## ANNEXURE-V

### **MANAGEMENT DISCUSSION AND ANALYSIS REPORT**

*Jalan Transolutions (India) Limited, started its progressive journey in 2003 as a two-wheeler transport solution provider with a renowned Multinational Automobile Company. Over the years, the Company has emerged into one of the leading automobile transportation companies in Northern India and expanded its network across the country that allows it to deliver clients' shipment on time with greater safety and ease, through its IT enabled and value-added services, a fleet of about 20 Trucks and extensive network. Company also provides Full Truck Load (FTL) & Less than Truck Load (LTL) services.*

*All the trucks are GPS enabled and centralized information technology network provides seamless real-time monitoring of our operations and consignment bookings and delivery status. Ability to provide timely delivery and quality service is the key to our reputation and further expansion of goods transportation business.*

### **ECONOMIC OVERVIEW**

#### **Industry & Growth**

Logistics is regarded as the backbone of the economy, providing efficient and cost effective flow of goods on which other commercial sectors depend. Logistic industry in India is evolving rapidly, it is the interplay of infrastructure, technology and new types of service providers, which defines whether the logistic industry is able to help its customers reduce their costs in logistic sector and provide effective services.

#### **Global Economic**

The pandemic time has changed the game for many economic activities and logistics is no different. Consumer demands are always on the rise. During the pandemic, there has been a hike in demand for goods with a shortage of supply. Thus, we can say that logistics is one sector that has the potential to see a substantial increase in 2023.

India is one of the countries with the largest population and an expansive geographical coverage which contributes to many of the factors that influence logistics in the country. The pandemic has seen a shift with countless challenges unique to each region. The logistics industry is seeing its fair share of ups and downs but trends suggest better growth for this sector in the coming year.

#### **India Economic**

India's transportation and logistics industry is set to play a pivotal role in supporting the country's ambitious growth aspirations. According to a recent EY report titled "India@100: realizing the potential of a US\$26 trillion economy," India is expected to reach a staggering

US\$26 trillion by FY 2048. As the nation gears up to achieve this milestone over the next 25 years, the transportation and logistics industry will be a key enabler.

Currently, India's freight movement is heavily dependent on road transportation, accounting for 66 percent of cargo in ton-kilometers. Rail transportation follows closely behind, with a share of 31 percent, while shipping and air transportation contribute three percent and one percent, respectively. However, freight transportation is unevenly distributed across different modes.

Efforts are underway to correct this imbalance by establishing integrated infrastructure, adopting a multimodal approach, and pursuing sustainable development.

### **Indian Logistic Sector**

Technology, data, and infrastructure trends indicate that 2023 is a year of dynamic shifts for the logistics industry. Any period of change and transformation brings with it opportunities for businesses to leverage with the right tools and growth goals. Some of these include adopting cutting-edge technologies, harnessing the power of data, and fostering collaborative digital ecosystems to facilitate **supply chain streamlining**. These strategies are also creating space for niche start-ups as companies seek to outpace competitors and meet the ever-evolving expectations of customers.

### **Technological innovation**

The integration of advanced solutions is revolutionizing logistics operations, enhancing efficiency, and unlocking new opportunities. Key technologies shaping the future of logistics include:

- **Artificial intelligence(AI)and machine learning:** AI-powered algorithms and machine learning models enable predictive analytics, demand forecasting, route optimization, and real-time decision-making. These tools empower businesses to optimize their supply chains, improve resource allocation, and deliver enhanced customer experiences.
- **Internet of things (IoT):** With the proliferation of IoT devices, logistics companies gain greater visibility and control over their assets and inventory. IoT sensors and connectivity facilitate real-time tracking, remote monitoring, and predictive maintenance, enabling proactive and efficient logistics operations.
- **Robotics and automation:** Automation technologies, such as robotic process automation (RPA) and autonomous vehicles, are reshaping warehouse operations and last-mile delivery. Robotics streamlines repetitive tasks, reduces errors, enhances speed, and improves safety, leading to cost savings and increased productivity.

### **Rise of cross-border e-commerce**

The logistics industry has been significantly impacted by the rapid growth of e-commerce, which has led to an increase in demand for international goods and MSMEs selling internationally. This growth is driven by millennials who make up a large portion of the professional purchase decision market and expect online shopping interfaces. Therefore,

efficient and reliable delivery services have become necessary, leading to the rise of cross-border digital markets that have seen significant economic growth.

