EXPANDING POWER INFRASTRUCTURE WITH PRECISION & RELIABILITY

At Supreme Power Equipment Limited, our purpose is to power progress by building infrastructure that strengthens India's energy backbone. The theme "Expanding Power Infrastructure With Precision & Reliability" reflects both our commitment and our capability.

We are driven by the belief that reliable power systems are the foundation of sustainable growth. Every project we undertake is executed with meticulous precision be it designing, manufacturing, or commissioning advanced power equipment ensuring that performance and safety remain compromised.

As India accelerates its transition towards modern and resilient energy networks, we continue to expand our footprint across geographies and sectors. With a strong emphasis on engineering excellence, quality assurance, and customer trust, SPEL is enabling utilities, industries, and communities to access dependable power solutions.

For us, expansion is not just about scaling operations it is about creating long-term value, strengthening national infrastructure, and contributing to an empowered future. Guided by this ethos, Supreme Power Equipment Limited stands committed to delivering growth with precision and reliability at every step.

Company Overview

Founded in 1994 and based in Tamil Nadu, Supreme Power Equipment Limited has been a steadfast contributor to the power industry for Over three decades. We specialize in the manufacturing of Power and Distribution transformers, and our reputation as a key supplier to local electric utilities is built on our commitment to quality and reliability.

Our venture into the windmill segment underscores our innovative approach and technical prowess. We design transformers that meet the exacting standards of our customers, ensuring they can endure frequent switching and voltage fluctuations. These transformers are engineered to efficiently transfer power from windmill generators to the grid, a testament to our technical expertise and dedication to renewable energy solutions. Our products are operational across multiple sites, reinforcing our position as a trusted name in the industry.

At Supreme Power Equipment Limited, we are dedicated to continuing our legacy of excellence, driving forward with innovation and a commitment to superior performance in every product we deliver.

The Company got listed on NSE Emerge Platform on 29th December, 2023

Powering Progress

A Year of Strategic Wins and Expanding Horizons

The financial year 2024–25 was a landmark period for Supreme Power Equipment Limited (SPEL), marked by robust order inflows, strategic geographic expansion, operational milestones, and industry recognition. The year witnessed significant growth across key verticals, underscoring the company’s strong execution capabilities and rising credibility in the power equipment sector.

Major Order Wins and Project Milestones

- » Awarded a contract worth Rs.11.32 Cr from a leading solar project company for the supply of 50 MVA transformers, supporting their growing renewable energy portfolio.

- » Secured a Rs.3.41 Cr refurbishment order from Seshasayee Paper and Boards Limited. This project involves upgrading existing power and distribution transformers with high-performance components to improve efficiency and reliability.

- » Received a prestigious Rs.26 Cr order from a solar energy firm for the design, manufacturing, supply, and commissioning of multiple transformers and a 110 KV switchyard substation marking SPEL’s foray into turnkey substation projects.

- » Achieved order inflows worth Rs.4.62 Cr, strengthening the company’s backlog.
- » Geographic Expansion:
 - Kerala: Received a Rs.2.72 Cr order from a tea estate in Munnar for the supply of two 20 MVA, 33/11 KV transformers.
 - Lakshadweep: Awarded an order of Rs.57.96 lakh from the Department of Electricity, establishing SPEL’s footprint in this strategic territory.
 - An additional Rs.1.32 Cr domestic order further solidified SPEL’s position among regional utilities.

- » Achieved vendor approval from the Kerala State Electricity Board (KSEB) a milestone that enhances SPEL’s eligibility to participate in state-level tenders and strengthens its presence in southern India.
- » Assigned a credit rating of
- » ‘CRISIL BBB-/Stable’ (long-term)
- » ‘CRISIL A3’ (short-term)
- » by CRISIL Ratings Limited, reflecting financial prudence and creditworthiness
- » Received a Rs.3.63 Cr order from TRANTRANSCO for the manufacturing, supply, and erection of power transformers.

- » Secured a Rs.12.81 Cr order from TANGEDCO for the supply of 100 kVA distribution transformers.
- » Danya Electric Company, SPEL’s 90%-owned partnership firm, received a Rs.7.26 Cr order, reinforcing group-level execution strength.
- » Announced a major Rs.21.30 Cr order from a Chennai-based electric company for the supply of 57 high-capacity oil-cooled distribution transformers, including:
 - 36 units of 1600 KVA
 - 19 units of 2000 KVA
 - 2 units of 2500 KVA

- » Honoured with the MSME Ratna Award 2024 by the Chamber of Indian Micro, Small & Medium Enterprises for “Best Emerging MSME – Listed Company”.
- » Secured a Rs.10.18 Cr order from a Chennai-based firm for the supply of transformer components.

- » Received a Rs.3.43 Cr order from a Coimbatore-based solar energy company for the supply of outdoor oil-cooled power transformers customized for renewable energy applications.

Sustainable Energy Solutions for a Greener Tomorrow

Power Transformers

Power transformers are vital components in electrical power systems, serving several crucial functions to ensure transmission, and distribution of electrical energy.

- » Used in Substations (110kV, 66kV, 33kV, 22kV, 11kV) to transmit power at high voltage.
- » Supplied 25 MVA 110/33-22kV, 16 MVA 110/33kV, 10MVA 110/33kV, 16 MVA 33/11KV and 8 MVA 33/11kV.
- » Supplied transformers to the Electricity Board and Utilities.
- » Type tested transformers up to 25 MVA 110kV at CPRI Bangalore.

Distribution Transformers & Energy-efficient Transformers

Distribution transformers are vital components in the electrical distribution system, ensuring that electrical power is delivered safely, efficiently, and reliably to homes, businesses, and industries.

Energy-efficient transformers are designed to minimize energy losses used for transmission and distribution of electrical power. They offer several benefits, including improved efficiency, lower operating costs, and a smaller carbon footprint.

- » Step down to distribution voltage (433V) For end user consumption.
- » Supplied more than 17,000 numbers of Distribution Transformer.
- » 16KVA to 3,500 kVA of voltages from 11kv to 33kv confirming to BEE/CEA guidelines and BIS.

The Company is currently engaged in the areas of manufacturing, up-gradation, and refurbishment of transformers ranging from Power Transformer, Generator Transformer, Windmill Transformer, Distribution Transformer, Isolation Transformer, Solar Transformer, Energy Efficient Transformer, Converter and Rectifier Transformer

Windmill Transformers

Windmill transformers play a vital role in ensuring that electricity generated by wind turbines is efficiently transformed and integrated into the electrical grid, contributing to the growth of renewable energy and the reduction of greenhouse gas emissions.

- » Supplied transformers for windmill generators of various capacities from 315kVA to 3.2 MVA across India.
- » Step up Generator voltage from Wind Turbine Generator voltage of (690V/433V) to substation High Voltage (11kV/22kV/33kV).
- » Recently supplied 50 MVA – 110 KV | 33 KV per tonne for pooling sub-station used for solar farm.

Generator Transformer

Generator transformers are vital components in power generation plants, ensuring that electricity generated by various sources is efficiently transformed and transmitted to the electrical grid.

Corporate Overview

Solar Transformers

Solar transformers are critical components in solar energy systems. Their role in ensuring compatibility with the grid is essential for the widespread adoption of solar energy in residential, commercial, industrial, and utility-scale applications.

- » For Solar Energy Projects.
- » From 800V/630V/400V/370V/350V to 22/33kV.
- » Three winding, Four winding and Five winding.
- » Electrostatic Shield for harmonic suppression.

Isolation Transformer

Isolation transformers are essential for electrical safety, noise reduction, and interference elimination in a wide range of applications and industries, it ensures the protection of both equipment and personnel, making them a crucial component in various electrical systems.

Converter and rectifier Transformers

Converter transformers and rectifier transformers are specialized devices that facilitate the conversion of electrical power between different voltage levels.

Tanks & Accessories of Transformers

Oil Cooled Transformers are designed to be housed inside metallic tanks which are structurally robust enough to withstand full vacuum during processing of transformers, oil pressure and concentrated point loads of lifting, hauling, jacking etc.

Transformer Portfolio

25 MVA 110/33-22 kV Step-Down Power Transformer at Gummidipoondi Substation, TNEB

11250 kVA 33/0.4 kV Step-Up Windmill Transformer supplied to WinWind (Finland based)

20 MVA 33/11 kV Power Transformer installed at Surulere Injection Substation, EKO DISCOM (Nigeria)

50/55 MVA 110/33 kV Power Transformer supplied to Renfra Energy, installed at Solar Park for TNEB

40/50 MVA 110/33 kV Power Transformer supplied to Velan Infra, installed at Solar Park for TNEB

1500kva 33/0.433kv Transformer Supplied To Siemens (Spain Based Company)

2300kva 33kv 690/400v - Windmill Transformer Supplied To Vestas (Denmark Based Company)

10 MVA 110/33-11 kV Power Transformer installed at Malarbettu, Ooty for TNEB

Hydro Generator Transformer 66kv/33kv Supplied To Boom Systems (Consultant: Canada Based)

Distribution Transformer Step Down Transformer 33kv/433v

8MVA, 33/11kv Power Transformer

16 MVA 110/22-11 Kv Power Transformer Installed At Villarasampatty For TneB

950kva 33/0.69kv - Windmill Transformer Supplied To Gamesa (Spain Based Company)

Quality Assurance

SPEL's quality assurance programs include thorough inspections of materials at supplier facilities and detailed stage-wise checks using checklists to ensure adherence to design and manufacturing specifications.

Dedicated resources are allocated to maintain consistent quality standards. In-house testing facilities further uphold stringent quality benchmarks.

SPEL's commitment to technological advancements enhances product quality and technical reliability, enabling the efficient delivery of superior products and reinforcing excellence in every project.

Customers

SPEL's proven track record has cultivated strong relationships with both customers and suppliers, resulting in repeat orders and timely, cost-effective delivery of raw materials. This ensures efficient project execution.

The company prioritizes quality and customer satisfaction, striving for zero rejection rates and 100% delivery performance. With over 15,000 units supplied, SPEL's robust quality management system consistently delivers reliability and trust among its customers.

SPEL serves a diverse range of customers, including prominent public sector undertakings, with whom the company maintains strong and positive relationships. A substantial portion of SPEL's revenue is generated through successful bidding and fulfilling government tenders. The company is committed to continuing this momentum by actively pursuing additional tenders and expanding its business further.

Manufacturing Facility

The company's manufacturing facilities are equipped with state-of-the-art machinery and technology, enabling cost-effective production of transformers. SPEL also has in-house testing facilities to ensure the highest standards of quality. The robust infrastructure supports the production of high-quality products, and continuous investments in upgrading technology enhance product quality and technical reliability.

Manufacturing Facility Expansion

Supreme Power Equipment Limited (SPEL) is in the midst of a transformative expansion initiative that underscores its long-term commitment to capacity building, product diversification, and sustainable growth. This strategic project marks a significant step forward in SPEL's mission to become a leading force in the power equipment manufacturing sector.

Expansion at a Glance

- » **Project Scope:** Development of a cutting-edge, 6-acre manufacturing facility designed to meet future demand and technological advancements.
- » **Operational Timeline:** The facility is expected to be fully operational by December 2025, with production slated to begin in January 2026.
- » **Progress Status:** As of 31st March 2025, approximately 70% of the project work has been completed, indicating strong execution momentum.

Capacity Enhancement

- » **Installed Capacity Boost:** The new facility will enhance SPEL's annual installed capacity from 2,500 MVA to 9,000 MVA, representing a substantial increase of 6,500 MVA.

Investment and Financial Outlook

- » **Capital Expenditure:** The project involves an estimated investment of Rs.80-Rs.85 Crore, reflecting a strong commitment to infrastructure and capacity enhancement.
- » **Revenue Potential:** At peak operational levels, the expanded facility is projected to generate annual revenues in the range of Rs.500-Rs.550 Crore, significantly scaling the company's topline potential.

Strategic Objectives

- » **Product Range Expansion:** The facility will support the production of transformers ranging from 160MVA/220KV initially and 315MVA/400KV in second phase enabling SPEL to tap into a broader market and offer more diversified solutions.
- » **Strengthened Market Position:** By expanding into new product categories and segments, SPEL aims to consolidate its position as a trusted partner for utilities, EPC players, and infrastructure developers.

