The words and expressions used but not defined in this Red Herring Prospectus will have the same meaning as assigned to such terms under the Companies Act, the SEBI Act, the SEBI Regulations, the SCRA, the Depositories Act and the rules and regulations made thereunder unless the context otherwise indicates or implies.

PRESENTATION OF FINANCIAL, INDUSTRY AND MARKET DATA

All references to “India” contained in this Red Herring Prospectus are to the Republic of India and all references to the “U.S.”, “USA” or “United States” are to the “United States of America”.

Unless stated otherwise, all references to page numbers in this Red Herring Prospectus are to the page numbers of this Red Herring Prospectus.

Financial Data

Unless stated or the context requires otherwise, our financial data included in this Red Herring Prospectus is derived from our Company’s Restated Financial Statements. The Restated Financial Statements have been prepared in accordance with the requirements of the Companies Act, 2013 and Indian GAAP and restated in accordance with the SEBI Regulations.

Our Company’s financial year commences on April 1 and ends on March 31 of the next year, so all references to a particular financial year, unless stated otherwise, are to the 12 months period ended on March 31 of that year. Unless the context otherwise requires, all references to a year in this Red Herring Prospectus are to a calendar year.

Certain figures contained in this Red Herring Prospectus, including financial information, have been subject to rounding-off adjustments. All decimals have been rounded off to two decimal points. In certain instances, (i) the sum or percentage change of such numbers may not conform exactly to the total figure given; and (ii) the sum of the numbers in a column or row in certain tables may not conform exactly to the total figure given for that column or row. However, where any figures that may have been sourced from third-party industry sources are rounded off to other than two decimal points in their respective sources, such figures appear in this Red Herring Prospectus as rounded-off to such number of decimal points as provided in such respective sources.

There are significant differences between Indian GAAP, US GAAP and IFRS. The reconciliation of the financial information to IFRS or US GAAP financial statements has not been provided. Our Company has not attempted to also explain those differences or quantify their impact on the financial data included in this Red Herring Prospectus, and it is urged that you consult your own advisors regarding such differences and their impact on our Company’s financial data. Accordingly, the degree to which the Restated Financial Statements included in this Red Herring Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting policies and practices, the Companies Act and the SEBI Regulations. Any reliance by persons not familiar with Indian accounting policies and practices, the Companies Act and the SEBI Regulations on the financial disclosures presented in this Red Herring Prospectus should accordingly be limited.

Indian GAAP also differs in certain material respects from Ind AS which will be applicable to our Company and group in the future in accordance with certain guidelines stipulated by the MCA with effect from certain dates specified by various regulatory authorities, including the SEBI. Given that Ind AS differs in many respects from Indian GAAP, our financial statements prepared and presented in accordance with Ind AS relating to any period subsequent to April 1, 2017, may not be comparable to our historical financial statements prepared under Indian GAAP. In the event that any of our historical financial statements, including our financial statements for Fiscal 2017 are required to be also prepared in accordance with Ind AS, such historical Ind AS financial statements may vary from our historical India GAAP financial statements, and there can be no assurance that such variation will not be material. See “*Summary of Significant Differences between Indian GAAP and Ind AS*”, “*Statement of Reconciliation between Indian GAAP and Ind AS*” and “*Risk Factors*” on pages 311, 314 and 15, respectively.

Unless stated or the context requires otherwise, any percentage amounts, as set forth in “*Risk Factors*”, “*Our Business*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” on pages 15, 123 and 290, respectively, have been calculated on the basis of the Restated Financial Statements prepared in accordance with the Companies Act, Indian GAAP and the SEBI Regulations.

Currency and Units of Presentation

All references to:

- “Rupees” or “₹” or “INR” or “Rs.” are to Indian Rupee, the official currency of the Republic of India;
- “USD” or “US\$” or “\$” are to United States Dollar, the official currency of the United States;

- “Euro” or “€” are to Euro, the official currency of the member states of the European Union; and
- “EGP” is to Egyptian Pound, the official currency of Egypt.

Our Company has presented all numerical information in this Red Herring Prospectus in “million” units or in whole numbers where the numbers have been too small to represent in millions. One million represents 1,000,000 and one billion represents 1,000,000,000.

Exchange Rates

This Red Herring Prospectus contains conversions of certain other currency amounts into Indian Rupees that have been presented solely to comply with the SEBI Regulations and for the convenience of potential investors. With respect to presentation of such financial information in Indian Rupees, the conversion rates from certain foreign currencies into Indian Rupees have been calculated on the basis of the rates applicable as of the end of the relevant financial period, as specified in the table below. These conversions should not be construed as a representation that these currency amounts could have been, or can be converted into Indian Rupees, at any particular rate or at all.

The following table sets forth, for the dates indicated, information with respect to the exchange rate between the Rupee and the respective foreign currencies:

(in ₹)

Currency	March 31, 2013**	March 31, 2014*	March 31, 2015	December 31, 2016	March 31, 2017	September 30, 2017

Please note that the above exchange rates have been provided for indicative purposes only and the amounts reflected in our Restated Financial Statements may not have been converted using any of the above mentioned exchange rates.

Industry and Market Data

Certain information contained in this Red Herring Prospectus is derived from “*Global Surfactant Market – Custom Research for Galaxy Surfactants Limited*” by Acmite Market Intelligence, which we commissioned in connection with the Offer. In relation to this, please see “*Risk Factors – Internal Risks – This Red Herring Prospectus contains information from the “Global Surfactant Market - Custom Research for Galaxy Surfactants Limited” Report, which we have commissioned.*” on page 31.

Unless stated otherwise, industry and market data used in this Red Herring Prospectus have been obtained or derived from publicly available information as well as industry publications and sources.

Industry publications generally state that the information contained in those publications has been obtained from sources believed to be reliable but that their accuracy and completeness are not guaranteed and their reliability cannot be assured. Although we believe that industry and market data used in this Red Herring Prospectus is reliable, it has not been independently verified by either our Company or the BRLMs or any of their respective affiliates or advisors. The data used in these sources may have been reclassified by us for the purpose of presentation. Data from these sources may also not be comparable. Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those disclosed in “*Risk Factors*” on page 15. Accordingly, investment decisions should not be based solely on such information.

The extent to which the market and industry data used in this Red Herring Prospectus is meaningful depends on the reader's familiarity with and understanding of the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which we conduct our business, and methodologies and assumptions may vary widely among different industry sources.

FORWARD-LOOKING STATEMENTS

This Red Herring Prospectus contains certain “forward-looking statements”. These forward-looking statements generally can be identified by words or phrases such as “aim”, “anticipate”, “believe”, “contemplate”, “expect”, “estimate”, “intend”, “future”, “goal”, “likely”, “objective”, “plan”, “project”, “seek to”, “should”, “will”, “will continue”, “will pursue” or other words or phrases of similar import. Similarly, statements that describe our Company’s strategies, objectives, plans, prospects or goals are also forward-looking statements.

These forward-looking statements, whether made by us or a third party, are based on our current plans, estimates and expectations and actual results may differ materially from those suggested by such forward-looking statements. All forward-looking statements are subject to risks, uncertainties and assumptions about our Company that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement.

Actual results may differ materially from those suggested by the forward-looking statements due to risks or uncertainties. Important factors that could cause actual results to differ materially from our Company’s expectations include, but are not limited to, the following:

- Dependence on our manufacturing facilities, and the risks associated with our manufacturing process and operations;
- Fluctuations in the prices of our raw materials;
- Inability to accurately forecast demand or price for our products, and manage our inventory;
- Our dependence on our key personnel, including our Directors and senior management;
- Dependence on our major customers, and a loss or significant decrease in business from them;
- Ability to obtain, maintain or renew our statutory and regulatory licenses, permits and approvals required to operate our business;
- Inability to implement our business strategy or effectively sustain and manage our growth;
- Changing laws, rules, regulations, Government policies and legal uncertainties;
- Exchange rate fluctuations;
- Inability to protect or use our intellectual property rights;
- Inability to manage our diversified operations;
- General, political, social and economic conditions in India, the AMET Region and elsewhere; and
- Slowdown in economic growth in India, the AMET Region or the other countries in which we operate.

For further discussion of factors that could cause our actual results to differ from the expectations, please see “*Risk Factors*”, “*Our Business*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” on pages 15, 123 and 290, respectively. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated and are not a guarantee of future performance.

Although we believe that the assumptions on which such statements are based are reasonable, we cannot assure Bidders that the expectations reflected in these forward looking statements will prove to be correct. Given these uncertainties, Bidders are cautioned not to place undue reliance on such forward looking statements and not to regard such statements as a guarantee of future performance.

Forward-looking statements reflect the current views of our Company as of the date of this Red Herring Prospectus and are not a guarantee of future performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect.

None of our Company, our Directors, the Selling Shareholders, any of the Syndicate or any of their respective affiliates has any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, our Company shall ensure that Bidders in India are informed of material developments from the date of this Red Herring Prospectus until the time of the grant of listing and trading permission by the Stock Exchanges for this Offer. The Selling Shareholders will ensure that our Company and the BRLMs are informed of material developments in relation to the Equity Shares offered by each of them

in the Offer in addition to the statements and undertakings confirmed by each of them until such time as the grant of listing and trading permissions by the Stock Exchanges.

Further, in accordance with Regulation 51A of the SEBI Regulations, our Company may be required to undertake an annual updation of the disclosures made in this Red Herring Prospectus and make it publicly available in the manner specified by SEBI.

SECTION II: RISK FACTORS

RISK FACTORS

This section describes the risks that we currently believe may materially affect our business and operations. An investment in Equity Shares involves a high degree of risk. You should carefully consider the following, in addition to any forward-looking statements and the cautionary statements in this Red Herring Prospectus and the other information contained in this Red Herring Prospectus, before making any investment decision relating to the Equity Shares. Prospective investors should read this section in conjunction with the sections “Our Business”, “Industry Overview” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” as well as other financial and statistical information contained in this Red Herring Prospectus. Prospective investors should carefully consider the risks and uncertainties described below, in addition to the other information contained in this Red Herring Prospectus before making any investment decision relating to our Equity Shares. The occurrence of any of the following events, or the occurrence of other risks that are not currently known or are now deemed immaterial, could cause our business, results of operations, cash flows, financial condition and prospects to suffer and could cause the market price of our Equity Shares to decline or fall significantly and you may lose all or part of your investment.

This Red Herring Prospectus also contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Red Herring Prospectus. See “Forward-Looking Statements” beginning on page 13.

The risks described below are not the only ones relevant to us or the Equity Shares. Additional risks that may be unknown to us and some risks that we do not currently believe to be material could subsequently turn out to be material. Some risks may have an impact which is qualitative though not quantitative. Although we seek to mitigate or minimize these risks, one or more of a combination of these risks could materially and adversely impact our business, financial condition and results of operations. In making an investment decision, prospective investors must rely on their own examination of us and the terms of the Offer, including the merits and risks involved. Investors should pay particular attention to the fact that our Company is an Indian company and is subject to a legal and regulatory regime which in some respects may be different from that applicable in other countries. Investors should consult tax, financial and legal advisors about the particular consequences of an investment in the Offer.

Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial or other implications of any of the risks described in this section. Accordingly, unless otherwise stated, the financial information used in this section is derived from our Restated Financial Statements.

Internal Risks

- 1. Our Company and Directors are currently involved in certain legal proceedings and are subject to certain regulatory action. Further, there is an outstanding criminal proceeding against one of our Promoters. Any adverse decision in such proceedings may render us/them liable to liabilities/penalties and may adversely affect our business and results of operations.***

We are currently, and may in the future be, implicated in lawsuits including lawsuits and arbitrations involving compensation for loss due to various reasons including tax matters, civil disputes, labour and service matters, statutory notices, regulatory petitions and other matters. In addition, we are subject to risks of litigation including public interest litigation, contract, employment related, personal injury and property damage.

Our Company and Directors are currently involved in certain legal proceedings and are subject to certain regulatory action. Further, there is an outstanding criminal proceeding against one of our Promoters. These proceedings are pending at different levels of adjudication before various courts and tribunals. The summary of outstanding litigation in relation to criminal matters, direct tax matters, indirect tax matters, actions by regulatory/statutory authorities and matters above the materiality threshold against our Company, Directors and Promoter has been set out below.

The amounts claimed in these proceedings have been disclosed to the extent ascertainable/quantifiable and include amounts claimed jointly and severally. Decisions in any of the aforesaid proceedings adverse to our interests may have a material adverse effect on our business, results of operations, financial condition and prospects. If the courts or tribunals rule against us or our Company, Directors or our Promoter, we may face monetary and/or reputational losses and may have to make provisions in our financial statements, which could increase our expenses and our liabilities. If any new developments arise, such as changes in Indian law or rulings against us by the appellate courts or tribunals, we may need to make provisions in our financial statements that could increase our expenses and current liabilities. For further details, see “*Outstanding Litigation and Material Developments*” on page 323.

2. *Our business is dependent on our manufacturing facilities and we are subject to certain risks in our manufacturing process. Any slowdown or shutdown in our manufacturing operations or under-utilization of our manufacturing facilities could have an adverse effect on our business, results of operations and financial condition.*

As of September 30, 2017, we conducted our operations through our seven manufacturing facilities and one pilot plant. Our business is dependent upon our ability to manage our manufacturing facilities, which are subject to various operating risks, including those beyond our control, such as the breakdown and failure of equipment or industrial accidents and severe weather conditions and natural disasters. Any significant malfunction or breakdown of our machinery may entail significant repair and maintenance costs and cause delays in our operations. If we are unable to repair malfunctioning machinery in a timely manner or at all, our operations may need to be suspended until we procure machinery to replace the same. In addition, we may be required to carry out planned shutdowns of our facilities for maintenance, statutory inspections and testing, or may shut down certain facilities for capacity expansion and equipment upgrades. We may also face protests from local citizens at our existing facilities or while setting up new facilities, which may delay or halt our operations.

Although we have not experienced any significant disruptions at our manufacturing facilities in the past, we cannot assure you that there will not be any disruptions in our operations in the future. Our inability to effectively respond to such events and rectify any disruption, in a timely manner and at an acceptable cost, could lead to the slowdown or shut-down of our operations or the under-utilization of our manufacturing facilities, which in turn may have an adverse effect on our business, results of operations and financial condition.

3. *We do not have long-term agreements with suppliers for our raw materials and an increase in the cost of, or a shortfall in the availability or quality of such raw materials could have an adverse effect on our business and results of operations.*

Our business depends on the availability of reasonably priced, high quality raw materials in the quantities required by us. Our Performance Products group depends primarily on lauryl alcohol, which is primarily purchased from South East Asia. For our Speciality Care Products group, we require fatty acids, phenols, DMAPA and PAA, which we primarily source from India, South East Asia, USA and Europe.

For the six months ended September 30, 2017 and the Fiscals 2017, 2016 and 2015, our cost of materials consumed was ₹7,976.96 million, ₹15,144.88 million, ₹11,153.65 million and ₹12,532.98 million, or 66.63%, 69.74%, 61.66% and 66.81% of our total revenue, respectively. The price and availability of such raw materials depend on several factors beyond our control, including overall economic conditions, production levels, market demand and competition for such materials, production and transportation cost, duties and taxes and trade and regulatory restrictions. Raw materials, including packaging materials, are subject to supply disruptions and price volatility caused by various factors such as commodity market fluctuations, the quality and availability of raw materials, currency fluctuations, consumer demand, changes in government policies and regulatory sanctions.

We usually do not enter into long-term supply contracts with any of our raw material suppliers and typically source raw materials from third-party suppliers or the open market. The absence of long-term contracts at fixed prices exposes us to volatility in the prices of raw materials that we require and we may be unable to pass these costs onto our customers, which may reduce our profit margins. We also face a risk that one or more of our existing suppliers may discontinue their supplies to us, and any inability on our part to procure raw materials from alternate suppliers in a timely fashion, or on commercially acceptable terms, may adversely affect our operations.

Further, we typically rely on third-party transportation providers to supply most of the raw materials and to deliver products to our customers. If, for any reason, primary suppliers of raw materials should curtail or discontinue their delivery of such materials or products to us in the quantities we need, or on commercially acceptable terms, production schedules could be disrupted and our business and results of operations could be adversely affected.

4. *Our inability to accurately forecast demand or price for our products and manage our inventory may have an adverse effect on our business, results of operations and financial condition.*

Our business depends on our estimate of the demand for our products from customers and on the basis of purchase orders that are placed from time to time. Almost all of our customers operate within the personal care and home care segments, and our products find application in a host of consumer-centric personal care and home care products, including, *inter alia*, skin care, oral care, hair care, cosmetic, toiletries and detergent products. The demand for the products manufactured by our customers is linked to a variety of factors, including our customers' ability to identify and adapt to evolving consumer preferences.

If we underestimate demand or have inadequate capacity due to which we are unable to meet the demand for our products, we may manufacture fewer quantities of products than required, which could result in the loss of business. While we forecast the demand and price for our products and accordingly plan our production volumes, any error in our forecast could result in a reduction in our profit margins and surplus stock, which may result in additional storage cost and such surplus stock may not be sold in a timely manner, or at all. At times when we have overestimated demand, we may have incurred costs to build capacity or purchased more raw materials and manufactured more products than required. Our inability to accurately forecast demand for our products and manage our inventory may have an adverse effect on our business, results of operations and financial condition.

5. *Our operations are hazardous and could expose us to the risk of liabilities, loss of revenue and increased expenses.*

Our operations are subject to various hazards associated with the production of chemical and other products, such as the use, handling, processing, storage and transportation of hazardous materials, as well as accidents such as leakage or spillages of chemicals. Any mishandling of hazardous chemicals and poisonous substances could also lead to fatal accidents. In addition, our employees operate heavy machinery at our manufacturing facilities and accidents may occur while operating such machinery. These hazards can cause personal injury and loss of life, severe damage to and destruction of property and equipment, environmental damage and may result in the suspension of operations and the imposition of civil and criminal liabilities. As a result of past or future operations, claims for damages from our customers along with claims of injury by employees or members of the public due to exposure, or alleged exposure, to the hazardous materials involved in our business may arise.

Events like these could result in liabilities, or adversely affect our reputation with suppliers, customers, regulators, employees and the public, which could in turn affect our financial condition and business performance. While we maintain general insurance against these liabilities, insurance proceeds may not cover or may not be adequate to fully cover the substantial liabilities, lost revenues, loss of reputation or increased expenses that we might incur.

6. ***We derive a significant portion of our revenue from a few major customers. We do not have long term contractual arrangements with most of such customers, and the loss of one or more of them or a reduction in their demand for our products could adversely affect our business, results of operations, financial condition and cash flows.***

We currently generate a significant portion of our revenues from limited number of major customers. For the six months ended September 30, 2017 and the Fiscals 2017, 2016 and 2015, our top ten customers contributed ₹6,977.65 million, ₹11,833.64 million, ₹9,642.79 million and ₹11,252.47 million, or 58.51%, 54.75%, 53.51% and 60.05% of our total revenues from operations, respectively. Further, we currently do not have long-term contractual arrangements with most of our significant customers, and conduct business with them on the basis of purchase orders that are placed from time to time. Our reliance on a select group of customers may constrain our ability to negotiate our arrangements, which may have an impact on our profit margins and financial performance. Any loss of one or more of such customer or a reduction in the demand for our products or any adverse impact on the business of our customers could adversely impact our revenues. We cannot assure you that we will be able to maintain historic levels of business from our significant customers, or that we will be able to significantly reduce customer concentration in the future.

7. ***We are subject to extensive government regulation and if we fail to obtain, maintain or renew our statutory and regulatory licenses, permits and approvals required to operate our business, our business and results of operations may be adversely affected.***

Our operations are subject to extensive government regulation and we are required to obtain and maintain a number of statutory and regulatory permits and approvals under central, state and local government rules in the geographies in which we operate, generally for carrying out our business and for each of our manufacturing facilities in India, Egypt and USA. For details of approvals relating to our business and operations, see “Government and Other Approvals” on page 332.

A majority of these approvals are granted for a limited duration. Some of these approvals have expired and we have either made or are in the process of making an application for obtaining the approval or its renewal. For details of pending approvals, see “Government and Other Approvals – Approvals for which applications have been made by our Company but are pending grant” on page 334. Further, while we have applied for some of these approvals, we cannot assure you that such approvals will be issued or granted to us in a timely manner, or at all. If we do not receive such approvals or are not able to renew the approvals in a timely manner, our business and operations may be adversely affected.

The approvals required by us are subject to numerous conditions and we cannot assure you that these would not be suspended or revoked in the event of non-compliance or alleged noncompliance with any terms or conditions thereof, or pursuant to any regulatory action. If there is any failure by us to comply with the applicable regulations or if the regulations governing our business are amended, we may incur increased costs, be subject to penalties, have our approvals and permits revoked or suffer a disruption in our operations, any of which could adversely affect our business.

8. ***Our inability to implement our business strategy or effectively sustain and manage our growth could have an adverse effect on our business, results of operations and financial condition.***

In recent years, we have experienced considerable growth and have significantly expanded our operations and product portfolio. From Fiscal 2014 to Fiscal 2017, as per the Restated Consolidated Financial Statements, (i) our EBITDA increased from ₹2,198.03 million to ₹2,780.48 million, representing a CAGR of 8.15%; (iii) our profit after tax increased from ₹759.97 million to ₹1,463.06 million, representing a CAGR of 24.40%. We cannot assure you that our growth strategies will be successful or that we will be able to continue to expand further or diversify our product portfolio.

Our inability to manage our expansion of our product grades effectively and execute our growth strategy in a timely manner, or within budget estimates or our inability to meet the expectations or track the changing

preferences of our customers and other stakeholders could have an adverse effect on our business, results of operations and financial condition. We intend to continue expansion of our product grades to pursue existing and potential market opportunities. Our future prospects will depend on our ability to grow our business and operations, which could be affected by many factors, including our ability to introduce and innovate new products and maintain the quality of our products, general political and economic conditions in the geographies in which we operate, government policies or strategies in respect of specific industries, prevailing interest rates, price of equipment and raw materials, energy supply and currency exchange rates.

In order to manage our growth effectively, we must implement, upgrade and improve our operational systems, procedures and internal controls on a timely basis. If we fail to implement these systems, procedures and controls on a timely basis, or if there are weaknesses in our internal controls that would result in inconsistent internal standard operating procedures, we may not be able to meet our customers' needs, hire and retain new employees or operate our business effectively. Moreover, our ability to sustain our rate of growth depends significantly upon our ability to select and retain key managerial personnel, maintaining effective risk management policies and training managerial personnel to address emerging challenges.

We cannot assure you that our existing or future management, operational and financial systems, procedures and controls will be adequate to support future operations, or establish or develop business relationships beneficial to future operations. Failure to manage growth effectively could have an adverse effect on our business and results of operations.

9. *We are subject to strict quality requirements, regular inspections and audits, and any failure to comply with quality standards may lead to cancellation of existing and future orders and could negatively impact our reputation and our business and results of operations and prospects*

We develop, manufacture and market a diverse range of chemical products and formulations, which are primarily used as raw materials for host of products in the consumer-centric personal care and home care segments. We believe that a number of our products enjoy a strong position in the ingredients value chain as they are primarily used as raw materials for a host of consumer-centric personal care and home care products, including, *inter alia*, shampoos, conditioners, body wash formulations, soap bars, liquid soaps, toothpastes, laundry detergents and dishwashing products. Accordingly, our customers maintain strict qualification and/or certification procedures. Our products go through various quality checks at various stages including random sampling check and quality check by internal and external agencies. Many of our key customers have audited and approved our facilities and manufacturing processes in the past, and may undertake similar audits periodically in the future. Failure of our products to meet prescribed quality standards may result in rejection and reworking of our products. This may result in our customers cancelling present or future purchases of our products.

While we have put in place quality control procedures, we cannot assure that our products will always be able to satisfy our prescribed quality standards. Our quality control procedures may fail to test for all possible conditions of use or identify all defects in the manufacturing of our products. Any failure on our part to successfully maintain quality standards for our products may affect our customer relationships, which may adversely affect our business, results of operations and prospects.

10. *Our inability to manage our diversified operations may have an adverse effect on our business, results of operations and financial condition.*

At present, we have 7 (seven) strategically-located manufacturing facilities, out of which 5 (five) are located in India and 2 (two) are located overseas. We also have set-up 1 (one) pilot plant at Tarapur, Maharashtra. Out of our 5 (five) manufacturing facilities in India, 3 (three) are located at Tarapur, Maharashtra, 1 (one) is located at Taloja, Maharashtra, and 1 (one) is located at Jhagadia, Gujarat. We have set-up sales offices in India, Egypt and USA, and representative offices in Netherlands and Turkey. Currently, our product portfolio comprises over 200 product grades, which are marketed to more than 1,700 customers in over 70 countries.

Our management requires considerable expertise and skill to manage and allocate an appropriate amount of time and attention to our diverse business. Operating such a geographically diverse business also makes forecasting future revenue and operating results difficult, which may impair our operations and your ability to assess our prospects. In addition, our cost controls, internal controls, and accounting and reporting

systems must be integrated and upgraded on a continual basis to support our diversified business. In order to manage and integrate our business effectively, we will be required to, among other things, stay abreast with key developments in each geography in which we operate, implement and continue to improve our operational, financial and management systems, develop the management skills of our managers and continue to train, motivate and manage our employees. If we are unable to manage our diversified operations, our business, results of operations and financial condition may be adversely affected.

11. *The improper handling, transportation, processing or storage of raw materials or products, or spoilage of and damage to such raw materials and products, or any real or perceived contamination in our products, could subject us to regulatory and legal action, damage our reputation and have an adverse effect on our business, results of operations and financial condition.*

The products that we manufacture or process are subject to risks such as contamination, adulteration and product tampering during their manufacture, transport or storage. In order to mitigate the risks associated with damages of our raw materials and finished products in transit, we maintain adequate insurance cover.

We also face inherent business risks of exposure to product liability or recall claims in the event that our products fail to meet the required quality standards or are alleged to result in harm to customers. We confirm that as on the date of this Red Herring Prospectus, other than as disclosed under contingent liabilities there have been no material instances of product recall, product liability or any claim or adverse regulatory action in relation to any defective or contaminated products sold or services rendered by our Company. Such risks may be controlled, but not eliminated, by adherence to good manufacturing practices and finished product testing. Any defect in our products and claims by our customers against our products could adversely affect the value of our brand, and our sales could diminish. Further, our business is dependent on trust our customers have in the quality of our products.

We face the risk of legal proceedings and product liability claims being brought by various entities, including our customers, end-users and government agencies for various reasons including for defective or contaminated products sold or services rendered. If we experience a product recall or are a party to a product liability case, we may incur considerable expense on litigation. We cannot assure you that we will not experience product recalls or product liability losses in the future. Any product recall, product liability claim or adverse regulatory action may adversely affect our reputation and brand image, as well as entail significant costs, which could adversely affect our reputation, business, results of operations and financial condition. For details, see “Financial Statements – Annexure XXXIII – Restated Consolidated Statement of Contingent Liabilities” on page 273.

12. *We are dependent on a single supplier for one of our key raw materials, and any disruption in supply would have a material adverse effect on our business, results of operations and financial condition.*

We are dependent on a single supplier for ethylene oxide, which is one of our key raw materials. In Fiscal 2017 and the six-month period ended September 30, 2017, ethylene oxide constituted 6.83% and 7.32% of our aggregate cost of materials consumed, respectively.

Our dependence on a single supplier may constrain our ability to negotiate our sourcing arrangements, which may have an impact on our profitability and financial performance. We cannot assure you that we will be able to identify other suppliers or find suitable substitutes for ethylene oxide in the future. Any disruption in the supply of the aforesaid raw material may disrupt our manufacturing operations, which may have a material adverse effect on our business, results of operations and financial condition.

13. *If we are unable to introduce new products and respond to changing consumer preferences in a timely and effective manner, the demand for our products may decline, which may have an adverse effect on our business, results of operations and financial condition.*

The success of our business depends upon our ability to anticipate and identify changes in consumer preferences and offer products that consumers require. We constantly seek to develop our research and development capabilities to distinguish ourselves from our competitors to enable us to introduce new products and different variant of our existing products, based on consumer preferences and demand. Although we seek to identify such trends and introduce new products, we cannot assure you that our products would gain consumer acceptance or that we will be able to successfully compete in such new product segments.

Before we can introduce a new product, we must successfully execute a number of steps that involve a significant lead time, including successful research and development, obtaining the requisite regulatory approvals and registrations, customizing our production capacities, scaling our vendor, production and infrastructure networks, meeting the expectations of our customer audit processes and their approval and effective marketing strategies. We also depend on the successful introduction of new production and manufacturing processes to create innovative products, achieve operational efficiencies and adapt to advances in, or obsolescence of our technology. We cannot assure you that we will be able to successfully make timely and cost-effective enhancements and additions to our technological infrastructure, keep up with technological improvements in order to meet our customers' needs or that the technology developed by others will not render our products less competitive or attractive. Our failure to successfully adopt such technologies in a cost effective and a timely manner could increase our costs and lead to us being less competitive in terms of our prices or quality of products we sell.

The development and commercialization process of a new product would require us to spend considerable time and money. Our ongoing investments in research and development for new products and processes may result in higher costs without a proportionate increase in revenues. Delays in any part of the process, our inability to obtain necessary regulatory approvals for our products or failure of a product to be successful at any stage could adversely affect our business. Consequently, any failure on our part to successfully introduce new products and processes may have an adverse effect on our business, results of operations and financial condition.

14. *We are exposed to foreign currency exchange rate fluctuations, which may harm our results of operations and cause our results to fluctuate.*

Our financial statements are presented in Indian Rupees. However, our expenses to some extent are influenced by the currencies of those countries from where we procure some of our raw materials. We are importing our major raw material, lauryl alcohol from South East Asia. For the six-month period ended September 30, 2017, and Fiscal 2017, as per the Restated Standalone Financial Statements, our total value of imports of raw materials, traded goods and capital goods was ₹4,205.28 million and ₹7,067.58 million, representing 50.68% and 46.60% of the Company's total revenues for such period, respectively. Further, we generate a significant portion of our sales internationally through export and sales outside of India. These sales, together with a portion of our raw materials expenditure, are denominated in foreign currencies, primarily in U.S. dollars and Euros. Moreover, our overseas Subsidiaries and Step-down Subsidiaries prepare their financial statements in foreign currencies. The exchange rate between the Indian Rupee and these currencies has fluctuated in the past and our results of operations have been impacted by such fluctuations and may be impacted by such fluctuations in the future as well. For example, during times of strengthening of the Indian Rupee, we expect that our overseas sales and revenues will generally be negatively impacted, as foreign currency received will be translated into fewer Indian Rupees. However, the converse positive effect on depreciation of the Indian Rupee may not be sustained or may not show an appreciable impact in our results of operations in any given financial period due to other variables impacting our business and results of operations during the same period. Moreover, we expect that our cost of borrowing as well as our cost of imported raw materials, imported stores and spares, overseas professional costs, freight and overseas warehousing costs incurred by us may rise during a sustained depreciation of the Indian Rupee against the U.S. Dollar or the Euro. Further, due to the time gap between the accounting of purchases and actual payments, the foreign exchange rate at which the purchase is recorded in the books of accounts may vary with the foreign exchange rate at which the payment is made, thereby benefiting or affecting us negatively, depending on the appreciation or depreciation of Rupee. We may, therefore, be exposed to risks arising from exchange rate fluctuations, may not be able to pass on all losses on account of foreign currency fluctuations to our customers, and suffer losses on account of foreign currency fluctuations. There is no guarantee that we may be able to manage our foreign currency risk effectively or mitigate exchange exposures, at all times and our inability may harm our results of operations and cause our results to fluctuate and/or decline.

15. *If any of the products of our customers cause, or are perceived to cause, severe side effects, our reputation, revenues and profitability could be adversely affected.*

We develop, manufacture and market a diverse range of chemical products and formulations, which are primarily used as raw materials for host of products in the consumer-centric personal care and home care segments, including, *inter alia*, skin care, oral care, hair care, cosmetic and toiletries. If our customers'

products cause, or are perceived to cause, severe side effects to their end-users, we may face a number of consequences, including, a severe decrease in the demand for, and sales of, the relevant products; the recall or withdrawal of the relevant products; withdrawal or cancellation of regulatory approvals for the relevant production facility; damage to our reputation and brand name; and exposure to lawsuits and regulatory investigation relating to the relevant products that result in liabilities, fines or sanctions. As a result of these consequences, our reputation, revenues and profitability may be adversely affected.

16. *Our inability to protect or use our intellectual property rights may adversely affect our business.*

We consider our brand and intellectual property to be one of our most valuable assets and we have been granted various patents and registered several trademarks. For additional details, please see “*Government and Other Approvals – Intellectual Property*” on page 333. We also rely on unpatented proprietary know-how, continuing technological innovation and other trade secrets to develop and maintain our competitive position. We have not obtained registration in respect of all of our intellectual property. We have applied for an aggregate of 38 patents globally, of which 21 applications have been made in India, and an aggregate of 17 applications have been made for the registration of patents in Brazil, China, the European Union, Russia and USA, and under the Patent Cooperation Treaty. There can be no assurance that we will be granted patents pursuant to any such applications, in a timely manner or at all. Further, we may not be able to prevent infringement of our trademarks and a passing off action may not provide sufficient protection until such time that this registration is granted. For further details, see “*Government and Other Approvals – Intellectual Property*” on page 333.

The measures we take to protect our intellectual property include relying on Indian and foreign laws and initiating legal proceedings, which may not be adequate to prevent unauthorized use of our intellectual property by third parties. If our trademarks or other intellectual property are improperly used, the value and reputation of our brands could be harmed. Notwithstanding the precautions we take to protect our intellectual property rights, it is possible that third parties may copy or otherwise infringe on our rights, which may have an adverse effect on our business, results of operations, cash flows and financial condition.

While we take care to ensure that we comply with the intellectual property rights of others, we cannot determine with certainty whether we are infringing any existing third-party intellectual property rights, which may force us to alter our offerings. We may also be susceptible to claims from third parties asserting infringement and other related claims. If similar claims are raised in the future, these claims could result in costly litigation, divert management’s attention and resources, subject us to significant liabilities and require us to enter into potentially expensive royalty or licensing agreements or to cease certain offerings. Any of the foregoing could have an adverse effect on our business, results of operations, cash flows and financial condition.

17. *We currently avail benefits under certain export promotion schemes. In order to continuously avail the benefits we are required to export goods of a defined amount. Any failure in meeting the obligations, may result in adversely affect our business operations and our financial condition.*

We currently avail benefits under certain export promotion schemes, including in respect of one of our manufacturing facility at Jhagadia, Gujarat, which is an Export Oriented Unit (EOU). As per the licensing requirement under the said schemes, we are required to export goods of a defined amount, failing which, we may have to pay the Government, a sum equivalent to the duty benefit enjoyed by us under the said schemes along with interest. Any reduction or withdrawal of benefits or our inability to meet any of the conditions prescribed under any of the schemes would adversely affect our business, results of operations and financial condition.

18. *Non-compliance with and changes in, safety, health and environmental laws and other applicable regulations, may adversely affect our business, results of operations and financial condition.*

We are subject to a broad range of safety, health, environmental, labour, workplace and related laws and regulations in the jurisdictions in which we operate, which impose controls on the disposal and storage of raw materials, noise emissions, air and water discharges; on the storage, handling, discharge and disposal of chemicals, employee exposure to hazardous substances and other aspects of our operations. For example, laws in India limit the amount of hazardous and pollutant discharge that our manufacturing facilities may release into the air and water. The discharge of substances that are chemical in nature or of other hazardous substances into the air, soil or water beyond these limits may cause us to be liable to regulatory bodies and

incur costs to remedy the damage caused by such discharges. Further, any accidents at our facilities may result in personal injury or loss of life of our employees, contract labourers or other people, substantial damage to or destruction of property and equipment resulting in the suspension of operations. Any of the foregoing could subject us to litigation, which may increase our expenses in the event we are found liable, and could adversely affect our reputation. Additionally, the government or the relevant regulatory bodies may require us to shut down our facilities, which in turn could lead to product shortages that delay or prevent us from fulfilling our obligations to customers.

The adoption of stricter health and safety laws and regulations, stricter interpretations of existing laws, increased governmental enforcement of laws or other developments in the future may require that we make additional capital expenditures, incur additional expenses or take other actions in order to remain compliant and maintain our current operations. Complying with, and changes in, these laws and regulations or terms of approval may increase our compliance costs and adversely affect our business, prospects, results of operations and financial condition.

We are also subject to the laws and regulations governing relationships with employees in such areas as minimum wage and maximum working hours, overtime, working conditions, hiring and termination of employees, contract labour and work permits. There is a risk that we may inadvertently fail to comply with such regulations, which could lead to enforced shutdowns and other sanctions imposed by the relevant authorities, as well as the withholding or delay in receipt of regulatory approvals for our new products. We cannot assure you that we will not be involved in future litigation or other proceedings, or be held liable in any litigation or proceedings including in relation to safety, health and environmental matters, the costs of which may be significant.

19. *We operate in a competitive business environment. Competition from existing players and new entrants and consequent pricing pressures could have a material adverse effect on our business growth and prospects, financial condition and results of operations.*

The surfactants and speciality chemicals industry is highly competitive. We expect that competition will continue to intensify both through the entry of new players and consolidation of existing players. Our competitors may succeed in developing products that are more effective, more popular or cheaper than any we may develop, which may render our products obsolete or uncompetitive and adversely affect our business and financial results. Some of our competitors may have greater financial resources, better distribution network, technical and marketing resources and generate greater revenues, and therefore may be able to respond better to market changes than we can. Further, our customers operate within the highly competitive personal care and home care industries, where they are constantly required to adapt to factors such as changing consumer preferences, consolidation and the entry of new regional and local players, and constantly exert downward pricing pressure. We may be adversely affected in case our customers are unable to effectively respond to any factors that adversely impact the competitive landscape of the personal care and home care industries.

We believe that our ability to compete depends on a number of factors beyond our control, including the ability of our competitors to attract, train, motivate and retain highly skilled technical employees, the price at which our competitors offer comparable products and the extent of our competitor's responsiveness to dealer needs. Our inability to adequately address competitive pressures may have a material adverse effect on our business, prospects, financial condition and results of operations.

20. *A shortage or non-availability of electricity, fuel or water may adversely affect our manufacturing operations and have an adverse effect on our business, results of operations and financial condition.*

Our manufacturing operations require a significant amount and continuous supply of electricity, fuel and water and any shortage or non-availability may adversely affect our operations. The production process of certain products, as well as the storage of certain raw materials and products in temperature controlled environments requires significant power. We currently source our water requirements from state and municipal corporations and local body water supply, canals, bore wells and water tankers and depend on state electricity boards and private suppliers for our energy requirements. Although we have diesel/furnace oil generators to meet exigencies at certain of our facilities, we cannot assure you that our facilities will be operational during power failures. Any failure on our part to obtain alternate sources of electricity, fuel or water, in a timely fashion, and at an acceptable cost, may have an adverse effect on our business, results of operations and financial condition.

21. *A significant disruption to our distribution network or any disruption of civil infrastructure, transport or logistic services, may create delays in deliveries of products distributed by us.*

We rely on various forms of transportation, such as waterways, roadways and railways to receive raw materials required for our products and to deliver our finished products to our customers. Unexpected delays in those deliveries, including due to delays in obtaining customs clearance for raw materials imported by us, or increases in transportation costs, could significantly decrease our ability to make sales and earn profits. Manufacturing delays or unexpected demand for our products may also require us to use faster, but more expensive, transportation methods, which could adversely affect our gross margins. In addition, labour shortages or labour disagreements in the transportation or logistics industries or long-term disruptions to the national and international transportation infrastructure that lead to delays or interruptions of deliveries could materially adversely affect our business. Further, we cannot assure you that we will be able to secure sufficient transport capacity for these purposes. A significant disruption to our distribution network or any disruption of civil infrastructure could lead to a failure to provide products distributed by us in a timely manner, which would adversely affect our business and results of operations

22. *Our inability to meet our obligations, including financial and other covenants under our debt financing arrangements could adversely affect our business and results of operations.*

As of September 30, 2017, we had a total outstanding long term borrowing and short term borrowings (including current maturities of long term borrowings) of ₹3,714.05 million. Our ability to meet our debt service obligations and repay our outstanding borrowings will depend primarily on the cash generated by our business. Our financing agreements contain certain restrictive covenants that limit our ability to undertake certain types of transactions, including any change in line of business or change in ownership, which could adversely affect our business and financial condition.

In addition, certain of our borrowings require us to maintain certain financial ratios and certain other informative covenants, which are tested at times on a quarterly or annual basis. For instance, as a result of the expiry of a commercial mortgage and its supplemental commercial mortgages, Galaxy Chemicals (Egypt) S.A.E. may be considered to be in technical default of its finance agreements entered into with one of its lenders, namely IFC. In the event we breach any financial or other covenants contained in any of our financing arrangements or in the event we had breached any terms in the past which is noticed in the future, we may be required to immediately repay our borrowings either in whole or in part, together with any related costs.

We may also be forced to sell some or all of our assets if we do not have sufficient cash or credit facilities to make repayments. Further, certain of our financing arrangements are due for renewal and we cannot guarantee that the facilities availed under such arrangements will be renewed on the previously agreed terms and conditions, or conditions which are not more onerous on us. Our failure to meet our obligations under the debt financing agreements could have an adverse effect on our business, results of operations and financial condition.

23. *Any delays and/or defaults in payments from our customers could result in increase of working capital investment and/or reduction of our profits, thereby affecting our operation and financial condition. Further, our accounts receivable collection cycle exposes us to client credit risk.*

We are exposed to payment delays and/or defaults in payments by our customers and our financial position and financial performance are dependent on the creditworthiness of our customers. Any delays in payments may require us to make a working capital investment. Further, we cannot assure that payments from all or any of our customers will be received in a timely manner or to that extent will be received at all. For the Fiscals 2017, 2016 and 2015, our trade receivables were ₹3,462.83 million, ₹2,501.88 million and ₹2,212.66 million, respectively, which constituted 15.95%, 13.83% and 11.79% of our total revenues for the same periods.

As on September 30, 2017, on a consolidated basis, our top five debtors comprises 58.08% of our total debtors and our top ten debtors comprises 68.93% of our total debtors.

If a customer defaults in making its payments on an order on which we have devoted significant resources, or if an order in which we have invested significant resources is delayed, cancelled or does not proceed to

completion, it could have a material adverse effect on our Company's results of operations and financial condition. Our credit terms vary according to local market practice and typically, the credit period ranges between 0 days to 120 days.

If any of our customers fail to make payments to us or become insolvent, we would suffer losses and our financial condition and results of operations could be adversely affected. Our Company has written off ₹ 0.09 million in Fiscal 2017, towards bad debts not considered recoverable. No amount was written off towards bad debts during the six month period ended September 30, 2017, by our Company. Moreover, sales of our products are not always supported by letters of credit or bank guarantee. In case of any disputes or differences or default with regard to our payments, we would have to initiate appropriate recovery proceedings and which may be costly and time consuming. There is no guarantee on the timelines of all or any part of our customers' payments and whether they will be able to fulfil their obligations, which may arise from their financial difficulties, cash flow difficulties, deterioration in their business performance, or a downturn in the global economy. If such events or circumstances occur, our financial performance and our operating cash flows may be adversely affected.

- 24. *We are dependent on third party transportation providers for delivery of raw materials to us from our suppliers and delivery of our products to our customers and dealers/distributors. Any failure on part of such service providers to meet their obligations could have a material adverse effect on our business and results of operation.***

As a manufacturing business, our success depends on the smooth supply and transportation of the raw materials required for our manufacturing process and transportation of our products from our manufacturing units to our customers, both of which are subject to various uncertainties and risks. We use third party transportation providers. Transportation strikes have had in the past, and could again in the future have, an adverse effect on our supplies and our deliveries to and from our customers and suppliers in a timely and cost efficient manner. In addition, raw materials and products may be lost or damaged in transit for various reasons including occurrence of accidents or natural disasters. There may also be delay in delivery of raw materials and products which may also affect our business and operations negatively. A failure to maintain a continuous supply of raw materials or to deliver our products to our customers in an efficient and reliable manner could have a material and adverse effect on our business, financial condition and results of operations.

- 25. *We are dependent on a number of key personnel, including our senior management, and the loss of, or our inability to attract or retain such persons could adversely affect our business, results of operations and financial condition.***

Our performance depends largely on the efforts and abilities of our senior management and other key personnel. We believe that the inputs and experience of our senior management and key managerial personnel are valuable for the development of business and operations and the strategic directions taken by our Company. We cannot assure you that we will be able to retain these employees or find adequate replacements in a timely manner, or at all. We may require a long period of time to hire and train replacement personnel when qualified personnel terminate their employment with our Company. We may also be required to increase our levels of employee compensation more rapidly than in the past to remain competitive in attracting employees that our business requires.

Further, our ability to successfully carry out research and development depends on our ability to attract and retain skilled scientists. The personnel at the helm of our R&D functions are critical for new product launches and creating differentiated offering for our businesses. While we believe we have an experienced technical and production team, we may not be able to continuously attract or retain such personnel, or retain them on acceptable terms, given the demand for such personnel. Competition for qualified personnel with relevant industry expertise in India is intense and the loss of the services of our key personnel may adversely affect our business, results of operations and financial condition.

- 26. *We are subject to risks associated with expansion into new geographic regions.***

We have significantly increased our geographical footprint in recent years by focusing on certain high-growth international clusters such as AMET and Latin America. Our Step-down Subsidiaries, coupled with our manufacturing facilities in Suez, Egypt, and New Hampshire, USA, enable us to service the international demand for some of our products. Further, we have set-up sales offices in India, Egypt and

USA, and representative offices in Netherlands and Turkey, to enable us to market our products in those geographies.

Expansion into new geographic regions subjects us to various challenges, including those relating to our lack of familiarity with the culture, legal regulations and economic conditions of these new regions, language barriers, difficulties in staffing and managing such operations, and the lack of brand recognition and reputation in such regions. The risks involved in entering new geographic markets and expanding operations, may be higher than expected, and we may face significant competition in such markets. By expanding into new geographical regions, we could be subject to additional risks associated with establishing and conducting operations, including:

- compliance with a wide range of laws, regulations and practices, including uncertainties associated with changes in laws, regulations and practices and their interpretation;
- foreign ownership constraints and uncertainties with new local business partners;
- exposure to expropriation or other government actions; and
- political, economic and social instability.

By expanding into new geographical regions, we may be exposed to significant liability and could lose some or all of our investment in such regions, as a result of which our business, financial condition and results of operations could be adversely affected.

27. *Any failure of our information technology systems could adversely affect our business and our operations.*

We have information technology systems that support our business processes, including product formulas, product development, sales, order processing, production, procurement, inventory management, quality control, product costing, human resources, distribution, accounting and finance. These systems may be susceptible to outages due to fire, floods, power loss, telecommunications failures, natural disasters, break-ins and similar events. Effective response to such disruptions will require effort and diligence on the part of our third-party vendors and employees to avoid any adverse effect to our information technology systems. In addition, our systems and proprietary data stored electronically may be vulnerable to computer viruses, cybercrime, computer hacking and similar disruptions from unauthorized tampering. If such unauthorized use of our systems were to occur, data related to our product formulas, product development and other proprietary information could be compromised. The occurrence of any such events could adversely affect our business, interrupt our operations, subject us to increased operating costs and expose us to litigation.

28. *Our operations could be adversely affected by strikes, work stoppages or increased wage demands by our employees or any other kind of disputes with our employees.*

As of September 30, 2017, we employed over 1,200 personnel across our operations. Although we have not experienced any material labour unrest, we cannot assure you that we will not experience disruptions in work due to disputes or other problems with our work force, which may adversely affect our ability to continue our business operations. Any labour unrest directed against us, could directly or indirectly prevent or hinder our normal operating activities, and, if not resolved in a timely manner, could lead to disruptions in our operations. These actions are impossible for us to predict or control and any such event could adversely affect our business, results of operations and financial condition.

29. *We rely on contract labour for carrying out certain of our operations and we may be held responsible for paying the wages of such workers, if the independent contractors through whom such workers are hired default on their obligations, and such obligations could have an adverse effect on our results of operations and financial condition.*

In order to retain flexibility and control costs, we appoint independent contractors who in turn engage on-site contract labour/staff for performance of certain of our operations. Although we do not engage these labourers directly, we may be held responsible for any wage payments to be made to such labourers in the event of default by such independent contractor. Any requirement to fund their wage requirements may

have an adverse impact on our results of operations and financial condition. In addition, under the Contract Labour (Regulation and Abolition) Act, 1970, as amended, we may be required to absorb a number of such contract labourers as permanent employees. In the event of any non-compliance by contractors with statutory requirements, legal proceedings may be initiated against us. Thus, any such order from a regulatory body or court may have an adverse effect on our business, results of operations and financial condition.

30. *Our insurance coverage may not be sufficient or may not adequately protect us against all material hazards, which may adversely affect our business, results of operations and financial condition.*

We could be held liable for accidents that occur at our manufacturing facilities or otherwise arise out of our operations. In the event of death, personal injuries, fires or other accidents suffered by our employees or other people, damage to property and environment, accidents caused due to natural calamities and explosions, we could face claims alleging that we were negligent, provided inadequate supervision or be otherwise liable for the injuries.

Our principal types of coverage include burglary insurance, employee insurance, fire insurance, liability insurance, marine and transportation insurance, overseas travel insurance, industrial all risks, property all risks and motor insurance. While we believe that the insurance coverage which we maintain would be reasonably adequate to cover the typical risks associated with the operation of our business, we cannot assure you that any claim under the insurance policies maintained by us will be honoured fully, in part or on time, or that we have taken out sufficient insurance to cover all our losses. In addition, our insurance coverage expires from time to time. We apply for the renewal of our insurance coverage in the normal course of our business, but we cannot assure you that such renewals will be granted in a timely manner, at an acceptable cost or at all. To the extent that we suffer loss or damage for which we did not obtain or maintain insurance, and which is not covered by insurance, exceeds our insurance coverage or where our insurance claims are rejected, the loss would have to be borne by us and our results of operations, cash flows and financial performance could be adversely affected.

31. *We have had negative cash flows in the past and may continue to have negative cash flows in the future.*

The following table sets forth our cash flow for the periods indicated:

(in ₹ Million)

Particulars	Six-Months Ended September 30, 2017	Fiscal 2017	Fiscal 2016	Fiscal 2015	Fiscal 2014	Fiscal 2013
Net cash flow from operating activities	736.27	1,128.59	1,841.78	593.62	1,707.86	761.46
Net cash flow used in investing activities	(181.80)	(451.31)	(648.47)	(347.54)	(460.33)	(635.63)
Net cash flow used in financing activities	(492.78)	(567.02)	(1,191.09)	(274.95)	(1,216.20)	(131.80)
Net increase / (decrease) in cash and cash equivalents	61.69	110.26	2.22	(28.87)	31.33	(5.97)

Our inability to generate and sustain adequate cash flows from operations in the future could adversely affect our results of operations and financial condition. For further details, see “Financial Statements” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” on pages 196 and 290, respectively. We cannot assure you that our net cash flows will be positive in the future.

32. *We have in the past entered into related party transactions and may continue to do so in the future, which may potentially involve conflicts of interest with the equity shareholders.*

We have entered into various transactions with related parties.

For details on our related party transactions, see “Related Party Transactions”, “Financial Statements – Annexure XXXX – Restated Standalone Statement of Related Party Transactions” and “Financial

Statements – Annexure XXXVII – Restated Consolidated Statement of Related Party Transactions” on pages 194, 279 and 230, respectively.

We cannot assure you that we could not have achieved more favourable terms. It is likely that we may enter into related party transactions in the future. Such related party transactions may potentially involve conflicts of interest. For details on the interest of our Promoters, Directors and key management personnel of our Company, see “*Our Management – Interests of Directors*” and “*Our Management – Interests of Key Management Personnel*” on pages 179 and 181, respectively. We cannot assure you that such transactions, individually or in the aggregate, will always be in the best interests of our shareholders and will not have an adverse effect on our business, results of operations, cash flows and financial condition.

33. *Certain of our Promoters, Directors and Key Management Personnel have interests in us other than reimbursement of expenses incurred and normal remuneration or benefits.*

Certain of our Promoters, Directors and Key Management Personnel may be regarded as having an interest in our Company other than reimbursement of expenses incurred and normal remuneration or benefits. Certain Directors and Promoters and Key Management Personnel may be deemed to be interested to the extent of Equity Shares held by them, as well as to the extent of any dividends, bonuses or other distributions on such Equity Shares. We cannot assure you that our Promoters, Directors and our key management personnel, if they are also our shareholders, will exercise their rights as shareholders to the benefit and best interest of our Company. For further details, see “*Capital Structure*” and “*Our Management*” on pages 78 and 163, respectively.

34. *We have not been able to trace one form filed with the RoC in respect of a previous reclassification of share capital by our Company and certain documents in relation to transfer of Equity Shares to or by our Promoters.*

We have not been able to trace the Form 5 filed with the Registrar of Companies in relation to the reclassification of our authorized share capital in 1995.

We have not been able to retrieve the aforementioned documents, and accordingly, have relied on other documents, including our annual reports and audited financial statements for such matters. We cannot assure you that such corporate records will be available in the future. Further, we cannot assure you that the filings were done at all or in timely manner and that we shall not be subject to penalties on this account.

Further in relation to the following share transfers to or by some of our Promoters in the past, we have not been able to trace or obtain copies of transfer forms, transfer deeds, gift deeds or depository information slips, and have relied on other documents, including corporate records, such as the register of transfers maintained by the Registrar to the Offer and minutes of meetings of the Share Transfer Committee and certificates provided by independent party.

Name of the Promoter	Date of transfer
Mr. Unnathan Shekhar	November 21, 2016
Mr. Gopalkrishnan Ramakrishnan	December 7, 1992
	March 30, 2016
	November 12, 2016
	November 23, 2016
Mr. Sudhir Dattaram Patil	November 23, 2015
	November 24, 2016
Mr. Shashikant Shanbhag	June 25, 2013

35. *Two of our Group Companies are authorized to engage in business activities similar to our own, which may cause a potential conflict of interest with us.*

Two of our Group Companies, namely Galaxy Emulsifiers Private Limited and Aeon Chemicals Private Limited, are authorized to engage in business activities that are similar to those being undertaken by our Company in terms of their respective memorandum of association. While we have entered into a non-compete agreement with Galaxy Emulsifiers Private Limited dated January 21, 2010, and with Aeon Chemicals Private Limited dated April 8, 2011, there can be no assurance that these Group Companies will comply, in part or at all, with the covenants and restrictions set out under such agreements. In case any of

these Group Companies breach the terms of their respective non-compete agreements, it may result in a conflict of interest with us, which may have an adverse impact on our business. For further information, please refer to “*Our Promoters, Promoter Group and Group Companies – Common pursuits between the Company and its Group Companies*” on page 192.

36. *We have certain contingent liabilities that have not been provided for in our financial statements, which, if they materialize, may adversely affect our financial condition.*

As of September 30, 2017, our aggregate contingent liabilities not accounted for was ₹ 247.94 million forming 3.90% of our consolidated net-worth. The details of our contingent liabilities, on a consolidated basis, that have not been provided for as of September 30, 2017 are as set out in the table below:

#	Particulars	Amount (In ₹ Million)
(a)	Claims against the Company not acknowledged as debts	
	- Excise duty & Service tax	75.26
	- Income tax	0.79
	- Sales tax	26.66
	- Custom duty	83.52
	- Cess on electricity	-
(b)	Customer Claim: No provision has been made in respect of claim of Euro 0.8 Million made by one of the overseas customers on account of quality issues in respect of third party trading material supplied by the Company. The Company has made a provision of USD 0.14 Million in respect of the amount due from the said customer in respect of subsequent supplies to the said overseas customer	61.71
(c)	Manufacturing contract stipulating a minimum specific production volume commitment by September 30, 2017 with one year grace period - Pending commitments	-
Total		247.94

If a significant portion of these liabilities materialize, it could have an adverse effect on our business, financial condition and results of operations. For details, see “*Financial Statements – Annexure XXXIII – Restated Consolidated Statement of Contingent Liabilities*” on page 227.

37. *Our Registered and Corporate Office and our manufacturing facilities are situated on lands that are not owned by us. Further, certain premises are not owned by us and we have only leave and license or lease rights over them. In the event that we lose such rights or are required to negotiate them, our cash flows, business, financial conditions and results of operations could be adversely affected*

Our Registered and Corporate Office and our manufacturing facilities are situated on lands that have been made available to us by way of lease arrangements, and are not owned by us. Further, certain of the properties that are used by us are on leave and license basis or lease basis. For further details, see “*Our Business – Properties*” on page 147. Termination of the leave and license or lease or other relevant agreements in connection with premises which are not owned by us, or our failure to renew the same, on favourable conditions and in a timely manner, or at all, could require us to vacate such premises at short notice, and could adversely affect our business and financial condition. We cannot assure you that we will be able to renew any such arrangements when the term of the original arrangement expires, on similar terms or terms reasonable for us or that such arrangements will not be prematurely terminated (including for reasons that may be beyond our control). Further, any adverse impact on the title, ownership rights, development rights of the owners from whose premises we operate or breach of the contractual terms of any lease, leave and license agreements may materially affect our business operations.

38. *Information relating to the historical capacity of our production facilities included in this Red Herring Prospectus is based on various assumptions and estimates and future production and capacity may vary.*

Information relating to the historical capacity of our production facilities included in this Red Herring Prospectus is based on various assumptions including those relating to availability of raw materials and operational efficiencies. Actual production levels and rates may differ significantly from the production

capacities being the nature of our business. Undue reliance should therefore not be placed on our historical capacity information for our existing facilities included in this Red Herring Prospectus.

39. *Our ability to pay dividends in the future will depend on our earnings, financial condition, working capital requirements, capital expenditures and restrictive covenants of our financing arrangements.*

Our ability to pay dividends in the future will depend on our earnings, financial condition, cash flow, working capital requirements, capital expenditure and restrictive covenants of our financing arrangements. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board and subsequent approval of our Shareholders and will depend on factors that our Board and shareholders deems relevant, including among others, our future earnings, financial condition, cash requirements, business prospects and any other financing arrangements. For details of dividend paid by our Company in the past, see “Dividend Policy” on page 195.

40. *Galaxy Surfactants Limited Employee Welfare Trust (“GEWT”), currently does not have a scheme for distribution of benefits to employees of the Company and in the current form, GEWT may not be compliant with the provisions of the Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014, as amended (“SBEB Regulations”), as and when they become applicable.*

Our Company has settled a trust, namely GEWT, for provision of certain welfare benefits to our Employees, including medical treatment, clinical treatment, reimbursement of lost wages during sick leave and educational grants for education of the children of our employees. As on the date of this Red Herring Prospectus, GEWT does not have any ongoing schemes or plans for provision of benefits to our employees, including any share based benefits. In terms of the SBEB Regulations, a trust created by a listed company for the purpose of implementing schemes for provision of share based benefits to employees, is required to comply with certain requirements, including in relation to composition of the trust and restrictions on exercise of voting rights on shares held by such trust. Currently, the trustees of GEWT, are Mr. Babu Iyer, Mr. Adarsh Nayyar and Mr. Abhijit Damle.

Additionally, GEWT is participating in the Offer as a Selling Shareholder and has offered 285,000 Equity Shares held by it, representing its entire shareholding in our Company, for sale through the Offer. The proceeds of the sale of Offered Shares, after settlement of dues of GEWT, if any, may be applied towards the objects of GEWT, that is, provision of benefits to the employees of our Company. Any such scheme required to be implemented for distribution of benefits may need to be compliant with the provisions of the SBEB Regulations. We are currently not in position to confirm that all the necessary approvals required to make GEWT compliant with the provisions of SBEB Regulations will be received in a timely manner or at all. For further details regard GEWT, see “Our Management – Employee Welfare Trust” on page 181.

41. *Some of our Group Companies may have availed, or may in the future avail, unsecured loans that may be recalled by the lenders at any time.*

Some of our Group Companies may have availed, or may in the future avail, unsecured loans which may be recalled by the lenders at any time. In the event that any lender seeks a repayment of any such loan, such Group Companies would need to find alternative sources of financing, which may not be available on commercially reasonable terms, or at all. Such Group Companies may not have adequate working capital to undertake new projects or complete the ongoing projects. As a result, any such demand may affect our business, cash flows, financial condition and results of operations.

42. *Some of our Group Companies have incurred losses in the last preceding financial year and have negative net worth, based on the last audited financial statements available.*

Some of our Group Companies have incurred losses in the preceding financial years and have negative net worth, based on their respective last available audited financial statements. For further details, see “Our Promoters, Promoter Group and Group Companies – Group Companies” on page 186. We cannot assure you that our Subsidiaries and Group Companies will not incur losses or have negative net worth in the future.

43. *We will continue to be controlled by our Promoter Group after the completion of the Offer.*

After the completion of the Offer, our Promoter Group will hold majority of our outstanding Equity Shares. As a result, our Promoter Group will continue to exercise significant control over us, including being able to control the composition of our Board and determine matters requiring shareholder approval or approval of our Board. The interest of our Promoter Group could also conflict with our interests and interests of our other Shareholders, and they may take or block actions with respect to our business, which may conflict with our interests or the interests of our minority shareholders. We cannot assure you that the members of our Promoter Group will act to resolve any conflicts of interest in our favour, and they may take actions that are not in the best interests of our Company or our other Shareholders. Further, we cannot guarantee that the members of our Promoter Group will act in our interest while exercising their rights.

44. *If we pursue strategic acquisitions or joint ventures, we may not be able to successfully consummate favourable transactions or successfully integrate acquired businesses.*

From time to time, we may evaluate potential acquisitions or joint ventures that would further our strategic objectives. For example, Tri-K Industries Inc. became a subsidiary of our Company with effect from Fiscal 2010. However, we may not be able to identify suitable companies, consummate a transaction on terms that are favourable to us, or achieve expected returns and other benefits as a result of integration challenges or anti-monopoly regulations. Companies or operations acquired or joint ventures created by us may not be profitable or may not achieve sales levels and profitability that justify the investments made. Our corporate development activities may entail financial and operational risks, including diversion of management attention from its existing core businesses, difficulty in integrating or separating personnel and financial and other systems, and negative impacts on existing business relationships with suppliers and customers. Future acquisitions, if at all, could also result in potentially dilutive issuances of equity securities; the incurrence of debt, contingent liabilities and increased operating expenses, all of which could adversely affect our business, financial condition, results of operations and prospects.

45. *Our Subsidiaries and Step-down Subsidiaries may not pay cash dividends on shares that we hold in them. Consequently, our Company may not receive any return on investments in our Subsidiaries and Step-down Subsidiaries.*

Our Subsidiaries and Step-down Subsidiaries are separate and distinct legal entities, having no obligation to pay dividends and may be restricted from doing so by law or contract, including applicable laws, foreign exchange regulations, charter provisions and the terms of their financing arrangements. Further, dividends received from our foreign Subsidiaries and Step-down Subsidiaries is liable to be taxed in India. If the dividend paying company is resident of a country with which India has signed an agreement for avoidance of double taxation, the taxability of dividend income will be determined by the provisions of such agreement. For instance, we are entitled to certain benefits pursuant to the double taxation avoidance agreement entered into between India and Mauritius. While Mauritius companies are subject to tax on the profits at the rate of 15%, Mauritius does not impose any withholding tax on dividends, paid by a Mauritius company to a non-resident company. Upon distribution of this income to India, underlying tax credit would be given in India for ‘taxes payable’ in Mauritius. Should these tax treaties be suspended or revoked or adversely modified, our financial position could be adversely affected. We cannot assure you that our Subsidiaries and Step-down Subsidiaries will generate sufficient profits and cash flows, or otherwise be able to pay dividends to us in the future.

46. *This Red Herring Prospectus contains information from the “Global Surfactant Market – Custom Research for Galaxy Surfactants Limited” Report, which we have commissioned.*

Certain information in the sections entitled “Industry Overview”, “Our Business”, “Management’s Discussion and Analysis of Financial Condition and Results of Operations”, “Summary of Industry” and “Summary of Business” beginning on pages 108, 123, 290, 44 and 50, respectively, are derived from the “Global Surfactant Market – Custom Research for Galaxy Surfactants Limited” report. We commissioned the “Global Surfactant Market – Custom Research for Galaxy Surfactants Limited” report, from Acmite Market Intelligence, a research firm independent from us for the purposes of confirming our understanding of the industry in connection with the Offer. Neither we, nor any of the BRLMs, nor any other person connected with the Offer has independently verified the information in the “Global Surfactant Market – Custom Research for Galaxy Surfactants Limited” Report. Accordingly, investors should read the industry related disclosure in this Red Herring Prospectus in this context. Industry sources and publications are also prepared based on information as of specific dates and may no longer be current or reflect current trends. Industry sources and publications may also base their information on estimates, projections, forecasts and

assumptions that may prove to be incorrect. While industry sources take due care and caution while preparing their reports, they do not guarantee the accuracy, adequacy or completeness of the data. Accordingly, investors should not place undue reliance on, or base their investment decision solely on this information.