To meet the challenges presented by cross-border delivery, such as customs and duty laws, language barriers, and payment options, businesses need to carefully plan their operations. Logistics firms with a robust network and digital infrastructure capable of providing end-to-end solutions and support for cross-border e-commerce will be best suited to serve these customers.

## **FINANCIAL OVERVIEW**

The performance of the Company for the financial year ended March 31, 2024, is as follows:

- Total revenue from operations at Rs. 970.10 lakh for the year ended March 31, 2024, as against Rs. 536.74 lakh for the corresponding previous period,
- The cost of Raw Materials/Revenue for the financial year ended March 31, 2024 were Rs 450.13 lakh as against Rs 754.19 lakh for the corresponding previous period,
- The Employee expenses for the financial year ended March 31, 2024 were Rs 11.52 lakh as against Rs. 8.09 lakh for the corresponding previous period,
- The other expenses for the financial year ended March 31, 2024 were Rs. 26.06 lakh as against Rs 33.23 lakh for the corresponding previous period,

## **RESOURCES AND LIQUIDITY**

The cash and cash equivalents at the end of March 31, 2024 were Rs. (3.94) lakh.

## **RISKS AND CONCERNS**

The Company is in continuous process of strengthening its risk management framework which identifies and evaluates business risks and opportunities. The Company recognizes that risks need to be identified at the right time, managed adequately and mitigation plans needs to be prepared to protect the interest of the stakeholders. Managing these risks actively is also a pre-requisite to achieve business objectives and enable sustainable growth of the Company. The exercise to design the risk management framework is aimed at effectively mitigating the Company's various business and operational risks. The Company has a risk management policy for identification and assessment of risks which is monitored by the Audit Committee of the Company. The Committee closely monitors the process and suggests suitable measures to mitigate the risks. The risks may be caused due to the internal or external factor and necessary precautionary measures are taken by the Company to negate the impact of probable risk. The major risks of the Company are as follows:

### **Economic Risk**

Company's business may be affected by interest rates, changes in Government policy, taxation and other economic developments affecting India. The Company has defined conservative internal prudential norms. The Company ensures a favorable debt/equity ratio, moderate liquidity, strong clientele with timely payment track record and focus on select markets to

minimize the impact in adverse conditions. The Company has geographically diversified thereby reducing its dependency on one market.

### **Trade Risk**

Our business can be affected by the rise and fall in the levels of cargo in the country. Given the projected growth in the Indian economy and expected recovery in global trade, rising spending in the infrastructure and manufacturing space and increasing per capita and disposable income, it is estimated that demand will continue to rise steadily. The Company is also focusing on this business, a relatively high margin segment which is essentially dependent on timely delivery of cargo in India. Thus, we believe we have adequate mitigation in place for trade risk.

### **Regulatory Risk**

If we are unable to obtain required approvals and licenses in a timely manner, our business and operations may be adversely affected. We require certain approvals, licenses, registrations and permissions for operating our business. We may encounter delays in obtaining these requisite approvals, or may not be able to obtain such approvals at all, which may have an adverse effect on our revenues. However, the Government has come up with several initiatives to boost the sector and has planned massive investments in the infrastructure sector. As all industry predictions suggest that this will be the trend in the future as well and given our own experience in obtaining such permissions, we do not expect this risk to affect us materially in the coming years.

### **Liability Risk**

The liquidity risk may come in the way of smooth operation of the Company due to one or the other reasons. Whenever there is blockage of funds in the hands of customers, the liquidity crunch is likely to happen. Although wholehearted support from the bankers strengthen the hands of the Company to face the liquidity risk, the company leaves no stone unturned to avoid the possibility of liquidity risk.

### **Execution Risk**

The Company has undertaken number of trips for customers in the last year and several more are in the pipeline. Execution is largely dependent upon project management skills and timely delivery. Any delay in implementation can impact revenue and profit for that period. Our implementation schedules are in line with the plans. Emergency and contingency plans are in place to prevent or minimize business interruptions. Therefore, we do not expect this risk to affect us materially in the future. Concerns like complex tax structure, infrastructure bottlenecks, retaining talent and unprecedented natural and man-made disasters and political/social turmoil which may affect our business, remain. However, these are threats faced by the entire industry. With superior methodologies and improved processes and systems, the Company is well positioned to lead a high growth path.

