MESSAGE FROM CHAIRMAN AND MANAGING DIRECTOR

Dear Shareholders,

Greetings

We take immense pleasure in sharing with you the performance highlights of your esteemed company and presenting the Annual Report for the financial year 2024–25.

Industrial Outlook

Infrastructure is the backbone of a thriving economy. While India has historically trailed behind some developed nations in terms of infrastructure and public facilities, recent years have witnessed a remarkable transformation. Through progressive policies and strategic initiatives, the Government has laid the foundation for accelerated growth, aiming to bridge the gap and usher in a new era of development.

Experience and Expertise

Since its incorporation in 2001, Rachana Infrastructure Ltd has consistently demonstrated strength and excellence in the field of infrastructure development. With acclaimed experience and expertise, the company has contributed significantly to nation-building through its work on highway projects, delivering over 500 kilometers of both rigid and flexible pavement annually for the past few years. In addition, the company has played a vital role in executing pipeline works for irrigation projects and actively participated in various building construction projects aimed at national development.

Financial Highlights

During the year under review, your Company recorded total net sales of ₹9686.73 lakhs, marking a significant increase from ₹9396.95 lakhs in the previous financial year. The Profit Before Tax (EBT) stood at ₹553.17 lakhs, compared to ₹454.12 lakhs in the previous year. Additionally, the Profit After

MESSAGE FROM CHAIRMAN AND MANAGING DIRECTOR

Tax (PAT) rose to ₹410.33 lakhs, up from ₹362.84 lakhs in the preceding year. The Board of Directors remains optimistic about your Company's performance and future growth prospects.

Manpower

We credit our talented team for the success that we have achieved till, thanks to their consistent collaboration, commitment, and diligence. Their dedication to excellence and our steadfast focus on quality have fuelled our accomplishments. The company owns a complete workforce—spanning operational, technical, and clerical roles—and is equipped with advanced plant, machinery, and laboratory tools that enable us to undertake large-scale road construction projects. With a growing team of over 150 employees, we've built a motivated and unified workforce that operates not only as a team, but as a family.

Future Growth and Outlook

We are proud to share that the Company continues its upward trajectory, reaching new milestones in its pursuit of growth through excellence. Rachana Infrastructure Limited (RIL) has consistently demonstrated its commitment to business excellence, successfully executing expansion projects that enhance cost competitiveness and profitability. As India strives towards its **\$5 trillion economy goal**, rapid industrialization remains a key priority. Encouraged by the government's support for new industrial developments, we are actively strengthening our footprint in the industrial infrastructure sector.

Since its incorporation, the Company has been actively engaged in a wide range of infrastructure and civil construction projects. Over the years, we have built a strong customer base and an effective marketing network. Rachana Infrastructure Limited (RIL) has evolved from a local contractor in Ahmedabad into a pan-India infrastructure company. Initially awarded small-scale contracts by local government bodies, we gradually expanded through subcontracts from major infrastructure companies across Gujarat, Madhya Pradesh, Maharashtra, Jharkhand, Assam and several other states. Over time, the Company has developed extensive expertise in conventional construction areas such as buildings, roads, irrigation systems, hydro power projects, and mining. With experience and strategic growth, we have successfully extended our operations into other regions across country which includes Assam, Maharashtra, Madhya Pradesh, Jharkhand and Rajasthan. Our experienced, expatriate and adequately team handle daily operations efficiently under regular supervision.

We reaffirm our commitment to actively pursue new opportunities and dedicate our best efforts toward advancing the growth and success of the organization.

MESSAGE FROM CHAIRMAN AND MANAGING DIRECTOR

Closing in gratitude:

On behalf of the Team Rachana, we extend our heartfelt gratitude to all our valued shareholders for your unwavering confidence and trust. We assure you that every effort will be made to propel the Company to greater heights, and we remain committed to delivering robust growth in the years ahead.

We sincerely thank our dedicated management colleagues for their instrumental role in ensuring the smooth functioning of the Company. Our deepest appreciation also goes out to our stakeholders, customers, business associates, employees, bankers, and vendors for their continued support and belief in our vision.

Your ongoing encouragement inspires us to strive for excellence and to make a lasting, positive impact in the industry we proudly serve. Let's move forward together for the development of nation a Vision of our Prime Minister and joint the **Viksit Bharat 2047**, we invite you to be a part of our growth journey and share in the rewards of our collective success.

Thank you for being an integral part of the Rachana.

With Warm Regards,

Sd/-

Yours Sincerely

- 9. In continuation to this Ministry's **General Circular No. 20/2020** dated 05.05.2020, General Circular No. 02/2022 dated 05.05.2022 and General Circular No. 10/2022 dated 28.12.2022 and after due examination, it has been decided to allow companies whose AGMs are due in the Year 2023 or 2024, to conduct their AGMs through VC or OAVM on or before 30th September, 2024 in accordance with the requirements laid down in Para 3 and Para 4 of the General Circular No. 20/2020 dated 05.05.2020.

THE INTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

- **Step 1** : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.
- **Step 2** : Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.
- (i) The voting period begins on 19th September, 2025 at 9.00 a.m. and ends on 21st September, 205 at 5.00 p.m. During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of 15th September, 2025 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020,** under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote evoting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.
 - Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders**, **by way of a**

single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

(iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

ANNEXURE- "C" MANAGEMENT DISCUSSION AND ANALYSIS REPORT

GLOBAL ECONOMIC OVERVIEW AND OUTLOOK

Global growth is forecast to slow from the 2.5% 2024 pace to 2.4% in 2025 and rebound to 2.7% in 2026. Inflation is expected to continue to cool, although in many countries the price pressure will take longer to unwind than it took to emerge.

The slower expected glide path on rate cuts by the U.S. Federal Reserve, which plays an outsized role in global financial markets, will have a larger impact on rate decisions by developing economies. These markets are more sensitive to the exchange rate movements than we have seen in the past. Weakening currencies relative to the U.S. dollar are inflationary for those economies. To further complicate matters, foreign exchange markets have been reacting to unexpected election outcomes.

