CHAIRMAN'S SPEECH

SANJAY CHOUDHARY
CHAIRMAN AND MANAGING DIRECTOR

Dear Valued Shareholders,

On behalf of the Board of Directors of your Company, it is great pleasure for me to extend a very warm welcome to each one of you at the 15th Annual General Meeting of your Company.

At RML, we consider ourselves fortunate to be significantly ahead of the curve in terms of scale and efficiency, a testament to our ability to respond and navigate complexities in a timely fashion. As we regain our operational momentum, I am certain we will be able to reach newer heights. Upon reflection, I can confidently say that in the past year, RML has delivered on all fronts. We were able to execute our growth strategy in a manner that created exponential value for all stakeholders while consistently delivering on our promises to produce stronger and more sustainable products.

With stable but modest growth for 2024, the global economy remained on the path of cautious stability. According to the International Monetary Fund (IMF), the global economy grew at a modest rate of 3.3%, matching the previous year but below the historical average of 3.5% from 2000-2019. In January 2025, the IMF expected the global economy to grow at 3.2% for both 2025 and 2026. But escalating trade tensions and tariff implementation by the current US administration have led to significant uncertainty in global economic projections. IMF's April 2025 World Economic Outlook reflects some of these concerns, with downward revision to growth estimates at 2.8% and 3% respectively for 2025 and 2026.

Monetary easing and subsiding inflation offer some tailwinds. Still, vulnerabilities persist. Geopolitical conflict, high borrowing costs, and deteriorating trade dynamics remain formidable obstacles. Inflation is projected to fall further to 4.3% in 2025 and 3.6% in 2026, but service sector inflation remains sticky, and trade disruptions could yet spark fresh cost pressures.

Geopolitical tensions, now more durable than episodic, compounded market uncertainty. A more fragmented world economy, shaped by competing spheres of influence and rising trade friction, added further complexity. Yet not all signals were dim. Inflation eased dropping from 6.6% in 2023 to 5.7% in 2024, reflecting tighter monetary policy and a marked softening of supply chain disruptions. Central banks in advanced economies began pivoting away from restrictive stances, making financial conditions more supportive, though not without caution.

Indian economy continues to be the fastest-growing large economy, though the pace of growth has slightly moderated for FY 2024-25. According to the Government Estimates, the economy grew 6.5% in FY 2024-25, compared to 8.2% growth in FY 2023-24. 9.4% growth in the Construction sector and 7.2% growth in the services sector have been the main contributors to GDP growth in FY 2024-25.

India enters the new fiscal year with tailwinds intact and RBI projects the Indian economy to grow at 6.5% for FY 2025-26, with risks well balanced. Consumption is expected to pick up further. Public investment will likely remain a key growth lever, while fiscal consolidation continues. This growth will be achieved on the back of improvements in the manufacturing sector and government impetus to growth through the budget like reduction

in direct taxes and investments in infrastructure.

While global financial market volatility, geopolitical tensions, and trade fragmentation pose downside risks, India's sound macroeconomic fundamentals, robust financial sector, and commitment to sustainable growth position the economy to remain the fastest-growing major economy in 2025-26. Amid a challenging global economic landscape and deteriorating geopolitical conditions, India continues to shine as a bright spot. It is the fourth-largest economy in the world and is poised to retain its position as the world's fastest-growing major economy.

The copper rod market is experiencing robust growth owing to the increasing demand from sectors such as power transmission, electronics, and telecommunications. The market is witnessing a surge in investments in infrastructure development projects, further fueling the demand for copper rods. Moreover, the growing emphasis on renewable energy sources is driving the need for copper rods in the production of solar panels and wind turbines.

A vital component of the rise of any industrial ecosystem is the presence of a confident and skilled workforce. India surpassed China in population and already has the largest and youngest working-age population globally. The lessons learnt from the transformations of other economies through the last few decades point to the importance of this demographic dividend. In the grand theatre of global economic evolution, India is not a mere spectator but a charismatic lead.

Despite the prevailing uncertainty, our team rallied to deliver a strong operational performance, a testament to our well-defined strategic framework in place alongside superior execution capabilities.

RML's unrelenting focus on doing 'Better Everyday' has resulted not only in our superior financial performance, but the ability to deliver on equally important ESG targets, thus increasing shareholder value over time. Our ambitions are supported by a structurally positive outlook for copper demand and pricing, driven by massive infrastructure outlay, controlled expansions in China and a wave of environmental restrictions that are resulting in capacity moderation across the world.

Finally, my sincere thanks to the entire RML team who worked tirelessly to deliver the highest levels of service over this past year; as reflected in our performance; and continue to progress with optimism on what we can achieve.

I look forward to your continued support as we embark on this new phase of growth - one that will not only build a stronger future for India but also contribute to a cleaner, greener planet for generations to come.