## **OPPORTUNITIES AND THREATS**

The most essential challenge faced by the industry today is insufficient integration of transport networks, information technology & distribution facilities. Regulations exist at a number of

different tiers, is imposed by national, regional and local authorities. However, the regulations differ from city to city, hindering the creation of national networks.

Logistics sector in India is a highly disorganized sector, its perception as a manpower-heavy industry and lack of adequate training institutions has led to a shortfall in skilled management and client service personnel. There is a lack of IT standard, equipment and poor systems integration.

Whereas the Government gave emphasis on building world-class road networks and creation of logistics parks, the company had also converted its fleet's strength in specially designed fleets. Currently 100% fleets of Company are CMVR complied trucks and engineered to lift loads with minimum on road damages.

### **Transportation dominates supply chain management in automobile**

Among the various segments of the supply chain, transportation accounts for about 75-80% of the total supply chain management market for automobiles. Transportation is used in both inbound as well as outbound part of the supply chain, as the vehicles as well as the components are required to be transported to and from several locations. However, warehousing (including VAS and in-factory logistics) which accounts for about 20-25% of the total supply chain management market for automobiles is majorly required in the inbound part of the supply chain rather than on the outbound.

### **The Indian Government to also focus on new transportation avenues**

India's railways and roadways collectively accounted for approximately 87% of the total freight movement. Weighed down by the sheer load, the rail and road networks have been grappling with severe congestion. This has led the GOI to identify other alternatives to reduce congestion. Inland waterways and coastal shipping are both fuel and cost efficient, thereby reducing cost of logistics. The GOI is, therefore, promoting schemes such as Sagarmala and inland waterways as well as working towards developing an integrated, multi-modal logistics and transport policy for optimum and efficient utilization of all modes of transport. (Source: CRISIL Report.)

### **THREATS**

- Competition from local and multinational players
- Execution risk
- Regulatory changes
- Attraction and retention of human capital

### **INTERNAL CONTROL SYSTEMS AND ADEQUACY**

The Company has initiated adequate internal control procedure commensurate with the nature of its business and size of its operations. The company has Audit committee constituted with two independents and one executive director. To conduct independent audit on quarterly basis, which covers all the key areas of operations our company has Internal Auditor. All significant audit observations and follow up actions thereon are reported to the audit committee. The Audit committee met as per the details provided in Directors' Report.

The Board of Directors of the Company have adopted various policies such as Related Party Transactions Policy, Whistle Blower Policy, Policy to determine the materiality of event and such other procedures for ensuring the orderly and efficient conduct of its business for safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information.

#### **HUMAN RESOURCE DEVELOPMENT**

Human resources are the most valued assets of the Company. They work individually and collectively contributing to the achievement of the objectives of the business. The relation between the employees and the Company remained cordial throughout the year. Your Company's corporate culture and the vision and values help unite the workforce and provide standards for how your Company conducts the business. The Company has 03 (Three) permanent employees on the rolls of Company as on March 31, 2024.

#### **CAUTIONARY STATEMENT**

Estimate and expectations stated in this Management Discussion and Analysis may be “forward-looking statement” within the meaning of applicable securities, laws and regulations. Actual result could differ materially from those expressed or implied. Important factors that could make difference to your Company’s operations include economic conditions in the government regulations, tax laws, other statutes and other incidental factors.

## ANNEXURE-VIII

### Independent Auditors' Report

To the Members of JALAN TRANSOLUTIONS INDIA LIMITED

#### **Report on the Audit of the Standalone Financial Statements**

#### **Qualified Opinion**

We have audited the accompanying Standalone Financial Statements of JALAN TRANSOLUTIONS INDIA LIMITED (“the Company”), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as “the Standalone Financial Statements”).

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effect of matter described in the basis for qualified opinion section of our report, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, the loss and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