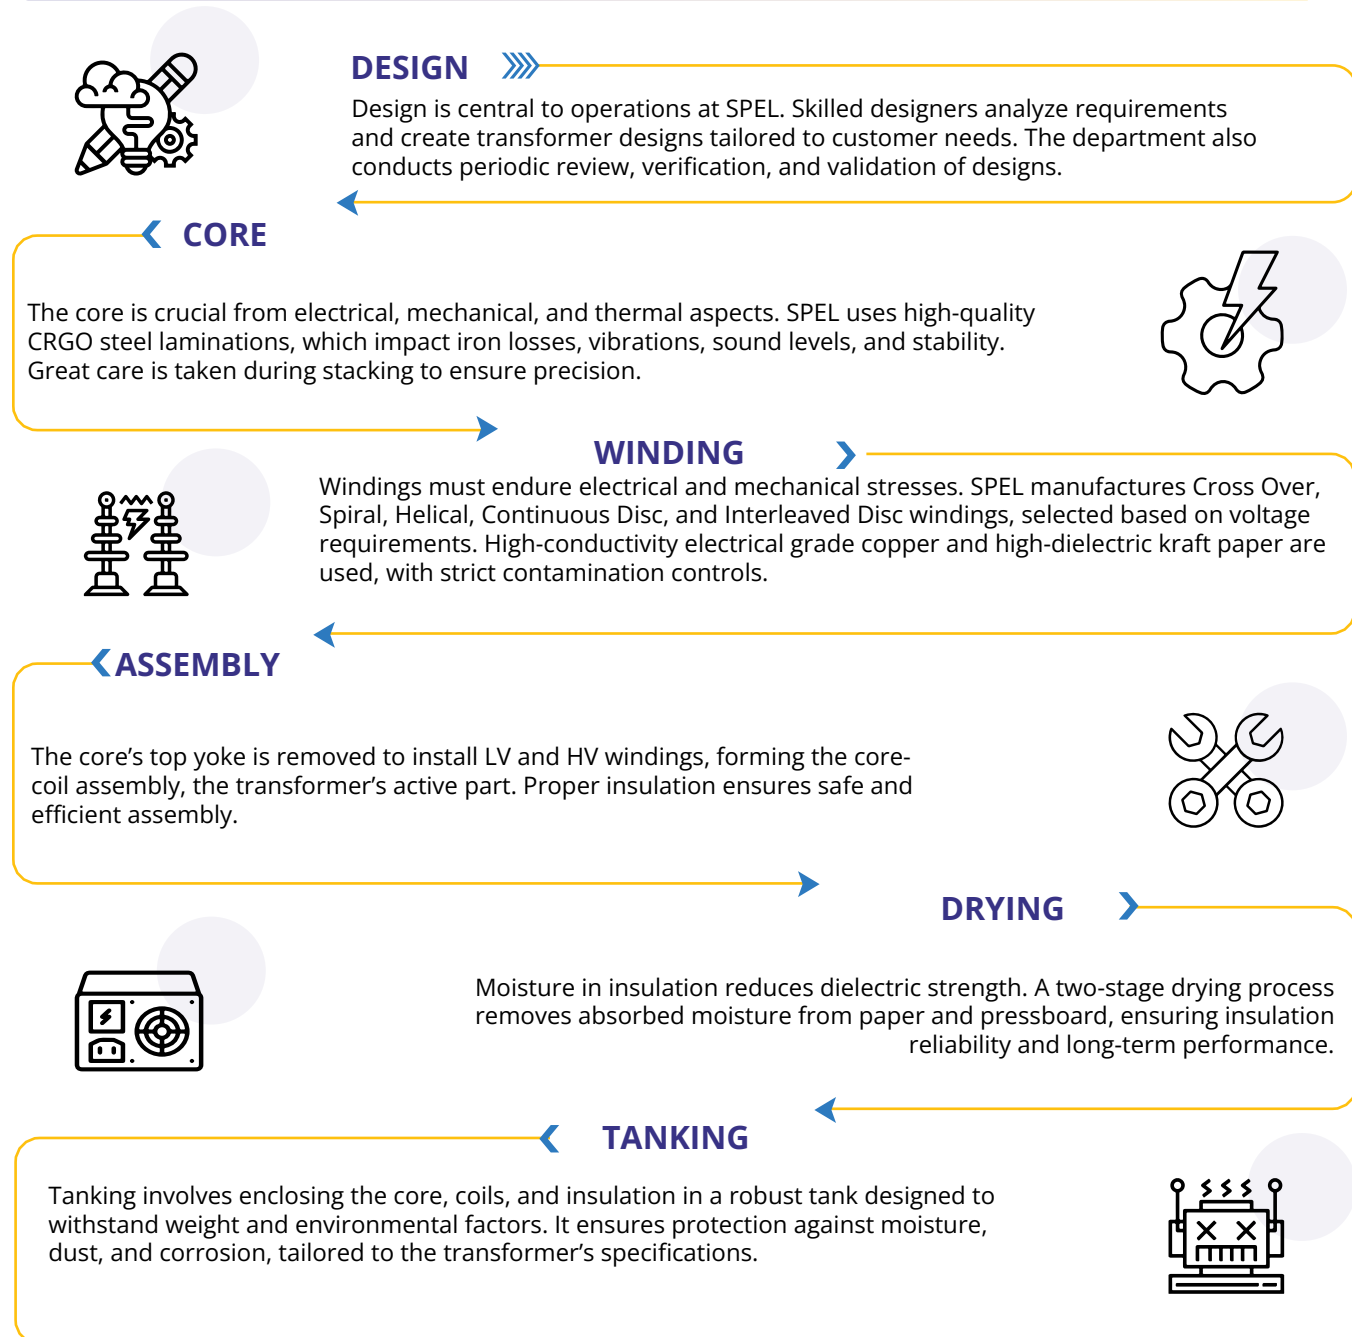

Anticipated Impact

- » **Revenue Growth:** The management forecasts a 10%-20% year-on-year revenue growth, driven by increased production capacity and growing demand across core markets
- » **Profitability Improvements:** Operational efficiencies and economies of scale are expected to contribute to enhanced profit margins.
- » **New Business Opportunities:** The expanded capabilities will allow SPEL to pursue larger and more complex projects, further strengthening its market presence and customer base.

Empowering Processes, & Performance

“Company's commitment to excellence is evident in our meticulous processes. Each step is designed to ensure the highest quality and reliability in our transformers.”

Industry We Cater To - Powering Progress Across Key Sectors

“Our advanced transformers are essential for reliable power generation, renewable energy integration, and efficient electrical distribution across diverse industries”

Chairman & Managing Director's Letter

“
As we expand our capacity, deepen our private sector presence, and align with India’s clean energy goals, we remain focused on building long-term value through reliable execution and steady growth.
 ”

Dear Shareholders,

It gives me immense pleasure to address you at the close of what has been a landmark year for Supreme Power Equipment Limited. On behalf of the Board and the entire SPEL team, I extend my heartfelt gratitude to all our stakeholders for your continued trust and support in our journey of growth, transformation, and excellence.

The year gone by was pivotal for SPEL, as we continued to strengthen our fundamentals while advancing on multiple strategic fronts. Operationally, we recorded robust order inflows, widened our geographical footprint, expanded our customer base, and maintained a strong focus on execution and innovation.

In FY25, we delivered strong financial performance across all metrics. Consolidated total income grew by 31.65% to Rs.149.54 Cr, while EBITDA increased by 30.84% to Rs.28.07 Cr. Net profit rose by 32.39% to Rs.18.93 Cr, reflecting our ability to translate robust revenue growth into improved earnings. The year also saw a similar trend on a standalone basis, underscoring consistent operational efficiency and profitability across the business.

We operate in one of the most dynamic sectors of India’s economy. FY25 saw India adding nearly 30 GW of renewable capacity, and transformer demand is projected to grow 10–15% annually for the next 8 years, driven by the rapid expansion of solar and wind, smart grids, data centers, and electrification of transport and industry.

At SPEL, our product roadmap is fully aligned with this shift. From solar/wind-compatible transformers to energy-efficient and application-specific solutions, we continue to invest in R&D, lean manufacturing, and market responsiveness.

A significant evolution this year was the shift in our customer base. Historically, our portfolio was largely government-focused; however, we have made a deliberate and strategic pivot toward the private sector. As a result, 76% of our revenue in FY25 was derived from private clients. This transition was driven by our focus on forging long-term, high-value partnerships that offer more predictable growth and healthier margins. Additionally, increasingly unfavourable payment terms from government entities reinforced the need to rebalance our portfolio toward private clients, where payment cycles are more efficient and conducive to sustaining healthy cash flows.

Solar emerged as a key growth driver, with Inverter Duty Transformers (IDT) contributing approximately 18% of our revenues up from 7% last year. Our current order book, where nearly 40% is linked to solar projects, is a reflection of this sector’s momentum and our positioning within it.

Geographically, we successfully reduced our dependency on Tamil Nadu, expanding our presence across Kerala, Karnataka, Telangana, Lakshadweep, and Punjab—both in the government and private segments. The Rs.60 Cr order for supply of IDT transformers, is the largest in our history, further underscores our execution capability and growing reputation in high-value projects.

We maintained a strong order pipeline through the year, with quotations submitted totaling Rs.800 Cr across private and government projects. Management remains confident of achieving a 10–15% conversion rate, reflecting a balanced yet ambitious approach.

Our subsidiary, Danya Electric Company, focused solely on utility-based contracts, continues to support our strategy by unlocking eligibility across multiple tenders. The entity will undergo minor workspace expansion, without major capital outlay, keeping the model lean and efficient.

To meet growing demand and scale larger projects, we are expanding our manufacturing capacity from 2,500 MVA/year to 9,000 MVA/year. The upcoming facility, set on a 6-acre site, is currently 70% complete and expected to go live by January 2026. Once fully operational, this investment of Rs.80–85 Cr, has the potential to support revenue in the range of Rs.500–550 Cr annually.

Looking ahead, we are focused on three core imperatives:

» **Facility Expansion:** Commissioning our new plant with enhanced capacity and efficiency to support larger and more complex projects.

» **Certification & Quality Upgradation:** Establishing in-house testing for higher-capacity transformers and pursuing CPRI certification and PGCIL registration to qualify for larger institutional orders.

» **Talent & Capability Building:** We are actively hiring across technical, operational, and project management roles to ensure readiness for the next phase of growth.

Simultaneously, we are increasing our focus on larger capacity and higher-value transformers, while maintaining a balanced approach to both government and private clients. This calibrated strategy will support predictable order inflows, margin stability, and stronger long-term partnerships.

Adding to our achievements, SPEL was honoured with the 'Best Emerging MSME - Listed Company' award at the MSME Ratna Awards 2024, a recognition of our consistent performance and commitment to excellence.

With a healthy and diversified order book, a rising share of private sector business, strong industry tailwinds, and a high-visibility growth path, we at Supreme Power Equipment Limited are confident about the road ahead. We remain steadfast in our purpose—to empower a cleaner, more efficient, and reliable energy future for India.

Thank you for your continued support and belief in our journey.

Warm regards,

Management Discussion & Analysis

Charting the Next Phase of Growth, From Strong Foundations to Strategic Scaling

With robust industry tailwinds, a transformative capacity expansion, and a sharper focus on high-value, export-ready transformers, SPEL is gearing up to scale new heights

At Supreme Power Equipment Limited, FY 2024-25 marked a year of transition, one where we moved with purpose from being a reliable transformer manufacturer to becoming a future-ready, scale-oriented power equipment company. As management, we are proud of the strategic steps we've taken to not only strengthen our current position but also to lay the groundwork for sustainable, long-term growth.

With demand for reliable, energy-efficient transformers on the rise driven by India's aggressive renewable energy targets, infrastructure investments, and grid modernization we see tremendous opportunity ahead. The supportive policy environment, including schemes like RDSS, PLI, and Green Energy Corridors, aligns well with our capabilities and product portfolio. These tailwinds provide a solid backdrop for SPEL to scale its business meaningfully.

To capture this opportunity, we are executing a major capacity expansion project. Our new 6-acre facility, with an installed capacity of 9,000 MVA per annum, is progressing well and is expected to be fully operational by December 2025. This expansion will allow us to cater to higher-capacity transformer requirements including up to 160MVA/220KV initially and 315MVA/400KV in the second phase thus enabling us to move up the value chain and participate in larger and more remunerative orders.

As we scale our manufacturing capabilities, we are equally focused on building a stronger workforce to support future demand. Talent acquisition and workforce development are being prioritized, particularly in areas such as high-voltage engineering, design, and project execution. This will ensure that our capabilities remain future-ready and aligned with customer expectations.

We are also sharpening our strategic focus on high-value, margin-accretive orders, particularly from

renewable energy and EPC segments. With a growing reputation for quality and reliability, we are now actively exploring export opportunities to emerging markets across Africa, Southeast Asia, and the Middle East regions where power infrastructure investments are gaining momentum and demand for robust transformers is strong.

Looking ahead, we remain committed to delivering reliable performance, driving product innovation, and enhancing operational efficiency. Our investments in capacity, talent, and technology are guided by a clear vision to evolve SPEL into a leading player in India's power infrastructure value chain and an emerging brand on the global map.

With strong industry tailwinds, a robust order book, and a clear roadmap for execution, we believe SPEL is well-positioned to unlock the next phase of growth and value creation.

Economic Overview

Despite 2025's growth slowing to 2.8% amid trade-policy headwinds, Asia-Pacific's rapid electrification surge underscores resilient demand and clear opportunity.

