No assurance can be given regarding an active and/or sustained trading in the Equity Shares of the Company or regarding the price at which the equity shares will be traded after listing.

GENERAL RISKS

Investments in equity and equity-related securities involve a degree of risk and investors should not invest any funds in this Issue unless they can afford to take the risk of losing their investment. Investors are advised to read the risk factors carefully before taking an investment decision in this Issue. For taking an investment decision, investors must rely on their own examination of our Company and the Issue including the risks involved. The Equity Shares offered in the Issue have not been recommended or approved by the Securities and Exchange Board of India (“SEBI”), nor does SEBI guarantee the accuracy or adequacy of this Prospectus. Specific attention of the investors is invited to the section titled “Risk Factors” beginning on page 24 of this Prospectus.

ISSUER’S ABSOLUTE RESPONSIBILITY

The Company, having made all reasonable inquiries, accepts responsibility for and confirms that this Prospectus contains all information with regard to our Company and the Issue, which is material in the context of the Issue, that the information contained in this Prospectus is true and correct in all material aspects and is not misleading in any material respect, that the opinions and intentions expressed herein are honestly held and that there are no other facts, the omission of which makes this Prospectus as a whole or any of such information or the expression of any such opinions or intentions misleading in any material respect.

SUMMARY OF INDUSTRY IN WHICH THE COMPANY IS OPERATING

BRIEF SUMMARY OF INDIAN PLASTIC INDUSTRY

Introduction

The Indian plastics industry made a promising beginning in 1957 with the production of polystyrene. Thereafter, significant progress has been made, and the industry has grown and diversified rapidly. The industry spans the country and hosts more than 2,000 exporters. It employs about 4 million people and comprises more than 30,000 processing units, 85-90% of which are small and medium-sized enterprises.

- In FY20, plastic and linoleum export from India stood at US\$ 7.55 billion.
- During April 2019 to January 2020, plastic export stood at US\$ 7.045 billion with the highest contribution from plastic raw material at US\$ 2.91 billion, plastic sheets, films, and plates at US\$ 1.22 billion and packaging materials at US\$ 722.47 million.
- India exported plastics raw materials worth US\$ 813 million in October 2020, and the export during April 2020 to October 2020 was US\$ 5.58 billion.
- India exported plastics worth US\$ 237.16 million in January 2021, and the export during April 2020 to January 2021 was US\$ 2.76 billion.
- The total plastic and linoleum export during April 2020 to February 2021 was US\$ 6.73 billion and for the month of February 2021, it was US\$ 630.94 million.
- The Indian plastics industry produces and exports a wide range of raw materials, plastic-moulded extruded goods, polyester films, moulded/ soft luggage items, writing instruments, plastic woven sacks and bags, polyvinyl chloride (PVC), leather cloth and sheeting, packaging, consumer goods, sanitary fittings, electrical accessories, laboratory/ medical surgical ware, tarpaulins, laminates, fishnets, travel ware, and others.
- The Indian plastics industry offers excellent potential in terms of capacity, infrastructure, and skilled manpower. It is supported by many polymer producers, plastic process machinery and mould manufacturers in the country.

REX PIPES AND CABLES INDUSTRIES LIMITED

- Among the industry's major strengths is the availability of raw materials in the country. Thus, plastic processors do not have to depend on import. These raw materials, including polypropylene, high-density polyethylene, low-density polyethylene, and PVC, are manufactured domestically.

Recent Developments

The Department of Chemicals and Petrochemicals has approved 10 Plastic Parks in the country, out of which 6 parks have been given final approval in the below states:

- Assam (1 nos.)
- Madhya Pradesh (2 nos.)
- Odisha (1 nos.)
- Tamil Nadu (1 nos.)
- Jharkhand (1 nos.)

The Detailed Project Reports are under evaluation for two Plastic Park in Uttarakhand and Chhattisgarh respectively and proposal for setting up of two new Plastic Parks are under process.

These Plastic Parks will help to achieve environmentally sustainable growth and increase employment.

Plastics Export Promotion Council

The Plastics Export Promotion Council (PLEXCONCIL) is the apex Government body responsible for the promotion of plastic export. PLEXCONCIL members comprise large-/medium-/small-scale manufacturers and exporters. The council supports exporters by participating in international trade fairs, exploring new markets, organising buyer-seller meets both in India and overseas, and engaging in various other promotion and need-based activities.

Indian Electrical Machinery Industry Analysis

By 2022, the installed power capacity in India is expected to reach 350 gigawatts (GW) from 243 GW in 2014, on the back of increasing industrialisation and economic development. The total market size of electrical machinery in India is anticipated to reach US\$ 100 billion by 2022 from US\$ 24 billion in 2013.

The electrical machinery sector consists of generation, transmission and distribution machinery. The transmission and distribution market expanded at a compound annual growth rate (CAGR) of 6.7 per cent over FY07-13. Boilers (16 per cent), cables (15 per cent) and transmission lines and conductors (12 per cent) account for a large chunk of the revenue. The generation equipment market is expected to expand at a CAGR of 12.7 per cent over FY12-22.

The exports of electrical machinery rose to US\$ 3.9 billion in FY14 from US\$ 3.4 billion in FY12. Boilers & parts and electrical wires and cables were the primary drivers of the increase in exports

The Government of India has been de-licensed the electrical machinery industry and has allowed 100 per cent foreign direct investment (FDI) in the sector. It plans to set up the Electrical Equipment Skill Development Council (EESDC) which would focus on identifying critical manufacturing skills required for the electrical machinery industry.

With many bilateral nuclear agreements in place, India is expected to become a major hub for manufacturing nuclear reactors and associated components. Foreign participation in the development and financing of generation and transmission assets, engineering services, equipment supply and technology collaboration in nuclear and clean coal technologies is also expected to increase.

OPPORTUNITIES IN INFRASTRUCTURE

Infrastructure sector is a key driver for the Indian economy. The sector is highly responsible for propelling India's overall development and enjoys intense focus from Government for initiating policies that would ensure time-bound creation of world class infrastructure in the country. The plastic industry plays a significant role in this endeavor.

The Indian pipes business has been growing rapidly in the past decade, largely due to increasing demand for pipes in the irrigation sector and construction industry. Among the several varieties of pipes available in the market, the demand for plastic pipes such as PVC, CPVC in particular, is on a rise largely due to

- Gaining popularity of plastic pipes over traditional/ galvanised iron (GI) pipes
- Huge replacement demand
- Flexibility in terms of transportation, less corrosive and long lasting life (25 years v/s 8-10 years of GI pipes)
- Easy installation and competitive price in nature (20-25% cheaper over GI pipes).

Other types of pipes, like steel pipes and ductile iron pipes also have major demand. Across the country, infrastructural development, urbanization, government's focus on real estate, irrigation is expected to drive the demand. Construction and agricultural growth have been identified as major factors facilitating the growth of the pipes industry in the country.

PVC - PIPES & FITTINGS

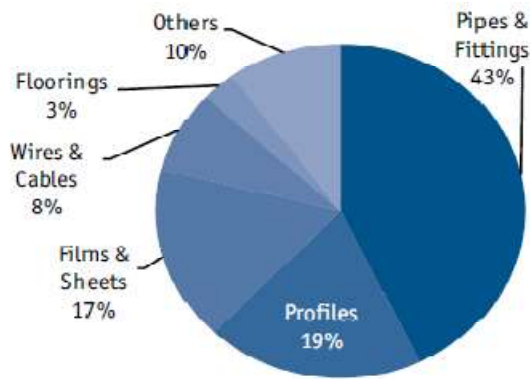

Currently, in India, approximately 73% of the PVC is consumed by the Pipes & Fittings industries with the other sectors comprising only 27%. Globally, Pipes & Fittings account for only 43% of the PVC consumption, showing that PVC applications in India other than Pipes & Fittings are still in the early stages and are primed for growth. This, along with the relatively low per capita PVC consumption in India, shows that future prospects for the Indian PVC processing industry are bright. Although, CPVC pipes and fittings contributed just ~10% to the overall production capacity in FY15, it is the fastest growing segment of the PVC pipes and fittings industry in India.

Figure 8: Application break-up of PVC - India

Figure 9: Application break-up of PVC - Global

Source: TATA Strategic Analysis

Rigid Pipe segment / Agriculture

The Indian agriculture piping industry is highly fragmented due to presence of large chunk of players, giving tough competition both on product offerings and pricing terms. Also, the main reason for low yield or margins in

REX PIPES AND CABLES INDUSTRIES LIMITED

this segment is due to the less proportion of fittings in usage, compared to the plumbing segment. There are few organised players operating with significant presence through wide distribution network and a strong quality product portfolio.

Plastics play a major role in managing water resources. The various applications of plastics in water management include plastic rain water collection tanks, pipes, profiles; waste water applications (waste water treatment plants) and plastic pipes for water transportation (PVC, HDPE, LLDPE, PP, FRP).

- Plastic products in water management are being used as compared to various alternate competitive materials like metal, cement, due to light and weight durability, rust free, smoother surface.
- The Ministry of Water Resources is responsible for laying down policy guidelines for water conservation. PVC pipes and fittings with BIS certification are being used in various water/sewerage transportation applications in various private/government supplies.

SECTION III

RISK FACTORS

An investment in Equity Shares involves a high degree of risk. prospective investors should carefully consider all the information in this Prospectus, particularly the “Financial Statements” and the related notes, “Our Business” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on pages 163, 105 and 187 respectively and the risks and uncertainties described below, before making a decision to invest in our Equity Shares.

The risk factors set forth below are not exhaustive and do not purport to be complete or comprehensive in terms of all the risk factors that may arise in connection with our business or any decision to purchase, own or dispose of the Equity Shares. This section addresses general risks associated with the industry in which we operate and specific risks associated with our Company. Any of the following risks, individually or together, could adversely affect our business, financial condition, results of operations or prospects, which could result in a decline in the value of our Equity Shares and the loss of all or part of your investment in our Equity Shares.

While we have described the risks and uncertainties that our management believes are material, these risks and uncertainties may not be the only risks and uncertainties we face. Additional risks and uncertainties, including those we currently are not aware of or deem immaterial, may also have an adverse effect on our business, results of operations, financial condition and prospects.

This Prospectus contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Prospectus. The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors below. However, there are risk factors the potential effects of which are not quantifiable and therefore no quantification has been provided with respect to such risk factors. In making an investment decision, prospective investors must rely on their own examination of our Company and the terms of the Issue, including the merits and the risks involved.

The following factors have been considered for determining the materiality of Risk Factors:

- Some events may not be material individually but may be found material collectively;*
- Some events may have material impact qualitatively instead of quantitatively;*
- Some events may not be material at present but may have material impact in future.*

The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors mentioned below. However, there are risk factors where the impact may not be quantifiable and hence the same has not been disclosed in such risk factors. Unless otherwise stated, the financial information of the Company used in this section is derived from our financial statements under Indian GAAP, as restated in this Prospectus. Unless otherwise stated, we are not in a position to specify or quantify the financial or other risks mentioned herein.

In this Prospectus, any discrepancies in any table between total and the sums of the amount listed are due to rounding off. Any percentage amounts, as set forth in “Risk Factors” beginning on page 24 and “Management Discussion and Analysis of Financial Condition and Results of Operations” beginning on page 187 unless otherwise indicated, has been calculated on the basis of the amount disclosed in the “Audited Financial Statements, as restated” prepared in accordance with the Indian Accounting Standards.

For capitalized terms used but not defined in this chapter, refer to the chapter titled “Definitions and

REX PIPES AND CABLES INDUSTRIES LIMITED

Abbreviations” beginning on page 1 of this Prospectus. The numbering of the risk factors has been done to facilitate ease of reading and reference and does not in any manner indicate the importance of one risk factor over another.

In the event, the above leases are not renewed, we may be required to shift our manufacturing facility/

REX PIPES AND CABLES INDUSTRIES LIMITED

Offices to a new location and there can be no assurance that the arrangement our Company will enter into in respect of the new manufacturing facilities/ Offices would be on such terms and conditions as the present one.

For further details please refer to section titled Our Business on page 105 of this Prospectus.

- We have experienced negative cash flows and any negative cash flows in the future could adversely affect our financial conditions and results of operations.**

The detailed break up of cash flows as restated is summarized in below mentioned table and our Company has reported negative cash flow in certain financial years and which could affect our business and growth:

(In Lacs.)				
Particulars	30.01.2021	31.03.2020	31.03.2019	31.03.2018

Net Cash Flow from Financing activities	526.93	(856.45)	192.87	241.79
Net Cash Flow for the Year	(8.80)	(18.39)	2.37	16.51

- Our business is dependent on our operations in Rajasthan region of India, and any adverse changes in the conditions affecting these markets can adversely impact our business, financial condition and results of operations.**

While our operations are spread out in Rajasthan region of the country, all of our offices Outlets are located in the Rajasthan. 83.12% of the total revenue of the Company for the ten months ended 31st January, 2021 has been generated from the state of Rajasthan only. In the event that demand for our services in general reduces or stops by any reason including political discord or instability or change in policies of State, then our financial condition and operating results may be materially and adversely affected. Geographical and functional expansion of our business domain requires establishment of adequate network. As we seek to diversify our regional focus, we may face the risk that our competitors may be better known in other markets, enjoy better relationships with customers. Our lack of exposure in geographical boundaries outside our operating region could impact our future revenues.

- The outbreak of COVID-19, or outbreak of any other similar severe communicable disease could have a potential impact on our business, financial condition and results of operations.**

The outbreak, or threatened outbreak, of any severe communicable disease (particularly COVID-19) could adversely affect the overall business sentiment and environment, particularly if such outbreak is inadequately controlled. The spread of any severe communicable disease may also adversely affect the operations of our customers and suppliers, which could adversely affect our business, financial condition and results of operations. The outbreak of COVID-19 has resulted in authorities implementing several measures such as travel bans and restrictions, quarantines and lockdowns. These measures have impacted and may further impact our workforce and operations, the operations of our customers, and those of our respective vendors and suppliers. There is currently substantial medical uncertainty regarding COVID-19 and distribution of vaccine is in initial stages in our country. In case there is a rapid increase in severe cases of infections leading to deaths, where the measures taken by governments are not successful or are any bans imposed by the government in this regard are lifted prematurely, may cause significant economic disruption in India and in the rest of the world. The scope, duration and frequency of such measures and the adverse effects of COVID-19 remain uncertain and could be severe. Our ability to meet our ongoing disclosure obligations might be adversely affected, despite our best efforts. If any of our employees were suspected of contracting COVID-19 or any other epidemic disease, this could require us to quarantine some or all of these employees or disinfect the facilities used for our operations. In addition, our revenue and profitability could be impacted to the extent that a natural

REX PIPES AND CABLES INDUSTRIES LIMITED

disaster, health epidemic or other outbreak harms the Indian and global economy in general. The outbreak has significantly increased economic uncertainty.

It is likely that the current outbreak or continued spread of COVID-19 will cause an economic slowdown. The extent to which the COVID-19 further impacts our results will depend on future developments, which are highly uncertain and cannot be predicted. Existing insurance coverage may not provide protection for all costs that may arise from all such possible events. We are still assessing our business operations and system supports and the impact COVID-19 may have on our results and financial condition, but we cannot assure that this analysis will enable us to avoid part or all of any impact from the spread of COVID-19 or its consequences. The above risks can threaten the safe operation of our facilities and cause disruption of operational activities, environmental harm, loss of life, injuries and impact the wellbeing of our people. Further if the any new lockdown is imposed, it could result in muted economic growth or give rise to a recessionary economic scenario, in India and globally, which could adversely affect the business, prospects, results of operations and financial condition of our Company.

5. We have in the past entered into related party transactions and may continue to do so in the future.

We have entered into transactions with our promoters, Promoter group companies. While we believe that all such transactions have been conducted on an arm's length basis, there can be no assurance that we could not have achieved more favourable terms had such transactions not been entered into with related parties. Furthermore, it is likely that we may enter into related party transactions in the future. There can be no assurance that such transactions, individually or in the aggregate, will not have an adverse effect on our financial condition and results of operations. For further details please refer to Financial Information Of Our Company on page 163 of Prospectus.

6. Our manufacturing operations are critical to our business and any shutdown of our manufacturing facilities may have an adverse effect on our business, results of operations and financial condition.

Our Company manufactures the pipes and cables and our success depend on our ability to successfully manufacture and deliver our products to meet our customer demand. Our manufacturing facility is also susceptible to damage or interruption or operating risks, such as human error, power loss, breakdown or failure of equipment, power supply or processes, performance below expected levels of output or efficiency, obsolescence, loss of services of our external contractors, terrorist attacks, acts of war, break-ins, earthquakes, other natural disasters and industrial accidents and similar events. It is also subject to operating risk arising from compliance with the directives of relevant government authorities. In past, there have been two instances where our facility met with a fire situation. Operating risks may result in personal injury and property damage and in the imposition of civil and criminal penalties.

If our Company experience delays in production or shutdowns at our facility due to any reason, including disruptions caused by disputes with its workforce or any external factors, our Company's operations will be significantly affected, which in turn would have a material adverse effect on its business, financial condition and results of operations. Further, continuous addition of industries in and around our manufacturing facilities without commensurate growth of its infrastructural facilities may put pressure on the existing infrastructure therein, which may adversely affect our business.

7. Our Company does not have any long-term contracts with our clients and suppliers, which may adversely affect our results of operations.

We are, to a major extent, dependent on external suppliers for our goods requirements and we do not have any long-term supply agreements or commitments in relation to the same. There can be no assurance that there will not be a significant disruption in the supply of goods from current sources or, in the event of a disruption, that we would be able to locate alternative suppliers of goods of comparable quality on terms acceptable to us, or at all. Identifying a suitable supplier involves a

REX PIPES AND CABLES INDUSTRIES LIMITED

process that requires us to become satisfied with their quality control, responsiveness and service, financial stability and labour and other ethical practices. Consequently, we are also exposed to price fluctuations in goods, and these fluctuations may adversely affect our ability to obtain orders and/or to execute them in a timely manner, which would have a material adverse effect on our business, results of operations and financial condition.

In case of non-availability of goods on favourable terms, we may have to procure the same at the terms and conditions prevalent at that point. This may result in reducing our revenues by a considerable amount due to shortage of goods or due to inability to procure the same. Further, unfavourable terms of goods may also force us to reduce the scale of our operations resulting in a down-sizing of our overall business. We may have to put on hold any expansion plans and our future growth will be severely stunted. Any delay, interruption or increased cost in the supply arising from a lack of long-term contracts could have an adverse effect on our ability to meet customer demand for our products and result in lower revenue from operations both in the short and long term. Also, Our Company has had long standing business relationships with certain customers and has been supplying our products to such customers for long time. However, we have not entered into any long term contracts with these customers and we cater to them on an order-by-order basis. As a result, our customers can terminate their relationships with us without any notice and, without consequence, which could materially and adversely impact our business.

- 8. Activities involving our manufacturing process can be dangerous and can cause injury to people or property in certain circumstances. A significant disruption at any of our manufacturing facilities may adversely affect our production schedules, costs, sales and ability to meet customer demand.**

Our business operations are subject to hazards such as risk of equipment failure, work accidents, fire or explosion and require individuals to work under potentially dangerous circumstances or with flammable materials. Although we employ safety procedures in the operation of our facilities and maintain what we believe to be adequate insurance, there is a risk that an accident or death may occur in one of our facilities. An accident may result in destruction of property or equipment, environmental damage, manufacturing or delivery delays, or may lead to suspension of our operations and/or imposition of liabilities. Any such accident may result in litigation, the outcome of which is difficult to assess or quantify, and the cost to defend litigation can be significant. As a result, the costs to defend any action or the potential liability resulting from any such accident or death or arising out of any other litigation, and any negative publicity associated therewith, may have a negative effect on our business, financial condition, results of operations, cash flows and prospects. In particular, if operations at our manufacturing facility were to be disrupted as a result of any significant workplace accident, equipment failure, natural disaster, power outage, fire, explosion, terrorism, adverse weather conditions, labour dispute, obsolescence or other reasons, our financial performance may be adversely affected as a result of our inability to meet customer demand or committed delivery schedules for our products. Interruptions in production may also increase our costs and reduce our sales, and may require us to make substantial capital expenditures to remedy the situation or to defend litigation that we may become involved in as a result, which may negatively affect our profitability, business, financial condition, results of operations, cash flows and prospects.

- 9. The capacity of our current plant units is not fully utilized. Consecutively, if there is also any under-utilization of our capacities in next three years, it could affect our ability to fully absorb fixed costs and thus may adversely impact our financial performance.**

The capacity of our current plants is not fully utilized. During the previous two years, the utilization of the capacity of the plant is decreasing, For further details please refer to section titled Our Business on page 105 of this Prospectus. Further, we propose to fully utilize our production capacities in coming years based on our estimates of market demand and profitability. In the event of nonmaterialization of our estimates and expected order flow for our product and/or failure of optimum utilization of our

REX PIPES AND CABLES INDUSTRIES LIMITED

capacities, due to factors including adverse economic scenario, change in demand or for any other reason, our capacities may not be fully utilized thereby impairing our ability to fully absorb our fixed cost and may adversely impact our financial performance.

10. Our Manufacturing operations may be adversely affected in case of industrial accidents at any of our production facilities.

Usage of heavy machinery, handling of materials by labour during production process or otherwise, lifting of materials by humans, cranes, heating processes of the furnace etc. may result in accidents, which could cause injury to our labour, employees, other persons on the site and could also damage our properties thereby affecting our operations. Further our plants and machinery and personnel are not covered under insurance and hence any such occurrence of accidents could hamper our production and consequently affect our profitability.

11. Continued operations of our manufacturing facilities situated at B-99, IInd Phase, Industrial Growth Centre, V.P.O. Palsana Sikar and E - 128 & 129, RIICO Industrial Growth Centre, Palsana Distt.- Sikar and are critical to our business and any disruption in the operation of our facility may have a material adverse effect on our business, results of operations and financial condition.

Our manufacturing facilities situated at B-99, IInd Phase, Industrial Growth Centre, V.P.O. Palsana Sikar and E - 128 & 129, RIICO Industrial Growth Centre, Palsana Distt.- Sikar are subject to operating risks, such as unavailability of machinery, break-down, obsolescence or failure of machinery, disruption in power supply or processes, performance below expected levels of efficiency, labour disputes, natural disasters, industrial accidents and statutory and regulatory restrictions. Our machines have limited lives and require periodic cleaning as well as annual over hauling maintenance. In the event of a breakdown or failure of such machinery, replacement parts may not be available and such machinery may have to be sent for repairs or servicing. We have not entered into any technical support service agreements for the maintenance and smooth functioning of our equipment's and machineries. This may lead to delay and disruption in our production process that could have an adverse impact on our sales, results of operations, business growth and prospects.

12. Use of Plastic may be prohibited by Concerned Government being combustible, Hazardous commodity which may cause several health concerns.

Our operations are subject to generation of various hazardous waste associated with the use of plastic among other materials in our manufacturing activities, such as the use, handling, processing, storage and transportation of hazardous materials, as well as accidents such as leakage or spillages. The storage of these hazardous materials near our production facilities and the handling of these materials in the production process pose inherent risks. These hazards can cause personal injury and loss of life, severe damage to environmental damage and may result in the suspension of operations and the imposition of civil and criminal liabilities. Government of different States has, from to time, issued various orders banning the use of hazardous products for sake of health safety of people at large. Thus, any ban / prohibition / limitation / restriction in the use of Plastic commodity in the manufacturing of our products may adversely affect our product and thus will adversely affect our profitability, business, financial condition, results of operations, cash flows and prospects.

13. Our Company is dependent on third party transportation providers for the delivery of our goods and any disruption in their operations or a decrease in the quality of their services could affect our Company's reputation and results of operations.

Our Company uses third party transportation providers for delivery of our goods. Though our business has not experienced any disruptions due to transportation strikes in the past, any future transportation strikes may have an adverse effect on our business. In addition goods may be lost or damaged in transit

REX PIPES AND CABLES INDUSTRIES LIMITED

for various reasons including occurrence of accidents or natural disasters. There may also be delay in delivery of products, which may also affect our business and results of operation negatively. An increase in the freight costs or unavailability of freight for transportation of our raw materials or finished goods may have an adverse effect on our business and results of operations.

Further, disruptions of transportation services due to weather related problems, strikes, lock-outs, inadequacies in the road infrastructure, or other events could impair ability to procure raw materials on time. Any such disruptions could materially and adversely affect our business, financial condition and results of operations.

14. Our lenders have charge over our immovable properties in respect of finance availed by us.

We have provided security in respect of loans / facilities availed by us from banks and financial institutions by creating a charge over our immovable properties. The total amounts outstanding and payable by us as secured loans were Rs. 1,802.32 lacs as on January 31, 2021. In the event we default in repayment of the loans / facilities availed by us and any interest thereof, our properties may be subject to forfeiture by lenders, which in turn could have significant adverse effect on business, financial condition or results of operations.

For further details of secured loans of our Company, please refer the chapter titled *Financial Information* on page 163 of this Prospectus.

