## MANAGEMENT DISCUSSION AND ANALYSIS

### BUSINESS OVERVIEW

We are engaged in the business of custom synthesis and manufacturing of chemical intermediates involving complex and differentiated chemistry. We commenced business as a partnership firm in the year 2004 and have, over the years, evolved into custom synthesis and manufacturing of Pharma Intermediates, AGRO intermediates, Cosmetics Intermediates, Pigment Intermediates and Dye Intermediates etc. for a diverse base of Indian and global customers. We work with an approach towards chemistry combined with technology and systems that would lead to sustained product development. Our diverse range of products finds applications across various industries, including pharma, agrochemicals, cosmetics, pigments and dyes.

We have a pilot plant with two glass line assembly and three reactors installed, for batch reaction technology. We use various chemistry compositions like: Acetylation, Amination, Catalytic hydrogenation, Chlorosulfonation, Methoxylation, Nitration, Amidation, Ethoxylation, Sulphonation etc which enables us to cater to niche and advanced intermediate requirements of a wider range of end-products and applications.

We have a dedicated in-house R&D facility which is equipped with laboratories engaged in development and innovation of catalytic process, new chemical screening, which assists us in pursuing efficiencies from the initial conceptualization up to commercialization of a product. The Department of Scientific and Industrial Research has also recognized our in-house R&D facility. We have a diversified products portfolio due to our research and development ("R&D") and technological capabilities. Our R&D team has successfully carried out multi-step synthesis and scale-up for several new molecules in the area of specialty intermediates and as a result expanded our commercialized product portfolio from around 100 products in Fiscal 2021 to around 140 products in Fiscal 2023. As of March 31, 2025, we have a team of 14 technocrats (with degrees such as Bachelor of Science, Master of Science, B. Pharma or Bachelor of Engineering.)

### INDUSTRY OVERVIEW

#### SPECIALITY CHEMICAL AND INTERMEDIARIES

India's chemicals industry is de-licensed, except for few hazardous chemicals. In the Indian chemical industry, alkali chemicals have the largest share with ~71.9% in the total production from April to July 2021 (FY22); production of polymers accounts for ~59% of the total production of basic key petrochemicals in 2019. The chemical industry is expected to contribute US\$ 300 billion to India's GDP by 2025.

India holds a strong position in exports and imports of chemicals at a global level and ranks 14th in exports and 8th in imports at global level (excluding pharmaceuticals). The chemicals industry in India covers more than 80,000 commercial products with overall market size standing at US\$ 178 billion in 2018-19. The industry is expected to grow at 9.3% to reach US\$ 304 billion by 2025 on the back of rising demands in the end-user segments for specialty chemicals and petrochemicals. The specialty chemicals sector is expected to reach US\$ 40 billion by 2025.

Indian manufacturers have recorded a CAGR of 11% in revenue between FY15 and FY21, increasing India's share in the global specialty chemicals market to 4% from 3%, according to the Crisil report. A revival in domestic demand and robust exports will spur a 50% YoY increase in the capex of specialty chemicals manufacturers in FY22 to Rs. 6,000 - 6,200 crore (US\$ 815-842 million). Revenue growth is likely to be 19-20% YoY in FY22, up from 9-10% in FY21, driven by recovery in domestic demand and higher realisations owing to rising crude oil prices and better exports. In FY22, India's dye exports totalled US\$ 3.24 billion.

Chemical production reached 907,639 MT in August 2022, while pet rochemical production reached 1,727,019 MT. In August 2022, production levels of various chemicals were as follows: Soda Ash: 267,416 MT, Caustic Soda: 283,279 MT, Liquid Chlorine: 203,195 MT, Formaldehyde: 26,842 MT and Pesticides and Insecticides: 18,881 MT. A 2034 vision for the chemicals and petrochemicals sector has been set up by the government to explore opportunities to improve domestic production, reduce imports and attract investments in the sector. The government plans to implement production-link incentive system with 10-20% output incentives for the agrochemical sector; to create an end-to-end manufacturing ecosystem through the growth of clusters.

- Specialty chemicals account for 20% of the global chemicals industry's US\$ 4 trillion, with India 's market
- expected to increase at a CAGR of 12% to US\$ 64 billion by 2025. This gain would be driven by a healthy demand growth (CAGR of 10-20%) in the export/end-user industries.
- The Indian dyes and pigments market is projected to reach US\$ 63 billion by 2022, accounting for about 16-18% of the global dye production.
- The agrochemicals market in India is expected to register 8.6% CAGR to reach US\$ 7.4 billion between 2021 and 2026.
- The import of agro-chemical was US\$ 1.79 billion, dyes were US\$ 0.31 billion and the other dye intermediates were US\$ 1.22 billion during April-March 2023.
- Around 50% of the agro-chemicals are exported from India to the world.
- India is the top producer and exporter of castor oil, with 85-90 % of total global exports in the world.
- India holds a strong position in international trading of chemicals and ranks 9th in exports and 6th in imports at a global level (excluding pharmaceuticals).
- The specialty chemicals market in India would grow faster than China, increasing its market share to 6% by 2026 from 3-4% in fiscal 2021. A shift in the global supply chain brought on by the China+1 strategy and a resurgence in domestic end-user demand will fuel significant revenue growth of 18–20% in 2022 and 14–15% in 2023.

## **SPECIALTY CHEMICALS - AGGRESSIVE CAPEX TO DRIVE GROWTH**

- Specialty chemical companies in India have started accelerating their capex plan on the back of strong growth visibility and emerging opportunities
- Due to growing environmental concerns, many chemical companies in China ceased activities in

2018; this led to an increase in manufacturing of specialty chemicals in the Indian market to ensure uninterrupted supply

- Indian manufacturers have recorded a CAGR of 11% in revenue between FY15 and FY21, increasing India's share in the global specialty chemicals market to 4% from 3%, according to the Crisil report.

The company's Board of Directors are responsible for the preparation and presentation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including the Annexure to the Board's Report and Share Holder's Information Etc. and other information forming part of annual report, but does not include the financial statement and auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is material misstatement of this information, we are required to report that fact. We have nothing to report in this regard.

#### **Responsibility of Management for Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. Read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding on the internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Paragon Fine and Speciality Chemical Limited ("the Company") as of 31<sup>st</sup> March, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

**Responsibility of Management and Those Charged with Governance for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by the ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that,

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31<sup>st</sup> March, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
