Directors' Report

TO THE MEMBERS,

The Directors of your Company are pleased to present the 52nd Annual Report together with the audited accounts of the Company for the financial year ended 31st December 2010.

REVIEW OF OPERATIONS

Production and Sales figures of the Company in quantitative terms are as under:

	Financial year ended 31st December 2010	Financial year ended 31 st December 2009
Production (in tonnes)		
-Clinker	13,36,805	13,53,951
-Cement	26,45,725	26,60,674
-GGBS	15,993	5,026
Sales (in tonnes)		
-Clinker	81,449	55,479
-Cement	26,09,254	26,54,767
-GGBS	17,151	5,376

India is the world's second largest producer of cement. The main characteristics of this industry is that it is highly fragmented, regional, cyclical and capital intensive.

In the first half of the year 2010 the demand for cement was buoyant which resulted in higher volume and price realisation. However during the second half of the year additional capacities became operational which resulted in oversupply situation. Further, during the second half of the year the demand for cement also declined due to heavy rains in most parts of the Country resulting in subdued construction activity. The oversupply coupled with the poor off take of cement created demand supply mismatch putting pressure on prices. This lead to decline in the capacity utilization throughout the industry. Significant rise in costs, especially the price of coal, petroleum products, power and freight cost further eroded the profitability.

Financial year 2011-12 is the terminal year of the 11th Five year plan of the Government of India. Therefore we expect that the Government spending will be relatively higher during the aforesaid period. This will also help in increasing the demand of cement during the current year.

Mycem is now a well established brand with high degree of customer acceptance, which is the result of the Company's constant endeavour to give its customers the best possible product. The Company has also started marketing its cement in Bihar to expand its market reach. In order to foster better channel – Company Partnership, a dealer training program was initiated, a first for the Company.

FINANCIAL HIGHLIGHTS

The Company achieved gross sales of Rs. 98,537.07 lacs during the financial year ended 31st December, 2010, against Rs. 1,04,023.92 lacs during the financial year ended 31st December 2009. The net profit of the Company during the financial year ended 31st December 2010 was Rs. 6,329.95 lacs as compared to the net profit of Rs. 13,403.91 lacs during the financial year ended 31st December 2009.

The snapshot of your Company's performance for the financial year ended 31st December, 2010 vis-à-vis its performance in the previous year ended 31st December, 2009 is as under:-

CAPACITY EXPANSION

The Company's present installed capacity is 3.07 MTPA. The Company has embarked upon expansion projects at Damoh & Jhansi units, which will double its cement production capacity.

On 4th August 2010, the Hon'ble Chief Minister of Madhya Pradesh, Mr. Shivraj Singh Chauhan, performed a Bhoomi Poojan and unveiled a plaque at the Narsingarh Unit for the said expansion project.

The work on the aforesaid expansion projects is in full swing and it is expected that the commercial production will commence in the first quarter of the year 2012. The total cost of the expansion project will be funded through a mix of internal accruals, External Commercial Borrowings (ECB) from the promoter group and borrowings from Indian Banks and Financial Institutions.

DIVIDEND

The Directors of the Company had passed a Resolution by Circulation on 11th May 2010 to exercise the Call Option for redemption of 13,49,336 9% Cumulative Redeemable Preference Shares of Rs. 100 each aggregating to Rs. 13,49,33,600. Since these Preference Shares were Cumulative in nature, it was obligatory for the Company to pay the accumulated dividend i.e., dividend @ 9% per annum on 13,49,336 Preference Shares for the period from 1st January 2010 till 11th May 2010 (being the date of redemption of preference shares).

The Company has already paid the dividend amounting to Rs. 43.59 lacs as interim dividend along with the redemption proceeds for which the Board seeks the confirmation of the shareholders at Item No. 2 of the Notice of Annual General Meeting.

Further, in view of the requirement of funds for the aforesaid expansion projects, your Directors have decided not to recommend any Dividend on the equity shares for the financial year ended 31st December, 2010.