15. Our cost of production and trading activities is exposed to fluctuations in the prices of materials.

Our Company is dependent on third party suppliers for procuring the raw material. We are exposed to fluctuations in the prices of these raw materials/ traded goods as well as its unavailability, particularly as we typically do not enter into any long term supply agreements with our suppliers and our major requirement is met in the spot market. We may be unable to control the factors affecting the price at which we procure the materials. We also face the risks associated with compensating for or passing on such increase in our cost of production/ trades on account of such fluctuations in prices to our customers. Upward fluctuations in the prices of raw material/ traded goods may thereby affect our margins and profitability, resulting in a material adverse effect on our business, financial condition and results of operations. Though we enjoy favourable terms from the suppliers both in prices as well as in supplies, our inability to obtain high- quality materials in a timely and cost-effective manner would cause delays in our production/trade cycles and delivery schedules, which may result in the loss of our customers and revenues.

16. The shortage or non-availability of power facilities may adversely affect our manufacturing processes and have an adverse impact on our results of operations and financial condition.

Our manufacturing processes requires substantial amount of power facilities. The quantum and nature of power requirements of our industry and Company is such that it cannot be supplemented/ augmented by alternative/ independent sources of power supply since it involve significant capital expenditure and per unit cost of electricity produced is very high in view of increasing oil prices and other constraints. We are mainly dependent on State Government for meeting our electricity requirements. Any disruption / non availability of power shall directly affect our production which in turn shall have an impact on profitability and turnover of our Company.

17. The shortage or non-availability of water facilities may adversely affect our manufacturing processes and have an adverse impact on our results of operations and financial condition.

Our manufacturing processes requires substantial amount of water, particularly for self tempering and

REX PIPES AND CABLES INDUSTRIES LIMITED

cooling process. Currently, our Company has made adequate arrangement to meet its water requirements. We have not made any alternate arrangements for supply of water for our manufacturing facilities. Any disruption / non availability of water supply shall directly affect our production which in turn shall have an impact on profitability and turnover of our Company.

18. Termination of agreements/arrangements with Customers, could negatively impact our revenues and profitability.

Our customers typically retain us on a non-exclusive basis. Many of our client contracts can be terminated with or without cause by providing notice and without termination-related penalties. Additionally, most of clients carry no commitment to a specific volume of business or future work. Our business is dependent on the decisions and actions of our customers, and there are a number of factors relating to our clients that are outside our control that might result in the termination of an assignment or the loss of a client, including a demand for price reductions. Therefore, our business may be adversely affected if any of our contracts are terminated by our customers.

19. We are subject to foreign currency exchange rate fluctuations which could have a material and adverse effect on our results of operations and financial conditions.

We import some of our raw materials from outside India and payment for these purchases is made in foreign currency. Changes in value of currencies with respect to the Rupee may cause fluctuations in our operating results expressed in Rupees. The exchange rate between the Rupee and other currencies is variable and may continue to fluctuate in future. Any adverse or unforeseen fluctuations with respect to the unhedged exchange rate of any foreign currency for Indian Rupees may affect our Company's results of operations.

20. The laws of various countries govern our suppliers and disputes arising from such contracts may be subject to the exclusive jurisdiction of courts situated in such countries.

Several of our suppliers are governed by the laws of the country in which either the supplier is incorporated or where the business of the supplier is situated and any disputes related to such contracts may be subject to the exclusive jurisdiction of courts situated in such countries. Lawsuits with respect to such disputes may be instituted in courts situated outside India, and it may become unfeasible for our Company to manage such litigation or obtain enforcement of awards made in such suits. Further, we may also incur significant litigation costs as a result of pursuing dispute resolution mechanisms outside India.

21. Our historical revenues have been significantly dependent on few customers. If our customers choose not to source their requirements from us, our business, financial condition and results of operations may be adversely affected.

Our top 10 customers have contributed over 43.96% of our revenues for the period ended January 31, 2021. Any decline in our quality standards, growing competition and any change in the demand by these customers may adversely affect our ability to retain them. We cannot assure that we shall generate the same quantum of business, or any business at all, from these customers, and loss of business from one or more of them may adversely affect our revenues and profitability.

However, the composition and revenue generated from these clients might change as we continue to add new clients in normal course of business. We intend to retain our customers by offering solutions to address specific needs in a proactive, cost effective and time efficient manner. This helps us in providing better value to each customer thereby increasing our engagement with our new and existing customer base that presents a substantial opportunity for growth.

REX PIPES AND CABLES INDUSTRIES LIMITED

22. Our industry is labour intensive and our business operations may be materially adversely affected by strikes, work stoppages or increased wage demands by our employees or those of our suppliers.

We believe that the Indian Pipe and Cable industry faces competitive pressures in recruiting and retaining skilled and unskilled labour. Our industry being labour intensive is highly dependent on labour force for carrying out its business operations. Shortage of skilled/unskilled personnel or work stoppages caused by disagreements with employees could have an adverse effect on our business and results of operations.

India has stringent labour legislation that protects the interests of workers, including legislation that sets forth detailed procedures for the establishment of unions, dispute resolution and employee removal and legislation that imposes certain financial obligations on employers upon retrenchment. We are also subject to laws and regulations governing relationships with employees, in such areas as minimum wage and maximum working hours, overtime, working conditions, hiring and terminating of employees and work permits. Such disruptions may adversely affect our business and results of operations, reputation and may also divert the management's attention and result in increased costs. Although our employees are not currently unionized, there can be no assurance that they will not unionize in the future. If our employees unionize, it may become difficult for us to maintain flexible labour policies, and we may face the threat of labour unrest, work stoppages.

23. Compliance with, and changes in, safety, health and environmental laws and regulations may adversely affect our business, prospects, financial condition and results of operations.

Due to the nature of our business, we expect to be or continue to be subject to extensive and increasingly stringent environmental, health and safety laws and regulations and various labour, workplace and related laws and regulations. We are also subject to environmental laws and regulations, including but not limited to:

- a. Environment (Protection) Act, 1986
- b. Air (Prevention and Control of Pollution) Act, 1981
- c. Water (Prevention and Control of Pollution) Act, 1974
- d. Hazardous Waste Management & Handling Rules, 2008
- e. other regulations promulgated by the Ministry of Environment and Forests and the Pollution Control Boards of the state

which govern the discharge, emission, storage, handling and disposal of a variety of substances that may be used in or result from the operations of our business.

The scope and extent of new environmental regulations, including their effect on our operations, cannot be predicted and hence the costs and management time required to comply with these requirements could be significant. Amendments to such statutes may impose additional provisions to be followed by our Company and accordingly the Company needs to incur clean-up and remediation costs, as well as damages, payment of fines or other penalties, closure of production facilities for non-compliance, other liabilities and related litigation, could adversely affect our business, prospects, financial condition and results of operations.

24. Our inability to maintain an optimal level of inventory for our business may impact our operations adversely.

Our daily operations largely depend on consistent inventory control which is generally dependent on our projected sales in different months of the year. An optimal level of inventory is important to our business as it allows us to respond to customer demand effectively and to maintain a range of finished products. If we over-stock inventory, our required working capital will increase and if we under-stock

REX PIPES AND CABLES INDUSTRIES LIMITED

inventory, our ability to meet consumer demand and our operating results may be adversely affected. Any mismatch between our planning and the actual off take by customers can impact us adversely.

25. Changes in technology may render our current technologies obsolete or require us to make substantial capital investments.

Modernization and technology up gradation is essential to reduce costs and increase the efficiency. Our technology may become obsolete or may not be upgraded timely, hampering our operations and financial conditions and we may lose our competitive edge. Although we believe that we are utilizing latest technology by using latest machineries and equipments, we shall continue to strive to keep our technology updated. In case of a new found technology in the Pipe and cable Industry, we may be required to implement new technology employed by us. Further, the cost in upgrading our technology is significant which could substantially affect our finances and operations.

26. Our business requires us to obtain and renew certain registrations; licenses and permits from government and regulatory authorities and the failure to obtain and renew them in a timely manner may adversely affect our business operations.

Our business operations require us to obtain and renew from time to time, certain approvals, licenses, registration and permits, some of which may expire and for which we may have to make an application for obtaining the approval or its renewal. Our Company is required to renew such permits, licenses and approvals. There can be no assurance that the relevant authorities will issue any of such permits or approvals in time or at all.

Further, these permits, licenses and approvals are subject to several conditions, and our Company cannot assure that it shall be able to continuously meet such conditions and this may lead to cancellation, revocation or suspension of relevant permits/ licenses/ approvals, which may affect our business adversely.

For more information about the licenses required in our business and the licenses and approvals applied for renewal and approvals yet to apply, please refer section "Government and other approvals" appearing on page 202 of this Prospectus.

27. We could be harmed by employee misconduct or errors that are difficult to detect and any such incidences could adversely affect our financial condition, results of operations and reputation.

Employee misconduct or errors could expose us to business risks or losses, including regulatory sanctions and cause serious harm to our reputation. There can be no assurance that we will be able to detect or deter such misconduct. Moreover, the precautions we take to prevent and detect such activity may not be effective in all cases. Our employees and agents may also commit errors that could subject us to claims and proceedings for alleged negligence, as well as regulatory actions on account of which our business, financial condition, results of operations and goodwill could be adversely affected.

28. Our ability to retain the clients is heavily dependent upon various factors including our reputation and our ability to maintain a high level of service quality including our satisfactory performance for the customers. Any failure by us to retain or attract customers may impact its business and revenues.

We believe our strong brand reputation has helped us to attract and retain our customers. As a result, our reputation and perception of our brands are critical to our business. Although, we believe that we as well as our customers have a dedicated and talented team that comprise of experienced personnel in the field of pipe and cable manufacturing. Our business heavily relies on our reputation as well as the

REX PIPES AND CABLES INDUSTRIES LIMITED

quality and popularity of the product provided by us and our visibility and perception amongst customers. It is important that we retain the trust placed by our customers. We must also continue to attract more and increase the number of our customers at a consistent rate. We attempt to retain our position by maintaining quality and by our ability to improve and add value to the performance of our customers in their respective areas. This requires constant upgradation of the methodology and technologies are adequately equipped. Further, we rely on a variety of advertising efforts tailored to target the customers. Failure to maintain and enhance our reputation or any actual or perceived reasons leading to reduction of benefits from our customers or any negative publicity against us may affect the rate of customers. Any failure by us to retain or attract customers may adversely impact our business and revenues.

29. Delays or defaults in client payments could result in a reduction of our profits.

We may be subject to working capital shortages due to delays or defaults in payments by clients. If clients defaults in their payments in due time to which we have devoted significant resources it could have a material adverse effect on our business, financial condition and results of operations and could cause the price of our Equity Shares to decline.

30. If we are unable to source business opportunities effectively, we may not achieve our financial objectives.

Our ability to achieve our financial objectives will depend on our ability to identify, evaluate and accomplish business opportunities. To grow our business, we will need to hire, train, supervise and manage new employees and to implement systems capable of effectively accommodating our growth. However, we cannot assure you that any such employees will contribute to the success of our business or that we will implement such systems effectively. Our failure to source business opportunities effectively could have a material adverse effect on our business, financial condition and results of operations. It is also possible that the strategies used by us in the future may be different from those presently in use. No assurance can be given that our analyses of market and other data or the strategies we use or plans in future to use will be successful under various market conditions.

31. We could become liable to customers, suffer adverse publicity and incur substantial costs as a result of defects in our products, which in turn could adversely affect the value of our brand, and our sales could be diminished if we are associated with negative publicity.

Any failure or defect in our products could result in a claim against us for damages, regardless of our responsibility for such a failure or defect. We currently carry no products liability insurance with respect to our products. Although we attempt to maintain quality standards, we cannot assure that all our products would be of uniform quality, which in turn could adversely affect the value of our brand, and our sales could be diminished if we are associated with negative publicity.

Also, our business is dependent on the trust our customers have in the quality of our products. Any negative publicity regarding our company, brand, or products, including those arising from a drop in quality of merchandise from our vendors, mishaps resulting from the use of our products, or any other unforeseen events could affect our reputation and our results from operations.

32. Changes in customer preferences could affect our business, financial condition, results of operations and prospects.

Any change in the customer preference can render our old stock obsolete, as changes in customer preference are generally beyond our control. Some or all of our products may become less attractive in light of changing customer preferences or better products by competitors and we

REX PIPES AND CABLES INDUSTRIES LIMITED

may be unable to adapt to such changes in a timely manner. However, we constantly focus on research and development and to develop new products to cater the customer needs, any change in customer preferences that decreases demand could affect our business, financial condition, results of operations and prospects.

- 33. Our Company's failure to maintain the quality standards of the products could adversely impact our business, results of operations and financial condition.**

The demand for our products depends on quality that we market. Any failure of ours to maintain the quality standards may affect our business. Although we have put in place strict quality control procedures, we cannot assure that our products will always be able to satisfy our customer's quality standards. Any negative publicity regarding our Company, or products, including those arising from any deterioration in quality of our products or any other unforeseen events could adversely affect our reputation, our operations and our results from operations.

- 34. We face risks and uncertainties associated with the implementation of expansion and new projects which may impact our business, operations and revenue.**

Our business plan includes expansion of our geographical reach and enter the large domestic market for growth opportunities and thereby increase the revenue. We may face risks and uncertainties in relation to expansion and achieving our business plans efficiently, which may include various factors i.e. we may face difficulties in recruiting, training and retaining sufficient skilled faculty members, technical and management personnel and inability to or difficulty in satisfying clients expectations. This may adversely affect our business, results of operation and revenues.

- 35. Unsecured loans in form of inter corporate deposits taken by our Company from various Companies/Directors can be recalled by the lenders at any time.**

As on January 31, 2021, our Company has unsecured loans amounting to Rs. 305.32 lacs from corporate/Directors that are repayable on demand to the relevant lender. Further, some of these loans are not repayable in accordance with any agreed repayment schedule and may be recalled by the relevant lender at any time. Any such unexpected demand or accelerated repayment may have a material adverse effect on the business, cash flows and financial condition of the borrower against which repayment is sought. Any demand from lenders for repayment of such unsecured loans, may adversely affect our cash flows. For further details of unsecured loans of our Company, please refer the chapter titled *Financial Information* on page 163 of this Prospectus.

- 36. Our Company may incur penalties or liabilities for non-compliances with certain provisions of the Companies Act and other applicable laws in the last five (5) Years.**

Our Company may incur penalties or liabilities for non compliance with certain provisions including lapsed/ made delay in certain filings and/or errorness filing/ Non Filing of eforms under Company Act applicable to it in the past years. Such non compliances/delay Compliances /errorness filing/ Non Filing/Non Registration may incur the penalties or liabilities which may affect the results of operations and financial conditions.

- 37. Our Promoters and members of the Promoter Group have provided personal guarantees to certain loan facilities availed by us, which if revoked may require alternative guarantees, repayment of amounts due or termination of the facilities.**

Our Promoters and members of the Promoter Group have provided personal guarantees in relation to certain loan facilities availed of by us. In the event that any of these guarantees are revoked, the

REX PIPES AND CABLES INDUSTRIES LIMITED

lenders for such facilities may require alternate guarantees, repayment of amounts outstanding under such facilities, or may even terminate such facilities. We may not be successful in procuring alternative guarantees satisfactory to the lenders, and as a result may need to repay outstanding amounts under such facilities or seek additional sources of capital, which may not be available on acceptable terms or at all and any such failure to raise additional capital could affect our operations and our financial condition.

38. Conflicts of interest may arise out of common business undertaken by our Company and our promoter Group Entities.

Our Promoter Group Entities are authorized to carry out business similar to that of our Company. As a result, conflicts of interests may arise in allocating business opportunities amongst our Company and our Group Entities in circumstances where our respective interests diverge. In cases of conflict, our Promoters may favour other companies in which our Promoters have interests. There can be no assurance that our Promoters or our Group Entities or members of the Promoter Group will not compete with our existing business or any future business that we may undertake or that their interests will not conflict with ours. Any such present and future conflicts could have a material adverse effect on our reputation, business, results of operations and financial condition.

39. While we are currently not subject to extensive Governmental regulation, any regulatory or legal framework introduced in the future may increase our compliance requirements and costs, which may adversely affect our business, results of operations and prospects. However to run our business, we require certain regulatory permits and approval to operate.

At present, the segments in which we operate are not subject to extensive Government regulation. While we are not in a position to predict the likelihood, timing or content of any such regulation or legislation, if any such regulation or legislation is notified, we may be affected in various ways. However, we have obtained all permits and licenses, which are adequate to run our business. Further, some of these approvals are granted for fixed periods of time and need renewal from time to time. We are required to renew such permits, licenses and approvals. There can be no assurance that the relevant authorities will issue any of such permits or approvals in time or at all. Failure by us to renew, maintain or obtain the required permits or approvals in time may result in the interruption of our operations and may have a material adverse effect on our business.

40. Our success depends largely on our senior management and our ability to attract and retain our key personnel.

Our success depends on the continued services and performance of the members of our management team and other key employees. Competition for senior management in the industry is intense, and we may not be able to retain our existing senior management or attract and retain new senior management in the future. The loss of the services of our Promoters could seriously impair our ability to continue to manage and expand our business. Further, the loss of any other member of our senior management or other key personnel may adversely affect our business, results of operations and financial condition. We do not maintain key man's life insurance for our Promoters, senior members of our management team or other key personnel.

41. The industry segments in which we operate being fragmented, we face competition from other players, which may affect our business operations and financial conditions.

The industry in which we operate is highly competitive. Factors affecting our competitive success include, amongst other things, price, demand for our products, and availability of raw materials, brand recognition and reliability. Our competitors vary in size, and may have greater financial, production,

REX PIPES AND CABLES INDUSTRIES LIMITED

marketing, personnel and other resources than us and certain of our competitors have a longer history of established businesses and reputations in the Indian market as compared with us. Competitive conditions in some of our segments have caused us to incur lower net selling prices and reduced gross margins and net earnings. These conditions may continue indefinitely. Changes in the identity, ownership structure, and strategic goals of our competitors and the emergence of new competitors in our target markets may impact our financial performance. New competitors may include foreign-based companies and domestic producers who could enter our markets.

Our failure to compete effectively, including any delay in responding to changes in the industry and market, together with increased spending on advertising, may affect the competitiveness of our products, which may result in a decline in our revenues and profitability.

42. Insurance coverage obtained by us may not adequately protect us against unforeseen losses.

We have maintained insurance coverage of our assets and accident policies as specified in section titled Insurance Policies on page 125 of the Prospectus. We believe that the insurance coverage maintained, would reasonably cover all normal risks associated with the operation of our business, however, there can be no assurance that any claim under the insurance policies maintained by us will be met fully, in part or on time. In the event we suffer loss or damage that is not covered by insurance or exceeds our insurance coverage, our results of operations and cash flow may be adversely affected.

43. Our promoter and promoter group will continue to retain significant control over our Company after the IPO.

After completion of the Issue, our Promoters and Promoter Group will collectively own 68.62% of the Equity Shares. As a result, our Promoters together with the members of the Promoter Group will be able to exercise a significant degree of influence over us and will be able to control the outcome of any proposal that can be approved by a majority shareholder vote, including, the election of members to our Board, in accordance with the Companies Act and our Articles of Association. Such a concentration of ownership may also have the effect of delaying, preventing or deterring a change in control of our Company.

In addition, our Promoters will continue to have the ability to cause us to take actions that are not in, or may conflict with, our interests or the interests of some or all of our creditors or minority shareholders, and we cannot assure you that such actions will not have an adverse effect on our future financial performance or the price of our Equity Shares.

44. There is no monitoring agency appointed by our Company and the deployment of funds are at the discretion of our Management and our Board of Directors, though it shall be monitored by the Audit Committee.

As per SEBI (ICDR) Regulations, 2009 appointment of monitoring agency is required only for Issue size above Rs. 10,000 Lacs. Hence, we have not appointed a monitoring agency to monitor the utilization of Issue proceeds. However, the audit committee of our Board will monitor the utilization of Issue proceeds. Further, our Company shall inform about material deviations in the utilization of Issue proceeds to the NSE and shall also simultaneously make the material deviations / adverse comments of the audit committee public.

45. We may not be successful in implementing our business and growth strategies.

The success of our business depends substantially on our ability to implement our business and growth strategies effectively. Even though we have successfully executed our business strategies in the past,

REX PIPES AND CABLES INDUSTRIES LIMITED

there is no guarantee that we can implement the same on time and within the estimated budget going forward, or that we will be able to meet the expectations of our targeted customers. Changes in regulations applicable to us may also make it difficult to implement our business strategies. Further, our growth strategies could place significant demand on our management team and other resources and would require us to continuously develop and improve our operational, financial and other controls, none of which can be assured. Failure to implement our business and growth strategies would have a material adverse effect on our business and results of operations.

46. Delay in raising funds from the IPO could adversely impact the implementation schedule.

The proposed expansion, as detailed in the section titled “*Objects of the Issue*” is to be entirely funded from the proceeds of this IPO. We have not identified any alternate source of funding and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Issue proceeds may delay the implementation schedule. We therefore, cannot assure that we would be able to execute the expansion process within the given time frame, or within the costs as originally estimated by us. Any time overrun or cost overrun may adversely affect our growth plans and profitability.

47. The Objects of the Issue for which funds are being raised, are based on our management estimates and any bank or financial institution or any independent agency has not appraised the same. The deployment of funds in the project is entirely at our discretion, based on the parameters as mentioned in the chapter titles “Objects of the Issue”.

The fund requirement and deployment, as mentioned in the “Objects of the Issue” on page 82 of this Prospectus is based on the estimates of our management and has not been appraised by any bank or financial institution or any other independent agency. These fund requirements are based on our current business plan. We cannot assure that the current business plan will be implemented in its entirety or at all. In view of the highly competitive and dynamic nature of our business, we may have to revise our business plan from time to time and consequently these fund requirements. The deployment of the funds as stated under chapter “Objects of the Issue” is at the discretion of our Board of Directors and is not subject to monitoring by any external independent agency. Further, we cannot assure that the actual costs or schedule of implementation as stated under chapter “Objects of the Issue” will not vary from the estimated costs or schedule of implementation. Any such variance may be on account of one or more factors, some of which may be beyond our control. Occurrence of any such event may delay our business plans and/or may have an adverse bearing on our expected revenues and earnings.

48. We have not independently verified certain data in this Prospectus.

We have not independently verified data from industry publications contained herein and although we believe these sources to be reliable, we cannot assure you that they are complete or reliable. Such data may also be produced on a different basis from comparable information compiled with regard to other countries. Therefore, discussions of matters relating to India and its economy are subject to the caveat that the statistical and other data upon which such discussions are based have not been verified by us and may be incomplete or unreliable.

49. Any future issue of Equity Shares may dilute your shareholding and sales of our Equity Shares by our Promoter or other major shareholders may adversely affect the trading price of the Equity Shares.

Any future equity issues by us, including in a primary offering, may lead to the dilution of investors' shareholdings in us. Any future equity issuances by us or sales of its Equity Shares by the Promoter may adversely affect the trading price of the Equity Shares. In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of our Equity Shares.

REX PIPES AND CABLES INDUSTRIES LIMITED

- 50. Our ability to pay any dividends in the future will depend upon future earnings, financial condition, cash flows, working capital requirements and capital expenditures.**

The amount of our future dividend payments, if any, will depend upon our Company's future earnings, financial condition, cash flows, working capital requirements, capital expenditures, applicable Indian legal restrictions and other factors. There can be no assurance that our Company will be able to pay dividends.

- 51. You may be subject to Indian taxes arising out of capital gains on the sale of our Equity Shares.**

Under current Indian tax laws, capital gains arising from the sale of equity shares within 12 months in an Indian company are generally taxable in India. Any gain realized on the sale of listed equity shares on a stock exchange held for more than 12 months will not be subject to capital gains tax in India if Securities Transaction Tax ("STT"), is paid on the transaction. STT is levied on and collected by a domestic stock exchange on which equity shares are sold. Any gain realized on the sale of equity shares held for more than 12 months to an Indian resident, which are sold other than on a recognized stock exchange and on which no STT has been paid, is subject to long term capital gains tax in India.

Further, any gain realized on the sale of listed equity shares held for a period of 12 months or less will be subject to short term capital gains tax in India. Capital gains arising from the sale of equity shares are exempt from taxation in India where an exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident. Generally, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable to pay tax in India as well as in their own jurisdiction on a gain on the sale of equity shares.

EXTERNAL RISK FACTORS

- 52. Global economic, political and social conditions may harm our ability to do business, increase our costs and negatively affect our stock price.**

Global economic and political factors that are beyond our control, influence forecasts and directly affect performance. These factors include interest rates, rates of economic growth, fiscal and monetary policies of governments, change in regulatory framework, inflation, deflation, foreign exchange fluctuations, consumer credit availability, consumer debt levels, unemployment trends, terrorist threats and activities, worldwide military and domestic disturbances and conflicts, and other matters that influence consumer confidence, spending and tourism.

- 53. Political, Economic and Social changes in India could adversely affect our business.**

Our business, and the market price and liquidity of our Company's shares, may be affected by changes in Government policies, including taxation, social, political, economic or other developments in or affecting India could also adversely affect our business. Since 1991, successive governments have pursued policies of economic liberalization and financial sector reforms including significantly relaxing restrictions on the private sector. In addition, any political instability in India may adversely affect the Indian economy and the Indian securities markets in general, which could also affect the trading price of our Equity Shares.

