NIFTY100 Enhanced ESG Index is designed to reflect the performance of companies within NIFTY 100 index based on Environmental, Social and Governance (ESG) score. Companies should have normalized ESG score of at least 50% to form part of this index. The weight of each constituent in the index is tilted based on ESG score assigned to the company, i.e. the constituent weight is derived from its free float market capitalization and ESG score.

The index can be used for a variety of purposes such as benchmarking, creation of index funds, ETFs and structured products.
