Managing Directors

Our progress is a result of our vision, our people, and our ability to execute consistently.

Dear Shareholders,

FY26 was a year of strong performance, disciplined expansion, and meaningful progress towards building a scalable, asset-light, and future-focused cinema exhibition platform.

FY26 AT A GLANCE

STRONG INDUSTRY REVIVAL

India box office grew 12–20% YoY with record growth in tier cities & F&B orges.

THEATRICAL EXPERIENCE REMAINS IRREPLACEABLE

Cinema continues to be a preferred entertainment medium, especially in Tier II & Tier III markets.

MINDFUL CINEMA COMEBACK

Hindi box office recorded over 20% YoY growth, marking a strong return to theatres.

REGIONAL CINEMA STRENGTH

Telugu and Tamil cinema delivered consistent performance and strong audience appeal.

A Message from the Managing Directors

Dear Shareholders,

FY26 was an important year for us at Connplex Cinemas Limited (Previously Known as VCS Industries Limited). Against the backdrop of a steadily improving exhibition environment, we delivered strong operational performance while continuing to expand our footprint in a measured and disciplined manner.

Looking back on the year, we are pleased that our progress remained firmly aligned with our long-term vision of building a scalable, asset-light and future-focused cinema exhibition platform. The momentum we witnessed during the year reflects not just favourable industry trends, but the strength of our operating model and our ability to execute consistently across markets.

Industry Landscape: A Strong Revival with Structural Growth

The Indian cinema exhibition industry continued its recovery journey during FY26, with encouraging signs that the sector is moving beyond post-pandemic normalisation towards a more sustainable growth phase.

The broader Media & Entertainment (M&E) industry grew to approximately ₹2.78 trillion in 2025, driven by technology-led consumption, rising discretionary incomes, and an expanding content ecosystem.

For the Indian cinema exhibition sector, FY26 was among the strongest years since the industry's recovery began. The Indian box office witnessed a sharp revival, with overall collections growing between 15% to 20% on a YoY basis. The year saw the return of both mid-scale and large-scale films, with more than 15 films crossing the ₹100 crore box-office milestone. Hindi cinema staged a notable comeback, recording growth of over 50% YoY, while regional cinema, especially Telugu and Tamil, continued to deliver consistent performance and audience appeal.

Equally encouraging was the continued relevance of theatrical experience, particularly in Tier II and Tier III markets. As incomes rise and consumers increasingly seek accessible out-of-home entertainment options, cinemas have re-emerged as a preferred mass-consumption entertainment medium.

Connplex Performance: Scaling with Discipline

Against this favourable environment, Connplex delivered a strong operational performance while maintaining disciplined expansion.

FY26 saw a step-up in our operational footprint as we expanded to 41 cinemas with 113 screens across 9 states with 9,797 seats. This reflects our ability to identify attractive markets, execute efficiently and scale responsibly.

Our strategy continues to be anchored in Tier II, Tier III, and emerging markets, where we see significant long-term opportunity. At the same time, our balanced portfolio across Express, Signature, and Luxuriance formats enables us to cater to a diverse customer base while strengthening our presence across multiple consumption segments.

Our operating performance reflected strong consumer traction:

- Footfalls increased to 27.63 lakh admits (+63% YoY)
- Average Ticket Price (ATP) improved to ₹264 (+6% YoY)
- Spend per head rose to ₹95, driven by higher F&B and ancillary consumption

These metrics highlight our ability to drive both volume growth and monetization per customer, supported by improved content quality and premium yet accessible cinema formats.

Financial Performance: Strong Growth with Strategic Investments

FY26 has been a year of revenue expansion and healthy profitability, even as we continued to invest in growth and capacity building.

We reported a 54.29% YoY growth in revenue to ₹14,752.06 lakhs, driven by:

- Strong growth in ticketing revenues, reflecting higher footfalls
- Continued traction in cinema-making and franchise income, enabled by our asset-light model
- Expansion of non-ticket revenues, including F&B, advertising, private screenings, and space rentals

This demonstrates our strategic shift towards a multi-revenue-stream model, reducing dependency on box office volatility.

Profitability and Margins

- EBITDA grew 33.11% YoY to ₹3,492.87 lakhs; EBITDA margin at 23.68%
- PAT increased by 37.44% to ₹2,607.92 lakhs; PAT margin at 17.68%

While margins moderated slightly due to expansion-related costs, this reflects deliberate investments in scale and future capacity, with new screen additions, market entry costs, strengthening operational capabilities

As these assets mature, we expect operating leverage to drive margin expansion over time.

Balance Sheet Strength and Capital Efficiency

One of the key highlights of FY26 has been our strong financial discipline:

- Near zero debt, providing strategic flexibility
- Net worth of ₹13,432.35 lakhs

This positions Connplex uniquely to fund expansion without excessive leverage, maintain financial resilience across cycles and capitalize on emerging opportunities in underpenetrated markets.

Diversified Revenue Model

One of the key pillars of Connplex Cinemas' long-term resilience and stability is its diversified revenue model. Unlike traditional cinema exhibition businesses that rely predominantly on box office collections, Connplex has consciously built a balanced and multi-stream revenue structure that strengthens its ability to perform consistently across varying industry cycles.

Connplex continues to benefit from this structure with cinema making / franchise fees at ₹6,481.35 lakhs movie exhibition (ticket sales) at ₹6,213.36 lakhs, F&B revenue at ₹782.32 lakhs, Advertising revenue at ₹291.39 lakhs, Revenue Share-Income at ₹ 199.57 lakhs, VPF Revnue Share ₹317.97 lakhs and other revenue ₹16.79 lakhs. This balanced mix ensures lower dependency on any single segment, improved stability across business cycles, strong operating leverage with scale.

At the core of our revenue base remains ticketing income; however, this is complemented by a strong and growing contribution from cinema making and franchise fees. Our asset-light FOFO and FOCO models enable us to generate revenue through partnerships and management contracts, reducing capital intensity while ensuring steady income streams. This approach not only accelerates expansion but also enhances returns on capital employed, allowing us to scale efficiently without over-leveraging the balance sheet.

In addition to exhibition and franchise income, we continue to see increasing contribution from food and beverage (F&B) sales, which form an integral part of the overall cinema experience. As consumer preferences shift toward premium and experiential entertainment, spends within cinemas have expanded beyond ticketing. Higher footfalls, coupled with curated offerings, have enabled us to improve per capita spend, thereby strengthening overall unit economics. F&B revenues are particularly valuable because of their higher margins and direct correlation with consumer engagement within our properties.

Advertising and other ancillary revenues further enhance the robustness of our revenue mix. On-screen advertising, in-cinema branding, private screenings, and space rentals provide additional monetisation opportunities that are less dependent on film performance. These streams benefit from increased footfalls and improved occupancy but are also supported by the rising attractiveness of cinemas as high-impact advertising platforms, particularly in Tier II and Tier III markets where consumer reach is expanding.

This diversified structure enables Connplex to minimize volatility associated with content-driven fluctuations in box office performance. By balancing ticket revenues with relatively stable and high-margin ancillary streams, we are able to create a more predictable and sustainable earnings profile. Over time, as we continue to scale our network, this model is expected to deliver stronger operating leverage, improved margins, and greater financial resilience.

Industry Trends Reinforcing Our Growth Strategy

The Indian entertainment ecosystem continues to evolve, supported by changing consumer preferences, rising discretionary spending and an increasingly diverse content landscape. Several structural developments across the cinema exhibition industry reinforce our confidence in the long-term growth potential of the sector and remain closely aligned with Connplex's strategic direction.