The Registered Office of the Company has been shifted from the plant at Ammasandra (Karnataka) to Gurgaon (Haryana) w.e.f. 8th March 2011.

HUMAN RESOURCES

During the year under review the Industrial Relations remained cordial and there was all round cooperation. Employees at all levels demonstrated high degree of commitment for achieving the Company's goals.

The Company focused on Employee Development, Retention, Recognition, Performance Management & Communication. Initiatives like Hi-Potential scheme and Star Employee of the month/quarter have been implemented with the objective of retention & recognition and also to encourage innovative ideas.

Various training programs focusing on the soft skills like Communication & Leadership skills were conducted. The key programs focusing on soft skills and managerial skills conducted were Business Communication, Breakthrough in Effectiveness, Performance Management Process, Team Bonding & Jagriti (Workmen Training).

Quarterly communication meetings, Directors' Feedback Sessions and open house sessions were also introduced to share the business performance vis-à-vis market scenario, new market place challenges and also to address the concerns of employees.

Employees at all levels continue to put in their best in the service of the Company and your Directors place on record sincere appreciation of their dedication and loyalty.

OCCUPATIONAL HEALTH & SAFETY

The Company has continued to focus on embedding strong safety culture top-down and bottom-up. "Nothing is more important to us at Heidelberg than the safety of our workers, our subcontractors, and the communities in and near which we operate," says Dr. Scheifele, Chairman of HeidelbergCement Group.

'Safety Topic of the Month' program is designed to educate the employees about why safety is so important, and to remind our employees and subcontractors about ways to maximize their own safety, on the job, in and around the plant, and in their own homes and communities. During the month, each site is organizing events, open house sessions to increase awareness and communication campaigns on the theme of occupational health and safety for employees and subcontractors.

Every Operational Unit and Project Site conducts Daily Safety Meeting to communicate the previous day safety observations & incident information of all the sites for taking immediate corrective & preventive actions at their respective sites. This has improved the Safety performance drastically at Shop floor. This meeting is headed by Plant Head and the presence of all Officers & Contractor Employees has been made mandatory.

The Lost Time Injury frequency Rate drastically decreased from the year 2007 to 2010 as a result of the company's comprehensive safety program. Damoh Limestone Mine has been selected for the National Safety Award under the category of "Lowest Injury Frequency Rate" by the Ministry of Labour & Employment.

The Company has set up Corporate Health & Safety function to lead these efforts to facilitate design and implementation of H&S Management System. The Company has also implemented the Contractor Safety Management System, which helps to ensure that proper processes are in place for the safety of Contract Employees. We have embarked on the journey of changing behaviors across all functions. We continue to lead our efforts for enforcement of H&S norms at all our brown field projects.

CORPORATE SOCIAL RESPONSIBILITY (CSR)

The Company is actively contributing to the economic and social development of the surrounding communities as part of its corporate social responsibility by focusing on Healthcare, Education and improvement of the surroundings. During the year under review, your Company continued to co-ordinate with local communities, in the regions where it has presence, to facilitate development and welfare activities. These included medical assistance and organising medical camps for the residents of the surrounding villages. Every Plant has a medical centre along with Ambulance to provide timely medical help and treatment.

In the area of Education, your Company's schools provide high standard of education not only to the children of its employees but also to the children from the surrounding rural areas. Sports meets with various events were conducted at schools

which also attracted participation of other schools from the surrounding areas. With the help of social clubs, the Company has initiated various training programs for women and unemployed youth.

