than 70% of the industry's output is based on cotton as opposed to the global average, where goods made of man-made fibre account for a bigger share, the industry is vulnerable to changes in the cotton market. Bilateral agreements with countries like the UAE and Australia along with upcoming agreements with the US, UK and European Union, offer opportunities for India to increase its market share. *(Source: Times of India)*

Government initiatives

The Indian government has introduced several initiatives to boost the textile industry in 2025. Some of these initiatives include:

- **Samarth:** The Samarth scheme, which is administered by the Ministry of Textiles, was extended until March 31, 2025. The scheme aims to train and skill textile workers to increase their productivity and employability.
- **Production-Linked Incentive (PLI) Scheme:** The PLI scheme was approved with an outlay of ₹10,683 crore to promote the production of technical textiles, man-made fiber fabrics, and man-made fiber apparel. The scheme aims to help the textile sector achieve scale and size, and become competitive.

- **Pradhan Mantri Mega Integrated Textile Region and Apparel (PM MITRA):** This is another initiative for the textile industry.
- **National Technical Textiles Mission (NTTM):** This is another initiative for the textile industry.

India's textile industry is projected to grow at a CAGR of 14.8% from 2021 to 2025, reaching a market value of \$350 billion by 2025.

SWOT analysis

Strengths

- **Substantial availability of raw materials**
India's strength lies in its self-sufficiency in raw materials, particularly natural fibre, with the country being the world's third-largest producer of cotton. What distinguishes the Indian textile industry is its capability to produce and process various types of fibre.
- Continuous government support
- Relatively lower costs
- Reduced supply time
- **Low cost and skilled manpower**
Indian Textile industry has historically thrived due to its combination of low-cost labor and robust entrepreneurial capabilities.
- Rising disposable incomes
- Digitalization catalyzing e-commerce growth
- Increase in Population
- Growing urbanization

Weaknesses

- Labour productivity is low
- Competitive imports
- Fabric processing
- High cost of electricity and lengthy export lead time
- Use of outdated technology
- Inadaptable labour laws
- Growing competition from e-commerce
- Increased reliance on cotton

Opportunities

- **Immense growth potential**
The textile and apparel industry is expected to grow to US\$ 190 billion by FY26.
- Bilateral relations
- Economic growth and manufacturing of value-added
- Proposed FDI in multi-brand retail
- products to boost unit value realization
- **Foreign investments**

According to the new Draft of the National Textile Policy, the Government is planning to attract foreign investment and creating employment opportunities for 35 million people.

- Constant innovation and technological up-gradation

Threats

- Multiple seasons cycle
- Growth of international brands
- International labour and environmental laws
- Out of quotas phasing
- Inventory pile ups on account of global slowdown
- manufacturing and sales
- Geographical disadvantages

SEGMENT-WISE OR PRODUCT WISE PERFORMANCE

The Company has determined its business as Textiles Trading and Manufacturing. Since there is no other business segment in which the Company operates, there are no other primary reportable segments. For the period under review, the Company has noted the export sales of Rs. 51.12 Cr and domestic sales of Rs. 365.32 Cr.

OUTLOOK

Looking ahead to 2025, the World Bank has raised its growth forecast for India's economy to 7 per cent for the current financial year (FY25), up from an earlier projection of 6.6 per cent. This revision comes amid expectations of stronger economic performance, driven by key factors such as private consumption and investment.

While the economy remains resilient, achieving the ambitious goal of \$1 trillion in merchandise exports by 2030 will require strategic diversification and deeper integration into global value chains.

RISKS AND CONCERNS

The textile and apparel industry faces significant growth challenges amidst a complex economic landscape. Two major trends will impact growth prospects:

Economic Trends Impacting Growth Prospects:

1. **Inflation:** Elevated inflation rates are expected to persist, driven by commodity price increases and broadening price pressures. This will lead to higher production costs, reduced consumer purchasing power, and decreased demand.
2. **Interest Rate Hikes:** Central Banks' anticipated rate increases will lower growth, exert pressure on economies, and disproportionately affect emerging markets. This will lead to reduced consumer spending, decreased investment, and slower economic growth.

Challenges for the Company:

1. **Cost Pressures:** Navigating increased costs will significantly impact performance. Companies must implement effective cost management strategies to maintain profitability.
2. **Consumer Behavior Shifts:** Diminishing purchasing power and demand may lead to fundamental changes in consumer behavior, including reduced spending, changed preferences, and increased price sensitivity.
3. **Market Impact:** Adverse effects on the textile and apparel market due to economic circumstances may lead to reduced sales, decreased market share, and increased competition.