One of the most encouraging trends has been the growing preference for premium and differentiated entertainment experiences. Consumers today are increasingly willing to spend more for enhanced comfort, superior viewing experiences and modern cinema formats. This shift is reflected in improving ticket realisations across the industry and growing acceptance of premium offerings, creating opportunities for operators that can cater to varied audience expectations.

Equally significant is the continued emergence of Tier II and Tier III markets as important growth centres for organised cinema exhibition. Rising incomes, improving consumption patterns and limited organised entertainment alternatives are driving demand across these markets. Given our strong presence in such locations, we believe we are well positioned to participate in this long-term growth opportunity.

The content ecosystem has also become broader and more balanced. A healthy mix of regional cinema, Hindi films, Hollywood releases and successful mid-budget content is helping sustain audience engagement throughout the year. This diversified content pipeline has contributed to more consistent footfalls and reduced dependence on a handful of blockbuster-driven periods.

While digital platforms continue to expand their reach, the theatrical experience remains highly relevant as a shared and immersive form of entertainment. Increasingly, cinema and streaming platforms are evolving as complementary channels within the broader content ecosystem, with theatrical releases continuing to play an important role in content discovery, audience engagement and franchise building.

At the same time, non-ticketing revenue streams are becoming increasingly important contributors to the economics of cinema exhibition. Food and beverage sales, advertising revenues, private screenings and experiential offerings continue to strengthen unit economics while enhancing the overall customer experience. These revenue streams not only improve profitability but also reduce dependence on box-office performance alone.

Technology is further reshaping the way audiences engage with entertainment. Advances in data analytics, customer engagement platforms and digital marketing capabilities are enabling operators to better understand consumer preferences, strengthen customer relationships and create more personalised experiences.

Taken together, these developments provide a supportive backdrop for the organised cinema exhibition industry. More importantly, they reinforce the strategic choices we have made over the years—focusing on emerging markets, maintaining a diversified revenue model and building a scalable platform capable of delivering sustainable growth over the long term.

Expansion and Way Forward

As we look ahead, our growth strategy remains firmly anchored in disciplined and capital-efficient expansion. We will continue to pursue opportunities through our asset-light FOFO and FOCO franchise models, focusing on underpenetrated and high-growth markets where organised cinema exhibition continues to gain traction.

The outlook for content remains encouraging. The upcoming release calendar features a healthy mix of franchise films, sequels, regional blockbusters and marquee original titles across languages and genres. This breadth of content is expected to support audience engagement throughout the year, drive consistent footfalls and improve screen utilisation across our network.

Importantly, the strength of the content pipeline is no longer dependent on a handful of tentpole releases. The growing diversity of films across Hindi, regional and international markets is creating a more balanced theatrical environment, helping sustain consumer interest across multiple release windows and audience segments.

Supported by our expanding footprint, diversified revenue streams and favourable industry fundamentals, we remain confident in our ability to deliver sustained growth in admissions, revenues and profitability. As our network continues to scale, we expect operating leverage, improving utilisation levels and disciplined execution to further strengthen the quality and resilience of our business.

Closing Remarks

FY26 has been a defining year for Connplex Cinemas Limited, a year where we strengthened our foundation for long-term growth.

As we continue this journey, our focus remains on delivering immersive customer experiences, expanding with discipline and efficiency, enhancing profitability and shareholder value.

We are confident that Connplex is well-positioned to emerge as a leading cinema exhibition platform across India's high-growth markets.

On behalf of the Board, we thank all our stakeholders for their continued trust and support.

Together, we move forward with confidence and ambition.

Warm Regards

NOTES:

1. The relevant explanatory statement pursuant to Section 102 of the Companies Act, 2013 ("Act") in respect of the businesses set out as an item of the accompanying notice is annexed herewith.

2. A statement providing additional details of the Directors seeking appointment/re-appointment at the ensuing AGM of the Company are given in this notice as required under Regulation 36(3) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standards on General Meetings issued by the Institute of Company Secretary of India ("ICSI").

3. Pursuant to the General Circular No. 03/2025 dated September 22, 2025 and other Circulars issued by the Ministry of Corporate Affairs ("MCA") from time to time, and Circular No. SEBI/HO/CFD/CFD-PoD-2/P/CIR/2024/133 dated October 3, 2024 issued by the Securities and Exchange Board of India ("SEBI") ("the Circulars"), companies are allowed to hold AGM through VC, without the physical presence of members at a common venue. Hence, in compliance with the Circulars, the AGM of the Company is being held through VC and the proceedings of the AGM shall be deemed to be conducted at the registered office of the Company.

4. Pursuant to the provisions of the Companies Act, 2013 ("Act"), a Member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his / her behalf and the proxy need not be a Member of the Company. Since this AGM is being held pursuant to the MCA Circulars and SEBI Circulars through VC / OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form, Attendance Slip and route map of the AGM are not annexed to this Notice. However, the Body Corporates are entitled to appoint authorized representatives to attend the AGM through VC/OAVM and participate there at and cast their votes through e-voting.

5. Institutional/Corporate Shareholders (i.e. other than individuals/HUF, NRI, etc.) are required to send a scanned copy (PDF/JPEG Format) of their respective Board Resolution or Governing Body Resolution/Authorization Letter/power of attorney etc. with attested specimen signature of the duly authorized signatory(ies) who are authorized to vote, to the Company by e-mail at cs@theconnplex.com

6. In case of joint holders attending the Meeting, only such joint holder who is higher in the order of names will be entitled to vote.

7. Participation of Members through VC will be reckoned for the purpose of quorum for the AGM as per section 103 of the Act.

8. In line with the aforesaid Circulars, the Notice of the AGM along with Annual Report 2025-26 is being sent only through electronic mode to those Members whose email addresses are registered with the Company/ Depositories. Further, as per Regulation 36(1)(b) of the SEBI Listing Regulations, as amended, a letter containing the web-link, including the exact path, where complete details of the Annual Report are available, is being sent to all the shareholders who have not registered their Email IDs with the Company / RTA / Depositories. Member may note that Notice and the Annual Report 2025-26 can accessed from website of the Company i.e. www.theconnplex.com and Stock Exchange i.e. the National Stock Exchange of India Limited at www. nseindia.com and the AGM Notice is also available on the e-voting website of National Securities Depository Limited ("NSDL") (agency for providing the e-Voting facility) i.e. www.evoting. nsdl.com.

   The Company has also published an advertisement in the newspapers containing the details about the AGM i.e. the conduct of the AGM through VC/OAVM, date and time of the AGM, availability of notice of the AGM along with Annual Report 2025-26 at the Company's website and manner of registering the email IDs, Mobile No. and bank mandate of those Members who have not registered the said details with the Company/ Company's Registrar and Share Transfer Agent.

9. The Company has entered into an agreement with National Securities Depository Limited (NSDL) for facilitating voting through electronic means, as the authorized agency. The facility of casting votes by a member using remote e-Voting system as well as e-voting on the date of the AGM will be provided by NSDL.

10. Members who have cast their vote by remote e-voting prior to the AGM may also attend/ participate in the AGM through VC / OAVM but shall not be entitled to cast their vote again.

11. Shareholders seeking any information with regard to AGM or any matter to be placed at the AGM are requested to write to the Company at least 10 days before the meeting so as to enable the management to keep the information ready.

12. To prevent fraudulent transactions, Members are advised to exercise due diligence and notify the Company of any change in address or demise of any Member as soon as possible. Members are also advised to not leave their demat account(s) dormant for long. Periodic statement of holdings should be obtained from the concerned Depository Participant and holdings should be verified from time to time.

