Union Budget & Agriculture Sector

The **Union Budget 2023** has brought up following to the Agriculture sector:

- The Agriculture credit target expanded to Rs. 20 Lakh Crore.
- The government intends to implement a cluster-based approach and encourage cooperation between farmers, the state, and industry in order to facilitate the supply of inputs, provide extension services, and establish market connections. This collaborative approach is seen as a means of promoting sustainable growth and development in the agriculture sector. By working together, farmers, the state, and industry can collectively address challenges and create opportunities for improvement in the sector.
- The government has created the Agriculture Accelerator Fund to support young professionals in launching agriculture startups that provide affordable solutions to farmers' challenges and increase productivity and profitability with modern technology.
- It is planned that over a period of three years, assistance will be provided to one crore farmers to adopt natural farming methods. Additionally, 10,000 bio input resource centers will be established

Product launch

The company is active in the business of processing Groundnut, Onion, Coriander, Cumin, Rajka, Gram, Wheat, Sesame and other agricultural seeds. The company also advises farmers on how to increase productivity. It is the country's only specialty seed company with a wide portfolio of over 150 crop seeds.

The Company is now ready and delighted to announce the launch of its new Product. On **February 17, 2023**, The Company is entering into the **Cotton Seed** Market and the promoters are confident that launch of Cotton Seed under Brand name Bombay Super will definitely be beneficial to the Company as well as stakeholders of the Company.

Further, The Promoters of the Company are grateful to its investors for their integral trust in the Operation and business of Bombay Super Hybrid Seeds Limited.
