The Issue Price/ Floor Price/ Price Band should not be indicative of the market price of Equity Shares after the Equity Shares are listed on the Stock Exchanges. No assurance can be given regarding an active or sustained trading in the Equity Shares, nor regarding the price at which the Equity Shares will be traded after listing.	
GENERAL RISKS	
Investments in equity and equity-related securities involve a degree of risk and investors should not invest any funds in this Issue unless they can afford to take the risk of losing their investment. Investors are advised to read the risk factors carefully before taking an investment decision in this Issue. For taking an investment decision, investors must rely on their own examination of our Company and the Issue including the risks involved. The Equity Shares issued in the Issue have neither been recommended nor approved by Securities and Exchange Board of India ("SEBI"), nor does SEBI guarantee the accuracy or adequacy of the contents of the Red Herring Prospectus. Specific attention of the investors is invited to the chapter titled "Risk Factors" beginning on page 31 of this Red Herring Prospectus.	
ISSUER'S ABSOLUTE RESPONSIBILITY	
The Issuer, having made all reasonable inquiries, accepts responsibility for and confirms that this Red Herring Prospectus contains all information with regard to our Company and the Issue, which is material in the context of the Issue, that the information contained in this Red Herring Prospectus is true and correct in all material aspects and is not misleading in any material respect, that the opinions and intentions expressed herein are honestly held and that there are no other facts, the omission of which makes this Red Herring Prospectus as a whole or any of such information or the expression of any such opinions or intentions misleading in any material respect.	
LISTING	
The Equity Shares offered through the Red Herring Prospectus are proposed to be listed on BSE and NSE. Our Company has received in-principal approvals letter from BSE and NSE for the listing of the Equity Shares pursuant to letters dated January 23, 2020 and February 19, 2020 respectively. CURRENCY CONVENTIONS, CURRENCY OF PRESENTATION, USE OF FINANCIAL, INFORMATION, INDUSTRY AND MARKET DATA

Certain Conventions

All references in this Red Herring Prospectus to “India” are to the Republic of India and its territories and possessions and all references herein to the “Government”, “Indian Government”, “GOI”, “Central Government” or the “State Government” are to the Government of India, central or state, as applicable. All references to the “U.S.”, “US”, “U.S.A” or “United States” are to the United States of America and its territories and possessions.

Unless otherwise specified, any time mentioned in this Red Herring Prospectus is in Indian Standard Time (“IST”). Unless indicated otherwise, all references to a year in this Red Herring Prospectus are to a calendar year.

Unless the context requires otherwise, all references to page numbers in this Red Herring Prospectus are to the page numbers of this Red Herring Prospectus.

Financial Data

Unless otherwise stated or context requires otherwise, the financial data included in this Red Herring Prospectus is derived from our Restated Financial Information as at and for the Fiscals 2018, 2019 and 2020, prepared in accordance with Ind AS. The Restated Financial Statements have been examined by our Statutory Auditor in accordance with the Companies Act and relevant rules framed thereunder and restated under the SEBI ICDR Regulations. As at and for the Fiscals ended March 31, 2018, 2019 and 2020, our Company did not have any subsidiary and, consequently, the Restated Financial Statements included in this Red Herring Prospectus have been prepared on a standalone basis. Certain other financial information pertaining to our Group Company is derived from its respective audited financial statements, as may be available.

While for statutory reporting purposes, we have adopted Ind AS from April 1, 2017 onwards with a transition date of April 1, 2016, we have prepared our Restated Financial Statements for the Financial Years ended March 31, 2018, March 31, 2019 and March 31, 2020 in accordance with the Indian Accounting Standards notified under Section 133 of the Companies Act, 2013, read with the Companies (Indian Accounting Standards) Rules, 2015 and restated in accordance with the SEBI ICDR Regulations and the Guidance Note on Reports in Company Prospectuses (Revised 2019), issued by the ICAI. For further information, see “Financial Information” beginning on page 179 of this RHP.

Our Company’s Financial Year commences on April 01st and ends on March 31st of the next year. Accordingly, all references in this Red Herring Prospectus to a particular Financial Year, Fiscal or Fiscal Year, unless stated otherwise, are to the 12 months period ended on March 31st of that particular year.

There are significant differences between Ind AS, Indian GAAP, US GAAP and IFRS. Our Company does not provide reconciliation of its financial information to IFRS or US GAAP. Our Company has not attempted to explain those differences or quantify their impact on the financial data included in this Red Herring Prospectus and it is urged that you consult your own advisors regarding such differences and their impact on our Company’s financial data. Accordingly, the degree to which the financial

information included in this Red Herring Prospectus will provide meaningful information is entirely dependent on the reader's level of familiarity with Indian accounting policies and practices, the Companies Act, Ind AS, the Indian GAAP and the SEBI ICDR Regulations. Any reliance by persons not familiar with Indian accounting policies and practices on the financial disclosures presented in this Red Herring Prospectus should, accordingly, be limited. For risks relating to significant differences between Ind AS, Indian GAAP and other accounting principles, see *“Risk Factors– Significant differences exist between Ind AS, Indian GAAP and other accounting principles, such as US GAAP and International Financial Reporting Standards (“IFRS”), which investors may be more familiar with and consider material to their assessment of our financial condition”* beginning on page 31 of this RHP.

Unless the context requires otherwise, any percentage amounts, as set forth in “Risk Factors”, “Our Business” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on pages 31, 114 and 233 respectively, and elsewhere in this Red Herring Prospectus have been calculated on the basis of the Restated Financial Information.

Currency and Units of Presentation

All references to:

“Rupees” or “Rs.” or “INR” are to Indian Rupee, the official currency of the Republic of India; and

“USD” or “US\$” are to United States Dollar, the official currency of the United States. Except otherwise specified, our Company has presented certain numerical information in this Red Herring Prospectus in “Lakh” units.

However, where any figures that may have been sourced from third-party industry sources are expressed in denominations other than Lakhs, such figures appear in this Red Herring Prospectus in such denominations as provided in the respective sources.

In this Red Herring Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures in decimals, including percentage figures, have been rounded off to the second decimal.

Exchange Rates

This Red Herring Prospectus contains conversion of certain other currency amounts into Indian Rupees that have been presented solely to comply with the SEBI ICDR Regulations. These conversions should not be construed as a representation that these currency amounts could have been, or can be converted into Indian Rupees, at any particular rate or at all.

The following table sets forth, for the periods indicated, information with respect to the exchange rate between the Rupee and the US\$:

(in Rs.)

Currency	As on March 31, 2020	As on March 31, 2019	As on March 31, 2018	As on March 31, 2017
US\$*	75.39	69.17	65.04	64.84

*Source: www.rbi.org.in and www.fbil.org.in

In case March 31, of any of the respective years is a public holiday, the previous Working Day has been considered.

Industry and Market Data

Unless stated otherwise, industry and market data used in this Red Herring Prospectus has been obtained or derived from publicly available information as well as various industry publications and sources. These publications typically state that the information contained therein has been obtained from sources believed to be reliable but their accuracy and completeness are not guaranteed and their reliability cannot be assured. Accordingly, no investment decisions should be made based on such information. Although we believe the industry and market data used in this RHP is reliable, it has not been independently verified by us or the BRLM or any of their respective affiliates or advisors. The data used in these sources may have been reclassified by us for the purposes of presentation. Data from these sources may also not be comparable.

The extent to which the market and industry data used in this RHP is meaningful depends on the reader's familiarity with and understanding of the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which we conduct our business and methodologies and assumptions may vary widely among different industry sources.

Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors including those discussed in chapter titled "Risk Factors" on page 31 of this Red Herring Prospectus. Accordingly, investment decisions should not be based solely on such information.

FORWARD LOOKING STATEMENTS

This Red Herring Prospectus contains certain “forward-looking statements”. These forward-looking statements generally can be identified by words or phrases such as “aim”, “anticipate”, “believe”, “expect”, “estimate”, “intend”, “objective”, “plan”, “propose”, “project”, “will”, “will continue”, “will pursue” or other words or phrases of similar import. Similarly, statements that describe our Company’s strategies, objectives, plans or goals are also forward-looking statements.

All forward-looking statements are subject to risks, uncertainties, expectations and assumptions about us that may vary, some or all of which could cause actual results to differ materially from those contemplated by the relevant forward- looking statement.

Actual results may differ materially from those suggested by forward-looking statements due to risks or uncertainties associated with expectations relating to and including, regulatory changes pertaining to the industries in India in which we operate and our ability to respond to them, our ability to successfully implement our strategy, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions in India which have an impact on its business activities or investments, the monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes and changes in competition in the industries in which we operate.

Important factors that could cause actual results to differ materially from our Company’s expectations assumptions include, but are not limited to, the following:

1. The novel coronavirus (COVID-19) outbreak could materially adversely affect our financial condition and results of operations.
2. General economic and business conditions in the markets in which we operate and in the local, regional and national economies;
3. Dependence on business transaction with the government entities and agencies for a significant portion of our revenue;
4. Competitive bidding process;
5. Competition from other oil and gas infrastructure companies;
6. Delays or cost overruns in the execution of the projects;
7. Changes in technology and our ability to manage any disruption or failure of our technology systems;
8. Our ability to attract and retain qualified personnel;
9. Changes in political and social conditions in India, the monetary and interest rate policies, inflation, deflation, unanticipated turbulence in interest rates, equity prices or other rates or prices;
10. The performance of the financial markets in India and globally;
11. Market fluctuations and industry dynamics beyond our control;
12. Changes in foreign exchange rates or other rates or prices;
13. Inability to collect our dues and receivables from, or invoice our unbilled services to, our customers, our results of operations;
14. Changes in domestic and foreign laws, regulations and taxes and changes in competition in our

industry;

15. Termination of clients/works contracts without cause and with little or no notice or penalty;

16. Inability to obtain, maintain or renew requisite statutory and regulatory permits and approvals or non-compliance with and changes in, safety, health and environmental laws and other applicable regulations, may adversely affect our business, financial condition, results of operations and prospects.

For further discussion of factors that could cause the actual results to differ from the expectations, please refer to the chapter titled “Risk Factors”, “Our Business” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on pages 31, 114 and 233 respectively of this Red Herring Prospectus. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual gains or losses could materially differ from those that have been estimated.

We cannot assure Bidders that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, Bidders are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements as a guarantee of future performance.

Forward-looking statements reflect the current views of our Company as of the date of this RHP and are not a guarantee of future performance. These statements are based on the management’s beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect. Our Company, our Directors, members of the Syndicate or any of their respective affiliates or advisors do not have any obligation to, and do not intend to, update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition.

In accordance with SEBI ICDR Regulations, our Company and the BRLM will ensure that investors in India are informed of material developments from the date of the Red Herring Prospectus until the time of the grant of listing and trading permission by the Stock Exchanges for the Issue.

SECTION II – RISK FACTORS

An investment in Equity Shares involves a high degree of risk. You should carefully consider all the information in this Red Herring Prospectus, including the risks and uncertainties described below, before making an investment in our Equity Shares. In making an investment decision, prospective investors must rely on their own examination of our Company and the terms of this Issue including the merits and risks involved. Any potential investor in, and subscriber of, the Equity Shares should also pay particular attention to the fact that we are governed in India by a legal and regulatory environment in which some material respects may be different from that which prevails in other countries. The risks and uncertainties described in this section are not the only risks and uncertainties we currently face. Additional risks and uncertainties not known to us or that we currently deem immaterial may also have an adverse effect on our business. If any of the following risks, or any other risks that are not currently known or are currently deemed immaterial, actually occur, our business, results of operations and financial condition could suffer, the price of our Equity Shares could decline, and you may lose all or any part of your investment. Additionally, our business operations could also be affected by additional factors that are not presently known to us or that we currently consider as immaterial to our operations.

Unless otherwise stated in the relevant risk factors set forth below, we are not in a position to specify or quantify the financial or other implications of any of the risks mentioned herein. Unless otherwise stated, the financial information of our Company used in this section is derived from our Restated Standalone Financial Information prepared in accordance with Ind AS and the Companies Act and restated in accordance with the SEBI ICDR Regulations. To obtain a better understanding, you should read this section in conjunction with the chapters titled “Our Business” beginning on page 114, “Our Industry” beginning on page 97 and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on page 233 respectively, of this Red Herring Prospectus as well as other financial information contained herein. For capitalized terms used but not defined in this chapter, refer to the chapter titled “Definitions and Abbreviation” beginning on page 1 of this Red Herring Prospectus.

Materiality:

The Risk Factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality of Risk Factors:

- *Some events may not be material individually but may be found material collectively;*
- *Some events may have material impact qualitatively instead of quantitatively; and*
- *Some events may not be material at present but may have material impact in future.*

The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors mentioned below. However, there are risk factors where the impact may not be quantifiable and hence the same has not been disclosed in such risk factors. The numbering of the risk factors has been done to facilitate ease of reading and reference and does not in any manner indicate the importance of one risk factor over another.

In this Red Herring Prospectus, any discrepancies in any table between total and sums of the amount listed are due to rounding off.

In this section, unless the context requires otherwise, any reference to “we”, “us” or “our” refers to Likhitha Infrastructure Limited.

The risk factors are classified as under for the sake of better clarity and increased understanding:

INTERNAL RISK FACTORS:

1. *There are certain outstanding legal proceedings pending against our Company, our Promoters and our Directors. Any adverse outcome in any of these proceedings may adversely affect our profitability and reputation and may have an adverse effect on our results of operations and financial condition.*

Our Company, Promoter and Directors are currently involved in certain tax proceedings in India which are pending at different levels of adjudication before the concerned authority/ forum. We cannot assure you that these tax proceedings will be decided in favour of our Company, Promoter or Directors, as the case may be. Any adverse decision in such proceedings may render us liable to penalties and may have a material adverse effect on our reputation, business, financial condition and results of operations. Additionally, during the course of our business we are subject to risk of litigation in relation to contractual obligations, employment and labour law related, personal injury and property damage, etc.

A classification of these outstanding litigations is given in the following table:

Sr. No.	Outstanding Litigations	No. of Outstanding Matters	Financial implications to the extent quantifiable (Rs. in Lakhs)
1.	<i>Against our Company</i>		
	a. Tax Proceedings		
	i. Direct tax proceedings	6	179.94
	ii. Indirect Tax	2	21.50
2.	<i>Against our Directors (other than Promoters)</i>		
	a. Tax Proceedings		
	i. Direct tax proceeding	1	0.49
3.	<i>Against our Promoter</i>		
	a. Tax Proceedings		
	i. Direct tax proceedings	3	3.93

The amounts mentioned above may be subject to additional interest/ penalties being levied by the concerned authorities for delay in making payment or otherwise.

For further details pertaining to outstanding litigations, kindly refer to the chapter titled “Outstanding Litigations and Material Developments” beginning on page 251 of this Red Herring Prospectus.

2. *Our business is dependent on a few clients and the loss of, or a significant reduction in purchase orders from such clients could adversely affect our business and financials. We depend on a limited number of clients for a significant portion of our revenue. The loss of any of our major client due to any adverse development or significant reduction in business from our major client may adversely affect our business, financial condition, results of operations and future prospects.*

There are limited players in the oil and gas distribution business and we have derived a significant portion and we may continue to derive a significant portion of our revenue from limited number of

client groups. As per our Restated Financial Statements, our revenue from our few client groups constituted whole or substantially whole of our total revenue for the Fiscals 2020, 2019 and 2018. As our business is currently concentrated to a select number of client groups, any adverse development with such client groups, including as a result of a dispute with or disqualification by such major client group, may result in us experiencing significant reduction in our cash flows and liquidity. If our client groups are able to fulfil their requirements through any of our existing or new competitors, providing services with better quality and / or cheaper cost, we may lose significant portion of our business. Furthermore, we do not have firm commitment in the form of long-term supply agreements with our client groups and instead rely on work orders and long-term framework agreements to govern the volume and other terms. There can be no assurance that upon expiry of the long-term framework agreements, our clients will re-enter into such agreements with us in a timely manner and at terms favorable to us or at all. Consequently, there is no commitment on the part of our major client groups to continue to give new orders to us and as a result, our cash flow and consequent revenue may fluctuate significantly from time to time.

Such concentration of our business on a few projects or clients may have an adverse effect on our results of operations.

3. *The contracts entered into by us are usually standard in nature and may contain terms that favour our clients, which may enable them to terminate our contracts prematurely under various circumstances beyond our control and as such, we have limited ability to negotiate terms of such contracts and may have to accept unusual or onerous provisions.*

The work contracts entered into by us are usually in the form and manner as approved by our clients. As a result, we have a limited scope to negotiate the terms of such work contracts, some of which terms may be more favourable to our clients.

The contractual terms may present risks to our business, including:

- risks we must assume and lack of recourse to our client where defects in site or geological conditions were unforeseen or latent from our preliminary investigations, design and engineering prior to submitting a bid;
- liability for defects arising after the termination of the agreement;
- clients' discretion to grant time extensions, which may result in project delays and/or cost overruns;
- our liability as a contractor for consequential or economic loss to our clients;
- Commitment of the government to secure encumbrance free land, utility shifting and delay in obtaining approvals.

Such onerous conditions in the contracts may affect the efficient execution of these projects and may have adverse effects on our profitability.

4. *Our business is dependent on a continuing relationship with our clients.*

Our business is dependent on oil and gas exploration, development, production and transportation projects undertaken by large conglomerates and governmental authorities. Our business is therefore significantly dependent on developing and maintaining relationships and pre-qualified status with certain major clients and obtaining a share of contracts from such clients. Our business and results of operations will be adversely affected if we are unable to develop and maintain a continuing relationship or pre-qualified status with certain of our key clients. The loss of a significant client or a number of significant clients may have a material adverse effect on our results of operations.

- 5. *We may not be able to realize the amounts reflected in our order book which may materially and adversely affect our business, prospects, reputation, profitability, cash flows, financial condition and results of operation.***

As on July 31, 2020, our Company's order book size was approx. Rs. 66,258.97 Lakhs. Future revenue related to the performance of projects in the order book may not be realized and although the projects in the order book represent business that is considered firm, cancellations or scope or schedule adjustments may occur. We may also encounter problems executing the project as ordered or executing it on a timely basis. Moreover, factors beyond our control or the control of our clients may postpone a project or cause its cancellation, including delays or failure to obtain necessary permits, authorizations, permissions, right-of-way, COVID- 19 related difficulties and other types of difficulties or obstructions. Due to the possibility of cancellations or changes in scope and schedule of projects, resulting from our clients' discretion or problems we encounter in project execution or reasons outside our control or the control of our clients, we cannot predict with certainty when, if or to what extent a project forming part of our order book will be performed. Delays in the completion of a project can lead to clients delaying or refusing to pay the amount, in part or full, that we expect to be paid in respect of such project. Even relatively short delays or surmountable difficulties in the execution of a project could result in our failure to receive, on a timely basis or at all, the payments due to us from under a work contract. Any delay, reduction in scope, cancellation, execution difficulty, payment postponement or payment default in regard to our order book projects or any other incomplete projects, or disputes with clients in respect of any of the foregoing, could adversely affect our cash flow position, revenues and earnings.

- 6. *Our actual cost in executing a project may vary from the assumptions underlying our bid. We may or may not be unable to recover all or some of the additional expenses, which may have a material adverse effect on our results of operations, cash flows and financial condition.***

Under the terms and conditions of work order, we generally agree to pay to, or receive contract price on the basis of quotation given at the time of bidding (subject to contract variations covering changes in the client's project requirements). Our actual expense in executing the contracts may vary substantially from the assumptions underlying our bid for various reasons such as unanticipated increases in the cost of construction materials, fuel, labour or other inputs, unforeseen conditions, including the inability of the client to obtain requisite approvals resulting in delays and increased costs, delays caused by local weather conditions and suppliers' failures to perform, etc. Our ability to pass on any increase in the costs to the client may be limited under the contracts with limited or no price escalation provisions and we cannot assure you that these variations in cost will not lead to financial losses to us. Further, other risks generally inherent to the oil and gas infrastructure may result in our profits from a project being less than as originally estimated or may result in us experiencing losses due to cost and time overruns, which could have a material adverse effect on our cash flows, business, financial condition and results of operations.

- 7. *We are required to furnish financial and performance bank guarantees as part of our business. Our inability to arrange such guarantee or the invocation of such guarantees may result in forfeiture of bid security or earnest money deposit and termination of the relevant contract thereby affecting results of our operations, financial condition and other prospects.***

As per the terms of the work contracts executed by us, we are required to provide financial and performance bank guarantees in favor of the clients to secure our financial/performance obligations under the respective contracts for our projects and are also required to ensure that the performance bank guarantees are valid and enforceable until the expiry of the contract or until we remedy any defects during the defects liability period or until such other period as is stipulated under the

relevant contract. As on March 31, 2020, we have provided bank guarantees amounting to Rs. 6,003.66 Lakhs, towards securing our financial/performance obligations under our ongoing projects. We may be unable to fulfil any or all of our obligations under the contracts entered into by us in relation to our ongoing projects due to unforeseen circumstances which may result in a default under our contracts resulting in invocation of the bank guarantees issued by us. If any or all the bank guarantees are invoked, it may result in a material adverse effect on our business and financial condition.

Further, if we are not able to provide/extend the performance bank guarantee within the stipulated period with respect to the project, then the relevant contract may be terminated and the bid security or the earnest money deposit provided can be encashed, which could have a material adverse effect on our prospects.

We may not be able to continue obtaining new financial and performance bank guarantees in sufficient quantities to match our business requirements. If we are unable to provide sufficient collateral to secure the financial bank guarantees, performance bank guarantees, our ability to enter into new contracts or obtain adequate supplies could be limited. Providing security to obtain financial and performance bank guarantees also increases our working capital requirements.

8. *Some or all of our ongoing projects may not be completed within their agreed completion dates. Such delays may adversely affect our business, results or operations and financial conditions.*

The industry in which our Company operates is prone to time and cost over-runs. The development of our projects involves various implementation risks including construction delays, delay or disruption in supply of raw materials, delays in obtaining certain property rights and government approvals and consents, unanticipated cost increases, adverse environmental and weather conditions, natural disasters, pandemics, force majeure events or delays in securing required licenses, authorizations or permits.

In the past, we have experienced delays in implementation of some of our projects and work orders. Further, there have been instances of time over-run in the execution of our ongoing projects. While, till date there has been no litigation consequent to such delay in execution of our ongoing projects however, we cannot assure you that no penalties or liquidated damages may not be levied upon us on account of such extension for completion. Similarly, our future projects may also be subject to delays and time and cost over-run on account of reasons which are beyond our control. Such modification and changes to the project completion timelines may have significant impact on our ongoing and future projects and consequently, we may be penalized and be required to pay damages to our clients, which may have an adverse effect on our business, clients relations, our credibility, results of operation and financial conditions. While we may seek to minimize the risks from any unanticipated events, it cannot be assured that all potential delays can be mitigated and that we will be able to prevent any time and cost over-runs and any loss of profits resulting from such delays, shortfalls and disruptions.

9. *Our contracts in hand may be delayed which could have a material adverse effect on our cash flow position, revenues and earnings.*

Our contracts in hand do not necessarily indicate future earnings. We may also face problems in executing the project as agreed under the contract. Moreover, sometimes factors beyond our control or the control of our clients may delay a project or cause change of scope, including delays or failures to obtain necessary permits, authorizations, permissions and other types of difficulties or obstructions. We cannot predict with certainty when, if or to what extent a contract will be performed. Delays in the completion of a project can lead to delayed payments from our clients.

Any delay, reduction in scope, execution, difficulty or delay in payment in respect of our contract or any disputes with clients in respect of any of the foregoing could have a material adverse effect on our cash flow position, revenues and earnings.

10. *We could become liable to clients, suffer adverse publicity and incur substantial costs as a result of defects in our services, which in turn could adversely affect our reputation and our future prospects could be affected if we are associated with negative publicity.*

Any failure or defect in our services could result in a claim against us for damages, regardless of our responsibility for such a failure or defect. Although we attempt to maintain quality standards, we cannot assure that all our project related services would be of uniform quality, which in turn could adversely affect the value of our reputation and future prospects could be adversely affected if we are associated with negative publicity. Also, our business is dependent on the trust that our clients have in the quality of our project related services. Any negative publicity regarding our Company, reputation or project related services, including those arising from a drop-in quality of our vendors or any unforeseen event, could affect our reputation and our results from operations.

11. *Our business is subject to seasonal fluctuations.*

Our business operations may be affected by seasonal factors which may restrict our ability to carry on activities related to our projects and fully utilize our resources. Heavy or sustained rainfalls or other extreme weather conditions such as cyclones could result in delays or disruptions to our operations during the critical periods of our projects and cause severe damages to equipment. In particular, the monsoon season may restrict our ability to carry on activities related to execution of our projects and fully utilize our resources, which may affect our revenues and consequently, profit recognition to subsequent quarters. Adverse seasonal developments may also require the evacuation of personnel, suspension or curtailment of operations, resulting in damage to sites or delays in the delivery of materials. Such fluctuations may adversely affect our revenues, cash flows, results of operations and financial conditions.

12. *We face competition in our business from other oil and gas infrastructure companies.*

We operate in a competitive environment. Our competition varies depending on the size, nature and complexity of the project and on the geographical region in which the project is to be executed. We compete against major as well as smaller regional oil and gas infrastructure companies. While service quality, technological capacity and performance, health and safety records and personnel, as well as reputation and experience, are important considerations in client decisions, price is a major factor in most tender awards.

We are currently qualified to bid for projects up to a certain value and therefore, are unable to compete with large pipeline infrastructure conglomerates for high value contracts. Some of our competitors are larger than us and have greater financial resources. They may also benefit from greater economies of scale and operating efficiencies. Competitors may, whether through consolidation or growth, present more credible integrated and/or lower cost solutions than we do, causing us to win fewer tenders. If we do not succeed in being awarded the contracts for projects, we could fail to increase, or maintain, our volume of order intake and operating revenues. There can be no assurance that we can continue to effectively compete with our competitors in the future and failure to compete effectively may have an adverse effect on our business, financial condition and results of operations.

13. *Given the long-term nature of many of our projects, we face various implementation risks and our inability to successfully manage such risks may have an adverse impact on the functioning of our business.*

Most of the projects that we undertake are by their nature long term and consequently expose us to a variety of implementation risks, including construction delays, delay or disruption in supply of raw materials, unanticipated cost increases, and cost overruns. While we believe that we have successfully managed the implementation risks we have faced in the past, there can be no assurance that we will be able to continue to effectively manage any future implementation risks, which may or may not be of a nature familiar to us. Our future results of operations may be adversely affected if we are unable to effectively manage the implementation risks we face.

14. *We rely on effective and efficient project management. Any adverse change in our project management procedures could affect our ability to complete projects on a timely basis or at all, which may cause us to incur liquidated damages for time overruns pursuant to our contracts.*

Our project-based businesses depend on the proper and timely management of our projects. Although we focus on project management in a number of ways, including by appointing project managers at our sites and by obtaining progress reports periodically, ineffective or inefficient project management could increase our costs and expenses and thus, materially and adversely affect our profitability.

We typically enter into contracts which provide for liquidated damages for time overruns. Additionally, in some contracts, in case of delay, our clients may have the right to appoint a third party to complete the work and to deduct additional costs or charges incurred for completion of the work from the contract price payable to us. In case we are unable to meet the performance criteria as prescribed by the clients and if penalties or liquidated damages are levied, our financial condition and results of operations could be materially and adversely affected.

15. *We have not sought consents from some of our Promoter group members of the Company for including their names in this Red Herring Prospectus*

Certain persons have been disclosed as part of our Promoter group on the basis of them being an immediate relative of our Promoters. Such persons however do not maintain any relationship, arrangement, dealing with our Company, neither have they entered into any financial transactions with us nor have any interest in the business activities of our Company and no consent has been sought from such Promoter group members for being named in the Red Herring Prospectus or to make accurate disclosures in relation to them in the Red Herring Prospectus. Our Company has vide its letter dated February 07, 2020 made an application under Regulation 300 of SEBI ICDR Regulations to SEBI for seeking relaxation from the strict enforcement of Regulation 2(1)(pp) of SEBI ICDR Regulations by treating the aforesaid persons not as a part of the promoter group of our Company for the purpose of the Issue and for all future circumstances in relation to the listing of our Company's shares. On July 17, 2020, our Company has received the necessary exemption/relaxation from SEBI in relation to the aforesaid application. In the absence of consent from them, there can be no assurance regarding the accuracy of information in the Red Herring Prospectus pertaining to such Promoter group members or that they will not object to their name being included in the Red Herring Prospectus without their consent. For further information, kindly refer to the chapter "*Promoters and Promoter Group*" on page 171 of this Red Herring Prospectus.

16. *An inability to manage our growth could disrupt our business and reduce our profitability.*

We have experienced high growth in recent years and expect our business to grow significantly as a result of favorable government policies and increased demand of oil and natural gas. We expect

this growth to place significant demands on us and require us to continuously evolve and improve our operational, financial and internal controls across the organization. In particular, continued expansion increases the challenges involved in:

- maintaining high levels of client satisfaction;
- recruiting, training and retaining sufficient skilled management, technical and marketing personnel;
- adhering to health, safety and environment and quality and process execution standards that meet client expectations;
- preserving a uniform culture, values and work environment in operations within India; and
- developing and improving our internal administrative infrastructure, particularly our financial, operational, communications and other internal systems.

Any inability to manage our growth may have an adverse effect on our business and results of operations.

17. We may be unable to obtain the requisite approvals, licenses, registrations and permits to develop and operate our businesses or may be unable to renew them in a timely manner, which may affect our operations adversely

We are governed by various laws and regulations for our business and operations. We are required, and will continue to be required, to obtain and hold relevant licenses, approvals and permits at the local, state and central government levels for doing our business. While we believe that we have obtained the necessary and material approvals, licenses, registrations and permits from the relevant authorities, there could be instances where we may not have applied/ applied with a delay for certain requisite approvals, applicable to us. We also need to apply for renewal, from time to time, of certain approvals, licenses, registrations and permits, which expire or seek fresh approvals, as and when required, in the ordinary course of our business.

There can be no assurance that the relevant authority will issue an approval or renew expired approvals within the applicable time period or at all. Any delay in receipt or non-receipt of such approvals, licenses, registrations and permits could adversely affect our related operations. Further, under such circumstances, the relevant authorities may initiate penal action against us, restrain our operations, impose fines/penalties or initiate legal proceedings for our inability to renew/obtain approvals in a timely manner or at all.

Furthermore, we cannot assure you that the approvals, licenses, registrations and permits issued to us will not be suspended or cancelled or revoked in the event of non-compliance or alleged non-compliance with any terms or conditions thereof, or pursuant to any regulatory action. We have, in the past, received notices from statutory authorities in relation to alleged non-compliance with certain labour legislations which pre-dominantly include non-maintenance of registers, under applicable laws, non-display of copy of license at our work sites, etc. Further, we have not, in the past, taken registration as required under the applicable professional tax statute(s). We cannot assure you that non-compliances will not occur in the future or that we may not be subject to any penalties in relation to such non-compliances which may affect our profitability, business, financial condition and results of operations. Further, any suspension or revocation of any of the approvals, licenses, registrations and permits that has been or may be issued to us may adversely affect our business and results of operations.

For further information, please refer to chapter titled “Outstanding Litigations and Material Developments” and “Government and Other Approvals” beginning on page 251 and 258 of this Red Herring Prospectus.

18. Our business is manpower intensive and we are dependent on the supply and availability of a sufficient pool of contract labourers from sub-contractors at our project locations. Unavailability or shortage of such a pool of contract labour or any strikes, work stoppages, increased wage demands by workmen or changes in regulations governing contractual labour may have an adverse impact on our cash flows and results of operations.

Our business is manpower intensive and we are dependent on the availability of a sufficient pool of contract labour from our sub-contractors to execute our projects. The number of contracts labourers employed by us varies from time to time based on the nature and extent of work contracted to us and the availability of contract labour. We may not be able to secure the required number of contractual labourers required for the timely execution of our projects for a variety of reasons including possibility of disputes with sub-contractors, strikes, less competitive rates to our sub-contractors as compared to our competitors, COVID- 19 related challenges or changes in labour regulations that may limit availability of contractual labour. We are subject to laws and regulations relating to employee welfare and benefits such as minimum wage, working conditions, employee insurance, and other such employee benefits and any changes to existing labour legislations, including upward revision of wages required to be paid under statutes to the workmen, limitations on the number of hours of work or provision of improved facilities, such as food or safety equipment, may adversely affect our business and results of our operations.

There can be no assurance that disruptions in our business will not be experienced if there are strikes, work stoppages, disputes or other problems with sub-contractors or contract labourers deployed at our projects. This may adversely affect our business and cash flows and results of operations.

In respect of labour cost and overhead cost components in such contracts, based on our internal estimates and belief, we include appropriate escalation provisions in the cost estimates at the time of bidding for a project and our contracts do not usually contain any clause for price adjustment for increase in labour costs. Any such increase in labour costs or any circumstances that render our estimates inaccurate or incorrect, may have an adverse impact on our profitability.

If our labour does not complete its obligations in a timely and satisfactory manner, our costs could increase and our reputation, business, cash flows and results of operations could be adversely affected.

19. Our Company does not have any formal long-term arrangements with its suppliers. Any significant variation in the supply may adversely affect the operations and profitability of our Company.

Major raw materials used for our operational activities include electrodes, coating sleeves, and warning mats etc. These raw materials are procured from various local manufacturers traders from whom we conduct business on regular basis and sometimes certain raw materials are also imported based on the client’s requirements. Our Company maintains a list of registered and unregistered suppliers from whom we procure the materials on order basis. Owing to wide availability of suppliers and traders across India and the said materials being easily available, we have not entered any long-term arrangement or contracts with any of the parties which oblige

them to maintain their business with us. Our ability to maintain close and satisfactory relationships with our suppliers may impact our supplies and affect our production process. Further, there is no assurance that the suppliers will continue to supply raw materials to us on reasonably acceptable terms.

20. *Our results of operations could be adversely affected by any disputes with our employees.*

As of July 31, 2020, we employed directly work force of approximately 908 employees on our payroll. In addition to the above, we also hire temporary contract labour at our project sites depending on the project requirements. While we believe that we maintain good relationships with our employees and contract labor, there can be no assurance that we will not experience future disruptions to our operations due to disputes or other problems with our work force, which may adversely affect our business and results of operations. The number of contract laborers vary from time to time based on the nature and extent of work contracted to independent contractors. We enter into contracts with independent contractors to complete specified assignments. All contract laborers engaged at our facilities are assured minimum wages that are fixed by local government authorities. Any upward revision of wages required by such governments to be paid to such contract laborers or offer of permanent employment or the unavailability of the required number of contract laborers, may adversely affect our business and results of our operations.

21. *We have certain contingent liabilities which may adversely affect our financial condition.*

As on March 31, 2020, our Company had the following contingent liabilities:

Sr. No.	Particulars	Amount (Rs. In Lakhs)
1	Guarantees issued by Banks	6,003.66
2	Demand under Rule 17(1)(e) of the APVAT Rules, 2005 Financial Year 2008-09 (Rs.307,190/- was paid under protest)	6.14
3	Demand under Rule 17(1)(e) of the APVAT Rules, 2005 Financial Year 2009-10 (Rs.767,828/- was paid under protest)	15.36
4	Demand under Section 143(3) of the IT Act for Assessment Year 2017-18	176.02

In the event that any of these contingent liabilities materialize, our financial condition may be adversely affected. For further information, please refer chapter titled “Financial Information” beginning on page 179 of this Red Herring Prospectus.

22. *Our success largely depends upon the knowledge and experience of our Key Management Personnel. Any loss of our Key Management Personnel or our ability to attract and retain them could adversely affect our business, operations and financial conditions.*

We depend on the management skills and guidance of our Key Management Personnel for development of business strategies, monitoring its successful implementation and meeting future challenges. The success of our business is dependent upon its ability to attract and retain qualified and experienced staff (including senior and middle management with professional qualifications). We are led by a dedicated senior management team with several years of industry experience. In addition, we have an experienced and qualified team of employees. We are dependent on our experienced Promoter, management team and employees and also the ability to attract, retain and motivate skilled personnel to effectively implement our Company’s strategy and serve our clients.

Many of our personnel possess skills that would be valuable to other companies engaged in one or more of our business lines. Whilst we offer compensation in line with the demand for such skills some of our competitors may be able to pay our employees more than we are able to pay to retain them. Our ability to profitably operate is substantially dependent upon our ability to locate, hire, train and retain our personnel. We may, therefore, incur additional costs in order to attract talented individuals and to retain existing experienced staff. Although we may not have experienced difficulty locating, hiring, training or retaining our employees to date, there can be no assurance that we will be able to retain our current personnel, or that we will be able to attract and assimilate other qualified personnel in the future. If we are unable to attract or retain qualified and experienced staff, our ability to operate and expand our business may be affected and our operating costs may increase. The loss of any of the members of our senior management team or other key personnel or our inability to recruit and retain qualified and experienced staff or to manage the attrition levels in different employee categories may limit our competitiveness, interrupt our operations and/or cause client dissatisfaction, any of which could reduce our revenue and profitability.

