# Spreading Light, Transmitting Happiness

A beam of light is a ray of hope for the one who lives in the darkness. It signifies happy state of mind and brings in positivity. We, at Power & Instrumentation (Gujarat) Ltd., believe that one must become either a lamp or a reflector to spread light and transmit happiness. With this vision, we are working persistently to reach the farthest corners of our nation as well as the world with our world class power and instrumentation services.

Power and Transmission has a strong correlation with the socio-economic growth of the nation and the well-being of the population. India is the third-largest producer and second-largest consumer of electricity in the world and had an installed power capacity of 373.43 GW as of October 2020. As per a pre-COVID industry estimate, power consumption was estimated to reach 1,894.7 TWh in 2022. Economic recovery as a result of Government of India's progressive stimulus has turned the future outlook brighter. Government of India's vision and dynamic strategies have inspired us to work hand in hand with the state PSUs and governments to create robust urban as well as rural electrification infrastructure. While we are spreading light in rural / urban homes through projects like, "Saubhagya Scheme", "Kusum Yojana", "Smart City Mission", we are also upgrading the distribution networks and building sub-stations to meet rising

needs of urban and industrial customers with schemes such as IPDS (Integrated Power Development Scheme).

Power & Instrumentation (Gujarat) Limited, being the industry stalwart is working relentlessly to take country's T&D segment into the new growth paradigm and achieve progressive targets set by the Government of India for the sector. Founded in 1983, the Company has been providing the clients with complete turnkey solutions from concept to commissioning which includes design, procurement, installation, testing & commissioning and maintenance of the system.

It is evident from the number of repeated orders received from the same clients that the Company's endeavour to provide one-stop solutions has given an impetus and established the Company among the most trustworthy and respected organizations. The Company believes that there is no off-the-shelf solution for power & instrumentation services and hence provides custom solutions to meet every specific requirement like Power & Distribution Transformers, DG Sets, HT and LT Power Distribution Panels, SCADA & Building Management Systems, Bus ducts and Busways, Cables and Cable Management System, Internal / External / Specialized Lighting and Uninterrupted Power Supply System (UPS) etc.

Apart from serving reputed private sector entities like Airtel, Bajaj Electricals, Voltas, Gujarat Ambuja Cements, Dishman Pharma, the Company is also involved in bidding and executing the large infrastructure building projects for government and semi-government endeavours. It has executed projects for Indian Railways, SVP Airport - Ahmedabad, Raja Bhoj Airport - Bhopal, National Building Construction Corporation - Gurgaon, Goa State Infrastructure Corporation, MTNL-Mumbai, NISM Project - Navi Mumbai, Airport Authority of India Ltd. For Srinagar & Jammu, Sardar Sarovar Narmada Nigam, CPWD - Gandhinagar, Calicut & Patalganga, U N Mehta Hospital - Ahmedabad, Secretariat Building - Naya Raipur, YMCA - Ahmedabad, IISER - Bhopal, various state governments etc. Company has built power and instrumentation infrastructure for more than 20 airports across the country. Your Company has successfully completed large turnkey projects to upgrade distribution systems in Rajasthan, AMF Panel with AECTC at Space Application Centre, Ahmedabad, ATC Tower at Varanasi, Electrical infrastructure for Hospitals at Gujarat etc.

While the COVID pandemic had severely affected the world during the reporting year, the Company posted Profit After Tax of ₹ 345.83 Lacs in FY'2020-21 as compared to ₹ 300.21 Lacs in FY'2019-20. The reserves & surplus during FY'2020-21 also rose to ₹ 2272.17 Lacs as compared to ₹ 1926.32 Lacs during FY'2019-20. The Company has also maintained its upward progression by booking impressive sum of sales orders fortifying future growth.

PIGL has been steadfastly committed to innovate its product & service offerings and provide state-of-the-art and energy efficient instruments like smart meters, solar products, SPV based Bus Trunking Products etc. Quality is the utmost important aspect at PIGL and the Company is ISO 9001:2008 certified.