47. *Some of the agreements entered into by us may not be adequately stamped or may not have been registered, which may adversely impact us.*

Some of the agreements entered into by us may not be adequately stamped or may not have been registered. While the failure to stamp a document does not affect the validity of the transaction embodied therein, it renders the document inadmissible in evidence in India (unless stamped prior to enforcement with payment of requisite penalties, which may be up to 10 times the stamp duty payable, and other such fees that may be levied by the authorities). Further, documents which are insufficiently stamped are capable of being impounded by a public officer. Moreover, the failure to register an agreement may, in certain circumstances, render such documents inadmissible in evidence in India. We cannot assure you that such agreements, which are inadequately stamped or that have not been registered, can be enforced by us. In addition imposition of penalties by the authorities on us for inadequate stamping of such agreements may have a material adverse effect on our business, financial condition and results of operations.

48. *Our Company will not receive any proceeds from the Offer.*

The Offer comprises of an Offer for Sale of up to 6,331,674 Equity Shares by the Selling Shareholders. The proceeds from the Offer for Sale will be paid to Selling Shareholders and we will not receive any such proceeds directly.

49. *Mr. Vivek Amonkar and entities with which he may be associated are not included as a part of the promoter group of our Company.*

In accordance with Regulation 2(1)(zb)((ii) of the SEBI Regulations, Mr. Vivek Amonkar, is a member of the promoter group of the Company on account of being the brother-in-law of Mr. Shashikant Shanbhag, one of our Promoters. Accordingly, any body corporate in which 10% or more of the equity share capital is held by Mr. Vivek Amonkar or a firm or a Hindu Undivided Family in which Mr. Vivek Amonkar is a member or a Karta; (b) any body corporate in which an entity mentioned in (a) above, holds 10% or more of its equity share capital; and (c) any Hindu Undivided Family or firm in which the aggregate shareholding of Mr. Vivek Amonkar is equal to or more than 10% of the total shareholding (collectively, the “**Mr. Vivek Amonkar PG**”) should form part of the promoter group of the Company in accordance with Regulation 2(1)(zb)((iv) of the SEBI Regulations.

However, due to the estranged relationship between Mr. Vivek Amonkar and Mr. Shashikant Shanbhag, Mr. Vivek Amonkar and Mr. Vivek Amonkar PG, have not been included in the promoter group of the Company and disclosures in relation to them have not been included in this Red Herring Prospectus.

External Risk Factors

50. *A slowdown in economic growth in India could adversely affect our business, results of operations, financial condition and cash flows.*

We are dependent on domestic, regional and global economic and market conditions. Our performance, growth and market price of our Equity Shares are and will be dependent to a large extent on the health of the economy in which we operate. There have been periods of slowdown in the economic growth of India. Demand for our products may be adversely affected by an economic downturn in domestic, regional and global economies. Economic growth in the countries in which we operate is affected by various factors including domestic consumption and savings, balance of trade movements, namely export demand and movements in key imports of raw materials, global economic uncertainty and liquidity crisis, volatility in exchange currency rates, and annual rainfall which affects agricultural production. Consequently, any future slowdown in the Indian economy could harm our business, results of operations, financial condition and cash flows. Also, a change in the government or a change in the economic and deregulation policies could adversely affect economic conditions prevalent in the areas in which we operate in general and our business in particular and high rates of inflation in India could increase our costs without proportionately increasing our revenues, and as such decrease our operating margins.

51. *Changing laws, rules and regulations and legal uncertainties, including adverse application of tax laws, may adversely affect our business and financial performance.*

Our business and financial performance could be adversely affected by unfavorable changes in or interpretations of existing, or the promulgation of new laws, rules and regulations applicable to us and our business. Please refer to “*Regulations and Policies*” on page 148 for details of the laws currently applicable to us.

There can be no assurance that the Government of India may not implement new regulations and policies which will require us to obtain approvals and licenses from the Government of India and other regulatory bodies or impose onerous requirements and conditions on our operations. Any such changes and the related uncertainties with respect to the applicability, interpretation and implementation of any amendment to, or change to governing laws, regulation or policy in the jurisdictions in which we operate may have a material adverse effect on our business, financial condition and results of operations. In addition, we may have to incur expenditures to comply with the requirements of any new regulations, which may also materially harm our results of operations. Any unfavorable changes to the laws and regulations applicable to us could also subject us to additional liabilities.

GST has been implemented with effect from July 1, 2017 and has replaced the indirect taxes on goods and services such as central excise duty, service tax, central sales tax, state VAT and surcharge currently being collected by the central and state governments. The GST is expected to increase tax incidence and administrative compliance. Given the limited availability of information in the public domain concerning the GST, we are unable to provide any assurance as to the tax regime following implementation of the GST. The implementation of this new structure may be affected by any disagreement between certain state Governments, which could create uncertainty. Any future amendments may affect our overall tax efficiency, and may result in significant additional taxes becoming payable.

Further, the general anti avoidance rules (“GAAR”) provisions have been made effective from assessment year 2018-19 onwards, i.e.; financial Year 2017-18 onwards and the same may get triggered once transactions are undertaken to avoid tax. The consequences of the GAAR provisions being applied to an arrangement could result in denial of tax benefit amongst other consequences. In the absence of any precedents on the subject, the application of these provisions is uncertain.

The application of various Indian tax laws, rules and regulations to our business, currently or in the future, is subject to interpretation by the applicable taxation authorities. If such tax laws, rules and regulations are amended, new adverse laws, rules or regulations are adopted or current laws are interpreted adversely to our interests, the results could increase our tax payments (prospectively or retrospectively) and/or subject us to penalties. Further, changes in capital gains tax or tax on capital market transactions or sale of shares could affect investor returns. As a result, any such changes or interpretations could have an adverse effect on our business and financial performance.

Further, on November 8, 2016 the Department of Economic Affairs, Ministry of Finance, Government of India through a notification declared that bank notes of denominations of the series of the value of five hundred rupees and one thousand rupees shall cease to be legal tender. This new regulation could result in reduction of liquidity in the economy and may have an impact on various sectors, which may include sectors such as home and personal care products. As a result, such changes or interpretations could have an adverse effect on our business and our financial results.

52. *The preparation requirement and presentation format of financial statements of our Company subsequent to the listing of its Equity Shares will not be in the same manner and same format as being prepared and presented for this Red Herring Prospectus.*

Our historical audited financial statements have been prepared in accordance with the Companies Act and Indian GAAP, while the Restated Financial Statements included in this Red Herring Prospectus are prepared in accordance with the Companies Act, Indian GAAP, SEBI Regulations and the circulars issued by SEBI from time to time. In accordance with the revised roadmap for the implementation of Ind AS (on a voluntary as well as mandatory basis) for companies other than banking companies, insurance companies and non-banking finance announced by the Ministry of Corporate Affairs, Government of India (the “MCA”) through its press release dated January 2, 2015, we will be required to prepare and present our

audited financial statements for Fiscal 2018 in accordance with the Companies Act and Ind AS. Further, if our Equity Shares are listed successfully on the Stock Exchanges, we will be required to prepare and present our annual and interim financial information in accordance with the Companies Act, Ind AS, SEBI Listing Regulations and the circulars issued by SEBI from time to time. The preparation requirement and the presentation format prescribed under the SEBI Regulations for our Restated Financial Statements differs in certain respects from the preparation requirements and presentation formats that we will be required to comply with post-listing of the Equity Shares, being the Companies Act, Ind AS, SEBI Listing Regulations and the circulars issued by SEBI from time to time. Accordingly, the preparation and presentation of our financial statements post-listing of the Equity Shares may be not be comparable with, or may be substantially different from, the Restated Financial Statements included in this Red Herring Prospectus.

53. *Significant differences exist between Ind AS and other accounting principles, such as Indian GAAP, U.S. GAAP and IFRS, which investors may be more familiar with and may consider material to their assessment of our financial condition, cash flows and results of operations.*

The Restated Financial Statements as of and for the six months ended September 30, 2017 and the Financial Years ended March 31, 2017, 2016, 2015, 2014 and 2013, included in this Red Herring Prospectus have been prepared in accordance with Indian GAAP and the applicable provisions of Companies Act, SEBI Regulations and the circulars notified by SEBI from time to time. Except as set out in the section titled “*Statement of Reconciliation between Indian GAAP and Ind AS*” on page 314, no attempt has been made to reconcile any of the information given in this Red Herring Prospectus to any other principles or to base the information on any other standards.

There are significant differences between Indian GAAP, Ind AS, US GAAP and IFRS. Accordingly, the degree to which the financial statements included in this Red Herring Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian GAAP and Ind AS. Persons not familiar with Indian GAAP and Ind AS should limit their reliance on the financial disclosures presented in this Red Herring Prospectus.

If our financial statements were to be prepared in accordance with such other accounting principles, our results of operations, cash flows and financial position may be substantially different. Prospective investors should review the accounting policies applied in the preparation of our financial statements, and consult their own professional advisers for an understanding of the differences between these accounting principles and those with which they may be more familiar. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Red Herring Prospectus should accordingly be limited. In making an investment decision, investors must rely upon their own examination of us, the terms of this Offer and the financial information contained in this Red Herring Prospectus.

54. *We engage in certain transactions in or with countries or persons that are subject to U.S. and other sanctions.*

We generate a minor portion of our revenues from customers in countries subject to international sanctions administered by the Office of Foreign Assets Control of the U.S. Department of the Treasury, the U.S. Department of State or equivalent sanctions regimes administered by Her Majesty's Treasury, the European Union, the United Nations or other relevant sanctions authorities (collectively, “**International Sanctions**”). In addition, we have limited information about and control over the identity of our customers and there can be no assurance that our past or future customers have not been included or will not include persons or entities targeted by, or were not or will not be located in any country that is the subject of International Sanctions.

There can be no assurance that our business will not be impacted by such International Sanctions in the future, particularly if there are changes to, or more stringent application of, the International Sanctions, or if we make changes to our operations or introduce new products or services which may also appeal to customers subject to or based in countries subject to such International Sanctions. In addition, as a result of our business activities or a change in the scope or application of International Sanctions, our counterparties, including our vendors and suppliers, or our other customers, that are required to comply with such International Sanctions, may seek to terminate or modify our contractual arrangements to impose additional conditions that may be adverse to our operations or business prospects, or may be precluded from entering into commercial transactions with us.

Investors in the Equity Shares could incur reputational or other risks as a result of our business dealings with customers in or with persons that are the subject of International Sanctions. In addition, because many sanctions programs are evolving, new requirements or restrictions could come into effect which might increase regulatory scrutiny of our business or result in some of our business activities being subject to sanctions or being sanctionable.

Future changes in International Sanctions may also require us to discontinue existing operations, or prevent us from doing business, in jurisdictions subject to such International Sanctions, which could have a material adverse effect on our financial condition and results of operations, including as a result of disputes arising from the termination of our existing contractual arrangements.

55. *We may be affected by competition law in India and any adverse application or interpretation of the Competition Act could in turn adversely affect our business.*

The Competition Act was enacted for the purpose of preventing practices that have or are likely to have an adverse effect on competition in India and has mandated the CCI to separate such practices. Under the Competition Act, any arrangement, understanding or action, whether formal or informal, which causes or is likely to cause an appreciable adverse effect on competition is void and attracts substantial penalties.

Further, any agreement among competitors which, directly or indirectly, involves determination of purchase or sale prices, limits or controls production, or shares the market by way of geographical area or number of subscribers in the relevant market is presumed to have an appreciable adverse effect in the relevant market in India and shall be void. The Competition Act also prohibits abuse of a dominant position by any enterprise. On March 4, 2011, the Central Government notified and brought into force the combination regulation (merger control) provisions under the Competition Act with effect from June 1, 2011. These provisions require acquisitions of shares, voting rights, assets or control or mergers or amalgamations that cross the prescribed asset and turnover based thresholds to be mandatorily notified to, and pre-approved by, the CCI. Additionally, on May 11, 2011, the CCI issued the Competition Commission of India (Procedure for Transaction of Business Relating to Combinations) Regulations, 2011, as amended, which sets out the mechanism for implementation of the merger control regime in India. The Competition Act aims to, among other things, prohibit all agreements and transactions which may have an appreciable adverse effect in India. Consequently, all agreements entered into by us could be within the purview of the Competition Act. Further, the CCI has extra-territorial powers and can investigate any agreements, abusive conduct or combination occurring outside of India if such agreement, conduct or combination has an appreciable adverse effect in India. However, the impact of the provisions of the Competition Act on the agreements entered into by us cannot be predicted with certainty at this stage. We are not currently party to any outstanding proceedings, nor have we received notice in relation to noncompliance with the Competition Act or the agreements entered into by us.

However, if we are affected, directly or indirectly, by the application or interpretation of any provision of the Competition Act, or any enforcement proceedings initiated by the CCI, or any adverse publicity that may be generated due to scrutiny or prosecution by the CCI or if any prohibition or substantial penalties are levied under the Competition Act, it would adversely affect our business, financial condition, results of operations and prospects.

56. *The Price Band is determined based on various factors and assumptions and there is no assurance that the Offer Price of the Equity Shares will reflect the market price of the Equity Shares after the Offer. Further, the current market prices of certain securities listed pursuant to certain previous issues managed by the BRLMs are below their respective issue prices.*

The Price Band is determined based on various factors and assumptions and will be determined by us, in consultation with the Selling Shareholders' Committee and the BRLMs. The Offer Price of the Equity Shares will also be determined by us, in consultation with the Selling Shareholders' Committee and the BRLMs through the Book Building Process. For further details, see "*Basis for Offer Price*" on page 101. The Price Band and Offer Price may not be reflective of the market price for the Equity Shares after the Offer.

In addition, the market prices of certain securities issued by companies that had their initial public offerings managed by the BRLMs, are currently below their respective issue prices. For further details, see "*Other Regulatory and Statutory Disclosures - Price information of past issues handled by the BRLMs*" beginning

on page 343. The factors that could affect the market price of Equity Shares include, among others things, market trends, financial performance and results of the Company after the listing, and factors beyond our control. There is no assurance that the Equity Shares will trade at a price that we may expect, that there will be an active market for the Equity Shares or that sustained trading will take place after the listing of the Equity Shares.

- 57. *If acts of terrorism and other similar threats to security, communal disturbances or riots erupt in India, or if regional hostilities increase, this would adversely affect the Indian economy, and our business, results of operations and cash flows.***

India has experienced communal disturbances, terrorist attacks and riots in the past. If such events recur, our operational and marketing activities may be adversely affected, resulting in a decline in our income. The Asian region has from time to time experienced instances of civil unrest and hostilities among neighboring countries, including those between India and Pakistan. Hostilities and tensions may occur in the future and on a wider scale. Military activity or terrorist attacks in India, as well as other acts of violence or war could influence the Indian economy by creating a perception that investments in India involve higher degrees of risk. Events of this nature in the future, as well as social and civil unrest within other countries in Asia, could influence the Indian economy and could have an adverse effect on the market for securities of Indian companies, including our Equity Shares.

- 58. *Inflation in India could have an adverse effect on our profitability and if significant, on our financial condition.***

Inflation is typically impacted by factors such as governmental policies, regulations, commodity prices, liquidity and global economic environment. Any change in the government or a change in the economic and deregulation policies could adversely affect the inflation rates. Continued high rates of inflation may increase our costs such as salaries, travel costs and related allowances, which are typically linked to general price levels. There can be no assurance that we will be able to pass on any additional costs to our clients or that our revenue will increase proportionately corresponding to such inflation. Accordingly, high rates of inflation in India could have an adverse effect on our profitability and, if significant, on our financial condition.

- 59. *The occurrence of natural or man-made disasters may adversely affect our business, results of operations and financial condition.***

The occurrence of natural disasters, including hurricanes, floods, tsunamis, earthquakes, tornadoes, fires, explosions, pandemic disease and man-made disasters, including acts of terrorism and military actions, may adversely affect our financial condition or results of operations. The potential impact of a natural disaster such as the H5N1 "avian flu" virus, or H1N1, the swine flu virus, MERS (Middle East Respiratory Syndrome), Zika, the mosquito virus, on our results of operations and financial position is speculative, and would depend on numerous factors. Although the long-term effect of such diseases cannot currently be predicted, previous occurrences of avian flu, swine flu, MERS and Zika had an adverse effect on the economies of those countries in which they were most prevalent. In the case of any of such diseases, should the virus mutate and lead to human-to-human transmission of the disease, the consequence for our business could be severe. An outbreak of a communicable disease in India or in the particular region in which we have projects would adversely affect our business and financial conditions and the result of operations. We cannot assure prospective investors that such events will not occur in the future or that our business, results of operations and financial condition will not be adversely affected.

- 60. *A significant change in the Government's economic liberalization and deregulation policies could disrupt our business.***

We are incorporated in India and derive a significant portion of our revenues from India. Consequently, our performance and liquidity of the Equity Shares is affected by changes in exchange rates and controls, interest rates, Government policies, taxation, social and ethnic instability and other political and economic developments affecting India. The Government has traditionally exercised and continues to exercise a dominant influence over many aspects of the economy. Our business and the market price and liquidity of the Equity Shares may be affected by changes in exchange rates and controls, interest rates, changes in Government policy, taxation, social and civil unrest and political, economic or other developments in or affecting India. In recent years, India has been following a course of economic liberalization and our

business could be significantly influenced by economic policies followed by the Government. Further, our businesses are also impacted by regulation and conditions in the various states in India where we operate. There can be no assurance as to the policies a new elected government will follow or that it will continue the policies of the outgoing government. The rate of economic liberalization could change, and specific laws and policies affecting foreign investment, currency exchange rates and other matters affecting investment in India could change as well. A significant change in India's economic liberalization and deregulation policies, in particular, those relating to our business, could disrupt business and economic conditions in India generally and our business in particular.

61. *Financial instability, economic developments and volatility in securities markets in other countries may also cause a decline in the price of the Equity Shares.*

The Indian market and the Indian economy are influenced by economic and market conditions in other countries, particularly emerging market countries in Asia. Financial turmoil in Europe and elsewhere in the world in recent years has affected the Indian economy. Although economic conditions are different in each country, investors' reactions to developments in one country can have adverse effects on the securities of companies in other countries, including India. Recently, the currencies of a few Asian countries including India suffered depreciation against the US Dollar owing to amongst other, the announcement by the US government that it may consider reducing its quantitative easing measures. A loss of investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and, indirectly, in the Indian economy in general. Any worldwide financial instability could also have a negative impact on the Indian economy. Financial disruptions may occur again and could harm our business, prospects, future financial performance and the prices of the Equity Shares.

The global credit and equity markets have experienced substantial dislocations, liquidity disruptions and market corrections in recent years. Since September 2008, liquidity and credit concerns and volatility in the global credit and financial markets increased significantly with the bankruptcy or acquisition of, and government assistance extended to, several major US and European financial institutions. These and other related events, such as the European sovereign debt crisis, have had a significant impact on the global credit and financial markets as a whole, including reduced liquidity, greater volatility, widening of credit spreads and a lack of price transparency in global credit and financial markets. In response to such developments, legislators and financial regulators in the United States and other jurisdictions, including India, have implemented a number of policy measures designed to add stability to the financial markets.

However, the overall impact of these and other legislative and regulatory efforts on the global financial markets is uncertain, and they may not have the intended stabilizing effects. In the event that the current difficult conditions in the global credit markets continue or if there is any significant financial disruption, such conditions could have an adverse effect on our business, prospects, future financial performance and the trading price of the Equity Shares.

62. *Our performance is linked to the stability of policies and the political situation in India. Any political instability in India may adversely affect the Indian economy and the Indian securities markets in general, which could adversely affect our business, our results of operations and could also affect the trading price of our shares.*

The Government has pursued policies of economic liberalization, including significantly relaxing restrictions on the private sector. Any political instability could delay the reform of the Indian economy and could have a material adverse effect on the market for our Equity Shares. There is no assurance that these liberalization policies will continue if there is a change in political climate. Protests against privatization could slow-down the pace of liberalization and deregulation. The rate of economic liberalization could change, and specific laws and policies affecting companies in the chemicals sector, foreign investment, currency exchange rates and other matters affecting investment in our securities could change as well. Further, if there is any political unrest or political instability or change of policies as a result of the introduction of any new political regime in India, which is not in advancement of the chemicals sector or in furtherance of our business activities, then our business, results of operations and financial position may be adversely affected.

63. *Any downgrading of India's debt rating by an independent agency may harm our ability to raise financing.*

Any adverse revisions to India's credit ratings for domestic and international debt by domestic or international rating agencies may adversely affect our ability to raise additional financing and the interest rates and other commercial terms at which such additional financing is available. This could have an adverse effect on our capital expenditure plans, business and financial performance and the price of our Equity Shares.

64. *Political or economic instability in Egypt could adversely affect our business and our results of operations.*

One of our Step-down Subsidiaries, namely Galaxy Chemicals (Egypt) S.A.E. is incorporated in Egypt. Further, one of our major manufacturing facilities, with an installed capacity of 82,600 MTPA as of March 31, 2017, is situated in Suez, Egypt, and is operated by Galaxy Chemicals (Egypt) S.A.E. This facility produces both performance surfactants and speciality care products, and services some of our major multinational FMCG customers in the AMET region.

Egypt is located in a region which has been subject to ongoing political and security concerns, especially in recent years. Political instability in the Middle East has increased since the terrorist attacks of September 11, 2001 and the U.S. intervention in Iraq. In common with other countries in the region, Egypt has experienced occasional terrorist attacks in recent years. There can be no assurance that extremists or terrorist groups will not escalate or continue occasional violent activities in Egypt or that the Government will continue to be generally successful in maintaining the prevailing levels of domestic order and stability. Further, while the Government of Egypt is implementing economic reform programs, disagreements among political parties and the political situation in the region could potentially delay the implementation of any such programs, which may have a negative effect on the performance of the Egyptian economy. Any political or economic instability in Egypt could adversely affect our business and results of operations.

65. *Fluctuation in the exchange rate between the Indian Rupee and foreign currencies may have an adverse effect on the value of our Equity Shares, independent of our operating results*

The Equity Shares are, and will be quoted in Indian Rupees on the Stock Exchanges. Any dividends in respect of the Equity Shares will be paid in Indian Rupees and subsequently converted into other currencies for repatriation. Any adverse movement in exchange rates during the time it takes to undertake such conversion may reduce the net dividend to investors. In addition, any adverse movement in exchange rates during a delay in repatriating the proceeds from a sale of Equity Shares outside India, for example, because of a delay in regulatory approvals that may be required for the sale of Equity Shares, may reduce the net proceeds received by shareholders. For example, the exchange rate between the Indian Rupee and the U.S. dollar has fluctuated substantially in recent years and may continue to fluctuate substantially in the future, which may have an adverse effect on the trading price of our Equity Shares and returns on our Equity Shares, independent of our operating results.

66. *A decline in India's foreign exchange reserves may affect liquidity and interest rates in the Indian economy, which could adversely impact us. A rapid decrease in reserves would also create risk of higher interest rates and a consequent slowdown in growth.*

Flows to foreign exchange reserves can be volatile, and past declines may have adversely affected the valuation of the Rupee. There can be no assurance that India's foreign exchange reserves will not decrease in the future. Further, a decline in foreign exchange reserves, as well as other factors, could adversely affect the valuation of the Rupee and could result in reduced liquidity and higher interest rates, which could adversely affect our business, financial condition, results of operations and cash flows.

67. *Investors in the Equity Shares may not be able to enforce a judgment of a foreign court against us, our directors or executive officers.*

Our Company is incorporated under the laws of India. Our Company's assets are primarily located in India and substantially all of our Company's Directors and Key Management Personnel are residents of India. As a result, it may not be possible for investors to effect service of process upon our Company or such persons in jurisdictions outside India, or to enforce against them judgments obtained in courts outside India.

Recognition and enforcement of foreign judgments is provided for under Section 13 of the CPC on a statutory basis. Section 13 of the CPC provides that foreign judgments shall be conclusive regarding any matter directly adjudicated upon, except: (i) where the judgment has not been pronounced by a court of competent jurisdiction; (ii) where the judgment has not been given on the merits of the case; (iii) where it appears on the face of the proceedings that the judgment is founded on an incorrect view of international

law or a refusal to recognize the law of India in cases to which such law is applicable; (iv) where the proceedings in which the judgment was obtained were opposed to natural justice; (v) where the judgment has been obtained by fraud; and (vi) where the judgment sustains a claim founded on a breach of any law then in force in India. Under the CPC, a court in India shall, upon the production of any document purporting to be a certified copy of a foreign judgment, presume that the judgment was pronounced by a court of competent jurisdiction, unless the contrary appears on record. However, under the CPC, such presumption may be displaced by proving that the court did not have jurisdiction.

India is not a party to any international treaty in relation to the recognition or enforcement of foreign judgments. Section 44A of the CPC provides that where a foreign judgment has been rendered by a superior court, within the meaning of that Section, in any country or territory outside of India which the Central Government has by notification declared to be in a reciprocating territory, it may be enforced in India by proceedings in execution as if the judgment had been rendered by the relevant court in India. However, Section 44A of the CPC is applicable only to monetary decrees not being of the same nature as amounts payable in respect of taxes, other charges of a like nature or of a fine or other penalties.

It is unlikely that a court in India would award damages on the same basis as a foreign court if an action was brought in India. Furthermore, it is unlikely that an Indian court would enforce a foreign judgment if that court were of the view that the amount of damages awarded was excessive or inconsistent with public policy or Indian practice. It is uncertain as to whether an Indian court would enforce foreign judgments that would contravene or violate Indian law. However, a party seeking to enforce a foreign judgment in India is required to obtain approval from the RBI under the Foreign Exchange Management Act, 1999, to execute such a judgment or to repatriate any amount recovered.

68. *Financial difficulty and other problems in certain long-term lending institutions and investment institutions in India could have a negative impact on our business.*

We are exposed to the risks of the Indian financial system which may be affected by the financial difficulties faced by certain Indian financial institutions because the commercial soundness of many financial institutions may be closely related as a result of credit, trading, clearing or other relationships. This risk, which is referred to as “systemic risk,” may adversely affect financial intermediaries, such as clearing agencies, banks, securities firms and exchanges with whom we interact on a daily basis. Our transactions with these financial institutions expose us to credit risk in the event of default by the counter party, which can be exacerbated during periods of market illiquidity. As the Indian financial system operates within an emerging market, we face risks of a nature and extent not typically faced in more developed economies, including the risk of deposit runs notwithstanding the existence of a national deposit insurance scheme. The problems faced by individual Indian financial institutions and any instability in or difficulties faced by the Indian financial system generally could create adverse market perception about Indian financial institutions and banks. This in turn could adversely affect our business, financial condition, results of operations and cash flows.

69. *The Equity Shares have never been publicly traded, and, after the Offer, the Equity Shares may experience price and volume fluctuations, and an active trading market for the Equity Shares may not develop.*

Prior to the Offer, there has been no public market for the Equity Shares, and an active trading market on the Stock Exchanges may not develop or be sustained after the Offer. Listing and quotation does not guarantee that a market for the Equity Shares will develop, or if developed, the liquidity of such market for the Equity Shares. The Offer Price of the Equity Shares is proposed to be determined through a book-building process and may not be indicative of the market price of the Equity Shares at the time of commencement of trading of the Equity Shares or at any time thereafter. The market price of the Equity Shares may be subject to significant fluctuations in response to, among other factors, variations in our operating results of our Company, market conditions specific to the industry we operate in, developments relating to India, volatility in securities markets in jurisdictions other than India, variations in the growth rate of financial indicators, variations in revenue or earnings estimates by research publications, and changes in economic, legal and other regulatory factors.

70. *The Offer Price of the Equity Shares may not be indicative of the market price of the Equity Shares after the Offer.*

The Offer Price of the Equity Shares will be determined by our Company in consultation with the BRLMs, and through the Book Building Process. This price will be based on numerous factors, as described under “Basis for Offer Price” on page 101 and may not be indicative of the market price for the Equity Shares after the Offer. The market price of the Equity Shares could be subject to significant fluctuations after the

Offer, and may decline below the Offer Price. We cannot assure you that the investor will be able to resell their Equity Shares at or above the Offer Price.

71. *Investors may be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares.*

Capital gains arising from the sale of equity shares in an Indian company are generally taxable in India. Any gain realized on the sale of listed equity shares on a stock exchange held for more than 12 months will not be subject to capital gains tax in India if securities transaction tax (“STT”) has been paid on the transaction. STT will be levied on and collected by an Indian stock exchange on which the equity shares are sold. As such, any gain realized on the sale of equity shares held for more than 12 months by an Indian resident, which are sold other than on a recognized stock exchange and as a result of which no STT has been paid, will be subject to capital gains tax in India. Further, any gain realized on the sale of equity shares held for a period of 12 months or less will be subject to capital gains tax in India. Capital gains arising from the sale of equity shares will be exempt from taxation in India in cases where an exemption is provided under a treaty between India and the country of which the seller is a resident. Generally, Indian tax treaties do not limit India’s ability to impose tax on capital gains. As a result, residents of other countries may be liable for tax in India as well as in their own jurisdictions on gains arising from a sale of equity shares.

72. *Any future issuance of Equity Shares, or convertible securities or other equity linked securities by us and any sale of Equity Shares by our Promoters or Promoter Group may dilute your shareholding and adversely affect the trading price of the Equity Shares.*

Any future issuance of the Equity Shares, convertible securities or securities linked to the Equity Shares by us, including through exercise of employee stock options may dilute your shareholding in our Company, adversely affect the trading price of the Equity Shares and our ability to raise capital through an issue of our securities. In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of the Equity Shares. We cannot assure you that we will not issue additional Equity Shares. The disposal of Equity Shares by any of our Promoters and Promoter Group, or the perception that such sales may occur may significantly affect the trading price of the Equity Shares. Except as disclosed in “Capital Structure” beginning on page 78, we cannot assure you that our Promoters and Promoter Group will not dispose of, pledge or encumber their Equity Shares in the future.

73. *The average acquisition price per Equity Share of the Equity Shares held by our Promoters may be less than the Offer Price.*

The average acquisition price per Equity Share of the Equity Shares held by our Promoters may be less than the Offer Price. The details of average acquisition price per Equity Share of the Equity Shares held by our Promoters is set out below:

Name of the Promoters	Number of Equity Shares held as on January 12, 2018	Average price per Equity Share (in ₹)
Mr. Unnathan Shekhar	4,226,740*	6.39
Mr. Gopalkrishnan Ramakrishnan	2,362,758&	5.37
Mr. Sudhir Dattaram Patil	4,145,290 ^{(1)^}	4.41
Mr. Shashikant Shanbhag	4,097,684%	4.13

(1) Of the 4,145,290 Equity Shares held by Mr. Sudhir Dattaram Patil, 39,250 Equity Shares are proposed to be offered by him in the Offer and are currently held in an escrow account maintained by the Escrow Agent as per the terms of the OFS Scheme.

*Jointly held with Ms. Lakshmy Shekhar

& Jointly held with Ms. Jayashree Ramakrishnan

[^] 4,106,040 Equity Shares jointly held with Ms. Sandhya Patil

% Jointly held with Ms. Vandana Shanbhag

74. *Rights of shareholders under Indian law may be more limited than under the laws of other jurisdictions.*

Our Articles and applicable Indian law govern our corporate affairs. Legal principles relating to these matters and the validity of corporate procedures, Directors’ fiduciary duties and liabilities, and shareholders’ rights may differ from those that would apply to a financial institution or corporate entity in another jurisdiction. Shareholders’ rights under Indian law may not be as extensive as shareholders’ rights under the laws of other countries or jurisdictions. Investors may have more difficulty in asserting their rights as one of our shareholders than as a shareholder of a financial institution or corporate entity in another jurisdiction.

75. *Foreign investors are subject to foreign investment restrictions under Indian law, which may adversely affect the market price of the Equity Shares.*

Under the foreign exchange regulations currently in force in India, transfers of shares between non-residents and residents are freely permitted (subject to certain restrictions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or falls under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the Indian Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/tax clearance certificate from the income tax authority. We cannot assure investors that any required approval from the RBI or any other Indian government agency can be obtained on any particular terms, or at all.

The Global Economy

The global upswing in economic activity is strengthening. Global growth, which in 2016 was the weakest since the global financial crisis at 3.2 percent, is projected to rise to 3.6 percent in 2017 and to 3.7 percent in 2018. **(Source: “World Economic Outlook, October 2017 Seeking Sustainable Growth: Short-Term Recovery, Long-Term Challenges” by International Monetary Fund)**

Among the emerging markets and developing economies (“**EMDEs**”), India is forecasted to be one of the fastest growing economies with GDP growth expected at 7.4% for 2018 and 8.2% for 2019. MENA region is expected to grow at 3.2% and 3.5%; Egypt specially at 4.5% and 6.0%, Turkey at 3.5% and 3.6 during 2018 and 2019 **(Source: “World Economic Outlook, October 2017 Seeking Sustainable Growth: Short-Term Recovery, Long-Term Challenges” by International Monetary Fund)**

The Indian Economy

The April 2017 MPR (Monetary Policy Report) had projected an acceleration in real GVA for 2017-18 on the back of (a) a recovery in discretionary spending spurred by the pace of remonetisation; (b) the reduction in banks’ lending rates on fresh loans brought about by demonetisation induced liquidity; (c) the growth stimulating proposals in the Union Budget 2017-18; (d) a normal southwest monsoon; and (e) an improvement in external demand. Taking into account the outturn in the first half, the baseline assumptions, survey indicators and model forecasts, real GVA growth is projected at 6.7 per cent for 2017-18 – 6.4 per cent in Q2, 7.1 per cent in Q3 and 7.7 per cent in Q4 – with risks evenly balanced around this baseline path. **(Source: RBI Monetary Policy Report, October 2017)**

Global Personal and Home Care Markets

Global personal care and cosmetics market is a large and lucrative consumer market, with the market size approaching USD 215 Billion in 2015, expected to approach USD 301 Billion by 2021 and reach USD 358 Billion by 2024, with CAGR of 5.8%. Skin care being the fastest growing segment at 6.7%. India Personal Care market is expected to grow at 7.9%.

The market of household cleaning agents was valued at USD 43.40 Billion in 2015. As a mature market, it is expected to report a moderate growth of around 3.3 percent in the coming years. Indian household cleaning market is expected to grow at 7.2%. **(Source: “Report on Chemical Industry with focus to Gujarat & Speciality Chemicals” by FICCI and Tata Strategic Management Group)**

Home and Personal Care Ingredients Market

Personal Care is one of the most attractive sectors for the chemical industry – it has successfully weathered economic recession; also growing awareness for new formulations is creating new opportunities for specialty personal care ingredient suppliers. Increased consumer awareness of sun exposure side effects, the use of UV absorbers has extended to an increasing number of skin care products, ranking them among the rapidly growing markets. Skin care is the largest segment contributing 29%, followed by Hair Care at 21%.

The Ingredients market is a USD 14 Billion to USD 18 Billion market with 25 percent made up by commodities, 35 percent by fine chemicals and 40 percent by differentiated specialties. Specialty ingredients hold the largest growth potential within the personal care ingredients business. (Source: “Global Beauty Ingredients: New Strategic Segments for Growth” by Kline & Company).

The Personal Care Ingredients market has a total value of USD 9.2 Billion. Hair care and skin care are the two largest applications and, as a result, ingredients used in them have a larger share in the market.

Surfactant is a surface-active substance or agent. The word “*surfactant*” is a shortened form of “*surface-active agent*”. Surfactants can be broadly defined as compounds which concentrate at surfaces (interfaces) such as water-air or water-oil when dissolved in water. Surfactants and surface activity are controlling features in many important systems, including emulsification, detergency, foaming, wetting, lubrication, water repellence, waterproofing, spreading and dispersion, and colloid stability. Used in small quantity, surfactants are able to markedly affect the surface characteristics of a system.

Surfactants find application in almost every chemical industry. The major application fields of surfactants are classified as under Household Cleaning, Industrial Cleaning, Personal Care Products, etc.

In terms of raw materials, surfactants are prepared from various feedstocks which are either petrochemicals or oleochemicals. Presently, nearly 50 percent of the surfactants are produced from oleochemicals, while only one-fourth were produced from oleochemicals in the 1970s. The share of oleochemicals used surfactants increased by around 100 percent during the last forty years. (Source: “Global Surfactant Market – 4th Edition” by Acmite Market Intelligence)

SUMMARY OF BUSINESS

Overview

We are one of India's leading manufacturers of surfactants and other speciality ingredients for the personal care and home care industries. Our products find application in a host of consumer-centric personal care and home care products, including, *inter alia*, skin care, oral care, hair care, cosmetics, toiletries and detergent products. Since our incorporation in 1986, we have significantly expanded and diversified our product profile, client base and geographical footprint. Our customers include some of the leading multinational, regional and local players in the home and personal care industries. Currently, our product portfolio comprises over 200 product grades, which are marketed to more than 1,700 customers in over 70 countries.

Our products are organized into the following product groups:

- **Performance Surfactants:** Our portfolio of performance surfactants comprises over 45 product grades, and includes anionic surfactants and non-ionic surfactants; and
- **Speciality Care Products:** Our Speciality Care Products group comprises over 155 product grades, and includes amphoteric surfactants, cationic surfactants, UV filters, preservatives, preservative blends and surfactant blends, speciality ingredients such as mild surfactants, syndet and transparent bathing bars and proteins, fatty alkanolamides and fatty acid esters, and other care products.

While we commenced our operations as a local supplier to FMCG companies in India, we have significantly expanded and diversified our scale and scope of operations over the years so as to become a global supplier to FMCG companies across major geographies, such as Africa Middle East Turkey (AMET), Asia Pacific (APAC), Americas (North and South) and Europe. Our diversified customer base currently comprises multinational, regional and local FMCG companies, including, *inter alia*, Cavinkare Private Limited, Colgate-Palmolive (India) Limited, Dabur India Limited, Henkel, Himalaya, L'ORÉAL, Procter & Gamble, Reckitt Benckiser, Ayur Herbals (Private) Limited, Jyothy Laboratories Limited and Unilever. We believe that the long-standing relationships that we enjoy with our customers are a catalyst for our continued growth and success.

In addition to our domestic sales in India, we have significantly increased our geographical footprint in recent years by focusing on certain emerging markets such as AMET. Our Step-down Subsidiaries, coupled with our manufacturing facilities in Suez, Egypt, and New Hampshire, USA, enable us to service the international demand for our products. We have set-up sales offices in India, Egypt and USA, and representative offices in Netherlands and Turkey so as to enable us to market our products as well as understand customer needs in these regions, and consequently, develop products to service such requirements.

We continuously monitor industry trends so as to ensure that our products continue to remain relevant and help our customers meet the evolving market demands and enhance their brand value. Our qualified and experienced in-house R&D team focuses on the development of high-performance products and formulations for the consumer-centric home and personal care industries, including collaborative product development with our customers as part of our '*Consumer to Chemistry*' motto. We have adopted an innovation funnel model, which allows us to customize our products in line with customer expectations and end-user preferences, whilst simultaneously ensuring shorter lead-times. Since 2002, a total of 47 patents have been granted to us. Currently, 10 patents in USA, and 2 (two) patents each in China, the European Union, India, Japan and Russia, are being maintained by us. We have applied for an aggregate of 38 patents globally, of which 21 applications have been made in India, and an aggregate of 17 applications have been made for the registration of patents in Brazil, China, the European Union, Russia and USA, and under the Patent Cooperation Treaty.

At present, we have 7 (seven) strategically-located manufacturing facilities, out of which 5 (five) are located in India and 2 (two) are located overseas. We also have set-up 1 (one) pilot plant at Tarapur, Maharashtra, for the scaling up of new products and processes from lab-scale to plant-scale. Out of our 5 (five) manufacturing facilities in India, 3 (three) are located at Tarapur, Maharashtra, 1 (one) is located at Taloja, Maharashtra, and 1 (one) is located at Jhagadia, Gujarat. Many of our key customers have audited and approved our manufacturing facilities and processes, which has helped us establish our reputation and reliability as a supplier of high-quality products and customized solutions, and also enabled us to receive recurring business as well as attract new customers.

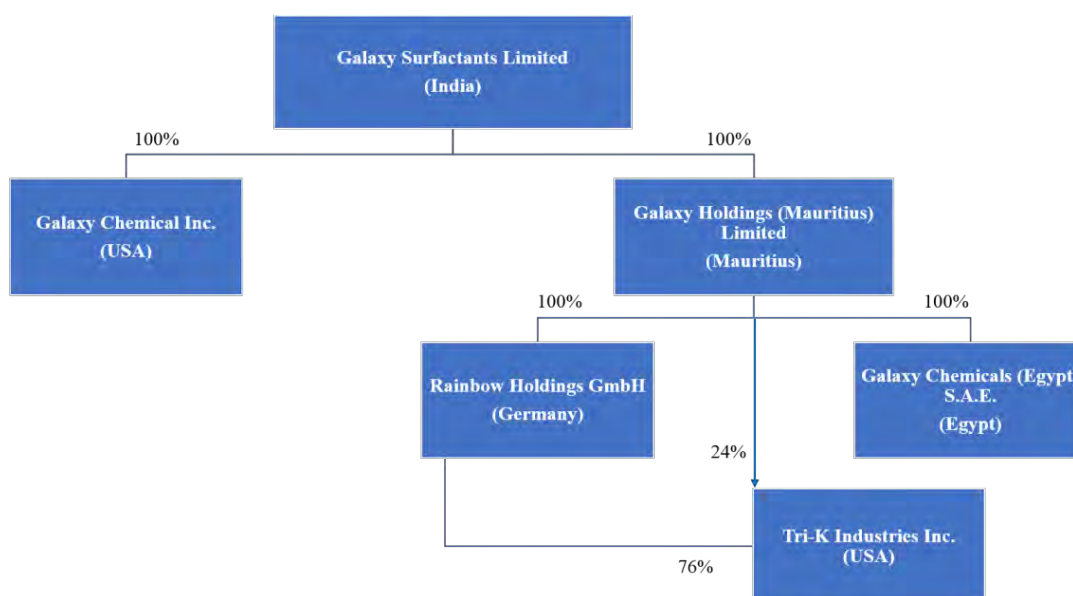

As a professionally managed organization, we are driven by a qualified and dedicated management team, comprising of seasoned professionals with experience across various sectors, which is led by our Board of Directors. Our Promoters, namely Mr. Unnathan Shekhar, Mr. Gopalkrishnan Ramakrishnan, Mr. Shashikant Shanbhag and Mr. Sudhir Dattaram Patil, have been associated with the Company since its incorporation in 1986, and have played a significant role in the development of our business. We believe that our management team's collective experience and capabilities enable us to understand and anticipate market trends, manage our business operations and growth, leverage customer relationships and respond to changes in customer preferences. Our workforce has grown significantly over the years, and as on September 30, 2017, numbered over 1,200 employees.

We believe that our emphasis on innovation, proactive customer-centric approach and focus on quality have enabled us to meet customer needs. We have received numerous awards and recognitions from our customers, including, *inter alia*, the “Winning through Innovation” and “Innovation Award” awards from Unilever, the “Best Supply Partner” award and a “Approved Supplier of Sodium Lauryl Ether Sulphate” certification by Hindustan Unilever Limited, a “Fully Certified Preferred Supplier of Sodium Lauryl Sulphate” certification and a “Certificate of Recognition” from Colgate-Palmolive (India) Limited, an “Award of Global Performance” and “Certificate of Appreciation” from L'ORÉAL, a “Certificate of Excellence” from Marico Limited, and an “Excellence” award from Dabur.

For Fiscal 2017 and the six-month period ended September 30, 2017, our total revenues were ₹21,717.00 million and ₹11,972.77 million, respectively. From Fiscal 2014 to Fiscal 2017, as per the Restated Consolidated Financial Statements, (i) our EBITDA increased from ₹2,198.03 million to ₹2,780.48 million, representing a CAGR of 8.15%; (iii) our profit after tax increased from ₹759.97 million to ₹1,463.06 million, representing a CAGR of 24.40%. Our RoNW for Fiscals 2015, 2016 and 2017 was 19.27%, 24.88% and 28.68%, respectively.

Corporate Structure

The following chart outlines our current group structure:

Our Strengths

We believe that we have the following competitive strengths:

Established Global Supplier to Major FMCG Brands with Demonstrated Track Record

Over the years, we have evolved from being a local supplier to FMCG companies in India to being a global supplier to FMCG companies across major geographies, such as India, AMET, Asia Pacific (APAC), Americas (North and South) and Europe. We believe that our robust product portfolio and expanded geographical footprint enable us to provide integrated solutions to a wide array of customers, whether they be established multinationals or emerging players in local markets. As part of our customer-relationship management endeavours, we classify our customers based on certain key characteristics, including scale of operations, geographical footprint, technical demands and propensity for growth. We believe that the aforesaid classification is key to our effective supply-chain management, and also helps us monitor exposure to risks that may arise from customer or geographical

concentration. In Fiscal 2017, 52%, 8% and 40% of our total revenues from operations were derived from multinational customers, regional customers and local customers, respectively.

Almost all of our customers operate within the consumer-centric personal care and home care segments, and thus, their purchasing decisions are driven primarily by product performance, advanced chemistry and the need for customized and competitive solutions. We believe that a number of our products enjoy a strong position in the ingredients value chain. Our products provide some of the key functional characteristics to a host of consumer-centric personal care and home care products, including, *inter alia*, shampoos, conditioners, body wash formulations, soap bars, liquid soaps, toothpastes, laundry detergents and dishwashing products. Accordingly, our customers maintain strict qualification and/or certification procedures, which typically result in a high degree of collaboration for proficient product development.

Our customer base currently comprises a host of multinational, regional and local FMCG companies, including, *inter alia*, Cavinkare Private Limited, Colgate-Palmolive (India) Limited, Dabur India Limited, Henkel, Himalaya, L'ORÉAL, Procter & Gamble, Reckitt Benckiser, Ayur Herbals (Private) Limited, Jyothy Laboratories Limited and Unilever. While we derive a significant portion of our revenues from limited number of major customers, we believe that this reflects our ability to cater to the continual procurement needs of our multinational FMCG customers across diverse geographies. We enjoy relationships in excess of 5 (five) years with each of our top ten customers.

Many of our key customers have audited and approved our facilities and manufacturing processes. Once qualified, products tailored to a customer's application and processes tend to have a life cycle linked to that of the customer's product, which, may be several years or even decades in the case of some products. By working closely with our customers, we are able to innovate and develop technologies that can be applied effectively in our customers' processes and products, increasing their operational efficiency and improving end-product performance. This type of strategic relationship with customers enhances the stability of our revenue base and facilitates the development of new product applications and markets. We believe that factors such as the highly-technical and specialized nature of business, continuous requirement for R&D, the meeting pre-qualification, stringent quality benchmarks and certification serve as effective entry barriers to new players in the industry.

We have received numerous awards and recognitions from our customers, including, *inter alia*, the "Winning through Innovation" and "Innovation Award" awards from Unilever, the "Best Supply Partner" award and a "Approved Supplier of Sodium Lauryl Ether Sulphate" certification by Hindustan Unilever Limited, a "Fully Certified Preferred Supplier of Sodium Lauryl Sulphate" certification and a "Certificate of Recognition" from Colgate-Palmolive (India) Limited, an "Award of Global Performance" and "Certificate of Appreciation" from L'ORÉAL, a "Certificate of Excellence" from Marico Limited, and an "Excellence" award from Dabur.

Robust Product Portfolio Addressing Diverse Customer Needs

We have continuously diversified our product profile to address the needs of a diverse range of customers and applications. Our Performance Surfactants range includes anionic surfactants and non-ionic surfactants, and comprises over 45 product grades. Our Speciality Care Products range comprises over 155 product grades, and includes amphoteric surfactants, cationic surfactants, UV filters, preservatives, preservative blends and surfactant blends, speciality ingredients such as mild surfactants, syndet and transparent bathing bars and proteins, fatty alkanolamides and fatty acid esters, and other care products. In aggregate, our product portfolio currently comprises over 200 product grades.

Both of our product ranges, namely Performance Surfactants and Speciality Care Products, find application in the personal care and home care industries. They are utilized as raw materials for a host of consumer-centric personal care and home care products, including, *inter alia*, shampoos, conditioners, body wash formulations, soap bars, liquid soaps, toothpastes, laundry detergents and dishwashing products. However, our scale of production, positioning and pricing strategy for each of our product ranges is distinct. While our Performance Surfactants often serve as substantive raw materials in our customers' end-products, our Speciality Care Products are characterized by the unique functionality that they add to our customers' end-products. We believe that our products find applications in products designed for end-users in the entire spectrum of 'mass', 'mass-tige' and 'prestige' socio-economic segments.

The diversity in our product portfolio enables us to provide customized solutions to multinational FMCGs that market a host of products across diverse geographies. While the requirements and preferences of consumers across geographies may vary, a number of our Performance Surfactants are primarily utilized as raw materials for end-

products that can be considered as ‘consumer staples’. As these products cater to basic needs such as personal hygiene and sanitation, consumers are often unable or unwilling to cut them out of their budgets regardless of their financial situation. We believe that the relatively inelastic demand for our customers’ end-products helps ensure a demand for the products that we manufacture whilst also contributing our ability to weather economic downturns that may affect specific geographies.

On the other hand, a large number of our Speciality Care Products find applications in end-products designed for the ‘*prestige*’ socio-economic segment, where purchasing decisions are often driven by the functionality of the end-product. For instance, sunscreens are commonly rated, labelled and purchased based on a sun protection factor (SPF) that measures the fraction of sunburn-producing UV rays that reach the user’s skin. Our range of UV filters serve as the primary functional ingredient in a host of sunscreens, fairness creams and other personal care products. As a result of the relatively higher value that they add to our customers’ end-products, our Speciality Care Products have typically offered a scope for higher margins *vis-à-vis* our Performance Surfactants.

Proven R&D Capabilities with Dedicated Focus on Innovation

Our emphasis on R&D has been a catalyst for the growth of our businesses and contributes significantly to our ability to meet customer needs in a competitive market.

Our dedicated and experienced in-house R&D team, which comprised 63 employees as of September 30, 2017, focuses on the development of high-performance products and formulations for the consumer-centric personal care and home care segments. This team includes a number of doctorates, chemists and engineers, and primarily operates from our well-equipped R&D Centre, which is located at Navi Mumbai. We also have set-up 1 (one) pilot plant at Tarapur, Maharashtra, which enables trial runs of the new production processes and products prior to commencement of commercial production. Our R&D Centre and pilot-plant are both recognized by the Department of Science and Technology, Government of India. We have also set-up a product applications centre for proteins at Denville, USA, which is operated by Tri-K Industries Inc. In Fiscals 2015, 2016 and 2017, we spent ₹102.75 million, ₹121.03 million and ₹131.91 million, respectively, on R&D activities.

As part of our ‘*Consumer to Chemistry*’ motto, we undertake collaborative product development with our customers, which helps our customers in choosing the ‘right technology with the right application’. We have adopted an innovation funnel model of product development, which enables us to customize our products in line with customer expectations and consumer preferences, whilst simultaneously ensuring shorter lead-times. Since the adoption of our innovation funnel model in Fiscal 2007, we have developed various new product grades. Further, Since 2002, a total of 47 patents have been granted to us. Currently, 10 patents in USA, and 2 (two) patents each in China, the European Union, India, Japan and Russia, are being maintained by us. We have applied for an aggregate of 38 patents globally, of which 21 applications have been made in India, and an aggregate of 17 applications have been made for the registration of patents in Brazil, China, the European Union, Russia and USA, and under the Patent Cooperation Treaty.

For instance, one of our key innovations was the development of a patented commercial manufacturing process for mild surfactants, being acyl-amino acid based surfactants that include acyl glycinate, sarcosinate, taurate and glutamate. This process satisfies all twelve principles of ‘*green chemistry*’. It utilizes a ‘*green catalyst*’ and is in the nature ‘*closed loop*’ chemistry, where by-products of one process are used to manufacture another class of surfactants. As a result of the foregoing, we are able to achieve 100% ‘*atom economy*’, which translates into energy-efficiency and the elimination of effluents and waste. As a result of the aforesaid process, we believe that we are uniquely positioned to address the growing need for mild surfactants in a sustainable manner.

Global Footprint Supporting Local Reach

Over the years, we have successfully diversified both our product profile and geographical footprint by way of organic growth and inorganic expansions.

Our acquisition of Tri-K Industries Inc. in USA in Fiscal 2010, significantly enhanced our product portfolio of Speciality Care Products and our technological capabilities whilst also extending our reach in the developed markets of USA. In Fiscal 2012, we completed the development of our strategically-located manufacturing facility in Jhagadia, Gujarat. An EOU with an installed capacity of 79,500 MTPA as of March 31, 2017, this facility has significantly bolstered our manufacturing capabilities and ability to meet export demands. Further, our manufacturing facility in Suez, Egypt, with an aggregate installed capacity of 82,600 MTPA as of March 31, 2017,

has enabled us to service the demands of a number of our existing multinational FMCG customers in the emerging AMET region.

Currently, we market our products to more than 1,700 customers in over 70 countries. We have set-up sales offices in India, Egypt and USA, and representative offices in Netherlands and Turkey. We believe that our diversified footprint, in both mature and emerging geographies, enables us to observe, analyse and adapt to evolving consumer preferences. We believe that are we well-placed to ensure that our products continue to remain relevant across diverse geographies, and are in a unique position to help our customers enhance their brand value by continuing to meet the demands of evolving markets.

A geographical breakdown of our total product sales (by volume) for the Fiscals 2015, 2016 and 2017, and the six-month period ended September 30, 2017, is represented herein below:

Our global network of manufacturing, sales and representative facilities helps in reducing our dependence on any single product or geography. We believe that our limited dependency on any single geography helps in mitigating the effect of economic and industry-specific cycles.

Strong Presence in High Growth Markets of India and AMET Region

The market for personal care products in India was USD 11.36 Billion in Fiscal 2015, and is expected to grow at a CAGR of 7.9%, to touch USD 22.52 Billion by 2024. Further, the market for home care products in India was USD 2.31 Billion in Fiscal 2015, and is expected to grow at a CAGR of 7.2%, to touch USD 4.32 Billion by 2024. (Source: “Global Surfactant Market – Custom Research for Galaxy Surfactants Limited” by Acmite Market Intelligence). We believe that the growth in India’s GDP, coupled with increase in per capita income in India, will drive the consumption of personal care and home care products in India. We believe that we are well positioned to capitalize on the opportunity offered by the expected growth in the Indian market on account of our strong manufacturing capabilities, long-standing customer relationships, ability to monitor and anticipate changes in end-user preferences and our continued focus on R&D.

The aggregate market for personal care and home care products in Africa and the Middle East was USD 22.04 Billion in Fiscal 2015, and is expected to grow at a CAGR of 4.43%, to touch USD 31.19 Billion by 2024. (Source: “Global Surfactant Market – Custom Research for Galaxy Surfactants Limited” by Acmite Market Intelligence). Our manufacturing facility in Suez, Egypt, which is owned and operated by Galaxy Chemicals (Egypt) S.A.E., had an installed capacity of 82,600 MTPA as of March 31, 2017. It produces both Performance Surfactants and Speciality Care Products, and service the demands of a number of our existing multinational FMCG customers such as L’ORÉAL, Procter & Gamble and Unilever in the emerging AMET region. Between Fiscals 2014 and 2017, the total revenues of Galaxy Chemicals (Egypt) S.A.E. have grown at a CAGR of 22.31%, which reflects the growth in our market presence in the AMET region. Further, as the facility is located in the Attaqa Public Free Zone, it benefits from a concessional tax regime, and is exempt from all direct and indirect taxes. We believe that our established manufacturing facility and growing reputation for quality will enable us to leverage the expected growth in the AMET region in the years to come, and consequently, enhance returns to our shareholders.

Professional and Experienced Management Team

We are a professionally managed organization that is driven by a qualified and dedicated management team, which is led by our Board of Directors. Our management culture is collaborative and function-oriented, and we believe this to be critical to our competitive advantage. Our Promoters, namely Mr. Unnathan Shekhar, Mr. Gopalkrishnan Ramakrishnan, Mr. Shashikant Shanbhag and Mr. Sudhir Dattaram Patil, have been associated with the Company

since its incorporation in 1986, and have played a significant role in the development of our business. Our Promoters have an average experience of over 35 years, out of which an average of over 30 years have been with us. Moreover, our senior management consists of experienced and qualified professionals with experience across various sectors.

Our management team's collective experience and capabilities enable us to understand and anticipate market trends, manage our business operations and growth, leverage customer relationships and respond to changes in customer preferences. We will continue to leverage on the experience of our management team and their understanding of the surfactants and speciality care products industry, to take advantage of current and future market opportunities. We believe that we have been able to successfully recruit talent because of our reputation for excellence. Further, we believe that our ability to ensure a congenial work environment and competitive compensation packages have resulted in our relatively low attrition rates in the past.

Track Record of Robust Financial Performance

Our focus on functional excellence has contributed to our track record of robust financial performance. For the Fiscals 2015, 2016 and 2017, and the six-month period ended September 30, 2017, our EBITDA was ₹1,917.55 million, ₹2,395.91 million, ₹2,780.48 million and ₹1,451.33 million, respectively.

From Fiscal 2014 to Fiscal 2017, as per the Restated Consolidated Financial Statements, our EBITDA increased from ₹2,198.03 million to ₹2,780.48 million, representing a CAGR of 8.15%. For the Fiscals 2015, 2016 and 2017, and the six-month period ended September 30, 2017, our profit after tax was ₹674.56 million, ₹1,027.18 million, ₹1,463.06 million and ₹751.64 million, respectively. From Fiscal 2014 to Fiscal 2017, as per the Restated Consolidated Financial Statements, our profit after tax increased from Rs. 759.97 million to Rs. 1,463.06 million, representing a CAGR of 24.40%. Our RONW for Fiscals 2015, 2016 and 2017 was 19.27%, 24.88% and 28.68% respectively. Further, our long term borrowings, as per our Restated Consolidated Financial Statements, have reduced from ₹2,041.25 million in Fiscal 2014 to ₹1,294.05 million in Fiscal 2017. As on September 30, 2017, our long term borrowings, as per our Restated Consolidated Financial Statements, were ₹1,014.40 million.

We believe that our robust financial performance reflects the efficacy of the manufacturing and supply-chain management protocols that we have implemented. Our steady operating cash flows enable us to meet the present and future needs of our customers while our strong balance sheet and financial performance instil confidence in them. Over the years, we have strategically invested significantly in capacity expansion and de-bottle necking at our manufacturing facilities as well as in our R&D endeavours. We believe that our ability to make these investments helps strengthen trust and engagement with our customers, which enhances our ability to retain these customers and extend our engagement across products and geographies.

Our Strategies

Increasing the Share of Speciality Care Products in our Sales Mix

Our Speciality Care Products have historically offered higher margins *vis-à-vis* our Performance Surfactants. However, the development and manufacture of Speciality Care Products requires multi-stage processing and unique technical competencies. Our continued R&D efforts at the applications laboratories set up at our R&D Centres in Navi Mumbai, India, and in Denville, USA, have helped us develop a number of patents for Speciality Care Products and their manufacturing processes. Our range of Speciality Care Products currently comprises over 155 products and includes amphoteric surfactants, cationic surfactants, UV filters, preservatives, preservative blends and surfactant blends, speciality ingredients such as mild surfactants, syndet and transparent bathing bars and proteins, fatty alkanolamides and fatty acid esters, and other care products.

A product group-wise breakdown of our total product sales (by volume) for the Fiscals 2015, 2016 and 2017, and the six-month period ended September 30, 2017, is represented herein below:

#	Geography	Fiscal 2015		Fiscal 2016		Fiscal 2017		Six-months Ended September 30, 2017*	
		(In MT)	%	(In MT)	%	(In MT)	%	(In MT)	%
1.	Performance Surfactants	97,211	63.38%	98,775	62.32%	115,392	65.02%	63,159	67.33
2.	Specialty Care Products	56,163	36.62%	59,718	37.68%	62,087	34.98%	30,640	32.67
Total		153,374	100%	158,493	100%	177,479	100%	93,799	100%

**Not annualized*

Going forth, we intend to focus on increasing the share of Speciality Care Products in our overall sales mix. While we currently offer both Performance Surfactants and Speciality Care Products to our customers in emerging as well as mature markets, the market for Speciality Care Products has historically been higher in mature markets. However, we expect the demand for a host of our Speciality Care Products such as mild surfactants, proteins, syndets and preservatives in emerging markets will increase as and when such markets begin to mature. We intend to leverage the long-standing relationships that we have with our existing multinational, regional and local customers for Performance Surfactants in emerging markets and address their imminent requirements by cross-selling our diverse portfolio of Speciality Care Products. Further, we intend to increase our share of sales of Speciality Care Products in mature markets by continuing to monitor evolving consumer preferences and undertaking product innovation so as to address such needs.

Continue to Focus on R&D and Product Innovation as part of our ‘Consumer to Chemistry’ Approach

We believe that our focus on product innovation through continuous R&D has been critical to the growth of our business. With a view to customize our products in line with customer expectations and end-user preferences, whilst simultaneously ensuring shorter lead-times, we have adopted an innovation funnel model. A process chart representing our innovation funnel model to product development is set out herein below:

Since the adoption of our innovation funnel model in Fiscal 2007, we have developed various new product grades. Further, Since 2002, a total of 47 patents have been granted to us. Currently, 10 patents in USA, and 2 (two) patents each in China, the European Union, India, Japan and Russia, are being maintained by us. We have applied for an aggregate of 38 patents globally, of which 21 applications have been made in India, and an aggregate of 17 applications have been made for the registration of patents in Brazil, China, the European Union, Russia and USA, and under the Patent Cooperation Treaty.

Our ‘Consumer to Chemistry’ approach is designed to ensure that our products continue to remain relevant in evolving markets and help our customers enhance their brand value. We strive to continuously monitor, analyse and adapt to changing consumer preferences across diverse geographies. We help our customers address evolving market demands by undertaking collaborative product development, which enables us to offer customized and integrated solutions that cater to the unique demands of our diversified customer base.

We believe that we possess the necessary skills, technology, know-how, in-house R&D capabilities and intellectual property competence to develop products and customised formulations, which can be manufactured and marketed in both domestic and international markets. In the years to come, we intend to continue invest in, and undertake, product innovation with our characteristic ‘Consumer to Chemistry’ approach, and specifically focus on certain Speciality Care Products such as mild surfactants, rheology modifiers, pearlizing agents, UV filters, syndets and transparent bathing bars, surfactant blends and proteins. We believe that this focus will enable us to introduce products and formulations, increase our productivity and operating efficiency, deepen penetration in existing markets and serve as the cornerstone to our success in new markets.

Increase Wallet Share with Existing Customers and Continued Focus to Expand Customer Base

Our customer base currently comprises a host of multinational, regional and local FMCG companies, including, *inter alia*, Cavinkare Private Limited, Colgate-Palmolive (India) Limited, Dabur India Limited, Henkel, Himalaya, L’ORÉAL, Procter & Gamble, Reckitt Benckiser, Ayur Herbals (Private) Limited, Jyothy Laboratories Limited and Unilever. We believe that the awards and certifications that we have received from our customers over the years are an indicator of our position as a preferred supplier to leading FMCG companies in the consumer-centric personal care and home care segments.

While we believe that our continuing R&D endeavours and our reputation for quality will help increase our overall market share for both of our Performance Surfactants and Speciality Care Products categories, we intend to focus on increasing our wallet share with existing customers in the years to come. We have built long-standing

relationships with our customers through various strategic endeavours, which we intend to leverage by capitalizing on the significant cross-selling opportunities that our diversified product portfolio offers. Further, we plan on utilizing our expanded geographical footprint to address the sourcing requirements of our existing multinational FMCG customers as and when they enter new markets, thereby consolidating our position as a preferred supplier across geographies.

Our customer base has grown from over 1,200 customers in Fiscal 2013 to over 1,700 customers in Fiscal 2017, representing a CAGR of 7.84%. Currently, we market our products to more than 1,700 customers in over 70 countries. We have set-up sales offices in India, Egypt and USA, and representative offices in Netherlands and Turkey so as to enable us to market our products as well as understand the customer needs in these regions. We also regularly take part in trade shows, road shows and exhibitions, and our employees have been invited as speakers at various industry fora. Going forth, we intend to continue to leverage our sales and marketing network, diversified product portfolio and our industry standing to establish relationships with new multinational, regional and local customers and expand our customer base.