HEALTH, SAFETY AND ENVIRONMENT

Company considers its Human Resources as a very important asset and a key in achieving operational performance. Company continues to provide them with a safe and comfortable working environment. During the difficult pandemic times, the company has taken numerous precautions to protect its staff and workers. The company regularly complies with all stipulated environmental and safety norms.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

Your Company has an effective internal control and risk-mitigation system, which is constantly assessed and strengthened with new/revised standard operating procedures. The Company's internal control system is commensurate with its size, scale and complexities of operations. To enhance the internal control procedures, the Company has appointed Shefali R Sheth & Co. as its internal auditor.

It also ensures that they are recorded in all material respect to permit preparation of financial statements in conformity with established accounting principles along with the assets of the Company being adequately safeguarded against significant loss or misuse. An independent Internal Audit function is an important element of Company's Internal Control System. This is supplemented through an extensive internal audit program and periodic review by the management and the Audit Committee of Board.

INDEPENDENT AUDITOR'S REPORT

To the Members of Globe Textiles (India) Limited

Report on the audit of the Standalone Ind AS Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of **Globe Textiles (India) Limited** ("the Company"), which comprise the Balance Sheet as at 31st March, 2024, the Statement of Profit and Loss (including other comprehensive income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of material accounting policies and other explanatory information (herein after referred to as "Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2024, the Profit and total comprehensive Income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and informing our opinion thereon, and we do not provide a separate opinion on these matters.

Sr. No.	Key Audit Matter	Auditor's Response
1.	<p>Contingencies relating to taxation, and litigations</p> <p>The provisions and contingent liabilities are associated with ongoing litigations with various authorities, primarily concerning direct taxes arising in the ordinary course of business. As of March 31, 2024, the amounts involved are significant. Assessing a provision or contingent liability necessitates considerable judgment by the Company's management due to the inherent complexity in estimating future costs. The amount recognized as a provision represents the best estimate of the expenditure required. These provisions and contingent liabilities are subject to changes based on litigation outcomes and the positions adopted by the Company's management. It involves significant judgement and estimation to determine the likelihood and timing of the cash outflows and interpretations of the legal aspects, tax legislations and judgements previously made by authorities.</p>	<p>Principal Audit Procedures</p> <p>We have obtained an understanding of the process followed by the management of the Company for assessment and determination of the amounts of provisions and contingent liabilities relating to taxation and litigations.</p> <p>Our review included examining the management's underlying assumptions regarding the estimation of tax provisions and potential outcomes of disputes. Additionally, we assessed the legal precedents and other rulings provided by management to support its positions on various matters.</p> <p>Additionally, we reviewed the assumptions made by management as of March 31, 2024, and assessed whether any changes were necessary based on information and updates provided during the year.</p>

Information other than the Ind AS Financial Statements and Auditor's Report thereon

The Company's management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management’s Responsibility for the Standalone Financial Statements

The Company’s Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 (“the Act”) with respect to the preparation and presentation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the applicable Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company’s financial reporting process.

Auditor’s Responsibilities for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.
2. As required by section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

- b. In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
- d. In our opinion, the aforesaid Standalone Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended;
- e. On the basis of the written representations received from the directors as on 31st March, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2024 from being appointed as a director in terms of Section 164(2) of the Act;
- f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in 'Annexure B'; Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - A. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 28 to the financial statements;
 - B. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - C. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - D. (i) The management of the company has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(ii) The management of the company has represented that, that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds

have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) above contain any material misstatement.

- E. There was no amount of dividend declared or paid during the year by the company.
- F. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except that, audit trail feature is not enabled for certain direct changes to data when using certain access rights, as described in note 40 to the financial statements. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with in respect of the accounting software.

3. With respect to the matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of section 197 of the Act. The remuneration paid to any director is not in excess of limit laid down under section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under section 197 (16) which are required to be commented upon by us.

RE: Globe Textiles (India) Limited

(Referred to in Paragraph 1 of our Report of even date)

- (i) (a)(A) In our opinion and according to the information and explanation given to us and the records produced to us for our verification, the company is maintaining proper records showing full particulars, including quantitative details and situation of the Property, Plant and Equipment.
- (B) In our opinion and according to the information and explanation given to us and the records produced to us for our verification, the company is maintaining proper records showing full particulars of intangible assets.
- (b) In our opinion and according to the information and explanation given to us and the records produced to us for our verification, the Company has a regular programme of physical verification of its Property, Plant and Equipment's by which all Property, Plant and Equipment's are verified by the management in a phased manner over a period of three years. In accordance with this programme, certain Property, Plant and Equipment were verified during the year and no material discrepancies were noticed on such verification. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. Based on our verification, no material discrepancies were noticed on such verification.
- (c) According to the information and explanation given to us and the records produced to us for our verification, the title deeds of all the immovable properties. RE: GLOBE TEXTILES (INDIA) LIMITED
ANNEXURE – B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' section of our Report of even date)

Report on the Internal Financial Controls under Clause i of sub-section 3 of section 143 of the Companies Act 2013 (the Act)

We have audited the internal financial controls over the financial reporting of the Company as of 31st March, 2024 in conjunction with our audit of the Standalone Ind AS Financial Statements of the company for the year ended on that date.