Global Economy Overview

Entering 2025, the global economy faces headwinds from renewed U.S. tariffs and retaliatory measures, which have weighed on investor confidence and capital spending. The IMF's April WEO cut its 2025 growth forecast to 2.8% from 3.3%, citing trade-policy uncertainty as the main drag. Energy markets remain mixed, with oil prices easing after their 2022 peak, natural gas reaching record highs, and coal demand rising, led by Asia's grid expansion.

China and India continue to outperform global averages, supported by urbanization and large-scale grid modernization. Looking ahead to 2026, global growth is projected to stabilize around 3.0% as trade tensions ease, with energy markets seeing lower oil volatility and sustained demand for gas and renewables, particularly in Asia-Pacific.

India powers ahead at 6.5% growth—driven by bold reforms, fiscal prudence and an accommodative RBI stance despite global headwinds.

Indian Economy

India is expected to remain the world's fastest-growing major economy in FY26, with GDP projected between 6.2% and 6.7% (RBI: 6.5%, World Bank: 6.3%, IMF: 6.2%, ADB: 6.8%), moderating from FY24's 8.2-9.2% due to global trade headwinds and easing domestic momentum.

The Union Budget for FY26 aims to reduce the fiscal deficit to 4.4% of GDP from an estimated 4.8-4.9% in FY25, while raising capital expenditure to Rs.11.21

lakh crore, or 3.1% of GDP, with major allocations towards agriculture, MSME credit, infrastructure, R&D and export promotion. On the monetary front, the RBI reduced the repo rate to 6.0% in April 2025 and adopted an accommodative stance, supported by an SDF rate of 5.75% and MSF/Bank Rate of 6.25%, providing liquidity and credit support as food inflation eases.

Sectoral growth drivers are expected to sustain broad-based power demand, with services contributing over 60% of GDP through IT, BPO and logistics exports; manufacturing benefiting from Make in India and PLI schemes; agriculture supported by favorable monsoons and rural electrification; infrastructure expanding through heavy investments in power transmission, transport and urban development; and the digital economy and electric mobility driving round-the-clock electricity demand from data centers and new EV clusters.

Industry structure and developments. Indian Power Industry

Powering the Future: With 29.5 GW of renewables added in FY25 and a 500 GW non-fossil target by 2030, Supreme Power Equipment is perfectly positioned to transform India's energy transition delivering advanced, grid-compliant transformers at scale.

According to PIB India's power sector is undergoing a significant transformation, characterized by rapid demand growth, a massive push towards renewable energy (RE), and ongoing efforts to modernize its extensive infrastructure.

As of 31st March, 2025, India's installed solar power capacity reached a significant 105.65 GW, while wind power capacity crossed the 50 GW mark, standing at 50.04 GW. The fiscal year 2024-25 witnessed record RE capacity addition of 29.52 GW, with solar contributing the lion's share at 23.83 GW – a substantial increase from the 15.03 GW added in the previous fiscal year. Wind energy also saw steady progress with 4.15 GW added in FY25, up from 3.25 GW in FY24. This rapid expansion underscores India's commitment and capability in scaling up RE installations. India now

Management Discussion & Analysis

ranks 4th globally in overall RE installed capacity, 4th in wind, and 4th/5th in solar power capacity.

Indian Power Sector Snapshot

Parameter	Target	Status (Approx. as of Mar 2025)
Non-Fossil Installed Capacity	500 GW by 2030	~227.5 GW
RE Installed Capacity (excl. Large Hydro)	Implied within 500 GW target	172.37 GW
Solar Installed Capacity	~250-300 GW implied by 2030 target	105.65 GW
Wind Installed Capacity	~140 GW implied by 2030 target	50.04 GW
Offshore Wind Capacity	37 GW auction target by 2030	0 GW (Tenders initiated)
Rooftop Solar (Residential)	1 Crore Households (PM Surya Ghar)	>1.1 Million Households

Government Policy & Incentive Framework

India's aggressive clean-energy agenda underpins our long-term growth. The government has committed to 500 GW of non-fossil capacity by 2030, a 45% cut in emissions intensity (vs. 2005) and Net-Zero by 2070. Key enablers include:

- » **Renewable Targets & Green Hydrogen:** National Green Hydrogen Mission (5 MMTPA by 2030), backed by Rs.17,490 cr for electrolyzers and 412 ktpa of H₂ production.
- » **Residential & Agri-Solar:** PM Surya Ghar (1 cr-home rooftop solar) and PM-KUSUM (solar pumps) with Rs.75,021 cr subsidies to drive decentralised power.
- » **PLI Schemes & Transmission Support:** Rs.24,000 cr for solar-PV modules, Rs.18,100 cr for battery storage, ISTS waivers, Green Energy Corridors and robust RPO mandates to fast-track grid integration.

Opportunities for Supreme Power Equipment

- » **Surging Transformer Demand:** India's 29.5 GW RE addition in FY25 and 143 GW solar/wind pipeline translate into massive orders for GSU and distribution transformers.
- » **Specialised Solutions:** Our expertise in low-harmonics, LVRT/HVRT-compliant units meets the exacting needs of solar inverters, wind nacelle transformers and offshore applications.
- » **Smart & Digital Upgrades:** Sensor-enabled, real-time-monitoring transformers align with DISCOMs' grid-modernization plans under the National Electricity Plan and Smart Cities Mission.
- » **Ancillary Manufacturing:** Growth of domestic PV and battery factories under PLI schemes spurs demand for robust power-quality transformers within new plants.

Navigating Key Challenges

- » **Technical Complexity:** We're bolstering our R&D centre to accelerate next-gen designs and grid-code testing.
- » **Supply-Chain Resilience:** Strategic vendor partnerships and optimized inventory for CRGO steel and copper mitigate lead-time and price volatility risks.
- » **Cost & Quality Balance:** Lean manufacturing initiatives and value-engineering workshops ensure competitive pricing without compromising reliability—critical for remote solar parks and offshore wind.
- » **Grid Integration Hurdles:** Close collaboration with transmission authorities and end-users helps preempt delays and align project timelines.

Supported by a policy-backed, multi-trillion-rupee RE build-out, Supreme Power Equipment is well positioned to capitalise on the unprecedented scale and technological demands of India's energy transition. Our pipeline of advanced transformer solutions, combined with enhanced R&D and supply-chain agility, sets the stage for sustained growth and industry leadership in the years ahead.

India's power demand is booming per capita consumption surged 45.8% in a decade, and peak demand hit a record 250 GW. With universal electrification and Rs.9.15 lakh crore in grid upgrades on the horizon, Supreme Power Equipment Limited is primed for long-term growth in a rapidly expanding market.

India's power sector has entered a transformational phase, driven by progressive policies, rapid infrastructure development, and growing energy demand. FY 2023-24 marked a milestone year with several achievements reshaping the country's energy landscape.

Surge in Electricity Consumption

Per capita electricity consumption rose to 1,395 kWh in 2023-24, a 45.8% increase from 2013-14. This surge reflects growing industrial activity, rural electrification, and a rising middle class. India is steadily approaching global consumption averages, signaling sustained long-term demand.

Record Peak Demand Met

India achieved a record peak power demand of 250 GW in FY 2024-25, demonstrating the grid's scalability and resilience. This supports long-term opportunities for power equipment companies like Supreme Power Equipment Limited, especially amid upcoming capacity expansion and modernization.

Universal Electrification & Access

With universal electrification now achieved, rural areas enjoy 21.9 hours and urban areas 23.4 hours of daily power supply. Improved access in Tier-II, Tier-III cities, and rural areas will fuel consumption across households, farms, and small businesses.

Industry Outlook

India is targeting 458 GW of peak demand by 2032 and plans Rs.9.15 lakh crore in transmission upgrades. This creates strong demand for efficient, digital power equipment. Supreme Power Equipment Limited is well-positioned with a broad portfolio serving utilities, industries, and renewable players.

Future Direction

Ongoing urbanization, EV growth, and industrial activity will continue to boost power demand. With a focus on sustainability, reliability, and energy efficiency, Supreme Power is aligned with the sector's evolution and national priorities.

Power Industry in Tamil Nadu

With over 41 GW of installed capacity and 2,640 MW of new projects underway, Tamil Nadu continues to lead India's power transformation offering strong opportunities for equipment suppliers like SPEL amid rising renewable integration and capacity upgrades.

According to CEA Tamil Nadu represents a significant market for power equipment due to its status as one of India's most industrialized states, its substantial renewable energy capacity, and its high electricity demand. Understanding the dynamics of the state's power sector is crucial for suppliers like Supreme Power Equipment Limited.

Tamil Nadu continues to maintain a robust and diversified power generation portfolio, aligning with its strategic emphasis on energy security, sustainability, and capacity augmentation. As of late 2024 to early 2025, the state's total installed power generation capacity stood at approximately 41 GW, while the contracted capacity—comprising allocations from central generating stations and independent power producers (IPPs)—was around 36.6 GW.

The state has cemented its leadership in renewable energy, with wind power playing a pivotal role. Tamil Nadu ranked second nationally in installed wind capacity, exceeding 11.3 GW by the end of 2024. However, different estimates place the capacity at around 9.3 GW as of January 2025, reflecting ongoing capacity certification and commissioning updates. Solar energy has also witnessed remarkable expansion, reaching approximately 10 GW by early 2025, further enhancing the state's renewable energy mix.

On the conventional front, Tamil Nadu Generation and Distribution Corporation (TANGEDCO) operates a core thermal generation portfolio, predominantly coal-based, with an installed capacity of around 4.3 GW.

Capacity Augmentation Initiatives

To meet the growing power demand and replace aging assets, significant capacity additions are underway. Notable thermal projects slated for commissioning during 2025 include:

- » North Chennai Thermal Power Station Stage III – 800 MW

Management Discussion & Analysis

- » Udangudi Thermal Power Station Stage I – 1,320 MW

Additionally, hydroelectric capacity is set to receive a major boost with the expected commissioning of the Kundah Pumped Storage Project (PSP), contributing 500 MW of flexible, dispatchable capacity to the grid.

These upcoming projects, totaling 2,620 MW, are expected to strengthen the state's baseload and peak-load supply reliability while complementing the variable renewable energy sources.

Renewable Energy Landscape In India

With a 500 GW non-fossil target by 2030 and over 45% of installed capacity already green, India's renewable energy surge led by solar and wind offers massive opportunities for advanced transformer solutions and grid integration technologies.

According to IBEF India was ranked fourth in wind power capacity and solar power capacity, and fourth in renewable energy installed capacity, as of 2024. Power generation from solar and wind projects are likely to be cost-competitive relative to thermal power generation in India in 2025-2030. India surpasses the global average in setting and reducing carbon emission targets, ranking among the top three countries worldwide for emission reporting and reduction efforts.

Key milestones include:

- » Enhanced Target: At COP26, India committed to achieving 500 GW of non-fossil fuel-based energy by 2030, the largest renewable energy expansion plan globally under the Panchamrit commitment.
- » Capacity Growth: Non-fossil fuel capacity has surged by 396% over the past 8.5 years, reaching 203.19 GW, accounting for 45.5% of India's total capacity.
- » Renewable Additions: India saw a 9.83% year-on-year growth in renewable energy additions in 2022, with solar capacity expanding thirty-fold over nine years to 85.47 GW. The National Institute of Solar Energy estimates India's solar potential at 748 GWp.

- » Renewable Capacity Increase: Since 2014, the installed renewable energy capacity has grown by approximately 128%.

- » Investment Opportunities: India allows up to 100% foreign direct investment (FDI) under the automatic route for renewable energy projects.

Renewable Energy Source	Installed Capacity (GW)
Wind Power	46.65
Solar Power	85.47
Biomass/Cogeneration	10.35
Small Hydro Power	5.00
Waste to Energy	0.59
Large Hydro	195

India is targeting 500 GW of renewable energy by 2030, aiming to reduce carbon intensity by 45% and achieve net-zero emissions by 2070. The country plans to produce 5 million tonnes of green hydrogen by 2030, backed by 125 GW of renewable energy. Additionally, the government has approved 50 solar parks with a 37.49 GW capacity and set a 30 GW offshore wind target by 2030.

Tamil Nadu in the Indian Renewable Energy Sector

- » Wind Power Capacity: Second nationally with over 11.3 GW installed by late 2024 / early 2025.
- » Solar Power Capacity: Approximately 10 GW by early 2025, ranking 4th in the country.
- » State RE Consumption Target: Ambitious goal of achieving 50% of energy consumption from renewable sources by 2030.
- » Offshore Wind Potential: Significant potential identified off its coast, with estimates around 70-71 GW for Gujarat and Tamil Nadu combined.
- » Policy Focus: Formation of Tamil Nadu Green Energy Corporation Limited (TNGECL) and a planned new Integrated Renewable Energy Policy to accelerate RE deployment.

Management Discussion & Analysis

Indian Transformers Manufacturing Industry

Driven by grid expansion, renewable integration, and industrial growth, India's transformer market is poised to grow at over 8.5% CAGR unlocking opportunities for advanced, energy-efficient, and export-ready solutions.