Mutually Complimentary Two-pronged Strategy to Drive Growth in both Emerging and Mature Markets

The market for personal care products in India was USD 11.36 Billion in Fiscal 2015, and is expected to grow at a CAGR of 7.9%, to touch USD 22.52 Billion by 2024. Further, the market for home care products in India was USD 2.31 Billion in Fiscal 2015, and is expected to grow at a CAGR of 7.2%, to touch USD 4.32 Billion by 2024. The aggregate market for personal care and home care products in Africa and the Middle East was USD 22.04 Billion in Fiscal 2015, and is expected to grow at a CAGR of 4.43%, to touch USD 31.19 Billion by 2024. (Source: “Global Surfactant Market – Custom Research for Galaxy Surfactants Limited” by Acmite Market Intelligence). While emerging markets have historically been important to us from a perspective of Performance Surfactants sales, we anticipate an increased demand for our Speciality Care Products as these markets begin to mature. We believe that our strong manufacturing capabilities, established customer relationships and robust product portfolio leave us uniquely positioned to exploit the opportunities offered by the expected growth in the personal care and home care segments in India and the AMET region. We intend to focus on leveraging such opportunities to increase sales and cross-sales of our Performance Surfactants and Speciality Care Products in the years to come.

On the other hand, we believe that growth in mature markets such as USA and Europe will come from our range of Speciality Care Products. The development and manufacture of Speciality Care Products requires multi-stage processing and unique technical competencies, which serve as effective entry barriers to new entrants. We intend to capitalize on the significant investments that we have made in enhancing our manufacturing capabilities and portfolio of Speciality Care Products, and cater to the demands of these mature markets. We will continue to monitor evolving consumer preferences and undertaking product innovation so as to address the needs of mature markets, which we believe will also help us anticipate and address future needs of emerging markets.

Continue Improving Financial Performance through Focus on Operational Efficiencies and Functional Excellence

We believe that our focus on functional excellence and providing integrated solutions has contributed to our financial strength and performance whilst also strengthening the trust and engagement that we share with our customers.

From Fiscal 2014 to Fiscal 2017, as per the Restated Consolidated Financial Statements, our EBITDA has increased from ₹2,198.03 million to ₹2,780.48 million, representing a CAGR of 8.15%. Further, our long term borrowings, as per our Restated Consolidated Financial Statements, have reduced from ₹2,041.25 million in Fiscal 2014 to ₹1,294.05 million in Fiscal 2017. As on September 30, 2017, our long term borrowings, as per our Restated Consolidated Financial Statements, were ₹1,014.40 million. We believe that the various strategic initiatives that we have implemented, including the continued investment in our manufacturing facilities, developing and enhancing our in-house capabilities, and our supply-chain management protocols will continue to play a critical role in our future success. Accordingly, we intend to build on our existing strategic initiatives to achieve operational excellence that translates into financial strength and performance.

We have set-up a ‘New Projects Technologies’ (NPT) Group, which spearheads our in-house engineering and project execution capabilities. We believe that we have been able to make significant improvements to our manufacturing facilities through feats of ‘frugal’ engineering, which have helped us increase our production capacities in compliance with our stringent technical requirements in a cost efficient and timely manner. As on March 31, 2017, our aggregate installed capacity across our 7 (seven) strategically-located manufacturing facilities

was 350,860 MTPA. Currently, we have access to additional land at our existing manufacturing facilities at Jhagadia, Gujarat, and Suez, Egypt, which provides significant headroom for future growth. Moving forward, we will continue to rely on the in-house expertise of our NPT Group to periodically review the functioning of our manufacturing facilities, identify scope for expansion or de-bottle necking and undertake projects to increase our production capabilities.

As part of our customer-relationship management endeavours, we classify our customers based on certain key characteristics, including scale of operations, geographical footprint, technical demands and propensity for growth. We believe that the aforesaid classification is key to our effective supply-chain management, and also helps us monitor exposure to risks that may arise from customer or geographical concentration. In Fiscal 2017, 52%, 8% and 40% of our total revenues from operations were derived from multinational customers, regional customers and local customers, respectively. Going forth, we intend to continue to refine our supply-chain management protocols to, *inter alia*, help us address the commodity and foreign exchange risks that our operations may be subject to as our business grows.

Balance available for allocation to QIBs other than Anchor Investors (assuming Anchor Investor Category is fully subscribed)	1,266,335 Equity Shares
<i>Of which:</i>	
Available for allocation to Mutual Funds only (5% of the QIB Category (excluding the Anchor Investor Category))	63,317 Equity Shares
Balance for all QIBs including Mutual Funds	1,203,018 Equity Shares
B) Non-Institutional Category ⁽⁴⁾	Not less than 949,752 Equity Shares
C) Retail Category ⁽⁴⁾	Not less than 2,216,086 Equity Shares
Pre and post-Offer Equity Shares	
Equity Shares outstanding prior to and after the Offer	35,454,752 Equity Shares
Use of proceeds of the Offer	For details, see “ <i>Objects of the Offer</i> ” on page 99.

⁽¹⁾ *The Offer has been authorised by our Board of Directors and our Shareholders, pursuant to their resolutions dated June 23, 2017 and August 17, 2017, respectively.*

The Selling Shareholders, severally and not jointly, confirm that their respective portion of the Offered Shares, are eligible in accordance with the SEBI Regulations. The Selling Shareholders have consented to the inclusion of their respective Offered Shares by way of their respective Selling Shareholders’ Consent Letters. For further details, please see “Annexure A - List of Selling Shareholders” on page 431.

⁽²⁾ *Our Company, in consultation with the BRLMs, may allocate up to 60% of the QIB Category to Anchor Investors on a discretionary basis in accordance with the SEBI Regulations. One-third of the Anchor Investor Category shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. 5% of the QIB Category (excluding the Anchor Investor Category) shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the QIB Category (excluding the Anchor Investor Category) shall be available for allocation on a proportionate basis to all QIB Bidders, including Mutual Funds, subject to valid Bids being received at or above the Offer Price. Any unsubscribed portion in the Mutual Fund Category will be added to the QIB Category (excluding the Anchor Investor Category) and allocated proportionately to the QIB Bidders (other than Anchor Investors) in proportion to their Bids. For details, see “Offer Procedure” on page 361.*

⁽³⁾ *In the event of under-subscription in the Anchor Investor Category, the remaining Equity Shares shall be added to the QIB Category (other than the Anchor Investor Category).*

⁽⁴⁾ *Subject to valid Bids being received at or above the Offer Price, undersubscription, if any, in any category, except in the QIB Category, would be allowed to be met with spill over from any other category or combination of categories at the discretion of our Company and the BRLMs and the Designated Stock Exchange on a proportionate basis. However, undersubscription, if any, in the QIB Category will not be allowed to be met with spill-over from other categories or a combination of categories.*

Notes:

- (i) Pursuant to Rule 19(2)(b) of the SCRR read with Regulation 41 of the SEBI Regulations, the Offer is being made for at least 10% of the post-Offer paid up equity share capital of our Company.
- (ii) As the Offer comprises only an Offer for Sale (without any fresh issue of Equity Shares by our Company), our Company will not directly receive any proceeds from the Offer.
- (iii) Allocation to all categories, except Anchor Investors, if any and Retail Individual Bidders, shall be made on a proportionate basis. The allocation to each Retail Individual Bidder shall not be less than the minimum Bid Lot, subject to availability of Equity Shares in the Retail Category and the remaining available Equity Shares, if any, shall be allocated on a proportionate basis. For details, see “Offer Procedure” on page 361.

For further details, see “*Offer Structure*” on page 359. For details of the terms of the Offer, see “*Terms of the Offer*” on page 354. For details of the Offer Procedure, including the grounds for rejection of Bids, see “*Offer Procedure*” on page 361.

Book Building Process

Book building, in the context of the Offer, refers to the process of collection of Bids from investors on the basis of this Red Herring Prospectus within the Price Band, which will be decided by our Company in consultation with the Selling Shareholders' Committee and BRLMs, and advertised in all editions of Financial Express, all editions of Jansatta and Mumbai edition of the Marathi newspaper Navshakti, which are widely circulated English, Hindi and Marathi newspapers respectively (Marathi being the regional language of Maharashtra where our Registered Office is located) at least five Working Days prior to the Offer Opening Date and such advertisement shall be made available to Stock Exchanges for the purpose of uploading on their respective websites. The Offer Price shall be determined by our Company in consultation with Selling Shareholders' Committee and BRLMs after the Offer Closing Date. The principal parties involved in the Book Building Process are:

1. our Company;
2. the Selling Shareholders;
3. the BRLMs;
4. the Syndicate Members;
5. the Registrar to the Offer;
6. the Escrow Collection Banks;
7. the SCSBs;
8. the CDPs;
9. the RTAs; and
10. the Registered Brokers.

The Offer is being made through the Book Building Process in terms of 19(2)(b) of SCRR read with Regulation 41 of the SEBI Regulations, and in compliance with Regulation 26(1) of the SEBI Regulations wherein not more than 50% of the Offer shall be available for allocation on a proportionate basis to QIBs. Our Company in consultation with the BRLMs may allocate up to 60% of the QIB Category to Anchor Investors at the Anchor Investor Allocation Price, on a discretionary basis, out of which at least one-third will be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. For further details, see "*Offer Structure*" and "*Offer Procedure*" on pages 359 and 361 respectively.

All Bidders, except Anchor Investors, can participate in the Offer only through the ASBA process.

In accordance with the SEBI Regulations, QIBs (other than Anchor Investors) bidding in the QIB Category other than Anchor Investor Category and Non-Institutional Investors bidding in the Non-Institutional Category are not allowed to withdraw or lower the size of their Bids (in terms of the quantity of the Equity Shares or the Bid Amount) at any stage. Retail Individual Investors can revise their Bids during the Offer Period and withdraw their Bids until the Offer Closing Date. Further, Anchor Investors cannot withdraw their Bids after the Anchor Investor Offer Period. Allocation to the Anchor Investors will be on a discretionary basis.

The process of Book Building under the SEBI Regulations and the Bidding process are subject to change from time to time and the investors are advised to make their own judgment about investment through this process prior to submitting a Bid in the Offer.

For details on the method and procedure for Bidding, see “*Offer Procedure*” on page 361.

Illustration of Book Building Process and Price Discovery Process

For an illustration of the Book Building Process and the price discovery process, please see “*Offer Procedure – Part B – Basis of Allocation - Illustration of the Book Building and Price Discovery Process*” on page 391.

Investors should note the Offer is also subject to obtaining (i) the final listing and trading approvals of the Stock Exchanges, which our Company shall apply for after Allotment; and (ii) final approval of the RoC after the Prospectus is filed with the RoC.

Underwriting Agreement

After determination of the Offer Price and allocation of Equity Shares, but prior to the filing of the Prospectus with the RoC, our Company and the Selling Shareholders will enter into an Underwriting Agreement with the Underwriters for the Equity Shares proposed to be offered through the Offer. It is proposed that pursuant to the terms of the Underwriting Agreement, the BRLMs will be responsible for bringing in the amount devolved in the event that the Syndicate Members do not fulfil their underwriting obligations. The Underwriting Agreement is dated [●]. Pursuant to the terms of the Underwriting Agreement, the obligations of the Underwriters will be several and will be subject to certain conditions specified therein.

The Underwriters have indicated their intention to underwrite the following number of Equity Shares:

(This portion has been intentionally left blank and will be completed before filing the Prospectus with the RoC.)

Name, address, telephone number, fax number and e-mail address of the Underwriters	Indicative number of Equity Shares to be underwritten	Amount underwritten (₹ in million)
[●]	[●]	[●]
[●]	[●]	[●]
[●]	[●]	[●]

The above mentioned is indicative underwriting and will be finalised after determination of the Offer Price and finalisation of the Basis of Allotment and subject to the provisions of the SEBI Regulations.

In the opinion of our Board of Directors (based on representations given by the Underwriters), resources of the Underwriters are sufficient to enable them to discharge their respective underwriting obligations in full. The Underwriters are registered with SEBI under Section 12(1) of the SEBI Act or registered as brokers with the Stock Exchange(s). Our Board of Directors, at its meeting held on [●], has accepted and entered into the Underwriting Agreement on behalf of our Company.

Allocation among the Underwriters may not necessarily be in proportion to their underwriting commitment set forth in the table above.

Notwithstanding the above table, the Underwriters shall be severally responsible for ensuring payment with respect to the Equity Shares allocated to investors procured by them in accordance with the Underwriting Agreement. In the event of any default in payment, the respective Underwriter, in addition to other obligations defined in the Underwriting Agreement, will also be required to procure subscribers for or subscribe to the Equity Shares to the extent of the defaulted amount in accordance with the Underwriting Agreement.

All Equity Shares held by our Promoters, the Offered Shares and at least 50% of Equity Shares held by Shareholders other than our Promoters are in dematerialised form.

(f) Details of Promoters' contribution locked in for three years:

Pursuant to Regulations 32 and 36 of SEBI Regulations, an aggregate of 20% of the post-Offer paid up capital of our Company held by our Promoters, shall be considered as the minimum Promoters' contribution and locked-in for a period of three years from the date of Allotment ("Promoters' Contribution") and our Promoters' shareholding in excess of 20% shall be locked in for a period of one year from the date of Allotment.

The lock-in of the Promoters' Contribution would be created as per applicable law and procedures and details of the same shall also be provided to the Stock Exchanges before the listing of the Equity Shares.

Our Promoters have consented to the inclusion of such number of Equity Shares held by them, in aggregate, as may constitute 20% of the post-Offer Equity Share capital of our Company as Promoters' Contribution and have agreed not to sell, transfer, charge, pledge or otherwise encumber in any manner the Promoters' Contribution from the date of filing of the Draft Red Herring Prospectus, until the commencement of the lock-in period specified above, or for such other time as required under the SEBI Regulations. Details of the Promoters' Contribution are as provided below:

[#] Equity Shares were fully paid-up on the date of allotment/acquisition.

^{*} To be incorporated upon finalisation of the Offer Price.

Our Promoters have confirmed to the Company and the BRLMs that the acquisition of the Equity Shares forming part of the Promoters' contribution have been financed from personal funds and no loans or financial assistance from any banks or financial institution has been availed by for this purpose.

The Promoters' Contribution has been brought in to the extent of not less than the specified minimum lot and from persons defined as 'promoters', as required under the SEBI Regulations.

The Equity Shares that are being locked-in are not ineligible for computation of Promoters' Contribution under the SEBI Regulations. In this computation, as per Regulation 33 of the SEBI Regulations, our Company confirms that the Equity Shares which are being locked-in do not, and shall not, consist of:

- (a) Equity Shares acquired during the preceding three years (a) for consideration other than cash and revaluation of assets or capitalisation of intangible assets is involved in such transactions; or (b) arising from bonus shares out of revaluation reserves or unrealised profits of our Company or bonus shares issued against Equity Shares which are otherwise ineligible for computation of Promoters' Contribution;
- (b) Equity Shares acquired during the one year preceding the date of the Draft Red Herring Prospectus, at a price lower than the price at which the Equity Shares are being offered to the public in the Offer; and
- (c) Equity Shares held by the Promoters that are subject to any pledge or any other form of encumbrance.

Our Company has not been formed by the conversion of a partnership firm into a company and thus, no Equity Shares have been issued to our Promoters upon conversion of a partnership firm.

All the Equity Shares held by the Promoters are held in dematerialised form. Further, our Company shall comply with the requirement of dematerialising all the Equity Shares held by the members of the Promoter Group before the Equity Shares are listed on the Stock Exchanges.

2. *Details of share capital locked-in for one year:*

Except for the Promoters' Contribution, which shall be locked-in as above, the entire pre-Offer capital of our Company shall be locked in for a period of one year from the date of Allotment.

3. *Other requirements in respect of lock-in:*

In terms of the SEBI Regulations, Equity Shares held by the Promoters and subjected to lock-in requirements, may be pledged with any scheduled commercial bank or public financial institution as collateral security if the loan has been granted by such bank or institution if the Equity Shares are locked-in for one year in terms of the SEBI Regulations and the pledge of the Equity Shares is one of the terms of the sanction of the loan.

The Equity Shares held by the Promoters and subject to lock-in may be transferred to and among the Promoters, members of the Promoter Group or to any new promoter or person in control of our Company, subject to continuation of the lock-in in the hands of the transferees for the remaining period and in compliance with the SEBI Takeover Regulations, as applicable and such transferee shall not be eligible to transfer them till the lock-in period stipulated in the SEBI Regulations has expired.

Further, in terms of the SEBI Regulations, the Equity Shares held by persons other than the Promoters prior to the Offer and subject to lock-in, may be transferred to any other person holding Equity Shares which are locked in along with the Equity Shares proposed to be transferred, subject to the continuation of the lock-in in the hands of the transferee for the remaining period and compliance with the provisions of the SEBI Takeover Regulations, as applicable.

The Offered Shares which will be transferred by the Selling Shareholders in the Offer for Sale shall not be subject to lock-in. However, any unsubscribed portion of Equity Shares offered by the Selling Shareholders in the Offer for Sale would also be locked-in as required under the SEBI Regulations.

4. *Lock-in of Equity Shares allotted to Anchor Investors:*

Any Equity Shares Allotted to Anchor Investors in the Anchor Investor Category shall be locked-in for a period of 30 days from the date of Allotment.

16. Over-subscription to the extent of 10% of the Offer can be retained for the purpose of rounding off to the nearest multiple of the minimum Allotment lot while finalising the Basis of Allotment.
17. Neither our Promoter, nor any of the members of our Promoter Group, our Directors, or their immediate relatives have purchased or sold any securities of our Company or any of our Subsidiaries, during a period of six months preceding the date of filing the Draft Red Herring Prospectus with SEBI and until the date of this Red Herring Prospectus. However, in the preceding six months from the date of filing of the Draft Herring Prospectus, some of the members of our Promoter Group have a) gifted shares to other members of the Promoter Group and b) have changed names from being first holder to second holder and vice versa in case of Equity Shares held by them jointly. Further, certain members of our Promoter Group may transfer Equity Shares held jointly by them to any one of such joint holders in order to facilitate the dematerialization of the entire shareholding of the Promoter Group, provided that such transfers shall not result in the transfer of the beneficial ownership of any such Equity Shares.
18. Except for the sale of Equity Shares in the Offer, our Promoters and the members of our Promoter Group will not participate in the Offer. The Selling Shareholders are collectively offering an aggregate of up to 6,331,674 Equity Shares for sale in the Offer. Other than such offer, the Selling Shareholders will not submit Bids, or otherwise participate in this Offer.
19. There have been no financing arrangements whereby the Promoter Group, the Directors or their relatives have financed the purchase of our Equity Shares by any other person other than in the normal course of business of the financing entity during the period of six months immediately preceding the date of the Draft Red Herring Prospectus.
20. In terms of Rule 19(2)(b) of the SCRR read with Regulation 41 of the SEBI Regulations and in compliance with Regulation 26(1) of the SEBI Regulations, wherein not more than 50% of the Offer shall be allocated on a proportionate basis to QIBs. Provided that our Company in consultation with the BRLMs, may allocate up to 60% of the QIB Category to Anchor Investors on a discretionary basis out of which at least one third shall be reserved for domestic Mutual Funds only subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. In the event of under subscription in the Anchor Investor Category, the remaining Equity Shares shall be added to the QIB Category. 5% of the QIB Category (other than Anchor Investor Category) shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the QIB Category (other than Anchor Investor Category) shall be available for allocation on a proportionate basis to all QIBs, including Mutual Funds, subject to valid Bids being received at or above the Offer Price. Further, not less than 15% of the Offer shall be available for allocation on a proportionate basis to Non-Institutional Investors and not less than 35% of the Offer shall be available for allocation, in accordance with the SEBI Regulations, to Retail Individual Investors, subject to valid Bids being received at or above the Offer Price.
21. Our Company presently does not intend or propose to alter the capital structure for a period of six months from the Offer Opening Date, by way of split or consolidation of the denomination of Equity Shares or further issue of Equity Shares (including issue of securities convertible into or exchangeable, directly or indirectly for Equity Shares) whether on a preferential basis or by way of issue of bonus or rights or further public issue of Equity Shares or qualified institutions placement or otherwise. However, if our Company enters into acquisitions, joint ventures or other arrangements, our Company may, subject to necessary approvals, consider raising additional capital to fund such activity or use Equity Shares as currency for acquisitions or participation in such joint ventures.
22. For details in relation to allotments of Equity Shares of our Company pursuant to schemes approved under Sections 391 to 394 of the Companies Act, 1956, please see "*History and Certain Corporate Matters – Details regarding acquisition of business/undertakings, mergers, amalgamation and revaluation of assets*" on page 154.
23. Subject to valid Bids being received at or above the Offer Price, under-subscription, if any, in any category, except the QIB Category, would be allowed to be met with spill-over from other categories or a combination of categories at the discretion of our Company in consultation with the BRLMs and the

Designated Stock Exchange. However, undersubscription, if any, in the QIB Category will not be allowed to be met with spill-over from other categories or a combination of other categories.

24. The Equity Shares transferred pursuant to the Offer shall be fully paid-up at the time of Allotment.
25. There shall be only one denomination of the Equity Shares, unless otherwise permitted by law.
26. Our Company shall ensure that any transaction in the Equity Shares by the Promoters and the Promoter Group during the period between the date of registering this Red Herring Prospectus with the RoC and the date of closure of the Offer shall be reported to the Stock Exchanges within 24 hours of such transaction.
27. No person connected with the Offer, including, but not limited to, the members of the Syndicate, our Company, the Selling Shareholders, our Subsidiaries, the Directors, the Promoters or the members of our Promoter Group and Group Companies, shall offer any incentive, whether direct or indirect, in any manner, whether in cash or kind or services or otherwise to any Bidder for making a Bid.
28. Our Company has not made any public issue or rights issue of any kind or class of securities in the last ten years.
29. Our Company has not issued any Equity Shares in the last one year preceding the date of filing of this Red Herring Prospectus, which may have been issued at a price that is lower than the Offer Price.
30. Our Company shall comply with such disclosures and accounting norms as may be specified by SEBI from time to time.

OBJECTS OF THE OFFER

The objects of the Offer are to achieve the benefits of listing the Equity Shares on the Stock Exchanges and the sale of Equity Shares by the Selling Shareholders. Further, our Company expects that listing of the Equity Shares will enhance its visibility and brand image and provide liquidity to its existing Shareholders. The listing of the Equity Shares will also provide a public market for the Equity Shares in India.

Our Company will not directly receive any proceeds of the Offer and all the proceeds of the Offer will go to the Selling Shareholders in the proportion of the Equity Shares offered by them.

Offer related expenses

The total expenses of the Offer are estimated to be approximately ₹[●] million. The expenses of the Offer include, among others, listing fees, underwriting and lead management fees, selling commissions, SCSBs' commissions/fees, printing and distribution expenses, advertisement expenses and legal fees and all other incidental expenses for listing the Equity Shares on the Stock Exchanges.

The estimated break-up of the Offer expenses are as follows:

Activity	Estimated expenses*	As a % of the total estimated Offer expenses*	As a % of the total Offer size*
Fees payable to the BRLMs including underwriting commission, brokerage and selling commission, as applicable	[●]	[●]	[●]
Advertising and marketing expenses	[●]	[●]	[●]
Fees payable to the Registrar to the Offer	[●]	[●]	[●]
Brokerage and selling commission payable to Syndicate Members and SCSB, Registered Brokers, RTAs and CDPs ⁽¹⁾⁽²⁾	[●]	[●]	[●]
Processing fees to SCSBs for ASBA Applications procured by the members of the Syndicate or Registered Brokers and submitted with the SCSBs ⁽³⁾	[●]	[●]	[●]
Others (listing fees, legal fees, SEBI and Stock Exchanges processing fees, etc.)	[●]	[●]	[●]
Total Estimated Expenses	[●]	[●]	[●]

* Will be incorporated at the time of filing of the Prospectus.

- (1) Selling commission on the portion for Retail Individual Investors and the portion for Non-Institutional Investors which are procured by members of the Syndicate (including their sub-syndicate members), Registered Brokers, RTAs and CDPs would be as follows:

Portion for Retail Individual Investors	0.35% of the amount Allotted (plus applicable taxes)*
Portion for Non-Institutional Investors	0.20% of the amount Allotted (plus applicable taxes)*

* Amount Allotted is the product of the number of Equity Shares Allotted and the Offer Price.

Note: The brokerage / selling commission payable to the Syndicate (including their sub-syndicate members), Registered Brokers, RTAs and CDPs will be determined on the basis of the ASBA Form number / series, provided that the application is also bid by the respective Syndicate (including their sub-syndicate members), Registered Brokers, RTAs and CDPs. For clarification, if an ASBA Application on the ASBA Form number / series of a member of the Syndicate (including their sub-syndicate members), Registered Brokers, RTAs and CDPs, is bid for by an SCSB, the brokerage / selling commission will be payable to the SCSB and not to the members of the Syndicate (including their sub-syndicate members), Registered Brokers, RTAs and CDPs. The brokerage / selling commission payable to the Registered Brokers, RTAs and CDPs will be determined on the basis of the bidding terminal ID as captured in the Bid book of either of the Stock Exchanges. Payment of brokerage / selling commission payable to the sub-brokers / agents of the Sub-Syndicate Members will be handled directly by the Sub-Syndicate Members, and the necessary records for the same shall be maintained by the respective Sub-Syndicate Member.

- (2) Selling commission payable to the SCSBs on the portion for Retail Individual Investors and Non-Institutional Investors, which are directly procured by them would be as follows:

Portion for Retail Individual Investors	0.35% of the amount Allotted (plus applicable taxes)*
Portion for Non-Institutional Investors	0.20% of the amount Allotted (plus applicable taxes)*

** Amount Allotted is the product of the number of Equity Shares Allotted and the Offer Price.*

Selling Commission payable to the SCSBs will be determined on the basis of the bidding terminal ID as captured in the Bid Book of BSE or NSE

- (3) *Processing fees payable to the SCSBs on the portion for Retail Individual Investors and Non-Institutional Investors which are procured by the members of the Syndicate /Sub-Syndicate /Registered Brokers /RTAs /CDPs and submitted to SCSBs for blocking would be as follows:*

<i>Portion for Retail Individual Investors</i>	<i>₹10 per valid ASBA Form (plus applicable taxes)</i>
<i>Portion for Non-Institutional Investors</i>	<i>₹10 per valid ASBA Form (plus applicable taxes)</i>

SCSBs will be entitled to a processing fee of ₹ 10 (plus applicable taxes), per valid ASBA Form, subject to total ASBA processing fees payable to SCSBs being maximum of ₹ 5.00 million (plus applicable taxes), for processing the ASBA Forms procured and bid for by the members of the Syndicate (including their sub-syndicate members), Sub-Syndicate, Registered Brokers, RTAs or CDPs from Retail Individual Investors and Non-Institutional Investors and submitted to the SCSBs. In case the total ASBA processing fees payable to SCSBs exceeds ₹ 5.00 million (plus applicable taxes), then the amount payable to SCSBs would be proportionately distributed based on the number of valid applications that are processed by the members of the Syndicate (including their sub-syndicate members), Registered Brokers, RTAs or CDPs from Retail Individual Investors and Non-Institutional Investors and submitted to the SCSBs for blocking of funds such that the total ASBA processing charges payable does not exceed ₹ 5.00 million (plus applicable taxes).

No processing fees shall be payable by our Company and the Selling Shareholders to the SCSBs on the applications directly procured by them.

Bidding charges of ₹ 10 (plus applicable taxes), per valid ASBA Form, will be subject to a total cap of ₹ 5.00 million (plus applicable taxes), for bidding the valid ASBA Forms procured by the members of the Syndicate, Sub-Syndicate, Registered Brokers, RTAs or CDPs from Retail Individual Investors and Non-Institutional Investors and submitted to the SCSBs.

Upon completion of the Offer, all expenses with respect to the Offer, excluding listing fees payable to the Stock Exchanges where the Equity Shares are proposed to be listed, which will be borne by our Company, will be shared among the Selling Shareholders, in proportion to the Equity Shares being offered by each of them in the Offer, except certain expenses to be borne by intermediaries as per the terms of their appointment.

Any payments made by our Company in relation to the Offer shall be on behalf of the Selling Shareholders and such payments will be reimbursed by the Selling Shareholders to our Company in proportion to the Equity Shares being offered for sale in the Offer.

Monitoring Utilization of Funds

Since the Offer is by way of an Offer for Sale, there is no requirement to appoint a monitoring agency for the Offer.

Other Confirmations

Except to the extent of any proceeds received from the sale of Offered Shares proposed by them, none of our Promoters, Directors, Key Management Personnel or Group Companies will receive any proceeds from the Offer.

BASIS FOR OFFER PRICE

The Offer Price will be determined by our Company in consultation with the Selling Shareholders' Committee and the BRLMs on the basis of an assessment of market demand for the Equity Shares through the Book Building Process and on the basis of the following qualitative and quantitative factors. The face value of the Equity Shares of our Company is ₹10 each and the Offer Price is [●] times of the face value at the lower end of the Price Band and [●] times the face value at the higher end of the Price Band.

Bidders should also refer to the sections titled “*Our Business*”, “*Risk Factors*” and “*Financial Statements*” on pages 123, 15 and 196, respectively, to have an informed view before making an investment decision.

Dear Sirs,

Subject: Statement of Possible Special Direct Tax Benefits available to Galaxy Surfactants Limited and its Shareholders

We refer to the proposed offer for sale of equity shares of Galaxy Surfactants Limited ('the Company') and enclose the statement showing the current position of possible special direct tax benefits available to the Company, and to its shareholders as per the provisions of the Income-tax Act, 1961 (the Act) for inclusion in the Draft Red Herring Prospectus (DRHP), Red Herring Prospectus (RHP) and Prospectus ("Prospectus" and together with DRHP and RHP, "Offer Documents") as required under the provisions of Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009, as amended (the Regulations).

The benefits are dependent on the Company or its shareholders fulfilling the conditions prescribed under the relevant provisions of the Income-tax Act 1961. Hence, the ability of the Company or its shareholders to derive these direct tax benefits is dependent upon their fulfilling such conditions. It may also be kept in mind that the Company/investor may or may not choose to fully utilize the benefits.

The information/benefits discussed in the enclosed statement are neither exhaustive nor conclusive and it is only intended to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. The statement of possible direct tax benefits set out the provisions of law in a summary manner only and is not a complete analysis or listing of all potential tax consequences of the purchase, ownership and disposal of equity shares.

We do not express any opinion or provide any assurance whether:

- The Company or its shareholders will continue to obtain these benefits in future;
- The conditions prescribed for availing the benefits have been/would be met;
- The revenue authorities/courts will concur with the views expressed herein.

We hereby give our consent to this Statement on the possible special tax benefits available to the Company and to its shareholders in the Offer Documents for the proposed offer for sale of equity shares which the Company intends to submit to the Securities and Exchange Board of India (SEBI).

Limitations: The contents stated in the annexure are based on the facts, information, explanation and assumptions indicated to us. No assurance is given that the revenue authorities/courts will concur with the views expressed therein. Our views are based on the existing provisions of law and its interpretation, which are subject to change from time to time. We do not assume responsibility to update the views consequent to such changes. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult their own tax consultant with respect to specific tax implications arising out of their participation in the Issue. We are neither suggesting nor are we advising the investor to invest money or not to invest money based on this statement.

We are not responsible to any person who makes or refrains from making investments relying on the contents of this report. This report discusses only income-tax implications and not implications under any other laws outside India.

Any tax information included in this written communication was not intended or written to be used, and it cannot be used by the Company or the investor, for the purpose of avoiding any penalties that may be imposed by any governmental taxing authority or agency.

STATEMENT OF POSSIBLE SPECIAL DIRECT TAX BENEFITS AVAILABLE TO THE COMPANY AND TO ITS SHAREHOLDERS

The information provided below sets out the possible special direct tax benefits available to the Company and its shareholders in a summary manner only and is not a complete analysis or listing of all potential tax consequences of the subscription, ownership and disposal of equity shares, under the current tax laws presently in force in India. These benefits are dependent on the Company and its shareholders fulfilling the conditions prescribed under the relevant tax laws. The following overview is not exhaustive or comprehensive and is not intended to be a substitute for professional advice. Investors are advised to consult their own tax consultant with respect to the tax implications of an investment in the shares particularly in view of the fact that certain recently enacted legislation may not have a direct legal precedent or may have a different interpretation on the benefits, which an investor can avail.

Our views expressed in this statement are based on the facts and assumptions as indicated in the statement. No assurance is given that the revenue authorities/courts will concur with the views expressed herein. Our views are based on the existing provisions of law and its interpretation, which are subject to change from time to time. We do not assume responsibility to update the views consequent to such changes. Reliance on this statement is on the express understanding that we do not assume responsibility towards the investors who may or may not invest in the proposed issue relying on this statement.

This statement has been prepared solely in connection with the offering of Equity shares by the Company under the Securities and Exchange Board of India (SEBI) (Issue of Capital and Disclosure Requirements) Regulations, 2009, as amended (the Offerings).

Any tax information included in this written communication was not intended or written to be used, and it cannot be used by the Company or its shareholders, for the purpose of avoiding any penalties that may be imposed by any governmental taxing authority or agency.

INVESTORS ARE ADVISED TO CONSULT THEIR OWN TAX CONSULTANT WITH RESPECT TO THE INDIAN TAX IMPLICATIONS AND CONSEQUENCES OF PURCHASING, OWNING AND DISPOSING OF EQUITY SHARES IN THEIR PARTICULAR SITUATION.

1. Statement of Possible Special Direct Tax Benefits Available to the Company

The Global Economy

The global upswing in economic activity is strengthening. Global growth, which in 2016 was the weakest since the global financial crisis at 3.2 percent, is projected to rise to 3.6 percent in 2017 and to 3.7 percent in 2018. The growth forecasts for both 2017 and 2018 are 0.1 percentage point stronger compared with the April 2017 World Economic Outlook (WEO) forecast. Broad-based upward revisions in the euro area, Japan, emerging Asia, emerging Europe, and Russia—where growth outcomes in the first half of 2017 were better than expected—more than offset downward revisions for the United States and the United Kingdom. **(Source: “World Economic Outlook, October 2017 Seeking Sustainable Growth: Short-Term Recovery, Long-Term Challenges” by International Monetary Fund)**

Among the emerging markets and developing economies (“EMDEs”), India is forecasted to be one of the fastest growing economies. The table below depicts the percentage change in the real GDP for the EMDEs:

EMDE	2015 (%)	2016 (%)	2017 (%) (Projections)	2018 (%) (Projections)	2019 (%) (Projections)
Emerging and Developing Asia	6.8	6.4	6.5	6.5	6.3
• China	6.9	6.7	6.8	6.5	5.8
• India	8.0	7.1	6.7	7.4	8.2
Middle East and North Africa	2.6	5.1	2.2	3.2	3.5
• Egypt	4.4	4.3	4.1	4.5	6.0
Emerging and Developing Europe	4.7	3.1	4.5	3.5	3.2
• Turkey	6.1	3.2	5.1	3.5	3.6
Latin America and the Caribbean	0.1	(0.9)	1.2	1.9	2.7
• Brazil	(3.8)	(3.6)	0.7	1.5	2.0
• Mexico	2.6	2.3	2.1	1.9	2.7

The Indian Economy

The April 2017 MPR (Monetary Policy Report) had projected an acceleration in real GVA for 2017-18 on the back of (a) a recovery in discretionary spending spurred by the pace of remonetisation; (b) the reduction in banks' lending rates on fresh loans brought about by demonetisation induced liquidity; (c) the growth stimulating proposals in the Union Budget 2017-18; (d) a normal southwest monsoon; and (e) an improvement in external demand. Stressed balance sheets of banks and the possibility of higher global commodity prices were seen as downside risks to growth prospects.

Some of these expectations have materialised, whereas the recovery in discretionary and investment spending has been weaker than expected and *kharif* food grains production is expected to be lower than last year in view of the shortfall and irregular rainfall during the south-west monsoon this year. The uncertainty about the implementation of GST also appears to have had some impact on economic activity, although it is expected to be offset by productivity-enhancing effects in the medium- and long-run. Consumer confidence dipped in the September 2017 round of the RBI's survey on declining optimism about prospects of income and employment a year ahead.

Overall optimism in the manufacturing sector for the quarter ahead improved in the September round of the RBI's industrial outlook survey on account of better prospects for production, order books, capacity utilisation, exports and profit margins, even as the current assessment dropped further.

Taking into account the outturn in the first half, the baseline assumptions, survey indicators and model forecasts, real GVA growth is projected at 6.7 per cent for 2017-18 – 6.4 per cent in Q2, 7.1 per cent in Q3 and 7.7 per cent in Q4 – with risks evenly balanced around this baseline path. For 2018-19, structural model estimates indicate that real GVA may grow by 7.4 per cent, assuming a normal monsoon, fiscal consolidation in line with the announced trajectory, and no major exogenous/policy shocks.

Positive Triggers:

- India's Consumer Confidence Index stood at 136 in the fourth quarter of 2016, topping the global list of countries on the same parameter, as a result of strong consumer sentiment;
- Corporate earnings in India are expected to grow by over 20 per cent in FY 2017-18 supported by normalization of profits, while GDP is expected to grow by 7.5 per cent during the same period;
- India's labour force is expected to touch 160-170 million by 2020, based on rate of population growth, increased labour force participation and higher education enrolment among other factors, according to a study by ASSOCHAM and Thought Arbitrage Research Institute. Through Government initiatives, India's unemployment rate has declined to 4.8 percent in February 2017 compared to 9.5 percent in August 2016, as a result of the MGNREGA (Mahatma Gandhi National Rural Employment Guarantee Act) Scheme; and
- India is expected to be the third largest consumer economy as its consumption may triple to 4 Trillion USD by 2025, owing to shift in consumer behaviour and expenditure pattern, and is estimated to surpass USA to become the second largest economy in terms of purchasing power parity by the year 2040.

Global Personal Care Market

Market Size and Segmentation

Global personal care and cosmetics market is a large and lucrative consumer market, with the market size approaching USD 215 Billion in 2015. With its CAGR expected to remain 5.8 percent, it is also a market demonstrating fast growth. It is forecast to approach USD 301 Billion by 2021 and reach USD 358 Billion by 2024.

The body/hand cleaning products market was valued at approximately USD 30.14 Billion in 2015. It is expected to grow by 4.3 percent in the next years to reach USD 38.88 Billion by 2021 and to increase to USD 44.12 Billion by 2024.

Shampoo and hair care make up around 21 percent of this sector. It is estimated at roughly USD 45.2 Billion in 2015 and expected to grow at a rate of 4.6 percent annually. It is forecasted to grow to USD 59.34 Billion by 2021 and approach USD 67.91 Billion by 2024.

Valued at approximately USD 58.12 Billion in 2015, skincare products account for roughly 27 percent of the personal care and cosmetics market. It is considered the fastest growing sector driven by the strong demand on the anti-aging products and skincare for men products, with CAGR projected to be around 6.7 percent over the next years. The market demand on skin care product is forecasted to exceed USD 86.15 Billion by 2021 and increase to USD 104.77 Billion by 2024.

The market of cosmetics and make-ups was valued at approximately USD 45.2 Billion in 2015. The global cosmetics market is expected to reach USD 66.26 Billion by 2021 and USD 80.12 Billion by 2024. The market of other personal care products such as toiletry products combined was valued at around USD 36.59 Billion in 2015. It is believed to see moderate growth in the future years. Main Characteristics

- Global sales in the range of USD 400-450 billion at retail;
- Expected to grow at a CAGR of 3.5% to 4.5% until 2020;
- Regulations affecting usage of ingredients;
- Low capital intensive base and high return on capital; and
- Can weather recession better than most other industries.

(Source: "The Booming Skin Care Market: Skin Care Trends and the Ingredients Within" by Kline & Company)

Factors influencing the Market

- Consumers in developing countries with increasing disposable income are willing to spend a large portion of their money on personal care products;
- Innovations and improved formulations are happening continuously in the sector;
- Market trend led by big companies, strengthening their market position through product innovation and creation of new trends;
- Heavy investments in R&D, marketing and advertising;
- Anti-aging skin care products are of particular interest to consumers between the age of 30 and 50, as this category also commands the strongest purchasing power; and
- Skin Care products for men gaining share rapidly.

Major Players

Multinational companies dominate this market with the key players being Unilever, Procter and Gamble, L'Oréal, Henkel, Beiersdorf, Avon, Johnson and Johnson. *(Source: "Global Surfactant Market – 4th Edition" by Acmite Market Intelligence).*

Global Household Cleaning Market

The market of household cleaning agents was valued at USD 43.40 Billion in 2015. As a mature market, it is expected to report a moderate growth of around 3.3 percent in the coming years. It is predicted to reach USD 52.73 Billion by 2021 and achieve USD 58.13 Billion by 2024.

Dishwashing detergents are the largest market segment, followed by Laundry detergents, which include laundry power and laundry liquid. Dishwashing detergents make up around 32 percent of the total household cleaning agents market.

It is estimated at roughly USD 13.89 Billion in 2015.

It is expected to grow to USD 16.91 Billion by 2021 and reach USD 18.65 Billion by 2024. Valued at approximately USD 13.02 Billion in 2015, laundry detergents account for roughly 30 percent of the household cleaning agents. It is projected to grow by 3.2 percent over the next years to reach USD 15.76 Billion by 2021 and to increase to USD 17.34 Billion by 2024.

Soaps have lost its historical importance, particularly in the developed regions, where market growth comes from high-value added soaps. Global market of soaps was estimated at USD 3.05 Billion in 2015 and is predicted to grow by 1.6 percent in the future. The market will reach USD 3.35 Billion by 2021 and increase to USD 3.51 Billion by 2024.

The markets of all-purpose detergents and specific cleaning agents are the relatively fast growing market, with projected CAGR of 3.6 percent over the next years. All-purpose detergents market was valued at USD 7.16 Billion in 2015, and is expected to increase to USD 8.87 Billion by 2021 and to reach USD 9.87 Billion by 2024.

North America remains the largest market of household cleaning agents, accounting for 29 percent of the global demand, followed by the Western Europe with 26 percent. These two regions are forecast to present similar growth strength in the future years. Asia Pacific (excluding Japan) is considered to be the fastest growing market accounting for nearly 23 percent of the market and is expected to grow by 5.3 percent annually to touch USD 13.59 Billion by 2021 and exceed 15.82 Billion by 2024, thus becoming the largest market by 2024.

Factors influencing the Market

- High Market potential in the developing markets. Regions with increasing income levels already have the purchasing power for modern cleaning products. There is huge unmet demand in some developing regions, where the purchasing power is low;
- Mature Market in developed regions with limited volume growth potential. These markets are dominated by branded products, leaving even less growth for non-brand suppliers;
- Laundry Liquids are replacing laundry powder in the developed regions. In the developing regions, laundry powder dominates;
- Demand on innovative yet cost effective products. Consumers are looking for novel products but not for higher prices; and
- Increasing demand on environment friendly products driven by public awareness.

Major Players

The household cleaning market is dominated by a handful of market leaders. Even in developing regions, an established brand is most important factor to win the trust of the consumers, ensuring them quality and cost effectiveness. The most important suppliers of household cleaning products are Colgate-Palmolive, Henkel KGaA, Unilever, Reckitt Benckiser, Procter and Gamble Company, S.C Johnson & Son Inc. *(Source: "Global Surfactant Market – 4th Edition" by Acmite Market Intelligence)*

The Indian Chemical Industry

Indian chemical industry is estimated to be valued at USD 155 Billion in 2016 and contributes 3.4% to the global chemical industry. It ranks 14th in exports and 8th in imports of chemicals (excluding pharmaceutical products) globally. India's chemical's trade balance is negative with imports being significantly higher than the exports. Western India has been the dominant region contributing approx. 50% to the Gross Value Added (GVA) for the chemical sector.

Government of India has taken several initiatives which will support the growth of chemical industry in India. 'Make in India' is one of such initiative. The initiative is expected to foster growth in Indian chemical industry by

enabling duty rationalization for feedstock, improving infrastructure and R&D & skill development along with ease of regulation for setting up "Reverse SEZs" and tax incentives for R&D investments. The other key reform is approval of the GST bill. This key tax reform is expected to lower logistics cost by 10-15% and create a unified market across the country. To improve trade, SWIFT (Single Window Interface for Facilitating Trade) has been launched which enables importers or exporters to file a common integrated declaration, instead of 9 forms across 6 agencies.

Driven by consumption growth and Government's initiatives, the Indian chemical industry provides multiple opportunities for both the MNCs and the domestic companies. Few of which are:

- Chemical producers could enhance profitability of their product portfolio by exploring adjacencies and vertical integration options;
- MNCs could further strengthen their position in the country by building strategic alliances, investing in market creation activities and by scaling up through M&A's; and
- Domestic companies with competitive cost structure could leverage export potential opportunities.

Chemical Industry Classification

Chemical industry can be classified into the following key segments:

- **Bulk Chemicals:** Bulk chemical include basic organic chemicals (methanol, acetic acid, formaldehyde, Phenol etc.) and basic inorganic chemicals (caustic soda, Chlorine, Soda Ash etc.). Bulk chemicals (including intermediates) industry is estimated at USD 41 Billion in FY16 and has seen subdued growth despite the growth in consumption, due to falling commodity prices. It is expected to grow at 5% per annum till 2025. Feedstock availability is a major concern area. Improving feedstock supply and exploring Coal and other alternate feedstock are the key opportunity areas;
- **Petrochemicals:** Major segments for petrochemicals are basic petrochemicals and end product petrochemicals. The total petrochemical industry is valued at USD 30.5 Billion in FY16 and had registered a growth of 11% per annum during the FY11-FY16 period. It is expected to grow at rate of 8% to reach USD 61 Billion by FY25 driven by current low per capita consumption and rise in polymer demand. Volatility in raw material prices, increase in competition from middle-east & China and high entry barriers remain key challenges for the petrochemical industry;
- **Fertilizers:** It includes all types of N, P& K based fertilizers like Urea, DAP, Complex fertilizers etc. It plays a critical role in Agriculture sector which is critical for social and economic development of India. Industry is estimated at USD 23 Billion in FY16 and has been stagnant in last 5 years due to decline in DAP and NPK consumption, increase in retail prices of DAP and reduction in government subsidy. It is expected to grow moderately at 3% till 2025 driven by low International prices for Urea, DAP & MOP and continued government support;
- **Pharmaceuticals:** It includes only APIs. For the purpose of analysis, formulations are not considered to be a part of chemical industry. Indian Pharma API industry is estimated at USD 14 Billion in FY16. India is a world leader in production of generic drugs and is an exporter of pharmaceuticals to more than 200 countries. Compliance with global cGMP standards, high level of fragmentation, government control on prices, lower spend on R&D, lack of skilled manpower are key challenges for pharmaceuticals. Despite the same, pharma APIs is expected to grow at 6.8% till 2025 driven majorly by demographics, better diagnostic facilities, increased government spending and increased penetration of health insurance;
- **Agrochemicals:** It includes insecticides, fungicides, and herbicides. Indian industry is estimated at USD 4.7 Billion in FY16. Prevalence of spurious products, stringent regulations, low focus on R&D, inefficient distribution system and lack of awareness among farmers remain key challenges. Industry is expected to grow at 7.5% in till 2025. This growth is primarily driven by increased planned expenditure, formation of Farmer Producer Organizations and increase in exports;

- **Specialty Chemicals:** Specialty Chemicals are targeted towards specific end-use application and includes Polymer additives, Personal care ingredients, Water treatment chemicals, Construction chemicals, Paints and coatings and Colorants and others. These chemicals are R&D intensive, high value and low volume chemicals. Industry estimated at USD 31.2 Billion as of FY16. Industry is expected to grow at 12% p.a. to reach USD 86.5 Billion by 2025 driven by growth in end use industry (textiles, automotive, glass, construction, paints etc.).

In contrast to base or commodity chemicals, specialty chemicals are recognized for ‘what they do’ and not ‘what they are’. They provide the required ‘solution’ to meet the customer application needs. It is a knowledge and IP driven industry with raw materials cost (as fraction of net sales) much lower than that for commodity chemicals (around 50% and 75% for specialty and commodity chemicals respectively). The critical success factors for the industry include understanding of customer needs and product / application development to meet the same at a favorable price-performance ratio;

- **Biotechnology:** Biotechnology uses biological processes, organisms or systems to develop products for improvement of human life. It includes segments like Bio-pharma, Bio-services, Bio-Agri, Bio-Industrial and Bio-informatics. India is one of the top 12 Biotech destinations in the world and accounts for about 3% of the global industry. It has grown from USD 4.4 Billion in FY11 to USD 11 Billion in FY16 growing at a rate of 20%. This segment is expected to grow rapidly at 23% till 2025 primarily driven by Indian demographic factor, higher healthcare expenditure, increasing acceptance of bio products and strong growth in exports demand.

The Global Home and Personal Care Application and Ingredients Market

Home and Personal Care Ingredients Market

Personal Care is one of the most attractive sectors for the chemical industry. The market continues on a positive expansion track, demonstrating that unlike other markets, cosmetics and toiletries escaped any major hit from economic recession. Growing awareness for new formulations is also creating new opportunities for specialty personal care ingredient suppliers. Increased consumer awareness of sun exposure side effects, the use of UV absorbers has extended to an increasing number of skin care products, ranking them among the rapidly growing markets.

Global Personal Care Share by Product Class:

(Source: “Global Beauty Ingredients: New Strategic Segments for Growth” by Kline & Company)

The Ingredients market is a USD 14 Billion to USD 18 Billion market with 25 percent made up by commodities, 35 percent by fine chemicals and 40 percent by differentiated specialties. Specialty ingredients hold the largest growth potential within the personal care ingredients business. The Personal Care ingredients market covers more

than 130 ingredients within the eight main groups of which are surfactants, conditional polymers, emollients, rheology control agents, emulsifiers, antimicrobials, UV absorbers and hair fixative polymers. (Source: “Global Beauty Ingredients: New Strategic Segments for Growth” by Kline & Company).

The Personal Care Ingredients market has a total value of USD 9.2 Billion. Hair care and skin care are the two largest applications and, as a result, ingredients used in them have a larger share in the market.

Surfactant is a surface-active substance or agent. The word “*surfactant*” is a shortened form of “*surface-active agent*”. Surfactants can be broadly defined as compounds which concentrate at surfaces (interfaces) such as water-air or water-oil when dissolved in water. Soaps and detergents are classic examples of surfactants due to their dual (amphipathic) character. Surfactants reduce the surface tension of water by adsorbing at the liquid-gas interface and reduce the interfacial tension between two liquids by adsorbing at the liquid-liquid interface. Because water and oil do not dissolve in each other, a surfactant has to be added to the mixture to keep it from separating into layers. By reducing surface tension, surfactant stabilizes mixtures of oil and water or any other two liquids.

In a two-phase system, for example, liquid-liquid or solid-liquid, a surfactant tends to locate at the interface of the two phases, where it introduces a degree of continuity between the two different materials. Surfactants are employed to increase the contact of two materials, sometimes known as wettability. Surfactants and surface activity are controlling features in many important systems, including emulsification, detergency, foaming, wetting, lubrication, water repellence, waterproofing, spreading and dispersion, and colloid stability. Used in small quantity, surfactants are able to markedly affect the surface characteristics of a system. (Source: “Global Surfactant Market – 4th Edition” by Acmite Market Intelligence)

Surfactants find application in almost every chemical industry. The major application fields of surfactants are classified as under:

- **Household cleaning:** Detergents and soaps. Detergents and soaps are used for cleaning because pure water can't remove oily and organic soiling. Further, surfactants are used in detergent additives, laundry detergents, dishwashing products, and other household cleaners including all-purpose detergents, abrasive cleansers, specialty cleaners, glass and multi-surface cleaners, tub, tile and sink cleaners, metal cleaners and oven cleaners;
- **Industrial and Institutional Cleaning (I&I Cleaning):** The end users of industrial and institutional cleaning products are classified as commercial and industrial sector, public sector and Institutions and the Government;
- **Personal care products:** The use of surfactants in personal care products falls into three major categories: hair care (cleansing and conditioning), skin care (cleansing and conditioning) and cosmetics; and

- **Industrial applications:** The main industries which have demand on surfactants are textile/leather industry, oil industry, gasoline/fuel additives, agrichemicals, food processing industry, polymer industry, paints and coatings, inks, pharmaceuticals, construction /cement / concrete, metalworking industry, pulp and paper industry, ore and mineral industry, and water and waste treatment.

(Source: “Global Surfactant Market – 4th Edition” by Acmite Market Intelligence)

In terms of raw materials, surfactants are prepared from various feedstocks which are either petrochemicals or oleochemicals. Petrochemicals are derived from either crude oil, natural gas or coal. Oleochemicals used in surfactant production are derived from either palm oil, palm kernel oil or coconut oil. The use of oleochemicals in the surfactants sector is rising as the advantages and opportunities offered by natural oil and fat-based products are further explored and promoted. Presently, nearly 50 percent of the surfactants are produced from oleochemicals, while only one-fourth were produced from oleochemicals in the 1970s. The share of oleochemicals used surfactants increased by around 100 percent during the last forty years. (Source: “Global Surfactant Market – 4th Edition” by Acmite Market Intelligence)

Global Personal Care Ingredients: Specialty Ingredients

- **UV Absorbers: Sunscreen:** A Sunscreen can be defined as a lotion, spray or cream that protects the skin from UV Radiations. It contains materials that absorb or block harmful radiations. Sunscreen Ingredients comprise of *inter alia*, benzophenones, salicylates, homosalates, octocrylene, ethylhexyl methoxycinnamate and titanium di-oxide.
- **Preservatives:** A preservative is a natural or synthetic chemical that is added to food or personal care formulation to prevent spoilage, whether from microbial growth or undesirable chemical changes. Not only do they help protect consumers from food poisoning but they also extend shelf-life. They can be broadly divided into anti-microbial preservatives, which function by inhibiting the growth of bacteria and fungi, and antioxidants, which inhibit the oxidation of foods and prevent rancidity. Preservatives enhance the shelf life of the products and rising demand for premium personal care products will act as a key trigger for preservatives demand. Rising awareness about health and hygiene products is also likely to fuel the market for preservatives across the globe.
- **Preservative Blends:** The Preservative Blends market was a USD 133.5 million Market (2015) which is expected to touch USD 185.7 million by 2021 growing at 6 percent per annum. The same is expected to become a USD 0.21 Billion market by 2024. Beauty and Personal Care as an application makes up for majority consumption of preservative blends globally. 32.9 percent of the total preservative blends consumption was by the Beauty and Personal Care category. In terms of volumes, Asia Pacific made up for 40 percent share in 2016. The demand for preservative blends is expected to rise rapidly in the regions of Africa and Middle East.
- **Mild Surfactants:** Surfactants milder than the traditional surfactants are mild surfactants. Mild Surfactants can be categorised into Sarcosinates, Alkyl Isethionates, glycinate, glutamates, taurates.

The Global Surfactants Market

The Surfactants market was a USD 30.65 Billion Market (2015) which is projected to grow at a CAGR of 4.4 percent till 2024 to touch USD 45.16 Billion. In terms of volumes, the surfactant market is a 16.35 million tonnes market (2015) which is expected to grow at a CAGR of 3.9 percent till 2024 to touch 22.97 million tonnes. (Source: “Global Surfactant Market – 4th Edition” by Acmite Market Intelligence)

Surfactants can be classified into five categories:

- **Anionics:** This class of surfactants has high foam and very good dirt removal properties. These surfactants have applications in shampoos, toothpastes, body wash formulations as well as laundry detergents and dishwashing products;
- **Non Ionics:** These surfactants are commonly used in cosmetics and personal care products like shampoos, bath and shower products. These are also used as emulsifiers and solubilisers in cosmetic applications;

- **Cationics:** These surfactants suit as conditioning aids because of their substantivity to hair and antimicrobial properties. These are mainly used in hair conditioners and fabric softeners. These can also be used as disinfectants in applications such as floor cleaners and sanitisers;
- **Amphoteric Surfactants:** These are mild surfactants used in the beauty and personal care products. Because of excellent dermatological properties these are frequently used in shampoos, skin cleaners and other cosmetic products; and
- **Surface active preparations:** Surface active preparations include blend of surfactants which are pre-formulated and can be used for shampoo, body wash, syndet and transparent soap bars. They comprise of the Biosurfactants and Flurosurfactants.

Surfactants Market by Application Industry (Figures as in 2015)

Surfactants are mainly used in household cleaning, industrial and institutional cleaning, personal care and various industrial applications such as textile processing, food industry, paints and coatings, oil fields etc.

Household cleaning today accounts for largest application field for surfactants and accounts for 35 percent of the global surfactants consumption in terms of value. Making up for 20 percent, personal care is the most lucrative application field and is believed to be the fastest growing one for surfactant suppliers. Other various industries account for 32 percent of the global surfactant consumption.

Application Industry: Personal Care Market

Most widely used surfactants in personal care and cosmetics are cationic surfactants such as fatty amines and quaternary amines. Some anionic and nonionic surfactants are also used in personal care, especially in personal cleansing. For example, most sulphates and sulfonates (the types of anionic surfactants) can be used in personal care products and cosmetics as they are chemically stable in these products and most of them are well tolerated on the skin. Other important surfactants used in personal care and cosmetics include aminoxides, betaines, sulfosuccinates, ethercarboxylates. Surfactants play a major role as delivery systems for skin care and decorative cosmetic products. The use of surfactants in personal care products falls into three major categories:

- **Skin Care:** Surfactants used in skin care may be categorised as “rinse off” and “leave-on” products. Conventional surfactants in rinse off categories provide effective cleansing. These are used in products like shower gels, face wash or body wash;
- **Hair Care:** There are two major developments in hair care: (i) the search for mild surfactants; and (ii) search for conditioning agents. Also the combination of surfactants with other ingredients can result in special characteristics of shampoos. Surfactants used in shampoos are normally a “gelled” surfactant solution; and
- **Oral Care:** Oral Care market is dominated by toothpaste which accounts for 60 percent of the global oral hygiene business.

The Global Preservatives and Preservatives Blends Market

Phenoxyethanol Preservatives

Phenoxyethanol preservatives are largely used in the home and personal care industry as preservatives in finished products. For instance, phenoxyethanol, along with other preservatives such as potassium sorbate, benzisothiazolinone, and methylisothiazolinone, is a key ingredient for preventing bacterial attack in the aqueous cleaning and stain removing homecare products. Furthermore, personal care is another significant application segment, which comprises color cosmetics, wipes, perfumes, fragrances, and skin and hair care products. Phenoxyethanol possesses mild preservative properties and, hence, the cosmetic industry is currently focusing on developing innovative blends of phenoxyethanol for personal care preservation.

In terms of volume, the global demand for phenoxyethanol preservatives stood at 39.2 kilo tons in 2013 and is expected to reach 51.2 kilo tons by 2020, increasing at a CAGR of 3.9% between 2014 and 2020. In terms of revenue, the phenoxyethanol preservatives market was valued at USD 95.8 Million in 2013 and is anticipated to reach USD 143.2 Million by 2020, expanding at a CAGR of 5.9% between 2014 and 2020. The global phenoxyethanol preservatives market is driven by strong growth in cosmetic products coupled with shift towards phenoxyethanol-based blends in the cosmetic industry.

In terms of volume and revenue, Asia Pacific dominated the global phenoxyethanol preservatives market, accounting for 41.9% share in 2013. Asia Pacific was followed by North America in terms of demand in 2013. The market for phenoxyethanol preservatives in Asia Pacific is anticipated to expand at a comparatively faster rate during the next few years. Demand for phenoxyethanol preservatives in Europe is likely to rise at a sluggish rate during the forecast period. RoW is projected to be second-fastest region in the phenoxyethanol preservatives market in next few years. Geographic Distribution (Figures as in 2014)

In terms of volume, North America (23.1% share) was the second-largest market for phenoxyethanol preservatives after Asia Pacific (41.9%) in 2013. North America’s market share is expected to decrease by 1% by 2020. Asia Pacific is expected to take up this share. Europe held 21.0% share of the global phenoxyethanol market in 2013. The region’s market share is estimated to decline by 1.2% to reach 19.8% by 2020.

In terms of volume, Rest of the World (RoW) constituted 14.0% share of the global phenoxyethanol preservatives market in 2013. Market share of RoW is likely to decline by 0.2% to reach 13.8% by 2020. In terms of volume, RoW is projected to be the second-fastest growing region in the global phenoxyethanol market during the forecast period. (Source: “Phenoxyethanol Preservatives Market: Global Industry Analysis, Size, Share, Growth, Trends, and Forecast, 2014 – 2020” by Transparency Market Research)

Major Players

The global phenoxyethanol preservatives market was moderately fragmented in 2013. Companies such as The Dow Chemical Company, Clariant, Galaxy Surfactants Limited, and BASF SE were some of the leading players in the phenoxyethanol market in 2013. In 2013, Galaxy Surfactants Limited had a 12.7% market share in the global phenoxyethanol preservatives market, whereas The Dow Chemical Company had a 16.3% market share, BASF SE had a 12.7% market share, Clariant Corporation had a 10.7% market share and others had a 50.6% market share. Preservative Blends Market

The global preservatives blends market size was USD 133.5 million in 2015, and is expected to grow to a size of USD 215.9 million by 2024, at a CAGR of 5.6%. Asia Pacific region held the major share of preservative blends market in 2015 as demand for beauty and personal care segment is rising at a speedy rate. The market for preservative and preservative blends is largely hampered by the growing demand for natural and organic preservatives. Rising levels of awareness and the various diseases caused by synthetic preservatives are the causes behind this shift. Demand for alcohol-based preservative blends is rising, with manufacturers of personal care, homecare, and beauty products shifting toward them.

Parabens are commonly used preservative blends, holding a share of more than 35% in the market in 2015. This trend is expected to continue by 2024, albeit at a sluggish growth rate owing to the various side effects and diseases such as cancer caused by parabens, which have therefore been banned in many countries. Companies are now focusing on manufacturing paraben-free products. Similar is the case with formaldehyde preservative blends. Companies are manufacturing products consisting of formaldehyde-free preservatives, as they cause itching, burning, and irritation to the skin. Their usage is banned in Japan and Sweden and has also been proven to be dangerous for animals and wildlife. This is projected to lead to a decline in demand for formaldehyde in the near future. After parabens, alcohols held a significant share of more than 20% in the preservative blends market in 2015 and are anticipated to be a rapidly expanding segment during the forecast period because of their limited

toxicity. Their pricing is close to that of formaldehyde. (Source: “Preservatives Blends Market: Global Industry Analysis, Size, Share, Growth, Trends, and Forecast, 2016 – 2024” by Transparency Market Research)

Overview

We are one of India’s leading manufacturers of surfactants and other speciality ingredients for the personal care and home care industries. Our products find application in a host of consumer-centric personal care and home care products, including, *inter alia*, skin care, oral care, hair care, cosmetics, toiletries and detergent products. Since our incorporation in 1986, we have significantly expanded and diversified our product profile, client base and geographical footprint. Our customers include some of the leading multinational, regional and local players in the home and personal care industries. Currently, our product portfolio comprises over 200 product grades, which are marketed to more than 1,700 customers in over 70 countries.

Our products are organized into the following product groups:

- **Performance Surfactants:** Our portfolio of performance surfactants comprises over 45 product grades, and includes anionic surfactants and non-ionic surfactants; and
- **Speciality Care Products:** Our Speciality Care Products group comprises over 155 product grades, and includes amphoteric surfactants, cationic surfactants, UV filters, preservatives, preservative blends and surfactant blends, speciality ingredients such as mild surfactants, syndet and transparent bathing bars and proteins, fatty alkanolamides and fatty acid esters, and other care products.

While we commenced our operations as a local supplier to FMCG companies in India, we have significantly expanded and diversified our scale and scope of operations over the years so as to become a global supplier to FMCG companies across major geographies, such as Africa Middle East Turkey (AMET), Asia Pacific (APAC), Americas (North and South) and Europe. Our diversified customer base currently comprises multinational, regional and local FMCG companies, including, *inter alia*, Cavinkare Private Limited, Colgate-Palmolive (India) Limited, Dabur India Limited, Henkel, Himalaya, L’ORÉAL, Procter & Gamble Home Products Private Limited, Reckitt Benckiser, Ayur Herbals (Private) Limited, Jyothy Laboratories Limited and Unilever. We believe that the long-standing relationships that we enjoy with our customers are a catalyst for our continued growth and success.