There is scarcity of water in the vicinity of some of the Company's plants. Therefore the Company has made necessary arrangements to provide treated water from its plants to the villagers. In addition, the Company also engaged manpower for cleaning and renovation of old wells and ponds in surrounding areas to ensure that water is easily available to the villagers.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Industry Structure and Developments

Cement consumption % inc/dec: 2010 vs 2009

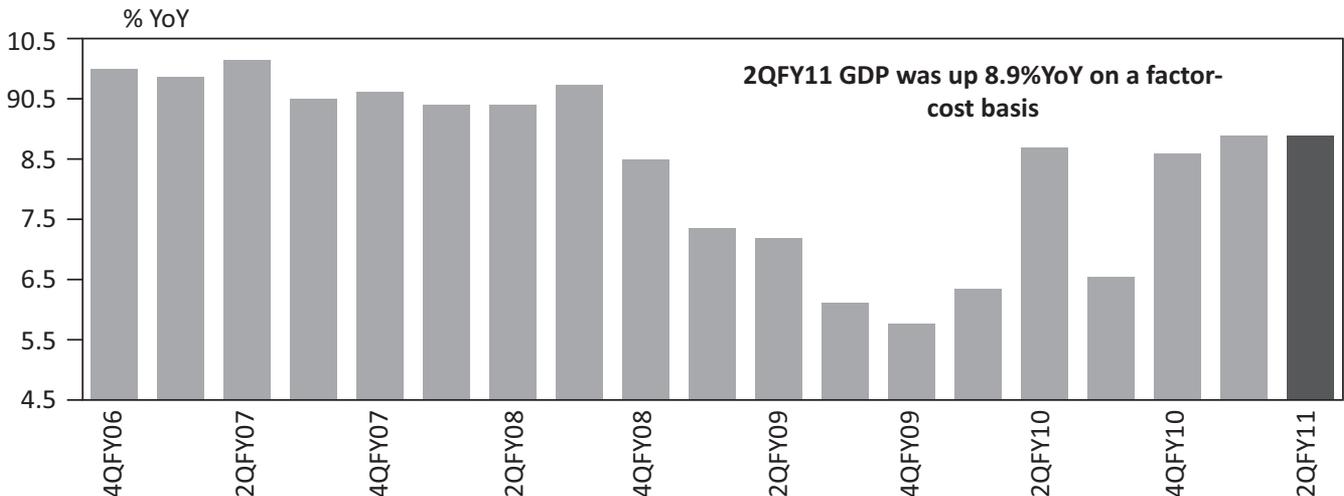

Source: CMA

- During CY 2010 a total of approx. 27 Million t of cement capacity was added taking the overall installed cement capacity to approx. 276 Million t as on 31st December 2010. (Source: CMA/Industry Estimates)
- However, considering the fact that 12 - 15 Million t of cement capacity was added in the second half of 2009 which actually started supplying to the markets during CY 2010, the effective cement capacity available in CY 2010 was higher by approx. 21 - 25 Million t over CY 2009. (Source: CMA/Industry Estimates).
- On the other hand demand growth slowed in the second half and on a y-o-y basis grew by 6% p.a. in CY 2010 (Source: CMA/Industry Estimates)
- This resulted in overall lower effective capacity utilisation of approx. 80-82% which impacted prices adversely across the country.

Opportunities and Threats

Opportunities

- Reserve Bank of India in its Quarterly Review of Monetary Policy in January 2011 has retained the GDP growth projection of 8.5% for Financial Year 2010-11 with an upward bias, citing key factors contributing to the growth momentum as:
 - improved kharif production and healthy trends in rabi production
 - rising tax revenues
 - strong growth in corporate sales and earnings
 - pick up in private consumption and
 - strong credit growth.
- The Government's advance GDP estimate for FY 2010-11 too has pegged growth at 8.6%
- Consumption trends continue to be strong, due to positive demographic story.
- Good agricultural production is expected to help sustain the rural demand. Trends in rural consumption could also get a boost following the proposal to link wages under the National Rural Employment Guarantee Act (NREGA) to inflation.
- On the urban side, in addition to strong service sector growth, consumer confidence will too support consumption.
- With the impetus on infrastructure and rural housing, the company has already commenced the expansion of its facilities at Damoh and Jhansi in the states of Madhya Pradesh and Uttar Pradesh respectively. The project is on schedule and we expect commercial production to commence by First Quarter of CY 2012. Post expansion, the total capacity of the company would double to 6 Million t.p.a.