The India Transformer Market size is estimated at USD 104.13 million in 2025, and is expected to reach USD 156.80 million by 2030, at a CAGR of greater than 8.53% during the forecast period (2025-2030).

- » Over the medium term, rising energy demands from industries, coupled with the expansion of transmission and distribution systems, are set to propel the Indian transformer market. Additionally, supportive government policies in India aimed at addressing the surging energy demand are further fueling this market's growth.
- » On the other hand, the Indian transformer market faces challenges, notably delays in project implementation stemming from protracted government procedures.
- » Nevertheless, perceived as a cost-effective solution to curtail carbon emissions, smart grid technology presents a promising avenue. Upgrading existing regional networks to integrate this technology could unlock significant opportunities for the Indian transformer market in the coming years.

Analysis of Market Trends

Driven by grid expansion, renewable integration, and industrial growth, India's transformer market is poised to grow at over 8.5% CAGR—unlocking opportunities for advanced, energy-efficient, and export-ready solutions.

Demand Drivers: The Indian transformer market is propelled by several interconnected factors:

- » **Grid Expansion and Modernization:** Continuous investment in strengthening and expanding the T&D network to meet rising electricity demand and improve reliability is a primary driver. Government schemes like RDSS, focusing on loss reduction and smart metering, necessitate new and upgraded transformers.

- » **Renewable Energy Integration:** The massive push towards adding RE capacity (solar, wind) requires significant numbers of transformers for power evacuation (GSU transformers) and grid connection. The specific requirements of RE integration also drive demand for technologically advanced transformers.

- » **Industrial Growth and Urbanization:** Economic expansion, particularly in manufacturing (supported by 'Make in India' and PLI schemes), and the growth of urban centers lead to increased power consumption, driving demand for both power and distribution transformers.

- » **Rural Electrification:** While household electrification targets under schemes like SAUBHAGYA are largely met, ongoing strengthening of rural distribution infrastructure under schemes like DDUGJY continues to support demand for distribution transformers.

- » **Replacement Market:** A significant portion of India's transformer fleet is aging, creating a substantial replacement market driven by the need for improved efficiency, reliability, and compliance with newer standards.

- » **Specific Sectoral Demand:** Growth in railways (electrification, Vande Bharat), data centers, and EV charging infrastructure creates specific demand for transformers tailored to these applications.

- » **Exports:** India is increasingly seen as a competitive manufacturing hub for transformers, with growing export opportunities, particularly to markets like the US and Europe seeking alternatives.

Technological Advancements: The industry is evolving technologically:

- » **Energy Efficiency:** Strong regulatory push (BEE Star Rating for distribution transformers, IS 1180 standard) drives demand for lower-loss transformers, including those using amorphous core materials.

- » **Smart/Digital Transformers:** Integration of sensors, IoT connectivity, real-time monitoring, and diagnostic capabilities is a growing trend, enabling better grid management, predictive maintenance, and improved reliability.

Management Discussion & Analysis

- » **Application-Specific Designs:** Development of transformers optimized for RE integration (handling variability, meeting grid codes), industrial applications, and harsh environments.

- » **Eco-Friendly Solutions:** Increased interest in transformers using biodegradable ester insulating fluids instead of mineral oil to enhance fire safety and environmental sustainability.

- » **Higher Voltage Levels:** Expansion of the grid involves deployment of Extra High Voltage (EHV) and Ultra High Voltage (UHV) transformers.

Government Initiatives and Impact on Transformer Demand

Universal Electrification & Access:

- » SAUBHAGYA electrified ~2.86 crore households by 2022, driving last-mile infrastructure development.

- » Though concluded, the infrastructure requires ongoing maintenance and upgrades, supporting transformer demand.

Rural & Urban Distribution Strengthening:

- » DDUGJY and IPDS led to widespread feeder separation, metering, and T&D network upgrades.

- » Created sustained demand for distribution transformers, conductors, and related equipment.

Revamped Distribution Sector Scheme (RDSS):

- » Launched in 2021 with Rs.3.03 lakh crore outlay (till FY26), with possible extension to FY28.

- » Aims to reduce AT&C losses and improve DISCOM financials.

- » Drives demand for smart meters, system metering, and network upgrades, including transformer replacements.

Renewable Energy Promotion & Integration:

- » Aggressive RPO targets (43.33% by FY30) and schemes like PM-KUSUM, PLI, VGF fuel RE capacity addition.

- » Drives demand for RE-specific transformers (e.g., GSU transformers for solar/wind projects).

Grid Expansion & Transmission Strengthening:

- » Green Energy Corridors and National Electricity Plan (2022-32) target large-scale transmission upgrades.

- » Supports demand for power transformers across voltage levels (220kV, 400kV, 765kV).

Smart Grid & Grid Modernization:

- » RDSS and National Smart Grid Mission (NSGM) promote smart grid infrastructure.

- » Encourages adoption of smart transformers with advanced monitoring and communication features.

- » Support for Domestic Manufacturing:

- » Make in India, PLI schemes, mandatory BIS certification, and BEE energy efficiency standards favor established Indian transformer manufacturers.

- » Indirect demand from new RE manufacturing plants and infrastructure growth (e.g., railways, data centers, EVs).

Overall Impact on SPEL:

- » Government schemes across the value chain support strong, long-term demand for:

- » Distribution transformers
- » Power transformers
- » RE-specific and smart transformers
- » Industrial and infrastructure application transformers

The successful execution of RDSS and RE targets is crucial to fully realizing this demand potential and aligns well with SPEL's strategic direction and product capabilities.

India's strong infrastructure momentum, renewable targets, and power sector reforms are driving demand for advanced transformers. Supreme Power Equipment Ltd is well-placed to grow by tapping

Management Discussion & Analysis

domestic opportunities, especially in Tamil Nadu, despite DISCOM and input cost challenges.

In FY 2025-26, Supreme Power Equipment Limited operates in a favorable domestic environment. India remains the fastest-growing major economy, supported by moderating inflation, accommodative monetary policy, and strong government focus on infrastructure especially in the power sector.

Key growth drivers include rising electricity demand, the renewable energy transition (targeting 500 GW non-fossil fuel capacity by 2030), and schemes like RDSS aimed at modernizing T&D infrastructure. These developments are creating a long-term, sustainable demand pipeline for power equipment, including advanced transformers.

However, challenges persist—especially the financial instability of state DISCOMs, raw material price volatility (e.g., CRGO steel), and stricter compliance under BIS and BEE norms. Supreme Power's growth will depend on its ability to navigate these issues while leveraging demand across Tamil Nadu and other states.

Operational Overview Of Supreme Power Equipment Limited

With 33% revenue growth, a Rs.26 Cr turnkey breakthrough, and a 3x capacity expansion underway, FY25 marked a pivotal year as SPEL scaled operations, entered new markets, and aligned with India's clean energy future.

Supreme Power Equipment Limited, originally founded as a partnership firm in 1994 under the name "Supreme Power Equipment" and later incorporated as a company under the name "Supreme Power Equipment Private Limited" in 2005, is a Tamil Nadu-based company specializing in the manufacturing of power and distribution transformers. With 3 decades of industry experience, the company has emerged as a prominent supplier to local electric utilities. Supreme's foray into the windmill segment showcases its expertise in crafting transformers designed to withstand switching challenges and voltage fluctuations.

Renowned for quality and reliability, the company has a strong track record, having manufactured, and supplied over 17,000 units. Supreme Power Equipment Limited continues to be a key player in

the transformer industry, emphasizing innovation and precision in design.

Financial Performance

The company has demonstrated positive financial momentum in FY25 compared to FY24, both on a consolidated and standalone basis. Key metrics like Total Income, EBITDA, and Net Profit show healthy year-on-year growth.

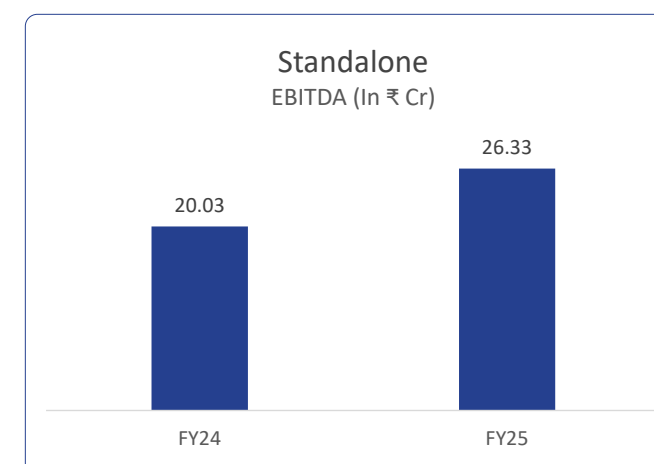

For the full fiscal year 2025, the company's consolidated total income grew by 31.65% to Rs.149.54 Cr from Rs.113.59 Cr in FY24. On a standalone basis, total income also saw a robust increase of 34.91%, reaching Rs.148.35 Cr in FY25 compared to Rs.109.96 Cr in FY24. This indicates a strong top-line expansion across the business.

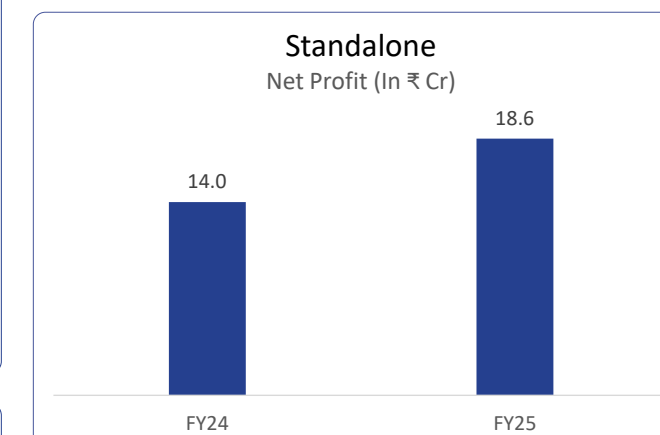

Management Discussion & Analysis

Consolidated EBITDA for FY25 increased by 24.60% to Rs.29.07 Cr, up from Rs.23.33 Cr in FY24. Standalone EBITDA followed a similar positive trend, growing by 31.46% to Rs.26.33 Cr in FY25 from Rs.20.03 Cr in FY24. These figures suggest improved operational efficiency and profitability.

The company's consolidated net profit for FY25 rose by 32.84% to Rs.18.60 Cr, compared to Rs.14.00 Cr in the previous fiscal year. The standalone net profit mirrored this growth, also increasing by 32.84% to Rs.18.60 Cr in FY25 from Rs.14.00 Cr in FY24. This consistent growth in net profit underscores the company's ability to translate increased income into stronger earnings.

Segment-wise/product-wise performance.

Distribution Transformer and Energy Efficient Transformer are the largest revenue drivers, accounting for 58.06 of the total, indicating strong market presence or demand in this segment.

Power Transformers also represent a significant portion of the revenue, bringing in 40.55.

Inverter Duty Transformers (Solar Transformers) contributed 25.49, suggesting the company has a notable presence in the renewable energy sector, particularly solar applications.

Corporate Overview

Statutory Report

Management Discussion & Analysis

The "Other" category accounts for 20.69. This section specifically includes revenues from Generator Transformers, Furnace Transformers, and Rectifier Transformers.

Other Than Government Tenders represent the dominant revenue source, contributing 106.63 to the total in FY25. This indicates a strong presence and successful engagement within the private sector or non-governmental procurement channels.

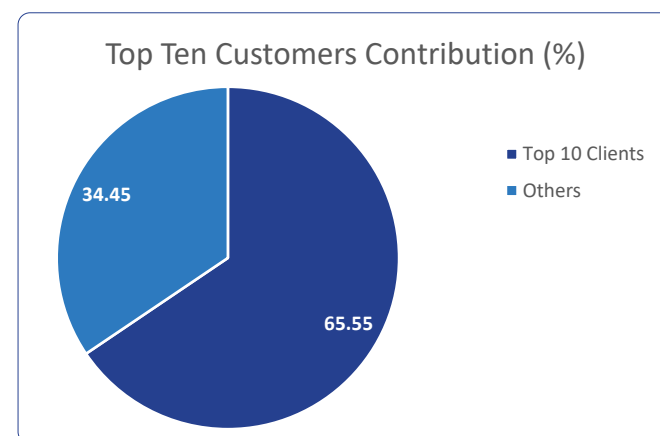

Revenue from Government Tenders accounted for 38.16 in FY25. While a smaller portion compared to non-government sources, this still represents a notable contribution and suggests the company's ability to secure and execute public sector projects. The overall distribution indicates a diversified revenue base, leaning more heavily on non-government clients.

Top 10 Customers contributed the vast majority of the revenue, accounting for 94.91 of the total in FY25. This indicates a high reliance on a small number

of key clients for the company's overall financial performance.

The remaining revenue of 49.88 was generated from Other Customers. While still a significant amount, this highlights that the company's revenue stream is heavily weighted towards its top tier of clients. This concentration could present both opportunities for strong client relationships and potential risks if any of these top customers were to reduce their business.

