**To**  
**The Manager- Listing Compliance**  
**National Stock Exchange India Limited**  
**Exchange Plaza, Plot No. C/1, G Block,**  
**Bandra Kurla complex, Bandra (E), Mumbai 400051.**

**Subject:** Investor Presentation-March 2022.

**Ref:** Reg. 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

**Scrip Code: KSOLVES; ISIN: INE0D6I01015**

Dear Sir/Madam

With reference to the above-captioned subject, please find herewith, enclosed the Investor Presentation by the Company. The aforesaid Investor Presentation is also being disseminated on Company's website at <https://www.ksolves.com/>

This is for your information and records.

**For Ksolves India Limited**

**Manisha Kide**  
**Company Secretary & Compliance Officer**

Investor Presentation March 2022

# Overview

# Overview

---

1

A globally trusted technology partner with strong capabilities & proven track record in **Information Technology services**. It also has market leading **proprietary products suit**.

2

A team of **360+ developers** & architects and **30+ running clients** across **14 countries** with our Offices in the USA, India & East Africa.

3

**Odoo** Silver Partner, **Adobe** Bronze Partner, **Salesforce** Ridge (Silver) Partner and **Drupal** Association Supporting Partner. Certified for level 3 of the **Capability Maturity Model integration (CMMI)**

4

Ksolves follows the Asset light model, resulting in a very high ROA & dividend yield. Company has **negligible debt**. Ksolves **aspires to return ~70%** of the free cash flow (FCF) generated via **Dividend or Buybacks** to Equity shareholders and has returned >90% FCF in last two years.

# Business Outlook

1

Along with Q3 results, company gave guidance of 14+% QnQ sequential growth for Q4 FY21-22. Projected FY21-22 **full year topline growth of ~65-70% over FY20-21**. Very high mid term visibility on growth momentum sustenance.

2

Ksolves recently had Salesforce partnership status upgraded to **Silver (Ridge)**. This will help in deal momentum in key business domain of Salesforce in coming quarters.

3

Relentless cost pressure of wage hike and attrition in overall Industry is being mitigated by increased utilization percentage, billing rate revisions for legacy clients as well increase of general billing rates by focusing on high end niche technologies. Hopeful of **maintaining Industry leading Operating margin profile of >40%**.

4

Investing heavily in building top class teams via lateral hires in **key focus areas of Data Sciences/Big Data/AI & ML** as well as Onshore presence of Sales and Client Management teams.

# Business Focus Ahead

1

Aiming for hybrid delivery model by aiming to open onshore delivery centers in **North America** and **Europe**. Covid era posed operational challenges which delayed execution on this front but it remains a key focus area for next 12-18 months time frame.

2

Target **Enterprise Customers** by leveraging techno-functional expertise of senior lateral hires in different industries.