A. Conservation of Energy**(i) Steps taken or impact on conservation of energy are as under-**

- Provision of proper air ventilation system.
- All air conditioners, lights and computers are shut down after office hours (except at the time work commitments).
- There is an optimum ratio of glass windows to utilize natural daylight and proper insulation/ventilation to balance temperature and reduce heat.
- We have replaced ordinary LED lights with LED high beam lights, which provide better illumination while consuming less energy. This change not only improves the quality of lighting at our facilities but also contributes to a considerable reduction in our energy consumption expenditure.

(ii) Steps undertaken by the company for utilizing alternate source of energy:

The Company is using LPG Gas in the Furnace for refining the Copper.

(iii) Capital investment on energy conservation equipment's:

During the current financial year, no capital expenditure has been incurred on energy conservation equipment's.

B. Technology Absorption, Research and Development (R&D)

The company has not imported any technology during the last three years.

REPORT ON MANAGEMENT DISCUSSION AND ANALYSIS

INDUSTRY STRUCTURE AND DEVELOPMENTS

Global Economy

With stable but modest growth for 2024, the global economy remained on the path of cautious stability. According to the International Monetary Fund (IMF), the global economy grew at a modest rate of 3.3%, matching the previous year but below the historical average of 3.5% from 2000-2019. In January 2025, the IMF expected the global economy to grow at 3.2% for both 2025 and 2026. But escalating trade tensions and tariff implementation by the current US administration have led to significant uncertainty in global economic projections. IMF's April 2025 World Economic Outlook reflects some of these concerns, with downward revision to growth estimates at 2.8% and 3% respectively for 2025 and 2026.

Monetary easing and subsiding inflation offer some tailwinds. Still, vulnerabilities persist. Geopolitical conflict, high borrowing costs, and deteriorating trade dynamics remain formidable obstacles. Inflation is projected to fall further to 4.3% in 2025 and 3.6% in 2026, but service sector inflation remains sticky, and trade disruptions could yet spark fresh cost pressures.

Geopolitical tensions, now more durable than episodic, compounded market uncertainty. A more fragmented world economy, shaped by competing spheres of influence and rising trade friction, added further complexity. Yet not all signals were dim. Inflation eased dropping from 6.6% in 2023 to 5.7% in 2024, reflecting tighter monetary policy and a marked softening of supply chain disruptions. Central banks in advanced economies began pivoting away from restrictive stances, making financial conditions more supportive, though not without caution.

Merchandise trade, long the engine of global growth, faces an uncertain future. New tariffs and retaliatory measures risk pulling global trade volumes into contractionary territory. Encouragingly, recent bilateral trade deals suggest that diplomacy is not entirely off the table, even as rhetoric hardens.

The global economic outlook faces significant challenges from escalating trade policy uncertainties, ongoing geopolitical risks, and tariff escalations continue to pose downside risks, particularly for trade-intensive economies.

Indian Economy

Indian economy continues to be the fastest-growing large economy, though the pace of growth has slightly moderated for FY 2024-25. According to the Government Estimates, the economy grew 6.5% in FY 2024-25, compared to 8.2% growth in FY 2023-24. 9.4% growth in the Construction sector and 7.2% growth in the services sector have been the main contributors to GDP growth in FY 2024-25.

India enters the new fiscal year with tailwinds intact and RBI projects the Indian economy to grow at 6.5% for FY 2025-26, with risks well balanced. Consumption is expected to pick up further. Public investment will likely remain a key growth lever, while fiscal consolidation continues. This growth will be achieved on the back of improvements in the manufacturing sector and government impetus to growth through the budget like reduction in direct taxes and investments in infrastructure.

Manufacturing momentum is expected to build, supported by the Production Linked Incentive (PLI) scheme and the new National Manufacturing Mission. Infrastructure will remain a priority, buoyed by initiatives under Gati Shakti, higher allocations for affordable housing, and a renewed push under the Asset Monetisation Plan.

The external sector outlook, though exposed to global turbulence, remains cautiously optimistic. Ongoing trade negotiations and regional partnerships offer a buffer against a volatile trade landscape.

While global financial market volatility, geopolitical tensions, and trade fragmentation pose downside risks, India's sound macroeconomic fundamentals, robust financial sector, and commitment to sustainable growth position the economy to remain the fastest-growing major economy in 2025-26. Amid a challenging global economic landscape and deteriorating geopolitical conditions, India continues to shine as a bright spot. It is the fourth-largest economy in the world and is poised to retain its position as the world's fastest-growing major

economy.

The copper rod market is experiencing robust growth owing to the increasing demand from sectors such as power transmission, electronics, and telecommunications. The market is witnessing a surge in investments in infrastructure development projects, further fueling the demand for copper rods. Moreover, the growing emphasis on renewable energy sources is driving the need for copper rods in the production of solar panels and wind turbines.