23. Our indebtedness and the conditions and restrictions imposed by our financing agreements could adversely affect our ability to conduct our business and operations.

As of July 31, 2020, we had total outstanding fund based debt (excluding auto loans) of Rs. 175.50 Lakhs and total bank guarantee of Rs. 5811.96 Lakhs. In addition to the above, we may incur additional indebtedness in the future. Our indebtedness could have several important consequences, including but not limited to the following:

- a portion of our cash flow may be used towards repayment of our existing debt, which will reduce the availability of our cash flow to fund working capital, capital expenditures, acquisitions and other general corporate requirements;
- our ability to obtain additional financing in the future at reasonable terms may be restricted;
- fluctuations in market interest rates may affect the cost of our borrowings, as some of our indebtedness are at variable interest rates;
- there could be a material adverse effect on our business, financial condition and results of operations if we are unable to service our indebtedness or otherwise comply with financial and other covenants specified in the financing agreements; and
- we may be more vulnerable to economic downturns, may be limited in our ability to withstand competitive pressures and may have reduced flexibility in responding to changing business, regulatory and economic conditions.

Most of our financing arrangements are secured by the lenders by creating a charge over our movable and immovable assets. These loans are repayable in accordance with any agreed repayment schedule and may be recalled by the relevant lenders at any time. Any such unexpected demand or accelerated repayment may have a material adverse effect on our business, cash flows and financial condition. Many of our financing agreements also include various conditions and covenants that require us to obtain lender consents prior to carrying out certain activities and entering into certain transactions. Failure to meet these conditions or obtain these consents could have significant consequences on our business and operations. Specifically, we require, and may be unable to obtain, lender consents to incur additional debt, issue equity, change our capital

structure, increase or modify our capital expenditure plans, undertake any expansion, provide additional guarantees, change our management structure, or merge with or acquire other companies, whether or not there is any failure by us to comply with the other terms of such agreements.

We believe that our relationships with our lenders are good and we have in the past obtained consents from them to undertake various actions and have informed them of our activities from time to time. Compliance with the various terms is, however, subject to interpretation and we cannot assure you that we have requested or received all consents from our lenders that are required by our financing documents. As a result, it is possible that a lender could assert that we have not complied with all terms under our existing financing documents. Any failure to comply with the requirement to obtain a consent or other condition or covenant under our financing agreements that is not waived by our lenders or is not otherwise cured by us, may lead to a termination of our credit facilities, acceleration of all amounts due under such facilities and trigger cross default provisions under certain of our other financing agreements and may adversely affect our ability to conduct our business and operations or implement our business plans.

24. One of our Promoters has limited experience in our line of business

One of our Promoters, namely Ms. Likhitha Gaddipati has limited experience in our present line of business which may affect the profitability of our business and may make it more difficult to attract and retain our customers which could have a material adverse effect on our business prospects.

25. The erstwhile statutory auditors of our Company were not holding certificate issued by the peer review board of ICAI.

M/s. Siva Krishna & Narayan, Chartered Accountants, who had been appointed as our statutory auditors for the period October 03, 2003 to January 25, 2019, were not holding certificate issued by the peer review board of ICAI. Our Company was not a listed company during the relevant period and therefore, the requirement to appoint a peer reviewed auditor was not applicable to us.

26. Members of our Promoter group will continue to retain majority control in the Company after the Issue, which will enable them to influence the outcome of matters submitted to shareholders for approval.

Upon completion of this Issue, members of the Promoter group will have substantial shareholding of our post-Issue equity share capital. As a result, the Promoter group will have the ability to control our business including matters relating to any sale of all or substantially all of our assets, the timing and distribution of dividends and the election or termination of appointment of our officers and directors. This control could delay, defer or prevent a change in control of the Company, impede a merger, consolidation, takeover or other business combination involving the Company, or discourage a potential acquirer from making a tender offer or otherwise attempting to obtain control of the Company even if it is in the Company's best interest. In addition, for so long as the Promoter group continues to exercise significant control over the Company, they may influence the material policies of the Company in a manner that could conflict with the interests of our other shareholders. The Promoter group may have interests that are adverse to the interests of our other shareholders and may take positions with which we or our other shareholders do not agree.

27. Our Group Company has incurred loss in the last three financial years

Our Group Company have incurred losses in the last three financial years. The profit/ (loss) figures for the preceding three financial years of such Group Company are as follows:

(Rs. in lakhs)

Name of loss-making group company	Profit/(loss) after tax for the fiscal		
	2020	2019	2018
Veriedge Technologies Private Limited	(10.03)	(1.18)	(0.40)

We cannot assure that our Group company will not incur losses in the future. For further details of our Group Companies, please see chapter titled "Our Group Companies" beginning on page 176 of this Red Herring Prospectus.

28. Our Promoters and Promoter group members have provided guarantees for loans availed by us.

Our Promoter, Mr. Srinivasa Rao Gaddipati, and some Promoter group members have issued personal guarantees in relation to certain borrowings availed by our Company. In the event of default on such borrowings, these guarantees may be invoked by our lenders thereby adversely affecting the respective Promoter and Promoter group members' ability to manage the affairs of our Company which in turn, could adversely affect our business, prospects, financial condition and results of operations. Further, if any of these guarantees are revoked by our Promoter and Promoter group members, our lenders may require alternate securities or guarantees and may seek early repayment or terminate such facilities. Any such event could adversely affect our financial condition and results of operations. For further details of loans availed by us, please refer the chapter titled "Financial Indebtedness" beginning on page 247 of this Red Herring Prospectus.

29. Our Promoter and members of the Promoter group have received and may continue receive remuneration from the Company in the future. The ratio of remuneration of our Promoter/ Promoter Group to the total employee benefit has been more than 25% in the past financial years. There can be no assurance that such transactions, individually or in the aggregate, will not have an adverse effect on our financial condition and results of operations.

Our Company has paid remuneration to our Promoters/Promoter Group members in the Fiscals 2017, 2018, 2019 and 2020 for an aggregate sum of Rs. 270 Lakhs, Rs. 720 Lakhs, Rs. 720 Lakhs and Rs. 360 Lakhs respectively, representing 27.55%, 46.98%, 29.67% and 12.40% respectively of the total employee benefit of our Company. For further details, see Note 31(F) in Annexure VI and note no. 28 to the Restated Financial Statements in "Financial Information" beginning on page 182 of this Red Herring Prospectus.

As can be noticed from above, the remuneration of our Promoter/ Promoter Group to the total employee benefit is below 25% for the Fiscal 2020 but has exceeded the said percentage in the past financial years. While we believe that all such payments have been made on the basis of their contribution to the Company, there can be no assurance that our Promoter and Promoter group members could not have benefited from such transactions in comparison to our other employees. There can be no assurance that such transactions, individually or in the aggregate, will not have an adverse effect on our financial condition and results of operations.

30. We have in the past entered into related party transactions and may continue to do so in the future.

We have in the past entered into transactions with certain Promoters/relatives of our Promoters/entities promoted by our Promoters. Furthermore, it is likely that we may enter into related party transactions in the future. While we believe that all such transactions have

been/would be conducted on an arm's length basis, there can be no assurance that we might not have achieved/may not achieve more favorable terms had such transactions not been entered into with related parties. There can be no assurance that such transactions, individually or in the aggregate, will not have an adverse effect on our financial condition and results of operations. For further details, please see note Annexure VI, Note 31(G) to our Restated Financial Statements appearing under chapter titled "Financial Information" beginning on page 179 of this Red Herring Prospectus.

31. *Our Registered Office is not owned by us, if we are required to vacate the same, due to any reason whatsoever, it may adversely affect our business operations.*

Our Company's registered office is situated at Flat No. 701, Plot No.8-3-940 and 8-3-940/A to E, Tirumala Shah Residency, Yellareddy Guda, Ameerpet, Hyderabad-500073, Telangana, India, that is owned by Mr. Kutumba Rao Gaddipati, member of our Promoter group and director of our Company. The premises have been taken on leasehold /rental / leave and license basis by our Company. There can be no assurance that the term of the agreements in relation to the above premises will be continued/ renewed and in the event of expiry, non-renewal or early termination of the lease/ leave and license arrangement or in case of disassociation of our Promoter Group Member with our Promoters, we may be required to vacate the above premises and identify alternative premises which may have an adverse impact on our business and operations. For further details, please refer to the chapter titled "*Our Business* " beginning on page 114 of this Red Herring Prospectus.

32. *Certain agreements may be inadequately stamped or may not have been registered or may not have necessary disclosure as a result of which our operations may be adversely affected.*

Few of our agreements such as those relating to immovable properties, may not be stamped adequately or registered or may not have the necessary disclosures. The effect of inadequate stamping is that the document is not admissible as evidence in legal proceedings and parties to that agreement may not be able to legally enforce the same, except after paying a penalty for inadequate stamping. The effect of non-registration of documents required to be registered, is that such document will not have any effect on the property or be eligible to be received as evidence in legal proceedings. Any potential dispute due to non-compliance of local laws relating to stamp duty and registration may adversely impact the operations of our Company.

33. *We do not have access to records and data pertaining to certain secretarial information in relation to certain disclosures*

Our Company does not have access to records pertaining to certain historical and secretarial data or information as the same are not available with us or with the Registrar of Companies, Hyderabad. Certain annual filing forms, forms for change in directors and financial statements of the Company prior to 2004 are not available with the Company or with the ROC. We cannot assure you of the accuracy and completeness of such internal records maintained by our Company.

34. *There have been some instances of non-filing/ delayed filing/ incorrect filings in the past with the Registrar of Companies. Further, our Company may not have complied with certain statutory provisions under the Companies Act. Such non-compliances/ lapses may attract penalties.*

Our Company is required to make filings under various rules and regulations as applicable under the Companies Act, few of which may either have not been done or have been done with certain discrepancies/ inaccuracies/ clerical mistakes and/ or delays in filing within the stipulated

time period. In case of delay in filing the statutory forms with RoC, the Company had made the requisite filings along with additional fees, as specified by RoC.

Although, there have been no penalty levied on the Company for such delays/ defaults, however, it cannot be assured that even in future no such penalty shall be levied. Therefore, if the concerned authorities impose monetary penalties on us or take certain punitive actions against our Company or its directors / officers in relation to the same, our business, financial condition and results of operations could be adversely affected.

35. *There may be possible conflicts of interest between us and our Promoters or our Group Company, or with entities in which our Promoters & directors are interested.*

Our Promoter, Mr. Srinivasa Rao Gaddipati, is actively involved in the management of both our business and the business operations of our Promoter Group Companies. Any diversion of attention by our Promoter to our Promoter Group Companies may distract or dilute management attention from our business, which could adversely affect our business, financial condition and results of operations. Though our Promoter Group Companies are not having business objects similar to those of our Company, there can be no assurance that our Promoters or Promoter Group Companies, in future, will not provide comparable services, expand their presence or acquire interests in competing ventures in the locations in which we operate. Further, we do not enjoy contractual protection by way of a non-compete or other agreement or arrangement with such Promoter Group Companies. Such eventualities may lead to conflict of interest between our Company and our Promoter Group Companies which have been promoted and / or controlled by our Promoters. For more details regarding our Promoters and Group Companies, please refer chapters titled "*Our Promoters and Promoter Group*" and "*Group Companies*" beginning on page 171 and 176 respectively of this Red Herring Prospectus respectively.

36. *Our Company's logo is not registered as on date of this Red Herring Prospectus. However, an application for registration our trademark has been filed with the trademarks authority. We may be unable to adequately protect our intellectual property and/or be subject to claims alleging breach of third-party intellectual property rights.*

As on date of this Draft Red Herring Prospectus, we have made application under the

Trademarks Act, 1999 for registration of our logo "", for getting it registered in the name of our Company by the trademark authority and hence, we do not enjoy the statutory protections accorded to a registered logo and the same has been marked as objected by the relevant authority. We cannot assure you that our application for registration of our logo will be granted by the relevant authorities in a timely manner or at all. Our logo is significant to our business and operations. The use of our logo by third parties could adversely affect our reputation, which could in turn adversely affect our business and results of operations. In the event, our application is rejected by trademarks registry, our business, results of operation and financial condition would be adversely affected. Obtaining, protecting and defending intellectual property rights can be time consuming and expensive, and may require us to incur substantial costs, including the diversion of the time and resources of management and technical personnel.

Further, while we endeavour to ensure that we comply with the intellectual property rights of others, there can be no assurance that we will not face any intellectual property infringement claims brought by third parties that may require us to introduce changes to our operations. Any claims of infringement, regardless of merit or resolution of such claims, could force us to incur significant costs in responding to, defending and resolving such claims, and may divert the efforts and attention of our management and technical personnel away from our business. We

could be required to pay third party infringement claims. In such cases, our financial conditions and business operations may be adversely impacted.

37. Our insurance coverage may not be adequate and this may have as adverse effect on our business and revenue.

We have not taken any insurance coverage for our Registered Office premises. Further, our existing insurance policies may not be sufficient to cover all damages, whether foreseeable or not. Our insurance policies are also subject to certain deductibles, exclusions and limits on coverage. We cannot assure you that the terms of our insurance policies will be adequate to cover any damage or loss suffered by us or that such coverage will continue to be available on reasonable terms or will be available in sufficient amounts to cover one or more large claims, or that the insurer will not disclaim coverage as to any future claim. A successful assertion of one or more large claims against us that exceeds our available insurance coverage or changes in our insurance policies, including premium increases or the imposition of a larger deductible or co-insurance requirement, could adversely affect our business, financial condition and results of operations and could cause the price of our Equity Shares to decline. For details on insurance policies taken by our Company please see page 114 in chapter titled “Our Business” of Prospectus.

38. Our Company has during the preceding one year from the date of the Red Herring Prospectus have allotted Equity Shares at a price which is lower than the Issue Price.

In the last twelve months, we have made allotments of Equity Shares through bonus issue of shares to the shareholders, which are given without any consideration to the shareholders. For details relating to number of shares issued, date of allotment etc. please refer to chapter titled “Capital Structure” beginning on page 71 of this Red Herring Prospectus.

39. The average cost of acquisition of Equity Shares by our Promoters could be lower than the floor price.

Our Promoters average cost of acquisition of Equity Shares in our Company could be lower than the Floor Price of the Price Band as may be decided by the Company in consultation with the Book Running Lead Manager. For further details regarding average cost of acquisition of Equity Shares by our Promoters in our Company and build-up of Equity Shares by our Promoters in our Company, please refer chapter titled “Capital Structure” beginning on page 71 of this Red Herring Prospectus.

40. Some of our immovable properties may have certain irregularities in title, which may adversely affect us

There may be certain irregularities in respect of our title to some of the immovable properties owned by or leased to us. In certain cases, we may not have clear and absolute title to certain immovable properties. Though we generally obtain title certificates and title opinions while executing definitive agreements, we cannot assure you that the persons with whom we enter into such agreements have clear title to such properties. We may not be able to assess or identify all risks and liabilities associated with the immovable properties including lands. As each transfer in a chain of title may be subject to defects, our title to the immovable properties may be subject to defects of which we are not aware which may become a subject matter of litigation in future.

- 41. *There is no monitoring agency appointed by our Company and the deployment of funds are at the discretion of our Management and our Board of Directors, though it shall be monitored by our Audit Committee***

As per SEBI ICDR Regulations, appointment of monitoring agency is required only for Issue size above Rs. 10,000.00 Lakhs. Hence, we have not appointed any monitoring agency to monitor the utilization of Issue proceeds. However, the audit committee of our Board will monitor the utilization of Issue proceeds in terms of SEBI LODR Regulations. Further, our Company shall inform about material deviations in the utilization of Issue proceeds to the stock exchanges and shall also simultaneously make the material deviations / adverse comments of the audit committee public.

External Risk Factors

- 42. *The occurrence of natural or man-made disasters including global outbreak of an infectious disease such as COVID-19 or any other serious public health concerns in India or elsewhere may adversely affect our business, financial condition, results of operations and cash flows.***

The occurrence of natural disasters, including hurricanes, floods, tsunamis, earthquakes, tornadoes, fires, explosions, pandemic disease and man-made disasters, including acts of terrorism and military actions, may adversely affect our financial condition or results of operations. The potential impact of a natural disaster on our results of operations and financial position is speculative and would depend on numerous factors. In addition, an outbreak of a communicable disease in India or in the particular region in which we have projects would adversely affect our business and financial conditions and the result of operations.

Since December 2019, there is an ongoing outbreak of the 2019 novel coronavirus (“COVID-19”) which has affected countries globally. On January 30, 2020, the World Health Organization declared the COVID-19 outbreak a “Public Health Emergency of International Concern” and on March 11, 2020, it was declared a pandemic. Between January 30, 2020 and the date of this Red Herring Prospectus, the COVID-19 disease has spread to many other countries, with the number of reported cases and related deaths increasing daily and, in many countries, exponentially.

There have been border controls, lockdowns and travel restrictions imposed by various countries, including India, as a result of the COVID-19 outbreak. Several countries’ governments and numerous companies have imposed increasingly stringent restrictions to help avoid, or slow down, the spreading of COVID-19, imposition of lockdown measures such as closure of nonessentials services. Such outbreak of an infectious disease together with these restrictions and measures have resulted in protracted volatility in domestic and international markets and/or may result in a global recession and may adversely impact our operations, revenues, cashflows and profitability. In particular, the COVID-19 outbreak has caused stock markets worldwide to lose significant value and has impacted global economic activity.

A number of governments have revised gross domestic product growth forecasts for 2020 downwards in response to the economic slowdown caused by the spread of COVID-19, and it is possible that the outbreak of COVID-19 will cause a prolonged global economic crisis or recession.

A countrywide lockdown to contain the spread of COVID-19 has been in force in India since March 24, 2020, which was further extended with phase-wise relaxations. and many other economic activities have remained largely suspended like complete stoppage of movement of non-essential goods and restricted movement of people and thus delaying and hampering our

operations at project sites. As a result, we may face delays associated with collection of payments from our clients, which are in the infrastructure sector, due to such lockdown or economic slowdown caused by COVID-19, which may adversely affect our cashflows.

Due to the lock-down imposed on account of COVID-19, the financial performance of our Company has been impacted to the extent of about 50% of total turnover (unaudited) during the first quarter ended June 30, 2020 in comparison to the previous financial year. The impact on account of COVID-19 cannot however be assessed with certainty on the overall financial performance and profitability of our Company for the financial year 2020-21. Post June 01, 2020, majority of the Company's operations have normalized. The execution schedule for completion has also been extended for majority of the ongoing projects.

It is estimated that the overall turnover (unaudited) for the first half-year of FY 2020-21 may get impacted to the extent of 15% as against the comparative half-year of the previous financial year. In view of implementation of various measures to prevent and control the spread of Covid-19, it is estimated that the expenses incurred by our Company may increase which in turn may impact the overall profitability to the extent of 0.10% to 0.15% p.a.

Risks arising on account of COVID-19 can also threaten the safety of operation at our project sites, causing disruption of operational activities, environmental harm, loss of life, injuries and impact the wellbeing of our employees/ labour. These risks could have an adverse effect on our business, results of operations, cash flows and financial condition.

As of the date of this Red Herring Prospectus, there is significant uncertainty relating to the severity of the near- and long-term adverse impact of the COVID-19 pandemic on the global economy, global financial markets and the Indian economy. We are unable to accurately predict the duration or scope of the COVID-19 pandemic or the near-term or long-term impact of the COVID-19 pandemic on our business. To the extent the COVID-19 pandemic adversely affects our business and financial results, it may also have the effect of heightening many of the other risks described in this Red Herring Prospectus, including those relating to cash flows.

We cannot assure prospective investors that such events will not occur in the future or that our business, financial condition, results of operations and cash flows will not be adversely affected by such events.

The outbreak of a pandemic or an infectious disease in India or elsewhere or any other serious public health concern, around the world could have a negative impact on economies, financial markets and business activities worldwide and which in turn could have a material adverse effect on our business, financial condition and results of operations.

43. Financial instability in other countries, particularly countries with emerging markets, could disrupt Indian markets and our business and cause the trading price of the Equity Shares to decrease.

The Indian financial markets and the Indian economy are influenced by economic and market conditions in other countries, particularly emerging market countries in Asia. Although economic conditions are different in each country, investors' reactions to developments in one country can have adverse effects on the securities of companies in other countries, including India. A loss of investor confidence in the financial systems of other emerging markets may cause volatility in Indian financial markets and in the Indian economy. Any worldwide financial instability could also have a negative effect on the Indian economy. Accordingly, any significant financial

disruption could have an adverse effect on our business, financial condition and results of operations.

44. Significant differences exist between Ind AS, Indian GAAP and other accounting principles, such as US GAAP and International Financial Reporting Standards (“IFRS”), which investors may be more familiar with and consider material to their assessment of our financial condition.

Our restated summary statements of assets and liabilities as at March 31, 2019 and restated summary statements of profit and loss (including other comprehensive income), cash flows and changes in equity for the Fiscals 2019 have been prepared in accordance with the Indian Accounting Standards notified under Section 133 of the Companies Act, 2013, read with the Ind AS Rules and restated in accordance with the SEBI ICDR Regulations, the SEBI Circular and the Prospectus Guidance Note.

We have not attempted to quantify the impact of US GAAP, IFRS or any other system of accounting principles on the financial data included in this Red Herring Prospectus, nor do we provide a reconciliation of our financial statements to those of US GAAP, IFRS or any other accounting principles. US GAAP and IFRS differ in significant respects from Ind AS and Indian GAAP. Accordingly, the degree to which the Restated Financial Information included in this Red Herring Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Ind AS, Indian GAAP and the SEBI ICDR Regulations. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Red Herring Prospectus should accordingly be limited.

45. Changing laws, rules and regulations and legal uncertainties, including adverse application of corporate and tax laws, may adversely affect our business, results of operations, financial condition and prospects.

The regulatory and policy environment in India is evolving and subject to change. Such changes in applicable law and policy in India, including the instances described below, may adversely affect our business, financial condition, results of operations, performance and prospects in India, to the extent that we are not able to suitably respond to and comply with such changes. For instance, in November 2016, the Government of India demonetized certain high-value denominations of currency. Trading and retail businesses in India were impacted for a limited period of time on account of such demonetization. Such businesses have subsequently needed to introduce additional point of sale instruments to improve their collection process. The Government of India implemented a comprehensive national goods and services tax (“GST”) regime that combines taxes and levies by the central and state governments into a unified rate structure from July 1, 2017, which we believe will result in fundamental changes to India’s third-party logistics industry. The implementation of the new GST regime has increased the operational and compliance burden for Indian companies and has also led to various uncertainties. Any future increases and amendments to the GST regime may further affect the overall tax efficiency of companies operating in India and may result in significant additional taxes becoming payable. Our business and financial performance could be adversely affected by any unexpected or onerous requirements or regulations resulting from the introduction of GST or any changes in laws or interpretation of existing laws, or the promulgation of new laws, rules and regulations relating to GST, as it is implemented. Further, as GST is implemented, there can be no assurance that we will not be required to comply with additional procedures and/or obtain additional approvals and licenses from the government and other regulatory bodies or that they will not impose onerous requirements and conditions on our operations. Any such changes and

the related uncertainties with respect to the implementation of GST may have a material adverse effect on our business, financial condition and results of operations.

46. Civil unrest, acts of violence including terrorism or war involving India or other countries could materially and adversely affect the financial markets and our business.

Any major hostilities involving India or other countries or other acts of violence, including civil unrest including acts of terrorism or similar events that are beyond our control, could have a material adverse effect on the Indian and/or global economies and our business. Terrorist attacks and other acts of violence may adversely affect the Indian stock markets, where our Equity Shares will trade and the global equity markets generally. Such events could also potentially lead to a severe economic recession, which could adversely affect our business, results of operations, financial condition and cash flows, and more generally, any of these events could lower confidence in India's economy.

India has witnessed civil disturbance in recent years and it is possible that future civil unrest as well as other social, economic and political events in India could have a negative impact on our business. Such incidents could also create a greater perception that investment in Indian companies involves a higher degree of risk and could have an adverse impact on our business and the price of our Equity Shares.

47. Political instability and significant changes in Government policy could adversely affect economic conditions in India generally and our business in particular.

Changes in exchange rates and controls, interest rates, Government policies, taxation, social and ethnic instability and other political and economic developments in and affecting India may have an adverse effect on our results of operations.

India has a mixed economy with a large public sector and an extensively regulated private sector. The role of the Government and that of the state governments in the Indian economy and their effect on producers, consumers, service providers and regulators has remained significant over the years. Both state and central governments have, in the past, among other things, imposed controls on the prices of a broad range of goods and services, restricted the ability of businesses to expand existing capacity and reduce the number of their employees and determined the allocation to businesses of raw materials and foreign exchange. Since 1991, successive Governments have pursued policies of economic liberalization, including significantly relaxing restrictions in the private sector. Nevertheless, the role of the Government and state governments in the Indian economy as producers, consumers and regulators has remained significant. There can be no assurance that the Government's past liberalization policies or political stability will continue in the future. Elimination or substantial change of such policies or the introduction of policies that negatively affect the security service industry could have an adverse effect on our business. Any significant change in India's economic liberalization and deregulation policies could disrupt business and economic conditions in India generally and our business in particular.

48. We are subject to regulatory, economic and social and political uncertainties and other factors beyond our control.

We are incorporated in India and we conduct our corporate affairs and our business in India. Our Equity Shares are proposed to be listed on the BSE and the NSE, subject to the receipt of the final listing and trading approvals from the respective Stock Exchanges. Consequently, our business, operations, financial performance and the market price of our Equity Shares will be

affected by interest rates, government policies, taxation, social and ethnic instability and other political and economic developments affecting India.

Factors that may adversely affect the Indian economy, and hence our results of operations may include:

- the macroeconomic climate, including any increase in Indian interest rates or inflation
- any exchange rate fluctuations, the imposition of currency controls and restrictions on the right to convert or repatriate currency or export assets;
- any scarcity of credit or other financing in India, resulting in an adverse effect on economic conditions in India and scarcity of financing for our expansions;
- prevailing income conditions among Indian clients and Indian corporations;
- political instability, terrorism, military conflict, epidemic or public health issues in India or in countries in the region or globally, including in India's various neighboring countries;
- macroeconomic factors and central bank regulation, including in relation to interest rates movements which may in turn adversely impact our access to capital and increase our borrowing costs;
- Instability in financial markets and volatility in, and actual or perceived trends in trading activity on, India's principal stock exchanges;
- decline in India's foreign exchange reserves which may affect liquidity in the Indian economy;
- downgrading of India's sovereign debt rating by rating agencies;
- difficulty in developing any necessary partnerships with local businesses on commercially acceptable terms and/or a timely basis.
- changes in India's tax, trade, fiscal or monetary policies; and
- other significant regulatory or economic developments in or affecting India or its logistics sector.

Moreover, a fall in the purchasing power of our clients, for any reason whatsoever, including rising consumer inflation, availability of financing to our clients, changing governmental policies and a slowdown in economic growth may have an adverse effect on our clients' revenues, savings and could in turn negatively affect their demand for our products. For instance, demonetization of 500 and 1,000 currency notes was announced in November 2016. The immediate impact of the announcement led to people depositing their cash in banks and the Indian economy was drained out of liquid cash for a brief period. In addition, any slowdown or perceived slowdown in the Indian economy, or in specific sectors of the Indian economy, could adversely affect our business, results of operations and financial condition and the price of the Equity Shares.

49. *The requirements of being a listed company may strain our resources.*

We are not a listed company. We have not been subjected to the increased scrutiny of our affairs by shareholders, regulators and the public at large that is associated with being a listed company. As a listed company, we will incur significant legal, accounting, corporate governance and other expenses that we did not incur as an unlisted company. We will be subject to the Equity Listing Agreements with the Stock Exchange which will require us to file audited annual and half yearly reports with respect to our business and financial condition. If we experience any delays, we may fail to satisfy our reporting obligations and/or we may not be able to readily determine and accordingly report any changes in our results of operations as promptly as other listed companies.

Further, as a listed company, we will need to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, including keeping adequate records of daily transactions to support the existence of effective disclosure controls and

procedures and internal control over financial reporting. In order to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, significant resources and management attention will be required.

As a result, our management's attention may be diverted from business concerns, which may adversely affect our business, prospects, financial condition and results of operations. Further, we may need to hire additional legal and accounting staff with appropriate listed company experience and technical accounting knowledge but cannot assure that we will be able to do so in a timely and efficient manner.

50. Any downgrading of India's debt rating by an international rating agency could adversely affect our business.

Any adverse revisions to India's credit ratings for domestic and international debt by domestic or international rating agencies may adversely affect our ability to raise additional financing, and the interest rates and other commercial terms at which such additional financing is available. This could have an adverse effect on our business and financial performance, ability to obtain financing for capital expenditures and the price of the Equity Shares.

51. The trading volume and market price of the Equity Shares may be volatile following the Issue.

The market price of the Equity Shares may fluctuate as a result of, among other things, the following factors, some of which are beyond our control:

- quarterly variations in our results of operations;
- results of operations that vary from the expectations of securities analysts and investors;
- results of operations that vary from those of our competitors;
- changes in expectations as to our future financial performance, including financial estimates by research analysts and investors;
- a change in research analysts' recommendations;
- announcements by us or our competitors of significant acquisitions, strategic alliances, joint operations or capital commitments;
- announcements by third parties/ governmental entities of significant claims/ proceedings against us;
- new laws and governmental regulations applicable to our industry;
- additions or departures of key management personnel;
- changes in exchange rates;
- changes in the price of oil or gas;
- fluctuations in stock market prices and volume; and
- general economic and stock market conditions.

Changes in relation to any of the factors listed above could adversely affect the price of the Equity Shares.

RISK RELATING TO THE EQUITY SHARES

52. Any future issuance of Equity Shares, or convertible securities or other equity linked securities by us and any sale of Equity Shares by our Promoters or significant shareholders may dilute your shareholding and adversely affect the trading price of the Equity Shares.

Any future issuance of the Equity Shares, convertible securities or securities linked to the Equity Shares by us may dilute your shareholding in our Company, adversely affect the trading price of the Equity Shares and our ability to raise capital through an issue of our securities. In addition, any

perception by investors that such issuances or sales may occur, including complying with the minimum public shareholding norms applicable to listed companies in India, may significantly affect the trading price of the Equity Shares. There can be no assurance that we will not issue further Equity Shares or that the shareholders will not dispose of, pledge or otherwise encumber the Equity Shares. The disposal of Equity Shares by any of our significant shareholders, or the perception that such sales may occur, may significantly affect the trading price of the Equity Shares.

53. There are restrictions on daily/ weekly/ monthly movements in the price of the Equity Shares, which may adversely affect a shareholder's ability to sell or the price at which it can sell, Equity Shares at a particular point in time.

Once listed, we would be subject to circuit breaker imposed by Stock Exchange on which the Company is listed, which does not allow transactions beyond specified increases or decreases in the price of the Equity Shares. This circuit breaker operates independently of the index-based market- wide circuit breakers generally imposed by SEBI on different Stock Exchanges. The percentage limit on circuit breakers is set by the Stock Exchange based on the historical volatility in the price and trading volume of the Equity Shares. The Stock Exchange do not inform us of the percentage limit of the circuit breaker in effect from time to time and may change it without our knowledge. This circuit breaker limits the upward and download movements in the price of the Equity Shares. As a result of this circuit breaker, no assurance may be given regarding your ability to sell your Equity Shares or the price at which you may be able to sell your Equity Shares at any particular time.

54. The Issue price of our Equity Shares may not be indicative of the market price of our Equity Shares after the Issue and the market price of our Equity Shares may decline below the issue price and you may not be able to sell your Equity Shares at or above the Issue Price

The Issue Price of our Equity Shares will be determined by Book Built method. This price is based on numerous factors (For further information, please refer chapter titled “*Basis for Issue Price*” beginning on page 92 of this Red Herring Prospectus) and may not be indicative of the market price of our Equity Shares after the Issue. The market price of our Equity Shares could be subject to significant fluctuations after the Issue and may decline below the Issue Price. We cannot assure you that you will be able to sell your Equity Shares at or above the Issue Price. Among the factors that could affect our share price include without limitation. The following:

- Quarterly variations in the rate of growth of our financial indicators, such as earnings per share, net income and revenues;
- Changes in revenue or earnings estimates or publication of research reports by analysts;
- Speculation in the press or investment community;
- General market conditions; and
- Domestic and international economic, legal and regulatory factors unrelated to our performance.

55. *QIB and Non-Institutional Investors are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid.*

Pursuant to the SEBI ICDR Regulations, QIBs and Non-Institutional Investors are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid. Retail Individual Investors can revise their Bids during the Bid/ Issue Period and withdraw their Bids until Bid/ Issue Closing Date. While our Company is required to complete Allotment pursuant to the Issue within six Working Days from the Bid/ Issue Closing Date, events affecting the Bidders' decision to invest in the Equity Shares, including material adverse changes in international or national monetary policy, financial, political or economic conditions, our business, results of operations or financial condition may arise between the date of submission of the Bid and Allotment. Our Company may complete the Allotment of the Equity Shares even if such events occur, and such events may limit the Bidders ability to sell the Equity Shares Allotted pursuant to the Issue or cause the trading price of the Equity Shares to decline on listing.

56. *You may be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares.*

Under current Indian tax laws and regulations, capital gains arising from the sale of equity shares in an Indian company are generally taxable in India. Any gain realized on the sale of listed equity shares on a stock exchange held for more than 12 months will not be subject to capital gains tax in India, up to an amount of Rs. 1 lakh, if Securities Transaction Tax ("STT") has been paid on the transaction. STT will be levied on and collected by a domestic stock exchange on which the equity shares are sold. Any gain realized on the sale of equity shares held for more than 12 months to an Indian resident, which are sold other than on a recognized stock exchange and on which no STT has been paid, will be subject to long term capital gains tax in India. Further, any gain realized on the sale of listed equity shares held for a period of 12 months or less will be subject to short term capital gains tax in India. Capital gains arising from the sale of the Equity Shares will be exempt from taxation in India in cases where the exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident. Generally, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable for tax in India as well as in their own jurisdiction on a gain upon the sale of the Equity Shares. In addition, changes in the terms of tax treaties or in their interpretation, as a result of renegotiations or otherwise, may affect the tax treatment of capital gains arising from a sale of Equity Shares.

Under Indian law, foreign investors are subject to investment restrictions that limit our ability to attract foreign investors, which may adversely affect the trading price of the Equity Shares.

Under foreign exchange regulations currently in force in India, transfer of shares between non-residents and residents are freely permitted (subject to certain restrictions), if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or falls under any of the exceptions specified by the RBI, then the prior approval of RBI will be required. Additionally, shareholders who seek to convert Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India require a

no-objection or a tax clearance certificate from the Indian income tax authorities. We cannot assure investors that any required approval from the RBI or any other governmental agency can be obtained on any particular terms or at all. For further details, please refer to chapter titled "*Restrictions on Foreign Ownership of Indian Securities*" beginning on page 306 of this Red Herring Prospectus.

57. Our ability to pay dividends in the future will depend on our earnings, financial condition, working capital requirements, capital expenditures and restrictive covenants of our financing arrangements.

Our ability to pay dividends in the future will depend on a number of factors, including but not limited to the earnings, working capital requirements, contractual obligations, applicable legal restrictions and overall financial condition of our Company. We may decide to retain all of our Company's earnings to finance the development and expansion of our Company's business and therefore, our Company may not declare dividends on the Equity Shares. Any future determination as to the declaration and payment of dividend will be at the discretion of our Board and will depend on factors that our Board deems relevant, including among others, our future earnings, financial condition, cash requirements, business prospects and any other financing arrangements. For details of dividends paid by our Company in the past, please refer to chapter titled "*Dividend Policy*" beginning on page 178 of this Red Herring Prospectus.

58. Rights of shareholders under Indian laws may be more limited than under the laws of other jurisdictions.

Indian legal principles related to corporate procedures, directors' fiduciary duties and liabilities, and shareholders' rights may differ from those that would apply to a company in another jurisdiction. Shareholders' rights including in relation to class actions, under Indian law may not be as extensive as shareholders' rights under the laws of other countries or jurisdictions. Investors may have more difficulty in asserting their rights as shareholder in an Indian company than as shareholder of a corporation in another jurisdiction.