Between interest rate uncertainty and the elections, business leaders remain hesitant to engage in major investment projects. Consumers are cutting back on financed goods due to elevated rates, while governments face higher financing costs as debt rolls over at higher interest rates.

OUTLOOK:

Overall, the global economic outlook remains cautious. While growth persists, persistent inflation, elevated geopolitical risks, and structural vulnerabilities pose significant downside risks. Sustained global recovery will depend critically on restoring trade cooperation, maintaining prudent monetary and fiscal frameworks, and investing in productivity enhancing sectors such as technology, energy and education. International cooperation will be essential to strengthen economic resilience and foster a more inclusive sustainable growth trajectory.

INDIAN ECONOMIC OVERVIEW

India's strong economic performance in FY24 has reaffirmed its position as one of the world's fastest-growing major economies. Nominal GDP or GDP at Current Prices in the year 2024-25 is estimated to exceed Rs. 325 lakh crores (3.9 trillion US dollar), against the provisional estimates of Rs. 295.36 lakh crores (3.54 trillion US dollar) for 2023-24. The estimated growth in nominal GDP during 2024-25 is expected to be around 10.0%, driven by sustained consumption, increased private sector investment and robust capital expenditure by the Government. India's exports continue to recover with a focus on diversification, with Engineering Goods, Petroleum Products and Electronic Goods remaining key contributors. Rising employment levels, an uptick in rural demand and robust urban consumption patterns are expected to support GDP growth in the upcoming quarters. Government policy thrust on tax rationalisation, digitisation, and infrastructure development is likely to continue driving long-term growth. The contact-based services sector remains resilient and is expected to contribute meaningfully to the GDP in FY26.India's position as a preferred investment destination is further strengthening amidst global volatility, supported by macroeconomic stability, policy consistency and a strong domestic market.

OUTLOOK:

India's economic outlook for FY 2025–26 remains broadly positive, underpinned by dynamic domestic demand, structural policy reforms, and substantial investments across critical sectors. The Reserve Bank of India projects real GDP growth at 6.5% for FY 2025–26, maintaining the same rate as estimated for FY 2024-25. RBI has further projected growth rate of 6.7% for FY 2026-27, highlighting continued recovery momentum. This expansion is expected to be driven by continued infrastructure investments, accelerating digital transformation, rising manufacturing output supported by Production Linked Incentive (PLI) schemes, and sustained rural consumption bolstered by favourable agricultural performance.

Infrastructure development remains a key catalyst for growth, with significant investments directed towards highways, railways, ports, and urban connectivity, improving logistics efficiency and reducing operational costs for businesses across the economy. At the same time, inflationary trends warrant continued vigilance. While headline inflation has moderated, food inflation remains elevated in certain segments, influencing consumer purchasing power and posing challenges for monetary policy calibration. The RBI is likely to maintain a cautious yet adaptive stance, adjusting policy levers as necessary to balance growth and price stability.

INDUSTRY OVERVIEW

Indian infrastructure sector

The infrastructure sector continues to be a cornerstone of India's economic strategy. With significant investments under the National Infrastructure Pipeline (NIP), Gati Shakti and related schemes, the Government is targeting integrated development across transport, energy, logistics and urban infrastructure.

In the Union Budget for financial year 2025-26, the government allocated H11.21 lakh crore towards capital expenditure, marking a continued commitment following the previous year's allocation of H11.11 lakh crore. This strategic investment is aimed at enhancing India's physical infrastructure across segments such as power, roads, bridges, urban infrastructure and water resources. Looking ahead, the government's vision of 'Viksit Bharat' by 2047 offers a comprehensive blueprint for economic transformation, centred on building human capital, expanding infrastructure, and leveraging technology for inclusive growth. Maintaining geopolitical stability will also be critical to realising this vision, as regional frictions, particularly with neighbouring Pakistan, could pose headwinds to progress. With prudent macroeconomic management, India is well positioned to harness these structural strengths and achieve durable, sustainable progress over the coming decades.

ROADS AND HIGHWAYS

India has the second largest road network in the world and its National Highways span a total length of 1,46,145 km, forming the primary arterial network of the country. Maharashtra has the longest network of national highways in India, with a total length of approximately 18,459 km, followed by Uttar Pradesh at 12,292 km and Rajasthan with 10,706 km in second and third place respectively.

India is well positioned to capitalise on emerging opportunities in the global infrastructure landscape, supported by a robust policy framework, favourable demographic trends, with the growing needs of its rapidly urbanising population. This momentum is further fuelled by the broader demand from emerging economies and the global shift towards sustainable and resilient infrastructure. As India works towards becoming a USD 5 trillion economy, infrastructure development remains a critical enabler.

Increased expenditure in this sector has a multiplier effect on the economy, boosting productivity and laying the foundation for long term sustainable growth. The continued emphasis on world-class infrastructure creation reflects India's broader economic vision.

In addition to the central government's efforts through agencies like the National Highways Authority of India (NHAI), various state governments are actively developing highways and expressways, contributing significantly to the expansion of India's road infrastructure.

GOVERNMENT POLICIES

Indian Government continues to place a strong emphasis on urban infrastructure and has introduced several key measures to support the expansion of sustainable urban transport solutions. Metro Rail has emerged as a cornerstone of this transformation, offering a fast, reliable and eco-friendly alternative to conventional public transport commuting methods.

With sustainability now a critical global imperative, India is increasing its focus on the creation of green and resilient infrastructure. Renewable energy projects, innovative waste management solutions, eco-friendly buildings, and sustainable transportation networks are emerging areas where infrastructure companies can explore and capitalise on substantial opportunities.

The Government has been implementing several initiatives for the development of road infrastructure and transformed the landscape from commuting perspective.

National Monetisation Pipeline-II

The second phase of the National Monetisation Pipeline (NMP-II) presents significant opportunities for infrastructure companies, as the Government of India sets an ambitious asset monetisation target of `10 Lakh Crores over a five-year period from FY 2025-26 to FY 2029-30, with `1.9–2 Lakh Crores earmarked for FY 2025-26. This phase builds on the success of NMP 1.0, under which the government achieved `5.65 Lakh Crores of the `6 Lakh Crores objective amounting to 94% of the initial target, over a four-year period from FY 2021-22 to FY 2024-25.