OPPORTUNITIES

Indian Electrical equipment Industry is set for revival and growth in power sector. This is an opportunity for demand in winding wires & strips, which is one of the principal inputs to electrical machines & electronic equipment. It is expected that customer base will expand and new customer base will be generated. The increasing adoption of electric vehicles presents a significant opportunity for the copper rod market. EVs require a larger amount of copper rods compared to conventional vehicles, as they utilize copper extensively in their electrical systems. Further, various Indian government initiatives on railways, housing, smart cities, telecom and a major focus on the infrastructural sector will lead to a huge opportunity for the industry.

THREATS

Increasing competition from domestic and foreign players could lead to margin contraction due to pricing pressure. Some of the larger global players are already present in India. Highly fluctuating price of copper, which is the principal input to the winding wire Industry, continues to be of serious concern. The rising cost of production, especially due to wage increase and rise in prices of other materials & services, short & stringent delivery schedule by customers in the background of highly volatile copper prices, Fiscal policy of government encouraging imports of inputs which are detrimental to Indian Electrical Industry, competition from other leading winding wire manufacturers, global trade barriers, a shortage of skilled local technical labor etc. continue to threaten the profitability of your Company.

OUTLOOK

The outlook for FY 2025–26 remains optimistic. The copper demand projected to increase due to EV adoption, power grid modernization, and infrastructure investment. The global refined copper demand is projected to grow by 2.8% in CY 2025, led by China at 3.4%, while the rest of the world is expected to see growth at 1.8%. In India, demand is likely to reach 920 KT in FY 2025-26. The copper market is expected to shift into a deficit in CY 2025, primarily due to constrained mine supply and the absence of major new project additions, though some capacity expansion is anticipated in China, Indonesia, and the Congo. Additionally, smelter production is being impacted by declining TC/RC observed in late CY 2024 and early CY 2025, prompting miners to cut production. While ongoing US-China trade tensions and LME price volatility continue to be uncertain in short-term, the longterm demand outlook for copper remains robust. The Copper Concentrate market remains tight, leading to a decline in spot TC/RC terms.

With copper demand projected to increase due to EV adoption, power grid modernization, and infrastructure investment, the Company plans to strengthen backward integration and procurement efficiency and invest in R&D and sustainability initiatives, especially waste heat recovery and recycled copper usage.

Domestic copper demand is also driven largely by rods, which is the downstream product for the copper business. Company's strategy of enhancing capacity through copper rods which will help it gain a larger market share and meet the growing demand for copper in the domestic market.

RISKS AND CONCERNS

In the winding wire business, the global demand and supply of copper and its prices plays a vital role and could significantly affect your Company's turnover. Your company is fairly exposed to the domestic and global political and economic risks. The prices advanced on rapidly increasing demand for copper from China, India and the other emerging economies of Asia. Your company also continuously keeps working on getting approvals from new and renowned customers to increase its market share commensurate with its capacity. Intense competition in the market could affect our cost advantages and result in decreased turnover. Failure to complete fixed price, fixed time frame deliveries could result in lower revenues of the company.

The business of your company could suffer if we fail to anticipate and develop new products and enhance existing range to keep pace with the rapid changes in the winding wire industry. Your company's manufacturing facilities are based in India. Any changes in the legal, fiscal and other regulatory regimes of our country could affect our performance. It also has a wide customer base and changes in the legal, fiscal or regulatory regimes can also affect the competitiveness of our product and affect your company's performance.

During the year, no major risks were identified that might threaten the Company's existence. Our proactive approach to risk management continues to strengthen our operational resilience and strategic flexibility.

INTERNAL CONTROL SYSTEMS AND ADEQUACY

The Company has adequate internal control systems and procedures designed to effectively control the operations at its Head Office. The internal control systems are designed to ensure that the financial and other records are reliable for the preparation of financial statements and for maintaining assets. The Company has well designed Standard Operating Procedures.

Independent Internal Auditors conduct audit covering a wide range of operational matters and ensure compliance with specified standards. Planned periodic reviews are carried out by Internal Auditors. The findings of Internal Audit are reviewed by the top management and by the Audit Committee of the Board of Directors.

Based on the deliberations with Statutory Auditors to ascertain their views on the financial statements including the Financial Reporting System and Compliance to Accounting Policies and Procedures, the Audit Committee was satisfied with the adequacy and effectiveness of the Internal Controls and Systems followed by the Company.

HUMAN RESOURCE DEVELOPMENT

Training to employees at all levels is provided regularly to develop the knowledge and skills. The management is fully committed to the development of its human resources. Your company aims at providing in class training to each employee. Every new recruit receives complete safety training and on the job training from his colleagues/supervisor. Functional and developmental training is provided from time to time to all employees to enhance their skills and productivity. There is an all-round support from the management to the development of human resources.