13. To support the "Green Initiative", Members holding shares in physical form are requested to notify/send their email id and bank account details to the RTA of the Company i.e. Accurate Securities and Registry Private Limited by providing necessary details like Folio No., Name of the shareholder. In addition, Members holding shares in the demat form are requested to contact their respective Depository Participant and register their email id and bank account for receiving all communication Notices, Circulars, etc. from the Company electronically.

14. EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT 2013 AND REGULATION 36(5) OF SEBI (LISTING OBLIGATIONS AND DISCLOSURE REQUIREMENTS) REGULATIONS, 2015

ITEM No. 4

Connplex Cinemas Limited (Previously Known as VCS Industries Limited) ("Company") had adopted the "Connplex Cinemas Limited – Employee Stock Option Scheme 2025" (hereinafter referred to as "ESOP Scheme 2025" or "Scheme" or "Plan") on November 10, 2025 approved by the Members via Postal Ballot.

Pursuant to Regulation 7 of the SEBI (Share Based Employee Benefits and Sweat Equity) Regulations, 2021, any variation in the terms of an employee benefit scheme requires prior approval of the shareholders by way of a special resolution, provided that such variation is not prejudicial to the interests of the employees.

Based on the recommendation of the Nomination and Remuneration Committee and approval of the Board of Directors, the Company proposes to amend the Scheme by reducing the minimum vesting period from **Two (2) Years** to **One (1) Year** from the date of grant of options.

The proposed variation is intended to strengthen employee engagement, retention and motivation, enhance the effectiveness of the Scheme as a long-term incentive tool and enable the Company to attract and retain talented employees. The proposed amendment is not prejudicial to the interests of the employees and no options have been granted by the Company under the existing Scheme till date.

Details of the key variations of the ESOP plan are provided below:

1. **Key Variations in the ESOP Plan:**

It is proposed to include the following variations in the ESOP Plan:

Clause No	Description	Position under the ESOP Scheme	Variations Proposed
1	Brief description of the ESOP-2025	With a view to motivate its key work force for their contribution to the corporate growth, to foster a spirit of entrepreneurial mindset, to attract new talents and to retain them for ensuring sustained growth the Board of Directors of the Company approved introduction and implementation of "Connplex Cinemas Limited – Employee Stock Option Scheme 2025", subject to the approval of the shareholders. The Plan shall be operated and administered by the Nomination and Remuneration Committee ('NRC'). The Plan contemplates grant of Options to the eligible employees as defined in the Plan, subject to fulfilment of certain condition(s) as defined in the Plan. The vesting of the options shall be in accordance with conditions as determined by the NRC. There shall be a minimum period of Two Year between Grant of Options and Vesting of Options. After vesting of options, the option grantee earns a right (but not obligation) to exercise the vested options within the exercise period and obtain equity shares of the Company subject to payment of exercise price and satisfaction of any tax obligation arising thereon. The Committee of the Company shall supervise and administer the ESOP-2025. Further, wherever reference is made in the Scheme to the minimum vesting period of Two (2) Years, the same shall stand substituted with One (1) Year and shall be deemed to have been amended accordingly.

2. **Rationale for the variation of the ESOP Scheme:**

The proposed amendments to the ESOP Scheme are intended to enhance the effectiveness of the Scheme as an employee retention, motivation and reward mechanism by providing employees with an opportunity to realize the benefits of equity participation within a shorter timeframe. The reduction in the minimum vesting period from Two (2) Years to One (1) Year is expected to improve employee engagement, attract and retain talent, and align the Scheme with the Company's human resource and business objectives.

3. **Details of the employees who are beneficiaries of such variation:**

All the employees to whom the options will be granted under the ESOP Scheme.

None of the Directors, Key Managerial Personnel of the Company and their relatives are in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 4 of the Notice.

The Board of Directors of the Company recommends the resolution set out at Item No. 4 for approval of the Members as a Special Resolution.

ITEM No. 5

The Company is presently engaged in the business of cinema and related entertainment activities. With a view to diversifying its revenue streams and leveraging its existing brand, and management strength, the Board of Directors, at its meeting held on Wednesday, August 19, 2026, approved the proposal to enter the business of gaming zones and allied entertainment facilities, whether within cinema premises or as standalone operations. This expansion is being undertaken as part of the Company's post-listing growth strategy, enhancing long-term shareholder value.

Accordingly, it is necessary to amend the Memorandum of Association of the Company by inserting a new object clause, as set out in the Resolution above.

None of the Directors, Key Managerial Personnel of the Company, or their respective relatives, is in any way concerned or interested, financially or otherwise, in the said Resolution, except to the extent of their respective shareholding, if any, in the Company.

The Board recommends the Resolution set out at Item No. 5 for approval of the Members as a Special Resolution.

ITEM No. 6

Presently, the Authorised Share Capital of the Company is Rs. 20,00,00,000/- (Twenty Crores Rupees Only) divided into 2,00,00,000 (Two Crore) Equity Shares of Rs. 10 (Ten Rupees Only) each.

Considering the expansion plans in the capital structure of the Company, the Company needs more Authorized Share Capital. The Board at its Meeting held on Wednesday, August 19, 2026, considered it desirable to increase the Authorized Share Capital of the Company from Rs. 20,00,00,000/- (Rupees Twenty Crores Only) divided into 2,00,00,000 (Two Crore) Equity Shares of Rs. 10 (Ten Rupees Only) each to Rs. 25,00,00,000/-(Rupees Twenty Five Crores Only) divided into 2,50,00,000 (Two Crore and Fifty Lakhs) Equity Shares of Rs. 10 (Ten Rupees Only) each.

Consequent upon the increase in proposed authorized share capital of the company, the existing Clause V of the Memorandum of Association of the Company will be substituted. The copy of altered Memorandum of Association of the Company will be available for inspection electronically. Any member/shareholder seeking inspection may write to us at cs@theconnplex.com.

The new equity shares created, shall rank pari-passu in all respects with the Existing Equity Shares in the Company at the time of issue and allotment thereof.

None of the Directors, Key Managerial Personnel of the Company and their relatives are in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 6 of the Notice.

The Board of Directors of the Company recommends the resolution set out at Item No. 6 for approval of the Members as an Ordinary Resolution.

Management Discussion & Analysis

Global economy

The global economy maintained stable growth momentum of around 3.4% in 2024–2025, supported by resilient services demand, technology-driven investments (particularly in AI), and accommodative financial conditions across several major economies. However, entering 2026, that outlook moderated amid rising geopolitical tensions and renewed supply-side shocks, particularly following the February 2026 Middle East conflict.

Under the IMF's April 2026 outlook, global GDP growth is projected at 3.1% in 2026 and 3.2% in 2027, marking a modest slowdown from recent years. At the same time, global inflation, which started easing during 2024–25, is expected to rise temporarily to 4.4% in 2026, driven by a surge in energy and food prices, before declining again in 2027.

