Explanatory Statement Pursuant to Section 102 of the Companies Act, 2013 (The Act):

Item No. 4

To approve powers of the Board under the provisions of Section 180(1)(c) of the Companies Act, 2013, the Board of Directors of a Company can, with the consent of the Members obtained by Special Resolution, borrow moneys, apart from temporary loans obtained from the Company's Bankers in the ordinary course of business, in excess of the aggregate of the paid-up capital and free reserves of the Company, that is to say, reserves not set apart for any specific purpose.

Keeping in view of the Company's business requirements and growth plans, it is considered appropriate to increase the aforesaid limit of borrowing. Your consent is therefore sought to authorize the Board to borrow up to 20 crores.

The Board of Directors recommends the Special Resolution set out in Item No. 4 of the accompanying Notice for the approval of the Members of the Company.

Item No. 5

Members of the Company are further to note that Section 180(1)(a) of the Companies Act, 2013 mandates that the Board of Directors of the Company shall exercise the power to sell, lease or otherwise dispose of the whole or substantially the whole of any undertaking(s) of the Company, only with the approval of the members of the Company by way of special resolution.

Explanation (i) to section 180(1)(a) of the Companies Act, 2013 states that the meaning of an "undertaking" shall mean an undertaking in which the investment of the Company exceeds twenty per cent of its net worth as per the audited balance sheet of the preceding financial year or an undertaking which generates twenty per cent of the total income of the Company during the previous financial year.

Explanation (ii) to section 180(1)(a) of the Companies Act, 2013 states that the meaning of "substantially the whole of the undertaking" in any financial year shall mean twenty per cent or more of the value of the undertaking as per the audited balance sheet of the preceding financial year.

Keeping in view of the Company's business requirements and growth plans, it is considered appropriate to increase the aforesaid limit up to 20 crores. The consent of Members is therefore sought to authorize the Board.

The Board of Directors recommends the Special Resolution set out in Item No. 5 of the accompanying Notice for the approval of the Members of the Company.

Item No. 6 & 7:

The Board of Directors at their meeting held on 26th August, 2024, subject to approval of members of the Company, has accorded its approval to revision in the remuneration of upto an amount as passed by the resolution of Mr. Mahendra Raju, Chairman and Managing Director and Mr. Dinesh Shivnath Yadav, Executive Director of the Company. The same was approved by the Nomination and Remuneration Committee at its meeting and was recommended to the Board for its approval. While approving the revised remuneration of the Executive Directors, the Nomination and Remuneration Committee considered various parameters which, inter alia, includes, the scale of operations of the Company especially in respect of increase of Work Order position etc. The revision in remuneration of Executive Directors was made with the view to make the same commensurate with their efforts given to and involvement in the Company.

Save and except Mr. Mahendra Raju and Mr. Dinesh Yadav none of the Directors, Key Managerial Personnel and/or their relatives are, in anyway, concerned or interested, financially or otherwise, pursuant to the provisions of Section 197 read with Part I and Part II of Schedule V and other applicable provisions, if any, of the Companies Act, 2013 (including any statutory modification(s) or re-enactment thereof for the time being in force) and applicable clauses of the Articles of Association of the Company, the above said revision in remuneration requires approval of members of the Company in a General Meeting by way of Ordinary Resolution. Accordingly, the resolution set out at items nos.6 and 7 of the notice are recommended to be passed as Ordinary Resolution(s).

None of the Directors, Key Managerial Personnel and/or their relatives are, in anyway, concerned or interested in the said resolution except to the extent of their shareholding in the Company, if any.

Explanatory Statement Pursuant to Section 102 of the Companies Act, 2013 (The Act):

Item No. 4

To approve powers of the Board under the provisions of Section 180(1)(c) of the Companies Act, 2013, the Board of Directors of a Company can, with the consent of the Members obtained by Special Resolution, borrow moneys, apart from temporary loans obtained from the Company's Bankers in the ordinary course of business, in excess of the aggregate of the paid-up capital and free reserves of the Company, that is to say, reserves not set apart for any specific purpose.