The Company believes in empowering its employees through greater knowledge, team spirit and developing greater sense of responsibility. On the job training and management development programme series on skill upgradation has been attended by functions like Sales, Finance & Accounts, Purchase, Secretarial and HR. The leadership team is also playing the role of mentors in order to support knowledge transfer, skill building and career growth for their respective teams, fostering a supportive work culture across the organization.

C. Modified opinion(s) in Audit Report

The Auditors has given the Qualified Opinion in the Auditors' Report on the Company's financial statements 2024-25. M/s. K A P G & Associates, in their audit report as on March 31, 2025, have mentioned a qualification stating that the Company was subjected to a search by the GST Authorities based on certain information available with them. Pursuant to the search, the GST Authorities have alleged that the Company had availed ineligible Input Tax Credit (ITC) of GST in earlier years. Consequently, an order was passed under Section 74 of the CGST Act, 2017, on January 16, 2025, directing the Company to deposit the ineligible ITC amounting to ₹96.14 crores, along with interest of ₹98.42 crores and a penalty of ₹96.14 crores, aggregating to a total demand of ₹290.70 crores.

The Management strongly believes that the GST input credit was availed legitimately and that the allegations made by the GST Authorities are not sustainable. The Company is actively pursuing legal remedies against the demand and has, in the interim, filed a rectification application before the concerned authorities seeking complete deletion of the demand. Based on the facts of the case, the supporting documentation evidencing the legitimacy of the input credit, and legal advice obtained, the Management is of the opinion that the aforesaid liability will not crystallise.

Independent Auditor's Report to The Members of Rajnandini Metals Limited Report on the Audit of the Standalone Financial Statements

Qualified Opinion

We have audited the accompanying Standalone Financial Statements of Rajnandini Metals Limited ("Company"), which comprise the Standalone Balance Sheet as at 31 March 2025, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows for the year ended on that date and a summary of significant accounting policies and other explanatory information (hereinafter referred to as the " Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matters described in the Basis for Qualified Opinion paragraph below, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the company as at 31 March 2025, the profit and other comprehensive income, its cash flows and changes in equity for the year ended on that date.

Basis for Qualified Opinion

We draw attention to Note 26(6) to the accompanying Standalone Financial Statements, with respect to demand raised by the GST Authorities aggregating to Rs. 290.70 crores (Including Interest and penalty), pursuant to the search and further proceedings conducted by the Authorities, alleging claiming of ineligible input credit of GST. Further, Income Tax Authorities had also searched the Company and raised a demand of Rs. 16.98 crores. The management is seeking legal recourse against the said demands and in the interim filed a rectification and appeal applications for deletion of entire demand.

Pending outcome of the legal proceedings, we are unable to comment on the outcome of the said demands and its consequential impact, if any, required to be recorded in the accompanying Standalone Financial Statements.

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing specified under section 143(10) of the Act ("SAs"). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Standalone Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements for the financial year ended 31 March 2025. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to communicate in our report.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Standalone Financial Statements and our auditor's report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the above reports, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Management's Responsibilities for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are

based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in the paragraph 2(h)(vi) below, on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Rajnandini Metals Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of subsection 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the internal financial controls over financial reporting of Rajnandini Metal (the "Company") as at 31 March 2025 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Management of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures

- 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

- 3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2025, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Rajnandini Metals Limited of even date)

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by' us in the normal course of audit, we state that:

- i. In respect of the Company's property, plant and equipment and intangible assets:
- a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment (including right of use assets).
- (B) The Company has maintained proper records showing full particulars of intangible assets
- b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its property, plant and equipment (including right of use assets) by which all property, plant and equipment (including right of use assets) are verified in a phased manner over a period of three years. In accordance with this programme, certain property, plant and equipment (including right of use assets) were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- c) Based on our examination of the property tax receipts and lease agreement for land registered sale deed / transfer deed / conveyance deed provided to us, we report that, the title in respect of immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee), disclosed in the Standalone Financial Statements included under property, plant and equipment are held in the name of the Company as at the balance sheet date.
- d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its property, plant and equipment (including right of use assets) or intangible assets or both during the year.
- e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- ii. (a) Physical verification of inventory has been conducted at reasonable intervals by the management. In our opinion, the coverage and procedure of such verification by management is appropriate. No discrepancies of 10% or more in the aggregate for each class of inventory were noticed during such physical verification by the management.
- (b) The Company has been sanctioned working capital limits in excess of Rs. five crores, in aggregate, during the year, from a bank on the basis of security of current assets of the Company. The quarterly returns or statements filed by the company with the banks are in agreement with the books of account of the Company other than those set out below:

Quarter	Particulars of Security	As per books of accounts (in lakhs)	Amount as reported in quarterly statement (in lakhs)	Amount of difference (in lakhs)
Jun-24	Inventory	11,284	11,695	-411
Sep-24	Inventory	10,578	12,521	-1,943

Mar-25	Trade receivables	1,141	1,549	-408

- iii. According to the information and explanations given to us and on the basis of our examination of records of the Company, During the year, the Company has neither made investments in, or provided any guarantee or security or granted loans or advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, clause 3(iii) of the order is not applicable.
- iv. The Company has not granted any loans or made investments or provided any guarantee or securities. Accordingly, clause 3(iv) of the order is not applicable.
- v. The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable.
- vi. The company is required to maintain cost records as specified by the Central Government under Section 148(1) of the Companies Act, 2013 in respect of its products. We have broadly reviewed the cost records maintained by the company and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. However, we have not conducted a detailed examination of such records with a view to determine their accuracy or completeness.
- vii. In respect of statutory dues:
- According to the information and explanations given to us and the records of the Company examined by us, it has been generally regular in depositing undisputed statutory dues including Goods and Service Tax, Provident fund, employee state insurance, Income Tax, Custom Duty, Cess and other statutory dues applicable to it with the appropriate authorities. Further, there were no arrears of such undisputed dues as at 31 March 2025 for a period of more than six months from the date they became payable.
 - According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no Statutory dues relating to GST, Provident Fund, Employees State Insurance, Income-Tax, Sales Tax, Service Tax, Duty of Customs, Value Added Tax or Cess or other statutory dues which have not been deposited on account of any dispute, except as below:

- viii. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.
- ix. a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in the repayment of loans or borrowings or in the payment of interest thereon to any lender.
- b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or any other lender during the year.
- c) The Company has taken term loans during the year. The term loans were applied for the purpose for which the loans were obtained and there were no instances of diversion of such funds. Accordingly, reporting under clause 3(ix)(c) of the Order is applicable
- d) According to the information and explanations given to us and on an overall examination of the balance

sheet of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company,

- e) According to the information and explanations given to us and on an overall examination of the Standalone Financial Statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, as defined in the Act. The Company does not hold any investment in any associate or joint venture (as defined in the Act) during the year ended March 31, 2025.
- f) The Company has not any subsidiary and hence reporting on clause 3(ix)(f) of the order is not applicable.
- x. a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) Accordingly, clause 3(x)(a) of the Order is not applicable.
b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or debentures (fully, partially or optionally convertible) during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.
- xi. a) During the course of our examination of the books and records of the Company carried out in accordance with generally accepted auditing practices in India and according to the information and explanations given to us, no fraud by the Company and no material fraud on the company has been noticed or reported during the year. We have not been informed of any such case by the management.
b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year.
- xii. The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable,
- xiii. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the Standalone Financial Statements as required by the applicable accounting standards.
- xiv. a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
b) The internal audit is performed as per a planned program approved by the Audit Committee of the Board of Directors of the Company. We have considered the internal audit reports for the year under audit, issued to the Company during the year.
- xv. In our opinion, during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors. and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi. a) According to the information and explanations given to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the order is not applicable.
b) According to the information and explanations given to us, the company is not engaged in the business of Non-Banking Financial Institutions' or housing finance activities as defined under section 45-IA if the RBI Act. Accordingly, clause 3(xvi)(b) of the order is not applicable.
c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

d) In our opinion, there is no Core Investment Company within the Group and accordingly reporting under clause 3(xvi)(d) of the order is not applicable to the Company.

xvii. The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.

xviii. There has been no resignation of the statutory auditors during the year.

xix. On the basis Of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, and other information accompanying the Standalone Financial Statements and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when fall due.

xx. (a) In respect of other than ongoing projects, the Company has not transferred the unspent CSR amounts as at March 31, 2025 that was required to be spent during the year, to a Fund in compliance with second proviso to sub section 5 of section 135 of the Act till the date of our report. However the time period for such transfer i.e six months of the expiry of financial year as permitted under the said second proviso to sub section (5) of section 135 of Act, has not elapsed till the date of our report.

(b) We have been informed that there are no unspent CSR amounts as at March 31,2025 related to ongoing projects requiring transfer to a Special account within a period of 30 days from the end of the financial year in compliance with the provision of section 135(6) of the Companies Act, 2013.

b) Compliance with Ind AS

These financial statements are prepared in accordance with Indian Accounting Standard (Ind AS), under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 (the Act) (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued there after.

c) Functional & Presentation Currency

The financial statements are presented in Indian Rupees which is the Company's functional and presentation currency and all financial values are rounded to the nearest Lakhs, except when otherwise indicated.

d) Use of Estimates

The preparation of financial statements in conformity with Ind AS requires management to make adjustments, estimates and assumptions that may impact the application of accounting policies and the reported value of assets, liabilities, income, expense and related disclosure concerning the items involved as well as contingent assets and liabilities at the balance sheet date. Estimates and underlying assumptions are reviewed on an ongoing basis and revised if management became aware of changes in circumstances surrounding the estimates. Revisions to accounting estimates are recognized in the period in which the estimates are revised and, if material, their effects are disclosed in the notes to the financial statements. Application of accounting policies that require critical accounting estimates involving complex and critical judgment is disclosed in notes to accounts.