- 54. Our business is dependent on economic growth in India.**

Our performance is dependent on the health of the overall Indian economy. There have been periods of slowdown in the economic growth of India. India economic growth is affected by various factors including domestic consumption and savings, balance of trade movements primarily resulting from

REX PIPES AND CABLES INDUSTRIES LIMITED

export demand and movements in key imports, such as oil and oil products, and annual rainfall, which affect agricultural production.

For example, in the monsoon of 2009, Several parts of the country experienced below average rainfall, leading to reduced farm output which impaired economic growth. In the past, economic slowdowns have harmed industries and industrial development in the country. Any future slowdown in the Indian economy could harm our business, financial condition and results of operations.

55. The extent and reliability of Indian infrastructure could adversely affect our results of operations and financial condition.

India's physical infrastructure is less developed than that of many developed countries. Any congestion or disruption in its port, rail and road networks, electricity grid, communication systems or any other public facility could disrupt our normal business activity. Any deterioration of India's physical infrastructure would harm the national economy.

56. Global economic downturn and adverse market conditions could cause our business to suffer. A slowdown in economic growth in India could cause our business to suffer.

The developed economies of the world viz. U.S., Europe, Japan and others are in midst of a downturn affecting their economic condition and markets general business and consumer sentiment has been adversely affected due to the global slowdown and there can be no assurance whether the developed economies or the emerging market economies will see good economic growth in the near future. Consequently, this has also affected the global stock and commodity markets. Our performance and growth is directly related to the performance of the Indian economy. The performance of the Indian economy is dependent among other things on the interest rate, political and regulatory actions, liberalization policies, commodity and energy prices etc. A change in any of the factors would affect the growth prospects of the Indian economy, which may in turn adversely impact our results of operations, and consequently the price of our Equity Shares.

57. The continuing effect of the COVID-19 pandemic on our business and operations is highly uncertain and cannot be predicted.

The continuing effect of the COVID-19 pandemic on our business and operations is highly uncertain and cannot be predicted. In late calendar 2019, COVID-19, commonly known as "novel coronavirus" was first reported in Wuhan, China. Since then, the virus has progressively spread globally too many countries. The World Health Organization declared the COVID-19 outbreak as a health emergency of international concern on January 30, 2020 and thereafter categorized the outbreak as a pandemic on March 11, 2020. In order to contain the spread of COVID-19 virus, the Government of India initially announced a 21-day lockdown on March 24, 2020, which, after being subject to successive extensions, is being relaxed currently. During the duration of the lockdown, there were several restrictions in place including travel restrictions and directive to all citizens to not move out of their respective houses unless essential. Whilst the lockdown required private, commercial and industrial establishments to remain closed, manufacturing units of essential commodities were permitted to be functional. The team members have been working from home during lockdown and have been able to execute their responsibilities and service clients without any disruption, difficulty or delay. Due to the rising number of infected cases of COVID-19 in the country, there is no certainty if additional restrictions will be put back in place or if another lockdown would be re-imposed to control the spread of the pandemic. We cannot assure you that we may not face any difficulty in our operations due to such restrictions and such a prolonged instance of lockdown may adversely affect our business, financial condition and results of operations. Further, our ability to ensure the safety of our workforce and continuity of operations while confirming with measures implemented by the central and state governments in relation to the health and safety of

REX PIPES AND CABLES INDUSTRIES LIMITED

our employees may result in increased costs. In the event a member or members of our senior management team contract COVID-19, it may potentially affect our operations. Further, in the event any of our employees contract COVID-19, we may be required to quarantine our employees and shut down a part of or the entire operating facility as necessary. Risks arising on account of COVID-19 can also threaten the safe operation of our facility, loss of life, injuries and impact the wellbeing of our employees. The ultimate impact will depend on a number of factors, many of which are outside our control. These factors include the duration, severity and scope of the pandemic, the impact of the pandemic on economic activity in India and globally, the eventual level of infections in India, and the impact of any actions taken by governmental bodies or health organisations (whether mandatory or advisory) to combat the spread of the virus. These risks could have an adverse effect on our business, results of operations, cash flows and financial condition. To the extent that the COVID19 pandemic adversely affects our business and operations, it may also have the effect of heightening many of the other risks described in this “Risk Factors” section.

58. Any downgrading of India’s debt rating by an independent agency may harm our ability to raise debt financing.

Any adverse revisions to India’s credit ratings for domestic and international debt by international rating agencies may adversely affect our ability to raise additional financing and the interest rates and other commercial terms at which such additional financing is available. This could have a material adverse effect on our capital expenditure plans, business and financial performance.

59. Regional hostilities, terrorist attacks, communal disturbances, civil unrest and other acts of violence or war involving India and other countries may result in a loss of investor confidence and adversely affect the financial markets and our business.

Terrorist attacks, civil unrest and other acts of violence or war may negatively affect the Indian markets on which our Equity Shares will trade and also adversely affect the worldwide financial markets. In addition, the Asian region has from time to time experienced instances of civil unrest and hostilities among neighbouring countries. Hostilities and tensions may occur in the future and on a wider scale. Military activity or terrorist attacks in India, may result in investor concern about stability in the region, which may adversely affect the price of our Equity Shares. Events of this nature in the future, as well as social and civil unrest within other countries in the world, could influence the Indian economy and could have an adverse effect on the market for securities of Indian companies, including our Equity Shares.

60. Changing laws, rules and regulations and legal uncertainties, including adverse application of corporate and tax laws, may adversely affect our business, results of operations, financial condition and prospects.

Our business and financial performance could be adversely affected by changes in law or interpretations of existing, or the promulgation of new, laws, rules and regulations in India applicable to us and our business. For further details please refer to the chapter “Government and Other Approvals” beginning on page 202 for details of the laws currently applicable to us. There can be no assurance that the central or the state governments in India may not implement new regulations and policies which will require us to obtain approvals and licenses from the central or the state governments in India and other regulatory bodies or impose onerous requirements and conditions on our operations. Any such changes and the related uncertainties with respect to the implementation of the new regulations may have a material adverse effect on all our business, financial condition and results of operations. In addition, we may have to incur capital expenditures to comply with the requirements of any new regulations, which may also materially harm our results of operations.

The Market Maker shall fulfill the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, and its amendments from time to time and the circulars issued by the NSE, and SEBI regarding this matter from time to time.

Following is a summary of the key details pertaining to the Market Making arrangement:

1. The Market Maker(s) (individually or jointly) shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the Stock Exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker(s).
2. The minimum depth of the quote shall be Rs. 1,00,000/-. However, the investors with holdings of value less than Rs.1,00,000/- shall be allowed to offer their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
3. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
4. There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
5. The shares of the company will be traded in continuous trading session from the time and day the company gets listed on NSE Emerge and market maker will remain present as per the guidelines mentioned under NSE and SEBI circulars.
6. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market - for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.
7. The Market Maker(s) shall have the right to terminate said arrangement by giving a three months notice or on mutually acceptable terms to the Lead Manager, who shall then be responsible to appoint a replacement Market Maker(s).

In case of termination of the above mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Lead Manager to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 106V of the SEBI (ICDR) Regulations, 2009. Further our Company and the Lead Manager reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five or as specified by the relevant laws and regulations applicable at that particular point of time. The Market Making Agreement is available for inspection at

REX PIPES AND CABLES INDUSTRIES LIMITED

our registered office from 11.00 a.m. to 5.00 p.m. on working days.

8. **Risk containment measures and monitoring for Market Makers:** NSE will have all margins, which are applicable on the NSE Main Board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE can impose any other margins as deemed necessary from time-to-time.
9. **Price Band and Spreads:** SEBI Circular bearing reference no: CIR/MRD/DP/02/2012 dated January 20, 2012 has laid down that for issue size upto Rs. 250 crore, the applicable price bands for the first day shall be:
 - i. In case equilibrium price is discovered in the call auction, the price band in the normal trading session be 5% of the equilibrium price.
 - ii. In case equilibrium price is not discovered in the call auction, the price band in the normal trading session shall be 5% of the Issue size.

Additionally, the trading shall take place in TFT segment for first 10 days from commencement of trading. The price band shall be 20% and the market maker spread (difference between the sell and the buy quote) shall be within 10% or as intimated by exchange from time to time. The call auction is not applicable of those companies, which are listed at SME Platform.

10. **Punitive Action in case of default by Market Makers:** NSE will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (offering two way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership. The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines / suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.
11. Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for market makers during market making process has been made applicable, based on the issue size and as follows:

Issue Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Issue Size)	Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Issue Size)
Up to Rs. 20 Crore	25%	24%
Rs. 20 to Rs. 50 Crore	20%	19%
Rs. 50 to Rs. 80 Crore	15%	14%
Above Rs. 80 Crore	12%	11%

12. In case of termination of the above mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Lead Manager to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 106V of the SEBI (ICDR) Regulations, 2009. b. Details of Promoter's Contribution:

Pursuant to Regulation 236 and Regulation 238 of the SEBI (ICDR) Regulations, 2018 an aggregate of 20% of the post-Issue Equity Share capital of our Company held by our Promoters shall be considered as Promoters' Contribution ("Promoters' Contribution") and shall be locked-in for a period of three years from the date of allotment of equity shares issued pursuant to this Issue. The lock in of Promoters' Contribution would be created as per applicable law and procedure and details of the same shall also be provided to the Stock Exchange before listing of the Equity Shares. We further confirm that Minimum Promoters' Contribution of 20.33 % of the post Issue Paid-up Equity Shares Capital does not include any contribution from Alternative Investment Fund.

Details of the Equity Shares (eligible for inclusion in the Minimum Promoters Contribution, in terms of clause (a) of Regulation 238 of the SEBI (ICDR) Regulations, 2018) forming part of Minimum Promoters Contribution and proposed to be locked-in for a period of three years from the date of allotment are as follows:

The details of Minimum Promoters' Contribution are as follows:

Name	No. of shares locked in	Date of Allotment/ Acquisition/ Transfer	Face Value (Rs. per share)	Issue Price / Purchase Price /Transfer Price(Rs. per share)	Source of Funds	% of Pre-Issue Paid up Equity capital	% of Post Issue Paid up Equity capital

For details on the build-up of the Equity Share capital held by our Promoters, please refer to "Build-up of our Promoter's shareholding in our Company" in section "Capital Structure" beginning on page 56.

Our Promoters have given consent to include such number of Equity Shares held by them as may constitute 20.64% of the fully diluted Post-Issue Equity Share Capital of our Company as Minimum Promoter's Contribution. Our Promoters have agreed not to sell, transfer, charge, pledge or otherwise encumber in any manner the

REX PIPES AND CABLES INDUSTRIES LIMITED

Minimum Promoter's Contribution from the date of filing this Prospectus, until the expiry of the lock-in period specified above, or for such other time as required under SEBI (ICDR) Regulations, except as may be permitted, in accordance with the SEBI (ICDR) Regulations.

The minimum Promoter's Contribution has been brought in to the extent of not less than the specified minimum lot and from persons identified as "promoter" under the SEBI (ICDR) Regulations.

The Equity Shares that are being locked-in are not, and will not be, ineligible for computation of Minimum Promoter's Contribution under SEBI (ICDR) Regulations. Further, in terms of Regulation 237 of the SEBI (ICDR) Regulations, 2018, the Minimum Promoters' Contribution of 20.64% of the Post Issue Capital of our Company as mentioned above does not consist of;

In this regard, we confirm that:

- (i) Equity Shares acquired during the three (3) years preceding the date of this Prospectus for consideration other than cash and where revaluation of assets or capitalisation of intangible assets was involved or bonus issue out of revaluations reserves or unrealised profits or against Equity Shares that are otherwise ineligible for computation of Minimum Promoters' Contribution;
- (ii) the Minimum Promoter's Contribution does not include Equity Shares acquired during the one (1) year preceding the date of this Prospectus at a price lower than the price at which the Equity Shares are being offered to the public in the Issue;
- (iii) Our Company has not been formed by conversion of a partnership firm into a company and hence no Equity Shares have been issued in the one year immediately preceding the date of this Prospectus pursuant to conversion of a partnership firm; and
- (iv) the Equity Shares held by our Promoters and offered as part of the Minimum Promoter's Contribution are not subject to any pledge.

A. Details of Equity Shares Locked-in for One (1) Year

Other than the Equity Shares held by our Promoters, which will be locked-in as minimum Promoters' contribution for three years, all pre-Issue Equity Shares shall be subject to lock-in for a period of one year from the date of Allotment in this Issue as provided in clause (b) of Regulation 238 of the SEBI (ICDR) Regulations, 2018.

B. Other requirements in respect of lock-in

Pursuant to Regulation 242 of the SEBI (ICDR) Regulations, Equity Shares held by our Promoters and locked-in for one (1) year may be pledged only with scheduled commercial banks or public financial institutions as collateral security for loans granted by such banks or public financial institutions, provided that such pledge of the Equity Shares is one of the terms of the sanction of the loan. Equity Shares locked-in as Minimum Promoters' Contribution for three (3) years can be pledged only if in addition to fulfilling the aforementioned requirements, such loans have been granted by such banks or financial institutions for the purpose of financing one or more of the objects of the Issue.

In terms of Regulation 243 of the SEBI (ICDR) Regulations, Equity Shares held by our Promoters may be transferred between our Promoters and Promoter Group or a new promoter or persons in control of our Company, subject to continuation of lock-in applicable to the transferee for the remaining period and compliance with provisions of the Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011, as amended (the "Takeover Regulations").

REX PIPES AND CABLES INDUSTRIES LIMITED

Further, in terms of Regulation 243 of the SEBI (ICDR) Regulations, Equity Shares held by persons other than our Promoters prior to the Issue and locked-in for a period of one (1) year, may be transferred to any other person holding Equity Shares which are locked in along with the Equity Shares proposed to be transferred, subject to the continuation of the lock in applicable to the transferee and compliance with the provisions of the Takeover Regulations.

OBJECTS OF THE ISSUE

Our Company proposes to utilize the net proceeds from the Issue towards funding the following objects and achieve the benefits of listing the equity shares on the NSE Emerge. We believe that the listing of Equity shares will enhance our brand name and provide liquidity to the existing shareholders. Listing will also provide a public market for the Equity Shares in India.

Objects of the Fresh Issue

1. To part finance the requirement of Incremental Working Capital;
2. To meet General corporate purposes;
3. To meet the expenses of the Issue.

We believe that the listing of Equity Shares will enhance our Company's corporate image, brand name and create a public market for our Equity Shares in India.

The main objects clause of our Memorandum of Association and the objects incidental and ancillary to the main objects enables us to undertake the activities for which funds are being raised in the Issue. The existing activities of our Company are within the objects clause of our Memorandum of Association.

	Total	640.47	624.00	16.47

The requirements of the objects detailed above are intended to be funded from the Proceeds of the Issue and Internal Accruals. Accordingly, we confirm that there is no requirement for us to make firm arrangements of finance through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised from the proposed Issue.

The fund requirement and deployment is based on internal management estimates and our Company's current business plan and is subject to change in light of changes in external circumstances or costs, other financial conditions, business or strategy. These estimates have not been appraised by any bank or financial institution.

Any amount, deployed by our Company out of internal accruals towards the aforementioned objects till the date of receipt of Issue Proceeds shall be recouped by our Company from the Issue Proceeds of the Issue. In case of delays in raising funds from the Issue, our company may deploy certain amounts towards any of the above mentioned Objects through a combination of Internal Accruals or Loans (Bridge Financing) and in such case the Funds raised shall be utilized towards repayment of such Loans or recouping of Internal Accruals. However, we confirm that no bridge financing has been availed as on date, which is subject to being repaid from the Issue Proceeds.

As we operate in competitive environment, we may have to revise our expenditure and fund requirements as a result of variations in cost estimates, exchange rate fluctuations and external factors which may not be within the control of our management. This may entail rescheduling and revising the planned expenditures and fund requirements and increasing or decreasing expenditures for a particular purpose at the discretion of our management, within the objects.

For further details on the risks involved in our business plans and executing our business strategies, please see the section titled “Risk Factors” beginning on page 24 of this Prospectus.

DETAILS OF THE OBJECTS

1. TO PART FINANCE INCREMENTAL WORKING CAPITAL REQUIREMENTS OF THE COMPANY.

Our Business is a working capital intensive industry. The increasing operations of our company will in turn lead to the increase in the requirement of working capital. The lead time for procuring the products is high and also in order to ensure readily available customized product along with a low lead time for our clients, we enjoy a lower credit period. Further, we are required to provide sufficient credit period to our clients resulting in high receivables and we enjoy minimum credit from our suppliers through against the same. We intend to increase our turnover over the years for which we would be required to provide extended credit period to our customers, but the credit period that we avail from our suppliers shall not increase substantially. This would require us to have adequate working capital to ensure a smooth and uninterrupted flow of our business operations. Accordingly, we expect a further increase in the working capital requirements in view of current and potential business operations that we may undertake. Accordingly, we have proposed to use Rs. 450.00 lacs out of the issue proceeds to meet the increase in long term working capital requirements.

2. TO FINANCE THE GENERAL CORPORATE PURPOSE.

The Net Proceeds will first be utilized towards the Objects set out above, as well as meeting the Issue-related expenses. Subject to this, our Company intends to deploy any balance left out of the Net Proceeds of Rs. 144.00 Lacs towards general corporate purposes and the business requirements of our Company, as approved by our management, from time to time. We confirm that utilization for general corporate purposes will not exceed 25% of the Net Proceeds of the Issue, in compliance with the SEBI ICDR Regulations.

Such general corporate purposes may include, but are not restricted to, the following:

- Strategic initiatives, including investments or acquisitions, from time to time;
- Brand building, promotional and outreach activities;
- Strengthening our infrastructure and systems and processes, in-house training initiatives, etc.;
- Repayment of present or future loans;
- Pre-operative and preliminary expenses;
- Provision for Contingencies; and
- Ongoing general corporate purposes or exigencies, as approved by the Board, subject to compliance with applicable law.

The allocation or quantum of utilization of funds towards the specific purposes described above will be determined by our Board, based on our business requirements and other relevant considerations, from time to time.

BRIDGE FINANCING

We have not entered into any bridge finance arrangements that will be repaid from the Net Issue Proceeds. However, we may borrow such amounts, as may be required, from other lenders until the completion of the Issue. Further, we may draw down such amounts, as may be required, from an overdraft arrangement / cash credit facility with our lenders, to finance additional working capital needs until the completion of the Issue. Any amount that is borrowed from lenders or drawn down from the overdraft arrangement / cash credit facility during this period to finance additional working capital needs will be repaid from the Net Proceeds of the Issue.

APPRAISAL BY APPRAISING AGENCY

None of the Objects have been appraised by any bank or financial institution or any other independent third party organization. The funding requirements of our Company and the deployment of the proceeds of the Issue are currently based on management estimates. The funding requirements of our Company are dependent on a number of factors which may not be in the control of our management, including variations in interest rate structures, changes in our financial condition and current commercial conditions and are subject to change in light of changes in external circumstances or in our financial condition, business or strategy.

INTERIM USE OF FUNDS

Pending utilization of the Issue Proceeds for the Objects of the Issue described above, our Company shall deposit the funds only in Scheduled Commercial Banks included in the Second Schedule of Reserve Bank of India Act, 1934.

In accordance with Section 27 of the Companies Act, 2013, our Company confirms that, pending utilisation of the proceeds of the Issue as described above, it shall not use the funds from the Issue Proceeds for any investment in equity and/or real estate products and/or equity linked and/or real estate linked products.

MONITORING UTILIZATION OF FUNDS

As the size of the Issue does not exceed Rs. 10,000 lacs, in terms of Regulation 16 of the SEBI Regulations, our Company is not required to appoint a monitoring agency for the purposes of this Issue. Our Board and Audit Committee shall monitor the utilization of the Net Proceeds.

REX PIPES AND CABLES INDUSTRIES LIMITED

Pursuant to Regulation 32 of the Listing Regulations, our Company shall on a half yearly basis disclose to the Audit Committee the uses and application of the Issue Proceeds. Until such time as any part of the Issue Proceeds remains unutilized, our Company will disclose the utilization of the Issue Proceeds under separate heads in our Company's balance sheet(s) clearly specifying the amount of and purpose for which Issue Proceeds have been utilized so far, and details of amounts out of the Issue Proceeds that have not been utilized so far, also indicating interim investments, if any, of such unutilized Issue Proceeds. In the event that our Company is unable to utilize the entire amount that we have currently estimated for use out of the Issue Proceeds in a Fiscal Year, we will utilize such unutilized amount in the next financial year. Further, in accordance with Regulation 32(1) (a) of the Listing Regulations our Company shall furnish to the Stock Exchanges on a half yearly basis, a statement indicating material deviations, if any, in the utilization of the Issue Proceeds for the objects stated in this Prospectus.

CONFIRMATION REGARDING PURCHASE OF SECOND-HAND EQUIPMENT AND MACHINERY

BASIS FOR ISSUE PRICE

The Issue Price has been determined by our Company in consultation with the Lead Manager on the basis of the following qualitative and quantitative factors. The face value of the Equity Shares is Rs.10/- and Issue Price is Rs. 26/- per Equity Shares i.e. 2.6 times the face value.

Investors should read the following summary with the “Risk Factors” beginning from page 24 of this Prospectus, section titled “Our Business” beginning from page 105 and “Financial Information” beginning from page 163 of this Prospectus. The trading price of the Equity Shares of our Company could decline due to these risk factors and you may lose all or part of your investments.

QUALITATIVE FACTORS

Some of the qualitative factors, which form the basis for computing the price are:

- 1) **Diversified Product Portfolio:** Our Company has a varied product base to cater to the requirements of our customers. Our Product Portfolio includes diversified variety of uPVC Pipes and Fittings which are used in different sectors. Our products range includes uPVC threaded Column Pipes, uPVC Plumbing Pipes with uPVC Plumbing Fittings, uPVC Pressure Pipes with uPVC Agri Fittings and uPVC Casing Pipes which are widely used in Agriculture and Construction Sector. Our Company is also a supplier of HDPE Pipes being manufactured by Our Company. Our range of products allows our existing customers to source most of their product requirements from us and also enables us to expand our business from existing customers, as well as address a larger base of potential new customers.
- 2) **Strategically located manufacturing facilities with a core focus on quality:** Due to the size of pipes, an important factor in their cost is transportation costs. Therefore, it is a competitive advantage to manufacture pipes as close as possible to the ultimate consumers. We have checks and testing systems in place, from the procurement of raw material to the manufactured product, for ensuring the quality of our products.
- 3) **Experienced Promoters and a well trained employee base** - Our promoters Mr. Sharwan Kumar Kaler and Mrs. Sohani Devi are experienced in our line of business. Our management and employee team combines expertise and experience to outline plans for the future development of the company. Our Promoters have significant industry experience and has been instrumental in the consistent growth of our company. We believe that the knowledge and experience of our promoter and management will enables us to identify new opportunities, rapidly respond to market conditions, adapt to changes in the business landscape and competitive environment and enhances the growth in the business.
- 4) **Quality Assurance:** We conduct stringent quality tests at every stage of Manufacturing process and the desired chemical compositions are maintained right through the process. After Manufacturing, the products are also carefully inspected and evaluated on various parameters.
- 5) **Strong brands in the pipes and fittings segment with over 15 years’ experience** - We have a strong legacy of more than 15 years’ in the pipes segment and cable segment. We believe that consumers have a strong loyalty in our brand, which has enabled us to consistently grow our brands.
- 6) **Improving functional efficiency** - Our Company intends to improve operating efficiency to achieve cost reductions to have a competitive edge over the peers. We believe that this can be done through continuous process improvement, customer services.

ANNEXURE TO THE STATEMENT OF TAX BENEFITS:

The information provided below sets out the possible special tax benefits available to the Company and the Equity Shareholders under the Income Tax Act, 1961 presently in force in India. It is not exhaustive or comprehensive and is not intended to be a substitute for professional advice. Investors are advised to consult their own tax consultant with respect to the tax implications of an investment in the Equity Shares particularly in view of the fact that certain recently enacted legislation may not have a direct legal precedent or may have a different interpretation on the benefits, which an investor can avail.

YOU SHOULD CONSULT YOUR OWN TAX ADVISORS CONCERNING THE INDIAN TAX IMPLICATIONS AND CONSEQUENCES OF PURCHASING, OWNING AND DISPOSING OF EQUITY SHARES IN YOUR PARTICULAR SITUATION.

A.SPECIAL TAX BENEFITS TO THE COMPANY

The Company is not entitled to any special tax benefits under the Act.

B.SPECIAL TAX BENEFITS TO THE SHAREHOLDER

The Shareholders of the Company are not entitled to any special tax benefits under the Act

Note:

1. All the above benefits are as per the current tax laws and will be available only to the sole / first name holder where the shares are held by joint holders.
2. The above statement covers only certain relevant direct tax law benefits and does not cover any indirect tax law benefits or benefit under any other law.

No assurance is given that the revenue authorities/courts will concur with the views expressed herein.