Keeping in view of the Company's business requirements and growth plans, it is considered appropriate to increase the aforesaid limit of borrowing. Your consent is therefore sought to authorize the Board to borrow up to 20 crores.

The Board of Directors recommends the Special Resolution set out in Item No. 4 of the accompanying Notice for the approval of the Members of the Company.

Item No. 5

Members of the Company are further to note that Section 180(1)(a) of the Companies Act, 2013 mandates that the Board of Directors of the Company shall exercise the power to sell, lease or otherwise dispose of the whole or substantially the whole of any undertaking(s) of the Company, only with the approval of the members of the Company by way of special resolution.

Explanation (i) to section 180(1)(a) of the Companies Act, 2013 states that the meaning of an "undertaking" shall mean an undertaking in which the investment of the Company exceeds twenty per cent of its net worth as per the audited balance sheet of the preceding financial year or an undertaking which generates twenty per cent of the total income of the Company during the previous financial year.

Explanation (ii) to section 180(1)(a) of the Companies Act, 2013 states that the meaning of "substantially the whole of the undertaking" in any financial year shall mean twenty per cent or more of the value of the undertaking as per the audited balance sheet of the preceding financial year.

Keeping in view of the Company's business requirements and growth plans, it is considered appropriate to increase the aforesaid limit up to 20 crores. The consent of Members is therefore sought to authorize the Board.

The Board of Directors recommends the Special Resolution set out in Item No. 5 of the accompanying Notice for the approval of the Members of the Company.

Item No. 6 & 7:

The Board of Directors at their meeting held on 26th August, 2024, subject to approval of members of the Company, has accorded its approval to revision in the remuneration of upto an amount as passed by the resolution of Mr. Mahendra Raju, Chairman and Managing Director and Mr. Dinesh Shivnath Yadav, Executive Director of the Company. The same was approved by the Nomination and Remuneration Committee at its meeting and was recommended to the Board for its approval. While approving the revised remuneration of the Executive Directors, the Nomination and Remuneration Committee considered various parameters which, inter alia, includes, the scale of operations of the Company especially in respect of increase of Work Order position etc. The revision in remuneration of Executive Directors was made with the view to make the same commensurate with their efforts given to and involvement in the Company.

Save and except Mr. Mahendra Raju and Mr. Dinesh Yadav none of the Directors, Key Managerial Personnel and/or their relatives are, in anyway, concerned or interested, financially or otherwise, pursuant to the provisions of Section 197 read with Part I and Part II of Schedule V and other applicable provisions, if any, of the Companies Act, 2013 (including any statutory modification(s) or re-enactment thereof for the time being in force) and applicable clauses of the Articles of Association of the Company, the above said revision in remuneration requires approval of members of the Company in a General Meeting by way of Ordinary Resolution. Accordingly, the resolution set out at items nos.6 and 7 of the notice are recommended to be passed as Ordinary Resolution(s).

None of the Directors, Key Managerial Personnel and/or their relatives are, in anyway, concerned or interested in the said resolution except to the extent of their shareholding in the Company, if any.

Auditors Certificate on Corporate Governance

**To
The Members of
Manav Infra Projects Limited
Mumbai.**

BACKGROUND:

1. The Corporate Governance Report prepared by Manav Infra Projects Limited (“the Company”), contains details as stipulated in Regulations 17 to 27 and clauses (b) to (i) of Regulation 46(2) and para C, D and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (“the Listing Regulations”) with respect to Corporate Governance for the financial year ended 31st March, 2024. This certificate is required by the Company for annual submission to the Stock exchanges and to be sent to the members of the Company.

MANAGEMENT RESPONSIBILITY

2. The preparation of the Corporate Governance Report is the responsibility of the Management of the Company including the preparation and maintenance of all relevant supporting records and documents. This responsibility also includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the Corporate Governance Report.
3. The Management along with the Board of Directors are also responsible for ensuring that the Company complies with the conditions of Corporate Governance as stipulated in the Listing Regulations, issued by the Securities and Exchange Board of India.