C Material accounting policies**i) Property, Plant & Equipment and Depreciation**

Freehold Land is carried at historical cost. All other items of Property, Plant and equipment are stated at cost, less accumulated depreciation and accumulated impairment losses, if any.

Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the company and the costs to the item can be measured reliably.

Depreciation on property, plant and equipment is calculated on prorata basis on straight-line method using the useful lives of the assets estimated by management. The useful life is as follows:

Property, plant and equipment	Useful Life of Asset (In year) as adopted
Plant & Equipment	15 to 30
Vehicle	6 to 8
Office Equipment	5
Computer	3

Based on the technical experts assessment of useful life, certain items of property plant and equipment and motor vehicles are being depreciated over useful lives different from the prescribed useful lives under Schedule II to the Companies Act, 2013. Management believes that such estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Depreciation on addition to property plant and equipment is provided on pro-rata basis from the date of acquisition. Depreciation on sale/deduction from property plant and equipment is provided up to the date preceding the date of sale, deduction as the case may be. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in Statement of Profit and Loss under 'Other Income' or 'Other Expenses' as the case may be.

Depreciation methods, useful lives and residual values are reviewed periodically at each financial year end and adjusted prospectively, as appropriate.

ii) Impairment of Assets

Property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amount may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis. In such cases, the recoverable amount is determined for the Cash Generating units (CGU) to which the assets belongs . If such assets are considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of asset.

Reversal of impairment losses recognized in prior years is recorded when there is an indication that the impairment losses recognized for the assets no longer exists or have decreased.

iii) Revenue Recognition

Revenue (other than for those items to which Ind AS 109 Financial Instruments are applicable) is measured at fair value of the consideration received or receivable. Ind AS 115, Revenue from contracts with customers, outlines a single comprehensive model of accounting for revenue arising from contracts with customers.

The Company recognises revenue from contracts with customers based on a five step model as set out in Ind AS 115:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Company satisfies a performance obligation.

Sale of Copper wire/ Rod

Revenue is recognised when control of copper products transfers to the customer in an amount that reflects the consideration the company expects to be entitled to in exchange for those goods. Revenue from sale of copper rods and wires is recognised in accordance with Ind AS 115 upon transfer of control to the customer. The transaction price reflects the expected consideration, net of trade discounts and GST.

Interest Income from Letter of credit

Where sales are made under Letters of Credit (LC), and the Company discounts such LCs with banks, the corresponding trade receivables are derecognized at the time of discounting, as the contractual rights to the cash flows are transferred to the bank without recourse, and substantially all risks and rewards, including credit risk, are also transferred. Interest or charges recovered from customers for the deferred payment period are not considered a significant financing component under Ind AS 115, and are accounted for separately. Such amounts are recognized as other income based on the nature of the arrangement and contractual terms.

Other Income:

Any Other Income is recognised in the Statement of Profit and Loss Account as and when accrued.

iv) Inventories

Raw materials, Work-in-progress, finished goods, and stores and spares are valued at lower of cost or net realisable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost of raw materials, and stores and spares is determined on a Moving Weighted Average Cost Method basis.

Work-in-progress and finished goods, are valued at lower of cost or net realisable value. Cost includes direct materials as aforesaid and allocated production overheads.

The stock of scrap materials have been valued at net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make sale.

v) Taxation

(a) Current Tax

Current tax expense is recognized in statement of profit and loss based on current tax rate in accordance with the provisions of Income Tax Act, 1961.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Current income taxes are recognized under “income tax payable” net of payments on account, or under “tax receivables” where there is a credit balance.

(b) Deferred Tax

Deferred tax is provided in full using the balance sheet method on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- (i) When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- (ii) In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised only to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside the statement of profit and loss is recognized outside the statement of profit and loss (either in other comprehensive income or in equity). Deferred tax items are recognized in correlation to the underlying transaction either in OCI or direct in equity.

vi) Provisions, Contingent Liabilities and Contingent Assets

Disclosure of contingencies as required by the Indian accounting standard is furnished in the Notes on accounts.

Provisions are made when (a) the Company has a present obligation as a result of past events; (b) it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and (c) a reliable estimate is made of the amount of the obligation.