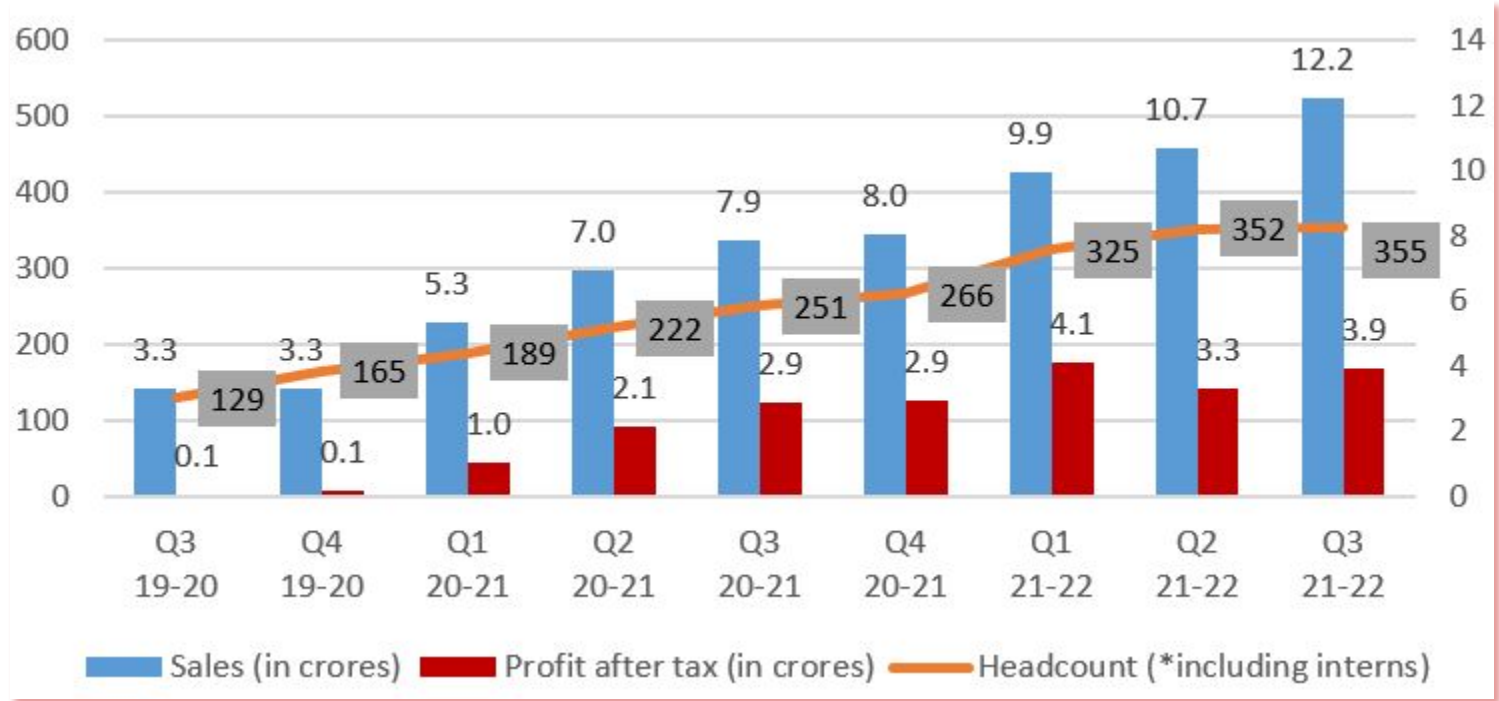

3

To maintain hyper revenue growth path by focusing on **non-linear and scalable levers** while maintaining **Industry leading profitability**. Continued focus on **increasing revenue per employee** by upgrading technology mix of projects as well higher billing projects.

4

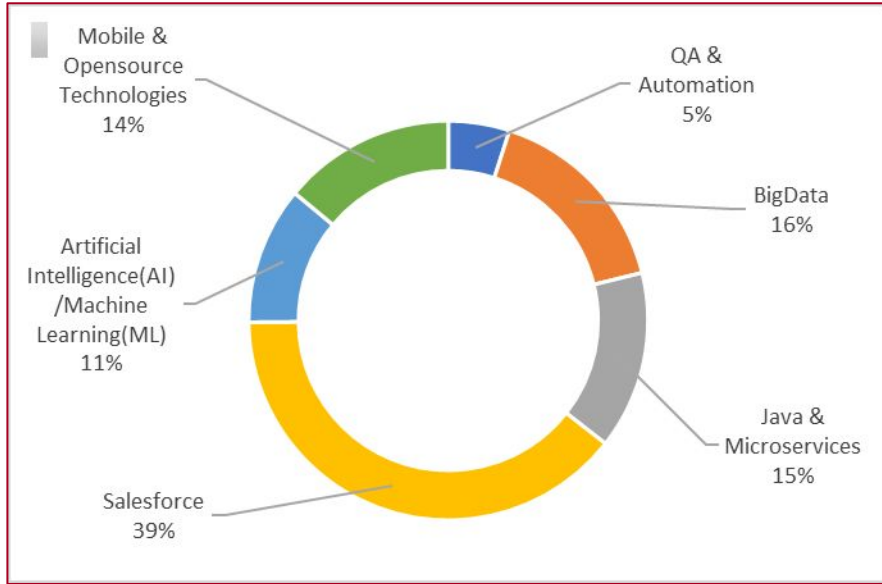

Ksolves will seek regulatory approval for **main board migration on NSE** once stipulated period of 2 years since SME listing is over. Subject to requisite approvals, migration is likely to happen in July 2022.

