MANAGING DIRECTOR'S COMMUNIQUE

Dear Stakeholder,

It gives me immense pleasure to present to you the performance review and key developments of our Company for the financial year ended March 31, 2025. Over the years, we have navigated a journey of resilience, innovation, and steady progress, growing from a modest trading business in dyes and intermediaries to becoming a recognised manufacturer with a footprint in domestic and international markets.

During FY 2024-25, our Company achieved a revenue of ₹8,265.96 lakhs, reflecting our continued presence in the dyes and intermediaries segment despite a challenging market environment. We reported an EBITDA of ₹731.17 lakhs, a notable improvement over the previous year, supported by improved operational efficiencies and prudent cost management. The Profit after Tax stood at ₹422.09 lakhs, reflecting the impact of a competitive pricing environment, rising input costs, and fluctuations in export demand.

This year marked yet another important chapter in our journey as we successfully launched our Initial Public Offering (IPO) on the NSE SME Platform on May 7, 2025. This milestone underscores our commitment to enhanced transparency, improved corporate governance, and sustainable growth. Over the years, we have strengthened our foundation through ISO certifications, Government recognition as a One Star Export House, and a consistent focus on quality and compliance.

Looking ahead, our focus will remain on expanding our manufacturing capabilities, enhancing product innovation, and deepening our presence in global markets while maintaining robust risk management practices. We aim to leverage our strengthened capital structure and market visibility post-IPO to pursue sustainable growth and generate long-term value for our shareholders.

I take this opportunity to express my heartfelt gratitude to our employees, customers, business associates, and shareholders for their unwavering trust and support. Together, we are confident of building a stronger and more resilient future for our Company.

ANNEXURE I

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Your director's have pleasure in presenting the management discussion and analysis report for the year ended on March 31, 2025.

Global Economy

Following an unprecedented series of shocks in the preceding years, global growth was stable yet underwhelming through 2024, However, the landscape has changed as governments around the world reorder policy priorities. a series of new tariff measures by the United States and countermeasures by its trading partners have been announced and implemented, ending up in near-universal US tariffs on April 2 and bringing effective tariff rates to levels not seen in a century. This on its own is a major negative shock to growth. The unpredictability with which these measures have been unfolding also has a negative impact on economic activity and the outlook and, at the same time, makes it more difficult than usual to make assumptions that would constitute a basis for an internally consistent and timely set of projections.

The swift escalation of trade tensions and extremely high levels of policy uncertainty are expected to have a significant impact on global economic activity. Under the reference forecast that incorporates information as of April 4, global growth is projected to drop to 2.8 percent in 2025 and 3 percent in 2026—down from 3.3 percent for both years in the January 2025, corresponding to a cumulative downgrade of 0.8 percentage point, and much below the historical (2000–19) average of 3.7 percent.

In the reference forecast, growth in advanced economies is projected to be 1.4 percent in 2025. Growth in the United States is expected to slow to 1.8 percent, a pace that is 0.9 percentage point lower on account of greater policy uncertainty, trade tensions, and softer demand momentum, whereas growth in the euro area at 0.8 percent is expected to slow by 0.2 percentage point. In emerging market and developing economies, growth is expected to slow down to 3.7 percent in 2025 and 3.9 percent in 2026, with significant downgrades for

countries affected most by recent trade measures, such as China. Global headline inflation is expected to decline at a pace that is slightly slower than what was expected in January, reaching 4.3 percent in 2025 and 3.6 percent in 2026, with notable upward revisions for advanced economies and slight downward revisions for emerging market and developing economies in 2025.