Our views are based on the existing provisions of law and its interpretation, which are subject to changes from time to time. We do not assume responsibility to update the views consequent to such changes. We do not assume responsibility to update the views consequent to such changes. We shall not be liable to any claims, liabilities or expenses relating to this assignment except to the extent of fees relating to this assignment, as finally judicially determined to have resulted primarily from bad faith or intentional misconduct. We will not be liable to any other person in respect of this statement.

GLOBAL PROSPECTS AND POLICIES

After an estimated contraction of -3.3 percent in 2020, the global economy is projected to grow at 6 percent in 2021, moderating to 4.4 percent in 2022. The contraction for 2020 is 1.1 percentage points smaller than projected in the October 2020 WEO, reflecting the higher-than-expected growth outturns in the second half of 2020 for most regions after lockdowns were eased. The projections for 2021 and 2022 are 0.8 percentage point and 0.2 percentage point stronger than in the previous forecast, reflecting additional fiscal support in a few large economies and the anticipated vaccine-powered recovery in the second half of the year. This pace reflects continued adaptation of all sectors of the economy to the challenging health situation.

The strength of the projected recovery varies across countries, depending on the severity of the health crisis, the extent of domestic disruptions to activity (related to countries’ reliance on contact-intensive sectors), the exposure to cross-border spillovers, and—importantly—the effectiveness of policy support to limit persistent damage.

Beyond 2022 global growth is projected to moderate to 3.3 percent into the medium term. Persistent damage to supply potential across both advanced and emerging market economies and slower labor force growth because of population aging (largely in advanced economies, but also in a few emerging market economies), and necessary rebalancing to a sustainable growth path in China, are all expected to weigh on the growth outlook for the global economy in the medium term. GDP levels are projected to remain well below the pre-pandemic trend path through 2024 for most countries (Figure 1.16).

In *advanced economies*, occasional regional restrictions will likely be necessary at times to stem the progression of new strains of the virus. As the vulnerable population gets vaccinated, contact-intensive activities are expected to resume and drive a significant pickup in growth thanks to pent-up demand funded by accumulated savings in 2020. Recovery paths also vary within the group. The United States is projected to return to end-of-2019 activity levels in the first half of 2021 and Japan in the second half. In the euro area and the United Kingdom, activity is expected to remain below end-of-2019 levels into 2022. The gaps can be traced back to differences in behavioral and

public health responses to infections, flexibility and adaptability of economic activity to low mobility, preexisting trends, and structural rigidities predating the crisis.

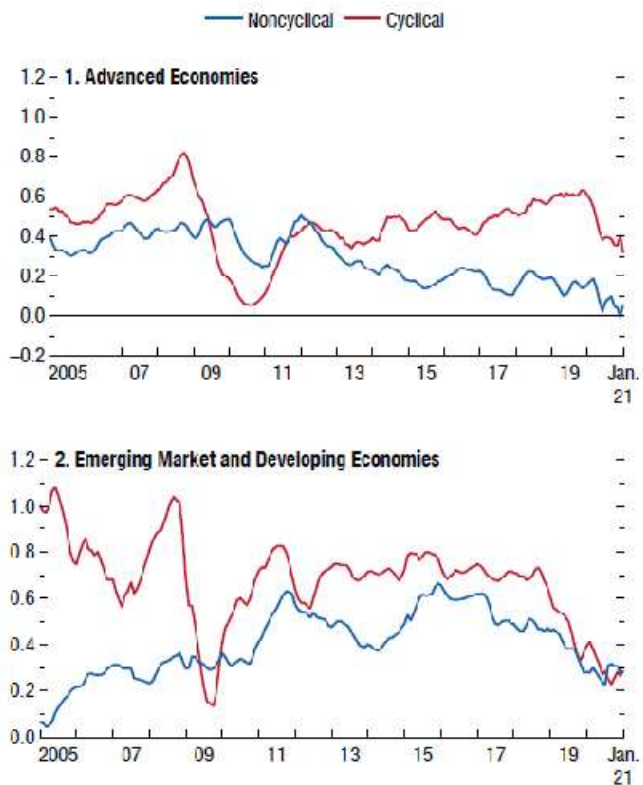

With respect to the October 2020 WEO, projections for 2021 have been revised down in Europe and up in Japan and the United States. The downward revision in Europe is more than offset by stronger-than-expected growth in the United States and Japan, reflecting additional fiscal support legislated in both countries at the end of 2020. In addition, the Biden administration's \$1.9 trillion rescue package is expected to further boost GDP over 2021-22, with significant spillovers to main US trading partners.

European countries (for example, Cyprus, Italy, Malta, Portugal, Spain), were able to salvage part of the summer tourist season by reopening in mid-2020. But this was followed by a surge in infections that forced new lockdowns in the last months of 2020, carrying over to 2021. GDP growth for 2022 has been revised up by 0.7 percentage point to 3.8 percent in the euro area and by 1.9 percentage points in the United Kingdom to 5.1 percent.

In *emerging market and developing economies*, vaccine procurement data suggest that effective protection will remain unavailable for most of the population in 2021. Lockdowns and containment measures may be needed more frequently in 2021 and 2022 than in advanced economies, increasing the likelihood of medium-term scarring effects on the potential output of these countries. Considerable differentiation is expected between China—where effective containment measures, a forceful public investment response, and central bank liquidity support have facilitated a strong recovery—and others. Tourism-based economies within this group (such as Fiji, Seychelles, Thailand) face particularly difficult prospects considering the expected slow normalization of cross-border travel. Recovery profiles vary, based on regional differences in the severity of the pandemic, economic structure (employment and GDP shares of contact-intensive sectors), exposure to specific shocks (for instance, due to reliance on commodity exports), and the effectiveness of the policy response to combat the fallout.

Figure 1.17. Headline Inflation: Cyclical and Noncyclical Contributions
(Percentage points)

Price inflation (excluding food and energy) has dropped in sectors usually sensitive to fluctuations in aggregate demand (cyclical) and those that are not

Sources: Eurostat; Haver Analytics; Organisation for Economic Co-operation and Development; and IMF staff calculations.

Note: The figure plots the time fixed effects of regressions in which three-month trailing averages of contributions to headline inflation are regressed on country and time fixed effects, with the weights being the GDP in purchasing-power-parity terms. The contribution of a component is defined as its year-over-year price change multiplied by its weight in the headline consumer price index basket.

Inflation Pressure to Remain Contained in Most Countries

As noted, commodity prices (particularly for oil) are expected to firm up further in the months ahead. Given their record-low levels of a year ago, firmer prices should mechanically lift consumer price indices, and headline inflation, in particular, could turn volatile in coming months. The volatility should be short

REX PIPES AND CABLES INDUSTRIES LIMITED

lived. Baseline projections show a return of inflation to its long-term average as the remaining slack subsides only gradually and commodity-driven base effects fade away. The subdued outlook reflects developments in the labor market, where subdued wage growth and weak worker bargaining power have been compounded recently by high unemployment, underemployment, and lower participation rates. Moreover, various measures of underlying inflation remain low. IMF staff analysis on sectoral price developments points to muted price pressure, both in sectors where pricing is typically less sensitive to the business cycle and in sectors where prices tend to respond to aggregate demand fluctuations (Figure 1.17). Trimmed-mean inflation rates (which eliminate extreme price changes from the price distribution every month to filter out underlying inflation and provide slow-moving, unbiased estimates of price pressure) point to declining, not increasing, inflation pressure (Figure 1.18).

Measuring slack has arguably become more difficult during the pandemic as both supply and demand have shifted. Nevertheless, even if output gaps are less negative than currently estimated, the implications for inflation should be relatively moderate. Phillips curves have become flatter in recent years—reflecting various factors, including globalization, automation, rising market concentration, and associated higher monopsony power of firms in labor markets. For the same reason that inflation did not drop much when output gaps were large and negative during the global financial crisis, inflation is unlikely to increase much—unless output gaps become positive and very large for an extended period of time and monetary policy does not react to rising inflation expectations.

Indian Economy Overview

Introduction

India has emerged as the fastest growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

Market size

India's real gross domestic product (GDP) at current prices stood at Rs. 195.86 lakh crore (US\$ 2.71 trillion) in FY21, as per the second advance estimates (SAE) for 2020-21.

India is the fourth-largest unicorn base in the world with over 21 unicorns collectively valued at US\$ 73.2 billion, as per the Hurun Global Unicorn List. By 2025, India is expected to have ~100 unicorns by 2025 and will create ~1.1 million direct jobs according to the Nasscom-Zinnov report 'Indian Tech Start-up'.

India needs to increase its rate of employment growth and create 90 million non-farm jobs between 2023 and 2030's, for productivity and economic growth according to McKinsey Global Institute. Net employment rate needs to grow by 1.5% per year from 2023 to 2030 to achieve 8-8.5% GDP growth between 2023 and 2030.

India's foreign exchange reserves stood at US\$ 582.04 billion, as of March 12, 2021, according to data from RBI.

Recent Developments

With an improvement in the economic scenario, there have been investments across various sectors of the economy. In 2020, the total deal value in India stood at ~US\$ 80 billion across 1,268 transactions. Of this, M&A activity contributed ~50% to the total transaction value. Private Equity - Venture Capital (PE-VC) sector recorded investments worth US\$ 47.6 billion across 921 deals in 2020. Some of the important recent developments in Indian economy are as follows:

- India's overall exports from April 2020 to February 2021 were estimated at US\$ 439.64 billion, (a 10.14% decrease over the same period last year). Overall imports from April 2020 to February 2021 were estimated at US\$ 447.44 billion (a 20.83% decrease over the same period last year).
- According to IHS Markit, Purchasing Managers' Index (PMI) for manufacturing stood at 57.5 in February 2021.
- Gross tax revenue stood at Rs. 113,143 crore (US\$ 15.58 billion) in February 2021, up from Rs. 105,361 crore (US\$ 14.51 billion).
- Cumulative FDI equity inflows in India stood at US\$ 749.39 billion between April 2000 and December 2020.
- India's Index of Industrial Production (IIP) for January 2021 stood at 135.2, against 136.6 for December 2020.
- Consumer Food Price Index (CFPI) - combined inflation was 3.87% in February 2021, against 1.96% in January 2021.
- Consumer Price Index (CPI) - combined inflation was 5.03% in February 2021, against 4.06% in January 2021.

Government Initiatives

The first Union Budget of the third decade of 21st century was presented by Minister for Finance & Corporate Affairs, Ms. Nirmala Sitharaman in the Parliament on February 1, 2020. The budget aimed at energising the Indian economy through a combination of short-term, medium-term and long-term measures.

In the Union Budget 2021-22, capital expenditure for FY22 is likely to increase to increase by 34.5% at Rs. 5.5 lakh crore (US\$ 75.81 billion) over FY21 (BE) to boost the economy.

Increased government expenditure is expected to attract private investments, with production-linked incentive scheme providing excellent opportunities. Consistently proactive, graded and measured policy support is anticipated to boost the Indian economy.

In March 2021, the Ministry of Electronics and IT (MeitY) invited applications for the second round of large-scale electronics manufacturing under the production-linked incentive (PLI) scheme. The window to apply for the scheme has been opened until March 31, 2021, which could be further extended in accordance with guidelines issued by the MeitY.

In March 2021, following the announcement of incentive schemes for mobile and IT hardware manufacturing, the government announced to consider a key scheme for establishing display fabrication units in India. The Ministry of Electronics and Information Technology (MeitY) has requested expressions of interest (EoIs) from organisations interested in establishing LCD/OLED/AMOLED/QLED-based display fabrication units in India.

In November 2020, the Government of India announced Rs. 2.65 lakh crore (US\$ 36 billion) stimulus package to generate job opportunities and provide liquidity support to various sectors such as tourism, aviation, construction and housing. Also, India's cabinet approved the production-linked incentives (PLI)

REX PIPES AND CABLES INDUSTRIES LIMITED

scheme to provide -Rs. 2 trillion (US\$ 27 billion) over five years to create jobs and boost production in the country.

Numerous foreign companies are setting up their facilities in India on account of various Government initiatives like Make in India and Digital India. Mr. Narendra Modi, Prime Minister of India, launched Make in India initiative with an aim to boost country's manufacturing sector and increase purchasing power of an average Indian consumer, which would further drive demand and spur development, thus benefiting investors. The Government of India, under its Make in India initiative, is trying to boost the contribution made by the manufacturing sector with an aim to take it to 25% of the GDP from the current 17%. Besides, the Government has also come up with Digital India initiative, which focuses on three core components: creation of digital infrastructure, delivering services digitally and to increase the digital literacy.

Some of the recent initiatives and developments undertaken by the Government are listed below:

- In March 2021, Flipkart announced plans to expand its grocery services to >70 cities in the next six months. As a result of this planned expansion, customers in seven key cities and >40 neighbouring cities will be able to access high-quality grocery items, deals, fast deliveries and a seamless shopping experience.
- In February 2021, Amazon India announced to start manufacturing of electronics products in India. The company plans to commence its manufacturing efforts with its contract manufacturer, Cloud Network Technology, a subsidiary of Foxconn in Chennai, and start production in 2021.
- In March 2021, India and Kuwait decided to establish a joint ministerial commission to strengthen ties in sectors such as energy, trade, investment, manpower & labour and IT. According to a joint statement, the commission will be focused on developing the best platform to strengthen alliance in areas of energy, trade, economy, investment, human resources, manpower and labour, finance, culture, information technology, health, education, defence and security.
- In March 2021, the parliament approved a bill to increase foreign direct investments (FDIs) in the insurance sector from 49% to 74%. Union Minister for Finance and Corporate Affairs, Ms. Nirmala Sitharaman, who is piloting the Bill, stated that increasing the FDI limit in the insurance sector will support insurers in boosting additional funds and overcoming financial issues.
- In March 2021, the parliament passed the 'National Commission for Allied, Healthcare Professions Bill, 2021'. Union Minister for Health and Family Welfare, Science and Technology and Earth Sciences, Mr. Harsh Vardhan stated that the law aims to meet the sector's long-standing demands and increase professional employment opportunities.
- In March 2020, the Union Cabinet approved the revised cost estimate (RCE) of the comprehensive scheme for strengthening of transmission & distribution in Arunachal Pradesh and Sikkim at an estimated cost of Rs. 9,129.32 crore (US\$ 1.26 billion) to support the economic growth in those by strengthening the intrastate transmission and distribution systems.
- In March 2020, the Union Cabinet approved a memorandum of understanding (MoU) signed between the Ministry of Agriculture and Farmers' Welfare and the Ministry of Agriculture of the Republic of Fiji to strengthen bilateral ties and collaborate in the area of agricultural and allied sectors.
- India is expected to attract investment of around US\$ 100 billion in developing the oil and gas infrastructure during 2019-23.
- The Government of India is going to increase public health spending to 2.5% of the GDP by 2025.
- For implementation of Agriculture Export Policy, Government approved an outlay Rs. 2.068 billion (US\$ 29.59 million) for 2019, aimed at doubling farmers income by 2022.

Road Ahead

India recorded the real GDP (gross domestic product) growth of 0.4% in the third quarter of FY21, as per the NSO's (National Statistical Office) second advance estimates. This rise indicates V-shaped recovery progression that started in the second quarter of FY21.

As per Economic Survey 2020-21, India's real GDP growth for FY22 is projected at 11%. The January 2021 WEO update forecast a 11.5% increase in FY22 and a 6.8% rise in FY23. According to the IMF, in the next two years, India is also expected to emerge as the fastest-growing economy.

India is focusing on renewable sources to generate energy. It is planning to achieve 40% of its energy from non-fossil sources by 2030, which is currently 30% and have plans to increase its renewable energy capacity from to 175 gigawatt (GW) by 2022.

India is expected to be the third largest consumer economy as its consumption may triple to US\$ 4 trillion by 2025, owing to shift in consumer behaviour and expenditure pattern, according to a Boston Consulting Group (BCG) report. It is estimated to surpass USA to become the second largest economy in terms of purchasing power parity (PPP) by 2040 as per a report by PricewaterhouseCoopers.

BRIEF SUMMARY OF INDIAN PLASTIC INDUSTRY

Introduction

The Indian plastics industry made a promising beginning in 1957 with the production of polystyrene. Thereafter, significant progress has been made, and the industry has grown and diversified rapidly. The industry spans the country and hosts more than 2,000 exporters. It employs about 4 million people and comprises more than 30,000 processing units, 85-90% of which are small and medium-sized enterprises.

- In FY20, plastic and linoleum export from India stood at US\$ 7.55 billion.
- During April 2019 to January 2020, plastic export stood at US\$ 7.045 billion with the highest contribution from plastic raw material at US\$ 2.91 billion, plastic sheets, films, and plates at US\$ 1.22 billion and packaging materials at US\$ 722.47 million.
- India exported plastics raw materials worth US\$ 813 million in October 2020, and the export during April 2020 to October 2020 was US\$ 5.58 billion.
- India exported plastics worth US\$ 237.16 million in January 2021, and the export during April 2020 to January 2021 was US\$ 2.76 billion.
- The total plastic and linoleum export during April 2020 to February 2021 was US\$ 6.73 billion and for the month of February 2021, it was US\$ 630.94 million.
- The Indian plastics industry produces and export a wide range of raw materials, plastic-moulded extruded goods, polyester films, moulded/ soft luggage items, writing instruments, plastic woven sacks and bags, polyvinyl chloride (PVC), leather cloth and sheeting, packaging, consumer goods, sanitary fittings, electrical accessories, laboratory/ medical surgical ware, tarpaulins, laminates, fishnets, travel ware, and others.
- The Indian plastics industry offer excellent potential in terms of capacity, infrastructure, and skilled manpower. It is supported by many polymer producers, plastic process machinery and mould manufacturers in the country.
- Among the industry's major strengths is the availability of raw materials in the country. Thus, plastic processors do not have to depend on import. These raw materials, including polypropylene, high-density polyethylene, low-density polyethylene, and PVC, are manufactured domestically.

Recent Developments

The Department of Chemicals and Petrochemicals has approved 10 Plastic Parks in the country, out of which 6 parks have been given final approval in the below states:

- Assam (1 nos.)

REX PIPES AND CABLES INDUSTRIES LIMITED

- Madhya Pradesh (2 nos.)
- Odisha (1 nos.)
- Tamil Nadu (1 nos.)
- Jharkhand (1 nos.)

The Detailed Project Reports are under evaluation for two Plastic Park in Uttarakhand and Chhattisgarh respectively and proposal for setting up of two new Plastic Parks are under process.

These Plastic Parks will help to achieve environmentally sustainable growth and increase employment.

Plastics Export Promotion Council

The Plastics Export Promotion Council (PLEXCONCIL) is the apex Government body responsible for the promotion of plastic export. PLEXCONCIL members comprise large-/medium-/small-scale manufacturers and exporters. The council supports exporters by participating in international trade fairs, exploring new markets, organising buyer- seller meets both in India and overseas, and engaging in various other promotion and need- based activities.

Indian Electrical Machinery Industry Analysis

By 2022, the installed power capacity in India is expected to reach 350 gigawatts (GW) from 243 GW in 2014, on the back of increasing industrialisation and economic development. The total market size of electrical machinery in India is anticipated to reach US\$ 100 billion by 2022 from US\$ 24 billion in 2013.

The electrical machinery sector consists of generation, transmission and distribution machinery. The transmission and distribution market expanded at a compound annual growth rate (CAGR) of 6.7 per cent over FY07-13. Boilers (16 per cent), cables (15 per cent) and transmission lines and conductors (12 per cent) account for a large chunk of the revenue. The generation equipment market is expected to expand at a CAGR of 12.7 per cent over FY12-22.

The exports of electrical machinery rose to US\$ 3.9 billion in FY14 from US\$ 3.4 billion in FY12. Boilers & parts and electrical wires and cables were the primary drivers of the increase in exports

The Government of India has been de-licensed the electrical machinery industry and has allowed 100 per cent foreign direct investment (FDI) in the sector. It plans to set up the Electrical Equipment Skill Development Council (EESDC) which would focus on identifying critical manufacturing skills required for the electrical machinery industry.

With many bilateral nuclear agreements in place, India is expected to become a major hub for manufacturing nuclear reactors and associated components. Foreign participation in the development and financing of generation and transmission assets, engineering services, equipment supply and technology collaboration in nuclear and clean coal technologies is also expected to increase.

OPPORTUNITIES IN INFRASTRUCTURE

Infrastructure sector is a key driver for the Indian economy. The sector is highly responsible for propelling India's overall development and enjoys intense focus from Government for initiating policies that would ensure time-bound creation of world class infrastructure in the country. The plastic industry plays a significant role in this endeavor.

The Indian pipes business has been growing rapidly in the past decade, largely due to increasing demand for pipes in the irrigation sector and construction industry. Among the several varieties of pipes available in the market, the demand for plastic pipes such as PVC, CPVC in particular, is on a rise largely due to

REX PIPES AND CABLES INDUSTRIES LIMITED

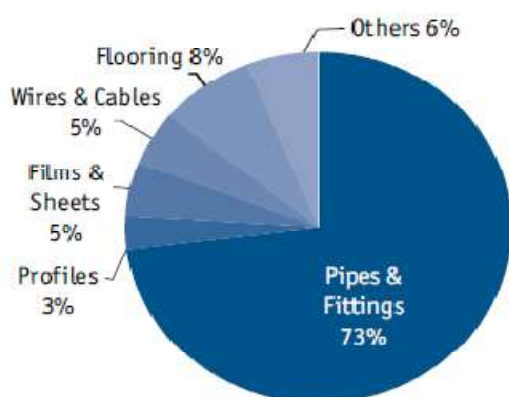

- Gaining popularity of plastic pipes over traditional/ galvanised iron (GI) pipes
- Huge replacement demand
- Flexibility in terms of transportation, less corrosive and long lasting life (25 years v/s 8-10 years of GI pipes)
- Easy installation and competitive price in nature (20-25% cheaper over GI pipes).

Other types of pipes, like steel pipes and ductile iron pipes also have major demand. Across the country, infrastructural development, urbanization, government's focus on real estate, irrigation is expected to drive the demand. Construction and agricultural growth have been identified as major factors facilitating the growth of the pipes industry in the country.

PVC - PIPES & FITTINGS

Currently, in India, approximately 73% of the PVC is consumed by the Pipes & Fittings industries with the other sectors comprising only 27%. Globally, Pipes & Fittings account for only 43% of the PVC consumption, showing that PVC applications in India other than Pipes & Fittings are still in the early stages and are primed for growth. This, along with the relatively low per capita PVC consumption in India, shows that future prospects for the Indian PVC processing industry are bright. Although, CPVC pipes and fittings contributed just ~10% to the overall production capacity in FY15, it is the fastest growing segment of the PVC pipes and fittings industry in India.

Figure 8: Application break-up of PVC - India

Figure 9: Application break-up of PVC - Global

Source: TATA Strategic Analysis

Rigid Pipe segment / Agriculture

The Indian agriculture piping industry is highly fragmented due to presence of large chunk of players, giving tough competition both on product offerings and pricing terms. Also, the main reason for low yield or margins in this segment is due to the less proportion of fittings in usage, compared to the plumbing segment. There are few organised players operating with significant presence through wide distribution network and a strong quality product portfolio.

Plastics play a major role in managing water resources. The various applications of plastics in water management include plastic rain water collection tanks, pipes, profiles; waste water applications (waste water treatment plants) and plastic pipes for water transportation (PVC, HDPE, LLDPE, PP, FRP).

REX PIPES AND CABLES INDUSTRIES LIMITED

- Plastic products in water management are being used as compared to various alternate competitive materials like metal, cement, due to light and weight durability, rust free, smoother surface.
- The Ministry of Water Resources is responsible for laying down policy guidelines for water conservation. PVC pipes and fittings with BIS certification are being used in various water/sewerage transportation applications in various private/government supplies.

GOVERNMENT INITIATIVES SUPPORTING PLASTIC USAGE IN INFRASTRUCTURE

Government's programme of 'Housing for all by 2022

Growing urbanisation has led to issues such as land shortage, housing shortfall, congested transit and stressed existing basic amenities such as water, power and open spaces in towns and cities. To bridge the demand supply gap and acknowledge the importance of housing issue in the country, the government has launched a campaign of 'Housing for All by 2022'. Housing shortage coupled with lack of proper water management system (sewage/drainage) in slums creates ample opportunities for the piping industry in India. A major application of PVC pipes is in water management for the housing and agriculture sectors and this can thereby be a strong driver for growth.

Swachh Bharat Mission - Boost for plastic products

Swachh Bharat Mission (SBM) is another flagship programme of the government aimed to stop open defecation through construction of individual household latrines (IHHL), cluster toilets and community toilets (especially via PPP mode). Solid and liquid waste management is also an important component of the programme. According to Census 2011, over 67% of rural households in India lack access to toilets. In other words, more than 11 crore rural households do not have access to a toilet. Lack of sanitation and drinking water facilities creates a huge opportunity for PVC pipe manufacturers.

The government has also launched its programme - Atal Mission for Rejuvenation and Urban Transformation (AMRUT) to provide basic services to household and build amenities in cities. The purpose of AMRUT is to:

- 1) Ensure that every household has access to a tap with assured supply of water and sewerage connections.
- 2) Increase the amenity value of cities by developing greenery and well maintained open spaces (e.g. parks).
- 3) Reduce pollution by switching to public transport or constructing facilities for non motorised transport (e.g. walking and cycling).

