Managing Director's Message–Q4 & FY21

Commenting on the results, Mr. Makarand Pradhan, MD, Total Transport Systems Ltd. said:

We have been working very hard towards achieving sustainable growth by diversifying and adding more services to our portfolio. Last mile delivery business in Abhilaya is rising, and we can see exponential growth potential from it. As for our financial performance for the quarter ended 30th September 2021, revenue grew 114.64% YoY to Rs. 138.80 crores, while EBITDA increased 20.79% to Rs. 4.20 crores with PAT of Rs. 2.26 crores. For half year ended, revenue stood at Rs. 241.51 crores with EBITDA and PAT of Rs. 8.11 crores and Rs. 4.69 crores respectively.

With more focus on FCL business aligning with growth plans and increased liner freight rates, we see increase in revenue and better profit margins. Due to boost in volumes, the fixed operating cost levels reduced in turn resulting in cost optimization and better profit margins

We are also very pleased to share that the Company received two awards – “LCL Consolidators of the Year - Exports” Award from esteemed Daily Shipping and “LCL Consolidator of the Year” Award by Gujarat Junction, considered to be among one of the most coveted logistics awards in Gujarat. This motivates the employees to put in more efforts on seeing their work getting appreciated and recognized.

I would like to thank the entire team of TTSL for their untiring efforts, hard work, sincerity and dedication. Also, I would like to thank our valued Stakeholders, whose support and faith in our Company has given us the determination and ambition to set and achieve higher benchmarks.

Impact of COVID – 19

- COVID-19 pandemic posed unprecedented challenges across the world. Entire industries and businesses were impacted, and TTSL has been no exception to it.
- Due to lock down and subsequent restrictions on movement, the entire logistics industry faced financial distress.
- As a result, there will be a major impact of Covid on turnover and profitability. Closure of economic activity has led to disruptions in the supply chain.

- While almost all operating sites were under lockdown mode during the national lockdown phase, the units catering to essential commodities across Fast Moving Consumer Goods were operational. Accordingly, the Company continued to service these

- Company has ensured all the safety and sanitization measures across our service locations and are following increased protocols to ensure all involved are safe and secure.
- Company is gradually ramping up capacities across business verticals, on daily basis.
- Company has robust systems in place and all its locations are well networked.
- Even during the lockdown with combination of critical staff working from respective locations and all others working from home, all reporting systems worked seamlessly without any disruption.
- Company has taken appropriate measures to ensure requisite liquidity and there is no significant concern

Recent Developments

TTSL:

- Bagged a huge contract from Argentina for two for freight forwarding – adding 4,000 tonnes per month – exports from various ports of India to Argentina
- Was awarded “LCL Consolidators of the Year - Exports” Award from esteemed Daily Shipping
- Was also awarded “LCL Consolidator of the Year” Award by Gujarat Junction – considered to among one of the most coveted logistics awards in Gujarat

One World (wholly owned subsidiary of TTSL):

- Signed contract with TataCliq and Snapdeal in October for last mile delivery from their warehouses to consignee’s homes and in some places in India, open & manage warehouses and last-minute delivery
- Got awarded additional 50 new stations by Flipkart as their ODH (Outsourced Delivery Hub). Total stations for Flipkart till date – 80 hubs serving 331 pin codes across 11 states in India with Shipment count of around 40K per day

FY21 vs FY20 -

- Special FCL export shipment not handled during this year and COVID-19 impact in the year led to decline in revenues from operations
- Ripple effect of pandemic and lockdown on industry resulted in shortage of inventories, space and increase in transport and detention cost - congestions at various ports have added on cost of shipments in first half. This led to decrease in EBITDA