Global Growth Projections (%)

Region	2024	2025	2026 E	2027 E
World	~ 3.4	3.4	3.1	3.2
Advanced Economies	~ 1.7 – 1.8	1.9	1.8	1.7
EM & Developing Economies	~4.3–4.4	4.4	3.9	4.2
Middle East & Central Asia	~3.2	3.6	1.9	4.6

Major Economics – GDP Growth (%)

Economy	2024	2025	Key Drivers (2025)
United States	~ 2.0	2.1	Tech investment, fiscal support, resilient consumption
China	~ 5.2	5.0	Strong exports, weak domestic demand
United Kingdom	~0.5–0.7	1.3	Recovery post slowdown, domestic demand
Japan	~1.5	1.2	Consumption rebound, stimulus measures
Germany	~(-0.2)	0.2	Weak manufacturing, gradual improvement

Global Outlook

The global economy is currently on a path of moderate but increasingly fragile growth, as the momentum built from post-pandemic recovery and technology-driven investment is being disrupted by rising geopolitical tensions, particularly the recent conflict in the Middle East. While global output continues to expand at a modest pace, inflation has temporarily edged up again due to higher energy and food prices, interrupting the earlier trend of disinflation. Economic performance remains uneven across regions, with advanced economies growing slowly and emerging markets more vulnerable to external shocks such as higher commodity prices and tighter financial conditions. At the same time, underlying structural forces such as trade fragmentation, rising public debt, and shifting global alliances are weighing on long-term prospects, even as technological advancements like artificial intelligence offer potential support to productivity and growth. Overall, the outlook is characterised by resilience in the face of shocks, but with clear downside risks dominating, largely driven by uncertainty around geopolitics, energy markets, and financial stability.

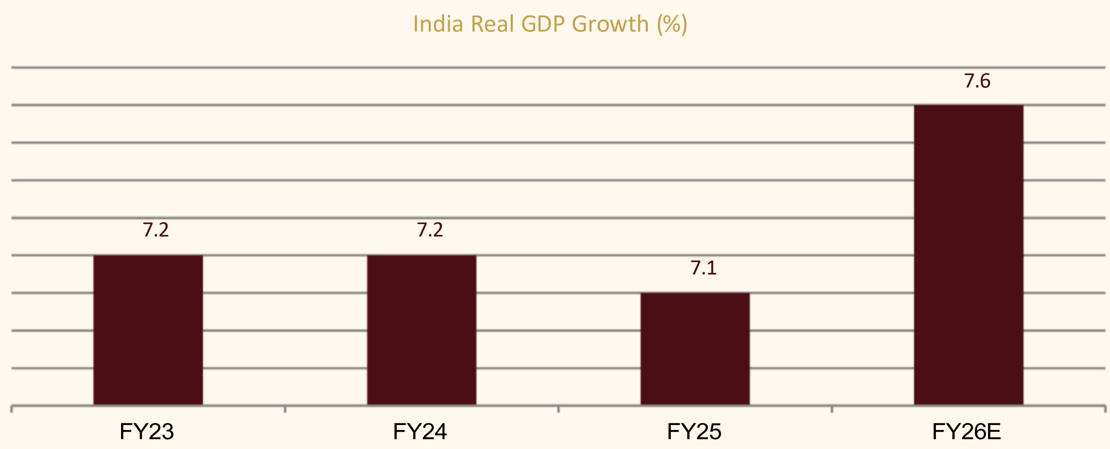
Indian economy

The Indian economy is currently exhibiting strong and sustained growth momentum, driven primarily by robust domestic demand, rising investment activity, and strengthening performance across manufacturing and services sectors. According to the latest national accounts estimates, real GDP growth is projected at around 7.6% in FY 2025–26, improving from 7.1% in FY 2024–25 and maintaining a consistent growth trajectory above 7% over the past three years, indicating stable macroeconomic expansion. Nominal GDP has also risen steadily, reaching approximately ₹345 lakh crore in FY 2025–26, reflecting both real growth and moderate inflationary effects in the economy.



The structure of the Indian economy continues to be dominated by the services sector, which contributes more than half of total economic output, supported by strong expansion in trade, transport, financial services, real estate, and communication activities. The secondary sector, particularly manufacturing and construction, has emerged as a key growth driver with double-digit improvements in certain years, indicating ongoing industrial strengthening and infrastructure development. Meanwhile, the primary sector, although relatively smaller in share, continues to provide a stable base, albeit with comparatively moderate growth.

On the demand side, economic expansion is supported by rising private consumption and investment, both of which have recorded growth rates above 7%, highlighting continued consumer confidence and capital formation. The investment rate remains strong, with gross capital formation contributing significantly to GDP, while savings, particularly from households, have strengthened, thereby improving the domestic resource base for growth. Export performance is improving gradually, although imports remain higher, reflecting strong domestic demand and global integration.

Overall, the Indian economy can be characterised as high-growth, demand-driven, and structurally service-oriented, with increasing support from manufacturing and investment activity. The consistency in growth above 7%, coupled with improving sectoral balance and rising per capita income, indicates resilience and a positive medium-term outlook, despite global uncertainties.

India's Growth Story

India's growth story over the past few years is defined by sustained high economic expansion, structural transformation, and strong domestic demand. The economy has consistently grown above 7%, reaching around **7.6% in FY 2025–26**, reflecting a stable and resilient growth trajectory despite global economic uncertainties. This performance is largely driven by robust internal factors such as increasing private consumption, rising investments, and improvements in infrastructure development. The services sector remains the backbone of the economy, contributing more than half of the total output, while manufacturing and construction have emerged as key contributors to growth, signalling a gradual strengthening of India's industrial base. Additionally, strong capital formation, improving household savings, and expanding digital and financial ecosystems have supported productivity and long-term economic capacity. Overall, India's growth story reflects a transition toward a more diversified, demand- driven, and structurally balanced economy.

Indian Outlook

The outlook for the Indian economy remains optimistic, with growth expected to remain strong and stable in the medium term. Continued expansion is likely to be supported by sustained government focus on infrastructure, digital transformation, and manufacturing development, along with favourable demographic factors such as a young workforce and ongoing urbanisation. Private consumption and investment are expected to remain key growth engines, while services and industrial sectors are likely to continue driving overall economic activity. However, the outlook also depends on managing risks such as global economic slowdown, commodity price volatility, and external shocks that could affect trade and capital flows. Domestically, maintaining inflation stability, improving employment generation, and strengthening productivity will be critical to sustaining high growth momentum. In summary, India's outlook points to continued strong expansion with growing economic depth, making it one of the most important contributors to global growth in the coming years.

Overview of Global Film Exhibition Industry

The global media and entertainment (M&E) industry continues to witness steady expansion, supported by rapid digital consumption, increased technology integration, and evolving audience preferences. It is widely recognised as a **multi-trillion-dollar sector**, with strong momentum driven by the growth of digital media, streaming platforms, and immersive live experiences across global markets.

India is emerging as a key contributor within this global ecosystem, owing to its large-scale content production, expanding consumer base, and rapid digital adoption, which together position the country as both a major consumption hub and an increasingly important content creation centre.
Specifically, the global movies and entertainment segment have demonstrated strong growth potential, with the market estimated at **USD 112.93 billion in 2025 and projected to reach USD 231.37 billion by 2033, registering a compound annual growth rate (CAGR) of approximately 9.7% during 2026–2033.** This growth trajectory is primarily driven by the continued expansion of digital entertainment platforms, increasing penetration of streaming services, and the emergence of diversified revenue streams such as advertising, subscriptions, and experience-led monetisation models.

Key Global Trends & Insights

Digital Transformation and Convergence

Globally, the industry has entered a phase of digital dominance, where streaming, connected TVs, and mobile consumption are reshaping traditional models. Content is no longer restricted to one platform but spans multi-device ecosystems, integrating cinema, OTT, gaming, and live experiences.

Shift Toward Engagement-led Consumption

Consumer behaviour globally is moving from passive viewing to interactive and personalised consumption, driven by AI-based recommendations, gamification, and immersive formats.