AMRUT, a flagship programme to improve the infrastructure of the country could be a future growth driver of the plastic piping industry.

AGRICULTURE AND INFRASTRUCTURE TO DRIVE DEMAND FOR PLASTIC PIPES IN INDIA

The PVC plastic pipes market is likely to experience the highest growth, supported by growing demand from sectors such as water supply, agriculture.

Potable water supply, wastewater treatment, agriculture and chemical sectors are expected to propel the demand for plastic pipes in India by manifold.

The Indian plastic pipe market is forecast to grow at a CAGR of 10.4 percent till 2021. The major growth drivers for this market are the growth of government infrastructural spending, increasing residential and commercial construction, industrial production, irrigation sector, and replacement of aging pipelines.

Polyvinyl chloride (PVC), polyethylene (PE) and polypropylene (PP) are the major raw materials used to manufacture pipe.

Within the Indian plastic pipe market, agriculture sector is expected to remain the largest application. The growth of residential and commercial construction and the growth in infrastructure development especially in the agriculture sector in the country are expected to spur growth for this segment over the coming years.

REX PIPES AND CABLES INDUSTRIES LIMITED

According to the report, emerging trends, which have a direct impact on the dynamics of the market, are the usage of anti-microbial plastic pipes to improve hygiene, consumption of CPVC (chlorinated polyvinyl chloride) piping system in various applications of plastic pipes, and increasing consumption of multilayer plastic pipe in gas distribution in the Indian plastic pipe market.

The name of company has been changed to “Rex Pipes and Cables Industries Private Limited” on 19th January, 2018 vide Fresh Certificate of Incorporation issued by the Registrar of Companies, Jaipur. Consequent upon the conversion of Company to public limited company, the name of the Company was changed to “Rex Pipes and Cables Industries Limited” vide fresh certificate of incorporation dated 1st February, 2018 issued by the Registrar of Companies, Jaipur.

Our Company which was originally established as Kaler Electricals Private Limited in the year 2002 by Mr. Sharwan Kumar Kaler and his wife Mrs. Sohani Devi. Our Company was established with an objective to take over the running business of M/s. KALER ELECTRIC WORKS, a proprietor Firm owned by Mr. Sharwan Kumar Kaler himself. The Journey started in the year 2002 in Rajasthan with the commitment to supply quality products meeting or exceeding customer’s expectation and achieving objective of being a preferred supplier.

Our Company is engaged in the Trading and production/Manufacturing product range encompassing uPVC pipes, HDPE pipe, Cables, fittings and abundance of accessories under the brand name “REX”. The brand “REX” is the hall mark showcasing the entire Product range. It has just taken a little over two decades for The Rex group of Industries to emerge as one of India’s leading manufacturers in the field of PVC Pipes & Fittings and PVC insulated electrical wires. The company produces excellent Three Core flat cables, Single Core Flexible Home wire, Poly Wrapped Winding wire along with UPVC, HDPE and sprinklers with unique skills, continuous technological upgrading machines, professional management testing and persistent dedication without compromising on quality leading the entire organization to National and International name and reputation.

Rex Pipes And Cables Industries Limited has emerged into a national entity as a complete innovation for its own type of manufactured products. We offer a wide range of PVC pipes, HDPE pipe, Cables classified in a systematic manner to ensure easy and accurate selection, with the simultaneous advantage of providing the most cost-effective solutions for customers. We have established itself as an innovative leader and quality manufacturer by continuously upgrading its technology, modernizing manufacturing facilities and maintaining highest standards of quality and services.

REX PIPES AND CABLES INDUSTRIES LIMITED

Application area of our products:

- **Agriculture:** We are engaged in manufacturing insulated winding wire, 3 core flat cables and PVC & HDPE pipes.
- **Power:** We are engaged in manufacturing cables and low voltage power up to 1.1 KV in PVC categories meet the domestic and other global standards.
- **Construction:** We are also involved in manufacturing Flexible House wires and sell through dealer and distributor network.
- **Engineering:** Our Company manufactured and supplied a vast range of screened cables to different semi government sectors and government projects through its distributors and dealers.

Our Manufacturing facilities located at B-99, IInd Phase, Industrial Growth Centre, V.P.O, Palsana Sikar; E-128, IID, Palsana Sikar; E-129, IID, Palsana Sikar and F-69A, RIICO Industrial Area, Sikar, Rajasthan-332 001 are equipped with requisite utilities and modern infrastructure facilities.

At Our Plant Situated at E-128 & E-129, IID, Palsana Sikar, Our Company has set up a plant for manufacturing of bus body and fabrication of bus bodies with a capacity of 600 buses per year. Our company has set up a state of state of art facility of manufacturing of buses with a brand name “Rex Coaches”. The Plant, designed with the flexibility to manufacture all types of vehicles, ranging from automobiles to trucks and from minivans to busses, is located 2 km away from the Palsana city and 5 km away from Palsana NH52 tole tax, and occupies a closed area of 6 thousand and a total area of 9 thousand square meters approximately. The Plant carries out the cutting, perforating, bending and welding of raw material profiles, as well as the manufacture of frame fixtures and complete panels. The frames are then fitted, completing the manufacture of the vehicle body.

The Rex Coaches, a ‘Power House of Bus Body Design’ and driven by a ‘Passion for Innovation’ with Mass manufacturing capabilities catering to the various Indian OEMs, STUs, Fleet Operators and Educational Institutions. Rex Coaches offers a wide Product Range covering various applications for passenger transport industry mainly:

- City buses (Low floor,Semi-Low floor);
- Inter-City Coaches;
- School Buses;
- Executive Buses;
- Customized Vanity Van, Motorhomes & Camper vans;
- Shipping Containers (20, 25 and 40 FT); and
- Commercial Road Containers Trucks;
- Commercial Loading Trucks

OUR KEY UNIQUE BUSINESS STRENGTHS ARE:

- 1) **Diversified Product Portfolio:** Our Company has a varied product base to cater to the requirements of our customers. Our Product Portfolio includes diversified variety of Bus Manufacturing and uPVC Pipes & Fittings which are used in different sectors. Our products range includes uPVC threaded Column Pipes, uPVC Plumbing Pipes with uPVC Plumbing Fittings, uPVC Pressure Pipes with uPVC Agri Fittings and uPVC Casing Pipes which are widely used in Agriculture

REX PIPES AND CABLES INDUSTRIES LIMITED

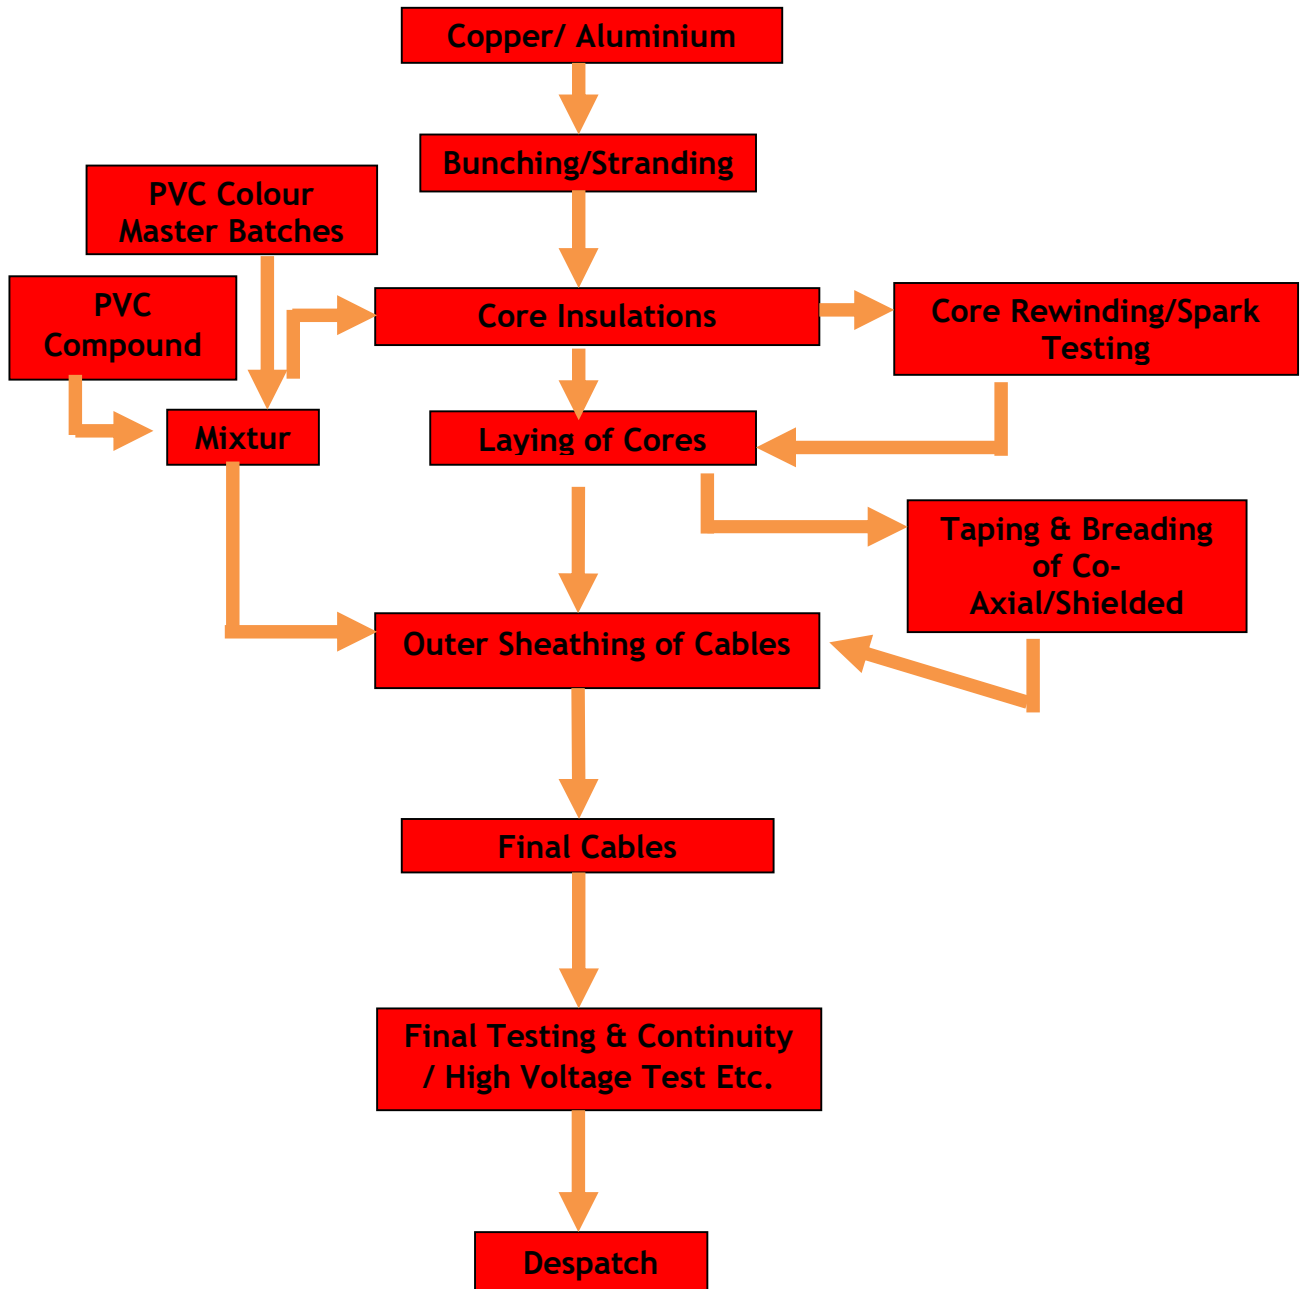

and Construction Sector. Our Company is also a supplier of HDPE Pipes being manufactured by Our Company. Our range of products allows our existing customers to source most of their product requirements from us and also enables us to expand our business from existing customers, as well as address a larger base of potential new customers.

- 2) **Strategically located manufacturing facilities with a core focus on quality:** Due to the size of pipes, an important factor in their cost is transportation costs. Therefore, it is a competitive advantage to manufacture pipes as close as possible to the ultimate consumers. We have checks and testing systems in place, from the procurement of raw material to the manufactured product, for ensuring the quality of our products.
- 3) **Experienced Promoters and a well trained employee base** - Our promoters Mr. Sharwan Kumar Kaler and Mrs. Sohani Devi are experienced in our line of business. Our management and employee team combines expertise and experience to outline plans for the future development of the company. Our Promoters have significant industry experience and has been instrumental in the consistent growth of our company. We believe that the knowledge and experience of our promoter and management will enables us to identify new opportunities, rapidly respond to market conditions, adapt to changes in the business landscape and competitive environment and enhances the growth in the business.
- 4) **Quality Assurance:** We conduct stringent quality tests at every stage of Manufacturing process and the desired chemical compositions are maintained right through the process. After Manufacturing, the products are also carefully inspected and evaluated on various parameters.
- 5) **Strong brands in the pipes and fittings segment with over 15 years' experience** - We have a strong legacy of more than 15 years' in the pipes segment and cable segment. We believe that consumers have a strong loyalty in our brand, which has enabled us to consistently grow our brands.
- 6) **Improving functional efficiency** - Our Company intends to improve operating efficiency to achieve cost reductions to have a competitive edge over the peers. We believe that this can be done through continuous process improvement, customer services.

MANUFACTURING PROCESS: PVC PIPES

MANUFACTURING PROCESS: CABLES

PVC Pipes

PVC pipes are made out of a material known as polyvinyl chloride, a durable, strong plastic-like substance. Pipes are constructed from this material and used in various applications from plumbing to construction.

REX PIPES AND CABLES INDUSTRIES LIMITED

The pipe is designed to be universal. All pipes are designed around specific requirements to ensure that multiple pipe sections will fit together. The ends of the pipe can either be smooth or grooved (similar to a screw).

PVC pipes are created by starting with a molten mixture of the material and shaping them around a cast. The casts are made to be the exact width of the pipe. The mixture is poured into a cast and surrounded by an outer shell. The complete set is then placed into an oven to be cooked. Once the pipe has solidified, it is cooled and moved into finishing. Sections of the pipe are then cut based on common sizes and needs.

HDPE PIPES:-

HDPE pipe grade Natural Materials are procured in master Batch and only Master batch is required to weigh depending up on the lot. Quantity of master batch depends up on the Carbon loading with the base material.

Mixed material is then fed to hopper drier by auto loader, automatically. Depending up on the out put, this material get pre heated during its residual time of 1 hour by a hot air blower, which removes moisture content from the materials.

Pre-heated material, then passes through EXTRUSION PROCESS, with the help of a Screw/Barrel assembly and external heating. The dry material attains melting. This process involves control of temperature at different stages by Auto PID temperature controller, which generally varies from 175 C to 190 C. Molten material passes through a Die head assembly and gets a shape of pipe.

Thereafter it passes through a Vacuum tank, where the final out side diameter of the pipe (with a margin for shrinkage) is determined. This is followed by cooling tank where temperature of the pipe is cooled down to ambient temperature by forced water spray. The pipe then passes through caterpillar, which pulls the pipe at a desired speed, thus maintaining the wall thickness.

High-density polyethylene (HDPE) is a versatile material and has some ideal characteristics for use in underground structures. HDPE pipe is relatively lightweight allowing for easier and less costly transportation and installation costs. It is not brittle and therefore not susceptible to cracking during pipe handling and installation activities. Once formed into a pipe, HDPE has a smooth surface, which is resistant to abrasion, corrosion and chemical scouring. The smooth surface provides excellent pipeline flow characteristics. HDPE pipe is structurally strong and has the ability to support large loads.

HDPE pipes are used in Irrigation sprinkler, drip, water supply system and drainage systems and have significant advantages over GI pipes being the nature of product i.e. light weight, non corrective, load bearing capacity etc. Thus demand for HDPE Pipes is increasing due to varied uses gradually.

CABLES:-

Cables are made by using Copper rod as a raw material then it is passed through wire drawing machine, after drawing operation the coil of drawer wire are put in the electric furnace in a pot for getting it annealed soft cable, After the cable is annealed it is wound on reels and are put for bunching on a wire bunching machine for getting different sized range of bunched cable. Then PVC core insulation is done of bunched cable, after outer sheathing cable rewinding and testing is done cables are ready for dispatch.

The cables are used for electrification in Industry, Agriculture by project, home and other electrical goods.

Our Products:

PVC & HDPE PIPES:-

Plumbing Pipes for Domestic Plumbing Application

Application:-

Building Construction

These Pipes are useful for water connections to bathrooms, kitchen sinks, washbasins and laboratories.

Potable Water Supply

It can be used in Commercial Complexes, individual homes, flats, offices, hotels, hospitals and transport terminals.

Industrial Application

Distribution of Milk, Chemicals and gases in dairies, plants and industrial estates. In agriculture, telecommunication, irrigation projects etc.

Installation

Use of Teflon Tape recommended to avoid damage and subsequent leakage. Can also be jointed to metal pipes and fittings. No special equipment required. Lesser time-consuming than metal pipes.

Selfit SWR PVC Pipes

Applications:

Waste discharge system in residences, commercial complexes, resorts, hospitals, academic institutes.

- An ideal replacement for CI and GI piping
- Venting of gases and odours in domestic plumbing
- Non-pressure industrial drainage application (based on chemical compatibility)
- Rain water transportation and harvesting for residential & commercial buildings.

HDPE Pipes

REX HDPE Pipes are manufactured from High Density Polyethylene Grade Material PE-63, PE-80, PE-100 a most versatile material suitable for pipes. HDPE pipes are of low costs and high performance. The pipes are better substitute for costly Metallic and Non Metallic pipes like DI, CI, MS, GI, AC. HDPE Pipes are generally made black in colour by addition of Carbon Black to protect from ageing & degradation due to ultraviolet sunrays.

APPLICATIONS OF REX HDPE PIPES

Potable water supply
Irrigation/Agriculture
Gas Transmission
Industrial Effluents
Telephone Cable Duction
Sewerage & Drainage
Sprinkler System
Slurry Transportation
Chemical Industries
Tubewells

PVC Electrical Conduit Pipe

APPLICATIONS :

Cold water supply in building construction.
Industrial process lines.
Open and concealed wiring in industries/residential and commercial buildings.
Being light can be used on false ceilings and sleeveings.
Street Light and traffic signal connections.

Ringfit SWR PVC Pipes

APPLICATIONS :

Special treatment at compounding stage ensures that the product is immune to rodent attacks.
Self extinguishing as it does not support combustion.
There is no problem of clogging & choking up of drain because of smooth inner surface.
Unaffected by a wide range of chemicals, these pipes & fittings are ideally suited for application.
Constant contact with water does not affect the material.
Weather resistant upto -5° to $70^{\circ} \pm 2^{\circ}\text{C}$

Ringfit U-PVC Pipes

Application

Used for conveyance of water in drip/ sprinkler irrigation systems, lift irrigation systems, surface irrigation systems, subsoil drainage system.

Selfit PVC-U Pipes For Agriculture & Potable Water Supply

Application

- Agriculture & Potable Water Supply

Bore-well PVC Pipes

Application

- Agriculture & Potable Water Supply

U-PVC Casing Pipe

Applications:-

Domestic wells, irrigation wells, Industrial wells and mines;
Waster water (Drainage & Sewage);
Urban and Rural Areas drinking water scheme.

HDPE Coil

Application:-

Corrosion and chemical resistant PE pipe.
Metric series sizes 20mm to 110mm for use at temperatures up to and including 80 o C.
Pressure rating 2.5 Kg/cm² to 25 Kg/cm² .
Highly resistant to most acids, bases, salts, aliphatic solutions, oxidants, and halogens.
Typical applications includes: chemical processing, plating, potable water systems, water and waste water

WIRE & CABLE :-

Winding wire

Single Core Flexible Home Wire

3 Core Flat Cable

OTHER:-

Self Priming

Sprinkler system

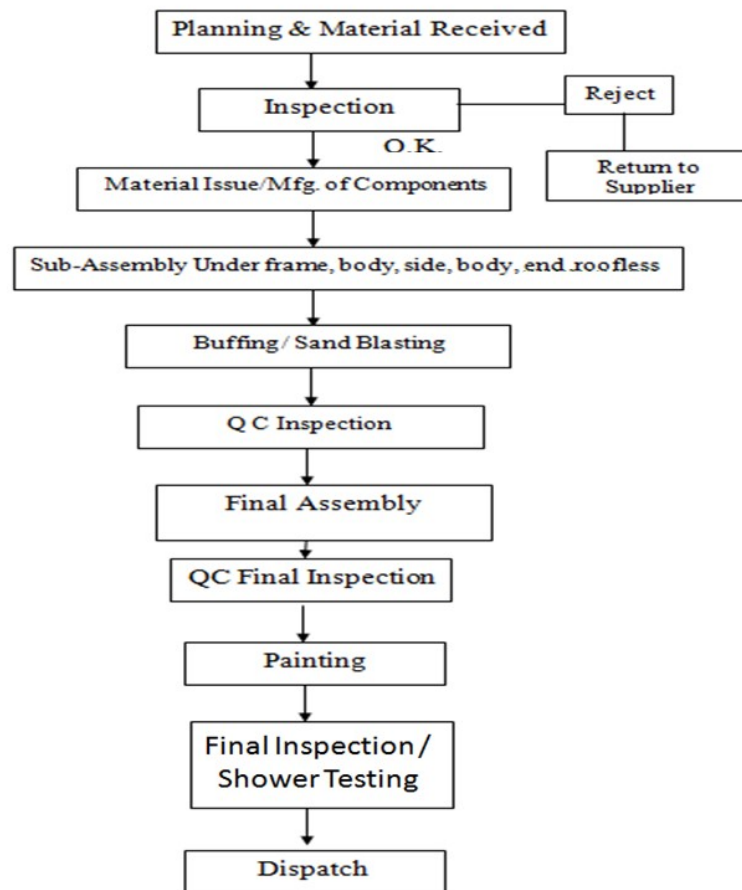

MANUFACTURING PROCESS: BUS

Bus body manufacturing process consists of several steps.

1. The first step is to design the body which is matched with a selected chassis. The critical dimensions are the length, the width, the height. They must be balanced in order to keep the vehicle stability.
2. The second step is to check the chassis details. They are mirrors; turn left and right lights, control panel, mileage panel, fuel vessel, battery, spare tire, etc.
3. The third step is to start manufacturing process. The chassis frame is drilled at the supporting point which has 16 points. The angle plates are extended all of 16 points and tightened by bolts and nuts.
4. The next step is to put the beam bar which is used to support the whole mass of bus body. They are 8 beams. However, such beams are adjusted to be flat.
5. The next step is to install the 13 major columns which are used to fix with the mirrors. Then, the door columns are jointed together.
6. Next, the front columns of the left and right sides are welded. Then the top beams are joined. The trust bars for the front frame is then welded. The front and back console fibers are attracted.
7. The next step is to build left and right frame structure. This step takes a long processes and long times to finish. After that, it is an assembly process. The roof and floor frames are assembled with the left and right frame structure.
8. Next step, it is to construct the seats and walking path. Then, the front and back frames are constructed together with mirrors followings with covering the whole bus body by sheet metals.
9. Then, the interior floor and the whole inside passenger space of the bus are installed.
10. The next step is to construct the doors, stairs. Then, the engine spaces are installed by insulation materials to protect heat transfers.
11. Then, the electrical wiring system is installed together with the sound system. After that, the outside process can be made by painting and coating which is another long process. It is mostly two steps; primer coating and final coating. However, this step is sometimes added the tailored made coating depending on the customer requirements by painting a local story on the outside frame of the bus body.
12. The next is anti-rust coating following with testing processes. They are engine system, electrical system, air conditioning system and so on. Finally, the cleaning & leakage curing process by Shower testing has been done before delivering the bus to customers.

The existing bus body structure is mostly concerned with safety which is caused by the high body strength. The strength is caused by the strong trusts, strong frames and strong parts. The strength is related by the volume of materials. The more volume the material is given, the higher strength of the bus body can be received. The strength is calculated by the six frames. The priority important frames are the roof frame, the left frame and the right frame, the floor frame.