In addition to our domestic sales in India, we have significantly increased our geographical footprint in recent years by focusing on certain emerging markets such as AMET. Our Step-down Subsidiaries, coupled with our manufacturing facilities in Suez, Egypt, and New Hampshire, USA, enable us to service the international demand for our products. We have set-up sales offices in India, Egypt and USA, and representative offices in Netherlands and Turkey so as to enable us to market our products as well as understand customer needs in these regions, and consequently, develop products to service such requirements.

We continuously monitor industry trends so as to ensure that our products continue to remain relevant and help our customers meet the evolving market demands and enhance their brand value. Our qualified and experienced in-house R&D team focuses on the development of high-performance products and formulations for the consumer-centric home and personal care industries, including collaborative product development with our customers as part of our ‘Consumer to Chemistry’ motto. We have adopted an innovation funnel model, which

allows us to customize our products in line with customer expectations and end-user preferences, whilst simultaneously ensuring shorter lead-times. Since 2002, a total of 47 patents have been granted to us. Currently, 10 patents in USA, and 2 (two) patents each in China, the European Union, India, Japan and Russia, are being maintained by us. We have applied for an aggregate of 38 patents globally, of which 21 applications have been made in India, and an aggregate of 17 applications have been made for the registration of patents in Brazil, China, the European Union, Russia and USA, and under the Patent Cooperation Treaty.

At present, we have 7 (seven) strategically-located manufacturing facilities, out of which 5 (five) are located in India and 2 (two) are located overseas. We also have set-up 1 (one) pilot plant at Tarapur, Maharashtra, for the scaling up of new products and processes from lab-scale to plant-scale. Out of our 5 (five) manufacturing facilities in India, 3 (three) are located at Tarapur, Maharashtra, 1 (one) is located at Taloja, Maharashtra, and 1 (one) is located at Jhagadia, Gujarat. Many of our key customers have audited and approved our manufacturing facilities and processes, which has helped us establish our reputation and reliability as a supplier of high-quality products and customized solutions, and also enabled us to receive recurring business as well as attract new customers.

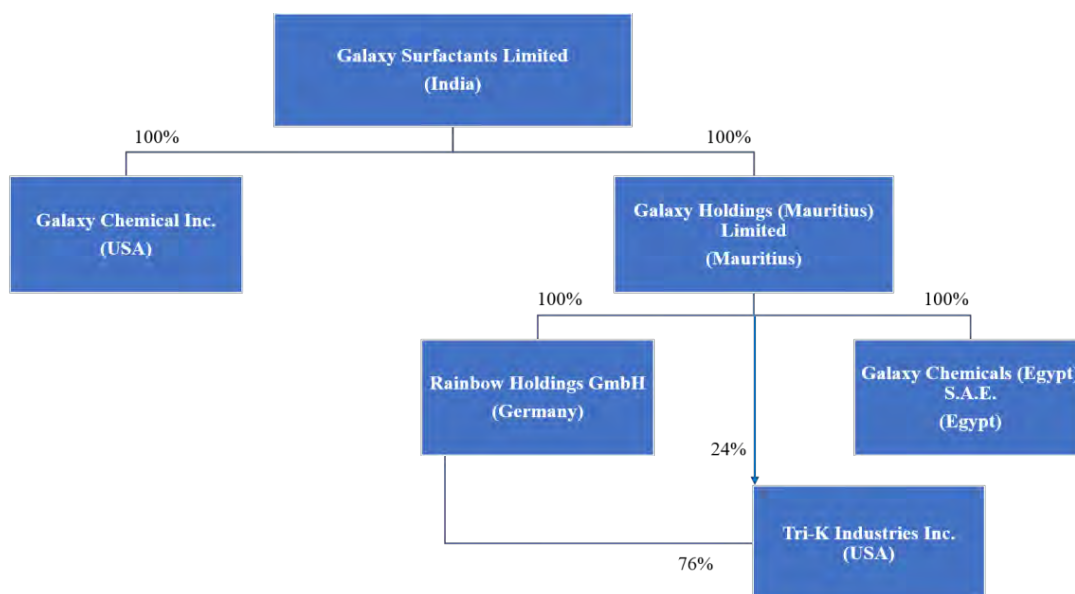

As a professionally managed organization, we are driven by a qualified and dedicated management team, comprising of seasoned professionals with experience across various sectors, which is led by our Board of Directors. Our Promoters, namely Mr. Unnathan Shekhar, Mr. Gopalkrishnan Ramakrishnan, Mr. Shashikant Shanbhag and Mr. Sudhir Dattaram Patil, have been associated with the Company since its incorporation in 1986, and have played a significant role in the development of our business. We believe that our management team's collective experience and capabilities enable us to understand and anticipate market trends, manage our business operations and growth, leverage customer relationships and respond to changes in customer preferences. Our workforce has grown significantly over the years, and as on September 30, 2017, numbered over 1,200 employees.

We believe that our emphasis on innovation, proactive customer-centric approach and focus on quality have enabled us to meet customer needs. We have received numerous awards and recognitions from our customers, including, *inter alia*, the “*Winning through Innovation*” and “*Innovation Award*” awards from Unilever, the “*Best Supply Partner*” award and a “*Approved Supplier of Sodium Lauryl Ether Sulphate*” certification by Hindustan Unilever Limited, a “*Fully Certified Preferred Supplier of Sodium Lauryl Sulphate*” certification and a “*Certificate of Recognition*” from Colgate-Palmolive (India) Limited, an “*Award of Global Performance*” and “*Certificate of Appreciation*” from L'ORÉAL, a “*Certificate of Excellence*” from Marico Limited, and an “*Excellence*” award from Dabur.

For Fiscal 2017 and the six-month period ended September 30, 2017, our total revenues were ₹21,717.00 million and ₹11,972.77 million, respectively. From Fiscal 2014 to Fiscal 2017, as per the Restated Consolidated Financial Statements, (i) our EBITDA increased from ₹2,198.03 million to ₹2,780.48 million, representing a CAGR of 8.15%; (iii) our profit after tax increased from ₹759.97 million to ₹1,463.06 million, representing a CAGR of 24.40%. Our RoNW for Fiscals 2015, 2016 and 2017 was 19.27%, 24.88% and 28.68%, respectively.

Corporate Structure

The following chart outlines our current group structure:

Our Strengths

We believe that we have the following competitive strengths:

Established Global Supplier to Major FMCG Brands with Demonstrated Track Record

Over the years, we have evolved from being a local supplier to FMCG companies in India to being a global supplier to FMCG companies across major geographies, such as India, AMET, Asia Pacific (APAC), Americas (North and South) and Europe. We believe that our robust product portfolio and expanded geographical footprint enable us to provide integrated solutions to a wide array of customers, whether they be established multinationals or emerging players in local markets. As part of our customer-relationship management endeavours, we classify our customers based on certain key characteristics, including scale of operations, geographical footprint, technical demands and propensity for growth. We believe that the aforesaid classification is key to our effective supply-chain management, and also helps us monitor exposure to risks that may arise from customer or geographical concentration. In Fiscal 2017, 52%, 8% and 40% of our total revenues from operations were derived from multinational customers, regional customers and local customers, respectively.

Almost all of our customers operate within the consumer-centric personal care and home care segments, and thus, their purchasing decisions are driven primarily by product performance, advanced chemistry and the need for customized and competitive solutions. We believe that a number of our products enjoy a strong position in the ingredients value chain. Our products provide some of the key functional characteristics to a host of consumer-centric personal care and home care products, including, *inter alia*, shampoos, conditioners, body wash formulations, soap bars, liquid soaps, toothpastes, laundry detergents and dishwashing products. Accordingly, our customers maintain strict qualification and/or certification procedures, which typically result in a high degree of collaboration for proficient product development.

Our customer base currently comprises a host of multinational, regional and local FMCG companies, including, *inter alia*, Cavinkare Private Limited, Colgate-Palmolive (India) Limited, Dabur India Limited, Henkel, Himalaya, L'ORÉAL, Procter & Gamble Home Products Private Limited, Reckitt Benckiser, Ayur Herbals (Private) Limited, Jyothy Laboratories Limited and Unilever. While we derive a significant portion of our revenues from limited number of major customers, we believe that this reflects our ability to cater to the continual procurement needs of our multinational FMCG customers across diverse geographies. We enjoy relationships in excess of 5 (five) years with each of our top ten customers.

Many of our key customers have audited and approved our facilities and manufacturing processes. Once qualified, products tailored to a customer's application and processes tend to have a life cycle linked to that of the customer's product, which, may be several years or even decades in the case of some products. By working closely with our customers, we are able to innovate and develop technologies that can be applied effectively in our customers' processes and products, increasing their operational efficiency and improving end-product performance. This type of strategic relationship with customers enhances the stability of our revenue base and facilitates the development

of new product applications and markets. We believe that factors such as the highly-technical and specialized nature of business, continuous requirement for R&D, the meeting pre-qualification, stringent quality benchmarks and certification serve as effective entry barriers to new players in the industry.

We have received numerous awards and recognitions from our customers, including, *inter alia*, the “*Winning through Innovation*” and “*Innovation Award*” awards from Unilever, the “*Best Supply Partner*” award and a “*Approved Supplier of Sodium Lauryl Ether Sulphate*” certification by Hindustan Unilever Limited, a “*Fully Certified Preferred Supplier of Sodium Lauryl Sulphate*” certification and a “*Certificate of Recognition*” from Colgate-Palmolive (India) Limited, an “*Award of Global Performance*” and “*Certificate of Appreciation*” from L’ORÉAL, a “*Certificate of Excellence*” from Marico Limited, and an “*Excellence*” award from Dabur.

Robust Product Portfolio Addressing Diverse Customer Needs

We have continuously diversified our product profile to address the needs of a diverse range of customers and applications. Our Performance Surfactants range includes anionic surfactants and non-ionic surfactants, and comprises over 45 product grades. Our Speciality Care Products range comprises over 155 product grades, and includes amphoteric surfactants, cationic surfactants, UV filters, preservatives, preservative blends and surfactant blends, speciality ingredients such as mild surfactants, syndet and transparent bathing bars and proteins, fatty alkanolamides and fatty acid esters, and other care products. In aggregate, our product portfolio currently comprises over 200 product grades.

Both of our product ranges, namely Performance Surfactants and Speciality Care Products, find application in the personal care and home care industries. They are utilized as raw materials for a host of consumer-centric personal care and home care products, including, *inter alia*, shampoos, conditioners, body wash formulations, soap bars, liquid soaps, toothpastes, laundry detergents and dishwashing products. However, our scale of production, positioning and pricing strategy for each of our product ranges is distinct. While our Performance Surfactants often serve as substantive raw materials in our customers’ end-products, our Speciality Care Products are characterized by the unique functionality that they add to our customers’ end-products. We believe that our products find applications in products designed for end-users in the entire spectrum of ‘*mass*’, ‘*mass-tige*’ and ‘*prestige*’ socio-economic segments.

The diversity in our product portfolio enables us to provide customized solutions to multinational FMCGs that market a host of products across diverse geographies. While the requirements and preferences of consumers across geographies may vary, a number of our Performance Surfactants are primarily utilized as raw materials for end-products that can be considered as ‘consumer staples’. As these products cater to basic needs such as personal hygiene and sanitation, consumers are often unable or unwilling to cut them out of their budgets regardless of their financial situation. We believe that the relatively inelastic demand for our customers’ end-products helps ensure a demand for the products that we manufacture whilst also contributing our ability to weather economic downturns that may affect specific geographies.

On the other hand, a large number of our Speciality Care Products find applications in end-products designed for the ‘*prestige*’ socio-economic segment, where purchasing decisions are often driven by the functionality of the end-product. For instance, sunscreens are commonly rated, labelled and purchased based on a sun protection factor (SPF) that measures the fraction of sunburn-producing UV rays that reach the user’s skin. Our range of UV filters serve as the primary functional ingredient in a host of sunscreens, fairness creams and other personal care products. As a result of the relatively higher value that they add to our customers’ end-products, our Speciality Care Products have typically offered a scope for higher margins *vis-à-vis* our Performance Surfactants.

Proven R&D Capabilities with Dedicated Focus on Innovation

Our emphasis on R&D has been a catalyst for the growth of our businesses and contributes significantly to our ability to meet customer needs in a competitive market.

Our dedicated and experienced in-house R&D team, which comprised 63 employees as of September 30, 2017, focuses on the development of high-performance products and formulations for the consumer-centric personal care and home care segments. This team includes a number of doctorates, chemists and engineers, and primarily operates from our well-equipped R&D Centre, which is located at Navi Mumbai. We also have set-up 1 (one) pilot plant at Tarapur, Maharashtra, which enables trial runs of the new production processes and products prior to commencement of commercial production. Our R&D Centre and pilot-plant are both recognized by the Department of Science and Technology, Government of India. We have also set-up a product applications centre

for proteins at Denville, USA, which is operated by Tri-K Industries Inc. In Fiscals 2015, 2016 and 2017, we spent ₹102.75 million, ₹121.03 million and ₹131.91 million, respectively, on R&D activities.

As part of our ‘*Consumer to Chemistry*’ motto, we undertake collaborative product development with our customers, which helps our customers in choosing the ‘right technology with the right application’. We have adopted an innovation funnel model of product development, which enables us to customize our products in line with customer expectations and consumer preferences, whilst simultaneously ensuring shorter lead-times. Since the adoption of our innovation funnel model in Fiscal 2007, we have developed various new product grades. Further, since 2002, a total of 47 patents have been granted to us. Currently, 10 patents in USA, and 2 (two) patents each in China, the European Union, India, Japan and Russia, are being maintained by us. We have applied for an aggregate of 38 patents globally, of which 21 applications have been made in India, and an aggregate of 17 applications have been made for the registration of patents in Brazil, China, the European Union, Russia and USA, and under the Patent Cooperation Treaty.

For instance, one of our key innovations was the development of a patented commercial manufacturing process for mild surfactants, being acyl-amino acid based surfactants that include acyl glycinates, sarcosinates, taurates and glutamates. This process satisfies all twelve principles of ‘*green chemistry*’. It utilizes a ‘*green catalyst*’ and is in the nature ‘*closed loop*’ chemistry, where by-products of one process are used to manufacture another class of surfactants. As a result of the foregoing, we are able to achieve 100% ‘*atom economy*’, which translates into energy-efficiency and the elimination of effluents and waste. As a result of the aforesaid process, we believe that we are uniquely positioned to address the growing need for mild surfactants in a sustainable manner.

Global Footprint Supporting Local Reach

Over the years, we have successfully diversified both our product profile and geographical footprint by way of organic growth and inorganic expansions.

Our acquisition of Tri-K Industries Inc. in USA in Fiscal 2010, significantly enhanced our product portfolio of Speciality Care Products and our technological capabilities whilst also extending our reach in the developed markets of USA. In Fiscal 2012, we completed the development of our strategically-located manufacturing facility in Jhagadia, Gujarat. An EOU with an installed capacity of 79,500 MTPA as of March 31, 2017, this facility has significantly bolstered our manufacturing capabilities and ability to meet export demands. Further, our manufacturing facility in Suez, Egypt, with an aggregate installed capacity of 82,600 MTPA as of March 31, 2017 has enabled us to service the demands of a number of our existing multinational FMCG customers in the emerging AMET region.

Currently, we market our products to more than 1,700 customers in over 70 countries. We have set-up sales offices in India, Egypt and USA, and representative offices in Netherlands and Turkey. We believe that our diversified footprint, in both mature and emerging geographies, enables us to observe, analyse and adapt to evolving consumer preferences. We believe that are we well-placed to ensure that our products continue to remain relevant across diverse geographies, and are in a unique position to help our customers enhance their brand value by continuing to meet the demands of evolving markets.

A geographical breakdown of our total product sales (by volume) for the Fiscals 2015, 2016 and 2017, and the six-month period ended September 30, 2017, is represented herein below:

Sr. No	Geography	Fiscal 2015		Fiscal 2016		Fiscal 2017		Six-months Ended September 30, 2017*

Our global network of manufacturing, sales and representative facilities helps in reducing our dependence on any single product or geography. We believe that our limited dependency on any single geography helps in mitigating the effect of economic and industry-specific cycles.

Strong Presence in High Growth Markets of India and AMET Region

The market for personal care products in India was USD 11.36 Billion in Fiscal 2015, and is expected to grow at a CAGR of 7.9%, to touch USD 22.52 Billion by 2024. Further, the market for home care products in India was USD 2.31 Billion in Fiscal 2015, and is expected to grow at a CAGR of 7.2%, to touch USD 4.32 Billion by 2024. (Source: “Global Surfactant Market – Custom Research for Galaxy Surfactants Limited” by Acmite Market Intelligence). We believe that the growth in India’s GDP, coupled with increase in per capita income in India, will drive the consumption of personal care and home care products in India. We believe that we are well positioned to capitalize on the opportunity offered by the expected growth in the Indian market on account of our strong manufacturing capabilities, long-standing customer relationships, ability to monitor and anticipate changes in end-user preferences and our continued focus on R&D.

The aggregate market for personal care and home care products in Africa and the Middle East was USD 22.04 Billion in Fiscal 2015, and is expected to grow at a CAGR of 4.43%, to touch USD 31.19 Billion by 2024. (Source: “Global Surfactant Market – Custom Research for Galaxy Surfactants Limited” by Acmite Market Intelligence). Our manufacturing facility in Suez, Egypt, which is owned and operated by Galaxy Chemicals (Egypt) S.A.E., had an installed capacity of 82,600 MTPA as of March 31, 2017. It produces both Performance Surfactants and Speciality Care Products, and service the demands of a number of our existing multinational FMCG customers such as L’ORÉAL, Procter & Gamble Home Products Private Limited and Unilever in the emerging AMET region. Between Fiscals 2014 and 2017, the total revenues of Galaxy Chemicals (Egypt) S.A.E. have grown at a CAGR of 22.31%, which reflects the growth in our market presence in the AMET region. Further, as the facility is located in the Attaqa Public Free Zone, it benefits from a concessional tax regime, and is exempt from all direct and indirect taxes. We believe that our established manufacturing facility and growing reputation for quality will enable us to leverage the expected growth in the AMET region in the years to come, and consequently, enhance returns to our shareholders.

Professional and Experienced Management Team

We are a professionally managed organization that is driven by a qualified and dedicated management team, which is led by our Board of Directors. Our management culture is collaborative and function-oriented, and we believe this to be critical to our competitive advantage. Our Promoters, namely Mr. Unnathan Shekhar, Mr. Gopalkrishnan Ramakrishnan, Mr. Shashikant Shanbhag and Mr. Sudhir Dattaram Patil, have been associated with the Company since its incorporation in 1986, and have played a significant role in the development of our business. Our Promoters have an average experience of over 35 years, out of which an average of over 30 years have been with us. Moreover, our senior management consists of experienced and qualified professionals with experience across various sectors.

Our management team’s collective experience and capabilities enable us to understand and anticipate market trends, manage our business operations and growth, leverage customer relationships and respond to changes in customer preferences. We will continue to leverage on the experience of our management team and their understanding of the surfactants and speciality care products industry, to take advantage of current and future market opportunities. We believe that we have been able to successfully recruit talent because of our reputation for excellence. Further, we believe that our ability to ensure a congenial work environment and competitive compensation packages have resulted in our relatively low attrition rates in the past.

Track Record of Robust Financial Performance

Our focus on functional excellence has contributed to our track record of robust financial performance. For the Fiscals 2015, 2016 and 2017, and the six-month period ended September 30, 2017, our EBITDA was ₹1,917.55 million, ₹2,395.91 million, ₹2,780.48 million and ₹1,451.33 million, respectively.

From Fiscal 2014 to Fiscal 2017, as per the Restated Consolidated Financial Statements, our EBITDA increased from ₹2,198.03 million to ₹2,780.48 million, representing a CAGR of 8.15%. For the Fiscals 2015, 2016 and 2017, and the six-month period ended September 30, 2017, our profit after tax was ₹674.56 million, ₹1,027.18 million, ₹1,463.06 million and ₹751.64 million, respectively. From Fiscal 2014 to Fiscal 2017, as per the Restated Consolidated Financial Statements, our profit after tax increased from Rs. 759.97 million to Rs. 1,463.06 million,

representing a CAGR of 24.40%. Our RONW for Fiscals 2015, 2016 and 2017 was 19.27%, 24.88% and 28.68%, respectively. Further, our long term borrowings, as per our Restated Consolidated Financial Statements, have reduced from ₹2,041.25 million in Fiscal 2014 to ₹1,294.05 million in Fiscal 2017. As on September 30, 2017, our long term borrowings, as per our Restated Consolidated Financial Statements, were ₹1,014.40 million.

We believe that our robust financial performance reflects the efficacy of the manufacturing and supply-chain management protocols that we have implemented. Our steady operating cash flows enable us to meet the present and future needs of our customers while our strong balance sheet and financial performance instil confidence in them. Over the years, we have strategically invested significantly in capacity expansion and de-bottle necking at our manufacturing facilities as well as in our R&D endeavours. We believe that our ability to make these investments helps strengthen trust and engagement with our customers, which enhances our ability to retain these customers and extend our engagement across products and geographies.

Our Strategies

Increasing the Share of Speciality Care Products in our Sales Mix

Our Speciality Care Products have historically offered higher margins *vis-à-vis* our Performance Surfactants. However, the development and manufacture of Speciality Care Products requires multi-stage processing and unique technical competencies. Our continued R&D efforts at the applications laboratories set up at our R&D Centres in Navi Mumbai, India, and in Denville, USA, have helped us develop a number of patents for Speciality Care Products and their manufacturing processes. Our range of Speciality Care Products currently comprises over 155 products and includes amphoteric surfactants, cationic surfactants, UV filters, preservatives, preservative blends and surfactant blends, speciality ingredients such as mild surfactants, syndet and transparent bathing bars and proteins, fatty alkanolamides and fatty acid esters, and other care products.

A product group-wise breakdown of our total product sales (by volume) for the Fiscals 2015, 2016 and 2017, and the six-month period ended September 30, 2017, is represented herein below:

Sr. No	Geography	Fiscal 2015		Fiscal 2016		Fiscal 2017		Six-months Ended September 30, 2017*	
		(In MT)	%	(In MT)	%	(In MT)	%	(In MT)	%
1.	Performance Surfactants	97,211	63.38%	98,775	62.32%	115,392	65.02%	63,159	67.33

Going forth, we intend to focus on increasing the share of Speciality Care Products in our overall sales mix. While we currently offer both Performance Surfactants and Speciality Care Products to our customers in emerging as well as mature markets, the market for Speciality Care Products has historically been higher in mature markets. However, we expect the demand for a host of our Speciality Care Products such as mild surfactants, proteins, syndets and preservatives in emerging markets will increase as and when such markets begin to mature. We intend to leverage the long-standing relationships that we have with our existing multinational, regional and local customers for Performance Surfactants in emerging markets and address their imminent requirements by cross-selling our diverse portfolio of Speciality Care Products. Further, we intend to increase our share of sales of Speciality Care Products in mature markets by continuing to monitor evolving consumer preferences and undertaking product innovation so as to address such needs.

Continue to Focus on R&D and Product Innovation as part of our ‘Consumer to Chemistry’ Approach

We believe that our focus on product innovation through continuous R&D has been critical to the growth of our business. With a view to customize our products in line with customer expectations and end-user preferences, whilst simultaneously ensuring shorter lead-times, we have adopted an innovation funnel model. A process chart representing our innovation funnel model to product development is set out herein below:

Since the adoption of our innovation funnel model in Fiscal 2007, we have developed various new product grades. Further, since 2002, a total of 47 patents have been granted to us. Currently, 10 patents in USA, and 2 (two) patents each in China, the European Union, India, Japan and Russia, are being maintained by us. We have applied for an aggregate of 38 patents globally, of which 21 applications have been made in India, and an aggregate of 17 applications have been made for the registration of patents in Brazil, China, the European Union, Russia and USA, and under the Patent Cooperation Treaty.

Our ‘*Consumer to Chemistry*’ approach is designed to ensure that our products continue to remain relevant in evolving markets and help our customers enhance their brand value. We strive to continuously monitor, analyse and adapt to changing consumer preferences across diverse geographies. We help our customers address evolving market demands by undertaking collaborative product development, which enables us to offer customized and integrated solutions that cater to the unique demands of our diversified customer base.

We believe that we possess the necessary skills, technology, know-how, in-house R&D capabilities and intellectual property competence to develop products and customised formulations, which can be manufactured and marketed in both domestic and international markets. In the years to come, we intend to continue invest in, and undertake, product innovation with our characteristic ‘*Consumer to Chemistry*’ approach, and specifically focus on certain Speciality Care Products such as mild surfactants, rheology modifiers, pearling agents, UV filters, syndets and transparent bathing bars, surfactant blends and proteins. We believe that this focus will enable us to introduce products and formulations, increase our productivity and operating efficiency, deepen penetration in existing markets and serve as the cornerstone to our success in new markets.

Increase Wallet Share with Existing Customers and Continued Focus to Expand Customer Base

Our customer base currently comprises a host of multinational, regional and local FMCG companies, including, *inter alia*, Cavinkare Private Limited, Colgate-Palmolive (India) Limited, Dabur India Limited, Henkel, Himalaya, L’ORÉAL, Procter & Gamble Home Products Private Limited, Reckitt Benckiser, Ayur Herbals (Private) Limited, Jyothy Laboratories Limited and Unilever. We believe that the awards and certifications that we have received from our customers over the years are an indicator of our position as a preferred supplier to leading FMCG companies in the consumer-centric personal care and home care segments.

While we believe that our continuing R&D endeavours and our reputation for quality will help increase our overall market share for both of our Performance Surfactants and Speciality Care Products categories, we intend to focus on increasing our wallet share with existing customers in the years to come. We have built long-standing relationships with our customers through various strategic endeavours, which we intend to leverage by capitalizing on the significant cross-selling opportunities that our diversified product portfolio offers. Further, we plan on utilizing our expanded geographical footprint to address the sourcing requirements of our existing multinational FMCG customers as and when they enter new markets, thereby consolidating our position as a preferred supplier across geographies.

Our customer base has grown from over 1,200 customers in Fiscal 2013 to over 1,700 customers in Fiscal 2017, representing a CAGR of 7.84%. Currently, we market our products to more than 1,700 customers in over 70 countries. We have set-up sales offices in India, Egypt and USA, and representative offices in Netherlands and Turkey so as to enable us to market our products as well as understand the customer needs in these regions. We also regularly take part in trade shows, road shows and exhibitions, and our employees have been invited as speakers at various industry fora. Going forth, we intend to continue to leverage our sales and marketing network, diversified product portfolio and our industry standing to establish relationships with new multinational, regional and local customers and expand our customer base.

Mutually Complimentary Two-pronged Strategy to Drive Growth in both Emerging and Mature Markets

The market for personal care products in India was USD 11.36 Billion in Fiscal 2015, and is expected to grow at a CAGR of 7.9%, to touch USD 22.52 Billion by 2024. Further, the market for home care products in India was USD 2.31 Billion in Fiscal 2015, and is expected to grow at a CAGR of 7.2%, to touch USD 4.32 Billion by 2024.

The aggregate market for personal care and home care products in Africa and the Middle East was USD 22.04 Billion in Fiscal 2015, and is expected to grow at a CAGR of 4.43%, to touch USD 31.19 Billion by 2024. (Source: “Global Surfactant Market – Custom Research for Galaxy Surfactants Limited” by Acmite Market Intelligence). While emerging markets have historically been important to us from a perspective of Performance Surfactants sales, we anticipate an increased demand for our Speciality Care Products as these markets begin to mature. We believe that our strong manufacturing capabilities, established customer relationships and robust product portfolio leave us uniquely positioned to exploit the opportunities offered by the expected growth in the personal care and home care segments in India and the AMET region. We intend to focus on leveraging such opportunities to increase sales and cross-sales of our Performance Surfactants and Speciality Care Products in the years to come.

On the other hand, we believe that growth in mature markets such as USA and Europe will come from our range of Speciality Care Products. The development and manufacture of Speciality Care Products requires multi-stage processing and unique technical competencies, which serve as effective entry barriers to new entrants. We intend to capitalize on the significant investments that we have made in enhancing our manufacturing capabilities and portfolio of Speciality Care Products, and cater to the demands of these mature markets. We will continue to monitor evolving consumer preferences and undertaking product innovation so as to address the needs of mature markets, which we believe will also help us anticipate and address future needs of emerging markets.

Continue Improving Financial Performance through Focus on Operational Efficiencies and Functional Excellence

We believe that our focus on functional excellence and providing integrated solutions has contributed to our financial strength and performance whilst also strengthening the trust and engagement that we share with our customers.

From Fiscal 2014 to Fiscal 2017, as per the Restated Consolidated Financial Statements, our EBITDA has increased from ₹2,198.03 million to ₹2,780.48 million, representing a CAGR of 8.15%. Further, our long term borrowings, as per our Restated Consolidated Financial Statements, have reduced from ₹2,041.25 million in Fiscal 2014 to ₹1,294.05 million in Fiscal 2017. As on September 30, 2017, our long term borrowings, as per our Restated Consolidated Financial Statements, were ₹1,014.40 million. We believe that the various strategic initiatives that we have implemented, including the continued investment in our manufacturing facilities, developing and enhancing our in-house capabilities, and our supply-chain management protocols will continue to play a critical role in our future success. Accordingly, we intend to build on our existing strategic initiatives to achieve operational excellence that translates into financial strength and performance.

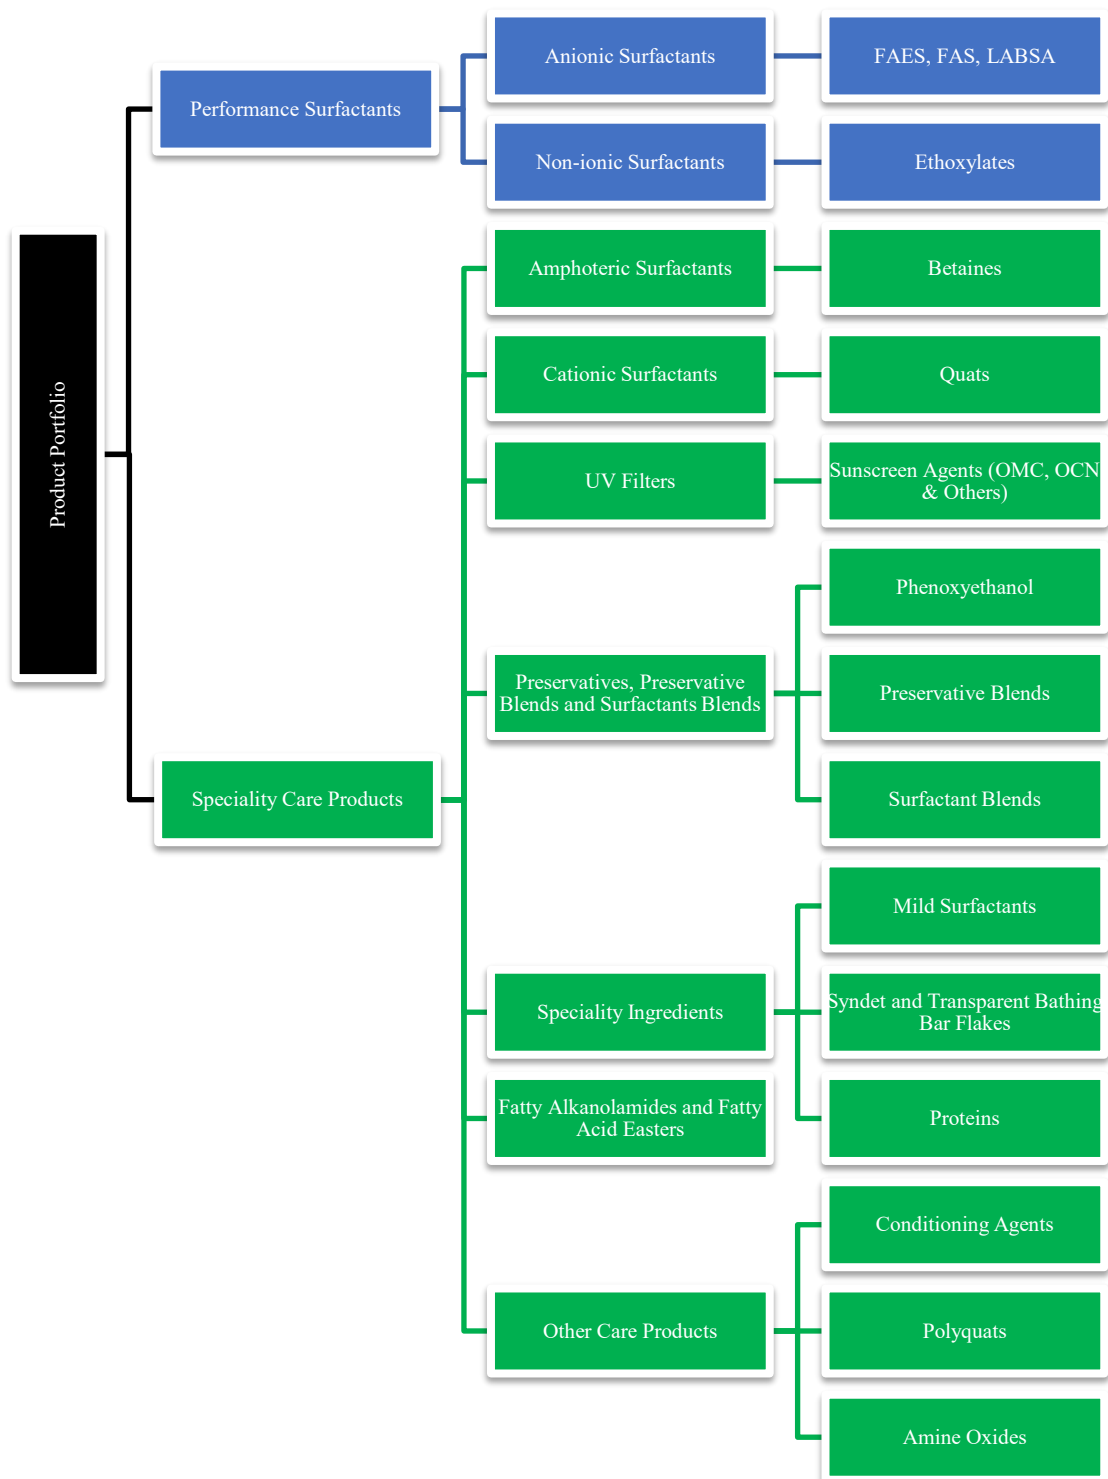

We have set-up a ‘New Projects Technologies’ (NPT) Group, which spearheads our in-house engineering and project execution capabilities. We believe that we have been able to make significant improvements to our manufacturing facilities through feats of ‘frugal’ engineering, which have helped us increase our production capacities in compliance with our stringent technical requirements in a cost efficient and timely manner. As on March 31, 2017, our aggregate installed capacity across our 7 (seven) strategically-located manufacturing facilities was 350,860 MTPA. Currently, we have access to additional land at our existing manufacturing facilities at Jhagadia, Gujarat, and Suez, Egypt, which provides significant headroom for future growth. Moving forward, we will continue to rely on the in-house expertise of our NPT Group to periodically review the functioning of our manufacturing facilities, identify scope for expansion or de-bottle necking and undertake projects to increase our production capabilities.

As part of our customer-relationship management endeavours, we classify our customers based on certain key characteristics, including scale of operations, geographical footprint, technical demands and propensity for growth. We believe that the aforesaid classification is key to our effective supply-chain management, and also helps us monitor exposure to risks that may arise from customer or geographical concentration. In Fiscal 2017, 52%, 8% and 40% of our total revenues from operations were derived from multinational customers, regional customers and local customers, respectively. Going forth, we intend to continue to refine our supply-chain management protocols to, *inter alia*, help us address the commodity and foreign exchange risks that our operations may be subject to as our business grows.

Product Portfolio

Our product portfolio currently comprises over 200 product grades, which are marketed to more than 1,700 customers in over 70 countries.

The chart below sets out the various products that we manufacture:

Product Groups

Our products are organized into the following two product groups:

A. *Performance Surfactants*

Our portfolio of Performance Surfactants includes two categories of surfactants. These products stabilise a mixture of oil and water by reducing the surface tension at the interface between oil and water, and are utilized to remove dirt from, *inter alia*, skin, hair and textiles. Based on the head charge in the individual unit, they can be classified as follows:

- (i) *Anionic Surfactants:* In this sub-category of Performance Surfactants, the head charge is negative. This class of surfactants has high foam and very good dirt removal properties. These surfactants have applications in shampoos, toothpastes, body wash formulations as well as laundry detergents and dishwashing products. Typical surfactants manufactured by us in this sub-category include sodium lauryl sulphate, sodium lauryl ether sulphate, ammonium lauryl sulphate, ammonium lauryl ether sulphate and linear alkyl benzene sulfonic acid; and
- (ii) *Non-ionic surfactants:* This Performance Surfactants in this sub-category have no head charge. We manufacture a wide range of ethoxylated non-ionics with varying degrees of ethoxylation. These surfactants are most commonly used in cosmetics and personal care products like shampoos, bath and shower products. These are also used as emulsifiers and solubilisers in cosmetic applications. Our sub-category of non-ionic surfactants includes lauryl alcohol ethoxylates.

B. *Speciality Care Products Group*

Our range of Speciality Care Products includes amphoteric surfactants, cationic surfactants, UV filters/sunscreens, preservatives and blends, speciality ingredients, fatty alkanolamides and fatty acid esters, and other products. Details of each of the aforesaid sub-categories are as follows:

- (i) *Amphoteric Surfactants:* Amphoteric surfactants find application in personal care products as well as home care products. Depending on the pH (the acidity or basicity of the solution), they can be negatively or positively charged or there can be no head charge at all. These surfactants are mainly used in personal care and home care products. These are frequently used in shampoos, skin cleansers and other cosmetic products because of their excellent dermatological properties. Use of these surfactants in detergents reduces skin irritation. We manufacture Cocoamidopropyl Betaine (“CAPB”) which is used in shampoos, shower products, liquid soaps. We have also developed a patented purified version of CAPB which is used in toothpastes;
- (ii) *Cationic surfactants:* In cationic surfactants, the head charge is positive. These surfactants serve as effective conditioning aids because of their substantivity to hair and antimicrobial properties. Thus, they are mainly used in hair conditioners and fabric softeners. We manufacture benzalkonium chloride which can be used as a germicide, disinfectant in applications such as floor cleaners and sanitizers;
- (iii) *UV Filters/Sunscreens:* A sunscreen is a lotion, spray or cream that protects the skin from UV radiation. It contains materials that absorb or block the harmful radiation. We manufacture sunscreens such as Octyl Methoxycinnamate, Octocrylene and trade in various other sunscreens such as GalSORB UV Avobenzene and Benzophenone-4. Apart from these, our patented molecules GalHueShield HCS and Galaxy SunBeat are innovative molecules that offer unique advantages due to their specific structural features, which make them mild for the skin, moisturizing or substantive, conditioning or even-water-soluble. These molecules exhibit excellent and unique properties which overcome a number of formulation issues;
- (iv) *Preservatives, Preservative Blends and Surfactant Blends:* A preservative is a natural or synthetic chemical that is added to food or personal care/cosmetic formulations to prevent spoilage, whether from microbial growth or undesirable chemical changes. Preservatives are designed to help protect consumers from food poisoning and extend shelf-life of products. They can be broadly divided into anti-microbial preservatives, which function by inhibiting the growth of bacteria and fungi, and antioxidants, which inhibit the oxidation of foods and prevent rancidity. We manufacture

phenoxyethanol, which due to its reduced toxicity as compared to parabens and formaldehyde, finds application in many personal care products. Further, we utilize phenoxyethanol and surfactants (lower fatty chain derivatives of amino acid) to manufacture a range of blends. These blends can be divided into the following:

- a. Preservative Blends: These are special customised formulations of preservatives. Preservation of home and personal care products is a challenging area since the current antimicrobials are being phased out due to serious toxicity issues to humans and as well as to the environment. In view of this, the global personal care industry has committed itself to change the ways of preservation. Our preservation strategy is built around combining phenoxyethanol and other non-toxic antimicrobials where we believe that we have a manufacturing edge. Galgaurd Trident and Galguard NT are cold-processable innovative compositions that employ multi-pronged combinatory approach to address preservation problems of a number of home and personal care products; and
- b. Surfactant Blends: Surface active preparations include effective blend of surfactants which are pre-formulated and can be used for shampoo, body wash, syndet and transparent soap bars. In order to reduce manufacturing complexity and production time cycle, we have developed blends which are a mixture of various surfactants that form the base of shampoos, liquid soaps and shower gel formulations. Additionally, we have developed our expertise in the technology of cold pearl formulations for pearlescence in shampoo formulations.

(v) Speciality Ingredients:

- a. Mild Surfactants: Mild surfactants are emerging against the backdrop of significant advancements in the understanding of science of personal cleansing in the last decade. Traditional surfactants and soaps have an effect of compromising the skin's basic biological functions as they have a tendency of interacting unfavourably with top layer of skin while cleansing. The mild surfactants, particularly are of two classes: (i) acyl amino acid surfactants and (ii) acyl isethionates. These surfactants have been shown to cleanse adequately without compromising basic function of skin. Technologies are being developed to use this two families of surfactants synergistically.

One of our key innovations was the development of a patented commercial manufacturing process for mild surfactants, being acyl-amino acid based surfactants that include acyl glycinate, sarcosinate, taurate and glutamate. This process satisfies all twelve principles of 'green chemistry'. It utilizes a 'green catalyst' and is in the nature 'closed loop' chemistry, where by-products of one process are used to manufacture another class of surfactants. As a result of the foregoing, we are able to achieve 100% 'atom economy', which translates into energy-efficiency and the elimination of effluents and waste. As a result of the aforesaid process, we believe that we are uniquely positioned to address the growing need for mild surfactants in a sustainable manner.

Another one of our key innovations pertains to our development of a patented process that exploits the synergies between two classes of surfactants, namely acyl amino acid surfactants and acyl isethionates. This process enabled us to achieve multiple goals, including mild cleansing, customized skin-pH formulations, transparent/clear formulations, and consumer desired attributes of foam and lather, which were unachievable hitherto by then available technologies. The uniqueness of this patented process is that it can create synergistic, cold-processable and sustainable combinations of both families of mild surfactants. We have launched one such synergistic combination of glutamate and isethionate GLI 21 and a few more are in the pipeline to meet customers' demands for a variety of formulations. We believe that this patented process give us a significant edge over our competition.

The mild surfactants from our portfolio are suitable for liquid cleansers as well solid bathing bars, thus enabling us to participate in all forms of mild cleansing systems in different forms of liquids, bars or powders. We have recently developed a patented new oil-soluble surfactant, Galsoft TiLS, for shower oils. Shower oils are one of the ways of mild cleansing, particularly suitable for sensitive, dry and compromised skin. Current shower oil manufactures use MIPA laureth sulphate with alkanol amide, which have been reported to have skin irritating

properties and possible formation of carcinogenic nitrosoamines. Galsoft TiLS overcomes the problems associated with current technologies, and opens up a new avenues for oil-based cleansers. This line of products opens a new avenue for 'sulphate-free' oil-soluble surfactants;

- b. Syndet and Transparent Bathing bar flakes: Syndet noodles and transparent bathing bar flakes have good global potential since we believe that consumer preferences are moving from conventional soaps to variety of mild, neutral pH syndet based bathing bars. These products form the base for the final syndet and transparent bathing bars. Syndet noodles are in the form of ivory white coloured noodles, almost colourless bar having a mild and skin friendly base. It can be processed into bars in a conventional soap line with minor changes in equipment and process; and
- c. Proteins: Proteins extracted from vegetable sources like rice, wheat, barley, oats, soya, quinoa, milk and silk form our protein ingredients. Our offerings covers a wide range of products for various applications in the cosmetic industry, including conditioning of hair and skin, hair protection and strengthening, anti-irritancy, moisturization, film formers on skin, and skin healing and protection.

Proteins for cosmetics that we manufacture are:

- Protein Hydrolyzates: Most proteins are poorly soluble in water and therefore cannot be used in cosmetic formulations. Hydrolyzation converts the proteins into their soluble form by breaking down the proteins into smaller pieces, typically a mix of their amino acids. This hydrolyzation results in a water soluble cosmetic grade product which finds application in hair care and skin care formulations;
 - Quaternized Proteins: These are protein derivatives which are made cationic so that they are substantive to hair and skin. These quaternized proteins reduce static electricity and bind well to the damaged hair. These products improve the body and manageability of hair;
 - Protein Condensates: Protein condensates add various fatty acids to the protein to confer additional emulsifying and cleansing properties. These condensates are similar to surfactants and are mild, have high tolerance to skin and eye, and reduce the irritability of harsh surfactants. This expanding portfolio of specialty chemicals demonstrates the strength of our R&D capabilities in high quality personal care ingredients; and
 - Specialty Actives: Vegetable derived protein derivatives (hydrolysate, condensates and quaternaries) for personal care applications have been our forte. This sustainable approach of deriving actives from nature has been further extended to innovate the specialty actives from the protein fractions of seeds of Baobab, Barley and Sacha Inchi. The isolated oligo-peptides have been shown to possess topical activity of being anti-inflammatory or anti-senescence. We believe that this new science of plant derived protein-actives would take us into the realm of cosmeceuticals and help us in fulfilling the unmet needs of beauty care.
- (vi) Fatty Alkanolamides and Fatty Acid Esters: Fatty Alkanolamides and Fatty Acid Esters are mainly used as foam, viscosity boosters and pearlizer in a formulation. We manufacture products like Cocomonoethanolamide, Cocodiethanolamide and Lauric Monoethanolamide which are used in shampoos, soaps, shaving creams, liquid detergents, shower gels and bubble baths. Fatty acid esters are used in formulations as pearlizer.

(vii) Other Products:

- a. Conditioning Agents: A conditioner is a substance or process that improves the quality of another material. Conditioning agents are also called moisturizers in some cases and usually are composed of various oils and lubricants. One method of their use is coating of the substrate to alter their feel and appearance;
- b. Polyquats: These are polymers frequently used in hair-care products to provide conditioning benefits to the hair. The trait they all share is that they are very large molecules with periodic positive charges located at different sites along the molecule. There are many different types of these cationic polymers, with widely varying molecular structures and charge densities (amount of positive charge/molecule). Each specific type of polyquaternium molecule is assigned a numeric designation, such as polyquaternium-4 or polyquaternium-11;
- c. Amine Oxides: Amine oxides are surfactants that have no head charge. They are most commonly used in the home care and personal care products, and find application in toilet and other multi-functional cleaners. Our amine oxide products include foam stabilizers such as lauryl myristyl amine oxide and lauryl myristyl amidopropyl amine oxide.

Production Processes

A. Performance Surfactants

(i) Anionic Surfactants:

- a. Fatty Alcohol Ether Sulphate (FAES): FAES is manufactured by sulfation process followed by neutralization of resultant sulphated mass using Caustic Soda Lye. Ethoxylated Fatty Alcohol is treated with SO₃ to get sulphated product. The resultant product is reacted with Caustic Soda Lye to get SLES 70 percent (70 percent active material, balance water). SLES 70 percent is diluted with water to obtain lesser active material. Other additives are added to adjust the material as per required customer's specification. The product is standardized as per our customers' specifications and packed in HM-HDPE barrels; and
- b. Fatty Alcohol Sulphate (FAS): FAS is manufactured by sulfation process followed by neutralization of resultant sulphated mass using Caustic Soda Lye. Fatty Alcohol is treated with SO₃ to get sulphated product. The resultant product is reacted with Caustic Soda Lye to get SLS 28 percent liquid. The SLS 28 percent liquid is spray dried to convert it to SLS powder, which is then packed in HDPE bags. We also offer FAS Granules for special applications.

(ii) Non-ionic Surfactants:

- a. Ethoxylated products: Different kinds of ethoxylated products are manufactured by ethoxylation process by reacting fatty alcohol with ethylene oxide. The product is standardized as per the customers' specifications and packed in HM-HDPE barrels or ISO tanks.

B. Speciality Care Products Group

- (i) Amphoteric Surfactants: Amphoteric surfactants or betaines are manufactured by amidification reaction followed by quaternisation of resultant amide with alkylating agent. Coco fatty acid is reacted with DMAPA to obtain amide of DMAPA. During the reaction, water is recovered as a by-product. After completion of reaction, this resultant amide or fatty amine is reacted with alkylating agents like MCA or SMCA in aqueous medium to form Betaines. De-mineralised water is used as a diluting agent. The product is standardized as per the customer's specification and packed in HM-HDPE barrels. The product is also packed in ISO tanks or Flexi-bags for export requirement.

- (ii) Cationic surfactants: Cationic surfactants or quaternium compounds is manufactured by quaternization reaction process. Di Methyl Lauryl Amine is reacted with Benzyl Chloride in aqueous medium to obtain desired specification of the product. The resultant product is cooled and packed in desired packing of HM-HDPE drums.
- (iii) UV Filters/Sunscreens: Octyl Methoxycinnamate (OMC) is manufactured by different reactions like Claisen condensation and trans-esterification reaction followed by purification through fractional distillation. P-Anisaldehyde and ethyl acetate are reacted to form ester. This resultant ester is reacted with 2-Ethyl hexanol to form crude OMC. Crude OMC is purified and product is standardized as per the customer's specification and packed in HM-HDPE barrels. Octocrylene (OCR) is another sunscreen agent which is a UV-B (290-320 nm) absorber. It is used in formulating water repellent and water resistant sunscreen products. OCR is manufactured from Benzophenone by two stage process which involves condensation and transesterification reactions.
- (iv) Preservatives, Preservative Blends and Surfactant Blends:
 - a. Preservatives: Phenoxyethanol is manufactured by ethoxylation reaction followed by purification of resultant product by distillation. The crude phenoxyethanol is manufactured by ethoxylation reaction between Phenol and Ethylene Oxide to get the desired product. Crude product is purified by fractional distillation under reduced pressure (vacuum). The product is standardized as per the customers' specifications and packed in HM-HDPE barrels or ISO tanks;
 - b. Preservatives Blends: Preservative blends are special customised formulations of preservatives. Preserving water based formulations without causing any adverse toxic effect on other living systems has been challenging. To address this challenge, we have developed a strategy of using combinatory approach of deploying safe but soft antimicrobials, namely, capryloyl glycine, undecylenoyl glycine, benzoic acid, dehydroacetic acid and phenoxyethanol; and
 - c. Surfactant Blends: Surfactant blends are specialty blends manufactured by blending of different surfactants in a scientific way. They are prepared by blending fatty alcohol ether sulphates, fatty alcohol sulphates, betaines, fatty acid esters, polyquaternium compound, alkanolamides, sulfosuccinates, fatty alcohol ethoxylates, cellulose and derivatives, fatty alcohol, other additives, polyols, salts and water. All the ingredients are taken in clean dry reactor. After mixing and dissolving, required water is added and the mass is cooled, settled and packed in HDPE drums.
- (v) Specialty Ingredients:
 - a. Mild Surfactants:
 - i. Sodium Cocoyl Glycinate (Galsoft SCG): Galsoft SCG is manufactured by way of a two-step patented process. In the first step, Coco fatty acid is chlorinated to obtain Cocoyl chloride. The chlorinated coco fatty acid (Cocoyl chloride), in the second step, is reacted with glycine under controlled reaction conditions of pH and temperature to obtain Sodium Cocoyl Glycinate of about 30% solids. This product is filtered, quality tested, packed and despatched as per customer requirements.
 - ii. Sodium Lauryl Sarcocinate (Galsoft NaLS): Galsoft NaLS is manufactured in two step process. In the first step Lauric acid is chlorinated by our patented process to obtain Lauroyl chloride. The chlorinated lauric fatty acid (Lauroyl chloride), in the second step, is reacted with Sodium sarcosinates under controlled reaction conditions of pH and temperature to obtain Sodium Lauroyl Sarcosinate of about 30% solids. This product is filtered, quality tested, packed and despatched as per customer requirements.
 - iii. Sodium Cocoyl Taurate (Galsoft SCT): Galsoft SCT is manufactured by way of a two-step process. In the first step, Coco fatty acid is chlorinated (Cocoyl chloride). The chlorinated Coco fatty acid, in the second step, is reacted with Sodium N-methyltaurate under controlled reaction conditions of pH and temperature to obtain Sodium Cocoyl

Taurate of about 40% solids. This product is filtered, quality tested, packed and despatched as per the customer requirements.

- iv. *Sodium Cocoyl Isethionate (SCI)*: SCI is manufactured by way of a two-step process. In the first step, Sodium isethionate is prepared by ethoxylation of sodium bisulfite. In the second step, coco fatty acid is reacted with sodium isethionate in the presence of catalyst and under controlled temperature conditions, to obtain Sodium cocoyl isethionate. At the end of the reaction, the material is cooled and powdered. Two grades are made as per customer requirements, namely Galsoft SCI 80 with 80% active mass and Galsoft SCI 85 with 85% active mass.
- b. *Syndet and Transparent Bathing bar flakes*: Syndet noodles are manufactured with surfactant blends and adjusted to pH near to that of skin. These are mild to skin compared to conventional soap. We supply the product in noodle and flaked form and the soap/bathing bar is made at the customer's end. Transparent Bathing Bar Flakes are also manufactured by blending surfactants and other additives. These flakes are converted into Transparent Bathing Bars by "melt and pour" technology.
- c. *Proteins*:
 - i. *Amino Acids from Vegetable sources*: Various amino acids are extracted from vegetable sources like Soy, Rice and Wheat biomass. The process of extraction of these vegetable based amino acids involves multistage enzymatic protein hydrolysis of biomass followed by sanitization, pH adjustment, addition of preservatives, filtration, standardization and packing as per customer requirement;
 - ii. *Amino Acids from non-vegetable sources*: Amino acids are extracted from non-vegetable sources like keratin and silk. The process of extraction of these non-vegetable based amino acids involves multistage alkaline enzymatic protein hydrolysis followed by sanitization, pH adjustment, addition of preservatives, filtration, standardization and packing as per customer requirement;
 - iii. *Hydrolyzates from non-vegetable source*: Hydrolyzates from non-vegetable sources like Hydrolysed Collagen, Hydrolysed Keratin, Hydrolysed Elastin, Hydrolysed Milk and Hydrolysed Silk. The process involves alkaline hydrolysis of protein biomass, evaporation followed by sanitization, pH adjustment, addition of preservatives, filtration, standardization and packing as per customer requirement;
 - iv. *Hydrolyzates from vegetable source*: Hydrolyzates from vegetable sources like hydrolyzed Wheat, hydrolyzed Soy, hydrolyzed Rice, hydrolyzed Oats, hydrolyzed Pea, hydrolyzed Barley, hydrolyzed Quinoa, hydrolyzed Vegetable, hydrolyzed Flax and hydrolyzed Baobab. The process involves protein biomass enzymatic hydrolysis, followed by sanitization, pH adjustment, addition of preservatives, filtration, standardization and packing as per customer requirement.
 - v. *Condensates of hydrolyzates of non-vegetable source*: Condensates of hydrolyzates of non-vegetable sources like Collagen Condensates, Keratin Condensates and Silk Condensates. The process involves condensation of hydrolyzates of non-vegetable with acyl chloride to make cocoyl polypeptide followed by pH adjustment, addition of preservatives, dilution, standardization and packing as per customer requirement.
 - vi. *Quaternized Proteins*: Quaternized protein are prepared from Vegetable and Non Vegetable Proteins and Amino Acids. The process of manufacturing Quaternized Proteins involves hydrolysis vegetable and non-vegetable biomass, filtration, quaternization with Lauryl and cocyl chloride to make cocyl or lauryl protein derivative followed by pH adjustment, addition of preservatives, standardization and packing as per customer requirement.

(vi) Fatty Alkanolamides and Fatty Acid Esters:

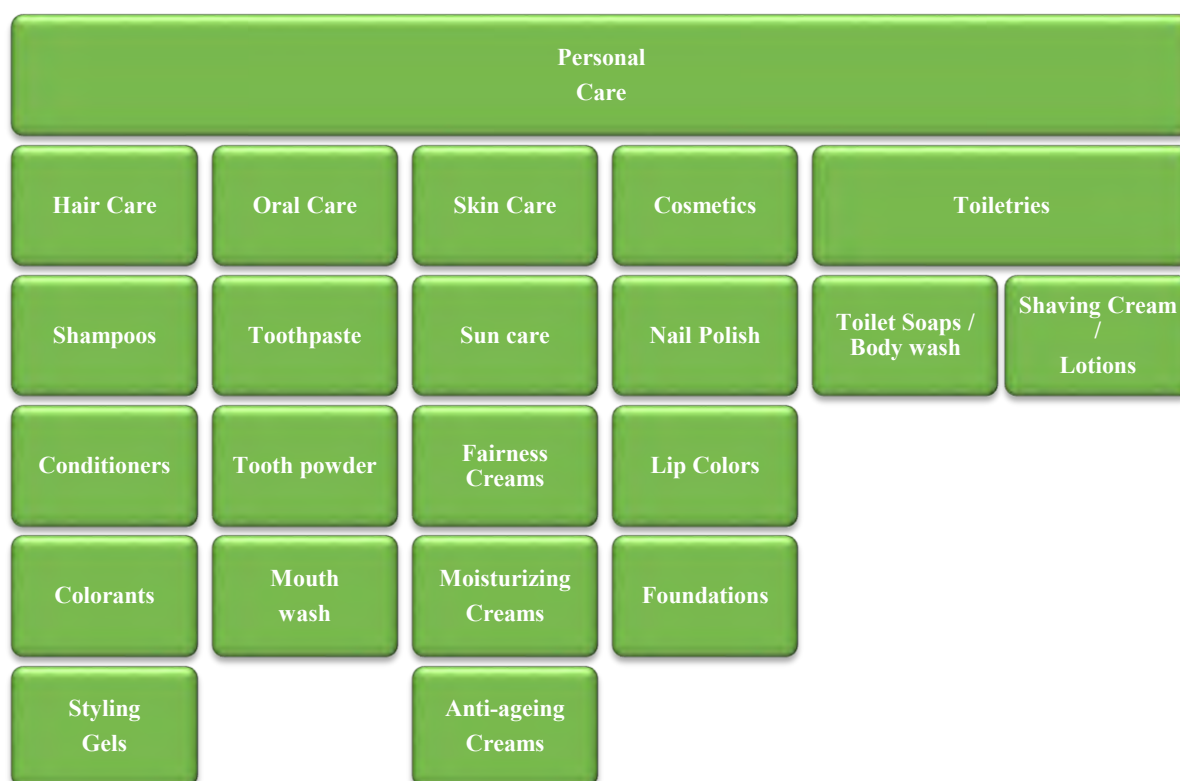

- a. Fatty Alkanolamides: Fatty alkanolamides are manufactured by amidification reaction. Coco fatty acid is reacted with Monoethanol amine in SS reactor. During the reaction, water is recovered as a by-product. After reaction is completed the product is flaked using flaking machine to get final product which is then packed in paper bags; and
- b. Fatty Acid Esters: Fatty acid esters are manufactured using esterification reaction. The fatty acid like Stearic Acid is charged to reactor and melted along with Monoethylene Glycol and catalyst and other additives. After the reaction is over, it is flaked to get final product which is packed in paper bags.

(vii) Other Products:

- a. Conditioning Agents: PEG-7 Glyceryl Cocoate is manufactured by a two-step process. In the first step which is carried out at 3-P, glycerine is reacted with ethylene oxide to obtain glycerine ethoxylate. In the second step which is carried out at Tarapur M-3 unit, cocofatty acid is reacted with glycerine ethoxylate to obtain PEG-7 Glyceryl Cocoate which is filtered, quality tested, packed and despatched as per customer requirement;
- b. Polyquats: Polyquaternium compounds are manufactured by polymerisation of monomers. Dimethyl Diallyl Ammonium Chloride reacted with Acrylamide in aqueous medium in SS reactor in presence of a catalyst. Other additives are added as per required specifications. The product is adjusted for pH, solids and viscosity as per customer's requirement and packed in HM-HDPE barrels;
- c. Amine Oxides: Amine oxides are manufactured by amidification reaction followed by Oxidation reaction process with resultant amide. Fatty acid (Lauric and Myristic acid blend) is reacted with Dimethyl Amino Propyl Amine ("DMAPA"). During the reaction, water is recovered as a by-product. After completion of reaction, this resultant amide or other fatty amide is reacted with Hydrogen Peroxide in aqueous medium till product of desired specification is obtained. The resultant product is cooled and packed.

Our Customers

Over the years, we have significantly expanded and diversified our scale and scope of operations so as to become a global supplier to FMCG companies across major geographies, such as AMET, Asia Pacific (APAC), Americas (North and South) and Europe. Our diversified customer base currently comprises major multi-national and domestic FMCG companies, including, *inter alia*, Cavinkare Private Limited, Colgate-Palmolive (India) Limited, Dabur India Limited, Henkel, Himalaya, L'ORÉAL, Procter & Gamble Home Products Private Limited, Reckitt Benckiser, Ayur Herbals (Private) Limited, Jyothy Laboratories Limited and Unilever.

We classify our customers based on certain key characteristics, including their scale of operations, geographical footprint, technical demands and propensity for growth. Our customers are grouped as follows:

- (i) **Multinational Customers:** These are mainly multinational companies which have production and marketing arrangements in most regions of the globe;
- (ii) **Regional Customers:** These are mainly companies which are present in the domestic market of their respective countries and at times also sell to the neighbouring countries/ regions. They do not have substantial global presence; and
- (iii) **Local Customers:** These are mainly companies who operate in local areas in the domestic market in the respective countries.

Manufacturing Facilities

At present, we have 7 (seven) strategically-located manufacturing facilities, out of which 5 (five) are located in India and 2 (two) are located overseas. We also have set-up 1 (one) pilot plant at Tarapur, Maharashtra, for the scaling of new products and processes from lab-scale to plant-scale, which is recognized by the Department of Science and Technology, Government of India. Out of our 5 (five) manufacturing facilities in India, 3 (three) are located at Tarapur, Maharashtra, 1 (one) is located at Taloja, Maharashtra, and 1 (one) is located at Jhagadia, Gujarat. Our manufacturing facility in Taloja has both continuous process plants and batch process plants. Apart from the aforesaid manufacturing facilities in India, we also have one manufacturing facility in New Hampshire, USA, which is owned and operated by one of our Step-down Subsidiaries, namely Tri-K Industries Inc., and one manufacturing facility in Suez, Egypt, which is owned and operated by another one of our Step-down Subsidiaries, namely Galaxy Chemicals (Egypt) S.A.E. We believe that our manufacturing facilities are strategically located in terms of proximity to customers and access to raw materials.

A description of the aforesaid facilities is as follows:

Tarapur, Maharashtra: We have three manufacturing facilities in Tarapur, with an aggregate installed capacity of 29,160 MTPA as of March 31, 2017. These facilities are located on land leased by MIDC on a long term basis. All of our facilities at Tarapur are batch process plants and are operating from Domestic Tariff Area (“DTA”). We have also set-up a pilot plant to scale up and commercialize new products rolling out from our R&D activities here. These facilities have easy access to the Jawaharlal Nehru Port Trust, Navi Mumbai. We have received, *inter alia*, the “TPM Achievement” and “Special Award for TPM Achievement” awards from the Japan Institute of Plant Maintenance, Japan, in respect of this facility.

Taloja, Maharashtra: Our Taloja complex has one of the largest sulfation facilities in India. It has an aggregate installed capacity of 159,000 MTPA as of March 31, 2017. We have accomplished this by undertaking regular expansion and debottlenecking of the sulfation facility, which was managed by our in-house ‘New Projects Technologies’ (NPT) Group. We also manufacture Ethoxylates, Betaines, Alkanolamides, Fatty Acid esters and Syndet soap noodles at this complex. In addition, it has drying facilities to manufacture products in dry form. This complex also has easy access to the Jawaharlal Nehru Port Trust, Navi Mumbai. We have received, *inter alia*, the “TPM Excellence – First Category”, “TPM Achievement” and “Special Award for TPM Achievement” awards from the Japan Institute of Plant Maintenance, Japan, in respect of this facility.

Jhagadia, Gujarat: In Fiscal 2012, we set up our manufacturing unit in Jhagadia, Gujarat. It has an aggregate installed capacity of 79,500 MTPA as of March 31, 2017. This facility, which is an EOU, is located on land leased by GIDC on a long term basis. We manufacture both performance surfactants and speciality care products at this complex. This facility is located close to our source for one of our key raw materials, namely ethylene oxide. We have access to surplus land at this facility, which coupled with our existing regulatory approvals for multiple products, provides us with headroom for our future growth. The facility was set-up by our ‘New Projects Technologies’ (NPT) Group, and has been accorded the “Silver Medal” in the India Green Manufacturing Challenge 2016, and “Five-S Workplace Management System in all Departments” award.