NMP-II will focus on strategic sectors such as coal and mining, highways, power, and railways, while also expanding its scope to infrastructure development on vacant public land. With a reinvestment goal of 10 Lakh Crores in new projects, this phase is designed to unlock capital for greenfield development, boost private participation, and enhance asset productivity.

The National Highways Authority of India (NHAI) is expected to be the largest contributor in FY 2025-26, followed closely by power, railways, and coal & mining sectors. Road assets alone are projected to generate ` 0.3 Lakh Crores through monetisation. Overall, asset monetisation in FY 2025-26 is expected to exceed the ` 1.8 Lakh Crores achieved in the previous year by 5–10%.

A wide spectrum of industries will contribute to asset classes and land parcels under NMP 2.0, including:

- Ports
- Warehousing and Storage
- Coal and Mines
- Telecommunications
- Civil Aviation
- Roads and Railways
- Electricity
- Petroleum and Natural Gas
- Urban Infrastructure (including housing and transportation)

Key policy measures to encourage private participation: The Government decided to leverage private sector expertise and resources to deliver projects more efficiently, effectively and at a lower cost than traditional procurement methods.

The private sector brings its expertise in project management, financing and technology, while the Government provides regulatory oversight, public policy direction and often some form of financial support. This has gained popularity in

recent years as the Government seeks to provide essential infrastructure and services to its citizens without relying solely on public funds.

Public-Private Partnership (PPP) model: This is a model of infrastructure development and service delivery that involves collaboration between the public and private sectors. Under the PPP model, the Government partners with private companies to finance, design, build, operate and maintain infrastructure projects such as highways, airports and power plants. The private sector brings in capital, technical expertise, and efficiency in operations, while the Government offers assistance through policies, regulatory frameworks and funding. The objective of PPP is to leverage the strengths of both sectors to deliver better-quality and more cost-effective public services.

Fast-tracking of project approvals: The Government has streamlined the project approval process for infrastructure projects to make it easier for private companies to invest in such projects. This includes setting up a single-window clearance system and reducing the number of approvals required.

Logistics infrastructure: In recent years, India's logistics infrastructure has attracted considerable attention and investment as it remains inadequate to meet the country's growth aspirations.

If improvements are not made in a timely manner the waste produced by inadequate logistical infrastructure is expected to increase.

The waste produced by inadequate logistical infrastructure is expected to increase. However, if addressed in an integrated and coordinated manner, almost half of this waste can be eliminated. Also, this will help lower India's transportation fuel requirements by 15 to 20%

To address these challenges, an integrated approach is required, focusing on the development of rail and waterway networks, alongside roads. The Government has undertaken several initiatives, such as the Dedicated Freight Corridors (DFCs) and the Bharat Mala project, aimed at improving connectivity and reducing transportation costs. These projects involve the construction of new highways, expressways and rail corridors, providing efficient transportation links between major industrial and consumption centres

OPPORTUNITIES:

Government Infrastructure Projects: The Indian government has announced several infrastructure projects, including the Bharat Mala Pari yojana, the Sagar mala project and the National Highways Development Project. These projects will require

significant investments in infrastructure and these opportunities need to be capitalised on by winning contracts for construction, operation and maintenance.

Increased Private Sector Participation: The Indian Government has been actively encouraging private sector participation in the infrastructure industry through various policy measures. This has led to an increase in private investments in areas such as infra development of roads, ports, airports and increased focus on renewable energy.

Infrastructure Development in Tier-II and Tier-III Cities: The Indian Government is focusing on developing infrastructure in smaller cities and towns, which presents significant opportunities for investors and businesses.

This includes investments in areas such as affordable housing, access to clean water, sanitation and healthcare.

Increased Investment in Digital Infrastructure: The Indian government has launched several initiatives to promote the development of digital infrastructure,

including the Digital India programme. This has led to a surge in investment in areas such as broadband connectivity, data centres and e-commerce.

Emerging Markets: With the growth of the Indian economy, there is a rising demand for infrastructure development in smaller towns and cities. This can be leveraged by expanding of operations to emerging markets and offering its services in these regions.

Focus on new models of operations: Hybrid Annuity Mode (HAM), Toll Operate and Transfer and Operate Maintain and Transfer, Engineering, Procurement and Construction (EPC) are some of the new models gaining prominence. The Engineering, Procurement and Construction (EPC) model is becoming increasingly popular in the construction industry due to its efficiency and cost-effectiveness. The Company has already secured several EPC contracts and this trend is expected to continue, providing significant opportunities for growth. The Company has also secured few HAMS and BOT model-based projects which gives future growth opportunities to the Company.

Embracing technology: With technological advancements, the construction industry is rapidly changing and companies that embrace technology can gain an early mover advantage. The Company implements advanced digital solutions and leverages

cutting-edge tools to enhance project management, improve operational efficiency and drive innovation in infrastructure development. The Company also incorporates the latest technologies such as Artificial Intelligence (AI), Internet of things (IoT) and data

analytics to optimise construction processes, enhance safety measures and deliver sustainable and futuristic infrastructure solutions.

Sustainability: There is a growing preference for sustainable infrastructure and companies that adopt environment-friendly practices can gain a competitive advantage. The Company can profit from this trend by incorporating sustainable practices into its operations, such as using renewable energy sources, reducing waste and improving energy efficiency.

CHALLENGES

Project complexity and risk Management:

Infrastructure projects are often extensive and complex, involving multiple stakeholders, intricate logistics and various risks. Effective project management, risk assessment and mitigation strategies are critical to ensuring successful and timely project execution. Urbanisation and population growth Rapid urbanisation and growing population place further strain existing infrastructure systems. Meeting the demand for transportation, housing, utilities, and other critical services necessitates careful planning and resource allocation.