Process Flow Chart for Fabrication of Bus Bodies

Following are some of the types of buses which are manufactured by our company:

Features

- All Steel / GI Tubular Structure
- Stretch Panel 1mm SS Sheet
- Roof 1.2 mm GI Sheet
- Flooring 12 mm Dencified Plywood with 2mm Vinyl Mat
- Roof Aluminum Painted
- Truss Panel SS Sheet
- Front Windshield Laminated Glass
- Rear Windshield Toughened Glass
- Side Windows Toughened with sliding Glass
- Seats 44 Nos. High Head Rest Seats
- Paint - 2K Solid / Metallic

• 2. Sleeper Bus (AC/Non AC)

Features

- All Steel Tubular Structure
- Stretch Panel 1mm GI Skinpas Sheet
- Skirt Panel Aluminum
- Roof 1mm GI Sheet
- Flooring 12 mm Dencified Plywood with 2mm Vinyl
- A.C. Duct GI with adjustable lovers for every seat
- Roof FR Grade Fabric
- Truss Panel Carpet /ABS
- Front Windshield Laminated Glass
- Rear Windshield Toughened Glass
- Side Windows Laminated Glass

• 3. Luxury Bus

Features

- 45 reclining seats +1-driver +1-co-driver.
- High back reclining seats with more foot space.
- Theatre floor.
- Adjustable rear view mirrors.
- Pneumatic passenger door.
- Adjustable finger touch lights with individual ac vents for each
- Seat belts for each passenger.
- Adjustable fan at every window pillar.
- Open able roof hatch for ventilation.
- High quality sound speakers.
- Sun visor for driver.
- Led lights both for driver cabin and passenger compartment.
- All Steel Tubular Structure
- Stretch Panel 1mm GI Skimps Sheet
- Skirt Panel Aluminium
- Roof 1mm GI Sheet
- Flooring 12 mm Dencified Plywood with 2mm Vinyl Mat
- A.C. Duct GI with adjustable lovers for every seat
- Roof FR Grade Fabric
- Truss Panel Carpet /ABS
- Front Windshield Laminated Glass
- Rear Windshield Toughened Glass
- Side Windows Laminated Glass
- Seats 45 Nos. Reclining Seats.

• 4. School Bus

Features

- Special school bus seats+1-driver.
- Theater floor.
- Adjustable rear view mirrors.
- Pneumatic in/out swing door.
- Seat belts for each children.
- Openable roof hatch for ventilation.
- Sun visor for driver.
- Sliding windows for proper air ventilation.
- Stop sign while opening the door.
- Window guard rail (4 nos.) At outer side.
- Seats with storage rack, bottle holder grab handles
- School bus signs at front and rear face of the bus

• 5. Vanity-van / Motorhome / Camper-car / RV

Features

- Motorhomes usually have sleeping spaces.
- Each sleeping space is either fixed or converts from another part of the motorhome's interior.
- A kitchenette area contains cooking equipment.
- The type of equipment included differs depending on the motorhome make and model, but generally a kitchenette has a stovetop, oven, refrigerator, and sink.
- More luxury models may also provide a microwave. A small bathroom with a shower, sink and toilet is usually also located in the motorhome.
- On smaller motorhomes, the toilet may be of the "cassette toilet" type, which is a kind of portable toilet or container-based toilet.

• 6. Shipping Containers, Commercial Container Trucks & Commercial Loading Trucks .

We are a manufacturer, supplier and service provider of Trailer Body, Tipper Body, Truck Body, Truck Container and Truck Body Maker. Employing the latest technology and techniques, these are smartly developed by our experts in compliance with the national norms and industrial standards. Our range is offered to the customers in varied models, sizes and technical configurations so that clients can buy these as per their requirements. The offered products are widely demanded by numerous trusts and trailer manufacturing firms owing to their features like **sturdy designs, high performing nature, durability and precision engineering**. We also ensure quality and complete reliability in Trailer Fabrication, Tipper Fabrication, Truck Body Fabrication.

COLLABORATIONS:

The Company has so far not entered into any technical or financial collaboration agreement.

Our Raw Material:

Raw Material for cable	The raw material for cable is Copper wire, PVC, Batch Color, Packing material. Copper is sourced from local and international market.
Raw Material for HDPE pipes	The raw material for HDPE pipes is HDPE granuels and master batches. HDPE is sourced from local and international market.
Raw Material for PVC pipes	The Raw material for pipes is a mixture of uPVC resin, Calcium Carbonate, different PVC stabilizers and other essential chemicals additives. All these material are mixed in a fixed ratio at high speed in Fully Automatic centralized mixer at required temperature of about 130°c and then cooled at 40°c. The raw materials are sourced from local and international market from various petrochemical companies and their importing agents based in India.
Bus bodies	The most important raw material used to manufacture school buses is steel, which is an alloy of iron and a small amount of carbon. Steel is used to make the chassis and the body, along with various other components.

UTILITIES & INFRASTRUCTURE FACILITIES:

Infrastructure Facilities

Our Registered office situated at F-69A, RIICO Industrial Area, Sikar, Rajasthan-332 001 is well equipped with computer systems, internet connectivity, other communication equipment, security and other facilities, which are required for our business operations to function smoothly. Our manufacturing facilities located at B-99, IInd Phase, Industrial Growth Centre, V.P.O, Palsana Sikar; E-106, IID, Palsana Sikar; E-128, IID, Palsana Sikar; E-129, IID, Palsana Sikar and F-69A, RIICO Industrial Area, Sikar, Rajasthan-332 001 are equipped with requisite utilities and modern infrastructure facilities including the following:-

Power

Our Company meets its power requirements by purchasing electricity from Ajmer Vidyut Vitran Nigam Limited.

Water

Water is a key and indispensable resource requirement in our manufacturing process. Our Company has made adequate arrangements to meet its water requirements.

OUR BUSINESS STRATEGIES:

- 1. Increase sales of our Piping Systems products by reaching out to more retailers and expanding our distribution network both in new areas as well as in areas where we already have a strong presence:-** We plan to increase sales of our products by increasing the number of retailers who stock our products. We plan to expand the sale of our products into cities where our products are not currently sold as well as consolidating our position in areas where we already have a strong presence. Our strategy is to focus on increasing the width and depth of our distribution network by increasing the number of distributors, and the frequency and quantity of our products purchased by retailers through our distributors.
- 2. Expansion of Domestic Market:-**We intend to expand our geographical reach and enter the large domestic market for growth opportunities of our business. Currently we have limited presence and we plan to deepen our presence in the existing market and expand our reach and penetrate into the large available market by giving scale down low price solution and grab major market share.
- 3. Competitive Pricing:-**To remain aggressive and capitalize a good market share, we believe in offering competitive prices to our customers. This helps us to sustain the cut-throat competition and withhold a strong position in the market
- 4. Constant technology upgradation:-** We intend to focus on upgradation of our machineries and equipments used in our business and will continue to do so to improve our productivity.

5. **Leveraging our Market skills and Relationships:-** This is a continuous process in our organization and the skills that we impart in our people give importance to customers. We aim to enhance the growth by leveraging our relationships and further enhancing customer satisfaction. We plan to increase our customers by meeting orders in hand on time, maintaining our customer relationship and renewing our relationship with existing buyers.
6. **Pursue strategic acquisitions:** In order to expand, we seek to identify acquisition targets and/or joint venture partners whose resources, capabilities, technologies and strategies are complementary to and are enabling us to establish our presence in new geographical locations.
7. **Improving operational efficiencies:** Improving operational efficiencies is the key to success of any business. Our Company intends to improve efficiencies to achieve cost reductions so that they can be competitive. We believe that this can be done through domestic presence and economies of scale. Increasing our penetration in existing regions will enable us to penetrate into new catchment areas within these regions. As a result of these measures, our Company will be able to increase its market share and profitability.
8. **Attract, train and retain qualified personnel:-** We believe that maintaining quality, ensuring timely delivery, minimising costs, and completion of our proposed project depend largely upon the technical skill and workmanship of our employees and adoption of latest technology. We intend to improve our competitiveness by increasing our focus on training our staff and honing their skills. We continuously train our workforce to enhance their knowledge and equip them with the latest skill sets.

MARKETING STRATEGY:

We undertake an exercise periodically to identify existing and prospective customers with the potential to develop into large clients. Our senior management is actively involved in managing customer relationships and business development through targeted interaction with multiple contacts at different levels on an ongoing basis. Our Company proposes to market the products to the major users of our products viz. infrastructure industry, construction industry, transportation and process engineering industry etc. We also propose to market our products through placing advertisement in newspapers, trade journals, participate in exhibitions and trade fairs and display our wide range of products to promote our products.

COMPETITION:

We face competition for our products from other manufacturers in domestic market on the basis of product range, product quality, and product price including factors based on reputation, regional needs, and customer convenience. Our competition varies for our products and regions. Our competition depends on the products being offered by various companies in the organized segment besides several other factors like quality, price and capacity to deliver. Competition emerges from organized sector as well as from the unorganized sector and from both small and big players. We believe that we are able to compete effectively with them due to our diversified product portfolio, strong marketing network, customized and quality processing services.

EXPORT POSSIBILITIES & EXPORT OBLIGATION:

We do not have any outstanding export obligations.

KEY INDUSTRY REGULATIONS AND POLICIES

The following description is an overview of certain laws and regulations in India, which are relevant to our Company. Certain information detailed in this chapter has been obtained from publications available in the public domain. The regulations set out below are not exhaustive, and are only intended to provide general information to applicants and is neither designed nor intended to be a substitute for professional legal advice.

The statements below are based on current provisions of Indian law, and the judicial and administrative interpretations thereof, which are subject to change or modification by subsequent legislative, regulatory, administrative or judicial decisions.

For details of government approvals obtained by us, see the chapter titled "Government and Other Approvals" beginning on page 202 of this Prospectus.

The following is an overview of some of the important laws and regulations, which are relevant to our industry.

KEY INDUSTRY REGULATIONS AND POLICIES

Indian Stamp Act, 1899, as applicable to Bombay (the Bombay Stamp Act, 1958)

Stamp duty is payable on all instruments/ documents evidencing a transfer or creation or extinguishment of any right, title or interest in immoveable property. The Stamp Act provides for the imposition of stamp duty at the specified rates on instruments listed in Schedule I of the Stamp Act. However, under the Constitution of India, the states are also empowered to prescribe or alter the stamp duty payable on such documents executed within the state.

Instruments chargeable to duty under the Stamp Act but which have not been duly stamped, are incapable of being admitted in court as evidence of the transaction contained therein. The Stamp Act also provides for impounding of instruments by certain specified authorities and bodies and imposition of penalties, for instruments which are not sufficiently stamped or not stamped at all. Instruments which have not been properly stamped can be validated by paying a penalty of up to 10 times of the total duty payable on such instruments.

Shops & Commercial Establishments Acts of the respective States in which Our Company has an established place of business/ office ("Shops Act")

Under the provisions of local shops and establishments legislations applicable in the states in which establishments are set up, establishments are required to be registered. The Shops Act provides for the regulation of conditions of work in shops, commercial establishments, restaurants, theatres and other establishments and provides for fixation of working hours, rest intervals, overtime, holidays, leave, termination of service, maintenance of shops and establishments and other rights and obligations of the employers and employees. The Act is enforced by the Chief Inspector of Shops (CIS) and various inspectors under the supervision and control of Deputy/Assistant Labour Commissioners of the concerned District, who in turn functions under the supervision of Labour Commissioner.

Prevention of Black Marketing and Maintenance of Supplies Act, 1980

To make matters worse, in 1980 came the "Prevention of Black Marketing and Maintenance of Supplies Act." It is an "Act for detention in certain cases or the purpose of prevention of black marketing and maintenance of supplies of commodities essential to the community and for matters concerned therewith".

LAWS RELATING TO EMPLOYMENT AND LABOUR

The Industrial Employment Standing Orders Act, 1946

Every establishment employing more than 100 employees is required to formulate rules and regulations for its employees and the same should be submitted for approval to the Deputy Labor Commissioner.

Child Labour (Prohibition and Regulation) Act, 1986

This statute prohibits employment of children below 14 years of age in certain occupations and processes and provides for regulation of employment of children in all other occupations and processes. Under this Act the employment of child labour in the building and construction industry is prohibited.

The Employees (Provident Fund and Miscellaneous Provisions) Act, 1952 (“EPF Act”)

The “EPF Act” applies to factories employing over 20 employees and such other establishments and industrial undertakings as notified by the Government of India from time to time. It requires all such establishments to be registered with the State provident fund commissioner and requires such employers and their employees to contribute in equal proportion to the employees’ provident fund the prescribed percentage of basic wages and dearness and other allowances payable to employees. The EPF Act also requires the employer to maintain registers and submit a monthly return to the State provident fund commissioner.

The Employees State Insurance Act, 1948 (“ESI Act”)

The “ESI Act”, provides for certain benefits to employees in case of sickness, maternity and employment injury. All employees in establishments covered by the ESI Act are required to be insured, with an obligation imposed on the employer to make certain contributions in relation thereto. In addition, the employer is also required to register itself under the ESI Act and maintain prescribed records and registers.

The Payment of Gratuity Act, 1972 (“Gratuity Act”)

The “Gratuity Act” establishes a scheme for the payment of gratuity to employees engaged in every factory, mine, oil field, plantation, port and railway company, every shop or establishment in which ten or more persons are employed or were employed on any day of the preceding twelve months and in such other establishments in which ten or more employees are employed or were employed on any day of the preceding twelve months, as notified by the Central Government from time to time. Penalties are prescribed for non-compliance with statutory provisions. Under the Gratuity Act, an employee who has been in continuous service for a period of five years will be eligible for gratuity upon his retirement, resignation, superannuation, death or disablement due to accident or disease. However, the entitlement to gratuity in the event of death or disablement will not be contingent upon an employee having completed five years of continuous service. The maximum amount of gratuity payable may not exceed Rs. 1 million.

The Equal Remuneration Act, 1976 (“ER Act”)

The “ER Act” provides for the payment of equal remuneration to men and women workers for same work or work of a similar nature and for the prevention of discrimination, on the ground of sex, against women in the matter of employment. According to the Equal Remuneration Act, the term remuneration means the basic wage or salary and any additional emoluments whatsoever payable, either in cash or in kind, to a person employed in respect of employment or work done in such employment, if the terms of the contract of employment, express or implied, are fulfilled.

REX PIPES AND CABLES INDUSTRIES LIMITED

The Workmen Compensation Act, 1923 ("WCA")

The "WCA" has been enacted with the objective to provide for the payment of compensation to workmen by employers for injuries by accident arising out of and in the course of employment, and for occupational diseases resulting in death or disablement. The WCA makes every employer liable to pay compensation in accordance with the WCA if a personal injury/disablement/loss of life is caused to a workman (including those employed through a contractor) by accident arising out of and in the course of his employment. In case the employer fails to pay compensation due under the WCA within one month from the date it falls due, the commissioner appointed under the WCA may direct the employer to pay the compensation amount along with interest and may also impose a penalty.

The Maternity Benefit Act, 1961 ("Maternity Act")

The purpose of "Maternity Act" is to regulate the employment of pregnant women and to ensure that they get paid leave for a specified period during and after their pregnancy. It provides inter-alia for payment of maternity benefits, medical bonus and enacts prohibition on dismissal, reduction of wages paid to pregnant women etc.

TAX RELATED LEGISLATIONS

Income-Tax Act, 1961 ("IT Act")

The "IT Act" is applicable to every company, whether domestic or foreign whose income is taxable under the provisions of this Act or Rules made there under depending upon its "Residential Status" and "Type of Income" involved. The IT Act provides for the taxation of persons resident in India on global income and persons not resident in India on income received, accruing or arising in India or deemed to have been received, accrued or arising in India. Every company assessable to income tax under the IT Act is required to comply with the provisions thereof, including those relating to Tax Deduction at Source, Advance Tax, Minimum Alternative Tax and the like. Every such company is also required to file its returns by September 30 of each assessment year.

The Central Goods and Services Tax Act, 2017

GST is a single tax on the supply of goods and services, right from the manufacturer to the consumer. Credits of input taxes paid at each stage will be available in the subsequent stage of value addition, which makes GST essentially a tax only on value addition at each stage. The final consumer will thus bear only the GST charged by the last dealer in the supply chain, with set-off benefits at all the previous stages.

LAWS RELATING TO INTELLECTUAL PROPERTY

The Trademarks Act, 1999 ("TM Act")

The "TM Act" provides for the application and registration of trademarks in India. The purpose of the Trade Marks Act is to grant exclusive rights to marks such as a brand, label and heading and to obtain relief in case of infringement for commercial purposes as a trade description.

The registration of a trademark is valid for a period of 10 years, and can be renewed in accordance with the specified procedure.

Application for trademark registry has to be made to Controller-General of Patents, Designs and TM Act who is the Registrar of Trademarks for the purposes of the TM Act. The TM Act prohibits any registration of deceptively similar trademarks or chemical compound among others. It also provides for penalties for infringement, falsifying and falsely applying trademarks.

REX PIPES AND CABLES INDUSTRIES LIMITED

The Patents Act, 1970 (“Patent Act”)

The purpose of the “Patent Act” in India is to protect inventions. Patents provide the exclusive rights for the owner of a patent to make, use, exercise, distribute and sell a patented invention. The patent registration confers on the patentee the exclusive right to use, manufacture and sell his invention for the term of the patent. An application for a patent can be made by (a) person claiming to be the true and first inventor of the invention; (b) person being the assignee of the person claiming to be the true and first inventor in respect of the right to make such an application; and (c) legal representative of any deceased person who immediately before his death was entitled to make such an application. Penalty for the contravention of the provisions of the Patents Act include imposition of fines or imprisonment or both.

The Designs Act, 2000 (“Designs Act”)

The objective of “Designs Act” is to promote and protect the design element of industrial production. It is also intended to promote innovative activity in the field of industries. The Controller General of Patents, Designs and Trade Marks appointed under the Trademarks Act shall be the Controller of Designs for the purposes of the Designs Act. When a design is registered, the proprietor of the design has copyright in the design during ten years from the date of registration.

PROPERTY RELATED LAWS

The Company is required to comply with central and state laws in respect of property. Central Laws that may be applicable to our Company's operations include the Land Acquisition Act, 1894, the Transfer of Property Act, 1882, Registration Act, 1908, Indian Stamp Act, 1899, and Indian Easements Act, 1882.

In addition, regulations relating to classification of land may be applicable. Usually, land is broadly classified under one or more categories such as residential, commercial or agricultural. Land classified under a specified category is permitted to be used only for such specified purpose. Where the land is originally classified as agricultural land, in order to use the land for any other purpose the classification of the land is required to be converted into commercial or industrial purpose, by making an application to the relevant municipal or town and country planning authorities. In addition, some State Governments have imposed various restrictions, which vary from state to state, on the transfer of property within such states.

Land use planning and its regulation including the formulation of regulations for building construction, form a vital part of the urban planning process. Various enactments, rules and regulations have been made by the Central Government, concerned State Governments and other authorized agencies and bodies such as the Ministry of Urban Development, State land development and/or planning boards, local municipal or village authorities, which deal with the acquisition, ownership, possession, development, zoning, planning of land and real estate.

Each state and city has its own set of laws, which govern planned development and rules for construction (such as floor area ratio or floor space index limits).

The various authorities that govern building activities in states are the town and country planning department, municipal corporations and the urban arts commission.

The Indian Registration Act, 1908 (“Registration Act”)

The Indian Registration Act, 1908 “Registration Act” details the formalities for registering an instrument. Section 17 of the Registration Act identifies documents for which registration is compulsory and includes, inter alia, any non- testamentary instrument which purports or operates to create, declare, assign, limit or extinguish, whether in the present or in future, any right, title or interest, whether vested or contingent, in immovable property of

REX PIPES AND CABLES INDUSTRIES LIMITED

the value of Rs. 100 or more, and a lease of immovable property for any term exceeding one year or reserving a yearly rent.

The Registration Act also stipulates the time for registration, the place for registration and the persons who may present documents for registration. Any document which is required to be compulsorily registered but is not registered will not affect the subject property, nor be received as evidence of any transaction affecting such property (except as evidence of a contract in a suit for specific performance or as evidence of part performance of a contract under the TP Act or as evidence of any collateral transaction not required to be effected by registered instrument), unless it has been registered.

The Indian Easements Act, 1882("IE Act")

The law relating to easements and licenses in property is governed by the "IE Act". The right of easement has been defined under the Easements Act to mean a right which the owner or occupier of any land possesses over the land of another for beneficial enjoyment of his land. Such right may allow the owner of the land to do and continue to do something or to prevent and continue to prevent something being done, in or upon any parcel of land which is not his own. Easementary rights may be acquired or created by (a) an express grant; or (b) a grant or reservation implied from a certain transfer of property; or (c) by prescription, on account of long use, for a period of twenty years without interruption; or (d) local customs.

FOREIGN INVESTMENT REGIME:

The Foreign Exchange Management Act, 1999 ("FEMA") and Regulations framed thereunder.

Foreign investment in India is governed primarily by the provisions of the FEMA which relates to regulation primarily by the RBI and the rules, regulations and notifications there under, and the policy prescribed by the Department of Industrial Policy and Promotion, Ministry of Commerce & Industry, Government of India. As laid down by the FEMA Regulations no prior consents and approvals are required from the Reserve Bank of India, for Foreign Direct Investment under the 'automatic route' within the specified sectoral caps.

In respect of all industries not specified as FDI under the automatic route, and in respect of investment in excess of the specified sectoral limits under the automatic route, approval may be required from the FIPB and/or the RBI.

The RBI, in exercise of its power under the FEMA, has notified the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2000 ("FEMA Regulations") to prohibit, restrict or regulate, transfer by or issue security to a person resident outside India and Foreign Exchange Management (Export of Goods and Services) Regulations, 2000 for regulation on exports of goods and services.

The Foreign Trade (Development & Regulation) Act, 1992

The Foreign Trade (Development & Regulation) Act, 1992, provides for the development and regulation of foreign trade by facilitating imports into and augmenting exports from India and for matters connected therewith or incidental thereto.

ENVIRONMENTAL LAWS

Indian Forest Act, 1927

This is an act to consolidate the law relating to forests, the transit of forest produce and the duty leviable on timber and other forest produce.

REX PIPES AND CABLES INDUSTRIES LIMITED

The Forest (Conservation) Act, 1980

This is an Act to provide for the conservation of forests and for matters connected therewith or incidental thereto. This Act has been enacted with a view to check further development which ultimately results in ecological imbalance. With this object in mind, this Act, inter alia, makes it mandatory that no state Government or any authority shall without the prior approval of the Central Government give any order directing (i) any reserved forest shall cease to be reserved (ii) any forest land may be used for non forest purpose (iii) any forest land be assigned by way of lease or otherwise to any private person or to any authority, corporation, agency or any other organization not owned, managed or controlled by Government and (iv) that any forest land may be cleared of trees which have grown naturally in that land, for the purpose of using it for re-afforestation.

The Forest (Conservation) Rules, 2003

This Rule has been framed for effectuating the provision of the Forest (Conservation) Act, 1980.

National Forest Policy, 1988

This set of policies were enunciated, inter alia, for the maintenance of environment stability through preservation and restoration of ecological balance, conserving the natural heritage of the country, checking soil erosion and increasing the productivity of forest to meet national needs.

The Water (Prevention and Control of Pollution) Act, 1974 (the “Water Act”)

The Water Act aims to prevent and control water pollution as well as restore water quality by establishing and empowering the Central Pollution Control Board and the State Pollution Control Boards. Under the Water Act, any person establishing any industry, operation or process, any treatment or disposal system, use of any new or altered outlet for the discharge of sewage or new discharge of sewage, must obtain the consent of the relevant State Pollution Control Board, which is empowered to establish standards and conditions that are required to be complied with. In certain cases the State Pollution Control Board may cause the local Magistrates to restrain the activities of such person who is likely to cause pollution. Penalty for the contravention of the provisions of the Water Act include imposition of fines or imprisonment or both.

The Air (Prevention and Control of Pollution) Act, 1981 (the “Air Act”)

Pursuant to the provisions of the Air Act, any person, establishing or operating any industrial plant within an air pollution control area, must obtain the consent of the relevant State Pollution Control Board prior to establishing or operating such industrial plant.

The State Pollution Control Board is required to grant consent within a period of four months of receipt of an application, but may impose conditions relating to pollution control equipment to be installed at the facilities. No person operating any industrial plant in any air pollution control area is permitted to discharge the emission of any air pollutant in excess of the standards laid down by the State Pollution Control Board. The penalties for the failure to comply with the provisions of the Air Act include imprisonment of up to six years and the payment of a fine as may be deemed appropriate.

The Water (Prevention and Control of Pollution) Cess Act, 1977 (the “Water Cess Act”) The Water (Prevention and Control of Pollution) CESS (Amendment) Act, 2003

The Water Cess Act provides for levy and collection of a cess on water consumed by industries with a view to augment the resources of the Central and State Pollution Control Boards constituted under the Water Act. Under this statute, every person carrying on any industry is required to pay a cess calculated on the basis of the amount

REX PIPES AND CABLES INDUSTRIES LIMITED

of water consumed for any of the purposes specified under the Water Cess Act at such rate not exceeding the rate specified under the Water Cess Act. A rebate of up to 25% on the cess payable is available to those persons who install any plant for the treatment of sewage or trade effluent, provided that they consume water within the quantity prescribed for that category of industries and also comply with the provision relating to restrictions on new outlets and discharges under the Water Act or any standards laid down under the EPA. For the purpose of recording the water consumption, every industry is required to affix meters as prescribed. Penalties for noncompliance with the obligation to furnish a return and evasion of cess include imprisonment of any person for a period up to six months or a fine of `1,000 or both and penalty for nonpayment of cess within a specified time includes an amount not exceeding the amount of cess which is in arrears.