India Economy

Despite global uncertainty, India has displayed steady economic growth. India's real GDP growth of 6.4 per cent in FY25 remains close to the decadal average. From an aggregate demand perspective, private final consumption expenditure at constant prices is estimated to grow by 7.3 per cent, driven by a rebound in rural demand. Notes that agriculture growth remained steady in first half of FY25, with Q2 recording a growth rate of 3.5 per cent, marking an improvement over the previous four quarters. Industrial sector grew by 6 per cent in first half of FY25, and is estimated to grow by 6.2 per cent in FY25. Q1 saw a strong growth of 8.3 per cent, but growth moderated in Q2 due to three key factors. First, manufacturing exports slowed significantly due to weak demand from destination countries, and aggressive trade and industrial policies in major trading nations. Second, the above average monsoon had mixed effects - while it replenished reservoirs and supported agriculture, it also disrupted sectors like mining, construction, and, to some extent, manufacturing. Third, the variation in the timing of festivities between September and October in the previous and current years led to a modest growth slowdown in Q2 FY25.

Despite various challenges, India continues to register the fastest growth in manufacturing PMI, stated the Survey. The latest Manufacturing PMI for December 2024 remained well within the expansionary zone, driven by new business gains, robust demand, and advertising efforts.

The services sector continues to perform well in FY25, A notable growth in Q1 and Q2 resulted in 7.1 per cent growth in first half of FY25. Across sub-categories, all the sub-sectors have performed well. India's services export growth surged to 12.8 per cent during April–November FY25, up from 5.7 per cent in FY24.

Gross Foreign Direct Investment inflows recorded a revival in FY25, increasing from USD 47.2 billion in the first eight months of FY24 to USD 55.6 billion in the same period of FY25, a YoY growth of 17.9 per cent, Foreign portfolio investment (FPI) flows have been volatile in the second half of 2024, primarily on account of global geopolitical and monetary policy developments.

As a result of stable capital flows, India’s foreign exchange reserves increased from USD 616.7 billion at the end of January 2024 to USD 704.9 billion in September 2024 before moderating to USD 634.6 billion as on 3 January 2025. India’s forex reserves are sufficient to cover 90 per cent of external debt and provide an import cover of more than ten months, thereby safeguarding against external vulnerabilities.

The government of India’s efforts to boost renewable energy in the country and green investments through schemes, policies, financial incentives and regulatory measures such as PM - Surya Ghar: Muft Bijli Yojana, National Bioenergy Programme, National Green Hydrogen Mission and PM-KUSUM. The capacity addition in solar and wind power has lead to a 15.8 per cent year-on-year increase in renewable energy capacity by December 2024.

Global Dyes Industry

Textile dyes are chemical products used to color fabrics across industries such as apparel, home furnishings, technical textiles, and automobile upholstery. Historically, the market has focused on synthetic dye formulations derived from petrochemicals. However, the industry is undergoing significant change, driven by the adoption of sustainable and environmentally friendly practices. These changes include the shift towards naturally sourced, low-impact reactive dyes, plant-based dyes, and waterless dyeing processes. Growth in textile production, evolving environmental attitudes, and stringent government regulations regarding wastewater effluents and chemical leachates are accelerating this transition.

The textile dyestuffs sector has further growth potential in dyes with advanced performance characteristics, including higher fixation rates, better colorfastness, and reduced water and energy consumption. Several dye categories have experienced growth and continued innovation as a result of strong product development efforts.

The Asia Pacific region held the largest textile dyestuffs market Share, with China, India, and Bangladesh ranking among the top textile manufacturing countries. Major leaders in textile and apparel production have emerged in these regions due to the availability of raw materials, strong industrial infrastructure, and the east-to-west flow of raw materials for textile products and services.

Low cost of manufacturing in the Asia Pacific countries to drive the growth of the textile Dyestuff Market Growth.

The manufacturing sector is considered to be central to a country's economic development. Low-cost manufacturing played a huge role in making China the second-largest economy in the world. Since then, China's transition from low-cost manufacturer to high-tech product manufacturer has encouraged other countries to move into low-cost production.

Textiles is one of the most important industries in terms of the manufacturing of end-products. Any changes in external factors, such as production cost, in this industry directly impact the textile dyes

market. Trend of shifting production units from the Western region to the Asia Pacific to achieve a lower cost of production. It is expected to drive the market for textile dyes in the Asia Pacific countries.