AUDITORS RESPONSIBILITY

4. My responsibility is to provide a reasonable assurance in the form of an opinion whether the Company has complied with the conditions of Corporate Governance, as stipulated in the Listing Regulations referred to in paragraph 1 above.
5. I have conducted the audit in accordance with the applicable Auditing Standards prescribed by the Institute of Company Secretaries of India. These standards require that the Auditor to comply with the statutory requirements and plan and perform the audit to obtain reasonable assurance about the compliance with applicable laws and maintenance of records.
6. The procedures selected depend on the auditors’ judgement, including the assessment of the risks associated in compliance of the Corporate Governance Report with the applicable criteria. The procedure includes, but not limited to, verification of secretarial records and obtained necessary representations and declarations from the Directors including Independent Directors of the Company.
7. The procedures also include examining evidence supporting the particulars in the Corporate Governance Report on a test basis. Further, my scope of work under this certificate did not involve me performing audit tests for the purposes of expressing an opinion on the fairness or accuracy of any of the financial information or the financial statements of the Company taken as a whole.

REPORT ON CORPORATE GOVERNANCE

8. Based on the procedures performed by me as referred in paragraph 6 and 7 above and according to the information and explanations given to me, I am of the opinion that the Company has prima facie complied with the conditions of Corporate Governance as stipulated in the Listing Regulations, as applicable for the financial year ended 31st March, 2024, referred to in paragraph 1 above.
9. This Certificate is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company

DISCLAIMER

10. This Certificate is addressed and provided to the Members of the Company solely for the purpose of enabling it to comply with its obligations under the Listing Regulations and should not be used by any other person or for any other purpose. Accordingly, I do not accept or assume any liability or any duty of care or for any other purpose or to any other party to whom it is shown or into whose hands it may come without my prior consent in writing. I have no responsibility to update this Certificate for events and circumstances occurring after the date of this Certificate.

MANAGEMENT DISCUSSIONS AND ANALYSIS REPORTS

Manav Infra Projects Limited (Manav) is an organization providing infrastructural services. In FY23-24 India's economy consolidated its place as one of the fastest-growing in the world, outpacing other significant emerging and developing economies like China. Despite challenges including inflation and geopolitical uncertainty, the National Statistical Office (NSO) reported a growth rate of 7.2% for FY23-24 in its second advanced estimates. Because of the country's robust domestic demand, brisk investment activity, and wide-ranging sectoral expansion, the Indian economy showed outstanding resilience.

Industry Overview

India's high growth imperative in 2023 and beyond will significantly be driven by major strides in key sectors with infrastructure development being a critical force aiding the progress. Infrastructure is a key enabler in helping India become a US \$26 trillion economy. Investments in building and upgrading physical infrastructure, especially in synergy with the ease of doing business initiatives, remain pivotal to increase efficiency and costs. Prime Minister Mr. Narendra Modi also recently reiterated that infrastructure is a crucial pillar to ensure good governance across sectors.

The government's focus on building infrastructure of the future has been evident given the slew of initiatives launched recently. The US\$ 1.3 trillion national master plan for infrastructure, Gati Shakti, has been a forerunner to bring about systemic and effective reforms in the sector, and has already shown a significant headway. Infrastructure support to the nation's manufacturers also remains one of the top agendas as it will significantly transform goods and exports movement making freight delivery effective and economical. The "Smart Cities Mission" and "Housing for All" programmes have benefited from these initiatives. Saudi Arabia seeks to spend up to US\$ 100 billion in India in energy, petrochemicals, refinery, infrastructure, agriculture, minerals, and mining.