## Case Study: Client A Pan India Government Organization

### PROBLEMS

Building an intelligent decision support system which can cater to a user base of 100mn

Api based data exchange mechanism with internal and external entities

Analyzing transactions as per defined business rules and provide bi capability

### CHALLENGES

Metadata driven design

Heterogeneous environment

High Performance, Availability and Resiliency (Peak Transaction rate of 50K tps)

Security and Audit for each request

Integrations over different channels and protocols

### SOLUTION

Microservices based architecture, Multi tiered services, Dockerized containers in Kubernetes cluster

Interservice authentication and communication over Service mesh

Authentication and Authorization using SSO and Api Gateway

ETL pipeline with Spark for data analysis , Tableau for Reporting and Visualization

CI/CD via Jenkins and Helm Chart

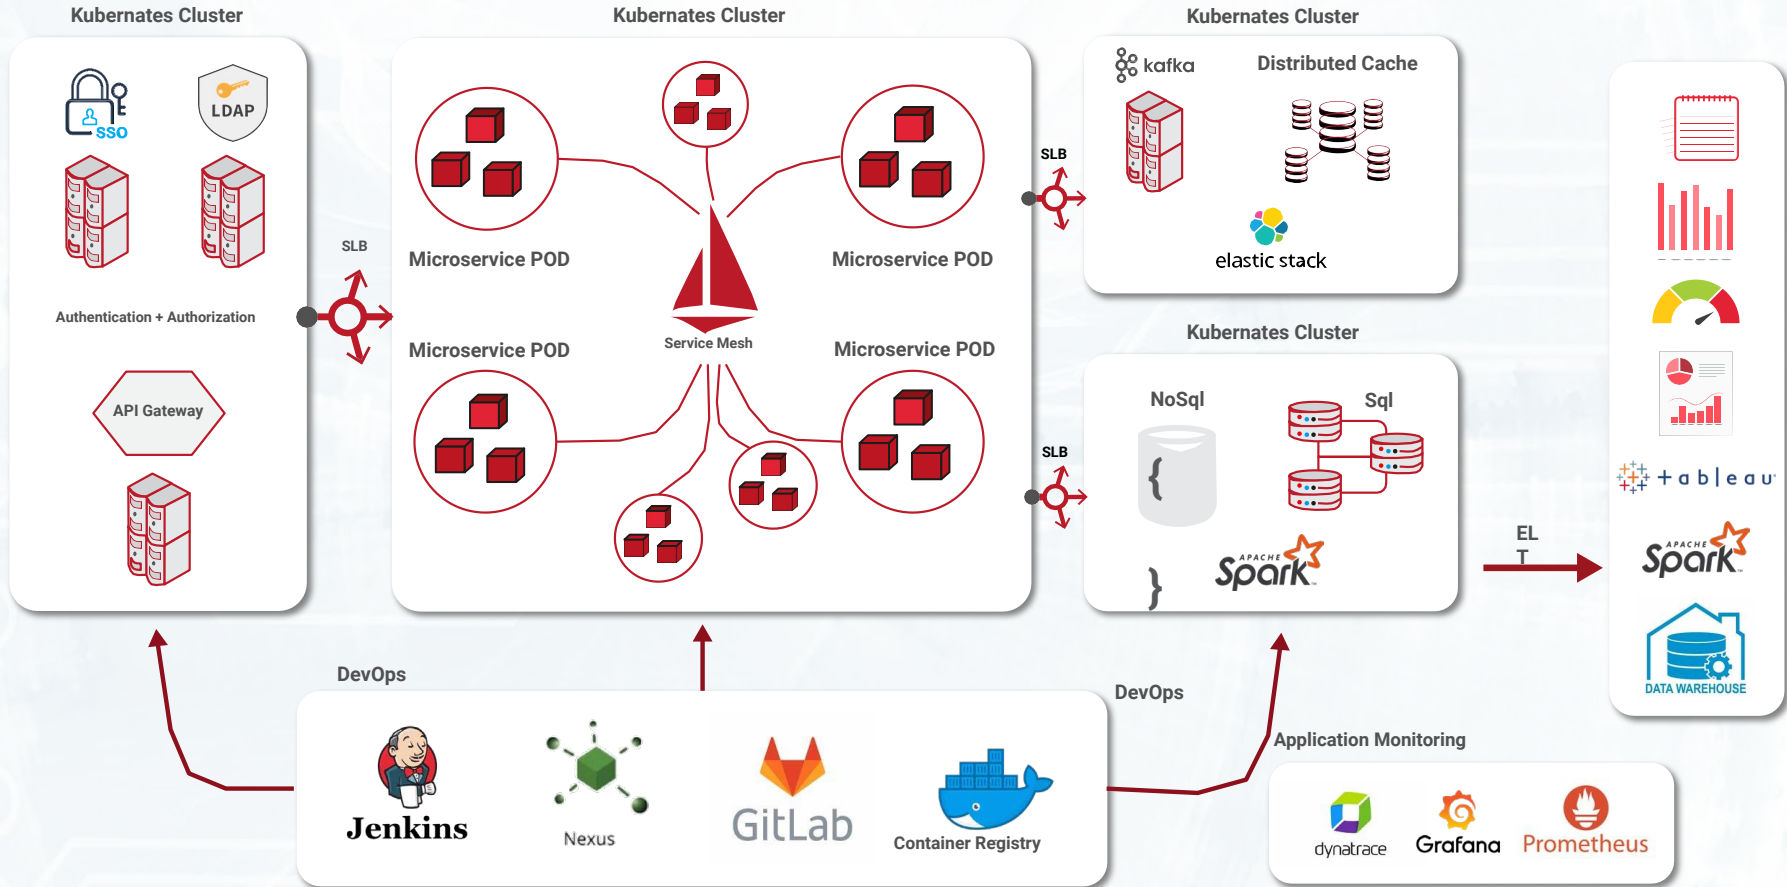

### RESULT

A Highly Available, Resilient and Robust system capable of AutoScaling on demand

Performance benchmarked via LoadRunner , JMeter for peak loads

Near Real time/ Batch transactions capability

## Case Study : Client an Internet Cable Networking Company

### PROBLEMS

Problem: A solution to analyze huge data, handle many data requests without performance issue

### CHALLENGES

- Selecting and processing aggregated Data
- Real time data collection with high volume
- Analysis of time series and historical data
- Offline data processing capability Scalability & Performance
- Delivery of data is not guaranteed
- Real time Reporting of historical data
- Data Model Not Scalable