Political and policy uncertainty:

Changes in government policies, regulations and political scenarios can impact infrastructure projects. Political stability and favourable long-term policies are crucial for attracting investments and ensuring project continuity.

Funding and investments:

It is challenging to secure adequate financing for infrastructure projects. Infrastructure development is often impeded by limited public funds, overlapping priorities and

difficulties in attracting private investment. Regulatory and approval processes

Infrastructure projects often face complex regulatory frameworks and lengthy approval processes. Navigating through various approvals and complying with environmental and land acquisition regulations can cause delays and raise project costs.

Sustainability and climate change:

Building infrastructure that is resilient to climate change and environment-friendly is a growing concern. The industry must address challenges pertaining to reducing carbon emissions, adapting to extreme weather events and implementing sustainable construction practices.

Stakeholder Engagement:

Infrastructure projects involve numerous stakeholders, including communities, local authorities, environmental groups and businesses. Balancing diverse interests,

addressing concerns and maintaining effective communication throughout the project lifecycle is a major challenge.

Outlook

India has to focus on enhancing its infrastructure to reach its year 2025 economic growth target of USD 5 trillion. To this end, the Government has set a target to invest USD 1.8 trillion in infrastructure over the next five years. The Indian government also intends to modernise the country's infrastructure network while creating numerous job opportunities. In the years ahead, the government is expected to focus more on transportation infrastructure. The Government plans include building new highways, railways and airports as well as modernising existing ones. The Government is investing heavily in the development of metro rail systems in major cities, with plans to have metro rail systems in 25 cities by 2025.37 This is expected to enhance transportation efficiency and reduce traffic congestion. Another focus area is energy infrastructure, with the Government striving to increase the generation of renewable energy. This includes investments in solar, wind, hydroelectric and nuclear power.

The Government is also investing in the development of water and sanitation infrastructure, digital infrastructure and affordable housing.

COMPANY OVERVIEW:

Your Company is an Indian Infrastructure Company that has been contributing to the Development of the nation's Infrastructure for over two decades. Your company is mid-size private sector company engaged in the business of Construction of Road projects on Bill of Quantities (BOQ) and on EPC basis. Your Company continues to operate in three business segments only i.e., Road and Highway Construction projects, Trading and Quarry Mining.

Road and Highway Construction project plays a major role in the core business of our company. We are proud to say that This Year we are making more than 110 Lane Length Kilometre Roads. We are specialised in construction of all type of roads like Four Lane Highway, Two Lane Highway, State Highway, Major District Road. We are also involved in roads for Urban Development Town Planning Schemes and also Resurfacing & Reconstruction of roads in City as well. We have done mining works for various clients at our own Mines at Vadagam, Gujarat. In these mining project the mines are almost 100 ft below ground level and million tons of aggregate has been produced from this project so far.

OUTLOOK

Post pandemic, demand for Black trap, Roads and Bridge Construction and its related products has gone up.

Increased penetration of organized retail sector, growing population and rising income levels are likely to drive demand for construction projects.

The rapid deterioration of the global economic outlook following the pandemic and Russia-Ukraine war has severely impacted demand and margins. The major focus of the industry will be on cost cutting measures, improving productivity and quality and reduction in wastage.

RISK AND CONCERN

We own a large fleet of equipment and have a large number of employees, resulting in increased fixed costs to our Company. In the event we are not able to generate adequate cash flows it may have a material adverse impact on our operations.

We operate in a highly competitive environment and may not be able to maintain our market position, which may adversely impact our business, results of operations and financial condition.

Our operations could be adversely affected by strikes, work stoppages or increased wage demands by our employees or any other kind of disputes with our employees.

INTERNAL CONTROL SYSTEM AND ADEQUACY

The Company's internal control systems and procedures commensurate with the size and nature of its operations. The Company has adequate system of Internal Controls to ensure that the resources of the Company are used efficiently and effectively, all assets are safeguarded and protected against loss from unauthorized use or disposition and the transactions are authorized, recorded and reported correctly, financial and other data are reliable for preparing financial information and other data and for maintaining accountability of assets. The management periodically reviews the internal control systems and procedures for efficient conduct of the Company's business. Internal Audit is conducted by independent Chartered Accountants, on quarterly basis. To maintain its objectivity and independence,

the Internal Auditors report directly to the Audit Committee of the Board. The Audit Committee reviews the Internal Audit Reports and effectiveness of the Internal Control Systems. If required, the corrective actions are taken and the controls strengthened.

Independent Auditors' Report on Financial Statements

To The Members of

Rachana Infrastructure Limited

Report on the audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **Rachana Infrastructure Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss for the year ended on 31 March, 2025, Cash Flow Statement and notes to the financial statements for the year ended on March 31, 2025, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under section 133 of the Act read with the Companies (Accounting Standards) Rules, 2021, as amended, ("AS") and accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, its profit and its cash flows for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with the Standards on Auditing (SAs), as specified under Sec 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's responsibilities for the audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the Financial Statements.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Financial Statements of the current year. These matters were addressed in the context of our audit of the Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

Use of the percentage-of-completion method requires the Company to determine the actual costs expended to date as a proportion of the estimated total costs to be incurred for allotted contract. The estimation of total costs involves significant judgement and is	expected profitability. • We selected a sample of fixed price contract measured by using percentage-of-completion method and performed the following:

Evaluated management's ability to reasonably estimate the progress towards satisfying the performance obligation by comparing actual Costs incurred for performance obligations that have been fulfilled.
We identified the estimate of total costs to complete fixed price contracts measured using the percentage completion method as a key audit matter as the estimation of total costs involves significant judgement and is assessed throughout the period of the contract	 Compared costs incurred with Company's estimate of costs incurred till date to identify significant variations and evaluate whether those variations have been considered appropriately in

This estimate has an inherent uncertainty and requires consideration of expected profitability, Costs incurred till date and estimates of costs required to complete the remaining contract performance obligations over the term of the contracts. This	estimating the remaining costs to complete the contract.

required a high degree of auditor judgment in evaluating the audit evidence and a higher extent of audit effort to evaluate the reasonableness of the total estimated amount of revenue recognized on fixed-price contracts.