Contingent Liability is disclosed after careful evaluation of facts, uncertainties and possibility of reimbursement, unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent liabilities are not recognized but are disclosed in notes. Contingent assets are not recognized. However, when the realization of income is virtually certain, then the related asset is no longer a contingent asset, and is recognized as an asset. Information on contingent liabilities is disclosed in the notes to the financial statement. A contingent asset is disclosed where an inflow of economic benefits is probable.

vii) Financial Instruments

(a) Financial Assets

Initial recognition and measurement

The company recognizes financial assets and liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition. Purchase and sale of financial assets are accounted for at trade date.

Subsequent Measurement : Non-derivative financial instruments

Financial assets carried at amortized cost (AC)

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

(b) Financial liabilities**Initial recognition and measurement**

The Company's financial liabilities include trade and other payables, loans and borrowings etc. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs, if any.

Offsetting of Financial Liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

Derecognition of financial instruments

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

viii) Operating Cycle

(a) The Company presents its assets and liabilities in the balance sheet based on current/noncurrent classification which is based upon the Company's operating cycle. The Company has identified twelve months as its operating cycle.

(b) An asset is treated as current when it is:

- (i) Expected to be realized or intended to be sold or consumed in normal operating cycle;
- (ii) Held primarily for the purpose of trading;
- (iii) Expected to be realized within twelve months after the reporting period; or
- (iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

(c) A liability is treated as current when :

- (i) It is expected to be settled in normal operating cycle;
- (ii) It is held primarily for the purpose of trading;
- (iii) It is due to be settled within twelve months after the reporting period, or
- (iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

(d) Deferred tax assets and liabilities are classified as non-current assets and liabilities.

ix) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

x) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of twelve months or less, which are subject to an insignificant risk of changes in value. For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits.

xi) Fair Value Measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (i) In the principal market for asset or liability, or
- (ii) In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is material to the fair value measurement as a whole:

Level 1- Quoted(unadjusted) market prices in active markets for identical assets or liabilities

Level 2- Valuation techniques for which the lowest level input that is material to the fair value measurement is directly or indirectly observable

Level 3- Valuation techniques for which the lowest level input that is material to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by reassessing categorization (based on the lowest level input that is material to fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

(i) Fair Value Hierarchy

This section explains the judgements and estimates made in determining fair values of the financial instruments that are

(a) recognised and measured at fair value and

(b) measured at amortised cost and for which fair values are disclosed in the financial statements.

To provide an indication about the reliability of the inputs used in determining fair value, the company has classified financial instruments into three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

March 31, 2025

	Level 1	Level 2	Level 3	Total
Financial assets				
Other financial assets	-	-	42	42
Total financial assets	-	-	42	42

March 31, 2024

	Level 1	Level 2	Level 3	Total
Financial assets				
Other financial assets	-	-	42	42
Total financial assets	-	-	42	42

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market (for example traded bonds) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable , the instrument is included in level 2

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

(iii) Fair value of financial assets and liabilities measured at amortized cost

As on March 31, 2025, March 31, 2024 the fair value of cash and bank balances, trade receivables, other current financial assets, trade payables and other current financial liabilities approximate their carrying amount largely due to the short term nature of these instruments.

For other financial assets that are measured at amortised cost, the carrying amounts approximate the fair value.

2 Financial risk management

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk in the financial statements.

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents	Credit ratings	Diversification of Bank Accounts
Credit risk	Trade receivables	Ageing analysis	Part of daily business management
Credit risk	Financial assets measured at amortised cost	Ageing analysis	Credit limits
Market risk - Interest Rate risk	Borrowings	Sensitivity Analysis	Regularly assessing the market
Market risk - Commodity price risk	Inventories	Sensitivity Analysis	Part of daily business management
Liquidity risk	Borrowings, Trade payables, other financial liabilities	Maturity analysis	Part of daily business management

a) Credit Risk

Credit Risk is the risk that the counter party will not meet its obligation under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments.

i) Trade Receivables

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit rating scorecard and individual credit limits are defined in accordance with this assessment. Outstanding customer receivables are regularly monitored and any shipments to major customers are generally covered by Trade Receivable buyout facility without recourse, letters of credit and other forms of security.

An impairment analysis is performed at each reporting date on trade receivables by lifetime expected credit loss method based on provision matrix. The Company does not hold collateral as security. The Company evaluates the concentration of risk with respect to trade receivables and contract assets as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets.

The group assigns the following internal credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of the financial assets. The group provides for expected credit loss based on the following:

Category	Description of category	Basis of recognition of expected credit loss for Trade receivables
High quality assets, negligible credit risk	Assets where the counterparty has strong capacity to meet the obligations and where the risk of default is negligible or nil	Lifetime expected credit losses (simplified approach)
Quality assets, low credit risk	Assets where there is low risk of default and where the counterparty has sufficient capacity to meet the obligations and where there has been low frequency of defaults in the past	Lifetime expected credit losses (simplified approach)
Doubtful assets, credit-impaired	Assets where there is high risk of default and there is no reasonable expectation of recovery, the group continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in profit or loss.	100 % provision is considered for doubtful assets, credit impaired

b) Market Risk
Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three type of risks: Foreign exchange risk, Interest rate risk and other price risk.