#### **Basis for qualified opinion**

- a. Material uncertainty relating to going concern, in respect of preparation of financial statements of the company on going concern basis. The company has negative net worth of Rs. 4003.02 Lakhs and current liabilities exceeds current assets by aggregating Rs. 2752.06 Lakhs. As stated in Note 14 of the Financial Statement, The OTS scheme which was approved by Union bank in the Year 2021-2022 on 4th February 2022 has been cancelled by the Union Bank of India in January 2023 due to non-payment of Rs. 8.71 Crore due till December 2022. Therefore, The Loan waiver of Rs. 1287.93 Lakhs which has been credited to profit & Loss Account in the year 2021-2022 has been reversed in current financial year 2022-2023. Company has provided interest Rs. 50.57 Lakhs on 30th September 2022 in the books as per the terms of OTS Scheme, The Same has reversed on account of cancellation of OTS Scheme. The company has not provided any interest since long and interest will be provided at the time of payment/ final settlement of loan. These conditions indicate the existence of material uncertainty that may cast significant doubt on the company’s ability to continue as going concern and therefore the company may be unable to realize its assets and discharge its liabilities in the normal course of the business. We are unable to determine as to whether any adjustment that would have been necessary and required to be made in respect of trade receivables, trade payables, borrowings, Current liabilities, loans and advances and contingent liabilities as at 31st March 2024 and in respect of corresponding possible impact of such items and associated elements on the statement for the year ended on that date. Accordingly, we are unable to comment on the consequential impact, if any on the accompanying standalone financial statements.
- b. In respect of Property, Plant & Equipment to the Standalone financial statements, physical inspection was not conducted by any technical personnel and the fair value report of gross fixed

assets of Rs. 1975.31 Lakhs for Tangible Assets as at March 31,2024 is not made available. Also, ownership proof of tangible assets has not been provided. The said assets are not tested for of impairment and hence no provision for impairment has been made. In absence of any alternative corroborative evidence, we are unable to comment on the recoverability and ownership of the same.

- c. Based on our examination which included test checks, the Company has not used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility
- d. the Company has not established its internal financial control with reference to Financial Statements on criteria based on or considering the essential components of internal control stated in the Guidance Note.

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our qualified opinion.

#### **Emphasis of Matter**

1. The Bank has been initiated recovery through sale of seized assets but no communication has been received/ provided to us. Further no confirmation of loan stated on balance sheet date has been provided to us. Therefore, we are unable to comment on the consequential impact, if any on the accompanying standalone financial statements.
2. We draw your attention to Note No. 37 of the Financial Statements, balances of "Trade Receivables", "Trade Payables", "Borrowings"," Advances from Customers", and "Advances Recoverable in Cash or Kind" etc. includes balances remaining outstanding for a substantial period. The balances are subject to confirmations and reconciliation. The reported Financials might have consequential impact which remains unascertained.
3. Company is continuously defaulting in payment of loans and advances. All the Bank Facilities of the companies has been blocked during the year, Director's personal bank account and group companies account has been used to fulfill company's working fund requirements.
4. Substantial amount of statutory dues amounting to Rs. 130.46 Lakhs has become overdue and remain unpaid outstanding more than a year. Interest has been, penalty if any in respect of the defaults of statutory dues has remained unascertained and unaccounted for.
5. We draw your attention to Note No. 3 of the Financial Statement, Company has disposed off 11 trucks in the year 2023-2024 where the company does not have ownership and can significantly influence on its operating revenue.

## **Our opinion is not modified in respect of the matters.**

### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

### **Other Information**

The company's management and board of directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statement and our auditors report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance thereon.

In connection with our audit of the financial statement, our responsibility is to read the other information and, in doing so, to consider whether the other information is materially inconsistent with the financial statement or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this the other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of Management and Those Charged with Governance for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern

Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
  - a. Except for the possible effect of the matter described in the basis for qualified opinion section of our report, We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

(b) According to the information and explanations given to us, there are no statutory dues relating to GST, Provident Fund, Employees State Insurance, Income-Tax, Service Tax, or other statutory dues which have not been deposited on account of any dispute except note no 39 of the standalone financial statement.

8. There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).

9.

(a) The Company has defaulted in repayment of loans or other borrowings or in the payment of interest thereon to lenders, refer Note no 12 and 14 of the standalone financial statement.

(b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

(c) During the year, the Company has not raised term loans. Hence, reporting under clause 3(ix)(c) of the Order is not applicable to the Company.

(d) During the year, the Company has not raised funds on short term basis. Hence, reporting under clause 3(ix)(d) of the Order is not applicable to the Company.

(e) During the year, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.

(f) During the year, the Company has not raised loans on the pledge of securities held in its subsidiaries, joint ventures or associate companies. Hence, reporting under clause 3(ix)(f) of the order is not applicable to the Company

10.

(a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.

(b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.

11.

(a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have not come across any instance of material fraud by or on the Company, noticed or reported during the year, nor have we been informed of such case by management.

(b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.

(c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.

12. The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.

13. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.

14.

(a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.

(b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.

15. In our opinion during the year the Company has not entered into any non-cash transactions with its Directors or persons connected with its directors. and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

16.