- Tested the estimates for consistency based on the past years and inquired the possible delays in achieving the completion which require changes in estimated costs to complete the remaining performance obligations.

Refer Note 25 to the Financial Statements

Company has to comply with the various contract requirements including supply/fitting/usage of required quality of material and peripherals as per specifications. There is formal document for standard operation procedures for selection of vendors and subcontractors for ensuring requirement of contracts.

Our audit procedures based on which we arrived at the conclusion regarding reasonableness of selection including the followings:

We understood and performed inquiry with the management on the selection process of vendors and sub-contractors and its effectiveness to ensure that management's selection is in line with the contract requirements.

Company does not have a formalized and

Documented process i.e. SOP with scope of physical verification in place for conducting periodic physical verification of its fixed assets which are recorded in the Fixed Asset Register (FAR). Further, there is no evidence of physical verification presented before us.

Since the Company's operations, which involve widespread deployment of movable and immovable fixed assets across multiple project sites threats like unidentified losses, theft, inefficient utilization, misstatement of recording in the FAR etc are always

present.

Our audit procedures based on which we arrived at the conclusion regarding reasonableness of maintenance of FAR including the followings:

We tested and inquired for the new additions during the year in the fixed assets, physical position of the said asset and recording in the FAR has been verified to identify the risks associated with keeping of FAR and based on our test check, no discrepancy have been observed.

Emphasis of matter:

Attention is invited to Note No. 11 to the financial statement regarding Rs. 9,50,00,000/- (Rupees Nine Crore Fifty Lakhs only) advanced during the FY 2022-23 to an individual for the purpose of carrying joint venture business of acquisition of land for construction and development of residential and commercial properties on agreed terms. Subsequent to advancing the money there is no further progress as regards the commencement of business operations. During the current financial year, amount of Rs. 7,00,00,000/- has been recovered and as per the management representation, continuous efforts are being made for the recovery of the pending amount along with the interest thereon at the earliest.

Our opinion is not modified in this regard.

Information other than the financial statements and auditors' report thereon

The Company's board of directors are responsible for the other information. The other information comprises the information included in the Company's annual report but does not include the Financial Statements and our auditors' report thereon. The Other Information is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard as the other information has not been made available as at the date of the auditor's report.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Sec 134(5) of the Companies Act, 2013 with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards (AS) specified under section 133 of the Act read with the Companies (Accounting Standards) Rules, 2021 as amended. This responsibility also includes the maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the company and preventing and detecting the frauds and other irregularities, selection and application of appropriate accounting policies, making judgements and estimates that are reasonable and prudent and design, implementation and maintenance of internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial

statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The board of directors is responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due
 to fraud or error, design and perform audit procedures responsive to those risks, and obtain
 audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of
 not detecting a material misstatement resulting from fraud is higher than for one resulting from
 error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the
 override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies
 Act, 2013, we are also responsible for expressing our opinion on whether the company has
 adequate internal financial controls system in place and the operating effectiveness of such
 controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the financial statements, including
the disclosures, and whether the financial statements represent the underlying transactions
and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements:

- As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of subsection (11) of Section 143 of the Companies Act, 2013, we give in the "Annexure-A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 2. As required by section 143(3) of the Act, based on our audit we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c. The Balance Sheet, the Statement of Profit and Loss including the Statement of, the Cash Flow Statement dealt with by this Report are in agreement with the books of account;

- e. On the basis of the written representations received from the directors as on March 31, 2025, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025, from being appointed as a director in terms of Section 164(2) of the Act.
- f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B" to this report. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - 1) The Company has disclosed the impact of pending litigations on its financial position in its financial statements.
 - 2) The company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - 3) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - 4) (i) The management has represented to us that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (ii) The management has represented to us that, to the best of its knowledge and belief, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

- ii. (a) The inventories have been physically verified during the year by the management at reasonable intervals. However, details of such verification are not formally kept. In our opinion and according to the information and explanations given to us, the coverage and procedure of such verification by the management is appropriate having regard to the size of the company and nature of its operations. No discrepancy of 10% or more in the aggregate for each class of inventory were noticed on such physical verification of inventories when compared with books of accounts.
- (b) As disclosed in Note no 26 to the financial statements, the Company has been sanctioned working capital limits in excess of Rs. five crores in aggregate from banks during the year on the basis of primary security of current assets of the Company but utilization of sanctioned limits has been allowed by the lenders-based drawing power calculated on the basis of value of stocks reported in the weekly stock statements.

The management represented to us that the reconciliation of the value of stocks / Book debts with sundry creditors reported in the monthly stock statements based on unaudited books, due to the nature of business being construction of roads and building, it is practically impossible, as the representatives from different sites have to confirm the work done / supply of materials made by the vendors which takes lot of time and hence, the figures reported to our bankers for the respective months do not coincide with the reported figures which are based on unaudited books. Further, the written off of book debt, delay in recording of invoice due to pending confirmations, invoice of supplier received late, adjustment of credit/debit notes etc are the reasons which are also contributing the variations in the reported figures. Accordingly, they have shown their inability to provide documentation of such differences and hence the same cannot be examined by us and reported upon. The management has further represented that they have disclosed all the facts in the aforesaid note and also explained the reasons on account of which the differences might have arisen between the value of stock / book debt / sundry creditors reported in monthly stock statements with the figures of books of accounts.

- iii. According to the information and explanations given to us and on the basis of our examination of the books of account, during the year, the company has not granted loans or advances in the nature of loans or any guarantee or security to companies, firms, limited liability partnership or other parties listed in the register maintained under section 189 of the Companies Act 2013. Accordingly, reporting under clause 3 (iii) (a) to (f) of the Order are not applicable to the Company.
- iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of sections 185 and 186 of the Act with respect to the loans given, investments made, guarantees given and security provided.
- v. In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits or amounts which are deemed to be deposits from the public during the year in terms of directives issued by the Reserve Bank of India or the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.