### SOLUTION

**Apache Cassandra**  
Inbuilt Fault tolerance and High Availability

Cassandra handles data replication on its own

**Apache Kafka**  
Receive and process data streams from various sources

**Apache NiFi**  
Guaranteed delivery of process data by restarting the process again where it stopped due to errors

Due to Low Latency with high throughput, ability to get real time response

### RESULT

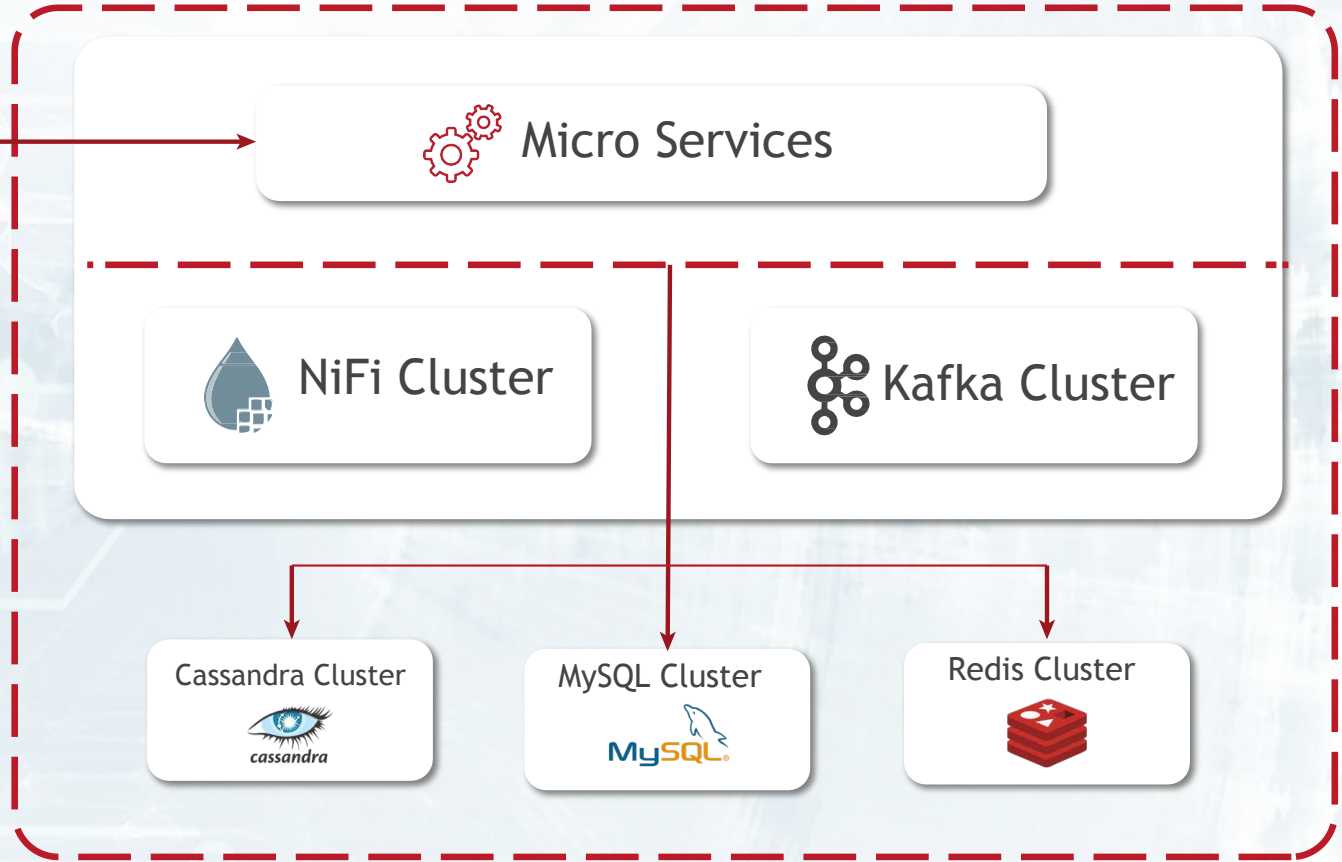

• Able to collect real time data from millions of devices with high frequency

• High volumes of data with faster read and writes

• Able to perform distributed data processing

• High data availability with zero fault tolerance

• Handle millions of concurrent data requests without any performance impact

# Big Data : Other Offerings

# Salesforce

Highly skilled team of Salesforce certified Developers and Architects

