Chairman's message

Dear Shareholders,

Decades of economic planning in India following independence placed significant emphasis on the development of the power sector. However, per capita electricity consumption remains much lower than the world average and even lower than some of the developing Asian economies. Given the fact that India has the second fastest growing economy in the world, the Eleventh Plan (2007-12) called for the addition of 78,000 MW of power from all sources, although as things stand today, we are far from realizing this target. The Twelfth Five-Year Plan (2012-17) is even more ambitious, calling for the addition of over 100,000 MW of power.

The widening demand-supply gap coupled with the energy requirement of a burgeoning economy presented us an opportunity to fill this vital structural gap in our nation's quest for energy security. Indiabulls was quick to realize the business potential in the power sector back in 2007, and had steadily gone ahead with the necessary land acquisition, securing fuel and water linkages and obtaining the requisite environmental clearances well ahead of the scheduled start of work on our projects. Your company realized very early the key drivers which have helped accelerate execution of our power projects, load centre locations, fuel security and a diversified assets portfolio. Not only does it give us the much needed head start, but makes us well positioned to concentrate on the project execution rather than grapple with the above contentious issues.

Today, Indiabulls Power Ltd (IPL) is exceedingly well placed to leverage the huge power opportunity with 5400 MW of thermal power projects currently under execution. Uninterrupted and secure availability of low-cost fuel is critical for smooth functioning of thermal power plants. Your company has been granted coal linkages by the Ministry of Coal for our Amravati Phase I and II Power Projects & Nashik Phase I & II Power Projects. Notwithstanding some recent concerns about the actual availability of promised coal, we are making arrangements to tide over any shortfall, and plant commissioning at both these projects will be within the scheduled timeframe. Early achievement of financial closure last year for both Amravati and Nashik projects enabled us to go full steam ahead with construction work at both sites with contracts awarded for all major equipment and services to the best contractors in India.

Project update

During the year 2010-11, IPL executed a long term power purchase agreement (PPA) with Maharashtra State Electricity Distribution Company Ltd (MSEDCL) for sale of 1200 MW of power through Case-I competitive bidding route. Phase-1 1350 MW project at Amravati is making rapid strides with 3 out of its 5 Boiler Drums already lifted at site, and Turbine Condenser erection is in progress. The Project has been awarded Mega Power status with attendant fiscal benefits in terms of tax & duty exemptions. Amravati Project is progressing satisfactorily with Nashik following close on heels. IPL has also launched 2nd phase of 1350 MW at both the Project sites (Amravati and Nashik) in October, 2010 replicating unit configuration of 5x270 MW by sourcing similar main plant BTG equipment from BHEL.

I want to assure you that at this juncture, we are in the best competitive position among the new entrants in the power sector, and are on course to build our leadership position in the energy sector in the country and help achieve India's vision to make power affordable to all sections of society. Going ahead we are confident that our asset mix will help us realize superior returns to our shareholders. Lastly I take this opportunity to warmly thank all our shareholders, customers, employees, bankers and financial institutions for reposing their faith in us and motivating us to excel in all facets of our business.

Thank you!

ECONOMIC SCENARIO

India is the world's largest democracy and the second fastest growing economy. The past decade has seen fundamental and positive changes in the Indian economy, government policies, and outlook of business and industries. The Indian economy has witnessed phenomenal growth during the last decade. Even in the recent worldwide slowdown the Indian Economy posted decent growth and was among one of the few countries to lead the world economy on recovery path with GDP growth rate of 8.6% for 2010-11. The key drivers of India's growth include a booming domestic market, fueled by increasing consumption and a surge in investment, which is supported by inherent fundamental strengths such as favorable demographics.

However, burgeoning inflationary pressures are an area of concern for the government. Rising inflation has led to stringent controls in the domestic financial environment. The Reserve Bank of India (RBI), India's central bank, has given high precedence to price stability, to containing inflation expectations and sustain the growth momentum. Year 2010 has seen developed economies experience a gradual resurgence. But it has also been a witness to considerable volatility on account of diverse developments, prominent amongst them being the sovereign debt crisis in the euro zone, concerns about the fiscal trajectory in the US, the sharp increase in commodity prices – food and energy – and the rising tide of inflation in emerging countries. Volatility was experienced most in financial markets, but also in a less tangible fashion in other areas.

Management Discussion and Analysis

Going into 2011, expectation is that the economic recovery experienced in the US and EU during the second half of calendar 2010 will be reinforced. However, it is not clear whether liberal monetary policies would persist as economic conditions improve. The sovereign debt problem in the euro zone has also not been convincingly resolved. Both, India and China, as also many other emerging countries, are facing strong inflationary pressure. Food prices across the world have crossed the 2008 peak levels. Petroleum prices are at historically high levels (barring the few exceptional months of the summer of 2008) and political crisis eclipse the Middle East. In these circumstances, it can only be expected that the strong volatility of 2010 will continue into 2011 and make for some unexpected developments. This once again underscores the importance of pursuing domestic policies that factor in some adverse developments in the international sphere. On the domestic front, the principal challenge in short to medium term is inflation management. Both monetary and fiscal policies are integral to this. It is imperative that supply challenges from food, energy, and other raw materials to intermediates be aggressively tackled, in order to permit the economy to grow at a pace consistent with strong underlying domestic demand, without putting excessive pressure on prices.

The economy has substantially withstood the shock of the collapse in world growth due to global financial crisis of 2007-09, the ripple effects of which continued through 2009-10 and indeed persisted well into 2010-11.

India is an emerging economy which has witnessed unprecedented levels of economic expansion, alongside China, Russia, Mexico and Brazil. India is a cost effective and labour intensive economy, and has benefited immensely from outsourcing work from developed countries, and has a strong manufacturing and export oriented industrial framework.

Robust growth and steady fiscal consolidation have been the hallmarks of the Indian economy in the year 2010-11.

INDUSTRY OVERVIEW

Indian Power Industry is one of the largest and most important industries in India as it fulfils the energy

Management Discussion and Analysis (Contd.)

requirements of all other industries. It is one of the most critical components of infrastructure that affects economic growth and well-being of our nation.

Numerous economists, visionaries, and industry experts believe that the Indian power sector needs to grow upwards of 13% to sustain a 9% GDP growth rate. This would mean a capacity addition of 18,000 - 20,000 MW per annum to achieve this ambitious plan of moving India to a Developed Economy status. The Mission, 'POWER for all by 2012', would mean achieving the target of 1000 kWhr per capita consumption of electricity by this period. In India, power is generated by units in the State sector, Central sector and Private sector.

As per the latest Report of CEA (Central Electricity Authority), India has installed capacity of 1,76,990.40 MW as on June 30, 2011, over 75% of which is controlled by public sector (state and central).

Working of Power Industry

Thermal Power: - 65% of India's power generation capacity is from thermal sources, of which 84% use coal as a raw material, 15% gas, and 1% use Oil.

Hydro Power: - Hydroelectric power or hydroelectricity is electrical power which is generated through the energy of falling water. 22% of the power generation capacity of India is currently from this source.

Nuclear Power: - A Nuclear Power Plant is a thermal power station in which the heat source is one or more nuclear reactors. A nuclear reactor is a device to initiate and control

a sustained nuclear chain reaction. In the process, heat is generated which is then used to generate electricity. Only 3% of the installed capacity of India is from this source.

Renewable Energy Sources: - The energy obtained from renewable sources like sun, wind, biomass can be converted into power. Renewable energy sources have great potential to contribute to improving energy security of India and reducing green-house gas emissions. India is among the five largest wind power generators in the world. Government aims to achieve 72400 MW of power from renewable sources.

Large numbers of power projects (in XI and XII five year plans) are under construction to overcome the power shortages and meet the growing energy requirements of the country. However, the sector has been encountering problems on account of inadequate / depleting conventional fuel resources, slippages in capacity addition, transmission / open access constraints and high Aggregate Technical & Commercial (AT & C) losses in the country. Since the formulation of Electricity Act 2003, Government of India (GoI) has launched several initiatives and announced various regulations to strengthen the sector. Significant GoI / regulatory initiatives in recent times have been; Mega / Ultra Mega Power Generation projects, revised tariff regulations for existing central government projects, competitive bidding for all future power purchase by utilities, tariff norms for renewable energy / introduction of Renewable Energy Certificates (REC), new transmission pricing grid code, power market regulations, restructured Accelerated Power Development Reform Programme (APDRP2), National Electricity Fund, etc.

BUSINESS REVIEW

Electricity has become the lifeline of modern India, without which the country will come to a virtual standstill. Any sluggishness in growth of the Power sector in India can throw it far behind other countries in industrial, economic and social growth. Thus, power has been widely recognized as one of the key factors of infrastructure, for a sustained growth of our country. With the share of private sector in power sector growing, your company is poised to be one of leading private sector player in the power industry.

PROJECTS UNDER CONSTRUCTION

Your Company is currently executing four coal based thermal power projects with aggregate capacity of 5400 MW, all in the State of Maharashtra. This includes 2700

MW projects under construction in Nandgaonpet, Amravati and another 2700 MW under construction in Sinnar, Nashik. Both Amravati and Nashik Thermal Power Projects are being constructed in two phases each of 1350 MW each.

During the current financial year, significant progress has been made in the development and execution of the Amravati and Nashik Thermal Power projects. These projects have already tied up for land, water, fuel (coal linkages), finances and necessary statutory clearances.

Amravati Thermal Power Project (10X270 MW in two phases of 1350 MW each)

Your Company is developing 2700 MW Coal based Thermal Power Project in two phases at Nandgaonpeth

in Amravati district of Maharashtra. 1350 acres land has been acquired from Maharashtra Industrial Development Corporation (MIDC). Environmental Clearance from Ministry of Environment & Forests (MoEF) and Coal linkage from Ministry of Coal (MoC) have already been obtained. Your Company has signed long term Power Purchase Agreements for 1200 MW with Maharashtra State Electricity Distribution Company Limited (MSEDCL) at a levelised tariff of Rs. 3.26 per unit from Amravati Phase I Project (1350 MW). First phase of the Project has already been granted Mega Power Project status by the Government of India. Financial closure has already been achieved for the entire 2700 MW capacity at Amravati.