The infrastructure sector is a key driver of the Indian economy. The sector is highly responsible for propelling India's overall development and enjoys intense focus from the Government for initiating policies that would ensure the time-bound creation of world-class infrastructure in the country. The infrastructure sector includes power, bridges, dams, roads, and urban infrastructure development. In other words, the infrastructure sector acts as a catalyst for India's economic growth as it drives the growth of the allied sectors like townships, housing, built-up infrastructure, and construction development projects. To meet India's aim of reaching a US\$ 5 trillion economy by 2025, infrastructure development is the need of the hour. The government has launched the National Infrastructure Pipeline (NIP) combined with other initiatives such as 'Make in India' and the production-linked incentives (PLI) scheme to augment the growth of the infrastructure sector. Historically, more than 80% of the country's infrastructure spending has gone toward funding for transportation, electricity, and water, and irrigation. While these sectors still remain the key focus, the government has also started to focus on other sectors as India's environment and demographics are evolving. There is a compelling need for enhanced and improved delivery across the whole infrastructure spectrum, from housing provision to water and sanitation services to digital and transportation demands, which will assure economic growth, increase quality of life, and boost sectoral competitiveness.

Indian Infrastructure Sector:

Indian economy is driven through multiple economic sectors and infrastructure is one of the major sector contributions to continuous growth. The infrastructure sector in India is poised to grow at a CAGR of 8.2% by 2027. The launch of a quadrilateral economic forum by India, the US, Israel & the UAE in November 2021 has further added to the influx of infrastructure growth perspectives. Alternatively, the introduction to the "Infrastructure for Resilient Island States" program in November 2021 has shown a significant opportunity to improve the lives of vulnerable nations across the globe by enabling Indian infrastructure growth to flourish in tri-folds. In order to meet India's aim of reaching a US\$ 5 trillion economy by 2025, infrastructure development is the need of the hour. The government has launched the National Infrastructure Pipeline (NIP) combined with other initiatives such as 'Make in India' and the production-linked incentives (PLI) scheme to augment the growth of the infrastructure sector. Historically, more than 80% of the country's infrastructure spending has gone toward funding for transportation,

electricity, and water& irrigation. In India, about 42% of the projects in the NIP are under implementation, which means construction work is already going on. Another 19% is under the development stage, while a significant 31% is still in the conceptual stage. During the fiscals 2020 to 2025, sectors such as Energy (24%), Roads (19%), Urban (16%), and Railways (13%) amount to around 70% of the projected capital expenditure in infrastructure in India. The real estate industry in India stands poised at the threshold of a transformative year in 2024. Characterized by a delicate balance of cautious optimism and burgeoning potential for growth, the sector plays a pivotal role in shaping the nation's economic landscape. In 2024, the Indian real estate sector exhibits promising indicators of market growth, fueled by stable interest rates and an upswing in property prices. This positive path creates an atmosphere of cautious optimism, suggesting a short-term boom. However, beyond immediate gains, the significance of real estate policies takes center stage, marking a crucial juncture for long-term economic sustainability.

Global Economy

The baseline forecast is for the world economy to continue growing at 3.2 percent during 2024 and 2025, at the same pace as in 2023. A slight acceleration for advanced economies-where growth is expected to rise from 1.6 percent in 2023 to 1.7 percent in 2024 and 1.8 percent in 2025-will be offset by a modest slowdown in emerging market and developing economies from 4.3 percent in 2023 to 4.2 percent in both 2024 and 2025. The forecast for global growth five years from now-at 3.1 percent-is at its lowest in decades. Global inflation is forecast to decline steadily, from 6.8 percent in 2023 to 5.9 percent in 2024 and 4.5 percent in 2025, with advanced economies returning to their inflation targets sooner than emerging market and developing economies. Core inflation is generally projected to decline more gradually. The global economy has been surprisingly resilient, despite significant central bank interest rate hikes to restore price stability. Chapter 2 explains that changes in mortgage and housing markets over the prepandemic decade of low interest rates moderated the near-term impact of policy rate hikes. Chapter 3 focuses on medium-term prospects and shows that the lower predicted growth in output per person stems, notably, from persistent structural frictions preventing capital and labor from moving to productive firms. Chapter 4 further indicates how dimmer prospects for growth in China and other large emerging market economies will weigh on trading partners.

