## MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The Company's performance for the year ended 31st March 2013 and the Management's view on future outlook are detailed below:

### Cement Industry

India is one of the major producers of cement and is positioned second, globally. Cement industry is one of the core industries which plays a vital role in the growth and development of a nation. The industry occupies an important place in the Indian economy.

The present capacity in the Country is over 350 Million Tonnes and additional capacities are also being added in various States. The demand for the product is largely based on infrastructure projects like roads, buildings, ports, urban development and housing sector. Cement, being a bulk commodity, is a freight intensive industry and transporting it over long distances can prove to be uneconomical. This has resulted in cement being largely a regional play with the industry divided into five main regions viz. north, south, west, east and the central region. The Southern region of India has the highest installed capacity which accounts for around 1/3rd of national capacity.

The key drivers of cement industry are mainly:

- increase in infrastructure spending
- buoyant real estate market
- low-cost housing in urban and rural areas under schemes like Jawaharlal Nehru National Urban Renewal Mission (JNNURM), Indira Aawas Yojana and Rajiv Swagruha Housing scheme etc.

### Opportunities and Threats

The Government consumption of cement on the whole has continued to register negative trend in South India, especially in Andhra Pradesh. The demand for cement has considerably reduced against excessive new capacity addition. There is a drop in consumption from 2009-10 onwards. There is downtrend in the implementation of infrastructure projects and also in real estate consumption for the last few years. This has resulted in severe competition and lower price realizations. The input costs

have gone up on fronts like coal, freight charges and of course labour costs. In the coming years the demand-supply mismatch is expected to even out. Till that time the Company will be under financial pressure because of lower capacity utilization.

Your company with its own thermal captive power plants alongwith hydel and wind power plant will be able to substantially secure the power requirements of its cement plant. Increase in the cost of coal for the thermal power plant has to be absorbed. However, this compares favourably with regards to cost and restriction on power from state power suppliers.

The Company's hydel power plant, which is a direct contributor to the profitability of the Company, could not generate power as per capacity available because of poor monsoon and near drought condition during 2012-13. A total of 2.74 million units only could be generated during the year 2012-13 which is a mere 1/8th of 20.49 million units generated during the previous year 2011-12.

### Outlook

Cement demand across the country during the fiscal continues to be lower than previous years due to poor demand from infrastructure and housing sectors. In Andhra Pradesh this year scarcity of sand, an important material in building construction, has impacted the demand for cement. The Indian Cement Industry has witnessed massive capacity additions during the past four years which has resulted in significant pressure on price realization and also on capacity utilization. The growth prospects of the cement industry are closely linked to the growth of the overall economy in general and the housing and construction sectors in particular. If the slowdown in construction sector continues for an extended period, it would impact the growth in consumption of cement. However, the long term drivers for cement demand remain intact.

### Risk and Concern

Your company does not perceive any serious risk/concern apart from the normal business risks connected with the cement industry in general, few of which are:

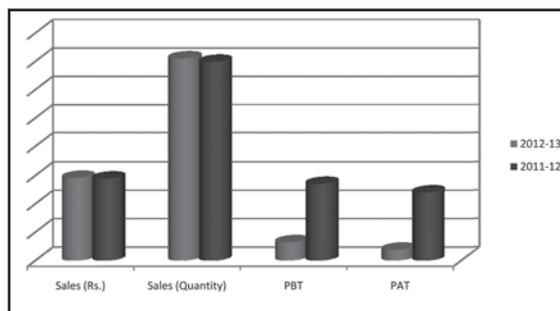

- **Coal Price:** Coal prices in the past had significantly increased due to reduced supplies, rising freight costs and higher imported coal quantities in India and the trend is expected to continue in the near future.
- **Transport Cost:** The foremost reasons for increase in transportation cost are freight and fuel costs which are also vital areas of concern for your company. Currently, only a small portion of cement in the country is moved by railways. Added to that, recently railways have increased the freight substantially which will have an additional impact on a shift towards road for transporting cement resulting in further increase in the transportation cost.
- **Changes in Government Policy:** Growth prospects in the Cement Industry are dependent on various Government Policies on infrastructure projects, road network and housing facilities etc. Lack of boom in terms of government policy may have an adverse impact on the demand for the cement and consequently will have a negative impact on the sales and profitability of the Company.

#### **Internal Control System**

The Internal Control system in the Company is well streamlined with defined procedures. An external independent agency of chartered accountants has been appointed as Internal Auditor to independently audit the Company's accounts and operations. The Internal Auditor submits their reports and suggest remedial actions wherever required. The Audit Committee also oversees reports of the Internal Auditor and suggests remedial action to the operating management.

#### **Financial and Operational Performance**

The revenue generated from operations for the year 2012-13 was ₹ 58056.19 Lakhs against ₹ 57547.36 Lakhs in the previous year. In terms of quantity 1418173 MT of cement were sold during the year 2012-13 as compared to 1393947 MT sold in the previous year.

The Profit before tax of the Company for the year 2012-13 stood at ₹ 1258.71 Lakhs as compared to ₹ 5381.23 Lakhs in the previous year. The outgo on interest payments is ₹ 2958.69 Lakhs as against ₹ 3857.79 Lakhs in the previous year. Profit after tax for the year was ₹ 731.32 Lakhs against ₹ 4776.27 Lakhs in the previous year.

#### **Human Resources & Industrial Relations**

The Company believes that human resources are an invaluable asset. The Company takes special care to maintain cordial relationship with employees and staff. The Company continues to implement skill and capability development programs for its employees. As on 31st March 2013 the Company has 343 employees working in its units and various offices.