A Year of Strategic Wins and Operational Excellence

FY 2024–25 was a transformational year for Supreme Power Equipment Limited. As management, we are pleased to report that the Company achieved significant operational progress, expanded its market presence, and strengthened its execution capabilities across key verticals.

Our consistent efforts translated into strong order inflows throughout the year, including milestone contracts in both traditional and emerging segments. Of particular significance was our Rs.26 Cr turnkey substation project, marking SPEL's entry into end-to-end substation execution—an important step in diversifying our offerings and increasing value delivered to customers.

We strategically expanded our geographic reach by securing orders in new regions such as Kerala and Lakshadweep and receiving vendor approval from the Kerala State Electricity Board (KSEB). These developments are not only a testament to our quality and reliability but also open doors to a wider base of institutional clients.

Management Discussion & Analysis

Our group entity, Danya Electric Company, also contributed meaningfully to our operational momentum by securing a Rs.7.26 Cr order, reinforcing the strength of our integrated delivery model.

During the year, we were honoured with the MSME Ratna Award 2024 for "Best Emerging MSME – Listed Company," a recognition we deeply value. Additionally, the credit ratings of 'CRISIL BBB-/Stable' and 'CRISIL A3' further validated our financial discipline and long-term sustainability.

We maintained a sharp focus on the renewable energy sector, which continues to be a key growth driver for the Company. Orders for inverter-duty and oil-cooled transformers tailored for solar and wind energy applications remained robust, reflecting our alignment with the national clean energy agenda.

On the operational front, we made substantial progress in our capacity expansion project. As of March 2025, approximately 70% of the construction work for our new manufacturing facility was completed. This project is expected to triple our capacity by December 2025, significantly enhancing our ability to cater to growing market demand.

Overall, FY25 was a year of operational strength and strategic advancement. We believe the foundations laid during the year will enable us to pursue larger opportunities, enhance customer value, and reinforce our position as a reliable and future-ready player in the power equipment sector.

Ratio Analysis

In compliance with the requirement of listing regulations, the key financial ratios on Consolidated basis have been provided here under:

Particulars	FY25	FY24	% Variance	Reason for variance
Current Ratio	1.70	2.33	(27.14%)	The decrease in current ratio is due to an increase in current liabilities resulting from Cash Credit Facility taken for business purpose.
Debt-Equity Ratio	0.20	0.12	69.97%	The increase in Debt-Equity ratio is due to higher long-term borrowings availed for capital expenditure and related financial commitments.
Debt Service Coverage Ratio	7.56	5.23	44.56%	The increase in DSCR is due to higher Profit Before Tax (PBT) in the current year as compared to previous year. The improved profitability boosted the company's ability to generate operating cash, strengthening its capacity to service debt obligations efficiently.
Return on Equity Ratio	20.46%	19.35%	5.77%	NA
Inventory Turnover Ratio	4.32	4.01	7.81%	NA

Return on Capital Employed	24.36%	24.74%	(1.56%)	

Management Discussion & Analysis

Risk and Concern

The business operates in a dynamic environment where risks and concerns are inevitable. Key risks include market volatility, economic downturns, and rapid technological changes that can impact operations and profitability. Additionally, compliance with evolving regulations and maintaining a competitive edge in a saturated market pose significant challenges. To address these concerns, the company employs comprehensive risk management strategies, including regular market assessments, contingency planning, and continuous innovation. By staying ahead of industry trends and maintaining a robust risk mitigation framework, the business aims to minimize potential disruptions and secure long-term growth. Stakeholders are regularly informed about the potential risks and the measures in place to counteract them, ensuring transparency and fostering trust in the company's risk management approach.

Internal Risk Factors

Internal risk factors include operational inefficiencies, employee turnover, and the potential for cybersecurity breaches. Operational inefficiencies can arise from outdated processes, inadequate training, or misalignment between departments, leading to delays and increased costs. High employee turnover not only disrupts workflow but also results in the loss of institutional knowledge and increased recruitment costs. Cybersecurity risks, including data breaches and unauthorized access, can compromise sensitive information and damage the company's reputation. To mitigate these risks, the business invests in continuous process improvement, employee engagement programs, and robust cybersecurity measures. Regular internal audits and assessments are conducted to identify potential vulnerabilities and ensure that the company's operations remain efficient, secure, and aligned with strategic objectives.

External Risk Factors

External risk factors include macroeconomic conditions, regulatory changes, and competitive pressures. Economic downturns or fluctuations in consumer demand can significantly impact revenue streams, while shifts in regulatory frameworks may

require costly adjustments to business practices. Additionally, the emergence of new competitors or disruptive technologies can threaten market share and profitability. To navigate these external risks, the business closely monitors economic indicators, maintains strong relationships with regulatory bodies, and invests in market research and innovation. By staying agile and adaptable, the company can quickly respond to external challenges, safeguarding its market position and ensuring continued growth in an unpredictable environment.

CSR Initiatives

CSR is integral to the company's ethos, reflecting its commitment to sustainable development and ethical practices. The business actively engages in initiatives that benefit both the environment and the communities in which it operates. This includes efforts to reduce carbon emissions, promote recycling, and minimize waste through sustainable practices. In addition, the company supports local communities. These CSR initiatives not only enhance the company's reputation but also contribute to long-term sustainability by fostering goodwill and loyalty among stakeholders. The company's CSR strategy is continuously reviewed and updated to align with evolving societal needs and expectations, ensuring it remains a positive force for change.

Internal Financial Controls

Internal financial controls are critical to maintaining the integrity of the company's financial reporting and safeguarding its assets. These controls encompass a range of practices, including segregation of duties, regular financial audits, and strict adherence to accounting standards. By implementing robust internal controls, the business ensures that all financial transactions are accurately recorded, authorized, and reported, minimizing the risk of fraud, errors, or mismanagement. Regular training for financial staff and the use of advanced financial software further enhance the effectiveness of these controls. The company's commitment to strong internal financial controls provides stakeholders with confidence in the accuracy and reliability of its financial statements, supporting informed decision-making and regulatory compliance.

Management Discussion & Analysis

Management Systems

Effective management systems are the backbone of the company's operations, ensuring that all processes are aligned with strategic goals and executed efficiently. These systems include performance management frameworks, quality assurance protocols, and compliance monitoring tools. Through a well-structured management system, the company can track progress, identify areas for improvement, and ensure that all departments are working towards common objectives. Regular reviews and updates to management systems are conducted to adapt to changing business needs and external conditions. By fostering a culture of continuous improvement and accountability, the company's management systems support sustained operational excellence, driving long-term success and competitiveness in the market.

Information Technology Services

Information Technology services are essential for supporting the company's operational efficiency and strategic initiatives. The IT department manages the organization's technology infrastructure, including hardware, software, and network systems, ensuring that all digital assets are secure, reliable, and scalable. IT services also include data management, cybersecurity, and the integration of new technologies to enhance productivity and innovation. The business invests in cutting-edge IT solutions to streamline processes, improve communication, and support data-driven decision-making. Regular system updates, cybersecurity training for employees, and disaster recovery planning are key components of the IT strategy. By leveraging advanced technology, the company ensures that it remains agile, competitive, and resilient in an increasingly digital landscape.

Human Resources Department

The Human Resources department plays a pivotal role in fostering a productive and positive work environment. HR is responsible for attracting and retaining top talent, ensuring that the company's workforce is equipped with the skills and motivation needed to drive business success. This includes managing recruitment processes, onboarding, employee training, and development programs. HR also oversees performance management, employee relations, and compliance with labor laws. By promoting a culture of continuous learning and professional growth, the HR department helps employees achieve their full potential, contributing to overall organizational effectiveness. Additionally, HR plays a crucial role in maintaining employee satisfaction and engagement through regular feedback mechanisms, wellness programs, and initiatives that promote diversity and inclusion.

Cautionary Statement

This Annual Report includes forward-looking statements about our objectives, estimates, and expectations. These statements, which use terms like 'anticipate,' 'estimate,' 'expects,' and similar expressions, reflect our plans and assumptions but cannot guarantee future results. Various factors, such as political and economic changes, exchange rate fluctuations, and sector-specific conditions, could impact our operations. Actual outcomes may differ due to risks and uncertainties, and we do not commit to updating these statements publicly.

Notice

Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and the Circulars issued by the Ministry of Corporate Affairs, the Company is providing facility of remote e-Voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with National Securities Depository Limited (NSDL) for facilitating voting through electronic means, as the authorized agency. The facility of casting votes by a member using remote e-Voting system as well as venue voting on the date of the AGM will be provided by NSDL.

20. The Companies (Management and Administration) Rules, 2014 stipulate that the remote electronic voting period shall close at 05:00 P.M (IST) on the date preceding the date of AGM. Accordingly, the remote e-Voting period will commence at 09:00 A.M (IST) on Tuesday, 16th September, 2025 and will end at 05:00 P.M (IST) on Thursday, 18th September, 2025. The remote e-Voting will not be allowed beyond the aforesaid period and time, and the remote e-Voting module shall be disabled by NSDL.
21. Members may please note that SEBI vide its Circular No. SEBI/ HO/MIRSD/MIRSD_RTAMB/P/CIR/2022/8 dated 25th January, 2022 has mandated the listed companies to issue securities in dematerialised form only while processing service requests viz. issue of duplicate securities certificate; claim from an unclaimed suspense account; renewal/exchange of securities certificate; endorsement; sub-division/splitting of securities certificate; consolidation of securities certificates/ folios; transmission and transposition. Accordingly, Members are requested to make service requests by submitting a duly filled and signed Form ISR-4 for the above-mentioned requests and surrender their original securities certificate(s) for processing of service requests to the RTA. The RTA shall thereafter issue a 'Letter of confirmation' in lieu of physical securities certificate(s), to the securities holder/claimant within 30 days of its receipt of such request after removing objections, if any. The 'Letter of Confirmation' shall be valid for a period of 120 days from the date of its issuance, within which the securities holder/claimant shall make a request to the DP for dematerialising the said securities. Form ISR-4 is available on the website of RTA. It may be noted that any service request can be processed only after the folio is KYC Compliant.
22. As per the provisions of Section 72 of the Act and SEBI Circular, the facility for making nomination is available

for the Members in respect of the shares held by them. Members who have not yet registered their nomination are requested to register the same by submitting Form No. SH-13. If a Member desires to opt out or cancel the earlier nomination and record a fresh nomination, he/ she may submit the same in Form ISR-3 or SH-14 as the case may be. Members are requested to submit the said details to their DP in case the shares are held by them in dematerialized form and to Company's Registrars and Transfer Agents, Purva Share Registry (India) Private Limited in case the shares are held in physical form.

23. The Securities and Exchange Board of India ("SEBI") has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are, therefore, requested to submit their PAN to the Depository Participants with whom they maintain their demat accounts. Members holding shares in physical form should submit their PAN to the RTA of the Company.
24. The cut-off date for the purpose of determining the Members eligible for participation in remote e-voting (e-voting from a place other than venue of the AGM) and voting at the AGM is Friday, 12th September, 2025. Please note that Members can opt for only one mode of voting i.e., either by voting at the meeting or remote e-voting. If Members opt for remote e-voting, then they should not vote at the Meeting and vice versa. However, once an e-vote on a resolution is cast by a Member, such Member is not permitted to change it subsequently or cast the vote again. Members who have cast their vote by remote e-voting prior to the date of the Meeting can attend the Meeting and participate in the Meeting, but shall not be entitled to cast their vote again.
25. Any person who acquires shares of the Company and becomes a Member of the Company after the dispatch of the Notice and holding shares as on the cut-off date, i.e., 12th September, 2025, may obtain the User ID and password by sending a request at evoting@nsdl.co.in or cs@supremepower.in. However, if you are already registered with NSDL for remote e-voting, then you can use your existing user ID and password for casting your vote. If you forgot your password, you may reset your password by using "Forgot User Details/Password" option available on www.evoting.nsdl.com or contact NSDL at the following Toll-free no. 1800-222-990. Only a Member who is entitled to vote shall exercise his/ her/its vote through e-voting and any recipient of this Notice who has no voting rights as on the Cut-off Date should treat the same as intimation only.

Notice

In terms of the provisions of the SEBI Listing Regulations, the related parties as defined thereunder (whether such related party(ies) is a party to the aforesaid transactions or not), shall not vote to approve resolution.

Basis the consideration and approval of the Audit Committee, the Board of Directors recommend the Ordinary Resolution forming part of Item No. 6 of the accompanying Notice to the shareholders for approval.

Except Mr. Vee Rajmohan, Chairman & Managing Director (DIN: 00844400) and Mr. Vishwambran Nair Pradeep Kumar, Whole-time director (DIN: 10218276) and their respective relatives none of the Directors and/ or Key Managerial Personnel of the Company and/or their respective relatives are concerned or interested financially or otherwise in the Resolution mentioned at Item No. 6 of the Notice.