Indian Economy

India's growth continues to be resilient despite some signs of moderation in growth, although significant challenges remain in the global environment, India was one of the fastest growing economies in the world. The overall growth remains robust and is estimated to be 6.9% for the full year with real GDP growing 7.7% year on year during the first three quarters of FY 2022-23. There were some signs of moderation in the second half of FY 2022-23. Growth was underpinned by strong investment activity bolstered by the government's capex push and buoyant private consumption, particularly among higher income earners. Inflation remained high, averaging around 6.7% in FY 2022-23 but the current account deficit narrowed in Q3 on the back of strong growth in service exports and easing global commodity prices.

The World Bank has revised its FY 2023-24 GDP forecast to 6.3% from 6.6% (December 2022). Growth is expected to be constrained by slower consumption growth and challenging external conditions. Rising borrowing costs and slower income growth will weigh on private consumption growth and government consumption is projected to grow at a slower pace due to the withdrawal of pandemic related fiscal support measures. Although headline inflation is elevated, it is projected to decline to an average of 5.2% in FY 2023-24, amid easing global commodity prices and some moderation in domestic demand.

The Reserve Bank of India has withdrawn accommodative measures to rein in inflation by hiking the policy interest rate. India's financial sector also remains strong, buoyed by improvements in asset quality and robust private sector credit growth. The central government is likely to meet its fiscal deficit target of 5.9% of GDP in FY 2023-24 and combined with consolidation in state government deficits, the general government deficit is also projected to decline. As a result, the debt to GDP ratio is projected to stabilize. On the external front, the current account deficit is projected to narrow to 2.1% of GDP from an estimated 3.0% in FY 2022-23 on the back of robust service exports and a narrowing merchandise trade deficit

Positive Indicators and Opportunities

The positive curve of India's real estate sector in 2024 is underpinned by robust market growth observed in the preceding year, particularly in 2023. Latest reports from the Indian real estate industry indicate a continuation of this upward trend, showcasing resilience and promise. The confluence of stable interest rates and escalating property prices has fueled a demand surge, primarily in the residential segment, creating a buoyant market atmosphere. Government initiatives play a pivotal role in fostering stability and accessibility within the real estate landscape. The implementation of the "Housing for All" initiative underscores a commitment to making housing a reality for every Indian citizen. This strategic move not only addresses the housing deficit but also propels economic activity by generating employment through construction and related sectors. Further contributing to the positive outlook is the industry's sustainability push, exemplified by policies like the Green Rating for Integrated Habitat Assessment (GRIHA). These initiatives promote eco-friendly construction practices, aligning the real estate sector with global trends toward environmental consciousness. As sustainability becomes a focal point, developers and homebuyers alike are increasingly embracing green building standards, signaling a positive shift in the industry's ethos.

Investments / Developments

Indian real estate sector has witnessed high growth in the recent times with rise in demand for office as well as residential spaces. The Private Equity Investments in India's real estate sector, stood at US\$ 4.2 billion in 2023.

The Securities and Exchange Board of India lowered the minimum application value for Real Estate Investment Trusts from Rs. 50,000 (US\$ 685.28) to Rs. 10,000-15,000 (US\$ 137.06 - US\$ 205.59) to make the market more accessible to small and retail investors. FDI in the sector (including construction development & activities) stood at US\$ 55.5 billion from April 2000- December 2022.

Some of the major investments and developments in this sector are as follows:

* The sale of luxury homes in India increased by 130% in the first half of 2023 compared to the corresponding period of the previous year. Between January-June 2023, 6,900 luxury homes costing Rs. 4 crore (US\$ 488,011.96) and above were sold, as opposed to 3,000 in 2022.

* In India's top eight cities, housing prices rose 7% year-over-year due to strong housing demand supported by persistent purchaser demand and steady borrowing rates.

*The Indian real estate sector witnessed strong private equity (PE) investments of US\$ 1.92 billion in Q2 of 2023, demonstrating investor confidence in the market. According to the most recent Investment report from Cushman & Wakefield, this was 63% higher than the previous quarter (Q1 of 2023) and 60% higher than the same time last year.

Market Size:

By 2040, real estate market will grow to Rs. 65,000 crore (US\$ 9.30 billion) from Rs. 12,000 crore (US\$ 1.72 billion) in 2019. Real estate sector in India is expected to reach US\$ 1 trillion in market size by 2030, up from US\$ 200 billion in 2021 and contribute 13% to the country's GDP by 2025. Retail, hospitality, and commercial real estate are also growing significantly, providing the much needed infrastructure for India's growing needs.

