Chairman's Message

Dear Shareholders & Investors,

I am pleased to present before you the 2020-21 Annual Report and the overall performance of the Company during the year. Due to various economic factors and COVID 19, turnover of the Company fallen during this financial year. The year 2020 has been like no other before in living memory, characterized by extraordinary challenges.

Various economic factors have already affected the sales of the Company. COVID 19 has created another unprecedented situation all over the world and it has also impacted the financials position of Company as well.

Government of India has announced various welfare schemes in irrigation, drinking water, affordable housing and Smart City projects, the Company is aspiring to boost sales and growth by making best possible use of these schemes.

Further, Government of India has also taken numerous measures to revive the economy from the impact caused by COVID 19. The Company is hoping that these measures will also help us in overcoming the loss caused in this unparalleled situation

In FY21, we took effective steps to de-leverage our balance sheet. This strategy resulted in greater investor confidence in our performance and our market capitalization.

On behalf of the Board, I would like to thank all our stakeholders including shareholders, investors, bankers, creditors and employees for their continued trust, confidence and support to the Company.

3. The Warrant holders shall, subject to ICDR Regulations, the Takeover Regulations and other applicable rules, regulations and laws, be entitled to exercise the Warrants in one or more tranches within a period of eighteen months from the date of the allotment of the Warrants by issuing a written notice to the Company specifying the number of Warrants proposed to be exercised. The Company shall accordingly, issue and allot the corresponding number of Equity Shares of Rs.9.25/- each to the Warrant holders. The Equity Shares to be allotted on exercise of the warrants shall be in dematerialized form only and shall be subject to the provisions of the Memorandum of Association and Articles of Association of the Company. The issue of the warrants as well as Equity Shares arising from the conversion of the warrants shall be governed by the regulations and guidelines issued by SEBI or any other statutory authority as the case may be or any modifications thereof.
4. The Warrants shall be exercised in a manner that is in compliance with the minimum public shareholding norms prescribed for the Company under the SEBI LODR Regulations and the ICDR Regulations.

5. In the event, the Warrant holders do not exercise the Warrants within a period of eighteen months from the date of allotment, the Warrants shall lapse and the amount paid by the Warrant holder(s) on such Warrants shall stand forfeited by the Company.
6. Warrants by itself until converted into Equity Shares, does not give any voting rights in the Company to the warrant holder(s).
7. That the Warrants offered and issued shall be allotted within a period of Fifteen (15) days from the date of passing of this resolution, provided that if any requisite approvals from the appropriate authorities for allotment of Equity Shares is pending, the period of Fifteen (15) days shall be counted from the date of such requisite approvals.
8. The Company shall ensure that the listing and trading approvals for Equity Shares to be issued and allotted to the Warrant holder(s) upon exercise of Warrants are received from the relevant stock exchanges in accordance with the ICDR Regulations and SEBI LODR Regulations.
9. The Equity Shares to be so allotted on exercise of the Warrants shall be in dematerialized form and shall be subject to the provisions of the Memorandum and Articles of Association of the Company and shall rank pari-passu in all respects including dividend, with the existing Equity Shares of the Company.
10. The Warrants and the Equity Shares issued pursuant to the exercise of the Warrants shall be locked-in as prescribed under Chapter V of the ICDR Regulations from time to time.
11. In the event that the Company completes any form of capital restructuring prior to the exercising of the Warrants, then, the number of Equity Shares that are issued against the exercise of each Warrant and the price payable for such Equity Shares, shall be appropriately adjusted.

RESOLVED FURTHER THAT the Board be and is hereby authorized to determine, vary, modify, alter any of the terms and conditions of the Warrants including reduction of the size of the issue(s), as it may deem expedient, in its discretion.

RESOLVED FURTHER THAT for the purpose of giving effect to the above Resolutions, the Board be and is hereby authorised to do all such acts, deeds, matters and things as it may in its absolute discretion deem necessary, desirable and expedient for such purpose, including without limitation, to issue and allot Equity Shares upon exercise of the entitlement attached to Warrants, issuing certificates/ clarifications, effecting any modifications or changes to the foregoing (including modifications to the terms of the Issue), entering into contracts, arrangements, agreements, documents (including for appointment of agencies, intermediaries and advisors for the Issue), in connection therewith and incidental thereto as the Board in its absolute discretion deem fit without being required to seek any fresh approval of the shareholders of the Company and to settle all questions, difficulties or doubts that may arise in regard to the offer, issue and allotment of the Warrants and utilisation of proceeds of the Warrants, accept modifications and amendments if any as may be prescribed by the Authorities and, take all other steps which may be incidental, consequential, relevant or ancillary in this connection and that the decisions of the Board shall be final, binding and conclusive in all respects and further that all acts, deeds and things as would have been done or may be done pursuant to and in terms of Board authorization, including inviting advance subscription/ exercise money towards issue of Warrants.

RESOLVED FURTHER THAT the Board be and is hereby authorised to delegate all or any of the powers conferred by this resolution on it, to any Committee of Directors, any

The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

MANAGEMENT DISCUSSION AND ANALYSIS

OVERVIEW OF OUR BUSINESS

We are into the manufacturing of wide range of products such as Rigid PVC pipes, PVC casing & capping, PVC Insulated Domestic and industrial Wires & Cables. The products are used in various electrical, cable and construction industries. Since FY 2010 our company started the trading operations of PVC Raw Materials along with various metal products.

Expanded into product segments that are complementary to the electrical wire and cable market i.e. LED lights and PVC insulation electrical tapes – this move has brought additional market reach at minimal cost expansion.

QUALITY AND ISO CERTIFICATION

Our Company is an ISO 9001:2008 certified Company and sells its varied range of products under various brand names such as “SATYAM”, “MARSHALL”, “SUPERPLAST” and “SANCO”. We are among the first few companies in “North India” and in its category which got “IS-14927” certification for PVC Profiles for quality assurance since December’2004. We are also awarded by the Government of NCT Delhi, for its outstanding performance in 1997. The manufacturing facility of our Company is located in Himachal Pradesh.

Capacity Expansion

During the year there is no capacity expansion in the company.

The total installed capacity is:

Activities	Capacity After Expansion
PVC Insulated Wires and Cables	36000 KMPA
PVC Pipes/Profiles	6000 MTPA

ECONOMIC OVERVIEW

2020 was a highly volatile and challenging year. 2020-21 started amidst a strict nationwide lockdown in India – with tough restrictions on economic activity and mobility – and an unprecedented uncertainty about the eventual impact of the Covid-19 pandemic. Covid-19 changed almost every aspect of human lives in ways never imagined. As the Covid-19 cases continued to rise exponentially, the economy declined sharply.

Global economic activity – which was already under protracted pressure since 2018 – contracted sharply in 2020 due to the Covid-19 pandemic. According to the IMF, decline in global output in 2020 is estimated at 3.3 per cent, which is unprecedented in the manner it impacted economic performance across sectors and geographic regions.

OPPORTUNITIES AND THREATS

Due to COVID 19 pandemic, the world and Indian economy is undergoing slowdown which has brought challenges for the Company. However, still the Company is trying its best to recover by making most appropriate use of opportunities available in sectors like in irrigation, drinking water, affordable housing and Smart City projects etc.

BUSINESS OUTLOOK

As the year started with the economy under complete lockdown and unprecedented uncertainty, the focus initially was on health risks posed by the Covid-19 pandemic. However, later the business, people and economy started its recovery mode.

RISKS AND CONCERNS

Based on the operations of the Company, new risks, if any, are identified, and appropriate steps are taken to mitigate them. The surplus generated during the course of business is sometimes invested with banks/ mutual funds. COVID 19 is another major concern of the Company as it has severely affected the Company.

Further, the Board is in the process of devising and implementing the risk management policy for the Company taking care of the unprecedented situation created by COVID 19.

INTERNAL CONTROL SYSTEMS

The Company employs rigorous internal controls to ensure commitment to operational effectiveness and efficiency, reliable financial reporting and compliance with laws, regulations and policies.

These internal control procedures are proportionate to the nature of business and size of operations for the smooth conduct of business.

Internal audits are conducted at regular intervals at all the plants and cover key areas of operations. These audits are independent, objective and responsible for evaluating and improving the effectiveness of risk management, control and governance processes monitored by the Audit Committee of the Company.

HUMAN RESOURCES

No organization can survive without a strong human resource. Being a hard believer of this fact, the Company provides the most suitable working environment to its manpower.

The Company keeps shuffling its manpower requirements as may be required from time to time.

The Company has in place a Whistle Blower Policy and has established the necessary vigil mechanism for directors and employees to report concerns about unethical behavior. No person has been denied access to the Chairman of the Audit Committee.