- vi. The Central Government has prescribed maintenance of cost records under section 148(1) of the Act, for the services rendered by the Company. We have broadly reviewed the books of accounts maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate of complete.
- vii. (a) The Company is generally regular in depositing with appropriate authorities undisputed statutory dues such as Goods and Services Tax, Provident Fund, Employees' State Insurance, Income-tax, Sales tax, Service tax, duty of Customs, duty of Excise, value added tax, cess and other applicable statutory dues with the appropriate authorities.

According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income-tax, Goods and Services Tax, duty of customs, cess and other material statutory dues were in arrears as at 31 March 2025 for a period of more than six months from the date they became payable.

(b) The details of the statutory dues which have not been deposited on account of dispute and the forums where the said disputes are pending are as hereunder:

Name of the Statute	Nature of Dues	Forum where dispute is pending	Financial Year	Amount	Amount paid under protest
M.P. Commercial Tax	Commercial Tax	Appellate Authority	2017-18	26.02	6.51
GST	GST	DGGI	2019-20 2020-21	383.08	213
Service Tax	Service Tax	CESTAT Ahmedabad	2016-17	17.373	1.75

viii. In our opinion and according to the information and explanations given to us and on the basis of our examination of the records of the Company, we confirm that we have not come across any transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.

- ix. (a) According to the information and explanations given to us and on the basis of our examination of the books of account, we are of the opinion that, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.
 - (b) According to the information and explanations given to us including representation received from the management, the Company has not been declared wilful defaulter by any bank, financial institution or other lenders or government or any government authority.
 - (c) In our opinion and according to the information and explanations given to us, the Company has utilized the money obtained by way of term loans during the year for the purposes for which they were obtained.
 - (d) On an overall examination of the financial statements of the Company, prima facie, no funds raised on short-term basis have been used for long term purposes by the Company.
 - (e) The Company does not have any subsidiary, associate or joint venture. Accordingly, the requirement to report on clause 3(ix)(e) of the Order is not applicable to the Company.
 - (f) The Company does not have any subsidiary, associate or joint venture. Accordingly, the requirement to report on Clause 3(ix)(f) of the Order is not applicable to the Company.
- x. (a) The Company did not raise money by way of initial public offer or further public offer (including debt instruments) during the year.
- (b) The Company has not made any preferential allotment / private placement of shares / fully / partly / optionally convertible debentures during the year.
 - xi. (a) In our opinion and according to the information and explanations given to us, there has been no fraud by the Company or any fraud on the Company that has been noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) As represented to us by the Management, there are no whistle blower complaints received by the Company during the year.
- xii. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi company. Accordingly, paragraph 3(xii) of the Order is not applicable to the Company.
- xiii. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by applicable accounting standards.

- xiv. In our opinion, the Company has an adequate Internal Audit System commensurate with the size and nature of its business.
- xv. According to the information and explanations given to us, in our opinion, during the year, the Company has not entered into any non-cash transactions with its directors or persons connected with its directors. Accordingly, paragraph 3(xv) of the Order is not applicable to the Company.
- xvi. (a) According to the information and explanations given to us and based on our examination of the records of the company, in our opinion the company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934). Accordingly, the requirement to report on clause 3 (xvi) (a) to (c) of the Order is not applicable to the Company.
 - (b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under Clause 3 (xvi) (d) of the Order is not applicable.
- xvii. The Company has not incurred cash losses during the financial year covered by our audit and in the immediately preceding financial year.
- xviii. During the year, Ankit Chokshi & Co. Chartered Accountants who were appointed as the statutory auditors of the company for the period from FY 2020-21 to 2024-25 had resigned on account of their pre-occupation with other assignments. No issues, concerns or objections requiring our attention were raised by the outgoing auditors.
- xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. The provisions of Section 135 of Companies Act, 2013 are not applicable to the company and hence reporting under Clause 3(xx)(a) and (b) is not applicable.

xxi. According to the information and explanations given to us and based on our examination of the records of the company, in our opinion, financial statements are presented on standalone basis. Accordingly, para 3(xxi) of the order is not applicable to the company.

'Annexure B' to the Independent Auditor's Report to the members of Rachana Infrastructure Limited ('the Company') on its financial statements dated May 29, 2025.

Report on the Internal Financial Controls with reference to Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 2(f) of 'Report on Other Legal and Regulatory Requirements' section.

We have audited the internal financial controls over financial reporting of RACHANA INFRASTRUCTURE LIMITED ("the company") as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of Internal Control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementations and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the guidance note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of Internal Financial Controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those standards and the Guidance note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal financial controls based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the financial statement, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorization of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company's assets that could have material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of inherent limitations of internal financial control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial control over financial reporting to future periods are subject to the risk that internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the company has, in all material respects, an adequate internal financial control over financial reporting and such internal financial control over financial reporting were operating effectively as at March 31, 2025, based on the internal financial control over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Control Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the financial statements

Difference between the value as per books of accounts and as per the monthly statements submitted to lenders:

The Company has been sanctioned working capital limits in excess of Rs. five crores in aggregate from banks during the year on the basis of primary security of current assets of the Company but utilization of sanctioned limits has been allowed by the lenders-based drawing power calculated on the basis of value of stocks reported in the weekly stock statements.

The reconciliation of the value of stocks / Book debts with sundry creditors reported in the monthly stock statements based on unaudited books, due to the nature of business being construction of roads and building, it is practically impossible, as the representatives from different sites have to confirm the work done / supply of materials made by the vendors which takes lot of time and hence, the figures reported to our bankers for the respective months do not coincide with the reported figures which are based on unaudited books. Further, the written off of book debt, delay in recording of invoice due to pending confirmations, invoice of supplier received late, adjustment of credit/debit notes etc. are the reasons which are also contributing the variations in the reported figures.

Due to aforesaid reasons, there will always be mismatch in the value of stock / book debt / sundry creditors as reported in the monthly stock statements and in the value as disclosed in the books of account. The details of the differences are tabulated as under

(figures are in lakhs)

NOTE - 27

Notes forming part of the accounts

(A) STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES:

(a) Basis of preparation and presentation:

These financial statements have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) including the Accounting Standards notified under Section 133 of the Companies Act, 2013, read with Companies (Accounting Standards) Rules, 2021, as amended, ("AS") and the relevant provisions of the Companies Act, 2013.