India's real estate sector saw over 1,700 acres of land deals in top eight cities in the first nine months of FY22. Foreign investments in the commercial real estate sector were at US\$ 10.3 billion from 2017-2021. As of February 2022, Developers expect demand for office spaces in SEZs to shoot up after the replacement of the existing SEZs act. As per ICRA estimates, Indian firms are expected to raise >Rs. 3.5 trillion (US\$ 48 billion) through infrastructure and real estate investment trusts in 2022, as compared with raised funds worth US\$ 29 billion to date.

Challenges and Considerations

The real estate sector in India, while witnessing positive indicators, is not without its set of challenges and

considerations that merit careful attention. Foremost among these is the critical importance of effective policy implementation. While policies are devised with the best intentions, their success hinges on meticulous execution, streamlined processes, and a commitment to transparency. The industry must collaboratively work towards ensuring that governmental initiatives translate into tangible outcomes on the ground. Affordability emerges as a paramount concern for fostering sustainable and inclusive growth. Despite commendable initiatives like the Pradhan Mantri Awas Yojana (PMAY), addressing the housing needs of low and middle-income segments, challenges persist. The complexities of land acquisition and the need for well-developed infrastructure in affordable housing projects require ongoing attention to bridge the affordability gap and facilitate broader economic participation.

The delicate task of balancing the market introduces another layer of consideration. While the overall market showcases positive trends, there's a need for vigilance, especially in the luxury segment. Some experts caution about the potential for corrections in this high-end market, emphasizing the necessity for measured growth and equilibrium to prevent market imbalances.

Government Initiatives

Government of India along with the governments of respective States has taken several initiatives to encourage development in the sector. The Smart City Project, with a plan to build 100 smart cities, is a prime opportunity for real estate companies. Below are some of the other major Government initiatives:

1. In the Union Budget 2023-24, the Finance Ministry announced a commitment of Rs. 79,000 crore (US\$ 9.64 billion) for PM Awas Yojana, which represents a 66% increase compared to the last year.
2. In October 2021, the RBI announced to keep benchmark interest rate unchanged at 4%, giving a major boost to the real estate sector in the country. The low home loan interest rates regime was expected to drive the housing demand and increase sales by 35-40% in the festive season in 2021.
3. The Atmanirbhar Bharat 3.0 package announced by Finance Minister Mrs. Nirmala Sitharaman in November 2020 included income tax relief measures for real estate developers and homebuyers for primary purchase/sale of residential units of value (up to Rs. 2 crore (US\$ 271,450.60) from November 12, 2020 to June 30, 2021)
4. In order to revive around 1,600 stalled housing projects across top cities in the country, the Union Cabinet approved the setting up of Rs. 25,000 crore (US\$ 3.58 billion) alternative investment fund (AIF).
5. Government created an Affordable Housing Fund (AHF) in the National Housing Bank (NHB) with an initial corpus of Rs. 10,000 crore (US\$ 1.43 billion) using priority sector lending short fall of banks/financial institutions for micro financing of the HFCs.

Road Ahead

The Securities and Exchange Board of India (SEBI) has given its approval for the Real Estate Investment Trust (REIT) platform, which will allow all kind of investors to invest in the Indian real estate market. It would create an opportunity worth Rs. 1.25 trillion (US\$ 19.65 billion) in the Indian market in the coming years. Responding to an increasingly well-informed consumer base and bearing in mind the aspect of globalisation, Indian real estate developers have shifted gears and accepted fresh challenges.

The most marked change has been the shift from family-owned businesses to that of professionally managed ones. Real estate developers, in meeting the growing need for managing multiple projects across cities, are also investing in centralised processes to source material and organise manpower and hiring qualified professionals in areas like project management, architecture and engineering. The residential sector was expected to grow significantly, with the central government aiming to build 20 million affordable houses in urban areas across the country by 2022, under the ambitious Pradhan Mantri Awas Yojana (PMAY) scheme of the Union Ministry of Housing and Urban Affairs. Expected growth in the number of housing

units in urban areas will increase the demand for commercial and retail office space.

