Factors that may adversely affect the Indian economy, and hence our results of operations, may include:

- Any increase in Indian interest rates or inflation;

- Prevailing income conditions among Indian consumers and Indian corporations;

Our people strategy has always been to recruit and retain people with leadership qualities. We invest in our people and believe they are one of the major reasons for our success. We believe that growth of our people precedes the growth of the company. We promote leadership within our ranks by offering people greater responsibility with the freedom to perform to their best.

Our growth story, to my mind has been largely due to our Unique Business model as well as our striving excellence. We have great vision and power of innovation in the field of fishing Net, Agriculture Net, Ropes, Twines, Yarn and Taps. We draw our strength and quality from the art manufacturing facilities. Also the latest imported machinery from China for manufacturing of Fishing and Agricultural Net.

I would like to conclude with a sense of confidence and strong optimism that we are striving and will continue to strive for a sustained and enduring growth across our various product mix.

I take this opportunity to express my sincere thanks to all the shareholders for their continued trust in the Board of Directors and the Management of the Company. A)	INDUSTRY STRUCTURE AND DEVELOPMENTS
	<p>Industry Structure: Over the last year, we have seen a revival in the Indian economy with macroeconomic indicators now starting to trend favourably. With policy reforms and de-bottlenecking of processes initiated by the government, the global sentiment towards India has improved substantially.</p> <p>Your company, as you are aware, has been manufacturing of fishing nets ropes, twines yarns, mainly high density plastic products. Based on market demand, company's products have been diversified into plastic engineering products.</p> <p>Developments: Modernization and expansion into more value added products and Technological development has been the tradition of your Company. Innovation & development is the key for growth in any forward looking company.</p>
B)	OPPORTUNITIES
	India emerges as the World's fastest growing large economy with projected GDP growth. This is an opportunity for demand in plastic engineering products.
C)	THREATS
	Increasing competition from domestic and foreign players could lead to margin contraction due to pricing pressure. Some of the larger global players are already present in India. Highly fluctuating price of granules which is the principle input to the plastic Industry, continues to be of serious concern. The rising cost of production, especially due to wage increase and rise in prices of other materials & services, short & stringent delivery schedule by customers in the background of highly volatile plastic product prices, Fiscal policy of government encouraging imports of inputs which are detrimental to Indian Plastic Industry, competition from other leading manufacturers etc. continue to threaten the profitability of your Company. Competition, whether domestic or international, is always a challenge and transforming challenges into opportunities has been a practice at Vera Synthetic Limited.
D)	SEGMENT WISE PERFORMANCE
	The Company has only one segment. Performance of the same is given below in point H .
E)	OUTLOOK
	The Plastics Export Promotion Council (PLEXCONCIL) is the apex government body responsible for the promotion of plastic exports. PLEXCONCIL members comprise large-/medium-/small-scale manufacturers and exporters. The council supports exporters by participating in international trade fairs, exploring new markets, organising buyer- seller meets both in India and overseas, and engaging in various other promotion and need- based activities.
F)	RISKS AND CONCERNS
	<p>In the winding plastic product business, the global demand and supply of fishing net and its prices plays a vital role and could significantly affect your Company's turnover. Your Company is fairly exposed to the domestic and global political and economic risks.</p> <p>The prices advanced on rapidly increasing demand for plastic products from China, India and the other emerging economies of Asia. Your Company also continuously keeps working on</p>

	getting approvals from new and renowned customers to increase itsmarket share commensurate with its capacity. Intense competition in the market could affect our cost advantages and result indecreased turnover. Failure to complete fixed price, fixed time frame deliveriescould result in lower revenues of the company. The business of your Companycould suffer if we fail to anticipate and develop new products and enhance existingrange to keep pace with the rapid changes in the plastic industry. Currencyfluctuations could affect the results of operations. Your Company’s manufacturing facilities are based in India. Any changes in the legal, fiscal and other regulatory regimes of our country could affect ourperformance. In the event that the Government of India brings about any changesin import tariffs in India and reduction or curtailment of income tax benefitsavailable to some of our operations in India can pose risks to your Company. It alsohas a wide customer base and changes in the legal, fiscal or regulatory regimes canalso affect the competitiveness of our product and affect your Company’sperformance.			
G)	INTERNAL CONTROL SYSTEM

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the

company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in

extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

Other Matters are NIL.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. NOTE: 1 FORMING PART OF THE FINANCIAL STATEMENTS **: SIGNIFICANT ACCOUNTING POLICIES AND NOTES TO THE ACCOUNTS**

A. SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting and Preparation of Financial Statements

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013, r.w. Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act, 2013 ("the 2013 Act") / Companies Act, 1956 ("the 1956 Act"), as applicable.

2. Use of Estimates

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognized in the periods in which the results are known/materialize.

3. Cash Flow Statements

Cash flows are reported using the indirect method as set out in accounting standard -3 on cash flow statement issued by the institute of chartered accountants of India.

4. Depreciation and Amortization

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation on tangible fixed assets has been provided on the WDV method as per the useful life prescribed in Schedule II to the Companies Act, 2013.

5. Revenue Recognition

Income from sales of goods is recognized upon passage of risks and rewards of ownership to the goods, which generally coincide with the dispatch.

6. Fixed Assets

Fixed assets are carried at cost less accumulated depreciation/amortization and impairment losses, if any. The cost of fixed assets comprises its acquisition price and relevant costs to bring it in position for intended use. Subsequent expenditure on fixed assets after its purchase/completion is capitalized only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

VERA SYNTHETIC LTD.

7. Earnings per Share

Basic earnings per share is computed by dividing the profit/(loss) after tax (including the post tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year.

8. Taxes on Income

Current Tax

Current tax is calculated and the provision for the same is made in the books of accounts.

Deffered Tax

Deferred tax is recognized on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognized for all timing differences. Deferred tax assets are recognized for timing differences of items other than unabsorbed depreciation and carry forward losses only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realized. However, if there are unabsorbed depreciation and carry forward of losses and items relating to capital losses, deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that there will be sufficient future taxable income available to realize the assets. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each balance sheet date for their reliability.

MAT Tax

Tax under MAT is not applicable to the company as it has opted taxation under section 115BAA.

9. Stock In Trade

Stock of Raw Material is valued at average purchase price during the year and Finished good is valued at cost or net realizable value whichever is lower as certified by the management and the value of the same is **61,57,653.64/-** and **2,41,74,846.90/-** respectively.

10. Subsidy Income

Under the Textile Policy of Government of Gujarat the Company has received Subsidy amounting to Rs. 25,75,572/- which has been considered as capital subsidy and deducted from Plant & Machinery asset during the current financial year.