The financial statements have been prepared under the historical cost convention on accrual basis as a going concern.

(b) Use of estimates:

The estimates and judgments used in the preparation of financial statements are continuously evaluated by the company and are based on historical experience and various other assumptions and factors that the management believes to be reasonable under existing circumstances. Difference between actual results and estimates are recognized in the period in which the results are known/materialized. The said estimates are based on the facts and the events, that existed as at the reporting date, or that date but provide additional evidence about conditions existing on the reporting date.

1) Depreciation/amortization and useful lives of property, plant and equipment/intangible assets: Property, plant and equipment are depreciated over the estimated useful lives of the assets, after taking into account their estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation to be recorded during any reporting period. The useful lives and residual values are based on the Company's historical experience with similar assets and after taking into account the anticipated technological changes. The depreciation for future periods is adjusted if there are significant changes from previous estimates.

2) Recoverability of trade receivables:

Judgments are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors taken into consideration include the credit rating of the counter party, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

(c) Property, Plant and Equipment:

Property, Plant and Equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes

purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Depreciation on Property, Plant and Equipment is provided using Written Down Value (WDV) method on depreciable amount based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013. In respect of the Property, Plant and Equipment purchased during the year, depreciation is provided on pro rata basis from the date on which such asset is ready to be put to use. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any such change in the estimate accounted for on a prospective basis. The estimated useful lives and residual values are as prescribed in Schedule II to the Companies Act, 2013.

Till the previous accounting year, accounting practice was adopted of computing and charging the depreciation on the Investment Property. However, from current year onwards, management has decided to discontinue the above-mentioned accounting treatment of charging depreciation on the Investment Property on account of the same being leased out for the purpose of earning regular rental income and management do not have any intent for using the said Investment Property for conducting the business operations of the Company.

An item of Property, Plant and Equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of Property, Plant and Equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss.

The estimated useful lives of items of Property, Plant & Equipment as prescribed in Schedule II of Companies Act, 2013 as follows:

Asset Class	Useful Life (In Years)
Plant & Machinery	3-15
Motor Vehicles	5-10
Computer and Data Processing Units	3
Furniture and Fittings	10
Laboratory Equipments	5-10
Electrical Installations and Equipment	3-5
Office Equipments	3-10
Buildings	30

(d) Intangible Assets:

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated depreciation and accumulated impairment loss. Intangible Assets mainly consists of Computer Software having estimated useful life of 5 years. The depreciation expense on intangible assets with finite lives and impairment loss is recognized in the Statement of Profit and Loss.

The amortization period and the amortization method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly. If there has been a significant change in the expected pattern of economic benefits from the asset, the amortization method is changed to reflect the changed pattern.

An intangible asset is de-recognized on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from de-recognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognized in statement of profit and loss when the asset is de-recognized.

(e) Revenue Recognition:

- Revenue from operations of Stone Quarry is recognized as per AS 9 'Revenue Recognition' while revenue from operations of Road Construction is recognized on the basis of percentage completion method as per AS 7 'Construction Contract' issued by Institute of Chartered Accountants of India.
- ii) Revenue from sale of goods is recognized when property in goods is transferred to the buyer and the same is measurable at the time of sale and there is no uncertainty regarding ultimate collection from the buyer.
- iii) Contract revenue and its associated costs are accrued and recognized by reference to the stage of completion of the contract at the reporting date.

Contract revenue comprises the initial amount of revenue agreed upon in the contract, the changes in contract work, claims and incentive payments to the extent that it is probable that they will result in revenue and they are capable of being reliably measured.

Contract cost comprises of cost that relate directly to the specific contract, cost that are attributable to contract activity in general and can be allocated to the contract and such other cost as are specifically chargeable to the customer under the terms of the contract.

Stage of completion is determined based on the actual cost incurred till the end of reporting period as compared to the expected total cost of the project and management validates the same based on survey of work performed at the end of each year. The effect of a change in the estimate of contract revenue or contract costs, or the effect of a change in the estimate of the outcome of a contract, is accounted for as a change in accounting estimate and the effect of which are recognized in the Statement of Profit and Loss in the period in which the change is made and in subsequent periods.

An expected loss on construction contract is recognized as an expense immediately when it is certain that the total contract costs will exceed the total contract revenue.

- iv) Interest income from Investment is accounted when the same is accrued.
- v) Other Income and government benefit, subsides, refunds etc. are accounted when right to receive is established.

(f) Valuation of Inventories:

Items of inventories are measured at lower of cost or net realizable value after providing for obsolescence, if any. Cost of inventories comprises of cost of purchase, cost of conversion and other direct costs including direct overheads net of recoverable taxes incurred in bringing them to their respective present location and condition.

Cost of finished goods, work-in-progress, raw materials, chemicals, stores and spares, packing materials, trading and other products are determined on FIFO basis.

(g) Investment:

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties. If an investment is acquired, or partly acquired, by the issue of shares or other securities, the acquisition cost is the fair value of the securities issued. If an investment is acquired in exchange for another asset, the acquisition is determined by reference to the fair value of the asset given up or by reference to the fair value of the investment acquired, whichever is more clearly evident.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the Profit and Loss Account.

Investment property

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Till the previous accounting year, Investment properties were stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprised of the purchase price and directly attributable cost of bringing the investment property to its working condition for the intended use. However, from current year onwards, management has decided to discontinue the above-mentioned accounting treatment of charging depreciation on the Investment Property on account of the same being leased out for the purpose of earning regular rental income and management do not have any intent for using the said Investment Property for conducting the business operations of the Company.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the Profit and Loss Account.

(h) Borrowing Costs:

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets till the date it is ready for its intended use are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

All other borrowing costs are charged to the Statement of Profit and Loss for the period for which they are incurred.