59. Fluctuation in the exchange rate between the Indian Rupee and foreign currencies may have an adverse effect on the value of the Equity Shares, independent of our operating results.

On listing, the Equity Shares will be quoted in Indian Rupees on the Stock Exchanges. Any dividends in respect of the Equity Shares will also be paid in Indian Rupees and subsequently converted into the relevant foreign currency for repatriation, if required. Any adverse movement in currency exchange rates during the time that it takes to undertake such conversion may reduce the net dividend to foreign investors. In addition, any adverse movement in currency exchange rates during a delay in repatriating outside India the proceeds from a sale of Equity Shares, for example, because of a delay in regulatory approvals that may be required for the sale of Equity Shares may reduce the proceeds received by equity shareholders. For example, the exchange rate between the Rupee and the U.S. dollar has fluctuated substantially in recent years and may continue to fluctuate substantially in the future, which may have an adverse effect on the trading price of the Equity Shares and returns on the Equity Shares, independent of our operating results.

60. The price of our Equity Shares may be volatile or an active trading market for our Equity Shares may not develop.

Prior to this Issue, there has been no public market for our Equity Shares. The trading price of our Equity Shares may fluctuate after this Issue due to a variety of factors, including our results of operations and the performance of our business, competitive conditions, general economic, political and social factors, the performance of the Indian and global economy and significant developments in India's fiscal regime, volatility in the Indian and global securities market, performance of our competitors, the Indian capital markets, changes in the estimates of our performance or recommendations by financial analysts and announcements by us or others regarding contracts, acquisitions, strategic partnerships, joint ventures, or capital commitments. In addition, if the stock markets experience a loss of investor confidence, the trading price of our Equity Shares could decline for reasons unrelated to our business, financial condition or operating results. The trading price of our Equity Shares might also decline in reaction to events that affect other companies in our industry even if these events do not directly affect us. Each of these factors, among others, could materially affect the price of our Equity Shares. There can be no assurance that an active trading market for our Equity Shares will develop or be sustained after this Issue or that the price at which our Equity Shares are initially offered will correspond to the prices at which they will trade in the market subsequent to this Issue.

For an illustration of the Book Building Process and the price discovery process, please refer to the chapter titled “*Issue Procedure*” on page 281 of this Red Herring Prospectus.

Withdrawal of the Issue

Our Company, in consultation with the Book Running Lead Manager, reserves the right not to proceed with the Issue at any time before the Issue Opening Date without assigning any reason therefor.

If our Company withdraws the Issue any time after the Issue Opening Date but before the allotment of Equity Shares, a public notice within two (2) Working Days of the Issue Closing Date, providing reasons for not proceeding with the Issue shall be issued by our Company. The notice of withdrawal will be issued in the same newspapers where the pre-Issue advertisements have appeared and the Stock Exchanges will also be informed promptly.

The BRLM, through the Registrar to the Issue, will instruct the SCSBs to unblock the ASBA Accounts within one (1) Working Day from the day of receipt of such instruction. If our Company withdraws the Issue after the Issue Closing Date and subsequently decides to proceed with an Issue of

the Equity Shares, our Company will file a fresh Draft Offer Document with the stock exchanges where the Equity Shares may be proposed to be listed. Notwithstanding the foregoing, the Issue is subject to obtaining (i) the final listing and trading approvals of the Stock Exchanges with respect to the Equity Shares issued through the Red Herring Prospectus, which our Company will apply for only after Allotment; and (ii) the final RoC approval of the Prospectus.

Underwriting

After the determination of the Issue Price and allocation of Equity Shares, but prior to the filing of this Red Herring Prospectus with the RoC, our Company intends to enter into the Underwriting Agreement with the Underwriters for the Equity Shares. Pursuant to the terms of the Underwriting Agreement, the obligations of each of the Underwriters are several and are subject to certain conditions specified therein.

The Underwriting Agreement is dated [●]. The Underwriters have indicated their intention to underwrite the following number of Equity Shares:

Name, address, telephone, fax, and email of the Underwriters	Indicated number of Equity Shares to be underwritten	Amount underwritten	% of the total Issue size underwritten
[●]	[●]	[●]	[●]%

The above-mentioned is indicative underwriting and will be finalised after determination and finalisation of the Basis of Allotment and subject to the provisions of the SEBI ICDR Regulations.

In the opinion of the Board of Directors, the resources of the above-mentioned Underwriters are sufficient to enable them to discharge their respective underwriting obligations in full. The abovementioned Underwriters are registered with SEBI under Section 12(1) of the SEBI Act or registered as brokers with the Stock Exchange(s). Our Board of Directors/ IPO Committee, at its meeting held on [●], has accepted and entered into the Underwriting Agreement on behalf of our Company.

Allocation among the Underwriters may not necessarily be in proportion to their underwriting commitment. Notwithstanding the above table, the Underwriters shall be severally and not jointly responsible for ensuring payment with respect to Equity Shares allocated to investors procured by them. In the event of any default in payment, the respective Underwriter, in addition to other obligations defined in the Underwriting Agreement, will also be required to procure subscribers or subscribe to Equity Shares to the extent of the defaulted amount in accordance with and subject to the terms of the Underwriting Agreement. The underwriting arrangement stated above shall not apply to the applications by the ASBA Bidders in the Issue, except for ASBA Bids procured by any member of the Syndicate.

12. None of our Promoters, members of our Promoter group or our directors or their immediate relatives have sold or purchased, or financed the sale or purchase of, Equity Shares by any other person during the six (6) months immediately preceding the date of this Red Herring Prospectus
13. There are no financing arrangements whereby the Promoters, members of our Promoter Group, the directors of our Company and their relatives have financed the purchase by any other person of securities of the Issuer during the period of 6 (six) months immediately preceding the date of filing the Red Herring Prospectus.
14. Our Company, our directors, our Promoters and the BRLM have not entered into any buy-back and/or standby and/or similar arrangements for the purchase of Equity Shares of our Company, offered through this draft offer document, from any person.
15. Since the entire issue price per share is being called up on application, all the successful applicants will be allotted fully paid-up shares.
16. The BRLM and their associates do not hold any Equity Shares in our Company as on the date of filing of this Red Herring Prospectus. The BRLM and their respective affiliates may engage in the transactions with and perform services for our Company in the ordinary course of business or may, in the future, engage in investment banking transactions with our Company, for which they may receive customary compensation.
17. We have not granted any options or issued any shares under any scheme of employee stock option or employees stock purchase in the preceding three (3) years and we do not intend to allot any Equity Shares to our Employees under ESOS/ESOP scheme from proposed Issue.
18. As on the date of filing of this Red Herring Prospectus, there are no outstanding warrants, options or rights to convert debentures, loans or other instruments, financial instruments or any other rights which would entitle Promoters or any shareholders or any other person any option to acquire our Equity Shares after this Initial Public Offer.
19. An applicant cannot make an application more than the number of Equity Shares being issued through this Issue, subject to the maximum limit of investment prescribed under relevant laws applicable to each category of investors.
20. There will be no further issue of Equity Shares whether by way of issue of bonus shares, preferential allotment, rights issue or in any other manner during the period commencing from submission of this Red Herring Prospectus until the Equity Shares to be issued pursuant to the Issue have been listed.

21. In case of over-subscription in all categories the allocation in the Issue shall be as per the requirements of Regulation 49 of SEBI ICDR Regulations.
22. None of our Equity Shares have been issued out of revaluation reserve created out of revaluation of assets.
23. An over-subscription to the extent of 1% of the Issue can be retained for the purpose of rounding off to the nearest integer during finalizing the allotment, subject to minimum allotment, which is the minimum application size in this Issue. Consequently, the actual allotment may go up by a maximum of 1% of the Issue, as a result of which, the post-issue paid up capital after the Issue would also increase by the excess amount of allotment so made. In such an event, the Equity Shares held by the Promoters and subject to 3 years lock- in shall be suitably increased; so as to ensure that 20% of the post Issue paid-up capital is locked in.
24. Undersubscription, if any, in any of the categories, would be allowed to be met with spill-over from any of the other categories or a combination of categories at the discretion of our Company in consultation with the BRLM and the Designated Stock Exchange i.e. BSE. Such inter-se spill over, if any, would be affected in accordance with applicable laws, rules, regulations and guidelines.
25. The unsubscribed portion in any reserved category, if any, may be added to any other reserved category.
26. There are no Equity Shares against which depositories receipts have been issued.
27. At any given point of time there shall be only one denomination of the Equity Shares, unless otherwise permitted by law.
28. As per RBI regulations, OCBs are not allowed to participate in this Issue.
29. Our Company has not raised any bridge loans against the proceeds of the Issue.
30. Our Company shall comply with such disclosure and accounting norms as may be specified by stock exchange, SEBI and other regulatory authorities from time to time.
31. Our Promoters and Promoter Group will not participate in this Issue.
32. This Issue is being made through Book Building method.
33. The BRLM, our Company, our Directors, our Promoters, our Promoter Group and/or any person connected with the Issue shall not offer any incentive, whether direct or indirect, in the nature of discount, commission, and allowance, or otherwise, whether in cash, kind, services or otherwise, to any Applicant, for making an Application.
34. There are no safety net arrangements for this public Issue.
35. We shall ensure that transactions in Equity Shares by the Promoters and members of the Promoter Group, if any, between the date of registering the Prospectus with the RoC and the Issue Closing Date will be reported to the Stock Exchanges within 24 hours of such transactions being completed.

OBJECTS OF THE ISSUE

Our Company proposes to utilize the proceeds from the issue towards funding the following objects and achieve the benefits of listing on BSE Limited and the National Stock Exchange of India Limited.

The Objects of the Issue is to raise resources to:

1. meet the Working Capital Requirements;
2. meet General Corporate Purposes; and

Internal Accruals/ Other Borrowings	3,544.56	5,602.40	9,302.79	13,736.55

We are required to provide to the extent of 5% of the project tender amount as performance bank guarantee and 5% of project tender amount as retention money/ security deposit till the project is completed. Thereafter, the combined 10% of the project tender amount is to be continued till the period of 15 months from the date of completion of the respective project as per the defect liability period clause. To obtain Bank Guarantee, the Company deposits approximately 20% of the guarantee amount as Margin Money to the Banks.

Based on the contracted projects in hand and expected schedule of completion of projects, the Company will require approximately over Rs. 13,000 Lakh non-fund based limits upto Financial Year 2021-22 to provide various performance bank guarantees as well as bank guarantees under defect liability.

As on July 31, 2020, the Company has tied-up with banks for working capital credit facilities to the extent of Rs. 7,900 Lakhs of which Rs. 7,000 Lakhs is non-fund based and Rs. 900 Lakhs is fund based limits and the total utilized working capital requirement is Rs. 5,987.46 Lakhs out of which non-fund based is Rs. 58,11.96 Lakhs and fund based is Rs. 175.50 Lakhs.

As a policy, the Company intends to continue to utilize maximum of non-fund based limits from banks and minimum fund based limits as it would reduce interest costs and facilitate better utilization of internal resources.

Gross and Net working capital requirement for the year 2020-21 is estimated to be Rs. 16,394.41 Lakhs and Rs. 14,902.79 Lakhs respectively. The incremental working capital requirement to the extent of Rs. 4,700.00 Lakhs will be met through the Net Proceeds of the Issue.

The incremental working capital requirements are based on historical Company data and estimation of the future requirements based on the orders to be executed in Financial Year 2019-20, Financial Year 2020-21 and Financial Year 2021-22 considering the growth in activities of our Company and in line with norms generally accepted by banker(s).

Assumption for future working capital requirements:

Particulars	(No. of Days)			
	Holding level as on March 31, 2019 (Audited)	Holding level as on March 31, 2020 (Audited)	Holding level as on March 31, 2021 (Estimated)	Holding level as on March 31, 2022 (Projected)
Current Assets				
<u>Inventories</u>				
Work-in-progress and Stores & Spares	52.62	55.87	76.40	76.29
<u>Trade Receivables</u> (on Gross Revenue)	36.53	31.36	60.00	60.00
Current Liabilities				
Trade Payables & Other Current Liabilities	55.06	55.93	16.97	15.17

Justification for “Holding Period” levels:

The justifications for the holding levels mentioned in the table above are provided below:

Assets- Current Assets	
Inventories	<p>Work-in-Progress and stores and spares: Holding level of inventories was 52.62 days in Financial Year 2018-19 and 55.87 days during the Financial Year 2019-20. On the basis of estimation and projection, the holding period is assumed to be 76.40 and 76.29 days in Financial Years 2020-21 and 2021-22 respectively, taking into consideration the size of orders in hand, existing systems, projected activity schedule and various factors involved in the execution of projects and processing bills thereto such as site-inspection, confirmation, approval to raise running account bills and processing of the bills</p>
Trade Receivables	<p>Receivables realization period was 36.53 days in Financial Year 2018-19 and decreased to 31.36 days in Financial Year 2019-20. Taking into consideration the time period for processing the bills by our Oil and Gas distributor customers particularly in relation to big orders, the realization period for debtors has been expected to increase to 60 days for the Financial Years 2020-21 and 2021-22.</p> <p>Earlier the size/ quantum of the projects on which the Company was working, were comparatively smaller in size. In big projects the bills will be released only after the completion and certification of the third party QC teams.</p>

Assets- Current Liabilities	
Trade Payables	The credit period in Financial Year 2018-19 was 55.06 days and 55.93 days during Financial Year 2019-20. It is estimated to decrease to 16.97 days for Financial Year 2020-21 and projected to further decrease to 15.17 days for Financial Year 2021-22 based on the financial estimation and projections prepared by the management. This is because the quantum of materials used by the Company in its project execution are minimal and do not exceed around 10% of the project cost. For cash purchases of inventory/ spares/ other raw materials the Company get discounts ranging from 5% to 10% thus it is preferred.

The above estimates are based on the generally accepted norms of our bankers. The Board at its meeting held on September 08, 2020, approved the plan of utilization of Issue Proceeds as stated hereinabove. This amount is based on our management's current estimates of the amounts to be utilized towards the respective objects. However, the actual deployment of funds will depend on a number of factors affecting our results of operation, financial condition and access to capital. Further, in the event that there is a surplus under any head, such amount shall be utilized towards general corporate purpose.

b) General Corporate Purposes

Our Company intends to deploy the balance Net Proceeds aggregating to Rs. [●] Lakhs for General Corporate Purposes as decided by our board, we have flexibility in applying the remaining proceeds after meeting issue expenses for general corporate purpose including but not restricted to, meeting operating expenses, strengthening of our business development and marketing capabilities, meeting exigencies which the Company in the ordinary course of business may not foresee or any other purpose as approved by our board of Directors, subject to compliance with the necessary provisions of the Companies Act.

Schedule of Implementation & Deployment of Funds

Our Company proposes to deploy the issue proceeds immediately on completion of the Issue and the same is expected to be completed by Financial Year 2020-21.

Details of Funds already deployed till date and sources of funds deployed

The funds amounting to Rs. 19.84 Lakhs has been deployed up to July 31, 2020 towards issue expenses pursuant to the Objects of the Issue from internal accruals, as certified by the Auditor of our Company, M/s. NVSR & Associates LLP, Chartered Accountants *vide* certificate dated August 19, 2020.

Appraisal

The fund requirements and deployment is based on internal management estimates and has not been appraised by any bank or financial institution

Bridge Financing Facilities

Company has not raised any bridge loans from any bank or financial institution as on the date of this Red Herring Prospectus, which are proposed to be repaid from the Net Proceeds. However, depending on business exigencies, our Company may consider raising bridge financing for the Net Proceeds for Object of the Issue.

Interim Use of Funds

Pending utilization of the Issue Proceeds for the Objects of the Issue described above, our Company shall deposit the funds only in Scheduled Commercial Banks included in the Second Schedule of Reserve Bank of India Act, 1934.

In accordance with Section 27 of the Companies Act, 2013, our Company confirms that, pending utilization of the proceeds of the Issue as described above, it shall not use the funds from the Issue Proceeds to buy, trade or otherwise deal in equity shares of any other listed company.

Monitoring of Utilization of Funds

Since the Issue size does not exceed ₹10,000 Lakhs, the appointment of a monitoring agency as per Regulation 41 of the SEBI ICDR Regulations is not required.

As required under the SEBI Listing Regulations, the Audit Committee appointed by our Board will monitor the utilization of the Issue proceeds. We will disclose the utilization of the proceeds of the Issue, including interim use, under a separate head in our quarterly/half yearly financial disclosures and annual audited financial statements until the Issue Proceeds remain unutilized, to the extent required under the applicable law and regulation. We will indicate investments, if any, of unutilized proceeds of the Issue in our Balance Sheet for the relevant Financial Years subsequent to listing of our Equity Shares on the Stock Exchanges.

Pursuant to SEBI LODR Regulations, our Company shall on a quarterly basis disclose to the Audit Committee the uses and applications of the proceeds of the Issue.

On an annual basis, our Company shall prepare a statement of funds utilized for purposes other than those stated in the Red Herring Prospectus and place it before the Audit Committee and make such other disclosures as may be required only until such time that all the proceeds of the Issue have been utilized in full. The statement shall be certified by the Statutory Auditors of our Company.

Further, in accordance with Regulation 32(1) of the Listing Regulations, our Company shall furnish to the Stock Exchanges on a quarterly basis, a statement indicating (i) deviations, if any, in the actual utilization of the Net Proceeds of the Issue from the Objects of the Issue as stated above; and (ii) details of category wise variations in the actual utilization of the proceeds of the Issue from the Objects of the Issue as stated above. This information will also be published in newspapers simultaneously with the interim or annual financial results and explanation for such variation (if any) will be included in our Directors' report, after placing the same before the Audit Committee.

No part of the Proceeds from the Issue will be paid by our Company as consideration to our Promoters, Promoter Group, our Directors, Group Companies or Key Managerial Personnel, except in the normal course of business.

Variation in objects

In accordance with Section 13(8) and Section 27 of the Companies Act, 2013 and applicable rules, our Company shall not vary the objects of the Issue without our Company being authorized to do so by the Shareholders by way of a special resolution through postal ballot. In addition, the notice issued to the Shareholders in relation to the passing of such special resolution (the "Postal Ballot Notice") shall specify the prescribed details as required under the Companies Act and applicable rules. The Postal Ballot Notice shall simultaneously be published in the newspapers, one in English, and one in Telegu, the vernacular language of the jurisdiction where the Registered Office is situated. Our Promoters or controlling Shareholders will be required to provide an exit opportunity to such Shareholders who do not agree to the proposal to vary the objects, at such price, and in such manner, as may be prescribed by SEBI, in this regard.

Basic terms of the issue

The Equity shares being offered are subject to the provision of the Companies Act, 2013, our Memorandum and Articles of Association, the terms of this offer document and other terms and conditions as may be incorporated in the Allotment advice and other documents/ certificates that may be executed in respect of the issue. The Equity shares shall also be subjected to laws as applicable, guidelines, notifications and regulations relating to the issue of capital and listing and trading of securities issued from time to time by SEBI, Government of India, RBI, ROC and /or other authorities as in force on the date of issue and to the extent applicable.

BASIS FOR ISSUE PRICE

The Issue price has been determined by our Company in consultation with the BRLM on the basis of market demand for the Equity Shares through the Book Building Process and on the basis of the following qualitative and quantitative factors.

The face value of the Equity Shares of our Company is Rs. 10 each and the Issue Price is [●] times of the face value at the lower end of the Price Band and [●] times the face value at the higher end of the Price Band.

Investors should read the following basis with the sections titled “Risk Factors” and “Financial Information” and the chapter titled “Our Business” beginning on page nos. 31, 179 and 114 respectively, of this Red Herring Prospectus to get a more informed view before making any investment decisions. The trading price of the Equity Shares of our Company could decline due to these risk factors and you may lose all or part of your investments.

Qualitative Factors

Some of the qualitative factors, which form the basis for computing the price, are:

- Experienced Promoter and proficient management team.
- Established track record in executing Pipeline Infrastructure projects and O&M Services
- Long standing relationship with our customers
- Strong financial performance
- Low debt equity ratio

For further details, refer to heading “*Our Competitive Strengths*” under section titled “*Our Business*” beginning on page 114 of this Red Herring Prospectus.

Quantitative Factors

The information presented below relating to the Company is based on the restated financial statements of the Company for the Financial Years 2020, 2019 and 2018. For details, see “Financial Statements” on page 179.

Some of the quantitative factors, which form the basis or computing the price, are as follows:

1. Basic and Diluted Earnings per Share (EPS):

a. Before providing effect of Bonus Issue

Year Ended	Basic & Diluted EPS (Rs.)	Weight
March 31, 2020	13.59	3

Weighted Average	11.68	-

Notes:

1. Ratios have been calculated as below

Basic Earnings Per Share (EPS) (Rs.)	Restated Profit attributable to Equity Shareholders
	Weighted Average Number of Equity Shares outstanding during the year*
Diluted Earnings Per Share (EPS) (Rs.)	Restated Profit attributable to Equity Shareholders
	Weighted Average Number of Diluted Potential Equity Shares outstanding during the year*

**as the increase in the capital by way of bonus weightage is considered*

2. *Earnings per share calculations are in accordance with Ind AS 33 "Earnings per Share"*
3. *On 23/12/2019 the company has issued 1,01,25,000 bonus shares to the existing equity shareholders in the ratio of 2.25:1. In case of a bonus issue the ordinary shares are issued to existing shareholders for no additional consideration. Therefore, the number of ordinary shares outstanding is increased without an increase in resources.*

The number of equity shares outstanding before the bonus issue are adjusted for the proportionate change in the number of ordinary shares outstanding as if the event had occurred at the beginning of the earliest period presented. Accordingly, in the statement of accounting ratios with bonus effect the number of equity shares increased to 1,46,25,000 from existing outstanding equity shares of 45,00,000 in order to take the bonus issue effect into consideration.

Net Asset Value per Equity Share has been calculated as net worth divided by number of equity shares at the end of the year. Total no of shares taken to calculate the NAV is after taking into consideration Bonus

Note: Net Asset Value has been calculated as per the following formula:

$$NAV = \frac{\text{Networth excluding preference share capital and revaluation reserve}}{\text{Outstanding number of Equity shares outstanding during the year / period}}$$

Issue Price per Equity Share will be determined on conclusion of the Book Building Process.

5. Comparison with industry peers

As on the date of this Red Herring Prospectus, there are no listed companies in India which are engaged in the same line of business as our Company, hence comparison with industry peers are not applicable.

6. The Issue Price of the Equity Shares

The Issue Price of Likhitha Infrastructure Limited is Rs. [●] per Equity Share has been determined by the Company in consultation with the Book Running Lead Manager and is justified based on the above accounting ratios. Likhitha Infrastructure Limited is a Book Built issue and price band for the same shall be published before opening of the issue in English and Hindi National newspapers and one regional newspaper with wide circulation.

For further details, see section titled “Risk Factors” beginning on page 31 and the financials of the Company including profitability and return ratios, as set out in the section titled “Financial Statements” beginning on page 179 of this Red Herring Prospectus for a more informed view.

STATEMENT OF TAX BENEFITS

Dear Sir(s):

Sub: Proposed initial public offering of equity shares of Rs. 10/- each (“the Issue”) of Likhitha Infrastructure Limited (“the Company”)

We report that the enclosed statement in Annexure A, states the possible direct tax benefits available to the Company and to its shareholders under the Income-tax Act, 1961 presently in force in India. Several of these benefits are dependent on the Company or its shareholders fulfilling the conditions prescribed under the relevant provisions of the statute. Hence, the ability of the Company or its shareholders to derive the stated tax benefits is dependent upon their fulfilling such conditions, which based on business imperatives the Company faces in the future, the Company may or may not choose to fulfill.

The benefits discussed in the enclosed annexure are not exhaustive. This statement is only intended to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the Public issue. Neither are we suggesting nor advising the investor to invest money based on this statement.

We do not express any opinion or provide any assurance as to whether:

- i) the Company or its shareholders will continue to obtain these benefits in future; or
- ii) the conditions prescribed for availing the benefits have been/would be met with.

The contents of the enclosed statement are based on information, explanations and representations obtained from the Company and on the basis of our understanding of the business activities and operations of the Company.

We also consent to the references to us as “Experts” under section 26 of the Companies Act to the extent of the certification provided hereunder and included in the Draft Red Herring Prospectus, Red Herring Prospectus and Prospectus of the Company or in any other documents in connection with the Public issue.

We hereby give consent to include this statement of tax benefits in the Draft Red Herring Prospectus, Red Herring Prospectus and Prospectus and in any other material used in connection with the Public issue.

Yours sincerely,

Annexure – A

ANNEXURE TO THE STATEMENT OF TAX BENEFITS AVAILABLE TO THE COMPANY AND ITS SHAREHOLDERS UNDER THE APPLICABLE TAX LAWS IN INDIA

ANNEXURE TO THE STATEMENT OF TAX BENEFITS

The information provided below sets out the possible special tax benefits available to the Company and the Equity Shareholders under the Income Tax Act 1961 presently in force in India. It is not exhaustive or comprehensive and is not intended to be a substitute for professional advice. Investors are advised to consult their own tax consultant with respect to the tax implications of an investment in the Equity Shares particularly in view of the fact that certain recently enacted legislation may not have a direct legal precedent or may have a different interpretation on the benefits, which an investor can avail.

YOU SHOULD CONSULT YOUR OWN TAX ADVISORS CONCERNING THE INDIAN TAX IMPLICATIONS AND CONSEQUENCES OF PURCHASING, OWNING AND DISPOSING OF EQUITY SHARES IN YOUR PARTICULAR SITUATION.

A SPECIAL TAX BENEFITS TO THE COMPANY

1) Direct Tax

NIL

2) Indirect Tax

NIL

B. SPECIAL TAX BENEFITS TO THE SHAREHOLDER

NIL

Note:

1. All the above statements are as per the current tax laws and will be available only to the sole / first name holder where the shares are held by joint holders.
2. The above statement covers only certain relevant direct tax law benefits and does not cover any indirect tax law benefits or benefit under any other law.
3. This statement is only intended to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences, the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the Issue
4. We have not commented on the taxation aspect under any law for the time being in force, as applicable, of any country other than India. Each investor is advised to consult its own tax consultant for taxation in any country other than India.

SECTION IV – ABOUT THE COMPANY

OUR INDUSTRY

The information in this section includes extracts from publicly available information, data and statistics and has been derived from various government publications and industry sources. Neither we nor any other person connected with the Issue have verified this information. The data may have been re-classified by us for the purposes of presentation. Industry sources and publications generally state that the information contained therein has been obtained from sources generally believed to be reliable, but that their accuracy, completeness and underlying assumptions are not guaranteed and their reliability cannot be assured and, accordingly, investment decisions should not be based on such information. You should read the entire Red Herring Prospectus, including the information contained in the sections titled “Risk Factors” and “Financial Statements” and related notes beginning on page 31 and 179 Red Herring Prospectus.

We are an oil & gas infrastructure service provider in India, focused on laying pipeline networks along with construction of associated facilities; and providing Operations & Maintenance Services to the CGD Companies. Our business broadly falls under the scope of the oil and gas industry and more minutely, pipeline infrastructure and servicing.

Indian Economy:

India has emerged as the fastest growing major economy in the world and is expected to be one of the top three economic powers of the world over the next 10-15 years, backed by its strong democracy and partnerships. India's gross domestic product (GDP) (at constant 2011-12 prices) was estimated to be Rs 145.65 lakh crore (US\$ 2.06 trillion) for 2019-20, growing 4.2 per cent over the previous year.

India retained its position as the third largest start-up base in the world with over 8,900-9,300 start-ups as 1,300 new start-ups got incorporated in 2019 according to a report by NASSCOM. India also witnessed the addition of 7 unicorns in 2019 (till August 2019), taking the total tally to 24.

India's labour force is expected to touch 160-170 million by 2020 based on the rate of population growth, increased labour force participation and higher education enrolment among other factors according to a study by ASSOCHAM and Thought Arbitrage Research Institute.

India's foreign exchange reserves reached Rs 37.31 lakh crore (US\$ 493.48 billion) in the week up to May 29, 2020 according to the data from RBI. With an improvement in the economic scenario, there have been investments across various sectors of the economy. The mergers and acquisition (M&A) activity in India stood at US\$ 28 billion in 2019, while private equity (PE) deals reached US\$ 48 billion.

The first Union Budget of the third decade of 21st century was presented by Minister for Finance & Corporate Affairs, Ms Nirmala Sitharaman in the Parliament on February 1, 2020. The budget aimed at energising the Indian economy through a combination of short-term, medium-term, and long-term measures.

Total expenditure for 2020-21 is budgeted at Rs 37.14 lakh crore (US\$ 531.53 billion), an increase of 13 per cent from 2019-20 (revised budget estimates). Numerous foreign companies are setting up their facilities in India on account of various Government initiatives like Make in India and Digital India. Mr Narendra Modi, Prime Minister of India, launched Make in India initiative with an aim to boost country's manufacturing sector and increase purchasing power of an average Indian consumer, which would further drive demand and spur development, thus benefiting investors. The Government of India, under its Make in

India initiative, is trying to boost the contribution made by the manufacturing sector with an aim to take it to 25 per cent of the GDP from the current 17 per cent. Besides, the Government has also come up with Digital India initiative, which focuses on three core components: creation of digital infrastructure, delivering services digitally and to increase the digital literacy.

India's GDP is expected to reach US\$ 5 trillion by FY25 and achieve upper-middle income status on the back of digitization, globalization, favorable demographics, and reforms. India is also focusing on renewable sources to generate energy. It is planning to achieve 40 per cent of its energy from non-fossil sources by 2030, which is currently 30 per cent, and have plans to increase its renewable energy capacity from 175 gigawatt (GW) by 2022.

India is expected to be the third largest consumer economy as its consumption may triple to US\$ 4 trillion by 2025, owing to shift in consumer behavior and expenditure pattern, according to a Boston Consulting Group (BCG) report. It is estimated to surpass USA to become the second largest economy in terms of purchasing power parity (PPP) by 2040 as per a report by PricewaterhouseCoopers.

Global Oil and Gas Industry Scenario:

Global energy consumption in 2018 increased at nearly twice the average rate of growth since 2010, primarily driven by a robust global economy and higher heating and cooling needs in some parts of the world. Higher electricity demand was responsible for over half of the growth in energy needs. Demand for all fuels increased, led by natural gas, even as solar and wind posted double digit growth.

Though world is making progress along a lower carbon emission path, oil and gas would continue to be leading energy sources for the decades ahead, according to the International Energy Agency (IEA) being plentiful, accessible, cost-effective and –especially in the case of natural gas – cleaner-burning. Oil demand provided a relatively stable backdrop, continuing to grow robustly, increasing 1.4 Mb/d last year. In an absolute sense, the growth in demand was dominated by the developing world, with China (0.7 Mb/d) and India (0.3 Mb/d) accounting for almost two thirds of the global increase. But relative to the past 10 years or so, the big outlier was the US, where oil demand grew by 0.5 Mb/d in 2018, its largest increase for well over 10 years, boosted by increased demand for ethane as new production capacity came on stream.

The increased importance of petrochemicals in driving oil demand growth was also evident in the global product breakdown, with products most closely related to petrochemicals (ethane, LPG and naphtha) accounting for around half of the overall growth in demand last year. Against this backdrop of steady demand growth, on supply side global production grew by a whopping 2.2 Mb/d, more than double its historical average. The vast majority of this growth was driven by US production, which grew by 2.2 Mb/d – the largest ever annual increase by a single country. Since 2012 and the onset of the tight oil revolution, US production (including NGLs) has increased by over 7 Mb/d – broadly equivalent to Saudi Arabia's crude oil exports – an astonishing increase which has transformed both the structure of the US economy and global oil market dynamics. Largely as a consequence, US net oil imports shrunk to less than 3 Mb/d last year, compared with over 12 Mb/d in 2005.

For natural gas, 2018 was a good year with both global consumption and production increasing by over 5%, one of the strongest growth rates in either gas demand or output for over 30 years. The main actor here was the US, accounting for almost 40% of global demand growth and over 45% of the increase in production.

Indian Oil and Gas Industry:

The oil and gas sector is among the eight core industries in India and plays a major role in influencing decision making for all the other important sections of the economy.

India's economic growth is closely related to energy demand; therefore, the need for oil and gas is projected to grow more, thereby making the sector quite conducive for investment.

The Government of India has adopted several policies to fulfil the increasing demand. The government has allowed 100 per cent Foreign Direct Investment (FDI) in many segments of the sector, including natural gas, petroleum products, and refineries, among others. Today, it attracts both domestic and foreign investment, as attested by the presence of Reliance Industries Ltd (RIL) and Cairn India.

According to the data released by Department for Promotion of Industry and Internal Trade Policy (DPIIT), the petroleum and natural gas sector attracted FDI worth US\$ 7.82 billion between April 2000 and March 2020.

Gas pipeline infrastructure in the country stood at 16,981 km at the beginning of April 2020. Government of India is planning to invest Rs 70,000 crore (US\$ 9.97 billion) to expand the gas pipeline network across the country.

Energy demand of India is anticipated to grow faster than energy demand of all major economies, on the back of continuous robust economic growth.

India's energy demand is expected to double to 1,516 Mtoe by 2035 from 753.7 Mtoe in 2017. Moreover, the country's share in global primary energy consumption is projected to increase by two-fold by 2035.

Crude oil consumption is expected to grow at a CAGR of 3.60 per cent to 500 million tonnes by 2040 from 221.76 million tonnes in 2017.

Natural Gas consumption is forecasted to increase at a CAGR of 4.31 per cent to 143.08 million tonnes by 2040 from 54.20 million tonnes in 2017.

(Source: <https://www.ibef.org/industry/oil-gas-india.aspx>)

Natural Gas Infrastructure in India:

The Indian economy presently is believed to have established itself on a healthy growth path and this would increase going forward the energy consumption in the country. This increase in consumption is expected to be supplemented by an alteration in the primary energy mix of India because of the substitution of oil by natural gas. The share of natural gas in the energy mix of India is expected to increase to 20% in 2025 as compared to 11% in 2010. However, given that all the plans for expansion in natural gas supply in the country with the help of additional RLNG terminals, nationwide transmission pipeline network and transnational pipelines are expected to materialize by 2025, it is envisaged that the share of natural gas in the primary energy mix would reach 20% until 2030 if not more.

In recent years the demand for natural gas in India has increased significantly due to its higher availability, development of transmission and distribution infrastructure, the savings from the usage of natural gas in place of alternate fuels, the environment friendly characteristics of natural gas as a fuel and the overall favourable economics of supplying gas at reasonable prices to end consumers. Power and Fertilizer sector remain the two biggest contributors to natural gas demand in India and continue to account for more than 55% of gas consumption. *In future, the natural gas demand is all set to grow significantly at a CAGR of*

6.8% from 242.6 MMSCMD (Million Metric Standard Cubic Meter Per Day) in 2012-13 to 746 MMSCMD in 2029-30.

This demand represents the Realistic Demand for natural gas in India. Gas based power generation is expected to contribute the highest, in the range of 36% to 47%, to this demand in the projected period (2012-13 to 2029-30). The contribution to the overall demand from the CGD sector is set to increase from 6% to 11% during the projected period.

The supply of natural gas is likely to increase in future with the help of increase in domestic gas production and imported LNG. However, the expected increase in domestic production at present is significantly lower than earlier projections due to a steady reduction in gas output from the KG D6 field. The capacity of RLNG terminals in India is expected to increase from 17.3 MMTA in 2012-13 to 83 MMTA in 2029-30 assuming all the existing and planned terminals in India would materialize. Natural gas availability through non-conventional sources like Shale Gas and Gas Hydrates has not been considered in gas supply projections in the absence of clarity on key variables like data as most of India remains unexplored/underexplored, regulatory policy and lack of domestic infrastructure. ***The total supply of natural gas is expected to grow at a CAGR of 7.2% from 2012 to 2030 reaching 400 MMSCMD by 2021-22 and 474 MMSCMD by 2029-30.***

India, currently, has a network of about 13,000 km of natural gas transmission pipelines with a design capacity of around 337 MMSCMD. This pipeline network is expected to expand to around 28,000 Kms with a total design capacity of around 721 MMSCMD in next 5-6 years, putting in place most of the national gas grid that would connect all major demand and supply centre in India. This would ensure wider availability across all regions and also potentially help to achieve uniform economic and social progress.

The design capacity of pipeline network in India is expected to reach 815 MMSCMD in 2029-30. However, considering the addition of capacity directly linked to the existing/planned sources of natural gas in the country, the gas grid capacity in India (pipeline emanating from source) is expected to reach 582 MMSCMD in 2029-30 from the present 274 MMSCMD. This capacity is expected to take care of the natural gas supply scenario in the projected period. In addition to the trunk lines regional gas pipelines, similar to the intra-state network of Gujarat, are recommended for highly industrialized states. It is expected that going forward the Southern and Northern part of India would catch-up with the Western part in terms of pipeline infrastructure while Eastern and North Eastern part of the country would lag behind and would require policy boost for industrial development to attract more investments.