Suez, Egypt: We have one manufacturing facility in Suez, Egypt, which is owned and operated by one of our Step-down Subsidiaries, namely Galaxy Chemicals (Egypt) S.A.E. It has an aggregate installed capacity of 82,600 MTPA as of March 31, 2017. This facility is located in the Attaqa Public Free Zone, on land leased by the Government of Egypt for 25 years. As a result, it benefits from a concessional tax regime and is exempt from all direct and indirect taxes. Galaxy Chemicals (Egypt) S.A.E. manufactures both performance surfactants and speciality care products at this facility. This facility is close to the Suez Canal and is strategically positioned so as to address the needs of markets in AMET, Europe and Americas (North and South).

New Hampshire, USA: One of our Step-down Subsidiaries, namely Tri-K Industries Inc., owns and operates our manufacturing facility in New Hampshire, USA. Tri-K Industries Inc. manufactures various grades of proteins for cosmetic applications.

Raw Materials and Sourcing

The principal raw materials we use to manufacture our products include fatty alcohols, fatty acids, ethylene oxide, sulphur, caustic soda, LAB, phenol, DMAPA and PAA. We source our raw materials from a diversified base of carefully selected vendors with whom we have long-standing relationships so as to ensure quality and reliability of our raw materials. We have a purchase team that is responsible for monitoring global drivers and raw material sourcing. We believe that this helps us reduce our dependence on few large vendors and thereby minimize risks of supply disruption and price. However, we are dependent on a single supplier for ethylene oxide, which is one of our key raw materials. Raw materials are imported mainly from South East Asia, Germany, USA and Japan. In Fiscal 2012, the Company became a member of the Roundtable on Sustainable Palm Oil (“RSPO”), a not-for-profit association that unites stakeholders from every sector of the palm value chain and systematically tracks end-to-end processes in the palm oil supply chain. Our manufacturing plants in India and Egypt are RSPO certified, which reflects our commitment to a sustainable palm oil supply chain.

Quality Assurance and Control

We place great emphasis on quality assurance and product safety at each step of the production process, right from the procurement of our raw materials until the final product is packaged and ready for distribution to ensure that the quality of our products meets the expectations of our customers and achieves maximum customer satisfaction. We have a programme based on an integrated documentation system of specifications, standard operating

procedures and batch production records, supported by qualified and validated equipment, processes and trained personnel. We have set up an in-house quality council that drives all of quality related initiatives and monitors the same on a periodic basis. We also have a well-equipped quality assurance department at each of our manufacturing facilities, which undertakes chemical, physical and microbial testing of all types of raw materials, packing materials, goods in-process and finished goods. In addition to our in-house quality assurance and control function, some of our global customers also conduct periodic quality audits of our manufacturing facilities to verify and ascertain effective implementation of quality management systems to evaluate quality of products already sourced or proposed to be sourced from us.

We have also implemented stringent quality control standards for raw material suppliers. On-site inspections, routine audits and periodical performance appraisal systems are implemented for our suppliers to ensure a constant supply of quality raw materials. We also conduct organoleptic tests to ensure that the taste, colour and odour of our raw materials and manufactured products comply with our stringent quality standards. We maintain our facilities and machinery and conduct our manufacturing operations in compliance with applicable safety standards, laws and regulations and our own internal policies.

Sales and Marketing

We believe that we have established a strong global footprint over the years through our robust and established sales and marketing network. While we commenced our operations as a local vendor to FMCG companies in India, we have significantly expanded and diversified our scale and scope of operations over the years so as to become a global vendor to FMCG companies across major geographies, such as AMET, Asia Pacific (APAC), Americas (North and South) and Europe. Currently, we have sales offices in India, Egypt and USA, and representative offices in Netherlands and Turkey. Our geographically diverse sales network enables us to market our products as well as understand customer needs in these regions, and consequently, develop products to service such requirements. We also regularly take part in trade shows, road shows and exhibitions, and our employees have been invited as speakers at various industry fora.

Risk Management

We have formulated and implemented a policy on risk management, as approved by our Board, so as to develop an approach to identify, assess and manage the various risks associated with our business activities in a systematic manner. The policy lays down guiding principles on proactive planning for identifying, analysing and mitigating material risks, both external and internal, and covering operational, financial and strategic risks. After risks have been identified, risk mitigation solutions are determined to bring risk exposure levels in line with risk appetite. Our risk management policies and systems are reviewed regularly to reflect changes in market conditions and our business activities.

Human Capital

Our work force is a critical factor in maintaining quality and safety, which strengthens our competitive position and our human resource policies focus on training and retaining our employees. Our motto and value systems are well imbibed by our workforce and they are trained on this right from their induction, which leads to harmony in working. We train our employees on a regular basis to increase the level of operational excellence, improve productivity and maintain compliance standards on quality and safety. We were accorded the “*Great Place to Work*” award by the Great Place to Work Institute for Fiscal 2017-2018.

We offer our employees performance-linked incentives and benefits and conduct employee engagement programs from time-to-time. We also engage contract labour/staff for our operations, from time to time. We have not experienced any strikes in the last five Fiscals and consider our relationship with our employees to be satisfactory.

As of September 30, 2017, we employed over 1,200 individuals, on a consolidated basis. A breakdown of our employees in different functionalities and geographies, as of September 30, 2017, has been provided below:

Safety, Health and Environment

Manufacturing is subject to a number of national and regional laws and regulations. These include in particular, regulations on technical safety and environment protection, including, among others, restriction of air pollution and noise, discharge of waste products into water above and below the ground and other occupational health and safety regulations. See “*Regulations and Policies*” and “*Government and Other Approvals*” on pages 148 and 332, respectively. We believe that sustainable manufacturing is the cornerstone of our development, and acts as a key driver for our future growth and prospects. We have been accorded a “*Certificate of Appreciation*” in occupational safety and health by National Safety Council of India for our manufacturing facility at Taloja, Maharashtra.

We aim to comply with applicable health and safety regulations and other requirements in our operations and have adopted safety, health and environment policies and procedures that are aimed at complying with legislative requirements, requirements of our licenses, approvals, various certifications and ensuring the safety of our employees and the people working at our facilities or under our management. We believe that accidents and occupational health hazards can be significantly reduced through a systematic analysis and control of risks and by providing appropriate training to our management and our employees. We also believe that all our facilities possess adequate effluent treatment processes and minimize any contamination of the surrounding environment or pollution.

Information Technology

Our IT systems are vital to our business and we have adopted IT policies to assist us in our operations. The key functions of our IT team include establishing and maintaining enterprise information systems and infrastructure services to support our business requirements, maintaining secure enterprise operations. We utilize an enterprise resource planning solution, SAP, which assists us with various business functions including sales distribution, materials management, warehouse management, production planning, quality management, plant maintenance, finance and controlling, environment health and safety, and human resources across all our offices and manufacturing units in India. In Egypt and USA, we utilize a distinct enterprise resource planning solution, namely Microsoft NAV ERP.

Insurance

Our operations are subject to hazards inherent in manufacturing facilities such as risk of equipment failure, work accidents, fire, earthquakes, flood and other *force majeure* events, acts of terrorism and explosions including hazards that may cause injury and loss of life, severe damage to and the destruction of property and equipment and environmental damage. We may also be subject to product liability claims if the products that we manufacture are not in compliance with regulatory standards and the terms of our contractual arrangements. Our principal types of coverage include burglary insurance, comprehensive employee insurance, fire insurance, comprehensive liability insurance, marine and transportation insurance, overseas travel insurance, industrial all risks, property all risks and motor insurance. Our insurance policies may not be sufficient to cover our economic loss. See “*Risk Factors – Internal Risk Factors – Our insurance coverage may not be sufficient or may not adequately protect us against all material hazards, which may adversely affect our business, results of operations and financial condition*” on page 27.

Awards and Accreditations

Over the years, we have received numerous awards and accreditations from our customers. For details of some of the prestigious awards and accreditations that have been bestowed upon us in recent years, see “*History and Certain Corporate Matters – Certifications, Awards and Accreditations*” on page 152.

Corporate Social Responsibility

We recognize our role and responsibility to deliver superior and sustainable value to our customers, business partners, employees and communities. We have adopted a Corporate Social Responsibility (“CSR”) policy in compliance with the requirements of the Companies Act, 2013, and the Companies (Corporate Social Responsibility) Rules, 2014, as notified by the Central Government. In Fiscals 2015, 2016 and 2017, we spent ₹11.55 million, ₹17.47 million and ₹23.26 million, respectively, on CSR activities.

We have implemented several CSR initiatives on our own, with employee volunteers as well as in partnership with implementing agencies. Such social welfare initiatives were mainly undertaken in the areas of health, hygiene, education, skill development and environmental protection. In Fiscal 2017, we received the ‘*CSR Leadership Award*’ from National CSR Leadership Congress for the structured impactful implementation of various CSR projects and programs.

Competition

We believe that our primary competitors in the business segments in which we operate are multi-national companies such as BASF Corporation, Clariant Limited, Croda International Plc, Evonik Industries, Solvay S.A., Stepan Company and The Dow Chemical Company. We also compete with several low-cost domestic players. Further, some of our customers also have set up in-house facilities for manufacturing certain of our products.

Flexibility to respond to changing business conditions, including research and creation capabilities, is an important element towards maintaining a competitive position in the surfactants and speciality ingredients industry. In addition to competition in the surfactants and speciality ingredients industry, we are also affected by competition faced by our customers, specifically manufacturers of FMCG products.

Intellectual Property

Since 2002, a total of 47 patents have been granted to us. Currently, 10 patents in USA, and 2 (two) patents each in China, the European Union, India, Japan and Russia, are being maintained by us. We have applied for an aggregate of 38 patents globally, of which 21 applications have been made in India, and an aggregate of 17 applications have been made for the registration of patents in Brazil, China, the European Union, Russia and USA, and under the Patent Cooperation Treaty. In addition, we have currently registered 10 trademarks. For additional details, please see “*Government and Other Approvals – Intellectual Property*” on page 333. We continuously monitor the development of our various patent applications. We also rely on unpatented proprietary know-how, continuing technological innovation and other trade secrets to develop and maintain our competitive position. We constantly seek to protect our intellectual property against unauthorised use or infringement, but any such precautions may not provide meaningful protection against competitors or protect the value of our intellectual property.

Properties

Our Company’s registered and corporate office is located at C-49/2, TTC Industrial Area, Pawne, Navi Mumbai - 400 703, Maharashtra, India. In addition to our own properties, we have entered into operating lease agreements towards the use of godowns, offices and residential premises for our employees. Our manufacturing facilities in India are situated on land that has been leased by us on a long-term basis from state industrial corporations, namely MIDC and GIDC. Our manufacturing facility in Suez, Egypt, is located in the Attaqa Public Free Zone, on land leased by the Government of Egypt for 25 years. Tri-K Industries Inc. has entered into non-cancellable lease agreement in respect of its corporate office, manufacturing facility and storage.

REGULATIONS AND POLICIES

The following description is an indicative summary of certain sector specific key laws and regulations in India, which are applicable to our Company. The information detailed in this section has been obtained from publications available in the public domain. The regulations, as amended, set out below may not be exhaustive, and are only intended to provide general information to the investors and are neither designed as nor intended to be a substitute for professional legal advice. For details of government approvals obtained by our Company in compliance with these regulations, see “*Government and Other Approvals*” on page 332. The statements below are based on the current provisions of applicable law, and remain subject to judicial and administrative interpretations thereof, which are subject to change or modification by subsequent legislative, regulatory, administrative or judicial decisions.

KEY REGULATIONS IN INDIA

Key Industry Regulations

Our Company deals in the business of manufacturing, selling and exporting chemical products. For the purpose of the business undertaken by our Company, our Company is regulated by various general and sector-specific laws and regulations in India, and is accordingly required to obtain certain licenses and approvals under the prevailing laws and regulations as applicable. The industry is regulated in India by the following regulations and policies:

Regulation of the chemical manufacturing industry

The Drugs and Cosmetics Act, 1940 (“DCA”) and Drugs and Cosmetics Rules (“DC Rules”), 1945

The DCA regulates the import, manufacture, distribution and sale of drugs and cosmetics in India as well as aspects relating to labelling, packing and testing. The DCA also provides the procedure for testing and licensing of new drugs. The DCA also prohibits the import of certain categories of drugs and cosmetics. It further mandates that every person holding a license must keep and maintain such records, registers and other documents as may be prescribed which may be subject to inspection by the relevant authorities. Under the DCA, the Government may, by notification in the official gazette, regulate or prohibit the manufacture, sale or distribution of a drug, if it is satisfied that in the public interest, it is necessary or expedient to do so or that the use of such drug is likely to involve any risk to human beings or animals or that it does not have the therapeutic value claimed or purported to be claimed for it or contains ingredients and in such quantity for which there is no therapeutic justification. Penalties in terms of fine and imprisonment are prescribed under the DCA for contravention of its provisions. The DCA prohibits inter-alia the manufacture and sale of (i) drugs and cosmetics which are not of standard quality or are misbranded, adulterated or spurious (ii) any patent or proprietary medicine, unless the true formula or list of active ingredients is displayed in the prescribed manner on the label, together with the quantities thereof (iii) any drug which by means of any statement, design or device accompanying it or by any other means, purports or claims to prevent, cure or mitigate any such disease or ailment, or to have any such other effect as may be prescribed (iv) any cosmetic containing any ingredient which may render it unsafe or harmful for use under the directions indicated or recommended. It further prohibits inter-alia the exhibition, Offer for Sale, distribution or sale of any drug or cosmetic which has been imported or manufactured in contravention of any of the provisions of DCA or any rule made there under.

The DC Rules have been framed to give effect to the provisions of the DCA to regulate the manufacture, distribution and sale of drugs and cosmetics in India. The DC Rules provide for the requirement of obtaining a license for the manufacture or sale of any drug or cosmetic as well as for the stocking, sale or wholesale distribution of drugs or cosmetics.

Narcotic Drugs and Psychotropic Substances Act, 1985 (“NDPS”)

The NDPS makes stringent provisions for the control and regulation of operations relating to narcotic drugs and psychotropic substances, to provide for the forfeiture of property derived from, or used in, illicit traffic of narcotic drugs and psychotropic substances and to implement the provisions of the International Convention on Narcotic Drugs and Psychotropic Substances. The NDPS authorises the Central Government to take all such measures as it deems necessary or expedient for the purpose of preventing and combating abuse of narcotic drugs and psychotropic substances. The NDPS prohibits the production, manufacture, possession, sale, purchase,

transportation, warehousing, usage, consumption, import or export of any narcotic drug or psychotropic substance, except for medical or scientific purposes as provided.

The Narcotic Drugs and Psychotropic Substances (Amendment) Act, 2014 (***“NDPS Amendment”***) broaden the object of the NDPS from containing illicit use to also promoting the medical and scientific use of narcotic drugs and psychotropic substances. Further, they allow for management of drug dependence, thereby legitimising opioid substitution, maintenance and other harm reduction services. The NDPS Amendment allows for instituting evidence based and human rights compliant standards for drug treatment facilities, whether public or private, significantly impacting the health and rights of people who use drugs.

The Legal Metrology Act, 2009 (“Legal Metrology Act”)

The Legal Metrology Act replaces the Standard Weights and Measures Act, 1976. The Legal Metrology Act seeks to establish and enforce standards of weights and measures, regulate trade and commerce in weights, measures and other goods which are sold or distributed by weight, measure or number and for matters connected therewith or incidental thereto. The key features of the Legal Metrology Act are (a) appointment of Government approved test centres for verification of weights and measures; (b) allowing the companies to nominate a person who will be held responsible for breach of provisions of the Legal Metrology Act; and (c) more stringent punishment for violation of provisions.

The Indian Boilers Act, 1923 (“Boiler Act”)

The Boilers Act was enacted with the objective to provide for the safety of life and property of persons from the danger of explosions of steam boilers and for achieving uniformity in registration and inspection during operation and maintenance of boilers in India. Under the Boilers Act, the Indian Boiler Regulations, 1950 (***“Boiler Regulations”***) have been framed. The Boiler Regulations deal with the materials, procedure and inspection techniques to be adopted for the manufacture of boilers and boiler mountings and fittings. Boilers are inspected by the inspectorate as per the procedure laid thereunder and if found satisfactory, a certificate is issued for operation for a maximum period of 12 months.

The Petroleum Act, 1934

The Petroleum Act, 1934 was passed to consolidate and amend the laws relating to the import, transport, storage, production, refining and blending of petroleum. Under the Petroleum Rules, 2002, any person intending to store furnace oil/petroleum, of such class and in such quantities, otherwise than under a license shall take the approval of the Chief Controller before commencing storage.

The Explosives Act, 1884

This is a comprehensive law which regulates by licensing for the manufacturing possession, sale, transportation, export and import of explosives. As per the definition of ‘explosives’ under the Act, any substance, whether a single chemical compound or a mixture of substances, whether solid or liquid or gaseous, used or manufactured with a view to produce a practical effect by explosion or pyrotechnic effect shall fall under the Act.

The Central Government may, for any part of India, make rules consistent with this Act to regulate or prohibit, except under and in accordance with the conditions of a licence granted as provided by those rules, the manufacture, possession, use sale, transport, import and export of explosives, or any specified class of explosives. Extensive penalty provisions have been provided for manufacture, import or export, possession, usage, selling or transportation of explosives in contravention of the Act.

The Static and Mobile Pressure Vessels (Unfired) Rules 1981 (“SMPV Rules”)

The SMPV Rules regulate the manufacture, filling, delivery and repair to pressure vessels. Under the SMPV Rules, licenses are required to be obtained for storage and transportation of compressed gas. The SMPV Rules also prescribe conditions under which the licenses can be amended, renewed, suspended or cancelled.

Laws relating to Export Oriented Units (“EOU”)

The EOU scheme is, at present, governed by the provisions of the Export and Import (***“EXIM”***) Policy framed under the Foreign Trade Development and Regulation Act, 1992. Under this scheme, the units undertaking to export their entire production of goods are allowed to be set up. The EOU’s basically function under the

administrative control of the Development Commissioner of the Export Processing Zones, whose jurisdiction has been notified by the Ministry of Commerce.

The benefits enjoyed by an EOU Unit include the following:

- No license required for import.
- Exemption from customs duty on import of capital goods, raw materials, consumables spares etc.
- Supplies from Domestic Tariff Area (“DTA”) to EOUs treated as deemed exports.
- 100% Foreign Direct Investment permissible.
- Exchange earners foreign currency (“EEFC”) Account.
- Facility to retain 100% foreign exchange proceeds in EEFC Account.
- Re-export of imported goods found defective, goods imported from foreign suppliers on loan basis etc.
- Exemption from industrial licensing requirement for items reserved for SSI sector.
- Profits allowed to be repatriated freely without any dividend balancing requirement
- Job work on behalf of domestic exporters for direct export allowed.
- Conversion of existing DTA unit into an EOU permitted.
- Supply of Information Technology Agreement-I (ITA-I) items in the domestic market which would be counted for fulfilment of Net Foreign exchange Earnings (NFE).

INTELLECTUAL PROPERTY RIGHTS

In India, patents, trade marks and copyrights enjoy protection under both statutory and under common law. The key legislations governing intellectual property in India and which are applicable to our Company are the Patents Act, 1970, Copyright Act, 1957 and the Trade Marks Act, 1999. India is also a party to several international agreements for the protection of intellectual property rights.

ENVIRONMENTAL LEGISLATIONS

The major statutes in India which seek to regulate and protect the environment against pollution related activities in India are the Water (Prevention and Control of Pollution) Act 1974, the Air (Prevention and Control of Pollution) Act, 1981 and the Environment Protection Act, 1986 and the rules and regulations thereunder and The Hazardous Wastes (Management, Handling and Transboundary Movement) Rules, 2008. Pollution Control Boards (“PCBs”), which are vested with diverse powers to deal with water and air pollution, have been set up in each state to control and prevent pollution. The PCBs are responsible for setting the standards for the maintenance of clean air and water, directing the installation of pollution control devices in industries and undertaking investigations to ensure that industries are functioning in compliance with the standards prescribed. All industries and factories are required to obtain consent orders from the PCBs, and these orders are required to be renewed annually.

The Environment (Protection) Act, 1986

The Environment (Protection) Act, 1986 (the “EPA”) is an umbrella legislation designed to provide a framework for the government to coordinate the activities of various central and state authorities established under various laws, such as the Water (Prevention and Control of Pollution) Act, 1974, the Air (Prevention and Control of Pollution) Act, 1981, etc. The EPA vests with the Government the power to take any measure it deems necessary or expedient for protecting and improving the quality of the environment and preventing and controlling environmental pollution. This includes rules for laying down the quality of environment, standards for emission of discharge of environment pollutants from various sources as given under the Environment (Protection) Rules, 1986, inspection of any premises, plant, equipment, machinery, and examination of manufacturing processes and materials likely to cause pollution.

The Water (Prevention and Control of Pollution) Act, 1974

The Water (Prevention and Control of Pollution) Act, 1974 (the “Water Act”) aims to prevent and control water pollution by factories and manufacturing units and to maintain and restore the quality and wholesomeness of water. Under the Water Act, any person establishing any industry, operation or process, any treatment or disposal system, using of any new or altered outlet for the discharge of sewage or causing new discharge of sewage, must obtain the consent of the relevant state pollution control board, which is empowered to establish standards and conditions that are required to be complied with.

The Air (Prevention and Control of Pollution) Act, 1981

The Air (Prevention and Control of Pollution) Act, 1981 (the “**Air Act**”) provides for the prevention, control and abatement of air pollution. Pursuant to the provisions of the Air Act, any person establishing or operating any industrial plant within an air pollution control area, must obtain the consent of the relevant state pollution control board prior to establishing or operating such industrial plant. The state pollution control board must decide on the application within a period of four months of receipt of such application. The consent may contain certain conditions relating to specifications of pollution control equipment to be installed at the facilities. No person operating any industrial plant in any air pollution control area is permitted to discharge the emission of any air pollutant in excess of the standards laid down by the state pollution control board.

The Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016, (“Hazardous Wastes Rules”)

The Hazardous Wastes Rules impose an obligation on every occupier of a facility generating hazardous waste for safe and environmentally sound handling of hazardous waste generated at such facility. Every person engaged in generation, processing, treatment, packaging, storage, transportation, use, collection, destruction, conversion, offering for sale and transfer of hazardous waste, must obtain an approval from the applicable State Pollution Control Board. The occupier, the importer, the transporter and the operator of disposal facility are liable for damages to the environment or third party resulting from the improper handling and disposal of hazardous waste.

The Manufacture, Storage and import of Hazardous Chemical Rules, 1989 (“HCR Rules”)

The HCR Rules are formulated under the Environment (Protection) Act, 1986. The HCR Rules are applicable to an industrial activity in which a hazardous chemical which satisfies certain criteria as listed in the schedule thereto, and to an industrial activity in which there is involved a threshold quantity of hazardous chemicals as specified in the schedule thereto. The occupier of a facility where such industrial activity is undertaken has to provide evidence to the prescribed authorities that he has identified the major accident hazards and that he has taken steps to prevent the occurrence of such accident and to provide to the persons working on the site with the information, training and equipment including antidotes necessary to ensure their safety.

Where a major accident occurs on a site or in a pipe line, the occupier shall forthwith notify the concerned authority and submit reports of the accident to the said authority. Furthermore, an occupier shall not undertake any industrial activity unless he has submitted a written report to the concerned authority containing the particulars specified in the schedule to the HCR Rules at least three months before commencing that activity or before such shorter time as the concerned authority may agree.

Details regarding acquisition of business/ undertakings, mergers, amalgamation and revaluation of assets

Acquisition of M/s. Galaxy Chemicals:

M/s. Galaxy Chemicals (“GC”) was manufacturing and processing chemicals required in the personal care and body care industry (the *“Business”*) and was situated at plot number W-44C, MIDC, Tarapur, Thane District, Maharashtra. Our Company has been engaged in manufacturing wide range of surfactants and specialty chemicals. Considering the similarity of manufacturing facilities and the industries to which the products are supplied, it was decided that it will be in the interest of the Company to acquire the said Business of GC.

Therefore, our Company, pursuant to resolution passed in the meeting of the Board of Directors held on January 4, 1995, executed an agreement with GC on January 4, 1995 to acquire the said Business of GC as a going concern with all the rights and obligations attached.

Schemes of Amalgamation:

Scheme of amalgamation of Galaxy Organics Private Limited with our Company:

Our Company, pursuant to a resolution passed at the meeting of the Board of Directors held on February 9, 1995, entered into a scheme of amalgamation with GOPL. The High Court of Judicature at Bombay sanctioned the scheme of arrangement in the nature of amalgamation under the provisions of Sections 391 and 394 of the Companies Act, (the “**Scheme of Amalgamation**”) vide its orders dated September 28, 1995 with effect from April 1, 1994 (the “**Appointed Date**”) and the entire undertaking of GOPL was transferred to our Company with effect from the Appointed Date. Pursuant to the terms of the Scheme of Amalgamation, the entire undertaking of GOPL including all its properties, movable, immovable and assets such as leases, tenancy rights, licences, permits, quotas, trademarks, patents, benefits of all contracts, deeds, agreements and all other interests, rights, powers of every kind, nature and description whatsoever shall be transferred to our Company with effect from the Appointed Date. Further, our Company shall allot equity shares of an aggregate face value of ₹15,530,630.00 divided into 1,553,063 equity shares of ₹10 each in the ratio of fifteen fully paid up Equity Shares of ₹10 each at par to the shareholders of GOPL for every four fully paid up equity share of ₹10 each held in GOPL.

Scheme of Amalgamation of Galaxy Oleo-Chem (India) Limited with our Company:

Our Company, pursuant to a resolution passed at the meeting of the Board of Directors held on December 14, 2000 and a special resolution passed by the shareholders of our Company at the EGM held on February 09, 2001, entered into a scheme of amalgamation with GOIL. The High Court of Judicature at Bombay sanctioned the scheme of arrangement in the nature of amalgamation under the provisions of Section 391 and 394 of the Companies Act (“**Scheme of Amalgamation**”) vide its orders dated April 26, 2001 with effect from April 01, 2000 (“**Appointed Date**”) and the entire undertaking of GOIL was transferred to our Company with effect from the Appointed Date. Pursuant to the terms of the Scheme of Amalgamation, the undertaking of the GOIL shall, without any further act or deed, stand transferred to and vested in, or deemed to have been transferred to or vested in our Company. 2. Significant accounting policies

2.1. Basis of preparation and presentation of the Restated Consolidated Financial Statements

(a) These Restated Consolidated Financial Statements comprise Restated Consolidated Balance Sheet as at 30th September, 2017, 31st March, 2017, 31st March, 2016, 31st March, 2015, 31st March, 2014 and 31st March, 2013, Restated Consolidated Statement of Profit and Loss for the Half year ended 30th September, 2017 and for the years ended 31st March, 2017, 31st March, 2016, 31st March, 2015, 31st March, 2014 and 31st March, 2013 and the Restated Consolidated Statement of Cash Flows for the periods then ended, and a summary of significant accounting policies and other explanatory information. These financial statements have been prepared solely for the purpose of preparation of the Restated Financial Statements as required under the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 as amended from time to time in pursuance of provisions of Securities and Exchange Board of India ('SEBI') Act, 1992 ('ICDR Regulation') in relation to the proposed offer for sale by the selling shareholders, to be filed by the Company with SEBI, in accordance with the requirements of:

(i) Section 26 read with applicable provisions within Rules 4 to 6 of the Companies (Prospectus and Allotment of Securities) Rules, 2014 to the Companies Act, 2013;

(ii) The ICDR Regulations, 2009 issued by the SEBI on 26th August 2009, as amended to date in pursuance of provisions of SEBI Act, 1992 and

(iii) Guidance Note on Reports in Company Prospectus.

(b) The aforesaid Restated Financial Statements have been prepared on accrual basis and the historical cost basis as a going concern.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Assets and Liabilities are classified as Current or Non-Current as per the provisions of Schedule III to the Companies Act, 2013 and Group's Normal Operating Cycle. Based on the nature of business, the Company has ascertained its operating cycle as 12 months for the classification of assets and liabilities.

The aforesaid Financial Statements have been prepared in Indian Rupee (INR) and denominated in million.

The principal accounting policies are set out below.

(c) Principles of Consolidation:

The consolidated financial statements have been prepared on the following basis:

(i) The financial statements of the subsidiary companies used in the consolidation are drawn upto the same reporting date as that of the Company.

(ii) The financial statements of the Company and its subsidiary companies have been consolidated on a line - by - line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions and resulting unrealised profit as per applicable Accounting Standards in India.

(iii) The excess of cost to the Group of its investments in the subsidiary companies over its share of equity of the subsidiary companies, at the dates on which the investments in the subsidiary companies were made, is recognised as 'Goodwill' being an asset in the consolidated financial statements and is tested for impairment on annual basis. Alternatively, where the share of equity in the subsidiary companies as on the date of investment is in excess of cost of investments of the Group, it is recognised as 'Capital Reserve' and shown under the head 'Reserves & Surplus', in the consolidated financial statements.

(iv) The consolidated financial statements are presented, to the extent possible, in the same format as that adopted by the Company for its separate financial statements. Differences, if any, in accounting policies have been disclosed separately.

(v) The operations of the Company's subsidiaries are considered as non-integral operations for the purpose of consolidation.

(vi) Exchange differences arising on consolidation are recognised in Foreign Currency Translation Reserve.

(e) Use of Estimates:

The preparation of the financial statements in conformity with the Indian GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent liabilities as at the date of the financial statements and the results of operations during the reporting period. The management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the period in which results are known or materialised.

(f) Revenue Recognition:**Sale of Goods**

Domestic sales are recognised at the point of dispatch of goods when the substantial risks and rewards of ownership in the goods are transferred to the buyer as per the terms of the contract and are net of returns. Sales are stated net of trade discounts and taxes on sale. Export sales are recognised when significant risks and rewards in respect of ownership of goods are transferred to the buyer as per the terms of the contract.

Export entitlements are recognised as income when the right to receive the same as per the terms of the scheme is established in respect of the exports made and where there is no significant uncertainty regarding the ultimate realisation.

Other Income

Dividend income on investments is recognised when the right to receive dividend is established.

Interest income is recognised on time proportionate basis taking into account amount involved and rate of Interest.

(g) Property, Plant and Equipment (PPE) /Intangible Assets:

PPE/intangible assets are carried at cost less accumulated depreciation / amortisation and impairment losses, if any. The cost of PPE comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying fixed assets up to the date the asset is ready for its intended use. Subsequent expenditure on fixed assets after its purchase / completion is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

(h) Depreciation/Amortisation :

Depreciation on PPE is calculated on straight line basis as per useful lives specified in Schedule II to Companies Act, 2013.

Depreciation on additions/deletions during the year is provided on pro-rata basis from/up to the date of such addition/deletion.

Leasehold land is amortised over the primary period of lease.

Intangible assets are carried at cost and amortised on a straight line basis so as to reflect the pattern in which the assets economic benefits are consumed.

The estimated useful lives, residual values and method of depreciation are reviewed at the end of each reporting period, with the effect of any change in estimate accounted on a prospective basis.

Goodwill:

The expenditure incurred on Goodwill is amortised over the estimated period of benefit, not exceeding five years commencing from the date of acquisition.

Software:

The expenditure incurred is amortised over the five years equally commencing from the date of acquisition.

Technical Know-how:

The expenditure incurred on Technical Know-how is amortised over the estimated period of benefit, not exceeding ten years commencing from the date of acquisition.

(i) Inventories:

Inventories comprise all costs of purchase, conversion and other costs incurred in bringing the inventories to their present location and conditions.

Raw materials are valued at the lower of cost or net realisable value. Cost is determined on the basis of the weighted average method.

Finished goods produced and purchased for sale and work-in-progress are carried at cost or net realizable value whichever is lower. Excise duty is included in the value of finished goods inventory.

Stores, spares and tools other than obsolete and slow moving items are carried at cost. Obsolete and slow moving items are valued at cost or estimated net realisable value, whichever is lower.

(j) Investments:

Long-term investments (excluding investment properties), are carried individually at cost less provision for diminution, other than temporary, in the value of such investments. Provision is made for diminution in the value of investments where such diminution is other than temporary.

Short term investments are stated at lower of cost and market value.

(k) Leases:

Assets leased by the group in its capacity as a lessee, where substantially all the risks and rewards of ownership vest in the group are classified as finance leases. Such leases are capitalised at the inception of the lease at the lower of the fair value and the present value of the minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost so as to obtain a constant periodic rate of interest on the outstanding liability for each year.

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are recognised as operating leases. Lease rentals under operating leases are recognised in the Statement of Profit and Loss on a straight-line basis.

(l) Foreign Currency Transactions:

Initial recognition:

Transactions in foreign currencies (other than firm commitments and highly probable forecast transactions) entered into by the Group are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction. Monetary items are translated at the year-end rates. The exchange difference between the rate prevailing on the date of transaction and on the date of settlement as also on translation of monetary items at the end of the year is recognised as income or expense, as the case may be.

Measurement at the balance sheet date:

Foreign currency monetary items (other than derivative contracts) of the Group, outstanding at the balance sheet date are restated at the year-end rates. Non-monetary items of the Company are carried at historical cost.

(m) Research & Development:

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss. Development costs of products are also charged to the Statement of Profit and Loss unless a product's technical feasibility has been established, in which case such expenditure is capitalised. The amount capitalised comprises expenditure that can be directly attributed or allocated on a reasonable and consistent basis to creating, producing and making the asset ready for its intended use. PPE utilised for research and development are capitalised and depreciated in accordance with the policies stated for PPE.

(n) Employee Benefits:

Employee benefits include provident fund, employee state insurance scheme, gratuity fund and compensated absences

Defined contribution plans

The Group's contribution to provident fund and employee state insurance scheme are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made.

Defined benefit plans

For defined benefit plans in the form of gratuity fund, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each balance sheet date. Actuarial gains and losses are recognised in the Statement of Profit and Loss in the period in which they occur.

Long-term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of the defined benefit obligation as at the balance sheet date less the fair value of the plan assets out of which the obligations are expected to be settled.

(o) Borrowing Costs:

Borrowing costs that are attributable to the acquisition, construction of qualifying assets are capitalised as part of cost of such assets up to the date the assets are ready for intended use. All other borrowing costs are recognised as an expense in the year in which they are incurred.

(p) Taxation:

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax.

Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets are recognised for timing differences of items other than unabsorbed depreciation and carry forward losses only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. However, if there are unabsorbed depreciation and carry forward of losses, deferred tax assets are recognised only if there is virtual certainty that there will be sufficient future taxable income available to realise the assets. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each balance sheet date for their realisability.

(q) Segment Reporting:

The accounting policies adopted for segment reporting are in line with the accounting policies of the Group. Segments are identified having regard to the dominant source and nature of risks and returns and internal organisation and management structure.

Revenues and expenses have been identified to the segments based on their relationship to the business activity of the segment.

Income/Expenses relating to the enterprise as a whole and not allocable on a reasonable basis to business segments are reflected as unallocated corporate income/expenses. Inter-segment transfers are at prices which are generally market led.

(r) Earnings per Share:

Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

(s) Impairment of Assets:

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, except in case of revalued assets.

(t) Derivative Contracts:

The group enters into derivative contracts in the nature of foreign currency swaps, forward contracts with an intention to hedge its firm commitments and highly probable transactions in foreign currency. All derivative contracts are marked-to-market and losses/gain are recognised in the Statement of Profit and Loss.

(u) Provisions and Contingent Liabilities:

A provision is recognised when the group has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes. Contingent assets are not recognised in the financial statements.

1. Corporate information

Galaxy Surfactants Ltd ("the Company") is a Public Limited Company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The Company is engaged in manufacturing and marketing surfactants and specialty chemicals for the Personal and Home Care Industry. The Company produces a range of vital cosmetic ingredients including active ingredients, UV protection and functional products. The Company's products cater to some of the largest global brands in the FMCG sector and find applications in skin care, hair care, oral care, body wash, sun care, household cleaners and fabric care segments.

2. Significant accounting policies

2.1. Basis of preparation and presentation of the Restated Standalone Financial Statements

(a) These Restated Standalone Financial Statements comprise Restated Standalone Balance Sheet as at 30th September, 2017, 31st March, 2017, 31st March, 2016, 31st March, 2015, 31st March, 2014, 31st March, 2013, Restated Standalone Statement of Profit and Loss for the Half year ended 30th September, 2017 and for the year(s) ended 31st March, 2017, 31st March, 2016, 31st March, 2015, 31st March, 2014 and 31st March, 2013, the Restated Standalone Statement of Cash Flows for the periods then ended, and a summary of significant accounting policies and other explanatory information. These financial statements have been prepared solely for the purpose of preparation of the Restated Financial Statements as required under the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 as amended from time to time in pursuance of provisions of Securities and Exchange Board of India ('SEBI') Act, 1992 ('ICDR Regulation') in relation to the proposed initial public offering (offer for sale by the selling shareholders) of the Company, to be filed by the Company with SEBI, in accordance with the requirements of:

(i) Section 26 read with applicable provisions within Rules 4 to 6 of the Companies (Prospectus and Allotment of Securities) Rules, 2014 to the Companies Act, 2013;

(ii) The ICDR Regulations, 2009 issued by the SEBI on 26th August 2009, as amended to date in pursuance of provisions of SEBI Act, 1992 and

(iii) Guidance Note on Reports in Company Prospectus.

(b) The aforesaid Restated Financial Statements have been prepared on accrual basis and the historical cost basis as a going concern.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Assets and Liabilities are classified as Current or Non-Current as per the provisions of Schedule III to the Companies Act, 2013 and Company's Normal Operating Cycle. Based on the nature of business, the Company has ascertained its operating cycle as 12 months for the classification of assets and liabilities.

The aforesaid Restated Financial Statements have been prepared in Indian Rupee (INR) and denominated in million.

The principal accounting policies are set out below.

(c) Use of Estimates:

The preparation of the financial statements in conformity with the Indian GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent liabilities as at the date of the financial statements and the results of operations during the reporting period. The management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the period in which results are known or materialised.

(d) Revenue Recognition:

Sale of Goods

Sale of Products are recognised at the point of dispatch of goods when the substantial risks and rewards of ownership in the goods are transferred to the buyer as per the terms of the contract and are net of returns. Sales are stated net of trade discounts and taxes on sale.

Excise duty recovered on sales is included in Revenue from Operations.

Export sales are recognised when significant risks and rewards in respect of ownership of goods are transferred to the buyer as per the terms of the contract.

Export entitlements are recognised as income when the right to receive the same as per the terms of the scheme is established in respect of the exports made and where there is no significant uncertainty regarding the ultimate realisation.

Other Income

Dividend income on investments is recognised when the right to receive dividend is established.

Interest income is recognised on time proportionate basis taking into account amount involved and rate of interest.

(e) Property, Plant and Equipment (PPE) / Intangible Assets:

PPE/intangible assets are carried at cost less accumulated depreciation / amortisation and impairment losses, if any. The cost of PPE comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying PPE up to the date the asset is ready for its intended use. Subsequent expenditure on PPE after its purchase / completion is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

(f) Depreciation/Amortisation :

Depreciation on PPE is calculated on straight line basis as per useful lives specified in Schedule II to Companies Act, 2013.

Depreciation on additions/deletions during the year is provided on pro-rata basis from/up to the date of such addition/deletion.

Leasehold land is amortised over the primary period of lease.

Intangible assets are carried at cost and amortised on a straight line basis so as to reflect the pattern in which the assets economic benefits are consumed.

The estimated useful lives, residual values and method of depreciation are reviewed at the end of each reporting period, with the effect of any change in estimate accounted on a prospective basis.

Software:

The expenditure incurred is amortised over the five years equally commencing from the date of acquisition.

Technical Know-how:

The expenditure incurred on Technical Know-how is amortised over the estimated period of benefit, not exceeding Ten years commencing from the date of acquisition.

(g) Inventories:

Inventories comprise all costs of purchase, conversion and other costs incurred in bringing the inventories to their present location and conditions.

Raw materials are valued at the lower of cost or net realisable value. Cost is determined on the basis of the weighted average method.

Finished goods produced and purchased for sale, work-in-progress are carried at cost or net realizable value whichever is lower. Excise duty is included in the value of finished goods inventory.

Stores, spares and tools other than obsolete and slow moving items are carried at cost. Obsolete and slow moving items are valued at cost or estimated net realisable value, whichever is lower.

(h) Investments:

Long-term investments (excluding investment properties), are carried individually at cost less provision for diminution, other than temporary, in the value of such investments. Provision is made for diminution in the value of investments where such diminution is other than temporary.

(i) Leases:

Assets leased by the Company in its capacity as a lessee, where substantially all the risks and rewards of ownership vest in the Company are classified as finance leases. Such leases are capitalised at the inception of the lease at the lower of the fair value and the present value of the minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost so as to obtain a constant periodic rate of interest on the outstanding liability for each year.

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are recognised as operating leases. Lease rentals under operating leases are recognised in the Statement of Profit and Loss on a straight-line basis.

(j) Foreign Currency Transactions:

Initial Recognition:

Transactions in foreign currencies (other than firm commitments and highly probable forecast transactions) entered into by the Company are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction. Monetary items are translated at the year-end rates. The exchange difference between the rate prevailing on the date of transaction and on the date of settlement as also on translation of monetary items at the end of the year is recognised as income or expense, as the case may be.

Measurement at Balance Sheet date:

Foreign currency monetary items (other than derivative contracts) of the Company, outstanding at the balance sheet date are restated at the year-end rates. Non-monetary items of the Company are carried at historical cost.

(k) Research & Development:

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss. Development costs of products are also charged to the Statement of Profit and Loss unless a product's technical feasibility has been established, in which case such expenditure is capitalised. The amount capitalised comprises expenditure that can be directly attributed or allocated on a reasonable and consistent basis to creating, producing and making the asset ready for its intended use. PPE utilised for research and development are capitalised and depreciated in accordance with the policies stated for PPE.

(l) Employee Benefits:

Employee benefits include provident fund, employee state insurance scheme, gratuity fund and compensated absences.

Defined contribution plans

The Company's contribution to provident fund and employee state insurance scheme are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made.

Defined benefit plans

For defined benefit plans in the form of gratuity fund, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each balance sheet date. Actuarial gains and losses are recognised in the Statement of Profit and Loss in the period in which they occur.

Long-term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of the defined benefit obligation as at the balance sheet date less the fair value of the plan assets out of which the obligations are expected to be settled.

(m) Borrowing Costs:

Borrowing costs that are attributable to the acquisition, construction of qualifying assets are capitalised as part of cost of such assets up to the date the assets are ready for intended use. All other borrowing costs are recognised as an expense in the year in which they are incurred.

(n) Taxation:

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets are recognised for timing differences of items other than unabsorbed depreciation and carry forward losses only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. However, if there are unabsorbed depreciation and carry forward of losses, deferred tax assets are recognised only if there is virtual certainty that there will be sufficient future taxable income available to realise the assets. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each balance sheet date for their realisability.

(o) Segment Reporting:

The accounting policies adopted for segment reporting are in line with the accounting policies of the Company. Segments are identified having regard to the dominant source and nature of risks and returns and internal organisation and management structure.

Revenues and expenses have been identified to the segments based on their relationship to the business activity of the segment.

Income/Expenses relating to the enterprise as a whole and not allocable on a reasonable basis to business segments are reflected as unallocated corporate income/expenses. Inter-segment transfers are at prices which are generally market led.

(p) Earnings per Share:

Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

(q) Impairment of Assets:

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, except in case of revalued assets.

(r) Derivative Contracts:

The Company enters into derivative contracts in the nature of foreign currency swaps, forward contracts with an intention to hedge its firm commitments and highly probable transactions in foreign currency. All derivative contracts are marked-to-market and losses/gains are recognised in the Statement of Profit and Loss.

(s) Provisions and Contingent Liabilities:

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes. Contingent assets are not recognised in the financial statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion of our financial condition and results of operations should be read in conjunction with the Restated Consolidated Financial Statements, prepared in accordance with the Companies Act, Indian GAAP and the SEBI Regulations, including the schedules, annexures and notes thereto and the reports thereon, included in the section "Financial Statements" beginning on page 196.

Indian GAAP differs in certain material respects from U.S. GAAP and IFRS. We have not attempted to quantify the impact of IFRS or U.S. GAAP on the financial data included in this Red Herring Prospectus, nor do we provide a reconciliation of our financial statements to those of U.S. GAAP or IFRS. Accordingly, the degree to which the Indian GAAP financial statements included in this Red Herring Prospectus will provide meaningful information is entirely dependent on the reader's level of familiarity with Indian accounting practices.

Our financial year ends on March 31 of each year, and all references to a particular financial year are to the twelve-month period ended March 31 of that year.

This discussion contains forward-looking statements and reflects our current views with respect to future events and financial performance. Actual results may differ materially from those anticipated in these forward-looking statements as a result of certain factors such as those set forth in the section "Risk Factors" beginning on page 15.

In this section, a reference to the "Company" means Galaxy Surfactants Limited. Unless the context otherwise requires, references to "we", "us", or "our" refers to Galaxy Surfactants Limited, its Subsidiaries and its Step-down Subsidiaries, taken as a whole, as though such Subsidiaries and Step-down Subsidiaries were consolidated entities of Galaxy Surfactants Limited. Unless otherwise indicated, the financial information included herein is based on the Restated Consolidated Financial Statements.

Overview

We are one of India's leading manufacturers of surfactants and other speciality ingredients for the personal care and home care industries. Our products find application in a host of consumer-centric personal care and home care products, including, *inter alia*, skin care, oral care, hair care, cosmetics, toiletries and detergent products. Since our incorporation in 1986, we have significantly expanded and diversified our product profile, client base and geographical footprint. Our customers include some of the leading multinational, regional and local players in the home and personal care industries. Currently, our product portfolio comprises over 200 product grades, which are marketed to more than 1,700 customers in over 70 countries.

Our products are organized into the following product groups:

- **Performance Surfactants:** Our portfolio of performance surfactants comprises over 45 product grades, and includes anionic surfactants and non-ionic surfactants; and
- **Speciality Care Products:** Our Speciality Care Products group comprises over 155 product grades, and includes amphoteric surfactants, cationic surfactants, UV filters, preservatives, preservative blends and surfactant blends, speciality ingredients such as mild surfactants, syndet and transparent bathing bars and proteins, fatty alkanolamides and fatty acid esters, and other care products.

While we commenced our operations as a local supplier to FMCG companies in India, we have significantly expanded and diversified our scale and scope of operations over the years so as to become a global supplier to FMCG companies across major geographies, such as Africa Middle East Turkey (AMET), Asia Pacific (APAC), Americas (North and South) and Europe. Our diversified customer base currently comprises multinational, regional and local FMCG companies, including, *inter alia*, Cavinkare Private Limited, Colgate-Palmolive (India) Limited, Dabur India Limited, Henkel, Himalaya, L'ORÉAL, Procter & Gamble Home Products Private Limited, Reckitt Benckiser, Ayur Herbals (Private) Limited, Jyothy Laboratories Limited and Unilever. We believe that the long-standing relationships that we enjoy with our customers are a catalyst for our continued growth and success.

In addition to our domestic sales in India, we have significantly increased our geographical footprint in recent years by focusing on certain emerging markets such as AMET. Our Step-down Subsidiaries, coupled with our

manufacturing facilities in Suez, Egypt, and New Hampshire, USA, enable us to service the international demand for our products. We have set-up sales offices in India, Egypt and USA, and representative offices in Netherlands and Turkey so as to enable us to market our products as well as understand customer needs in these regions, and consequently, develop products to service such requirements.

We continuously monitor industry trends so as to ensure that our products continue to remain relevant and help our customers meet the evolving market demands and enhance their brand value. Our qualified and experienced in-house R&D team focuses on the development of high-performance products and formulations for the consumer-centric home and personal care industries, including collaborative product development with our customers as part of our '*Consumer to Chemistry*' motto. We have adopted an innovation funnel model, which allows us to customize our products in line with customer expectations and end-user preferences, whilst simultaneously ensuring shorter lead-times. Since 2002, a total of 47 patents have been granted to us. Currently, 10 patents in USA, and 2 (two) patents each in China, the European Union, India, Japan and Russia, are being maintained by us. We have applied for an aggregate of 38 patents globally, of which 21 applications have been made in India, and an aggregate of 17 applications have been made for the registration of patents in Brazil, China, the European Union, Russia and USA, and under the Patent Cooperation Treaty.

At present, we have 7 (seven) strategically-located manufacturing facilities, out of which 5 (five) are located in India and 2 (two) are located overseas. We also have set-up 1 (one) pilot plant at Tarapur, Maharashtra, for the scaling up of new products and processes from lab-scale to plant-scale. Out of our 5 (five) manufacturing facilities in India, 3 (three) are located at Tarapur, Maharashtra, 1 (one) is located at Taloja, Maharashtra, and 1 (one) is located at Jhagadia, Gujarat. Many of our key customers have audited and approved our manufacturing facilities and processes, which has helped us establish our reputation and reliability as a supplier of high-quality products and customized solutions, and also enabled us to receive recurring business as well as attract new customers.

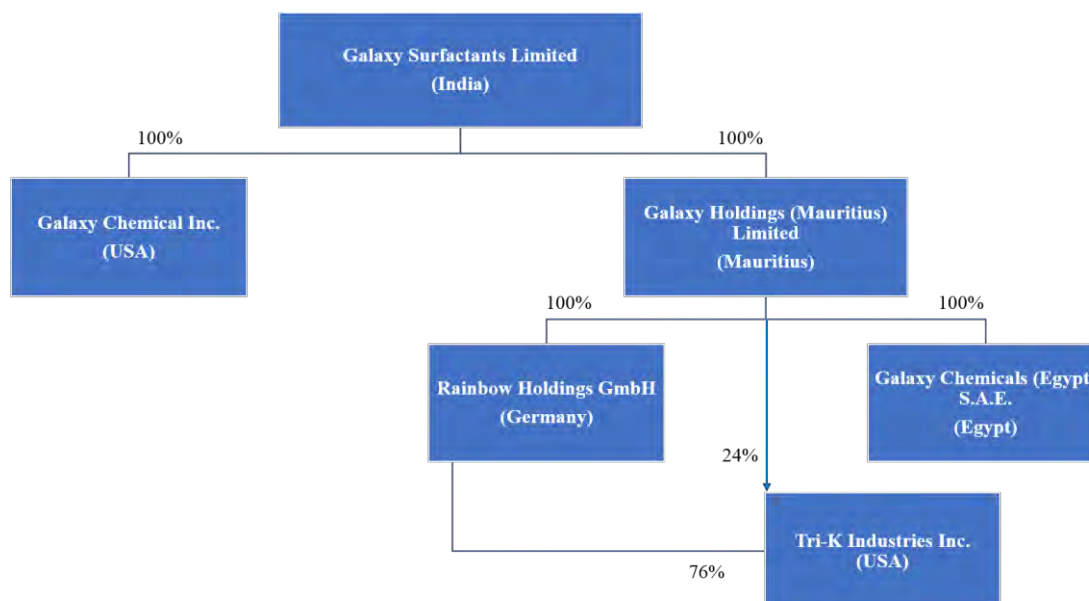

As a professionally managed organization, we are driven by a qualified and dedicated management team, comprising of seasoned professionals with experience across various sectors, which is led by our Board of Directors. Our Promoters, namely Mr. Unnathan Shekhar, Mr. Gopalkrishnan Ramakrishnan, Mr. Shashikant Shanbhag and Mr. Sudhir Dattaram Patil, have been associated with the Company since its incorporation in 1986, and have played a significant role in the development of our business. We believe that our management team's collective experience and capabilities enable us to understand and anticipate market trends, manage our business operations and growth, leverage customer relationships and respond to changes in customer preferences. Our workforce has grown significantly over the years, and as on September 30, 2017, numbered over 1,200 employees.

We believe that our emphasis on innovation, proactive customer-centric approach and focus on quality have enabled us to meet customer needs. We have received numerous awards and recognitions from our customers, including, *inter alia*, the "*Winning through Innovation*" and "*Innovation Award*" awards from Unilever, the "*Best Supply Partner*" award and a "*Approved Supplier of Sodium Lauryl Ether Sulphate*" certification by Hindustan Unilever Limited, a "*Fully Certified Preferred Supplier of Sodium Lauryl Sulphate*" certification and a "*Certificate of Recognition*" from Colgate-Palmolive (India) Limited, an "*Award of Global Performance*" and "*Certificate of Appreciation*" from L'ORÉAL, a "*Certificate of Excellence*" from Marico Limited, and an "*Excellence*" award from Dabur.

For Fiscal 2017 and the six-month period ended September 30, 2017, our total revenues were ₹21,717.00 million and ₹11,972.77 million, respectively. From Fiscal 2014 to Fiscal 2017, as per the Restated Consolidated Financial Statements, (i) our EBITDA increased from ₹2,198.03 million to ₹2,780.48 million, representing a CAGR of 8.15%; (iii) our profit after tax increased from ₹759.97 million to ₹1,463.06 million, representing a CAGR of 24.40%. Our RoNW for Fiscals 2015, 2016 and 2017 was 19.27%, 24.88% and 28.68%, respectively.

Corporate Structure

The following chart outlines our current group structure:

Significant Factors Affecting Our Results of Operations and Financial Condition

Our business, results of operations and financial condition are affected by a number of factors, including:

Cost and Availability of Raw Materials

Our business depends on the availability of reasonably priced, high quality raw materials in the quantities required by us. Our Performance Products group depends primarily on lauryl alcohol, which is purchased from South East Asia. For our Speciality Care Products group, we require fatty acids, phenols, DMAPA and PAA, which we source from India, South East Asia, USA and Europe. Our cost of materials consumed constitutes the largest component of our cost structure. For the six months ended September 30, 2017, and the Fiscals 2017, 2016 and 2015, our cost of materials consumed was ₹7,976.96 million, ₹15,144.88 million, ₹11,153.65 million and ₹12,532.98 million, or 66.63%, 69.74%, 61.66% and 66.81% of our total revenues, respectively. As we continue to grow our operations, we would need to procure additional volumes of raw materials. We usually do not enter into long-term supply contracts with any of our raw material suppliers and typically source raw materials from third-party suppliers or the open market. We are thus exposed to fluctuations in availability and prices of our raw materials. Any inability on our part to procure sufficient quantities of raw materials and on commercially acceptable terms, could lead to a change in our cost of materials consumed and production and sales volumes.

Volume and Mix of Products Manufactured and Sold

The key driver in the growth of our revenue from operations has been the volume of products manufactured and sold by us. Increased sales volume favourably affects our results of operations as it enables us to benefit from economies of scale in procurement and manufacturing and improves our operating margins through our ability to leverage our fixed cost base. Our results of operations are also affected by the product mix within our business verticals. In general, a higher percentage of speciality care products will have a positive impact on our revenues as the products in this group tend to have higher prices and profit margins than other products. Speciality care products generally also benefit from lower volatility in sale prices, and therefore result in more predictable revenues. In addition, in order to maximize our profits, we must maintain optimum levels of capacity utilization at our manufacturing facilities and an appropriate standard of quality in our manufacturing facilities' equipment and processes. Attaining and maintaining this level of utilization and quality requires considerable expense and planning. If we are unable to achieve and maintain optimum levels of capacity utilization at our manufacturing facilities in the future, our financial condition and results of operations may be adversely affected.

Identifying and Adapting to Changing Consumer Trends

Our products are primarily used by our customers to produce FMCGs in the home and personal care products industry. Our results of operations are therefore dependent on the demand for end-use FMCGs which contain our products. This demand is based on a number of factors, such as customer behavior, an increase in disposable income and leisure habits in all segments of the population and all age groups. Consumer preferences tend to change which could lead to shifts or changes in the sales of particular products. As a consequence of these changes in consumer trends, we need to correctly identify consumer spending trends and developments so that demand for goods in which our products are used will not decline. As such, we spend significant resources in understanding customer trends and likes. Further, our attempts to innovate and commercialize new products in response to changing consumer trends will affect our results of operations. Therefore, we try increasingly to develop our products on the basis of market and customer feedback and further base research to anticipate their possible success among consumers of end products.

Exchange Rate Risk

Our financial information is presented in Indian Rupees. However, we generate a significant portion of our sales internationally through export and sales outside of India. These sales, together with a portion of our raw materials expenditure, are denominated in foreign currencies, primarily in U.S. dollars and Euros. Moreover, our overseas Subsidiaries and Step-down Subsidiaries prepare their financial statements in foreign currencies. The exchange rate between the Indian Rupee and these currencies has fluctuated in the past and our results of operations have been impacted by such fluctuations and may be impacted by such fluctuations in the future as well. For these reasons, our financial condition and results of operations are influenced by fluctuations in the relative values of the relevant currencies, especially between the Indian Rupee, the Euros and the U.S. dollar. For example, during times of strengthening of the Indian Rupee, we expect that our overseas sales and revenues will generally be negatively impacted, as foreign currency received will be translated into fewer Indian Rupees. However, the converse positive effect on depreciation of the Indian Rupee may not be sustained or may not show an appreciable impact in our results of operations in any given financial period due to other variables impacting our business and results of operations during the same period. Moreover, we expect that our cost of borrowing as well as our cost of imported raw materials, imported stores and spares, overseas professional costs, freight and overseas warehousing costs incurred by us may rise during a sustained depreciation of the Indian Rupee against the U.S. Dollar or the Euro.

Government Regulations and Policies

Government regulations and policies, of India, Egypt and USA, and in countries to which we export, can affect the demand for, expenses related to and availability of our products and their raw materials. These regulations and policies are extensive and cover a broad range of industries, some of which are politically sensitive. These regulations and policies and the tax regimes to which we are subject could change at any time, with little or no warning or time for us to prepare. For further details see the section “*Regulations and Policies*”.

Significant Accounting Policies

Use of Estimates

The preparation of the financial statements in conformity with the Indian GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent liabilities as at the date of the financial statements and the results of operations during the reporting period. The management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the period in which results are known or materialised.

Revenue Recognition

Sale of Goods

Domestic sales are recognised at the point of dispatch of goods when the substantial risks and rewards of ownership in the goods are transferred to the buyer as per the terms of the contract and are net of returns. Sales are stated net of trade discounts and taxes on sale.

Export sales are recognised when significant risks and rewards in respect of ownership of goods are transferred to the buyer as per the terms of the contract.

Export entitlements are recognised as income when the right to receive the same as per the terms of the scheme is established in respect of the exports made and where there is no significant uncertainty regarding the ultimate realisation.

Other Income

Dividend income on investments is recognised when the right to receive dividend is established. Interest income is recognised on time proportionate basis taking into account amount involved and rate of Interest.

Property, Plant and Equipment (PPE)/Intangible Assets

PPE/intangible assets are carried at cost less accumulated depreciation/amortisation and impairment losses, if any. The cost of PPE comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying fixed assets up to the date the asset is ready for its intended use. Subsequent expenditure on fixed assets after its purchase/completion is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

Depreciation / Amortization

Depreciation on PPE is calculated on straight line basis as per useful lives specified in Schedule II to Companies Act, 2013. Depreciation on additions/deletions during the year is provided on pro-rata basis from/up to the date of such addition/deletion. Leasehold land is amortised over the primary period of lease. Intangible assets are carried at cost and amortised on a straight line basis so as to reflect the pattern in which the assets economic benefits are consumed. The estimated useful lives, residual values and method of depreciation are reviewed at the end of each reporting period, with the effect of any change in estimate accounted on a prospective basis.

Goodwill

The expenditure incurred on Goodwill is amortised over the estimated period of benefit, not exceeding five years commencing from the date of acquisition.

Software

The expenditure incurred is amortised over the five years equally commencing from the date of acquisition.

Technical Know-how

The expenditure incurred on Technical Know-how is amortised over the estimated period of benefit, not exceeding ten years commencing from the date of acquisition.

Inventories

Inventories comprise all costs of purchase, conversion and other costs incurred in bringing the inventories to their present location and conditions. Raw materials are valued at the lower of cost or net realisable value. Cost is determined on the basis of the weighted average method. Finished goods produced and purchased for sale and work-in-progress are carried at cost or net realizable value whichever is lower. Excise duty is included in the value of finished goods inventory. Stores, spares and tools other than obsolete and slow moving items are carried at cost. Obsolete and slow moving items are valued at cost or estimated net realisable value, whichever is lower.

Investments

Long-term investments (excluding investment properties), are carried individually at cost less provision for diminution, other than temporary, in the value of such investments. Provision is made for diminution in the value of investments where such diminution is other than temporary.

Short term investments are stated at lower of cost and market value.

Leases

Assets leased by the group in its capacity as a lessee, where substantially all the risks and rewards of ownership vest in the group are classified as finance leases. Such leases are capitalised at the inception of the lease at the lower of the fair value and the present value of the minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost so as to obtain a constant periodic rate of interest on the outstanding liability for each year.

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are recognised as operating leases. Lease rentals under operating leases are recognised in the Statement of Profit and Loss on a straight-line basis.

Foreign Currency Transactions

Initial Recognition

Transactions in foreign currencies (other than firm commitments and highly probable forecast transactions) entered into by the Group are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction. Monetary items are translated at the year-end rates. The exchange difference between the rate prevailing on the date of transaction and on the date of settlement as also on translation of monetary items at the end of the year is recognised as income or expense, as the case may be.

Measurement at the Balance Sheet Date

Foreign currency monetary items (other than derivative contracts) of the Group, outstanding at the balance sheet date are restated at the year-end rates. Non-monetary items of the Company are carried at historical cost.

Research & Development

Revenue expenditure pertaining to research is charged to the Statement of Profit and Loss. Development costs of products are also charged to the Statement of Profit and Loss unless a product's technical feasibility has been established, in which case such expenditure is capitalized. The amount capitalised comprises expenditure that can be directly attributed or allocated on a reasonable and consistent basis to creating, producing and making the asset ready for its intended use. PPE utilised for research and development are capitalised and depreciated in accordance with the policies stated for PPE.

Employee Benefits

Employee benefits include provident fund, employee state insurance scheme, gratuity fund and compensated absences.

Defined contribution plans

The Group's contribution to provident fund and employee state insurance scheme are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made.

Defined benefit plans

For defined benefit plans in the form of gratuity fund, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each balance sheet date. Actuarial gains and losses are recognised in the Statement of Profit and Loss in the period in which they occur.

Long-term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of the defined benefit

obligation as at the balance sheet date less the fair value of the plan assets out of which the obligations are expected to be settled.

Borrowing Costs

Borrowing costs that are attributable to the acquisition, construction of qualifying assets are capitalised as part of cost of such assets up to the date the assets are ready for intended use. All other borrowing costs are recognised as an expense in the year in which they are incurred.

Taxation

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets are recognised for timing differences of items other than unabsorbed depreciation and carry forward losses only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. However, if there are unabsorbed depreciation and carry forward of losses, deferred tax assets are recognised only if there is virtual certainty that there will be sufficient future taxable income available to realise the assets. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each balance sheet date for their realisability.

Segment Reporting

The accounting policies adopted for segment reporting are in line with the accounting policies of the Group. Segments are identified having regard to the dominant source and nature of risks and returns and internal organisation and management structure.

Revenues and expenses have been identified to the segments based on their relationship to the business activity of the segment.

Income/Expenses relating to the enterprise as a whole and not allocable on a reasonable basis to business segments are reflected as unallocated corporate income/expenses. Inter-segment transfers are at prices which are generally market led.

Earnings per Share

Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period

presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

Impairment of Assets

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, except in case of revalued assets.

Derivative Contracts

The group enters into derivative contracts in the nature of foreign currency swaps, forward contracts with an intention to hedge its firm commitments and highly probable transactions in foreign currency. All derivative contracts are marked-to-market and losses/gain are recognised in the Statement of Profit and Loss.

Provisions and Contingent Liabilities

A provision is recognised when the group has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes. Contingent assets are not recognised in the financial statements.

Principal Components of Income and Expenditure

Revenue

Our revenue consists of revenue from operations (gross) and other income.

Revenue from Operations

Revenue from operations comprises of revenue from the sale of products (gross) and other operating revenues. Sale of products (gross) comprises income from the sale of products by our Company and its Subsidiaries, which is adjusted for excise duty to arrive at the sale of products (net). Other operating revenue comprises export incentives.

Other income

Other income includes *inter alia*, interest income received from term deposits and others, dividend on non-current investments, scrap sales, liabilities no longer required written back, foreign exchange differences, profit on sale of fixed assets, commission received and miscellaneous income.