One of the core competence and key success factor of PIGL is its 38 member strong team and access to a vast pool of contract based human resources. At PIGL, utmost attention is given to the human capital development through the skills upgradation and harnessing this skilled intellectual capital to achieve the sustainable growth of the Company. The Company believes in providing the congenial & fair

employment practices and all the employees are given benefits like PF, Gratuity, Group Medical Insurance, Performance based incentives etc.

The Company is determined to scale new zenith and transcend own benchmarks as the leader and the most-preferred instrumentation contractor in the country in coming years. Through our partnerships with the government and public sector undertakings, we are on our mission to spread light and transmit happiness in remote villages in times to come.

# Message From Managing Director

## Dear Shareholders,

It gives me an immense pleasure to welcome you at our 37th Annual General Meeting. The year 2020-21 has been the most challenging year for the company in its history. We are amid an unprecedented pandemic and the end of which is far from certain. The pandemic has changed the way we do business, interact professionally, socialize and how we live our lives. This pandemic accentuated the fault lines in our public health delivery systems resulting in increased attention and resources to the sector. Needless to add, it has implications for our business too. We need to build in increased resilience, contingency planning in our operations and be prepared to be nimble and flexible in meeting market conditions.

The first quarter of 2020-21 started with the lockdown impacting our business significantly. In the second and third quarters, there was a quantum improvement in business activity. The Indian economy was beginning to regain normalcy in the fourth quarter from January-March 2021.

The Company took substantial measures to mitigate the fallout of lockdowns which meant lower revenues, profits and increased working capital. We primarily focused on reducing the working capital

cycle which meant reduction of inventory and debtors - this incidentally was in sync with our long term goal of balance sheet improvement. Furthermore, the Company also worked to optimize expenses. These measures resulted in the following:-

Particulars	FY March 2021 (₹ in lacs)	FY March 2020 (₹ in lacs)
Inventory	284.83	782.29
Debtors	3699.30	2398.96
Borrowings	1797.34	1757.70
Finance cost	333.80	410.42
Expenses	759.97	837.27

Our mitigation strategy has ensued in the reduction of ₹ 76.62 lacs in finance cost and ₹ 77.30 lacs in other expenses.

Your Company has continued to focus on its Contracting business. Due to the lockdown and social distancing measures, large Infrastructure related development activities were shut down for a substantial period during past year.

The pandemic affected the larger cities to a greater

extent. Your Company benefited by virtue of its presence in Tier II and III cities. The channel business sustained and even saw some growth during FY'21. This segment helped in improving cash flows during the year and was strategically important in generating revenues during complete lockdown.

The enterprise segment was probably the slowest to recover during the year. We saw an uptake from the end of the second quarter and a semblance of normalcy from the fourth quarter. The processing activities of your Company was lesser as compared to FY'20. This activity was strategically important and contributed to a range of Services and profitability.

### Financial Performance in FY 20-21

The Company's performance was impacted in Q1 of the year, but your company managed to recover and close the year on stronger note and satisfactorily.

1. The revenue stood at ₹ 8543.82 lacs for FY'21. Contracting revenue contributed to 95% of the overall sales, which is 6% more as compared to FY'20.

2. EBIDTA was at ₹ 822.16 lacs during Fy'21 and it

is significant to note that EBIDTA was (₹ 334.54 Lacs ) in the first half of FY'21. There was a substantial recovery in the second half and helped to close the year on a positive note.

3. PAT stood at ₹ 345.83 lacs for FY'21 as compared to the PAT of ₹ 300.21 lacs in FY'20.

Particulars	FY March 2021 (₹ in lacs)	FY March 2020 (₹ in lacs)
Revenue	8543.82	8901.43
Contracting(%)		
EBITDA	822.16	860.11
Margin	9.62%	9.66%
PBT	464.78	419.15
PAT	345.83	300.21
Margin	4.05%	3.37%

### Key Performance Highlights

The overall performance for the financial year was understandably subdued as compared to the previous year FY'20. This was primarily due to the pandemic and the lockdowns which substantially affected sales in Q1 and to a lesser extent in Q2 of the year. It is worthy of acknowledgement that

the Management provided the right impetus to company's operations for improving the financial situation when the economy opened up.

