MANAGEMENT DISCUSSION AND ANALYSIS

Global growth is projected to be in line with the April 2024 World Economic Outlook (WEO) forecast, at 3.2 percent in 2024 and 3.3 percent in 2025.

Services inflation is holding up progress on disinflation, which is complicating monetary policy normalization. Upside risks to inflation have thus increased, raising the prospect of higher for even longer interest rates, in the context of escalating trade tensions and increased policy uncertainty. The policy mix should thus be sequenced carefully to achieve price stability and replenish diminished buffers.

(Source: [World Economic Outlook Update, July 2024: The Global Economy in a Sticky Spot \(imf.org\)](#))

India is one of the fastest growing economies of the world and is poised to continue on this path, with aspirations to reach high middle-income status by 2047, the centenary of Indian independence. It is also committed to ensuring that its continued growth path is equipped to deal with the challenges of climate change, and in line with its goal of achieving net-zero emissions by 2070.

The growth of the past two decades has also led to India making remarkable progress in reducing extreme poverty. Between 2011 and 2019, the country is estimated to have halved the share of the population living in extreme poverty - below \$2.15 per person per day (2017 PPP) (World Bank Poverty and Inequality Portal and Macro Poverty Outlook, Spring 2023). In recent years, however, the pace of poverty reduction has slowed especially during the COVID-19 pandemic, but has since moderated in 2021-22.

Certain challenges persist. Inequality in consumption continues, with a Gini index of around 35 over the past two decades. Child malnutrition has remained high, with 35.5 percent of children under the age of 5 years being stunted, with the figure rising to 67 percent for children in the 6-59 months age group. Headline employment indicators have improved since 2020 but concerns remain about the quality of jobs created and the real growth in wages, as well as around the low participation of women in the labour-force.

India's aspiration to achieve high income status by 2047 will need to be realized through a climate-resilient growth process that delivers broad-based gains to the bottom half of the population. Growth-oriented reforms will need to be accompanied by an expansion in good jobs that keeps pace with the number of labour market entrants. At the same time, gaps in economic participation will need to be addressed, including by bringing more women into the workforce.

The World Bank is partnering with the government in this effort by helping strengthen policies, institutions, and investments to create a better future for the country and its people through green, resilient, and inclusive development.

Economic Outlook

After real GDP contracted in FY20/21 due to the COVID-19 pandemic, growth bounced back strongly in FY21/22, supported by accommodative monetary and fiscal policies and wide

vaccine coverage. Consequently, in 2022, India emerged as one of the fastest growing economies in the world, despite significant challenges in the global environment – including renewed disruptions of supply lines following the rise in geopolitical tensions, the synchronized tightening of global monetary policies, and inflationary pressures.

In FY22/23, India's real GDP expanded at an estimated 6.9 percent. Growth was underpinned by robust domestic demand, strong investment activity bolstered by the government's push for investment in infrastructure, and buoyant private consumption, particularly among higher income earners. The composition of domestic demand also changed, with government consumption being lower due to fiscal consolidation.

Since Q3 FY22/23, however, there have been signs of moderation, although the overall growth momentum remains robust. The persisting headwinds – rising borrowing costs, tightening financial conditions and ongoing inflationary pressures – are expected to weigh on India's growth in FY23/24. Real GDP growth is likely to moderate to 6.3 percent in FY23/24 from the estimated 6.9 percent in FY22/23.

Both the general government fiscal deficit and public debt to GDP ratio increased sharply in FY20/21 and have been declining gradually since then, with the fiscal deficit falling from over 13 percent in FY20/21 to an estimated 9.4 percent in FY22/23. Public debt has fallen from over 87 percent of GDP to around 83 percent over the same period. The consolidation has largely been driven by an increase in revenues and a gradual withdrawal of pandemic-related stimulus measures. At the same time, the government has remained committed to increasing capital spending, particularly on infrastructure, to boost growth and competitiveness.