India Dyes Industry

In 2023, the India dyes and pigments market reached a valuation of USD 66 billion. The market is primarily driven by the country's strong textile industry, which contributes 2% to India's GDP. Additionally, rising demand for automotive coatings and industrial applications has bolstered growth. Factors like increasing exports of Indian textiles and expanding domestic production capacity have further fueled the market.

The cities of Ahmedabad, Vadodara, and Mumbai dominate India's dyes and pigments market. Ahmedabad and Vadodara in Gujarat are hubs due to the presence of major manufacturing facilities and easy access to raw materials like chemicals. Mumbai serves as a major commercial center, with strong financial backing and an extensive export network.

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF ARUNAYA ORGANICS LIMITED**

Report on the Audit of the Financial Statements

Qualified Opinion

We have audited the accompanying Financial Statements of "ARUNAYA ORGANICS LIMITED" (the Company) having CIN: U24100GJ2010PLC061794, which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss and the Statement of Cash Flows for the year ended and a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the Basis for Qualified Opinion, the aforesaid Financial Statements give the information required by the Companies Act, 2013 (the Act) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and its profit and its cash flows for the year ended on that date.

Basis for Qualified Opinion

During the course of our audit, we have observed that certain payments in respect of import transactions undertaken by the Company have remained outstanding for a period exceeding six months from the date they became due for payment. Similarly, we have noted that receivables from export transactions have also remained unpaid for a period exceeding six months from the due date of receipt.

The existence of such long-outstanding import payables and export receivables may have implications on the Company's compliance with the applicable provisions of the Foreign Exchange Management Act, 1999 (FEMA) and the rules and regulations framed thereunder. It also reflects on the Company's working capital management and may potentially impact its creditworthiness and business relationships with overseas suppliers and customers.

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the Financial Statements.

Key Audit Matters

Key audit matter is the matter that, in our professional judgement, was of most significance in our audit of the Financial Statements of the current period. This matter was addressed in the context of our audit of the Financial Statements as a whole and in forming our opinion thereon and we do not provide a separate opinion on this matter. We have nothing to report in this regard.

Information Other than the Financial Statements and Auditor's Report Thereon

The Board of Directors of the Company is responsible for the other information. The other information comprises the information included in the operational highlights, Directors' Report and its annexure, Management Discussion and Analysis, Business Responsibility Report, Corporate Governance and Shareholder's information and performance trend, but does not include the Financial Statements and our Auditor's Report thereon. These reports are expected to be made available to us after the date of auditor's report.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Board of Directors of the Company is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities, selection and application of appropriate accounting policies, making judgements and estimates that are reasonable and prudent, and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, the Management is responsible for assessing the ability of the Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error and to issue an Auditor's Report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they can reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of use of the going concern basis of accounting by the Management and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditor's Report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditor's Report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the Company to express an opinion on the Financial Statements.

Materiality is the magnitude of misstatements in the Financial Statements that individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in:

- i. planning the scope of our audit work and in evaluating the results of our work and
- ii. to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and where applicable, related safeguards.

ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of ARUNAYA ORGANICS LIMITED of even date)

Report on the Internal Financial Controls with reference to Financials Statements under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the internal financial controls over financial reporting of **ARUNAYA ORGANICS LIMITED** (the Company) as of March 31, 2025, in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Control

The Management of the Company is responsible for establishing and maintaining internal financial controls with reference to financial statements based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the Guidance Note) issued by the Institute of Chartered Accountants of India (THE "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the policies of the Company, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls of the Company with reference to financial statements over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements over financial reporting and their operating effectiveness. Our audit of internal financial controls with reference to financial statements over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the Auditor's judgement, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to financial statements over financial reporting of the Company.

Meaning of Internal Financial Controls over Financial Reporting

The internal financial control over financial reporting of a company is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with the Generally Accepted Accounting Principles. Internal financial control with reference to financial statements over financial reporting of a Company includes those policies and procedures that

- i) Pertain to the maintenance of records that in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- ii) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with the Generally Accepted Accounting Principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of Management and Directors of the Company; and
- iii) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the assets of the Company that can have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Control over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at March 31, 2025, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").