### **The Way Forward**

The Company cognises that pandemic and its impacts on economy during the year were beyond control for the business fraternity and Companies like us, your Company was observant and did believe that India and the World would have to live with COVID 19 for a few more years. The prudent and conservative measures that the Company implemented over the course of last year will hold in good stead for the coming financial year. The Infrastructure Industry is the keystone for the success of any economy. Electrical materials and Services are essential for the functioning of any industry. We have observed that despite lockdowns, construction and the electrical material segment are amongst the early risers for commercial activities. PIGL will again chart the growth trajectory in coming year as soon as the lockdown is over. We will be continuing our focus on the Contracting segment, while steadfastly managing the balance growth across all our business verticals so that they provide strategic thrust to the Company to continue its growth journey.

### **Conclusion**

I am happy to share that your Company took the utmost care to maintain COVID protocols throughout the year. I would like to convey my deepest appreciation to all our employees. They have stood by the Company in these trying times. My sincere thanks and appreciation to my fellow Directors on the Board for their guidance and constant encouragement. My gratitude to our bankers, customers and suppliers. On behalf of the PIGL Board, I also thank you all, our valued shareholders, for your continued support.

Warm Regards,

**Padmaraj Pillai**  
Managing Director

## **PERFORMANCE OF EVALUATION:**

The Board evaluated the effectiveness of its functioning, that of the Committees and of individual Directors, pursuant to the provisions of the Act and SEBI Listing Regulations

The Board sought the feedback of Directors on various parameters including:

- Degree of fulfillment of key responsibilities towards stakeholders (by way of monitoring corporate governance practices, participation in the long-term strategic planning, etc.);
- Structure, composition, and role clarity of the Board and Committees;
- Extent of co-ordination and cohesiveness between the Board and its Committees;
- Effectiveness of the deliberations and process management;
- Board/Committee culture and dynamics; and
- Quality of relationship between Board Members and the Management.

The above criteria are broadly based on the Guidance Note on Board Evaluation issued by the Securities and Exchange Board of India on January 5, 2017.

The Chairman of the Board had one-on-one meetings with each Independent Director and the Chairman of NRC had one-on-one meetings with each Executive and Non-Executive, Non-Independent Directors. These meetings were intended to obtain Directors' inputs on effectiveness of the Board/ Committee processes.

In a separate meeting of Independent Directors, performance of Non-Independent Directors, the Board as a whole, and the Chairman of the Company was evaluated, taking into account the views of Executive Directors and Non-Executive Directors.

The Nomination and Remuneration Committee reviewed the performance of the individual directors and the Board as a whole.

In the Board meeting that followed the meeting of the independent directors and the meeting of Nomination and Remuneration Committee, the performance of the Board, its committees, and individual directors was discussed.

The evaluation process endorsed the Board Members' confidence in the ethical standards of the Company, the resilience of the Board and the Management in navigating the Company during challenging times, cohesiveness amongst the Board Members, constructive relationship between the Board and the Management, and the openness of the Management in sharing strategic information to enable Board Members to discharge their responsibilities and fiduciary duties.

The Board carried out an annual performance evaluation of its own performance and that of its committees and individual directors as per the formal mechanism for such evaluation adopted by the Board. The performance evaluation of all the Directors was carried out by the Nomination and Remuneration Committee.

The performance evaluation of the Chairman, the Non-Independent Directors and the Board as a whole was carried out by the Independent Directors. The exercise of performance evaluation was carried out through a structured evaluation process covering various aspects of the Board functioning such as composition of the Board & committees, experience & competencies, performance of specific duties & obligations, contribution at the meetings and otherwise, independent judgment, governance issues etc.

Pursuant to the provisions of the Companies Act, 2013 and SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015, the Board has carried out the annual performance evaluation of the Directors individually as well as evaluation of the working of the Board by way of individual feedback from directors.