Hybrid Monetisation Models

Industry players are increasingly adopting hybrid revenue models combining subscriptions, advertising, and commerce integrations, as reliance on single revenue streams declines

Experiential Entertainment Growth

Demand for live and experiential entertainment (concerts, cinema experiences, events) is growing rapidly, indicating that physical experiences still remain relevant despite digital disruption.

Global Outlook

The global M&E industry is expected to continue expanding at a steady CAGR, with growth led by:

- Digital platforms and advertising
- Subscription-based models
- Cross-platform content monetization
- Expansion of large-scale entertainment experiences

Overview of Indian Film Exhibition Industry

The Indian film exhibition industry recorded a historic performance in 2025, with total gross box office collections reaching approximately ₹13,395 crore, registering a 13% growth over the previous year and becoming the highest-ever collection year in India.

The year also witnessed a significant increase in content success, with 37 films crossing ₹100 crore, compared to 22 films in 2024, reflecting improved content quality and audience engagement.

However, this growth was accompanied by evolving demand dynamics. Total footfalls declined by around 6% to 83.2 crore, indicating that revenue growth was increasingly supported by rising average ticket prices (ATP), which grew sharply by 20% to ₹161.

Indian Box Office Performance in 2025

The year 2025 emerged as a landmark period for the Indian film industry, delivering a strong mix of high-quality content and commercially successful films. It proved to be a highly rewarding year for cinema, reflecting both creative excellence and robust audience engagement.

Record-Breaking Box Office Performance:
The Indian box office achieved an all-time high, with total collections reaching ₹13,395 crore, making 2025 the first year to surpass the ₹13,000 crore milestone. This exceeded the previous record set in 2023 (₹12,226 crore). Additionally, 37 films crossed the ₹100 crore mark, compared to 22 films in 2024, highlighting a significant expansion in successful theatrical releases.

Strong Performance of Hindi Cinema:
Hindi cinema recorded its best-ever year, generating approximately ₹5,504 crore in box office collections. Notably, 93% of these revenues came from original Hindi films, reflecting reduced reliance on dubbed South Indian content, which declined from 31% in 2024 to just 7% in 2025.

Blockbuster Successes Driving Growth:
Films such as Dhurandhar and its sequel Dhurandhar: The Revenge, emerged as the highest-grossing titles of FY 2026, with collections of approximately ₹1,305 crore and ₹1,641 crore, respectively, setting new benchmarks for Hindi cinema.

Resurgence of International Films:
International cinema witnessed a strong revival, recording 49% growth in 2025. This marked the highest post-pandemic performance and the second-best year ever after 2019, indicating renewed audience interest in global content.

Shifting Language Dynamics:
The combined share of South Indian languages declined from 48% in 2024 to 44% in 2025, although Kannada cinema showed notable growth within this segment.

Footfall Trends and Pricing Impact:
Total footfalls stood at 83.2 crore, reflecting a 6% decline from the previous year. This indicates a continued shift where revenue growth is increasingly driven by higher ticket prices rather than volume growth.

Rise in Average Ticket Prices (ATP):
The Average Ticket Price (ATP) witnessed its sharpest rise in the past four years, increasing by 20% from ₹134 to ₹161. This growth was supported by a higher contribution of Hindi and international films (52% share vs. 47% in 2024), as well as elevated pricing strategies for big-ticket films in South markets.

High-Grossing Film Clusters:
Only a select group of films crossed the ₹500 crore mark, including Dhurandhar: The Revenge, Dhurandhar, Kantara: A Legend Chapter-1, and Chhaava. Additionally, Saiyaara, Coolie, and Mahavatar Narsimha each surpassed the ₹300 crore milestone, indicating a strong concentration of box office revenues among blockbuster releases.

Growth in Regional Cinema:
Regional cinema continued to gain momentum, with Gujarati cinema experiencing exceptional growth of 189%, increasing from ₹84 crore in 2024 to ₹242 crore in 2025. This growth was largely driven by the success of Laalo: Krishna Sada Sahaayate, which became the highest-grossing Gujarati film of all time.

Key Trends in Film Exhibition Industry

1. Evolution of Content Consumption Patterns

Content consumption patterns have evolved from star-driven cinema to story- and concept-driven content, with growing diversity in genres including mythology, action franchises, anime, and multi-lingual narratives. Films are increasingly treated as multi-platform intellectual properties, extending their lifecycle beyond theatres.

2. Accelerated Growth of Regional Cinema Ecosystem

Regional cinema has emerged as a dominant force, contributing over 65% of films produced in India, with strong box office performance across languages such as Telugu, Tamil, Malayalam, and Gujarati. Notably, Gujarati cinema recorded 189% growth in 2025, highlighting the rising importance of regional markets in driving exhibition revenues.

3. Reaffirmation of Theatrical as a Premium Consumption Channel

Theatrical releases regained importance in 2025, with record revenues and strong performance of big-budget films. The success of blockbuster titles indicates that cinemas continue to be the preferred medium for premium, large-scale, experiential content, even amid OTT competition.

4. Expanding OTT Ecosystem and Content Distribution Trends

OTT platforms have expanded significantly, with over 143 million households subscribing to OTT services in 2025, supported by bundled offerings and premium content strategies.

However, the proportion of content exclusively produced for OTT remains limited, with films continuing to rely heavily on theatrical release windows for value creation

5. OTT Business Model Transition Towards Sustainable Profitability

OTT platforms are undergoing a strategic shift from aggressive expansion to profitability and sustainable monetisation, reducing content spending and focusing on premium, high-impact content aligned with theatrical performance.

6. Enhancing Guest Experience Through Customer-Centric Innovation

Exhibitors are enhancing customer experience through premium formats, improved seating, F&B offerings, digital ticketing, and personalized services, aligning with evolving consumer expectations for immersive entertainment experiences.

7. Diversification of Revenue Streams Beyond Core Box Office

Revenue streams are increasingly diversified beyond ticket sales to include:

- Food & beverages
- Advertising and brand partnerships
- Event screenings and alternative content
- Non-film content such as live events and sports

This diversification enhances profitability and reduces dependence on box office volatility.

Segment Growth Dynamics

Multiplex Expansion and Premiumisation Momentum in India

The multiplex segment in India is witnessing steady expansion driven by increasing urbanisation and rising consumer preference for premium viewing experiences. Growth is supported by:

- Expansion into Tier-II and Tier-III cities
- Higher screen density in urban clusters
- Adoption of premium formats (IMAX, recliner seating)
- Increasing mall infrastructure

Multiplexes are playing a critical role in driving higher ticket prices and enhanced audience engagement, contributing significantly to overall industry growth.

Shifting Audience Preferences and Multi-Platform Consumption Behaviour

Indian audiences are increasingly multi-platform, price-sensitive, and experience-oriented. While mobile consumption dominates digital viewing, theatrical consumption remains relevant for event films and high-quality cinematic experiences. Audiences also demonstrate a rising preference for regional and localised content, indicating deep cultural resonance in content consumption.

Theatrical and Digital Platforms: A Converging Ecosystem

The competitive landscape between theatres and OTT platforms is evolving toward coexistence rather than substitution. While OTT offers convenience and accessibility, theatres retain a strong advantage in delivering large-scale, immersive, community-driven experiences, especially for blockbuster content. The industry is increasingly adopting a hybrid distribution model, where theatrical release remains the primary window for monetization, followed by OTT releases.

Outlook: Sustained Growth with Evolving Industry Dynamics

The outlook for the Indian film exhibition industry remains positive, supported by:

- Continued expansion of multiplex infrastructure
- Strong pipeline of large-scale films
- Increasing disposable incomes and urban consumption
- Growing demand for premium cinematic experiences

However, challenges remain in the form of OTT competition, content volatility, and dependence on blockbuster releases.