(a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.

(b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.

17. The Company has cash losses during the financial year covered by our audit and the immediately preceding financial year.

18. The previous statutory auditors of the Company have resigned during the year and we have taken into consideration the issues, objections or concerns raised by the outgoing auditors.

19. The Company has defaulted in repayment of the obligations to the lenders and installments of loan which is outstanding, has incurred losses during the period as well as during the previous periods, has reported negative net worth as at March 31, 2024 and previous periods, which indicates that material uncertainty exists as on the date of the audit report. The Company is not capable of meeting its liabilities existing at the date of balance sheet. therefore, we are not in a position to comment whether the company would be capable of meeting it's liabilities existing as at the date of the balance sheet as and when they fall due within a period of one year from the balance sheet date.

20.

(a) The Company is not required to spend towards Corporate Social Responsibility (CSR) as per Section 135 of the Companies Act, 2013, since there is no average profit in the last 3 years calculated as per the provisions of the Act. Hence reporting under clause 3(xx)(a) of the order is not required.

(b) There are no unspent amounts under sub-section (5) of Section 135 of the Act, pursuant to any ongoing project requiring transfer to special account in compliance with the provision of sub-section (6) of section 135 of the Act. Accordingly, reporting under clause 3(xx)(b) of the Order is not applicable for the year.

21. The clause 3(xxi) of the Order is not applicable to the Standalone Financial Statements.

## **ANNEXURE - B TO THE AUDITORS' REPORT**

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of JALAN TRANSOLUTIONS INDIA LIMITED. ("The Company") as of 31 March 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting

principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Qualified Opinion**

According to the information and explanation given to us, the Company has not established its internal financial control with reference to Financial Statements on criteria based on or considering the essential components of internal control stated in the Guidance Note. Because of this reason, we are unable to obtain sufficient appropriate audit evidence to provide a basis for our opinion whether the Company had internal financial controls with reference to Financial Statements and whether such internal financial controls were operating effectively as at March 31, 2024. We have considered the disclaimer reported above in determining the nature, timing, and extent of audit tests applied in our audit of the Financial Statements of the Company, and the disclaimer does not affect our opinion on the Financial Statements of the Company.

6	Total Liabilities	4854.82	4854.82
7	Net Worth	(4003.02)	(4003.02)

**II. Audit Qualification (each audit qualification separately):**

a.	Details of Audit Qualification	Material uncertainty relating to going concern, in respect of preparation of financial statements of the company on going concern basis. The company has negative net worth of Rs. 4003.02 Lakhs and current liabilities exceeds current assets by aggregating Rs. 2752.06 Lakhs. As stated in Note 14 of the Financial Statement, The OTS scheme which was approved by Union bank in the Year 2021-2022 on 4th February 2022 has been cancelled by the Union Bank of India in January 2023 due to non-payment of Rs. 8.71 Crore due till December 2022. Therefore, The Loan waiver of Rs. 1287.93 Lakhs which has been credited to profit & Loss Account in the year 2021-2022 has been reversed in current financial year 2022-2023. Company has provided interest Rs. 50.57 Lakhs on 30th September 2022 in the books as per the terms of OTS Scheme, The Same has reversed on account of cancellation of OTS Scheme. The company has not provided any interest since long and interest will be provided at the time of payment/ final settlement of loan. These conditions indicate the existence of material uncertainty that may cast significant doubt on the company's ability to continue as going concern and therefore the company may be unable to realize its assets and discharge its liabilities in the normal course of the business. We are unable to determine as to whether any adjustment that would have been necessary and required to be made in respect of trade receivables, trade payables, borrowings, Current liabilities, loans and advances and contingent liabilities as at 31st March 2024 and in respect of corresponding possible impact of such items and associated elements on the statement for the year ended on that date. ## **Notes forming part of the financial statements as at and for the year ended March 31, 2024**

### **1. COMPANY OVERVIEW**

The Standalone financial statement comprise financial statement of Jalan Transolutions (India) Limited for the year Ended on 31st March, 2024. The company is a public company domiciled in India and is incorporated under the provision of the Companies Act, 2013 and rule 8 of the companies incorporation rules 2014. Its share listed on National Stock Exchange of India, Jalan Transolutions (India ) Limited incorporated on 07.04.2003 is engaged in the transportation business. The registered Office of the company is located at 206, Ajnara Bhawan, D-Block Market, Vivek Vihar, Delhi –110095

### **2. BASIS OF PREPARATION OF FINANCIAL STATEMENTS**

The financial statements of Jalan Transolutions (India) Limited ('the Company') have been prepared in accordance with India Accounting Standards (Ind As) notified under Section 133 of the Companies Act, 2013 ('the Act') read together with Rule 3 of the Companies (India Accounting Standards) Rules, 2015 and other relevant provisions and amendments of the Act.