The Hazardous Wastes (Management, Handling and Transboundary Movement) Rules, 2008 (the “Hazardous Wastes Rules”)

The Hazardous Wastes Rules aim to regulate the proper collection, reception, treatment, storage and disposal of hazardous waste by imposing an obligation on every occupier and operator of a facility generating hazardous waste to dispose such waste without adverse effect on the environment, including through the proper collection, treatment, storage and disposal of such waste. Every occupier and operator of a facility generating hazardous waste must obtain an approval from the relevant state Pollution Control Board. The occupier, the transporter and the operator are liable for damages caused to the environment resulting from the improper handling and disposal of hazardous waste. The operator and the occupier of a facility are liable for any fine that may be levied by the relevant State Pollution Control Boards. Penalty for the contravention of the provisions of the Hazardous Waste Rules includes imprisonment up to five years and imposition of fines as may be specified in the EPA or both.

IMPORTANT GENERAL LAWS:

The Companies Act, 1956

The Companies Act, 1956 dealt with laws relating to companies and certain other associations. It was enacted by the Parliament in 1956. The Act primarily regulated the formation, financing, functioning and winding up of companies. The Act prescribed regulatory mechanism regarding all relevant aspects, including organizational, financial and managerial aspects of companies. Regulation of the financial and management aspects constituted the main focus of the Act. In the functioning of the corporate sector, although freedom of companies was important, protection of the investors and shareholders, on whose funds they flourish, was equally important. The Act played the balancing role between these two competing factors, namely, management autonomy and investor protection.

The Companies Act, 2013

The Companies Act, 2013, has been introduced to replace the existing Companies Act, 1956 in a phased manner. The Ministry of Corporate Affairs vide its notification dated September 12, 2013 has notified 98 sections of the Companies Act, 2013 and the same are applicable from the date of the aforesaid notification. Further 183 sections have been notified on March 26, 2014 and have become applicable from April 1, 2014.

The Ministry of Corporate Affairs, has also issued rules complementary to the Companies Act, 2013 establishing the procedure to be followed by companies in order to comply with the substantive provisions of the Companies Act, 2013.

The Competition Act, 2002

The Competition Act, 2002 prohibits anti competitive agreements, abuse of dominant positions by enterprises and regulates “combinations” in India. The Competition Act also established the Competition Commission of India (the “CCI”) as the authority mandated to implement the Competition Act. The provisions of the Competition Act

REX PIPES AND CABLES INDUSTRIES LIMITED

relating to combinations were notified recently on March 4, 2011 and came into effect on June 1, 2011. Combinations which are Likely to cause an appreciable adverse effect on competition in a relevant market in India are void under the Competition Act.

The Public Liability Insurance Act, 1991 (“PLI Act”)

The “PLI Act” provides for public liability insurance for the purpose of providing immediate relief to persons affected by accident occurring while handling any hazardous substance and for matters connected therewith or incidental thereto. Every owner (in the case of a company, any of its directors, managers, secretaries or other officers who is directly in charge of, and is responsible to the company for the conduct of the business of the company) is obligated to take out, before he starts handling any hazardous substance, one or more insurance policies providing for contracts of insurance whereby he is insured against liability to give relief under the PLI Act. The said insurance policy shall be for a minimum amount of the paid-up capital of the Company and not exceeding fifty crore rupees.

The Indian Contract Act, 1872 (“Contract Act”)

The “Contract Act” codifies the way in which a contract may be entered into, executed, implementation of the provisions of a contract and effects of breach of a contract. A person is free to contract on any terms he chooses. The Contract Act consists of limiting factors subject to which contract may be entered into, executed and the breach enforced. It provides a framework of rules and regulations that govern formation and performance of contract. The contracting parties themselves decide the rights and duties of parties and terms of agreement.

The Consumer Protection Act, 1986 (“COPRA”)

“COPRA” aims at providing better protection to the interests of consumers and for that purpose makes provisions for the establishment of authorities for the settlement of consumer disputes. The COPRA provides a mechanism for the consumer to file a complaint against a trader or service provider in cases of unfair trade practices, restrictive trade practices, defects in goods, deficiency in services; price charged being unlawful and goods being hazardous to life and safety when used. The COPRA provides for a three tier consumer grievance redressal mechanism at the national, state and district levels. Non compliance of the orders of these authorities attracts criminal penalties.

The Legal Metrology Act, 2009

Legal Metrology Act, 2009 was enacted with the objectives to establish and enforce standards of weights and measures, regulate trade and commerce in weights, measures and other goods which are sold or distributed by weight, measure or number and for matters connected therewith or incidental thereto. This act replaced the Standards of Weights and Measures Act, 1976 and the Standards of Weights and Measures (Enforcement) Act, with effect from March 1, 2011.

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (“SHWW Act”)

The “SHWW Act” provides for the protection of women and prevention of sexual harassment at work place. The SHWW Act also provides for a redressal mechanism to manage complaints in this regard. Sexual harassment includes one or more of the following acts or behavior namely, physical contact and advances or a demand or request for sexual favors or making sexually coloured remarks, showing pornography or any other unwelcome physical, verbal or non-verbal conduct of sexual nature. The SHWW Act makes it mandatory for every employer of a workplace to constitute an Internal Complaints Committee which shall always be presided upon by a woman. It also provides for the manner and time period within which a complaint shall be made to the Internal Complaints Committee i.e. a written complaint is to be made within a period of 3 (three) months from the date of the last

incident. If the establishment has less than 10 (ten) employees, then the complaints from employees of such establishments as also complaints made against the employer himself shall be received by the Local Complaints Committee. The penalty for non-compliance with any provision of the SHWW Act shall be punishable with a fine extending to Rs. 50,000.

The Negotiable Instruments Act, 1881 ("NI Act")

In India, the laws governing monetary instruments such as cheques are contained in the "NI Act", which is largely a codification of the English Law on the subject. To ensure prompt remedy against defaulters and to ensure credibility of the holders of the negotiable instrument a criminal remedy of penalty was inserted in Negotiable Instruments Act, 1881 in form of the Banking, Public Financial Institutions and Negotiable Instruments Laws (Amendment), 1988 which were further modified by the Negotiable Instruments (Amendment and Miscellaneous Provisions) Act, 2002. The Act provides effective legal provision to restrain people from issuing cheques without having sufficient funds in their account or any stringent provision to punish them in the event of such cheque not being honoured by their bankers and returned unpaid. Section 138 of the Act, creates statutory offence in the matter of dishonor of cheques on the ground of insufficiency of funds in the account maintained by a person with the banker which is punishable with imprisonment for a term which may extend to two year, and with fine which may extend to twice the amount of the cheque, or with both.

DIVIDEND POLICY

Under the Companies Act, 2013 our Company can pay dividends upon a recommendation by our Board of Directors and approval by a majority of the shareholders at the Annual General Meeting. The shareholders of the Company have the right to decrease but not to increase the amount of dividend recommended by the Board of Directors. The dividends may be paid out of profits of our Company in the year in which the dividend is declared or out of the undistributed profits or reserves of previous fiscal years or out of both. The Articles of Association of our Company also gives the discretion to our Board of Directors to declare and pay interim dividends.

Our Company does not have any formal dividend policy for the Equity Shares. The declaration and payment of dividend will be recommended by our Board of Directors and approved by the shareholders of our Company at their discretion and will depend on a number of factors, including the results of operations, earnings, capital requirements and surplus, general financial conditions, applicable Indian legal restrictions and other factors considered relevant by our Board of Directors.

Since Incorporation of our Company, no dividend has been declared till date of this Prospectus.

SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNT FOR PREPARATION OF RESTATED FINANCIAL STATEMENT

A. SIGNIFICANT ACCOUNTING POLICIES:

1. Basis of Preparation of Financial Statements

- a. The Restated Financial Information for the year / period ended on March 31, 2018,2019,2020 and January 31,2021has been extracted by the management of the Company from the audited financial statements of the company for the year / period ended on March 31, 2018,2019,2020 and January 31,2021.
- b. The Restated Financial Information are after making adjustments/ restatements and regrouping as necessary in accordance with paragraph B(1) of Part II of Schedule II of The Companies Act and SEBI Regulations.
- c. The Financial Statements have been prepared under Historical Cost conventions and in accordance with the Generally Accepted Accounting Principles ('GAAP') applicable in India, Companies (Accounting Standard) Rules, 2006 notified by Ministry of Company Affairs and Accounting Standards issued by the Institute of Chartered Accountants of India as applicable and relevant provisions of the Companies Act, 1956 & 2013.
- d. The company generally follows the mercantile system of accounting and recognizes significant items of income and expenditure on accrual basis.

2. Use of Estimates

The preparation of Financial Statements in conformity with GAAP requires that the management of the Company makes estimates and assumptions that affect the reported amounts of income and expenses of the period, the reported balances of assets and liabilities and the disclosures relating to contingent liabilities as of the date of the financial statements. Examples of such estimates include the useful lives of fixed assets and intangible assets, provision for doubtful debts / advances, future obligations in respect of retirement benefit plans, etc. Actual results could differ from these estimates. Difference between the actual results and estimates are recognized in the period in which the results are known/ materialized. Management believes that the estimates used in preparation of financial statements are prudent and reasonable.

3. Fixed Assets and Depreciation

- i. Fixed Assets are shown at historical cost net of recoverable taxes inclusive of incidental expenses less accumulated depreciation.
- ii. Intangible Assets are stated at cost of acquisition net of recoverable taxes less accumulated depreciation.
- ii. Depreciation on fixed assets is provided using the rates arrived at based on the rates prescribed in the Schedule III to the Companies Act, 2013.

REX PIPES AND CABLES INDUSTRIES LIMITED

- iii. Depreciation on fixed assets sold during the year, is provided on pro-rata basis with reference to the date of addition/deletion.

4. Revenue Recognition

Revenue is recognized only when it is probable that economic benefits will flow to the company and revenue can be reliably measured.

Revenue from sale of products is recognized as and when substantial risk and rewards are transferred to buyer.

Interest income is recognized on time proportion basis taking into account the amount outstanding and rate applicable.

5. Investments

Current investments are carried at lower of cost and quoted/fair value, computed category wise. Long Term Investments are stated at cost. Provision for diminution in the value of long-term investments is made only if such a decline is other than temporary.

6. Impairment of Assets

As on Balance Sheet date, the Company reviews the carrying amount of Fixed Assets to determine whether there are any indications that those assets have suffered "Impairment Loss". Impairment loss, if any, is provided to the extent, the carrying amount of assets exceeds their recoverable amount. Recoverable amount is higher of an asset's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from continuing use of an asset and from its disposal at the end of its useful life.

7. Borrowing Costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that takes necessarily substantial period of time to get ready for its intended use. All other borrowing costs are charged to revenue.

8. Taxation

Tax expenses for the year comprise of current tax and deferred tax. Current tax is measured after taking into consideration the deductions and exemptions admissible under the provision of Income Tax Act, 1961 and in accordance with Accounting Standard 22 on "Accounting for Taxes on Income", issued by ICAI.

Deferred Tax assets or liabilities are recognized for further tax consequence attributable to timing difference between taxable income and accounting income that are measured at relevant enacted tax rates. At each Balance Sheet date the company reassesses unrecognized deferred tax assets, to the extent they become reasonably certain or virtually certain of realization, as the case may be.

9. Leases

Finance Lease

Leases, which effectively transfer to the company all the risks and benefits incidental to ownership of the leased item, are classified as Finance Lease. Lease rentals are capitalized at the lower of the fair value and present value of the minimum lease payments at the inception of the lease term and disclosed as leased

REX PIPES AND CABLES INDUSTRIES LIMITED

assets. Lease payments are apportioned between the finance charges and reduction of the lease liability based on the implicit rate of return. Finance charges are charged directly against income life of the assets at the following rates

Operating Lease

Lease where the lesser effectively retains substantially all risks and benefits of the asset are classified as Operating lease. Operating lease payments are recognized as an expense in the Profit & Loss account on a Straight Line Basis over the Lease term.

10. Preliminary Expenses

Preliminary expenses are amortized as per AS-26 issued by ICAI.

11. Earnings per Share

In determining the Earnings Per share, the company considers the net profit after tax includes any post tax effect of any extraordinary / exceptional item. The number of shares used in computing basic earnings per share is the weighted average number of shares outstanding during the period.

The number of shares used in computing Diluted earnings per share comprises the weighted average number of shares considered for computing Basic Earnings per share and also the weighted number of equity shares that would have been issued on conversion of all potentially dilutive shares.

In the event of issue of bonus shares, or share split the number of equity shares outstanding is increased without an increase in the resources. The number of Equity shares outstanding before the event is adjusted for the proportionate change in the number of equity shares outstanding as if the event had occurred at the beginning of the earliest period reported.

12. Contingent Liabilities & Provisions

Provisions are recognized only when there is a present obligation as a result of past events and when a reliable estimate of the amount of obligation can be made.

Contingent Liability is disclosed for:

- a. Possible obligation which will be confirmed only by future events not wholly within the control of the company, or
- b. Present obligations arising from the past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.
- c. Contingent Assets are not recognized in the financial statements since this may result in the recognition of income that may never be realized.

13. Foreign Exchange Transactions

Definitions of key ratios:

I. Earnings per share (Rs.): Net Profit attributable to equity shareholders / weighted average number of equity shares. Earnings per share calculations are done in accordance with Accounting Standard 20 “Earnings Per Share” as issued by The Institute of Chartered Accountants of India. As per AS-20, the number of equity shares- outstanding before the event is adjusted for the proportionate change in the number of equity shares outstanding as if the event had occurred at the beginning of the earliest period reported. In case of a bonus issue, the bonus shares has been added to corresponding year to the extent of reserves available in the corresponding year. Weighted average number of equity shares outstanding during all the previous years have been considered accordingly.

II. Return on Net Worth (%): Net Profit after tax / Net worth as at the end of the year.

III. Net Asset Value (Rs.): Net Worth at the end of the year / Weighted Average Number of equity shares.

IV. Net Profit, as appearing in the Statement of restated profits and losses, and Net Worth as appearing in the restated statement of Assets & Liabilities has been considered for the purpose of computing the above ratios.

OTHER MATTERS

Unusual or infrequent events or transactions

There are no transactions or events, which in our best judgement, would be considered unusual or infrequent that have significantly affected operations of the Company.

Significant economic changes that materially affected or are likely to affect income from continuing operations

There are no significant economic changes that materially affected Company's operations or are likely to affect income from continuing operations. Any slowdown in the growth of Indian economy or future volatility in global commodity prices, could affect the business, including the future financial performance, shareholders' funds and ability to implement strategy and the price of the Equity Shares.

Known trends or uncertainties that have had or are expected to have a material adverse impact on sales, revenue or income from continuing operations

Other than as disclosed in the section titled "Risk Factors" beginning on page 24 of this Prospectus to our knowledge, there are no known trends or uncertainties that have or are expected to have a material adverse impact on revenues or income of our Company from continuing operations.

Future changes in relationship between costs and revenues in case of events such as future increase in labor or material cost or prices that will cause material change.

According to our knowledge, there are no future relationship between cost and income that would be expected to have a material adverse impact on our operations and revenues. However, increase in the cost of the goods in which the Company deals, will affect the profitability of the Company. Further, the Company may not be able to pass on the increase in prices of the services to the customers in full and this can be offset through cost reduction.

The extent to which material increases in net sales or revenue are due to increased sales volume, introduction of new products or services or increased prices

The increase in revenue is by and large linked to increase in volume of all the activities carried out by the Company.

REX PIPES AND CABLES INDUSTRIES LIMITED

Total turnover of each major industry segment in which the issuer company operates.

The Company is operating single business segment i.e. pipes and cable manufacturing. Relevant industry data, as available, has been included in the chapter titled "*Industry Overview*" beginning on page 94 of this Prospectus.

Status of any publicly announced new products/projects or business segments

Our Company has not announced any new projects or business segments, other than disclosed in the Prospectus.

The extent to which the business is seasonal

Our Company's business is not seasonal in nature.

Any significant dependence on a single or few suppliers or customers

The % of Contribution of our Company's customer and supplier vis a vis the total revenue from operations and raw materials/ finished goods cost respectively as January 31, 2021 is as follows:

Particulars	Customers	Suppliers
Top 5 (%)	33.81%	69.42%
Top 10 (%)	43.96%	79.86%

Competitive Conditions

We have competition with Indian and international manufacturers and our results of operations could be affected by competition in the industry / sector in India and international market in the future. We expect competition to intensify due to possible new entrants in the market, existing competitors further expanding their operations and our entry into new markets where we may compete with well-established unorganized companies / entities. This we believe may impact our financial condition and operations. For details, please refer to the chapter titled "Risk Factors" on page 24 of Prospectus.

JURISDICTION

Exclusive jurisdiction for the purpose of this Issue is with the competent courts/authorities in Rajasthan.

REX PIPES AND CABLES INDUSTRIES LIMITED

The Equity Shares have not been, and will not be, registered under the U.S. Securities Act 1933, as amended (the “Securities Act”) or any state securities laws in the United States and may not be offered or sold within the United States or to, or for the account or benefit of, “U.S. persons” (as defined in Regulation S under the Securities Act), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. Accordingly, the Equity Shares will be offered and sold outside the United States in compliance with Regulations of the Securities Act and the applicable laws of the jurisdiction where those offers and sales occur.

The Equity Shares have not been, and will not be, registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

JOINT HOLDERS

Where two or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint-holders with benefits of survivorship.

NOMINATION FACILITY OF INVESTOR

In accordance with Section 72(1) & 72(2) of the Companies Act, 2013, the sole or first applicant, along with other joint applicants, may nominate up to three persons, vide Multiple Nominations facility made available by CDSL and NSDL, to whom, in the event of the death of sole applicant or in case of joint applicant, death of all the applicants, as the case may be, the Equity Shares allotted, if any, shall vest in respect of Percentage assigned to each nominee at the time of nomination. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall in accordance with Section 72 (3) of the Companies Act, 2013, be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in accordance to Section 72(4) of the Companies Act, 2013, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination interest shall stand rescinded upon a sale of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at the Registered Office of our Company or to the Registrar and Transfer Agents of our Company.

In accordance with Articles of Association of the Company, any Person who becomes a nominee by virtue of Section 72 of the Companies Act, 2013, shall upon the production of such evidence as may be required by the Board, elect either:

- (a) to register himself or herself as the holder of the Equity Shares; or
- (b) to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board of Directors may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of ninety days, the Board of Directors may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the allotment of Equity Shares is in dematerialized form, there is no need to make a separate nomination with us. Nominations registered with the respective depository participant of the applicant would prevail. If the investors require changing the nomination, they are requested to inform their respective depository participant.

ISSUE PROCEDURE

All Applicants should read the General Information Document for Investing in Public Issues prepared and issued in accordance with the circular SEBI/HO/CFD/DIL2/CIR/P/2020/37 dated March 17, 2020 and the UPI Circulars (the "General Information Document"), which highlights the key rules, processes and procedures applicable to public issues in general in accordance with the provisions of the Companies Act, the Securities contracts (Regulation) Act, 1956, the Securities Contracts (Regulation) Rules, 1957, and the SEBI ICDR Regulations. The General Information Document is available on the websites of the Stock Exchange and the LM. Please refer to the relevant provisions of the General Information Document which are applicable to the Issue, especially in relation to the process for Applications by Retail Individual Bidders through the UPI Mechanism. The investors should note that the details and process provided in the General Information Document should be read along with this section.

Additionally, all Applicants may refer to the General Information Document for information in relation to (i) Category of investor eligible to participate in the Issue; (ii) maximum and minimum Issue size; (iii) price discovery and allocation; (iv) Payment Instructions for ASBA Applicants; (v) Issuance of CAN and Allotment in the Issue; (vi) General instructions (limited to instructions for completing the Application Form); (vii) designated date; (viii) disposal of applications; (ix) submission of Application Form; (x) other instructions (limited to joint applications in cases of individual, multiple applications and instances when an application would be rejected on technical grounds); (xi) applicable provisions of Companies Act, 2013 relating to punishment for fictitious applications; (xii) mode of making refunds; and (xiii) interest in case of delay in Allotment or refund.

SEBI through its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019 and circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, has introduced an alternate payment mechanism using Unified Payments Interface ("UPI") and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for RIBs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days. ("UPI Phase I"). The UPI Phase I was effective till June 30, 2019.

With effect from July 1, 2019, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, read with circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 with respect to Applications by RILs through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Applications with existing timeline of T+6 days will continue for a period of three months or launch of five main board public issues, whichever is later ("UPI Phase II"). Further pursuant to SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for implementation of UPI Phase II till further notice. However, given the prevailing uncertainty due to the COVID-19 pandemic, SEBI vide its circular no. The final reduced timeline of T+3 days be made effective using the UPI Mechanism for applications by RILs ("UPI Phase III"), as may be prescribed by SEBI.

The Issue will be undertaken pursuant to the processes and procedures under UPI Phase II, subject to any circulars, clarification or notification issued by SEBI from time to time. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. This circular shall come into force for initial public offers opening on/ or after May1, 2021, except as amended pursuant to SEBI circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and the provisions of this circular, are deemed to form part of this Prospectus.

Further, the Company and the LM are not liable for any adverse occurrences consequent to the implementation of the UPI Mechanism for application in this Issue.

PHASED IMPLEMENTATION OF UNIFIED PAYMENTS INTERFACE

SEBI has issued circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018, circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019, circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019, circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 08, 2019 and circular SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 (collectively the “UPI Circulars”) in relation to streamlining the process of public issue of equity shares and convertibles. Pursuant to the UPI Circulars, the UPI Mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under the ASBA) for applications by RIBs through intermediaries with the objective to reduce the time duration from public issue closure to listing from six working days to up to three working days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment mechanism, the UPI Circular proposes to introduce and implement the UPI payment mechanism in three phases in the following manner:

Phase I: This phase was applicable from January 1, 2019 until March 31, 2019 or floating of five main board public issues, whichever is later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, an Retail Individual had the option to submit the Application Form with any of the intermediary and use his / her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continued to be six working days.

Phase II: This phase has become applicable from July 1, 2019 and was to initially continue for a period of three months or floating of five main board public issues, whichever is later. Subsequently, it was decided to extend the timeline for implementation of Phase II until March 31, 2020. Further still, as per SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, the current Phase II of Unified Payments Interface with Application Supported by Blocked Amount is continued till further notice. Under this phase, submission of the ASBA Form by RIBs through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds will be discontinued and will be replaced by the UPI payment mechanism. However, the time duration from public issue closure to listing continues to be six working days during this phase.

Phase III: The commencement period of Phase III is yet to be notified. In this phase, the time duration from public issue closure to listing is proposed to be reduced to three working days.

All SCSBs offering facility of making application in public issues shall also provide facility to make application using the UPI Mechanism. The Issuers will be required to appoint one of the SCSBs as a sponsor bank to act as a

REX PIPES AND CABLES INDUSTRIES LIMITED

conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the Retail Individual Applicants into the UPI payment mechanism.

For further details, refer to the General Information Document available on the websites of the Stock Exchange and the Lead Manager.

FIXED PRICE ISSUE PROCEDURE

The Issue is being made in compliance with the provisions of Reg. 229(1) of Chapter IX of the SEBI (ICDR) Regulations, 2018 and through the Fixed Price Process wherein 50% of the Net Issue to Public is being offered to the Retail Individual Applicants and the balance shall be offered to Non Retail Category i.e. QIBs and Non-Institutional Applicants. However, if the aggregate demand from the Retail Individual Applicants is less than 50%, then the balance Equity Shares in that portion will be added to the non retail portion offered to the remaining investors including QIBs and NII and vice-versa subject compliance with Regulation 253(2) of the SEBI ICDR Regulations and subject to valid Applications being received from them at or above the Issue Price.

Subject to the valid Applications being received at or above the Issue Price, allocation to all categories in the Net Issue, shall be made on a proportionate basis, except for the Retail Portion where Allotment to each Retail Individual Applicants shall not be less than the minimum lot, subject to availability of Equity Shares in Retail Portion, and the remaining available Equity Shares, if any, shall be allotted on a proportionate basis. Under subscription, if any, in any category, would be allowed to be met with spill over from any other category or a combination of categories at the discretion of our Company in consultation with the Lead Manager and the Stock Exchange.

Investors should note that according to section 29(1) of the Companies Act, 2013, allotment of Equity Shares to all successful Applicants will only be in the dematerialised form. The Application Forms which do not have the details of the Applicant's depository account including DP ID, PAN and Beneficiary Account Number/UPI ID (for RII Applicants using the UPI Mechanism), shall be treated as incomplete and rejected. In case DP ID, Client ID and PAN mentioned in the Application Form and entered into the electronic system of the stock exchanges, do not match with the DP ID, Client ID and PAN available in the depository database, the application is liable to be rejected. Applicants will not have the option of getting allotment of the Equity Shares in physical form. The Equity Shares on allotment shall be traded only in the dematerialised segment of the Stock Exchanges.

APPLICATION FORMS

Copies of the Application Form and the abridged prospectus will be available at the offices of the Lead Manager, the Designated Intermediaries, and the Registered Office of our Company. An electronic copy of the Application Form will also be available for download on the websites of the NSE (www.nseindia.com), the SCSBs, the Registered Brokers, the RTAs and the CDPs at least one day prior to the Issue Opening Date.