Today, the natural gas sector is at the threshold of rapid growth in India supported by ever increasing demand for natural gas in the country, increased exploration efforts under NELP, commissioning of the LNG import terminals in the West Coast, projected upcoming LNG terminals and the Government's initiatives in the direction of development of a nation wide natural gas pipeline grid.

Certain regulatory reforms remain critical to the development and efficient usage of natural gas infrastructure In India. A fair and transparent access to the pipeline infrastructure is a key for movement of gas volumes. Currently the regulations provide for open access and have mandated accounting separation between transportation and marketing activities. To further develop the market the regulator should unbundle (legal unbundling) the marketing and transportation activities in next 2-3 years' time. This would prevent restrictions imposed by pipeline companies through non-price measures on competition. Post legal unbundling the timing of ownership separation can be determined by the regulator based on factors like transparency adopted by transportation companies in dealing with their trading affiliates, number of shippers in the business and the choice exercised by consumers.

Based on the plans for expansion in natural gas supply in the country with the help of additional RLNG terminals, nationwide transmission pipeline network and transnational pipelines expected to materialize in next 5 to 10 years, it is envisaged that the share of natural gas in the primary energy mix would reach 20%

till 2030. However, to achieve a 20% share of natural gas in the primary energy it is required to attract and sustain investments in the gas infrastructure including the Cross-Country Pipelines.

(Source: <https://www.pngrb.gov.in/Hindi-Website/pdf/vision-NGPV-2030-06092013.pdf>)

There are presently three major pipeline entities engaged in natural gas transportation across India namely GAIL, RGTIL/RGPL and GSPL. GAIL is operating about 11411 km of trunk pipelines in India comprising 70% of the pan-India pipeline network. This includes HVJ, DVPL, DUPL/DPPL, Dadri-Bawana-Nangal and Dabhol-Bengaluru trunk pipelines to evacuate domestic gas as well as imported RLNG. In addition, GAIL also operates regional gas pipeline networks in Maharashtra, K.G.Basin, Cauvery Basin and Gujarat. RGTIL and RGPL are operating 1784 km of pipelines (about 11% of pan India network), namely the East-West Pipeline (EWPL) to evacuate gas from KG-D6 field in Andhra Pradesh and the Shadol-Phulpur Pipeline respectively. GSPL is mainly focused in the state of Gujarat consisting of about 2692 km gas pipelines (about 16% of total).

The spread of pipeline network of different transporters is as under:

S. no.	Transporter	Length in km	Percentage share
1	GAIL	11411	69.9%
2	RGTIL / RGPL	1784	10.9%
3	GSPL	2692	16.5%
4	AGCL/DNPL	297	1.8%
5	IOCL	140	0.9%
	Total	16324	100.0%

The natural gas is primarily sourced from KG-D6, Mumbai offshore, Cambay Basin, Ravva Offshore, KG Basin, Cauvery basin and through import of LNG.

Present Demand Scenario-Natural Gas

Natural Gas demand has increased significantly in recent years due to the increase in the availability of gas, development of transmission and distribution infrastructure, the savings from the usage of natural gas in place of alternate fuels and the overall favourable economics of supplying gas at reasonable prices to end consumers. It has become easier for the power, fertilizer and CGD sectors, as well as industrial and commercial establishments, to switch over to natural gas for their energy requirements. In the near future, power and fertilizer sectors are expected to remain the anchor segments for natural gas demand in India. Going forward though, with the additional supply of gas, significant demand for natural gas is also expected to come from the industrial (usage both in process and power generation - cogeneration) and CGD segments.

Demand Projections

Natural gas demand from the power sector is expected to be driven, not only by the shortage of domestic coal supply and the rising cost of its substitute i.e. imported coal but also by increased domestic gas supply and power sector reforms. The process of addressing environmental concerns is expected to drive the demand of natural gas from the industrial users as well as Compressed Natural Gas (CNG) users in the CGD segment. Factors like availability of domestic gas, import of LNG and development of requisite infrastructure are also expected to push the growth of natural gas demand from the CGD user segment. The key demand drivers for key user segments have been summarized below:

- Environmental concerns
- Subsidy burden
- Enabling policy framework
- Supply of domestic gas
- Availability of affordable RLNG
- Requisite infrastructure
- GDP / Household income

City Gas Distribution (CGD) sector in India has seen rapid growth in recent years due to relatively high affordability and has the capacity to absorb prices of gas higher than power and fertilizer sectors. Usage of natural gas has proved to be economical vis-a-vis competing fuels for most of the user segments within the CGD space. Natural gas demand for CGD sector is expected to rise steadily due to the addition of gas networks in new cities, price advantage of CNG and increased use of PNG in domestic, industrial and commercial sectors. Environmental concerns will further push the use of natural gas especially in the automotive and industrial segment (coal replacement).

For projecting the natural gas demand for this user segment a base demand of 13.6 MMSCMD has been considered in 2010-11 which takes into account the gas consumption by all the existing CGD entities in India. The cumulative sales volumes for three major CGD players IGL, MGL and GGCL grew at around 8%-9% from 2007 to 2011. However, this rate of growth is expected to slow down as the existing businesses become mature on higher base effect. Therefore, the natural gas demand from the existing CGD entities has been assumed to grow at a rate 20%-30% lower than their growth rate in the past five years till the end of 13th five-year plan.

Additional CGD network has been assumed to be set up in ten Geographical Areas (GA) every year from 2016-17 till the end of the 13th five year plan, considering that out of more than 240 GA's that are planned to have a CGD network, the most feasible 60 GA's would have a CGD network by 2021- 22. The feasibility of a GA has been broadly assessed based on its population (more than 0.2 million) and its proximity to an existing or a planned transmission pipeline. Natural gas demand of 0.3 MMSCMD has been assumed for each of the 60 GAs in the first year of operation based on the experience of the existing CGD networks. This demand has been assumed to grow at an annual rate of 5% considering that the new CGD networks would have significantly lower demand to capture (due to high cost RLNG to be used by CGD's) when compared to the already established CGD.

Post 13th five year plan it has been assumed that the total demand for the CGD sector i.e. the demand considering the CGD networks that exist today as well as those that would be setup till the end of 13th five year plan, assumed to grow at a rate of 8% annually. The total demand from CGD sector is expected to grow from 15.3 MMSCMD in 2012-13 to 85.6 MMSCMD in 2029-30 at a CAGR of 10.7%.

Consolidated demand:

The consolidated realistic demand for natural gas from 2012-13 to 2029-30 has been provided in below table.

MMSCMD	2017-18	2018-19	2019-20	2020-21	2021- 22	2022-23	2023-24	2024-25	2025-26	2026-27	2027-28	2028-29	2029-30

The total realistic natural gas demand is likely to grow from 242.66 MMSCMD in 2012-13 to 746 MMSCMD in 2029-30 (CAGR of 6.83%) over the projection period. The trajectory of growth in demand has been depicted in Figure:

Consolidated demand growth trajectory

The share of natural gas demand for CGD sector in the total gas demand is expected to increase significantly over the projection period from 6% in 2012-13 to about 11% in 2029-30.

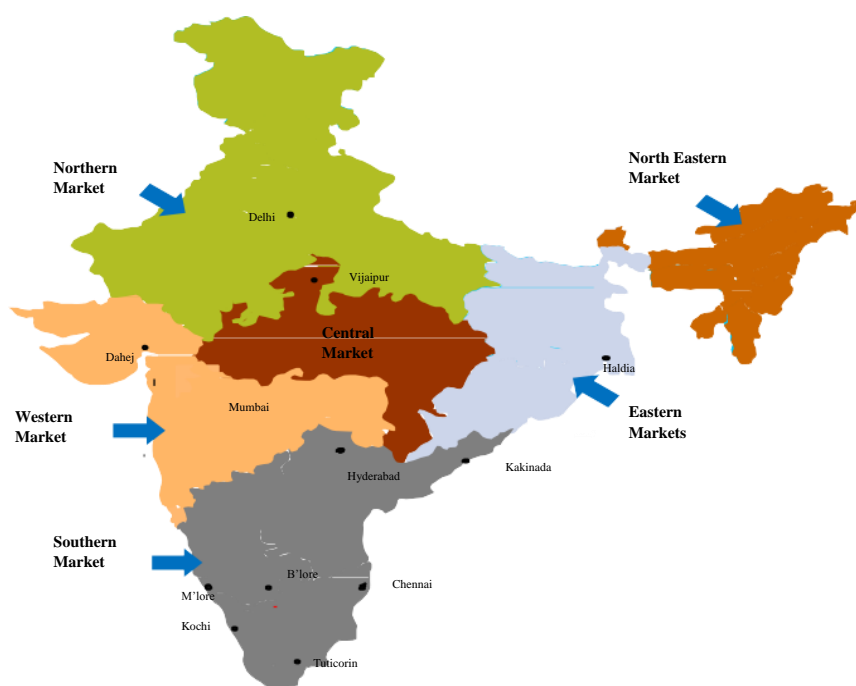

Natural gas demand in India is expected to register a healthy growth in the years to come. However, the growth in demand could be much more rapid than expected if the constraints linked to availability of natural gas and infrastructure used for its transport are addressed in future.

Regional distribution of demand

Natural gas market in India could be divided into six regions based on geographic location. These areas have been shown in below Figure.

Figure Regional markets in India

The constituent states of these regional markets have been provided in the table below.

Regional Markets – Constituent States

Market region	Constituent states
North	Uttar Pradesh, Uttarakhand, J&K, Haryana, Punjab, Delhi, Himachal Pradesh, Rajasthan
East	West Bengal, Bihar, Jharkhand, Orissa
West	Maharashtra, Gujarat, Goa
North East	Assam, Arunachal Pradesh, Manipur, Meghalaya, Nagaland, Tripura, Mizoram, Sikkim
South	Tamil Nadu, Kerala, Karnataka, Andhra Pradesh
Central	Madhya Pradesh, Chhattisgarh

The share of each region in the total demand from 2012-13 to 2029-30 has been worked out based on proportion of the state wise demand as projected in the ICF report “*Technical Assistance for the India National Gas Grid Study*” submitted to PPAC in July 2011. The estimated region wise demand projections have been given below.

Regional Demand Distribution

Currently the natural gas demand far exceeds domestic supply in India and the situation is likely to prevail in future as well. Given that there are very few new domestic sources available, additional demand is likely to be catered through RLNG in future or through transnational pipelines in absence of any large domestic discoveries.

Natural Gas Infrastructure

India has a relatively under-developed gas pipeline infrastructure when compared to some developed countries. However, it is growing rapidly in tune with increasing demand and growing natural gas supplies. India, currently, has a network of 16,900 km of natural gas transmission pipelines. This network is expected to expand to 35,000 kms of pipelines in next 2-3 years taking the country close to the formation of a National Gas Grid connecting all major demand and supply centers in India. This will ensure wider and uniform availability of gas across all regions for economic and social progress.

Present state of Infrastructure

GAIL India (“GAIL”) owns the largest network of the natural gas transmission infrastructure present in the country. The company currently owns and operates 9,000km (approx.) of high-pressure natural gas pipelines with a transmission capacity of more than 160mmscmd. At around 3,750 km in length, GAIL’s Hazira-Vijaipur-Jagdishpur (HVJ) pipeline is the longest natural gas pipeline network in the country operating at 100% capacity. With no free capacity, this network has been unable to meet the increase in domestic natural gas supplies stemming from the commencement of production at the KG D6 field and the increase in India’s overall RLNG capacity. To overcome this problem, GAIL has done expansion and upgradation of its network. The rest of the country’s natural gas trunk pipelines network is owned by Gujarat State Petronet Limited (GSPL) and Reliance Gas Transportation Infrastructure Limited (RGITIL) with a small network owned by Gujarat Gas Company Limited (GGCL) and Assam Gas Company Limited (AGCL). Although the gas pipeline coverage has increased, it is still inadequate to channelize the gas supply to demand centers in the country. The present state of natural gas transmission infrastructure in the country has been summarized in the table below.

Infrastructure Projection:

The buildup of natural gas infrastructure in India from 2012-13 to 2029-30 is projected based on the plan document of the government. Gas infrastructure projects linked to the pipelines authorized in 2007 by the central government and those authorized later through bidding route by PNGRB (that are slated for completion in the next few years as well as the pipelines planned for future), have been considered in terms of the length and design capacities of the corresponding pipelines in this document. Other possible infrastructure additions as per the National Gas Grid (NGG) have also been considered for projecting natural gas infrastructure in India till 2030. Gaps identified post factoring all these planned pipelines have then been considered for completing the gas grid.

Pipeline Infrastructure – Development Plans

To address the regional imbalance of pipeline networks present in the country, MoPNG in the year 2007 authorized to lay around 8400 kms of pipelines as per table below.

Name of pipeline Length	Length (Kms)	Design Capacity (MMSCMD)	Commissioning period
Dadri - Bawana – Nangal	886	31	Commissioned
Chainsa - Jhajjar – Hissar	455	35	2013 (partly commissioned)
Jagdishpur – Haldia	1860	32	2016
Dabhol - Bangalore	1414	16	2013
Kochi-kootanad-Bangalore-Mangalore	1104	16	2013
Kakinada-Vasudevapur-Haldia #	928	26.7	TBD
Kakinada – Chennai #	577	26.7	TBD
Chennai - Bangalore –Mangalore #	538	13.3	TBD
Chennai – Tuticorin #	585	13.3	TBD
Total(A +B)	8347	210	TBD

The authorization to these pipelines is cancelled by MoPNG / * assumed in 2017

By the end of the 13th five year plan, India is expected to have a natural gas pipeline network of around 31,432 kms with a design capacity of 782 MMSCMD with a nation wide gas grid and more uniform pipeline network coverage in place.

At the end of the of the projection period in 2030, the design capacity of the natural gas pipeline network in India is expected to touch 815 MMSCMD.

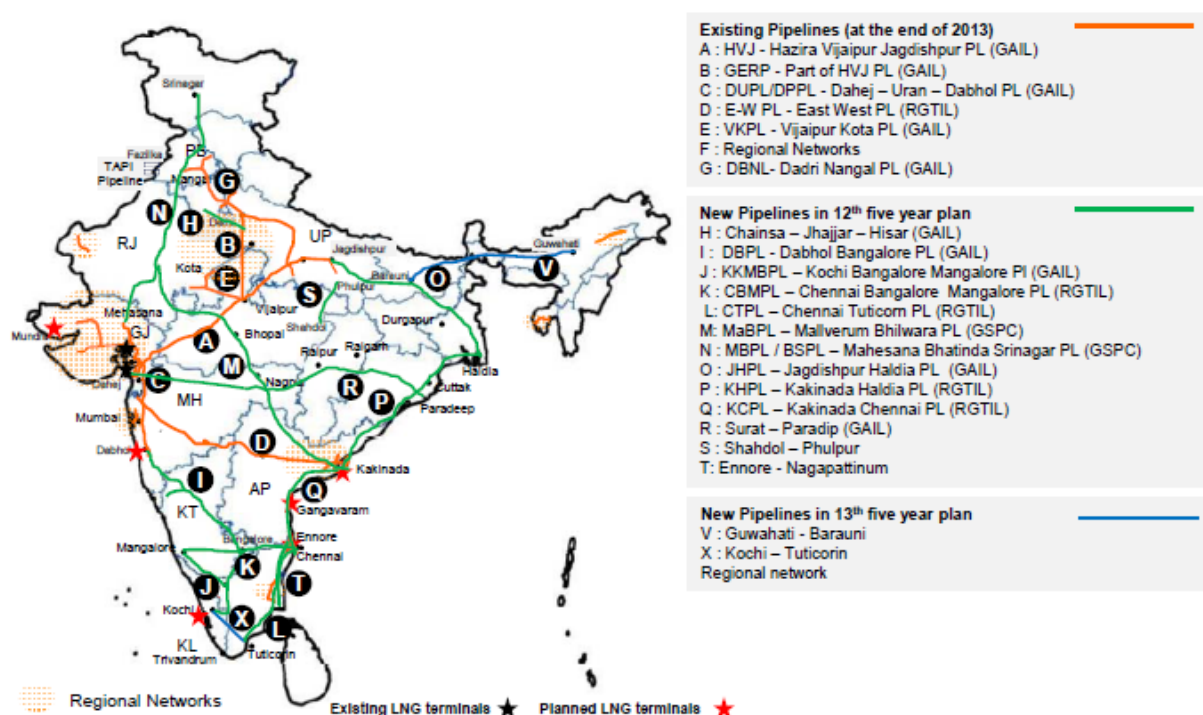

A summary of the natural gas pipeline infrastructure expected to be in place in the country at the end of the projection period has been summarized in Table.

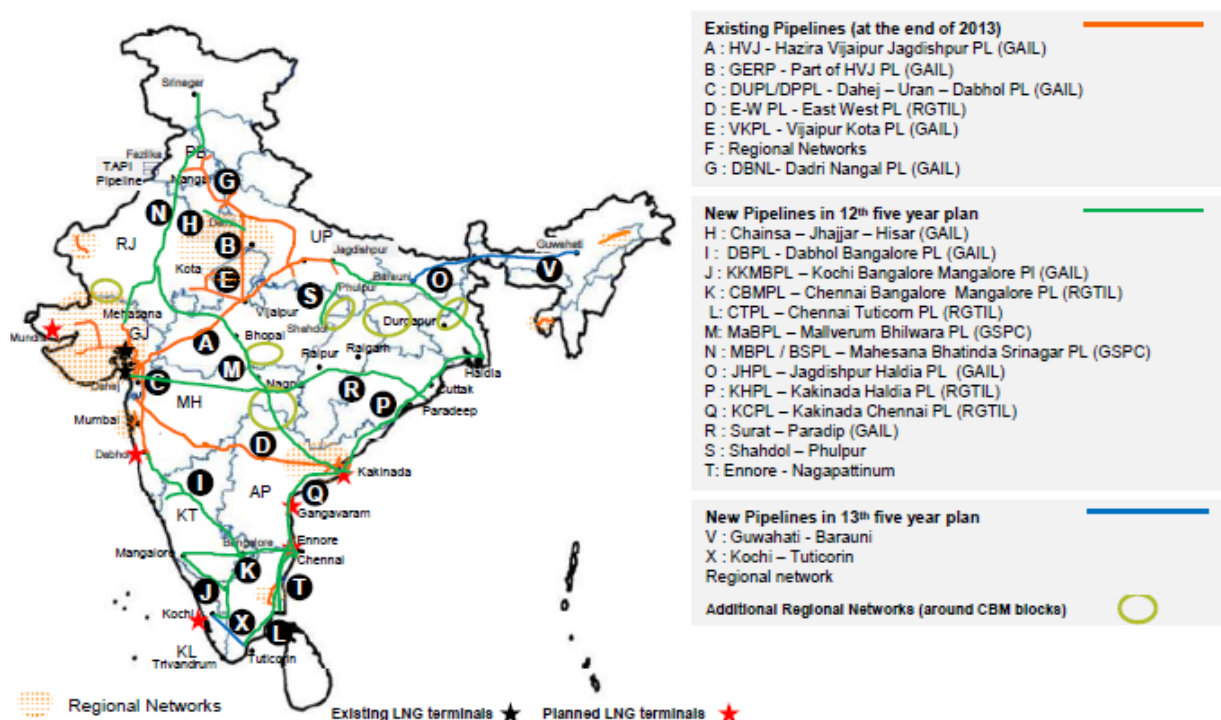

Pipeline	Design Capacity (MMSCMD)	Length (Kms)
Existing before 2012	12144	306
Expected addition in the 12th plan	15928	416
Expected addition in the 13th Plan	3360	60
Incremental Capacity addition in MBBVPL/ MBPL/ Surat Paradip pipelines beyond 13th plan till 2030	1295	33
Total (A +B)	32727	815

Natural gas transmission pipeline network at the end of the 13th five year plan has been depicted in the Indian map in Figure.

Gas transmission network in India at the end of 13th five year plan

Considering the nationwide gas grid proposed by ICF in its report submitted to PPAC and the CBM blocks that are likely to start production in near future, natural gas infrastructure in addition to the infrastructure plans outlined above is shown in the below Figure on the Indian map.

Scope for further development

India is expected to have circa 32,727 kms of natural gas pipeline with a design capacity of 815 MMSCMD in place by 2030. However, the addition of ‘capacity at source’ i.e. the capacity that actually connects supply points to the markets is likely to increase to 582 MMSCMD only. This capacity indicates the potential of the gas transport pipeline infrastructure to meet the demand in the country. The expected demand, supply and pipeline capacity at source for the projection period has been provided in the Table.

Table: Demand-Supply-Capacity from 2019-20 to 2029-30

MMSC MD	2019-20	2020-21	2021-22	2022-23	2023-24	2024-25	2025-26	2026-27	2027-28	2028-29	2029-30
Total demand	465	490	516	545	571	598	626	654	684	714	746
Total supply	389	394	400	431	437	442	448	454	461	467	471
Total Design Capacity of pipelines	726	726	782	782	782	782	782	782	782	782	815
Capacity at source of Pipelines	519	519	555	555	555	561	561	561	561	561	582

While the capacity at source in India is likely to be higher than the gas supply for all the projection years, it is likely to fall behind the total demand starting from 2023-24 till the end of the projection period in 2030 as shown in figure below.

Pipeline capacity compared to demand & Supply of gas

This suggests that further addition in pipeline infrastructure, in addition to the current plans, would be required post 13th five year plan to meet the rising demand for natural gas in the country. Regional markets with the biggest gap between the demand and planned addition in capacity need to be targeted for further expansion of pipeline infrastructure so that the infrastructure keeps pace with the ever rising demand. The expected share of each regional market in the total demand and planned pipeline capacity has been provided in Table.

Regional Infrastructure in 2030

Market region	Constituent states	Design capacity (as % of total)	Total gas demand (as % of total)
North	Uttar Pradesh, Uttaranchal, J&K, Haryana, Punjab, Delhi, Himachal Pradesh, Rajasthan	206.9 (25%)	215.1 (29%)
East	West Bengal, Bihar, Jharkhand, Orissa	70.8 (9%)	60.7 (8%)
West	Maharashtra, Gujarat, Goa	229.9 (28%)	236.5 (32%)
North East	Assam, Arunachal Pradesh, Manipur, Meghalaya, Nagaland, Tripura, Mizoram, Sikkim	22.8 (3%)	23.6 (3%)
South	Tamil Nadu, Kerala, Karnataka, Andhra Pradesh	210.5 (26%)	173.1 (23%)
Central	Madhya Pradesh, Chhattisgarh	74.4 (9%)	37.1 (5%)
Total	All	815 (100%)	746 (100%)

As can be seen above, the share of planned pipeline capacity for all regions is likely to meet the share of demand for these markets till 2030. However, since the difference is not substantial and pipelines do require additional capacities, more pipelines could be planned to cover these regional markets based on actual progress in the buildup of demand. It should also be noted that the share of natural gas demand and pipeline infrastructure in the eastern and north-eastern markets is significantly lower than that for the other regions. There is a need to commit more resources towards stimulating demand in these regions so that

greater balance is achieved in terms of the availability of natural gas. The increase in natural gas demand in the eastern and north-eastern regions resulting from additional initiatives and resources would need to be coupled with addition of more natural gas pipeline infrastructure here to support the development of the natural gas markets in these regions.

Capacity building (resources) to help development of natural gas infrastructure

Considering the exponential growth of gas transmission pipelines and CGD networks that India is expected to see in near future, availability of skilled/semi-skilled work force is going to prove critical to the materialization of the gas infrastructure development plans. Although technological developments have led to reduction in manpower requirements for development of natural gas infrastructure over time, they have not been able to totally offset the latter. At the same time, existing institutions have not been able to provide the industry with a stable supply of skilled/semi-skilled man power as a result of which the gap between the demand and supply of trained manpower has been increasing annually in recent years. Going forward, this shortfall in trained manpower may lead to delays in projects and cost overrun thereby posing serious threat to gas infrastructure development projects. Therefore, it is essential that policy initiatives be taken to set up additional training institutes that can address the shortfall of skilled and semi-skilled workmen. The initiative can also be taken by private/ public sector oil & gas companies as part of their Corporate Social Responsibility (CSR) programmes.

Long Term gas tie ups:

The increasing usage of natural gas would not only be cleaner for the environment but it would also lead to greater diversification of the energy/fuel basket of India thereby strengthening the country's energy security. But in order to increase the consumption of natural gas in the country on a sustained basis, long term reliable supply arrangements/tie ups would be needed in addition to augmenting domestic energy resource base. This can be either through transnational pipeline or import of LNG.

Hence to ensure long term energy security of India, Govt. of India and its agencies should work with its political / diplomatic channels to provide necessary support to the importers of gas on tying up long term resources in foreign country which can either flow through LNG route or through pipelines based on the geographical proximity with the country

This is important since the issue assumes geopolitical overtones. Also all large consumers of gas like China are working at the highest level in the government to ensure such suppliers for long term.

Natural Gas in India:

Share of Natural Gas in India's energy basket is 6.2% as against 23.4% globally. In India, in the state of Gujarat itself, it is 25%. The country aims to achieve share of Natural Gas in our energy basket from 6.2% to 15%. In India, a very large number of households still depend upon wood, crop wastes, dung cakes for kitchen fuel. These increase household pollution, severely impacting the health of women and children in particular. Natural Gas (as CNG) is cheaper by 54% and 41% as compared to petrol and diesel respectively. PNG is safer than LPG. PNG being lighter than air, dissipates immediately in the air in case of leak. The flow of PNG can be easily controlled by various safety checks/valves installed in the system. As PNG is supplied through pipe, it is an uninterrupted supply round-the-clock. There is no need to store cylinders in the kitchen and thus it is space economical. Existing LPG appliances with minor modification can be used for PNG.

In the Union Budget 2019-20, Government of India, while presenting the budget proposed to make available a blueprint for developing gas grids, water grids, i-ways, and regional airports. The recommendations of the High-Level Empowered Committee (HLEC) on retirement of old and inefficient

plants, and addressing low utilisation of Gas plant capacity due to paucity of Natural Gas, will also be taken up for implementation.

Policy Enablers to Promote Gas Usage in India

- Regulatory interventions
 - CNG in public transport in certain cities
 - Ban on Pet coke and Furnace Oil - Delhi, Haryana, Uttar Pradesh and Rajasthan
- Domestic gas allocation for PNG (Domestic) and CNG (Transport)
- CGD granted “Public Utility” status
- State Governments commitment for facilitation of CGD networks
- Government’s drive to connect 10 million households to PNG by 2020

Pipelines: Refined Products and LPG Pipeline Network

With 8,748 km of refined products pipeline in India, Indian Oil Corporation (IOC) leads the segment with 51.25 per cent of the total length of product pipeline network as on March 01, 2020. Top three companies IOCL, HPCL and BPCL contribute more than 80 per cent of the total length of product pipeline network in the country. As on March 01, 2020, Gas Authority of India Ltd. (GAIL) has largest share (71.61 per cent or 11,411 km) of the country's natural gas pipeline network (16,324 km).

Expansion:

- H-Energy is planning to invest Rs 3,500 crore (US\$ 540.62 million) to build Liquefied Natural Gas (LNG) terminals and lay down a 60 km pipeline.
- As per Union Budget 2019-20, Indian Scheme 'Kayakave Kailasa', The Ministry of Petroleum & Natural Gas has enabled SC/ST entrepreneurs in providing Bulk LPG Transportation. State run energy firms Bharat Petroleum, Hindustan Petroleum and Indian Oil Corp plan to spend US\$ 20 billion on refinery expansions to add units, by 2022
- Indian Oil Corp plans to make an investment of US\$22.91 billion, including US\$ 7.64 billion for expanding its existing brownfield refineries, in the next 5 to 7 years. Moreover, the company plans to lay the nation's longest LPG pipeline of 1987 km, from Gujarat coast to Gorakhpur in eastern Uttar Pradesh, to cater to growing demand for cooking gas in the country.
- India targets US\$ 100 billion worth investments in gas infrastructure by 2022, including an addition of another 228 cities to city gas distribution (CGD) network. This would include setting up of RLNG terminals, pipeline projects, completion of the gas grid and setting up of CGD network in more cities.
- As of January 2019, H-Energy is going to invest Rs 3,700 crore (US\$ 512 million) for construction of an LNG project in West Bengal.
- As of March 2019, Brookfield is going to acquire Reliance Gas Transportation Infrastructure, now known as East West Pipeline (EWPL) for Rs 13,000 crore (US\$ 1.80 billion).

Opportunities:

Midstream segment:

- Expansion in the transmission network of gas pipelines
- LNG imports have increased significantly; this provides an opportunity to boost production capacity
- In light of mounting LNG production, huge opportunity lies for LNG terminal operation, engineering, procurement and construction services

Downstream segment:

- India is already a refining hub with 21 refineries and expansions planned for tapping foreign investment in export-oriented infrastructure, including product pipelines and export terminals
- Development of City Gas Distribution (CGD) networks, which are similar to Delhi and Mumbai's CGDs
- Expansion of the country's petroleum product distribution network.

Overview:

We are an Oil & Gas pipeline infrastructure service provider in India, focused on laying pipeline networks along with construction of associated facilities; and providing Operations & Maintenance services to the City Gas Distribution (“CGD”) Companies in India. Our Company was founded by our Promoter, Mr. Srinivasa Rao Gaddipati, in the year 1998 and has been engaged in the same line of business for over two decades. Over the years, we have diversified the gamut of services being provided by our Company from Cross-Country Pipeline Projects (CCP); City Gas Distribution (CGD) Projects to providing Operation & Maintenance (O&M) Services to CGD Companies. Our client base comprises of established players in the Oil and Gas Industry, both in public and private sector.

We have presence (including past operation) in more than 16 states and 2 Union Territories in India. Our Company has successfully laid over 600 Kms. of Oil and Gas pipelines including steel and Medium-Density Polyethylene (“MDPE”) network in past 5 fiscals. Additionally, our Company has laid approximately 800 kms of Oil and Gas pipelines for on-going projects. Further, we have increased the scale of our operations by adopting a strategy of expansion across regions and have strategically expanded to geographies where there is a demand for providing pipeline infrastructure and O&M services. We believe that the growth and development of our Company during the past years have been the result of our client centric approach and core competence in the field of pipeline infrastructure. Our main focus and vision is to sustain profitable growth by executing projects in time to the satisfaction of our clients. **We are proud to have executed 10.75” OD x 69 Kms Petroleum Product Pipeline for the first ever Trans-National Cross-Country Pipeline of South-East Asia connecting India to Nepal, in the Year 2019, for supply of petroleum products.**

Our Company has grown significantly during the past, under the leadership and guidance of our Promoter, Mr. Srinivasa Rao Gaddipati, who is having vast technical experience of over three decades in the oil and gas pipeline infrastructure business and is the guiding force behind the successful execution of our business strategies over the years. His industry knowledge and understanding, track record and relationship in the industry has been instrumental in the growth of our business and also gives us the competitive advantage to expand our geographical and client presence in existing as well as target markets, while exploring new avenues for growth in future. His foresightedness and vision have helped us to identify opportunities and capitalize on the same. We have and expect to continue to benefit from his strong industry expertise and relationship with clients.

Our other Promoter, Ms. Likhitha Gaddipati has been recently associated with our Company and has taken charge as the Non-Executive Director of our Company. Her impressive academic background in the field of information technology and management from an esteemed university in the United States and past work experience with a Big4 consulting firm, are expected to benefit our Company in upgrading our IT systems and in bringing further efficiency in our operations.

Our Total Income, as per the Restated Financial Statements was Rs. 8,860.56 Lakhs, Rs. 14,054.68 Lakhs and Rs. 16,279.02 Lakhs for the Fiscals 2018, 2019 and 2020 respectively. Our PAT as per the Restated Financial Statements was, Rs. 716.22 Lakhs, Rs. 1,785.51 Lakhs and Rs. 1,987.93 Lakhs for the Fiscals 2018, 2019 and 2020 respectively.

Our order book, as of any particular date, consists of the unexecuted portions of our outstanding orders, that is, the total contract value of the existing contracts secured by us, as reduced by the value of work executed and billed until the date of such order book ("Order Book"). Our total Order Book as of July 31, 2020 was approximately Rs. 66,258.97 Lakhs. The following table sets out forth operation-wise summary of our Order Book as of July 31, 2020:

Operation	Number of Projects	Outstanding order value (Rs. in Lakhs)	% of total outstanding order value
Pipeline infrastructure projects	28	61,585.54	92.95%
O&M Services	3	4,673.43	7.05%

Our Business:

Our business operations can be broadly classified under the following heads:

Over the past two decades, we have established a track record of successfully executing majority of our projects in a timely manner and have developed and enhanced competencies in the areas in which we operate. Details of operation wise break-up of revenue for the fiscals ended on March 31, 2018, 2019 and 2020 is as follows:

PIPELINE INFRASTRUCTURE:

Our pipeline infrastructure business comprises of undertaking projects for laying of pipelines in Cross-Country Pipeline projects as well as for setting up City Gas Distribution network and construction of associated facilities.

Cross-Country Pipeline Projects and associated facilities:

Our Cross-Country Pipeline projects entail laying of oil and gas pipelines over long distances across the country. It includes oil and gas pipeline laying along with construction of associated facilities which comprises of providing fabrication, erection, installation, testing and commissioning of the underground pipelines including associated mechanical, civil, structural, electrical, instrumentation and optical fibre works. Advanced measures such as Global Positioning System (GPS) aided surveys, 3 LPE joint coating for pipelines, development of Flux-cored Arc Welding (FCAW) Semi-Automatic Welding Technique and advanced NDT techniques are adopted depending on the requirements of the project.

As on April 1, 2019, there were three major pipeline entities engaged in natural gas transportation across India namely GAIL, RGTIL/RGPL and GSPL, where GAIL was operating about 11,411 Kms of trunk pipelines in India comprising 70% of the pan-India pipeline network.¹ Natural gas is primarily sourced from KG-D6, Mumbai offshore, Cambay Basin, Ravva Offshore, KG Basin, Cauvery basin and through import of LNG.

The other associated services with CCP Projects include:

1. Civil work:

/

We undertake civil works at our sites for the execution of our projects as per the requirements of the project. Our work includes earth work such as area cleaning, grading, excavation, filling, RCC supports and foundations for above ground piping, pump sheds, warehouses, control rooms buildings and equipment installation, etc. carried out as per scope and specifications of the project. This also includes structural works for various equipment, piping and other structures.

2. Mechanical and Piping works:

Up on receipt of piping material at site, pre-fabrication of piping is done, above ground pipes are fabricated and erected on the foundations. Equipment and valves are installed. Prior to erection of the above ground pipes, these pipes are properly leveled and sand blasted and applied with one coat of primer as per standards and specifications. After erection, alignment fitment on the foundations, welding and NDT and hydro testing are carried out. Final painting, of the above ground piping, fittings and valves are carried out. Cold insulation works are carried out by an approved agency.

Underground pipes are laid after excavation which is carried out to the required depth and width. Joint coating is done and again the joint coated area is tested by the holiday detector. Pipes are lowered. Hydro testing and backfilling operation are carried out and the necessary valves, fittings, scrapper launcher and receiver are installed.

3. Electrical, instrumentation and optical fibre works:

We also carry out electrical, instrumentation & optical fibre works at our sites which include various types of field pressure instruments and temperature instruments, panels and cathodic protection works as per contractual requirement. All instruments are supplied and installed at the sites provided by client. Cabling, earthing, termination, testing and commissioning works are carried out as per contractual requirements.

Pipeline laid for a Cross-Country Project

City Gas Distribution along with PNG Network & CNG Stations:

CGD projects entail transportation or distribution of natural gas to consumers in domestic, commercial or industrial and transport sectors through a network of pipelines. In other words, CGD projects cater to the following segments *viz.* domestic household use; commercial use such as manufacturing industry, power generation, hotels, hospitals, restaurant and offices; and transport sector use in vehicles. Petroleum & Natural Gas Regulatory Board (PNGRB) rolls out bidding rounds for setting up City Gas Distribution (CGD) networks in cities and districts across the country to cover areas which could receive supply through the pipeline network. Post the 10th CGD Bidding Round, the Government has notified 228 regions as Geographic Areas (GAs) comprising of 402 districts covering 52.73% and 70.47% of India's area and population respectively.

The primary network of steel pipelines provides the core backbone connecting CGS to various PRS / DRS where the pressure levels range between 26 bar(g) to 19 bar(g). Secondary network system consisting of MDPE pipelines generally operates at pressure level between 4 bar(g) to 1 bar(g). MDPE pipeline network is generally planned for cluster of industrial, commercial or domestic units at low pressure.