Threats

- Inflation remains the key concern. Rising input costs continue to be a serious threat to the industry. Reserve Bank too has raised its March 2011 WPI forecast from 5.5% to 7%. Prices of all key raw materials, fuel and power have increased substantially over the last year and have adversely impacted the margins.
- With the Reserve Bank of India raising rates for 7 consecutive times since March 2010 to rein inflation, the interest costs too have risen steeply further impacting the profitability of the corporate sector.
- Key threats to the industry are :-
 - Excess capacity build up, which may impact prices in the short run.
 - Delays in execution of infrastructure projects can adversely impact the demand growth.
 - Rising interest rates may also impact the demand for housing.
 - Rising Fuel prices : Higher international coal prices coupled with rising crude prices are likely to result in higher domestic petcoke prices.
 - Over the last 2 years the domestic supply of natural gypsum has shown marked deterioration in quality. Availability of sufficient quantity is also doubtful due to mining related issues.
 - Steel for expansion project : Shortage of metallurgical grade coke coupled with rise in prices will result in higher domestic steel prices.
 - Restricted availability of wagons may lead to congestion in despatches.

Outlook

- Approx. 30-35 Million t of capacity is expected to be added during CY 2011 (Source : Industry estimates)
- We expect cement demand to grow by 8-10% during CY 2011 considering the following factors :
 - GDP growth of 8-9%
 - Good monsoons in FY 2010-11 will boost agricultural output and thus the rural economy.
 - Impetus on infrastructure spending and rural housing.
 - Since FY 2011-12 is the terminal year of the 11th Five Year Plan of the Government of India, we expect Government spending to be relatively higher than in the past years.

Company's Operational and Financial Performance

- The cement sales of the Company were 2.61 million tonnes during the financial year ended 31st December 2010 against 2.66 million tonnes during the previous financial year ended 31st December 2009.
- The Company achieved gross sales of Rs. 98537.07 lacs during the financial year ended 31st December, 2010, against Rs. 104023.92 lacs during the financial year ended 31st December 2009. The net profit of the Company during the financial year ended 31st December 2010 was Rs. 6,329.95 lacs as compared to the net profit of Rs. 13403.91 lacs during the financial year ended 31st December 2009.

Unit-wise Performance

The company has four manufacturing units namely Ammasandra (Karnataka), Damoh (M.P.), Jhansi (U.P.) and Raigad (Maharashtra). The unit-wise performance is given below:-

Risks and Concerns

- Top management reviews the risks associated with the business of the Company with respect to Production, Operation, Marketing, Regulatory Affairs, Finance, Information Technology and Human Resources. Suitable steps are taken to mitigate such risks.
- Sufficient resources have been deployed in terms of experienced professionals, technology and processes to monitor, evaluate and manage the principal risks.
- While systematic risk identification and mitigation framework is in place, the Company has little or virtually no control over certain business risks, which are external to the Company such as general down turn in market-demand due to adverse economic or political conditions, volatility in interest rates, new Regulations and Government policies.

Internal Control Systems and their Adequacy

- The Company has appointed Internal Auditors to look into the Internal Control System and their Reports are reviewed by Management and also by the Audit Committee.
- Internal Audit team of HeidelbergCement Group, Germany also documents and reviews the internal controls.
- Internal Control System is reviewed from time to time for its adequacy and effectiveness and suggestions of Internal Auditors are implemented.
- Existing audit and inspection procedures are reviewed to enhance their effectiveness, usefulness and timeliness.
- In addition, the Company reports at the end of each quarter the critical issues that are required to be reported pursuant to the Risk Management Guidelines of HeidelbergCement Group.