Management's Responsibilities for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the Guidance Note) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Ind AS Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Annexure – B to the Independent Auditor’s Report (Continue)**RE: Globe Textiles (India) Limited**

(Referred to in paragraph 2 (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our Report of even date)

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Ind AS Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Ind AS Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Standalone Ind AS Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion the Company has, in all material aspects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Globe Textiles (India) Limited

CIN : L65910GJ1995PLC027673

Notes to the financial statements for the year ended March 31, 2024

1 Corporate information

Globe Textiles (India) Limited originally incorporated as a Private Limited Company under the provisions of the erstwhile Companies Act, 1956 (now Companies Act, 2013) and its Registered Office at Plot No. 38 to 41, Ahmedabad Apparel Park, GIDC Khokhra, Ahmedabad - 380008 in India. The Company is based in Ahmedabad and is primarily involved in trading and manufacturing of textile products.

The financial statements of the Company for the year ended March 31, 2024 have been considered and approved by the Board of Directors at their meeting held on May 24, 2024.

2 Basis of preparation and Presentation:

A Basis of preparation:

The Financial Statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of schedule III to the Companies Act, 2013 (as amended), on going concern basis under the historical cost convention except for certain financial instruments that are measured at fair values, as explained in the accounting policies below.

The financial statements are presented in Indian rupees (INR) which is also Company's functional currency and all values are rounded to the nearest Lakh Rupees, except when otherwise indicated.

B Basis of Measurement

The financial statements have been prepared on accrual and going concern basis under the historical cost convention except for certain class of financial assets/ liabilities, and net liability for defined benefit plans that are measured at fair value. The accounting policies have been consistently applied by the Company unless otherwise stated.

C Functional and Presentation Currency

The financial statements have been prepared and presented in Indian Rupees (INR), which is also the Company's functional currency.

D Rounding off

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs unless otherwise stated.

E Use of accounting estimates and judgement:

The preparation of financial statements requires management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable. Revisions to accounting estimates are recognised prospectively.

Information about critical judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effect to the carrying amounts of assets and liabilities within the next financial year, are included in the following notes:

(i) Depreciation / amortisation and useful lives of property, plant and equipment / intangible assets :-

Property, plant and equipment / intangible assets are depreciated / amortised over their estimated useful lives, after taking into account estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation / amortisation to be recorded during any reporting period. The depreciation / amortisation for future periods is revised if there are significant changes from previous estimates.

(ii) Measurement of defined benefit obligations

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(iii) Recognition and measurement of provisions and contingencies

Globe Textiles (India) Limited

CIN : L65910GJ1995PLC027673

Notes to the financial statements for the year ended March 31, 2024

The Company recognises a provision if it is probable that an outflow of cash or other economic resources will be required to settle the provision. If an outflow is not probable, the item is treated as a contingent liability. Risks and uncertainties are taken into account in measuring a provision.

(iv) Recognition of deferred tax assets/liabilities

Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies and future recoverability of deferred tax assets.

(v) Impairment of financial assets

The Company recognises loss allowances for expected credit losses on its financial assets measured at amortised cost. At each reporting date, the Company assesses whether financial assets carried at amortised cost are credit-impaired. A financial asset is 'credit impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

(vi) Fair Value Measurement

Fair value is the price at the measurement date, at which an asset can be sold or paid to transfer a liability, in an orderly transaction between market participants. The Company's accounting policies require, measurement of certain financial / non-financial assets and liabilities at fair values (either on a recurring or non-recurring basis). Also, the fair values of financial instruments measured at amortised cost are required to be disclosed in the said financial statements.

The Company is required to classify the fair valuation method of the financial / non-financial assets and liabilities, either measured or disclosed at fair value in the financial statements, using a three level fair-value-hierarchy (which reflects the significance of inputs used in the measurement). Accordingly, the Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

The three levels of the fair-value-hierarchy are described below:

Level 1: Quoted (unadjusted) prices for identical assets or liabilities in active markets

Level 2: Significant inputs to the fair value measurement are directly or indirectly observable

Level 3: Significant inputs to the fair value measurement are unobservable.

F Current/non-current classification:

All assets and liabilities are classified into current and non-current.