#### **Cautionary Statement**

Statements in the "Management Discussion & Analysis Report" which seek to describe the Company's objective, projections, estimates, expectations or predictions may be considered to be "forward looking statements" within the meaning of applicable securities laws or regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include demand-supply conditions, increase in installed capacities, prices of finished goods, feed stock availability and prices, cyclical demand, pricing in the Company's markets, changes in Government regulations, tax regimes, etc. besides other factors, such as litigations and labour related issues.

## AUDITORS' REPORT

To  
The Members of  
Deccan Cements Limited

### Report on the Financial Statements

We have audited the accompanying financial statements of Deccan Cements Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2013, and the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956 ("the Act"). This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2013;
- b) in the case of the Statement of Profit and Loss, of the profit for the year ended on that date; and
- c) in the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2003 ("the Order") issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Act, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.
2. As required by section 227(3) of the Act, we report that:
  - a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
  - b) in our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
  - c) the Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account;
  - d) in our opinion, the Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement comply with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956;
  - e) on the basis of written representations received from the directors as on March 31, 2013, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2013, from being appointed as a director in terms of clause (g) of sub-section (1) of section 274 of the Companies Act, 1956.

## Notes to the Financial Statements for the Year Ended 31st March 2013

### 1. Corporate Information

Deccan Cements Limited ("the Company") is a public company domiciled in India and incorporated under the provisions of the Companies Act, 1956. Its shares are listed on two stock exchanges in India. The Company is engaged in manufacturing and selling of cement.

### 2. Significant Accounting Policies

#### a) Basis of Preparation

- (i) Financial Statements are prepared in accordance with Generally Accepted Accounting Principles in India (GAAP) under the historical cost convention.
- (ii) The Company follows the mercantile system of accounting and recognizes income and expenditure on accrual basis.

#### b) Use of Estimates

The preparation of financial statements is in conformity with generally accepted accounting principles which requires management to make estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the end of the reporting periods. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

#### c) Fixed Assets

##### Tangible Fixed Assets

Tangible Fixed Assets are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, borrowing costs if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use.

Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed assets including day to day repairs and maintenance expenditure and cost of replacing parts are charged to the statement of Profit and Loss for the period during which such expenses are incurred.

##### Depreciation on Tangible Fixed assets

Depreciation on Fixed Assets is provided in accordance with Schedule XIV of the Companies Act, 1956, on Straight Line Method in respect of Buildings, Plant and Machinery, and on Written Down Value Method in respect of other Fixed Assets.

##### Intangible Assets

Intangible assets acquired separately are measured on initial recognition cost and are amortised on a straight line basis over estimated useful economic life.

The amortised period and amortisation method are reviewed at each financial year end.

Cost of compensatory land (intangibles) transferred to Government of Andhra Pradesh in lieu of forest land diverted for mining and free hold land for mining is amortized over the tenure of the Mining lease.

Capital Work-in-progress is stated at amount expended up to the date of the Balance Sheet.

All the fixed assets are assessed for any indication of impairment at the end of each financial year. On such indication the impairment loss, being the excess carrying value over the recoverable value of the assets, is charged to the statement of Profit & Loss in the respective financial year. The impairment loss recognized in the prior years is reversed in cases where the recoverable value exceeds the carrying value, upon the reassessment in the subsequent years.

**d) Revenue Recognition**

- (i) Cement: Sales are recognized at the point of dispatch i.e., when significant risk is transferred to customers.
- (ii) Power: Revenue from sale of power is recognized net of Wheeling charges.

**e) Inventory Valuation**

- (i) Raw Materials, Coal, Stores & Spares and Packing Materials: at Weighted Average Cost
- (ii) Materials in Transit: at Cost
- (iii) Work in process: at Weighted Average Cost or Net Realisable Value, whichever is lower.
- (iv) Finished goods: at Cost or Net Realisable Value, whichever is lower.

Cost comprises of cost of purchase, cost of conversion & other costs incurred in bringing the inventories to its present location & condition.

**f) Investments**

Investments are stated at cost of acquisition. Diminution in the value of investments, other than temporary, meant to be held for a long period of time is recognized.

**g) Internal Consumption**

Internal consumption of the Company's products, which are otherwise marketable, is accounted for at transfer price and is included under sales.

**h) Transfer price for Inter divisional transfer / consumption**

- (i) Cement: Internal consumption is taken at cost plus statutory levies as applicable.
- (ii) Power (Hydel / Wind): At cost of purchase from APCPDCL by the division consuming such power.

**i) Retirement Benefits**

Provident Fund is administered through Regional Provident Fund Commissioner. Superannuation and Gratuity are administered through the scheme of Life Insurance Corporation of India. The liability towards Leave Encashment and Gratuity is recognized on the basis of actuarial valuation.

**j) Borrowing Costs**

Borrowing costs are recognized as an expense in the period in which they are incurred. Borrowing costs incurred for acquiring and construction of assets are capitalised as part of the cost of such assets.

**k) Taxation**

Provision for income tax is made for both current and deferred taxes. Provision for current income tax is made at current tax rates based on assessable income. Deferred income taxes are recognized for the future tax consequences attributable to timing differences between the carrying amounts of existing assets and liabilities and their respective tax bases. The effect on deferred tax assets and liabilities of a change in tax rates as stated in the financial statements is recognized using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognized and carried forward only when there is virtual certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

**l) Contingencies**

The Company recognizes provisions when there is present obligation as a result of past event and it is probable that there will be an outflow of resources and reliable estimate can be made of the amount of obligation. A disclosure for contingent liabilities is made in the notes to accounts when there is a possible obligation or a present obligation that may, but probably will not, require an out flow of resources. Contingent assets are neither recognized nor disclosed in the financial statements.

**m) Earnings Per Share**

Earnings per share is calculated by dividing the net profit or loss for the year attributable to equity share holders by the weighted average number of equity shares outstanding during the year.