BTG contracts for both phases of Amravati Thermal Power Projects have been entered into with BHEL. Civil & Structural works of BTG, Chimney Construction, Coal Handling plant, Water Treatment plant, Electrical Balance of Plant, Cooling Towers, Power Transformers, General Civil Works for Balance of Plant have already been awarded to leading contractors / suppliers like Shapoorji Pallonji, L&T, Gammon, Gannon Dunkerly, Areva, Paharpur etc. M/s Tata Consulting Engineers have been retained as Owner's Consultants for Design and Engineering for both phases of the Amravati Project.

Nashik Thermal Power Project (10 X 270 MW in two phases of 1350 MW each)

2700 MW coal based thermal power project is being implemented by Indiabulls Realtch Limited (100% subsidiary of the Company) as Co-Developer of the Special Economic Zone at Sinnar, Nashik in two phases of 1350 MW each. Adequate land is under possession for the power project. Environmental Clearance from MoEF for Phase 1 and Coal linkage from the Ministry of Coal (MoC) for both the phases have already been obtained. MOEF clearance

for Phase II has already been recommended by the Expert Advisory Committee of the MOEF. Financial closure has already been achieved for the entire 2700 MW capacity at Nashik.

M/s Tata Consulting Engineers have been appointed as Owner's Consultants for Design and Engineering for both phases of the Nashik Project. The Main Plant equipment i.e. BTG is being sourced from M/s BHEL for both the phases and the Balance of Plant Packages are being executed by reputed contractors namely Shapoorji Pallonji, Gammon, Gannon Dunkerly, L&T, Doshion, Siemens and Areva.

PROJECTS UNDER DEVELOPMENT

Bhaiyathan Thermal Power Project

Bhaiyathan Project in the State of Chhattisgarh is planned to have two super-critical units of 660 MW each, with a combined capacity of 1,320 MW. Development work on the Bhaiyathan Project is currently progressing at a slow pace due to certain pending statutory clearances relating to the captive coal blocks allocated for the Project.

Mansa Thermal Power Project

During the year, your company signed a Memorandum of Understanding with Punjab State Power Corporation Limited for development of a 1320 MW (2 x 660 MW) Thermal Power Project based on super critical technology at village Govindpura, Tehsil Budhlada, in district Mansa of Punjab. Water allocation for this project has already been done and the Government of Punjab is currently in the process of acquiring land for the project.

COMPETITIVE STRENGTHS

The Company believes that it is well positioned to benefit from the growth opportunities in the Indian power sector due to the following competitive strengths:

Strong Portfolio of Power Generation Projects

The coal-fired thermal power projects under construction by the Company in Maharashtra will have a combined installed capacity of 5400 MW. The Company plans to sell its power to state-owned and private distribution companies and industrial consumers. The Company intends to maintain an appropriate mix of off-take arrangements, including long-term PPAs to provide a level of committed revenues and short-term PPAs to optimize the revenues.

Financial Closure

Your Company has achieved financial closure for both phases of Amravati and Nashik power projects aggregating 5400 MW. The speedy and efficient execution of our projects

Management Discussion and Analysis (Contd.)

remains a key priority. We have made exceptional progress in this regard, particularly with respect to financing.

Fuel Access Security

One of the key factors in the power generation is the seamless availability of high quality and cost efficient fuel through the lifetime of a power plant. The Company has been granted coal linkages by the Ministry of Coal for Phase I and Phase II of Amravati and Nashik Power Project and the necessary Letter of Assurances have already been issued. The Ministry of Coal, Government of India has allocated captive coal blocks located in Gidhmuri and Paturia villages in the Korba district in the state of Chhattisgarh for the Bhaiyathan Project, subject to certain terms and conditions.

Association with the Indiabulls Group

One of the Company's key strengths is the affiliation and its relationship with the Indiabulls Group and the strong brand equity generated from the "Indiabulls" brand name. The Indiabulls Group has business interests in real estate and financial services sectors. The Company believes that access to project execution and operating skills of the Indiabulls Group is a competitive strength of the Company.

Strategic partnership with key shareholders

The Company has brought in strategic foreign investors such as FIM Limited and LNM India Internet Ventures Limited. The Company believes that teaming with these investors has allowed the Company to obtain financial closure of its projects at an early stage of development.

Experienced management team with a track record of project execution.

The Company has been able to attract competitive managerial and technical talent. The Company's management team consists of personnel who have an established track record, knowledge, and relevant experience in Indian power sector. For example, the key managerial personnel of the Company have between 14 to 25 years of experience in the energy sector and have been employed with companies including Power Grid Corporation of India Limited, NTPC Limited, and Bharat Heavy Electricals Limited prior to joining the Company. The Company is managed by experienced and highly qualified professionals. The team members have prior exposure in implementing and operating large power projects, and the Company believes this is one of its key competitive strengths.

STRATEGY

The key elements of the Company's strategy include:

Capitalizing on the growth of the Indian power generation sector

The power sector in India has historically been characterized by power shortages that have consistently increased over time. According to the CEA, the average power deficit and peak power deficit during 2011-12 (up to June 2011) was 5.3% and 8.7% respectively (Source: http://www.cea.nic.in/reports/monthly/executive_rep/jun11/1-2.pdf). With the GDP growth rate of around 9%, the capacity addition required is in excess of 20% to bridge the gap. The Company as such will continue to look at further opportunities to set up power projects in various locations across India to capitalize on the adverse demand-supply scenario.

Realization of the opportunities presented by power sector reforms and benefits extended by the Government of India

In 1991, the Indian power sector began a process of deregulation that is continuing today. The Electricity Act of 2003 and subsequent reforms have generated significant opportunities in the power sector. These changes include the following:

- Liberalization and de-licensing in the power generation sector, and doing away with the requirement of techno-economic clearances for thermal power projects, which expedites the thermal power project development process;
- Power trading recognized as a distinct activity;
- Distribution licensees can now procure power by developing power projects through a process of international competitive bidding; projects are no longer awarded on a cost-plus basis. The Company believes that competitive bidding presents attractive opportunities for efficient generation of power;
- Power generation companies can now sell power to any distribution licensees, or where allowed by the state regulatory commissions, directly to consumers. The market has evolved for merchant sales, which allows for the supply of peak power at premium rates;
- Power generation companies have open access to transmission lines, which facilitates the direct sale of power to distribution and trading licensees;
- Improved payment security mechanisms, which the Company believes will improve sector stability and enhance its ability to obtain financing for its projects;
- No distinction between foreign and domestic investor under electricity laws; and

Management Discussion and Analysis (Contd.)

- 100% FDI allowed in the power sector.

The Company's projects are positioned and structured to take advantage of these benefits and also applicable benefits under the SEZ and Mega Power Project policy of the Government of India. Future power sector reforms may present additional opportunities for the Company and it intends to capitalize upon these opportunities as they arise.

Leveraging of project execution skills

The demand for power in India to support its growing economy has in recent years exceeded supply. Per capita consumption of power in India, despite significant increases in recent years, continues to lag behind other developed and emerging economies by a colossal margin. India has large thermal coal resources and the coal industry is in the process of government deregulation that is expected to increase the availability of coal for power generation among other users. The Company believes these factors make the commercial power generation business an attractive growth opportunity in India and that by leveraging its project execution skills the Company can compete successfully in this business.

Focus on a structured approach to expand and diversify portfolio of power generation assets.

The Company intends to pursue a structured approach to achieve growth by capitalizing on its strengths and synergies. As part of this approach, the Company believes the following are key factors in determining the expansion of its generation assets:

Location: either near a fuel source or near a load center, to be able to supply power competitively;

Power deficits and network constraints: take advantage and profit from regional demand and supply patterns, capacity shortages, transmission constraints throughout India.

Fuel sourcing: opportunistically source fuel for the Company's generating assets from various locations; and

Diversity: diversify the Company's generating asset and fuel mix portfolios.

Ensuring fuel security

The Company's strategy has been to establish dedicated fuel lines prior to setting up a power project. Establishment of a dedicated, cost-efficient and established fuel supply line for a power project will be fundamental to the success of the Company's power business. The Company seeks to ensure that it has adequate supplies of cost-efficient fuel through captive fuel sources or coal linkages to meet fuel requirements for its power projects. The Company will

continue to explore other options and sources for procuring and strengthening its fuel supplies.

The Company is considering building generation assets based on other forms of energy sources including non-conventional and renewable energy resources.

Engaging in an optimal mix of off-take arrangements with state-owned and industrial consumers

The Company believes that state-run utility companies will require substantial amount of power in order to meet their power demand and to cope adequately with power shortages in their respective states. The Company intends to utilize its marketing and trading capacities to secure off-take arrangements with state-run utility companies and industrial consumers as well as carry out merchant sales of power at market rates. The Company intends to maintain an appropriate mix of off-take arrangements. Merchant sales would be done on a "term-ahead" basis through bilateral contracts as well as on power exchanges such as the Indian Energy Exchange and Power Exchange India Limited. Term-ahead contracts permitted on the power exchanges currently include region-wise intra day contracts, daily contracts, weekly contracts and regional day-ahead contingency contracts. In addition to trading power generated by the Company on a term-ahead basis on power exchanges, the Company also intends to enter into bilateral contracts on a term-ahead basis with industrial consumers with open access and distribution companies. The Company believes that secure off-take arrangements will provide a level of committed revenues whilst short-term arrangements will enable the Company to realize higher tariff rates from time to time. The Company entered into a long-term power off-take agreement with MSEDCL and CSEB in relation to the Amravati Phase I Power Project and the Bhaiyathan Power Project respectively.

RISKS AND CONCERNS

1. Competition

Due to the gap between demand and supply in the Indian power sector there has generally been a stable market for power generation companies in India. However situation is bound to get tougher in the times to come. This would primarily be for the reason that with the Electricity Act, 2003 having removed licensing requirements for thermal generators, provided for open access to transmission and distribution networks and removed restrictions on the right to build captive generation plants, the opportunities for the private sector involvement in power generation would increase manifold and so would the competition, meaning thereby that every

Management Discussion and Analysis (Contd.)

power utility seeking to enter the power market shall have many competitors to contend with and that too in an environment which offers equal opportunities to all the players in what would be a thoroughly leveled playing field. Competition is also bound to be stiff from the state run utilities which are established names in the industry.