INDEPENDENT AUDITORS' REPORT

TO,

THE MEMBERS OF SANCO INDUSTRIES LIMITED

Report on the Audit of Standalone Financial Statements

Opinion

We have audited the accompanying Standalone financial statements of **SANCO INDUSTRIES LIMITED** (the "Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows ended on that date, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the loss and total comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Emphasis of Matter

- *Based on our review conducted as above we observed that company having Cash Credit (CC) accounts with South Indian Bank & Union Bank of India and loan accounts with HDFC Bank & Aditya Birla Finance Ltd has become Non- Performing Assets (NPA) as per banking rules and*

regulations. The company is also irregular while paying its undisputed and disputed statutory liabilities. We observed that undisputed and disputed statutory liabilities which are pending for more than 6 months with respect to ESIC, EPF and Income Tax has also not been paid till the date of this report.

- We have not been provided any reconciliation of balances of Creditors as well as with Debtors. We have been provided GST reconciliation which is not reconciled with GST Returns. Hence we are unable to comment upon the accuracy of these balances.*
- Long term outstanding balances in some of personal and impersonal accounts are subject to confirmation and reconciliation.*
- There are following material uncertainties that may cast significant doubt about the company's ability to continue as a going concern such as company has no working capital to run its factory in foreseeable future as all the loan facilities has been NPA & most of its Debtors are outstanding for more than a year and under litigation. Further, its turnover is declining drastically in past few years.*
- Stock register, Fixed Asset Register and some of the E-way bills for sale and purchase etc. are not provided to us for verification.*

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinions on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Property Plant and Equipment and Intangible Assets

There are areas where management judgments impacts the carrying value of property, plant and equipment, intangible assets and their respective depreciation and amortization amounts. These includes the decision to capitalize or expense costs; the annual asset life review; the timelines of the capitalization of assets and the use of management assumptions and estimates for the determination of the measurement and recognition criteria for assets retired from active use. Due to the materiality in the context of the balance sheet of the company on the level of judgment and estimates required, we consider to be a key audit matter.

Response to Key Audit Matter

We assessed the controls in place, evaluated the appropriateness of capitalization process, performed tests of details on costs capitalized, the timeliness of the capitalization of the assets and the DE recognition criteria for the assets retired from active use.

In performing these procedures, we reviewed the judgment made by management including the nature of the underlying costs capitalized: Determination of realizable value of the assets retired from active use: The appropriateness of asset live applied in the calculation of depreciation; useful

lives of assets as per the technical assessment of the management and external technical experts. We have observed that there are no materials changes.

Revenue Recognition

Revenue recognition is significant audit risk across all units within the Company, risk exists that revenue is recognized without substantial transfer of control and is not in accordance with Ind AS-115 “Revenue from Contracts with Customers”.

Response to Key Audit Matter

Our audit consisted testing of the design and operating effectiveness of the internal controls and substantive as follows:

- We have evaluated the design of internal controls relating to revenue recognition.
- We selected samples of Sales and transactions and tested the operating effectiveness of the internal control relating to revenue recognition. We carried out a combination of procedures involving inquiry and observation, performance and inspection.
- We have tested samples of Sale transaction to their respective underlying invoices and related documents.
- We have performed cut-off procedures for sample of revenue transactions at year-end in order to conclude on whether they were recognized in accordance with Ind AS-115.

Evaluation of Uncertain Tax Positions

The Company has material uncertain tax positions including matters under dispute which involves significant judgment to determine the possible outcome of these disputes.

Response to Key Audit Matters

Obtained details of completed tax assessments and demands for the year ended March 31, 2021 from management. We involved our internal experts to challenge the management’s underlying assumptions in estimating the text provision and the possible outcome of the disputes. Our internal experts also considered legal precedence and other rulings in evaluating management’s position on these uncertain position. Additionally, we consider the effect of new information in respect of uncertain tax positions as at April 1, 2021 to evaluate whether any change was required to management’s to these uncertainties.

Information Other than the Financial Statements and Auditor’s Report Thereon

The Company’s Board of Directors and Management is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board’s Report including Annexures to Board’s Report, Business Responsibility Report, Corporate Governance Report, and Shareholder Information, but does not include the standalone financial statements and our auditor’s report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management and Those Charged with Governance (TCWG)

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statement in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Board of Directors.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone Financial Statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Results, including the disclosures, and whether the Financial Results represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequence of doing so would reasonably be expected to outweigh public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143 (3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account.
- (d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors as on **31/03/2021** taken on record by the Board of Directors, none of the directors is disqualified as on **31/03/2021** from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate

Report in “**Annexure A**”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company’s internal financial controls over financial reporting.

- (g) With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act, as amended :

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- (h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. There are pending litigations by and against the Company as at March 31, 2021 which may impact its financial position but no provision has been made as in the opinion of the management the amount cannot be estimated and will be dealt with in the year in which the dispute is settled and the Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.
 - ii. The Company has made provision, as required under the applicable law or applicable accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor’s Report) Order, 2016 (“the Order”) issued by the Central Government in terms of Section 143(11) of the Act, we give in “Annexure B” a statement on the matters specified in paragraphs 3 and 4 of the Order.

“Annexure A” to the Independent Auditor’s Report

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of SANCO INDUSTRIES LIMITED of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013.

We have audited the internal financial controls over financial reporting of **SANCO INDUSTRIES LIMITED** as of March 31, 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and operating effectiveness of internal control based on the assessed risk. The procedures selected depend upon on the auditor’s judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

e	Actuarial Assumptions							
	We have used actuarial assumptions selected by the Company. The Company has been advised that the assumptions selected should be unbiased and mutually compatible and should reflect the Company's best estimate of the variables of the future. The Company has also been advised to consider the requirements of Para 144 of Ind AS19 in this regard.							
	Financial Assumptions							
	The principal financial assumptions used in the valuation are shown in the table below:							
						March 31, 2021	March 31, 2020	
	Discount rate (per annum)					0.00%	6.70%	
	Salary growth rate (per annum)					0.00%	7.00%

47	Fair value measurements																
(i)	Fair value hierarchy																
	Financial assets and financial liabilities measured at fair value in the statement of financial position are grouped into three Levels of a fair value hierarchy. The three Levels are defined based on the observability of significant inputs to the measurement, as follows:																
	Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.																
	Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (prices) or indirectly (derived from prices).																
	Level 3: Inputs for the asset or liability that are not based on observable market data.

2. Basis of preparation

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

(i) *Compliance with IndAS*

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

The financial statements up to year ended 31 March 2016 were prepared in accordance with the accounting standards notified under Companies (Accounting Standard) Rules, 2006 (as amended) and other relevant provisions of the Act.

(ii) *Historical cost convention*

The financial statements have been prepared on a historical cost basis, except for the following:

- Certain financial assets and liabilities (including derivative instruments) and contingent consideration that is measured at fair value;
- Assets held for sale – measured at fair value less cost to sell;
- Defined benefit plans – plan assets measured at fair value; and
- Share-based payments.

2.1 First Time Adoption of Ind-AS

Transition to Ind AS

These are the company's first financial statements prepared in accordance with Ind AS.

The accounting policies set out in note 2.2 have been applied in preparing the financial statements for the year ended 31 March 2017, the comparative information presented in these financial statements for the year ended 31 March 2016 and in the preparation of an opening Ind AS balance sheet at 1 April 2015 (the Company's date of transition). In preparing its opening Ind AS balance sheet, the Company has adjusted the amounts reported previously in financial statements prepared in accordance with the accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act (previous GAAP or Indian GAAP). An explanation of how the transition from previous GAAP to Ind AS has affected the company's financial position, financial performance and cash flows is set out in the Notes.

Exemptions and Exceptions availed

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

Exceptions to retrospective application of other Ind AS (Mandatory Exceptions)

- (i) Estimates: An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is an objective evidence that those estimates were in error. Ind AS estimates as at 1 April 2015 are consistent with the estimates as at the same date made in conformity with previous GAAP. The company made estimates for Impairment of financial assets based on expected credit loss model in accordance with Ind AS at the date of transition as these were not required under previous GAAP.
- (ii) Ind AS 109- Financial Instruments (Derecognition of previously recognised financial assets/ financial liabilities): An entity shall apply the derecognition requirements in Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS. The Company has applied the derecognition requirements prospectively.
- (iii) Ind AS 109- Financial Instruments: At the date of transition to Ind AS, an entity shall measure all derivatives at fair value and eliminate all deferred losses and gains arising on derivatives that were reported in accordance with previous GAAP as if they were assets or liabilities. The Company has measured all derivatives at fair value eliminating deferred losses and gains arising on derivatives.

Under Ind AS 109, hedge accounting is to be applied only to hedging relationships that meet the requirement for hedge accounting on the date of transition. An entity shall not reflect in the opening Ind AS Balance Sheet a hedging relationship of a type that does not qualify for hedge accounting in accordance with Ind AS 109. However if an entity designated a net position as hedged item in accordance with previous GAAP, it may designate as a hedged item in accordance with Ind AS an individual item within the net position, or a net position if that meets the requirements of Ind AS 109 provided that it does so no later than the date of transition to Ind AS. If, before the date of transition to Ind AS, an entity had designated a transaction as a hedge but the hedge does not meet the conditions for hedge accounting in Ind AS 109, the entity shall discontinue hedge accounting. Transactions entered into before the date of transition to Ind AS shall not be retrospectively designated as hedges. The company does not have hedging relationships to which exception applies and hence this exception does not apply.