The financial statements are presented in India Rupees which is also the company's functional currency. all amounts have been rounded off to the nearest rupees, unless otherwise indicated.

Accounting policies have been consistently applied in all material aspects except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

### **3.(I) MATERIAL ACCOUNTING POLICIES**

#### **a) Fair value measurement**

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy.

#### **b) Current and non-current classification**

The assets and liabilities are classified as current/ non-current based on the operating cycle, which has been identified as 12 months.

#### **c) Functional and presentation currency**

The financial statements are prepared in Indian Rupees (₹), which is the Company's functional currency. All financial information presented in Indian Rupees (₹) has been rounded to the nearest lakhs. Amounts less than ₹ 0.50 Crore have been presented as "0".

#### **d) Revenue recognition**

##### **(i) Sale of Services**

Revenue from the transportation business is recognized by reference to the stage of completion. When the contract outcome cannot be measured reliable, revenue is recognised only to the extent that the expenses incurred are eligible to be recovered.

##### **(ii) Interest income**

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

##### **(v) Others**

Other income is recognized on an accrual basis only when there is certainty of collection.

#### **e) Property, Plant and Equipment**

##### **(i) Property, Plant and Equipment**

Items of property, plant and equipment stated at historical cost less accumulated depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All

other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

## **(ii) Depreciation**

Depreciation is charged on the assets as per Written Down Value method at rates worked out based on the useful lives and in the manner prescribed in the Schedule II to the Companies Act, 2013. The depreciation method, useful lives and residual value are reviewed at each of the reporting date. Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (upto) the date on which the asset is ready for use (disposed off). The residual values and useful life are reviewed, and adjusted if appropriate, at the end of each reporting period. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount

<b>Assets</b>	<b>Useful life in years (as per Sch II)</b>
Factory buildings	30 years
Computers and data processing equipment (included in office equipments)	3-6 years
Office equipment	5 years
Furniture and fixtures	10 years
Vehicles	8-10 years

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

## **(iii) Borrowing costs**

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consists of interest and other costs that an entity incurs in connection with the borrowings of the funds.

## **f) Intangible assets**

Intangible assets are recognized, when it is probable that the expected future economic benefits that are attributable to the asset will flow to the Company and the cost of the asset can be measured reliably. An intangible asset shall be measured initially at cost. Intangible assets are subsequently measured at cost less accumulated amortization and any accumulated impairment losses. Intangible does not include any software which is integral part of the related hardware.

The Company should assess whether the useful life of an intangible asset is finite or infinite. A useful life is infinite, when based on all relevant factor analysis, there is no foreseeable limit

to the period over which the asset is expected to generate net cash inflows. An intangible asset with a finite useful life is amortised and those with an infinite useful life are not amortised.

The amortisation period and the amortisation method for intangible assets are reviewed at financial year end.

#### **g) Financial instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

#### **Financial assets – recognition and subsequent measurement**

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit and loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets except treasury investment that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date that the Company commits to purchase or sell the asset. For purposes of subsequent measurement, financial assets are classified in three categories:

- Financial assets at amortized cost

A ‘financial asset’ is measured at the amortized cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the Statement of Profit and Loss. The losses arising from impairment are recognized in the Statement of Profit and Loss. This category generally applies to trade and other receivables.

#### **Financial assets - derecognition**

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognize the transferred asset to the extent of the Company’s continuing involvement. In that case, the Company also recognizes an associated liability. The transferred asset and the

associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

### **Financial liabilities – recognition and subsequent measurement**

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

### **Subsequent measurement**

The measurement of financial liabilities depends on their classification, as described below:

- Financial Liabilities at amortized cost (Loans, Borrowings and Trade and Other payables)

After initial recognition, interest-bearing loans, borrowings and Trade and Other payables are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the Statement of Profit and Loss.

### **Financial liabilities - derecognition**

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

## **h) Taxation**

### **Current tax**

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

### **Deferred tax**

Deferred tax is provided, using the balance sheet method, on all temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognized for all taxable temporary differences, except:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future

Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized, except:

- In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss and does not give to equal taxable and deductible taxable differences.