2. Economic Developments

Your Company's performance and growth is essentially dependent on the economic environment prevailing in the country.

Any adverse developments on the economic front such as tightening of fiscal controls by the RBI, rise in interest rates, adverse conditions affecting agriculture, rise in commodity prices etc. would necessarily impact the power industry and your company can not remain unaffected by such developments.

HUMAN RESOURCES

Your Company looks upon its employees as one of the essentially important elements in its growth and development, who through their efforts place the Company on path of progress and profitability.

It has been the policy of the Company to attach paramount importance to the selection, induction and training of employees and adopting suitable measures for the retention of the employees so as to ensure that the Company gets to have an employee force best in the industry, in terms of skills, knowledge and experience.

The emphasis therefore has been on the implementation of scientific methods for selection of employees, honing their skills, enhancing their knowledge levels and providing them with the right degree of initiative coupled with appropriate opportunities at every functional level, the basic objective being to unlock people's potential and develop their functional, operational, and behavioral competencies so as to build a team of dedicated employees who work with

passion, zeal, and a sense of ownership.

To keep the employees motivated the Company has a system of adequately rewarding performance. Further, your company has employee stock option schemes that aim at sharing the fruits of Company's growth and progress with its employees. This not only rewards and nurtures talent, but also helps retain the best manpower in the industry.

INTERNAL CONTROL SYSTEMS

The Company has an adequate and effective system of internal control commensurate with the nature and size of its operations, which encompasses every facet of its operations and functional area.

The system involves a close monitoring of compliance with the established policies, norms and practices as also the applicable statutes and rules and regulations with appropriate and immediate corrective actions being taken in the event of any deviations getting reported.

The effectiveness and deliverability of the internal control system is reviewed periodically so that measures if any needed for strengthening of the same, with the changing business needs of the Company, can be taken in the right earnest.

CAUTIONARY STATEMENT

Statements in this Management Discussion and Analysis Report describing the Company's Objectives, projections, estimates and expectations, may be forward looking statements within the meaning of applicable laws and Regulations and the actual results might differ from those expressed or implied.

The Company is not under any obligation to publicly amend, modify or revise any such forward looking statements on the basis of any subsequent developments, information or events.

Bhaiyathan Thermal Power Project

Bhaiyathan Project in the State of Chhattisgarh is planned to have two super-critical units of 660 MW each, with a combined capacity of 1,320 MW. Development work on the Bhaiyathan Project is currently progressing at a slow pace due to certain pending statutory clearances relating to the captive coal blocks allocated for the Project.

Mansa Thermal Power Project

During the year, your company signed a Memorandum of Understanding with Punjab State Power Corporation Limited for development of a 1320 MW (2 x 660 MW) Thermal Power Project based on super critical technology at village Govindpura, Tehsil Budhlada, in district Mansa of Punjab. Water allocation for this project has already been done and the Government of Punjab is currently in the process of acquiring land for the project.

IMPORTANT DEVELOPMENTS

Schemes of Arrangement

1. The proposal to demerge power and infrastructure business undertaking of Indiabulls Real Estate Limited, into a separate holding company, Indiabulls Infrastructure and Power Ltd ("IIPL") having earlier been approved by the Board of Directors and also the shareholders and creditors of the Company, is now pending approval from the Hon'ble High Court of Delhi.
2. The Board of Directors of the Company has also approved a scheme of arrangement for amalgamation of Indiabulls Infrastructure Development Limited ("IIDL"), a subsidiary of Indiabulls Real Estate Limited ("IBREL"), with the Company (the "Scheme"). The Scheme is subject to the approvals of both NSE and BSE, the shareholders and creditors of the Company and subsequently the final approval of the Hon'ble High Court of Delhi. Post amalgamation of IIDL with the Company, the network of the Company would stand enhanced by approx. Rs. 10,450 million, which is presently the network of IIDL. This would be a major step in fulfilling equity requirement for execution of phase II of the Company's power project at Nashik & phase II of its power project at Amravati, aggregating to a combined capacity of 2700MW i.e. 1350MW capacity at each of these locations.

DIRECTORS

In accordance with the provisions of Sections 255 and 256 of the Companies Act, 1956 read with the Articles of Association of the Company, Mr. Prem Prakash Mirdha (DIN- 01352748) retires by rotation at the ensuing Annual General Meeting of the Company and being eligible offers himself for re-appointment.

Brief resume of Mr. Prem Prakash Mirdha, nature of his expertise in specific functional areas and information as to the other companies in which he holds directorships or on the board committees of which he is a member, has been provided in the Report on Corporate Governance, which forms a part of the Annual Report.

DIVIDEND

Your Company is in a phase of development where it is financially prudent to build up a healthy reserve base so as to serve as a source for meeting the financial requirements of the Company for the effectuation of its plans in the years to come.

It is in keeping with this financial policy that your directors have decided to plough back the profits of the Company into its business rather than declaring dividend for the financial year 2010-2011. It is felt that a sound financial base in the Company would in the long run lead to improved share valuations, culminating into maximization of returns for the shareholders.

Directors' Report (Contd.)

FIXED DEPOSITS

The Company has not accepted any fixed deposits from the public during the year under review.

EMPLOYEE STOCK OPTIONS

The Company looks upon its employees as a vitally important resource for effective implementation and execution of its plans so as to lead the Company on a path of overall growth and development and therefore believes in effectively reciprocating their contributions. One of the ways devised by the Company to this effect is the grant of stock options to the employees in pursuance of the two stock option schemes in force in the Company namely, SPCL-IPSL Employee Stock Option Plan-2008 and Indiabulls Power Limited Employees Stock Option Scheme-2009, together covering 40 million stock options convertible into an equivalent number of equity shares of face value Rs. 10 each in the Company.

The disclosures as required in terms of Clause 12.1 of the Securities and Exchange Board of India (Employee Stock Option Scheme and Stock Purchase Scheme) Guidelines, 1999 to be made in the Directors' Report, in respect of the stock option schemes in force in the Company, are set out in an Annexure to this report.

Report on Corporate Governance

1. The Company's philosophy on Corporate Governance

Corporate Governance is about maintaining an appropriate balance of accountability between the organisation's owners, the directors whom the owners elect and the people selected to manage its functions.

Accountability requires good governance on one hand and an effective and operational mechanism triggering appropriate remedial measures and actions for bad decisions, on the other.

Corporate governance demands a commitment to values and ethical business conduct. It is about how an organization is managed and encompasses within its fold the corporate structure, its culture, policies and the manner in which it deals with the stakeholders. Accordingly it seeks to ensure timely and accurate disclosure of information regarding the financial situation, performance, ownership and governance of the organization, the basic idea being to keep the stakeholders well informed about the organization and its state of affairs.

In line with the nature and size of operation of the Company, the corporate governance framework in the Company is based on the following main principles:

- Constitution of a Board of Directors of appropriate composition, size, varied experience and commitment to discharge its responsibilities and duties.
- Transparency and independence in the functions of the Board.
- Ensuring timely flow of information to the Board and its Committees to enable them discharge their functions effectively.
- Independent verification and assured integrity of financial reporting.
- Timely and balanced disclosure of all material information related to the Company to all stakeholders and protection of their rights and interests.
- A sound system of risk management and internal control.
- Compliance with applicable laws, rules and regulations in letter and spirit.

2. Board of Directors

(A) Composition and size of the Board

Auditors' Report

to the Board of Directors of Indiabulls Power Limited.

1. We have audited the attached Consolidated Balance Sheet of Indiabulls Power Limited. ("the Company") and its subsidiaries (the Company and its subsidiaries constitute "the Group") as at March 31, 2011, the Consolidated Profit and Loss Account and the Consolidated Cash Flow Statement of the Group for the year ended on that date, both annexed thereto. These financial statements are the responsibility of the Company's management and have been prepared on the basis of the separate financial statements and other financial information regarding components. Our responsibility is to express an opinion on these Consolidated Financial Statements based on our audit.
2. We conducted our audit in accordance with the auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and the disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the Management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. We did not audit the financial statements of one hundred subsidiaries, whose financial statements reflect the Group's share of total assets of Rs. 6,475,508,467 as at March 31, 2011, total revenue of Rs. 77,976,748 and net cash outflows amounting to Rs. 1,372,113,256 for the year ended on that date as considered in the Consolidated Financial Statements. These financial statements have been audited by other auditors whose reports have been furnished to us, and our opinion in so far as it relates to the amounts included in respect of these subsidiaries is based solely on the reports of the other auditors.
4. We report that the Consolidated Financial Statements have been prepared by the Indiabulls Power Limited's management in accordance with the requirements of Accounting Standard (AS) 21, Consolidated Financial Statements as notified under the Companies (Accounting Standards) Rules, 2006.
5. Based on our audit and on consideration of the separate audit reports on individual financial statements of the Company, and its aforesaid subsidiaries and to the best of our information and according to the explanations given to us, in our opinion the Consolidated Financial Statements give a true and fair view in conformity with the accounting principles generally accepted in India:
 - a. in the case of the Consolidated Balance Sheet, of the state of affairs of the Group as at March 31, 2011.
 - b. in the case of the Consolidated Profit and Loss account, of the profit of the Group for the year ended on that date; and
 - c. in the case of the Consolidated Cash Flow Statement, of the cash flows of the Group for the year ended on that date.

Significant Accounting Policies and Notes of

Indiabulls Power Limited. forming part of the Audited Consolidated Balance Sheet as at March 31, 2011 and Profit and Loss Account for the year ended March 31, 2011

SCHEDULE R:

I. Significant Accounting Policies:

i. Basis of Consolidation and Preparation

The consolidated financial statements are prepared in accordance with Accounting Standard 21 on "Consolidated Financial Statements" as notified under the Companies (Accounting Standards) Rules, 2006, as amended. Reference in these notes to Company, Holding Company, Companies or Group shall mean to include Indiabulls Power Limited. ("IPL") or any of its subsidiaries, unless otherwise stated.

ii. Principles of Consolidation

The Consolidated Financial Statements comprise of the Financial Statements of Indiabulls Power Limited. ("Parent Company") and its subsidiaries ("Subsidiary Companies"). The Consolidated Financial Statements are prepared according to uniform accounting policies, in accordance with accounting principles generally accepted in India.