Assets

An asset is classified as current when it satisfies any one of the following criteria:

- a. it is expected to be realised in, or is intended for sale or consumption in entity's normal operating cycle,
- b. it is held primarily for the purpose of being traded,
- c. it is expected to be realised within twelve months after the balance sheet, or
- d. it is cash or a cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the balance sheet date.

Current assets include the current portion of non-current financial assets.

All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any one of the following criteria:

- a. it is expected to be settled in the entity's normal operating cycle,
 - b. it is held primarily for the purpose of being traded,
 - c. it is due to be settled within twelve months after the balance sheet date, or
 - d. the company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.
- Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not effect its classification.

Current liabilities include the current portion of non-current financial liabilities.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

G Operating Cycle

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. Based on this, the Company has ascertained 12 months as its operating cycle and hence 12 months has been considered for the purpose of current to non-current classification of assets and liabilities.

3 Summary of Material Accounting Policies

A Property, Plant and Equipment

Recognition and Measurement

Property, Plant and Equipment's, including Capital Work in Progress, are stated at cost of acquisition or construction less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price (net of tax credits, wherever applicable), import duty and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use. In case of self constructed assets, cost includes the costs of all materials used in construction, direct labour and allocation of overheads. Borrowing cost relating to acquisition / construction of Property, Plant and Equipment which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met. If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Subsequent Measurement

Subsequent expenditure related to an item of Property, Plant and Equipment are included in its carrying amount or recognised as a separate asset, as appropriate, only when it is probable that the future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. Subsequent costs are depreciated over the residual life of the respective assets. All other expenses on existing Property, Plant and Equipment's, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the Statement of Profit and Loss for the period during which such expenses are incurred.

Capital Work in Progress

Expenditure related to and incurred during implementation of capital projects to get the assets ready for intended use is included under "Capital Work in Progress". The same is allocated to the respective items of property plant and equipment on completion of construction/ erection of the capital project/ property plant and equipment. The cost of asset not ready for its intended use before the year end & capital inventory are disclosed under capital work in progress.

Depreciation

Depreciation is provided using straight-line method as specified in Schedule II to the Companies Act, 2013 or based on technical estimates. Depreciation on assets acquired / disposed off during the year is provided on pro-rata basis with reference to the date of addition / disposal.

Derecognition

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from continued use of the asset. Any gain or loss arising on the disposal or retirement of property, plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the assets and is recognised in Statement of Profit and Loss.

B Intangibles assets

Intangible assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Intangible assets arising on acquisition of business are measured at fair value as at date of acquisition. Intangible assets are amortised on a straight line basis over their estimated useful lives. The amortisation period and the amortisation method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortisation period is changed accordingly.

Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognised as income or expense in the Statement of Profit and Loss.

C Impairment of non-financial assets

At the end of each reporting period, the Company reviews the carrying amounts of non-financial assets, other than inventories and deferred tax assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of such asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit (CGU) to which the asset belongs. Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual CGUs, or otherwise they are allocated to the smallest group of CGUs for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised immediately in the Statement of Profit and Loss. Impairment loss recognised in respect of a CGU is allocated to reduce the carrying amounts of the other assets of the CGU (or group of CGUs) on a pro rata basis.

Reversal of impairment losses recognised in earlier years is recorded when there is an indication that the impairment losses recognised for the asset/cash generating unit no longer exist or have decreased. However, the increase in carrying amount of an asset due to reversal of an impairment loss is recognised to the extent it does not exceed the carrying amount that would have been determined (net of depreciation) had no impairment loss been recognised for that asset/cash generating unit in earlier years. Reversal of impairment loss is directly recognised in the statement of Profit and Loss.

D Borrowing Costs

Borrowing costs are interest and other costs incurred in connection with the borrowing of funds. Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in the Statement of Profit and Loss in the period in which they are incurred.

E Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. The financial instruments are recognised in the balance sheet when the Company becomes a party to the contractual provisions of the financial instrument. The Company determines the classification of its financial instruments at initial recognition.

(1) Initial Recognition and Measurements

A financial asset and financial liability is initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognised immediately in the Statement of Profit and Loss.

Where the fair value of a financial asset or financial liability at initial recognition is different from its transaction price, the difference between the fair value and the transaction price is recognized as a gain or loss in the Statement of Profit and Loss at initial recognition if the fair value is determined through a quoted market price in an active market for an identical asset (i.e. level 1 input) or through a valuation technique that uses data from observable markets (i.e. level 2 input).

In case the fair value is not determined using a level 1 or level 2 input as mentioned above, the difference between the fair value and transaction price is deferred appropriately and recognized as a gain or loss in the Statement of Profit and Loss only to the extent that such gain or loss arises due to a change in factor that market participants take into account when pricing the financial assets or financial liability.

Trade receivables that do not contain a significant financing component are measured at transaction price.