ITEM NO. 7 : Approval of the overall Borrowing Limits u/s 180(1)(c) of the Companies Act, 2013

Keeping in view the Company's long term strategic and business objectives, the Company may need additional funds. For this purpose, the Company may, from time to time, raise finance from various Banks and/or Financial Institutions and/or any other lending institutions and/or Bodies Corporate and/or such other persons/ individuals as may be considered fit, which, together with the moneys already borrowed by the Company (apart from temporary loans obtained from the Company's bankers in ordinary course of business) may exceed the aggregate of the paid-up capital and free reserves of the Company. Pursuant to section 180(1)(c) and other applicable provisions of companies act, 2013 provides that the Board of Directors shall not borrow in excess of the Company's paid up share capital and free reserves, apart from temporary loans obtained from the Company's bankers in the ordinary course of business, except with the consent of the Company accorded by way of a Special Resolution.

Accordingly, the members of the company previously approved an amount of up to Rs.200 crores as the borrowing limit under Section 180(1)(c) of the Act. Considering the increase in the business of the company and the expansion plans it is proposed to increase the limit of borrowing under Section 180(1)(c) of the Act to Rs. 300 Crore/- (Rupees Three Hundred Crores) to enable the Board to borrow money depending on the requirements of the company from time to time.

The above proposal is in the interest of the Company and the Board recommends the Resolution as set out at Item no. 7 for approval by the members of the Company as Special Resolutions.

None of the Directors or Key Managerial Personnel or their relatives are in any way concerned with or interested, financially or otherwise in the said resolution except to the extent of their shareholding in the Company, if any.

ITEM NO. 8: Creation of mortgage or charge on the assets, properties or undertaking(s) of the Company under Section 180(1)(a) of the Companies Act, 2013

In order to secure the borrowing made by the Company by the lenders, it would be necessary to create charge on the assets or whole or part of the undertaking of the Company in favour of the lenders. In terms of the provisions of Section 180(1)(a) read with Section 110 of the Companies Act, 2013 and Rules made thereunder consent of the Shareholders of the Company by way of a Special Resolution through Postal Ballot is required to sell, lease or otherwise dispose off the whole or substantially the whole of the undertaking or undertakings of the company.

In terms of MCA Notification dated February 9, 2018, any item of business required to be transacted by means of postal ballot, may be transacted at a general meeting by a company which is required to provide the facility to members to vote by electronic means. In terms of the provisions of Companies Act, 2013 and SEBI (LODR) Regulations, 2015, the company is providing the facility to its members to enable them to vote on resolutions at the general meeting, by electronic means. Accordingly, the Special Resolution for creation of mortgage and/or charge on all or any of the movable and/or immovable properties of the Company, is proposed to be passed in this AGM.

The Company has obtained approval of the members under Section 180(1)(a) of the Companies Act, 2013 for an amount of up to Rs.200 crores. In view of the increase in the borrowing limit under Section 180(1)(c) of the Act and the requirements under Section 180(1)(a) of the Act, approval of the members is sought by way of a Special Resolution under Section 180(1)(a) of the Companies Act, 2013 for creation of security on the assets of the company up to an amount of Rs. 300 crore/- (Rupees Three Hundred Crores Only) if and when necessary.

The above proposal is in the interest of the Company and the Board recommends the Resolution as set out at Item no. 8 for approval by the members of the Company as Special Resolutions.

None of the Directors or Key Managerial Personnel or their relatives are in any way concerned with or interested, financially or otherwise in the said resolution except to the extent of their shareholding in the Company, if any.

Notice

ITEM NO. 9: Approval for giving loan or guarantee or providing security under Section 185 of the Companies Act, 2013

Pursuant to the provisions of Section 185 of the Companies Act, 2013 read with the Companies (Meeting of Board and its Powers) Rules, 2014 (the "Rules") (as amended from time to time), no company shall, directly or indirectly, advance any loan, including any loan represented by a book debt to, or give any guarantee or provide any security in connection with any loan taken by (a) any director of company, or of a company which is its holding company or any partner or relative of any such director; or (b) any firm in which any such director or relative is a partner.

However, as per Section 185(2) of the Act, a company may advance any loan (including any loan represented by a book debt), or give any guarantee, or provide any security in connection with any loan taken by any person in whom any Director of the Company is interested, subject to the following conditions:

- (a) The company passes a special resolution in the general meeting; and
- (b) Such loans/guarantees/securities are utilized by the borrowing entity for its principal business activities.

In this regard, it is submitted that, the Company, in the ordinary course of business and pursuant to the stipulations of IndusInd Bank Limited ("the Lender"), has extended Corporate Guarantee(s) aggregating to Rs. 14.70 Crores on behalf of Danya Electric Company ("the Firm"), in respect of the credit facilities sanctioned by the Lender. The Firm is a partnership entity in which the Company holds 90% profit-sharing interest, while the balance 10% is held by Mr. Vee Rajmohan (DIN: 00844400), Chairman & Managing Director, and Mr. Vishwambran Nair Pradeep Kumar (DIN: 10218276), Whole-time Director, who are also Promoter-Directors of the Company. In addition, the said Promoter-Directors have also extended their personal guarantees to the Lender in respect of the aforesaid facilities.

Considering the substantial stake of the Company in the Firm and in order to facilitate its business operations, it is proposed to authorise the Board of Directors to continue to provide, from time to time, Corporate Guarantee(s) and/or Security(ies) in favour of lenders, in respect of the credit facilities availed or to be availed by the Firm, up to an aggregate limit of Rs. 50,00,00,000/- (Rupees Fifty Crores only). The aforesaid approval shall also be deemed to cover the Corporate Guarantee(s) already extended by the Company on behalf of the Firm.

Further, in order to enable the Company to provide loan(s), including loan(s) represented by way of book debt,

and/or give guarantee(s), and/or provide security(ies) in connection with loan(s) taken or to be taken by any of the group entities, or any other person in whom any of the Directors of the Company may be deemed to be interested (as per Explanation to Section 185(2)(b) of the Act), it is proposed to seek the approval of shareholders by way of Special Resolution, for an aggregate amount not exceeding Rs. 50,00,00,000/- (Rupees Fifty Crores only).

The said limit of Rs.50 Crores shall be inclusive of the Corporate Guarantee(s) already extended by the Company on behalf of Danya Electric Company; and the guarantees/securities/loans proposed to be extended to the Firm or any such person/entity covered under Section 185(2)(b) of the Act.

The aforesaid loan(s), guarantee(s), and/or security(ies) shall be utilized strictly for the principal business activities of the borrowing entity and in the best interests of the Company.

Accordingly, the Board recommends the resolution set out at Item No. 9 of the Notice for approval of the Members by way of Special Resolution.

Except Mr. Vee Rajmohan (DIN: 00844400), Chairman & Managing Director, and Mr. Vishwambran Nair Pradeep Kumar (DIN: 10218276), Whole-time Director, and their respective relatives, none of the other Directors, Key Managerial Personnel of the Company, and/or their relatives are concerned or interested, financially or otherwise, in the proposed resolution.

ITEM NO. 10: Approval to make investments, give loans, guarantees and security in excess of limits specified under section 186 of the Companies Act, 2013.

Pursuant to the provisions of Section 186 of the Companies Act, 2013 read with the Companies (Meeting of Board and its Powers) Rules, 2014 (the "Rules") (as amended from time to time), the Board of Directors of a Company can give any loan to any person or body corporate, give any guarantee or provide security in connection with a loan to any other body corporate or person; and acquire by way of subscription, purchase or otherwise, the securities of any other body corporate, any sum or sums of moneys on such terms and conditions and with or without security as the Board of Directors may think fit from time to time which together with the loans, guarantee, security and investment given/provided/made by the Company, beyond the maximum permissible limit under Section 186 of the Companies Act, 2013 i.e. 60% of the paid-up capital of the Company and its free reserves and securities premium account or one hundred per cent of its free reserves and securities premium account, whichever is more, provided that if special resolution has been passed by the shareholders of the Company to that effect.

Notice

In order to make optimum use of funds available with the Company and also to achieve long term strategic and business objectives, the Board of Directors of the Company proposes to make use of the same by making investment in other bodies corporate or granting loans, giving guarantee or providing security to other persons or other bodies corporate as and when required. The loan(s), guarantee(s), security (ies) and investment(s), as the case may be, shall be made in accordance with the applicable provisions of the Companies Act, 2013 and relevant rules made thereunder.

Accordingly, as required under the provisions of Section 186 of the Act, the approval of the members is sought by way of a special resolution to enable the Board to make investment in other bodies corporate or granting loans, giving guarantee or providing security to other persons or other bodies corporate as and when required up to a limit of 100,00,00,000/- (Rupees One hundred Crores Only)..

The above proposal is in the interest of the Company and the Board recommends the Resolution as set out at Item no. 10 for approval by the members of the Company as Special Resolutions.

None of the Directors or Key Managerial Personnel or their relatives are in any way concerned with or interested, financially or otherwise in the said resolution except to the extent of their shareholding in the Company, if any.

Annexure III To The Boards' Report

(vi) Other specifically applicable laws to the Company:

As informed by the management, there are no other laws applicable specifically to the Company.

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards with respect to Meetings of the Board of Directors (SS-1) and General Meetings (SS-2) issued by The Institute of Company Secretaries of India (ICSI).
- (ii) The Listing Agreement entered into by the Company with National Stock Exchange of India Ltd (NSE) in respect of listing of equity shares of the company on NSE EMERGE Platform.

I have relied on the representation made by the Company and its Officers for systems and mechanism formed by the Company for compliances under other applicable Acts, Laws and Regulations to the Company.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above subject to the fact that certain forms/returns required to be filed under the Act has been filed belatedly with payment of applicable additional fee.

I further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors including Woman Director. The Key Managerial Persons (KMPs) required by the Companies Act, 2013 under the provisions of section 203 has been appointed. The changes in the composition of the Board of Directors and KMPs that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors for the meetings of the Board and Committees. Except where consent of directors was received for scheduling meeting at a shorter notice, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting by the directors.

Decisions at the meetings of the Board of Directors/ Committees of the Company were carried unanimously. I was informed that there were no dissenting views of the members on any of the matters on any of the matters during the year that were required to be captured and recorded as part of the minutes.

I further report that the compliance by the Company of applicable financial laws such as direct and indirect tax laws and maintenance of financial records and books of accounts have not been reviewed in this audit since the same have been subject to review by the statutory auditors, tax auditors and other designated professionals

I further report that as per the explanations given to me, by the company, its officers and authorised representatives during the conduct of the audit and compliance certificate (s) placed before the board meeting, the representation made by the Management and relied upon by me, there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines

I further report that during the audit period, there were following specific events / actions having a major bearing on Company's affairs in pursuance of the above-referred laws, rules, regulations, guidelines, standards, etc.:

Independent Auditor's Report

To,
The Members of,
SUPREME POWER EQUIPMENT LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

- We have audited the standalone financial statements of **SUPREME POWER EQUIPMENT LIMITED** (the "Company"), which comprise the balance sheet as at 31st March, 2025, the statement of profit and loss and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information.
- In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the company as at 31st March, 2025, and its profit and cash flows for the year ended on that date.

Revenue from Sale of Products

(See Point 2 of Note: 2 to the Standalone Financial Statements)

The Key audit matter	How the matter was addressed in our audit
The Company's revenue is derived primarily from sale of transformers and related services. Revenue from the sale of goods is recognised upon the transfer of control to the customer.	In view of the significance of the matter we applied the following audit procedures in this area, among others to obtain sufficient appropriate audit evidence:
The Company and its external stakeholders focus on revenue as a key performance metric which contains significant related party transactions.	<ul style="list-style-type: none"> We assessed the appropriateness of Company's accounting policies for revenue recognition by comparing with applicable accounting standards.
Revenue recognition has been identified as a key audit matter as there could be an incentive or external pressures to meet expectations resulting in revenue being overstated or recognized before the control has been transferred	<ul style="list-style-type: none"> We evaluated the design, implementation and operating effectiveness of key internal controls over recognition of revenue. We performed substantive testing by selecting samples (using statistical sampling) of revenue transactions recorded during the year by testing the underlying documents which included sales invoices, dispatch documents, customer orders and proof of deliveries, to assess whether these are recognised in the appropriate period in which control is transferred.

Basis for Opinion

- We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Key Audit Matters

- Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Independent Auditor's Report

The Key audit matter	How the matter was addressed in our audit
	<ul style="list-style-type: none"> We tested, on a sample basis (using statistical sampling) specific revenue transactions recorded before and after the financial year-end date to assess whether revenue is recognised in the financial period in which control is transferred. For revenue from sale of goods to the related parties, we assess the design and implementation of controls over related party transactions, evaluating the pricing and terms of the sales, and testing a sample of transactions to supporting documentation to verify their occurrence, measurement, and appropriate disclosure in the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis and Directors Report (the "Reports") including Annexures but does not include the standalone financial statements and our auditor's report thereon.
- Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is material misstatement of this other information, we are required to report that fact and we have nothing to report in this regard.