In respect of deductible temporary differences associated with investments in subsidiaries and interests in joint ventures, deferred tax assets are recognized only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Minimum Alternate Tax ('MAT') paid in a year is charged to the Statement of Profit and Loss as current tax. MAT paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognized as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

## **I) Retirement and other Employee benefit schemes**

### **i. Short-term employee benefits**

Employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, performance incentives and compensated absences which are expected to occur in next twelve months. The undiscounted amount of short-term employee benefits to be paid in exchange for employee services is recognized as an expense as the related service is rendered by employees.

### **ii. Post-Employment Benefits**

#### ***Gratuity***

In accordance with the Payment of Gratuity Act of 1972, the Company contributes to a defined benefit plan (the "Gratuity Plan"). The Gratuity Plan provides a lump sum payment to employees who have completed at least 5 years of service; at retirement, disability or termination of employment being an amount equal to 15 days' salary (based on the respective employee's last drawn salary) for every completed year of service.

Based on actuarial valuations conducted as at year end, a provision is recognized in full for the benefit obligation over and above the funds held in the Gratuity Plan.

In respect of defined benefit schemes, the assets are held in separately administered funds. In respect of defined benefit schemes, the cost of providing benefits under the plans is determined by actuarial valuation separately each year using the projected unit credit method by independent qualified actuary as at the year end.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to the Statement of Profit and Loss in subsequent periods.

The Company recognizes the following changes in the net defined benefit obligation as an expense in the Statement of Profit and Loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

#### ***Provident Fund***

The Company offers retirement benefits to its employees, under provident fund scheme which is a defined benefit plan. The Company and employees contribute at predetermined rates to 'Hindustan Zinc Limited Employee's Contributory Provident Fund' ('Trust') accounted on accrual basis and the conditions for grant of exemption stipulate that the employer shall make good the deficiency, if any, between the return guaranteed by the statute and actual earning of the Trust. The contribution towards provident fund is recognized as an expense in the Statement of Profit and Loss.

#### **j) Provision**

Provisions are recognized when the Company has a present obligation (legal or constructive), as a result of past events, and it is probable that an outflow of resources, that can be reliably estimated, will be required to settle such an obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

#### **k) Cash and cash equivalents**

Cash and cash equivalents comprise cash at bank and on hand and short-term money market deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

#### **I) Provisions, contingent liabilities and contingent assets**

The assessments undertaken in recognising provisions and contingencies have been made in accordance with the applicable Ind AS.

Provisions represent liabilities for which the amount or timing is uncertain. Provisions are recognized when the Company has a present obligation (legal or constructive), as a result of past events, and it is probable that an outflow of resources, that can be reliably estimated, will be required to settle such an obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognized in Statement of profit and loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the Balance Sheet.

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. There are certain obligations which management has concluded, based on all available facts and circumstances, are not probable of payment or are very difficult to quantify reliably, and such obligations are treated as Contingent liabilities and disclosed in the notes but are not reflected as liabilities in the financial statements. Although there can be no assurance regarding the final outcome of the legal proceedings in which the Company is involved, it is not expected that such contingencies will have a material effect on its financial position or profitability.

Contingent assets are not recognised but disclosed in the financial statements when an inflow of economic benefit is probable.

The Company has significant capital commitments in relation to various capital projects which are not recognized on the balance sheet but disclosed in the financial statement.

#### **4. (II) CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES**

Standards issued but not yet effective

There are no new amendments proposed in the existing Ind AS.

### 5 (III) SIGNIFICANT ACCOUNTING ESTIMATE AND JUDGEMENT

The preparation of the standalone financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities, income, expenses and disclosures of contingent liabilities at the date of these financial statements. Actual results may differ from these estimates under different assumptions and conditions.

The management believes that the estimates used in preparation of the consolidated financial statements are prudent and reasonable. Information about estimates and judgments made in applying accounting policies that have the most significant effect on the amounts recognized in the consolidated financial statements are as follows:

##### ii Risk Management

The Company's activities expose it to market risk, liquidity risk and credit risk. The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

##### A Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, other financial liabilities and deposits.

##### Interest rate risk

**i Liabilities**

**Interest rate risk exposure**

The company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates

**ii Assets**

The company's fixed deposits are carried at fixed rate. Therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates

**B Liquidity Risk**

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due. Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates.