- (iv) Ind AS 109 Financial Instruments (Classification and measurement of Financial assets): Classification and measurement of financial assets shall be made on the basis of the facts and circumstances that exist at the date of transition to Ind AS. The Company has evaluated the facts and circumstances existing on the date of transition to Ind AS for the purpose of classification and measurement of financial assets and accordingly has classified and measured financial assets on the date of transition.
- (v) Ind AS 109 Financial Instrument (Impairment of Financial Assets): Impairment requirements under Ind AS 109 should be applied retrospectively based on the reasonable and supportable information that is available on transition date without undue cost or effort. The Company has applied impairment requirement retrospectively.
- (vi) Ind AS 109 Financial Instrument (Embedded Derivatives): Ind AS 109 requires an entity to assess whether an embedded derivative is required to be separated from host contract and accounted for as a derivative on the basis of conditions that existed at the later of the date it first became party to the contract and the date a reassessment is required. The Company does not have any embedded derivative on the transition date.

- (vii) Ind AS 109 Financial Instruments (Government Loans): A first-time adopter shall classify all Government loans received as a financial liability or an equity instrument in accordance with Ind AS 32.

If a first-time adopter did not, under its previous GAAP, recognise and measure a government loan at a below market rate of interest on a basis consistent with Ind AS requirements, it shall use its previous GAAP carrying amount of the loan at the date of transition to Ind AS as the carrying amount of the loan in the opening Ind AS Balance sheet. An entity shall apply Ind AS 109 to the measurement of such loans after the date of transition to Ind AS. An entity shall apply Ind AS 109 and Ind AS 20 Accounting for Government Grants and Disclosure of Government Assistance, prospectively to Government loans existing at the date of transition to Ind AS and shall the Government loan at a below market rate of interest as a Government grant. The Company did not avail any Government loan as on the date of transition.

Exceptions from retrospective application of other IndAS (Optional Exemption)

- (i) Ind AS 103 Business Combinations: An entity may elect not to apply Ind AS 103 retrospectively to all business combinations that occurred before the date of transition to Ind AS. The Company has elected not to apply Ind AS 103 to business combinations that occurred before the date of transition to Ind AS.
- (ii) Ind AS 102 Share Based Payment: An entity may elect to apply Ind AS 102 to equity instruments that vested before the date of transition to Ind AS. The Company has not applied Ind AS 102 to grants which vested before the date of transition to Ind AS.
- (iii) Ind AS 104 Insurance Contracts: An entity shall apply Ind AS 104 for annual periods beginning on or after the date of transition to Ind AS. If an entity applies Ind AS 104 for an earlier period, it shall disclose the fact. Ind AS 104 is not applicable to the Company.
- (iv) Ind AS 16 Property, Plant and Equipment & Ind AS 38 Intangible Assets: An entity may elect to measure an item of property, plant and equipment and equipment and Intangible asset at the date of transition to Ind AS at its fair value and use that fair value as deemed cost at that date or may measure the items of Property, Plant and Equipment, intangibles by applying Ind AS retrospectively or use of the carrying amount under Previous GAAP on the date of transition as deemed cost.

The Company has elected to continue with the carrying amount for all of its property, plant and equipment and intangible assets measured as per Previous GAAP and use that as its deemed cost as at the date of transition except land class for which fair value on the date of transition has been adopted as deemed cost.

Decommissioning liabilities included in the cost of Property, Plant and Equipment: Appendix A to Ind AS 16 on Changes in Existing, Decommissioning, Restoration and Similar Liabilities requires specific changes in decommissioning, restoration or similar liability to be added to or deducted from the cost of the asset to which it relates. The adjusted depreciable amount of the asset is then depreciated prospectively over its remaining useful life. A first-time adopter need not comply with these requirements for changes in such liabilities that occurred before the date of transition to Ind AS. The Company has not adjusted changes in liabilities to the cost of assets retrospectively.

- (v) Ind AS 17 Leases: An entity shall determine based on facts and circumstances existing at the date of transition to Ind AS whether an arrangement contains a Lease and when a lease includes land and building elements, an entity shall assess the classification of each element as finance lease or operating lease. The company has used this exemption and assessed all arrangements based on conditions existing as at the date of transition.

- (vi) Ind AS 21 The effect of changes in foreign exchange rates:

Long Term Foreign Currency Monetary Items: A first-time adopter may continue the policy adopted for accounting for exchange difference arising from translation of long-term term foreign currency monetary items recognised in the financial statements for the period ending immediately before the beginning of the first Ind AS financial reporting period as per the previous GAAP. The Company adopted the policy of amortizing exchange differences on long term foreign currency monetary items and accordingly this exemption has been applied by the company.

- (vii) Ind AS 27 Separate Financial Statements: An entity is required to account for its investments in subsidiaries, joint ventures and associates either:

- a. at cost; or
- b. in accordance with Ind AS 109.

Such cost shall be cost as per Ind AS 27 or deemed cost. The deemed cost of such an investment shall be its fair value on the date of transition to Ind AS or Previous GAAP carrying amount at that date. The Company has elected to measure its investment in subsidiaries & associates at cost determined in accordance with Ind AS 27 i.e. original cost of investment in subsidiaries and associates.

- (viii) Ind AS 32 Financial Instruments (Presentation): Ind AS 32 requires an entity to split a compound financial instrument at inception into separate liability and equity components. As per Ind AS 101 First Time Adoption of Ind AS, if the liability component is no longer outstanding at the date of transition to Ind AS, an entity need not separate the amount recognised in equity into retained earnings and issued equity. The Company has not applied split accounting on the date of transition in regard liability component which is no longer outstanding at the date of transition to Ind AS.

- (ix) Ind AS 109 Financial Instruments: Ind AS 109 permits an entity to designate a financial liability/asset (meeting certain criteria) at fair value through profit or loss. A financial liability/ asset shall be designated at fair value through circumstances that exist at the date of the facts and circumstances that exist at the date of transition to Ind AS. There are no financial liabilities or assets that are specifically designated at FVTPL and hence this exemption is not applicable.

An entity may designate an investment in an equity instruments as at fair value through other comprehensive income (FVTOCI) in accordance with the Ind AS 109 on the basis of facts and circumstances that exist at the date of transition to Ind AS. The company has not designated equity instruments as at FVTOCI and hence this exemption is not applicable.

- (x) Ind AS 105 Non-current Assets held for Sale and Discontinued Operations: Ind AS 105 requires that non-current assets (or disposal groups) that meet the criteria to be classified as held for sale, non-current assets (or disposal groups) that are held for distribution to owners and operations that meet the criteria to be classified as discounted operations shall be carried at lower of its carrying amount and fair value less costs to sell on the date of such identification. A first-time adopter can measure such assets or operations on the date of transition to Ind AS and recognise the difference between that amount and carrying amount under previous GAAP directly in retained earnings. The company has applied this exemption.

2.2 Summary of significant accounting policies

I. Significant Accounting Estimates and Judgments

Estimates, assumptions concerning the future and judgments are made in the preparation of the financial statements. They affect the application of the Company's accounting policies, reporting amounts of assets, liabilities, income and expense and disclosures made. Although these estimates are based on management's best knowledge of current events and actions, actual result may differ from those estimates.

The critical accounting estimates and assumptions used and areas involving a high degree of judgments are described below:

Use of estimation and assumptions

In the process of applying the entity's accounting policies, management had made the following estimation and assumptions that have the significant effect on the amounts recognised in the financial statements.

Income tax

The company recognizes tax liabilities based upon self-assessment as per the tax laws. When the final tax outcome of these matters is different from the amounts that were initially recognised, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

Property, plant and equipment & Intangible Assets

Key estimates related to long-lived assets (property, plant and equipment, mineral leaseholds and intangible assets) include useful lives, recoverability of carrying values and the existence of any retirement obligations. As a result of future decisions, such estimates could be significantly modified. The estimated useful lives of long-lived assets is disclosed in Notes and Notes, and useful lives is applied as per schedule II of Companies Act, 2013 and estimated based upon our historical experience, engineering estimates and industry information. These estimates include an assumption regarding periodic maintenance and an appropriate level of annual capital expenditures to maintain the assets.

Provision for warranty

The company has recognised a provision for warranty associated with liquidated damages and shortfall in performance arising from obligations stated in its project contracts. In determining the amount of the provision, assumption and estimates are made in relation to the present value of the potential risk, risk adjusted equity return rate, current sales levels, subsequent events and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The carrying amount of the provisions as at the reporting period end are disclosed in Notes to the financial statement.

Construction Contracts

The Company uses internal technical team with quantity surveyors together to estimate the costs to complete for construction contracts. Factors such as changes in material prices, labour costs, defects liability costs and other costs are included in the construction cost estimates based on best estimates.