Human Resources

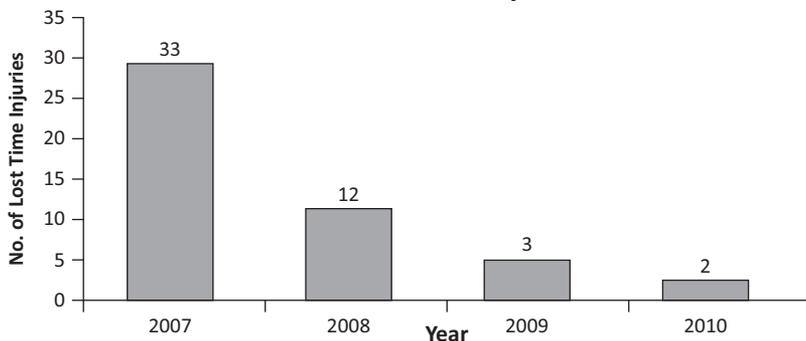

The company recorded 1608 officers and workmen on its rolls as on 31st December 2010. As a step in the direction of making HCIL an employer of choice, following initiatives were focused upon:-

- Talent Engagement & Retention :
 - Reward & Recognition – Star Performer of the month /quarter /year Scheme

Auditors' Report

To
The Members of HeidelbergCement India Limited

1. We have audited the attached Balance Sheet of HeidelbergCement India Limited ('the Company') as at December 31, 2010 and also the Profit and Loss account and the Cash Flow statement for the year ended on that date annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. As required by the Companies (Auditor's Report) Order, 2003 (as amended) issued by the Central Government of India in terms of sub-section (4A) of Section 227 of the Companies Act, 1956, we enclose in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the said Order.
4. Further to our comments in the Annexure referred to above, we report that:
 - i. We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - ii. In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - iii. The balance sheet, profit and loss account and cash flow statement dealt with by this report are in agreement with the books of account;
 - iv. In our opinion, the balance sheet, profit and loss account and cash flow statement dealt with by this report comply with the accounting standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956.
 - v. On the basis of the written representations received from the directors, as on December 31, 2010, and taken on record by the Board of Directors, we report that none of the directors is disqualified as on December 31, 2010 from being appointed as a director in terms of clause (g) of sub-section (1) of section 274 of the Companies Act, 1956.
 - vi. In our opinion and to the best of our information and according to the explanations given to us, the said accounts give the information required by the Companies Act, 1956, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India;
 - a) in the case of the balance sheet, of the state of affairs of the Company as at December 31, 2010;
 - b) in the case of the profit and loss account, of the profit for the year ended on that date; and
 - c) in the case of cash flow statement, of the cash flows for the year ended on that date.

Annexure referred to in paragraph 3 of our report of even date

Re: HeidelbergCement India Limited ('the Company')

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) Fixed Assets have been physically verified by the management during the year in accordance with a planned programme of verifying them in a phased manner so as to cover all assets once in three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. As informed, no material discrepancies were noticed in respect of assets verified during the year.
- (c) There was no substantial disposal of fixed assets during the year.
- (ii) (a) The inventory of the Company have been physically verified by the management during the year at reasonable intervals.
- (b) The procedures of physical verification of inventory followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.
- (c) The Company is maintaining proper records of inventory and no material discrepancies were noticed on physical verification.
- (iii) (a) As informed, the Company has not granted any loan, secured or unsecured to companies, firms or other parties covered in the register maintained under section 301 of the Companies Act, 1956. Accordingly, paragraphs 4 (iii) (b), (c) and (d) of the Companies (Auditor's Report) Order, 2003 (as amended), are not applicable.
- (b) As informed, the Company has not taken any loans, secured or unsecured from companies, firms or other parties covered in the register maintained under section 301 of the Companies Act, 1956. Accordingly, paragraphs 4 (iii) (f) and (g) of the Companies (Auditor's Report) Order, 2003 (as amended) are not applicable.
- (iv) In our opinion and according to the information and explanations given to us, there is an adequate internal control system commensurate with the size of the Company and the nature of its business, for the purchase of inventory and fixed assets and for sale of goods. During the course of our audit, no major weakness has been noticed in the internal control system in respect of these areas. During the course of our audit, we have not observed any continuing failure to correct major weakness in internal control system of the company.
- (v) According to the information and explanations provided by the management, we are of the opinion that there is no contracts or arrangements referred to in section 301 of the Act that needs to be entered into the register maintained under section 301. Therefore, provision of clause 4(v) (b) of the Companies (Auditor's Report) Order, 2003 (as amended) is not applicable to the Company.
- (vi) In respect of deposits accepted, in our opinion and according to the information and explanations given to us, directives issued by the Reserve Bank of India and the provisions of sections 58A, 58AA or any other relevant provisions of the Companies Act, 1956 and the rules framed there under, to the extent applicable, have been complied with. We are informed by the management that no order has been passed by the Company Law Board, National Company Law Tribunal, Reserve Bank of India or any Court or any other Tribunal.
- (vii) In our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
- (viii) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 209(1)(d) of the Companies Act, 1956, and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained.
- (ix) (a) The Company is regular in depositing with appropriate authorities undisputed statutory dues including provident fund, investor education and protection fund, employees' state insurance, income-tax, sales-tax, wealth-tax, service tax, customs duty, excise duty, cess and other material statutory dues applicable to it. Further, since the Central Government has till date not prescribed the amount of cess payable under section 441 A of the Companies Act, 1956, we are not in a position to comment upon the regularity or otherwise of the company in depositing the same.