The following stations are involved in CGD networks:

- City Gate Station (CGS)
- Pressure Reduction Station (PRS)
- District Regulating Station (DRS)

CGS for the network is generally located at tap off point of the main transmission line or otherwise connected by a spur-line to the main transmission line. The gas transported at City Gate Station is at a high pressure, the primary reduction from 49 Bar (g) to 26 Bar (g) is carried out at CGS. Further, additional PRS for the network is installed /located in industries to further reduce the pressure, as per requirement of the concerned industry / establishment. DRS for the network is located at strategic locations which are

sometimes also known as Field Regulating Stations to meet various demand centres for domestic/ industrial segment. The three interfaces can be described as follows:

- The City Gate- interface between high pressure and medium pressure
- The Pressure Reducing Station- interface between medium pressure and low pressure
- The Service Connection- interface between network and end-user pressure.

As compared to CCP projects which are conventionally linear in nature, CGD networks involve complex structure of different routes of varying lengths and sizes and catering to different end users.

Our Company's scope of work in CGD projects includes laying of High Pressure Gas Steel Pipelines and Medium Density Polyethylene (MDPE) Pipelines for industrial / commercial, Compressed Natural Gas ("CNG") network and Piped Natural Gas ("PNG") network, Construction of CNG Stations including civil, mechanical, electrical & instrumentation works, connectivity to household, commercial and industrial segments through High Pressure Gas Steel Pipelines, MDPE pipelines, Galvanized Iron pipes, copper tubing, etc. as per the project requirements.

Gas Distribution Network

OPERATION & MAINTENANCE SERVICES:

Our Company also provides Operations & Maintenance Services to CGD Companies. Our Operation and Maintenance (O&M) Services business includes management services for CGD networks, other repairs, modernization, scheduled shutdowns, as well as overhauling and maintenance of existing pipelines. Operation & Maintenance activities involves deploying manpower and tools required for replacement of existing pipelines, emergency repair and maintenance, shifting and compressor hook up of pipelines with associated facilities. Based on the past track record, majority of the O&M contracts get extended, from time to time.

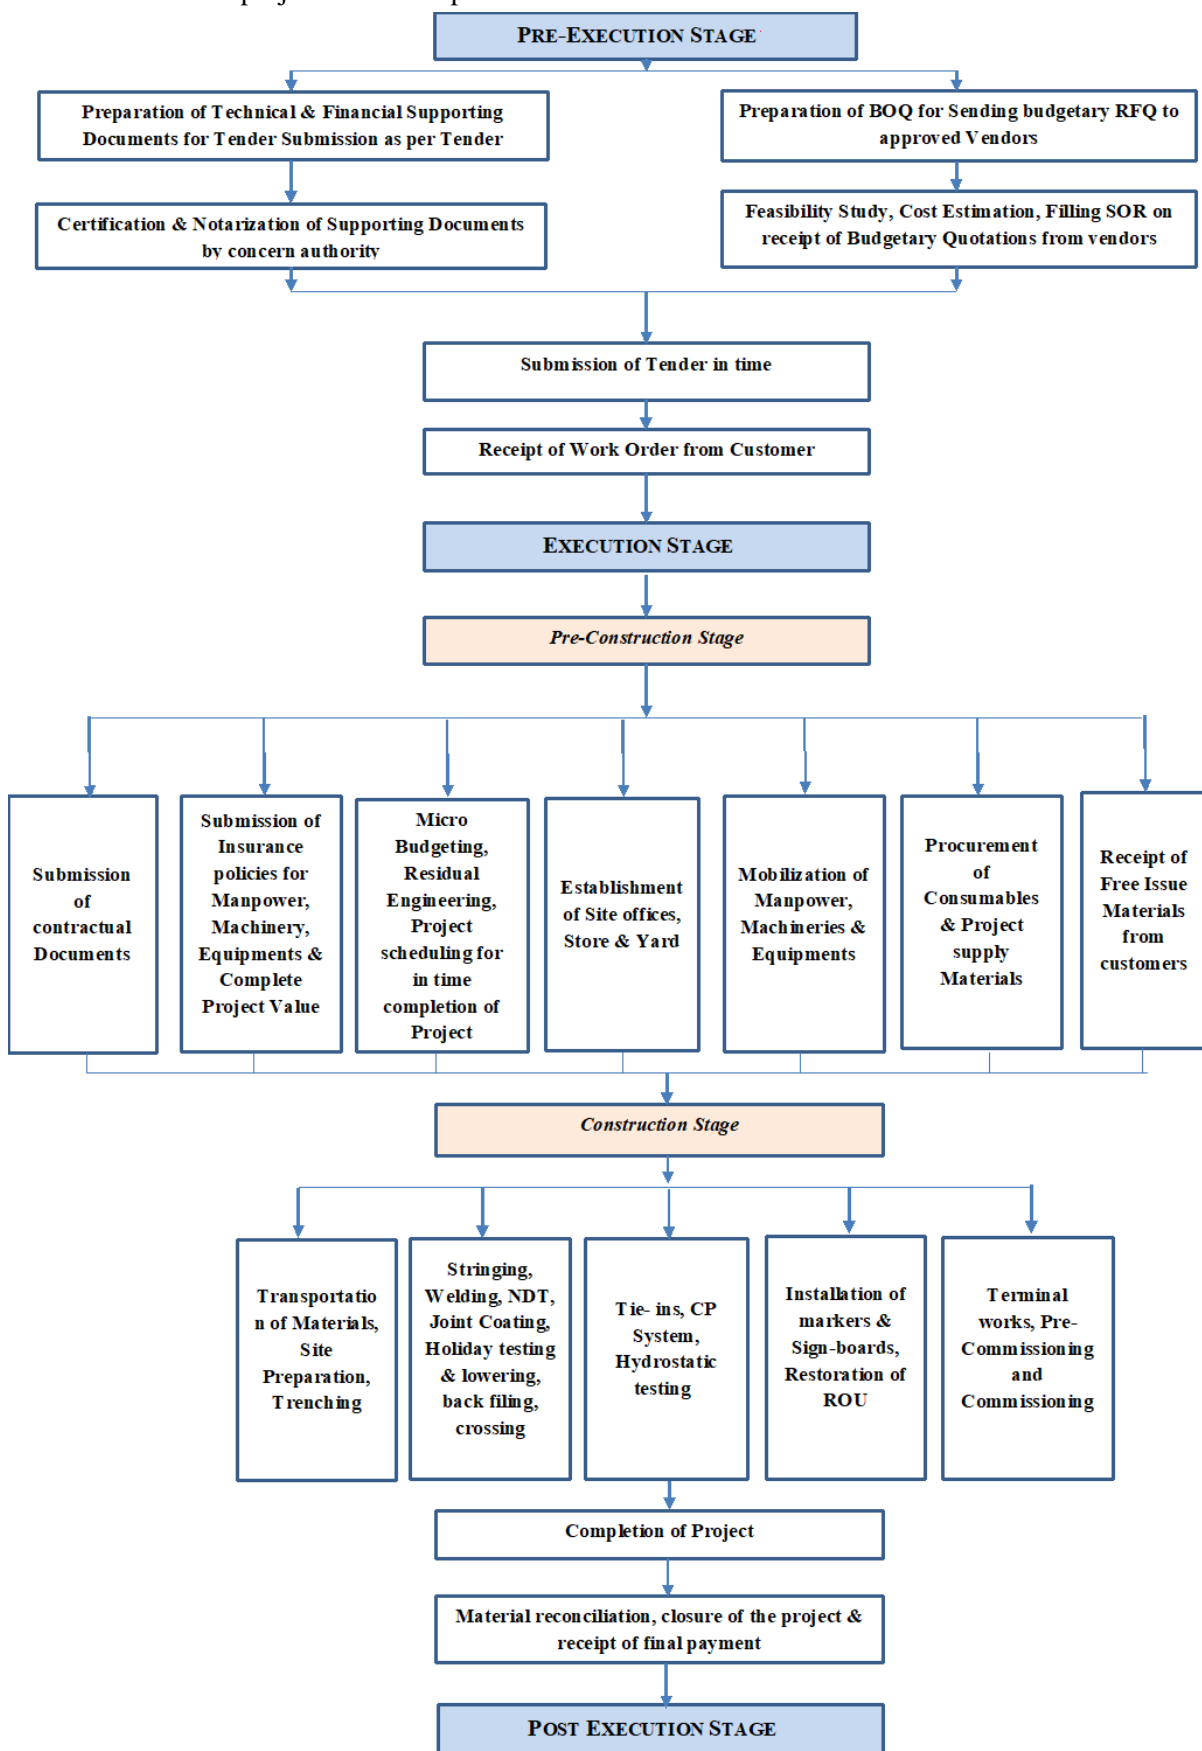

We have commenced O&M Services business in the year 2014 and have generated revenues of Rs. 642.67 Lakhs, Rs. 1978.94 Lakhs and Rs. 3426.43 Lakhs for the fiscal 2018, 2019 and 2020 respectively, representing 7.38%, 14.40% and 21.25% respectively of our total revenue from operations during such periods. We are presently providing comprehensive O&M services in various regions in Delhi-NCR and Bengaluru.

Our Business Process:

Contracts are primarily awarded through "Competitive Bidding" Tender method based on combination of factors amongst which technical qualifications, proposed project team, schedule, past performance on similar projects, the bid amount are the major determining factors. The process requires each bidder to pre-

qualify for the activities by meeting criteria that includes technical capabilities and financial strength. Given below is our project execution process:

PRE-EXECUTION STAGE:

Our Company procures work orders primarily through open bidding process of the oil and gas companies.

Our tendering team keeps track of the tenders floated and identifies the projects suitable for our Company on the basis of project timelines, technical and financial parameters, estimation, scale of projects, etc. Post identification of target projects, our Company refers the pre-qualification requirements of tender bidding and ensures the fulfillment of the same. Pre-qualification requirements include financial position, location of bidder, status of completed projects, track record, etc.

After satisfying the pre-qualification requirements, our team undertakes basic feasibility study on the basis of the estimated cost involved in projects and other resources required. On the basis of cost estimation, we identify the ideal bidding quotation for the tenders. After estimation of cost, our team completes the details and documents as per the forms and formats provided in tender documents. Our Company also refers the specification, drawings and bills of quantities of the projects. We generally send our Project Survey Team to identify the various aspects of the project at the given location in the tender and carry out basic feasibility survey / study so that estimation can be carried out based on actual site conditions/parameters. Any techno-commercial query(s) in the identified Tender is communicated to Client in or before the pre-bid meeting and client clarifies our queries before submission of our final bids.

After completion of all the above activities, our team submits the tender bid, as per the prescribed mode provided, with in prescribed timeline. The client typically evaluates the technical bid or Pre-qualification application first, so as to ensure that further bids of only technically qualified bidders should be considered for further processing or financial evaluation. Thereafter, project is awarded to the bidder who offers the lowest bid along with meeting with the stipulated techno-commercial criteria.

PROJECT EXECUTION STAGE:

After the award and acceptance of contract, our Company identifies and mobilizes the required Project Execution Team, to look after the execution aspects of the project in the following manner:

A. Pre-Construction Stage

Extensive documentation and procedures for various different activities are prepared and submitted for approval to the client for effective execution, control and monitoring of the project. These documents & procedures includes but not limited to the following:

- Detailed Route Survey
- Design and Detailed Engineering
- Mobilization Plan
- Sub-Contracting Plan
- Site Organization Plan
- Quality Assurance and Quality Control Procedures
- Reviewing proposed work schedule in detail
- In-depth review of the procedures required to be put in place in respect of the site activities
- Health, Safety and Environmental (HSE) Plan
- Preparation of material take over required for the project, as per scope of supply.
- Micro scheduling of construction activities.
- Approval of vendors for materials to be supplied.

Detailed Engineering

Our survey team carries out detailed survey of the project site and based on the detailed survey, the project is designed and detailed engineering is done for the entire activities for execution of work. Thereafter, required documents are submitted to the client for approval and once the approval is received, procurement and construction activities commence.

Mobilization

Suitable location is identified and finalized for establishment of site office, stores, materials / equipment storage yard. Simultaneously following actions are taken:

- Obtaining necessary labor license(s)
- Mobilization of manpower, machineries and equipment in phased manner required adequately to execute the work
- Arranging insurance policies as per the terms and conditions of the work order.
- Establishment of storage yard & camp facilities.

Procurement of Materials & Equipment

Orders are placed with the approved vendors for the materials required to be procured by us along with technical specifications. Before commencement of manufacturing/fabrication, vendor submits technical documents for client approval. Procurement Team / Project Coordinator coordinates with the concerned agencies / vendors to ensure completion of manufacturing /fabrication, as per schedule. To ensure quality of materials / equipment, we depute specialized Third-Party Inspection (TPI) Agencies to review / witness the process of manufacturing as per the approved Quality Assurance Plan.

B. Construction Stage

This stage includes project planning meetings on a regular basis to iron out the details and allocate areas of responsibility to the concerned personnel and to ensure that critical activities are monitored and on-going and continuous quality assurance and quality control program are in place.

Once the execution program is approved, the project execution team commences the implementation of the project which includes the following activities:

1. Transportation of materials procured by us and receipt of Free Issue Materials:

The materials procured by us after technical clearance from the client as per approved vendor's list for installation / execution are transported by the manufacturer / vendor either to Project site directly or stocked at our stores for future transportation to the site. We also receive Free Issue Materials from Client's site store or issuing point and transports the same to the erection site or at site stores through suitable means and unload the same. Utmost safety precautions and necessary insurance policies are taken care while loading / unloading during transportation / shifting.

Third party inspection for our supply materials is done either at manufacturer's / supplier's place or at project site before transportation and installation, subject to the suitability.

2. Site preparation:

The entire pipeline route is established with reference to the route maps and alignment sheets of tender document. Pipeline survey is carried out by qualified and experienced surveyor with the help of survey equipment. Thereafter center line of pipeline is demarcated and necessary equipment such as dozers / graders etc. are mobilized for site preparation.

3. Trenching:

Excavation of the pipe trench is achieved by utilizing excavators to the required depth and width. In case, hard rock is encountered, the same is excavated with blasting/ chiseling or by deploying rock breakers as per the site conditions and requirements. In certain locations, manual excavation is carried out as per the site requirements and dewatering is done as and when required by suitable dewatering pumps.

4. Stringing:

Line pipes are stringed along the ROU. Wherever there is restricted ROU, then pipes are directly lowered in the trench.

5. Welding:

Welder's qualification and welding procedures tests are conducted at site before commencement of actual welding of Line Pipes and reports thereof are submitted for concurrence of Client. After approval of these procedures, welders and associated personnel are deployed at site for production work. All welders employed are tested / qualified to carry out the procedure so that quality is maintained for the entire pipeline. Welding is carried out by a main front-end crew supplemented by a mini crew who weld up tie-in of sections / crossings by deploying qualified welders and welding equipment.

6. NDT:

A specialized approved NDT Sub-Contractor is deployed to carry out NDT activities. Welding repairs, if any, found are attended to and rectified and NDT operations are carried out to ensure the quality of Welding / Re-welding.

7. Joint coating:

All the weld joints are blast cleaned and joint coating operations are carried out in accordance with the specifications and approved procedures.

8. Holiday testing and lowering:

The complete section of pipeline is checked by holiday detector before lowering. The line is lowered by suitable equipment's using lowering cradles, lifting belts, etc. so that the outer surface of the pipe is not damaged and requisite care is taken to lower the stretch without any damage to pipes and trench. GPS Coordinates are recorded for each weld joint along with lowered pipeline so that this pipeline may be tracked in future, in case of maintenance or emergencies.

9. Crossings:

Crossing of pipelines through all types of road/ravine/river or any other utilities are executed as per approved procedure and technical specifications.

10. Cased and uncased crossings:

Cased and uncased crossings are executed as per approved procedure and technical specifications. Insertion of casing by augur boring / HDD is executed by separate augur boring / HDD equipment. Prior approval is taken from the Client for deployment of augur boring / HDD Agency. Prior to crossing, entire pipeline section is pretested as per specifications.

11. Backfilling:

Backfilling and clean-up operations follow up simultaneously with lowering. Crowning is done after backfilling the trench.

12. Tie ins:

Tie-in joints are fitted and welded and NDT joint coating activities etc. are carried out as per specifications and standards.

13. Cathodic Protection System:

Design, Engineering, Erection, Testing and Commissioning of CP System is carried out. Cathodic protection work is sub-contracted by us to third party with prior approval from the clients. During construction stage Temporary Cathodic Protection is done and before Commissioning of Pipeline, Permanent Cathodic Protection is installed to protect the line from corrosion. CP system ensures integrity of the complete Pipeline.

14. Hydrostatic testing:

All pipelines are hydro tested in accordance with the specification and approved procedure by deploying necessary instruments, tools and tackles and the pipeline are hydrostatically tested using available tested water. It is ensured that water is suitable for testing; else suitable chemicals are added to make the water fit for testing.

15. Supply and installation of markers and sign boards:

Line markers are fabricated, casted and installed along the line as per specification so that the complete pipeline can be tracked by O&M Team through these markers. Similarly sign boards are fabricated, painted and installed as per specifications.

16. Restoration of ROU:

After backfilling, ROU restoration is carried out as per the requirements & no objection certificate from land- owners are submitted to the client, as per the contract demands.

17. Pre-commissioning & commissioning:

Activities such as dewatering and drying activities are carried out after satisfactory hydro testing of pipeline. Electronic-Geometry Pigging / Intelligent pigging along with magnetic cleaning are carried out through a specialized agency with prior approval from the client. Commissioning is carried out as per the scope, specifications and approved procedure.

18. Terminal works:

a. Civil and structural works:

Earth work such as area cleaning, grading, excavation, filling etc., are carried out and RCC supports and foundations for above ground piping, sheds, control rooms buildings, boundary walls and equipment installation are constructed. Valve chambers and culverts, structural cross over, over the existing pipe rack near valve chamber. gravel filling, RCC roads, RCC pavement, RCC sump and storm water drain and other miscellaneous works are carried out as per scope and specifications.

b. Mechanical and Piping works:

Up on receipt of piping material at site, pre-fabrication of piping are done, above ground pipes are fabricated and erected on the foundations. Equipment and valves are installed. Prior to erection of the above ground pipes, these pipes are properly leveled and sand blasted and applied with one coat of primer as per standards and specifications. After erection, alignment fitment on the foundations, welding and NDT and hydro testing are carried out. Final painting, of the above ground piping, fittings and valves are carried out. Cold insulation works are carried out by an approved agency.

Underground pipes are laid after excavation; excavation is carried out to the required depth and width. Joint coating is done and again the joint coated area is tested by the holiday detector. Pipes are lowered. Hydro testing and backfilling operation are carried out. Necessary valves, fittings, scrapper launcher and receiver are installed.

All other miscellaneous works as specified in the contract are carried out to the satisfaction of the client and the entire systems are tested and commissioned.

c. Electrical, Instrumentation and cable works:

Various types of field pressure instruments and temperature instruments, panels, transformers, flow meters etc. as per contractual requirement are supplied, installed and calibrated. Earthing system for all necessary equipment, panels and for all circuit connections shall be installed as per technical specifications.

OFCs (Optical Fibre Cables) are blown in the laid HDPE duct, along with pipeline, with necessary termination connections.

All activities are carried out strictly as per specifications of contract documents, standards, and approved procedures and as per the instruction of engineer in charge at site.

Required man power and machinery resources as per qualification criteria are deployed adequately to complete the job as per contractual completion period and work is executed in a planned manner and every precaution is taken to complete the work within the contractual completion schedule, with complete quality consciousness and adequate safety measures.

POST-EXECUTION STAGE:

After completion of the work, our Company is required to provide for defect liability period as per the terms of the work contract. Upon completion of the project and processing of final bill, defect liability period commences as per the work order. Work completion certificate is issued by the client at the time of final bill and closure of the project. After completion of the defect liability period CPBG (Contract Performance BG) or retention money/ security deposit, if any, is released by the client.

Our Strengths:

1. We have a strong presence in India and significant experience:

We are one of the well-established oil & gas pipeline infrastructure companies in India with diversified operations spread across various Geographical regions such as Karnataka, Delhi-NCR, West Bengal, Gujarat, Goa, Andhra Pradesh, Kerala, Tamil Nadu, Telangana, Madhya Pradesh, Jharkhand, Bihar, Chandigarh, Haryana, and Uttar Pradesh. Our experience and operations in these regions has enabled us to establish contacts with local clients and suppliers. We believe that we enjoy an established track record for successful completion of the projects undertaken by us. Our Geographical diversity enables us to achieve operating efficiencies, focus on our Projects and Regions where we can be competitive and obtain adequate margins with the appropriate level of contractual and geo-political risk.

Having over 20 years of experience in oil and gas pipeline infrastructure, we believe that we are one of the few oil and gas pipeline infrastructure companies, having good track record of timely delivery of supply chain in all the business areas.

Currently, our Company is working on multiple projects simultaneously which range from Cross-Country pipelines projects to City Gas Distribution projects and providing O&M services, each of which poses its own degree of complexity spread across the country. **We are proud to have executed 10.75" OD x 69 Kms Petroleum Product Pipeline for the first ever Trans-National Cross-Country Pipeline of South-East Asia connecting India to Nepal for supply of petroleum products.** Some of our other notable projects include:

- 12" x 125 Kms Pipeline Laying Works for Dobhi- Durgapur- Haldia Pipeline Section along with Spur-lines under Jagdishpur-Haldia-Durgapur-Bokaro Pipeline Project
- 12" x 40 Kms Laying & Construction of Pipeline along with associated work for Bantumilli & Ullampura Pipeline Project
- 24" x 95 Kms laying works for Barauni-Guwahati Pipeline Project

2. Efficient Business Model

Our growth is largely attributable to our efficient business model which involves careful identification and assessment of the project with emphasis on cost optimization which is a result of executing our projects with careful planning and strategy. Generally, as per terms of the contract awarded, our client provides us with the sizable portion of the raw materials (gas meters, regulators, fuse & machines, generator sets, pipes and fittings, etc.) required for execution of the projects and a relatively smaller portion of the raw materials is required to be procured by our Company resulting into low cost of

operations and consequently, enables us to have better profit margins. Further, the scope for disputes and litigation with our client on account of installation of materials not being compliant with the technical specifications is reduced.

3. *Strong financial performance*

We strive to maintain a strong financial position with emphasis on having a strong balance sheet and increased profitability. Between fiscal 2015 and 2020, our income from operations increased at a CAGR of 38.96% from Rs. 3,111.92 Lakhs in fiscal 2015 to Rs. 16,123.83 Lakhs in fiscal 2020, while our profit after taxation, as restated, increased at a CAGR of 58.56 % from Rs. 198.34 Lakhs in fiscal 2015 to Rs. 1,987.93 Lakhs in fiscal 2020.

In fiscal 2018, 2019 and 2020, we have also had strong cash flows from operations. Our net cash flow from operations was Rs. 401.55 Lakhs, Rs. 318.67 Lakhs and Rs. 1,915.27 Lakhs, respectively, reflecting our strong financial operations. Our RONW (*Average of beginning and end of year*) for equity shareholders in fiscal 2018, 2019 and 2020 was 24.83%, 43.16% and 33.06%, respectively. While our ROCE (*Average of beginning and end of year*) was 48.78%, 73.55% and 58.53%, respectively. As of March 31, 2019, our long-term debt equity ratio was 0.03:1 while it was 0.01:1 on March 31, 2020. Our debtor holding period was 79.71, 36.53 and 31.36 days in the fiscal 2018, 2019 and 2020 respectively.

Our strong balance sheet, high ROCE, positive operating cash flows, shorter debtor holding period, enable us to fund our strategic initiatives, pursue opportunities for growth and better manage unanticipated cash flow variations. Our financial strength provides us a valuable competitive advantage in terms of access to bank guarantees and letters of credit, which are factors critical to our business.

4. *Scalability of operations*

Initially, in City Gas Distribution market, around 30 cities were notified by PNGRB as CGD Geographical Areas (GAs) for laying CGD network in such areas by the authorized entities. As per the recent Government policies, PNGRB has increased the number of Geographical Areas (GAs) to 228 comprising of 402 districts spread over 27 States and Union Territories, covering 70% of Indian population and 53% of its area. The recent Government initiatives have provided lucrative opportunities for work execution company such as ours, who is already having a good presence in City Gas Distribution Projects along with construction of CNG Stations.

5. *Strong Project execution capabilities*

We believe that our large equipment base, technically qualified and experienced employee pool, comparatively lower cost center of operations and strong project management systems and capabilities enable us to execute large as well as complex projects. As of July 31, 2020, we have been engaged on more than 31 on-going projects across India. We have a significant equipment base including Pipe layers (Side-boom), Excavators, Horizontal Directional Drilling (HDD) Machines, etc. which enables us to quickly and effectively mobilise project works. Our strong project execution capabilities have enabled us to complete various large and complex projects within the stipulated delivery timelines. We believe that our large equipment asset base, enabling rapid mobilization of high-quality equipment, our technical expertise and project execution capabilities are significant competitive advantages that enable us to prequalify for, effectively evaluate and bid for, and procure contracts for projects.

6. Long term relationship with clients and repeat business

We enjoy a good reputation in our field and have received repeat orders from several of our prominent Clients, despite the increase in competition. Our Clients include major Oil and Gas Companies, spread across the country and we have been associated with some of them on long term basis. We believe that we constantly try to address our clients' requirements which help us to maintain a long-term working relationship with our Clients and improve our retention strategy. We believe that our existing relationship with our Clients represents a competitive advantage in gaining new Clients and increasing our business. The experience gained from execution of existing projects enables us to better understand our Client's requirements, evaluate the scope of work and risks involved in future projects that we may bid for.

7. Highly experienced Management Team

Our Company is managed by a team of professionals led by our Promoter. We believe that the leadership and vision of our Promoter, Mr. Srinivasa Rao Gaddipati, has been instrumental in driving our growth and implementing our business strategies. Our management team has the requisite experience to manage the current scale of business as well as the expansion plans for the future. The team comprises of personnel having technical, operational and business development experience. We believe that we have achieved a measure of success in attracting an experienced senior management team with operational and technical capabilities, management skills, business development experience and financial management skills. In addition, our board includes a strong combination of management as well as independent members that bring significant business experience to our Company. For further details, please see "*Our Management*" on page 150 of this Red Herring Prospectus.

8. Diverse fleet of sophisticated equipment

Our Company owns and maintains a diverse range of equipment such as Pipe Layers (Side-boom), Excavators, Horizontal Directional Drilling Machines, Compressors, Generator sets, Welding Machines, etc. which allows us to meet majority of the requirements for our on-going projects. Our equipment base is properly managed, maintained and operated. Majority of the works in the pipeline infrastructure business are carried out through trenchless technology. We have a substantial fleet of horizontal directional drilling machines, which makes us more cost effective as compared to our competitors, who hire machines on rental basis, which in turn increases their cost of execution.

Our Business Strategies:

The key elements of our business strategy are as follows:

1. Continue to expand our operations

Our objective is to expand and enhance our presence in regions where we have previously developed a strong base of operations by our established contracts with local clients and suppliers, and familiarity with local working conditions. Increase in demand for natural gas in India in the recent period is expected to result in vast opportunities for the pipeline infrastructure business. In addition, favorable government policies may act as a catalyst for boosting the further growth of this industry.

We intend to strengthen our presence all over the country and play a bigger role in CGD system as the Government is focusing to substantially increase the CGD network and also to become a prominent player in O&M operations of CGD network.

In pursuing our strategies, we seek to identify markets where we believe we can provide cost and operational advantages to our clients and distinguish ourselves from other competitors. In order to expand our operations, we also seek to identify acquisition targets and/or joint venture partners whose resources, capabilities and strategies are complementary to and are likely to enhance our business operations in such regions. As on the date of this *Red Herring Prospectus*, we have entered into a Joint Venture Agreement with M/s. PT Citra Panji Manunggal, a Company incorporated under the laws of Indonesia, for one of our project.

2. Further growth in our O&M services offerings

We believe that the significant increase in pipeline projects in India and the aging of existing pipeline projects should result in a significant increase in demand for our O&M Services business, which include AMC services, repairs and modernisation, scheduled shutdowns and overhauling of existing pipelines projects. Revenue from our O&M Services business was Rs.642.67 Lakhs, Rs. 1978.94 Lakhs and Rs. 3426.43 Lakhs in fiscal 2018, 2019 and 2020, representing 7.38%, 14.40% and 21.25%, respectively, of our total revenue from operations in these periods. We have experienced a significant growth in our O&M Services business in recent years which grew at a CAGR of 297.51% between fiscal 2017 and fiscal 2020. Presently, O&M Services offer relatively better margins as compared to pipeline infrastructure projects and taking into consideration the present phase of CGD business, the business of O&M Services is expected to further increase. Further, the level of competition for O&M contracts is relatively lower than that in case of Pipeline Infrastructure Projects due to technical requirements.

3. Retaining Skilled Manpower

We strive for effectiveness and high level of productivity in our actions and work performance. We are determined to grow as individuals in the working environment as well as improving personal well-being. We strive to enhance the pipeline infrastructure industry by providing all possible solutions and expertise to projects. We have assembled an experienced management team with expertise in areas that are important to our business. We believe the successful implementation of our business and growth strategies depends on our ability to hire and cultivate experienced, motivated and well-trained members of our management and employee teams. We intend to continue to recruit, retain and train qualified personnel.

4. Optimum Utilization of Resources

Our Company constantly endeavors to improve our business operations to optimize the utilization of resources. We have invested significant resources and intend to further invest in our activities to develop customized systems and processes to ensure effective management control. We regularly analyze our existing policies to be carried out for operations of our Company which enable us to identify the areas of bottlenecks and correct the same. This helps us in improving efficiency and putting resources to optimal use.

5. Continue to develop Client relationship and expand our Client base

We plan to grow our business primarily by increasing the number of clients and retaining the existing client base, as we believe that increased client relationships will add stability to our Business. We intend to retain existing relationships and also focus on bringing new Clients into our portfolio. Our Company believes that our business is a by-product of relationship maintained with our clients and try to maintain

long-term relationship with our clients. Long-term relations are built on trust and continuous meeting with the requirements of the clients.

6. Focus on Performance and Project Execution

We believe that we have developed a reputation for undertaking challenging projects and completing projects within the stipulated deadlines. We intend to continue to focus on performance and execution of projects in order to maximize client satisfaction and margins. For better performance we focus on advanced technologies, designs and project management tools to increase productivity and maximize asset utilization. Through our comparatively lower cost center of operations in India, we continue to optimize operating and overhead costs to maximize our operating margins.

To facilitate efficient decision making, we intend to continue to strengthen the information and communication infrastructure for our operations in order to deliver satisfactorily on commitments to our clients.

7. Continue to focus on safety and environment standards

We intend to continue to focus on health, safety and environment management and quality management standards as we believe that these elements of performance measurement have become important competition differentiators and key criteria for prequalification of contractors by potential clients.

Our objective is to adhere complete safety standards and specifications in the pipeline infrastructure industry with a positive attitude and approach by adopting environmental friendly and latest technologies and to protect the health and safety of personal involved in our Company while minimizing damage caused to environment by controlling the hazards and impacts associated with our operations.

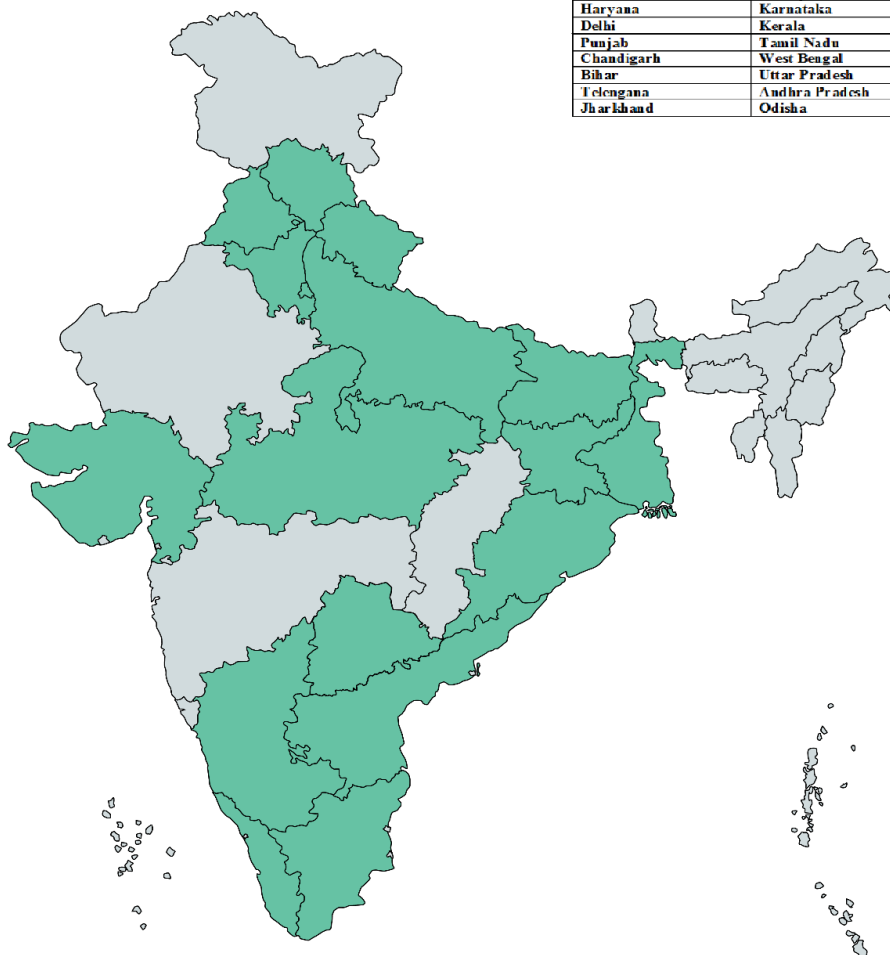

Geographic Regions:

The following table depicts our geographical presence in various regions of the country:

Marketing Strategy:

Our Company has a strong client profile which includes some of the major Oil and Gas Companies. Generally, the work allocated by the Companies is based on the quality of past work done and timelines. Therefore, marketing strategy of our Company is substantially dependent on the past credentials and track record, which include timely completion of work, quality of services and presentation of documents. We believe that our track record of successful completion of contracts gives us an edge in technical bids. Most of the clients refer tender notice directly to us, as we are registered in their databases.

In case of open tenders, we are required to participate through press tenders or through Online system in response to enquiries placed on specific web sites of our clients. In order to ensure that we can effectively bid for these contracts, we have a dedicated team which keeps track of these tender notification or advertisement and prepares the tender document.

We target the best possible combination of Project vis-à-vis Geographical area, accessibility, Technical requirement, Estimates, etc. by carrying out Pre-Tender studies / Surveys.

Health and safety:

We continue to ensure compliance with applicable health and safety regulations and other requirements in our operations. The safety of our personnel, our clients and end-consumers is our primary concern. We strive for full compliance with local, state and federal occupational health and safety requirements. We operate under a comprehensive safety program with a goal of zero accidents.

We have also adopted good industry practices, including deployment of advanced technology at our project sites, and regularly monitoring and undertaking close supervision of the project sites to promote and ensure a safe working environment. Our project execution activities are also subject to the Right of way permission from the governmental, state and municipal laws. Thus, we are also subject to follow the regulation requirements as specified by these authorities. We have complied and will continue to comply, with all applicable environmental and associated laws, rules and regulations.

Quality assurance and quality control:

We believe that process Quality Assurance and Quality Control are essential for Client satisfaction and for sustainable and profitable growth of our Company. Our Company has been awarded with ISO 9001:2015 Certificate for complying with the quality and operational standards. The execution of the Projects is done in adherence to the requirements of the Client and we establish and monitor the implementation of Project Quality and work method statements at the Project sites. To ensure Project Quality, we focus on product requirements; the processes to be followed for quality assurance and the records to be created, the inspection & testing plan for meeting the acceptance criteria.

We are committed to provide the best quality services in the field of laying pipeline & associated works to our Clients, as per their requirements abiding all regulations and to the best of their satisfaction.

Corporate Social Responsibility:

We have adopted a Corporate Social Responsibility (“CSR”) policy in compliance with the requirements of the Companies Act, 2013 and the Companies (Corporate Social Responsibility) Rules, 2014 notified by the Central Government. We have also re-constituted the Corporate Social Responsibility Committee for the purpose of the said compliance.