In the Construction and EPC industry, there are various contractual matters relating to possible penalties for delays in contract completion, claims of suppliers/subcontractors, recovery of additional claims, expected costs during defect liability period etc., that are subject to various sources of uncertainties and future negotiations. The management regularly reviews estimates and suitably accounts for the possible financial impact of such contractual matters based on their assessment, past experience and available information.

Contract work in progress and Contract revenues are recognised on a percentage of completion basis, that requires the management to estimate the costs expected to be incurred in future to complete the contracts. Further, profits on contracts in progress are recognized only when the final outcome can be reliably estimated.

Employee Benefits- Measurement of Defined Benefit Obligation

Management assesses post-employment and other employee benefit obligations using the projected unit credit method based on actuarial assumptions which represent management's best estimates of the variables that will determine the ultimate cost of providing post-employment and other employee benefits.

Critical judgments made in applying accounting policies*Lease Classifications*

At the inception of an arrangement entered into for the use of property, plant and equipment (PPE), the Company determines whether such an arrangement is, or contains, a lease. The determination of whether an arrangement is or contains a lease is based on the substance of the arrangement and requires an assessment of (i) whether the fulfillment of the arrangement is dependent on the use of a specific asset or assets, and (ii) the arrangement conveys a right to use the asset(s).

Lease transactions where substantially all risks and rewards incident to ownership are transferred from the lessor to the lessee are accounted for as finance leases. All other leases are accounted for as operating leases.

Service concession arrangements

The analysis on whether the Appendix A of Ind AS 11 applies to certain contracts and activities involves various complex factors and it is significantly affected by legal interpretation of certain contractual agreements or other terms and conditions with public sector entities.

Therefore, the application of Appendix A of Ind AS 11 requires extensive judgment in relation with, amongst other factors, (i) the identification of certain infrastructures (and not contractual agreements) in the scope of Appendix A of Ind AS 11, (ii) the understanding of the nature of the payments in order to determine the classification of the infrastructure as a financial asset or as an intangible asset and (iii) the recognition of the revenue from construction and concessionary activity.

Changes in one or more of the factors described above may significantly affect the conclusions as to the appropriateness of the application of Appendix A of Ind AS 11 and, therefore, on the results of operations or the financial position.

Impairment in subsidiaries

When a subsidiary is in net equity deficit and has suffered operating losses, a test is made whether the investment in the investee has suffered any impairment, in accordance with the stated accounting policy. This determination requires significant judgment. An estimate is made of the future profitability of the investee, and the financial health of and near-term business outlook for the investee, including factors such as industry and sector performance, and operational and financing cash flow.

Impairment of plant & equipment and Intangible assets

The company assesses whether plant & equipment and intangible assets have any indication of impairment in accordance with the accounting policy. The recoverable amounts of plant & equipment and intangible asset have been determined based on value-in-use calculations. These calculations require the use of judgment and estimates.

Expected credit loss

Expected credit losses of the company are based on an evaluation of the collectability of receivables. A considerable amount of judgment is required in assessing the ultimate realization of these receivables, including their current creditworthiness, past collection history of each customer and ongoing dealings with them. If the financial conditions of the counterparties with which the Company contracted were to deteriorate, resulting in an impairment of their ability to make payments, additional expected credit loss may be required.

II. Property, Plant and Equipment

All items of property, plant and equipment are initially recorded at cost. The cost of an item of plant and equipment is recognized as an asset if, and only if, it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Cost includes its purchase price(after deducting trade discounts and rebates), import duties & non-refundable purchase taxes,any costs directly attributable to bringing the asset to the location & condition necessary for it to be capable of operating in the manner intended by management, borrowing costs on qualifying assets and asset retirement costs. When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

The activities necessary to prepare an asset for its intended use or sale extend to more than just physical construction of the asset. It may also include technical (DPR, environmental, planning, Land acquisition and geological study) and administrative work such as obtaining approvals before the commencement of physical construction.

The cost of replacing a part of an item of property, plant and equipment is capitalized if it is probable that the future economic benefits of the part will flow to the Company and that its cost can be measured reliably. The carrying amount of the replaced part is derecognized.

Costs of day to day repairs and maintenance costs are recognized into net income as incurred.

Subsequent to recognition, property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual values, estimated useful lives and depreciation method are reviewed at each financial year-end, and adjusted prospectively, if appropriate.

An item of plant and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is recognised in the profit or loss in the year the asset is derecognized.

Assets under installation or under construction as at the Balance Sheet date are shown as Capital Work in Progress.

Depreciation

Depreciation is provided on Straight Line Method, as per the provisions of schedule II of the Companies Act, 2013 or based on useful life estimated on the technical assessment. Asset class wise useful lives in years are as under:

Plant and Machinery	1 to 25
Buildings	30 to 60
Computers and equipment	3 to 6
Furniture & fixtures	10 to 15
Vehicles	8 to 10
Office equipment	5 to 15

Leasehold Assets are depreciated over the shorter of the estimated useful life of the asset or the lease term.

Fully depreciated plant and equipment are retained in the financial statements until they are no longer in use.

In respect of additions / deletions to the fixed assets / leasehold improvements, depreciation is charged from the date the asset is ready to use / up to the date of deletion.

Depreciation on adjustments to the historical cost of the assets on account of reinstatement of long term borrowings in foreign currency, if any, is provided prospectively over the residual useful life of the asset.

III. Investment properties

Property that is held for long-term rental yields or for capital appreciation or both is classified as investment property.

Investment property is measured at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognized.

Investment properties are depreciated using the straight-line method as per the provisions of schedule II of the Companies Act, 2013 or based on useful life estimated on the technical assessment.

IV. Intangible Assets

Service concession arrangements (SCA)

Where the company enters into service concession arrangements under which the company constructs, uses and operates certain assets for the provision of public services, construction revenue and costs are recognised in the profit and loss account by reference to the stage of completion at the balance sheet date while the fair value of construction service is capitalised initially as service concession assets in the balance sheet. Expenditure for the replacement and/or upgrade of the assets subject to service concession is capitalised.

Concession rights are recognized as an intangible asset to the extent that it receives a right to charge users of the service. Concession rights are stated at cost less accumulated amortization and accumulated impairment losses.

In case of BOOT based road projects amortization is as per the schedule II of companies act 2013 i.e. calculated by taking the proportionate of actual revenue earned for the year over the total projected revenues from the balance concession period of the project applied to the cost of Intangible assets. The total projected revenues are reviewed at the end of each financial year and the total projected revenues are adjusted to reflect any changes in the estimates which lead to the actual collection at the end of the concession period.

In all other intangible service concession assets, amortization is calculated by using the straight-line method over the licensing periods.

Other Intangible assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably.

The company amortizes Computer software using the straight-line method over the period of 4 years.

V. Financial Assets

Financial assets comprise of investments in equity and debt securities, trade receivables, cash and cash equivalents and other financial assets.

Initial recognition:

All financial assets are recognised initially at fair value. Purchases or sales of financial asset that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the company commits to purchase or sell the assets.

Subsequent Measurement:

(i) Financial assets measured at amortised cost:

Financial assets held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding are measured at amortised cost using effective interest rate (EIR) method. The EIR amortization is recognised as finance income in the Statement of Profit and Loss.

The Company while applying above criteria has classified the following at amortised cost:

- a) Trade receivable
- b) Cash and cash equivalents
- c) Other Financial Asset

(ii) Financial assets at fair value through other comprehensive income (FVTOCI):

Financial assets held within a business model whose objective is to hold financial assets in order to collect contractual cash flows, selling the financial assets and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding are measured at FVTOCI.

Fair Value movements in financial assets at FVTOCI are recognised in other comprehensive income.

Equity instruments held for trading are classified as at fair value through profit or loss (FVTPL). For other equity instruments the company classifies the same as at FVTOCI. The classification is made on initial recognition and is irrevocable. Fair value changes on equity investments at FVTOCI, excluding dividends are recognised in other comprehensive income (OCI).

(iii) Financial assets at fair value through profit or loss (FVTPL)

Financial asset are measured at fair value through profit or loss if it does not meet the criteria for classification as measured at amortised cost or at fair value through other comprehensive income. All fair value changes are recognised in the statement of profit and loss.

(iv) Investment in subsidiaries, joint ventures & associates are carried at cost in the separate financial statements.

Impairment of Financial Assets:

Financial assets are tested for impairment based on the expected credit losses.

(i) Trade Receivables

An impairment analysis is performed at each reporting date. The expected credit losses over life time of the asset are estimated by adopting the simplified approach using a provision matrix which is based on historical loss rates reflecting current condition and forecasts of future economic conditions.

In this approach assets are grouped on the basis of similar credit characteristics such as industry, customer segment, past due status and other factors which are relevant to estimate the expected cash loss from these assets.

(ii) Other financial assets

Other financial assets are tested for impairment based on significant change in credit risk since initial recognition and impairment is measured based on probability of default over the life time when there is significant increase in credit risk.