PRINT INDUSTRY

At a time when fake news is more in circulation, readers have appreciated much more than ever before the importance of newspaper and the efforts of its journalists who even taking risk of life have worked hard to present the facts before them. This is why, despite several roadblocks in the way of delivery of newspapers, circulation started increasing quickly after initial drop to a record low level immediately after the first and Second lockdown.

Circulation continues to be less than normal due to continued restrictions but once lockdown is lifted, it will not take much time to reach where it was. This phase is also fortifying the fact that readers do not pay for number of pages in a copy of newspaper. They pay for the content. Reduction in pages per copy in absence of advertisement is not deterring readers from paying the cover prices. Publishers should take note of it, stop commoditizing the newspaper and focus on improving content if they have to recover right price of content.

Print advertising is one of the oldest and most widespread forms of media, which includes newspapers and consumer magazines. It is a creative, engaging, versatile and readily available form of advertising easily accessible to most people across the globe. In addition, it offers numerous advantages, such as in-depth analysis, coverage of events and mass circulation of quick, inexpensive, and tangible news and advertisements. As a result, it is widely preferred by

advertisers worldwide. As far as current year is concerned, print industry is likely to record the highest ever de-growth in revenues but the comfort is that it should be in position to mitigate the impact to a large extent from saving in newsprint cost due to moderated newsprint prices which are likely to remain stable and saving in pages per copy. Besides this, austerity measures being applied to reduce fixed cost will immensely help.

There is no denying the fact that none of us may have seen time like this in our life time but at the same time these difficult times are also offering ample opportunity in many ways to improve sustainability of our businesses. Some of these areas to be looked at closely are increasing cover prices to level where selling newspaper itself makes business profitable, pricing the online content whether to be used by publisher on his own platform or by others on their platforms and sustaining most of the cost savings achieved now for future.

Print media companies are taking cover price hikes and rationalizing newsprint consumption to combat the situation. Still, their operating margins are expected to shrink to 6.0-6.5% this fiscal, from 9.0-9.5% last fiscal, according to the assessment of CRISIL-rated print media companies that account for 40% of the sector's revenues.

OUTBREAK OF PANDEMIC COVID-19:

The COVID-19 declared a pandemic by WHO has caused socio economic disruption to the extent that the economic activities have come to grinding halt since the nationwide lockdown. Imposition of lockdown and its restrictions which include prohibition of even movement, are being modified gradually with the commencement of economic activities which are expected to be normalised at least in the near future.

This has created an unprecedented environment which will result in significant de-growth in revenues, moderate to significant loss of profit or even loss and impairment of organisation's liquidity. Even post lockdown, industries like media industry which are dependent on discretionary spend will find it hard to come back to their normal level of operations, revenues, profits and liquidity. Accordingly, the pandemic poses a great threat to the existence of media & entertainment industry more than any other. We also expect this crisis may trigger consolidation in the industry.

INDEPENDENT AUDITOR'S REPORT

To the Members of Madhya Pradesh Today Media Limited

Report on the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Madhya Pradesh Today Media Limited, which comprise the Balance Sheet as at March 31, 2024, and the Statement of Profit and Loss (including other comprehensive income), Statement of changes in equity and Cash Flow Statement for the year ended, notes to the financial statement including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the company as at 31st March, 2024, and its profit, total comprehensive income, the changes in equity and its cash flows for the year ended on that date.

Basis for opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the accompanying financial statements for the financial year ended March 31, 2023. These matters were addressed in the context of our audit of the accompanying financial statements as a whole and in forming our opinion. Based on facts and circumstances of the entity under audit, we conclude that there are no key audit matters to communicate.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, and financial performance of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement

resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.

Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so

would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
- b) in our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF MADHYA PRADESH TODAY MEDIA LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Madhya Pradesh Today Media Limited (“the Company”) as of March 31, 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Notes require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system

over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
3. provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