Expenditure

Our expenditure include cost of materials consumed, purchase of stock-in-trade, changes in inventories of finished goods, work-in-process and stock-in-trade, employee benefit expenses, depreciation and amortization, finance costs and other expenses.

Cost of Materials Consumed

The materials consumed comprises raw materials and packing materials, as adjusted for translation difference.

Purchase of Stock-in-Trade

Purchase of stock-in-trade comprises purchase of surfactants and speciality chemicals and others, as adjusted for translation difference.

Changes in Inventories of Finished Goods, Work-in-Process and Stock-in-Trade

Changes in inventories of finished goods, work-in-process and stock-in-trade represents the net increase or decrease in inventories at the beginning of the year and end of the year.

Employee Benefits Expenses

Employee benefit expenses include expenses in relation to salary, wages and allowances, contribution to provident and other funds and workmen and staff welfare expenses.

Depreciation and Amortization

Depreciation and amortization comprises (i) depreciation of tangible assets, including leasehold land, buildings, plant and equipment, furniture and fixtures, vehicles and office equipment; and (ii) amortization of intangible assets, such as software, trademarks, goodwill and technical know-how.

Finance Cost

The finance cost incurred by us includes interest expense and other borrowing costs.

Other Expenses

Our other expenses include expenses in relation to, *inter alia*, consumption of stores and spare parts, power and fuel, water charges, repairs and maintenance in respect of plant and machinery, building and others, rent (including storage charges), insurance, rates and taxes, travelling and conveyance, freight and forwarding, legal and professional fees, discount and commission on sales, CSR expenditure, donations, directors' sitting fees, provisions for doubtful debts, provisions for doubtful advances, bad debts written off, commission to non-executive directors, loss on sale of/discarding fixed assets (net), REACH registration expenses (net), bank charges, printing and stationery, postage, foreign exchange differences (net), royalty and miscellaneous expenses.

Fiscal 2017 compared to Fiscal 2016

Revenue

Our total revenue increased by 20.07% from ₹18,087.55 million in Fiscal 2016 to ₹21,717.00 million in Fiscal 2017. This increase was primarily on account of increase in revenue from operations, coupled with an increase in other income. Our revenues within India grew by 25.32% from ₹6,244.98 million in Fiscal 2016 to ₹7,826.08 million in Fiscal 2017, while our revenues outside India grew by 17.80% from ₹12,237.84 million in Fiscal 2016 to ₹14,416.65 million in Fiscal 2017.

Revenue from Operations

Our net revenue from operations increased by 19.95% from ₹18,019.11 million in Fiscal 2016 to ₹21,613.43 million in Fiscal 2017.

In Fiscal 2017, our revenues from the sale of products (gross) were ₹22,480.47 million, which represented an increase of 20.12% from ₹18,715.20 million in revenues from the sale of products (gross) in Fiscal 2016. This was primarily as a result of an increase in sales volume and prices of key feedstock. There was a marginal increase in export incentives, from ₹223.02 million in Fiscal 2016 to ₹226.83 million in Fiscal 2017, representing an increase of 1.71%.

Other income

Our income increased by 51.33% from ₹68.44 million in Fiscal 2016 to ₹103.57 million in Fiscal 2017, primarily on account of the increase in commission received, which grew by 265.98% from ₹10.14 million in Fiscal 2016 to ₹37.11 million in Fiscal 2017, and ₹18.06 million in liabilities no longer required written back. However, interest income on term deposits and others reduced from ₹16.99 million in Fiscal 2016 to ₹3.63 million in Fiscal 2017.

Expenditure

Our total expenses increased by 19.58% from ₹16,452.67 million in Fiscal 2016 to ₹19,674.13 million in Fiscal 2017, which was commensurate with the increase in our total revenues for Fiscal 2017. Total expenses as a percentage of our total revenue, decreased marginally from 90.96% in Fiscal 2016 to 90.59% in Fiscal 2017.

Cost of materials consumed

The cost of materials consumed increased by 35.78% from ₹11,153.65 million in Fiscal 2016 to ₹15,144.88 million in Fiscal 2017, as a result of the increase in our scale of production during Fiscal 2017. Our cost of materials consumed as a percentage of our total revenue was 69.74% in Fiscal 2017 as compared to 61.66% in Fiscal 2016.

Purchase of Stock-in-Trade

There was a 25.22% decrease in purchase of stock-in-trade, from ₹702.75 million in Fiscal 2016 to ₹525.49 million in Fiscal 2017. As a percentage of our total revenue, our purchase of stock-in-trade was 2.42% in Fiscal 2017 as compared to 3.89% in Fiscal 2016.

Changes in inventories of Finished Goods, Work-in-Process and Stock-in-Trade

There was a net increase in the inventories of finished goods, work-in-process and stock-in-trade aggregating to ₹417.70 million as of the financial year ended March 31, 2017, as compared to a net decrease in the inventories of finished goods, work-in-process and stock-in-trade aggregating to ₹143.93 million as of the financial year ended March 31, 2016.

Employee Benefits Expenses

Employee benefit expense decreased by 0.73% from ₹1,446.17 million in Fiscal 2016 to ₹1,435.56 million in Fiscal 2017. The aforesaid decrease was primarily on account of a decrease in salaries, wages and allowances, which was partially offset by an increase in contribution to provident and other funds. Employee benefit expense as a percentage of our total revenue was 8.00% in Fiscal 2016 as compared to 6.61% in Fiscal 2017.

Salaries, wages and allowances decreased by 1.98% from ₹1,235.13 million in Fiscal 2016 to ₹1,210.69 million in Fiscal 2017, while workmen and staff welfare expenses decreased marginally from ₹118.62 million in Fiscal 2016 to ₹117.02 million in Fiscal 2017. Contribution to provident and other funds increased by 16.70% from ₹92.42 million in Fiscal 2016 to ₹107.85 million in Fiscal 2017.

Depreciation and amortization expenses

Depreciation and amortization expenses increased by 6.90% from ₹452.26 million in Fiscal 2016 to ₹483.45 million in Fiscal 2017. As a percentage of our total revenue, depreciation and amortization expenses were 2.50% in Fiscal 2016 as compared to 2.23% in Fiscal 2017.

Finance Cost

Finance costs decreased by 17.69% from ₹308.77 million in Fiscal 2016 to ₹254.16 million in Fiscal 2017, primarily as a result of a decrease in interest expense, from ₹243.03 million in Fiscal 2016 to ₹208.95 million in Fiscal 2017. Our finance cost as a percentage of our total revenue was 1.17% in Fiscal 2017 as compared to 1.71% in Fiscal 2016.

Other expenses

There was a marginal increase in other expenses, from ₹2,245.14 million in Fiscal 2016 to ₹2,248.29 million in Fiscal 2017, primarily on account of the increase in consumption of stores and spare parts, power and fuel, water charges, rent, discount and commission on sales, CSR expenditure, donations, directors' sitting fees, provisions for doubtful advances, commission to non-executive directors, bank charges, royalty and miscellaneous expenses. Our other expenses as a percentage of our total revenue reduced from 12.41% in Fiscal 2016 to 10.35% in Fiscal 2017.

Profit before Tax

As a result of the foregoing, our profit before tax increased by 24.96% from ₹1,634.88 million in Fiscal 2016 to ₹2,042.87 million in Fiscal 2017.

Tax Expenses

Tax expenses incurred decreased by 4.59% from ₹607.70 million in Fiscal 2016 to ₹579.81 million in Fiscal 2017.

Profit after Tax, as restated

Our profit after tax, as restated, increased by 42.43% from ₹1,027.18 million in Fiscal 2016 to ₹1,463.06 million in Fiscal 2017. This was driven significantly by ₹273.39 million in profit after tax registered by Galaxy Chemicals Egypt S.A.E. in Fiscal 2017.

Fiscal 2016 compared to Fiscal 2015

Revenue

The Company's total revenue decreased by 3.59% from ₹18,760.26 million in Fiscal 2015 to ₹18,087.55 million in Fiscal 2016. This decrease was primarily on account of a decrease in revenue from operations, which was driven by an unprecedented fall in raw material prices.

While our revenues within India reduced by 16.29% from ₹7,460.42 million in Fiscal 2015 to ₹6,244.98 million in Fiscal 2016, our revenues outside India grew by 2.13% from ₹11,982.55 million in Fiscal 2015 to ₹12,237.84 million in Fiscal 2016. International revenues constituted 65.39% of our gross sale of products in Fiscal 2016, as compared to 61.25% of our gross sale of products in Fiscal 2015.

Revenue from Operations

The net revenue from operations decreased by 3.84% from ₹18,739.36 million in Fiscal 2015 to ₹18,019.11 million in Fiscal 2016.

In Fiscal 2016, our revenues from the sale of products (gross) were ₹18,715.20 million, which represented a decrease of 4.34% from ₹19,564.45 million in revenues from the sale of products (gross) in Fiscal 2015. This decrease was a result of decline in key feedstock prices in Fiscal 2016. However, there was an increase in export incentives, from ₹106.98 million in Fiscal 2015 to ₹223.02 million in Fiscal 2016, representing an increase of 108.47%.

Other income

Our other income increased by 227.46% from ₹20.90 million in Fiscal 2015 to ₹68.44 million in Fiscal 2016, primarily on account of the increase in miscellaneous income, interest income and foreign exchange differences (net). Miscellaneous income grew by 427.03% from ₹3.70 million in Fiscal 2015 to ₹19.50 million in Fiscal 2016 while interest income on term deposits and others grew by 53.62% from ₹11.06 million in Fiscal 2015 to ₹16.99 million in Fiscal 2016.

Expenditure

Our total expenses decreased by 6.72% from ₹17,637.36 million in Fiscal 2015 to ₹16,452.67 million in Fiscal 2016. This was primarily driven by the decrease in cost of materials consumed, purchase of stock-in-trade and other expenses. However, total expenses as a percentage of our total revenue, decreased significantly from 94.01% in Fiscal 2015 to 90.96% in Fiscal 2016.

Cost of materials consumed

The cost of materials consumed decreased by 11.01% from ₹12,532.98 million in Fiscal 2015 to ₹11,153.65 million in Fiscal 2016. Our cost of materials consumed as a percentage of our total revenue was 66.81% in Fiscal 2015 as compared to 61.66% in Fiscal 2016.

Purchase of Stock-in-Trade

There was a 6.42% decrease in purchase of stock-in-trade, from ₹ 751.00 million in Fiscal 2015 to ₹ 702.75 million in Fiscal 2016. As a percentage of our total revenue, our purchase of stock-in-trade was 4.00% in Fiscal 2015 as compared to 3.89% in Fiscal 2016.

Changes in inventories of Finished Goods, Work-in-Process and Stock-in-Trade

There was a net decrease in the inventories of finished goods, work-in-process and stock-in-trade aggregating to ₹ 143.93 million as of the financial year ended March 31, 2016, as compared to a net increase in the inventories of finished goods, work-in-process and stock-in-trade aggregating to ₹ 50.17 million as of the financial year ended March 31, 2015.

Employee Benefits Expenses

Employee benefit expense increased by 12.62% from ₹ 1,284.06 million in Fiscal 2015 to ₹ 1,446.17 million in Fiscal 2016. The aforesaid increase was driven by the increase in salaries, wages and allowances.

Salaries, wages and allowances increased by 14.36% from ₹ 1,080.02 million in Fiscal 2015 to ₹ 1,235.13 million in Fiscal 2016, while workmen and staff welfare expenses increased by 15.52% from ₹ 102.68 million in Fiscal 2015 to ₹ 118.62 million in Fiscal 2016. Contribution to provident and other funds decreased by 8.82% from ₹ 101.36 million in Fiscal 2015 to ₹ 92.42 million in Fiscal 2016.

Depreciation and amortization expenses

Depreciation and amortization expenses increased by 0.33% from ₹ 450.76 million in Fiscal 2015 to ₹ 452.26 million in Fiscal 2016.

Finance Cost

Finance costs decreased by 10.21% from ₹ 343.89 million in Fiscal 2015 to ₹ 308.77 million in Fiscal 2016 on account of a decrease in interest expense. Interest expense decreased by 13.98% from ₹ 282.53 million in Fiscal 2015 to ₹ 243.03 million in Fiscal 2016. Our finance cost as a percentage of our total revenue was 1.83% in Fiscal 2015 as compared to 1.71% in Fiscal 2016.

Other expenses

Other expenses decreased by 3.43% from ₹ 2,324.84 million in Fiscal 2015 to ₹ 2,245.14 million in Fiscal 2016, primarily on account of decrease in Foreign exchange loss, registration cost for REACH, and freight and forwarding expenses. Our other expenses as a percentage of our total revenue were 12.39% in Fiscal 2015 as compared to 12.41% in Fiscal 2016.

Profit before Tax

Based on the foregoing, our profit before tax increased by 45.59% from ₹ 1,122.90 million in Fiscal 2015 to ₹ 1,634.88 million in Fiscal 2016.

Tax Expenses

Tax expenses incurred increased by 35.54% from ₹ 448.34 million in Fiscal 2015 to ₹ 607.70 million in Fiscal 2016.

Profit after Tax, as restated

Our profit after tax, as restated, increased by 52.27% from ₹ 674.56 million in Fiscal 2015 to ₹ 1,027.18 million in Fiscal 2016, which represents our ability to maintain our margins despite the aforesaid decrease in revenue from operations.

Liquidity and Capital Resources

Historically, our primary liquidity requirements have been to finance our working capital needs, loan repayments, and our capital expenditures. To fund these requirements we have relied on short-term and long-term borrowings and cash flows from operations. Our business requires a significant amount of working capital. We expect to meet our working capital requirements for Fiscal 2018 primarily from our internal accruals and bank finance, as may be required.

Quantitative and Qualitative Disclosures about Market Risk

We are exposed to various types of market risks during the normal course of business. Market risk is the risk of loss related to adverse changes in market prices, including interest rate risk and commodity risk. We are exposed to commodity risk, liquidity risk, credit risk and inflation risk and in the normal course of our business.

Commodity Risk

We are exposed to the price risk associated with purchasing our raw materials, which form the highest component of our expenses. We typically do not enter into formal arrangements with our vendors. Therefore, fluctuations in the price and availability of raw materials may affect our business and results of operations. We do not currently engage in any hedging activities against commodity price risk.

Foreign Exchange Risk

We are exposed to exchange rate risk as a significant portion of our revenues and expenditure are denominated in foreign currencies. We import certain of our raw materials, the price of which we are required to pay in foreign currency, which is mostly the U.S. Dollar or Euro. Products that we export are paid for in foreign currency, which together with our geographical footprint, acts as a natural hedge. Any appreciation in the value of the Rupee against U.S. dollar, Euro or other foreign currencies would decrease the realization of Rupee value of our products. The exchange rate between the Rupee and each of the U.S. dollar and Euro has changed substantially in recent years and may continue to fluctuate significantly in the future. Adverse movements in foreign exchange rates may adversely affect our results of operations and financial condition.

Liquidity Risk

Liquidity risk is the risk that we will encounter difficulties in meeting the obligations associated with our financial liabilities that are settled by delivering cash or another financial asset. Our approach to managing liquidity is to ensure, as far as possible, that we will have sufficient liquidity to meet our liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to our reputation.

Credit Risk

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. We are exposed to credit risk from our operating activities, primarily from trade receivables. We typically have credit terms of 0 days to 120 days with our customers. As of September 30, 2017 and March 31, 2017, 2016 and 2015, our trade receivables were ₹ 3,826.70 million, ₹ 3,462.83 million, ₹ 2,501.88 million and ₹ 2,212.66 million, respectively.

Interest Rate Risk

Interest rates for borrowings have been volatile in India in recent periods. Our operations are funded to a certain extent by borrowings and increases in interest expense may have an adverse effect on our results of operations and financial condition. Our current loan facilities carry interest at variable rates as well as fixed rates. Increases in interest rates would increase interest expenses relating to our outstanding floating rate borrowings and increase the cost of new debt. In addition, an increase in interest rates may adversely affect our ability to service term loans and to finance development of new projects, all of which in turn may adversely affect our results of operations. We do not have a policy to enter into hedging arrangements against interest rate fluctuations.

Inflation

In recent years, India has experienced relatively high rates of inflation. While we believe inflation has not had any material impact on our business and results of operations, inflation generally impacts the overall economy and business environment and hence could affect us.

Related Party Transactions

We enter into various transactions with related parties in the ordinary course of business. For further information relating to our related party transactions, see “*Related Party Transactions*” on page 194.

Changes in Accounting Policies

There have been no changes in accounting policies during the preceding five fiscal years.

Off-Balance Sheet Arrangements

Except as disclosed in this Red Herring Prospectus, we do not have any material off-balance sheet arrangements, derivative instruments, swap transactions or relationships with unconsolidated entities or financial partnerships established or contemplated for the purpose of facilitating off-balance sheet transactions.

Unusual or Infrequent Events or Transactions

Except as described in sections “*Risk Factors*” and “*Our Business*”, on pages 15 and 123, respectively, to our knowledge, there have been no events or transactions to our knowledge which may be described as “unusual” or “infrequent”

Significant Economic Changes that Materially affect or are likely to affect Income from Continuing Operations

Our business has been subject, and we expect it to continue to be subject, to significant economic changes that materially affect or are likely to affect income from continuing operations identified above in “*Management’s Discussion and Analysis of Financial Condition and Results of Operations – Significant Factors Affecting our Results of Operations and Financial Condition*” and the uncertainties described in the section titled “*Risk Factors*” on pages 292 and 15, respectively.

Future Relationship between Cost and Income

Except as described in the sections titled “*Risk Factors*”, “*Our Business*” and this section, to the best of our knowledge there are no known factors that might affect the future relationship between cost and revenue.

Known Trends or Uncertainties

Our business has been affected and we expect that it will continue to be affected by the trends identified above in “– *Significant Factors Affecting our Results of Operations and Financial Condition*” and the uncertainties described in the section “*Risk Factors*” on pages 292 and 15, respectively. To our knowledge, except as described in this Red Herring Prospectus, there are no known trends or uncertainties that we expect to have a material adverse impact on our results of operations.

Segment Reporting

We are engaged in the manufacture of speciality chemicals, which is considered as the only business segment.

Publicly Announced New Products or Business Segments / Material increases in Revenue due to Increased Disbursements and Introduction of New Products

We have not publicly announced any new products or business segments nor have there been any material increases in our revenues due to increased disbursements and introduction of new products.

Seasonality of Business

We do not believe our business to be seasonal.

Significant Dependence on Single or Few Customers

We currently generate a significant portion of our revenues from limited number of major customers. For the six months ended September 30, 2017 and the Fiscals 2017, 2016 and 2015, our top ten customers contributed ₹ 6,977.65 million, ₹ 11,833.64 million, ₹ 9,642.79 million and ₹ 11,252.47 million, or 58.51%, 54.75%, 53.51% and 60.05% of our total revenues from operations, respectively. Further, we currently do not have long-term contractual arrangements with most of our significant customers, and conduct business with them on the basis of purchase orders that are placed from time to time. Our reliance on a select group of customers may constrain our ability to negotiate our arrangements, which may have an impact on our profit margins and financial performance. Any loss of one or more of such customer or a reduction in the demand for our products could adversely impact our revenues.

Competitive Conditions

We operate in a competitive environment. For further details, please refer to the discussions regarding our competition in sections titled “*Risk Factors*”, “*Forward Looking Statements*” and “*Our Business*”.

Significant Developments That May Affect our Future Results of Operations

In the opinion of our Board, except as disclosed in this Red Herring Prospectus, no circumstances have arisen since September 30, 2017, which materially affect or are likely to affect, the trading and profitability of our Company, or the value of our assets or our ability to pay material liabilities within the next 12 months.

- 2. STATEMENT OF RECONCILIATION OF PROFIT AFTER TAX AND EQUITY, ON A CONSOLIDATED BASIS, BETWEEN IND AS AND INDIAN GAAP FOR THE FISCAL 2017**

STATEMENT OF RECONCILIATION OF PROFIT AFTER TAX AND EQUITY, ON A STANDALONE BASIS, BETWEEN IND AS AND INDIAN GAAP FOR THE YEAR FISCAL 2017

- (i) "Ind AS 101 (First-time Adoption of Indian Accounting Standards) provides a suitable starting point for accounting in accordance with Ind AS and is required to be mandatorily followed by first-time adopters. The Company has prepared the Opening Balance Sheet as per Ind AS of April 1, 2016 (the transition date) by:
- recognising all assets and liabilities whose recognition is required by Ind AS,
 - not recognising items of assets or liabilities which are not permitted by Ind AS,
 - reclassifying items from previous Generally Accepted Accounting Principles (GAAP) to Ind AS required under Ind AS, and
 - applying Ind AS in measurement of recognised assets and liabilities"
- (ii) **A. Reconciliation of total comprehensive income for the year ended March 31, 2017 is summarised as follows:**

(₹ in million)

Particulars	Notes	For the year ended 31st March, 2017
Profit after tax as reported under previous GAAP		1,038.44
Impact of depreciation on decapitalisation of difference in exchange	(iii)b	1.20
Impact of measuring investments at Fair Value through Profit or Loss (FVTPL)	(iii)c	212.43
Reclassification of actuarial gains / (losses) arising in respect of employee benefit schemes to Other Comprehensive income (OCI)	(iv)a	30.45
Impact of measuring Long Term Borrowings at amortised cost	(iv)b	(8.09)
Tax Adjustments		(81.67)
Profit after tax as reported under IND AS		1,192.76

B. Reconciliation of total equity as reported under previous GAAP is summarised as follows :

(₹ in million)

Particulars	Notes	As at April 1, 2016 (date of transition)
Equity as reported under previous GAAP		4,817.92
Impact of depreciation on decapitalisation of difference in exchange	(iii)b	(15.46)
Impact of measuring investments at Fair Value through Profit or loss (FVTPL) or OCI	(iii)c	(228.63)
Impact of measuring Long Term Borrowings at amortised cost	(iv)b	28.52
Tax Adjustments		74.60
Equity as reported under IND AS		4,676.95

Notes:

- (iii) **Ind AS 101 mandates certain exceptions and allows first-time adopters exemptions from the retrospective application of certain requirements under Ind AS. The Company has applied the following exemptions in the financial statements:**
- Ind AS 103 (Business Combinations) has not been applied retrospectively to business combinations that occurred prior to 1st April, 2016. Use of this exemption means that in the opening Balance Sheet, goodwill/ capital reserve and other assets and liabilities acquired in previous business combinations remain at the previous GAAP carrying values.
 - Property, plant and equipment and intangible assets were carried in the Balance Sheet at cost prepared in accordance with previous GAAP on March 31, 2016. Under Ind AS, the Company has elected to apply IND AS 16 - Property, Plant and Equipment retrospectively at the date of transition.

- c. Under previous GAAP, investment in subsidiaries were stated at cost and provisions made to recognise the decline, other than temporary. Under Ind AS, the Company has considered their previous GAAP carrying amount as their deemed cost. Under IND AS, financial assets in equity instruments (other than those in subsidiaries) and preference instruments have been classified as fair value through profit and loss at the time of transition.
 - d. The Company has applied Appendix C of Ind AS 17 (Leases) – ‘Determining whether an Arrangement contains a Lease’ to determine whether an arrangement existing at the transition date contains a lease on the basis of facts and circumstances existing at that date.
 - e. Under previous GAAP, interest free sales tax deferment loan was carried at cost. Under Ind AS, such interest free loans have been carried at previous GAAP amount at the date of transition.
- (iv) In addition to the above, the principal adjustments made by the Company in restating its previous GAAP financial statements, including the Balance Sheet as at April 1, 2016 and the financial statements as at and for the year ended March 31, 2017 are detailed below:**
- a. Under previous GAAP, actuarial gains and losses related to the defined benefit schemes for gratuity and pension plans and liabilities towards employee leave encashment were recognised in profit or loss. Under Ind AS, the actuarial gains and losses form part of remeasurement of the net defined benefit liability/asset which is recognised in OCI. Consequently, the tax effect of the same has also been recognised in OCI instead of profit or loss.
 - b. Under Ind AS Loan processing fees / transaction costs are considered for calculating effective interest rate. The impact for the periods subsequent to the date of transition is reflected in the Statement of Profit and Loss.

STATEMENT OF RECONCILIATION OF PROFIT AFTER TAX AND EQUITY, ON A CONSOLIDATED BASIS, BETWEEN IND AS AND INDIAN GAAP FOR THE YEAR FISCAL 2017

 - c. Under previous GAAP, the Company accumulated exchange differences arising on monetary items that, in substance, formed part of Company's net investment in non-integral foreign operations in a foreign currency translation reserve. Such balances are to be recognised in the Statement of Profit and Loss on disposal of the net investment. Ind AS allows an entity an option to reset the cumulative translation differences arising on monetary items that exist as of the transition date to zero. The Company has elected to reset the foreign exchange translation reserve to zero.
 - d. Under previous GAAP, investment in subsidiaries were stated at cost and provisions made to recognise the decline, other than temporary. Under Ind AS, the Company has considered their previous GAAP carrying amount as their deemed cost. Under IND AS, financial assets in equity instruments (other than those in subsidiaries) and preference instruments have been classified as fair value through profit and loss at the time of transition.

** Company has availed unsecured loans under sales tax deferral scheme aggregating to an amount of ₹ 72.46 million, under Package Scheme of Incentives of 1988 and 1993. The aggregate outstanding as on September 30, 2017 is ₹ 15.93 million.

*** The working capital limits are utilisable only to the extent of the drawing power, as calculated from time to time, as has been agreed with the lenders.

**** Non fund based limits includes limit of letter of credit, stand by letter of credit, buyer's credit and bank guarantees. Some of the limits are fungible between non fund based and fund based facilities.

Note: On October 25, 2017, our Subsidiary, Galaxy Chemicals (Egypt) SAE has signed an additional unsecured working capital agreement for availing of working capital facilities from Qatar National Bank for an amount of US\$ 1 million.

A. Principal terms of the borrowings availed by us:

- Interest:** In terms of the loans availed by us, the interest rate is either the base rate or the benchmark currency rate of a specified lender and spread per annum, subject to a minimum interest rate or at rates which are mutually decided between the lender and us at the time of disbursement. The spread varies among different loans. The interest rate on rupee term borrowings ranges from 8.45% to 12.50% per annum and for the loan taken in USD, the interest ranges from libor plus 1.90% to libor plus 3.60% per annum. The interest rates for working capital facilities ranges from 7.90% to 14% per annum in case of rupee borrowings and libor plus 1% to libor plus 4% in case of loan taken in USD. In case of bank guarantees and letters of credits, we are required to pay commission to the lenders.

2. **Tenor:** The tenor of working capital facilities typically ranges from one month to one year and for term loan facilities, from one year to eight years.
3. **Security:** In terms of our borrowings where security needs to be created, we are typically required to provide any or all of the following as security:
- a) Create *pari passu* charge by way of hypothecation of current assets, present and future, owned by us;
 - b) Create *pari passu* charge on hypothecation of movable fixed assets, present and future, owned by us;
 - c) Create *pari passu* charge on mortgage of various immoveable properties, owned by us;
 - d) execute a demand promissory note and letter of continuity;
 - e) execute a corporate guarantee;
 - f) naming of lenders as loss payee in our insurance policies;
 - g) execute an additional guarantee and/or security if the bank(s) are of the opinion that the existing security is not sufficient and/or the existing guarantor are or will be unable to perform their obligations in full under the guarantee.
 - h) endorse all risk insurance policies covering terrorism, sabotage, strikes, riots, civil commotion and malicious damage.

This is an indicative list and there may be additional requirements for creation of security under the various borrowing arrangements entered into by us.

4. **Repayment:** Working capital facilities are typically repayable on a maturity date and/or on demand. The repayment schedule for our term loans generally include equal monthly, quarterly or half yearly instalments.
5. **Prepayment:** The loans availed by our Company typically have prepayment provisions which allows for prepayment of the outstanding loan amount at any given point in time and in certain cases requires prior notice or permission of the bank. Prepayment of loans may be subject to prepayment penalties or break costs as may be decided by the lender at the time of prepayment. Typically, the prepayment penalty is 2% on the amount being prepaid or on the outstanding amount or on the sanctioned limit of fund based working capital; limits at the time of prepayment if the prepayment is not from the cash generated from the business or from own funds.
6. **Penalty:** Our Company is required to pay penalties or enhanced rates of interest on the facilities typically extending up to 3% p.a. over and above the normal rate or a prescribed amount on the occurrence of certain events including but not limited to the event of non-payment of outstanding dues, unsatisfactory conduct of account, non-adherence to covenants, delay in creation of charge, breach of any conditions of the agreement, non/late submission of data and statements to the bank, account remaining overdrawn and diversion of funds etc.
7. **Covenants:** The borrowing arrangements entered into by our Company typically contain certain covenants to be fulfilled by our Company, including:
- a) submission of, among other things, audited accounts and such other statement or statements or information pertaining to the other operations or business of the borrower as the banks may require in the context of the loan facilities;
 - b) refraining from effecting any lien, alienation, sale, transfer, mortgage, charge, assignment or deal, or creating any charge or encumbrance over the security tendered to the bank, or doing any other act which may prejudice the bank's security or interest;
 - c) informing the bank about any material adverse event (or any event which is likely to result in a material adverse change) affecting the condition of the borrower or its subsidiaries, including but not limited to litigation and disputes with Government/ regulatory bodies;
 - d) compliance of the financial covenants including in relation to maintenance of current ratio, debt-service coverage ratio, maximum external debt/EBITDA, fixed asset coverage ratio and maximum external gearing;

- e) utilization of the loans only for the specific purposes for which they have been granted, with no diversion of these funds for investments or for financing group/related companies;
- f) maintaining the promoter group shareholding at a minimum of 51% in the company at all times until the continuation of the facility;
- g) refraining from entering into any transaction except in the ordinary course of business on the basis of arm's length arrangements;
- h) promptly notifying the lender upon the occurrence of an event of default or potential event of default, specifying the nature of that event of default or potential event of default and any steps the Company is taking to remedy it;
- i) our Company cannot, without the prior approval of the lender, among other things, (i) effect any change in its capital structure or shareholding pattern; (ii) enter into a scheme of expansion, merger, demerger, consolidation, re-organisation, scheme of arrangement or compromise between our Company and its creditors or shareholders or if our Company effects any scheme of amalgamation or reconstruction; (iii) divert funds for purposes other than the sanctioned purpose; (iv) change our management structure or control of our Company; (v) make investments/advances or deposit amounts with any concern; (vi) declare dividends or distribute profits except where the installments of principal and interest payable to a particular lender is being paid regularly and there are no irregularities in relation thereto; (vii) undertake guarantee obligation on behalf of any third party or any other company; (viii) create or permit to subsist any security interest over all or any of its present or future property or assets charged in favour of the lender; (ix) create any subsidiary or permit any company to become its subsidiary; (x) revalue its assets at any time during the currency of the loan facilities; and (xi) carry out any alterations to its Memorandum and Articles of Association.

8. **Events of Default:** Borrowing arrangements entered into by our Company contain standard events of default, including:

- a) change in capital structure or shareholding pattern of the borrower without prior permission of the lender;
- b) violation of any term of the relevant agreement or any other borrowing agreement entered into by the Company with the lender;
- c) any merger, consolidation, re-organisation, scheme of arrangement or compromise between the Company and its creditors or shareholders or if the Company effects any scheme of amalgamation or reconstruction without prior approval of the lender;
- d) change in management or control of the Company, reduction in promoter shareholding without prior approval of the lender;
- e) cross defaults;
- f) material change to the nature or conduct of business, ceasing to carry on its business or giving notice of its intention to do so without prior approval of the lender;
- g) non-payment of instalment/interest within stipulated time;
- h) diversion of funds for purposes other than the sanctioned purpose;
- i) change or amendment to the constitutional documents without the prior approval of the lender;
- j) failure to furnish any financial information or document required by the bank; and
- k) occurrence of any compulsory acquisition, nationalization or expropriation of a substantial part of the assets of the borrower.

This is an indicative list and there may be additional terms and conditions that may amount to an event of default under the various borrowing arrangements entered into by us.

Our Company is required to ensure that the aforementioned events of default and other events of default, as specified under the various binding documents and agreements entered into by our Company for the purpose of availing of loans, are not triggered.

Except as mentioned below, there have been no criminal proceedings against our Directors.

There is an outstanding criminal litigation involving Mr. Unnathan Shekhar, our Managing Director, which has been initiated by Directorate of Revenue Intelligence, Ahmedabad (DRI – Ahmedabad) (“Complainant”). The criminal litigation relates to allegations made by the Complainant that Dimethyl Lauryl Amine (“DMLA”) as imported by our Company has been willfully mis-classified by our Company under Chapter 29 instead of Chapter 34 of the Customs Tariff Act, 1975 resulting in short levy of custom duty on our Company of approximately ₹50 million during the period from 2012 to 2017 (“Allegation”).

In relation to this, two summons were issued by the Complainant bearing No 121/6022 and No 121/6024 dated January 27, 2017 and February 22, 2017, respectively to record statements of our Managing Director - Mr. Unnathan Shekhar, under Section 108 of the Customs Act, 1962. While our Managing Director appeared before DRI Ahmedabad in relation to summons bearing No. 121/6022, however in relation to summon bearing No. 121/6024 our Managing Director - Mr. Unnathan Shekhar, did not appear and replied vide his letter dated February 28, 2017 clarifying the reasons for not being present. As a result of this, the Complainant filed a complaint dated March 10, 2017 under section 174 of the Indian Penal Code, 1860 read with Section 108 of the Customs Act, 1962 against our Managing Director Mr. Unnathan Shekhar, before the Additional Chief Metropolitan Magistrate, Ahmedabad (“**Magistrate**”) bearing criminal case number 15551/2017, in which a fine of ₹ 500 has been levied by way of an order dated December 16, 2017. Our Company is in process of filing an appeal against the said order.

The Complainant also issued a memo dated March 21, 2017 under Section 104 of the Customs Act, 1962 against Mr. Unnathan Shekhar in relation to the Allegation. Our Managing Director Mr. Unnathan Shekhar then filed an application dated March 22, 2017 bearing criminal application number 2568/2017 before the Magistrate under section 437 of the Code of Criminal Procedure, 1973. The Magistrate has approved the above mentioned application of our Managing Director Mr. Unnathan Shekhar which is subject to certain terms and conditions after taking cognizance that our company has under protest deposited ₹50 million towards the alleged customs duty paid by way of a demand draft in favour of Commissioner of Customs, Ahmedabad. The said matter is currently pending.

All grievances of the Anchor Investors may be addressed to the Registrar to the Offer, giving full details such as name of the sole or first Bidder, Anchor Investor Application Form number, Bidder DP ID, Client ID, PAN, date of the Anchor Investor Application Form, address of the Bidder, number of Equity Shares applied for, Bid Amount paid on submission of the Anchor Investor Application Form and the name and address of the BRLM where the Anchor Investor Application Form was submitted by the Anchor Investor.

The agreement between the Registrar to the Offer, our Company, and the Selling Shareholders dated November 9, 2017 provides for retention of records, including refund orders dispatched to the Bidders, with the Registrar to the Offer for a period of at least three years from the date of commencement of trading of the Equity Shares, to enable the investors to approach the Registrar to the Offer for redressal of their grievances.

Investors can contact our Company Secretary and Compliance Officer or the Registrar to the Offer in case of any pre-Offer or post-Offer related problems such as non-receipt of letters of Allotment, non-credit of Allotted Equity Shares in the respective beneficiary account, non-receipt of refund intimations and non-receipt of funds by electronic mode.

The Registrar to the Offer shall obtain the required information from the SCSBs for addressing any clarifications or grievances of ASBA Bidders. Our Company, the BRLMs and the Registrar to the Offer accept no responsibility for errors, omissions, commission or any acts of SCSBs including any defaults in complying with its obligations under SEBI Regulations.

Disposal of Investor Grievances by our Company

Our Company estimates that the average time required by our Company or the Registrar to the Offer or the SCSB, for the redressal of routine investor grievances shall be 10 Working Days from the date of receipt of the complaint. In case of non-routine complaints and complaints where external agencies are involved, our Company will seek to redress these complaints as expeditiously as possible.

As on the date of this Red Herring Prospectus, there are no pending investor complaints against our Company. Our Company has not received any investor complaints in the three years preceding the date of the Draft Red Herring Prospectus.

The Board of Directors of the Company has constituted a Stakeholders' Relationship Committee comprising Mr. Melarkode Ganesan Parameswaran, Mr. Gopalkrishnan Ramakrishnan and Mr. Kasargod Ganesh Kamath. For details, please see "*Our Management – Committee of the Board in accordance with the SEBI Listing Regulations – Stakeholders' Relationship Committee*" on page 174. Our Company has also appointed Mr. Niranjana Ketkar as

the Compliance Officer for the Offer. For details, please see “*General Information – Company Secretary and Compliance Officer*” on page 71.

Disposal of Investor Grievances by listed companies under the same management within the meaning of Section 370(1B) of the Companies Act, 1956

There are no listed companies under the same management within the meaning of Section 370(1B) of the Companies Act, 1956.

SECTION VII: OFFER INFORMATION

TERMS OF THE OFFER

The Equity Shares being issued pursuant to this Offer shall be subject to the provisions of the Companies Act, SEBI Regulations, SCRA, SCRR, the Memorandum and Articles of Association, the terms of this Red Herring Prospectus, the Prospectus, the Abridged Prospectus, Bid cum Application Form, the Revision Form, the CAN/Allotment Advice and other terms and conditions as may be incorporated in the Allotment Advices and other documents/certificates that may be executed in respect of the Offer. The Equity Shares shall also be subject to laws as applicable, guidelines, rules, notifications and regulations relating to the issue of capital and listing and trading of securities issued from time to time by SEBI, the Government of India, the Stock Exchange, the RBI, RoC and/or other authorities, as in force on the date of the Offer and to the extent applicable or such other conditions as may be prescribed by the SEBI, the RBI, the Government of India, the Stock Exchanges, the RoC and/or any other authorities while granting its approval for the Offer.

Offer for Sale

Upon completion of the Offer, all expenses with respect to the Offer, excluding listing fees payable to the Stock Exchanges where the Equity Shares are proposed to be listed which will be borne by Company, will be shared among the Selling Shareholders, in proportion to the Equity Shares being offered by each of them in the Offer.

Any payments by our Company in relation to the Offer shall be on behalf of the Selling Shareholders and such payments will be reimbursed by the Selling Shareholders to our Company in proportion to the Equity Shares being offered for sale in the Offer.

Ranking of the Equity Shares

The Equity Shares being issued pursuant to the Offer shall be subject to the provisions of the Companies Act, the MoA and AoA and shall rank *pari-passu* in all respects with the existing Equity Shares including in respect of the right to receive dividend. For details, please see “*Main Provisions of Articles of Association*” on page 403.

Mode of Payment of Dividend

Our Company shall pay dividends, if declared, to the Shareholders in accordance with the provisions of Companies Act, the Memorandum and Articles of Association and provisions of the SEBI Listing Regulations. For further details, in relation to dividends, please see “*Dividend Policy*” and “*Main Provisions of the Articles of Association*” on pages 195 and 403, respectively. The Allottees upon Allotment of Equity Shares under the Offer, will be entitled to dividend and other corporate benefits, if any, declared by our Company after the date of Allotment.

Face Value and Offer Price

The face value of each Equity Share is ₹10 and the Offer Price at the lower end of the Price Band is ₹[●] per Equity Share and at the higher end of the Price Band is ₹[●] per Equity Share. The Anchor Investor Offer Price is ₹[●] per Equity Share.

The Price Band will be decided by our Company in consultation with the Selling Shareholders’ Committee and the BRLMs, and the minimum Bid Lot will be decided by our Company in consultation with the BRLMs and will be advertised in all editions of Financial Express, all editions of Jansatta and Mumbai edition of the Marathi newspaper Navshakti (which are widely circulated English, Hindi and Marathi newspapers, respectively, Marathi being the regional language of Maharashtra, where our Registered Office is located) along with the relevant financial ratios calculated at the Floor Price and at the Cap Price at least five Working Days prior to the Offer Opening Date. Such information shall also be disclosed to the Stock Exchanges for dissemination through, and shall be pre-filled in the Bid cum Application Forms available on, the Stock Exchanges’ websites.

Compliance with disclosure and accounting norms

Our Company shall comply with all applicable disclosure and accounting norms as specified by SEBI from time to time.

Rights of the Equity Shareholders

Subject to applicable laws, rules, regulations and guidelines and the Articles of Association, our equity Shareholders shall have the following rights:

- Right to receive dividends, if declared;
- Right to attend general meetings and exercise voting rights, unless prohibited by law;
- Right to vote on a poll either in person or by proxy or e-voting, in accordance with the provisions of the Companies Act;
- Right to receive offers for rights shares and be allotted bonus shares, if announced;
- Right to receive surplus on liquidation, subject to any statutory and preferential claim being satisfied;
- Right of free transferability, subject to applicable laws including any RBI rules and regulations; and
- Such other rights, as may be available to a shareholder of a listed public company under the Companies Act, the SEBI Listing Regulations and the Articles of Association of our Company.

For a detailed description of the main provisions of our Articles of Association of our Company relating to voting rights, dividend, forfeiture and lien, transfer, transmission and/or consolidation/splitting, please see “*Main Provisions of Articles of Association*” on page 403.

Market Lot and Trading Lot

Pursuant to Section 29 of the Companies Act, 2013 the Equity Shares shall be allotted only in dematerialised form. As per the SEBI Regulations, the trading of the Equity Shares shall only be in dematerialised form. In this context, two agreements have been signed amongst our Company, the respective Depositories and the Registrar to the Offer:

- Agreement dated October 26, 2009 amongst NSDL, our Company and the Registrar to the Offer;
- Agreement dated October 31, 2009 amongst CDSL, our Company and the Registrar to the Offer.

Since trading of the Equity Shares is in dematerialised form, the tradable lot is one Equity Share. Transfer in this Offer will be only in electronic form in multiples of one Equity Share subject to a minimum Allotment of [●] Equity Shares.

Joint Holders

Where two or more persons are registered as any holders of the Equity Share, they shall be deemed to hold the same as joint tenants with benefits of survivorship.

Jurisdiction

Exclusive jurisdiction for the purpose of this Offer is with the competent courts/authorities in Mumbai, India.

Nomination facility to investors

In accordance with Section 72 of the Companies Act, 2013 the sole Bidder, or the first Bidder along with other joint Bidders, may nominate any one person in whom, in the event of the death of sole Bidder or in case of joint Bidders, death of all the Bidders, as the case may be, the Equity Shares Allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to equity share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale/transfer/alienation of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the

prescribed form available on request at our Registered Office or to the registrar and transfer agents of our Company.

Any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act, 2013 shall upon the production of such evidence as may be required by the Board, elect either:

- a) to register himself or herself as the holder of the Equity Shares; or
- b) to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, our Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of 90 days, our Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Offer will be made only in dematerialized mode there is no need to make a separate nomination with our Company. Nominations registered with respective depository participant of the applicant would prevail. If the investor wants to change the nomination, they are requested to inform their respective depository participant.

Withdrawal of the Offer

Our Company in consultation with the Selling Shareholders' Committee and the BRLMs, reserve the right not to proceed with the Offer after the Offer Opening Date but before the Allotment. In such an event, our Company would issue a public notice in the newspapers in which the pre- Offer advertisements were published, within two days of the Offer Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Offer. The Registrar to the Offer, shall notify the SCSBs to unblock the bank accounts of the ASBA Bidders within one Working Day from the date of receipt of such notification. Our Company shall also inform the same to the Stock Exchanges on which Equity Shares are proposed to be listed.

Notwithstanding the foregoing, this Offer is also subject to obtaining (i) the final listing and trading approvals of the Stock Exchanges, which our Company shall apply for after Allotment, and (ii) the final RoC approval of the Prospectus after it is filed with the RoC. If our Company withdraws the Offer after the Offer Closing Date and thereafter determines that it will proceed with an issue/Offer for Sale of the Equity Shares, our Company shall file a fresh draft red herring prospectus with SEBI.

Offer Programme

OFFER OPENS ON	JANUARY 29, 2018⁽¹⁾
OFFER CLOSSES ON	JANUARY 31, 2018

(1) Our Company may, in consultation with the BRLMs, consider participation by Anchor Investors. The Anchor Investor Offer Period shall be one Working Day prior to the Offer Opening Date in accordance with the SEBI Regulations.

An indicative timetable in respect of the Offer is set out below:

Event	Indicative Date
Offer Closing Date	January 31, 2018
Finalisation of Basis of Allotment with the Designated Stock Exchange	On or about February 5, 2018
Initiation of refunds (if any, for Anchor Investors)/unblocking of funds from ASBA Account	On or about February 6, 2018
Credit of Equity Shares to demat accounts of Allottees	On or about February 7, 2018
Commencement of trading of the Equity Shares on the Stock Exchanges	On or about February 8, 2018

The above timetable, other than the Offer Closing Date, is indicative and does not constitute any obligation on our Company, the Selling Shareholders or the BRLMs.

Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchanges are taken within six Working Days of the Offer Closing Date, the timetable may be extended due to various factors, such as extension of the Offer Period by our Company and the Selling Shareholders' Committee, revision of the Price Band or any delay in receiving the final listing and trading approval from the Stock Exchanges. The commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchanges

and in accordance with the applicable laws. The Selling Shareholders confirm that they shall extend reasonable assistance to our Company and the BRLMs for the completion of the necessary formalities for listing and commencement of trading of the Equity Shares (offered by each such Selling Shareholders in the Offer) on the Stock Exchanges within six Working Days from the Offer Closing Date.

Submission of Bids (other than Bids from Anchor Investors):

Offer Period (except the Offer Closing Date)	
Submission and Revision in Bids	Only between 10.00 a.m. and 5.00 p.m. (Indian Standard Time ("IST"))
Offer Closing Date	
Submission and Revision in Bids	Only between 10.00 a.m. and 3.00 p.m. IST

On the Offer Closing Date, the Bids shall be uploaded until:

- (i) 4.00 p.m. IST in case of Bids by QIBs and Non-Institutional Investors, and
- (ii) until 5.00 p.m. IST or such extended time as permitted by the Stock Exchanges, in case of Bids by Retail Individual Investors.

On Offer Closing Date, extension of time will be granted by Stock Exchanges only for uploading Bids received by Retail Individual Investors after taking into account the total number of Bids received and as reported by the BRLMs to the Stock Exchanges.

It is clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs would be rejected.

Due to limitation of time available for uploading the Bids on the Offer Closing Date, Bidders are advised to submit their Bids one day prior to the Offer Closing Date. Any time mentioned in this Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Bids are received on the Offer Closing Date, some Bids may not get uploaded due to lack of sufficient time. Such Bids that cannot be uploaded will not be considered for allocation under this Offer. Bids will be accepted only during Monday to Friday (excluding any public holiday). None among our Company, Directors, Selling Shareholders or any member of the Syndicate is liable for any failure in uploading the Bids due to faults in any software/hardware system or otherwise.

Our Company in consultation with the Selling Shareholders' Committee and BRLMs, reserves the right to revise the Price Band during the Offer Period. The revision in the Price Band shall not exceed 20% on either side, i.e. the Floor Price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly.

In case of revision in the Price Band, the Offer Period shall be extended for at least three additional Working Days after such revision, subject to the Offer Period not exceeding 10 Working Days. Any revision in Price Band, and the revised Offer Period, if applicable, shall be widely disseminated by notification to the Stock Exchanges, by issuing a press release and also by indicating the change on the terminals of the Syndicate Members.

Minimum Subscription

The requirement of minimum subscription is not applicable to the Offer in accordance with the SEBI Regulations. However, if our Company does not make the minimum Allotment as specified under Rule 19(2)(b) of the SCRR, including devolvement of Underwriters, if any, within 60 days from the date of Offer Closing Date, our Company and the Selling Shareholders shall forthwith refund the entire subscription amount received. If there is a delay beyond the prescribed time, our Company and the Selling Shareholders shall pay the requisite interest as prescribed under applicable law.

Further, our Company and the Selling Shareholders shall ensure that the number of prospective Allottees to whom the Equity Shares will be Allotted shall not be less than 1,000 in compliance with Regulation 26(4) of the SEBI Regulations.

Arrangements for Disposal of Odd Lots

Since our Equity Shares will be traded in dematerialised form only, the market lot for our Equity Shares will be one Equity Share and therefore there are no arrangements for disposal of odd lots.

Restrictions, if any on Transfer and Transmission of Equity Shares

Except for the lock-in of the pre- Offer capital of our Company, Promoters' minimum contribution and the Anchor Investor lock-in as provided in "*Capital Structure*" on page 78 and except as provided in the Articles of Association there are no restrictions on transfer of Equity Shares. Further, there are no restrictions on the transmission of shares/debentures and on their consolidation/splitting, except as provided in the Articles of Association. For details, please see "*Main Provisions of Articles of Association*" on page 403.

Option to Receive Securities in Dematerialized Form

Pursuant to Section 29 of the Companies Act, 2013, the Equity Shares in the Offer shall be allotted only in dematerialised form. Further, as per the SEBI Regulations, the trading of the Equity Shares shall only be in dematerialised form on the Stock Exchanges.

Issuance of refund orders and allotment letters

Pursuant to the outcome of the SEBI board meeting on December 28, 2017 electronic mode has been recognised as a valid method of communicating the allotment advice, credit of shares, unblocking of funds in addition to communication by way of registered post or certificate of posting. Detailed guidelines in this regard are awaited.

OFFER PROCEDURE

All Bidders should review the General Information Document for Investing in Public Issues prepared and issued in accordance with the circular (CIR/CFD/DIL/12/2013) dated October 23, 2013 notified by SEBI ("General Information Document") included below under "Part B – General Information Document for Investing in Public Issues", which highlights the key rules, processes and procedures applicable to public issues in general in accordance with the provisions of the Companies Act, the SCRA, the SCRR and the SEBI Regulations. The General Information Document has been updated to reflect various enactments and regulations, to the extent applicable to a public issue. The General Information Document is also available on the websites of the Stock Exchanges and the BRLMs. Please refer to the relevant portions of the General Information Document which are applicable to the Offer.

Our Company, the Selling Shareholders and the BRLMs do not accept any responsibility for the completeness and accuracy of the information stated in this section and are not liable for any amendment, modification or change in the applicable law which may occur after the date of this Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that their Bids are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of the Equity Shares that can be held by them under applicable law or as specified in the Draft Red Herring Prospectus, this Red Herring Prospectus and the Prospectus.

PART A

The Offer is being made through the Book Building Process in accordance with Regulation 26(1) of the SEBI Regulations, wherein not more than 50% of the Offer shall be Allotted to QIBs on a proportionate basis, provided that our Company, in consultation with the BRLMs may allocate up to 60% of the QIB Category to Anchor Investors at the Anchor Investor Allocation Price, on a discretionary basis in accordance with the SEBI Regulations, of which one-third shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. In the event of under-subscription or non-allocation in the Anchor Investor Category, the balance Equity Shares shall be added to the QIB Category. Such number of Equity Shares representing 5% of the QIB Category (excluding the Anchor Investor Category) shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the QIB Category shall be available for allocation on a proportionate basis to all QIB Bidders (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Offer Price. However, if the aggregate demand from Mutual Funds is less than 5% of the QIB Category, the balance Equity Shares available for allocation in the Mutual Fund Category will be added to the remaining QIB Category for proportionate allocation to QIBs subject to valid Bids being received at or above the Offer Price. Further, not less than 15% of the Offer shall be available for allocation on a proportionate basis to Non-Institutional Investors and not less than 35% of the Offer shall be available for allocation to Retail Individual Investors in accordance with the SEBI Regulations, subject to valid Bids being received at or above the Offer Price.

Under-subscription, if any, in any category, except in the QIB Category, would be allowed to be met with spill over from any other category or combination of categories, at the discretion of our Company in consultation with the BRLMs and the Designated Stock Exchange.

The Equity Shares, upon Listing, shall be traded only in the dematerialized segment of the Stock Exchanges.

Investors should note that the Offered Shares will be Allotted to all successful Bidders only in dematerialised form. The Bid cum Application Forms which do not have the details of the Bidders' depository account, including DP ID, Client ID and PAN, shall be treated as incomplete and will be rejected. Bidders will not have the option of being Allotted Equity Shares in physical form.

Bid cum Application Form

Copies of the ASBA Form and the abridged prospectus will be available with the Designated Intermediaries at the Bidding Centres, and Registered Office of our Company. An electronic copy of the ASBA Form will also be available for download on the websites of the NSE (www.nseindia.com) and the BSE (www.bseindia.com) at least one day prior to the Offer Opening Date.

All Bidders (other than Anchor Investors) shall mandatorily participate in the Offer only through the ASBA process. ASBA Bidders must provide bank account details and authorisation to block funds in the relevant space provided in the ASBA Form and the ASBA Forms that do not contain such details will be rejected.

ASBA Bidders shall ensure that the Bids are made on ASBA Forms bearing the stamp of the Designated Intermediary, submitted at the Bidding Centres only (except in case of electronic ASBA Forms) and the ASBA Forms not bearing such specified stamp are liable to be rejected.

For Anchor Investors, the Anchor Investor Application Form will be available at the offices of the BRLMs. The prescribed colour of the Bid cum Application Form for the various categories is as follows:

Category	Colour of Bid cum Application Form*
Resident Indians and Eligible NRIs applying on a non-repatriation basis	White
Non-Residents including Eligible NRIs, FPI or FVCIs or FPIs, registered multilateral and bilateral development financial institutions applying on a repatriation basis	Blue
Anchor Investors	White

* Excluding electronic Bid cum Application Form

Designated Intermediaries (other than SCSBs) shall submit/deliver the ASBA Forms to the respective SCSB, where the Bidder has a bank account and shall not submit it to any non-SCSB bank or any Escrow Collection Bank.

Who can Bid?

In addition to the category of Bidders set forth under the section “*Offer Procedure – Part B - General Information Document for Investing in Public Issues – Category of Investors Eligible to Participate in an Issue*” on page 374, any other persons eligible to Bid in the Offer under the applicable laws, rules, regulations, guidelines, and policies are also eligible to invest in the Equity Shares.

Participation by associates and affiliates of the BRLMs and the Syndicate

The BRLMs and the Syndicate Members shall not be allowed to purchase Equity Shares in this Offer in any manner, except towards fulfilling their underwriting obligations. However, the associates and affiliates of the BRLMs and the Syndicate Members may Bid for Equity Shares in the Offer, either in the QIB Category or in the Non-Institutional Category as may be applicable to such Bidders, where the allocation is on a proportionate basis and such subscription may be on their own account or on behalf of their clients. All categories of investors, including associates or affiliates of the BRLMs and Syndicate Members, shall be treated equally for the purpose of allocation to be made on a proportionate basis.

Neither the BRLMs nor any persons related to the BRLMs (other than Mutual Funds sponsored by entities related to the BRLMs), the Syndicate Members, our, Promoters and Promoter Group can apply in the Offer under the Anchor Investor Category.

Bids by Mutual Funds

With respect to Bids by Mutual Funds, a certified copy of their SEBI registration certificate must be lodged along with the ASBA Form. Failing this, our Company reserves the right to reject any Bid without assigning any reason thereof.

Bids made by asset management companies or custodians of Mutual Funds shall specifically state names of the concerned schemes for which such Bids are made.

In case of a Mutual Fund, a separate Bid can be made in respect of each scheme of the Mutual Fund registered with SEBI and such Bids in respect of more than one scheme of the Mutual Fund will not be treated as multiple Bids provided that the Bids clearly indicate the scheme concerned for which the Bid has been made.

No Mutual Fund scheme shall invest more than 10% of its net asset value in the equity shares or equity related instruments of any single company provided that the limit of 10% shall not be applicable for investments in index funds or sector or industry specific schemes. No Mutual Fund under all its schemes should own more than 10% of any company’s paid-up share capital carrying voting rights.

Bids by Anchor Investors

For details in relation to Bids by Anchor Investors, see “*Offer Procedure – Part B – General Information Document for Investing in Public Issues*” on page 371.

Bids by Eligible NRIs

Bids by FPIs

On January 7, 2014, SEBI notified the Securities and Exchange Board of India (Foreign Portfolio Investors) Regulations, 2014 (“**SEBI FPI Regulations**”) pursuant to which the existing classes of portfolio investors, namely, Foreign Institutional Investors and Qualified Foreign Investors were subsumed under a new category namely ‘foreign portfolio investors’ or ‘FPIs’. Furthermore, RBI, on November 7, 2017 issued the FEMA Regulations and laid down conditions and requirements with respect to investment by FPIs in Indian companies.

In terms of the SEBI FPI Regulations, the issue of Equity Shares to a single FPI or an investor group (which means the same set of ultimate beneficial owner(s) investing through multiple entities) is not permitted to exceed 10% of our post-Offer Equity Share capital. Further, in terms of the FEMA Regulations, the total holding by each FPI shall be below 10% of the total paid-up Equity Share capital of our Company and the total holdings of all FPIs put together shall not exceed 24% of the paid-up Equity Share capital of our Company. The aggregate limit of 24% may be increased up to the sectoral cap by way of a resolution passed by our Board followed by a special resolution passed by the Shareholders of our Company and subject to prior intimation to RBI. In terms of the FEMA Regulations, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs shall be included.

FPIs are permitted to participate in the Offer subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

As per the circular issued by SEBI on November 24, 2014, these investment restrictions shall also apply to subscribers of offshore derivative instruments (“**ODIs**”). Two or more subscribers of ODIs having a common beneficial owner shall be considered together as a single subscriber of the ODI. In the event an investor has investments as a FPI and as a subscriber of ODIs, these investment restrictions shall apply on the aggregate of the FPI and ODI investments in our Company.

FPIs are permitted to participate in the Offer subject to compliance with conditions and restrictions which may be specified by the GoI from time to time. FPIs who wish to participate in the Offer are advised to use the Bid cum Application Form for non-residents. FPIs are required to Bid through the ASBA process to participate in the Offer.

An FPI shall issue ODIs only to those subscribers which meet the eligibility criteria as laid down in Regulation 4 of the SEBI FPI Regulations.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 22 of the SEBI FPI Regulations, an FPI, other than Category III FPIs and unregulated broad based funds, which are classified as Category II FPIs by virtue of their investment manager being appropriately regulated, may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it that are listed or proposed to be listed on any recognised stock exchange in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only to persons who are regulated by an appropriate regulatory authority; and (ii) such offshore derivative instruments are issued after

compliance with 'know your client' norms. An FPI is also required to ensure that no further issue or transfer of any offshore derivative instrument is made by or on behalf of it to any persons that are not regulated by an appropriate foreign regulatory authority.

An FPI is also required to ensure that any transfer of ODIs is made by, or on behalf of it subject to the following conditions:

- (a) such ODIs are transferred to persons subject to fulfilment of SEBI FPI Regulations; and
- (b) prior consent of the FPI is obtained for such transfer, except when the persons to whom the ODIs are to be transferred to are pre-approved by the FPI.

Bids by SEBI registered VCFs, AIFs and FVCIs

The SEBI FVCI Regulations and the SEBI AIF Regulations *inter-alia* prescribe the investment restrictions on VCFs, FVCIs and AIFs registered with SEBI.

The holding by any individual VCF or FVCI registered with SEBI in one venture capital undertaking should not exceed 25% of the corpus of the VCF or FVCI. Further, VCFs and FVCIs can invest only up to 33.33% of the investible funds by way of subscription to an initial public offering.

The category I and II AIFs cannot invest more than 25% of the corpus in one investee company. A category III AIF cannot invest more than 10% of the corpus in one investee company. A venture capital fund registered as a category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its corpus by way of subscription to an initial public offering of a venture capital undertaking. Additionally, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the VCF Regulation until the existing fund or scheme managed by the fund is wound up.

For details of compliance with the eligibility requirements by the Issuer, Bidders/Applicants may refer to the RHP/Prospectus.

Other Eligibility Requirements:

In addition to the eligibility requirements specified in paragraphs 2.1 and 2.2, an Issuer proposing to undertake an IPO or an FPO is required to comply with various other requirements as specified in the SEBI ICDR Regulations, 2009, the Companies Act, 2013, the Companies Act, 1956 (to the extent applicable), the Securities Contracts (Regulation) Rules, 1957 (“SCRR”), industry-specific regulations, if any, and other applicable laws for the time being in force.

For details in relation to the above Bidders/Applicants may refer to the RHP/Prospectus.

2.3 Types of Public Issues – Fixed Price Issues and Book Built Issues

In accordance with the provisions of the SEBI ICDR Regulations, 2009, an Issuer can either determine the Offer Price through the Book Building Process (“**Book Built Issue**”) or undertake a Fixed Price Offer (“**Fixed Price Issue**”). An Issuer may mention Floor Price or Price Band in the RHP (in case of a Book Built Issue) and a Price or Price Band in the Draft Prospectus (in case of a fixed price Issue) and determine the price at a later date before registering the Prospectus with the Registrar of Companies.

The cap on the Price Band should be less than or equal to 120% of the Floor Price. The Issuer shall announce the Price or the Floor Price or the Price Band through advertisement in all newspapers in which the pre-issue advertisement was given at least five Working Days before the Offer Opening Date, in case of an IPO and at least one Working Day before the Offer Opening Date, in case of an FPO.

The Floor Price or the Offer price cannot be lesser than the face value of the securities.

Bidders/Applicants should refer to the RHP/Prospectus or Offer advertisements to check whether the Offer is a Book Built Issue or a Fixed Price Issue.

2.4 ISSUE PERIOD

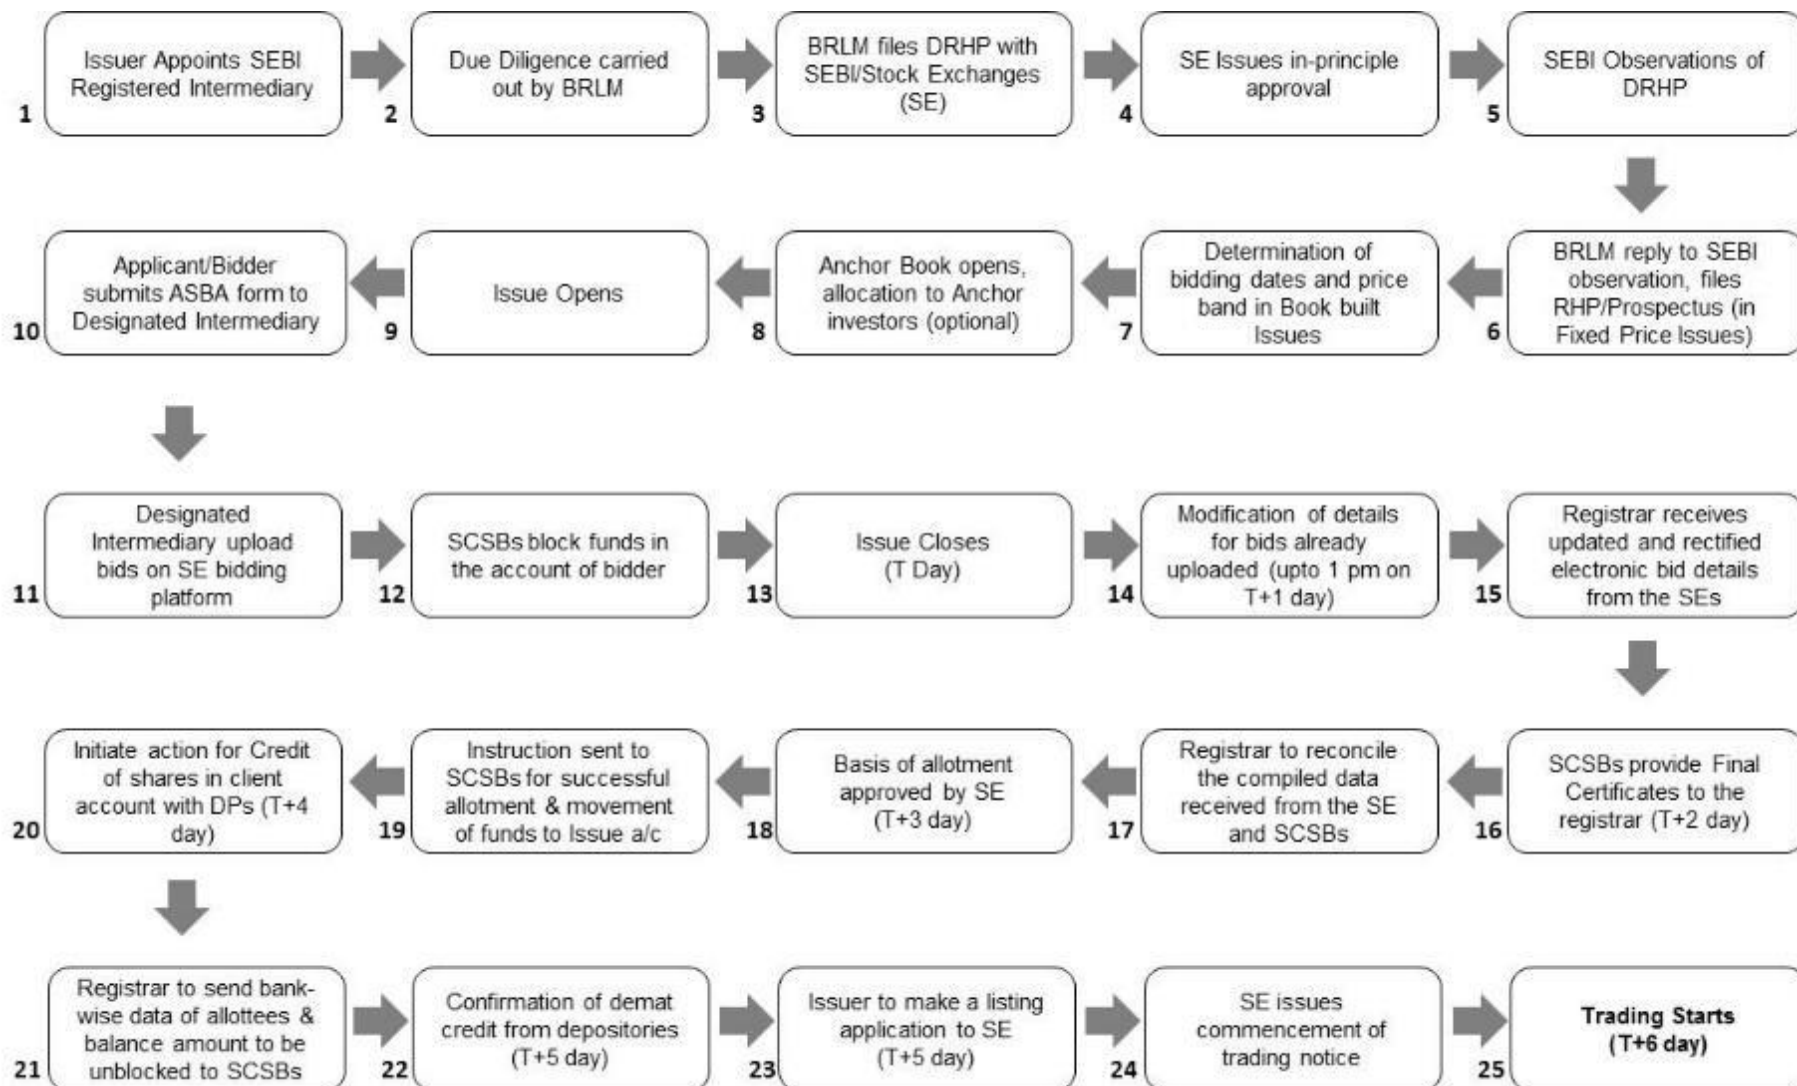

The Offer may be kept open for a minimum of three Working Days (for all category of Bidders/Applicants) and not more than ten Working Days. Bidders/Applicants are advised to refer to the Bid cum Application Form and Abridged Prospectus or RHP/Prospectus for details of the Offer Period. Details of Offer Period are also available on the website of the Stock Exchange(s).