The Consolidated Financial Statements are combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions resulting in unrealised profits or losses in accordance with Accounting Standard 21 (Consolidated Financial Statements as notified under the Companies (Accounting Standards) Rules, 2006, as amended.

iii. Goodwill / Capital Reserve on Consolidation

Goodwill / Capital Reserve represents the difference between the Company's share in the net worth of subsidiaries, and the cost of acquisition at each point of time of making the investment in the subsidiaries. For this purpose, the Company's share of net worth is determined on the basis of the latest financial statements prior to the acquisition after making necessary adjustments for material events between the date of such financial statements and the date of respective acquisition. Capital Reserve on consolidation is adjusted against Goodwill. The Goodwill on Consolidation recorded in these consolidated financial statements has not been amortised, but instead evaluated for impairment whenever events or changes in circumstances indicate that its carrying amount may be impaired.

Significant Accounting Policies and Notes of

Indiabulls Power Limited. forming part of the Audited Consolidated Balance Sheet as at March 31, 2011 and Profit and Loss Account for the year ended March 31, 2011 (Contd.)

vi. Basis of Accounting

The financial statements are prepared under the historical cost convention on an accrual basis, in accordance with the generally accepted accounting principles in India ("GAAP") and in compliance with the applicable Accounting Standards as notified under the Companies (Accounting Standards) Rules, 2006, as amended.

vii. Use of Estimates

The presentation of financial statements in conformity with GAAP requires estimates and assumptions to be made that affect the reported amount of assets and liabilities and disclosure of contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting year. Differences between the actual results and estimates are recognised in the reporting year in which the results are known / materialized.

viii. Revenue Recognition

Income from Power Consultancy / Advisory Services is recognised on an accrual basis. Interest income from deposits and others is recognised on an accrual basis. Dividend income is recognised when the right to receive the dividend is unconditionally established. Profit/loss on sale of investments is recognised on the date of the transaction of sale and is computed with reference to the original cost of the investment sold.

ix. Fixed Assets

Tangible fixed assets are stated at cost, net of tax / duty credits availed, less accumulated depreciation and impairment losses, if any. Cost includes original cost of acquisition or installation, including incidental expenses related to such acquisition.

Intangible assets are stated at cost, net of tax / duty credits availed less accumulated amortisation and impairment losses, if any. Cost includes original cost of acquisition and construction, including incidental expenses related to such acquisition or construction.

x. Depreciation/Amortization

Depreciation on fixed assets is provided on the Straight-Line Method at the rates and in the manner prescribed under Schedule XIV of the Companies Act, 1956.

Depreciation on additions / deletions to fixed assets is provided on a pro-rata basis from / upto the date the asset is put to use/discarded. Individual assets costing less than Rs. 5,000 are fully depreciated in the year of purchase. The acquisition value of Leasehold Land is amortized over the period of the Lease.

The right-to-use leased asset (land) is amortised on a Straight-Line basis over the lease term.

Intangible assets consisting of Software are amortized on a Straight Line basis over a period of four years from the date when the assets are available for use.

xi. Expenditure During Construction Pending Capitalisation

Any expenditure directly/indirectly related and attributable to the construction of power projects and incidental to setting up power project facilities, incurred prior to the date of commencement of commercial operation of the power project, are accumulated under "Expenditure During Construction Pending Capitalisation", to be capitalised on completion of construction of the respective power projects and on commencement of commercial operations.

xii. Impairment of Assets

The Company assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. The recoverable amount is the higher of an asset's net selling price and its value in use. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the Profit and Loss Account. If at the Balance Sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount.

xiii. Borrowing Costs

Borrowing costs that are attributable to the acquisition, construction or production of qualifying assets are capitalised as a part of the cost of such assets. Any income earned on the temporary deployment / investment of those borrowings is deducted from the

Significant Accounting Policies and Notes of

Indiabulls Power Limited. forming part of the Audited Consolidated Balance Sheet as at March 31, 2011 and Profit and Loss Account for the year ended March 31, 2011 (Contd.)

borrowing costs so incurred. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to revenue.

xiv. Investments

Investments are classified as long term and current. Long term investments are carried at cost less provision, if any, for diminution other than temporary in the value of such investment. Current investments are valued at lower of cost and fair value.

xv. Foreign Currency Transactions

Transactions denominated in foreign currencies are recorded at the exchange rate prevailing at the time of occurrence of the transaction. Monetary items denominated in foreign currency at the year end are translated at year end rates. In respect of monetary items which are covered by forward exchange contracts, premium / discount arising on inception of the contract is amortized over the life of the contract. Any exchange differences arising on settlement / translation are dealt with in the Profit and Loss account.

Exchange differences arising on a monetary item that in substance forms part of the company's net investment in a non-integral foreign operation is accumulated in the Foreign Currency Translation Reserve until disposal of the net investment, when it is recognised as an income or expense in the Profit and Loss account.

Non-Monetary items carried in terms of historical cost denominated in foreign currency are reported using the exchange rate at the date of the transaction.

xvi. Employee Benefits

The Company's contribution to Provident Fund is charged to the Profit and Loss account/Expenditure During Construction Pending Capitalisation, as applicable. The Company has unfunded defined benefit plans namely leave encashment (long term compensated absences) and gratuity for eligible employees, the liabilities for which is determined on the basis of actuarial valuations, conducted by an independent actuary at the end of the financial year using the Projected Unit Credit Method in accordance with Accounting Standard 15 (Revised 2005) – Employee Benefits, notified under the Companies (Accounting Standards) Rules, 2006, as amended.

Superannuation (Pension & Medical coverage) payable to a Director on retirement is actuarially valued at the end of the year using the Projected Unit Credit Method. Actuarial gains and losses comprise experience adjustments and the effects of change in actuarial assumptions and are recognised in the Profit and Loss account as income or expenses / Expenditure During Construction Pending Capitalisation, as applicable.

xvii. Taxes on Income

Current tax is determined as the tax payable in respect of taxable income for the reporting year and is computed in accordance with relevant tax regulations.

Deferred tax resulting from timing differences between book and tax profits is accounted for at the current rate of tax / substantively enacted tax rates as on the Balance Sheet date, to the extent that the timing differences are expected to crystallize.

Deferred Tax Assets are recognised where realisation is reasonably certain whereas in case of carried forward losses or unabsorbed depreciation, deferred tax assets are recognised only if there is a virtual certainty of realisation supported by convincing evidence. Deferred Tax Assets are reviewed for the appropriateness of their respective carrying values at each Balance Sheet date.

xviii. Leases

In case of assets taken on operating lease, the lease rentals are charged to the Profit and Loss account / Expenditure During Construction Pending Capitalisation, as applicable, in accordance with Accounting Standard 19 - Leases, as notified by the Companies (Accounting Standards) Rules, 2006, as amended.

xix. Share Issue Expenses

Share issue expenses are adjusted against securities premium account to the extent of balance available and thereafter, the balance portion is charged off to the Profit and Loss account, as incurred.

xx. Deferred Employee Stock Compensation Costs

Deferred Employee Stock Compensation Costs for Stock Options are recognised in accordance with the Guidance Note on "Accounting for Employee Share Based Payments" issued by the Institute of Chartered Accountants of India, which establishes financial accounting and reporting principles for employee

Significant Accounting Policies and Notes of

Indiabulls Power Limited. forming part of the Audited Consolidated Balance Sheet as at March 31, 2011 and Profit and Loss Account for the year ended March 31, 2011 (Contd.)

share based payment plans. The Company has elected to apply the Intrinsic Value method of accounting. Accordingly, employee stock compensation costs are measured as the difference between the intrinsic value of the company's shares of stock options at the grant date and the exercise price to be paid by the option holders. The compensation expense is amortised over the vesting period of the options. The fair value of options for disclosure purpose, is measured on the basis of an independent valuation performed by an independent firm of Chartered Accountants in respect of stock options granted.

xxi. Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised only when there is a present obligation as a result of past events and when a reliable estimate of the amount of the obligation can be made. Contingent liability is disclosed for (1) Possible obligations which will be confirmed only by future events not wholly within the control of the Company or (2) Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made. Contingent Assets are not recognised in the financial statements since this may result in the recognition of income that may never be realised.

II. NOTES TO ACCOUNTS:

1. Overview:

Indiabulls Power Limited. ("the Company") was incorporated on October 08, 2007 as a wholly owned subsidiary of Indiabulls Real Estate Limited ("IBREL") with an authorised capital of Rs. 500,000 divided into 50,000 equity shares of Rs. 10 each. During the financial year 2009-10, the authorised capital was increased to Rs. 50,000,000,000 (Rupees Five Thousand Crores) divided into 5,000,000,000 (Five Hundred Crore) equity shares of face value Rs. 10 each. The main business activities of the Company included inter alia, dealing in power generation, distribution, trading and transmission and other ancillary and incidental activities.

On February 12, 2008 the Company had entered into a Shareholder's agreement ("Agreement") with IBREL, individual promoters of IBREL (Sameer Gehlaut, Rajiv

Rattan and Saurabh K Mittal), Investors (FIM Limited and LNM India Internet Ventures Limited) and the erstwhile Indiabulls Power Services Limited ("IPSL" or "Amalgamating Company"), a fellow subsidiary. The Company had also entered into a Share Subscription Agreement ("SSA") dated February 12, 2008, with IBREL, FIM Limited and LNM India Internet Ventures Limited. In terms of the Agreement and the SSA, the Company had issued and allotted 237,000,000 equity shares of face value of Rs. 10 each at a premium of Rs. 56.67 per share to the Investors on February 22, 2008.

In terms of the Agreement, IPSL was amalgamated with the Company, with effect from the Appointed date on April 1, 2008. Consequently, the Company applied for and received approval dated January 16, 2009, from the FIPB Unit, Department of Economic Affairs, Ministry of Finance, Government of India to engage in the business of generating, developing, transmitting, distributing and supplying all forms of electrical power (except atomic energy) and to act as an operating cum holding company.