**Excluding Electronic Application Form*

Designated Intermediaries (other than SCSBs) shall submit/deliver the Application Form (except the Application Form from a RII bidding using the UPI Mechanism) to the respective SCSB, where the Applicant has a bank account and shall not submit it to any non-SCSB bank or any Escrow Bank. Further, SCSBs shall upload the relevant Bid details (including UPI ID in case of ASBA Forms under the UPI Mechanism) in the electronic bidding system of the Stock Exchange. Stock Exchange shall validate the electronic bids with the records of the CDP for DP ID/Client ID and PAN, on a real time basis and bring inconsistencies to the notice of the relevant Designated Intermediaries, for rectification and re-submission within the time specified by Stock Exchange. Stock Exchange shall allow modification of either DP ID/Client ID or PAN ID, bank code and location code in the Application details already uploaded.

For RIIs using UPI Mechanism, the Stock Exchange shall share the Application details (including UPI ID) with Sponsor Bank on a continuous basis to enable the Sponsor Bank to initiate UPI Mandate Request to RIIs for blocking of funds. The Sponsor Bank shall initiate request for blocking of funds through NPCI to RIIs, who shall accept the UPI Mandate Request for blocking of funds on their respective mobile applications associated with UPI ID linked bank account.

The NPCI shall maintain an audit trail for every bid entered in the Stock Exchange applying platform, and the liability to compensate RIIs (using the UPI Mechanism) in case of failed transactions shall be with the concerned entity (i.e. the Sponsor Bank, NPCI or the Bankers to the Issue) at whose end the lifecycle of the transaction has come to a halt. The NPCI shall share the audit trail of all disputed transactions/ investor complaints to the Sponsor Banks and the Bankers to the Issue. The LM shall also be required to obtain the audit trail from the Sponsor Banks and the Bankers to the Issue for analysing the same and fixing liability.

ELECTRONIC REGISTRATION OF APPLICATIONS

The Designated Intermediary may register the Applications using the on-line facilities of the Stock Exchanges. The Designated Intermediaries can also set up facilities for off-line electronic registration of Applications, subject to the condition that they may subsequently upload the off-line data file into the on-line facilities for Issue on a regular basis before the closure of the Issue.

On the Issue Closing Date, the Designated Intermediaries may upload the Applications till such time as may be permitted by the Stock Exchanges and as disclosed in the Prospectus.

BASIS OF ALLOTMENT

Allotment will be made in consultation with the Stock Exchange. In the event of oversubscription, the allotment will be made on a proportionate basis in marketable lots as set forth here:

The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the over subscription ratio (number of applicants in the category X number of Shares applied for).

The number of Shares to be allocated to the successful applicants will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the over subscription ratio).

For applications where the proportionate allotment works out to less than 4,000 Equity shares the allotment will be made as follows:

Each successful applicant shall be allotted 4,000 Equity Shares; and

The successful applicants out of the total applicants for that category shall be determined by the drawl of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (2) above.

REX PIPES AND CABLES INDUSTRIES LIMITED

If the proportionate allotment to an applicant works out to a number that is not a multiple of 4,000 Equity shares, the applicant would be allotted Shares by rounding off to the nearest multiple of 4,000 Equity shares subject to a minimum allotment of 4,000 Equity shares.

If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the applicants in that category, the balance available Shares for allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful applicants in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising of applicants applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of 4,000 Equity shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the offer specified under the Capital Structure mentioned in this Prospectus.

The above proportionate allotment of shares in an Issue that is oversubscribed shall be subject to the reservation for small individual applicants as described below:

As the retail individual investor category is entitled to more than fifty percent on proportionate basis, the retail individual investors shall be allocated that higher percentage.

The balance net offer of shares to the public shall be made available for allotment to Individual applicants other than retails individual investors and Other investors, including Corporate Bodies/ Institutions irrespective of number of shares applied for.

The unsubscribed portion of the net offer to any one of the categories specified in a) or b) shall/may be made available for allocation to applicants in the other category, if so required.

Retail Individual Investor' means an investor who applies for shares of value of not more than Rs. 2,00,000/-. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with Stock Exchange. The Executive Director / Managing Director of Stock Exchange in addition to Lead Manager and Registrar to the Public Issue shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations.

APPLICATION BY MUTUAL FUNDS

With respect to Applications by Mutual Funds, a certified copy of their SEBI registration certificate must be lodged along with the Application Form. Failing this, our Company in consultation with Lead Manager, reserves the right to accept or reject any Application in whole or in part, in either case, without assigning any reason thereof. The Applications made by the asset management companies or custodians of Mutual Funds shall specifically state the names of the concerned schemes for which the Applications are made.

In case of a Mutual Fund, a separate Application can be made in respect of each scheme of the Mutual Fund registered with the SEBI and such Applications in respect of more than one scheme of the Mutual Fund will not be treated as multiple Applications provided that such Applications clearly indicate the scheme concerned for which the Application is submitted.

No Mutual Fund scheme shall invest more than 10% of its net asset value in the Equity Shares or equity related instruments of any Company provided that the limit of 10% shall not be applicable for investments in index funds or sector or industry specific funds. No mutual fund under all its schemes should own more than 10% of any Company's paid up share capital carrying voting rights.

Only Bids accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for Allotment. Eligible NRI Applicant applying on a repatriation basis by using the Non-Resident Forms should authorize their SCSB or should confirm/accept the UPI Mandate Request (in case of RIs using the UPI Mechanism) to block their Non-Resident External (“NRE”) accounts, or Foreign Currency Non-Resident (“FCNR”) ASBA Accounts, and eligible NRI Applicant applying on a non-repatriation basis by using Resident Forms should authorize their SCSB or should confirm/accept the UPI Mandate Request (in case of RIs applying using the UPI Mechanism) to block their Non-Resident Ordinary (“NRO”) accounts for the full Application Amount, at the time of the submission of the Application Form. Participation of Eligible NRIs in the Issue shall be subject to the FEMA regulations. NRIs applying in the Issue through the UPI Mechanism are advised to enquire with the relevant bank whether their bank account is UPI linked prior to making such Application.

Eligible NRIs applying on a repatriation basis are advised to use the Application Form meant for Non-Residents (blue in colour).

Eligible NRIs applying on non-repatriation basis are advised to use the Application Form for residents (white in colour).

For details of investment by NRIs, see “*Restrictions in Foreign Ownership of Indian Securities*” on page 253 of this Prospectus. Participation of eligible NRIs shall be subject to NDI Rules.

APPLICATION BY INDIAN PUBLIC INCLUDING ELIGIBLE NRIs APPLYING ON NON-REPATRIATION

Application must be made only in the names of individuals, limited companies or statutory corporations / institutions and not in the names of minors (other than minor having valid depository accounts as per demographic details provided by the depository), foreign nationals, non-residents (except for those applying on non-repatriation), trusts, (unless the trust is registered under the Societies Registration Act, 1860 or any other applicable trust laws and is authorized under its constitution to hold shares and debentures in a company), Hindu Undivided Families (HUF), partnership firms or their nominees. In case of HUFs, application shall be made by the Karta of the HUF.

Eligible NRIs applying on a non-repatriation basis may make payments by inward remittance in foreign exchange through normal banking channels or by debits to NRE / FCNR accounts as well as NRO accounts.

An applicant in the Net Public Category cannot make an application for that number of Equity Shares exceeding the number of Equity Shares offered to the public.

APPLICATION BY FPI

In terms of the SEBI FPI Regulations, the issue of Equity Shares to a single FPI or an investor group (which means the same set of ultimate beneficial owner(s) investing through multiple entities) must be below 10% of our total paid-up Equity Share capital on a fully diluted basis. Further, in terms of the FEMA Rules, the total holding by

REX PIPES AND CABLES INDUSTRIES LIMITED

each FPI shall be less than 10% of the total paid-up Equity Share capital of our Company and the total holdings of all FPIs could be up to 100%, being the sectoral cap, of the paid-up Equity Share capital of our Company on a fully diluted basis.

In case of Applications made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations is required to be attached to the Application Form, failing which our Company reserves the right to reject any Application without assigning any reason. FPIs who wish to participate in the Issue are advised to use the Application Form for Non-Residents (blue in colour).

In case the total holding of an FPI increases beyond 10% of the total paid-up Equity Share capital, on a fully diluted basis or 10% or more of the paid-up value of any series of debentures or preference shares or share warrants issued that may be issued by our Company, the total investment made by the FPI will be re-classified as FDI subject to the conditions as specified by SEBI and the RBI in this regard and our Company and the investor will be required to comply with applicable reporting requirements.

As specified in 4.1.4.2 (b)(i) and 4.1.4.2 (c)(iv) of the General Information Document, it is hereby clarified that bids received from FPIs bearing the same PAN shall be treated as multiple Bids and are liable to be rejected, except for Applications from FPIs that utilize the multiple investment manager structure in accordance with the Operational Guidelines for Foreign Portfolio Investors and Designated Depository Participants issued to facilitate implementation of SEBI FPI Regulations ("MIM Structure"), provided such Applications have been made with different beneficiary account numbers, Client IDs and DP IDs. Accordingly, it should be noted that multiple Applications received from FPIs, who do not utilize the MIM Structure, and bear the same PAN, are liable to be rejected. In order to ensure valid Applications, FPIs making multiple Applications using the same PAN, and with different beneficiary account numbers, Client IDs and DP IDs, are required to provide a confirmation along with each of their Application Forms that the relevant FPIs making multiple Applications utilize the MIM Structure and indicate the name of their respective investment managers in such confirmation. In the absence of such confirmation from the relevant FPIs, such multiple Applications are liable to be rejected. Further, in the following cases, the Applications by FPIs will not be considered as multiple Applications: involving (i) the MIM Structure and indicating the name of their respective investment managers in such confirmation; (ii) offshore derivative instruments ("ODI") which have obtained separate FPI registration for ODI and proprietary derivative investments; (iii) sub funds or separate class of investors with segregated portfolio who obtain separate FPI registration; (iv) FPI registrations granted at investment strategy level/sub fund level where a collective investment scheme or fund has multiple investment strategies/sub-funds with identifiable differences and managed by a single investment manager; (v) multiple branches in different jurisdictions of foreign bank registered as FPIs; (vi) Government and Government related investors registered as Category 1 FPIs; and (vii) Entities registered as Collective Investment Scheme having multiple share classes.

With effect from the April 1, 2020, the aggregate limit shall be the sectoral caps applicable to the Indian company as prescribed in the FEMA Rules with respect to its paid-up equity capital on a fully diluted basis. While the aggregate limit as provided above could have been decreased by the concerned Indian companies to a lower threshold limit of 24% or 49% or 74% as deemed fit, with the approval of its board of directors and its shareholders through a resolution and a special resolution, respectively before March 31, 2020, our Company has not decreased such limit and accordingly the applicable limit with respect to our Company is 100%.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only by persons registered as Category I FPIs; (ii) such

REX PIPES AND CABLES INDUSTRIES LIMITED

offshore derivative instruments are issued only to persons eligible for registration as Category I FPIs; (iii) such offshore derivative instruments are issued after compliance with 'know your client' norms; and (iv) such other conditions as may be specified by SEBI from time to time.

An FPI issuing offshore derivative instruments is also required to ensure that any transfer of offshore derivative instruments issued by or on its behalf, is carried out subject to inter alia the following conditions:

In addition to the category of Applicants as set forth under "General Information Document for Investing in Public Issues-Category of Investors Eligible to participate in an Issue", the following persons are also eligible to invest in the Equity Shares under all applicable laws, regulations and guidelines, including:

- a) such offshore derivative instruments are transferred only to persons in accordance with Regulation 22(1) of the SEBI FPI Regulations; and
- b) prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred to are pre-approved by the FPI.

Participation of FPIs in the Issue shall be subject to the FEMA Rules.

APPLICATION BY SEBI REGISTERED ALTERNATIVE INVESTMENT FUND (AIF), VENTURE CAPITAL FUNDS (VCF) AND FOREIGN VENTURE CAPITAL INVESTORS (FVCI)

The SEBI VCF Regulations, the SEBI FVCI Regulations and the SEBI AIF Regulations inter-alia prescribe the investment restrictions on the VCFs, FVCIs and AIFs registered with SEBI. Further, the SEBI AIF Regulations prescribe, among others, the investment restrictions on AIFs.

The holding by any individual VCF or FVCI registered with SEBI in one venture capital undertaking should not exceed 25% of the corpus of the VCF or FVCI. Further, VCFs and FVCIs can invest only up to 33.33% of the investible funds by way of subscription to an initial public offering.

The category I and II AIFs cannot invest more than 25% of their investible funds in one investee company. A category III AIF cannot invest more than 10% of their investible funds in one investee company. A venture capital fund registered as a category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of their investible funds by way of subscription to an initial public offering of a venture capital undertaking.

APPLICATIONS BY LIMITED LIABILITY PARTNERSHIPS

In case of applications made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Application Form. Failing which, the Company in consultation with the LM, reserves the right to reject any application, without assigning any reason thereof.

APPLICATIONS BY INSURANCE COMPANIES

In case of Applications made by insurance companies registered with the IRDA, a certified copy of certificate of registration issued by IRDA must be attached to the Application Form. Failing this, our Company in consultation with the Lead Manager reserves the right to reject any Application without assigning any reason thereof.

The exposure norms for insurers prescribed in Regulation 9 of the Insurance Regulatory and Development Authority of India (Investment) Regulations, 2016 (“IRDAI Investment Regulations”) are set forth below:

In addition to the category of Applicants as set forth under “General Information Document for Investing in Public Issues-Category of Investors Eligible to participate in an Issue”, the following persons are also eligible to invest in the Equity Shares under all applicable laws, regulations and guidelines, including:

- a) Equity shares of a company: the lower of 10%(1) of the investee company’s outstanding equity shares (face value) or 10% of the respective fund in case of a life insurer or 10% of investment assets in case of a general insurer or a reinsurer;
- b) The entire group of the investee company: not more than 15% of the respective fund in case of a life insurer or 15% of investment assets in case of a general insurer or a reinsurer or 15% of the investment assets in all companies belonging to the group, whichever is lower; and
- c) The industry sector in which the investee company operates: not more than 15% of the respective fund of a life insurer or a reinsurer or health insurer or general insurance or 15% of the investment assets, whichever is lower.

The maximum exposure limit, in the case of an investment in equity shares, cannot exceed the lower of an amount of 10% of the investment assets of a life insurer or general insurer and the amount calculated under points (i), (ii) or (iii) above, as the case may be.

**The above limit of 10% shall stand substituted as 15% of outstanding equity shares (face value) for insurance companies with investment assets of Rs. 2,500,000 million or more and 12% of outstanding equity shares (face value) for insurers with investment assets of Rs. 500,000 million or more but less than Rs. 2,500,000 million.*

Information for the Applicants

In addition to the instructions provided to the Applicants in the General Information Document for Investing in Public Issues, Applicants are requested to note the following additional information in relation to the Issue.

1. The Issue Period shall be for a minimum of three Working Days and shall not exceed ten working days. The Issue Period may be extended, if required, by an additional three working days, subject to the total Issue Period not exceeding ten working days.
2. The relevant Designated Intermediary will enter each Application into the electronic bidding system as a separate Application and generate an acknowledgement slip ("**Acknowledgement Slip**"), for each price and demand option and give the same to the Applicant. Therefore, a Applicant can receive up to three Acknowledgement Slips for each Application Form. It is the Applicant's responsibility to obtain the TRS from the relevant Designated Intermediary. The registration of the Application by the Designated Intermediary does not guarantee that the Equity Shares shall be allocated/ allotted. Such Acknowledgement will be non-negotiable and by itself will not create any obligation of any kind. When a Applicant revises his or her Application (in case of revision in the Price), he /she shall surrender the earlier Acknowledgement Slip and may request for a revised TRS from the relevant Designated Intermediary as proof of his or her having revised the previous Application.
3. In relation to electronic registration of Applications, the permission given by the Stock Exchanges to use their network and software of the electronic bidding system should not in any way be deemed or construed to mean that the compliance with various statutory and other requirements by our Company, and/or the Lead Manager are cleared or approved by the Stock Exchanges; nor does it in any manner warrant, certify or endorse the correctness or completeness of compliance with the statutory and other requirements, nor does it take any responsibility for the financial or other soundness of our Company, the management or any scheme or project of our Company; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of this Prospectus or the Prospectus; nor does it warrant that the Equity Shares will be listed or will continue to be listed on the Stock Exchanges.
4. In the event of an upward revision in the Price, Retail Individual Applicants could either (i) revise their Application or (ii) shall make additional payment based on the revised Price (such that the total amount i.e., original Application Amount plus additional payment does not exceed ₹ 200,000. The revised Applications must be submitted to the same Designated Intermediary to whom the original Application was submitted. If the total amount (i.e., the original Application Amount plus additional payment) exceeds ₹ 200,000, the Applicant will be considered for allocation under the Non-Institutional Portion.

REX PIPES AND CABLES INDUSTRIES LIMITED

If, however, the Retail Individual Applicant does not either revise the Application or make additional payment the number of Equity Shares applied for shall be adjusted downwards for the purpose of allocation, such that no additional payment would be required from the Retail Individual Applicant and the Retail Individual Applicant is deemed to have approved such revised Application.

5. In the event of a downward revision in the Price, Retail Individual Applicant may revise their Application; otherwise, the excess amount paid at the time of Application would be unblocked after Allotment is finalised.
6. Any revision of the Application shall be accompanied by instructions to block the incremental amount, if any, to be paid on account of the upward revision of the Application.

The Applicants should note that in case the PAN, the DP ID and Client ID mentioned in the Application Form and entered into the electronic system of the Stock Exchanges does not match with the PAN, DP ID and Client ID available in the database of Depositories, the Application Form is liable to be rejected.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and Foreign Exchange Management Act, 1999 ("FEMA"). While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The government bodies responsible for granting foreign investment approvals are the Reserve Bank of India ("RBI") and Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India ("DIPP").

The Government of India, from time to time, has made policy pronouncements on Foreign Direct Investment ("FDI") through press notes and press releases. The DIPP, has issued consolidated FDI Policy Circular of 2017 ("FDI Policy 2017"), with effect from August 28, 2017, which consolidates and supersedes all previous press notes, press releases and clarifications on FDI Policy issued by the DIPP that were in force. The Government proposes to update the consolidated circular on FDI policy once every year and therefore, FDI Policy 2017 will be valid until the DIPP issues an updated circular.

The RBI also issues Master Circular on Foreign Investment in India every year. Presently, FDI in India is being governed by Master Circular on Foreign Investment dated July 01, 2015 as updated from time to time by RBI. In terms of the Master Circular, an Indian company may issue fresh shares to people resident outside India (who is eligible to make investments in India, for which eligibility criteria are as prescribed). Such fresh issue of shares shall be subject to inter-alia, the pricing guidelines prescribed under the Master Circular. The Indian company making such fresh issue of shares would be subject to the reporting requirements, inter-alia with respect to consideration for issue of shares and also subject to making certain filings including filing of Form FC-GPR.

In case of investment in sectors through Government Route, approval from competent authority as mentioned in Chapter 4 of the FDI Policy 2017 has to be obtained.

The transfer of shares between an Indian resident to a non-resident does not require the prior approval of the RBI, subject to fulfilment of certain conditions as specified by DIPP/RBI, from time to time. Such conditions include:

(i) where the transfer of shares requires the prior approval of the Government as per the extant FDI policy provided that:

- (a) the requisite approval of the Government has been obtained; and
- (b) the transfer of shares adheres with the pricing guidelines and documentation requirements as specified by the Reserve Bank of India from time to time.;

ii) where the transfer of shares attract SEBI (SAST) Regulations subject to the adherence with the pricing guidelines and documentation requirements as specified by Reserve Bank of India from time to time;

(iii) where the transfer of shares does not meet the pricing guidelines under the FEMA, 1999 provided that:

- (a) The resultant FDI is in compliance with the extant FDI policy and FEMA regulations in terms of sectoral caps, conditionality's (such as minimum capitalization, etc.), reporting requirements, documentation etc.;
- (b) The pricing for the transaction is compliant with the specific/explicit, extant and relevant SEBI regulations/guidelines (such as IPO, Book building, block deals, delisting, exit, open offer/substantial acquisition/SEBI SAST); and Chartered Accountants Certificate to the effect that compliance with the relevant SEBI regulations/guidelines as indicated above is attached to the form FC-TRS to be filed with the AD bank; and
- (iv) where the investee company is in the financial sector provided that:

- (a) Any fit and proper/due diligence requirements as regards the non-resident investor as stipulated by the respective financial sector regulator, from time to time, have been complied with; and
- (b) The FDI policy and FEMA regulations in terms of sectoral caps, conditionalities (such as minimum capitalization, pricing, etc.), reporting requirements, documentation etc., are complied with.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue and in accordance with the extant FDI guidelines on sectoral caps, pricing guidelines etc. as amended by Reserve bank of India, from time to time. Investors are advised to confirm their eligibility under the relevant laws before investing and / or subsequent purchase or sale transaction in the Equity Shares of our Company. Investors will not offer, sell, pledge or transfer the Equity Shares of our Company to any person who is not eligible under applicable laws, rules, regulations, guidelines. Our Company, the Underwriters and their respective directors, officers, agents, affiliates and representatives, as applicable, accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire Equity Shares of our Company.

Investment conditions/restrictions for overseas entities

Under the current FDI Policy 2017, the maximum amount of Investment (sectoral cap) by foreign investor in an issuing entity is composite unless it is explicitly provided otherwise including all types of foreign investments, direct and indirect, regardless of whether it has been made for FDI, FPI, NRI/OCI, LLPs, FVCI, Investment Vehicles and DRs under Schedule 1, 2, 3, 6, 7, 8, 9, 10 and 11 of FEMA (Transfer or Issue of Security by Persons Resident outside India) Regulations, 2017. Any equity holding by a person resident outside India resulting from conversion of any debt instrument under any arrangement shall be reckoned as foreign investment under the composite cap.

Portfolio Investment upto aggregate foreign investment level of 49% or sectoral/statutory cap, whichever is lower, will not be subject to either Government approval or compliance of sectoral conditions, if such investment does not result in transfer of ownership and/or control of Indian entities from resident Indian citizens to non-resident entities. Other foreign investments will be subject to conditions of Government approval and compliance of sectoral conditions as per FDI Policy. The total foreign investment, direct and indirect, in the issuing entity will not exceed the sectoral/statutory cap.

Investment by FPIs under Portfolio Investment Scheme (PIS)

With regards to purchase/sale of capital instruments of an Indian company by an FPI under PIS the total holding by each FPI or an investor group as referred in SEBI (FPI) Regulations, 2014 shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or less than 10% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all FPIs put together shall not exceed 24% of paid-up equity capital on fully diluted basis or paid-up value of each series of debentures or preference shares or share warrants. The said limit of 10% and 24% will be called the individual and aggregate limit, respectively. However, this limit of 24 % may be increased up to sectoral cap/statutory ceiling, as applicable, by the Indian company concerned by passing a resolution by its Board of Directors followed by passing of a special resolution to that effect by its general body.

Investment by NRI or OCI on repatriation basis:

The purchase/sale of equity shares, debentures, preference shares and share warrants issued by an Indian company (hereinafter referred to as "Capital Instruments") of a listed Indian company on a recognised stock exchange in India by Non-Resident Indian (NRI) or Overseas Citizen of India (OCI) on repatriation basis is allowed subject to certain conditions under Schedule 3 of the FEMA (Transfer or Issue of security by a person resident outside India) Regulations, 2017.

REX PIPES AND CABLES INDUSTRIES LIMITED

The total holding by any individual NRI or OCI shall not exceed 5% of the total paid-up equity capital on a fully diluted basis or should not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrants; provided that the aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the general body of the Indian company.

Investment by NRI or OCI on non-repatriation basis

As per current FDI Policy 2017, schedule 4 of FEMA (Transfer or Issue of Security by Persons Resident outside India) Regulations - Purchase/ sale of Capital Instruments or convertible notes or units or contribution to the capital of an LLP by a NRI or OCI on non- repatriation basis - will be deemed to be domestic investment at par with the investment made by residents. This is further subject to remittance channel restrictions.

The Equity Shares have not been and will not be registered under the U.S. Securities Act of 1933, as amended ("US Securities Act") or any other state securities laws in the United States of America and may not be sold or offered within the United States of America, or to, or for the account or benefit of "US Persons" as defined in Regulation S of the U.S. Securities Act, except pursuant to exemption from, or in a transaction not subject to, the registration requirements of US Securities Act and applicable state securities laws.

Accordingly, the equity shares are being offered and sold only outside the United States of America in an offshore transaction in reliance upon Regulations under the US Securities Act and the applicable laws of the jurisdiction where those offers and sale occur.

Further, no offer to the public (as defined under Directive 2003/71/EC, together with any amendments) and implementing measures thereto, (the "Prospectus Directive") has been or will be made in respect of the Issue in any member State of the European Economic Area which has implemented the Prospectus Directive except for any such offer made under exemptions available under the Prospectus Directive, provided that no such offer shall result in a requirement to publish or supplement a prospectus pursuant to the Prospectus Directive, in respect of the Issue.