Overall, the industry is expected to witness steady long-term growth, driven by structural demand and evolving consumer preferences, positioning theatrical exhibition as a key pillar of India's entertainment ecosystem.

Challenges in Film Exhibition Industry

The Indian film exhibition industry continues to demonstrate strong growth potential; however, it faces a range of structural and cyclical challenges that require strategic adaptation and operational resilience.

1. Volatility of Content and Dependence on Blockbusters

The performance of the exhibition sector remains highly dependent on the success of a limited number of big-budget films. A significant portion of annual box office collections is concentrated in a few "event" releases, resulting in revenue volatility during periods with fewer high-performing films. This uneven content pipeline impacts theatre occupancy levels and overall profitability.

2. Intensifying Competition from Digital Platforms (OTT)

The rapid proliferation of OTT platforms has transformed content consumption patterns, offering consumers flexibility, convenience, and access to a wide range of content at competitive price points. While theatrical releases remain relevant for large-scale films, the growing availability of high-quality digital content continues to create competitive pressure on cinema footfalls and frequency of visits.

3. Declining Footfalls and Price Sensitivity

Despite growth in overall box office revenues, industry footfalls have shown periodic declines, indicating a shift toward **price-driven revenue growth** rather than volume-led expansion. Rising ticket prices, premium formats, and ancillary costs such as food and beverages have increased the overall cost of a cinema visit, making audiences more selective and price sensitive.

4. Rising Operating and Capital Costs

The industry faces increasing cost pressures across multiple fronts, including:

- Rental and real estate expenses in prime locations
- Employee and utility costs
- Technology investments for premium formats and digital infrastructure
  Maintaining profitability while continuing to upgrade cinema experiences requires significant capital expenditure and operational efficiency.

5. Content Windowing and Release Strategy Uncertainties

The evolution of content release strategies, including shorter theatrical windows and simultaneous or early OTT releases, poses challenges to revenue maximisation for exhibitors. While theatrical releases remain the primary monetisation window, shifting content strategies can impact box office performance, especially for mid-budget films.

6. Fragmentation of Audience Attention

Consumers today have access to multiple entertainment options, including OTT platforms, gaming, social media, and short-form video content. This fragmentation of attention has reduced the frequency of cinema visits, especially among younger audiences, who increasingly consume entertainment across multiple digital platforms.

7. Infrastructure Constraints and Low Screen Density

India continues to have relatively low screen density compared to global benchmarks, particularly in non-metro markets. While this represents a long-term opportunity, it also highlights challenges in terms of infrastructure development, regulatory approvals, and capital deployment for expanding the exhibition footprint.

8. Regulatory and Compliance Environment

The exhibition sector operates within a dynamic regulatory landscape, including local taxation, licensing requirements, and content certification norms. Changes in policies or delays in approvals can impact operational efficiency and expansion plans.

9. Evolving Consumer Expectations

Audiences are increasingly seeking premium, immersive, and differentiated experiences, including enhanced seating, superior audio-visual technology, and integrated food and entertainment offerings. Meeting these expectations requires continuous innovation and investment, adding to cost pressures for exhibitors.

10. Dependence on Urban Consumption Trends

A significant portion of theatrical revenues is driven by urban and metropolitan markets. Economic fluctuations, changes in consumer spending patterns, or disruptions in these markets can directly impact overall industry performance.

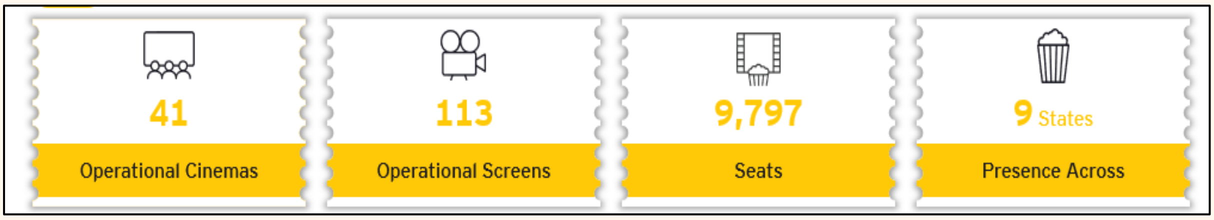
Company Overview

Connplex Cinemas Limited is an emerging and rapidly expanding player in the Indian film exhibition industry, focused on delivering differentiated cinema experiences through a scalable, asset-light business model. Established in 2015, the Company has positioned itself as an innovative entertainment platform that combines premium movie exhibition, strategic partnerships, and diversified revenue streams to create sustainable long-term value.

Over the years, Connplex has built a strong and growing footprint across India, reflecting its steady expansion in both urban and underpenetrated markets. The Company has strategically focused on Tier-II and Tier-III cities, targeting regions with rising disposable incomes and growing demand for quality entertainment infrastructure, thereby tapping into a relatively underserved yet high-potential audience base.

Connplex operates through a unique asset-light franchise-led model, which enables rapid scalability with optimised capital deployment. Through its Franchise-Owned Franchise-Operated (FOFO) and Franchise-Owned Company-Operated (FOCO) structures, the Company collaborates with local entrepreneurs and real estate partners to expand its network efficiently, while maintaining operational and brand consistency. This model reduces capital intensity while accelerating market penetration, enabling faster breakeven and improved returns on investment.



The Company's business is centred around delivering a premium and customer-centric cinema experience, supported by high-quality infrastructure, including recliner seating, advanced projection systems, and state-of-the-art sound technologies. Connplex focuses on creating an immersive and comfortable viewing environment, complemented by curated food and beverage offerings, personalised services, and innovative cinema formats designed to cater to evolving consumer expectations.

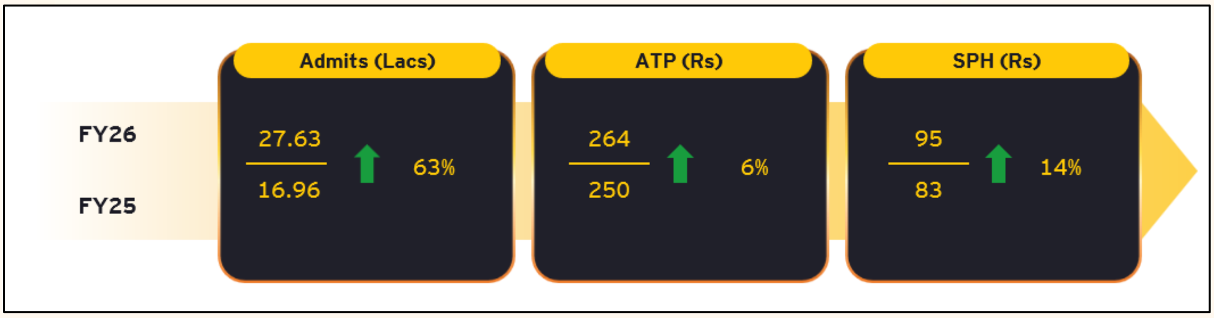
Connplex has developed a diversified revenue model beyond traditional box office collections. Revenue streams include ticket sales, food and beverages, advertising, franchise fees, convenience fees, and private events, allowing the Company to enhance profitability while reducing reliance on box office volatility. In FY 2026, ticketing and F&B continued to remain key contributors, supported by growth in advertising and ancillary services.

The Company has also introduced multiple cinema formats to cater to different customer segments and geographical markets, including:

- **Luxuriance Model** – premium, high-end theatres targeting affluent audiences
- **Signature Model** – versatile and refined formats for a broader audience base
- **Express Model** – compact and efficient formats suited for urban and high-density locations

This flexible format strategy enables Connplex to optimise seating capacity, enhance space utilisation, and tailor customer experiences based on local market demand.