In accordance with the provisions of Section 21 and other applicable provisions of the Companies Act, 1956, the members of the Company at their Extraordinary General Meeting held on July 4, 2009, accorded their approval to change the name of the Company. The Company has since received fresh certificate of incorporation consequent upon change of name, from the Registrar of Companies, National Capital Territory of Delhi & Haryana, dated July 7, 2009 in respect of the said change. Accordingly, the name of the Company was changed to 'Indiabulls Power Limited.'

The Board of Directors of the Company at its meeting held on November 30, 2010 issued and allotted 420,000,000 Share Warrants of Face Value Rs. 10 each @ Rs. 29 per warrant (paid up value as at the year-end Rs. 7.25 per warrant out of which Rs. 2.50 is towards the Face Value) to certain entities promoted by the promoters of IBREL. At the option of the warrant holders, they are entitled to receive an equivalent number of equity shares of a Face Value of Rs. 10 per share in the Company, at an exercise price of Rs. 29 per equity share. These warrants are convertible at the option of the warrant holder into equity shares of the Company in one or more tranches, within a period of 18 months from the date of their allotment.

Significant Accounting Policies and Notes of

Indiabulls Power Limited. forming part of the Audited Consolidated Balance Sheet as at March 31, 2011 and Profit and Loss Account for the year ended March 31, 2011 (Contd.)

The Board of Directors of the Company and IBREL at their respective meetings held on January 17, 2011 approved, inter-alia, a draft composite restructuring scheme (the Scheme) of restructuring the power business and related business of IBREL / the Company. The said scheme, inter-alia, provides for restructuring of the share capital of the Company, consequent to the transfer by way of a demerger of the power and related business of IBREL as a going concern to Indiabulls Infrastructure and Power Limited (IIPL); and the amalgamation of Poena Power Supply Limited (PPSL), a wholly owned subsidiary of the Company into the Company, and various other matters consequential or otherwise integrally connected with the Scheme. The Stock Exchanges have since granted their No Objection Certificate to the Scheme. The effectiveness of the Scheme shall be subject to necessary approvals from the shareholders, creditors and the submission of the same to the Hon'ble High Court of Delhi. The proposed Appointed Date of the demerger and amalgamation under the Scheme is April 01, 2011.

2. Projects under development:

(i) Amravati Thermal Power Project:

The Company is in process of setting up a Thermal Power Project at Amravati ("Amravati Project", "The Project") in the State of Maharashtra in two phases with an ultimate capacity of 2,700 MW. Project construction activities are in line with the estimated targets of the Management of the Company.

(ii) Nashik Thermal Power Project

The Company's subsidiary Indiabulls Realtech Limited is in process of setting up a Thermal Power Project at Nashik ("Nashik Project" "The Project") in two phases in the State of Maharashtra with an ultimate capacity of 2,700 MW. Project construction activities are in line with the estimated targets of the Management.

(iii) Bhaiyathan Thermal Power Project

The Company's subsidiary Indiabulls CSEB Bhaiyathan Power Limited (ICBPL) is in the process of setting up a Thermal Power Project at Bhaiyathan ("Bhaiyathan Project") in the state of Chhattisgarh. The Bhaiyathan Project will have two super-critical units of 660 MW each, with a combined capacity of 1,320 MW. The Ministry of Coal, Government of India has allocated captive coal blocks located in

Gidhmuri and Paturia villages in the Korba district in the state of Chhattisgarh for the Bhaiyathan Project, subject to certain terms and conditions. Development work on Bhaiyathan Project is currently progressing at a slow pace due to certain pending statutory clearances relating to the captive coal blocks allocated for the Project. The Company is hopeful of getting such clearances in the near future.

ICBPL has entered into a Share Subscription Agreement ("CSEB – SSA") with Chhattisgarh State Electricity Board ("CSEB") dated October 13, 2008 pursuant to which CSEB shall acquire 26% equity stake in ICBPL, whether in cash or consideration other than cash, in such manner as may be indicated by CSEB in writing. Pursuant to the "CSEB – SSA", CSEB had agreed to subscribe to 26,000 fully paid-up equity shares of ICBPL of the face value of Rs. 10, representing 26 per cent of the issued, subscribed and paid-up share capital. ICBPL has agreed not to issue equity shares at a price or terms which are more favorable to the subscribers than price or terms on which CSEB has subscribed to the equity shares. Further, ICBPL shall not issue any equity shares unless CSEB is first offered the right to subscribe to, in CSEB's sole discretion, such number of equity shares as is required to enable CSEB to maintain its pre-issue shareholding percentage.

(iv) Other Projects:

The Company, through its subsidiary Company Poena Power Development Limited, is developing a Mega Thermal Power Project in Mansa, Punjab and through its four subsidiaries viz. Pachi Hydropower Projects Limited, Kaya Hydropower Projects Limited, Sepla Hydropower Projects Limited and Tharang Warang Hydro Power Projects Limited, medium sized Hydro Power Projects in the state of Arunachal Pradesh. Development work in these projects is at presently at nascent stages. The Company has entered into MoUs with the respective State Governments in relation to these projects.

6. Employees Stock Options Schemes :

I. Stock Option Schemes of Indiabulls Real Estate Limited ("IBREL"), the holding company

- a) Indiabulls Real Estate Limited Employees Stock Options Scheme – 2006:

During the period ended March 31, 2007, IBREL established the Indiabulls Real Estate Limited Employees Stock Options Scheme ("IBREL ESOS-I" or "Plan-I"). Under the Plan- I, IBREL issued 9,000,000 equity settled options to eligible employees and of its subsidiary companies which gave them a right to subscribe upto 9,000,000 stock options representing an equal number of equity shares of face value of Rs. 2 each of IBREL at an exercise price of Rs. 60 per option, subject to the requirements of vesting. These options vest uniformly over a period of 10 years, commencing one year after from the date of grant. A Compensation Committee constituted by the Board of Directors of IBREL administers the Plan- I.

IBREL follows the Intrinsic Value method of accounting as prescribed under the Guidance Note on "Accounting for Employees Share based Payments" issued by the Institute of Chartered Accountants of India. No Deferred Employee Stock Compensation Cost was initially recorded on the grant of options as the Intrinsic Value calculated by an independent valuer was lower than the exercise price. Had IBREL followed the Fair value method, there would not had been any impact on the Profit After Tax of IBREL and on the Basic and Diluted Earnings per Share of IBREL as the fair value on the date of grant calculated by an independent valuer following binomial option pricing model was less than the exercise price.

- b) Indiabulls Real Estate Limited Employees Stock Options Scheme 2008 (II):

During the year ended March 31, 2009, IBREL established the Indiabulls Real Estate Limited Employees Stock Options Scheme - 2008 (II) ("IBREL ESOS-II" or "Plan-II"). Under Plan II, IBREL issued equity settled options to its eligible employees and of its subsidiary companies to subscribe upto 2,000,000 stock options representing an equal number of equity shares of face value of Rs. 2 each in IBREL, at an exercise price of Rs. 110.50 per option, being the closing market price on the National Stock Exchange of India Limited, as at January 29, 2009.

The stock options so granted, shall vest in the eligible employees within 10 years beginning from January 31, 2010, the first vesting date. The stock options granted under each of the slabs, are exercisable by the option holders within a period of five years from the relevant vesting date.

IBREL follows the Intrinsic Value method of accounting as prescribed in the Guidance Note on Accounting for Employees Share Based Payments ("Guidance Note"), issued by the Institute of Chartered Accountants of India. Since, on the date of grant, the intrinsic value of the options granted was equal to the exercise price, no deferred employee stock compensation cost has been recorded in the financial statements. The fair value of the options under Plan II using the

c) Indiabulls Real Estate Limited Employees Stock Options Scheme 2010:

During the year ended March 31, 2011, the Board of Directors and Shareholders of IBREL have given their consent to create, issue, offer and allot, to the eligible employees of IBREL and its Subsidiary Companies, stock options not exceeding 30,000,000 in number, representing 30,000,000 Equity shares of face value of Rs. 2 each of IBREL, in accordance with the terms of the Employee Stock Option Scheme- 2010 ("IBREL ESOP 2010"). As per the scheme, Exercise Price will be the market price of the equity shares of IBREL, being the latest available closing price, prior to the date of grant or as may be decided by the Board of Compensation Committee. However the Compensation Committee of the Board has not yet granted any options under the aforementioned Scheme.

There is no impact on the profits after taxes and the basic and diluted earnings per share of the Company, on account of IBREL ESOS – I, IBREL ESOS – II, and IBREL ESOP 2010.

II. Stock Option Schemes of Indiabulls Power Limited. ("IPL"):

On January 10, 2008 the erstwhile IPSL, had established the IPSL ESOS Plan, under which, IPSL was authorised to issue upto 20,000,000 equity settled options at an exercise price of Rs. 10 per option to eligible employees. Employees covered by the plan were granted an option to purchase equity shares of IPSL subject to the requirements of vesting. A Compensation Committee constituted by the Board of Directors of IPSL administered the plan. All these options were outstanding as at April 01, 2008.

Pursuant to the Scheme of Amalgamation under Sections 391 to 394 of the Companies Act, 1956, duly approved by the Hon'ble High Court of Delhi at New Delhi vide its order dated September 1, 2008 IPSL was amalgamated with SPCL.

Significant Accounting Policies and Notes of

Indiabulls Power Limited. forming part of the Audited Consolidated Balance Sheet as at March 31, 2011 and Profit and Loss Account for the year ended March 31, 2011 (Contd.)