(2) Subsequent Measurements

(a) Financial Assets

For purposes of subsequent measurement, financial assets are classified based on assessment of business model in which they are held. This assessment is done for portfolio of the financial assets. The relevant categories are as below:

(i) At amortised cost:

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at fair value through profit or loss (FVTPL):

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) At fair value through Other comprehensive income (FVTOCI)

A financial asset is measured at FVTOCI if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iii) At fair value through profit and loss (FVTPL)

Financial assets which are not measured at amortised cost or OCI and are held for trading are measured at FVTPL. Fair value changes related to such financial assets are recognised in the Statement of Profit and Loss.

Based on the Company's business model, the Company has classified its securities held for trade and Investment in Mutual Funds at FVTPL.

(iv) Impairment of Financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk since initial recognition. If credit risk has not increased significantly, twelve month ECL is used to provide for impairment loss, otherwise lifetime ECL is used.

However, only in case of trade receivables, the Company applies the simplified approach which requires expected lifetime losses to be recognised from initial recognition of the receivables.

Expected credit losses rate the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate. The Company estimates cash flows by considering all contractual terms of the financial instrument through the expected life of that financial instrument.

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

(v) Derecognition of Financial Assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the Statement of Profit and Loss if such gain or loss would have otherwise been recognised in the Statement of Profit and Loss on disposal of that financial asset.

(b) Financial Liabilities

All financial liabilities of the Company are subsequently measured at amortized cost using the effective interest method or at FVTPL.

(i) At amortised cost:

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Under the effective interest method, the future cash payments are exactly discounted to the initial recognition value using the effective interest rate. The cumulative amortization using the effective interest method of the difference between the initial recognition amount and the maturity amount is added to the initial recognition value (net of principal repayments, if any) of the financial liability over the relevant period of the financial liability to arrive at the amortized cost at each reporting date. The corresponding effect of the amortization under effective interest method is recognized as interest expense over the relevant period of the financial liability. The same is included under finance cost in the Statement of Profit and Loss.

Trade and other payables are recognised at the transaction cost, which is its fair value, and subsequently measured at amortised cost.

(ii) At Fair Value through Profit and Loss:

A financial liability may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- the financial liability whose performance is evaluated on a fair value basis, in accordance with the Company's documented risk management.

Fair value changes related to such financial liabilities are recognised in the Statement of Profit and Loss.

(iii) Derecognition of Financial Liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of Profit and Loss.

(iv) Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset when the Company has a legally enforceable right (not contingent on future events) to off-set the recognised amounts either to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

(3) Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Ordinary shares are classified as Equity when the Company has an un-conditional right to avoid delivery of cash or another financial asset, that is, when the dividend and repayment of capital are at the sole and absolute discretion of the Company and there is no contractual obligation whatsoever to that effect.

F Foreign currency transactions

Foreign currency transactions are recorded at the rates of exchange prevailing on the date of the transactions. Monetary assets and liabilities outstanding at the year-end are translated at the rate of exchange prevailing at the year-end and the gain or loss, is recognised in the Statement of Profit and Loss.

Foreign currency monetary items (other than derivative contracts) of the Company, outstanding at the Balance Sheet date are restated at the year-end rates. Non-monetary items of the Company are carried at historical cost.

Globe Textiles (India) Limited

CIN : L65910GJ1995PLC027673

Notes to the financial statements for the year ended March 31, 2024

Exchange differences arising on settlement/restatement of foreign currency monetary assets and liabilities of the Company are recognised as income or expense in the Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

G Revenue Recognition

Revenue (other than for those items to which Ind AS 109 Financial Instruments are applicable) is measured at fair value of the consideration received or receivable. Ind AS 115 Revenue from contracts with customers outlines a single comprehensive model of accounting for revenue arising from contracts with customers.

The Company recognises revenue from contracts with customers based on a five step model as set out in Ind AS 115:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Company satisfies a performance obligation

Revenue from contracts with customers is recognised when control of the services are transferred to the customer which can be either at a point in time or over time, at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those services.

Revenue recognized are exclusive of goods and service tax.

The Company recognises revenue from the following major sources:

- (i) Sale to domestic customers: Major sale to the domestic customers are made on ex-factory basis and revenue is recognised when the goods are dispatched from the factory gates.
- (ii) Sales outside India: In case of export sales, revenue is recognised on shipment date, when performance obligation is met.
- (iii) Job Work: Revenue is recognised once job work is completed for each specific work order.

Revenues in excess of invoicing are classified as contract assets (referred to as unbilled revenue) while invoicing in excess of revenues are classified as contract liabilities (referred to as income received in advance or unearned revenue).

