INTERNAL RISK FACTORS

Below mentioned risks are the top 10 risk factors as per the RHP:

- 1) There are various proceedings involving our Company, Directors, Subsidiaries, Promoters and Group Companies, which if determined against them, may adversely affect our business.
- 2) We are required to obtain certain approvals, licenses, registrations and permissions for operating our business, and the failure to obtain them in a timely manner, or at all, could adversely affect our business, results of operations and financial condition.
- 3) TRAI may soon auction all available spectrum of frequencies in the wireless 700 MHz band for use in the telecommunication sector. Telecommunication companies to which such spectrum is allocated will carry out wireless transmission in those frequencies, which may lead to interference of signals in the coaxial pockets of our networks and limit our transmission to the spectrum of up to the 700 MHz frequency or require us to adopt technological systems to stop such interference. This may adversely affect our business, results of operation and financial condition.
- 4) We may be unable to keep pace with changes in technology and existing and future technological developments may allow new competitors and alternative competitive platforms to emerge.
- 5) We may be unsuccessful in implementing new value-added services for our digital cable service subscribers.
- 6) Our holding company, Hathway, is engaged in business activities which compete with our business.
- 7) The Telecommunication (Broadcasting and Cable) Services (Eight) (Addressable Systems) Tariff Order, 2017 (the "Tariff Order") was notified by TRAI on March 3, 2017. The new tariff regime introduced by the Tariff Order may have a significant impact on future ARPU's, pay TV economics, our pricing model, operational flexibility and results of operations.
- 8) Our business model is capital intensive and we may not be able to arrange adequate funds for future capital expansion.
- 9) The cable television distribution industry is highly competitive, which affects our ability to attract and retain subscribers.
- 10) The success of our broadband services may be slowed or halted by competition from wireless internet or fixed broadband offerings in India.