Competition:

We operate in a very competitive environment. Our competition depends on whether the project is for laying pipelines with other associated facilities or for providing O&M Services. It also depends on the size, nature and complexity of the project and the Geographical region in which the project is to be implemented. We compete with other players in this field on the basis of service quality, technical capability, pricing, performance record and experience, health and safety observance and availability of qualified personnel and Client convenience. For further information, with respect to the Industry in which we operate please see “*Industry Overview*” beginning on page 97 of this Red Herring Prospectus.

Stage-wise implementation:

Details of stage-wise implementation of projects by our Company as on July 31, 2020 is as follows:

KEY INDUSTRY REGULATIONS AND POLICIES

The following description is a summary of the relevant regulations and policies as prescribed by the Government of India and other regulatory bodies that are applicable to the Company. The information detailed in this chapter has been obtained from various legislations, including rules and regulations promulgated by the regulatory bodies that are available in the public domain. The regulations and policies set out below may not be exhaustive and are only intended to provide general information to the investors and are neither designed nor intended to be a substitute for professional advice. The Company may be required to obtain licenses and approvals depending upon the prevailing laws and regulations as applicable. For details of such approvals, please see chapter on “Government and Other Approvals” on page 258 of this Red Herring Prospectus.

A. INDUSTRY RELATED REGULATIONS

Petroleum and Natural Gas Regulatory Board Act, 2006 (“PNGRB Act”) and the rules & regulations framed thereunder

The PNGRB Act provides for the establishment of Petroleum and Natural Gas Regulatory Board to protect the interests of consumers and entities engaged in specified activities relating to petroleum, petroleum products and natural gas and to promote competitive markets and for matters connected therewith or incidental thereto. The Petroleum and Natural Gas Regulatory Board (PNGRB) has been constituted under PNGRB Act which lays down by regulations, the technical standards and specifications including safety standards in activities relating to petroleum, petroleum products and natural gas, including the construction and operation of pipeline and infrastructure projects related to downstream petroleum and natural gas sector. PNGRB also performs various other functions as may be entrusted to it by the Central Government to carry out the provisions of PNGRB Act.

B. LABOUR RELATED REGULATIONS

Industrial Disputes Act, 1947 (“ID Act”) and the rules framed thereunder

The ID Act provides the machinery and procedure for the investigation and settlement of industrial disputes. It also provides certain safeguards to workers and aims to improve the service conditions of industrial labour. When a dispute exists or is apprehended, the appropriate government is empowered to refer the dispute to an authority mentioned under the ID Act in order to prevent the occurrence or continuance of the dispute. Reference may be made to a labour court, tribunal or arbitrator to prevent a strike or lock-out while a proceeding is pending. Wide powers have been given to the labour courts and tribunals under the ID Act while adjudicating a dispute to grant appropriate relief such as modification of contract of employment or to reinstate workmen with ancillary relief.

Employees Provident Fund and Miscellaneous Provisions Act, 1952 (“EPF Act”) and the rules framed thereunder

Under the EPF Act, compulsory provident fund, family pension fund and deposit linked insurance are payable to employees in factories and other establishments. The legislation provides that an establishment employing more than 20 (twenty) persons, either directly or indirectly, in any capacity whatsoever, is either required to constitute its own provident fund or subscribe to the statutory employee’s provident fund. The employer of such establishment is required to make a monthly contribution to the provident fund equivalent to the amount of the employee’s contribution to the

provident fund. There is also a requirement to maintain prescribed records and registers and filing of forms with the concerned authorities. The EPF Act also prescribes penalties for avoiding payments required to be made under the abovementioned schemes. The employee shall also be required to make the equal contribution to the fund. The Central Government under Section 5 of the EPF Act (as mentioned above) frames Employees Provident Scheme, 1952.

The Employees' State Insurance Act, 1948 ("ESI Act") and the rules framed thereunder

The ESI Act provides for certain benefits to employees in case of sickness, maternity and employment injury. All employees in establishments covered by the ESI Act are required to be insured, with an obligation imposed on the employer to make certain contributions in relation thereto. It shall apply to all factories (including factories belonging to the Government) other than seasonal factories. Employers of factories and establishments covered under the ESI Act are required to pay contributions to the Employees State Insurance Corporation, in respect of each employee at the rate prescribed by the Central Government. Companies which are controlled by the Government are exempt from this requirement if employees receive benefits similar or superior to the benefits prescribed under the ESI Act. In addition, the employer is also required to register itself under the ESI Act and maintain prescribed records and registers.

Building and Other Construction Workers (Regulation of Employment and Conditions of Service) Act, 1996 ("Construction Workers Act") and the rules framed thereunder

The Construction Workers Act provides for regulation of employment and conditions of service of building and other construction workers including safety, health and welfare measures in every establishment which employs or employed during the preceding year, 10 or more workers. Every establishment to which the Construction Workers Act applies must be registered within a period of 60 days from the commencement of work.

Further, every employer must give notice of commencement of building or other construction work 30 days in advance. Comprehensive health and safety measures for construction workers have been provided through the Building and Other Construction Workers (Regulation of Service and Conditions of Service) Central Rules, 1998.

This Construction Workers Act provides for constitution of safety committees in every establishment employing 500 or more workers with equal representation from workers and employers in addition to appointment of safety officers qualified in the field. Any violation of the provisions for safety measures is punishable with imprisonment for three months or a fine of a maximum of Rs. 2,000 or both. Continuing contraventions attract an additional fine of Rs. 100 per day. It also provides for penalties for failure to give notice of commencement of building or other construction work and obstruction of inspection, enquiry, etc.

Buildings and Other Construction Workers' Welfare Cess Act, 1996 ("BOCW Cess Act") and the rules framed thereunder

The BOCW Cess Act provides for the levy and collection of a cess on the cost of construction incurred by employers with a view to augmenting the resources of the Building and Other Construction Workers' Welfare Boards constituted under the BOCW Cess Act. A prescribed quantum of the construction cost incurred by the employer is required to be deposited by the employer as welfare cess under the BOCW Cess Act.

Minimum Wages Act, 1948 (“MWA”) and the rules framed thereunder

The Minimum Wages Act, 1948 came into force with an objective to provide for the fixation of a minimum wage payable by the employer to the employee. Every employer is mandated to pay the minimum wages to all employees engaged to do any work skilled, unskilled, and manual or clerical (including out-workers) in any employment listed in the schedule to the MWA, in respect of which minimum rates of wages have been fixed or revised under the MWA. Construction of buildings, roads, and runways are scheduled employments. It prescribes penalties for non-compliance by employers for payment of the wages thus fixed.

The Employees Compensation Act, 1923 (“EC Act”) and the rules framed thereunder

EC Act provides for payment of compensation to injured employees or workmen by certain classes of employers for personal injuries caused due to an accident arising out of and during the course of employment. Under the EC Act, the amount of compensation to be paid depends on the nature and severity of the injury. There are separate methods of calculation or estimation of compensation for injury sustained by the employee. The employer is required to submit to the Commissioner for Employees’ Compensation a report regarding any fatal or serious bodily injury suffered by an employee within seven days of receiving a notice.

The Contract Labour (Regulation and Abolition) Act, 1970 (the “CRLAA”) and the rules framed thereunder

The CRLAA regulates the employment of contract labour in establishments in which twenty or more workmen are employed or were employed on any day of the preceding 12 months as contract labour. It governs their conditions and terms of service and provides for abolition of contract labour in certain circumstances.

The CLRAA requires every contractor to whom the CLRAA applies to obtain a license and not to undertake or execute any work through contract labour, except under and in accordance with such license. Further, the CLRAA imposes certain obligations on the contractor in relation to establishment of canteens, restrooms, drinking water, washing facilities, first aid, other facilities and payment of wages to ensure the health and welfare of the contract labourers. However, in the event the contractor fails to provide these amenities, the principal employer is under an obligation to provide these facilities within a prescribed time period. Penalties, including both fines and imprisonment, may be levied for contravention of the provisions of the CLRAA.

The Workmen Compensation Act, 1923 (“WCA”) and the rules framed thereunder

The WCA has been enacted with the objective to provide for the payment of compensation to workmen by employers for injuries by accident arising out of and in the course of employment, and for occupational diseases resulting in death or disablement. The WCA makes every employer liable to pay compensation in accordance with the WCA if a personal injury/ disablement/ loss of life is caused to a workman (including those employed through a contractor) by accident arising out of and in the course of his employment. In case the employer fails to pay compensation due under the WCA within one month from the date it falls due, the commissioner appointed under the WCA may direct the employer to pay the compensation amount along with interest and may also impose a penalty.

Payment of Gratuity Act, 1972 and the rules framed thereunder

The Payment of Gratuity Act, 1972 provides for payment of gratuity to employees employed in factories, shops and other establishments who have put in a continuous service of 5 (five) years, in the event of their superannuation, retirement, resignation, death or disablement due to accidents or diseases. The rule of 'five years continuous service' is however relaxed in case of death or disablement of an employee. Gratuity is calculated at the rate of 15 (fifteen) days' wages for every completed year of service with the employer.

The Equal Remuneration Act, 1976 and Equal Remuneration Rules, 1976

The Constitution of India provides for equal pay for equal work for both men and women. To give effect to this provision, the Equal Remuneration Act, 1976 was implemented. The Act provides for payment of equal wages for equal work of equal nature to male or female workers and for not making discrimination against female employees in the matters of transfers, training and promotion etc.

The Payment of Bonus Act, 1965 ("POB Act")

The POB Act provides for payment of minimum bonus to factory employees and every other establishment in which twenty or more persons are employed and requires maintenance of certain books and registers and filing of monthly returns showing computation of allocable surplus, set on and set off of allocable surplus and bonus due.

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 ("SHWW Act")

SHWW Act provides for the protection of women at workplace and prevention of sexual harassment at workplace. The SHWW Act also provides for a redressal mechanism to manage complaints in this regard. Sexual harassment includes one or more of the following acts or behavior namely, verbal or non-verbal physical contact and advances or a demand or request for sexual favors or making sexually coloured remarks, showing pornography or any other unwelcome physical, verbal or nonverbal conduct of sexual nature. The SHWW Act makes it mandatory for every employer of a workplace to constitute an Internal Complaints Committee which shall always be presided upon by a woman. It also provides for the manner and time period within which a complaint shall be made to the Internal Complaints Committee i.e. a written complaint is to be made within a period of 3 (three) months from the date of the last incident. If the establishment has less than 10 (ten) employees, then the complaints from employees of such establishments as also complaints made against the employer himself shall be received by the Local Complaints Committee.

C. TAX RELATED LEGISLATIONS

Income Tax Act, 1961 and the rules framed thereunder

Income Tax Act, 1961 is applicable to every Domestic / Foreign Company whose income is taxable under the provisions of this Act or Rules made under it depending upon its residential status and type of income involved. It provides for levy, administration, collection and recovery of Income Tax. Under Section 139(1) every Company is required to file its Income Tax Return for every Previous Year by

30th September of the Assessment Year. Other compliances like those relating to Tax Deduction at Source, Fringe Benefit Tax, Advance Tax, Minimum Alternative Tax and like are also required to be complied by every Company.

The Central Goods and Service Tax Act, 2017 (GST) and the rules framed thereunder

Goods and Services Tax (GST) is a comprehensive indirect tax on manufacture, sale and consumption of goods and services throughout India to replace taxes levied by the central and state governments. It was introduced as the Constitution (One Hundred and First Amendment) Act 2016, following the passage of Constitution 101st Amendment Bill. GST-registered businesses are allowed to claim tax credit to the value of GST they paid on purchase of goods or services as part of their normal commercial activity. Administrative responsibility rests with a single authority to levy tax on goods and services.

Integrated Goods and Services Tax Act, 2017

Integrated Goods and Services Tax Act, 2017 (“IGST Act”) is a central law enacted to levy tax on the supply of any goods and/ or services in the course of inter-State trade or commerce. IGST is levied and collected by Centre on interstate supplies. The IGST Act sets out the rules for determination of the place of supply of goods. Where the supply involves movement of goods, the place of supply shall be the location of goods at the time at which the movement of goods terminates for delivery to the recipient. The IGST Act also provides for determination of place of supply of service where both supplier and recipient are located in India or where supplier or recipient is located outside India. The provisions relating to assessment, audit, valuation, time of supply, invoice, accounts, records, adjudication, appeal etc. given under the CGST Act are applicable to IGST Act. Further, the Company is also governed by various State Goods and Service Tax statutes for levy and collection of tax on intra-State supply of goods and services or both, as applicable

Professional Tax and the rules framed thereunder

The professional tax slabs in India are applicable to those citizens of India who are either involved in any profession or trade. The State Government of each State is empowered with the responsibility of structuring as well as formulating the respective professional tax criteria and is also required to collect funds through professional tax. The professional taxes are charged on the incomes of individuals, profits of business or gains in vocations. The professional tax is charged as per the List II of the Constitution. The professional taxes are classified under various tax slabs in India. The tax payable under the State Acts by any person earning a salary or wage shall be deducted by his employer from the salary or wages payable to such person before such salary or wages is paid to him, and such employer shall, irrespective of whether such deduction has been made or not when the salary and wage is paid to such persons, be liable to pay tax on behalf of such person and employer has to obtain the registration from the assessing authority in the prescribed manner. Every person liable to pay tax under these Acts (other than a person earning salary or wages, in respect of whom the tax is payable by the employer), shall obtain a certificate of enrolment from the assessing authority.

D. STATE RELATED LEGISLATIONS

Telangana Shops and Establishments Act, 1988 and the rules framed thereunder

The Establishments are required to be registered under the provisions of local shops and establishments legislation applicable in the relevant states. The objective of the act, irrespective of the state, is to

regulate the working and employment conditions of worker employed in shops and establishments including commercial establishments. The Act provides for fixation of working hours, rest interval, overtime, holidays, leave, termination of service, maintenance of shops and establishments and other rights and obligations of the employers and employees. The Telangana Shops and Establishments Act, 1988 governs the Company's shops and establishment in Telangana.

E. INTELLECTUAL PROPERTY LAWS

The Trademarks Act, 1999 (“Trademarks Act”)

Under the Trademarks Act, a trademark is a mark capable of being represented graphically and which is capable of distinguishing the goods or services of one person from those of others used in relation to goods and services to indicate a connection in the course of trade between the goods and some person having the right as proprietor to use the mark. A ‘mark’ may consist of a device, brand, heading, label, ticket, name signature, word, letter, numeral, shape of goods, packaging or combination of colors or any combination thereof. Section 18 of the Trademarks Act requires that any person claiming to be the proprietor of a trade mark used or proposed to be used by him, must apply for registration in writing to the registrar of trademarks. The trademark, once applied for and which is accepted by the Registrar of Trademarks (“the Registrar”), is to be advertised in the trademarks journal by the Registrar. Oppositions, if any, are invited and, after satisfactory adjudications of the same, a certificate of registration is issued by the Registrar. The right to use the mark can be exercised either by the registered proprietor or a registered user. The present term of registration of a trademark is 10 (ten) years, which may be renewed for similar periods on payment of a prescribed renewal fee.

F. OTHER REGULATIONS

Apart from the aforementioned enactments which is inclusive in nature and not exhaustive -general laws such as the Transfer of Property Act, 1882, Registration Act, 1908, Indian Contract Act 1872, Specific Relief Act 1963, Negotiable Instrument Act 1881, Information Technology Act, 2000, etc. are also applicable to our Company.

Regulations regarding foreign investment

Foreign investment in Indian securities is governed by the provisions of the Foreign Exchange Management Act, 1999 (“FEMA”) read with the applicable FEMA Rules. FEMA replaced the erstwhile Foreign Exchange Regulation Act, 1973. Foreign investment is permitted (except in the prohibited sectors) in Indian companies, either through the automatic route or the government approval route, depending upon the sector in which foreign investment is sought to be made.

 - (a) Section 26 of Part I of Chapter III of the Companies Act, 2013 (the “Act”) read with Rules 4 to 6 of Companies (Prospectus and Allotment of Securities) Rules, 2014 (“the Rules”); and
 - (b) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended (“ICDR Regulations”);
 - (c) The Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India (“ICAI”), as amended from time to time (the “Guidance Note”).

Managements' Responsibility for the Restated Standalone Summary Statements:

2. The Company's Board of Directors is responsible for the preparation of the Restated Financial Statements for the purpose of inclusion in the Offer Documents to be filed with Securities and Exchange Board of India, relevant stock exchanges and the Registrar of Companies, Telangana in connection with the proposed IPO. The Restated Financial Statements have been prepared on the basis of preparation stated in Para 4 below. The Board of Directors of the Company are responsible for designing, implementing and maintaining adequate internal control relevant to the preparation and presentation of the Restated Financial Statements. The Board of Directors are also responsible for identifying and ensuring that the Company comply with the Act, ICDR Regulations and the Guidance Note.

Auditor's Responsibility:

3. We have examined such Restated Financial Statements taking into consideration:
 - a. The terms of reference and terms of our engagement agreed upon with you in accordance with our engagement letter 14th October 2019, in connection with the proposed IPO of the Company;
 - b. The Guidance Note also requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI;
 - c. Concepts of test checks and materiality to obtain reasonable assurance based on verification of evidence supporting the Restated Financial Statements; and
 - d. The requirements of Section 26 of the Act and the ICDR Regulations.

Our work was performed solely to assist you in meeting your responsibilities in relation to your compliance with the Act, the ICDR Regulations and the Guidance Note in connection with the IPO.

4. These Restated Financial Statements have been compiled by the management from
 - a) Audited Ind AS financial statements of the company as at and for the year ended March 31, 2020 and March 31 2019 prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") as prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules 2015, as amended, and other accounting principles generally accepted in India, which have been approved by the Board of Directors at their meeting held on 1st August 2020. The comparative information for the year ended March 31, 2018 included in such financial statements have been prepared by making Ind AS adjustments to the audited financial statements of the Company as at and for the year ended March 31, 2018, prepared in accordance with the accounting standards notified under the section 133 of the Act ("Indian GAAP") which was approved by the Board of directors at their meeting held on 1st August 2020.
5. We have audited the financial information of the Company for the years ended March 31, 2020 and March 31, 2019 prepared by the Company in accordance with the Ind AS for the limited purpose of complying with the requirement of getting its financial statements audited by an audit firm holding a valid peer review certificate issued by the "Peer Review Board" of the ICAI as required by ICDR Regulations in relation to proposed IPO. We have issued our report dated 1st August, 2020 and 17th September 2019 on these financial information to the Board of Directors who have approved these in their meeting held on 1st August, 2020 and 17th September 2019.
6. For the purpose of our examination, we have relied on:
 - a) Auditors' reports issued by us dated 1st August 2020 and 17th September 2019 on the financial statements of the Company as at 2020 and as at for the year ended March 19 as referred in Paragraph 4 above; and
 - b) Auditors' Report issued by the Previous Auditor M/s Siva Krishna & Narayana Chartered Accountants having FRN:003883S dated 4th September, 2018 and on the financial statements of the company as at and for the years ended March 31 2018 as referred in Paragraph 4 above.

The audited financial statements for the year ended March 31, 2018 and the Independent Auditors' Reports thereon issued by the Previous Auditor have been furnished to us by the Company. Upon specific request by the Company, we have examined and reported on the restated financial information for the year ended March 31, 2018. The adjustments in so far as it relates to the amounts, disclosures, material errors, regrouping, reclassification, etc., included in respect of the year ended March 31, 2018 is restricted to and based solely on the audited financial statements and auditor's reports issued by the Previous Auditor M/s Siva Krishna & Narayana Chartered Accountants having FRN:003883S for such year and accordingly reliance has been placed on the restated statement of assets and liabilities and the restated statements of profit and loss (including other comprehensive income), statements of changes in equity and cash flow statements, the Summary Statement of Significant Accounting Policies, and other explanatory information and (collectively, the "2018 Restated Financial Information") examined by them for the said year. We have not performed any additional procedures other than those stated herein and do not accept any responsibility of whatsoever nature in this regard. The management also confirms that the restated financial information for the Years ended 31 March 2018

- i. Have been prepared after incorporating adjustments for the changes in accounting policies, material errors and regrouping/reclassifications retrospectively in the financial year ended March 31, 2018 to reflect the same accounting treatment as per the accounting policies and grouping/classifications followed as at and for the year ended March 31, 2020.
 - ii. Do not contain any exceptional items that need to be disclosed separately in the respective financial years/period and do not contain any qualification requiring adjustments.
 - iii. Have been prepared in accordance with the Act, ICDR Regulations and the Guidance Note.
7. Based on our examination and according to the information and explanations given to us and also as per the reliance placed on the examination report submitted by the Previous Auditors and other auditors for the respective periods/years, we report that the Restated Financial Information:
 - a. have been prepared after incorporating adjustments for the changes in accounting policies, material errors and regrouping/reclassifications retrospectively in the financial years ended March 31, 2019 and 2018 to reflect the same accounting treatment as per the accounting policies and grouping/classifications followed as at and for year ended March, 2020
 - b. Do not contain any exceptional items that need to be disclosed separately in the respective financial years/period and do not contain any qualification requiring adjustments. and
 - c. Have been prepared in accordance with the Act, ICDR Regulations and the Guidance Note.
8. The Restated Financial Information do not reflect the effects of events that occurred subsequent to the Respective dates of the reports on the special purpose interim Ind AS financial statements and audited Financial statements mentioned in paragraph 4 above.
9. We have also examined the following Restated Financial Statements set out in annexure prepared by management and approved by the Board of Directors of the Company as under:
 - a. Significant Accounting policies as appearing in Annexure V
 - b. Other significant notes as restated as appearing in Note No 3 to 31(O) of annexure VI.

Likhitha Infrastructure Limited

Annexure V: Basis of Preparation and Significant Accounting Policies

1) General Information:

Likhitha Infrastructure Limited (the company) domiciled and Incorporated in India in the state of Telangana, India in accordance with the provisions of the Companies Act, 1956. The Company is engaged in the business of laying gas supply pipe lines and irrigation canals, building bridges over the canals and related maintenance works. The principal accounting policies applied in the preparation of the financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

2) Basis of preparation and significant accounting policies:

2.1 Basis of preparation and presentation of Financial Statements:

The Restated financial statements of Assets and Liabilities as at 31 March 2020, 31 March 2019 and 2018 and Restated Statement of Profit and Loss, Restated Statement of Cash Flows and the Restated Statement of Changes in Equity for the years ended 31 March 2020, 31 March 2019 and 2018 (together referred to as “Restated Ind AS Financial Information”) have been compiled by the Company from the Audited Financial Statements to which further adjustments are made to comply in all material aspects with the requirements of the Securities and Exchange Board of India (Issue of Disclosure and Capital Requirements) Regulations, 2009, as amended (the “ICDR Regulations”). Accordingly, these Restated Ind AS Financial Information have been prepared after incorporating adjustments for the material amounts in the respective financial years to which they relate as explained later. There were no exceptional items that needed to be disclosed separately for the respective years under consideration.

The restated Ind AS financial statements have been prepared and presented in accordance with the Indian Accounting Standards (“Ind AS”) notified under Section 133 of the Companies Act, 2013 (“the Act”) read with Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) (Amendment) Rules, 2016 and other relevant provisions of the Act.

This Restated Ind AS Financial Information has been prepared for inclusion in the Offer Document to be filed by the Company with the Securities and Exchange Board of India (“SEBI”) in connection with proposed Initial Public Offering of its equity shares, in accordance with the requirements of:

- a) Section 26 of Part I of Chapter III of the Act read with Rules 4 to 6 of Companies (Prospectus and Allotment of Securities) Rules, 2014; and
- b) Relevant provisions of the ICDR Regulations issued by the Securities and Exchange Board of India (“SEBI”) on 26 August 2009, as amended from time to time in pursuance of the Securities and Exchange Board of India Act, 1992.

2.2 Basis of Measurement:

These Restated financial statements have been prepared on the historical cost convention and on an accrual basis, except for the following material items in the balance sheet:

- Certain financial assets and liabilities are measured either at fair value or at amortized cost depending on the classification;
- Employee defined benefit assets / (liability) are measured at fair value of plan assets, less present value of defined benefit obligations.
- Long-term borrowings are measured at amortized cost using the effective interest rate method.

All assets and liabilities are classified into current and non-current based on the operating cycle of less than twelve months or based on the criteria of realisation/settlement within twelve months period from the balance sheet date.

2.3 Use of estimates and judgments:

The preparation of Restated Ind AS Financial Information in conformity with Ind AS and IND AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the restated statement of assets and liabilities date and reported amounts of revenues and expenses for the reporting period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial information in the period in which changes are made and in any future periods affected.

Information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the Restated Ind AS Financial Information is included in the following notes:

- Useful lives of property, plant and equipment and intangible assets;
- Impairment of non-financial and financial assets;
- Financial instruments;
- Employee benefits;
- Provisions, contingencies; and
- Income taxes.

2.4 Summary of Significant Accounting Policies:

The Restated Ind AS Financial Information have been prepared using the accounting policies and measurement basis summarized below.

A. Functional and presentation currency:

These financial statements are presented in Indian rupee (INR or ₹), which is also the functional currency of the Company. All financial information presented in Indian rupees has been rounded to the nearest lakhs.

B. Current and noncurrent classification:

All the assets and liabilities have been classified as current or noncurrent as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013 and Ind AS 1, Presentation of financial statements.

Assets: An asset is classified as current when it satisfies any of the following criteria:

- It is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle;
- It is held primarily for the purpose of being traded;
- It is expected to be realized within twelve months after the reporting date; or
- It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

Liabilities: A liability is classified as current when it satisfies any of the following criteria:

- It is expected to be settled in the Company's normal operating cycle;
- It is held primarily for the purpose of being traded;
- It is due to be settled within twelve months after the reporting date; or
- The Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current assets/ liabilities include the current portion of noncurrent assets/ liabilities respectively. All other assets/ liabilities are classified as noncurrent. Deferred tax assets and liabilities are always disclosed as non-current.

C. Foreign Currency Transaction:

Transactions in foreign currencies are translated to the functional currency of the Company at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting period are translated into the functional currency at the exchange rate at that date. Nonmonetary items denominated in foreign currencies which are carried at historical cost are reported using the exchange rate at the date of the transaction; and non-monetary items which are carried at fair value or any other similar valuation denominated in a foreign currency are reported using the exchange rates at the date when the fair value was measured.

Exchange differences arising on monetary items on settlement, or restatement as at reporting date, at rates different from those at which they were initially recorded, are recognized in the statement of profit and loss in the year in which they arise.

D. Fair Valuation:

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the financial asset or settle the financial liability takes place either:

- In the principal market, or
- In the absence of a principal market, in the most advantageous market

The principal or the most advantageous market must be accessible by the Company. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use. Fair value measurement and / or disclosure purposes in the Restated Ind AS Financial Information is determined on such a basis, except for measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 or value in use in Ind AS 36.

The Company- uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the Restated Ind AS Financial Information are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

At each reporting date, the Management analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's accounting policies.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

E. Prior Period Error:

Prior period errors are omissions from, and misstatements in, the entity's financial statements for one or more prior periods arising from a failure to use, or misuse of, reliable information that:

- a. Was available when financial statements for those periods were approved for issue; and
- b. Could reasonably be expected to have been obtained and taken into account in the preparation and presentation of those financial statements. Such errors include the effects of mathematical mistakes, mistakes in applying accounting policies, oversights or misinterpretations of facts, and fraud

Retrospective restatement is correcting the recognition, measurement and disclosure of amounts of elements of financial statements as if a prior period error had never occurred.

The material prior period errors are corrected retrospectively in the first set of financial statements approved for issue after their discovery by:

- (a) Restating the comparative amounts for the prior period(s) presented in which the error occurred; or
- (b) If the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and equity for the earliest prior period presented except in the following circumstance:

A prior period error shall be corrected by retrospective restatement except to the extent that it is impracticable to determine either the period-specific effects or the cumulative effect of the error.

When it is impracticable to determine the period-specific effects of an error on comparative information for one or more prior periods presented, the entity shall restate the opening balances of assets, liabilities and equity for the earliest period for which retrospective restatement is practicable (which may be the current period). When it is impracticable to determine the cumulative effect, at the beginning of the current period, of an error on all prior periods, the entity shall restate the comparative information to correct the error prospectively from the earliest date practicable.

F. Revenue Recognition:

Revenue is recognized when the company satisfies a performance obligation by transferring a promised good or service to its customers. The company considers the terms of the contract and its customary business practices to determine the transaction price. Performance obligations are satisfied at the point of time when the customer obtains controls of the asset.

Revenue is measured based on transaction price, which is the fair value of the consideration received or receivable, stated net of discounts, returns and Goods and Service tax. Transaction price is recognised based on the price specified in the contract, net of the estimated sales incentives / discounts. Accumulated experience is used to estimate and provide for the discounts/ right of return, using the expected value method.

Other Operating Income:

Other Operating income consists of commissions, ancillary and allied service income. Revenue from other operating services is recognized when the company satisfies a performance obligation by transferring promised services to its customers.

Other Income

Other Income is recognized only when it is reasonably certain that the ultimate collection will be made.

Interest Income

Finance income consists of (a) interest income on funds invested in Banks and (b) Dividend earned on investment in Mutual Funds.

(a) For all debt instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instruments but does not consider the expected credit losses.

Interest Income mainly comprises of interest on Margin money deposit with banks relating to bank guarantee. Interest income should be recorded using the effective interest rate (EIR). However, the amount of margin money deposits relating to bank guarantee are purely current in nature, hence effective interest rate has not been applied. Interest is recognized using the time-proportion method, based on rates implicit in the transactions.

Dividend Income

Dividend income is recognized when the Company's right to receive dividend is established. Dividend income on Mutual Funds is recognized when the right to receive dividend from such funds is established.

G. Property Plant & Equipment:

Recognition and measurement:

Property, Plant and Equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment loss, if any. Cost includes expenditures that are directly attributable to the acquisition of the asset i.e., freight, duties and taxes applicable and other expenses related to acquisition and installation. The cost of self-constructed assets includes the cost of materials and other costs directly attributable to bringing the asset to a working condition for its intended use. Borrowing costs that are directly attributable to the construction or production of a qualifying asset are capitalised as part of the cost of that asset.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Gains and losses upon disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment and are recognized net within in the statement of profit and loss.

The cost of replacing part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The costs of repairs and maintenance are recognized in the statement of profit and loss as incurred.

Items of property, plant and equipment acquired through exchange of non-monetary assets are measured at fair value, unless the exchange transaction lacks commercial substance or the fair value of either the asset received or asset given up is not reliably measurable, in which case the asset exchanged is recorded at the carrying amount of the asset given up.

Depreciation:

Depreciation on items of PPE is provided on written down value basis, computed on the basis of useful lives as mentioned in Schedule II to the Companies Act, 2013. Assets acquired under finance leases are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the Company will obtain ownership by the end of the lease term. Freehold land and land under perpetual lease are not depreciated.

Depreciation on additions / disposals is provided on a pro-rata basis i.e. from / up to the date on which asset is ready for use / disposed-off.

The residual values, useful lives and method of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

The estimated useful lives are as follows:

Type of Asset	Estimated useful life
Plant & Machinery	25
Plant & Machinery (IML)	25
Plant & Machinery (Vinegar)	25
Electrical Installations	25
Furniture & Fixtures	10
Office Equipment	5
Computers	6
Vehicles	8

Advances paid towards the acquisition of property, plant and equipment outstanding at each reporting date is disclosed as capital advances under other noncurrent assets. The cost of property, plant and equipment not ready to use before such date are disclosed under capital work-in-progress. Assets not ready for use are not depreciated.

H. Investment Property:

Investment property is property (land or a building—or part of a building—or both) held to earn rentals or for capital appreciation or both, rather than for:

- (a) Use in the production or supply of goods or services or for administrative purposes; or
- (b) Sale in the ordinary course of business.

Recognition and measurement:

An investment property shall be recognised as an asset when and only when:

- (a) It is probable that the future economic benefits that are associated with the investment property will flow to the entity; and
- (b) The cost of the investment property can be measured reliably.

An investment property shall be measured initially at its cost. Transaction costs shall be included in the initial measurement. The company adopted cost model prescribed in IND AS 16 for accounting its investment property.

Cost Model:

After recognition as an asset, an item of investment property shall be carried at its cost less any accumulated depreciation and any accumulated impairment losses.

Depreciation:

Depreciation on items of Investment Property is provided on written down value basis, computed on the basis of useful lives mentioned in Schedule II to the Companies Act, 2013.

Depreciation on additions / disposals is provided on a pro-rata basis i.e. from / up to the date on which asset is ready for use / disposed-off.

The residual values, useful lives and method of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

The estimated useful lives are as follows:

Type of Asset	Estimated useful life
Buildings	30
Land	NA

I. Intangible Assets:

Intangible assets are initially measured at cost. Subsequently, such intangible assets are measured at cost less accumulated amortization and accumulated impairment losses, if any. Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, is recognized in statement of profit or loss as incurred.

J. Inventories:

Inventories consist of raw materials, stores and spares and work-in-progress. Cost includes expenditures incurred in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their existing location and condition. In the case of work-in-progress, cost includes an appropriate share of overheads based on normal operating capacity

The method of valuing the inventories is as follows:

- Raw-materials, Stores, Packing materials, Spare parts are valued at cost.
- Finished goods are valued at cost / Net realizable value, whichever is less.
- Stock in process is valued at cost or Net realizable value, whichever is less.
- Waste is valued at net realizable value.
- Cost of inventories is ascertained on FIFO basis.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses. The net realisable value of work-in-progress is determined with reference to the selling prices of related finished products.

K. Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets:

Initial recognition and measurement:

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

Debt instrument at Amortised Cost

The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding are measured at Amortized Cost.

Investment in equity instruments:

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS103 applies are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in the OCI. There is no recycling of the amounts from OCI to the statement of profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments i.e., investments in equity shares within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

Derecognition:

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e., removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognize the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Impairment of trade receivables:

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115. Expected credit loss model takes into consideration the present value of all the cash shortfalls over the expected life of a financial instrument. In simple terms, it is weighted average of credit losses with the respective risks of default occurring as weights. The credit loss is the difference between all contractual cash flows that are due to an entity as per the contract and all the contractual cash flows that the entity expects to receive, discounted to the effective interest rate. The Standard presumes that entities would suffer credit loss even if the entity expects to be paid in

full but later than when contractually due. In other words, it simply focuses on DELAYS in collection of receivables.

For the purpose of identifying the days of delay, the Company took into consideration the weighted average number of delays taking into consideration the date of billing, the credit period and the collection days.

Financial liabilities:

Initial recognition and measurement:

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts.

Subsequent Measurement:

The measurement of financial liabilities depends on their classification, as described below:

Loans and borrowings:

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in the statement of profit and loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

L. Impairment of Non-Financial Assets:

The carrying amounts of the Company's non-financial assets, other than inventories and deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. For goodwill and intangible assets that have indefinite lives or that are not yet available for use, an impairment test is performed each year at March 31.

The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or the cash-generating unit. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

An impairment loss is recognized in the statement of profit and loss if the estimated recoverable amount of an asset or its cash-generating unit is lower than its carrying amount. Impairment losses recognized in respect of cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to the units and then to reduce the carrying amount of the other assets in the unit on a pro-rata basis.

An impairment loss in respect of goodwill is not reversed. In respect of other assets, impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does

not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

M. Cash & Cash Equivalents:

Cash and bank balances comprise of cash balance in hand, in current accounts with banks, demand deposit, short-term deposits and Margin Money deposits. For this purpose, “short-term” means investments having maturity of three months or less from the date of investment. Bank overdrafts that are repayable on demand and form an integral part of our cash management are included as a component of cash and cash equivalents for the purpose of the statement of cash flows. The Margin money deposits shall be disclosed as restricted cash balances.

N. Employee Benefits:

Short term employee benefits:

Short-term employee benefits are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Defined Contribution Plan:

The Company's contributions to defined contribution plans are charged to the statement of profit and loss as and when the services are received from the employees.

Defined Benefit Plans:

The liability in respect of defined benefit plans and other post-employment benefits is calculated using the projected unit credit method consistent with the advice of qualified actuaries. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates based on prevailing market yields of Indian Government Bonds and that have terms to maturity approximating to the terms of the related defined benefit obligation. The current service cost of the defined benefit plan, recognized in the statement of profit and loss in employee benefit expense, reflects the increase in the defined benefit obligation resulting from employee service in the current year, benefit changes, curtailments and settlements. Past service costs are recognized immediately in income. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to equity in other comprehensive income in the period in which they arise.

Termination benefits:

Termination benefits are recognized as an expense when the Company is demonstrably committed, without realistic possibility of withdrawal, to a formal detailed plan to either terminate employment before the normal retirement date, or to provide termination benefits as a result of an offer made to encourage voluntary redundancy. Termination benefits for voluntary redundancies are recognized as an expense if the Company has made an offer encouraging voluntary redundancy, it is probable that the offer will be accepted, and the number of acceptances can be estimated reliably.