(b) According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, investor education and protection fund, employees' state insurance, income-tax, wealth-tax, service tax, sales-tax, customs duty, excise duty, cess and other undisputed statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.

(c) According to the records of the Company, the dues outstanding of income-tax, sales-tax, wealth-tax, service tax, customs duty, excise duty and cess on account of any dispute, are as follows:

(x) The Company has no accumulated losses at the end of the financial year and it has not incurred cash losses in the current and immediately preceding financial year.

(xi) Based on our audit procedures and as per the information and explanations given by the management, we are of the opinion that the Company has not defaulted in repayment of dues to bank and financial institution. The Company has no outstanding dues in respect of debenture holder.

(xii) According to the information and explanations given to us and based on the documents and records produced to us, the Company has not granted loans and advances on the basis of security by way of pledge of shares, debentures and other securities.

(xiii) In our opinion, the Company is not a chit fund or a nidhi / mutual benefit fund / society. Therefore, the provisions of clause 4(xiii) of the Companies (Auditor's Report) Order, 2003 (as amended) are not applicable to the Company.

(xiv) In our opinion, the Company is not dealing in or trading in shares, securities, debentures and other investments. Accordingly, the provisions of clause 4(xiv) of the Companies (Auditor's Report) Order, 2003 (as amended) are not applicable to the Company.

- (xv) According to the information and explanations given to us, the Company has not given any guarantee for loans taken by others from bank or financial institutions.
- (xvi) Based on information and explanations given to us by the management, term loans were applied for the purpose for which the loans were obtained.
- (xvii) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised on short-term basis have been used for long-term investment.
- (xviii) The Company has not made any preferential allotment of shares to parties or companies covered in the register maintained under section 301 of the Companies Act, 1956.
- (xix) The Company did not have any outstanding debentures during the year.
- (xx) The Company has not raised any money through a public issue during the year.
- (xxi) Based upon the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and as per the information and explanations given by the management, we report that no fraud on or by the Company has been noticed or reported during the course of our audit.

Schedule T: Notes to Accounts

1. NATURE OF OPERATIONS

HeidelbergCement India Limited (hereinafter referred to as “HCIL” or “the company”) is a Company formed and registered under the Companies Act, 1956. The principal activity of HCIL is the manufacture of Portland cement at its four locations viz. Ammasandra (Karnataka), Damoh (Madhya Pradesh), Jhansi (Uttar Pradesh) and Raigad (Maharashtra).

2. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Preparation

The financial statements have been prepared to comply in all material respects with the Notified Accounting Standard by the Companies Accounting Standards Rules, 2006 (as amended) and the relevant provisions of the Companies Act, 1956. The financial statements have been prepared under the historical cost convention on an accrual basis except in case of assets for which provision for impairment is made and revaluation is carried out. The accounting policies are consistent with those used in the previous year.