Operationally, the Company has demonstrated strong growth momentum. The number of screens has grown at a 3-year CAGR of approximately 68% (FY23–FY26), supported by continuous expansion and franchise partnerships. Footfalls have also increased significantly, with increase in admissions in FY26, reflecting strong consumer acceptance and brand traction despite industry competition.



Geographically, Connplex has established a balanced presence across regions, with a strong concentration in Western and Eastern India, while steadily expanding into Northern and Southern markets. The Company continues to strengthen its pipeline, with 47 new screens added in FY26.

Strengths, Weakness, Opportunities and Threat: Strengths:

- Connplex operates a FOFO (Franchise-Owned Franchise-Operated) and FOCO (Franchise-Owned Company-Operated) model, enabling rapid expansion with relatively low capital expenditure and improved return potential.
- The Company has demonstrated robust revenue growth with improving profitability margins, reflecting scalability of its business model.
- Revenue is diversified across multiple channels including Ticketing and exhibition, Food & beverages, Cinema setup and franchise income, Advertising and ancillary services. This reduces dependence on a single income stream and enhances resilience.

- Strategic presence in emerging markets allows Connplex to tap high-growth, underpenetrated regions with increasing disposable incomes and limited competition.
- Focus on high-quality infrastructure, advanced projection systems, and premium seating enhances customer experience and supports higher ticket pricing.
- Promoters with direct involvement and significant shareholding bring strategic alignment, operational focus, and long-term commitment.

Weaknesses:
- Heavy reliance on franchise partners may lead to Operational inconsistencies, Service quality variation and Brand dilution risk.
- The business is dependent on Box office Collection, Availability of blockbuster films and Audience turnout fluctuations.
- Top suppliers contribute a significant portion of procurement, creating dependency and potential supply-chain risks.
- Cinema operations, particularly expansion and F&B, require substantial working capital, impacting liquidity management.

Opportunities:
- The Indian M&E sector is expected to grow significantly, supported by increasing digital penetration, rising incomes, and content consumption.
- Low screen density in smaller cities offers significant expansion headroom for Connplex's scalable model. Growing consumer preference for premium cinema experiences aligns well with Connplex's positioning, supporting higher margins.
- Opportunities to expand On-screen and digital advertising, Private events and corporate screenings and Non-film content.
- Investments in digital ticketing, analytics, and premium formats can enhance customer engagement and operational efficiency.

Threats:
- OTT platforms continue to pose a structural threat by offering affordable, convenient, and high-quality alternatives to cinema viewing.
- Cinema attendance is influenced by Release schedules, Economic conditions and Seasonal patterns. This leads to revenue volatility.
- Delays, weak content, or fewer blockbuster releases can significantly impact occupancy and revenues.
- The business is subject to multiple regulatory approvals, tax regimes, and compliance requirements, exposing it to potential penalties and operational disruptions.
- Continuous investments are required to keep pace with advancements in cinema technology, impacting margins and capital requirements.
- Established players with larger scale may have advantages in Film acquisition, Pricing power and Marketing reach.
- Negative publicity or inconsistent franchise performance may adversely affect brand perception and customer trust.

Investor Relations and Engagement:

Investor Relations (IR) plays a crucial role in today's dynamic world to manage investor expectations. INDEPENDENT AUDITOR'S REPORT

To,
The Members of
CONNPLEX CINEMAS LIMITED
(FORMERLY KNOWN AS VCS INDUSTRIES LIMITED)

Report on the Audit of the Standalone Financial Statements

I. Opinion

We have audited the accompanying standalone financial statements of CONNPLEX CINEMAS LIMITED (FORMERLY KNOWN AS VCS INDUSTRIES LIMITED) ("the Company"), which comprise the Balance Sheet as at 31st March, 2026, the Statement of Profit and Loss, the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2026, and its profit, changes in equity and its cash flows for the year ended on that date.

II. Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

III. Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the annual report but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard. The Annual Report is expected to be made available to us after the date of this auditor's report. When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate actions, as applicable under the relevant laws and regulations.

IV. Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are also responsible for overseeing the Company's financial reporting process.

V. Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence· the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financialstatements of the current period and are therefore the key audit matters.

We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

VI. Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
b. In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books.

c. The Balance Sheet, the Statement of Profit and Loss, the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
d. In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
e. On the basis of the written representations received from the directors as on 31st March, 2026 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2026 from being appointed as a director in terms of Section 164(2) of the Act.
f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

ii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iii.(a) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediaries shall, whether directly or indirectly, lend or invest in other persons or entities identified by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to accounts, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clauses (a) and (b) contain any material misstatement.

iv. The Company has not declared any interim or final dividend during the year.

v. In our opinion and based on our examination, the managerial remuneration has been paid/provided by the Company in accordance with the provisions of Section 197 read with Schedule V to the Act.

vi. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended 31st March, 2026 which has a feature of recording audit trail (edit log) facility and the same has been operated throughout the year for all relevant transactions recorded in the software, except that no audit trail feature was enabled at the database level for the said accounting software to log any direct data changes. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with in respect of the accounting software where such feature is enabled.

Additionally, as per the proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

Annexure - B to the Independent Auditor's Report

(Referred to in Paragraph I] under "Report on Other Legal and Regulatory Requirements" of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

To
The Members of
CONNPLEX CINEMAS LIMITED
(FORMERLY KNOWN AS VCS INDUSTRIES LIMITED)

We have audited the internal financial controls over financial reporting of CONNPLEX CINEMAS LIMITED (FORMERLY KNOWN AS VCS INDUSTRIES LIMITED) ("the Company") as of 31st March, 2026, in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company, considering the essential components of internal control stated in the *Guidance Note on Audit of Internal Financial Controls over Financial Reporting* issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the *Guidance Note on Audit of Internal Financial Controls Over Financial Reporting* (the "Guidance Note") and the Standards on Auditing issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls.

Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained, and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls over financial reporting include those policies and procedures that:

1. Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
3. Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls to future periods are subject to the risk that the internal financial control may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the *Guidance Note on Audit of Internal Financial Controls Over Financial Reporting* issued by the Institute of Chartered Accountants of India.

2. Significant Accounting Policies:

Significant Accounting Policies described below is a part of Financial Statements, which describes the basis of preparation. The Financial Statements have been prepared by Management, reviewed by Audit Committee and approved by the Board of Directors for the year ended 31.03.2026.

Basis of Accounting

The Financial Statements have been prepared in accordance with Indian Generally Accepted Accounting Principles (IGAAP) under historical cost convention on the accrual basis. IGAAP comprises mandatory accounting standards prescribed by the companies (Accounting standards) Rules, 2021.