Other long-term employee benefits:

The Company's net obligation in respect of other long term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and previous periods. That benefit is discounted to determine its present value. Re-measurements are recognized in the statement of profit and loss in the period in which they arise.

O. Borrowing Costs:

Borrowing costs consist of interest, ancillary and other costs that the Company incurs in connection with the borrowing of funds and interest relating to other financial liabilities. Borrowing costs also include exchange differences to the extent regarded as an adjustment to the borrowing costs. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur.

P. Provisions, Contingent Liabilities and Contingent Assets:

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities:

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets:

Contingent assets are not recognized in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognized in the period in which the change occurs.

Q. Tax Expenses:

Tax expense consists of current and deferred tax.

Income Tax:

Income tax expense is recognized in the statement of profit and loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in equity. Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred Tax:

Deferred tax is recognized using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on

different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

A deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

R. Earnings Per Share:

The Company presents basic and diluted earnings per share (“EPS”) data for its equity shares. Basic EPS is calculated by dividing the profit or loss attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted EPS is determined by adjusting the profit or loss attributable to equity shareholders and the weighted average number of equity shares outstanding for the effects of all dilutive potential equity shares.

In a capitalisation or bonus issue or a share split, the number of ordinary shares outstanding is increased without an increase in resources. The number of ordinary shares outstanding before the event is adjusted for the proportionate change in the number of ordinary shares outstanding as if the event had occurred at the beginning of the earliest period presented.

S. Segment Reporting:

In the opinion of the management, the company operates in only one segment i.e. laying of oil and gas pipe lines and development of allied infrastructure. Accordingly, disclosure of segment information as prescribed in the Indian accounting standard 108 “Operating segments” is not applicable.

On transition to Ind AS, the Company has elected to continue with the net carrying value of all of its property, plant and equipment (PPE) recognised as at April 1, 2017 measured as per the previous GAAP and use that net carrying value as the deemed cost of the PPE. While preparing restated financial information for the year ended March 31, 2017, the Company has opted the same accounting policy choice as adopted on transition date and accordingly the net carrying value of its PPE as at March 31, 2016 has been considered as deemed cost of PPE as at April 1, 2016.

-Basic EPS	13.59	12.21	4.90
`Diluted EPS	13.59	12.21	4.90

Basic Earnings per share (EPS) amounts are calculated by dividing the profit for the year attributable to equity holders of the Company by the weighted average number of equity shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the profit attributable to equity holders by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

During the financial year 2017-18 the Company has allotted 35, 00,000 of INR 10 fully paid-up equity shares as bonus shares to the existing equity share holders of the Company in the ratio of 3.5:1.

During the financial year 2019-20 the Company has allotted 1,01,25000 of INR 10 fully paid-up equity shares as bonus shares to the existing equity share holders of the Company in the ratio of 3.25:1.

In a Capitalisation or bonus issue or a share split, the number of ordinary shares outstanding is increased without an increase in resources. The number of ordinary shares outstanding before the event is adjusted for the proportionate change in the number of ordinary shares outstanding as if the event had occurred at the beginning of the earliest period presented.

i) The management assessed that fair value of trade receivables, trade payables and other liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

ii) The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The method and assumption used to estimate the fair values is Long-term fixed-rate and variable-rate receivables/advances given are evaluated by the company based on parameters such as Interest rates, risk factors and individual creditworthiness of the customer based on this evaluation, allowances are taken into account for the expected credit losses of the receivables.

I. Fair value hierarchy:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 – Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

All financial assets and liabilities have been fair valued using Level 3 hierarchy except cash and bank balance which is fair valued using Level 1.

J. Financial Risk Management:

The Company's principal financial liabilities comprise trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include trade and other receivables, and cash and cash equivalents those are derived directly from its operations.

The Company's activities expose it to a variety of financial risks, including credit risk, liquidity risk and Market risk. The Company's risk management assessment and policies and processes are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Company's activities. The Board of Directors, risk Management committee and the Audit Committee is responsible for overseeing the Company's risk assessment and management policies and processes.

(a) Market Risk:-

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk. Financial instruments affected by market risk are deposits with Banks.

The analysis excludes the impact of movements in market variables on: the carrying values of gratuity and other post-retirement obligations; provisions; and the non-financial assets and liabilities.

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held as at March 31, 2020, March 31, 2019 and March 31, 2018.

(i) Interest Rate Risk:-

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The company believes that the working capital available is sufficient to meet its current requirements. The company's exposure to interest rate risk arises primarily from deposits with Banks.

(ii) Foreign Currency Risk:-

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities i.e. Cost of material which is denominated in a foreign currency though the same is payable in INR.

As the Company doesn't have significant transactions in foreign currency hence there is no impact on the financial statements because of foreign currency risk except as stated above.

Total value of all imported raw materials, spare parts and components consumed during the financial year and the total value of all indigenous raw materials, spare parts and Components consumed and the percentage of each to the total consumption:

Particulars	As on 31 March, 2020		As on 31 March, 2019		As on 31 March, 2018	
	%	Amount	%	Amount	%	Amount
Indigenous	99.55	3,706.03	89.73	3,720.01	97.57	1,896.02

Total	100	3,722.77	100	4,145.69	100	1,943.31

(b) Credit Risk:-

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

In the opinion of the Management of the Company the loss due to credit risk has no significant impact on financial statements as majority of company's customers are Government companies. From past experience of realizing financial assets company does not foresee any Expected credit loss (ECL) on trade receivables

(c) Liquidity Risk:-

The Company monitors its risk of shortage of funds using a liquidity planning tool.

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts, trade and other payables. Liquidity risk is that the Company might be unable to meet its obligations. The Company's approach to managing liability is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions. The company believes that the available working capital is sufficient to meet its current requirements.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

K. Capital Management:

For the purpose of the Company's capital management, capital includes issued capital and all other equity including reserves attributable to the equity shareholders of the Company. The primary objective of the Company when managing capital is to safeguard its ability to continue as a going concern and to maintain an optimal capital structure so as to maximize shareholder value.

As at March 31, 2020, the Company has only one class of equity shares and has no debt except finance lease obligations and short-term borrowings. Consequent to such capital structure, there are no externally imposed

capital requirements. In order to maintain or achieve an optimal capital structure, the Company allocates its capital for distribution as dividend or re-investment into business based on its long term financial plans.

The identification of Micro, small and medium enterprises as defined under the provisions of "Micro, Small and Medium Enterprises Act, 2006" is based on management's knowledge of their status.

M. Balance in personal accounts are subject to confirmation and reconciliation.

N. In the opinion of the Board of Directors of the company, the current assets, loans and advances are expected to be realized in the ordinary course of business approximately the value at which they are stated in accounts.

O. Figures of the previous years have been regrouped/rearranged to confirm those of the current year.

P. First-time Adoption of Ind AS:

The financial statements, for the year ended 31st March 2019, are the first set of financial statements the Company has prepared in accordance with Indian Accounting Standards (Ind AS). For periods up to and including the year ended 31st March 2018, the Company prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP).

The Company has prepared financial statements which comply with Ind AS applicable for periods ending on 31 st March 2020 and on 31st March 2019, together with the comparative period data as at and for the year ended 31st March 2018, as described in the summary of significant accounting policies. In preparing these financial statements, the Company's opening balance sheet was prepared as at 1st April 2017, i.e., the Company's date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its Indian GAAP financial statements, including the balance sheet as at 1st April 2017 and the financial statements as at and for the year ended 31st March 2018.

Exemptions Applied:

Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The Company has applied the following exemptions:

The Company adopted not to measure any item of property, plant and equipment at its fair value at the Transition Date. The Company has elected to continue with the net carrying value of all its property, plant and equipment recognized as of April 1, 2017 (transition date) as per the previous GAAP and use that carrying value as its deemed cost. Similarly the net carrying amount of the investment property as per the previous GAAP is considered as deemed cost for IND AS purposes.

Estimates:

The estimates at 1st April 2017 and at 31 st March 2020 are consistent with those made for the same dates in accordance with Indian GAAP (after adjustments to reflect any differences in accounting policies) apart from the following items where application of Indian GAAP did not require estimation:

- FVTPL – Quoted equity shares
- Impairment of financial assets based on expected credit loss model (“ECL model”)

The estimates used by the Company to present these amounts in accordance with Ind AS reflect conditions at 1st April 2017, the date of transition to Ind AS and as of 31st March 2020.

Reconciliation of Equity between Ind AS and Previous GAAP:

Particulars	As at 31st March , 2018
Equity under erstwhile Indian GAAP	3,221.87
Impact on account of Investments measured at fair value	1.96
Fair Value of defined benefit obligation	-
Impact on account of Deferred Tax	19.10
Equity under Ind AS (Restated)	3,242.93

Effect of Ind AS adoption on the statement of profit and loss:

Particulars	For the Year ended 31 March 2018
(A) Net profit for the period under erstwhile Indian GAAP	719.33
Impact on account of Investments measured at fair value	1.96
(B) Total adjustments	1.96
(C)Add/(less): Tax Impact	(3.41)
Restated Profit/(Loss) (A+B+C)	717.88

Financial assets:

Under Indian GAAP, the Company accounted for long term investments in quoted equity shares as investment measured at cost less provision for diminution other than temporary diminution in the value of investments, if any. Under Ind AS, the Company has designated such investments as FVTPL investments. Ind AS requires FVTPL investments to be measured at fair value. At the date of transition to Ind AS, difference between the instruments fair value and Indian GAAP carrying amount has been recognized as a separate component of equity, in the retained earnings.

Deferred tax:

Indian GAAP requires deferred tax accounting using the statement of profit and loss approach, which focuses on differences between taxable profits and accounting profits for the period. Ind AS 12 requires entities to account for deferred taxes using the balance sheet approach, which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. The application of Ind AS 12 approach has resulted in recognition of deferred tax on new temporary differences which was not required under Indian GAAP.

Impact of Ind AS adoption on the statement of cash flows for the year ended 31 March 2018

All the adjustments on account of Ind AS are non - cash in nature and hence, there is no material impact on the cash flows in the cash flow statement.

A 1 Impact on account of deferred taxes

The impact of transition adjustments together with Ind AS mandate of using balance sheet approach (against profit and loss approach in the previous GAAP) for computation of deferred tax has resulted increase in equity by Rs. (3.41) Lakhs on date of transition, and adjustments were carried out in statement of profit and loss for the subsequent periods.

A 2 The company has recognised Impact of actuarial gains / losses on defined benefit obligations and hence it has effected other comprehensive income (OCI).

A 3 Under Ind AS, all items of income and expense recognised in period should be included in profit or loss for the period, unless a standard requires or permits otherwise. Item of income and expense that are not recognised in profit or loss but are shown in Statement of profit and loss as "Other comprehensive income" includes Remeasurement of defined benefit plans. The concept of other comprehensive income did not exist under previous GAAP.

Note:

In a Capitalisation or bonus issue or a share split, the number of ordinary shares outstanding is increased without an increase in resources. The number of ordinary shares outstanding before the event is adjusted for the proportionate change in the number of ordinary shares outstanding as if the event had occurred at the beginning of the earliest period presented. Since only bonus share have been allotted, no weighted average calculation has been made.

On 23/12/2019 the company has issued 1,01,25,000 bonus shares to the existing equity shareholders in the ratio of 2.25:1. In case of a bonus issue the ordinary shares are issued to existing shareholders for no additional consideration. Therefore, the number of ordinary shares outstanding is increased without an increase in resources. The number of equity shares outstanding before the bonus issue are adjusted for the proportionate change in the number of ordinary shares outstanding as if the event had occurred at the beginning of the earliest period presented. Accordingly in the statement of accounting ratios with bonus effect the number of equity shares increased to 1,46,25,000 from existing outstanding equity shares of 45,00,000 in order to take the bonus issue effect into consideration.

Notes to Accounting Ratios:

a) Formulas used for calculating above ratios are as under:

(i) Basic Earnings Per Share (Rs.) = Restated PAT attributable to Equity Shareholders/ Weighted Average Number of Equity Shares outstanding during the period ended 31.03.2020

(ii) Diluted Earnings Per Share (Rs.) = Restated PAT attributable to Equity Shareholders/ Weighted Average Number of Diluted Potential Equity Shares outstanding during the period ended 31.03.2020

(c) Return on Net Worth (%) = *Net profit / loss after tax, as restated / Net worth (Average of year beginning and year ending)*

Note:- (i) Weighted Average Number of equity shares is the number of equity shares outstanding at the beginning of the year adjusted by the number of equity shares issued during the year multiplied by the time weighting factor. The time weighting factor is the number of days for which the specific shares are outstanding as a proportion to total number of days during the year.

In a Capitalisation or bonus issue or a share split, the number of ordinary shares outstanding is increased without an increase in resources. The number of ordinary shares outstanding before the event is adjusted for the proportionate change in the number of ordinary shares outstanding as if the event had occurred at the beginning of the earliest period presented. Since only bonus share have been allotted, no weighted average calculation has been made.

Note:- (ii) Earnings Per Share calculation are in accordance with Ind AS-33 "Earnings Per Share"

Note:- (iii) Net Worth = Equity Share Capital + Reserve and Surplus (including Net profit in the Statement of Profit & Loss)

Note:- (v) The figures disclosed above are based on the Restated Financial Statements of the Company

Off-Balance Sheet Items

We do not have any other off-balance sheet arrangements, derivative instruments or other relationships with any entity that have been established for the purposes of facilitating off-balance sheet arrangements.

QUALITATIVE DISCLOSURE ABOUT MARKET RISK

Financial Market Risks

Market risk is the risk of loss related to adverse changes in market prices, including interest rate risk. We are exposed to interest rate risk, inflation and credit risk in the normal course of our business.

Interest Rate Risk

Our financial results are subject to changes in interest rates, which may affect our debt service obligations and our access to funds.

Effect of Inflation

We are affected by inflation as it has an impact on the investing and leading to demotivated clients and lessor projects etc. In line with changing inflation rates, we rework our margins so as to absorb the inflationary impact.

Credit Risk

We are exposed to credit risk on monies owed to us by our clients for services rendered. If our clients do not pay us promptly, or at all, we may have to make provisions for or write-off such amounts.

Reservations, Qualifications and Adverse Remarks

Except as disclosed in chapter titled “Financial Information” beginning on page 179 of this Red Herring Prospectus, there have been no reservations, qualifications and adverse remarks.

Details of Default, if any, Including Therein the Amount Involved, Duration of Default and Present Status, in Repayment of Statutory Dues or Repayment of Debentures or Repayment of Deposits or Repayment of Loans from any Bank or Financial Institution

Except as disclosed in chapter titled “Financial Information” beginning on page 179 of this Red Herring Prospectus, there have been no defaults in payment of statutory dues or repayment of debentures and interest thereon or repayment of deposits and interest thereon or repayment of loans from any bank or financial institution and interest thereon by the Company.

Material Frauds

There are no material frauds, as reported by our statutory auditor, committed against our Company, in the last five Fiscals.

Unusual or Infrequent Events or Transactions

During the periods under review there have been no transactions or events, which in our best judgment, would be considered unusual or infrequent.

Significant Economic Changes that Materially Affected or are Likely to Affect Income from Continuing Operations

Indian rules and regulations as well as the overall growth of the Indian economy have a significant bearing on our operations. Major changes in these factors can significantly impact income from continuing operations.

There are no significant economic changes that materially affected our Company’s operations or are likely to affect income from continuing operations except as described in chapter titled “Risk Factors” beginning on page 31 of this Red Herring Prospectus.

Known Trends or Uncertainties that have had or are expected to have a Material Adverse Impact on Revenue or Income from Continuing Operations

Other than as described in the section titled “Risk Factors” beginning on page 31 of this Red Herring Prospectus and in this chapter, to our knowledge there are no known trends or uncertainties that are expected to have a material adverse impact on revenues or income of our Company from continuing operations.

Future Changes in Relationship between Costs and Revenues, in Case of Events Such as Future Increase in Labour or Material Costs or Prices that will Cause a Material Change are known other than as described in chapter titled “Risk Factors” beginning on page 31 of this Red Herring Prospectus and in this section, to our knowledge there are no known factors that might affect the future relationship between cost and revenue.

Extent to which Material Increases in Net Sales or Revenue are due to Increased Sales Volume, Introduction of New Products or Services or Increased Sales Prices

Construction, material and man power expenses may increase proportionate to the increase in turnover being the direct expenses other expenses and depreciation may not increase proportionately to the increase in the sales volume more of fixed expenditure nature.

Total turnover of each major industry segment in which we operate

Total turnover of the Company relates to single business segment i.e. gas & pipe line infrastructure and other related activities.

Competitive Conditions

We operate in an industry which is highly competitive and fragmented and we compete with a range of organized and unorganized players, both on the national and regional level. Further, while we have an expanding portfolio of services requiring us to allocate resources across these verticals, our competitors may have the advantage of focusing on one or fewer product verticals. Further, we compete against a few listed companies also, which may have greater access to financial, technical and marketing resources and expertise available to them than us in the products and services that compete against them. Additionally, we face competition from other established national players as well as global players with a presence in India

Further, industry consolidation may affect competition by creating larger, more homogeneous and potentially stronger competitors in the markets in which we compete. Our competitors may further affect our business by entering into exclusive arrangements with our existing or potential clients. For details, please refer to the chapter titled “Risk Factors” beginning on page 31 of this Red Herring Prospectus.

Increase in income

Based on the continuous successful completion of the projects over a period of several years the Company has been able to get higher-qualification to participate big amount tenders as well as big size pipe-line works. Due to higher qualification the Company is able to bid for big size projects thereby the Company has been able achieve better turnover year on year except in the FY 2018 as there was delay in the processing and awarding tenders due to problems faced in GST implementation.

Status of any Publicly Announced New Products or Business Segments

Except as disclosed in the Red Herring Prospectus, we have not announced and do not expect to announce in the near future any new products or business segments which may have a material impact on our business prospects, results of operations or financial condition.

Seasonality of Business

Considering the trend of business of the Company for fast several years, the execution of the works will be higher in the second half of the financial year in comparison to first half year caused due to various factors such as rainy season and delay in the approval of budgets of the customers in the first half.

Significant dependence on a single or few suppliers or customers

Majority of the orders come from gas & oil companies which are majorly oil and gas distribution companies Recently, various private companies won number of geographical areas for City Gas Distribution (CGD). This may slightly reduce the dependence on the oil and gas distribution companies. At present to major extent the business of the Company depends on the oil & gas distribution companies.

Mechanism for Redressal of Investor Grievances

The Registrar Agreement provides for retention of records with the Registrar to the Issue for a period of at least 3 years from the Issue Closing Date, to enable the investors to approach the Registrar to the Issue for redressal of their grievances.

All grievances relating to the Bidding process may be addressed to the Registrar to the Issue with a copy to the Designated Intermediary to whom Bid cum Application Form was submitted, giving full details such as name of the sole or first Bidder, address of the applicant, UPI ID (if applicable), Bidder DP ID, Client ID, PAN, date of submission of Bid cum Application Form, application number, number of Equity Shares applied for, amount paid on application, Depository Participant and the bank branch or collection centre where the application was submitted.

Further, the Bidder shall also enclose a copy of the Acknowledgment Slip duly received from the concerned Designated Intermediary in addition to the information mentioned hereinabove.

The Registrar to the Issue shall obtain the required information from the SCSBs for addressing any clarifications or grievances of ASBA Bidders. Our Company, the BRLMs and the Registrar to the Issue accept no responsibility for errors, omissions, commission or any acts of SCSBs including any defaults in complying with their obligations under applicable SEBI ICDR Regulations.

Anchor Investors, if any, are required to address all grievances in relation to the Offer to the BRLMs.

In terms of SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/22, dated February 15, 2018, any ASBA Bidder whose Bid has not been considered for Allotment, due to failure on the part of any SCSB, shall have the option to seek redressal of the same by the concerned SCSB within three months of the date of listing of the Equity Shares. SCSBs are required to resolve these complaints within 15 days, failing which the concerned SCSB would have to pay interest at the rate of 15% per annum for any delay beyond this period of 15 days.

Our Company has not received investor complaints in relation to the Equity Shares for the three years prior to the filing of the Red Herring Prospectus, hence no investor complaints in relation to our Company is pending as on the date of filing of the Red Herring Prospectus.

Further, as on date of this Red Herring Prospectus, we have no Group Companies/ Subsidiary Company or associates which is listed on any stock exchange. Hence, disclosure regarding mechanism for redressal of investor grievances for our subsidiary companies and group companies is not applicable.

Disposal of Investor Grievances by our Company

Our Company estimates that the average time required by our Company or the Registrar to the Issue for the redressal of routine investor grievances shall be fifteen (15) Working Days from the date of receipt of the complaint. In case of complaints that are not routine or where external agencies are involved, our Company will seek to redress these complaints as expeditiously as possible.

Our Company has appointed Mr. Santhosh Kumar Gunemoni, as the Company Secretary & Compliance Officer to redress complaints, if any, of the investors participating in the Issue. Contact details for our Company Secretary and Compliance Officer are as follows:

Investors can contact the Compliance Officer or the Registrar to the Issue in case of any pre-Issue or post-Issue related problems such as non-receipt of letters of Allotment, non-credit of allotted Equity Shares in the respective beneficiary account, non-receipt of refund intimations and non-receipt of funds by electronic mode.

Pursuant to the press release no. PR. No. 85/2011 dated June 8, 2011, SEBI has launched a centralized web-based complaints redress system “SCORES”. This enables the investors to lodge and follow up their complaints and track the status of redressal of such complaints from anywhere. For more details, investors are requested to visit the website www.scores.gov.in

The Company shall obtain authentication on the SCORES and comply with the SEBI circular no. CIR/OIAE/1/2014 dated December 18, 2014 in relation to redressal of investor grievances through SCORES. Our Company has also constituted a Stakeholders’ Relationship Committee to review and redress the shareholders and investor grievances such as transfer of Equity Shares, non-recovery of balance payments, declared dividends, approve subdivision, consolidation, transfer and issue of duplicate shares. For further details, please refer to the chapter titled “*Our Management*” beginning on page 150 of this Red Herring Prospectus.

Status of Investor Complaints

Our Company is an “Unlisted Issuer” and the issue is an “Initial Public Offering” in terms of the SEBI ICDR regulations, hence this disclosure is not applicable to our Company.

SECTION VII - ISSUE RELATED INFORMATION

TERMS OF THE ISSUE

The Equity Shares being issued are subject to the provisions of the Companies Act 2013, SEBI ICDR Regulations, SCRA, SCRR, SEBI LODR Regulations, our Memorandum and Articles of Association, the terms of the Red Herring Prospectus, the Prospectus, the Abridged Prospectus, any addendum/corrigendum thereto, the Bid cum Application Form, the Revision Form, the Confirmation of Allocation Note/ Allotment Advice and other terms and conditions as may be incorporated in the Allotment Advices and other documents/certificates that may be executed in respect of this Issue. The Equity Shares shall also be subject to laws as applicable, guidelines, rules, notifications and regulations relating to the Issue of capital and listing and trading of securities issued from time to time by SEBI, the Government of India, the Stock Exchanges, the RBI, ROC and/or other authorities, as in force on the date of the Issue and to the extent applicable or such other conditions as may be prescribed by the SEBI, the RBI, the Government of India, the Stock Exchange, the ROC and any other authorities while granting their approval for the Issue.

Please note that in terms of SEBI Circular CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 (“SEBI 2015 Circular”) and SEBI ICDR Regulations, all the investors applying to this Issue shall use only Application Supported by Blocked Amount (ASBA) facility for making application providing details of their bank account which will be blocked by the SCSBs for the same. Further, pursuant to UPI Circulars, Retail Individual Investors applying in public issue may use either Application Supported by Blocked Amount (ASBA) facility or can use UPI as a payment mechanism for making application.

Further vide the SEBI 2015 Circular, the Registrar to the Issue and Depository Participants have also been authorised to collect the Application forms in addition to the SCSBs, Syndicate Members and Registered Brokers of Stock Exchanges. Investors may visit the official website of the concerned stock exchange for any information on operationalization of this facility of form collection by Registrar to the Issue and DPs as and when the same is made available.

Authority for the Issue

The present Issue of upto 51,00,000 Equity Shares has been authorized by a resolution of the Board of Directors of our Company at their meeting held on December 10, 2019 and was approved by the Shareholders of the Company by passing Special Resolution at the Extra Ordinary General Meeting held on December 23, 2019.

Ranking of Equity Shares

The Equity Shares being issued shall be subject to the provisions of the Companies Act, 2013 and our Memorandum and Articles of Association, SEBI ICDR Regulations, SEBI Listing Regulations, SCRA read with SCRR and shall rank *pari-passu* in all respects with the existing Equity Shares including in respect of the rights to receive dividends and other corporate benefits, if any, declared by us after the date of Allotment. For further details, please refer to the chapter titled “Main Provisions of the Articles of Association” beginning on page 307 of this Red Herring Prospectus.

Mode of Payment of Dividend

Our Company will pay dividend, if declared, to our Shareholders as per the provisions of Companies Act, the Articles of Association, the provisions of the SEBI LODR Regulations and any other rules, regulations or guidelines as may be issued by the Government of India in connection thereto. The recommendation and declaration of dividend will be by the Board of Directors and the Shareholders

at their discretion and will depend on a number of factors, including but not limited to earnings, capital requirements and overall financial condition of our Company. For further details, please refer to the chapter titled “*Dividend Policy*” and “*Main Provisions of the Articles of Association*” beginning on 178 and 305 of this Red Herring Prospectus.

Face Value, Issue Price and Price Band

The Equity Shares having a Face Value of Rs.10/- each and the Issue Price at the lower end of Price Band is Rs. [●] per Equity Share and at the higher end of the Price Band is Rs. [●] per Equity Share.

The Price Band and the minimum Bid Lot size for the Issue will be decided by our Company in consultation with the BRLM and advertised in all editions of the English national newspaper Business Standard, all editions of the Hindi national newspaper Business Standard, and Telugu edition of the Telugu newspaper Nava Telangana (Telugu being the regional language of Hyderabad, where the Registered Office of the Company is situated) each with wide circulation, at least two (2) Working Days prior to the Bid/Issue Opening Date and shall be made available to the Stock Exchange for the purpose of uploading the same on its website. The Price Band, along with the relevant financial ratios calculated at the Floor Price and at the Cap Price, shall be prefilled in the Bid cum Application Forms available on the website of the Stock Exchange. The Issue Price will be determined by our Company, in consultation with the BRLM, after the Bid/Issue Closing Date.

At any given point of time there shall be only one denomination of the Equity Shares of our Company, subject to applicable laws.

Compliance with SEBI ICDR Regulations

Our Company shall comply with all requirements of the SEBI ICDR Regulations. Our Company shall comply with all disclosure and accounting norms as specified by SEBI from time to time.

Rights of the Equity Shareholders

Subject to applicable laws, rules, regulations and guidelines and the Articles of Association, the equity shareholders shall have the following rights:

1. Right to receive dividend, if declared;
2. Right to receive annual reports & notices to members;
3. Right to attend general meetings and exercise voting rights, unless prohibited by law;
4. Right to vote on a poll either in person or by proxy, in accordance with the provisions of the Companies Act;
5. Right to receive offer for rights shares and be allotted bonus shares, if announced;
6. Right to receive surplus on liquidation, subject to any statutory and preferential claim being satisfied;
7. Right of free transferability of the Equity Shares; subject to applicable laws including any RBI Rules and Regulations; and
8. Such other rights, as may be available to a shareholder of a listed public limited company under the Companies Act, terms of the SEBI LODR Regulations and the Memorandum and Articles of Association of our Company.

For a detailed description of the main provisions of the Articles of Association of our Company relating to voting rights, dividend, forfeiture and lien, transfer, transmission and/or consolidation/splitting, please refer to chapter titled “*Main Provisions of Articles of Association*” beginning on page 307 of this Red Herring Prospectus.

Allotment only in Dematerialised Form

Pursuant to Section 29 of the Companies Act and the SEBI ICDR Regulations, the Equity Shares shall be Allotted only in dematerialised form. As per the SEBI ICDR Regulations, the trading of the Equity Shares shall only be in dematerialised form. Applicants will not have the option of Allotment of the Equity Shares in physical form.

In this context, two agreements have been signed amongst our Company, the respective Depositories and the Registrar to the Issue:

- Tripartite agreement dated February 27, 2019 amongst our Company, CDSL and the Registrar to the Issue; and
- Tripartite agreement dated March 20, 2019 between our Company, NDSL and the Registrar to the Issue.

Market Lot and Trading Lot

Since trading of the Equity Shares is in dematerialised form, the tradable lot is one Equity Share. Allocation and allotment of Equity Shares through this offer document will be only in electronic form in multiples of [●] Equity Share subject to a minimum allotment of [●] Equity Shares to the successful applicants.

For the method of Basis of Allotment, see “*Issue Procedure*” beginning on page 281 of this Red Herring Prospectus.

Minimum Number of Allottees

Further in accordance with Regulation 49(1) of the SEBI ICDR Regulations, the minimum number of allottees in this Issue shall be 1000 shareholders. In case the number of prospective allottees is less than 1000, no allotment will be made pursuant to this Issue and the amounts in the ASBA Account blocked by the SCSBs or the Sponsor Bank, as the case may be, shall be unblocked forthwith.

Joint Holders

Where two or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint holders with benefits of survivorship.

Nomination Facility to Bidder

In accordance with Section 72 of the Companies Act, 2013, read with Companies (Share Capital and Debentures) Rules, 2014, the sole or first applicant, along with other joint applicant, may nominate any one person in whom, in the event of the death of sole Applicant or in case of joint applicant, death of all the applicants, as the case may be, the Equity Shares allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at the Registered Office of our Company or to the Registrar and Transfer Agents of our Company.

Any Person who becomes a nominee by virtue of Section 72 of the Companies Act, 2013 shall upon the production of such evidence as may be required by the Board, elect either:

- to register himself or herself as the holder of the Equity Shares; or
- to make such transfer of the Equity Shares, as the deceased holder could have made

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the allotment of Equity Shares in this Issue will be made only in dematerialized form, there is no need to make a separate nomination with our Company. Nominations registered with the respective depository participant of the applicant would prevail. If the investors require changing the nomination, they are requested to inform their respective depository participant.

WITHDRAWAL OF THE OFFER

Our Company, in consultation with the Book Running Lead Manager, reserves the right not to proceed with the Issue after the Bid/Issue Opening Date but before the Allotment. In such an event, our Company would issue a public notice in the newspapers in which the pre-Issue advertisements were published, within two days of the Bid/Issue Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Issue. The Book Running Lead Manager through the Registrar to the Issue, shall notify the SCSBs and the Sponsor Bank, in case of RIBs using the UPI Mechanism, to unblock the bank accounts of the ASBA Bidders (other than Anchor Investors) shall notify the Escrow Collection Bank to release the Bid Amounts to the Anchor Investors, if any, within one Working Day from the date of receipt of such notification. Our Company shall also inform the same to the Stock Exchanges on which Equity Shares are proposed to be listed.

Notwithstanding the foregoing, the Issue is also subject to obtaining the final listing and trading approvals of the Stock Exchanges, which our Company shall apply for after Allotment and within such time period as prescribed under Applicable Law.

If our Company, in consultation with the Book Running Lead Manager, withdraw the Issue after the Bid/Issue Closing Date and thereafter determines that it will proceed with a public offering of the Equity Shares, our Company shall file a fresh Red Herring Prospectus with SEBI and the Stock Exchanges.

ISSUE PROGRAMME

Event	Indicative Date

Bid/Issue Closing Date	October 01, 2020**
Finalization of Basis of Allotment with the Designated Stock Exchange	On or about October 07, 2020
Unblocking of funds from ASBA Account	On or about October 08, 2020
Credit of Equity Shares to DEMAT Account of Allottee	On or about October 09, 2020
Commencement of trading of Equity Shares on the Stock Exchange	On or about October 12, 2020

*** Our Company may, in consultation with the Book Running Lead Manager, consider closing the Bid/Issue Period for QIBs one Working Day prior to the Bid/Issue Closing Date in accordance with the SEBI ICDR Regulations.*

The above timetable, other than the Bid/Issue Opening and Closing Date, is indicative and does not constitute any obligation on our Company and the BRLM. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 6 Working Days of the Bid/Issue Closing Date, the timetable may change due to various factors, such as extension of the Bid/Issue

Period by our Company, revision of the Price Band or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

The BRLM will be required to submit reports of compliance with timelines and activities prescribed by SEBI in connection with the allotment and listing procedure within six Working Days from the Bid/Issue Closing Date, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

Submission of Bids (other than Bids from Anchor Investors):

Bid/Offer Period (except the Bid/Offer Closing Date)	
Submission and Revision in Bids	Only between 10.00 a.m. and 5.00 p.m. (Indian Standard Time (“IST”))
Bid/Offer Closing Date	
Submission and Revision in Bids	Only between 10.00 a.m. and 3.00 p.m. IST

On the Bid/Issue Closing Date, the Bids shall be uploaded until:

- (a) 4.00 p.m. IST in case of Bids by QIB and Non-Institutional Bidders; and
- (b) 5.00 p.m. IST or such extended time as permitted by the Stock Exchanges, in case of Bids by Retail Individual Bidders.

On Bid/Issue Closing Date, extension of time will be granted by Stock Exchanges only for uploading Bids received by RIBs after taking into account the total number of Bids received and as reported by the Book Running Lead Manager to the Stock Exchanges.

It is clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, would be rejected.

Due to limitation of time available for uploading the Bids on the Bid/Issue Closing Date, the Bidders are advised to submit their Bids one day prior to the Bid/Issue Closing Date. All times mentioned in this Red Herring Prospectus are Indian Standard Times. Bidders are cautioned that in the event a large number of Bids are received on the Bid/Issue Closing Date, as is typically experienced in public issue, some Bids may not get uploaded due to lack of sufficient time. Such Bids that cannot be uploaded will not be considered for allocation under the Issue. Neither our Company nor the Book Running Book Running Lead Manager is liable for any failure in uploading the Bids due to faults in any software/hardware system or blocking of application amount by SCSBs on receipt of instructions from the Sponsor Bank due to any errors, omissions, or otherwise non-compliance by various parties involved in, or any other fault, malfunctioning or breakdown in the UPI Mechanism. Bids will only be accepted on Working Days. Investors may please note that as per letter no. List/smd/sm/2006 dated July 3, 2006 and letter no. NSE/IPO/25101- 6 dated July 6, 2006 issued by BSE and NSE respectively, Bids and any revision in Bids will be accepted only during Monday to Friday and shall not be accepted on Saturdays and public holidays as declared by the Stock Exchanges.

In case of any discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid cum Application Form, for a particular Bidder, the details as per the Bid file received from the Stock Exchanges shall be taken as the final data for the purpose of Allotment.

Our Company in consultation with the BRLM, reserves the right to revise the Price Band during the Bid/ Issue Period, provided that the Cap Price shall be less than or equal to 120% of the Floor Price and the Floor Price shall not be less than the face value of the Equity Shares. The revision in Price Band shall not exceed 20% on the either side i.e. the floor price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly.

In case of revision of the Price Band, the Bid/Issue Period will be extended for at least three additional Working Days after revision of Price Band subject to the Bid/ Issue Period not exceeding 10 Working Days. In cases of force majeure, banking strike or similar circumstances, our Company may, for reasons to be recorded in writing, extend the Bid/Issue Period for a minimum of three Working Days, subject to the Bid/Issue Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid/ Issue Period, if applicable, will be widely disseminated by notification to the Stock Exchanges, by issuing a press release and also by indicating the changes on the websites of the Book Running Lead Manager and at the terminals of the Syndicate Member and by intimation to Self-Certified Syndicate Banks (“SCSBs”), other Designated Intermediaries and the Sponsor Bank, as applicable.

In case of any discrepancy in the data entered in the electronic book vis-à-vis the data contained in the Bid cum Application Form, for a particular Bidder, the Registrar to the Issue shall ask for rectified data.

Minimum Subscription

In accordance with Regulation 45 of SEBI ICDR Regulations, the minimum subscription to be received in the Issue shall be at least ninety per cent of the Issue.

As per section 39 of the Companies Act, 2013 if the “stated minimum amount” has not been subscribed and the sum payable on application is not received within a period of 30 days from the date of Issue of Prospectus or such other period as may be specified by SEBI, the application money has to be returned within such period as may be prescribed.

If our Company does not receive the subscription of ninety per cent of this Issue through this Offer Document or withdrawal of the applications or after technical rejections, including devolvement of Underwriters within 60 (sixty) days from the date of closure of this Issue, if any or if the listing or trading permission is not obtained from the Stock Exchanges for the securities so offered under this Prospectus, our Company shall forthwith refund or unblock the entire subscription amount received. If there is a delay beyond fifteen (15) days after our Company becomes liable to pay the amount, our Company and every director of our Company who are officers in default, shall pay interest at the rate of fifteen per cent (15%) per annum.