In case of a Book Built Issue, the Issuer may close the Offer Period for QIBs one Working Day prior to the Offer Closing Date if disclosures to that effect are made in the RHP. In case of revision of the Floor Price or Price Band in Book Built Issues the Offer Period may be extended by at least three Working Days, subject to the total Offer Period not exceeding 10 Working Days. For details of any revision of the Floor Price or Price Band, Bidders/Applicants may check the announcements made by the Issuer on the websites of the Stock Exchanges, and the advertisement in the newspaper(s) issued in this regard.

2.5 FLOWCHART OF TIMELINES

A flow chart of process flow in Fixed Price and Book Built Issues is as follows. Bidders/Applicants may note that this is not applicable for Fast Track FPOs:

- In case of Offer other than Book Built Issue (Fixed Price Issue) the process at the following of the below mentioned steps shall be read as:
 - i. Step 7 : Determination of Offer Date and Price
 - ii. Step 10: Applicant submits ASBA Form with any of the Designated Intermediaries

SECTION 3: CATEGORY OF INVESTORS ELIGIBLE TO PARTICIPATE IN AN ISSUE

Each Bidder/Applicant should check whether it is eligible to apply under applicable law. Furthermore, certain categories of Bidders/Applicants, such as NRIs, FPIs and FVCIs may not be allowed to yes Apply in the Offer or to hold Equity Shares, in excess of certain limits specified under applicable law. Bidders/Applicants are requested to refer to the RHP/Prospectus for more details.

Subject to the above, an illustrative list of Bidders/Applicants is as follows:

- Bids/Applications belonging to an account for the benefit of a minor (under guardianship);
- Hindu Undivided Families or HUFs, in the individual name of the *Karta*. The Bidder/Applicant should specify that the Bid is being made in the name of the HUF in the Bid cum Application Form/Application Form as follows: “Name of sole or first Bidder/Applicant: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the *Karta*”. Bids/Applications by HUFs may be considered at par with Bids/Applications from individuals;
- Companies, corporate bodies and societies registered under applicable law in India and authorised to invest in equity shares;
- QIBs;
- NRIs on a repatriation basis or on a non-repatriation basis subject to applicable law;
- Indian Financial Institutions, regional rural banks, co-operative banks (subject to RBI regulations and the SEBI ICDR Regulations, 2009 and other laws, as applicable);
- FPIs other than Category III FPIs Bidding under the QIBs category;
- FPIs which are Category III FPIs Bidding under the NIBs category;
- Scientific and/or industrial research organisations authorised in India to invest in the Equity Shares;
- Trusts/societies registered under the Societies Registration Act, 1860, or under any other law relating to trusts/societies and who are authorised under their respective constitutions to hold and invest in equity shares;
- Limited liability partnerships registered under the Limited Liability Partnership Act, 2008;
- Any other person eligible to Bid/Apply in the Offer, under the laws, rules, regulations, guidelines and policies applicable to them and under Indian laws; and
- As per the existing regulations, OCBs are not allowed to participate in an Offer.

SECTION 4: APPLYING IN THE ISSUE

Book Built Issue: Bidders should only use the specified ASBA Form (or in case of Anchor Investors, the Anchor Investor Application Form) bearing the stamp of a Designated Intermediary, as available or downloaded from the websites of the Stock Exchanges. Bid cum Application Forms are available with the Designated Intermediaries at the Bidding Centres and at the registered office of the Issuer. Electronic Bid cum Application Forms will be available on the websites of the Stock Exchanges at least one day prior to the Bid/Offer Opening Date. For further details, regarding availability of Bid cum Application Forms, Bidders may refer to the RHP/Prospectus.

Fixed Price Issue: Applicants should only use the specified Bid cum Application Form bearing the stamp of the Designated Intermediaries, as available or downloaded from the websites of the Stock Exchanges. Application Forms are available with the Designated Branches of the SCSBs and at the registered office of the Issuer. For further details, regarding availability of Application Forms, Applicants may refer to the Prospectus.

Bidders/Applicants should ensure that they apply in the appropriate category. The prescribed colour of the Bid cum Application Form for various categories of Bidders/Applicants is as follows:

Category	Colour of the Bid cum Application Form
Resident Indian, Eligible NRIs applying on a non-repatriation basis	White
NRIs, FVCIs, FPIs	Blue
Anchor Investors (where applicable)	As specified by the Issuer

Securities issued in an IPO can only be in dematerialized form in compliance with Section 29 of the Companies Act, 2013. Bidders/Applicants will not have the option of getting the allotment of specified securities in physical form. However, they may get the specified securities rematerialised subsequent to allotment.

4.1 INSTRUCTIONS FOR FILLING THE BID CUM APPLICATION FORM/APPLICATION FORM

Bidders/Applicants may note that forms not filled completely or correctly as per instructions provided in this GID, the RHP and the Bid cum Application Form/Application Form are liable to be rejected.

Application Form – For Non- Residents

The format of Bid cum Application Form applicable for non-residents is yet to be notified by SEBI.

4.1.1 FIELD NUMBER 1: NAME AND CONTACT DETAILS OF THE SOLE/FIRST BIDDER/APPLICANT

- (a) Bidders/Applicants should ensure that the name provided in this field is exactly the same as the name in which the Depository Account is held.
- (b) **Mandatory Fields:** Bidders/Applicants should note that the name and address fields are compulsory and e-mail and/or telephone number/mobile number fields are optional. Bidders/Applicants should note that the contact details mentioned in the Bid cum Application Form/Application Form may be used to dispatch communications in case the communication sent to the address available with the Depositories are returned undelivered or are not available. The contact details provided in the Bid cum Application Form may be used by the Issuer, the Designated Intermediaries only for correspondence(s) related to the Offer and for no other purposes.
- (c) **Joint Bids/Applications:** In the case of Joint Bids/Applications, the Bids/Applications should be made in the name of the Bidder/Applicant whose name appears first in the Depository account. The name so entered should be the same as it appears in the Depository records. The signature of only such first Bidder/Applicant would be required in the Bid cum Application Form/Application Form and such first Bidder/Applicant would be deemed to have signed on behalf of the joint holders.
- (d) **Impersonation:** Attention of the Bidders/Applicants is specifically drawn to the provisions of sub-section (1) of Section 38 of the Companies Act, 2013 which is reproduced below:

“Any person who:

- (a) makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or*
- (b) makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or*
- (c) otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name,*

shall be liable for action under section 447.”

The liability prescribed under Section 447 of the Companies Act, 2013 includes imprisonment for a term of not less than six months extending up to 10 years (provided that where the fraud involves public interest, such term shall not be less than three years) and fine of an amount not less than the amount involved in the fraud, extending up to three times of such amount.

- (e) **Nomination Facility to Bidder/Applicant:** Nomination facility is available in accordance with the provisions of Section 72 of the Companies Act, 2013. In case of allotment of the Equity Shares in dematerialized form, there is no need to make a separate nomination as the nomination registered with the Depository may prevail. For changing nominations, the Bidders/Applicants should inform their respective DP.

4.1.2 FIELD NUMBER 2: PAN OF SOLE/FIRST BIDDER/APPLICANT

- (a) PAN (of the sole/first Bidder/Applicant) provided in the Bid cum Application Form/Application Form should be exactly the same as the PAN of the person in whose sole or first name the relevant beneficiary account is held as per the Depositories' records.
- (b) PAN is the sole identification number for participants transacting in the securities market irrespective of the amount of transaction except for Bids/Applications on behalf of the Central

or State Government, Bids/Applications by officials appointed by the courts and Bids/Applications by Bidders/Applicants residing in Sikkim (“PAN Exempted Bidders/Applicants”). Consequently, all Bidders/Applicants, other than the PAN Exempted Bidders/Applicants, are required to disclose their PAN in the Bid cum Application Form/Application Form, irrespective of the Bid/Application Amount. Bids/Applications by the Bidders/Applicants whose PAN is not available as per the Demographic Details available in their Depository records, are liable to be rejected.

- (c) The exemption for the PAN Exempted Bidders/Applicants is subject to (a) the Demographic Details received from the respective Depositories confirming the exemption granted to the beneficiary owner by a suitable description in the PAN field and the beneficiary account remaining in “active status”; and (b) in the case of residents of Sikkim, the address as per the Demographic Details evidencing the same.
- (d) Bid cum Application Forms which provide the GIR Number instead of PAN may be rejected.
- (e) Bids/Applications by Bidders/Applicants whose demat accounts have been ‘suspended for credit’ are liable to be rejected pursuant to the circular issued by SEBI on July 29, 2010, bearing number CIR/MRD/DP/22/2010. Such accounts are classified as “Inactive demat accounts” and Demographic Details are not provided by depositories.

4.1.3 FIELD NUMBER 3: BIDDERS/APPLICANTS DEPOSITORY ACCOUNT DETAILS

- (a) Bidders/Applicants should ensure that DP ID and the Client ID are correctly filled in the Bid cum Application Form/Application Form. The DP ID and Client ID provided in the Bid cum Application Form/Application Form should match with the DP ID and Client ID available in the Depository database, **otherwise, the Bid cum Application Form is liable to be rejected.**
- (b) Bidders/Applicants should ensure that the beneficiary account provided in the Bid cum Application Form/Application Form is active.
- (c) Bidders/Applicants should note that on the basis of the DP ID and Client ID as provided in the Bid cum Application Form/Application Form, the Bidder/Applicant may be deemed to have authorised the Depositories to provide to the Registrar to the Offer, any requested Demographic Details of the Bidder/Applicant as available on the records of the depositories. These Demographic Details may be used, among other things, for unblocking of ASBA Account or for other correspondence(s) related to an Offer.
- (d) Bidders/Applicants are, advised to update any changes to their Demographic Details as available in the records of the Depository Participant to ensure accuracy of records. Any delay resulting from failure to update the Demographic Details would be at the Bidders/Applicants’ sole risk.

4.1.4 FIELD NUMBER 4: BID OPTIONS

- (a) Price or Floor Price or Price Band, minimum Bid Lot and Discount (if applicable) may be disclosed in the Prospectus/RHP by the Issuer. The Issuer is required to announce the Floor Price or Price Band, minimum Bid Lot and Discount (if applicable) by way of an advertisement in at least one English, one Hindi and one regional newspaper, with wide circulation, at least five Working Days before Bid/Offer Opening Date in case of an IPO, and at least one Working Day before Bid/Offer Opening Date in case of an FPO.
- (b) The Bidders may Bid at or above Floor Price or within the Price Band for IPOs/FPOs undertaken through the Book Building Process. In the case of Alternate Book Building Process for an FPO, the Bidders may Bid at Floor Price or any price above the Floor Price (for further details Bidders may refer to Section 5.6 (e)).
- (c) **Cut-Off Price:** Retail Individual Bidders or Employees or Retail Individual Shareholders can Bid at the Cut-off Price indicating their agreement to Bid for and purchase the Equity Shares at the Offer Price as determined at the end of the Book Building Process. Bidding at the Cut-off Price is prohibited for QIBs and NIBs and such Bids from QIBs and NIBs may be rejected.

- (d) **Minimum Application Value and Bid Lot:** The Issuer in consultation with the BRLMs may decide the minimum number of Equity Shares for each Bid to ensure that the minimum application value is within the range of ₹10,000 to ₹15,000. The minimum Bid Lot is accordingly determined by an Issuer on basis of such minimum application value.
- (e) **Allotment:** The Allotment of specified securities to each RIB shall not be less than the minimum Bid Lot, subject to availability of shares in the RIB category, and the remaining available shares, if any, shall be Allotted on a proportionate basis. For details of the Bid Lot, Bidders may refer to the RHP/Prospectus or the advertisement regarding the Price Band published by the Issuer.

4.1.4.1 Maximum and Minimum Bid Size

- (a) The Bidder may Bid for the desired number of Equity Shares at a specific price. Bids by Retail Individual Bidders, Employees and Retail Individual Shareholders must be for such number of shares so as to ensure that the Bid Amount less Discount (as applicable), payable by the Bidder does not exceed ₹200,000.
- (b) In case the Bid Amount exceeds ₹200,000 due to revision of the Bid or any other reason, the Bid may be considered for allocation under the Non-Institutional Category, with it not being eligible for Discount then such Bid may be rejected if it is at the Cut-off Price.
- (c) For NRIs, a Bid Amount of up to ₹200,000 may be considered under the Retail Category for the purposes of allocation and a Bid Amount exceeding ₹200,000 may be considered under the Non-Institutional Category for the purposes of allocation.
- (d) Bids by QIBs and NIBs must be for such minimum number of shares such that the Bid Amount exceeds ₹200,000 and in multiples of such number of Equity Shares thereafter, as may be disclosed in the Bid cum Application Form and the RHP/Prospectus, or as advertised by the Issuer, as the case may be. NIBs and QIBs are not allowed to Bid at Cut-off Price.
- (e) RIB may revise or withdraw their bids till closure of the bidding period. QIBs and NIBs cannot withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after bidding and are required to pay the Bid Amount upon submission of the Bid.
- (f) In case the Bid Amount reduces to ₹200,000 or less due to a revision of the Price Band, Bids by the NIBs who are eligible for allocation in the Retail Category would be considered for allocation under the Retail Category.
- (g) For Anchor Investors, if applicable, the Bid Amount shall be least ₹100 million. One-third of the Anchor Investor Portion shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the price at which allocation is being done to other Anchor Investors. Bids by various schemes of a Mutual Fund shall be aggregated to determine the Bid Amount. A Bid cannot be submitted for more than 60% of the QIB Category under the Anchor Investor Portion. Anchor Investors cannot withdraw their Bids or lower the size of their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after the Anchor Investor Bid/Offer Period and are required to pay the Bid Amount at the time of submission of the Bid. In case the Anchor Investor Offer Price is lower than the Offer Price, the balance amount shall be payable as per the pay-in-date mentioned in the revised CAN. In case the Offer Price is lower than the Anchor Investor Offer Price, the amount in excess of the Offer Price paid by the Anchor Investors shall not be refunded to them.
- (h) A Bid cannot be submitted for more than the Offer size.
- (i) The maximum Bid by any Bidder including QIB Bidder should not exceed the investment limits prescribed for them under the applicable laws.
- (j) The price and quantity options submitted by the Bidder in the Bid cum Application Form may be treated as optional bids from the Bidder and may not be cumulated. After determination of the Offer Price, the highest number of Equity Shares Bid for by a Bidder at or above the Offer Price may be considered for Allotment and the rest of the Bid(s), irrespective of the Bid Amount

may automatically become invalid. This is not applicable in case of FPOs undertaken through Alternate Book Building Process (For details of Bidders may refer to (Section 5.6 (e))

4.1.4.2 Multiple Bids

- (a) Bidder should submit only one Bid cum Application Form. Bidder shall have the option to make a maximum of three Bids at different price levels in the Bid cum Application Form and such options are not considered as multiple Bids.

Submission of a second Bid cum Application Form to either the same or to another Designated Intermediary and duplicate copies of Bid cum Application Forms bearing the same application number shall be treated as multiple Bids and are liable to be rejected.

- (b) Bidders are requested to note the following procedures may be followed by the Registrar to the Offer to detect multiple Bids:
 - i. All Bids may be checked for common PAN as per the records of the Depository. For Bidders other than Mutual Funds and FPIs, Bids bearing the same PAN may be treated as multiple Bids by a Bidder and may be rejected.
 - ii. For Bids from Mutual Funds and FPI, submitted under the same PAN, as well as Bids on behalf of the PAN Exempted Bidders, the Bid cum Application Forms may be checked for common DP ID and Client ID. Such Bids which have the same DP ID and Client ID may be treated as multiple Bids and are liable to be rejected.
- (c) The following Bids may not be treated as multiple Bids:
 - i. Bids by Reserved Categories Bidding in their respective Reservation Portion as well as bids made by them in the Offer portion in public category.
 - ii. Separate Bids by Mutual Funds in respect of more than one scheme of the Mutual Fund provided that the Bids clearly indicate the scheme for which the Bid has been made.
 - iii. Bids by Mutual Funds, submitted with the same PAN but with different beneficiary account numbers, Client IDs and DP IDs.
 - iv. Bids by Anchor Investors under the Anchor Investor Portion and the QIB Category.

4.1.5 FIELD NUMBER 5: CATEGORY OF BIDDERS

- (a) The categories of Bidders identified as per the SEBI ICDR Regulations, 2009 for the purpose of Bidding, allocation and allotment in the Offer are RIBs, NIBs and QIBs.
- (b) Up to 60% of the QIB Category can be allocated by the Issuer, on a discretionary basis subject to the criteria of minimum and maximum number of Anchor Investors based on allocation size, to the Anchor Investors, in accordance with SEBI ICDR Regulations, 2009, with one-third of the Anchor Investor Portion reserved for domestic Mutual Funds subject to valid Bids being received at or above the Offer Price. For details regarding allocation to Anchor Investors, Bidders may refer to the RHP/Prospectus.
- (c) An Issuer can make reservation for certain categories of Bidders/Applicants as permitted under the SEBI ICDR Regulations, 2009. For details of any reservations made in the Offer, Bidders/Applicants may refer to the RHP/Prospectus.
- (d) The SEBI ICDR Regulations, 2009, specify the allocation or Allotment that may be made to various categories of Bidders in an Offer depending upon compliance with the eligibility conditions. Details pertaining to allocation are disclosed on reverse side of the Revision Form. For Offer specific details in relation to allocation Bidder/Applicant may refer to the RHP/Prospectus.

4.1.6 **FIELD NUMBER 6: INVESTOR STATUS**

- (a) Each Bidder/Applicant should check whether it is eligible to apply under applicable law and ensure that any prospective Allotment to it in the Offer is in compliance with the investment restrictions under applicable law.
- (b) Certain categories of Bidders/Applicants, such as NRIs, FPIs and FVCIs may not be allowed to Bid/Apply in the Offer or hold Equity Shares exceeding certain limits specified under applicable law. Bidders/Applicants are requested to refer to the RHP/Prospectus for more details.
- (c) Bidders/Applicants should check whether they are eligible to apply on non-repatriation basis or repatriation basis and should accordingly provide the investor status. Details regarding investor status are different in the Resident Bid cum Application Form and Non-Resident Bid cum Application Form.
- (d) Bidders/Applicants should ensure that their investor status is updated in the Depository records.

4.1.7 **FIELD NUMBER 7: PAYMENT DETAILS**

- (a) The full Bid Amount (net of any Discount, as applicable) shall be blocked in the ASBA Account based on the authorisation provided in the ASBA Form. If Discount is applicable in the Offer, RIBs should indicate the full Bid Amount in the Bid cum Application Form and funds shall be blocked for the Bid Amount net of Discount. Only in cases where the RHP/Prospectus indicates that part payment may be made, such an option can be exercised by the Bidder. In case of Bidders specifying more than one Bid Option in the Bid cum Application Form, the total Bid Amount may be calculated for the highest of three options at net price, i.e. Bid price less Discount offered, if any.
- (b) RIBs who Bid at Cut-off Price shall arrange to block the Bid Amount based on the Cap Price.
- (c) All Bidders (except Anchor Investors) have to participate in the Offer only through the ASBA mechanism.
- (d) Bid Amount cannot be paid in cash, through money order or through postal order.

4.1.7.1 **Instructions for Anchor Investors:**

- (a) Anchor Investors may submit their Bids with a Book Running Lead Manager.
- (b) Payments should be made either by direct credit, RTGS or NEFT.
- (c) The Escrow Collection Bank(s) shall maintain the monies in the Escrow Account for and on behalf of the Anchor Investors until the Designated Date.

4.1.7.2 **Payment instructions for ASBA Bidders**

- (a) Bidders may submit the ASBA Form either
 - i. in electronic mode through the internet banking facility offered by an SCSB authorizing blocking of funds that are available in the ASBA account specified in the Bid cum Application Form, or
 - ii. in physical mode to any Designated Intermediary.
- (b) Bidders must specify the Bank Account number in the Bid cum Application Form. The Bid cum Application Form submitted by Bidder and which is accompanied by cash, demand draft, cheque, money order, postal order or any mode of payment other than blocked amounts in the ASBA Account maintained with an SCSB, will not be accepted.
- (c) Bidders should ensure that the Bid cum Application Form is also signed by the ASBA Account holder(s) if the Bidder is not the ASBA Account holder.

- (d) Bidders shall note that for the purpose of blocking funds under ASBA facility clearly demarcated funds shall be available in the account.
- (e) From one ASBA Account, a maximum of five Bid cum Application Forms can be submitted.
- (f) Bidders should submit the Bid cum Application Form only at a Bidding Centre, i.e. to the respective member of the Syndicate at the Specified Locations, the SCSBs, the Registered Broker at the Broker Centres, the RTA at the Designated RTA Locations or CDP at the Designated CDP Locations.
- (g) ASBA Bidders bidding through a Designated Intermediary, other than a SCSB, should note that ASBA Forms submitted to the Designated Intermediary may not be accepted, if the SCSB where the ASBA Account, as specified in the Bid cum Application Form, is maintained has not named at least one branch at that location for such Designated Intermediary, to deposit ASBA Forms.
- (h) Bidders bidding directly through the SCSBs should ensure that the ASBA Form is submitted to a Designated Branch of a SCSB where the ASBA Account is maintained.
- (i) Upon receipt of the ASBA Form, the Designated Branch of the SCSB may verify if sufficient funds equal to the Bid Amount are available in the ASBA Account, as mentioned in the Bid cum Application Form.
- (j) If sufficient funds are available in the ASBA Account, the SCSB may block an amount equivalent to the Bid Amount mentioned in the ASBA Form and for application directly submitted to SCSB by investor, may enter each Bid option into the electronic bidding system as a separate Bid.
- (k) If sufficient funds are not available in the ASBA Account, the Designated Branch of the SCSB may not accept such Bids and such Bids are liable to be rejected.
- (l) Upon submission of a completed ASBA Form each Bidder may be deemed to have agreed to block the entire Bid Amount and authorised the Designated Branch of the SCSB to block the Bid Amount specified in the ASBA Form in the ASBA Account maintained with the SCSBs.
- (m) The Bid Amount may remain blocked in the aforesaid ASBA Account until finalisation of the Basis of Allotment and consequent transfer of the Bid Amount against the Allotted Equity Shares to the Public Issue Account, or until withdrawal or failure of the Offer, or until withdrawal or rejection of the Bid, as the case may be.
- (n) SCSBs bidding in the Offer must apply through an Account maintained with any other SCSB; else their Bids are liable to be rejected.

4.1.7.2.1 Unblocking of ASBA Account

- (a) Once the Basis of Allotment is approved by the Designated Stock Exchange, the Registrar to the Offer may provide the following details to the controlling branches of each SCSB, along with instructions to unblock the relevant bank accounts and for successful applications transfer the requisite money to the Public Issue Account designated for this purpose, within the specified timelines: (i) the number of Equity Shares to be Allotted against each Bid, (ii) the amount to be transferred from the relevant bank account to the Public Issue Account, for each Bid, (iii) the date by which funds referred to in (ii) above may be transferred to the Public Issue Account, and (iv) details of rejected ASBA Bids, if any, along with reasons for rejection and details of withdrawn or unsuccessful Bids, if any, to enable the SCSBs to unblock the respective bank accounts.
- (b) On the basis of instructions from the Registrar to the Offer, the SCSBs may transfer the requisite amount against each successful Bidder to the Public Issue Account and may unblock the excess amount, if any, in the ASBA Account.
- (c) In the event of withdrawal or rejection of the ASBA Form and for unsuccessful Bids, the Registrar to the Offer may give instructions to the SCSB to unblock the Bid Amount in the relevant ASBA Account within six Working Days of the Bid/Offer Closing Date.

4.1.7.3 **Discount** (if applicable)

- (a) The Discount is stated in absolute rupee terms.
- (b) Bidders applying under RIB category, Retail Individual Shareholder and employees are only eligible for discount. For Discounts offered in the Offer, Bidders may refer to the RHP/Prospectus.
- (c) The Bidders entitled to the applicable Discount in the Offer may block the Bid Amount less Discount.

Bidder may note that in case the net amount blocked (post Discount) is more than two lakh Rupees, the Bidding system automatically considers such applications for allocation under Non-Institutional Category. These applications are neither eligible for Discount nor fall under RIB category.

4.1.8 **FIELD NUMBER 8: SIGNATURES AND OTHER AUTHORISATIONS**

- (a) Only the First Bidder/Applicant is required to sign the Bid cum Application Form/ Application Form. Bidders/Applicants should ensure that signatures are in one of the languages specified in the Eighth Schedule to the Constitution of India.
- (b) If the ASBA Account is held by a person or persons other than the Bidder/Applicant, then the Signature of the ASBA Account holder(s) is also required.
- (c) In relation to the ASBA Bids/Applications, the signature has to be correctly affixed in the authorisation/undertaking box in the Bid cum Application Form/Application Form, or an authorisation has to be provided to the SCSB via the electronic mode, for blocking funds in the ASBA Account equivalent to the Bid Amount mentioned in the Bid cum Application Form/Application Form.
- (d) Bidders/Applicants must note that Bid cum Application Form/Application Form without signature of Bidder/Applicant and/or ASBA Account holder is liable to be rejected.

4.1.9 **ACKNOWLEDGEMENT AND FUTURE COMMUNICATION**

- (a) Bidders should ensure that they receive the Acknowledgment Slip duly signed and stamped by the Designated Intermediary, as applicable, for submission of the ASBA Form.
- (b) All communications in connection with Bids made in the Offer may be addressed to the Registrar to the Offer with a copy to the relevant Designated Intermediary to whom the Bid cum Application Form was submitted. The Bidder should give full details such as name of the sole or first Bidder/Applicant, Bid cum Application Form number, Bidders'/Applicants' DP ID, Client ID, PAN, date of the submission of Bid cum Application Form, address of the Bidder, number of the Equity Shares applied for and the name and address of the Designated Intermediary where the Bid cum Application Form was submitted by the Bidder.

Further, the investor shall also enclose a copy of the Acknowledgment Slip duly received from the Designated Intermediaries in addition to the information mentioned hereinabove.

For further details, Bidder/Applicant may refer to the RHP/Prospectus and the Bid cum Application Form.

4.2 **INSTRUCTIONS FOR FILING THE REVISION FORM**

- (a) During the Bid/Offer Period, any Bidder/Applicant (other than QIBs and NIBs, who can only revise their bid upwards) who has registered his or her interest in the Equity Shares at a particular price level is free to revise his or her Bid within the Price Band using the Revision Form, which is a part of the Bid cum Application Form.
- (b) RIB may revise their bids or withdraw their Bids till the Bid/Offer Closing Date.
- (c) Revisions can be made in both the desired number of Equity Shares and the Bid Amount by using the Revision Form.

- (d) The Bidder/Applicant can make this revision any number of times during the Bid/Offer Period. However, for any revision(s) in the Bid, the Bidders/Applicants will have to use the services of the same Designated Intermediary through which such Bidder/Applicant had placed the original Bid. Bidders/Applicants are advised to retain copies of the blank Revision Form and the Bid(s) must be made only in such Revision Form or copies thereof.

Instructions to fill each field of the Revision Form can be found on the reverse side of the Revision Form. Other than instructions already highlighted at paragraph 4.1 above, point wise instructions regarding filling up various fields of the Revision Form are provided below:

4.2.1 FIELDS 1, 2 AND 3: NAME AND CONTACT DETAILS OF SOLE/FIRST BIDDER/APPLICANTS, PAN OF SOLE/FIRST BIDDER/APPLICANT AND DEPOSITORY ACCOUNT DETAILS OF THE BIDDER/APPLICANT

Bidders/Applicants should refer to instructions contained in paragraphs 4.1.1, 4.1.2 and 4.1.3.

4.2.2 FIELD 4 AND 5: BID OPTIONS REVISION 'FROM' AND 'TO'

- (a) Apart from mentioning the revised options in the Revision Form, the Bidder/Applicant must also mention the details of all the bid options given in his or her Bid cum Application Form or earlier Revision Form. For example, if a Bidder/Applicant has Bid for three options in the Bid cum Application Form and such Bidder/Applicant is changing only one of the options in the Revision Form, the Bidder/Applicant must still fill the details of the other two options that are not being revised, in the Revision Form. The Designated Intermediaries may not accept incomplete or inaccurate Revision Forms.
- (b) In case of revision, Bid options should be provided by Bidders/Applicants in the same order as provided in the Bid cum Application Form.
- (c) In case of revision of Bids by RIBs, Employees and Retail Individual Shareholders, such Bidders/Applicants should ensure that the Bid Amount, subsequent to revision, does not exceed ₹200,000. In case the Bid Amount exceeds ₹200,000 due to revision of the Bid or for any other reason, the Bid may be considered, subject to eligibility, for allocation under the Non-Institutional Category, not being eligible for Discount (if applicable) and such Bid may be rejected if it is at the Cut-off Price. The Cut-off Price option is given only to the RIBs, Employees and Retail Individual Shareholders indicating their agreement to Bid for and purchase the Equity Shares at the Offer Price as determined at the end of the Book Building Process.
- (d) In case the total amount (i.e., original Bid Amount plus additional payment) exceeds ₹200,000, the Bid will be considered for allocation under the Non-Institutional Category in terms of the RHP/Prospectus. If, however, the RIB does not either revise the Bid or make additional payment and the Offer Price is higher than the cap of the Price Band prior to revision, the number of Equity Shares Bid, where possible, shall be adjusted downwards for the purpose of allocation, such that no additional payment would be required from the RIB and the RIB is deemed to have approved such revised Bid at Cut-off Price.
- (e) In case of a downward revision in the Price Band, RIBs and Bids by Employees under the Reservation Portion, who have bid at the Cut-off Price could either revise their Bid or the excess amount paid at the time of Bidding may be unblocked after the allotment is finalised.

4.2.3 FIELD 6: PAYMENT DETAILS

- (a) All Bidders/Applicants are required to authorise that the full Bid Amount (less Discount (if applicable) is blocked. In case of Bidders/Applicants specifying more than one Bid Option in the Bid cum Application Form, the total Bid Amount may be calculated for the highest of three options at net price, i.e. Bid price less discount offered, if any.
- (b) Bidder/Applicants may issue instructions to block the revised amount based on cap of the revised Price Band (adjusted for the Discount (if applicable) in the ASBA Account, to the same Designated Intermediary through whom such Bidder/Applicant had placed the original Bid to enable the relevant SCSB to block the additional Bid Amount, if any.
- (c) In case the total amount (i.e., original Bid Amount less discount (if applicable) plus additional payment) exceeds ₹200,000, the Bid may be considered for allocation under the Non-Institutional Category in terms of the RHP/Prospectus. If, however, the Bidder/Applicant does not either revise the Bid or make additional payment and the Offer Price is higher than the cap of the Price Band prior to revision, the number of Equity Shares Bid for, where possible, may

be adjusted downwards for the purpose of Allotment, such that additional amount is required blocked and the Bidder/Applicant is deemed to have approved such revised Bid at the Cut-off Price.

- (d) In case of a downward revision in the Price Band, RIBs, Employees and Retail Individual Shareholders, who have bid at the Cut-off Price, could either revise their Bid or the excess amount blocked at the time of Bidding may be unblocked after the finalisation of basis of allotment.

4.2.4 **FIELDS 7 : SIGNATURES AND ACKNOWLEDGEMENTS**

Bidders/Applicants may refer to instructions contained at paragraphs 4.1.8 and 4.1.9 for this purpose.

4.3 **INSTRUCTIONS FOR FILING APPLICATION FORM IN ISSUES MADE OTHER THAN THROUGH THE BOOK BUILDING PROCESS (FIXED PRICE ISSUE)**

4.3.1 **FIELDS 1, 2, 3 NAME AND CONTACT DETAILS OF SOLE/FIRST BIDDER/APPLICANT, PAN OF SOLE/FIRST BIDDER/APPLICANT AND DEPOSITORY ACCOUNT DETAILS OF THE BIDDER/APPLICANT**

Applicants should refer to instructions contained in paragraphs 4.1.1, 4.1.2 and 4.1.3.

4.3.2 **FIELD 4: PRICE, APPLICATION QUANTITY AND AMOUNT**

- (a) The Issuer may mention Issue Price or Price Band in the draft Prospectus. However a prospectus registered with RoC contains one price or coupon rate (as applicable).
- (b) **Minimum Application Value and Bid Lot:** The Issuer in consultation with the Lead Manager may decide the minimum number of Equity Shares for each Bid to ensure that the minimum application value is within the range of ₹10,000 to ₹15,000. The minimum Lot size is accordingly determined by an Issuer on basis of such minimum application value.
- (c) Applications by RIBs, Employees and Retail Individual Shareholders, must be for such number of shares so as to ensure that the application amount payable does not exceed ₹200,000.
- (d) Applications by other investors must be for such minimum number of shares such that the application amount exceeds ₹200,000 and in multiples of such number of Equity Shares thereafter, as may be disclosed in the application form and the Prospectus, or as advertised by the Issuer, as the case may be.
- (e) An application cannot be submitted for more than the Offer size.
- (f) The maximum application by any Applicant should not exceed the investment limits prescribed for them under the applicable laws.
- (g) **Multiple Applications:** An Applicant should submit only one Application Form. Submission of a second Application Form to either the same or other SCSB and duplicate copies of Application Forms bearing the same application number shall be treated as multiple applications and are liable to be rejected.
- (h) Applicants are requested to note the following procedures may be followed by the Registrar to the Offer to detect multiple applications:
 - i. All applications may be checked for common PAN as per the records of the Depository. For Applicants other than Mutual Funds and FPI, Applications bearing the same PAN may be treated as multiple applications by an Applicant and may be rejected.
 - ii. For applications from Mutual Funds and FPIs, submitted under the same PAN, as well as Applications on behalf of the PAN Exempted Applicants, the Application Forms may be checked for common DP ID and Client ID. In any such applications which

have the same DP ID and Client ID, these may be treated as multiple applications and may be rejected.

- (i) The following applications may not be treated as multiple Bids:
 - i. Applications by Reserved Categories in their respective reservation portion as well as that made by them in the Offer portion in public category.
 - ii. Separate applications by Mutual Funds in respect of more than one scheme of the Mutual Fund provided that the Applications clearly indicate the scheme for which the Bid has been made.
 - iii. Applications by Mutual Funds, and sub-accounts of FPIs submitted with the same PAN but with different beneficiary account numbers, Client IDs and DP IDs.

4.3.3 FIELD NUMBER 5 : CATEGORY OF APPLICANTS

- (a) The categories of applicants identified as per the SEBI ICDR Regulations, 2009 for the purpose of Bidding, allocation and Allotment in the Offer are RIBs, individual applicants other than RIB's and other investors (including corporate bodies or institutions, irrespective of the number of specified securities applied for).
- (b) An Issuer can make reservation for certain categories of Applicants permitted under the SEBI ICDR Regulations, 2009. For details of any reservations made in the Offer, applicants may refer to the Prospectus.
- (c) The SEBI ICDR Regulations, 2009 specify the allocation or Allotment that may be made to various categories of applicants in an Offer depending upon compliance with the eligibility conditions. Details pertaining to allocation are disclosed on reverse side of the Revision Form. For Offer specific details in relation to allocation applicant may refer to the Prospectus.

4.3.4 FIELD NUMBER 6: INVESTOR STATUS

Applicants should refer to instructions contained in paragraphs 4.1.6.

4.3.5 FIELD 7: PAYMENT DETAILS

- (a) All Applicants (other than Anchor Investors) are required to make use of ASBA for applying in the Issue
- (b) Application Amount cannot be paid in cash, through money order, cheque, demand draft or through postal order or through stock invest.

4.3.5.1 Payment instructions for Applicants

Applicants should refer to instructions contained in paragraphs 4.1.7.2.

4.3.5.2 Unblocking of ASBA Account

Applicants should refer to instructions contained in paragraphs 4.1.7.2.1.

4.3.5.3 Discount (if applicable)

Applicants should refer to instructions contained in paragraphs 4.1.7.3.

4.3.6 FIELD NUMBER 8: SIGNATURES AND OTHER AUTHORISATIONS & ACKNOWLEDGEMENT AND FUTURE COMMUNICATION

Applicants should refer to instructions contained in paragraphs 4.1.8 and 4.1.9.

4.4 SUBMISSION OF BID CUM APPLICATION FORM/APPLICATION FORM/REVISION FORM

4.4.1 Bidders/Applicants may submit completed Bid cum application form/Revision Form in the following manner:-

Mode of Application	Submission of Bid cum Application Form
Anchor Investors Application Form	1) To the Book Running Lead Managers at the locations mentioned in the Anchor Investors Application Form
ASBA Form	(a) To members of the Syndicate in the Specified Locations or Registered Brokers at the Broker Centres or the RTA at the Designated RTA Location or the DP at the Designated DP Location (b) To the Designated Branches of the SCSBs

- (a) Bidders/Applicants should submit the Revision Form to the same Designated Intermediary through which such Bidder/Applicant had placed the original Bid.
- (b) Upon submission of the Bid cum Application Form, the Bidder/Applicant will be deemed to have authorised the Issuer to make the necessary changes in the RHP and the Bid cum Application Form as would be required for filing Prospectus with the RoC and as would be required by the RoC after such filing, without prior or subsequent notice of such changes to the relevant Bidder/Applicant.
- (c) Upon determination of the Offer Price and filing of the Prospectus with the RoC, the Bid cum Application Form will be considered as the application form.

SECTION 5: ISSUE PROCEDURE IN BOOK BUILT ISSUE

Book Building, in the context of the Offer, refers to the process of collection of Bids within the Price Band or above the Floor Price and determining the Offer Price based on the Bids received as detailed in Schedule XI of SEBI ICDR Regulations, 2009. The Offer Price is finalised after the Bid/Offer Closing Date. Valid Bids received at or above the Offer Price are considered for allocation in the Offer, subject to applicable regulations and other terms and conditions.

5.1 SUBMISSION OF BIDS

- (a) During the Bid/Offer Period, Bidders/Applicants may approach any of the Designated Intermediaries to register their Bids. Anchor Investors who are interested in subscribing for the Equity Shares should approach the Book Running Lead Manager, to register their Bid.
- (b) In case of Bidders/Applicants (excluding NIBs and QIBs) Bidding at Cut-off Price, the Bidders/Applicants may instruct the SCSBs to block Bid Amount based on the Cap Price less discount (if applicable).
- (c) For details of the timing on acceptance and upload of Bids in the Stock Exchanges Platform Bidders/Applicants are requested to refer to the RHP.

5.2 ELECTRONIC REGISTRATION OF BIDS

- (a) The Designated Intermediary may register the Bids using the on-line facilities of the Stock Exchanges. The Designated Intermediaries can also set up facilities for off-line electronic registration of Bids, subject to the condition that they may subsequently upload the off-line data file into the on-line facilities for Book Building on a regular basis before the closure of the issue.
- (b) On the Bid/Offer Closing Date, the Designated Intermediaries may upload the Bids till such time as may be permitted by the Stock Exchanges and as disclosed in the Draft Red Herring Prospectus and the Red Herring Prospectus.
- (c) Only Bids that are uploaded on the Stock Exchanges Platform are considered for allocation/Allotment. The Designated Intermediaries are given till 1 p.m. on the next Working Day following the Bid/Offer Closing Date to modify select fields uploaded in the Stock Exchange Platform during the Bid/Offer Period after which the Stock Exchange(s) send the bid information to the Registrar to the Issue for further processing.

5.3 BUILD UP OF THE BOOK

- (a) Bids received from various Bidders/Applicants through the Designated Intermediaries may be electronically uploaded on the Bidding Platform of the Stock Exchanges' on a regular basis. The book gets built up at various price levels. This information may be available with the BRLMs at the end of the Bid/Offer Period.
- (b) Based on the aggregate demand and price for Bids registered on the Stock Exchanges Platform, a graphical representation of consolidated demand and price as available on the websites of the Stock Exchanges may be made available at the Bidding centres during the Bid/Offer Period.

5.4 WITHDRAWAL OF BIDS

- (a) RIBs can withdraw their Bids until Bid/Offer Closing Date. In case a RIB wishes to withdraw the Bid during the Bid/Offer Period, the same can be done by submitting a request for the same to the concerned Designated Intermediary who shall do the requisite, including unblocking of the funds by the SCSB in the ASBA Account.
- (b) The Registrar to the Offer shall give instruction to the SCSB for unblocking the ASBA Account upon or after the finalisation of basis of allotment. QIBs and NIBs can neither withdraw nor lower the size of their Bids at any stage.

5.5 REJECTION AND RESPONSIBILITY FOR UPLOAD OF BIDS

- (a) The Designated Intermediaries are individually responsible for the acts, mistakes or errors or omission in relation to:
 - i. the Bids accepted by the Designated Intermediary,
 - ii. the Bids uploaded by the Designated Intermediary, and
 - iii. the Bid cum application forms accepted but not uploaded by the Designated Intermediary.
- (b) The BRLMs and their affiliate Syndicate Members, as the case may be, may reject Bids if all information required is not provided and the Bid cum Application Form is incomplete in any respect.
- (c) The SCSBs shall have no right to reject Bids, except in case of unavailability of adequate funds in the ASBA account or on technical grounds.
- (d) In case of QIB Bidders, only the (i) SCSBs (for Bids other than the Bids by Anchor Investors); and (ii) BRLMs and their affiliate Syndicate Members (only in the Specified Locations) have the right to reject bids. However, such rejection shall be made at the time of receiving the Bid and only after assigning a reason for such rejection in writing.
- (e) All bids by QIBs, NIBs and RIBs Bidders can be rejected on technical grounds listed herein.

5.5.1 GROUNDS FOR TECHNICAL REJECTIONS

Bid cum Application Forms/Application Forms can be rejected on the below mentioned technical grounds either at the time of their submission to any of the Designated Intermediaries, or at the time of finalisation of the Basis of Allotment. Bidders/Applicants are advised to note that the Bids/Applications are liable to be rejected, which have been detailed at various places in this GID:-

- (a) Bid/Applications accompanied by cash, demand draft, cheque, money order, postal order or any mode of payment other than blocked amounts in the ASBA Account maintained with an SCSB;
- (b) Bid/Application by persons not competent to contract under the Indian Contract Act, 1872, as amended, (other than minors having valid Depository Account as per Demographic Details provided by Depositories);
- (c) Bids/Applications by OCBs;

- (d) In case of partnership firms, Bid/Application for Equity Shares made in the name of the firm. However, a limited liability partnership can apply in its own name;
- (e) In case of Bids/Applications under power of attorney or by limited companies, corporate, trust, etc., relevant documents are not being submitted along with the Bid cum application form;
- (f) Bids/Applications by persons prohibited from buying, selling or dealing in the shares directly or indirectly by SEBI or any other regulatory authority;
- (g) Bids/Applications by any person outside India if not in compliance with applicable foreign and Indian laws;
- (h) PAN not mentioned in the Bid cum Application Form/Application Forms except for Bids/Applications by or on behalf of the Central or State Government and officials appointed by the court and by the investors residing in the State of Sikkim, provided such claims have been verified by the Depository Participant;
- (i) In case no corresponding record is available with the Depositories that matches the DP ID, the Client ID and the PAN;
- (j) Bids/Applications for lower number of Equity Shares than the minimum specified for that category of investors;
- (k) Bids/Applications at a price less than the Floor Price and Bids/Applications at a price more than the Cap Price;
- (l) Bids/Applications at Cut-off Price by NIBs and QIBs;
- (m) The amounts mentioned in the Bid cum Application Form/Application Forms do not tally with the amount payable for the value of the Equity Shares Bid/Applied for;
- (n) Bids/Applications for amounts greater than the maximum permissible amounts prescribed by the regulations;
- (o) Submission of more than five ASBA Forms/Application Forms per ASBA Account;
- (p) Bids/Applications for number of Equity Shares which are not in multiples Equity Shares as specified in the RHP;
- (q) Bid cum Application Forms/Application Forms are not delivered by the Bidders/Applicants within the time prescribed as per the Bid cum Application Forms/Application Form, Bid/ Issue Opening Date advertisement and as per the instructions in the RHP and the Bid cum Application Forms;
- (r) Multiple Bids/Applications as defined in this GID and the RHP/Prospectus;
- (s) Bids not uploaded in the Stock Exchanges bidding system.
- (t) Inadequate funds in the bank account to block the Bid/Application Amount specified in the ASBA Form/Application Form at the time of blocking such Bid/Application Amount in the bank account;
- (u) Where no confirmation is received from SCSB for blocking of funds;
- (v) Bids/Applications by Bidders (other than Anchor Investors) not submitted through ASBA process;
- (w) ASBA Bids/Applications submitted to Designated Intermediaries at locations other than the Bidding Centres or to the Escrow Collecting Banks (assuming that such bank is not a SCSB where the ASBA Account is maintained), to the Issuer or the Registrar to the Offer;
- (x) Bids/Applications not uploaded on the terminals of the Stock Exchanges;

- (y) Bids/Applications by SCSBs wherein a separate account in its own name held with any other SCSB is not mentioned as the ASBA Account in the Bid cum Application Form/Application Form.

5.6 BASIS OF ALLOCATION

- (a) The SEBI ICDR Regulations, 2009 specify the allocation or Allotment that may be made to various categories of Bidders/Applicants in an Offer depending on compliance with the eligibility conditions. Certain details pertaining to the percentage of Offer size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the RHP/Prospectus. For details in relation to allocation, the Bidder/Applicant may refer to the RHP/Prospectus.
- (b) Under-subscription in any category (except QIB Category) is allowed to be met with spill-over from any other category or combination of categories at the discretion of the Issuer and in consultation with the BRLMs and the Designated Stock Exchange and in accordance with the SEBI ICDR Regulations, 2009. Unsubscribed portion in QIB Category is not available for subscription to other categories.
- (c) For allocation in the event of an under-subscription applicable to the Issuer, Bidders/Applicants may refer to the RHP.
- (d) **Illustration of the Book Building and Price Discovery Process**

Bidders should note that this example is solely for illustrative purposes and is not specific to the Offer; it also excludes Bidding by Anchor Investors.

Bidders can bid at any price within the price band. For instance, assume a price band of ₹20 to ₹24 per share, issue size of 3,000 equity shares and receipt of five bids from bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the equity shares of the issuer company at various prices and is collated from bids received from various investors.

Bid Quantity	Bid Price (₹)	Cumulative Quantity	Subscription
500	24	500	16.70%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.70%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the issuer is able to issue the desired number of equity shares is the price at which the book cuts off, i.e., ₹22.00 in the above example. The issuer, in consultation with the book running lead managers, will finalise the issue price at or below such cut-off price, i.e., at or below ₹22.00. All bids at or above this issue price and cut-off bids are valid bids and are considered for allocation in the respective categories.

(e) Alternate Method of Book Building

In case of FPOs, Issuers may opt for an alternate method of Book Building in which only the Floor Price is specified for the purposes of Bidding (“**Alternate Book Building Process**”).

The Issuer may specify the Floor Price in the RHP or advertise the Floor Price at least one Working Day prior to the Bid/Offer Opening Date. QIBs may Bid at a price higher than the Floor Price and the Allotment to the QIBs is made on a price priority basis. The Bidder with the highest Bid Amount is allotted the number of Equity Shares Bid for and then the second highest Bidder is Allotted Equity Shares and this process continues until all the Equity Shares have been allotted. RIBs, NIBs and Employees are Allotted Equity Shares at the Floor Price and Allotment to these categories of Bidders is made proportionately. If the number of Equity Shares Bid for at a price is more than available quantity then the Allotment may be done on a proportionate basis. Further, the Issuer may place a cap either in terms of number of specified securities or percentage of issued capital of the Issuer that may be Allotted to a single Bidder, decide whether

a Bidder be allowed to revise the bid upwards or downwards in terms of price and/or quantity and also decide whether a Bidder be allowed single or multiple bids.

SECTION 6: ISSUE PROCEDURE IN FIXED PRICE ISSUE

Applicants may note that there is no Bid cum Application Form in a Fixed Price Offer. As the Offer Price is mentioned in the Fixed Price Offer therefore on filing of the Prospectus with the RoC, the Application so submitted is considered as the application form.

Applicants may only use the specified Application Form for the purpose of making an Application in terms of the Prospectus which may be submitted through the Designated Intermediary.

Applicants may submit an Application Form either in physical form to the any of the Designated Intermediaries or in the electronic form to the SCSB or the Designated Branches of the SCSBs authorising blocking of funds that are available in the bank account specified in the Application Form only ("**ASBA Account**"). The Application Form is also made available on the websites of the Stock Exchanges at least one day prior to the Bid/Offer Opening Date.

In a fixed price Offer, allocation in the net offer to the public category is made as follows: minimum fifty per cent to Retail Individual Bidders; and remaining to (i) individual investors other than Retail Individual Bidders; and (ii) other Applicants including corporate bodies or institutions, irrespective of the number of specified securities applied for. The unsubscribed portion in either of the categories specified above may be allocated to the Applicants in the other category.

For details of instructions in relation to the Application Form, Bidders/Applicants may refer to the relevant section of the GID.

SECTION 7: ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT

The Allotment of Equity Shares to Bidders/Applicants other than Retail Individual Bidders and Anchor Investors may be on proportionate basis. For Basis of Allotment to Anchor Investors, Bidders/Applicants may refer to RHP/Prospectus. No Retail Individual Bidder will be Allotted less than the minimum Bid Lot subject to availability of shares in Retail Individual Bidder Category and the remaining available shares, if any will be Allotted on a proportionate basis. The Issuer is required to receive a minimum subscription of 90% of the Net Offer (excluding any Offer for Sale of specified securities). However, in case the Offer is in the nature of Offer for Sale only, then minimum subscription may not be applicable.

7.1 ALLOTMENT TO RIBs

Bids received from the RIBs at or above the Offer Price may be grouped together to determine the total demand under this category. If the aggregate demand in this category is less than or equal to the Retail Category at or above the Offer Price, full Allotment may be made to the RIBs to the extent of the valid Bids. If the aggregate demand in this category is greater than the allocation to in the Retail Category at or above the Offer Price, then the maximum number of RIBs who can be Allotted the minimum Bid Lot will be computed by dividing the total number of Equity Shares available for Allotment to RIBs by the minimum Bid Lot ("**Maximum RIB Allottees**"). The Allotment to the RIBs will then be made in the following manner:

- (a) In the event the number of RIBs who have submitted valid Bids in the Offer is equal to or less than Maximum RIB Allottees, (i) all such RIBs shall be Allotted the minimum Bid Lot; and (ii) the balance available Equity Shares, if any, remaining in the Retail Category shall be Allotted on a proportionate basis to the RIBs who have received Allotment as per (i) above for the balance demand of the Equity Shares Bid by them (i.e. who have Bid for more than the minimum Bid Lot).
- (b) In the event the number of RIBs who have submitted valid Bids in the Offer is more than Maximum RIB Allottees, the RIBs (in that category) who will then be Allotted minimum Bid Lot shall be determined on the basis of draw of lots.

7.2 ALLOTMENT TO NIBS

Bids received from NIBs at or above the Offer Price may be grouped together to determine the total demand under this category. The Allotment to all successful NIBs may be made at or above the Offer Price. If the aggregate demand in this category is less than or equal to the Non-Institutional Category at or above the Offer Price, full Allotment may be made to NIBs to the extent of their demand. In case the aggregate demand in this category is greater than the Non-Institutional Category at or above the Offer Price, Allotment may be made on a proportionate basis up to a minimum of the Non-Institutional Category.

7.3 ALLOTMENT TO QIBs

For the Basis of Allotment to Anchor Investors, Bidders/Applicants may refer to the SEBI ICDR Regulations, 2009 or RHP/Prospectus. Bids received from QIBs Bidding in the QIB Category (net of Anchor Portion) at or above the Offer Price may be grouped together to determine the total demand under this category. The QIB Category may be available for Allotment to QIBs who have Bid at a price that is equal to or greater than the Offer Price. Allotment may be undertaken in the following manner:

- (a) In the first instance allocation to Mutual Funds for up to 5% of the QIB Category may be determined as follows: (i) In the event that Bids by Mutual Fund exceeds 5% of the QIB Category, allocation to Mutual Funds may be done on a proportionate basis for up to 5% of the QIB Category; (ii) In the event that the aggregate demand from Mutual Funds is less than 5% of the QIB Category then all Mutual Funds may get full Allotment to the extent of valid Bids received above the Offer Price; and (iii) Equity Shares remaining unsubscribed, if any and not allocated to Mutual Funds may be available for Allotment to all QIBs as set out at paragraph 7.4(b) below;
- (b) In the second instance, Allotment to all QIBs may be determined as follows: (i) In the event of oversubscription in the QIB Category, all QIBs who have submitted Bids above the Offer Price may be Allotted Equity Shares on a proportionate basis for up to 95% of the QIB Category; (ii) Mutual Funds, who have received allocation as per (a) above, for less than the number of Equity Shares Bid for by them, are eligible to receive Equity Shares on a proportionate basis along with other QIBs; and (iii) Under-subscription below 5% of the QIB Category, if any, from Mutual Funds, may be included for allocation to the remaining QIBs on a proportionate basis.

7.4 ALLOTMENT TO ANCHOR INVESTOR (IF APPLICABLE)

- (a) Allocation of Equity Shares to Anchor Investors at the Anchor Investor Offer Price will be at the discretion of the issuer in consultation with the Selling Shareholder and the BRLMs, subject to compliance with the following requirements:
 - i. not more than 60% of the QIB Category will be allocated to Anchor Investors;
 - ii. one-third of the Anchor Investor Portion shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the price at which allocation is being done to other Anchor Investors; and
 - iii. allocation to Anchor Investors shall be on a discretionary basis and subject to:
 - a maximum number of two Anchor Investors for allocation up to ₹100 million;
 - a minimum number of two Anchor Investors and maximum number of 15 Anchor Investors for allocation of more than ₹100 million and up to ₹2,500 million subject to minimum Allotment of ₹50 million per such Anchor Investor; and
 - a minimum number of five Anchor Investors and maximum number of 15 Anchor Investors for allocation of more than ₹2,500 million, and an additional 10 Anchor Investors for every additional ₹2,500 million or part thereof, subject to minimum Allotment of ₹50 million per such Anchor Investor.

- (b) An Anchor Investor shall make an application of a value of at least ₹100 million in the Offer.
- (c) A physical book is prepared by the Registrar on the basis of the Anchor Investor Application Forms received from Anchor Investors. Based on the physical book and at the discretion of the Issuer in consultation with the BRLMs, selected Anchor Investors will be sent a CAN, and if required, a revised CAN.
- (d) **In the event that the Offer Price is higher than the Anchor Investor Offer Price:** Anchor Investors will be sent a revised CAN within one day of the Pricing Date indicating the number of Equity Shares allocated to such Anchor Investor and the pay-in date for payment of the balance amount. Anchor Investors are then required to pay any additional amounts, being the difference between the Offer Price and the Anchor Investor Offer Price, as indicated in the revised CAN within the pay-in date referred to in the revised CAN. Thereafter, the Allotment Advice will be issued to such Anchor Investors.
- (e) **In the event the Offer Price is lower than the Anchor Investor Offer Price:** Anchor Investors who have been Allotted Equity Shares will directly receive Allotment Advice.

7.5 BASIS OF ALLOTMENT FOR QIBs (OTHER THAN ANCHOR INVESTORS), NIBs AND RESERVED CATEGORY IN CASE OF OVER-SUBSCRIBED ISSUE

In the event of the Offer being over-subscribed, the Issuer may finalise the Basis of Allotment in consultation with the Designated Stock Exchange in accordance with the SEBI ICDR Regulations, 2009.

The allocation may be made in marketable lots, on a proportionate basis as explained below:

- (a) Bidders may be categorized according to the number of Equity Shares applied for;
- (b) The total number of Equity Shares to be Allotted to each category as a whole may be arrived at on a proportionate basis, which is the total number of Equity Shares applied for in that category (number of Bidders in the category multiplied by the number of Equity Shares applied for) multiplied by the inverse of the over-subscription ratio;
- (c) The number of Equity Shares to be Allotted to the successful Bidders may be arrived at on a proportionate basis, which is total number of Equity Shares applied for by each Bidder in that category multiplied by the inverse of the over-subscription ratio;
- (d) In all Bids where the proportionate Allotment is less than the minimum Bid Lot decided per Bidder, the Allotment may be made as follows: the successful Bidders out of the total Bidders for a category may be determined by a draw of lots in a manner such that the total number of Equity Shares Allotted in that category is equal to the number of Equity Shares calculated in accordance with (b) above; and each successful Bidder may be Allotted a minimum of such Equity Shares equal to the minimum Bid Lot finalised by the Issuer;
- (e) If the proportionate Allotment to a Bidder is a number that is more than the minimum Bid lot but is not a multiple of one (which is the marketable lot), the decimal may be rounded off to the higher whole number if that decimal is 0.5 or higher. If that number is lower than 0.5 it may be rounded off to the lower whole number. Allotment to all Bidders in such categories may be arrived at after such rounding off; and
- (f) If the Equity Shares allocated on a proportionate basis to any category are more than the Equity Shares Allotted to the Bidders in that category, the remaining Equity Shares available for Allotment may be first adjusted against any other category, where the Allotted Equity Shares are not sufficient for proportionate Allotment to the successful Bidders in that category. The balance Equity Shares, if any, remaining after such adjustment may be added to the category comprising Bidders applying for minimum number of Equity Shares.

7.6 DESIGNATED DATE AND ALLOTMENT OF EQUITY SHARES

- (a) **Designated Date:** On the Designated Date, the Escrow Collection Banks shall transfer the funds represented by allocation of Equity Shares to Anchor Investors from the Escrow Account, as per the terms of the Escrow Agreement, into the Public Issue Account with the Bankers to the

Offer. The balance amount after transfer to the Public Issue Account shall be transferred to the Refund Account. Payments of refund to the Bidders applying in the Anchor Investor Portion shall be made from the Refund Account as per the terms of the Escrow Agreement and the RHP. On the Designated Date, the Registrar to the Issue shall instruct the SCSBs to transfer funds represented by allocation of Equity Shares from ASBA Accounts into the Public Issue Account.

- (b) **Issuance of Allotment Advice:** Upon approval of the Basis of Allotment by the Designated Stock Exchange, the Registrar shall upload the same on its website. On the basis of the approved Basis of Allotment, the Issuer shall pass necessary corporate action to facilitate the Allotment and credit of Equity Shares. Bidders/Applicants are advised to instruct their Depository Participant to accept the Equity Shares that may be allotted to them pursuant to the Offer.

Pursuant to confirmation of such corporate actions, the Registrar will dispatch Allotment Advice to the Bidders/Applicants who have been Allotted Equity Shares in the Offer.

- (c) The dispatch of Allotment Advice shall be deemed a valid, binding and irrevocable contract.
- (d) Issuer will ensure that: (i) the Allotment of Equity Shares; and (ii) credit of shares to the successful Bidders/Applicants Depository Account will be completed within six Working Days of the Bid/Offer Closing Date.

SECTION 8: INTEREST AND REFUNDS

8.1 COMPLETION OF FORMALITIES FOR LISTING AND COMMENCEMENT OF TRADING

The Issuer shall ensure that all steps for the completion of the necessary formalities for listing and commencement of trading at all the Stock Exchanges are taken within six Working Days of the Bid/Offer Closing Date. The Registrar to the Offer may initiate corporate action for credit to Equity Shares the beneficiary account with Depositories within six Working Days of the Bid/Offer Closing Date.

8.2 GROUNDS FOR REFUND

8.2.1 NON RECEIPT OF LISTING PERMISSION

An Issuer makes an application to the Stock Exchange(s) for permission to deal in/list and for an official quotation of the Equity Shares. All the Stock Exchanges from where such permission is sought are disclosed in RHP/Prospectus. The Designated Stock Exchange may be as disclosed in the RHP/Prospectus with which the Basis of Allotment may be finalised.

If the Issuer fails to make application to the Stock Exchange(s) or obtain permission for listing of the Equity Shares, in accordance with the provisions of Section 40 of the Companies Act, 2013, the Issuer shall be punishable with a fine which shall not be less than ₹5 lakhs but which may extend to ₹50 lakhs and every officer of the Issuer who is in default shall be punishable with imprisonment for a term which may extend to one year or with fine which shall not be less than ₹50,000 but which may extend to ₹3 lakhs, or with both.

If the permissions to deal in and an official quotation of the Equity Shares are not granted by any of the Stock Exchange(s), the Issuer may forthwith take steps to refund, without interest, all moneys received from Bidders/Applicants.

If such money is not refunded to the Bidders/Applicants within the prescribed time after the Issuer becomes liable to repay it, then the Issuer and every director of the Issuer who is an officer in default may, on and from such expiry of such period, be liable to repay the money, with interest at such rate, as disclosed in the RHP/Prospectus.

8.2.2 NON RECEIPT OF MINIMUM SUBSCRIPTION

If the Issuer does not receive a minimum subscription of 90% of the Net Offer (excluding any offer for sale of specified securities), including devolvement to the Underwriters, the Issuer may forthwith, take steps to unblock the entire subscription amount received within six Working Days of the Bid/Offer Closing Date and repay, without interest, all moneys received from Anchor Investors. In case the Offer is in the nature of Offer for Sale only, then minimum subscription may not be applicable. In case of

under-subscription in the Offer involving a Fresh Issue and an Offer for Sale, the Equity Shares in the Fresh Issue will be issued prior to the sale of Equity Shares in the Offer for Sale.