Sales/Receipts and GST:

Sales are recognized on passage of title of goods to customer which generally coincides with the delivery of goods. The sale is net of trade discounts. Goods rejected/returned are accounted for in the year of return or rejection. The following specific recognition criteria must also be met before revenue is recognized.

a. Income from Set up of the cinemas:

The cinemas have been developed by the Company at the place owned by the lessors or in the possession of the franchisee, by making available required materials and services at those places in Gujarat and other States like Bihar, Maharashtra, Telangana, Rajasthan, Delhi, Himachal Pradesh, Punjab, Odisha, Uttar Pradesh, West Bengal, Haryana, Andhra Pradesh, Chhattisgarh, Madhya Pradesh, Karnataka, Jharkhand and Assam, etc. as per terms of agreement. A license to run the cinema is taken in the name of franchisee. The income from set up is recognized by the company in its books as income on completion basis of the theater when ready for use.

b. Sales of Services:

Revenue from sale of tickets is recognized when the related services is provided to the customer. The receipts for sale of tickets are received in the bank account of the company and relevant share of the franchisee after deducting relevant expenditure is paid as per agreement between the company and the Franchisee. The receipts for sale of food and beverages is also received in the books of the company, from which revenue share of the Company is retained in its books and the remaining amount is paid to the franchisee as per agreement between them. Thus the sale of food and beverages is shown as income by franchisee in its books of accounts and GST on the same is paid by the franchisees. The share of the Company from the said income of Food & Beverages is recognized in its books. Income in respect of other related services are recognized on the basis of transfer of risk and rewards as well as passage of title to services.

c. Income in respect of other related services are recognized on the basis of transfer of risk and rewards as well as passage of title to services.

Recognition of Income & Expenditure:

Income and Expenditure are recognized on accrual basis except the following which are accounted for on cash basis:
(a) Payments of claims & damages
(b) Dividend Income

Other Income:

Interest income on deposits with banks is recognized on accrual basis considering the amount outstanding and the rate applicable.

Inventories are valued as under:

(a)	Raw Materials	:	At cost
(b)	Finished Goods	:	At lower of cost (including production overheads) or net realizable value
(c)	Work in Process	:	At lower of cost (including production overheads) or net realizable value

Property, Plant and Equipment:
Property, Plant and Equipment are valued on the basis of Cost Model, i.e. they are shown at cost net of duties and taxes which are subsequently recoverable from taxing authorities, discounts or rebates and as reduced by the amount of accumulated depreciation. The cost of property, plant and equipment comprises of purchase price, borrowing cost and any other costs incurred for bringing the asset to its working condition for intended use, adjustments on account of changes in foreign exchange rate.

Asset which are under process is shown under Capital Work in Progress and all the cost incurred for such asset has been added to the cost of asset in the year of its actual year in which it is put to use. Some of the Property, Plant and Equipment owned by the company are installed and used at various franchisee locations. Depreciation on property, plant and equipment is provided using straight line method over their useful life and in the manner prescribed in Schedule II to the Companies Act, 2013.

Intangible Assets:
Intangible assets acquired separately are measured on initial recognition at cost.

The amortization period and the amortization method are reviewed at the end of each financial year. Gains and losses arising from de recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

Impairment of tangible and intangible assets:

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's net selling price and its value in use. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and it written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

Employee benefits

- **Short term employee benefits**

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include salaries and wages, ex gratia. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is charged to the Statement of profit and loss in the period in which such services are rendered. The company has no policy of encashment and accumulation of leave. Therefore, no provision of leave Encashment is made.

- **Post-employment benefits**

  Defined benefit plan:

  The Company has calculated the gratuity liability for fifteen days salary last drawn for each completed year of service or part thereof in excess of six months. The gratuity liability recognized in the Balance sheet represents the gratuity liability and as reduced by the fair value of the said assets. Gratuity based upon actuarial valuation done at the end of every financial year using 'Projected Unit Credit Method'.

- **Contribution towards defined benefit contribution schemes:**

Contribution towards provident fund is made to the regulatory authorities. Contributions to the above scheme are charged to the Statement of profit and loss in the year when the contributions are due. Such benefits are classified as defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions to be made. The said contributions are included in the cost of salaries and wages.

Investments:

Investments are classified into long term and short term investment. Long term investments are stated at cost while short term investments are stated at cost or market value whichever is lower.

Earnings per Share:

Earning per shares has been arrived by taking into consideration the profit after tax divided by the weighted average number of shares for the relevant financial year. The same is arrived as per AS-20 to determine the comparison of performance among different enterprises for the same enterprises. Separate disclosures have been made for the earnings per share excluding extraordinary items.

Provisions, Contingent Liabilities and Contingent Assets

Provisions

Provisions are recognized when the company has a present obligation (legal or constructive) as a result of a past event, it is probable that the company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent Liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company, or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Contingent Assets

Contingent assets are not recognized but disclosed when the inflow of economic benefits is probable. However, when the realization of income is virtually certain, then the related asset is no longer a contingent asset, but it is recognized as an asset.

Current Tax and Deferred Tax:

The expenses comprise current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier year. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situation where the company has unabsorbed depreciation on carry forward tax losses all deferred tax assets are recognized only if there is virtual certainty supported in convincing evidence that they can be realized against future taxable profits.

At each Balance Sheet date the Company reassesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax assets to the extent that it has become reasonably certain of virtually certain as the case may be that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The carrying amount of deferred tax assets are reviewed at each reporting date. The Company writes down the carrying amount of deferred tax assets to the extent it is no longer reasonably certain or virtually certain as the case may be that sufficient future taxable income will be available.

Borrowing Cost:

General and specific borrowing costs directly attributable to acquisition/construction or production of qualifying assets (net of income earned on temporary deployment of funds) are capitalized as part of cost of such assets up to the date when such assets are ready for the intended use. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to the Statement of Profit and Loss in the period in which they are incurred.

FOREIGN CURRENCY TRANSACTIONS:

There are no foreign currency transaction during the year

Unhedged foreign currency exposure:

The company does not have any foreign currency exposure as on Balance Sheet date.

LEASE:

Leases in which the company transfers substantially all the risks and benefits of ownership of the asset are classified as finance leases. Assets given under finance lease are recognized as a receivable at an amount equal to the net investment in the lease. After initial recognition, the company apportions lease rentals between the principal repayment and interest income so as to achieve a constant periodic rate of return on the net investment outstanding in respect of the finance lease. The interest income is recognized in the statement of profit and loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognized immediately in the statement of profit and loss.

Leases in which the company does not transfer substantially all the risks and rewards of ownership of the asset are classified as operating leases. Assets subject to operating leases are included in Property, Plant and Equipment. Lease income on an operating lease is recognized in the statement of profit and Loss on a straight-line basis over the lease term. Costs, including depreciation, are recognized as an expense in the statement of profit and loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognized immediately in the statement of profit and loss.

During the year the company has taken on lease few premises to develop the cinemas, and the said premises are subleased to franchisee. The Company has premises for cinemas on lease for different periods with variable lock in periods, with an option for renewal by mutual consent. The lease does not provide for transfer of ownership of the property to the Company at the end of the lease term. Lease rentals are payable on a monthly basis and are charged to the Statement of Profit and Loss on an accrual basis.

The Company has also sub-leased the said premises to franchisees under separate lease arrangements. Lease income from such sub-leasing arrangements is recognized in the Statement of Profit and Loss on an accrual basis. The Company has provided a refundable security deposit in accordance with the terms of the lease agreement. Besides this the company has taken on lease its building from where its present corporate office is situated at C 1001 to C 1008 at Krish Cubical, Opp. Avalon Hotel, Nr. Govardhan Party Plot, Thaltej, Ahmedabad, Daskroi, Gujarat, India 380059 for a period of 9 years (including lock in of 5 years).

NET PROFIT OR LOSS FOR THE PERIOD, PRIOR PERIOD ITEMS AND CHANGES IN ACCOUNTING POLICIES

No prior period items and no change in accounting policies.

ACCOUNTING FOR GOVERNMENT GRANTS

The company has not received any government grants

Cash and Cash Equivalents:

Cash and Cash equivalents comprise cash on hand and cheque in hand, balance with bank, demand deposits with banks and other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value where it has a short maturity of three months or less from the date of acquisition.