The evaluation frameworks were the following key areas:

1. For Non-Executive & Independent Directors:
  - Knowledge
  - Professional Conduct
  - Comply Secretarial Standard issued by ICSI Duties,
  - Role and functions
2. For Executive Directors:
  - Performance as leader
  - Evaluating Business Opportunity and analysis of Risk Reward Scenarios
  - Key set investment goal
  - Professional conduct and integrity
  - Sharing of information with Board.
  - Adherence applicable government law

The Directors expressed their satisfaction with the evaluation process.

# Annexure I - Management Discussion & Analysis Report

---

## GLOBAL ECONOMIC OVERVIEW:

Global growth is projected at 6% in 2021, moderating to 4.4% in 2022. The projections for 2021 and 2022 are stronger than in the October 2020 WEO. High uncertainty still surrounds this outlook, related to the path of the pandemic, the effectiveness of policy support to provide a bridge to vaccine-powered normalization, and the evolution of financial conditions.

The vaccines' rollout in many of the advanced economies has been driving the improvement, as has the massive fiscal stimulus by the United States. World GDP growth is expected to be 4.4% next year but global income will still be some USD 3 trillion less by end 2022 than was expected before the crisis hit. USD 3 trillion is about the size of the entire French economy.

Countries that have been quick to vaccinate their population against COVID-19 and those are managing to control infections through effective public health strategies are seeing their economies recover more quickly. Job vacancy postings in the United States are picking up, including sectors such as tourism. But while vaccination rates are progressing well in many advanced economies, poorer and emerging-market countries are being left behind. Unless everyone is protected, no one is protected.

Differences in the strength of economic recovery across countries are being driven by the extent of government support to vulnerable workers and businesses, by a country's dependency on particular sectors such as tourism (Rebuilding tourism for the future), as well as by public health and vaccination policies. Trade is also playing a role. Consumers have been spending less on services and more on goods since the pandemic began. The pick-up in merchandise trade has benefitted countries heavily involved in supply chains, particularly pharmaceuticals, medical supplies and IT material.

The global economy is climbing out from the depths to which it had plummeted during the major Lockdown in April. But, with the COVID-19 pandemic continuing to spread, many countries have slowed down reopening and some are reinstating partial lockdowns to protect vulnerable populations. While recovery in China has been faster than expected, the global economy's long ascent back to pre-pandemic levels of activity remains predisposed to setbacks.

## INDIAN ECONOMY:

After the huge GDP contraction in 2020, economic growth is projected to bounce back in 2021, driven by pent up demand for consumer and investment goods, before declining in 2022. The dramatic infections upsurge since February has weakened the nascent recovery and may compound financial woes of corporates and banks. As public anxiety over the virus spreads and lockdowns multiply, high-frequency indicators suggest that a marked slowdown may have taken place in the April-June quarter, although the overall annual impact is likely to be muted. Wholesale and retail inflation rates remain elevated, but within the target range of the central bank. India's real gross domestic product (GDP) at current prices stood at Rs. 135.13 lakh crore (US\$ 1.82 trillion) in FY'21, as per the provisional estimates of annual national income for 2020-21.

India is the fourth-largest unicorn base in the world with over 21 unicorns collectively valued at US\$ 73.2 billion, as per the Hurun Global Unicorn List. By 2025, India is expected to have ~100 unicorns and will create ~1.1 million direct jobs according to the Nasscom-Zinnov report 'Indian Tech Start-up'.

The first Union Budget of the third decade of 21st century was presented by Minister for Finance & Corporate Affairs, Ms. Nirmala Sitharaman on February 1, 2020. The budget aimed at energising the Indian economy through a combination of short-term, medium-term and long-term measures.

In the Union Budget 2021-22, capital expenditure for FY'22 is likely to increase by 34.5% at Rs. 5.5 lakh crore (US\$ 75.81 billion) over FY'21 (BE) to boost the economy.

Increased government expenditure is expected to attract private investments, with production-linked incentive scheme providing excellent opportunities. Consistently proactive, graded and measured policy support is anticipated to boost the Indian economy.

As indicated by provisional estimates released by the National Statistical Office (NSO), India posted a V-shaped recovery in the second half of FY'21. As per these estimates, India registered an increase of 1.1% in the second half of FY'21. This was driven by the gradual and phased unlocking of industrial activities, increased investments and growth in government expenditure.