Management's Responsibility for the Financial Statements:

- The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the

provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

- In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
- Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements:

- Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Corporate Overview

Statutory Report

Financial Statement

Independent Auditor's Report

13. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
14. Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.
15. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
16. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
17. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.
- Report on Other Legal and Regulatory Requirements:**
18. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure - A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
19. As required by Section 143(3) of the Act, we report that:
- We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

Independent Auditor's Report

- The Balance Sheet, the Statement of Profit and Loss, and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
 - In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act read with the Rule 7 of Companies (Accounts) Rules, 2014, as amended.
 - On the basis of the written representation received from the directors as on 31st March, 2025, taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2025, from being appointed as a Director in terms of Section 164(2) of the Act.
 - With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial control over financial reporting.
 - With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/provided by the Company to its directors during the year is in accordance with the provisions of section 197 read with Schedule V to the Act.
 - With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - The Company does not have any pending litigations which would impact its financial position in its financial statements.
 - The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
- iv. a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- b) The Management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

Independent Auditor's Report

- v. The Company has not declared or paid any dividend, hence reporting under Rule 11(f) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended 31st March, 2025
- vi. The reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 is applicable from 1st April, 2023. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account, which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective software.

Further, for the periods where audit trail (edit log) facility was enabled and operated throughout the year for the respective accounting software, we did not come across any instance of the audit trail feature being tampered with.

ANNEXURE “B”

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 19 (vi) under ‘Report on Other Legal and Regulatory Requirements’ section of our report)

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **SUPREME POWER EQUIPMENT LIMITED** (the “Company”) as of 31st March, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists,

and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company’s internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility

Annexure “B”

of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2025, based on the internal control over financial reporting criteria established by the Company

considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Note: 2 Significant Accounting Policies

1 Basis of Preparation:

The Statement of Assets and Liabilities of the Company as on 31st March, 2025, and the Statement of Profit and Loss and Statements of Cash Flows for the financial year ended on 31st March, 2025 and the annexure thereto (collectively, the "Financial Statements") have been compiled by the management from the Financial Statements of the Company for the financial year ended on 31st March, 2025.

These financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis. GAAP comprises mandatory accounting

standards as prescribed under Section 133 of the Companies Act, 2013 ('Act') read with Rule 7 of the Companies (Accounts) Rules, 2021

2 Revenue Recognition:

The company derives its revenues primarily from engaging in the business of electrical contractors, estimators, planners, designers, research workers, dealers in electrical, mechanical, automobiles, railway equipment and machinery in all branches of engineering. Revenue from services provided under fixed price contracts, where the outcome can be estimated reliably, is recognized based on contract activity. Revenue on time-and-material contracts are recognized as the related services are performed and the revenues from the end of the last billing to the balance sheet date are recognized as unbilled revenues.

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured in accordance with AS-9, Revenue Recognition. Sales are recognized on accrual basis, and only after transfer of services to the customer.

Interest Income: Revenue is recognized on the time proportion basis after taking into account the amount outstanding and the rate applicable i.e, on the basis of matching concept.

Dividend Income: Dividend Income is recognized when the owner's right to receive payment is established. No dividend income was recognized during the financial year 2024-25, as no such income was received.

Other Income: Other items of income and expenditure are recognized on accrual basis and as a going concern basis, and the accounting policies are consistent with the generally accepted accounting policies.

3 Property, Plant and Equipment Including Intangible Assets:

Property, Plant and Equipments are stated at cost, less accumulated depreciation. Cost includes cost of acquisition including material cost, freight, installation cost, duties and taxes, and other incidental expenses, incurred up to the installation stage, related to such acquisition. Property, Plant and Equipments purchased in India by foreign currency are recorded in Rupees, converted at the exchange rate prevailed on the date of purchase. Intangible assets that are

Notes To Standalone Financial Statements

For The Year Ended 31st March, 2025

acquired by the Company are measured initially at cost. After initial recognition, an intangible asset is carried at its cost less any accumulated amortisation and any accumulated impairment loss.

4 Depreciation & Amortisation:

The Company has applied the estimated useful lives as specified in Schedule II of the Companies Act, 2013 and calculated the depreciation as per the Straight Line Method (SLM). Depreciation on new assets acquired during the year is provided at the rates applicable from the date of acquisition to the end of the financial year. In respect of the assets sold during the year, depreciation is provided from the beginning of the year till the date of its disposal.

Intangible assets are amortised on a straight-line basis over the estimated useful life as specified in Schedule II of the Companies Act, 2013. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss. In respect of the assets sold during the year, amortisation is provided from the beginning of the year till the date of its disposal.

Capital work in-progress represents expenditure incurred in respect of assets which are yet to be brought to its working condition for its intended use and are carried at cost. Cost includes related acquisition expenses, construction or development cost, borrowing costs capitalised and other direct expenditure.

Useful Life of Property, Plant and Equipments

Category	Useful life
Computer & Accessories	6 years
Furniture & Fittings	10 years
Testing Equipments	15-20 years
Buildings	58 years
Plant & Machinery	15 years
Electrical Fittings	15 years
Vehicles	10 years

5 Impairment of Assets:

The Management periodically assesses using, external and internal sources, whether there is an indication that an asset may be impaired. An impairment loss is recognised wherever the carrying value of an asset exceeds its recoverable amount. The recoverable amount is higher of the asset's net selling price and value in use, which means the present value of future cash flows expected to arise from the continuing use

of the asset and its eventual disposal. Reversal of impairment loss is recognised immediately as income in the profit and loss account.

6 Use of Estimates:

The preparation of the financial statements in conformity with Generally Accepted Accounting Principles requires the management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to contingent assets and liabilities as at the date of the financial statements and the reported amounts of income and expenses during the year. Examples of such estimates include provisions for doubtful debts, income taxes, post - sales customer support and the useful lives of Property, Plant and Equipments and intangible assets.

7 Inventories:

Inventory of consumables/spares and loose tools are valued at lower of cost and net realisable value. The cost is calculated at purchase price and expenditure directly attributable to the acquisition of such inventories for bringing them to their present location and condition.

8 Trade Receivables:

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

9 Borrowing Costs :

Borrowing costs that are attributable to acquisition, construction or production of qualifying assets, are capitalized as part of the cost of such qualifying assets. A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for intended use. All other borrowing costs are charged to the Statement of profit and loss in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

10 Foreign Currency Transactions:

Domestic Operation:

I . Initial Recognition :

A foreign currency transactions are recorded, on initial recognition in the reporting currency, by applying to the foreign currency amount the

Notes To Standalone Financial Statements

For The Year Ended 31st March, 2025

exchange rate between the reporting currency and the foreign currency at the date of the transaction.

II . Measurement :

Foreign currency monetary items are reported using the closing rate.

Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

Non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

III . Treatment of Foreign Exchange :

Exchange differences arising on settlement/ restatement of foreign currency monetary assets and liabilities of the Company are recognised as income or expenses in the Statement of Profit and Loss.

11 Employee Benefits:

Benefits such as salaries, wages and performance incentives are charged to the statement of profit and loss at the actual amounts due in the period in which the employee renders the related service. However the Company has not adopted any policy for payment of Bonus and thus no amount has been charged to profit and loss account or provisioned in the balance sheet.

A. Post-Employment Benefits:

Defined Benefit Plan:

Gratuity liability is a defined benefit obligation and is unfunded. The Company accounts for liability for future gratuity benefits based on the actuarial valuation using Projected Unit Credit Method carried out as at the end of each financial year.

Defined Contribution Plan:

Provident Fund: Eligible employees receive benefit from provident fund covered under the Provident Fund Act. Both the employee and the company make monthly contributions. The employer contribution is charged off to Profit & Loss Account as an expense.

12 Taxes on Income:

Income Tax expense is accounted for in accordance with AS-22 "Accounting for Taxes on Income" for both Current Tax and Deferred Tax stated below:

A. Current Tax:

Provision for current tax is made in accordance with the provisions of the Income Tax Act, 1961.

B. Deferred Tax:

Deferred tax is recognised, subject to the consideration of prudence, as the tax effect of timing difference between the taxable income and accounting income computed for the current accounting year using the tax rates and tax laws that have been enacted or substantially enacted by the balance sheet date.

Deferred tax assets are recognised and carried forward to the extent that there is a reasonable certainty, except arising from unabsorbed depreciation and carried forward losses, that sufficient future taxable income will be available against which such deferred tax assets can be realised.

13 Provisions and Contingent Liabilities:

A provision is recognised if, as a result of past event, the Company has a present legal obligation that can be estimated reliably and it is probable that an outflow of economic benefit will be required to settle the obligation. Provisions are determined by the best estimate of outflow of economic benefits required to settle the obligation at the reporting date. Where no reliable estimate can be made, a disclosure is made as contingent liability. A disclosure for a contingent liability is also made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is possible obligation or present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

14 Government grant:

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions. Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them

Notes To Standalone Financial Statements

For The Year Ended 31st March, 2025

with the costs that they are intended to compensate and presented within other operating income.

15 Earnings Per Share:

Basic Earnings per share is computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the net profit after tax by the weighted average number of shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The diluted potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value which is the average market value of the outstanding shares. Dilutive potential equity shares are deemed converted as at the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

16 Cash and Cash Equivalents:

The Company's cash and cash equivalents consist of cash on hand and in banks, which can be withdrawn at any time, without prior notice or penalty on the principal. For the purposes of the statement of cash flows, cash and cash equivalents include cash on hand, in banks are considered part of the Company's cash management system. In the balance sheet, bank overdrafts are presented under borrowings within current liabilities.

17 Current and Non current classification:

- 1) An asset shall be classified as current when it satisfies any of the following criteria:
 - (a) it is expected to be realized in, or is intended for sale or consumption in, the company's normal operating cycle;
 - (b) it is held primarily for the purpose of being traded;
 - (c) it is expected to be realized within twelve months after the reporting date; or it is Cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

All other assets shall be classified as non-current.

- 2) A liability shall be classified as current when it satisfies any of the following criteria:

- (a) it is expected to be settled in the company's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is due to be settled within twelve months after the reporting date; or
- (d) the company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities shall be classified as non-current.

An operating cycle is the time between the acquisition of assets for processing and their realization in Cash or cash equivalents. Where the normal operating cycle cannot be identified, it is assumed to have a duration of twelve months.

The same operating cycle applies to the classification of the firm's assets and liabilities.

18 Cash Flow Statement:

Cash flows are reported using indirect method, whereby net profit/loss before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

19 Investments:

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

Independent Auditor's Report

To,
The Members of,
SUPREME POWER EQUIPMENT LIMITED
Report on the Audit of the Consolidated Financial Statements
Opinion

- We have audited the consolidated financial statements of **Supreme Power Equipment Limited** (the Parent/ the Holding Company) and its subsidiaries, (the Parent/ Holding Company and its Subsidiaries together referred to as the Group) which comprise the consolidated balance sheet as at 31st March, 2025, the consolidated statement of profit and loss and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of the significant accounting policies and other explanatory information.
- In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 as amended (the Act) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2025, and their consolidated profit and cash flows for the year ended on that date.

Revenue from Sale of Products

(See Point 3 of Note: 2 to the Consolidated Financial Statements)

The Key audit matter	How the matter was addressed in our audit
<p>The Group's revenue is derived primarily from sale of transformers and related services. Revenue from the sale of goods is recognised upon the transfer of control to the customer.</p> <p>The Group and its external stakeholders focus on revenue as a key performance metric which contains significant related party transactions.</p>	<p>In view of the significance of the matter we applied the following audit procedures in this area, among others to obtain sufficient appropriate audit evidence:</p> <ul style="list-style-type: none"> We assessed the appropriateness of Group's accounting policies for revenue recognition by comparing with applicable accounting standards. We evaluated the design, implementation and operating effectiveness of key internal controls over recognition of revenue.

Basis for Opinion

- We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the consolidated financial statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

- Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Independent Auditor's Report

The Key audit matter	How the matter was addressed in our audit
<p>Revenue recognition has been identified as a key audit matter as there could be an incentive or external pressures to meet expectations resulting in revenue being overstated or recognized before the control has been transferred.</p>	<ul style="list-style-type: none"> We performed substantive testing by selecting samples (using statistical sampling) of revenue transactions recorded during the year by testing the underlying documents which included sales invoices, dispatch documents, customer orders and proof of deliveries, to assess whether these are recognised in the appropriate period in which control is transferred. We tested, on a sample basis (using statistical sampling) specific revenue transactions recorded before and after the financial year-end date to assess whether revenue is recognised in the financial period in which control is transferred. For revenue from sale of goods to the related parties, we assess the design and implementation of controls over related party transactions, evaluating the pricing and terms of the sales, and testing a sample of transactions to supporting documentation to verify their occurrence, measurement, and appropriate disclosure in the financial statements.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

- The Holding Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis and Directors Report (the Reports) including Annexures but does not include the consolidated financial statements and our auditor's report thereon.
- Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is material misstatement of this other information, we are required to report that fact and we have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements:

- The Parent's/ Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Corporate Overview

Statutory Report

Financial Statement

Independent Auditor's Report

10. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate or to cease operations, or has no realistic alternative but to do so.
11. The respective Board of Directors of the company included in the Group is also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements:

12. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.
13. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our

opinion on whether the Parent/ Holding Company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
14. Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.
15. We communicate with those charged with governance of the Parent/ Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Independent Auditor's Report

16. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matters:

17. We have audited the financial statements / financial information of subsidiaries, whose financial statements / financial information reflect total assets of Rs. 2,356.70 lakhs as at 31st March, 2025 and revenue from operations of Rs. 2,834.96 lakhs for the year ended on that date, as considered in the consolidated financial statements.