Undersubscription, if any, in any category except the QIB portion, would be met with spill-over from the other categories at the discretion of our Company, in consultation with the Book Running Lead Manager and the Designated Stock Exchange.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Arrangements for disposal of odd lots

Since the Equity Shares will be traded in dematerialised form only, and the market lot for our Equity Shares will be one Equity Share, no arrangements for disposal of odd lots are required.

New Financial Instruments

Our Company is not issuing any new financial instruments through this Issue.

Application by eligible AIFs, NRIs, FPIs/FIIs or VCFs registered with SEBI

It is to be understood that there is no reservation for eligible AIFs, NRIs, FPIs/FIIs or VCF registered with SEBI. Such eligible AIFs, NRIs, FPIs/FIIs or VCF registered with SEBI will be treated on the same basis with other categories for the purpose of Allocation.

As per the extant policy of the Government of India, OCBs cannot participate in this Issue.

Reserve Bank of India vide notification no. S.O. 3732(E) dated October 17, 2019 issued the Foreign Exchange Management (Non-debt Instruments) Rules, 2019. The current provisions of the FEMA Rules, provides a general permission for the NRIs and FPIs registered with SEBI to invest in shares of Indian Companies by way of subscription in an IPO.

The Allotment of the Equity Shares to Non-Residents shall be subject to the conditions, if any, as may be prescribed by the Government of India / RBI while granting such approvals.

Restrictions on transfer and transmission of Equity Shares

Except for lock-in of the Pre- issue Equity Shares and Promoters' minimum contribution in the Issue as detailed in the chapter titled "*Capital Structure*" beginning on page 71 of this Red Herring Prospectus, and except as provided in the Articles of Association of our Company, there are no restrictions on transfers or transmission of Equity Shares and on their consolidation/ splitting. For further details please refer sub-heading "*Main Provisions of the Articles of Association*" on page 307 of this Red Herring Prospectus.

The above information is given for the benefit of the Applicants. The Applicants are advised to make their own enquiries about the limits applicable to them. Our Company and the BRLM do not accept any responsibility for the completeness and accuracy of the information stated hereinabove. Our Company and the BRLM are not liable to inform the investors of any amendments or modifications or changes in applicable laws or regulations, which may occur after the date of this Red Herring Prospectus. Applicants are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

Jurisdiction

Exclusive jurisdiction for the purpose of this Issue is with the competent courts/ authorities in Hyderabad, India.

The Equity Shares have not been and will not be registered under the U.S. Securities Act or any state securities laws in the United States and may not be offered or sold within the United States to, or for the account or benefit of "U.S. persons" (as defined in Regulation S), except pursuant to an exemption from or in a transaction not subject to, registration requirements of the U.S. Securities Act and applicable U.S. state Securities laws. ISSUE PROCEDURE

*All Bidders should read the “General Information Document for Investing in Public Issues” prepared and issued in accordance with the circular bearing number SEBI/HO/CFD/DIL1/CIR/P/2020/37 dated march 17, 2020 and the UPI Circulars (collectively, the “**General Information Document**”), which highlights the key rules, processes and procedures applicable to public issues in general in accordance with the provisions of the Companies Act, the SCRA, the SCRR and the SEBI ICDR Regulations. The General Information Document has been updated to reflect the enactments and regulations, to the extent applicable to a public issue. The General Information Document shall be made available on the websites of the Stock Exchanges and the Book Running Lead Manager before opening of the Issue. Please refer to the relevant provisions of the General Information Document which are applicable to the Issue especially in relation to the process for Bids by RIBs through the UPI Mechanism. The investors should note that the details and process provided in the General Information Document should be read along with this section.*

Additionally, all Bidders may refer to the General Information Document for information in relation to (i) category of investors eligible to participate in the Issue; (ii) maximum and minimum Bid size; (iii) who can bid; (iv) bids at different price levels; (v) Issuance of Confirmation of Allotment (“CAN”) and allotment in the Issue; (vi) designated date; (vii) submission of Bid cum Application Form; (viii) other instructions (limited to joint bids in cases of individuals, multiple bids and instances when an application would be rejected on technical grounds); (ix) disposal of applications; (x) payment instructions for Bidders applying through the ASBA process and Retail Individual Bidders applying through the UPI mechanism under the ASBA process; (xi) general instructions (limited to instructions for completing the Bid cum Application Form); (xii) Price discovery and allocation; (xiii) terms of payment; (xiv) method of allotment; (xv) modes of making refund; and (xvi) payment of interest in case of delay in dispatch of allotment letters/refund orders etc.

*Pursuant to the UPI Circulars, the UPI Mechanism has been proposed as an alternate payment mechanism and accordingly, a reduction in timelines for listing has been proposed in a phased manner. From January 1, 2019, the UPI Mechanism for RIIs applying through Designated Intermediaries (other than SCSBs) was made effective along with the then existing process and existing timeline of T+6 days (“**UPI Phase I**”). UPI Phase I continued until June 30, 2019. Thereafter, with effect from July 1, 2019, for applications by RIIs through Designated Intermediaries, the then existing process of physical movement of forms from Designated Intermediaries to SCSBs for blocking of funds has been discontinued and RIIs submitting their Application Forms through Designated Intermediaries (other than SCSBs) shall use only the UPI Mechanism with the existing timeline of T+6 days until the expiry of three months or floating of five main board public issues, whichever is later (“**UPI Phase II**”). Subsequently, by way of its circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019, SEBI extended the timeline for applicability of UPI Phase II till March 31, 2020, which has, pursuant to circular no. SEBI/HO/CFD/DIL2/CIR/P/2 dated March 30, 2020, been extended until further notice. Subsequently, the final reduced timeline of T+3 will be made effective using the UPI Mechanism for applications by RIIs (“**UPI Phase III**”), as may be prescribed by SEBI. Accordingly, the procedure set forth below is in accordance with UPI Phase II.*

Our Company, the Book Running Lead Manager and the members of the Syndicate do not accept any responsibility for the completeness and accuracy of the information stated in this section, and are not liable for any amendment, modification or change in the applicable law which may occur after the date of this Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that their Bids are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of the Equity Shares that can be held by them under applicable law or as specified in this Red Herring Prospectus, the Red Herring Prospectus and the Prospectus.

Further, our Company and the members of the Syndicate do not accept any responsibility for any adverse occurrences consequent to the implementation of the UPI Mechanism for application in the Issue.

Book Building Procedure

The Issue is being made through the Book Building Process in accordance with Regulation 6(1) of the SEBI ICDR Regulations, wherein not more than 50% of the Issue shall be allocated on a proportionate basis to QIBs. Our Company may, in consultation with the Book Running Lead Manager, allocate up to 60% of the QIB Portion to Anchor Investors at the Anchor Investor Allocation Price, on a discretionary basis in accordance with the SEBI ICDR Regulations, out of which one-third shall be available for allocation to domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. In the event of under-subscription, or non-allocation in the Anchor Investor Portion, the balance Equity Shares shall be added to the QIB Portion. Further, 5% of the QIB Portion (excluding the Anchor Investor Portion) shall be available for allocation on a proportionate basis only to Mutual Funds, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIB Bidders other than Anchor Investors, including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 15% of the Issue shall be available for allocation to Non-Institutional Bidders and not less than 35% of the Issue shall be available for allocation to RIBs in accordance with SEBI ICDR Regulations, subject to valid Bids being received at or above the Issue Price.

Subject to valid Bids being received at or above the Issue Price, under-subscription, if any, in any category except in the QIB Portion, would be allowed to be met with spill-over from any other category or combination of categories, at the discretion of our Company in consultation with the Book Running Lead Manager and the Designated Stock Exchange and subject to applicable laws.

The Equity Shares, on Allotment, shall be traded only in the dematerialised segment of the Stock Exchanges.

Bidders should note that the Equity Shares will be Allotted to all successful Bidders only in dematerialised form. The Bid cum Application Forms, which do not have the details of the Bidders' depository account, including DP ID, Client ID, UPI ID (in case of RIBs using the UPI Mechanism) and PAN, shall be treated as incomplete and will be rejected. Bidders will not have the option of being allotted Equity Shares in physical form.

Phased implementation of UPI for Bids by RIBs as per the UPI Circulars

SEBI has issued UPI Circulars in relation to streamlining the process of public issue of equity shares and convertibles by introducing an alternate payment mechanism using UPI. Pursuant to the UPI Circulars, UPI has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under the ASBA) for applications by RIBs through intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment mechanism, the UPI Circulars have introduced and implemented the UPI payment mechanism in three phases in the following manner:

- a) **Phase I:** This phase was applicable from January 1, 2019 until March 31, 2019 or floating of five main board public issues, whichever is later. Subsequently, the timeline for implementation of Phase I was extended until June 30, 2019. Under this phase, a RIB also had the option to submit the ASBA Form with any of the intermediary and use his / her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing would continue to be six Working Days.
- b) **Phase II:** This phase has become applicable from July 1, 2019 and will continue until further notice. Under this phase, submission of the physical ASBA Form by a RIB through intermediaries to SCSBs for blocking of funds has been discontinued and replaced by the UPI payment mechanism. However, the time duration from public issue closure to listing continued to be six Working Days during this phase. Bids in the Issue may be made under Phase II or Phase III.
- c) **Phase III:** The commencement period of Phase III is yet to be notified. In this phase, the time duration from public issue closure to listing would be reduced to be three Working Days.

All SCSBs offering facility of making application in public issues shall also provide facility to make application using UPI. The issuers are to appoint one of the SCSBs as a sponsor bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the RIBs using the UPI mechanism.

For further details, refer to the General Information Document available on the websites of the Stock Exchanges and the Book Running Lead Manager.

Bid cum Application Form

Copies of the Bid cum Application Form (other than for Anchor Investors) and the abridged prospectus will be available with the Designated Intermediaries at the relevant Bidding Centres and at our Registered Office. An electronic copy of the Bid cum Application Form will also be available for download on the websites of NSE (www.nseindia.com) and BSE (www.bseindia.com) at least one day prior to the Bid / Issue Opening Date.

All Bidders (other than Anchor Investors) shall mandatorily participate in the Issue only through the ASBA process. ASBA Bidders must provide either (i) the bank account details and authorisation to block funds in their respective ASBA Form, or (ii) the UPI ID (in case of RIBs), as applicable, in the relevant space provided in the ASBA Form. The ASBA Forms that do not contain such details will be rejected. Applications made by the RIBs using third party bank account or using third party linked bank account UPI ID are liable for rejection. Anchor Investors are not permitted to participate in the Issue through the ASBA process.

ASBA Bidders shall ensure that the Bids are made on ASBA Forms bearing the stamp of the Designated Intermediary, submitted at the Bidding Centres only (except in case of electronic ASBA Forms) and the ASBA Forms not bearing such specified stamp are liable to be rejected. RIBs using UPI Mechanism, shall submit their ASBA Forms with Syndicate Members, Registered Brokers, RTA or Depository Participants. ASBA Bidders are also required to ensure that the ASBA Account has sufficient credit balance as an amount equivalent to the full Bid Amount which can be blocked by the SCSB.

For Anchor Investor, the Anchor Investor Application Form will be available at the offices of the Book Running Lead Manager. The prescribed colour of the Bid cum Application Form for the various categories is as follows:

Category	Colour of Bid cum Application Form*
Resident Indians, including QIBs, Non-institutional Investors and Retail Individual Investors, each resident in India and Eligible NRIs applying on a non-repatriation basis	White
Non-Residents including Eligible NRIs, their sub-accounts (other than sub-accounts which are foreign corporates or foreign individuals under the QIB Portion), FPIs or FVCIs registered multilateral and bilateral development financial institutions applying on a repatriation basis	Blue
Anchor Investors**	White

* *Excluding electronic Bid cum Application Form*

** *Bid cum Application Forms for Anchor Investors will be made available at the office of the Book Running Lead Managers.*

Electronic Bid cum Application forms will also be available for download on the website of NSE (www.nseindia.com) and BSE (www.bseindia.com).

The Designated Intermediaries (other than SCSBs) shall submit/deliver the Bid cum Application Form to the respective SCSB, where the Bidder has a bank account and shall not submit it to any non-SCSB bank or any Escrow Bank. Further, SCSBs shall upload the relevant Bid details (including UPI ID in case of ASBA Forms under the UPI Mechanism) in the electronic bidding system of the Stock Exchanges. Stock Exchanges shall validate the electronic bids with the records

of the CDP for DP ID/Client ID and PAN, on a real time basis and bring inconsistencies to the notice of the relevant Designated Intermediaries, for rectification and re-submission within the time specified by Stock Exchanges. Stock Exchanges shall allow modification of either DP ID/Client ID or PAN ID, bank code and location code in the Bid details already uploaded.

For RIBs using UPI mechanism, the Stock Exchanges shall share the bid details (including UPI ID) with Sponsor Bank on a continuous basis to enable the Sponsor Bank to initiate UPI Mandate Request to RIBs for blocking of funds. The Sponsor Bank shall initiate request for blocking of funds through NPCI to RIBs, who shall accept the UPI Mandate Request for blocking of funds on their respective mobile applications associated with UPI ID linked bank account. The NPCI shall maintain an audit trail for every bid entered in the Stock Exchanges bidding platform, and the liability to compensate RIBs (using the UPI Mechanism) in case of failed transactions shall be with the concerned entity (i.e. the Sponsor Bank, NPCI or the Bankers to the Issue) at whose end the lifecycle of the transaction has come to a halt. The NPCI shall share the audit trail of all disputed transactions/ investor complaints to the Sponsor Banks and the Bankers to the Issue. The BRLMs shall also be required to obtain the audit trail from the Sponsor Banks and the Bankers to the Issue for analysing the same and fixing liability.

Participation by Promoters, Promoter Group, the Book Running Lead Manager, the Syndicate Members and persons related to Promoters/Promoter Group/the Book Running Lead Manager

The Book Running Lead Manager and the Syndicate Members shall not be allowed to purchase Equity Shares in this Issue in any manner, except towards fulfilling their underwriting obligations. However, the associates and affiliates of the Book Running Lead Manager and the Syndicate Members may Bid for Equity Shares in the Issue, either in the QIB Portion or in the Non-Institutional Portion as may be applicable to such Bidders, where the allocation is on a proportionate basis, and such subscription may be on their own account or on behalf of their clients. All categories of investors, including associates or affiliates of the Book Running Lead Manager and Syndicate Members, shall be treated equally for the purpose of allocation to be made on a proportionate basis.

Except as stated below, neither the Book Running Lead Manager nor any associate of the Book Running Lead Manager can apply in the Issue under the Anchor Investor Portion:

- (i) mutual funds sponsored by entities which are associate of the Book Running Lead Manager;
- (ii) insurance companies promoted by entities which are associate of the Book Running Lead Manager;
- (iii) AIFs sponsored by the entities which are associate of the Book Running Lead Manager;
or
- (iv) FPIs (other than individuals, corporate bodies and family offices) sponsored by the entities which are associate of the Book Running Lead Manager.

Further, the Promoters and members of the Promoter Group shall not participate by applying for Equity Shares in the Issue. Further, persons related to the Promoters and Promoter Group shall not apply in the Issue under the Anchor Investor Portion. A qualified institutional buyer who has any of the following rights in relation to the Company shall be deemed to be a person related to the Promoters or Promoter Group of our Company:

- (i) rights under a shareholders' agreement or voting agreement entered into with the Promoters or Promoter Group of our Company;
- (ii) veto rights; or
- (iii) right to appoint any nominee director on our Board.

Further, an Anchor Investor shall be deemed to be an "associate of the BRLM" if:

- (i) either of them controls, directly or indirectly through its subsidiary or holding company, not less than 15% of the voting rights in the other; or
- (ii) either of them, directly or indirectly, by itself or in combination with other persons, exercises control over the other; or
- (iii) there is a common director, excluding nominee director, amongst the Anchor Investors and the Book Running Lead Manager.

There shall be a lock-in of 30 days on the shares allotted to the anchor investors from the date of allotment.

Bids by Mutual Funds

With respect to Bids by Mutual Funds, a certified copy of their SEBI registration certificate must be lodged along with the Bid cum Application Form. Failing this, our Company, in consultation with the Book Running Lead Manager, reserve the right to reject any Bid without assigning any reason thereof, subject to applicable law.

Bids made by asset management companies or custodians of Mutual Funds shall specifically state names of the concerned schemes for which such Bids are made.

In case of a Mutual Fund, a separate Bid can be made in respect of each scheme of the Mutual Fund registered with SEBI and such Bids in respect of more than one scheme of the Mutual Fund will not be treated as multiple Bids provided that the Bids clearly indicate the scheme concerned for which such Bid has been made.

No Mutual Fund scheme shall invest more than 10% of its NAV in equity shares or equity-related instruments of any single company, provided that the limit of 10% shall not be applicable for investments in case of index funds or sector or industry specific schemes. No Mutual Fund under all its schemes should own more than 10% of any company's paid-up share capital carrying voting rights.

Bids by Eligible NRIs

Eligible NRIs Bidding on non-repatriation basis are advised to use the Bid cum Application Form for residents (white in colour). Eligible NRIs Bidding on a repatriation basis are advised to use the Bid cum Application Form meant for Non-Residents (blue in colour).

Eligible NRIs may obtain copies of Bid cum Application Form from the office of BRLM and Designated Intermediaries. Eligible NRI Bidders Bidding on a repatriation basis by using the Non-Resident Forms should authorize their SCSB (if they are Bidding directly through the SCSB) or confirm or accept the UPI Mandate Request (in case of RIBs Bidding through the UPI Mechanism) to block their Non-Resident External (“**NRE**”) accounts, or Foreign Currency Non-Resident (“**FCNR**”) Accounts, and eligible NRI Bidders Bidding on a non-repatriation basis by using Resident Forms should authorize their respective SCSBs (if they are Bidding directly through SCSB) or confirm or accept the UPI Mandate Request (in case of RIBs Bidding through the UPI Mechanism) to block their Non-Resident Ordinary (“**NRO**”) accounts for the full Bid Amount, at the time of the submission of the Bid cum Application Form. Participation of Eligible NRIs in the Issue shall be subject to the FEMA.

NRIs will be permitted to apply in the Issue through Channel I or Channel II (as specified in the UPI Circular). Further, subject to applicable law, NRIs may use Channel IV (as specified in the UPI Circular) to apply in the Issue, provided the UPI facility is enabled for their NRE/ NRO accounts.

For details of restrictions on investment by NRIs, see “*Restrictions on Foreign Ownership of Indian Securities*” beginning on page 306 of this Red Herring Prospectus.

Participation of Eligible NRIs in the Issue shall be subject to the FEMA.

Bids by HUFs

Bids by Hindu Undivided Families or HUFs should be made, in the individual name of the *Karta*. The Bidder/applicant should specify that the Bid is being made in the name of the HUF in the Bid cum Application Form/Application Form as follows: “Name of sole or first Bidder/applicant: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the *Karta*”. Bids/Applications by HUFs may be considered at par with Bids/Applications from individuals.

Bids by FPIs

In terms of the SEBI FPI Regulations, the issue of Equity Shares to a single FPI or an investor group (which means the same set of ultimate beneficial owner(s) investing through multiple entities) must be below 10% of our post-Issue Equity Share capital on a fully diluted basis.

Further, in terms of the FEMA Rules, the total holding by each FPI shall be less than 10% of the total paid-up Equity Share capital of our Company and the total holdings of all FPIs put together shall not exceed 24% of the paid-up Equity Share capital of our Company. The said limit of 10% and 24% will be called the individual and aggregate limit, respectively. Bids by FPIs submitted

under the multiple investment managers structure with the same PAN but with different beneficiary account numbers, Client ID and DP ID may not be treated as multiple Bids.

In terms of the relevant FEMA Rules, in case the total holding of an FPI increases beyond 10% of the total paid-up Equity Share capital of our Company, on a fully diluted basis or 10% or more of the paid-up value of any series of debentures or preference shares or share warrants issued that may be issued by our Company, the total investment made by the FPI will be re-classified as FDI subject to the conditions as specified by SEBI and the RBI in this regard and our Company and the investor will be required to comply with applicable reporting requirements.

With effect from the April 1, 2020, the aggregate limit shall be the sectoral caps applicable to the Indian company as prescribed in the FEMA Rules with respect to its paid-up equity capital on a fully diluted basis. The aggregate limit as provided above may be decreased by the Indian company concerned to a lower threshold limit of 24% or 49% or 74% as deemed fit, with the approval of its board of directors and its shareholders through a resolution and a special resolution, respectively before March 31, 2020. The Indian company which has decreased its aggregate limit to 24% or 49% or 74%, may increase such aggregate limit to 49% or 74% or the sectoral cap or statutory ceiling respectively as deemed fit, with the approval of its board of directors and its shareholders through a resolution and a special resolution, respectively. However, once the aggregate limit has been increased to a higher threshold, the Indian company cannot reduce the same to a lower threshold.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

FPIs who wish to participate in the Issue are advised to use the Bid cum Application Form for non-residents. Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI may issue or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it that are listed or proposed to be listed on any recognised stock exchange in India, as its underlying) directly or indirectly, only if (i) such offshore derivative instruments are issued only by persons registered as Category I FPIs; (ii) such offshore derivative instruments are issued only to persons eligible for registration as Category I FPIs; (iii) such offshore derivative instruments are issued after compliance with 'know your client' norms, and; and (iv) compliance with other conditions as may be prescribed by SEBI.

An FPI issuing offshore derivative instruments is also required to ensure that any transfer of offshore derivative instruments issued by or on its behalf, is carried out subject to *inter alia* the following conditions:

- (a) such offshore derivative instruments are transferred only to persons in accordance with Regulation 22(1) of the SEBI FPI Regulations; and
- (b) prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred to are pre-approved by the FPI.

Further, Bids received from FPIs bearing the same PAN shall be treated as multiple Bids and are liable to be rejected, except for Bids from FPIs that utilize the multiple investment manager structure in accordance with the Operational Guidelines for Foreign Portfolio Investors and Designated Depository Participants which were issued in November 2019 to facilitate implementation of SEBI FPI Regulations (such structure “**MIM Structure**”) provided such Bids have been made with different beneficiary account numbers, Client IDs and DP IDs. Accordingly, it should be noted that multiple Bids received from FPIs, who do not utilize the MIM Structure, and bear the same PAN, are liable to be rejected. In order to ensure valid Bids, FPIs making multiple Bids using the same PAN, and with different beneficiary account numbers, Client IDs and DP IDs, are required to provide a confirmation along with each of their Bid cum Application Forms that the relevant FPIs making multiple Bids utilize the MIM Structure and indicate the names of their respective investment managers in such confirmation. In the absence of such confirmation from the relevant FPIs, such multiple Bids shall be rejected.

Participation of FPIs in the Issue shall be subject to the FEMA Rules.

Bids under Power of Attorney

In case of Bids made pursuant to a power of attorney by limited companies, corporate bodies, registered societies, eligible FPIs, AIFs, Mutual Funds, NBFC-SI, insurance companies, insurance funds set up by the army, navy or air force of India, insurance funds set up by the Department of Posts, India or the National Investment Fund and provident funds with a minimum corpus of Rs. 2500 Lakhs and pension funds with a minimum corpus of Rs. 2500 Lakhs (in each case, subject to applicable law and in accordance with their respective constitutional documents), a certified copy of the power of attorney or the relevant resolution or authority, as the case may be, along with a certified copy of the memorandum of association and articles of association and/or bye laws, as applicable must be lodged along with the Bid cum Application Form. Failing this, our Company reserves the right to accept or reject any Bid in whole or in part, in either case, without assigning any reasons thereof.

Our Company, in consultation with the Book Running Lead Manager, in their absolute discretion, reserve the right to relax the above condition of simultaneous lodging of the power of attorney along with the Bid cum Application Form.

Bids by SEBI registered VCFs, AIFs and FVCIs

The SEBI FVCI Regulations, *inter alia*, prescribe the investment restrictions on VCFs and FVCIs registered with SEBI. Further, the SEBI AIF Regulations prescribe, amongst others, the investment restrictions on AIFs. Accordingly, the holding in any company by any individual VCF or FVCI registered with SEBI should not exceed 25% of the investible funds of the VCF or FVCI. Further, VCFs and FVCIs can invest only up to 33.33% of the investible funds in various prescribed instruments, including in public offerings.

Category I AIFs and Category II AIFs cannot invest more than 25% of the investible funds in one investee company. A category III AIF cannot invest more than 10% of the investible funds in one

investee company. A VCF registered as a Category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than one-third of its investible funds by way of subscription to an initial public offering of a venture capital undertaking. Pursuant to the repeal of the SEBI VCF Regulations, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations until the existing fund or scheme managed by the fund is wound up and such fund shall not launch any new scheme after the notification of the SEBI AIF Regulations. Our Company and the Book Running Lead Manager will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

Participation of VCFs, AIFs or FVCIs in the Issue shall be subject to the FEMA Rules.

All non-resident investors should note that refunds (in case of Anchor Investors), dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

Bids by Limited Liability Partnerships

In case of Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the Book Running Lead Manager, reserves the right to reject any Bid without assigning any reason thereof.

Bids by Banking Companies

In case of Bids made by banking companies registered with the RBI, certified copies of (i) the certificate of registration issued by the RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the Book Running Lead Manager, reserves the right to reject any Bid without assigning any reason thereof, subject to applicable law.

The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, 1949, as amended, (the “**Banking Regulation Act**”), and the Master Directions - Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended, is 10% of the paid-up share capital of the investee company, not being its subsidiary engaged in non-financial services, or 10% of the bank's own paid-up share capital and reserves, whichever is lower. Further, the aggregate investment by a banking company in subsidiaries and other entities engaged in financial services company cannot exceed 20% of the investee company's paid up share capital and reserves. However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid-up share capital of such investee company if (i) the investee company is engaged in non-financial activities permitted for banks in terms of Section 6(1) of the Banking Regulation Act, or (ii) the additional acquisition is through restructuring of debt or to protect the bank's interest on loans/investments made to a company.

Bids by SCSBs

SCSBs participating in the Issue are required to comply with the terms of the circulars bearing numbers CIR/CFD/DIL/12/2012 and CIR/CFD/DIL/1/2013 dated September 13, 2012 and January 2, 2013, respectively, issued by SEBI. Such SCSBs are required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBs. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for such applications.

Bids by Insurance Companies

In case of Bids made by insurance companies registered with the IRDAI, a certified copy of certificate of registration issued by IRDAI must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the Book Running Lead Manager, reserves the right to reject any Bid without assigning any reason thereof, subject to applicable law.

The exposure norms for insurers are prescribed under the Insurance Regulatory and Development Authority of India (Investment) Regulations, 2016, as amended ("**IRDAI Investment Regulations**"), based on investments in the equity shares of a company, the entire group of the investee company and the industry sector in which the investee company operates. Insurance companies participating in the Issue are advised to refer to the IRDAI Investment Regulations for specific investment limits applicable to them and shall comply with all applicable regulations, guidelines and circulars issued by IRDAI from time to time.

Names of entities responsible for finalizing the basis of allotment in a fair and proper manner

The authorized employees of the Stock Exchanges, along with the Book Running Lead Manager and the Registrar, shall ensure that the Basis of Allotment is finalized in a fair and proper manner in accordance with the procedure specified in SEBI ICDR Regulations.

Method of allotment as may be prescribed by SEBI from time to time

Our Company will not make any allotment in excess of the Equity Shares offered through the Issue through the Offer Document except in case of oversubscription for the purpose of rounding off to make allotment, in consultation with the Designated Stock Exchange. Further, upon oversubscription, an allotment of not more than 1% of the Net Issue to public may be made for the purpose of making allotment in minimum lots.

The allotment of Equity Shares to applicants other than to the RIBs and Anchor Investors shall be on a proportionate basis within the respective investor categories and the number of securities allotted shall be rounded off to the nearest integer, subject to minimum allotment being equal to the minimum application size as determined and disclosed.

The allotment of Equity Shares to each RIB shall not be less than the minimum bid lot, subject to the availability of shares in RIB category, and the remaining available shares, if any, shall be allotted on a proportionate basis.

Payment into Anchor Investor Escrow Account

Our Company, in consultation with the Book Running Lead Manager will decide the list of Anchor Investors to whom the CAN will be sent, pursuant to which, the details of the Equity Shares allocated to them in their respective names will be notified to such Anchor Investors. Anchor Investors are not permitted to Bid through the ASBA process. Instead, the payment instruments for payment into the Anchor Investor Escrow Account should be drawn in favour of:

- (a) In case of resident Anchor Investors: “Escrow Account – Likhitha Infrastructure Limited IPO – Anchor Investor - R”
- (b) In case of Non-Resident Anchor Investors: “Escrow Account – Likhitha Infrastructure Limited IPO – Anchor Investor - R”

Anchor Investors should note that the escrow mechanism is not prescribed by SEBI and has been established as an arrangement between our Company, the Syndicate, the Escrow Collection Bank and the Registrar to the Issue to facilitate collections of Bid amounts from Anchor Investors.

Pre-Issue Advertisement

Subject to Section 30 of the Companies Act, our Company shall, after filing the Red Herring Prospectus with the RoC, publish a pre-Issue advertisement, in the form prescribed under the SEBI ICDR Regulations, in all editions of English national daily newspaper, Business Standard, all editions of Hindi national daily newspaper, Business Standard and Telugu edition of the Telugu daily newspaper Nava Telangana (Telugu being the regional language of Hyderabad, where our Registered Office is located).

In the pre-Issue advertisement, we shall state the Bid/Issue Opening Date and the Bid/Issue Closing Date. This advertisement, subject to the provisions of Section 30 of the Companies Act, shall be in the format prescribed in Part A of Schedule X of the SEBI ICDR Regulations.

Allotment Advertisement

Our Company, the BRLM and the Registrar shall publish an allotment advertisement before commencement of trading, disclosing the date of commencement of trading in all editions of English national daily newspaper, Business Standard, all editions of Hindi national daily newspaper, Business Standard and Telugu edition of the Telugu daily newspaper Nava Telangana (Telugu being the regional language of Hyderabad, where our Registered Office is located).

The information set out above is given for the benefit of the Bidders/applicants. Our Company and the Book Running Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Red Herring Prospectus. Bidders/applicants are advised to make their independent investigations and ensure that the number of Equity Shares Bid for do not exceed the prescribed limits under applicable laws or regulations.

Signing of the Underwriting Agreement and Filing with the ROC

- (a) Our Company and the Underwriters shall enter into an Underwriting Agreement at any time after the finalization of the Issue Price but prior to the date of the Prospectus.
- (b) After signing the Underwriting Agreement, an updated Red Herring Prospectus will be filed with the ROC in accordance with applicable law, which would then be termed as the Prospectus. The Prospectus will contain details of the Issue Price, the Anchor Investor Issue Price (if applicable), the Issue size, and underwriting arrangements and will be complete in all material respects.

Impersonation

Attention of the applicants is specifically drawn to the provisions of sub-section (1) of Section 38 of the Companies Act, which is reproduced below:

“Any person who:

makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or

makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or

otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name,

shall be liable for action under Section 447.”

The liability prescribed under Section 447 of the Companies Act, for fraud involving an amount of at least Rs. 10 Lakhs or 1% of the turnover of the Company, whichever is lower, includes imprisonment for a term which shall not be less than six months extending up to 10 years and fine of an amount not less than the amount involved in the fraud, extending up to three times such amount.

Undertakings by our Company

Our Company undertakes the following:

- the complaints received in respect of the Issue shall be attended to by our Company expeditiously and satisfactorily;
- all steps for completion of the necessary formalities for listing and commencement of trading at all the Stock Exchanges where the Equity Shares are proposed to be listed are taken within six Working Days of the Bid/Issue Closing Date or within such other time period prescribed by SEBI will be taken;
- the funds required for making refunds/unblocking (to the extent applicable) as per the mode(s) disclosed shall be made available to the Registrar to the Issue by our Company;
- if Allotment is not made within six Working Days from the Bid/Issue Closing Date or such other prescribed timelines under applicable laws, the entire subscription amount received will be refunded/unblocked within the time prescribed under applicable laws. If there is a delay beyond such prescribed time, our Company shall pay interest prescribed under the Companies Act, the SEBI ICDR Regulations and other applicable laws for the delayed period;
- where refunds (to the extent applicable) are made through electronic transfer of funds, a suitable communication shall be sent to the applicant within time prescribed under applicable laws, giving details of the bank where refunds shall be credited along with amount and expected date of electronic credit of refund;
- the Promoter's contribution, if any, shall be brought in advance before the Bid/Issue Opening Date and the balance, if any, shall be brought in on a pro rata basis before calls are made on the Allottees, in accordance with the applicable provisions of the SEBI ICDR Regulations;
- that if our Company does not proceed with the Issue after the Bid/Issue Closing Date but prior to Allotment, the reason thereof shall be given as a public notice within two days of the Bid/Issue Closing Date. The public notice shall be issued in the same newspapers where the pre-Issue advertisements were published. The Stock Exchanges shall be informed promptly;
- that if the Issue is withdrawn after the Bid/Issue Closing Date, our Company shall be required to file a fresh Offer Document with SEBI, in the event a decision is taken to proceed with the Issue subsequently;

- that our Company shall not have recourse to the Net Proceeds until the final approval for listing and trading of the Equity Shares from all the Stock Exchanges where listing is sought has been received
- No further issue of the Equity Shares shall be made till the Equity Shares offered through the Red Herring Prospectus are listed or until the Bid monies are refunded/unblocked in the relevant ASBA Accounts on account of non-listing, under- subscription, etc.; and
- adequate arrangements shall be made to collect all Bid cum Application Forms from Bidders and to consider them similar to non-ASBA applications while finalizing the basis of allotment.

Utilization of Issue Proceeds

The board of directors of the Company declare that:

- all monies received out of the Issue shall be credited/transferred to a separate bank account other than the bank account referred to in sub-section (3) of Section 40 of the Companies Act;
- details of all monies utilized out of the Issue shall be disclosed, and continue to be disclosed till the time any part of the Net Proceeds remains unutilized, under an appropriate separate head in the balance sheet of our Company indicating the purpose for which such monies have been utilized; and
- details of all unutilized monies out of the Issue, if any shall be disclosed under an appropriate separate head in the balance sheet of our Company indicating the form in which such unutilized monies have been invested.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is governed by the provisions of the FEMA Rules. Foreign investment is permitted (except in the prohibited sectors) in Indian companies, either through the automatic route or the approval route, depending upon the sector in which foreign investment is sought to be made. The DIPP makes policy announcements on FDI through press notes and press releases. In case of any conflict, the FEMA Rules prevail. The regulatory framework, over a period of time, thus, consists of acts, regulations, press notes, press releases, and clarifications among other amendments. The consolidated FDI policy circular of 2017, dated August 28, 2017 issued by the DIPP (“FDI Circular”) consolidates the policy framework which was in force as on August 28, 2017 and reflects the FDI Policy as on August 28, 2017. Further, the FDI Circular consolidates and subsumes all the press notes, press releases, and clarifications on FDI issued by DIPP. As per the FDI Circular the cap for foreign investment in petroleum and natural gas industry, is 100% under the automatic route. However, downstream investments by a resident entity which is ‘foreign-owned and controlled’ within the meaning of the FDI Circular are treated as foreign investment for the purposes of the FDI Circular.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the RBI or any other relevant authority, provided that (i) the activities of the investee company are under the automatic route under the FDI Circular and the transfer does not attract the provisions of the SEBI Takeover Regulations; (ii) the non-resident shareholding is within the sectoral limits under the FDI Circular; and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI and RBI.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue.

The Equity Shares have not been and will not be registered under the U.S. Securities Act of 1933, or any state securities laws in the United States, and, unless so registered, may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state securities laws in the United States. Accordingly, the Equity Shares are being offered only outside the United States in offshore transactions in compliance with Regulation S under the Securities Act and the applicable laws of the jurisdiction where those offers and sales occur.

Investors are advised to confirm their eligibility under the relevant laws before investing and / or subsequent purchase or sale transaction in the Equity Shares of our Company. Investors cannot offer, sell, pledge or transfer the Equity Shares of our Company to any person who is not eligible under applicable laws, rules, regulations, guidelines. Our Company, the Underwriters and their respective directors, officers, agents, affiliates and representatives, as applicable, accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire Equity Shares of our Company.

The above information is given for the benefit of the Applicants. Our Company and the Book Running Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Red Herring Prospectus. Applicants are advised to make their independent investigations and ensure that the Applications are not in violation of laws or regulations applicable to them and do not exceed the applicable limits under the laws and regulations.