Costs to obtain a contract which are incurred regardless of whether the contract was obtained are charged-off in Statement of Profit and Loss immediately in the period in which such costs are incurred. Incremental costs of obtaining a contract, if any, and costs incurred to fulfil a contract are amortised over the period of execution of the contract in proportion to the progress measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation.

Export Incentive

Export incentives under various schemes notified by government are accounted for in the year of exports based on eligibility and when there is no uncertainty in receiving the same.

Interest Income

Interest income on financial assets is recognised using the Effective Interest Rate (EIR) method. The EIR is the rate that exactly discounts estimated future cash flows of the financial asset through the expected life of the financial asset or, where appropriate, a shorter period, to the net carrying amount of the financial instrument.

Dividend Income

Dividend income is recognised when the right to receive payment of the dividend is established, it is probable that the economic benefits associated with the dividend will flow to the Company and the amount of the dividend can be measured reliably.

H Employees Benefit

Employee benefits include short term employee benefits, provident fund, employee's state insurance, gratuity and compensated absences.

Short term Employee Benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits and they are recognized in the period in which the employee renders the related service. The Company recognizes the undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

Defined Contribution Plan

The Company's contribution to Provident Fund and Employee State Insurance Scheme are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees. The Company does not carry any further obligations, apart from the contributions made on a monthly basis.

Defined Benefit Plan

The Company provides for the gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment, and is unfunded. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Remeasurements of the net defined benefit liability comprising actuarial gains and losses (excluding amounts included in net interest on the net defined benefit liability), are recognized in Other Comprehensive Income. Such remeasurements are not reclassified to the Statement of Profit and Loss in the subsequent periods.

The Company presents the above liability/(asset) as current and non-current in the Balance Sheet as per actuarial valuation by the independent actuary.

Compensated absences

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year are treated as other long term employee benefits and is unfunded. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of the each year. Actuarial losses/gains are recognised in the Statement of Profit and Loss in the year in which they arise.

I Current and deferred tax

Tax on Income comprises current and deferred tax..

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the reporting period in accordance with the Income-tax Act, 1961 enacted in India and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantially enacted by the reporting date. Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Deferred tax

Deferred tax is recognised for the future tax consequences of temporary differences between the carrying values of assets and liabilities in financial statements and their respective tax bases at the reporting date, using the tax rates and laws that are enacted or substantially enacted as on reporting date. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. Deferred tax is also recognised in respect of carried forward tax losses and tax credits subject to the assessment of reasonable certainty of recovery. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off assets against liabilities representing current tax and where the deferred tax assets and the deferred tax liabilities relate to taxes on income levied by the same governing taxation laws.

Deferred tax relating to items recognised outside the Statement of Profit and Loss is recognised outside with the underlying items i.e. either in the statement of other comprehensive income or directly in equity as relevant.

J Provisions and contingent liabilities:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement. The unwinding of the discount is recognised as finance cost. Expected future operating losses are not provided for.

Contingent liabilities are not recognised but are disclosed in the notes. Contingent assets are not recognised but are disclosed in the notes where an inflow of economic benefits is probable.

K Leases: Right-of-use assets and Lease liabilities

i) Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

ii) Lease Liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

iii) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

The Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

L Cash and Cash Equivalents

Globe Textiles (India) Limited

CIN : L65910GJ1995PLC027673

Notes to the financial statements for the year ended March 31, 2024

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value. Cash and cash equivalents for the purpose of Statement of Cash Flow comprise cash and cheques in hand, bank balances, demand deposits with banks where the original maturity is three months or less.

M Earning per share

Basic earnings per share is computed by dividing the profit / (loss) for the period attributable to equity share holder by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit/(loss) for the period attributable to Equity Share holders and the weighted average number of shares outstanding during the year are adjusted for effects of all dilutive potential equity shares.

N Government Grants

Government grants are not recognised until there is reasonable assurance that the Company will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognised in the Statement of Profit and Loss on a systematic basis over the years in which the Company recognises as expenses the related costs for which the grants are intended to compensate or when performance obligations are met.

Government grants, whose primary condition is that the Company should purchase, construct or otherwise acquire non-current assets and nonmonetary grants are recognised and disclosed as 'deferred income' under non-current liability in the Balance Sheet and transferred to the Statement of Profit and Loss on a systematic and rational basis over the useful lives of the related assets.

The benefit of a government loan at a below-market rate of interest and effect of this favourable interest is treated as a government grant. The loan or assistance is initially recognised at fair value and the government grant is measured as the difference between proceeds received and the fair value of the loan based on prevailing market interest rates and recognised to the income statement immediately on fulfilment of the performance obligations. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

O Segment Reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the company's Chief Operating Decision Maker ("CODM") to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108 - Operating Segments, the CODM evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments.