(b) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting year. Although these estimates are based upon management’s best knowledge of current events and actions, actual results could differ from these estimates.

(c) Fixed Assets

Fixed assets are stated at cost or revalued amounts, as the case may be, less accumulated depreciation and impairment losses (if any). Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Borrowing costs relating to acquisition of fixed assets which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

(d) Depreciation on fixed assets

- (i) Depreciation on all fixed assets except for motor cars is provided on Straight Line Method as per Schedule XIV of the Companies Act, 1956 on pro-rata basis with reference to the month of addition/ sale. The management of the Company is of the view that this depreciation rate fairly represents the useful life of the assets. Most of the Plant and Machinery have been considered as continuous process plant based on technical evaluation and reports.
- (ii) Motor Cars are depreciated over an estimated useful life of 5 years.
- (iii) Assets costing less than Rs. 5,000 are fully depreciated in the year of purchase.
- (iv) In respect of the revalued assets, the difference between the depreciation calculated on the revalued amount and that calculated on the original cost is recouped from the Revaluation Reserve Account.
- (v) Leasehold Land is amortized over the period of initial lease term ranging from 5 to 20 years.

(e) Intangibles

Costs incurred on acquisition of intangible assets are capitalized and amortized on a straight-line basis over their technically assessed useful lives, as mentioned below:

Intangible Assets	Estimated Useful Life (Years)
IT Software	5

(f) Impairment

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/ external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset’s net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital. For the purpose of accounting of impairment, due consideration is given to revaluation reserve, if any.

After impairment, depreciation is provided on the revised carrying amount of the assets over its remaining useful life.

A previously recognized impairment loss is increased or reversed depending on changes in circumstances. However the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation if there was no impairment.

(g) Investments

Investments that are readily realisable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognise a decline other than temporary in the value of the investments.

(h) Inventories

Inventories are valued as follows:

Raw materials, stores and spares and Packing materials	Lower of cost and net realisable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on a weighted average basis and includes cost incurred in bringing the material to its present location and condition.
Stock-in-process and Finished goods	Lower of cost and net realisable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. Cost of finished goods includes excise duty. Cost is determined on a weighted average basis.
Scrap	Net realizable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

(i) Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

(i) Sale of Goods

Revenue is recognised when the significant risks and rewards of ownership of the goods is passed to the buyer. Excise Duty deducted from turnover (gross) is the amount that is included in the amount of turnover (gross) and not the entire amount of liability arose during the year. Sales are reported net of sales tax, incentives and rebates.

(ii) Interest

Revenue is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

(j) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

(k) Leases

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item are classified as Operating Leases. Operating Lease payments are recognised as an expense in the Profit & Loss Account on a straight line basis over the lease period.

(l) Foreign Currency Transactions

(i) Initial Recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(ii) Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the

date of the transaction; and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

(iii) **Exchange Differences**

Exchange differences arising on settlement of monetary items or on reporting Company's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or as expenses in the year in which they arise.

(iv) **Forward Exchange Contracts not intended for trading or speculation purposes**

The premium or discount arising at the inception of forward exchange contracts (not for hedging firm commitment/highly probable forecast transactions) is amortised as expense or income over the life of the contract. Exchange differences on such contracts are recognised in the statement of profit and loss in the year in which the exchange rates change. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognised as income or as expense for the year.