As per the estimates of Reserve Bank of India (RBI), India's real GDP growth is projected at 9.5% in FY'22; this includes 18.5% increase in the first quarter of FY'22; 7.9% growth in the second quarter of FY'22; 7.2% rise in the third quarter of FY'22 and 6.6% growth in the fourth quarter of FY'22.

India is focusing on renewable sources to generate energy. It is planning to achieve 40% of its energy from non-fossil sources by 2030, which is currently 30% and has plans to increase its renewable energy capacity from to 175 Gigawatt (GW) by 2022. In line with this, in May 2021, India, along with the UK, jointly launched a 'Roadmap 2030' to collaborate and combat climate change by 2030.

## **INDUSTRY OVERVIEW:**

India is the third largest producer and second largest consumer of electricity in the world and had an installed power capacity of 382.73 GW as of April 2021. Electricity production reached 1,252.61 billion units (BU) in FY'20. India was ranked fifth in wind power, fifth in solar power and fourth in renewable power installed capacity, as of 2019. India's rank jumped to 22 in 2019 from 137 in 2014 on World Bank's Ease of Doing Business - "Getting Electricity" rankings.

For 2020-21, electricity generation target from conventional sources was fixed at 1,330 BU, comprising 1138.533 BU of thermal energy; hydro energy (140.357 BU) and nuclear (43.880 BU); and 7.230 BU was imported from Bhutan.

According to the Ministry of Power, India's power consumption grew by 41% at 119.27 billion units (BU) in April 2021, compared to 84.55 BU in April 2020.

In FY'21, the total thermal installed capacity in the country stood at 234.72 GW. Installed capacity of renewable, hydro and nuclear energy totalled 94.43 GW, 46.21 GW and 6.78 GW, respectively. The Government plans to double the share of installed electricity generation capacity of renewable energy to 40% by 2030. India has also raised the solar power generation capacity addition target by five times to 114 GW by 2022. The Government is preparing a 'rent a roof' policy for supporting its target of generating 40 GW of power through solar rooftop projects by 2022. The peak power demand in the country stood at 170.83 GW in FY'20.

---

Under the Union Budget 2021-22, the government has allocated Rs. 15,322 crore (US\$ 2.11 billion) for the Ministry of Power and Rs. 5,753 crore (US\$ 794.53 million) for the Ministry of New and Renewable Energy. Under the Union Budget 2021-22, the government has allocated Rs. 300 crore (US\$ 41.42 million) to increase capacity of the Green Energy Corridor Project, along with Rs. 1,100 crore (US\$ 151.90 million) for wind and Rs. 2,369.13 crore (US\$ 327.15 million) for solar power projects. The Union Budget 2021-22 has allocated Rs. 5,300 crore (US\$ 731.75 million) to the Integrated Power Development Scheme (IDPS) and Rs. 3,600 crore (US\$ 497.03 million) towards the Deen Dayal Upadhyay Gram Jyoti Yojana (DDUGJY).

The Cabinet Committee on Economic Affairs (CCEA) has approved commercial coal mining for private sector and the methodology of allocating coal mines via auction and allotment, thereby prioritising transparency, ease of doing business and ensuring the use of natural resources for national development.

## **OPPORTUNITIES AND THREATS:**

### **Opportunities**

We believe that our growth in other states in the country can fetch us new business expansion and opportunities. Presently, our presence is in the state of Gujarat and neighbouring states. Going forward we intend to establish our presence in more locations in the country. Our emphasis is on scaling up of our operations in other markets which will provide us with attractive opportunities to grow our client base and revenue.

### **Threats**

- Rise in cost of material and cost of transportation may affect the margin
- Changes in Government Policies
- Intense competition may reduce profitability
- Act of God
- Client Dissatisfaction
- Customer's inability to pay

## **SEGMENT-WISE PERFORMANCE:**

The Company's main business activity is Electric Contractor and Manufacturer.

## **OUTLOOK:**

The Company continues to explore the possibilities of expansion and will make the necessary investments when attractive opportunities arise.