De-recognition of financial assets

A financial asset is derecognized only when:

- The company has transferred the rights to receive cash flows from the financial asset or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset and transferred substantially all risks and rewards of ownership of the financial asset, in such cases the financial asset is derecognized. Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is also derecognized if the company has not retained control of the financial asset.

VI. Impairment of Non-Financial Assets

At each reporting date, the Company assesses whether there is any indication that an asset may be impaired. Where an indicator of impairment exists, the company makes a formal estimate of recoverable amount. Where the carrying amount of an asset exceeds its recoverable amount the asset is considered impaired and is written down to its recoverable amount.

Recoverable amount is the greater of fair value less costs to sell and value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case, the recoverable amount is determined for the cash-generating unit to which the asset belongs.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

VII. Government Grants

Government assistance is recognized when there is reasonable assurance that the Company will comply with the conditions attached to the government assistance and the grants will be received. Such assistance is recorded as a reduction to the related expense or asset.

VIII. Inventories

Raw materials, consumables, stores and spares and finished goods are valued at lower of cost and net realizable value. Cost is determined on weighted average cost method.

Construction/Development work-in-progress related to project works is valued at lower of cost or net realizable value, where the outcome of the related project is estimated reliably. Cost includes cost of land, cost of materials, cost of borrowings and other related overheads.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

IX. Cash and Cash equivalents

Cash and cash equivalents comprise cash at bank and in hand and short-term investments with an original maturity of three months or less. Deposits with banks subsequently measured at amortized cost and short term investments are measured at fair value through Profit & Loss account.

X. Non-current Assets held for sale

Non-current assets, or disposal groups comprising assets and liabilities, that are expected to be recovered through sale rather than through continuing use, are classified as held for sale. Immediately before classification as held for sale, the assets, or components of the disposal group, are re-measured in accordance with the Company's accounting policies. Thereafter, the assets, or disposal group, are measured at the lower of their carrying amount and fair value less costs to sell. Any impairment losses on initial classification as held for sale or subsequent gain on re-measurement are recognized into net income. Gains are not recognized in excess of any cumulative impairment losses.

XI. Share Capital

Equity shares are classified as equity.

XII. Financial Liabilities

Initial recognition and measurement

Financial liabilities are recognized when, and only when, the Company becomes a party to the contractual provisions of the financial instrument. The company determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognized initially at fair value plus any directly attributable transaction costs, such as loan processing fees and issue expenses.

Subsequent measurement

The measurement of financial liabilities depends on their classification as follows: -

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss includes financial liabilities held for trading and financial liabilities designated upon initial recognition at fair value through profit or loss. Financial liabilities are classified as held for trading if they are acquired for the purpose of selling in the near term. This category includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Subsequent to initial recognition, financial liabilities at fair value through profit or loss are measured at fair value. Any gains or losses arising from changes in fair value of the financial liabilities are recognised in profit or loss.

The company has not designated any financial liabilities upon initial recognition at fair value through profit or loss.

Other financial liabilities

After initial recognition, financial liabilities are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortization process.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in profit or loss.

XIII. Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest, exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost and other costs that an entity incurs in connection with the borrowing of funds.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

XIV. Employee Benefits

- Employee benefits are charged to the statement of Profit and Loss for the year and for the projects under construction stage are capitalised as other direct cost in the Capital Work in Progress / Intangible asset under development.
- Retirement benefits in the form of Provident Fund are a defined contribution scheme and the contributions are recognised, when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the respective funds.
- Gratuity liability is defined benefit obligations and is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. Remeasurement in case of defined benefit plans gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income and they are included in retained earnings in the statement of changes in equity in the balance sheet.
- Compensated absences are provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.
- The amount of Non-current and Current portions of employee benefits is classified as per the actuarial valuation at the end of each financial year.

XV.Income Taxes

Income tax expense is comprised of current and deferred taxes. Current and deferred tax is recognized in net income except to the extent that it relates to a business combination, or items recognized directly in equity or in other comprehensive income.

Current income taxes for the current period, including any adjustments to tax payable in respect of previous years, are recognized and measured at the amount expected to be recovered from or payable to the taxation authorities based on the tax rates that are enacted or substantively enacted by the end of the reporting period.

Deferred income tax assets and liabilities are recognized for temporary differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases using the tax rates that are expected to apply in the period in which the deferred tax asset or liability is expected to settle, based on the laws that have been enacted or substantively enacted by the reporting date. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable income nor the accounting income. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable income will be available against which they can be utilized. Deferred tax assets are reviewed at each reporting date and reduced accordingly to the extent that it is no longer probable that they can be utilized.

Deferred tax assets and liabilities are offset when there is legally enforceable right of offset current tax assets and liabilities when the deferred tax balances relate to the same taxation authority. Current tax asset and liabilities are offset where the entity has legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

XVI.Leases

As a lessee

Leases of property, plant and equipment where the company, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

As a lessor

Lease income from operating leases where the company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

Lease-hold land:

Leasehold land that normally has a finite economic life and title which is not expected to pass to the lessee by the end of the lease term is treated as an operating lease.

The payment made on entering into or acquiring a leasehold land is accounted for as leasehold land use rights (referred to as prepaid lease payments in Ind AS 17 "Leases") and is amortized over the lease term in accordance with the pattern of benefits provided.

XVII.Provisions , Contingent Liabilities and Contingent Assets

Provisions

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense and is recorded over the estimated time period until settlement of the obligation. Provisions are reviewed and adjusted, when required, to reflect the current best estimate at the end of each reporting period.

The Company recognizes decommissioning provisions in the period in which a legal or constructive obligation is incurred. A corresponding decommissioning cost is added to the carrying amount of the associated property, plant and equipment, and it is depreciated over the estimated useful life of the asset.

A provision for onerous contracts is recognized when the expected benefits to be derived by the company from a contract are lower than the unavoidable cost of meeting its obligations under contract. The provision is measured at the present value of the lower of expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the company recognizes any impairment loss on the assets associated with that contract.

Liquidated Damages / Penalty as per the contracts / Additional Contract Claims under the contract entered into with Vendors and Contractors are recognised at the end of the contract or as agreed upon.

Contingent Liabilities

Contingent liability is disclosed in case of

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- A present obligation arising from past events, when no reliable estimate is possible;
- A possible obligation arising from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company where the probability of outflow of resources is not remote.

Contingent Assets

Contingent assets are not recognized but disclosed in the financial statements when an inflow of economic benefits is probable

XVIII. Fair Value Measurements

Company uses the following hierarchy when determining fair values:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2 – Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (prices) or indirectly (derived from prices); and,

Level 3 – Inputs for the asset or liability that are not based on observable market data.

The fair value of financial instruments traded in active markets is based on quoted market prices at the reporting dates. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. The fair value for these instruments is determined using Level 1 inputs.

The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined by using valuation techniques. These valuation techniques maximize the use of observable market data where it is available and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is fair valued using level 2 inputs.

If one or more of the significant inputs is not based on observable market data, the instrument is fair valued using Level 3 inputs. Specific valuation techniques used to value financial instruments include:

- Quoted market prices or dealer quotes for similar instruments;
- The fair value of interest rate swaps is calculated as the present value of the estimated future cashflows based on observable yield curves;
- The fair value of forward foreign exchange contracts is determined using forward exchange rates at the reporting dates, with the resulting value discounted back to present value;
- Other techniques, such as discounted cash flow analysis, are used to determine fair value for the remaining financial instruments.

XIX. Revenue Recognition

Revenue is recognized and measured at the fair value of the consideration received or receivable, to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

The company collects service tax, sales taxes/value added taxes (VAT) and GST on behalf of the government and, therefore, these are not economic benefits flowing to the company. Hence, they are excluded from revenue. The following specific recognition criteria must also be met before revenue is recognized:

Insurance Claims

Insurance claims are recognized on acceptance / actual receipt of the claim.

Interest

Revenue is recognized as the interest accrues, using the effective interest method. This is the method of calculating the amortized cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

Dividends

Dividends are recognised in profit or loss only when the right to receive payment is established.

XX. Foreign Currency Transactions

Transactions in foreign currencies are translated to the functional currency of the company, at exchange rates in effect at the transaction date.

At each reporting date monetary assets and liabilities denominated in foreign currencies are translated at the exchange rate in effect at the date of the statement of financial position.

The translation for other non-monetary assets is not updated from historical exchange rates unless they are carried at fair value

XXI. Minimum Alternative Tax (MAT)

MAT credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the statement of profit and loss and shown as MAT Credit Entitlement. The company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that company will pay normal Income Tax during the specified period.

XXII. Earnings per Share

Basic earnings per share are calculated by dividing:

- The profit attributable to owners of the company
- By the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

Diluted earnings per share adjust the figures used in the determination of basic earnings per share to take into account:

- The after income tax effect of interest and other financing costs associated with dilutive potential equity shares
- The weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

XXIII. Segmental Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision makers, who are responsible for allocating resources and assessing

performance of the operating segments.

XXIV.Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest Lakh as per the requirement of Schedule III of the Companies Act, 2013, unless otherwise stated.