P Cash flow statement

Cash flows are reported using the indirect method, whereby net profits after tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular operating, investing and financing activities of the Company are segregated based upon the available information.

Q Expenditure

Expenses are net of taxes recoverable, where applicable.

(i) Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to ensure that it maintains an efficient capital structure and healthy capital ratios in order to support its business and maximise shareholder value.

The Company manages its capital structure and makes adjustments to it in light of changes in economic conditions or its business requirements to optimise return to our shareholders through continuing growth. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The funding requirements are met through a mixture of equity, internal fund generation and other non-current borrowings. The Company monitors capital structure using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, interest bearing loans and borrowings add capital creditors and less cash and short-term deposits (including other bank balance).

For description of the Company's financial instrument risks, including risk management objectives and policies is given in, Note 31. The methods used to measure financial assets and liabilities reported at fair value are described in below Note.

(iii) Fair Value Hierarchy

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique.

Financial assets and financial liabilities measured at fair value in the Balance Sheet are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3: unobservable inputs for the asset or liability.

Fair value of the Company's financial assets and financial liabilities that are measured at fair value on a recurring basis.

- (a) The Company uses the following hierarchy for determining and/or disclosing the fair value of financial assets by valuation techniques:

Financial Assets as at March 31, 2024	Level 1 - Quoted price in active market	Level 2 - Significant observable inputs	Level 3 - Significant unobservable inputs	Total
At fair value through profit or loss				
Derivative Assets / (Liabilities)	-	-	-	-
Total	-	-	-	-
Financial Assets as at March 31, 2023	Level 1 - Quoted price in active market	Level 2 - Significant observable inputs	Level 3 - Significant unobservable inputs	Total
At fair value through profit or loss				
Derivative Assets / (Liabilities)	-	(0.70)	-	(0.70)
Total	-	(0.70)	-	(0.70)

(b) Financial Instrument measured at Amortised Cost

The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

31 Financial Risk Management and Objective

The Company is exposed to market risk, credit risk and liquidity risk. The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

The Company is primarily exposed to risks resulting from fluctuation in market risk, credit risk and liquidity risk, which may adversely impact the fair value of its financial instruments.

(a) Credit Risk:

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments. The carrying amounts of financial assets represent the maximum credit risk exposure.

Credit risk management considers available reasonable and supportive forward-looking information including indicators like external credit rating (as far as available), macro-economic information (such as regulatory changes, government directives, market interest rate).

(i) Trade receivables

The Company primarily collects consideration in advance for export of goods and services to be provided to the customer. As a result, the Company is exposed to reasonable credit risk in respect to domestic trade receivables.

The impairment is based on expected credit loss model considering the historical data and financial position of individual customer at each reporting period. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 8.

The Company does not hold any collateral as security. The Company has low concentration of risk with respect to trade receivables, as its customers are widely spread and belong to diversified markets.

(ii) Cash and cash equivalents, bank deposits and Security Deposits

The Company maintains its cash and cash equivalents and bank deposits with reputed banks and financial institutions. The credit risk on these instruments is limited because the counterparties are banks with high credit ratings assigned by international credit rating agencies. The Company monitors the credit rating of the counterparties on regular basis. These instruments carry very minimal credit risk based on the financial position of parties and Company's historical experience of dealing with the parties.

(b) Market Risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include foreign currency receivables, deposits, investments in mutual funds.

Market risk exposures are measured using sensitivity analysis. There has been no change in the measurement and management of the Company's exposure to market risks.

(i) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. Exposure to foreign currency risk is very limited. The Company has taken hedging instruments by way of forward contracts to hedge the foreign currency exposure in respect of trade receivables, and as far as trade payables are concerned, the Company's unhedged foreign currency exposure on account of foreign currency denominated payable as at March 31, 2024 is as follow:

Particulars	Currency	As at March 31, 2024	As at March 31, 2023
Trade payable	USD	6,70,287.19	8,50,343.42
Capital Creditor	USD	-	-
Trade payable	Rs. in lakhs	559.05	698.73

Closing rates as at March 31, 2024
INR / USD = 83.405

Closing rates as at March 31, 2023
INR / USD = 82.17

The Company is mainly exposed to changes in USD. The below table demonstrates the sensitivity to a 5% increase or decrease in the USD against INR, with all other variables held constant. The sensitivity analysis is prepared on the net unhedged exposure of the Company as at the reporting date. 5% represents management's assessment of reasonably possible change in foreign exchange rate.