The current shortage of housing in urban areas was estimated to be ~10 million units. An additional 25 million units of affordable housing are required by 2030 to meet the growth in the country's urban population.

The growing flow of FDI in Indian real estate is encouraging increased transparency. Developers, in order to attract funding, have revamped their accounting and management systems to meet due diligence standards. Indian real estate was expected to attract a substantial amount of FDI with US\$ 8 billion capital infusion by FY22.

INDEPENDENT AUDITOR'S REPORT
To The Members of Manav Infra Projects Limited
Report on the Standalone Ind AS Financial Statements

Opinion

We have audited the accompanying standalone financial results of MANAV INFRA PROJECTS LIMITED ("the Company"), which comprise the Balance Sheet for the half yearly and year ended as at March 31, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements"), attached herewith, being submitted by the Company pursuant to the requirement of regulation 33 and regulation 52 read with regulation 63(2) of SEBI (LODR) regulations, 2015 as amended (Listing regulation).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements:

- (i) are presented in accordance with the requirements of regulation 33 and Regulation 52 read with regulation 63(2) of the listing Regulation in this regards; and
- (ii) give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, the profit/(Loss) and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Board of Directors Responsibilities for the Financial Statements

This Statement, which is responsibility of the Company's Management and approved by the Board of Directors for the matters stated in section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going

concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- ❖ Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ❖ Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- ❖ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- ❖ Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- ❖ Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in

- (i) planning the scope of our audit work and in evaluating the results of our work; and
- (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical

requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Particulars Amount of Raw Materials and Consumables Work in progress, finished goods other stock total, total amount of inventories is Rs. 0. All quantities were determined by actual physical count or weight that was taken under our supervision and in accordance with written instructions on 31st March, 2024.

Other Matters

The Statement include the result for the half Year ended March 31st, 2024 being the balancing figure between the audited figures in respect of the full financial Year and published unaudited year to date figures up to the third quarter of the current financial year prepared in accordance with the recognition and measurement principles laid down in Indian accounting standard 34 "Interim Financial Reporting" which were subject to limited review by us.

Our opinion is not modified in respect of the above matter

**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143
of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **MANAV INFRA PROJECTS LIMITED** ("the Company") as of 31st March 2024 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls are operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and Directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

SIGNIFICANT ACCOUNTING POLICIES AND NOTES THEREON

Corporate information

Manav Infra Projects Limited (the Company) is a Public limited Company domiciled in India and incorporated under the provisions of the Companies Act, Corporate Identity Number: U45200MH2009PTC193084, the registered office of the Company is located at 226, Gundecha Industrial-Complex Premises Co. Op. Soc. Ltd, Akurli Road, Near Growels Mall, Kandivali East Mumbai City MH 400101 IN

The Company is engaged in infrastructure Development, Infrastructure projects, works Contracts, Site preparation and Clearance services to Real estate sector.

SUMMARY:

a. Basis of preparation of financial statements

These financial statements are prepared in accordance with Indian Accounting Standard (Ind AS), under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ("the Act") (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The Company has prepared the Financial Statements which comprise the Balance Sheet as at 31st March, 2023, the Statement of Profit and Loss, the Statement of Cash Flows and the Statement of Changes in Equity for the year ended 31st March, 2024, and a summary of the significant accounting policies and other explanatory information (together hereinafter referred to as "Financial Statements).

The financial statements are presented in Indian Rupees ('INR') and all values are rounded to the nearest INR", except otherwise indicated.

b. Use of estimates and judgements

The preparation of the financial statements requires that the Management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities as at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. The recognition, measurement, classification or disclosure of an item or information in the financial statements is made relying on these estimates.

The estimates and judgements used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Actual results could differ from those estimates. Any revision to accounting estimates is recognized prospectively in current and future periods.

c. Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue from the Site services are recognized pro-rata over the period of the contract as and when services are rendered. It is difficult to identify the completion of the work due to the complexity of the services rendered. Hence the management's confirmation is accepted in identifying the above.