With effect from the Appointed Date the IPSL ESOS Plan was terminated and in lieu, in terms of Clause 14 (c) of the Scheme of Amalgamation SPCL – IPSL Employees Stock Option Plan - 2008 (“SPCL – IPSL ESOP - 2008”) was established in SPCL for the outstanding, unvested options, for the benefit of the erstwhile IPSL option holders, on terms and conditions not less favorable than those provided in the erstwhile IPSL ESOS Plan and taking into account the share exchange ratio i.e. one equity share of SPCL of face value Rs. 10 each for every one equity share of IPSL of face value Rs. 10 each. All the option holders under the IPSL ESOS Plan on the Effective Date were granted options under the SPCL – IPSL ESOP - 2008 in lieu of their cancelled options under IPSL ESOS Plan. The SPCL – IPSL ESOP - 2008 was treated as continuation of IPSL ESOS Plan and all such options were treated outstanding from their respective date of grant under IPSL ESOS Plan, accordingly, no compensation expense was recognised. No adjustment is required in respect of the number and exercise price of options as the share exchange ratio is one equity share of face value Rs. 10 each of SPCL for every one equity share of face value Rs. 10 each of IPSL.

Under SPCL – IPSL ESOP - 2008, IPL has issued 16,200,000 and 3,800,000 options at an exercise price of Rs. 10 and Rs. 26 per option on January 10, 2008 and September 15, 2008 respectively.

During the year 8,308,000 ESOPs were surrendered, and 1,045,000 options were issued at an exercise price of Rs. 27.80 per option on December 1, 2010 under the SPCL – IPSL ESOP - 2008 Scheme.

These options vest uniformly over a period of 10 years, commencing one year after from the date of grant. IPL follows the Intrinsic Value method of accounting as prescribed in the Guidance Note on Accounting for Employees Share Based Payments (“Guidance Note”), issued by the Institute of Chartered Accountants of India. There is no impact on the profits after taxes and the basic and diluted earnings per share of the Company, on account of SPCL – IPSL ESOP - 2008.

During the financial year ended March 31, 2010 IPL had established the Indiabulls Power Limited. Employees’ Stock Option Scheme 2009 (“IPL ESOS 2009”). IPL had issued 20,000,000 equity settled options at an exercise price of Rs. 14 per option under the IPL ESOS 2009 to eligible employees which gave them the right to subscribe stock options representing an equal number of equity shares of face value of Rs. 10 each of IPL. These options vest uniformly over a period of 10 years, commencing one year after from the date of grant. IPL follows the Intrinsic Value method of accounting as prescribed in the Guidance Note on Accounting for Employees Share Based Payments (“Guidance Note”), issued by the Institute of Chartered Accountants of India. There is no impact on the profits after taxes and the basic and diluted earnings per share of the Company, on account of IPL ESOS 2009.

During the year 16,563,000 ESOPs were surrendered under the IPL ESOS 2009 Scheme.

The Fair values of the options under the plan SPCL – IPSL ESOP - 2008 and IPL ESOS 2009 using the binomial pricing model based on the following parameters, is Rs. Nil per option, as certified by an independent firm of Chartered Accountants. The fair value of the re-granted options under the SPCL – IPSL ESOP - 2008 plan is Rs. 8.81 per option as certified by an independent firm of Chartered Accountants.

Fair Value Methodology:

As the IPL ESOS 2009 Plans were issued at a value higher than the fair value of the options on the date of the grant, there is no impact of the same on the net profit and earnings per share.

The SPCL – IPSL ESOP - 2008 (re-grant) were issued at the Intrinsic value of the options on the date of the grant. Had the compensation cost for the stock options granted under ESOP – 2008 (including re-grant) been determined based on the fair value approach, the Company's net profit and earnings per share as a standalone entity would have been as per the Pro forma amounts indicated below:-

12. Earnings Per Share (EPS)

The basic earnings per share is computed by dividing the net profit/ (loss) attributable to equity shareholders for the year, by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed using the weighted average number of equity shares and also the weighted average number of equity shares that could have been issued on conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable, had the shares been actually issued at fair value.

Dilutive potential equity shares are deemed converted to equity shares at the beginning of the year, unless they have been issued at a later date during the year. The number of equity shares and potential diluted equity shares are adjusted for stock split, bonus shares, share warrants and the potential dilutive effect of Employee Stock Options Plan as appropriate.

Calculation of Earnings per Share

Auditors' Report to the Members of Indiabulls Power Limited.

1. We have audited the attached Balance Sheet of **INDIABULLS POWER LIMITED.** ("the Company") as at March 31, 2011, the Profit and Loss Account and the Cash Flow Statement of the Company for the year ended on that date, both annexed thereto. These financial statements are the responsibility of the Company's Management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with the auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and the disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by the Management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. As required by the Companies (Auditor's Report) Order, 2003 (CARO) issued by the Central Government in terms of Section 227(4A) of the Companies Act, 1956, we enclose in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the said Order.
4. Further to our comments in the Annexure referred to in paragraph 3 above, we report as follows:
 - (a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) the Balance Sheet, the Profit and Loss Account and the Cash Flow Statement dealt with by this report are in agreement with the books of account;
 - (d) in our opinion, the Balance Sheet, the Profit and Loss Account and the Cash Flow Statement dealt with by this report are in compliance with the Accounting Standards referred to in Section 211(3C) of the Companies Act, 1956;
 - (e) in our opinion and to the best of our information and according to the explanations given to us, the said accounts give the information required by the Companies Act, 1956 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:
 - (i) in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2011;
 - (ii) in the case of the Profit and Loss Account, of the profit of the Company for the year ended on that date; and
 - (iii) in the case of the Cash Flow Statement, of the cash flows of the Company for the year ended on that date.
5. On the basis of the written representations received from the Directors as on March 31, 2011 taken on record by the Board of Directors, we report that none of the Directors is disqualified as on March 31, 2011 from being appointed as a Director in terms of Section 274(1)(g) of the Companies Act, 1956.

Annexure to the Auditors' Report Referred to in paragraph 3 of our report of even date

ANNEXURE TO THE AUDITORS' REPORT

(Referred to in paragraph 3 of our report of even date)

- (i) Having regard to the nature of the Company's business / activities / result, clauses (x), (xiii) and (xix) of CARO are not applicable.
- (ii) In respect of its fixed assets:
 - (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of the fixed assets.
 - (b) The fixed assets were physically verified during the year by the Management in accordance with a regular programme of verification which, in our opinion, provides for physical verification of all the fixed assets at reasonable intervals. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
 - (c) None of the fixed assets were disposed off during the year.
- (iii) The Company did not have any inventory during the year.
- (iv) In respect of loans, secured or unsecured, granted by the Company to companies, firms or other parties covered in the Register under Section 301 of the Companies Act, 1956, according to the information and explanations given to us:
 - (a) The Company has granted loans aggregating Rs. 27,002,580,352 to two Companies during the year. At the year-end, the outstanding balances of such loans aggregated Rs. 5,010,607,344 (2 Companies) and the maximum amount involved during the year was Rs. 8,427,062,531 (2 Companies).
 - (b) The rate of interest and other terms and conditions of such loans, wherever stipulated, are, in our opinion, prima facie not prejudicial to the interests of the Company.
 - (c) The receipts of principal amounts and interest have been regular/as per stipulations.
 - (d) There were no overdue principal and interest amounts remaining outstanding as at the year-end.

In our opinion and according to the information and explanations given to us, the Company has not

taken any loans secured or unsecured during the year from companies, firms or other parties covered in the register maintained under section 301 of the Companies Act, 1956. Accordingly, sub clauses (e), (f) & (g) of clause (iii) of the Order pertaining to loans taken during the year are not applicable to the Company.

- (v) In our opinion and according to the information and explanations given to us, having regard to the explanations that some of the items purchased are of special nature and suitable alternative sources are not readily available for obtaining comparable quotations, there is an adequate internal control system commensurate with the size of the Company and the nature of its business with regard to purchases of fixed assets and the sale of services. There were no transactions during the year with regard to purchase of inventory or the sale of goods. During the course of our audit, we have not observed any major weakness in such internal control system.
- (vi) In respect of contracts or arrangements entered in the Register maintained in pursuance of Section 301 of the Companies Act, 1956, to the best of our knowledge and belief and according to the information and explanations given to us:
 - (a) The particulars of contracts or arrangements referred to in Section 301 that needed to be entered in the Register maintained under the said Section have been so entered.
 - (b) Where each of such transaction is in excess of Rs.5 lakhs in respect of any party, the transactions have been made at prices which are prima facie reasonable having regard to the prevailing market prices at the relevant time except in respect of certain purchases / services purchased for which comparable quotations are not available and in respect of which we are unable to comment.
- (vii) According to the information and explanations given to us, the Company has not accepted any deposit from the public during the year.
- (viii) In our opinion, the internal audit functions carried out during the year by firm of Chartered Accountants appointed by the Management have been commensurate with the size of the Company and the nature of its business.

Annexure to the Auditors' Report Referred to in paragraph 3 of our report of even date (Contd.)

- (ix) The Central Government of India pursuant to the Cost Accounting Records (Electricity Industry) Rules, 2001 ("Rules") has prescribed the maintenance of cost records prescribed under Section 209(1) (d) of the Companies Act, 1956 to the Company. According to the information and explanations given to us, the Rules are not applicable to the Company for the year ended March 31, 2011, as the Company has not started commercial production as at the year end. To the best of our knowledge and according to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records for any other product of the Company.
- (x) According to the information and explanations given to us in respect of statutory dues:
 - (a) The Company has generally been regular in depositing undisputed dues, including Provident Fund, Income-tax, Wealth Tax, Service Tax, Cess and other material statutory dues applicable to it with the appropriate authorities. The Company has no dues towards Investor Education and Protection Fund, Employees' State Insurance, Sales Tax, Custom Duty and Excise Duty.
 - (b) There were no undisputed amounts payable in respect of Income-tax, Wealth Tax, Custom Duty, Excise Duty, Cess and other material statutory dues in arrears as at March 31, 2011 for a period of more than six months from the date they became payable.
 - (c) There are no dues of Income-tax, Sales Tax, Wealth Tax, Service Tax, Custom Duty, Excise Duty and Cess which have not been deposited as on March 31, 2011 on account of any dispute.
- (xi) In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of dues to banks and financial institutions. During the year, the Company has not obtained any borrowings by way of debentures.
- (xii) In our opinion, the Company has not granted loans and advances on the basis of security by way of pledge of shares, debentures and other securities.
- (xiii) Based on our examination of the records and evaluations of the related internal controls, the Company has maintained proper records of the

transactions and contracts in respect of its dealing in other investments and timely entries have been made therein. The aforesaid investments have been held by the Company in its own name. During the year, the Company has not dealt in any shares, securities or debentures.