These financial statements/ financial information are audited and have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, is based solely on such audited financial statements/financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements/ financial information are material to the Group.

Our opinion on the consolidated financial statements above and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the financial statements / financial information certified by the Management

Report on Other Legal and Regulatory Requirements:

18. As required by Section 143(3) of the Act, we report that:
- We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Statement of Cash Flow dealt with by this Report are in agreement with the books of account.

- iv. In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act read with the Rule 7 of Companies (Accounts) Rules, 2014, as amended.

- v. On the basis of the written representation received from the directors of the Parent/ Holding Company as on 31st March, 2025, taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2025, from being appointed as a Director in terms of Section 164(2) of the Act.

- vi. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in Annexure A. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the internal financial control over financial reporting of the company.

- vii. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/provided by the Parent/ Holding Company to its directors during the year is in accordance with the provisions of section 197 read with Schedule V to the Act.

- viii. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

- The Group does not have any pending litigations which would impact its financial position in its financial statements.
- The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Group.

Independent Auditor's Report

- iv. a) The Management of the Group has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or its Subsidiary to or in any other person or entity, including foreign entity (Intermediaries), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company and its Subsidiary (Ultimate Beneficiaries) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- b) The Management of the Group has represented, that, to the best of its knowledge and belief, no funds have been received by the Holding Company or its Subsidiary from any person or entity, including foreign entity (Funding Parties), with the understanding, whether recorded in writing or otherwise, that the Group shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing
- has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. The Holding Company has not declared or paid any dividend, hence reporting under Rule 11(f) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended 31st March, 2025
- which included test checks, the Holding Company has used accounting software for maintaining its books of account, which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective software.
- Further, for the periods where audit trail (edit log) facility was enabled and operated throughout the year for the respective accounting software, we did not come across any instance of the audit trail feature being tampered with.

Annexure A

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 18(vi) under 'Report on Other Legal and Regulatory Requirements' section of our report)

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the Act)

We have audited the internal financial controls over financial reporting of **SUPREME POWER EQUIPMENT LIMITED** (hereinafter referred to as the Parent/ Holding Company) as of **31st March, 2025** in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date. Reporting under clause (i) of sub section 3 of Section 143 of the Act in respect of the adequacy of the internal financial controls with reference to financial statements is not applicable to the subsidiary.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Parent/ Holding Company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to holding company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Parent/ Holding Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the Guidance Note) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated

effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Parent/ Holding Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of

Annexure A

collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Parent/ Holding Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2025, based on the internal control over financial reporting

criteria established by the Parent/ Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Note: 2 Significant Accounting Policies

1 Basis of Preparation:

The Consolidated Financial Statements have been prepared in accordance with Indian Generally Accepted Accounting Principles (IGAAP) under historical cost convention on the accrual basis. GAAP comprises mandatory accounting standards prescribed by the Companies (Accounting Standards) Rules, 2021.

2 Basis of Consolidation:

As per Rule 6 of the Companies (Accounts) Rules, 2014 the consolidation of financial statements of the company shall be made in accordance with the provisions of Schedule III of the Act and the applicable

accounting standards. As per para 5.2 of Accounting Standard AS -21 A subsidiary is an enterprise that is controlled by another enterprise (known as the parent), by virtue of the above provisions of Accounting Standard AS-21, M/s Danya Electric Company being a partnership firm is considered as a subsidiary for preparation of consolidated financials. The basis of consolidation is in nature of investment in subsidiary, further as per para 10 of Accounting Standard AS-21 Consolidation of financial statements, a subsidiary is an entity over which the company has directly or indirectly control of more than one-half of the voting rights.

As the company has more than one-half of control over the firm M/s Danya Electric Company, hence M/s Danya Electric Company is considered as a subsidiary and the financial statements of the group are consolidated on a line-by-line basis and intra-group balances and transactions, including unrealized gain / loss from such transactions, are eliminated upon consolidation. These financial statements are prepared by applying uniform accounting policies in use at the Group. Minority interests which represent part of the net profit or loss and net assets of subsidiaries that are not, directly or indirectly, owned or controlled by the Company, are disclosed separately.

3 Revenue Recognition:

The company derives its revenues primarily from engaging in the business of electrical contractors, estimators, planners, designers, research workers, dealers in electrical, mechanical, automobiles, railway equipments and machinery in all branches of engineering. Revenue from services provided under fixed price contracts, where the outcome can be estimated reliably, is recognized based on contract activity. Revenue on time-and-material contracts are recognized as the related services are performed and the revenues from the end of the last billing to the balance sheet date are recognized as unbilled revenues.

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured in accordance with AS-9, Revenue Recognition. Sales are recognized on accrual basis, and only after transfer of services to the customer.

Interest Income: Revenue is recognized on the time proportion basis after taking into account the amount outstanding and the rate applicable i.e on the basis of matching concept

Notes To Consolidated Financial Statements

For The Year Ended 31st March, 2025

Dividend Income: Dividend Income is recognized when the owners right to receive payment is established.

Other Income: Other items of income and expenditure are recognized on accrual basis and as a going concern basis, and the accounting policies are consistent with the generally accepted accounting policies.

4 Property Plant and Equipment Including Intangible Assets:

Property, Plant and Equipments are stated at cost, less accumulated depreciation. Cost includes cost of acquisition including material cost, freight, installation cost, duties and taxes, and other incidental expenses, incurred up to the installation stage, related to such acquisition. Property, Plant and Equipments purchased in India by foreign currency are recorded in Rupees, converted at the exchange rate prevailed on the date of purchase. Intangible assets that are acquired by the Company are measured initially at cost. After initial recognition, an intangible asset is carried at its cost less any accumulated amortisation and any accumulated impairment loss.

5 Depreciation & Amortisation:

The Company has applied the estimated useful lives as specified in Schedule II of the Companies Act, 2013 and calculated the depreciation as per the Straight Line Value (SLM) method. Depreciation on new assets acquired during the year is provided at the rates applicable from the date of acquisition to the end of the financial year. In respect of the assets sold during the year, depreciation is provided from the beginning of the year till the date of its disposal.

Intangible assets are amortised on a straight-line basis over the estimated useful life as specified in Schedule II of the Companies Act, 2013. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss. In respect of the assets sold during the year, amortisation is provided from the beginning of the year till the date of its disposal.

Capital work in-progress represents expenditure incurred in respect of assets which are yet to be brought to it working condition for its intended use and are carried at cost. Cost includes related acquisition expenses, construction or development cost, borrowing costs capitalised and other direct expenditure.

Useful Life of Property, Plant and Equipments

Category	Useful life
Computer & Accessories	6 years
Furniture & Fittings	10 years
Testing Equipments	15-20 years
Buildings	58 years
Plant & Machinery	15 years
Software	15 years
Vehicles	10 years

6 Impairment of Assets:

The Management periodically assesses using, external and internal sources, whether there is an indication that an asset may be impaired. An impairment loss is recognised wherever the carrying value of an asset exceeds its recoverable amount. The recoverable amount is higher of the asset's net selling price and value in use, which means the present value of future cash flows expected to arise from the continuing use of the asset and its eventual disposal. Reversal of impairment loss is recognised immediately as income in the profit and loss account.

7 Use of Estimates:

The preparation of the financial statements in conformity with Generally Accepted Accounting Principles requires the management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to contingent assets and liabilities as at the date of the financial statements and the reported amounts of income and expenses during the year. Examples of such estimates include provisions for doubtful debts, income taxes, post - sales customer support and the useful lives of Property Plant and Equipments and intangible assets.

8 Inventories:

Inventory of consumables/spares and loose tools are valued at lower of cost and net realisable value. The cost is calculated at purchase price and expenditure directly attributable to the acquisition of such inventories for bringing them to their present location.

9 Trade Receivables:

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

Notes To Consolidated Financial Statements

For The Year Ended 31st March, 2025

10 Borrowing Costs:

Borrowing costs that are attributable to acquisition, construction or production of qualifying assets, are capitalized as part of the cost of such qualifying assets. A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for intended use. All other borrowing costs are charged to the Statement of profit and loss in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

11 Foreign Currency Transactions:

Domestic Operation:

I. Initial Recognition :

A foreign currency transactions are recorded, on initial recognition in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

II. Measurement :

Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

Non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

III. Treatment of Foreign Exchange :

Exchange differences arising on settlement/ restatement of foreign currency monetary assets and liabilities of the Company are recognised as income or expenses in the Statement of Profit and Loss.

12 Employee Benefits:

A. Post-Employment Benefits:

Defined Benefit Plan:

Gratuity liability is a defined benefit obligation and is unfunded. The Company accounts for liability

for future gratuity benefits based on the actuarial valuation using Projected Unit Credit Method carried out as at the end of each financial year.

Defined Contribution Plan:

Provident Fund: Eligible employees receive benefit from provident fund covered under the Provident Fund Act. Both the employee and the company make monthly contributions. The employer contribution is charged off to Profit & Loss Account as an expense.

13 Taxes on Income:

Income Tax expense is accounted for in accordance with AS-22 Accounting for Taxes on Income for both Current Tax and Deferred Tax stated below:

A. Current Tax:

Provision for current tax is made in accordance with the provisions of the Income Tax Act, 1961.

B. Deferred Tax:

Deferred tax is recognised, subject to the consideration of prudence, as the tax effect of timing difference between the taxable income and accounting income computed for the current accounting year using the tax rates and tax laws that have been enacted or substantially enacted by the balance sheet date.

Deferred tax assets are recognised and carried forward to the extent that there is a reasonable certainty, except arising from unabsorbed depreciation and carried forward losses, that sufficient future taxable income will be available against which such deferred tax assets can be realised.

14 Provisions and Contingent Liabilities:

A provision is recognised if, as a result of past event, the Company has a present legal obligation that can be estimated reliably and it is probable that an outflow of economic benefit will be required to settle the obligation. Provisions are determined by the best estimate of outflow of economic benefits required to settle the obligation at the reporting date. Where no reliable estimate can be made, a disclosure is made as contingent liability. A disclosure for a contingent liability is also made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is

Notes To Consolidated Financial Statements

For The Year Ended 31st March, 2025

possible obligation or present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

15 Earnings Per Share:

Basic Earnings per share is computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the net profit after tax by the weighted average number of shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The diluted potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value which is the average market value of the outstanding shares. Dilutive potential equity shares are deemed converted as at the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

16 Cash and Cash Equivalents:

The Company's cash and cash equivalents consist of cash on hand and in banks, which can be withdrawn at any time, without prior notice or penalty on the principal. For the purposes of the statement of cash flows, cash and cash equivalents include cash on hand, in banks are considered part of the Company's cash management system. In the balance sheet, bank overdrafts are presented under borrowings within current liabilities.

17 Current and Non current classification:

- 1) An asset shall be classified as current when it satisfies any of the following criteria:
 - (a) it is expected to be realized in, or is intended for sale or consumption in, the company's normal operating cycle;
 - (b) it is held primarily for the purpose of being traded;
 - (c) it is expected to be realized within twelve months after the reporting date; or it is Cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

All other assets shall be classified as non-current.

- 2) A liability shall be classified as current when it satisfies any of the following criteria:

- (a) it is expected to be settled in the company's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is due to be settled within twelve months after the reporting date; or
- (d) the company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities shall be classified as non-current."

An operating cycle is the time between the acquisition of assets for processing and their realization in Cash or cash equivalents. Where the normal operating cycle cannot be identified, it is assumed to have a duration of twelve months.

The same operating cycle applies to the classification of the firm's assets and liabilities.

18 Cash Flow Statement:

Cash flows are reported using indirect method, whereby net profit/loss before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

Gratuity - The Present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method. This method considers each period of service as giving rise to an additional unit of benefit entitlement and measures each unit separately to build up the final obligation.

Interest Cost: It is the increase in the Plan liability over the accounting period resulting from the operation of the actuarial assumption of the interest rate.

Current Service Cost: is the discounted present value of the benefits from the Plan's benefit formula attributable to the services rendered by employees during the accounting period.

Actuarial Gain or Loss: occurs when the experience of the Plan differs from that anticipated from the actuarial assumptions. It could also occur due to changes made in the actuarial assumptions.