INDEPENDENT AUDITORS' REPORT

TO,

THE MEMBERS OF SANCO INDUSTRIES LIMITED

Report on the Audit of Consolidated Financial Statements**Opinion**

We have audited the accompanying Consolidated financial statements of SANCO INDUSTRIES LIMITED (herein referred as the "Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows ended on that date, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "Consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the loss and total comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Consolidated financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

The Accounts of the Holding company is audited by us and the Accounts of Subsidiaries M/s sanjita polymet limited (Hong Kong), 100% Subsidiary Company) included in consolidated

financial statements is audited by other Auditors whose reports have been furnished to us by the Holding Company's management. Our opinion on the consolidated financial statements, to the extent they are derived from such annual financial statements is based solely on the report of management of the company. Further, subsidiary company is located outside India whose financial statements and other financial information have been prepared in accordance with the accounting principle generally accepted in their country. Our opinion in so far as it relates to the balance and affairs of the subsidiary located outside India is based on management report.

Emphasis of Matter

- *Based on our review conducted as above we observed that company having Cash Credit (CC) accounts with South Indian Bank & Union Bank of India and loan accounts with HDFC Bank & Aditya Birla Finance Ltd has become Non- Performing Assets (NPA) as per banking rules and regulations. The company is also irregular while paying its undisputed and disputed statutory liabilities. We observed that undisputed and disputed statutory liabilities which are pending for more than 6 months with respect to ESIC, EPF and Income Tax has also not been paid till the date of this report.*
- *We have not been provided any reconciliation of balances of Creditors as well as with Debtors. We have been provided GST reconciliation which is not reconciled with GST Returns. Hence we are unable to comment upon the accuracy of these balances.*
- *Long term outstanding balances in some of personal and impersonal accounts are subject to confirmation and reconciliation.*
- *There are following material uncertainties that may cast significant doubt about the company's ability to continue as a going concern such as company has no working capital to run its factory in foreseeable future as all the loan facilities has been NPA & most of its Debtors are outstanding for more than a year and under litigation. Further, its turnover is declining drastically in past few years.*
- *Stock register, Fixed Asset Register and some of the E-way bills for sale and purchase etc. are not provided to us for verification.*

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinions on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Property Plant and Equipment and Intangible Assets

There are areas where management judgments impacts the carrying value of property, plant and equipment, intangible assets and their respective depreciation and amortization amounts. These includes the decision to capitalize or expense costs; the annual asset life review: the timelines of the

capitalization of assets and the use of management assumptions and estimates for the determination of the measurement and recognition criteria for assets retired from active use. Due to the materiality in the context of the balance sheet of the company on the level of judgment and estimates required, we consider to be a key audit matter.

Response to Key Audit Matter

We assessed the controls in place, evaluated the appropriateness of capitalization process, performed tests of details on costs capitalized, the timeliness of the capitalization of the assets and the DE recognition criteria for the assets retired from active use.

In performing these procedures, we reviewed the judgment made by management including the nature of the underlying costs capitalized: Determination of realizable value of the assets retired from active use: The appropriateness of asset live applied in the calculation of depreciation; useful lives of assets as per the technical assessment of the management and external technical experts. We have observed that there are no materials changes.

Revenue Recognition

Revenue recognition is significant audit risk across all units within the Company, risk exists that revenue is recognized without substantial transfer of control and is not in accordance with Ind AS-115 “Revenue from Contracts with Customers”.

Response to Key Audit Matter

Our audit consisted testing of the design and operating effectiveness of the internal controls and substantive as follows:

- We have evaluated the design of internal controls relating to revenue recognition.
- We selected samples of Sales and transactions and tested the operating effectiveness of the internal control relating to revenue recognition. We carried out a combination of procedures involving inquiry and observation, performance and inspection.
- We have tested samples of Sale transaction to their respective underlying invoices and related documents.
- We have performed cut-off procedures for sample of revenue transactions at year-end in order to conclude on whether they were recognized in accordance with Ind AS-115.

Evaluation of Uncertain Tax Positions

The Company has material uncertain tax positions including matters under dispute which invoices significant judgment to determine the possible outcome of these disputes.

Response to Key Audit Matters

Obtained details of completed tax assessments and demands for the year ended March 31, 2021 from management. We involved our internal experts to challenge the management’s underlying assumptions in estimating the text provision and the possible outcome of the disputes. Our internal experts also considered legal precedence and other rulings in evaluating management’s position on these uncertain position. Additionally, we consider the effect of new information in respect of uncertain tax positions as at April 1, 2021 to evaluate whether any change was required to management’s to these uncertainties.

Information Other than the Financial Statements and Auditor’s Report Thereon

The Company's Board of Directors and Management is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance Report, and Shareholder Information, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management and Those Charged with Governance (TCWG)

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Consolidated financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to Consolidated financial statement in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Board of Directors.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Financial Results, including the disclosures, and whether the Financial Results represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequence of doing so would reasonably be expected to outweigh public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

3. As required by Section 143 (3) of the Act, we report that:

- (i) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (j) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (k) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account.

- (l) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
- (m) On the basis of the written representations received from the directors as on **31/03/2021** taken on record by the Board of Directors, none of the directors is disqualified as on **31/03/2021** from being appointed as a director in terms of Section 164 (2) of the Act.
- (n) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “**Annexure A**”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company’s internal financial controls over financial reporting.
- (o) With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act, as amended :
In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- (p) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - iv. There are pending litigations by and against the Company as at March 31, 2021 which may impact its financial position but no provision has been made as in the opinion of the management the amount cannot be estimated and will be dealt with in the year in which the dispute is settled and the Company has disclosed the impact of pending litigations on its financial position in its Consolidated financial statements.
 - v. The Company has made provision, as required under the applicable law or applicable accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - vi. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

"Annexure A" to the Independent Auditor's Report

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of SANCO INDUSTRIES LIMITED of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013.

We have audited the internal financial controls over financial reporting of **SANCO INDUSTRIES LIMITED** as of March 31, 2021 in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and operating effectiveness of internal control based on the assessed risk. The procedures selected depend upon on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation

of Consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Consolidated financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

47	Fair value measurements											
(i)	Fair value hierarchy											
	Financial assets and financial liabilities measured at fair value in the statement of financial position are grouped into three Levels of a fair value hierarchy. The three Levels are defined based on the observability of significant inputs to the measurement, as follows:											
	<p>Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities. Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (prices) or indirectly (derived from prices). Level 3: Inputs for the asset or liability that are not based on observable market data.</p>

1. COMPANY INFORMATION:

Sanco Industries Limited (the 'Company') is a public limited Company domiciled in India with its registered office located at D-161, Surajmal Vihar Delhi DL 110092. The Company is listed on the National Stock Exchange (NSE). The Company is in the manufacturing business comprising primarily of PVC Pipes. The Company has manufacturing facilities across the country and sells primarily in India.

2. BASIS OF PREPARATION, MEASUREMENT AND SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of Preparation and Measurement

(a) Basis of preparation and compliance with Ind AS

The financial statements are prepared in accordance with and in compliance, in all material aspects, with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the "Act") read along with Companies (Indian Accounting Standards) Rules, as amended and other provisions of the Act. The presentation of the Financial Statements is based on Ind AS Schedule III of the Companies Act, 2013.

The financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the financial statements. All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

The financial statements are presented in INR, the functional currency of the Company. Items included in the financial statements of the Company are recorded using the currency of the primary economic environment in which the Company operates (the 'functional currency').

Transactions and balances with values below the rounding off norm adopted by the Company have been reflected as "0" in the relevant notes to these financial statements.

The financial statements of the Company for the year ended March 31, 2021 were approved for issue in accordance with the resolution of the Board of Directors on 30th June, 2021.

(b) Basis of measurement

These financial statements are prepared under the historical cost convention unless otherwise indicated.

2.2 Key Accounting Estimates and Judgements

The preparation of financial statements requires management to make judgements, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgements based on historical experience and other factors, including expectations of future events that are believed to be reasonable. Revisions to accounting estimates are recognised prospectively. Information about critical judgements in applying accounting policies, as well as estimates and assumptions that have the most significant effect to the carrying amounts of assets and liabilities within the next financial year, are included in the following notes:

- (a) Measurement of defined benefit obligations
- (b) Measurement and likelihood of occurrence of provisions and contingencies
- (c) Recognition of deferred tax assets
- (d) Key assumptions used in discounted cash flow projections

- (e) Impairment of Intangible assets
- (f) Measurement of Lease liabilities and Right of Use Asset (ROUA)

Provision for warranty

The company has recognised a provision for warranty associated with liquidated damages and shortfall in performance arising from obligations stated in its project contracts, in determining the amount of the provision, assumption and estimates are made in relation to the present value of the potential risk, risk adjusted equity return rate, current sales levels, subsequent events and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The carrying amount of the provisions as at the reporting period end are disclosed in Notes to the financial statement.