(i) **Employee Benefits:**

i)Short Term Employee Benefits:

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, performance incentives, etc., are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss of the year in which the employee renders the related service.

ii) Post-Employment Benefits:

a) Defined Contribution Plans:

A defined contribution plan is a post-employment benefit plan under which the Company pays specified contributions to a separate entity. The Company makes specified monthly contributions towards Provident Fund and Pension Scheme. The Company's contribution is recognized as an expense in the Profit and Loss Statement during the period in which the employee renders the related service.

b) Defined Benefit Plans:

Past service cost is recognized immediately to the extent that the benefits are already vested and otherwise is amortized on a straight-line basis over the average period until the benefits become vested.

The retirement benefit obligation recognized in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognized past service cost, as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to past service cost, plus the present value of available refunds and reductions in future contributions to the schemes.

Rachana Infrastructure Limited operates post-employment defined benefit plan i.e. gratuity plan (the plan). The plan is unfunded and entitles an employee, who has rendered at least five years of continuous service, to receive half month's salary for each period of completed service at the time of retirement/resignation. The Gratuity expense is recognized on accrual basis as per the report of the Actuary which is required to be obtained every 3 years. Therefore, for any period for which the report of actuary is not required to be obtained, gratuity expense is recognized on the basis of arithmetical formula and workings provided by the consultant for the gratuity. Generally, gratuity is paid to the employees on their retirement / termination of services / resignation / death of the employees.

For the year ended on 31.03.2025, the company has made provision of Rs. 14.11 for Payment of Gratuity under the provisions of Payment of Gratuity Act, 1972 making total contribution till 31.03.2025 to Rs. 94.10.

(j) Segment Reporting:

The Group's operating segments are established on the basis of those components of the Group that are evaluated on the basis of AS-17 (Segment Reporting), in deciding how to allocate resources and in assessing performance. These have been identified taking into account nature of products and services, the differing risks and returns and the internal business reporting systems.

The Group has principal operating and reporting Business segment; viz. (i) Infrastructure Projects and related activity of Quarry Mining and (ii) Trading.

	2024-25		202	2023-24	
	Infrastructure & Mining	Trading	Infrastructure & Mining	Trading

Segment Assets	12159.83	0	12645.48	0	
Segment Liability	2368.81	0.03	3264.82	0	

(k) Taxes on Income:

The tax expenses for the period comprises of current tax and deferred income tax. Tax is recognized in Statement of Profit and Loss.

i)Current Tax:

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the Income Tax authorities, based on tax rates and laws that are enacted at the Balance sheet date.

ii) Deferred Tax:

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax assets are recognized to the extent it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax losses can be utilized.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

The company has made provision of Rs. 142.84 (including deferred tax asset of Rs. 7.16) for taxation in the books of account in view of profit earned during the F.Y. 2024-25 as per the provisions of The Income Tax Act, 1961.

(I) Provisions, Contingent Liabilities and Contingent Assets:

A provision is recognized when the Company has a present obligation (legal or constructive) as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material). Contingent Assets are not recognized, but disclosed in the financial statements, if an inflow of economic benefits is probable.

Contingent liabilities are not provided for, but are disclosed as below:

In respect of GST for FY 2019-20 & 2020-21, a search was initiated by Director General of GST Intelligence (DGGI) in the premises of the company. As a result of search, the company made liable to reverse input tax credit of Rs. 383.08 for the F.Y. 2019-20 & 20-21. Out of the same, the company has paid Rs. 50.00 through duty reversal and Rs. 163.00 paid through cash ledger. Management has taken advice of GST consultant and according to their advice an application was filed with GST department stating that the said payment of Rs. 213.00 shall be treated as duty payment under protest. After taking professional consultation, the management is confident of getting back Rs. 213.00 which is accounted under the head Loans and Advances. Hence, total amount of 383.08 is considered as contingent liability as the matter is subjudice.

(m) Earnings per Share (EPS):

Basic Earnings per share is calculated by dividing the net profit after tax by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share adjust the figures used in determination of basic earnings per share to take into account the conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as at the beginning of the period unless issued at a later date.

(n) Cash and cash equivalents:

Cash and cash equivalents include bank balance, cash on hand, demand deposits with banks, other short term highly liquid investments with original maturities of three months or less.

(o) <u>Cash Flow Statements</u>:

The cash flow statement has been prepared under the indirect method as set out in Accounting Standard (AS 3) statement of cash flows. For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of

outstanding bank overdrafts as they are considered an integral part of the company's cash management.

(t) Impairment of Assets:

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets' net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital. After impairment, depreciation/amortization is provided on the revised carrying amount of the asset over its remaining useful life.

(u) Event Occurring after the Balance sheet Date (AS 4)

In the case of M/s Fernas construction as disclosed in the above Notes 12 and Note 14 respectively, recovery suit under MSMED Act, 2006 was filed by the company. On 27th May 2025, i.e. after the balance sheet date. The arbitration award has been passed and management is in the process of analyzing the legal recourse available for further action as the award amount is lower than the expected recoverable amount. Considering the provisions as prescribed under AS-4, the event has occurred after the balance sheet date and before the date on which financial statements are approved by the Board, the amount of Rs. 851.56 Lakh has been disclosed as Disputed considered Good as at 31.3.2025. Considering the above, since the ultimate outcome cannot be estimated upto the date of audit report, the related accounting treatment with respect to the above and its related impact on the financial statements will be taken into consideration in the next financial year once the final decision is taken by the management as regards challenging / non challenging the said Arbitral Award.

(B) Notes on Accounts:

1) Balances of Depositors, Sundry Debtors, Creditors, and Loans & Advances are subject to confirmation and reconciliation, if any. In many cases where confirmations are not available, management has given approval after verification of transactions reflected in ledger account.

- 2) In the opinion of the board, the current assets, loans and advances are approximately of the value stated if realised in ordinary course of business. Provision for known liabilities are adequate and not in excess of the amount reasonably necessary.
- 3) For better reporting, the heads of accounts are regrouped, rearranged and recasted wherever required in case of the previous year figures.