(m) Employee Benefits

- (i) Superannuation Fund (being administered by Trusts) and Employees' State Insurance Corporation (ESIC) are defined contribution schemes and the contributions are charged to the Profit and Loss Account of the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the respective funds.
- (ii) Retirement benefits in the form of Provident Fund contributed to Statutory Provident Fund is a defined contribution scheme and the payments are charged to the Profit and Loss Account of the year when the payments to the respective funds are due. There are no obligations other than contribution payable to Provident Fund Authorities.
- (iii) Retirement benefits in the form of Provident Fund contributed to Trust set up by the employer is a defined benefit scheme and the payments are charged to the Profit and Loss Account of the year when the payments to the Trust are due. Shortfall in the funds, if any, is adequately provided for by the Company.
- (iv) Gratuity liability (being administered by a Trust) is a defined benefit obligation and is provided for on the basis of an actuarial valuation done using projected unit credit method at the end of each financial year.
- (v) Short term compensated absences are provided for based on estimates. Long term compensated absences are provided for based on actuarial valuation using projected unit credit method at the end of each financial year.
- (vi) Actuarial gains/ losses are immediately taken to Profit and Loss Account and are not deferred.
- (vii) Expenses incurred under Voluntary Retirement Scheme are charged to Profit & Loss account immediately.

(n) Income Taxes

Tax expense comprises of current, deferred and fringe benefit tax. Current income tax and fringe benefit tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income-tax Act, 1961. Deferred income taxes reflect the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the taxes on income levied by same governing taxation laws. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits.

At each balance sheet date, the Company re-assesses unrecognised deferred tax assets. It recognizes unrecognised deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be that sufficient future taxable income will be available against which such deferred tax assets can be realised.

The carrying amount of deferred tax assets are reviewed at each balance sheet date. The company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realised. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

MAT credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. In the year in which the Minimum Alternative Tax (MAT) credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the profit and loss account and shown as MAT Credit Entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

(o) Segment Reporting Policies

(i) Identification of segments:

The Company's operating businesses are organized and managed according to the nature of products and predominant source of the risk for the Company is business product, therefore business segment has been considered as primary segment. The analysis of geographical segments is based on the areas in which the Company operates.

(ii) Segment Policies:

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

(p) Provisions

A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and are adjusted to reflect the current best estimates.

(q) Earnings per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders after deducting preference dividends and attributable taxes by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares, if any.

(r) Cash and Cash Equivalents

Cash and cash equivalents in the cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

3. The Capital Work-in-progress relating to tangible fixed assets includes capital advances amounting to Rs. 15,077.68 lacs (Previous year: Rs. 1,026.10 lacs) and inventory of capital items in transit amounting to Rs. 2,089.73 lacs (Previous Year: Rs. 1,587.64 lacs).

Capital work-in-progress includes expenditure during construction period on substantial expansion of existing units of the Company. There was no such expenditure in the previous year.

12. Gratuity and other employment benefit plans

The Company has three post employment funded plans, namely Gratuity, Superannuation and Provident Fund.

Gratuity being administered by a Trust is computed as 15 days salary, for every completed year of service or part thereof in excess of 6 months and is payable on retirement/termination/resignation. The benefit vests on the employee completing 5 years of service. The Gratuity plan for the Company is a defined benefit scheme where annual contributions as demanded by the insurer are deposited to a Gratuity Trust Fund established to provide gratuity benefits. The Trust Fund has taken a Scheme of Insurance, whereby these contributions are transferred to the insurer. The Company makes provision of such gratuity asset/ liability in the books of accounts on the basis of actuarial valuation as per the Projected unit credit method. Plan assets also include investments and bank balances used to deposit premiums until due to the insurance company.

Retirement benefits in the form of Superannuation Fund (being administered by Trusts) are funded defined contribution schemes and the contributions are charged to the Profit and Loss Account of the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable.

The Provident Fund being administered by a Trust is a defined benefit scheme whereby the Company deposits an amount determined as a fixed percentage of basic pay to the fund every month. The benefit vests upon commencement of employment. The interest credited to the accounts of the employees is adjusted on an annual basis to conform to the interest rate declared by the Government for the Employees Provident Fund. The Guidance Note on implementing AS-15, Employee Benefits (Revised 2005) issued by the Accounting Standard Board (ASB) states that provident funds set up by employers, which requires interest shortfall to be met by the employer, needs to be treated as defined benefit plan. Based on certificate issued by the Actuary, there is no deficit in the fund.

The following tables summarize the components of net benefit expense recognised in the Profit and Loss Account and the amounts recognised in the balance sheet for the Gratuity.