Employee Benefits- Measurement of Defined Benefit Obligation

Management assesses post-employment and other employee benefit obligations using the projected unit credit method based on actuarial assumptions which represent management's best estimates of the variables that will determine the ultimate cost of providing post-employment and other employee benefits.

I. Critical judgements made in applying accounting policies**Lease Classifications**

At the inception of an arrangement entered into for the use of property, plant and equipment (PPE), the Company determines whether such an arrangement is, or contains, a lease. The determination of whether an arrangement is or contains a lease is based on the substance of the arrangement and requires an assessment of (i) whether the fulfilment of the arrangement is dependent on the use of a specific asset or assets, and (ii) the arrangement conveys a right to use the asset(s).

Lease transactions where substantially all risks and rewards incident to ownership are transferred from the lessor to the lessee are accounted for as finance leases. All other leases are accounted for as operating leases.

Service concession arrangements

The analysis on whether the Appendix A of Ind AS 11 applies to certain contracts and activities involves various complex factors and it is significantly affected by legal interpretation of certain contractual agreements or other terms and conditions with public sector entities.

Therefore, the application of Appendix A of Ind AS 11 requires extensive judgment in relation with, amongst other factors, (i) the identification of certain infrastructures (and not contractual agreements) in the scope of Appendix A of Ind AS 11, (ii) the understanding of the nature of the payments in order to determine the classification of the infrastructure as a financial asset or as an intangible asset and (iii) the recognition of the revenue from construction and concessionary activity.

Changes in one or more of the factors described above may significantly affect the conclusions as to the appropriateness of the application of Appendix A of AS 11 and, therefore, on the results of operations or the financial position.

Impairment subsidiaries

When a subsidiary is in net equity deficit and has suffered operating losses, a test is made whether the investment in the investee has suffered any impairment, in accordance with the stated accounting policy. The determination requires significant judgement. An estimate is made of the future profitability of the investee, and the financial health of and near-term business outlook for

the investee, including factors such as industry and sector performance, and operational and financing cash flow.

Impairment of plant & equipment and intangible assets

The company assesses whether plant & equipment and intangible assets have any indication of impairment in accordance with the accounting policy. The recoverable amounts of plant & equipment and intangible asset have been determined based on value-in-use calculations. These calculations require the use of judgement and estimates.

Expected credit loss

Expected credit losses of the company are based on an evaluation at the collectability of receivables. A considerable amount of judgement is required in assessing the ultimate realization of these receivables, including their current creditworthiness, past collection history of each customer and ongoing dealings with them. If the financial conditions of the counterparties with which the Company contracted were to deteriorate, resulting in an impairment of their ability to make payments, additional expected credit loss may be required.

II. Property, Plant and Equipment

All items of property, plant and equipment are initially recorded at cost. The cost of an item of plant and equipment is recognized as an asset if, and only if, it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Cost includes its purchase price (after deducting trade discounts and rebates), import duties & non-refundable purchase taxes, any costs directly attributable to bringing the asset to the location & condition necessary for it to be capable of operating in the manner intended by management, borrowing costs on qualifying assets and asset retirement costs. When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

The activities necessary to prepare an asset for its intended use or sale extend to more than just physical construction of the asset. It may also include technical (DPR, environmental, planning, Land acquisition and geological study) and administrative work such as obtaining approvals before the commencement of physical construction.

The cost of replacing a part of an item of property, plant and equipment is capitalized if it is probable that the future economic benefits of the part will flow to the Company and that its cost can be measured reliably. The carrying amount of the replaced part is derecognized.

Costs of day to day repairs and maintenance costs are recognised into net income as incurred.

Subsequent to recognition, property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual values, estimated useful lives and depreciation method are reviewed at each financial year-end, and adjusted prospectively, if appropriate.

An item of plant and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is recognised in the profit or loss in the year the asset is derecognized.

Assets under installation or under construction as at the Balance Sheet date are shown as Capital Work in Progress.

Depreciation

Depreciation is provided on Written down value Method, as per the provisions of schedule II of the Companies Act, 2013 or based on useful life estimated on the technical assessment. Asset class wise useful lives in years are as under:

Factory buildings	30
Other than factory buildings	60
Plant and Machinery	15
Office equipments	5
Electrical Fittings	10
Computers and peripherals	3 - 6
Furniture and Fixtures	10
Furniture and Fixtures (Hotel)	8
Plant & Machinery (Hotel)	8
Vehicles	8

Leasehold Assets are depreciated over the shorter of the estimated useful life of the asset or the lease term. Fully depreciated plant and equipment are retained in the financial statements until they are no longer in use.

In respect of additions/deletions to the fixed assets/leasehold improvements, depreciation is charged from the date the asset is ready to use/up to the date of deletion.

Depreciation on adjustments to the historical cost of the assets on account of reinstatement of long term borrowings in foreign currency, if any, is provided prospectively over the residual useful life of the asset.

III. Investment properties

Property that is held for long-term rental yields or for capital appreciation of both is classified as investment property.

Investment property is measured at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognised.

Investment properties are depreciated using the straight-line method as per the provisions of schedule II of the Companies Act, 2013 or based on useful life estimated on the technical assessment.

IV. Intangible Assets

Service concession arrangements (SCA)

Where the company enters into service Concession arrangements under which the company constructs, uses and operates certain assets for the provision of public services, construction revenue and costs are recognised in the profit and loss account by reference to the stage of completion at the balance sheet date while the fair value of construction service is capitalised initially as service concession assets in the balance sheet. Expenditure for the replacement and/or upgrade of the assets subject to service concession capitalised.

Concession rights are recognized as an intangible asset to the extent that it receives a right to charge users of the service. Concession rights are stated at cost less accumulated amortization and accumulated impairment losses.

In case of BOOT based road projects amortization is as per the schedule II of companies act 2013 i.e. calculated by taking the proportionate of actual revenue earned for the year over the total projected revenues from the balance concession period of the project applied to the cost of intangible assets. The total projected revenues are reviewed at the end of each financial year and the total projected revenues are adjusted to reflect any changes in the estimates which lead to the actual collection at the end of the concession period.

In all other intangible service concession assets, amortization is calculated by using the straight-line method over the licensing periods.

Other Intangible assets

Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably.

The company amortizes Computer software using the straight-line method over the period of 4 years.

V. Financial Assets

Financial assets comprise of investments in equity and debt securities, trade receivables, cash and cash equivalents and other financial assets.

Initial recognition

All financial assets are recognised initially at fair value. Purchases or sales of financial asset that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e. the date that the company commits to purchase or sell the assets.

Subsequent Measurement

- i. Financial assets measured at amortised cost

Financial assets held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding are measured at amortised cost using effective interest rate (EIR) method. The EIR amortization is recognised as finance income in the Statement of Profit and Loss.

The Company while applying above criteria has classified the following at amortised cost:

- A. Trade receivable
- B. Cash and cash equivalents
- C. Other Financial Asset

- ii. Financial assets at fair value through other comprehensive income (FVTOCI):

Financial assets held within a business model whose objective is to hold financial assets in order to collect contractual cash flows, selling the financial assets and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding are measured at FVTOCI.

Fair Value movements in financial assets at FVTOCI are recognised in other comprehensive income. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

VI. Government Grants

Government assistance is recognized when there is reasonable assurance that the Company will comply with the conditions attached to the government assistance and the grants will be received. Such assistance is recorded as a reduction to the related expense of asset.

VII. Inventories

Raw materials, consumables, stores and spares and finished goods are valued at lower of cost and net realizable value. Cost is determined on weighted average cost method.

Construction/Development work-in-progress related to project works is valued at lower of cost or net realizable value, where the outcome of the related project is estimated reliably. Cost includes cost of land, cost of materials, cost of borrowings and other related overheads.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

VIII. Cash and Cash equivalents

Cash and cash equivalents comprise cash at bank and in hand and short-term investments with an original maturity of three months or less. Deposits with banks subsequently measured at amortized cost and short term investments are measured at fair value through Profit & Loss account.

IX. Non-current Assets held for sale

Non-current assets, or disposal groups comprising assets and liabilities, that are expected to be recovered through sale rather than through continuing use, are classified as held for sale. Immediately before classification as held for sale, the assets, or components or the disposal group, are re-measured in accordance with the Company's accounting policies. Thereafter, the assets or disposal group, are measured at the lower of their carrying amount and fair value less costs to sell. Any impairment losses on initial classification as held for sale or subsequent gain on re-measurement are recognized into net income. Gains are not recognized in excess of any cumulative impairment losses.

X. Share Capital

Equity shares are classified as equity.

XI. Financial Liabilities**Initial recognition and measurement**

Financial liabilities are recognized when, and only when, the Company becomes a party to the contractual provisions of the financial instrument. The company determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognized initially at fair value plus any directly attributable transaction costs, such as loan processing fees and issue expenses.

