Sub: Short -Term Additional Surveillance Measure (ST- ASM) framework - Update

This is in partial modification to Exchange Circular nos. NSE/SURV/39265; NSE/SURV/39932; NSE/SURV/41665; NSE/SURV/41981; NSE/SURV/46557; dated October 27, 2018; January 11, 2019; July 19, 2019; August 27, 2019; and December 04, 2020, respectively regarding Short Term Additional Surveillance Measure (ST-ASM) framework.

As per the Joint Surveillance meeting of Exchanges and SEBI, the extant Short Term ASM Framework (*as per Annexure*) shall be extended to

- A. Derivative stocks (Stocks on which derivative products are available for trading in Equity Derivative segment of the Exchanges) and
- B. All corresponding Futures and Options contracts w.r.t. the shortlisted Derivative stocks referred in point A above

Action on the stocks shortlisted as per above criteria:

The following margins would be applied

i. **For Shortlisted Derivative stocks:**

Stage 1- 50% or existing total margins whichever is higher, subject to maximum rate of margins capped at 100%

Stage 2- 100% or existing total margins whichever is higher, subject to maximum rate of margins capped at 100%

National Stock Exchange of India

- ii. **For corresponding Futures and Options contracts (pertaining to stocks shortlisted in point A):**

Stage 1- 50% or existing total margins, whichever is higher

Stage 2- 100% or existing total margins, whichever is higher

Market participants may note that the above framework shall be in conjunction with all other prevailing surveillance measures being imposed by the Exchanges from time to time.

Further, it may also be noted that the shortlisting of securities under aforesaid framework is purely on account of market surveillance, and it should not be construed as an adverse action against the concerned company / entity.

In case of any further queries, members are requested to contact on 022-26598129/8166.

The revised framework would be made applicable w.e.f. May 02, 2022