Interest Rate Risk
The Company is exposed to risk due to interest rate fluctuation on long term borrowings. Such borrowings are based on fixed as well as floating interest rate. Interest rate risk is determined by current market interest rates, projected debt servicing capability and view on future interest rate. The Company mitigates this risk by regularly assessing the market scenario and finding appropriate financial instruments like Interest Rate Swap.

The exposure of the company's borrowing to interest rate changes at the end of the reporting period are as follows:-

Particulars	As at March 31, 2025	As at March 31, 2024
Loans - Variable Rates		
Long Term Loan	-	-
Short Term Loan	3,400	9,249
Total	3,400	9,249

Impact on Interest Expenses for the year on 1% change in Interest rate

Particulars	As at March 31, 2025	As at March 31, 2024
Impact on P&L	34	92
Total	34	92

Commodity Price Risk
Commodity price risk arises due to fluctuation in prices of raw material. The company has a risk management framework aimed at prudently managing the risk arising from the volatility in raw material prices and freight costs. The company's commodity risk is managed centrally through well-established trading operations and control processes. In accordance with the risk management policy, the Company carefully calibrates the timing and the quantity of purchase.

c) Liquidity Risk

Liquidity risk arises from the Company's inability to meet its cash flow commitments on time. Prudent liquidity risk management implies maintaining sufficient stock of cash and marketable securities. The Company maintains adequate cash and cash equivalents along with the need based credit limits to meet the liquidity needs.

3 Capital Management

The Company's objective with respect to capital management is to ensure continuity of business while at the same time provide reasonable returns to its various stakeholders. In order to achieve this, requirement of capital is reviewed periodically with reference to operating and business plans that take into account capital expenditure and strategic investments. Sourcing of capital is done through judicious combination of equity/internal accruals and borrowings, both short term and long term. Net debt (total borrowings less investments and cash and cash equivalents) to equity ratio is used to monitor capital.

5 Commitments and Contingencies

The Company is involved in certain appellate and judicial proceedings (including those described below) concerning matters arising in the normal course of business. The proceedings in respect of these matters are in various stages. Management has assessed the possible obligations arising from such claims against the Company, in accordance with the requirements of Indian Accounting Standard (Ind AS) 37 and based on judicial precedents, consultation with lawyers or based on its historical experiences. Accordingly, Management is of the view that based on currently available information no provision in addition to that already recognised in its financial statements is considered necessary in respect of the below:

Particulars	As at March 31, 2025	As at March 31, 2024
5.1 Contingent liabilities (to the extent not provided for)		
a) Bills discounted from Banks	-	643

6 Management Assessment on Tax Litigation

During the year, the business premises of the company had been searched by the GST authorities in the connection with some information in their possession. As a result of the search, the Gst authority had alleged that the company had claimed fraudulent ineligible credit of GST in earlier year and accordingly, passed an order under Section 74 of CGST Act, 2017 dated January 16 2025 directing the company to deposit the ineligible input credit of GST amounting to Rs 96.14 crores along with interest of Rs 98.42 crores and penalty aggregating to Rs 96.14 crores aggregating to total demand of Rs 290.70 Crores.

The management is of strong view that the company had availed the Gst Input credit legibly and the allegation made by the Gst Authority are not teneable. The company is in the process of seeking legal recourse against the demand and in the interim filed a rectified application before the Authorities concerned requesting availment of said input credit and further based on legal advice, this liability will not crystallize. Accordingly, no provision for the liability has been considered necessary by the management in these accounts.

12 Non-adjusting event

Pursuant to the requirements of Ind AS 10 – Events after the Reporting Period, the Company has evaluated subsequent events from the balance sheet date till the date of approval of the financial statements. The following material non-adjusting event was identified:

Accrual of Interest on Outstanding Dues to MSME Creditors: ₹ 12.57 Lakhs

As per the provisions of the Micro, Small and Medium Enterprises Development (MSMED) Act, 2006, interest is payable on delayed payments to suppliers registered under the said Act. Between the balance sheet date (i.e., March 31, 2025) and the date of approval of these financial statements (i.e., May 29, 2025), an amount of ₹ 12.57 Lakhs has accrued as interest on such outstanding dues.

Since this interest has accrued after the reporting date and does not relate to conditions existing as on the balance sheet date, it is considered a non-adjusting event as defined under Ind AS 10. Accordingly, no adjustment has been made in the financial statements for the year ended March 31, 2025. However, the same has been disclosed in these notes for the sake of transparency and compliance.