Subsequent measurement

The measurement of financial liabilities depends on their classification as follows:

Financial liabilities at fair value through profit or loss

Equity instruments held for trading are classified as at fair value through profit or loss (FVTPL). For other equity instruments the company classifies the same as at FVTOCI. The classification is made

on initial recognition and is irrevocable. Fair value changes on equity investments at FVTOCI, excluding dividends are recognised in other comprehensive income (OCI).

iii. Financial assets at fair value through profit or loss (FVTPL)

Financial assets are measured at fair value through profit or loss if it does not meet the criteria for classification as measured at amortised cost or at fair value through other comprehensive income. All fair value changes are recognised in the statement of profit and loss.

iv. Investment in subsidiaries, joint ventures & associates are carried at cost in the separate financial statements.

Impairment of Financial Assets

Financial assets are tested for impairment based on the expected credit losses.

1) Trade Receivables

An impairment analysis is performed at each reporting date. The expected credit losses over life time of the asset are estimated by adopting the simplified approach using a provision matrix which is based on historical loss rates reflecting current condition and forecasts or future economic conditions. In this approach assets are grouped on the basis of similar credit characteristics such as industry, customer segment, past due status and other factors which are relevant to estimate the expected cash loss from these assets.

2) Other financial assets

Other financial assets are tested for impairment based on significant change in credit risk since initial recognition and impairment is measured based on probability of default over the life time when there is significant increase in credit risk.

De-recognition of financial assets

A financial asset is de-recognized only when:

- The company has transferred the rights to receive cash flows from the financial asset or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset and transferred substantially all risks and rewards of ownership of the financial asset. In such cases the financial asset is derecognized. Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is also derecognized if the company has not retained control of the financial asset.

Impairment of Non-Financial Assets

At each reporting date, the Company assesses whether there is any indication that an asset may be impaired. Where an indicator of impairment exists, the company makes a formal estimate of recoverable amount. Where the carrying amount of an asset exceeds its recoverable amount the asset is considered impaired and is written down to its recoverable amount.

Recoverable amount is the greater of fair value less costs to sell and value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case, the recoverable amount is determined for the cash-generating unit to which the asset belongs.

Financial liabilities at fair value through profit or loss includes financial liabilities held for trading and financial liabilities designated upon initial recognition at fair value through profit or loss. Financial liabilities are classified as held for trading if they are acquired for the purpose of selling in the near term. This category includes derivative financial instruments entered into by the Company

that are not designated as hedging instruments in hedge relationships. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Subsequent to initial recognition, financial liabilities at fair value through profit or loss are measured at fair value. Any gains or losses arising from changes in fair value of the financial liabilities are recognised in profit or loss.

The company has not designated any financial liabilities upon initial recognition at fair value through profit or loss.

Other financial liabilities

After initial recognition, financial liabilities are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortization process.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a de-recognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in profit or loss.

XII. Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest, exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost and other costs that an entity incurs in connection with the borrowing of funds.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

XIII. Employee Benefits

- Employee benefits are charged to the statement of Profit and Loss for the year and for the projects under construction stage are capitalised as other direct cost in the Capital Work in Progress/Intangible asset under development.
- Retirement benefits in the form of Provident Fund are a defined contribution scheme and the contributions are recognised, when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the respective funds.
- Gratuity liability is defined benefit obligations and is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. Re-measurement in case of defined benefit plans gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income and they are included in retained earnings in the statement of changes in equity in the balance sheet.
- Compensated absences are provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. Re-measurements as a result of

experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

- The amount of Non-current and Current portions of employee benefits is classified as per the actuarial valuation at the end of each financial year.

XIV. Income Taxes

Income tax expense is comprised of current and deferred taxes. Current and deferred tax is recognized in net income except to the extent that it relates to a business combination, or items recognized directly in equity or in other comprehensive income.

Current income taxes for the current period, including any adjustments to tax payable in respect of previous years, are recognized and measured at the amount expected to be recovered from or payable to the taxation authorities based on the tax rates that are enacted or substantively enacted by the end of the reporting period.

Deferred income tax assets and liabilities are recognized for temporary differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases using the tax rates that are expected to apply in the period in which the deferred tax asset or liability is expected to settle, based on the laws that have been enacted or substantively enacted by the reporting date. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable income nor the accounting income. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable income will be available against which they can be utilized. Deferred tax assets are reviewed at each reporting date and reduced accordingly to the extent that it is no longer probable that they can be utilized.

Deferred tax assets and liabilities are offset when there is legally enforceable right of offset current tax assets and liabilities when the deferred tax balances relate to the same taxation authority. Current tax asset and liabilities are offset where the entity has legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

XV. Leases

As a lessee

Leases of property, plant and equipment where the company, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The Finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the company as lessee are classified as operating leases. Payments made under operating leases (not of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

As a lessor

Lease income from operating leases where the company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with

expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balanced sheet based on their nature.

Lease-hold land:

Leasehold land that normally has a finite economic life and title which is not expected to pass to the lessee by the end of the lease term is treated as an operating lease.

The payment made on entering into or acquiring a leasehold land is accounted for as leasehold land use rights (referred to as prepaid lease payments in Ind AS 17 "Leases") and is amortized over the lease term in accordance with the pattern of benefits provided.

XVI. Provisions, Contingent and Liabilities and Contingent Assets***Provisions***

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense and is recorded over the estimated time period until settlement of the obligation. Provisions are reviewed and adjusted, when required, to reflect the current best estimate at the end of each reporting period.

The Company recognizes decommissioning provisions in the period in which a legal or constructive obligation is incurred. A corresponding decommissioning cost is added to the carrying amount of the associated property, plant and equipment, and it is depreciated over the estimated useful life of the asset.

A provision for onerous contracts is recognized when the expected benefits to be derived by the company from a contract are lower than the unavoidable cost of meeting its obligations under contract. The provision is measured at the present value or the lower of expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the company recognizes any impairment loss on the assets associated with that contract.

Liquidated Damages/Penalty as per the contracts/Additional Contract Claims under the contract entered into with Vendors and Contractors are recognised at the end of the contract or as agreed upon.

Contingent Liabilities

Contingent liability is disclosed in case of

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligations.
- A present obligation arising from past events, when no reliable estimate is possible.
- A possible obligation arising from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company where the probability of outflow of resources is not remote.

Contingent Assets

Contingent assets are not recognized but disclosed in the financial statements when an inflow of economic benefits is probable.

XVII. Fair Value Measurements

Company uses the following hierarchy when determining fair values:

Level 1- Quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2 - Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (prices) or indirectly (derived from prices) and,

Level 3 - Inputs for the asset or liability that are not based on observable market data.

The fair value of financial instruments traded in active markets is based on quoted market prices at the reporting dates. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. The fair value for these instruments is determined using Level 1 inputs.

The fair value of financial instruments that are not traded in an active market (for example, over the counter derivatives) is determined by using valuation techniques. These valuation techniques maximize the use of observable market data where it is available and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is fair valued using level 2 inputs.

If one or more of the significant inputs is not based on observable market data, the instrument is fair valued using Level 3 inputs. Specific valuation techniques used to value financial instruments include:

- Quoted market prices or dealer quotes for similar instruments;
- The fair value of interest rate swaps is calculated as the present value of the estimated future cash flows based on observable yield curves;
- The fair value of forward foreign exchange contracts is determined using forward exchange rates at the reporting dates, with the resulting value discounted back to present value;
- Other techniques, such as discounted cash flow analysis, are used to determine fair value for the remaining financial instruments.

XVIII. Revenue Recognition

Revenue is recognised and measured at the fair value of the consideration received or receivable, to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured.

The company collects service tax, sales taxes/value added taxes (VAT) and GST on behalf of the government and, therefore, these are not economic benefits flowing to the company. Hence, they are excluded from revenue. The following specific recognition criteria must also be met before revenue is recognized.

Insurance Claims

Insurance claims are recognized on acceptance/actual receipt of the claim.

Interest

Revenue is recognized as the interest accrues, using the effective interest method. This is the method of calculating the amortized cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate that exactly discounts

estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

Dividends

Dividends are recognised in profit or loss only when the right to receive payment is established.

XIX. Foreign Currency Transactions

Transactions in foreign currencies are translated to the functional currency of the company, at exchange rates in effect at the transaction date.

At each reporting date monetary assets and liabilities denominated in foreign currencies are translated at the exchange rate in effect at the date of the statement of financial position.

The translation for other non-monetary assets is not updated from historical exchange rates unless they are carried at fair value.

XX. Minimum Alternative Tax [MAT]

MAT credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the statement of profit and loss and shown as MAT Credit Entitlement. The company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that company will pay normal Income Tax during the specified period.

XXI. Earnings per Share

Basic earnings per share are calculated by dividing

- The profit attributable to owners of the company.
- By the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

Diluted earnings per share adjust the figures used in the determination of basic earnings per share to take into account:

- The after income tax effect of interest and other financing costs associated with dilutive potential equity shares.
- The weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

XXII. Segmental Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision makers, who are responsible for allocating resources and assessing performance of the operating segments.

XXIII. Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest Lakh as per the requirement of Schedule II of the Companies Act, 2013, unless otherwise stated.