- (xiv) In our opinion and according to the information and explanations given to us, the terms and conditions of the guarantees given by the Company for loans taken by others from banks and financial institutions are not *prima facie* prejudicial to the interests of the Company.
- (xv) In our opinion and according to the information and explanations given to us, the term loans have been applied for the purposes for which they were obtained, other than temporary deployment pending application.
- (xvi) In our opinion and according to the information and explanations given to us and on an overall examination of the Balance Sheet, we report that funds raised on short-term basis have not been used during the year for long- term investment.
- (xvii) According to the information and explanations given to us, the Company has not made any preferential allotment of shares to parties and companies covered in the Register maintained under Section 301 of the Companies Act, 1956.
- (xviii) The Management has disclosed the end use of money raised by public issues and we have verified the same.
- (xix) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

Significant Accounting Policies and Notes of

Indiabulls Power Limited. forming part of the Audited Balance Sheet as at March 31, 2011 and Profit and Loss Account for the year ended March 31, 2011

SCHEDULE S:

I. SIGNIFICANT ACCOUNTING POLICIES

i. Basis of Accounting

These financial statements are prepared under the historical cost convention on an accrual basis, in accordance with the generally accepted accounting principles in India ("GAAP") and in compliance with the applicable Accounting Standards as notified under the Companies (Accounting Standards) Rules, 2006, as amended.

ii. Use of Estimates

The presentation of financial statements in conformity with GAAP requires estimates and assumptions to be made that affect the reported amount of assets and liabilities and disclosure of contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting year. Differences between the actual results and estimates are recognised in the reporting year in which the results are known / materialized.

iii. Revenue Recognition

Income from Power Consultancy / Advisory Services is recognised on an accrual basis. Interest income from deposits and others is recognised on an accrual basis. Dividend income is recognised when the right to receive the dividend is unconditionally established. Profit / loss on sale of investments is recognised on the date of the transaction of sale and is computed with reference to the original cost of the investment sold.

iv. Fixed Assets

Tangible fixed assets are stated at cost, net of tax / duty credits availed, less accumulated depreciation and impairment losses, if any. Cost includes original cost of acquisition and installation, including incidental expenses related to such acquisition or installation.

Intangible assets are stated at cost, net of tax / duty credits availed less accumulated amortisation and impairment losses, if any. Cost includes original cost of acquisition and construction, including incidental expenses related to such acquisition or construction.

v. Depreciation / Amortization

Depreciation on fixed assets is provided on the

Straight-Line Method at the rates and in the manner prescribed under Schedule XIV of the Companies Act, 1956.

Depreciation on additions / deletions to fixed assets is provided on a pro-rata basis from / upto the date the asset is put to use / discarded. Individual assets costing less than Rs. 5,000 are fully depreciated in the year of purchase. The acquisition value of Leasehold Land is amortized over the period of the Lease.

Intangible assets consisting of Software are amortized on a Straight Line basis over a period of four years from the date when the assets are available for use.

vi. Expenditure During Construction Pending Capitalisation

Any expenditure directly / indirectly related and attributable to the construction of power projects and incidental to setting up power project facilities, incurred prior to the date of commencement of commercial operation of the power project, are accumulated under "Expenditure During Construction Pending Capitalisation", to be capitalised on completion of construction of the respective power projects and commencement of commercial operations.

vii. Impairment of Assets

The Company assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. The recoverable amount is the higher of an asset's net selling price and its value in use. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the Profit and Loss Account. If at the Balance Sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount.

viii. Borrowing Costs

Borrowing costs that are attributable to the acquisition, construction or production of qualifying assets are capitalised as a part of the cost of such assets. Any income earned on the temporary deployment / investment of those borrowings is deducted from the

Significant Accounting Policies and Notes of

Indiabulls Power Limited. forming part of the Audited Balance Sheet as at March 31, 2011 and Profit and Loss Account for the year ended March 31, 2011 (Contd.)

borrowing costs so incurred. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are charged to revenue.

ix. Investments

Investments are classified as long term and current. Long term investments are carried at cost less provision, if any, for diminution other than temporary in the value of such investment. Current investments are valued at lower of cost and fair value.

x. Foreign Currency Transactions

Transactions denominated in foreign currencies are recorded at the exchange rate prevailing at the time of occurrence of the transaction. Monetary items denominated in foreign currency at the year end are translated at year end rates. In respect of monetary items which are covered by forward exchange contracts, premium / discount arising on inception of the contract is amortized over the life of the contract. Any exchange differences arising on settlement / translation are dealt with in the Profit and Loss Account.

Exchange differences arising on a monetary item that in substance forms part of the Company's net investment in a non-integral foreign operation is accumulated in the Foreign Currency Translation Reserve until disposal of the net investment, when it is recognised as an income or expense in the Profit and Loss Account.

Non-Monetary items carried in terms of historical cost denominated in foreign currency are reported using the exchange rate at the date of the transaction.

xi. Employee Benefits

The Company's contribution to Provident Fund is charged to the Profit and Loss Account / Expenditure During Construction Pending Capitalisation, as applicable. The Company has unfunded defined benefit plans namely leave encashment (long term compensated absences) and gratuity for eligible employees, the liabilities for which is determined on the basis of actuarial valuations, conducted by an independent actuary at the end of the financial year using the Projected Unit Credit Method in accordance with Accounting Standard 15 (Revised 2005) – Employee Benefits, notified under the Companies (Accounting Standards) Rules, 2006, as amended.

Superannuation (Pension & Medical coverage) payable to a Director on retirement is actuarially valued at the end of the year using the Projected Unit Credit Method. Actuarial gains and losses comprise experience adjustments and the effects of change in actuarial assumptions, and are recognised in the Profit and Loss Account as income or expenses / Expenditure During Construction Pending Capitalisation, as applicable.

xii. Taxes on Income

Current tax is determined as the tax payable in respect of taxable income for the reporting year and is computed in accordance with relevant tax regulations.

Deferred tax resulting from timing differences between book and tax profits is accounted for at the current rate of tax / substantively enacted tax rates as on the Balance Sheet date, to the extent that the timing differences are expected to crystallize.

Deferred Tax Assets are recognised where realisation is reasonably certain whereas in case of carried forward losses or unabsorbed depreciation, deferred tax assets are recognised only if there is a virtual certainty of realisation supported by convincing evidence. Deferred Tax Assets are reviewed for the appropriateness of their respective carrying values at each Balance Sheet date.

xiii. Leases

In case of assets taken on operating lease, the lease rentals are charged to the Profit and Loss Account / Expenditure During Construction Pending Capitalisation, as applicable, in accordance with Accounting Standard 19 - Leases, as notified by the Companies (Accounting Standards) Rules, 2006, as amended.

xiv. Share Issue Expenses

Share issue expenses are adjusted against securities premium account to the extent of balance available and thereafter, the balance portion is charged off to the Profit and Loss Account, as incurred.

xv. Deferred Employee Stock Compensation Costs

Deferred Employee Stock Compensation Costs for Stock Options are recognised in accordance with the Guidance Note on "Accounting for Employee Share Based Payments" issued by the Institute of Chartered Accountants of India, which establishes financial accounting and reporting principles for employee

Significant Accounting Policies and Notes of Indiabulls Power Limited. forming part of the Audited Balance Sheet as at March 31, 2011 and Profit and Loss Account for the year ended March 31, 2011 (Contd.)

share based payment plans. The Company has elected to apply the Intrinsic Value method of accounting. Accordingly, employee stock compensation costs are measured as the difference between the intrinsic value of the Company's shares of stock options at the grant date and the exercise price to be paid by the option holders. The compensation expense is amortised over the vesting period of the options. The fair value of options for disclosure purpose, is measured on the basis of an independent valuation performed by an independent firm of Chartered Accountants in respect of stock options granted.

xvi. Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised only when there is a present obligation as a result of past events and when a reliable estimate of the amount of the obligation can be made. Contingent liability is disclosed for (1) Possible obligations which will be confirmed only by future events not wholly within the control of the Company or (2) Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made. Contingent Assets are not recognised in the financial statements since this may result in the recognition of income that may never be realised.

II. Notes to Accounts:

i) Overview:

Indiabulls Power Limited. ("the Company") was incorporated on October 08, 2007 as a wholly owned subsidiary of Indiabulls Real Estate Limited ("IBREL") with an authorised capital of Rs. 500,000 divided into 50,000 equity shares of Rs. 10 each. During the financial year 2009-10, the authorised capital was increased to Rs. 50,000,000,000 (Rupees Five Thousand Crores) divided into 5,000,000,000 (Five Hundred Crore) equity shares of face value Rs. 10 each. The main business activities of the Company included inter alia, dealing in power generation, distribution, trading and transmission and other ancillary and incidental activities.

On February 12, 2008, the Company had entered into a Shareholder's agreement ("Agreement") with IBREL, individual promoters of IBREL (Sameer Gehlaut, Rajiv Rattan and Saurabh K. Mittal), Investors (FIM Limited and LNM India Internet Ventures Limited) and the

erstwhile Indiabulls Power Services Limited ("IPSL" or "Amalgamating Company"), a fellow subsidiary. The Company had also entered into a Share Subscription Agreement ("SSA") dated February 12, 2008, with IBREL, FIM Limited and LNM India Internet Ventures Limited. In terms of the Agreement and the SSA, the Company had issued and allotted 237,000,000 equity shares of face value of Rs. 10 each at a premium of Rs. 56.67 per share to the Investors on February 22, 2008.

In terms of the Agreement, IPSL was amalgamated with the Company, with effect from the Appointed Date on April 1, 2008. Consequently, the Company applied for and received approval dated January 16, 2009, from the FIPB Unit, Department of Economic Affairs, Ministry of Finance, Government of India to engage in the business of generating, developing, transmitting, distributing and supplying all forms of electrical power (except atomic energy) and to act as an operating cum holding company.