Interest income is recognized on the time basis determined by the amount outstanding and the rate applicable and where no significant uncertainty as to measurability or collectability exists.

d. Tangible fixed assets

Fixed assets are stated at cost, less depreciation and impairment losses, if any. The cost comprises purchase price, borrowing costs if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Particular	Estimated life in Years
Computer and Data Processing Units	2
Plant and machinery	8
Furniture and fixtures	4
Motors Vehicles	5
Electrical Installation & Equipment	9

e. Depreciation

Depreciation methods, useful lives and residual values are reviewed periodically, including at each financial year end. Depreciation on fixed assets is provided on a straight-line basis using the rates arrived at based on the useful lives estimated by the management, or those prescribed under the Schedule II to the Companies Act, 2013, whichever is higher. However, Management has not estimated the useful lives of assets and rate is used as per the Companies Act, 2013.

f. Borrowing

Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in profit or loss over the period of the borrowings using the effective interest method. Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired.

g. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. In the current year, the custom duty paid on acquisition of Fixed asset has been capitalized as the duty paid is not refundable.

All other borrowing costs are recognized in Statement of Profit and Loss in the period in which they are incurred.

h. Retirement and other employee benefits

Retirement benefit in the form of provident fund is a defined contribution scheme. The company has no obligation, other than the contribution payable to the provident fund. The company recognizes contribution payable to the provident fund scheme as expenditure, when an employee renders the related service.

i. Income taxes

Tax expense comprises current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961 enacted in India. The tax rates and tax Laws used to compute the amounts are those that are enacted, at the reporting date.

Deferred Taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted at the reporting date.

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets including the unrecognized deferred tax assets, if any, at each reporting date, are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which deferred tax assets can be realized.

The carrying amount of deferred tax assets are reviewed at each reporting date and are adjusted for its appropriateness.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and deferred tax assets and deferred taxes relate to the same taxable entity and the same taxation authority.

Minimum Alternate Tax (MAT) paid in a year is charged to the Statement of Profit and Loss as current tax. The Company recognizes MAT credit available as an asset only to the extent there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT Credit is allowed to be carried forward. In the year in which the Company recognizes MAT Credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternate Tax under the Income Tax Act, 1961, the said asset is created by way of credit to the statement of Profit and Loss and shown as "MAT Credit Entitlement." The Company reviews the "MAT Credit Entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the sufficient period.

j. Earnings per share

Basic earnings per share is computed by dividing the profit/(loss) for the year by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for treasury shares, bonus issue, bonus element in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares).

Diluted earnings per share is computed by dividing the profit/(loss) for the year as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date.

k. Cash flow statement

Cash Flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transaction of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income and expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

l. Provisions, Contingent Liabilities & Contingent Assets

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, and it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognized as asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

m. cash and cash equivalent

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and demand deposits with an original maturity of three months or less and highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

The Cash & bank balances in India include both rupee accounts. On a standalone basis, balance in current and deposit accounts stood at 10,06,330.52/-, as at March 31, 2024.

n. Related party transaction

As per the Ind AS 24, the disclosures of transactions with the related parties are given below -:

Name	Relation	Amount	Interest
Mahendra Raju	Director	12,00,000.00	Remuneration
Mahalakshmi Enterprise	Director's wife	5,94,450.00	Hiring charges
Bharathi transport	Director's Sister	13,88,700.00	Hiring charges

V N Raju / Sholingar rock	Director's Brother in law	1,85,000.00	Hiring charges
Winner Transport	Director's Sister	6,66,100.00	Hiring charges

o. Event occurring after the date of balance sheet

Where material event occurring after the date of the balance sheet are considered up to the date of approval of accounts by the board of directors.

p. Recoverability of trade receivables

Required judgements are used in assessing the recoverability of overdue trade receivables and for determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate risk of non-payment.

q. The Company has reclassified/regrouped previous year figures where necessary to confirm to the current year's classification