Working on niche cloud offerings from Salesforce like **Commerce Cloud, Marketing Cloud, Community Cloud, Health Cloud, CPQ, etc.**

Expert team of **80+ Developers** (and Architects) have rich experience of executing projects based on all these niche clouds along with Sales and Service clouds.

Ksolves is filling the gap where there is scarcity of well qualified resources on these cloud offerings from Salesforce.

Proven delivery model for the last **9+ years**, delivered more than **25+ complex projects** on Salesforce platform.

# Ksolves Products Suit

# Ksolves Products Suite

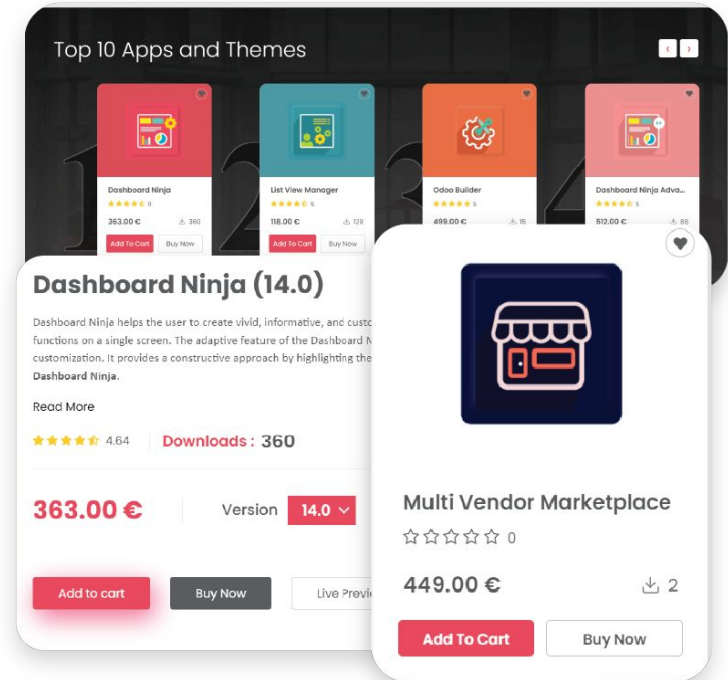

<https://store.ksolves.com>

Since 2018, Up & running products store where potential customers can directly come and buy products.