## **RISK AND CONCERNS:**

The Company has in place a mechanism to identify, assess, monitor and mitigate various risks to key business objectives. Key business risks and mitigation strategy are highlighted below.

### **Business Risk**

To mitigate the risk of high dependence on any one business for revenues, the Company has adopted a strategy of launching new products/services, globalising its operations and diversifying into different business segments. The strategy has yielded good results and the Company therefore has a diversified stream of revenues. To address the risk of dependence on a few large clients, the Company has also actively sought to diversify its client base.

---

The Company strives to add value to its clients by providing services of a superior quality and maintaining a robust franchise with investors and end-users, to mitigate the risk arising from price competition.

### **Legal & Statutory Risk**

The Company has no material litigation in relation to contractual obligations pending against it in any court in India or abroad. The Company Secretary, compliance and legal functions advise the Company on issues relating to compliance with law and to pre-empt violations of the same. The Company Secretary submits a quarterly report to the Board on the Company's initiatives to comply with the laws of various jurisdictions. The Company also seeks independent legal advice wherever necessary.

### **Human Resource Attrition Risk**

Power And Instrumentation (Gujarat) Limited's key assets are its employees. In a highly competitive market, it is a challenge to address the attrition. Power And Instrumentation (Gujarat) Limited continues to accord top priority to manage employee attrition by talent retention efforts and offering a competitive salary and growth path for talented individuals.

### **Macroeconomic Risks**

Company's business may be affected by changes in Government policy, taxation, intensifying competition and uncertainty around economic developments in Indian and overseas market in which the Company operates.

### **Mitigation Strategy**

The Company has well defined conservative internal norms for its Business. The Company ensures a favourable debt/equity ratio, moderate liquidity, strong clientele with timely payment track record, appropriate due diligence before bidding and focus on expanding presence in newer markets to minimize the impact in adverse conditions. The Company has geographically and operationally diversified into multiple countries and business segments thereby reducing its dependency on one country or market.

### **Operational Risks**

The Company's operations and financial condition could be adversely affected if it is unable to successfully implement its growth strategies. Competition from others, or changes in the products or processes of the Company's customers, should reduce market prices and demanding for the Company's products, thereby reducing its cash flow and profitability. Product liabilities claims may adversely affect the Company's operations and finance.

### **Mitigation Strategy**

The Company does strict monitoring of prices and adopts appropriate strategies to tackle such adverse situations. The Company also adopts technological innovations to bring about operational efficiency in continuous basis to remain competitive.

### **Others**

The Company is exposed to risks & fluctuations of foreign exchange rates, raw-material prices and overseas investments exposures.

## **AUDIT AND INTERNAL CONTROL SYSTEM:**

One of the key requirements of the Companies Act, 2013 is that companies should have adequate Internal Financial Controls (IFC) and that such controls should operate effectively. Internal Financial Controls means the policies and procedures adopted by the Company for ensuring orderly and efficient conduct of its business, including adherence to Company's policies, safeguarding of its assets, prevention and detection of frauds and errors, accuracy and completeness of the accounting records, and timely preparation of reliable financial information. Your Company process of assessment ensures that not only does adequate controls exist, but it can also be evidenced by unambiguous documentation. The process involves scoping and planning to identify and map significant accounts and processes based on materiality. Thereafter, risk is identified and their associated controls are mapped, else remediation is implemented. These controls are tested to assess operating effectiveness. The auditor performs independent testing of controls. The Auditors' Report is required to comment on whether the Company has adequate IFC system in place and such controls are operating effectively. Your Company's Internal Control System is robust and well established. It includes documented rules and guidelines for conducting business. The environment and controls are periodically monitored through procedures/ processes set by the management, covering critical and important areas. These controls are periodically reviewed and updated to reflect the changes in the business and environment.

The audit committee met 5 (five) times during the year. The committee reviewed the adequacy and results of the testing of Internal Financial Controls and Internal Audit actions.

## **RAW MATERIAL PRICES:**

The prices of basic major raw materials used in our manufacturing process viz. stainless steel scrap /flats of various grades doesn't affect much, as we are working in open market scenario.