If there is a delay beyond the prescribed time after the Issuer becomes liable to pay the amount received from Bidders, then the Issuer and every director of the Issuer who is an officer in default may on and from expiry of the prescribed period, be jointly and severally liable to repay the money, with interest at the rate of 15% per annum in accordance with the Companies (Prospectus and Allotment of Securities) Rules, 2014, as amended.

8.2.3 MINIMUM NUMBER OF ALLOTTEES

The Issuer may ensure that the number of prospective Allottees to whom Equity Shares may be Allotted may not be less than 1,000 failing which the entire application monies may be refunded forthwith.

8.2.4 IN CASE OF ISSUES MADE UNDER COMPULSORY BOOK BUILDING

In case an Issuer not eligible under Regulation 26(1) of the SEBI ICDR Regulations, 2009 comes for an Offer under Regulation 26(2) of SEBI (ICDR) Regulations, 2009 but fails to Allot at least 75% of the Net Offer to QIBs, in such case full subscription money is to be refunded.

8.3 MODE OF REFUND

- (a) **In case of ASBA Bids:** Within six Working Days of the Bid/Offer Closing Date, the Registrar to the Offer may give instructions to SCSBs for unblocking the amount in ASBA Accounts for unsuccessful Bids or for any excess amount blocked on Bidding.
- (b) **In case of Anchor Investors:** Within six Working Days of the Bid/Offer Closing Date, the Registrar to the Offer may dispatch the refund orders for all amounts payable to unsuccessful Anchor Investors.
- (c) In case of Anchor Investors, the Registrar to the Offer may obtain from the depositories the Bidders' bank account details, including the MICR code, on the basis of the DP ID, Client ID and PAN provided by the Anchor Investors in their Anchor Investor Application Forms for refunds. Accordingly, Anchor Investors are advised to immediately update their details as appearing on the records of their depositories. Failure to do so may result in delays in dispatch of refund orders or refunds through electronic transfer of funds, as applicable, and any such delay may be at the Anchor Investors' sole risk and neither the Issuer, the Registrar to the Offer, the Escrow Collection Banks, or the Syndicate, may be liable to compensate the Anchor Investors for any losses caused to them due to any such delay, or liable to pay any interest for such delay. Please note that refunds shall be credited only to the bank account from which the Bid Amount was remitted to the Escrow Bank.

8.3.1 Electronic mode of making refunds for Anchor Investors

The payment of refund, if any, may be done through various electronic modes as mentioned below:

- (a) **NACH**—National Automated Clearing House which is a consolidated system of electronic clearing service. Payment of refund would be done through NACH for Applicants having an account at one of the centres specified by the RBI, where such facility has been made available. This would be subject to availability of complete bank account details including Magnetic Ink Character Recognition (MICR) code wherever applicable from the depository. The payment of refund through NACH is mandatory for Applicants having a bank account at any of the centres where NACH facility has been made available by the RBI (subject to availability of all information for crediting the refund through NACH including the MICR code as appearing on a cheque leaf, from the depositories), except where applicant is otherwise disclosed as eligible to get refunds through NEFT or Direct Credit or RTGS;
- (b) **NEFT**—Payment of refund may be undertaken through NEFT wherever the branch of the Anchor Investors' bank is NEFT enabled and has been assigned the Indian Financial System Code ("IFSC"), which can be linked to the MICR of that particular branch. The IFSC Code may be obtained from the website of RBI as at a date prior to the date of payment of refund, duly mapped with MICR numbers. Wherever the Anchor Investors have registered their nine-

digit MICR number and their bank account number while opening and operating the demat account, the same may be duly mapped with the IFSC Code of that particular bank branch and the payment of refund may be made to the Anchor Investors through this method. In the event NEFT is not operationally feasible, the payment of refunds may be made through any one of the other modes as discussed in this section;

- (c) **RTGS**—Anchor Investors having a bank account at any of the centers notified by SEBI where clearing houses are managed by the RBI, may have the option to receive refunds, if any, through RTGS.
- (d) **Direct Credit**—Anchor Investors having their bank account with the Refund Banker may be eligible to receive refunds, if any, through direct credit to such bank account;

Please note that refunds through the abovementioned modes shall be credited only to the bank account from which the Bid Amount was remitted to the Escrow Bank.

For details of levy of charges, if any, for any of the above methods, Anchor Investors may refer to RHP/Prospectus.

8.4 INTEREST IN CASE OF DELAY IN ALLOTMENT OR REFUND

The Issuer may pay interest at the prescribed rate if Allotment is not made and refund instructions have not been given to the clearing system in the disclosed manner/instructions for unblocking of funds in the ASBA Account are not dispatched within the prescribed period.

The Issuer may pay interest at the prescribed rate for any delay beyond the prescribed period from the Bid/Offer Closing Date, if Allotment is not made.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India (“**Industrial Policy**”) and FEMA. While the Industrial Policy prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. The Union Cabinet, as provided in the Cabinet Press Release dated May 24, 2017, has given its approval for phasing out the FIPB. Accordingly, the process for foreign direct investment (“**FDI**”) and approval from the Government of India will now be handled by the concerned ministries or departments, in consultation with the DIPP.

The Government has from time to time made policy pronouncements on FDI through press notes and press releases. DIPP issued Consolidated FDI Policy Circular of 2017 (“**FDI Policy 2017**”), which with effect from August 28, 2017. The FDI policy incorporates the changes made in the past year, including liberalisation of sectors such as construction, defence, broadcasting, single brand retail trading and LLPs. The Government proposes to update the consolidated circular on FDI policy once every year and therefore, FDI Policy 2017 will be valid until the DIPP issues an updated circular.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the FIPB or the RBI, provided that (i) the activities of the investee company are under the automatic route under the FDI Policy 2016 and transfer does not attract the provisions of the SEBI Takeover Regulations; (ii) the non-resident shareholding is within the sectoral limits under the FDI Policy; and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI and the RBI.

As per the existing policy of the Government of India, OCBs cannot participate in this Offer.

The Equity Shares have not been and will not be registered under the Securities Act or any state securities laws in the United States, and unless so registered, and may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and in accordance with any applicable U.S. state securities laws. The Equity Shares are being offered and sold outside the United States in offshore transactions in reliance on Regulation S and the applicable laws of each jurisdictions where such offers and sales are made. The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Bidders. Our Company, the Selling Shareholders, and the BRLMs are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that the number of Equity Shares Bid for do not exceed the applicable limits under laws or regulations.

SECTION VIII: MAIN PROVISIONS OF ARTICLES OF ASSOCIATION

Pursuant to the Companies Act and the SEBI Regulations, the main provisions of the Articles of Association are detailed below. Capitalised terms used in this section have the meaning given to them in the Articles of Association. Each provision below is numbered as per the corresponding article number in the Articles of Association and defined terms herein have the meaning given to them in the Articles of Association.

1	The regulations contained in Table F, in the First Schedule to the Companies Act, 2013, shall apply to this Company, to the extent to which they are not modified, varied, amended or altered by these articles.
	INTERPRETATION
2	<p>(1) In these Articles —</p> <p>(a) “Act” means the Companies Act, 2013 along with the relevant Rules made there under, in force and any statutory amendment thereto or replacement thereof and including any circulars, notifications and clarifications issued by the relevant authority under the Companies Act, 2013, and applicable and subsisting provisions of the Companies Act, 1956, if any, along with relevant Rules made there under.</p> <p>(b) “Articles” means these articles of association of the Company or as altered from time to time.</p> <p>(c) “Board of Directors” or “Board”, means the collective body of the directors of the Company.</p> <p>(d) “Company” means Galaxy Surfactants Limited.</p> <p>(e) “Rules” means the applicable rules for the time being in force as prescribed under relevant sections of the Act.</p> <p>(f) “Seal” means the common seal of the Company.</p> <p>(2) Words importing the singular number shall include the plural number and words importing the masculine gender shall, where the context admits, include the feminine and neuter gender.</p> <p>(3) Unless the context otherwise requires, words or expressions contained in these Articles shall bear the same meaning as in the Act or the Rules, as the case may be.</p>
3	Copies of the Memorandum and Articles of Association and other documents mentioned in Section 17 of the Act shall be furnished by the Company to any member at his request within seven days of the requirement subject to the payment of a fee (if any) as may be required by the Directors and is permitted by the Act.
	SHARES
4	<p>(1) The authorized share capital of the Company shall be such amount and be divided into such class, number or kind of Shares as may from time to time, be provided in Clause V of the Memorandum of Association of the Company.</p> <p>(2) Subject to the provisions of the Act and these Articles, the Board of Directors shall be empowered to modify, increase the share capital and to divide the Shares for the time being into several classes and attach thereto preferential, deferred, qualified, or special rights or conditions, as may be determined by or in accordance with the Act or Articles or terms of issue and to vary, modify or abrogate any such rights, privileges or conditions in such manner, as may be for the time being provided for by the Act or Articles or the terms of issue.</p>
5	<p>The Company may issue the following kinds of shares in accordance with these Articles, the Act, the Rules and other applicable laws:</p> <p>(a) Equity share capital:</p> <p style="padding-left: 40px;">(i) with voting rights; and / or</p> <p style="padding-left: 40px;">(ii) with differential rights as to dividend, voting or otherwise in accordance with the Rules; and</p> <p>(b) Preference share capital</p>
6	<p>(1) If at any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class) may, subject to the provisions of the Act, and whether or not the Company is being wound up, be varied with the consent in writing, of such number of the holders of the issued shares of that class, or with the sanction of a resolution passed at a separate meeting of the holders of the shares of that class, as prescribed by the Act.</p> <p>(2) To every such separate meeting, the provisions of these Articles relating to general meetings shall <i>mutatis mutandis</i> apply.</p>
7	The rights conferred upon the holders of the shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the shares of that class, be deemed to be varied by the creation or issue of further shares ranking <i>pari passu</i> therewith.
8	Subject to the provisions of the Act, the Board shall have the power to issue or re-issue preference shares of one or more classes which, at the option of the Company, are liable to be redeemed, or converted to equity shares, on such terms and conditions and in such manner as determined by the Board in accordance with the Act.
9	<p>(1) Subject to the provisions of the Act, where at any time, the Company proposes to increase its subscribed share capital by the issue of further Shares, such Shares shall be offered—</p> <p style="padding-left: 40px;">(a) to persons who, at the date of the offer, are holders of equity Shares of the Company in proportion, as nearly as circumstances admit, to the paid-up share capital on those Shares at that date by sending a letter of offer,</p>

	<p>(b) such offer shall be made by notice specifying the number of Shares offered and limiting a time not being less than fifteen days and not exceeding thirty days from the date of the offer within which the offer, if not accepted, shall be deemed to have been declined,</p> <p>(c) such offer shall be deemed to include a right exercisable by the person concerned to renounce the Shares offered to him or any of them in favour of any other person; and the notice referred above shall contain a statement of this right,</p> <p>(d) After the expiry of the time specified in the notice aforesaid, or on receipt of earlier intimation from the person to whom such notice is given that he declines to accept the Shares offered, the Board may dispose of them in such manner which is not dis-advantageous to the shareholders and the Company,</p> <p>(2) Subject to the provisions of the Act and the Rules, the Company may issue further Shares to employees under a scheme of employees' stock option, subject to special resolution passed by the Company and in conformity with the provisions prescribed under the Act and in the Rules or the Articles or other applicable laws, if any</p> <p>(3) The Company may also issue further Shares in accordance with the provisions of the Act, the Rules and other applicable laws, to any person(s), if authorised by a special resolution, whether or not those person(s) include the person(s) referred to in Section 62(1)(a)/(b) of the Act, either for cash or for a consideration other than cash,</p> <p>(4) Nothing in this Article shall apply to the increase of the subscribed capital caused by the exercise of an option as a term attached to the debentures issued or loan raised by the Company to convert such debentures or loans into Shares in the Company, provided that the terms of issue of such debentures or loan containing such an option have been approved before the issue of such debentures or the raising of loan by a special resolution passed by the Company in general meeting.</p>
	CERTIFICATES
10	<p>(1) Subject to the provisions of the Act, every Member or allottee of Shares or Securities of the Company shall be entitled to receive one certificate specifying the name of the person(s) in whose favour it is issued, the Shares /security, as the case may be, to which it relates, the certificate number and the amount paid up thereon. Such certificate shall be issued only in pursuance of a resolution passed by the Board or a Committee of the Board in this regard and on surrender to the Company of its letter of allotment or its fractional coupons of requisite value, save in case of issue against letters of acceptance or of renunciation or in case of issue of bonus shares. Provided that if the letter of allotment is lost or destroyed, the Board may impose such reasonable terms, if any, as to seek supporting evidence and indemnity and the payment of out-of-pocket expenses incurred by the Company in investigating evidence, as it may think fit.</p> <p>(2) Subject to the Act, every share certificate shall be issued under the Seal of the Company which shall be affixed in the presence of and signed by two Directors, duly authorised by the Board for the purpose or persons acting on behalf of the Directors or the Committee of the Board if so authorised by the Board; and the Secretary or any other person authorised by the Board for the purpose, provided that, if the composition of the Board permits of it, atleast one of the aforesaid two directors shall be persons other than a Managing or a Whole time Director. The share certificate issued shall be in conformity with the provisions of the Act and the Rules. Further, a director/authorized representative, shall deemed to have signed the share certificate if their respective signature(s) are printed thereon as a facsimile signature by means of any machine, equipment or other mechanical means such as engraving in metal or lithography, or digitally signed, but not by means of a rubber stamp.</p> <p>(3) The particulars of every certificate issued in accordance with the provisions of these Articles, the Act and the Rules, shall be the <i>prima facie</i> evidence of the title of the person of such Shares and the particulars of every such share certificate issued shall be entered in the register of Members maintained by the Company under the Act read with the relevant Rules along with the name(s) of the person(s) to whom it has been issued, indicating the date of the issue.</p> <p>(4) Subject to the provisions of the Act, in respect of any share or shares held jointly by several persons, the Company shall not be bound to issue more than one certificate, and delivery of a certificate for a share to one of several joint holders shall be sufficient delivery to all such holders.</p> <p>(5) Every person whose name is entered as a Member in the Register of Members shall be entitled to receive within two months after allotment or within one month registration of transfer or transmission, or such time as may be required under the Act and the Rules —</p> <p style="padding-left: 40px;">(a) one certificate for all his Shares without payment of any charges; or</p> <p style="padding-left: 40px;">(b) several certificates issued for one or more of his Shares, upon payment of such fee as the Board may deem fit, for every certificate or such charges as may be fixed by the Board for each certificate after the first. The charges may be waived off by the Company.</p> <p>(6) Every person whose name is entered as a Member in the Register of Members shall be entitled, in respect of their shareholding, to seek consolidation or sub-division of their holdings and the issue of one or several certificates in respect of such holdings, upon payment of such fee as the Board may deem fit, subject to applicable law. The charges may be waived off by the Company.</p>
11	A person subscribing to shares offered by the Company shall have the option either to receive certificates for such shares or hold the shares in a dematerialised state with a depository. Where a person opts to hold any share with the depository, the Company shall intimate such depository the details of allotment of the share to enable the depository to enter in its records the name of such person as the beneficial owner of that share.
12	If any share certificate be worn out, defaced, mutilated or torn or if there be no further space on the back for

	<p>endorsement of transfer, then upon production and surrender thereof to the Company, a new certificate may be issued in lieu thereof, and if any certificate is lost or destroyed then upon proof thereof to the satisfaction of the Company and on execution of such indemnity as the Board deems adequate, a new certificate in lieu thereof shall be given. Every certificate under this Article shall be issued on payment of fees for each certificate as may be fixed by the Board.</p>
13	<p>The provisions of the foregoing Articles relating to issue of certificates shall <i>mutatis mutandis</i> apply to issue of certificates for any other securities including debentures (except where the Act otherwise requires) of the Company.</p>
14	<p>Dematerialization of Securities:</p> <p>(1) Definitions: For the purpose of this Article:</p> <p>“Beneficial owner” means a person or persons whose name is recorded in the Register maintained by a Depository under the Depositories Act, 1996.</p> <p>“SEBI” means the Securities and Exchange Board of India constituted under the Securities and Exchange Board of India Act, 1992.</p> <p>“Security” means such security as may be specified by SEBI from time to time and includes all kinds of shares or debentures which may be issued from time to time by the company and which are entitled to be dematerialized.</p> <p>“Members” in respect of dematerialized shares means the beneficial owner thereof, i.e. the person or persons whose name is recorded as a beneficial owner in the register maintained by a Depository under the Depositories Act, 1996, and in respect of the shares, the person or persons whose name is duly registered as a holder of a share in the Company from time to time and includes the subscribers to the Memorandum of Association.</p> <p>“Corporate benefits” means and includes the benefits like dividend on the shares, interest on debentures, rights, options and bonus entitlements which may at any time be bestowed on the holders of the securities by virtue of holding the securities.</p> <p>(2) Dematerialization of securities:-</p> <p>Notwithstanding anything contained in these Articles, the Company shall be entitled to dematerialize its existing Securities, rematerialize its Securities held in the Depositories and/or to offer its fresh securities in a dematerialized form pursuant to the provisions of the Depositories Act, 1996, and the rules framed there under, if any.</p> <p>(3) Issue of securities and option for investors:-</p> <p>The Company may exercise the option to issue, deal in or hold the Securities with a Depository in electronic form and the Certificates in respect thereof shall be dematerialized, in which event the rights and obligations of the parties concerned and the matters connected therewith, or incidental thereof shall be governed by Depositories Act, 1996.</p> <p>Every person subscribing to the Securities offered by the Company shall have the option to receive Security Certificates or may exercise option to issue, deal-in or to hold the Securities with a Depository in electronic form and the certificates in respect thereof shall be dematerialised. Such a person who is the Beneficial Owner of the Securities can at any time opt out of a Depository, if permitted by the law, in respect of any Security in the manner provided by the Depositories Act, and the Company shall, in the manner and within the time prescribed, issue to the Beneficial Owner the required Certificate of Securities.</p> <p>If a person opts to hold his Security with a Depository, then notwithstanding anything to the contrary contained in the Act or in these Articles, the Company shall intimate such Depository the details of the allotment of the Security, and on receipt of the information, the Depository shall enter in its record the name of the allottee as the Beneficial Owner of the Security.</p> <p>(4) Securities of the depository mode to be in fungible form:-</p> <p>All securities held in the depository mode with a depository shall be dematerialized and be in fungible form. Nothing contained in section 89, of the Act shall apply to such securities held by a depository owner, in respect of the Securities held by it on behalf of the Beneficial Owner.</p> <p>(5) Right of Depositories and Beneficial Owners:-</p> <p>(a) Notwithstanding anything to the contrary contained in the Act or these Articles, a depository shall be deemed to be the registered owner for the purposes of effecting transfer of ownership of security on behalf of the beneficial owner.</p> <p>(b) Save as otherwise provided in (a) above, the depository as the registered owner of the securities shall not have other membership rights or be entitled to the corporate benefits that may accrue to the members of the company.</p> <p>(c) Every person holding securities of the Company and whose name is entered as the beneficial owner in the register maintained by a depository shall be deemed to be a member of the Company. The beneficial owner of securities shall alone be entitled to all the rights and benefits and be subject to all the liabilities like payment of unpaid call monies and furnishing of such information as may be necessary to enable the company to enter his name in the register and index of beneficial owners or other records as applicable, in respect of the securities held in the depository mode of which he is the beneficial owner.</p> <p>(6) Service of documents on company:-</p> <p>Notwithstanding anything in the Act or these Articles to the contrary, where securities are held in a depository mode, the records of the beneficial owner may be served by a depository on the company by means of electronic mode or by delivery of floppies or discs or any other electronic media.</p> <p>(7) Service of notice on beneficial owners:-</p>

	<p>Wherever required, the company may serve a notice for any purpose under the Act in accordance with the provisions of section 20 of the Act or as permissible under any law or statute for the time being in force.</p> <p>(8) Transfer of securities:- Nothing contained in section 56(1) and section 89 of the Act shall apply to a transfer of securities effected by a transferor and transferee both of whom are entered in the Register maintained under the Depositories Act, 1996.</p> <p>(9) Allotment of Securities dealt with a depository Notwithstanding anything contained in the Act or the Articles, where Securities are dealt with by a Depository, the Company shall intimate the details thereof to the Depository immediately on allotment of such Securities.</p> <p>(10) Distinctive numbers of securities held in depository mode:- Nothing contained in the Act or under these Articles regarding the necessity of having distinctive numbers for securities issued by the company shall apply to the securities held in the depository mode.</p> <p>(11) Register and index of members:- (a) The Company shall cause to be kept a Register and Index of members in accordance with all applicable provisions of the Act and the Depositories Act, 1996 with details of shares in material and dematerialized forms in any media as may be permitted by law, including in any form of electronic media. The Company shall be entitled to keep in any country outside India a branch Register of beneficial owners residing outside India. (b) The register and index of beneficial owners maintained by a depository under the Depositories Act, 1996 shall be deemed to be Register and index of members and holders of securities for the purposes of these Articles and the Act.</p> <p>(12) Issue of Share Certificates:- In the case of transfer and transmission of shares where the Company has not issued any certificates and where such shares are being held in an electronic and fungible form in a Depository, the provisions of the Depositories Act, 1996 shall apply."</p>
	LIEN
15	<p>(1) The Company shall have a first and paramount lien on every share (not being a fully paid share), for all monies (whether presently payable or not) called, or payable at a fixed time, in respect of that share.</p> <p>Provided that the Board may at any time declare any share to be wholly or in part exempt from the provisions of this regulation.</p> <p>(2) The fully paid Shares shall be free from all lien and Company's lien, if any, on a share shall extend to all dividends or interest, as the case may be, payable and bonuses declared from time to time in respect of such shares for any money owing to the Company.</p> <p>(3) Unless otherwise agreed by the Board, the registration of a transfer of shares shall operate as a waiver of the Company's lien.</p>
16	<p>Subject to the provisions of the Act, the Company may sell, in such manner as the Board thinks fit, any shares on which the Company has a lien:</p> <p>Provided that no sale shall be made—</p> <p>(a) unless a sum in respect of which the lien exists is presently payable; or</p> <p>(b) until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the share or to the person entitled thereto by reason of his death or insolvency or otherwise.</p>
17	<p>(1) Subject to the provisions of the Act, to give effect to any such sale, the Board may authorize any person for the sale of shares to the purchaser thereof.</p> <p>(2) The purchaser shall be registered as the holder of the shares comprised in any such transfer.</p> <p>(3) The receipt of the Company for the consideration (if any) given for the share on the sale thereof shall (subject, if necessary, to execution of an instrument of transfer or a transfer by relevant system, as the case may be) constitute a good title to the share and the purchaser shall be registered as the holder of the share.</p> <p>(4) The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings with reference to the sale.</p>
18	<p>(1) The proceeds of the sale shall be received by the Company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable.</p> <p>(2) The residue, if any, shall, subject to a like lien for sums not presently payable as existed upon the shares before the sale, be paid to the person entitled to the shares at the date of the sale.</p>
19	<p>In exercising its lien, the Company shall be entitled to treat the registered holder of any share as the absolute owner thereof and accordingly shall not (except as ordered by a court of competent jurisdiction or unless required by any statute) be bound to recognise any equitable or other claim to, or interest in, such share on the part of any other person, whether a creditor of the registered holder or otherwise. The Company's lien shall prevail notwithstanding that it has received notice of any such claim.</p>
20	<p>The provisions of these Articles relating to lien shall <i>mutatis mutandis</i> apply to any other securities including debentures of the Company.</p>
	CALLS
21	<p>(1) The Board may, from time to time subject to the provisions of the Act, make such calls as it thinks fit, upon</p>

	<p>the Members, in respect of all moneys unpaid on the Shares held by them respectively and each Member shall pay the amount of every call so made on him, by the Board, to the person or persons and at the times and places appointed by the Board</p> <p>(2) Fifteen days, or such other period as specified by the Act, notice in writing of any call shall be given by the Company specifying the time and place of payment and the person or persons to whom such call shall be paid.</p> <p>(3) Subject to the provisions of the Act, the Board may, from time to time, at its discretion, extend the time fixed for the payment of any call in respect of one or more members as the Board may deem appropriate in any circumstances.</p> <p>(4) A call may be revoked or postponed at the discretion of the Board.</p>
22	A call shall be deemed to have been made at the time when the resolution of the Board authorising the call was passed at a meeting of the Board.
23	The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.
24	<p>(1) If a sum called in respect of a share is not paid before or on the day appointed for payment thereof (the "due date"), the person from whom the sum is due shall pay interest thereon from the due date to the time of actual payment at such rate as may be fixed by the Board from time to time or such rate as may be prescribed under the Act, but nothing in this Article shall render it obligatory for the Board to demand or recover any interest from any such Member</p> <p>(2) The Board shall be at liberty to waive payment of any such interest wholly or in part.</p>
25	<p>(1) Any sum which by the terms of issue of a share becomes payable on allotment or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall, for the purposes of these Articles, be deemed to be a call duly made and payable on the date on which by the terms of issue such sum becomes payable.</p> <p>(2) In case of non-payment of such sum, all the relevant provisions of these Articles as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.</p>
26	<p>The Board –</p> <p>Subject to the provisions of the Act, the Board may, if it thinks fit, agree to and receive from any Member willing to advance the same, all or any part of the amounts of his respective Shares beyond the sums actually called up and upon the moneys so paid in advance, or upon so much thereof, from time to time, and at any time thereafter as exceeds the amount of the calls then made upon and due in respect of the Shares on account of which such advances are made, the Board may pay or allow interest, at such rate as the Board may fix from time to time. The Board may at any time agree to repay any amounts so advanced or may at any time repay the same upon giving to the Member three months notice in writing. Provided that moneys paid in advance of calls on any shares may carry interest but shall not confer a right to dividend or to participate in profits.</p>
27	No Member paying any such sum in advance shall be entitled to voting right in respect of the moneys so paid by him until the same would but for such payment become presently payable.
28	If by the conditions of allotment of any shares, the whole or part of the amount of issue price thereof shall be payable by installments, then every such installment shall, when due, be paid to the Company by the person who, for the time being and from time to time, is or shall be the registered holder of the share or the legal representative of a deceased registered holder.
29	<p>All calls shall be made on a uniform basis on all shares falling under the same class.</p> <p><i>Explanation:</i> Shares of the same nominal value on which different amounts have been paid-up shall not be deemed to fall under the same class.</p>
30	Neither a judgment nor a decree in favour of the Company for calls or other moneys due in respect of any shares nor any part payment or satisfaction thereof nor the receipt by the Company of a portion of any money which shall from time to time be due from any member in respect of any shares either by way of principal or interest nor any indulgence granted by the Company in respect of payment of any such money shall preclude the forfeiture of such shares as herein provided.
31	Subject to the provisions of the Act and other applicable provisions of the applicable laws including Regulations issued by SEBI, on the trial of or hearing of any action or suit brought by the Company against any Member or his representatives for the recovery of any moneys claimed to be due to the Company in respect of whose Shares the money is sought to be recovered, it shall be sufficient to prove that the name of the member appears entered in the Register of Members as the holder, at or subsequently at the date at which the money is sought to be recovered is alleged to have become due on the Shares in respect of which such money is sought to be recovered that the resolution making the call is duly recorded in the minute book and that notice of such call was duly given to the Member or his representatives sued in pursuance of these Articles and that it shall not be necessary to prove the appointment of the directors who made such call, nor that a quorum of directors was present at the Board at which any call was made nor that meeting at which any call was made was duly convened or constituted nor any other matters whatsoever but the proof of the matter aforesaid shall be conclusive evidence of the debt. Provided that option or right to call of shares shall not be given to any person or persons except with the sanction of the Company in the general meeting.
32	The provisions of these Articles relating to calls shall <i>mutatis mutandis</i> apply to any other securities including debentures of the Company.
TRANSFER OF SHARES	
33	(1) The instrument of transfer of any Securities in the Company shall be in a prescribed form in accordance with the

	<p>requirements of the Act read with the Rules, executed by or on behalf of both the transferor and transferee and specifying the name, address and occupation, if any, and has been delivered to the Company along with the certificates relating to the Security, or if no such certificate is in existence, along with the letter of allotment of the Security.</p> <p>Provided that the instrument of transfer for Securities of the Company shall be in common form and in writing and all provision of the Act and statutory modification thereof for the time being shall be duly complied with in respect of all transfer of shares and registration thereof.</p> <p>Provided that, subject to the provisions of the Act, Rules and other applicable provisions, where on an application in the prescribed form in writing made to the Company by the transferee and bearing the stamp required for an instrument of transfer, it is proved to the satisfaction of the Board that the instrument of transfer signed by or on behalf of the transferor and by or on behalf of the transferee has been lost or where the instrument of transfer has not been delivered within the prescribed period, the Company may register the transfer on such terms as to indemnity as the Board may think fit.</p> <p>Provided further that nothing in this Article shall prejudice any power of the Company to register as Security holder, any person to whom the right to any Security in the Company has been transmitted by operation of law.</p> <p>(2) The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the register of members in respect thereof.</p> <p>Provided nothing in this Article shall apply to transfer of Securities held in dematerialized form through depository.</p>
34	The Company shall keep a 'Register of Transfer' and therein shall be fairly and distinctly entered particulars of every transfer or transmission of any Share held.
35	Notwithstanding anything contained in these Articles, in case of transfer of Shares or Securities held in electronic or fungible form, the provisions of the Depositories Act, 1996, or statutory modification or re-enactment thereof shall apply. Provisions of the Act, relating to progressive numbering shall not apply to the Securities of the Company which have been dematerialised.
36	<p>The Board may, subject to the right of appeal conferred by the Act decline to register –</p> <p>(a) the transfer of a share, not being a fully paid share, to a person of whom they do not approve; or</p> <p>(b) any transfer of shares on which the Company has a lien.</p> <p>Provided that the registration of a transfer shall not be refused on the ground of the transferor being either alone or jointly with any other person or persons indebted to the Company on any account whatsoever.</p>
37	<p>In case of shares held in physical form, the Board may decline to recognise any instrument of transfer unless –</p> <p>(a) the instrument of transfer is duly executed and is in the form as prescribed in the Rules made under the Act;</p> <p>(b) the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and</p> <p>(c) the instrument of transfer is in respect of only one class of shares</p>
38	<p>On giving of previous notice of at least seven days or such lesser period in accordance with the Act and Rules made thereunder, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine:</p> <p>Provided that such registration shall not be suspended for more than thirty days at any one time or for more than forty five days in the aggregate in any year.</p>
39	The provisions of these Articles relating to transfer of shares shall <i>mutatis mutandis</i> apply to any other securities including debentures of the Company.
	TRANSMISSION OF SHARES
40	<p>(1) Subject to the provisions of the Act, on the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognised by the Company as having any title to his interest in the shares or any other person as may be required by law from time to time.</p> <p>(2) Nothing in clause (1) shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.</p>
41	<p>(1) Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect, either –</p> <p>(a) to be registered himself as holder of the share; or</p> <p>(b) to make such transfer of the share as the deceased or insolvent member could have made.</p> <p>(2) The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.</p> <p>(3) The Company shall be fully indemnified by such person from all liability, if any, by actions taken by the Board to give effect to such registration or transfer.</p>
42	<p>(1) If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the Company a notice in writing signed by him stating that he so elects.</p> <p>(2) If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.</p> <p>(3) All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.</p>
43	Subject to the provisions of the Act, a person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the

	registered holder of the share, except that he shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the Company: Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share, until the requirements of the notice have been complied with.
44	The provisions of these Articles relating to transmission by operation of law shall <i>mutatis mutandis</i> apply to any other securities including debentures of the Company.
	FORFEITURE AND SURRENDER
45	If a member fails to pay any call, or installment of a call or any money due in respect of any share, on the day appointed for payment thereof, the Board may, at any time thereafter during such time as any part of the call or installment remains unpaid or a judgment or decree in respect thereof remains unsatisfied in whole or in part, serve a notice on him requiring payment of so much of the call or installment or other money as is unpaid, together with any interest which may have accrued and all expenses that may have been incurred by the Company by reason of non-payment.
46	Subject to the provisions of the Act, the notice aforesaid shall: (a) name a further day (not being earlier than the expiry of fourteen days from the date of service of the notice) on or before which the payment required by the notice is to be made; and (b) state that, in the event of non-payment on or before the day so named, the shares in respect of which the call was made shall be liable to be forfeited.
47	If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect.
48	Neither the receipt by the Company for a portion of any money which may from time to time be due from any member in respect of his shares, nor any indulgence that may be granted by the Company in respect of payment of any such money, shall preclude the Company from thereafter proceeding to enforce a forfeiture in respect of such shares as herein provided. Such forfeiture shall include all dividends declared or any other moneys payable in respect of the forfeited shares and not actually paid before the forfeiture.
49	When any share shall have been so forfeited, notice of the forfeiture shall be given to the defaulting member and an entry of the forfeiture with the date thereof, shall forthwith be made in the register of members but no forfeiture shall be invalidated by any omission or neglect or any failure to give such notice or make such entry as aforesaid.
50	The forfeiture of a share shall involve extinction at the time of forfeiture, of all interest in and all claims and demands against the Company, in respect of the share and all other rights incidental to the share.
51	(1) A forfeited share shall be deemed to be the property of the Company and may be sold or re-allotted or otherwise disposed of either to the person who was before such forfeiture the holder thereof or entitled thereto or to any other person on such terms and in such manner as the Board thinks fit. (2) At any time before a sale, re-allotment or disposal as aforesaid, the Board may cancel the forfeiture on such terms as it thinks fit.
52	(1) A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares, but shall, notwithstanding the forfeiture, remain liable to pay, and shall pay, to the Company all monies which, at the date of forfeiture, were presently payable by him to the Company in respect of the shares. (2) All such monies payable shall be paid together with interest thereon at such rate as the Board may determine, from the time of forfeiture until payment or realisation. The Board may, if it thinks fit, but without being under any obligation to do so, enforce the payment of the whole or any portion of the monies due, without any allowance for the value of the shares at the time of forfeiture or waive payment in whole or in part. (3) The liability of such person shall cease if and when the Company shall have received payment in full of all such monies in respect of the shares.
53	(1) Subject to the provisions of the Act, a duly verified declaration in writing that the declarant is a director, the manager or the secretary of the Company, and that a share in the Company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share; (2) The Company may receive the consideration, if any, given for the share on any sale, re-allotment or disposal thereof and may execute a transfer of the share in favour of the person to whom the share is sold or disposed of; (3) The transferee shall thereupon be registered as the holder of the share; and (4) The transferee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale, re-allotment or disposal of the share.
54	Upon any sale after forfeiture or for enforcing a lien in exercise of the powers hereinabove given, the Board may, if necessary, appoint some person to execute an instrument for transfer of the shares sold and cause the purchaser's name to be entered in the register of members in respect of the shares sold and after his name has been entered in the register of members in respect of such shares the validity of the sale shall not be impeached by any person.

55	Upon any sale, re-allotment or other disposal under the provisions of the preceding Articles, the certificate(s), if any, originally issued in respect of the relative shares shall (unless the same shall on demand by the Company has been previously surrendered to it by the defaulting member) stand cancelled and become null and void and be of no effect, and the Board shall be entitled to issue a duplicate certificate(s) in respect of the said shares to the person(s) entitled thereto.
56	The Board may, subject to the provisions of the Act, accept a surrender of any share from or by any member desirous of surrendering them on such terms as they think fit.
57	The provisions of these Articles as to forfeiture shall apply in the case of non-payment of any sum which, by the terms of issue of a share, becomes payable at a fixed time, whether on account of the nominal value of the share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.
58	The provisions of these Articles relating to forfeiture of shares shall <i>mutatis mutandis</i> apply to any other securities including debentures of the Company
INCREASE, REDUCTION AND ALTERATION IN CAPITAL	
59	<p>(1) Subject to the provisions of the Act, the Company may, by ordinary resolution –</p> <p>(a) increase the share capital by such sum, to be divided into shares of such amount as it thinks expedient;</p> <p>(b) consolidate and divide all or any of its share capital into shares of larger amount than its existing shares; Provided that any consolidation and division which results in changes in the voting percentage of members shall require applicable approvals under the Act;</p> <p>(c) convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of any denomination;</p> <p>(d) sub-divide its existing shares or any of them into shares of smaller amount than is fixed by the memorandum, so however, that in the sub-division the proportion between the amount paid and the amount, if any, unpaid on each reduced share shall be the same as it was in the case of the share from which the reduced share is derived;</p> <p>(e) cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person, and diminish the amount of its share capital by the amount of the shares so cancelled.</p> <p>(2) The cancellation of shares in pursuance of this Article shall not be deemed to be a reduction of capital within the meaning of the Act.</p>
60	<p>(1) Any further issue of Shares may be made in any manner whatsoever as the Board may determine including by way of private placement offer, rights issue or preferential offer, subject to these Articles and in accordance with the provisions of the Act including Sections 42, 43, 47, 50, 62 and other applicable provisions of the Act.</p> <p>(2) Except so far as otherwise provided by the conditions of issue or by these Articles, any capital raised by the creation of new Shares shall be considered as part of the existing capital, and shall be subject to the provisions herein contained, with reference to the payment of calls and instalments, forfeiture, lien, surrender, transfer and transmission, voting and otherwise.</p> <p>(3) Any offer for sale shall be in accordance with the Section 28 and other applicable provisions of the Act.</p>
61	<p>Where shares are converted into stock:</p> <p>(1) The holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same Articles under which, the shares from which the stock arose, might, before the conversion have been transferred, or as near thereto as circumstances admit:</p> <p>Provided that the Board may, from time to time, fix the minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose;</p> <p>(2) The holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the Company, and other matters, as if they held the shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the Company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage;</p> <p>(3) Such of these Articles of the Company as are applicable to paid-up shares shall apply to stock and the words “share” and “shareholder”/“member” shall include “stock” and “stock-holder” respectively.</p>
JOINT- HOLDERS	
62	<p>Where two or more persons are registered as joint holders (not more than three) of any share, they shall be deemed (so far as the Company is concerned) to hold the same as joint holders with benefits of survivorship, subject to the following and other provisions contained in these Articles and the Act:</p> <p>(1) The joint-holders of any share shall be liable severally as well as jointly for and in respect of all calls or instalments and other payments which ought to be made in respect of such share.</p> <p>(2) On the death of any one or more of such joint holders, the survivor or survivors shall be the only person or persons recognized by the Company as having any title to the share but the Directors may require such evidence of death as they may deem fit, and nothing herein contained shall be taken to release the estate of a deceased joint-holder from any liability on shares held by him jointly with any other person.</p> <p>(3) Any one of such joint holders may give effectual receipts of any dividends, interests or other moneys payable in respect of such share</p> <p>(4) Only the person whose name stands first in the register of members as one of the joint-holders of any share shall be entitled to the delivery of certificate, if any, relating to such share or to receive notice (which term shall be deemed to include all relevant documents) and any notice served on or sent to such person shall be deemed service on all the joint-holders.</p>

	<p>(5) (i) Several executors or administrators of a deceased member in whose (deceased member) sole name any share stands, shall for the purpose of this clause be deemed joint-holders.</p> <p>(ii) The provisions of these Articles relating to joint holders of shares shall <i>mutatis mutandis</i> apply to any other securities including debentures of the Company registered in joint names.</p>
	CAPITALISATION
63	<p>(1) Subject to the provisions of Section 63 and any other applicable provisions, if any, of the Act, the Rules and other applicable laws for the time being, the Company in General Meeting may resolve that the whole or any part of the undivided profits of the Company for the time being standing to the credit of the free reserve account or the Capital Redemption Reserve account or the Securities Premium Account, or any amount representing premium received on the issue of Shares, debentures, debenture-stock or any other Securities, any other reserve/fund which may be permitted to be utilized in this regard under the Act, the Rules and other applicable laws, may be capitalised and distributed amongst the Members of the Company, in proportion to the amounts paid-up or credited as paid-up thereon, as fully paid up bonus Shares or the resolution of such issue may require wherever such a resolution as aforesaid shall have been passed, the Board shall have the power to generally do all acts and things required to give effect thereto.</p> <p>(2) The Board for the purpose of this Article shall have power—</p> <ol style="list-style-type: none"> to make such provisions, by the issue of fractional certificates/coupons or by payment in cash or otherwise as it thinks fit, for the case of shares or other securities becoming distributable in fractions; and to authorise any person to enter, on behalf of all the members entitled thereto, into an agreement with the Company providing for the allotment to them respectively, credited as fully paid-up, of any further shares or other securities to which they may be entitled upon such capitalisation, or as the case may require, for the payment by the Company on their behalf, by the application thereto of their respective proportions of profits resolved to be capitalised, of the amount or any part of the amounts remaining unpaid on their existing shares. <p>(3) Any agreement made under such authority shall be effective and binding on such members.</p>
	UNDERWRITING AND BROKERAGE
64	<p>(1) The Company may exercise the powers of paying commissions conferred by the Act, to any person in connection with the subscription to its securities, provided that the rate per cent. or the amount of the commission paid or agreed to be paid shall be disclosed in the manner required by the Act and the Rules.</p> <p>(2) The rate or amount of the commission shall not exceed the rate or amount prescribed in the Rules.</p> <p>(3) The commission may be satisfied by the payment of cash or the allotment of fully or partly paid shares or partly in the one way and partly in the other.</p>
	BUY-BACK OF SHARES
65	Notwithstanding anything contained in these Articles but subject to the provisions of the Act, the Rules and any other applicable law for the time being in force, the Company may purchase its own Shares or other specified Securities whether or not they are redeemable, at such price and on such terms and conditions as the Board may deem fit and proper in the best interests of the Company.
	REDUCTION OF SHARE CAPITAL
66	<p>Subject to the provisions of the Act (including Sections 52, 55 and 66), the Rules framed thereunder and other applicable laws, the Company may by passing a special resolution, or in any manner and in particular and without prejudice to the generality of the foregoing power, may -</p> <ol style="list-style-type: none"> extinguish or reduce the liability on any of its Shares in respect of share capital not paid-up; either with or without extinguishing or reducing liability on any of its Shares, (i) cancel any paid-up share capital which is lost, or is unrepresented by available assets; or (ii) pay off any paid up share capital which is in excess of the wants of the Company, and may, if and so far as necessary alter its Memorandum by reducing the amount of its share capital and of its Shares accordingly; or reduce any amount standing to the credit of the Securities Premium Account; reduce any amount standing to the credit of the Capital Redemption Reserve Account; and any other amount standing to the credit of any other reserve or fund of capital nature
	MODIFICATION OF CLASS RIGHTS
67	<p>(1) If at any time the share capital is divided into different classes of shares, the right attached to any class (unless otherwise provided by the terms of issue of shares of that class) may, subject to the provisions of section 48 of the Act, and whether or not the Company is being wound up, be varied with the consent in writing of holders of not less than three-fourth of the issued shares of the class, or with sanction of a special resolution passed at a separate meeting of the holders of shares of that class.</p> <p>(2) To every such separate meeting, the provisions of these regulations relating to general meeting shall apply <i>mutatis mutandis</i>.</p>
	GENERAL MEETINGS
68	<p>(1) The Company shall in each year hold in addition to any other meeting a General Meeting, as its Annual General Meeting in accordance with the provisions of the Act and the Rules made thereunder and shall specify the meeting as such in the notice calling it and, except in the case where the registrar of companies, has given an extension of time for holding any Annual General Meeting, not more than fifteen months shall elapse between the date of one Annual General Meeting of the Company and that of the next. However, the Annual General Meeting shall be held within a period of six months from the date of closing of the financial year of the Company.</p>

	<p>(2) Further, if the Registrar of Companies, for any special reason has extended the time within which any Annual General Meeting (not being first Annual General Meeting) meeting may be held, then the meeting may be held within such additional time.</p> <p>(3) Subject to the provisions of the Act, any Member of a Company entitled to attend and vote at a General Meeting of Company shall be entitled to appoint another person (whether a Member or not) as his proxy to attend and vote instead of himself; but a proxy so appointed shall not have any right to speak at the meeting. Provided that unless where the proxy is appointed by a body corporate, a proxy shall not be entitled to vote except on a poll.</p>
69	All General Meetings other than Annual General Meeting shall be called Extraordinary General Meeting.
70	The Board may, whenever it thinks fit, call an Extraordinary General Meeting in accordance with and subject to the provisions of the Act.

96	Subject to the provisions of the Act, any Member entitled to attend and vote at a General Meeting may do so either personally or through his constituted attorney or through another person as a proxy on his behalf, for that meeting, provided that a proxy so appointed shall not have any right to speak at the meeting and shall not be entitled to vote except on poll. A person appointed as proxy shall act on behalf of such Member or number of Members not exceeding fifty (50) and such number of Shares as prescribed under the Act and the Rules issued thereunder.
97	An instrument appointing a proxy shall be in the form as prescribed in the Rules.
98	Subject to the provisions of the Act, the instrument appointing a proxy and the Power of Attorney or other authority, if any, under which it is signed or a notarised copy of that power or authority, shall be deposited at the Registered Office of the Company not less than forty-eight (48) hours before the time for holding the meeting or adjourned meeting at which the person named in the instrument proposes to vote and in default the instrument of proxy shall not be treated as valid.
99	A vote given in accordance with the terms of an instrument of proxy shall be valid, notwithstanding the previous death or insanity of the principal or the revocation of the proxy or of the authority under which the proxy was executed, or the transfer of the shares in respect of which the proxy is given: Provided that no intimation in writing of such death, insanity, revocation or transfer shall have been received by the Company at its office before the commencement of the meeting or adjourned meeting at which the proxy is used.
	DIRECTORS
100	The First Directors of the Company were as under: 1. Mr. U. Shekhar 2. Mr. G. Ramakrishnan 3. Mr. S. R. Shanbhag 4. Mr. S. D. Patil
101	Unless otherwise determined by the Company in General Meeting, the number of directors shall not be less than 3 (three) and shall not be more than 15 (fifteen) or such number as may be fixed by the Act, from time to time. Provided that, if the number of directors exceeds 15 or such other limit prescribed under the Act prior permission of the Company by way of Special Resolution shall be obtained.
102	(1) Subject to the provisions of the Act, the Board shall have the power to determine the directors, whose period of office is or is not liable to retire by rotation. A retiring director shall be eligible for re-election. (2) The same individual may, at the same time, be appointed as the Chairperson of the Company as well as the Managing Director or Chief Executive Officer of the Company.
103	Subject to the provisions of Section 149, other applicable provisions of the Act, the Rules and the provisions of other applicable laws or other rules and regulations in force which are applicable, the Board shall appoint such number of Independent Directors as may be necessary, and the appointment of such Independent Directors, shall be approved in the General Meeting. The Independent Directors of the Company shall have such qualifications and shall perform such functions, duties, roles and responsibilities as may be prescribed under the Act, the Rules and other applicable laws. Subject to the provisions of the Act, the Rules and other applicable laws, the Independent Directors of the Company, shall be entitled to receive remuneration by way of fees, reimbursement of expenses for attending the meetings of the Board and other meetings and profit related commission as may be approved by the Members.
104	(1) Subject to the provisions of the Act, the Board shall have power at any time, and from time to time, to appoint a person as an additional director, provided the number of the directors and additional directors together shall not at any time exceed the maximum strength fixed for the Board by the Articles. (2) Such person shall hold office only up to the date of the next annual general meeting of the Company but shall be eligible for appointment by the Company as a director at that meeting subject to the provisions of the Act.
105	(1) The Board may appoint an alternate director to act for a director (hereinafter in this Article called "the Original Director") during his absence for a period of not less than three months from India. No person shall be appointed as an alternate director for an independent director unless he is qualified to be appointed as an independent director under the provisions of the Act. (2) An alternate director shall not hold office for a period longer than that permissible to the Original Director in whose place he has been appointed and shall vacate the office if and when the Original Director returns to India. (3) If the term of office of the Original Director is determined before he returns to India the automatic reappointment of retiring directors in default of another appointment shall apply to the Original Director and not to the alternate director.
106	Subject to the provisions of the Act and the Rules, the Company may appoint, not less than two-third of its total number of directors, in accordance with the principle of proportional representation.
107	Any trust deed for securing debentures or debenture stocks, may, if arranged, provide for the appointment, from time to time by the trustee thereof or by the holders of the debentures or debenture stocks, of some person

	to be a director of the Company and may empower such trustee or holders of debentures or debenture stocks, from time to time, to remove and re-appoint any director so appointed. The director appointed under this Article is herein referred to as 'Debenture Director' and the term 'Debenture Director' means the director for the time being in office under this Article. Subject to the provisions of the Act, the Rules and other applicable laws, the Debenture Director shall not be liable to retire by rotation or be removed by the Company. The trust deed may contain such ancillary provision as may be arranged between the Company and the trustees and all such provisions shall have effect notwithstanding any of the provisions herein contained.
108	Notwithstanding anything to the contrary contained in these Articles, the Board may appoint any person as a director nominated by any institution in pursuance of the provisions of any law for the time being in force or of any agreement. Whenever the Company enters into any contract with any government, bank, financial institution or any other person (the appointer) for borrowing any money or for providing any guarantee or security or for underwriting or for subscription to the securities of the Company, the Board shall have power, subject to the provisions of the Act, to agree that such appointer shall have the right to appoint a director(s). A person so appointed shall be hereinafter referred to as "Nominee Director(s)" on the Board of the Company and his tenure shall be governed by the terms of such provision of law or agreement or as may be decided by the appointer as the case maybe and subject to the provisions of the Act. Such terms may include the right conferred thereunder to remove from such office any person or persons so appointed and to appoint any person or persons in his or their place(s). Such Nominee Director(s) shall not be required to hold any qualification Share in the Company. Subject to the provisions of the Act and the resolution passed in the General Meeting, such Nominee Director(s) shall not be liable to retirement by rotation. Subject as aforesaid, the Nominee Director(s) shall be entitled to the same rights and privileges and be subject to the same obligation as any other director of the Company. The Nominee Director(s) appointed shall be entitled to receive all notices of and attend all General Meetings, Board Meetings and the meetings of the Committee of which the Nominee Director(s) is/are Member(s), as also the minutes of such meetings.

	PROCEEDINGS OF BOARD OF DIRECTORS
114	<p>(1) Any Director of a Company may, at any time, summon a Meeting of the Board, and the Company Secretary or where there is no Company Secretary, any person authorized by the Board in this behalf, on the requisition of Director, shall convene a Meeting of the Board, in consultation with the Chairman or in his absence, the Managing Director or in his absence, the Wholtime Director, where there is any.</p> <p>(2) Notice of not less than seven days shall be issued in respect of every meeting of the Board in writing to every Director for the time being in India and at his usual address to the Company and to every other Director as may be required under relevant provisions of the Act.</p> <p>Provided that a meeting of the Board may be called at shorter notice to transact urgent business subject to the condition as specified in the Act.</p> <p>(3) The quorum for a Board Meeting shall be as provided in the Act.</p> <p>(4) If a meeting of the Board of Directors cannot be held for want of quorum, then the meeting shall stand adjourned until such date and at such time and place as the Chairman may appoint and in default of such appointment to the same day in the next week at the same time and place or if that day is a public holiday till the next succeeding day which is not a public holiday, at the same time and place or to such day, time and place as the Directors present may determine.</p> <p>(5) The participation of directors in a meeting of the Board may be either in person or through video conferencing or audio visual means, as may be prescribed by the Rules or permitted under law.</p> <p>(6) Save as otherwise expressly provided in the Act, questions arising at any meeting of the Board shall be decided by a majority of votes.</p> <p>(7) In case of an equality of votes, the Chairperson of the Board, if any, shall have a second or casting vote.</p> <p>(8) The continuing directors may act notwithstanding any vacancy in the Board; but, if and so long as their number is reduced below the quorum fixed by the Act for a meeting of the Board, the continuing directors or director may act for the purpose of increasing the number of directors to that fixed for the quorum, or of summoning a general meeting of the Company, but for no other purpose.</p>
115	<p>(1) The Chairperson of the Company shall be the Chairperson at meetings of the Board. In his absence, the Board may elect a Chairperson of its meetings and determine the period for which he is to hold office.</p> <p>(2) If no such Chairperson is elected, or if at any meeting the Chairperson is not present within fifteen minutes after the time appointed for holding the meeting, the directors present may choose one of their number to be Chairperson of the meeting</p>
116	<p>(1) The Board may, subject to the provisions of the Act delegate any of its powers to Committees consisting of such member or members of its body as it thinks fit.</p> <p>(2) Any Committee so formed shall, in the exercise of the powers so delegated, conform to any regulations that may be imposed on it by the Board.</p>

	(3) The participation of directors in a meeting of the Committee may be either in person or through video conferencing or audio visual means as may be prescribed by the Rules or permitted under law.
117	(1) A Committee may elect a Chairperson of its meetings unless the Board, while constituting a Committee, has appointed a Chairperson of such Committee. (2) If no such Chairperson is elected, or if at any meeting the Chairperson is not present within fifteen minutes after the time appointed for holding the meeting, the members present may choose one of their members to be Chairperson of the meeting.
118	(1) A Committee may meet and adjourn as it thinks fit. (2) Questions arising at any meeting of a Committee shall be determined by a majority of votes of the members present. (3) In case of an equality of votes, the Chairperson of the Committee shall have a second or casting vote.
119	All acts done in any meeting of the Board or of a Committee thereof or by any person acting as a director, shall, notwithstanding that it may be afterwards discovered that there was some defect in the appointment of any one or more of such directors or of any person acting as aforesaid, or that they or any of them were disqualified or that his or their appointment had terminated, be as valid as if every such director or such person had been duly appointed and was qualified to be a director.
120	Save as otherwise expressly provided in the Act, a resolution in writing, signed, whether manually or by secure electronic mode, by a majority of the members of the Board or of a Committee thereof, for the time being entitled to receive notice of a meeting of the Board or Committee, shall be valid and effective as if it had been passed at a meeting of the Board or Committee, duly convened and held.
	DIVIDENDS
121	The Company in general meeting may declare dividends, but no dividend shall exceed the amount recommended by the Board but the Company in general meeting may declare a lesser dividend.
122	Subject to the provisions of the Act, the Board may from time to time pay to the members such interim dividends of such amount on such class of shares and at such times as it may think fit.
123	(1) The Board may, before recommending any dividend, set aside out of the profits of the Company such sums as it thinks fit as a reserve or reserves which shall, at the discretion of the Board, be applied for any purpose to which the profits of the Company may be properly applied, including provision for meeting contingencies or for equalising dividends; and pending such application, may, at the like discretion, either be employed in the business of the Company or be invested in such investments (other than shares of the Company) as the Board may, from time to time, think fit. (2) The Board may also carry forward any profits which it may consider necessary not to divide, without setting them aside as a reserve.
124	(1) Subject to the rights of persons, if any, entitled to shares with special rights as to dividends, all dividends shall be declared and paid according to the amounts paid or credited as paid on the shares in respect whereof the dividend is paid, but if and so long as nothing is paid upon any of the shares in the Company, dividends may be declared and paid according to the amounts of the shares. (2) No amount paid or credited as paid on a share in advance of calls shall be treated for the purposes of this Article as paid on the share and any amount paid up in advance of calls on any share may carry interest but shall not entitle the holder of the share to participate in respect thereof, in a dividend subsequently declared. (3) All dividends shall be apportioned and paid proportionately to the amounts paid or credited as paid on the shares during any portion or portions of the period in respect of which the dividend is paid; but if any share is issued on terms providing that it shall rank for dividend as from a particular date such share shall rank for dividend accordingly.
125	(1) The Board may deduct from any dividend payable to any member all sums of money, if any, presently payable by him to the Company on account of calls or otherwise in relation to the shares of the Company. (2) The Board may retain dividends payable upon shares in respect of which any person is, under the Transmission Clause hereinbefore contained, entitled to become a member, until such person shall become a member in respect of such shares.
126	(1) Any dividend, interest or other monies payable in cash in respect of shares may be paid by electronic mode or by cheque or warrant sent through the post or courier directed to the registered address of the holder or, in the case of joint holders, to the registered address of that one of the joint holders who is first named on the register of members, or to such person and to such address as the holder or joint holders may in writing direct. (2) Every such cheque or warrant shall be made payable to the order of the person to whom it is sent. (3) Payment in any way whatsoever shall be made at the risk of the person entitled to the money paid or to be paid. The Company will not be responsible for a payment which is lost or delayed. The Company will be deemed to having made a payment and received a good discharge for it if a payment using any of the foregoing permissible means is made.
127	Any one of two or more joint holders of a share may give effective receipts for any dividends, bonuses or other monies payable in respect of such share.
128	No dividend shall bear interest against the Company.
129	There shall not be any forfeiture of unclaimed dividends before the claim becomes barred by law and the Company shall comply with the applicable provisions of the Act relating to transfer of unclaimed and unpaid dividend to the Investor Education and Protection Fund or to any such other fund as may be required under applicable laws.
130	Notwithstanding anything contained in this Articles, but subject to the provisions of the Act, it shall be open for

	the Members of the Company who hold the equity shares in the Company to waive/forgo his/their right to receive the dividend (interim or final) by him/them for any financial year which may be declared or recommended respectively by the Board of Directors of the Company. The waiver/forgoing by the Members, his/their right to receive the dividend (interim or final) by him/them under this Article shall be irrevocable immediately after the record date/book closure date fixed for determining the names of Members entitled for dividend. The Company shall not be entitled to declare or pay and shall not declare or pay dividend on equity shares to such Members who have waived/forgone his/their right to receive the dividend (interim or final) by him/them under this Article.

133	<p>(1) Subject to the provisions of the Act any document required to be served or sent by the company on or to the members, or any of them and not expressly provided for by these presents shall be deemed to be duly served or sent if advertised once in one daily English and one daily vernacular newspaper circulating in the district in which the Registered Office of the Company is situated.</p> <p>(2) A document or notice may be given or served by the Company to or on any shareholder whether having its registered address within or outside India either personally or by sending it by email or by post or by registered post or by speed post or by courier, to him to his registered address.</p> <p>(3) A Member may request by serving a document to the Company or an officer thereof by sending it to the Company or officer at the registered office of the Company, intimating to the Company in advance that documents or notices should be sent to him by particular mode and has deposited with the Company a sum sufficient to defray the actual expenses of doing so as determined by the Board for acceding such request of said Member.</p> <p>(4) Every person who by operation of law, transfer, or other means whatsoever, shall become entitled to any share shall be bound by every document in respect of such share which, previously to his name and address being entered on the Register, has been duly served on or sent to the person from whom he derives his title to such share.</p> <p>(5) A document or notice may be served or given by the Company on or to the joint holders of a share by serving or giving the document or notice on or to the joint-holder named first in the Register or Members in respect of the share.</p> <p>(6) Any notice to be given by the Company shall be signed by the Chairman or Company Secretary or by such Director or Officer and such signature may be written or printed or reproduced in other form.</p> <p>(7) All notices to be given on the part of the members to the Company shall be kept at or sent by mail or by registered post or courier to the Registered Office of the Company.</p>
	GENERAL POWER
134	Wherever in the Act, it has been provided that the Company shall have any right, privilege or authority or that the Company could carry out any transaction only if the Company is so authorized by its articles, then and in that case this Article authorizes and empowers the Company to have such rights, privileges or authorities and to carry such transactions as have been permitted by the Act, without there being any specific Article in that behalf herein provided.
	RETIREMENT AND ROTATION OF DIRECTORS
135	(1) Not less than two-thirds of the total number of Directors of the Company shall be persons whose period of office is liable to determination by retirement of directors by rotation and, save as otherwise expressly provided

	<p>in the Act and these Articles, be appointed by the Company in general meeting.</p> <p>Explanation: For the purpose of this Article, "total number of Directors" shall not include Independent Directors on the Board of the Company.</p> <p>(2) The remaining Directors shall be appointed in accordance with the provisions of these Articles.</p> <p>(3) At every Annual General Meeting of the Company, one-third of such of the Directors for the time being as are liable to retire by rotation or, if their number is not three or a multiple of three, then the number nearest to one third, shall retire from office.</p>
136	<p>Subject to the provisions of the Act and these Articles, the Directors to retire by rotation under the foregoing Articles at every Annual General Meeting shall be those who have been longest in office since their last appointment, but as between persons who became Directors on the same day, those who are to retire shall, in defaults of and subject to any agreement among themselves, be determined by lot. Subject to the provisions of the Act, a retiring Director shall retain office until the dissolution of the meeting at which his re-appointment is decided or his successor is appointed</p>
137	<p>Subject to the provisions of the Act and these Articles, a retiring Director shall be eligible for re-appointment.</p>
138	<p>Subject to the provisions of Section 152 and other applicable provisions (if any) of the Act and these Articles, the Company at the Annual General Meeting at which a Director retires in the manner aforesaid may fill up the vacancy by electing the retiring Director or some other person thereto.</p>
139	<p>(1) If the place of the retiring Director is not filled up and the meeting has not expressly resolved not to fill the vacancy, the meeting shall stand adjourned till the same day in the next week, at the same time and place, or if that day is a public holiday the next succeeding day which is not a public holiday at the same time and place.</p> <p>(2) If at the adjourned meeting also, the place of the retiring Director is not filled up and that meeting also has not expressly resolved not to fill the vacancy, the retiring Director shall be deemed to have been re-appointed at the adjourned meeting, unless:</p> <ul style="list-style-type: none"> (a) at that meeting or at the previous meeting a resolution for the re-appointment of such Director has been put to the meeting and lost; (b) the retiring Director has, by a notice in writing addressed to the Company or its Board of Directors, expressed his unwillingness to be so re-appointed; (c) he is not qualified or is disqualified for appointment; (d) a resolution, whether special or ordinary is required for the appointment or reappointment by virtue of any provisions of the Act; or (e) Article 143 or the provisions of Section 162 of the Act is applicable to the case.
140	<p>(1) Subject to the provisions of the Act and these Articles, any person who is not retiring Director shall be eligible for appointment to the Office of Director at any general meeting, if he or some member intending to propose him has, not less, than fourteen days before the meeting left at the office of the Company a notice in writing under his hand signifying his candidature for the Office of Director or the intention of such member to propose him as a candidate for that office, as the case may be. The Company shall duly comply with the provisions of the Act for informing its members of the candidature of a person for the Office of Director.</p> <p>(2) Every person (other than a Director retiring by rotation or otherwise or a person who has left at the office of the Company a notice under Section 160 signifying his candidature for the Office of Director) proposed as a candidate for the Office of a Director shall sign and file with the Company his consent in writing to act as a Director if appointed.</p> <p>(3) A person other than a Director referred to in Section 152 of the Act shall not act as a Director of the Company unless he has within thirty days of his appointment signed and filed with the Registrar his consent in writing to act as such Director.</p>
141	<p>At a general meeting of the Company a motion shall not be made for the appointment of two or more persons as Directors of the Company by a single resolution unless a resolution that it shall be so made has first been agreed to by the meeting without any vote being given against it. A resolution moved in contravention of this Article shall be void whether or not objection was taken at the time to its being so moved; provided that where a resolution so moved is passed, no provision for the automatic re-appointment of retiring Directors by virtue of these Articles and the Act in default of another appointment shall apply.</p>
	<p style="text-align: center;">REMOVAL OF DIRECTORS</p>
142	<p>(1) The Company may (subject to the provisions of Section 169 and other applicable provisions of the Act and these Articles) remove any Director before expiry of his period of office.</p> <p>(2) Special notice as provided by Article 142 (5) or Section 115 of the Act shall be given of any resolution to remove a Director under this Article or to appoint some other person in place of a Director so removed at the meeting at which he is removed.</p> <p>(3) On receipt of notice of a resolution to remove a Director under this Article, the Company shall forthwith send a copy thereof to the Director concerned and the Director (whether or not is he a member of the Company) shall be entitled to be heard on the resolution at the meeting.</p> <p>(4) Where notice is given of a resolution to remove a Director under this Article and the Director concerned with respect thereto makes representations in writing to the Company (not exceeding a reasonable length) and requests their notification to members of the Company, the Company shall, unless the representations are received by it too late for it to do so, (a) in any notice of the resolution given to members of the Company, state the fact of the representations having been made and (b) send a copy of the representations to every member of the Company; and if a copy of the representations is not sent as aforesaid because they were received too late</p>

	<p>or because of the Company's default, the Director may (without prejudice to his right to be heard orally) require that the representations shall be read out at the meeting. Provided that copies of the representation need not be sent or read out at the meeting if on the application either of the Company or of any other person who claims to be aggrieved, the Court is satisfied that the rights conferred by the sub-clause are being abused to secure needless publicity for defamatory matter.</p> <p>(5) A vacancy created by the removal of a Director under this Article may, if he had been appointed by the Company in General Meeting or by the Board in pursuance of Section 161 of the Act be filled by the appointment of another Director in his stead, by the meeting at which he is removed; provided special notice of the intended appointment has been given under sub-clause (2) hereof.