Changes in USD rate by	Impact on profit or loss	As at March 31, 2024	As at March 31, 2023
+5%	Profit before tax decreased by	(27.95)	(34.94)
-5%	Profit before tax increased by	27.95	34.94

Notes to the financial statements for the year ended March 31, 2024

(Rs. in lakhs)

(ii) Unhedged foreign currency risk

The foreign currency exposure that have not been hedged by a derivative instrument or otherwise as at Balance sheet date are as follows:

Particulars	Currency	As at March 31, 2024	As at March 31, 2023
Forward contract receivable	USD	23,32,584	10,10,206.91
Forward contract receivable	Rs. in Lakhs	1,945.49	830.09

Changes in USD rate by	Impact on profit or loss	As at March 31, 2024	As at March 31, 2023
+5%	Profit before tax decreased by	97.27	41.50
-5%	Profit before tax increased by	(97.27)	(41.50)

(iii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company manages its interest rate risk by having a mixed portfolio of fixed and variable rate loans and borrowings.

The sensitivity analysis have been carried out based on the exposure to interest rates for instruments not hedged against interest rate fluctuation at the end of the reporting period. The said analysis has been carried out on the amount of floating rate long term liabilities outstanding at the end of the reporting period. A 50 basis point increase or decrease represents management's assessment of the reasonably possible change in interest rates.

In case of fluctuation in interest rates by 50 basis points on the exposure on borrowing of Rs. 6,094.78 Lakhs as on March 31, 2024 (Rs.9,213.22 Lakhs as on March 31, 2023) and if all other variables were held constant, the Company's profit or loss for the year would increase or decrease as follows :

Changes in interest rate by	Impact on profit or loss	As at March 31, 2024	As at March 31, 2023
Impact on Profit / (Loss) for the year	Profit before tax decreased/increased by	30.47	46.07

(c) Liquidity risk:

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

During the year, the Company has been regular in repayment of principal and interest on borrowings on or before due dates. The Company did not have defaults of principal and interest as on reporting date.

Ultimate responsibility for liquidity risk management rests with the board of directors, who has established an appropriate liquidity risk management framework for the management of the Company's short-term, medium-term and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

(d) Commodity Price Risk Management

The Company primarily purchases its raw materials in the open market from third parties. The Company is therefore subject to fluctuations in prices for the purchase of Fabric. The Company purchased substantially all of its fabric requirements from third parties in the open market during the year ended March 31, 2024.

The following table details the Company's sensitivity to a 0.5% movement in the input price of Fabric/ Yarn. The sensitivity analysis includes only 0.5% change in commodity prices for quantity sold or consumed during the year, with all other variables held constant. A positive number below indicates an increase in profit or equity where the commodity prices increase by 0.5%. For a 0.5% reduction in commodity prices, there would be a comparable impact on profit or equity, and the balances below would be negative.

Commodity	Increase for the year ended		Decrease for the year ended

(vi) Sensitivity analysis in respect of the actuarial assumptions used in calculation of defined benefit obligation is given below:

Change in Assumption	Change in Rate	As at 31st March, 2024		As at 31st March, 2023	
		Increase in Assumption	Decrease in Assumption	Increase in Assumption	Decrease in Assumption
Discount Rate	(- / + 0.5 %)	(1.47%) to (2.53%)	1.52% to 2.67%	(1.44%) to (2.58%)	1.49% to 2.73%
Salary Growth Rate	(- / + 0.5 %)	1.53% to 2.60%	(1.50%) to (2.51%)	1.50% to 2.67%	(1.47%) to (2.55%)
Attrition Rate	(- / + 0.5 %)	(0.62%)	0.62% to 0.69%	(0.70%) to (0.78%)	0.71% to 0.84%

Sensitivities have been calculated to show the movement in Defined Benefit Obligation in isolation and assuming there are no other changes in market conditions at the accounting date. In presenting the above sensitivity analysis, the present value of the defined benefit obligations has been calculated using the Projected Unit Credit Method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet. This analysis may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in the assumptions would occur in isolation of one another as some of the assumptions may be correlated.

(vii) The weighted average duration of the benefit obligation as at March 31, 2024 is 4.51 years (as at March 31, 2023: 4.50 years)

(viii) Maturity profile of defined benefit plan

The followings are the expected future benefit payments for the defined benefit plan :

Particulars	As at March 31, 2024	As at March 31, 2023
Within the next 12 months	35.96	29.87
Between 2 to 5 years	76.97	67.41
Beyond 5 years	53.17	47.81
Total expected payments	166.10	145.09

(e) Compensated absence:

The employees are entitled for leave for each year of service and part thereof, subject to the limits specified, the unavailed portion of such leaves can be accumulated or encashed during/at the end of the service period. The plan is unfunded.

Expenses recognised in the Statement of Profit and Loss amounts to Rs. 0.63 Lakhs (Previous year: 19.42 Lakhs)
