INTERNAL RISK FACTORS

Below mentioned risks are the top 5 risk factors as per the RHP:

1. There are outstanding legal proceedings involving our Company, Promoters and certain Directors which may adversely affect our business, financial condition and results of operations.
2. Our top ten customers constituted not more than 22.03% and 20.85% of our sales for the six months period ended September 30, 2020 and for Fiscal 2020, respectively, both in the domestic and the international markets. Our top five domestic customers across product categories constituted 9.02%, 8.60%, 6.57% and 7.36% of our total revenue for six months period ended on September 30, 2020 and for the Fiscal 2020, 2019 and 2018, respectively. Absence of large customers and dependence on smaller customers increases uncertainty of demand which may have an adverse impact on our business operations and financial performance.
3. Our top five institutional customers across product categories constituted 14.89%, 11.64%, 13.05% and 11.77% of our total revenue for six months period ended on September 30, 2020 and for the Fiscal 2020, 2019 and 2018, respectively. Any reduction or loss in sales to our institutional customers could have an adverse effect on our business, financial condition and results of operations.
4. Our Company has not entered into long-term agreements with our customers for purchasing our products nor for the supply of raw materials with our suppliers. We are subject to uncertainties in demand and there is no assurance that these customers and suppliers will continue to purchase our products or sell raw materials to us or that they will not scale down their orders. This could impact the business and financial performance of our Company.
5. Raw materials constitute a significant percentage of our Company's total expenses. Any increase in prices and any decrease in the supply would materially adversely affect our Company's business.