All the Ksolves products are available at Ksolves Store and Individual Technology Stores as well.

Partnering with multiple brands like Odoo and Magento to increase our Footfall.

Company aims to increase revenue % of Product and customization services from currently 6% to 15%.

Top Selling Product

New Product Launch

# Magento Products Suite

BRONZE  
Solution Partner

Adobe Magento is an e-commerce platform that generates a fiscal revenue of **US\$12.87 billion** catering to a market of 83% of consumers shopping online.

Ksolves' Products are available at both **Ksolves Store** and **Adobe Magento Marketplace**.

**Ksolves is Adobe Bronze Partner**, enables us to have listing in Partner directory increasing our visibility, brand awareness and customer Base.

Launched **Multi-Vendor Marketplace product** targeting to cover 170,000 websites using magento 2, where one can manage multiple vendors, products, order fulfillment, compare prices & customise profile pages.

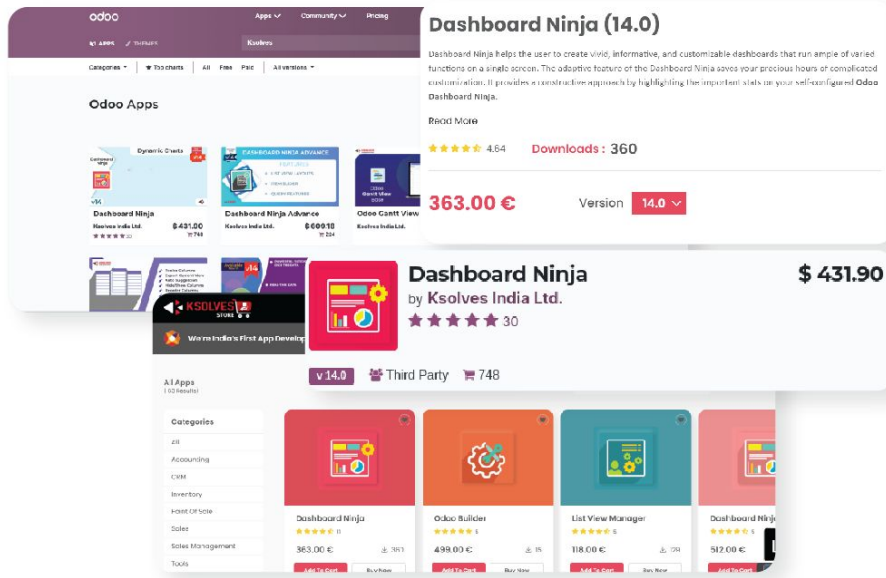

<https://marketplace.magento.com/catalogsearch/result/?q=ksolves>

The screenshot shows a search result for 'ksolves' on the Adobe Magento Marketplace. The search results are filtered by 'Edition' and 'Price'. The 'Edition' filter shows 'Open Source (OS)' with 41 results, 'Commerce on-prem (OL)' with 10 results, and 'Commerce on Cloud (CC)' with 11 results. The 'Price' filter shows 'Under \$5' with 41 results. The search results are sorted by 'Relevance'. The first three results are from 'Ksolves India Ltd.' and are priced at '\$0.00'. The first result is 'Order Tracking', the second is 'Notification', and the third is 'Ksolves Site'. Below the search results, there is a banner for 'Launched Multi-Vendor marketplace' with an illustration of people shopping and a 'BUY' button. To the right, there is a product card for 'Multi Vendor Marketplace' with a price of '449.00 €' and an 'Add To Cart' button.

<https://store.ksolves.com/shop/magento-apps/multi-vendor-marketplace-111>

# Odoo Products Suite

<https://apps.odoo.com/apps/modules/browse?search=ksolves>

<https://store.ksolves.com>

Odoo is a suite of open-source growing business at that covers all company needs CRM, e-commerce, Accounting, Sales, Inventory Project management etc. ,

Listed on Odoo app store & Ksolves store, where **Dashboard Ninja** continues to be one of the **top products** on both the stores.

Targeting to mine existing **7+ million odoo users** by providing end-to-end one stop solution of Implementation, Migration, Upgrade, OCM and AMS

**Others**