## **FINANCIAL PERFORMANCE:**

During the year under review, the Company has generated total revenue of Rs. 8625.22 lakh (Previous Year Rs. 9015.97 lakh). The net profit before exceptional items and taxes is Rs. 464.78 lakh (Previous Year Rs. 520.21 lakh). The net profit after taxes resulted into the profit for the year at Rs. 345.83 lakh (Previous Year Rs. 300.21 lakh).

## **MATERIAL DEVELOPMENTS IN HR / INDUSTRIAL RELATION / NUMBER OF PERSON EMPLOYED:**

Our Company believes that the human capital is key to bring in progress. The Company believes in maintaining cordial relation with its employees, which is one of the key pillars of the Company's business. The Company's HR policies and practices are built on core values of Integrity, Passion, Speed, and Commitment. The Company's focus is on recruitment of good talent and retention of the talent pool. The Company is hopeful and confident of achieving the same to be able to deliver results and value for our shareholders. As on 31st March, 2021, the total employees on the Company's rolls stood at 38.

## **ACCOUNTING POLICIES:**

The accounting policies have been consistently applied by the Company and are consistent with those used in the previous year. The financial statements have been prepared under the historical cost convention on an accrual basis. The management accepts responsibility for the integrity and objectivity of the financial statements, as well as for the various estimates and judgment used therein.

---

**DISCLOSURE OF ACCOUNTING TREATMENT IN PREPARATION OF FINANCIAL STATEMENT:**

The Company has followed all relevant Accounting Standards laid down by the Institute of Chartered Accountants of India (ICAI) while preparing Financial Statements.

**CAUTIONARY STATEMENT:**

# Independent Auditors' Report

---

To,  
**The Members of  
Power and Instrumentation (Gujarat) Limited**

## **Report on the Audit of the Standalone Financial Statements**

### **Opinion**

We have audited the accompanying financial statements of Power and instrumentation (Gujarat) Limited (the 'Company') which comprise the Balance Sheet as at 31 March 2021, the Statement of Profit and Loss, the Cash Flow Statement for the year ended and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at 31 March 2021 and its profit and its cash flows for the year ended on that date.

### **Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those standards are further, described In the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Emphasis of Matter**

As described in Note 1 to the annual standalone Financial Statement, the extent to which the COVID-19 Pandemic will impact the company's operations and financial performance is dependent on future developments, which are highly uncertain. Our opinion is not modified in respect of the above matters. The situation is changing rapidly giving rise to inherent uncertainty around the extent and timing of the potential future impact of the COVID-19 which may be different from that estimated as at the date of approval of these standalone financial results. The Company will continue to closely monitor any material changes arising of future economic conditions and impact on its business.

### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the, financial statements of the current period. These matters were addressed in the context of our audit, of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion, on these matters.

We have determined that there are no key audit matters to be communicated in our report.

---

## **Other Information**

The Company's Board of Directors is responsible for the other Information. The other information comprises the Information included in the Annual Report, but does not include the financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditors report. Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and as may be legally advised.

## **Responsibilities of Management and Those Charged with Governance for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit and cash flows of the Company in accordance with the accounting principles generally accepted in India specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other Irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that induces our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

---

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) of the Act, we are also responsible for explaining our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, Including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Report on Other Legal and Regulatory Requirements**

As required by the Companies (Auditor's Report) Order, 2016 (the 'Order') issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order.

Further to our comments in Annexure A, as required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c) The Balance Sheet, the Statement of Profit & Loss and the cash Flow Statement deal with by this report are in agreement with the books of account;
- c) In our opinion, the aforesaid financial statements comply accounting principles generally accepted in India specified under Section 133 of the Act.
- d) On the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2021 from being appointed as a director in terms of Section 164(2) of the Act;
- e) With respect to the adequacy of the Internal Financial Controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in Annexure B;
- f) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
  - I. Impact of any pending Litigation have been disclosed in the financial statement;
  - II. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
  - III. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

## **Annexure B** to the Independent Auditors' Report

---

### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **Power and instrumentation (Gujarat) Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

---

## Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

## Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