In accordance with the provisions of Section 21 and other applicable provisions of the Companies Act, 1956, the members of the company at their Extraordinary General Meeting held on July 4, 2009, accorded their approval to change the name of the Company. The Company has since received fresh certificate of incorporation consequent upon change of name, from the Registrar of Companies, National Capital Territory of Delhi & Haryana, dated July 7, 2009 in respect of the said change. Accordingly, the name of the Company was changed to 'Indiabulls Power Limited'.

The Board of Directors of the Company at its meeting held on November 30, 2010 issued and allotted 420,000,000 Share Warrants of Face Value Rs. 10 each @ Rs. 29 per warrant (paid up value as at the year-end Rs. 7.25 per warrant out of which Rs. 2.50 is towards the Face Value) to certain entities promoted by the promoters of IBREL. At the option of the warrant holders, they are entitled to receive an equivalent number of equity shares of Face Value of Rs. 10 per share in the Company, at an exercise price of Rs. 29 per equity share. These warrants are convertible at the option of the warrant holder into equity shares of the Company in one or more tranches, within a period of 18 months from the date of their allotment.

The Board of Directors of the Company and IBREL at their respective meetings held on January 17, 2011

approved, inter-alia, a draft composite restructuring scheme (the Scheme) of restructuring the power business and related business of IBREL / the Company. The said scheme, inter-alia, provides for restructuring of the share capital of the Company, consequent to the transfer by way of a demerger of the power and related business of IBREL as a going concern to Indiabulls Infrastructure and Power Limited (IIPL); and the amalgamation of Poena Power Supply Limited (PPSL), a wholly owned subsidiary of the Company into the Company, and various other matters consequential or otherwise integrally connected with the Scheme. The Stock Exchanges have since granted their No Objection Certificate to the Scheme. The effectiveness of the Scheme shall be subject to necessary approvals from the shareholders, creditors and the submission of the same to the Hon'ble High Court of Delhi. The proposed Appointed Date of the demerger and amalgamation under the Scheme is April 01, 2011.

ii) Project under Development

The Company is in process of setting up a Thermal Power Project at Amravati ("Amravati Project", "the Project") in the State of Maharashtra in two phases with an ultimate capacity of 2,700 MW. Project construction activities are in line with the estimated targets of the Management of the company.

These options vest uniformly over a period of 10 years, commencing one year after from the date of grant. A Compensation Committee constituted by the Board of Directors of IBREL administers the Plan- I.

IBREL follows the Intrinsic Value method of accounting as prescribed under the Guidance Note on "Accounting for Employees Share Based Payments" issued by the Institute of Chartered Accountants of India. No Deferred Employee Stock Compensation Cost was initially recorded on the grant of options as the Intrinsic Value calculated by an independent valuer

was lower than the exercise price. Had IBREL followed the Fair value method, there would not had been any impact on the Profit After Tax of IBREL and on the Basic and Diluted Earnings per Share of IBREL as the fair value on the date of grant calculated by an independent valuer following binomial option pricing model was less than the exercise price.

b) Indiabulls Real Estate Limited Employees Stock Options Scheme 2008 (II):

During the year ended March 31, 2009, IBREL established the Indiabulls Real Estate Limited Employees Stock Options Scheme - 2008 (II) ("IBREL ESOS-II" or "Plan-II"). Under Plan II, IBREL issued equity settled options to its eligible employees and of its subsidiary companies to subscribe upto 2,000,000 stock options representing an equal number of equity shares of face value of Rs. 2 each in IBREL, at an exercise price of Rs. 110.50 per option, being the closing market price on the National Stock Exchange of India Limited, as at January 29, 2009.

The stock options so granted, shall vest in the eligible employees within 10 years beginning from January 31, 2010, the first vesting date. The stock options granted under each of the slabs, are exercisable by the option holders within a period of five years from the relevant vesting date.

IBREL follows the Intrinsic Value method of accounting as prescribed in the Guidance Note on Accounting for Employees Share Based Payments ("Guidance Note"), issued by the Institute of Chartered Accountants of India. Since, on the date of grant, the intrinsic value of the options granted was equal to the exercise price, no deferred employee stock compensation cost has been recorded in the financial statements. The fair value of the options under Plan II using the Black-Scholes model, based on the following parameters, is Rs. 62.79 per option, as certified by an independent firm of Chartered Accountants.

c) Indiabulls Real Estate Limited Employees Stock Options Scheme 2010:

During the year ended March 31, 2011, the Board of Directors and Shareholders of IBREL have given their consent to create, issue, offer and allot, to the eligible employees of IBREL and its Subsidiary Companies, stock options not exceeding 30,000,000 in number, representing 30,000,000 Equity shares of face value of Rs. 2 each of IBREL, in accordance with the terms of the Employee Stock Option Scheme- 2010 ("IBREL ESOP 2010"). As per the scheme, Exercise Price will be the market price of the equity shares of IBREL, being the latest available closing price, prior to the date of grant or as may be decided by the Board of Compensation Committee. However the Compensation Committee of the Board has not yet granted any options under the aforementioned Scheme.

There is no impact on the profits after taxes and the basic and diluted earnings per share of the Company, on account of IBREL ESOS – I, IBREL ESOS – II, and IBREL ESOP 2010.

II. Stock Option Schemes of Indiabulls Power Limited. ("IPL"):

On January 10, 2008 the erstwhile IPSL, had established the IPSL ESOS Plan, under which, IPSL was authorised to issue upto 20,000,000 equity settled options at an exercise price of Rs. 10 per option to eligible employees. Employees covered by the plan were granted an option to purchase equity shares of IPSL subject

to the requirements of vesting. A Compensation Committee constituted by the Board of Directors of IPSL administered the plan. All these options were outstanding as at April 01, 2008.

Pursuant to the Scheme of Amalgamation under Sections 391 to 394 of the Companies Act, 1956, duly approved by the Hon'ble High Court of Delhi at New Delhi vide its order dated September 1, 2008 IPSL was amalgamated with SPCL. With effect from the Appointed Date the IPSL ESOS Plan was terminated and in lieu, in terms of Clause 14 (c) of the Scheme of Amalgamation SPCL – IPSL Employees Stock Option Plan - 2008 ("SPCL – IPSL ESOP - 2008") was established in SPCL for the outstanding, unvested options, for the benefit of the erstwhile IPSL option holders, on terms and conditions not less favourable than those provided in the erstwhile IPSL ESOS Plan and taking into account the share exchange ratio i.e. one equity share of SPCL of face value Rs. 10 each for every one equity share of IPSL of face value Rs. 10 each. All the option holders under the IPSL ESOS Plan on the Effective Date were granted options under the SPCL – IPSL ESOP - 2008 in lieu of their cancelled options under IPSL ESOS Plan. The SPCL – IPSL ESOP - 2008 was treated as continuation of IPSL ESOS Plan and all such options were treated outstanding from their respective date of grant under IPSL ESOS Plan, accordingly, no compensation expense was recognised. No adjustment is required in respect of the number and exercise price of options as the share exchange ratio is one equity share of face value Rs. 10 each of SPCL for every one equity share of face value Rs. 10 each of IPSL.

Under SPCL – IPSL ESOP - 2008, IPL has issued 16,200,000 and 3,800,000 options at an exercise price of Rs. 10 and Rs. 26 per option on January 10, 2008 and September 15, 2008 respectively.

During the year 8,308,000 ESOPs were surrendered, and 1,045,000 options were issued at an exercise price of Rs. 27.80 per option on December 1, 2010 under the SPCL – IPSL ESOP - 2008 Scheme.

These options vest uniformly over a period of 10

years, commencing one year after from the date of grant. IPL follows the Intrinsic Value method of accounting as prescribed in the Guidance Note on Accounting for Employees Share Based Payments ("Guidance Note"), issued by the Institute of Chartered Accountants of India. There is no impact on the profits after taxes and the basic and diluted earnings per share of the Company, on account of SPCL – IPSL ESOP - 2008.

During the financial year ended March 31, 2010, IPL had established the Indiabulls Power Limited. Employees' Stock Option Scheme 2009 ("IPL ESOS 2009") IPL had issued 20,000,000 equity settled options at an exercise price of Rs. 14 per option under the IPL ESOS 2009 to eligible employees which gave them the right to subscribe stock options representing an equal number of equity shares of face value of Rs. 10 each of IPL. These options vest uniformly over a period of 10 years, commencing one year after from the date of grant. IPL follows the Intrinsic Value method of accounting as prescribed in the Guidance Note on Accounting for Employees Share Based Payments ("Guidance Note"), issued by the Institute of Chartered Accountants of India. There is no impact on the profits after taxes and the basic and diluted earnings per share of the Company, on account of IPL ESOS 2009.

During the year 16,563,000 ESOPs were surrendered under the IPL ESOS 2009 Scheme.

The Fair values of the options under the plan SPCL – IPSL ESOP - 2008 and IPL ESOS 2009 using the binomial pricing model based on the following parameters, is Rs. Nil per option, as certified by an independent firm of Chartered Accountants. The fair value of the re-granted options under the SPCL – IPSL ESOP - 2008 plan is Rs. 8.81 per option as certified by an independent firm of Chartered Accountants.

Provision for unfunded Gratuity and Compensated absences payable to eligible employees on retirement / separation is based upon an actuarial valuation as at the year ended March 31, 2011. Major drivers in actuarial assumptions, typically, are years of service and employee compensation. After the issuance of the Accounting Standard (AS) 15 (Revised) on 'Employee Benefits', commitments are actuarially determined using the 'Projected Unit Credit Method'. Gains and Losses on changes in actuarial assumptions are accounted for in the Profit and Loss Account / Expenditure During Construction Pending Capitalisation.

x) Earnings Per Share (EPS):

The basic earnings per share is computed by dividing the net profit/ (loss) attributable to equity shareholders for the year, by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed using the weighted average number of equity shares and also the weighted average number of equity shares that could have been issued on conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable, had the shares been actually issued at fair value.

Dilutive potential equity shares are deemed converted to equity shares at the beginning of the year, unless they have been issued at a later date during the year. The number of equity shares and potential diluted equity shares are adjusted for stock split, bonus shares, share warrants and the potential dilutive effect of Employee Stock Options Plan as appropriate.
